Item 1.01 Entry into a Material Definitive Agreement.

On June 27, 2005, at the direction of the Compensation and Management Development Committee of the Board of Directors (the "C&MD Committee") of AGL Resources Inc. (the "Company"), management's Policy Committee adopted the AGL Resources Inc. Annual Incentive Plan - 2005 (the "AIP"). The AIP is a program under which annual cash incentives are tied to the achievement of Company earnings per share targets, business unit goals and individual performance goals. Most full-time employees, including executive officers, are eligible to participate in the AIP. Under the AIP, the Company is required to meet or surpass a specified corporate earnings per share performance threshold in order for any incentive awards to be made, irrespective of the level of business unit achievement or individual performance achievement. The Company's C&MD Committee is charged with establishing and certifying the levels of corporate performance that must be achieved in order for awards to become payable under the AIP.

Under the AIP, each participant has a target annual incentive compensation opportunity, expressed as a percentage of annual earned base salary. In determining an eligible participant's actual incentive award, the plan gives weight to corporate performance, business unit performance (where applicable) and individual performance. Participants eligible for annual incentive awards are generally eligible to receive awards in amounts up to 200% of their target opportunity under the AIP. No incentive awards can be paid under the AIP if the specified corporate earnings per share threshold is not met.

A copy of the AIP is attached to this report as Exhibit 10.1.
