PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
May 9, 2012

To Our Stockholders:

Core Molding Technologies, Inc. (hereinafter referred to as the "Company") is furnishing this Proxy Statement in connection with the solicitation by its Board of Directors of proxies to be used and voted at its annual meeting of stockholders, and at any adjournment of the annual meeting. The Company will hold its annual meeting on May 9, 2012, at its corporate headquarters, 800 Manor Park Drive, Columbus, Ohio at 9:00 a.m. Eastern Daylight Savings Time. The Company is holding the annual meeting for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders.

The Company is first sending this Proxy Statement, the accompanying proxy card and the Notice of Annual Meeting of Stockholders on or about April 9, 2012.

GENERAL INFORMATION

Solicitation

The Board of Directors of the Company (the "Board of Directors" or "Board") is soliciting the enclosed proxy. In addition to the use of the mail, directors and officers of the Company may solicit proxies, personally or by telephone. The Company will not pay its directors and officers any additional compensation for the solicitation.

In addition, Broadridge Corporate Issuer Solutions, Inc. will conduct proxy distribution and tabulation on behalf of the Company. The Company will reimburse Broadridge Corporate Issuer Solutions, Inc. for reasonable expenses incurred for these services. The Company also will make arrangements with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of proxy distribution material to beneficial owners of the common stock of the Company. The Company will reimburse those brokerage firms, custodians, nominees and fiduciaries for their reasonable expenses.

The Company will pay all expenses of the proxy distribution and tabulation. Except as otherwise provided, the Company will not use specially engaged employees or other paid solicitors to conduct any proxy solicitation.

Voting Rights and Votes Required

Holders of shares of the common stock of the Company at the close of business on March 28, 2012, the record date for the annual meeting, are entitled to notice of, and to vote at, the annual meeting. On the record date, the Company had 7,246,375 shares of common stock outstanding.

Table of Contents

Each outstanding share of common stock on the record date is entitled to one vote on all matters presented at the annual meeting. The presence, in person or by proxy, of stockholders entitled to cast a majority of all the votes entitled to be cast will constitute a quorum for the transaction of business at the annual meeting. No business, other than adjournment, can be conducted at the annual meeting unless a quorum is present in person or by proxy.

Abstentions will count as shares present in determining the presence of a quorum for a particular matter. Abstentions, however, will not count as votes cast in determining the approval of any matter by the stockholders. Broker non-votes are shares held of record by brokers or other nominees that are present in person or by proxy at the meeting, but are not voted because instructions have not been received from the beneficial owner with respect to a particular matter over which the broker or nominee does not have discretionary authority to vote. Broker non-votes are counted toward the establishment of a quorum. If you do not return a proxy card and your shares are held in "street name," your broker may be permitted, under applicable rules of the self regulatory organizations of which it is a member, to vote your shares in its discretion on certain matters that are deemed to be routine, such as ratification of the appointment of our independent registered public accounting firm. Your broker does not have discretionary authority to vote your shares in the election of directors. Accordingly, the Company requests that you promptly provide your broker or other nominee with voting instructions if you want your shares voted in the election of directors and to carefully follow the instructions your broker gives you pertaining to their procedures.

In the election of directors, each of the five directors will be elected by a plurality of votes cast by stockholders of record on the record date and present at the annual meeting, in person or by proxy. Cumulative voting in the election of directors will not be permitted.

The Company is seeking stockholder ratification of the appointment of its independent registered public accounting firm. While ratification is not required by law, the affirmative vote of a majority of the votes cast by stockholders of record on the record date and present at the annual meeting, in person, or by proxy, would ratify the selection of Crowe Horwath LLP ("Crowe Horwath") as the independent registered public accounting firm for the current year.

Voting of Proxies

Shares of common stock represented by all properly executed proxies received prior to the annual meeting will be voted in accordance with the choices specified in the proxy. Unless contrary instructions are indicated on the proxy, the shares will be voted:

- FOR the election as directors of the nominees named in this Proxy Statement until their successors are elected and qualified; and
- FOR the ratification of the appointment of Crowe Horwath as the independent registered public accounting firm for the Company for the year ending December 31, 2012.

Management of the Company and the Board of Directors of the Company know of no matters to be brought before the annual meeting other than as set forth in this Proxy Statement. If, however, any other matter is properly presented to the stockholders for action, it is the intention of the holders of the proxies to vote at their discretion on all matters on which the shares of common stock represented by proxies are entitled to vote.

Revocability of Proxy

A stockholder who signs and returns a proxy in the accompanying form may revoke it at any time before the authority granted by the proxy is exercised. A stockholder may revoke a proxy by delivering a written statement to the Secretary of the Company that the proxy is revoked.

Annual Report

Any stockholder who desires to present a proposal for consideration at the 2013 annual meeting of stockholders must submit the proposal in writing to the Company. Historically, the offices of Chairman of the Board and Chief Executive Officer have been separated. Such separation enables the Chairman to devote his time to managing the Board and the Chief Executive Officer to focus on the operations of the Company. The Company has no fixed policy with respect to separation of the offices of the Chairman of the Board and Chief Executive Officer, however, the Board believes it is in the best interests of the Company and its stockholders to separate these positions. Since 1997 Malcolm M. Prine served as the Company's Chairman of the Board until he passed away on September 6, 2011. On November 9, 2011, the Board elected James L. Simonton to serve as the Company's Chairman of the Board.

Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing the management of the Company's risks. The Board regularly reviews information regarding the Company's operations and liquidity, as well as the risks associated with each. The Board reviews and approves the Company's annual operating, organizational and capital plans. The Audit Committee oversees the management of financial risks. The Nominating Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed about risks through committee minutes and reports at Board meetings.

In addition to the risk oversight responsibilities described above, the Company's Chief Executive Officer and Chief Financial Officer examine, on an annual basis, the compensation for all employees, including named executive officers. As part of this process, the Company's Chief Executive Officer and Chief Financial Officer determined in 2011 that the Company's policies and practices with respect to compensation do not create risks that are reasonably likely to have a material adverse effect on the Company.

While the Company does not have a separately constituted Compensation Committee, the independent members of the Company's Board review, recommend, approve and set compensation policies as it relates to the Company's named executive officers, and also consider the overall policies and practices utilized by senior management with respect to establishing compensation for all other employees. The Board considers the

Table of Contents

assessments of the Company's Chief Executive Officer and Chief Financial Officer, and as part of its determination to approve the current compensation packages, determined that the Company's policies and practices with respect to compensation are not reasonably likely to have a material adverse effect on the Company. In reaching the foregoing conclusions, both the Board and the Chief Executive Officer and Chief Financial Officer assessed the risks associated with the Company's compensation policies and practices. The basis for these conclusions included: (i) consideration of the Company's existing compensation programs, and the allocation between each primary component of compensation (base salary, annual profit sharing and long-term equity based compensation); and (ii) a consideration of the risks associated with the Company's business, and whether the Company's compensation policies and practices increased those risks. Based on the foregoing, management and the independent members of the Board approved the Company's compensation programs, and in connection with such approval concluded that the risks associated with the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Board Meetings and Committees

The Board of Directors met six times during the year ended December 31, 2011. During that period, each of the directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings of all committees of the Board of Directors on which each director served.

Compensation Committee

The Company does not have a separate Compensation Committee. The entire Board of Directors performed the functions of a Compensation Committee, including recommending the form and amount of compensation to be paid to the executive officers and directors of the Company, with a majority of directors who are independent under NYSE AMEX listing standards required to effect a decision. The Company's non-management directors participate in the deliberations of the Board of Directors concerning executive officer compensation. The Company's Board includes Mr. Barnett, who is the President and Chief Executive Officer of the Company. However, Mr. Barnett is not involved in, and abstains from, all discussions and decisions regarding his compensation. While Mr. Barnett participates in discussions regarding compensation for the Company's other named executive officers, Mr. Barnett is not involved in, and also abstains from, all final compensation decisions regarding such other named executive officers.

The Board of Directors believes that a standing Compensation Committee is not necessary because the Board of Directors as a whole determines the appropriate compensation levels, with a majority of directors who are independent under NYSE AMEX listing standards required to effect a decision. All of the directors are familiar with the standard compensation levels in similar industries, and are knowledgeable regarding the current trends for compensating executive officers. The Board of Directors acts to establish the Company's compensation policy, determines the compensation paid to the named executive officers and non-employee directors and recommends executive incentive compensation and equity-based compensation.

Audit Committee

The Company has an Audit Committee, which consists of Messrs. Crowley, Hellmold and Simonton, each of whom was "independent" as that term is defined under NYSE AMEX listing standards. The Board has determined that Mr. Crowley and Mr. Hellmold each qualify as an "audit committee financial expert" as defined in Section 407(d)(5)(ii) of Regulation S-K promulgated by the Securities and Exchange Commission. The principal function of the Audit Committee is to review and approve the scope of the annual audit undertaken by the independent registered public accounting firm of the Company and to meet with them to review and inquire as to audit functions and other financial matters and to review the year-end audited financial statements. For a more detailed description of the role of the Audit Committee, see "Report of the Audit Committee" below. The Audit Committee met four times during the year ended December 31, 2011. The Audit Committee discussed the interim financial information contained in quarterly

earnings announcements with both management and the independent auditors prior to the public release of quarterly information. The Audit Committee is governed by a charter as most

Table of Contents

recently reaffirmed by the Board of Directors on March 14, 2012. A copy of the Audit Committee Charter is available on the Company's website at www.coremt.com. In accordance with its written charter, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company.

Nominating Committee

The Company has a Nominating Committee consisting of Messrs. Crowley, Hellmold and Simonton, each of whom are independent under NYSE AMEX listing standards. The principal function of the Nominating Committee is to recommend candidates for membership on the Board of Directors. A copy of the Nominating Committee Charter is available on the Company's website at www.coremt.com.

In identifying and evaluating nominees for director, the Nominating Committee seeks to ensure that the Board possesses, in the aggregate, the strategic, managerial and financial skills and experience necessary to fulfill its duties and to achieve its objectives, and seeks to ensure that the Board is comprised of directors who possess knowledge in areas that are of importance to the Company. In addition, the Nominating Committee believes it is important that at least one director have the requisite experience and expertise to be designated as an "audit committee financial expert." The Nominating Committee looks at each nominee on a case-by-case basis regardless of who recommended the nominee. While the Company does not have a formal diversity policy for Board membership, the Nominating Committee evaluates and measures those skills and accomplishments which should be possessed by a prospective member of the Board, including contribution of a diverse frame of reference that will enhance the quality of the Board's deliberations and decisions. In addition, the Nominating Committee considers, among other factors, ethical values, personal integrity and business reputation of the candidate, his or her financial acumen, reputation for effective exercise of sound business judgment, strategic planning capability, indicated interest in providing attention to the duties of a member of the Board, personal skills in marketing, manufacturing processes, technology or in other areas where such person's talents may contribute to the effective performance by the Board of its responsibilities.

The Nominating Committee will consider persons recommended by stockholders to become nominees for election as directors. Recommendations for consideration by the Nominating Committee should be sent to the Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee as detailed in Article III.D of the Nominating Committee Charter.

The Bylaws of the Company set forth procedural requirements pursuant to which stockholders may make nominations to the Board of Directors. The Board of Directors or the Nominating Committee may not accept recommendations for nominations to the Board of Directors in contravention of these procedural requirements.

In order for a stockholder to nominate a person for election to the Board of Directors, the stockholder must give written notice of the stockholder's intent to make the nomination either by personal delivery or by United States mail, postage prepaid, to the Secretary of the Company not less than fifty nor more than seventy-five days prior to the meeting at which directors will be elected. In the event that less than sixty days prior notice or prior public disclosure of the date of the meeting is given or made to stockholders, the Company must receive notice not later than the close of business on the tenth day following the day on which notice of the date of the meeting was mailed or public disclosure was made, whichever occurred first.

Table of Contents

The notice must set forth:

- the name and address of record of the stockholder who intends to make the nomination; a representation that the stockholder is a holder of record of shares of the capital stock of the Company
- entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;
- the name, age, business and residence addresses and principal occupation or employment of each proposed nominee;
- a description of all arrangements or understandings between the stockholder and each proposed nominee and any other person or persons, naming such person or persons, pursuant to which the nomination or nominations are to be made by the stockholder;
- other information regarding each proposed nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission; and
- the written consent of each proposed nominee to serve as a director of the Company if elected.

The Company may require any proposed nominee to furnish other information as it may reasonably require to determine the eligibility of the proposed nominee to serve as a director. The presiding officer of the meeting of stockholders may, if the facts warrant, determine that a stockholder did not make a nomination in accordance with the foregoing procedure. If the presiding officer makes such a determination, the officer shall declare such determination at the meeting and the defective nomination will be disregarded.

Board Policies Regarding Communication with the Board of Directors and Attendance at Annual Meetings

Stockholders may communicate with the full Board of Directors, non-management directors as a group or individual directors, including the Chairman of the Board, by submitting such communications in writing to the Company's Secretary, c/o the Board of Directors (or, at the stockholder's option, c/o a specific director or directors), 800 Manor Park Drive, Columbus, Ohio 43228. Such communications will be delivered directly to the Board.

The Company does not have a policy regarding Board member attendance at the annual meeting of stockholders; however, all directors of the Company attended the 2011 annual meeting of stockholders.

Code of Ethics

The Company has adopted a Code of Conduct and Business Ethics which applies to all employees of the Company, including the Company's principal executive officer, principal financial officer and principal accounting officer or persons performing similar functions. The Company's Board believes that the Code of Conduct and Business Ethics complies with the code of ethics required by the rules and regulations of the Securities Exchange Commission. A copy of the Company's Code of Conduct and Business Ethics is available on the Company's website at www.coremt.com

Compensation Committee Interlocks and Insider Participation

The Company's Board of Directors performs the functions of a compensation committee, with a majority of directors who are independent required to effect a decision. The Company's Board includes Mr. Barnett, who is the President and Chief Executive Officer of the Company. However, Mr. Barnett is not involved in, and abstains from, all discussions and decisions regarding his compensation. While Mr. Barnett participates in discussions regarding compensation for the Company's other named executive officers, Mr. Barnett is not involved in, and also abstains from, all final compensation decisions regarding such other named executive officers.

Table of Contents

Mr. Cellitti is a member of the Board of Directors of the Company and is currently an officer of Navistar. Sales to Navistar represented approximately 44% of the total revenues of the Company for the year ended December 31, 2011. Navistar is also a 9.2% stockholder in the Company.

EXECUTIVE COMPENSATION

Unless the context requires otherwise, in this Executive Compensation section, including the Compensation Discussion and Analysis and the tables which follow it, references to “we,” “us,” “our” or similar terms are to the Company and our subsidiaries.

Compensation Discussion and Analysis

This compensation discussion and analysis describes the following aspects of our compensation system as it applies to our named executive officers as described in the summary compensation table set forth below (the “named executive officers”):

- Our compensation philosophy and objectives;
- The means we employ to achieve our compensation objectives, including the establishment of total direct compensation and the mix within that compensation;
- The elements of compensation that are included within total direct compensation as well as other compensation items in addition to total direct compensation; and
- The reasons we have elected to pay these elements of compensation to achieve our compensation objectives and how we determine the amount of each element.

Compensation Philosophy and Objectives

Our compensation philosophy is focused on incentivizing executives through the use of base salary, annual profit sharing incentives and long-term equity based incentive compensation in order to attract, motivate, reward and retain executives.

The Board of Directors has established an articulated compensation philosophy with the following primary objectives:

- Attract, retain and encourage the development of highly qualified and motivated executives;
- Provide compensation that is competitive with our peers and defined marketplace;
- Provide compensation on both an annual and long-term basis and in a fashion that aligns the interests of executives with those of our stockholders in order to create long-term stockholder value; and
- Enhance the connection between our business results and the compensation of executives, linking a material portion of executive compensation with performance;

To this end, the objectives of our compensation philosophy puts a strong emphasis on correlating the long-term growth of stockholder value with management’s most significant compensation opportunities.

Table of Contents

Means of Achieving Our Compensation Objectives

The three primary components of compensation for our named executive officers include base salary, annual profit sharing opportunity and long-term equity based incentive compensation. Our named executive officers also participate in our 401(k) plan and receive medical, dental, vision, short-term disability, long-term disability and life insurance benefits.

Determination of Compensation

While we do not have a separately constituted Compensation Committee, the independent members of our Board of Directors play a significant role in reviewing, recommending, approving and setting compensation policies for our named executive officers. As a general matter, the Board of Directors, excluding Mr. Barnett, determines the appropriate levels of compensation for our named executive officers and are knowledgeable regarding current trends for compensating named executive officers; provided, however, that the Chief Executive Officer is not involved in, and abstains from, all discussions and decisions regarding his compensation as an executive officer. In November 2010 the Board of Directors retained Mathews, Young - Management Consulting ("Mathews, Young") to assist the Board in reviewing and establishing appropriate 2011 compensation levels. The Board also considered the named executive officer's individual performance, the compensation objectives described above and peer group performance described below. In December of each year the Board establishes the estimated Company's profit sharing performance threshold for the following year. The profit sharing threshold is later recalculated using actual values available at the end of the following year.

Stock grants are typically considered in May after the Company's annual meeting. The Board made restricted stock grants to the named executive officers on May 11, 2011, May 19, 2010 and May 28, 2009 under the Long-Term Equity Incentive Plan.

Peer Group Analysis

To help facilitate the compensation review and to establish appropriate levels of compensation for directors and named executive officers, the Board retained Mathews, Young, a compensation and human resource firm, to compile competitive data for base salaries, annual bonuses, and long-term incentive awards from a peer group of companies. Because our market for executive talent is national, competitive data is reflective of the compensation levels of executives at companies of comparable size and complexity on both the local and national level. In addition, the information that is collected relates to companies with comparable manufacturing operations or geographic representation. The population of companies reviewed were publicly traded in the United States and had median sales of approximately \$125 million. The data reviewed for these peer companies was derived from the publicly available SEC filings of these organizations. The companies comprising the peer group reviewed for establishing 2011 compensation levels were as follows:

Amerigon Inc.	RG Barry Corp	Commercial Vehicle Group
CompX International Inc.	Continental Materials Corp	Dorman Products, Inc.
Eastern Co.	Hawk Corp.	Keithley Instruments Inc.
Material Sciences Corp.	Motorcar Parts of America Inc.	PGT Inc.
Pinnacle Data Systems Inc.	Shiloh Industries Inc	Sifco Industries
Strattec Security Corp.	Sun Hydraulics Corp.	Supreme Industries Inc.
Synalloy Corp.	Twin Disc Inc.	Universal Stainless & Alloy Products, Inc.

Table of Contents

Each element of compensation and total compensation for the Company's named executive officer for 2011 is set forth below, along with the 2010 peer group median, prepared by Mathews, Young, for comparison purposes:

	Base Salary		Non-Equity Compensation		Equity Awards		Total Compensation	
	Actual	Peer Group Median	Actual	Peer Group Median	Actual	Peer Group Median	Actual	Peer Group Median
Kevin L. Barnett President and Chief Executive Officer	\$375,433	\$378,000	\$449,820	\$91,000	\$113,255	\$94,000	\$938,508	\$563,000
Stephen J. Klestinec VP & Chief Operating Officer	\$269,039	\$269,000	\$327,900	\$71,000	\$81,002	\$80,000	\$677,941	\$420,000
Herman F. Dick, Jr. VP, Secretary, Treasurer and Chief Financial Officer	\$239,231	\$240,000	\$293,367	\$150,000	\$59,332	\$13,000	\$591,930	\$403,000
Terrence J. O'Donovan VP, Marketing and Sales	\$179,712	\$210,000	\$221,293	\$120,000	\$53,998	\$18,000	\$455,003	\$348,000

We used this competitive data to determine the applicable market median for executive base pay and total compensation among the peer group, which serves as a benchmark for analyzing each of our executive positions. Non-equity compensation and equity awards can vary significantly from year to year in relation to the peer group. Therefore, we also considered the five year average peer group market medians for non-equity compensation and equity awards. The five year average non-equity compensation and equity awards for the Company's named executives were 78% and 77%, respectively, of the five year average market medians of our peer group.

We believe reviewing the approximate market median amounts from our peer group is an appropriate guide for establishing our executive compensation, because we expect to achieve at least median performance and that result balances the cost of the compensation program with the expected performance.

While we target total compensation at the market median, an executive's actual total compensation could vary significantly depending upon the relationship between our actual performance and the performance of our peer group, particularly in regard to non-equity compensation. If our results are well above the peer group performance, executives have the opportunity to earn compensation that is well above the relevant market median. Conversely, executives may earn compensation that is well below the relevant market median if our performance is well below peer group levels.

Compensation Mix

We compensated our named executive officers through a combination of base salary, the opportunity for annual profit sharing incentive compensation and long-term equity based incentive compensation. The amount of total direct compensation for our named executive officers is allocated among the various types of compensation in a manner designed to achieve our overall compensation objectives as described above. This allocation is also structured so that the annual profit sharing and long-term equity based incentive components targets 50% of the executive officers'

overall direct compensation taking into account the cyclical nature of the markets we serve with the remaining 50% relating to base salary. In years of higher profitability, the profit sharing and long-term equity amounts awarded to our executive officers could result in a compensation mix of more than our 50% target. In contrast, during years of lower profitability our compensation mix of profit sharing and long term equity amounts is lower than our 50% target. The resulting compensation mix for our named executive officers for 2011 was approximately 59% annual profit sharing and long-term equity and 41% base salary. The resulting compensation mix for our named executive officers for 2010 was approximately 42% annual profit sharing and long-term equity

Table of Contents

and 58% base salary. The resulting compensation mix for our named executive officers for 2009 was approximately 25% annual profit sharing and long-term equity and 75% base salary. The Board considered the resulting compensation mix reasonable and appropriate in light of the performance achieved for each year.

Elements of Direct Compensation

Base Salary

We use base salaries to provide a predictable level of current income for our named executive officers. Our base salaries are designed to assist in attracting, retaining and encouraging the development of qualified executives. The amount of each executive's annual base salary is based on that executive's position, skills and experience, individual performance and the salaries of executives with comparable positions and responsibilities at peer companies. When establishing base salaries for our named executive officers, we do not take into account awards previously made, including equity-based awards under our long-term incentive plans or profit sharing incentives. Base salary adjustments are determined by the Board, typically on an annual basis, and take into account the named executive officer's individual performance and pay relative to other peer group companies.

The Board typically reviews officer compensation on an annual basis. The last time the Board reviewed base salaries was in December of 2010, with base salary adjustments effective January 1, 2011.

Profit Sharing Program

The Board has established an annual profit-sharing program (the "Profit Sharing Plan") for all non-represented and salaried employees, including its named executive officers. This program is designed to align the interests of such individuals with those of our stockholders by directly tying profit sharing payments to our overall financial performance. This program has historically been used to create a profit sharing pool based upon fifty percent of our earnings before taxes ("EBT") above a threshold established by the Board. This threshold is based upon 8% of the Company's "adjusted average assets". Adjusted average assets include total assets, plus the net present value of leased equipment, less cash, construction in process, deferred tax assets, intangible assets, and total debt. The intent of such threshold is to begin creating a profit sharing pool only after achieving a reasonable return on assets employed in the operations of the Company for our stockholders. The profit sharing pool is limited to a maximum of 20% of EBT.

The profit sharing threshold was \$4,616,000, \$3,802,000 and \$4,830,000 in 2011, 2010 and 2009, respectively. For 2011, the profit sharing pool was \$4,062,000 and was limited to 20% of EBT. For 2010, the profit sharing pool was \$1,270,000 and was limited to 20% of EBT. For 2009, the profit sharing pool was zero, as EBT did not exceed the threshold.

For 2011 and 2010, the Board allocated 30% of the profit sharing pool to our named executive officers, with the remaining 70% allocated to participating employees. There was no profit sharing pool for 2009, due to earnings not meeting the established threshold. Our named executive officers receive no other cash bonus compensation, as the Board believes that the profit sharing program appropriately ties cash incentive compensation to Company performance (as measured by EBT) and is the most effective means of incentivizing our named executive officers and aligning the interests of such individuals with those of our stockholders.

Long-Term Stock-Based Compensation

The Board administers the Core Molding Technologies, Inc. 2006 Long-Term Equity Incentive Plan (the "2006 Plan") which replaced the Core Molding Technologies, Inc. Long-Term Equity Incentive Plan which expired on December 31, 2006. The 2006 Plan allows for the grant of incentive and nonqualified stock options, restricted stock, stock

appreciation rights, performance shares, performance units and other awards. The Board also administers the Core Molding Technologies, Inc. 2002 Employee Stock Purchase Plan, as amended by the stockholders in 2006 (as amended, the "Stock Purchase Plan"). The Stock Purchase Plan provides eligible

Table of Contents

employees, including named executive officers, with the opportunity to acquire our common stock, and thereby develop a further incentive for such individuals to share in our future success and further link and align the personal interests of such individuals to those of our stockholders. The 2006 Plan and the Stock Purchase Plan are the primary methods for providing stock-based compensation to our named executive officers.

Restricted Stock. Pursuant to the 2006 Plan, the Board of Directors established a restricted stock program in May of 2006 based upon the analysis of a subcommittee comprised of the Chairman of the Board, Chief Executive Officer, Group Vice President, Chief Financial Officer and Director of Human Resources, and the opinion and evaluation of the consulting firm Compensation Resources.

In 2011, 2010 and 2009, the Board granted our named executive officers, directors and other key managers shares of restricted common stock pursuant to the 2006 Plan. To reinforce the commitment to long-term results and retain named executive officers, each restricted stock grant vests in three equal installments over the next three (3) years following the date of the grant, with all restricted stock grants being fully time vested upon the date of the recipient's 65th birthday and accelerated vesting upon death, disability or "change-in-control" (as described in the 2006 Plan). The restricted stock grants also contained stock ownership vesting requirements, such that each restricted stock grant does not vest until the recipient owns and retains shares of our common stock equal in value to 100% of the recipient's base salary at the date of grant, if a named executive officer. The Board believes that this stock ownership requirement is a way to align more closely the interests of the named executive officers with those of the stockholders, giving such named executive officers a more vested stake in our long-term performance.

The Company has no established specific performance targets associated with restricted stock grants; however all restricted stock grants are subject to recipients meeting overall individual performance expectations. Annual restricted stock grants are consistently calculated at 30% of each named executive officer's annual base salary, less any annual compensation expense associated with vesting of previous stock option grants, divided by the Company's share price on the date the restricted stock grant is issued. Pro rata consideration is given to the date of hire for new named executive officers with respect to the grant date for restricted stock. The Company's restricted stock grants are part of the overall compensation mix for named executive officers and the Board believes that awarding restricted stock equal to 30% of the named executive officer's base pay helps to achieve the Company's overall compensation objectives of incentivizing executives in order to attract, motivate and reward their efforts on behalf of the Company and its stockholders. The Board also believes that this amount sufficiently aligns the interests of the Company's named executive officers with stockholders in order to achieve long-term growth.

Awards made to named executive officers in 2011, 2010 and 2009 were as follows:

Name	2011 Restricted Stock Awards	2010 Restricted Stock Awards	2009 Restricted Stock Awards
Kevin L. Barnett	11,953	15,577	31,641
Stephen J. Klestinec	8,549	12,692	25,781
Herman F. Dick, Jr.	6,262	9,102	16,130
Terrence J. O'Donovan	5,699	9,519	26,587

In establishing the award levels for restricted stock grants in 2011, 2010 and 2009, the Board did not consider the equity ownership levels of the recipients or compensation previously paid, including prior stock-based awards that were fully vested; however, the Board did consider and adjusted accordingly for any unvested options that existed at

the time of the restricted stock grant. The Board's primary focus in granting such restricted stock awards is to focus on retention of executives in light of prevailing competitive conditions and to motivate executives in ways that support our strategic direction.

Table of Contents

Our current and intended future practice is to make restricted stock awards at the Board meeting held in conjunction with the annual meeting of stockholders. This meeting customarily is held in May, and this practice permits us to consider the prior-year results and future expectations when making new grants. From time to time, we also may grant awards in connection with new hires and promotions, at the time of those events.

Employee Stock Purchase Program. We maintain the Stock Purchase Plan, as referenced above, under which all of our employees, including our named executive officers, are permitted to participate. Accumulated employee payroll deductions are used to purchase shares of our common stock quarterly on or about February 1, May 1, August 1 or November 1 at a 15% discount to the closing price of the common stock on the NYSE AMEX on the date of purchase. The Board believes that this broad-based plan encourages stock ownership by all of our employees.

Other Elements of Compensation

Benefits

We provide our named executive officers with medical, dental, vision, short-term disability, long-term disability and life insurance benefits under the same programs used to provide benefits to salaried employees based in Columbus, Ohio and Gaffney, South Carolina.

401(k) Plan

We maintain a defined contribution tax-qualified retirement plan called the “Core Molding Technologies, Inc. 401(k) Retirement Savings Plan” (the “401(k) Plan”), which provides for broad-based employee participation, including for our named executive officers. The 401(k) Plan is designed to encourage savings for retirement, as we do not maintain a defined benefit plan that provides a specified level of income following retirement for named executive officers or other employees.

Under the 401(k) Plan, all of our eligible employees, including our named executive officers, may contribute earnings on a pre-tax basis to the 401(k) Plan up to the maximum limit then in effect under applicable law, and receive matching contributions from us that are subject to vesting over time. The matching contribution equals 25% of the first 6% of earnings deferred by each participant to the 401(k) Plan, which includes all salary and wages that are subject to income tax withholding (except for disqualifying dispositions of stock options and vesting of restricted stock awards). Until December 31, 2007 our matching contributions were invested automatically into our common stock. Beginning January 1, 2008 the 401(k) Plan was amended by the Board and matching contributions are no longer invested in our common stock but are now invested ratably to the same funds elected by the participant. In addition, we make an automatic employer contribution equal to 3% of each participant’s base salary. This contribution is made for all eligible employees, regardless of whether they make any pre-tax contributions. Finally, if a participant is at least age 35, we may make a retirement contribution based upon such participant’s base salary, which equals 1.5% of such participant’s earnings if such participant is age 35 to 44, and 3.5% of base salary if such participant is age 45 or older. This contribution is made only if the participant is employed on the last day of the year and is subject to Board approval.

We offer the 401(k) Plan because it provides our employees, including our named executive officers, with a way to save for retirement. We intend to evaluate the 401(k) Plan for competitiveness in the marketplace from time to time, but we do not anticipate taking the level of benefits provided into account in determining our executives’ overall compensation packages in the coming years.

Perquisites

In general, we believe that perquisites should not constitute a consequential portion of any named executive officer's compensation. As a result, no named executive officer received perquisites in excess of \$10,000.

Table of Contents

Executive Severance Arrangements

We have entered into executive severance agreements with Messrs. Barnett, Dick, Klestinec and O'Donovan that specify payments in the event the executive officer's employment is terminated after a change in control. We believe that such executive severance agreements serve to assure the stability and continuity of our executive officers upon the occurrence of any change in control event, as well as to assure the effectiveness of existing retention and incentive features of the Company's compensation program. See further disclosure below under "Potential Payments Upon Change of Control or Termination" for more information.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly held companies for compensation in excess of \$1 million in any taxable year paid to the chief executive officer or the four next most highly compensated executive officers. However, compensation in excess of \$1 million is deductible if it meets the criteria for being "performance based" within the meaning of Section 162(m). Our stock option awards satisfy the conditions for being "performance based" under Section 162(m). Time-based restricted stock awards and cash payments paid under our informal Profit Sharing Plan do not currently satisfy the Section 162(m) "performance based" conditions.

We generally endeavor to award compensation in a manner that satisfies the conditions for tax deductibility. However, we will not necessarily limit executive compensation to amounts deductible under Section 162(m), but rather intend to maintain the flexibility to structure our compensation programs so as to best promote our interests and the interests of our stockholders.

Conclusion

Our compensation programs are designed and administered in a manner consistent with our executive compensation philosophy and objectives. Our programs emphasize the retention of key executives and appropriate rewards for results. Our Board monitors these programs in recognition of the marketplace in which we compete for talent, and will continue to emphasize pay-for-performance and equity based incentive programs that reward our named executive officers for results that are consistent with our stockholders' interests.

Compensation Committee Report

The Board of Directors has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Summary Compensation Table

The table below summarizes the total cash and non-cash compensation paid or earned by each named executive officer for the years ended December 31, 2011, 2010 and 2009.

The base salaries of the named executive officers of the Company are typically reviewed annually by the Company's Board of Directors and adjusted as appropriate, as described above in "Compensation Discussion and Analysis." No adjustments were made to base salaries in December 2008 or 2009 for calendar years 2009 and 2010 due to the economic conditions. Additionally, in light of the economic conditions in 2009, each named executive officer voluntarily took a 15% pay reduction during the second and third quarters of 2009. In December 2010, the Board adjusted base salaries for the executive officers effective January 1, 2011 as more fully described above under Elements of Direct Compensation.

The Company has not entered into any employment agreements with any of the named executive officers although the Company has entered into certain executive severance agreements as further described below under "Potential Payments upon Change in Control or Termination." Additional information related to each component of compensation for each named executive officer is provided above in the Compensation Discussion and Analysis.

(2) The amounts in the Stock Awards column reflect the aggregate fair value of performance-based restricted stock awards based on the fair value on the date of grant, in accordance with FASB ASC Topic 718, excluding the effects of estimated forfeitures. Assumptions used in the calculation of this amount are included in the footnote titled "Stock Based Compensation" to the Company's audited financial statements for the years ended December 31, 2011, 2010 and 2009, included in the Company's Annual Reports on Form 10-K as filed with the Securities and Exchange Commission.

(3) The amounts in the Non-Equity Incentive Plan Compensation column represent compensation paid to our named executive officers under the Company's Profit Sharing Plan. Such compensation is paid to the named executive officers based upon the Company's earnings levels for the year in excess of a base threshold, as described in the "Compensation Discussion and Analysis" section above. The amounts in this column were earned for the year ended December 31, 2011, 2010 and 2009 and were paid to each named executive officer in the year following the year earned. Each named executive officer received a portion of the executive officer profit sharing pool based upon the ratio of their base salary each year to the total base salaries for all named executive officers in the aggregate. For 2011 the executive officer profit sharing pool totaled \$1,218,599. For 2010 the executive officer profit sharing pool totaled \$380,880. In 2009 the profit sharing pool was zero as earnings did not exceed the threshold.

(4) Includes contributions by the Company to its 401(k) Plan for salaried employees. The Company makes contributions to its 401(k) Plan in several ways. These contributions are made on earnings up to annual limitations set by the Internal Revenue Service. The Company makes a matching contribution equal to 25% of the first 6% of earnings deferred by each participant to the 401(k) Plan, which includes all salary and wages that are subject to income tax withholding (except for disqualifying dispositions of stock options and vesting of restricted stock awards). Until December 31, 2007 our matching contributions were invested automatically into our common stock. Effective January 1, 2008 the 401(k) Plan was amended and matching contributions are no longer invested in our common stock but are now invested ratably to the same funds elected by employees. In addition, the Company makes an automatic employer retirement contribution equal to 3% of each participant's base salary. This contribution is made for all eligible employees, regardless of whether they make any pre-tax contributions. Finally, if a participant is at least age 35, we may make a retirement contribution based upon such participant's earnings, which equals 1.5% of such participant's earnings if such participant is age 35 to 44, and 3.5% of earnings if such participant is age 45 or older. This contribution is normally made only if the participant is employed on the last day of the year. Matching contributions for the year ended December 31, 2011 were \$3,675 for Mr. Barnett, \$3,675 for Mr. Klestinec, \$3,675 for Mr. Dick and \$3,675 for Mr. O'Donovan. Retirement contributions during the year ended December 31, 2011 were \$15,925 for Mr. Barnett, \$15,925 for Mr. Klestinec, \$15,550 for Mr. Dick and \$11,681 for Mr. O'Donovan. Matching contributions for the year ended December 31, 2010 were \$3,675 for Mr. Barnett, \$3,300 for Mr. Klestinec, \$3,000 for Mr. Dick and \$2,475 for Mr. O'Donovan. Retirement contributions during the year ended December 31, 2010 were \$15,925 for Mr. Barnett, \$14,300 for Mr. Klestinec, \$13,000 for Mr. Dick and \$10,725 for Mr. O'Donovan. Matching contributions for the year ended December 31, 2009 were \$3,675 for Mr. Barnett, \$3,675 for Mr. Klestinec, \$3,675 for Mr. Dick and \$2,259 for Mr. O'Donovan. Retirement contributions during the year ended December 31, 2009 were \$15,925 for Mr. Barnett, \$13,327 for Mr. Klestinec, \$12,115 for Mr. Dick, and \$9,871 for Mr. O'Donovan.

Grants of Plan-Based Awards

The following table summarizes the 2011 grants of equity and non-equity incentive plan based awards to the named executive officers. All of these equity and non-equity incentive plan awards were granted under the 2006 Core Molding Technologies, Inc. Long-Term Equity Incentive Plan and the Core Molding Technologies, Inc. Profit Sharing Plan, as further described above in the “Compensation Discussion and Analysis.”

Represents amounts awarded under the Profit Sharing Plan for 2011 performance, as set forth in the Summary Compensation Table and further described above in “Compensation Discussion and Analysis.” The maximum and minimum thresholds are not applicable to the Profit Sharing Plan. Such compensation is paid to the named executive officers based upon the Company’s earnings levels for the year in excess of a base threshold, as described in the “Compensation Discussion and Analysis” section above, rather than upon the date of grant. Thus, the amounts in this column were earned for the year indicated and were paid out to the named executive in the subsequent year.

The Board of Directors awarded restricted stock grants in 2011 in accordance with the 2006 Plan. Restricted stock granted under the plan require the individuals receiving the grants to acquire and maintain certain common stock ownership thresholds and vest over three years or upon the date of the participants’ sixty-fifth birthday. All shares were granted based on a share price of \$9.48 on May 11, 2011.

Potential Payments upon Change in Control or Termination

Payments upon a Termination in connection with a Change in Control

We have entered into an amended and restated executive severance agreement with each of our named executive officers that provides for certain benefits upon the occurrence of a change in control. The following describes and quantifies the payments that each named executive officer would receive if we had a change in control and such named executive officer's employment was terminated following the change in control. The summaries assume that the change in control occurred on December 31, 2011 and the relevant stock price is the closing market price of our common stock on the NYSE AMEX on December 31, 2011, which was \$8.09.

Under each executive severance agreement, upon a "change in control," each named executive officer shall be entitled to continue to receive his then-current base salary for the remainder of the term of the agreement, as may be extended from time to time, as well as continuing to receive all benefits under any plans or programs in which the named executive officer then participates (including our Profit Sharing Plan, the 2006 Plan, Stock Purchase Plan, 401(k) Plan, vacation, dental, life, health and accident, disability or deferred compensation plans). A "change in control" is defined as any of the following: (a) the consummation of a reorganization, merger or other consolidation or sale of substantially all of our assets, resulting in less than 50% of the combined voting power of such resulting entity being held by the holders of our voting stock immediately prior to such transaction; (b) the filing of a beneficial ownership report disclosing that any person has become a beneficial owner of securities representing 50% or more of our voting stock; or (c) over a period of 2 consecutive years, the members of the board of directors in place at beginning of any such period cease to constitute a majority of the board, subject to certain circumstances.

Table of Contents

In addition, if within the two-year period following a change in control, we terminate the employment of a named executive officer other than for “cause” (as described in the agreement) or for death or disability, or the named executive officer terminates his employment for “good reason” (as described in the agreement), each named executive officer shall be entitled to the following:

- Full base salary earned through date of termination at the rate then in effect at the time notice for termination is given;
In lieu of any further salary payments for periods subsequent to the date of termination, a lump-sum payment equal to 2.99 times the sum of (a) the average of base salary as reported on such named executive officer’s W-2 form for the 5 calendar years prior to the year in which termination occurs and (b) the average of the cash profit sharing incentives earned by the named executive officer as reported on the named executive officer’s W-2 form for the 5 calendar years prior to the year in which such termination occurs; provided, however that the sum of the amounts in clauses (a) and (b) above shall not exceed 2.99 times of the base amount as defined in Section 280G(b)(3) of the Internal Revenue Code of 1986, or any successor provision; and
- The immediate vesting of all unvested stock options, stock appreciation rights and restricted stock awards.

The payments that would have been made to the named executive officers, assuming a change in control and related termination occurred on December 31, 2011, are as follows:

Name	Lump Sum Payment (\$)	Value of Accelerated Stock Option Exercise (\$) ⁽¹⁾	Value of Accelerated Restricted Stock Vesting (\$) ⁽²⁾	Total Value of Change in Control Severance (\$)
Kevin L. Barnett	1,183,052	—	266,040	1,449,092
Stephen J. Klestinec	967,102	—	207,128	1,174,230
Herman F. Dick, Jr.	866,213	107,334	143,242	1,116,789
Terrence J. O’Donovan, Sr.	568,178	—	338,203	906,381

(1) The amounts in Value of Accelerated Stock Option Exercise represent the value between the closing stock price on December 31, 2011 and the strike price for all unvested “in the money” stock options.

(2) The amounts in Value of Accelerated Restricted Stock Vesting represent the value of all unvested restricted stock at December 31, 2011.

Table of Contents

Payments upon a Termination not in connection with a Change in Control

Restricted Stock. Assuming the employment of a named executive officer was terminated for death, disability, or retirement at age 65 as of December 31, 2011, each named executive officer would be entitled, under the 2006 Plan, to the amounts set forth under “Value of Accelerated Restricted Stock Vesting” in the table above. All named executive officers who terminate for any reason other than death, disability or retirement at age 65 shall forfeit all rights to any unvested restricted stock awards.

Stock Options. Assuming we terminated the employment of a named executive officer for any reason as of December 31, 2011, each named executive officer would be able to exercise any vested stock option awards but shall forfeit all rights to any unvested stock option awards.

DIRECTOR COMPENSATION

The Company uses a combination of cash and equity-based incentive awards to attract and retain qualified candidates to serve on the Board of Directors. The Company from time to time reviews the adequacy and competitiveness of the amount of the annual director’s fee, committee fees and meeting attendance fees and makes adjustments as it deems appropriate. As previously noted, the Board engaged Mathews, Young to complete a comprehensive compensation survey, which included peer group analysis of non-employee director compensation. In December 2010, the Board of Directors reviewed this survey information and adjusted director fees for 2011. All committee fees and meeting attendance fees remained the same. Only non-employee directors receive director compensation.

During 2011, each non-employee director of the Company, except for the Chairman, received a director’s fee of \$5,750 per quarter. The Chairman of the Board receives a director’s fee of \$8,500 per quarter. The Chairman of the Audit Committee receives an additional \$1,000 per quarter. Each non-employee director receives a \$1,000 fee for each regularly scheduled board meeting that they were in attendance and each audit committee member receives a \$1,000 fee for each audit committee meeting that they were in attendance.

In May 2011, the Board granted our non-employee directors shares of restricted common stock pursuant to the 2006 Plan. Each restricted stock grant vests in 3 equal installments over the next three (3) years following the date of the grant, with all restricted stock grants being fully time vested upon the date of the recipient’s 65th birthday and accelerated vesting upon death, disability or “change-in-control” (as described in the 2006 Plan). Awards made to directors (excluding Mr. Barnett who does not receive a separate restricted stock award in his capacity as a director) in 2011 were as follows:
