AMC Entertainment Inc.

Common Stock

This is an initial public offering of shares of common stock of AMC Entertainment Inc. (formerly AMC Entertainment Holdings, Inc.). We are selling an aggregate of \_\_\_\_\_ shares in this offering.

Prior to this offering, there has been no public market for our common stock. The initial public offering price of our common stock is expected to be between \$ \_\_\_\_\_ and \$ \_\_\_\_\_ per share. We have applied to list the common stock on a national securities exchange under the symbol "AMC".

The underwriters have an option to purchase up to a maximum of \_\_\_\_\_ additional shares of common stock from us.

An affiliate of J.P. Morgan Securities Inc., one of the underwriters in this offering, is one of our principal stockholders: J.P. Morgan Partners, LLC, or JPMP. JPMP currently owns approximately \_\_\_\_\_ % of our common stock on a fully diluted basis and will own approximately \_\_\_\_\_ % of our common stock upon the completion of this offering (assuming the underwriters' option to purchase additional shares is not exercised). As a result of JPMP's current ownership interest in us, this offering is being conducted in accordance with the applicable provisions of the Financial Industry Regulatory Authority, or the FINRA, rules. These rules require, among other things, that the "qualified independent underwriter" (as such term is defined by the rules) participates in the preparation of the registration statement and prospectus and conducts due diligence. Goldman, Sachs & Co. is assuming the responsibilities of acting as the qualified independent underwriter in this offering.

Investing in our common stock involves risks. See "Risk Factors" beginning on page 14.

**MARKET AND INDUSTRY INFORMATION**

Information regarding market share, market position and industry data pertaining to our business contained in this prospectus consists of our estimates based on data and reports compiled by industry professional organizations, including the Motion Picture Association of America, the National Association of Theatre Owners ("NATO"), Nielsen Media Research, Rentrak Corporation ("Rentrak"), industry analysts and our management's knowledge of our business and markets. Unless otherwise noted in this prospectus, all information provided by the Motion Picture Association of America is for the 2009 calendar year, all information provided by NATO is for the 2009 calendar year and all information provided by Rentrak is as of April 1, 2010.

Although we believe that the sources are reliable, we have not independently verified market industry data provided by third parties or by industry or general publications. Similarly, while we believe our internal estimates with respect to our industry are reliable, our estimates have not been verified by any independent sources. While we are not aware of any misstatements regarding any industry data presented in this prospectus, our estimates involve risks and uncertainties and are subject to changes based on various factors, including those discussed under "Risk Factors" in this prospectus.

**PROSPECTUS SUMMARY**

*The following summary highlights information contained elsewhere in this prospectus. You should read the entire prospectus carefully, especially the risks of investing in our common stock discussed under "Risk Factors" and our consolidated financial statements and accompanying notes.*

*AMC Entertainment Holdings, Inc. ("Parent"), an entity created on June 6, 2007, is the sole stockholder of Marquee Holdings Inc. ("Holdings"). Holdings is a holding company with no operations of its own and has one direct subsidiary, AMC Entertainment Inc. ("AMCE"). Upon completion of this initial public offering, AMCE will be merged with and into Holdings, with Holdings continuing as the surviving entity and then Holdings will be merged with and into Parent, with Parent continuing as the surviving entity (the "Mergers"). Parent will change its name to AMC Entertainment Inc. As used in this prospectus, unless the context otherwise requires, references to "we," "us," "our," the "Company" or "AMC Entertainment" refer to Parent and its subsidiaries after giving effect to the Mergers.*

*As used in this prospectus, the term "pro forma" refers to, in the case of pro forma financial information, such information after giving pro forma effect to (i) the Mergers, (ii) the Kerasotes Acquisition (as described under "Recent Developments") and (iii) this offering and related transactions (collectively, the "Transactions"). Except as stated otherwise herein, the share data set forth in this prospectus reflects the reclassification of Parent's capital stock as described below under "The Reclassification."*

*Parent has a 52-week or 53-week fiscal year ending on the Thursday closest to March 31. Fiscal years 2006, 2007, 2009 and 2010 contained 52 weeks. Fiscal year 2008 contained 53 weeks.*

**Who We Are**

We are one of the world's leading theatrical exhibition companies. As of April 1, 2010, on a pro forma basis, we owned, operated or held interests in 380 theatres with a total of 5,325 screens, approximately 99% of which were located in the United States and Canada. Our theatres are primarily located in major metropolitan markets, which we believe offer us strategic, operational and financial advantages. We also have a modern, highly productive theatre circuit that leads the industry in key asset quality and performance metrics, such as screens per theatre and per theatre productivity measures. Our industry-leading performance is largely driven by the quality of our theatre sites, our operating practices, which focus on delivering the best customer experience, and, most recently, our implementation of premium sight and sound formats, which we believe will be key components of the future movie-going experience. As of April 1, 2010, on a pro forma basis, we are the largest IMAX exhibitor in the world with a 43% market share in the United States and more than twice the screen count of the second largest U.S. IMAX exhibitor. For the fiscal year ended April 1, 2010, we generated pro forma revenues of approximately \$2.7 billion, Pro Forma Adjusted EBITDA (as defined on page 12) of \$388.4 million and pro forma earnings from continuing operations of \$71.0 million.

We were founded in 1920 and since then have pioneered many of the industry's most important innovations, including the multiplex theatre format in the early 1960s and the North American megaplex theatre format in the mid-1990s. In addition, we have acquired some of the most respected companies in the theatrical exhibition industry, including Loews Cineplex Entertainment Corporation ("Loews"), General Cinema Corporation ("General Cinema") and, more recently, Kerasotes Showplace Theatres, LLC ("Kerasotes"), the acquisition of which is described under "Recent Developments." We have a demonstrated track record of successfully integrating these companies through timely conversion to our operating procedures, consolidation of corporate functions and adoption of best practices.

Table of Contents

**Our Competitive Strengths**

We believe our leadership in major metropolitan markets, superior asset quality and continuous focus on innovation and the guest experience have positioned us well to capitalize disproportionately on trends providing momentum to the theatrical exhibition industry as a whole, particularly the mass adoption of digital and 3D technologies. We also believe our management team is uniquely equipped to execute our strategy to realize this opportunity, making us a particularly effective competitor in our industry and positioning us well for future growth. Our competitive strengths include:

**Major Market Leader.** We maintain the leading market share within our markets. As of April 1, 2010, on a pro forma basis, we operated in 24 of the top 25 Designated Market Areas as defined by Nielsen Media Research ("DMAs") and had the number one or two market share in each of the top 15 DMAs, including New York City, Los Angeles, Chicago, Philadelphia, San Francisco, Dallas and Boston. In addition, 75% of our screens were located in the top 25 DMAs and 89% were located in the top 50 DMAs. Our strong presence in the top DMAs makes our theatres more visible and therefore strategically more important to content providers who rely on these markets for a disproportionately large share of box office receipts. According to Rentrak, during our fiscal 2010, 59% of all U.S. box office receipts were derived from the top 25 DMAs and 75% were derived from the top 50 DMAs. In certain of our densely populated major metropolitan markets, we believe a scarcity of attractive retail real estate opportunities enhances the strategic value of our existing theatres. We also believe the complexity inherent in operating in these major metropolitan markets is a deterrent to other less sophisticated competitors, protecting our market share position.

We believe that customers in our major metropolitan markets are generally more affluent and culturally diverse than those in smaller markets. Traditionally, our strong presence in these markets has created a greater opportunity to exhibit a broad array of programming and premium formats, which we believe drives higher levels of attendance at our theatres. This has allowed us to generate higher per screen and per theatre operating metrics. For example, our pro forma average ticket price in the United States was \$8.39 for our fiscal 2010, as compared to \$7.64 for the industry as a whole for the 12 months ended March 31, 2010.

**Modern, Highly Productive Theatre Circuit.** We believe the combination of our strong major market presence, focus on a superior guest experience and core operating strategies enables us to deliver industry-leading theatre level operating metrics. On a pro forma basis, our circuit averages 14 screens per theatre, which is more than twice the National Association of Theatre Owners average of 6.9 for calendar year 2009 and higher than any of our peers. For the fiscal year ended April 1, 2010, on a pro forma basis, our theatre exhibition circuit generated attendance per average theatre of 596,000 (higher than any of our peers) revenues per average theatre of \$7.1 million (approximately 31% higher than our closest peer) and operating cash flows before rent (defined as Adjusted EBITDA before rent and G&A-Other) per average theatre of \$2.4 million (approximately 19% higher than our closest peer). Over the past five fiscal years, we invested an average of \$131.3 million per year to improve and expand our theatre circuit, contributing to the modern portfolio of theatres we operate today.

**Leader in Deployment of Premium Formats.** We also believe our strong major market presence and our highly productive theatre circuit allow us to take greater advantage of incremental revenue-generating opportunities associated with the premium services that will define the future of the theatrical business, including digital delivery, 3D projection, large screen formats, such as IMAX and our proprietary ETX offering, and alternative programming. As the industry's digital conversion accelerates, we believe we have established a differentiated leadership position in premium formats. For example, we are the world's largest IMAX exhibitor with 84 screens as of April 1, 2010, on a pro forma basis, and we expect to increase our IMAX screen count to 115 by the end of fiscal year 2012. We are able to charge a premium price for the IMAX experience, which, in combination with higher

Table of Contents

attendance levels, produces average weekly box office per print that is 300% greater than standard 2D versions of the same movie.

***Innovative Growth Initiatives in Food and Beverage.*** We believe our theatre circuit is better positioned than our peer competitors' to generate additional revenue from broader and more diverse food and beverage offerings, in part due to our markets' larger, more diverse and more affluent customer base and our management's extensive experience in guest services, specifically within the food and beverage industry. To capitalize on this opportunity, we have introduced proprietary food and beverage offerings in eight theatres as of April 1, 2010, and we intend to deploy these offerings across our theatre circuit based on the needs and specific circumstances of each theatre. Our wide range of food and beverage offerings feature expanded menus, enhanced concession formats and unique in-theatre dining options, which we believe appeals to a larger cross section of potential customers. For example, in fiscal 2009 we converted a small, six-screen theatre in Atlanta, Georgia to an in-theatre dining facility with a separate bar and lounge area. From fiscal 2008 to fiscal 2010, this theatre's attendance increased over 60%, revenues more than doubled, and operating cash flow and margins increased significantly. We plan to continue to invest in enhanced food and beverage offerings across 125 to 150 theatres over the next three years.

***Strong Cash Flow Generation.*** We believe that our major market focus and highly productive theatre circuit have enabled us to generate significant and stable cash flow provided by operating activities. For the fiscal year ended April 1, 2010, on a pro forma basis, our net cash provided by operating activities totaled \$252.9 million. This strong cash flow will enable us to continue our deployment of premium formats and services and to finance planned capital expenditures without relying on the capital markets for funding. In addition, in future years, we expect to continue to generate cash flow sufficient to allow us to grow our revenues, maintain our facilities, service our indebtedness and make dividend payments to our stockholders.

***Proven Management Team Uniquely Positioned to Execute.*** Our management team has a unique combination of industry experiences and skill-sets, equipping them to effectively execute our strategies. Our CEO's broad experience in a number of consumer packaged goods and entertainment-related businesses expands our growth perspectives beyond traditional theatrical exhibition and has increased our focus on providing more value to our guests. Recent additions, including a Chief Marketing Officer and heads of Food and Beverage, Programming and Development/Real Estate, augment our deep bench of industry experience. The expanded breadth of our management team complements the established team that is already known for operational excellence, innovation and successful industry consolidation.

## Our Strategy

Our strategy is to use our modern theatre circuit and major market position to lead the industry in innovation and financial and operating metrics. The use of emerging premium formats and our focus on the guest experience give us a unique opportunity to leverage our theatre circuit and major market position across our platform. Our goal is to maintain our company's and the industry's social relevance and to provide our guests with a superior movie-going experience.

***Capitalize on Premium Formats.*** We believe operating a digital theatre circuit, when combined with our major markets' customer base, will enhance our capacity utilization and dynamic pricing capabilities, enable us to achieve higher ticket prices for premium formats, and provide incremental revenue from the exhibition of alternative content such as live concerts, sporting events, Broadway shows, opera and other non-traditional programming. We have already seen success from the Metropolitan Opera, with respect to which, during fiscal 2010, we programmed 23 performances in 75 theatres and charged an average ticket price of \$18. Within each of our major markets, we are able to charge a premium for these services relative to our smaller markets. We will continue to broaden

Table of Contents

our content offerings through the installation of additional IMAX, ETX and RealD systems and the presentation of attractive alternative content. For example:

We have the leading market share of IMAX MPX digital projection systems. We expect to increase our IMAX screen count to 115 by the end of fiscal year 2012. These IMAX projection systems are slated to be installed in many of our top performing locations in major U.S. markets, each protected by geographic exclusivity.

As of April 1, 2010, on a pro forma basis, we had installed 647 digital projectors in our existing theatre base, representing a 12.2% digital penetration in our theatre circuit. We intend to continue our rapid deployment of digital projectors through our arrangements with Digital Cinema Implementation Partners, LLC ("DCIP") and intend to install 1,150 to 1,250 more digital projectors in fiscal 2011. We lease our digital projection systems from DCIP and therefore do not bear the majority of the cost of the digital projector rollout. Operating a digital theatre circuit provides numerous benefits, which include forming the foundation for 3D formats and alternative programming, allowing for more efficient film operations, lowering costs and enabling a better, more versatile advertising platform.

To complement our deployment of digital technology, in 2006 we partnered with RealD to install their 3D systems in our theatres. As of April 1, 2010, on a pro forma basis, we had 516 3D-enabled systems. During the past year, 3D films have generated approximately 40% more in attendance than the standard 2D versions of the same film at an additional \$1 to \$5 per ticket. Concurrent with our digital rollout, we plan on having over 1,500 RealD screens across our theatre circuit by the end of fiscal 2012.

During fiscal 2010, we introduced our proprietary large-screen digital format, ETX, at four locations. ETX features wall-to-wall screens that are 20% larger than traditional screens, a custom sound system that is three times more powerful than a traditional auditorium, and digital projection with twice the clarity of high definition. We charge a premium price for the ETX experience, which, in combination with higher attendance levels, produces average weekly box office per print that is 140% more than standard 2D versions of the same movie. We plan to install an additional 20 to 25 of our proprietary ETX large screen formats during fiscal 2011.

***Broaden and Enhance Food and Beverage Offerings.*** To address consumer trends, we are expanding our menu of premium food and beverage products to include alcohol, healthy items, made-to-order items, customized coffee, hot food items and other gourmet products. We plan to invest across a spectrum of enhanced food and beverage formats, from simple, less capital-intensive concession design improvements to the development of new in-theatre dining options. We have successfully implemented our in-theatre dining offerings to rejuvenate theatres approaching the end of their useful lives as traditional movie theatres and, in some of our larger theatres to more efficiently leverage their additional capacity. The costs of these conversions in some cases are partially covered by investments from the theatre landlord. We plan to continue to invest in enhanced food and beverage offerings across 125 to 150 theatres over the next three years, including approximately 30 theatres that will offer one of our in-theatre dining options.

***Disciplined Approach to Theatre Portfolio Management.*** We evaluate the potential for new theatres and, where appropriate, replace underperforming theatres with newer, more modern theatres that offer amenities consistent with our portfolio. We also intend to selectively pursue acquisitions where the characteristics of the location, overall market and facilities further enhance the quality of our theatre portfolio. Historically, we have demonstrated a successful track record of integrating acquisitions such as Loews, General Cinema and Kerasotes. For example, our January 2006 acquisition of Loews combined two leading theatrical exhibition companies, each with a long history of operating in the industry, thereby increasing the number of screens we operated by 47%.

Table of Contents

**Maximize Guest Engagement and Loyalty.** In addition to differentiating the AMC Entertainment movie-going experience by deploying new sight and sound formats, as well as food and beverage offerings, we are also focused on creating differentiation through guest marketing. We are already the most recognized theatre exhibition brand, with almost 60% brand awareness in the United States. We are actively marketing our own "AMC experience" message to our customers. We have also refocused our marketing to drive active engagement with our customers through a redesigned website, Facebook, Twitter and push email campaigns. As of July 12, 2010, we had approximately 160,000 friends on Facebook, and we engaged directly with our guests via close to 32 million emails in fiscal 2010. In addition, our frequent moviegoer loyalty program is scheduled to re-launch during 2011 with a new, more robust fee-based program. Our loyalty program currently has approximately 1.5 million active members.

**Continue to Achieve Operating Efficiencies.** We believe that the size of our theatre circuit, our major market concentration and the breadth of our operations will allow us to continue to achieve economies of scale and further improve operating margins. Our operating strategies are focused in the following areas:

Optimizing our pricing model and yield management through implementation of value-oriented pricing during periods of low capacity utilization balanced with more aggressive pricing during peak operating periods and for higher perceived value offerings such as premium formats, reserved seating and in-theatre dining amenities. By building upon our highly productive theatre circuit and our ongoing development of premium experiences, we have increased our pricing power in the marketplace.

Enhancing focus on leveraging our scale to lower our cost of doing business without sacrificing quality or the important elements of guest satisfaction. For example, during fiscal 2010, we reorganized our procurement function and implemented a number of other initiatives that allowed for vendor consolidation, more targeted marketing and promotional efforts, and energy management programs that generated an aggregate annual savings of approximately \$15.5 million.

Lowering occupancy costs in many of our facilities by renegotiating rental agreements with landlords, strictly enforcing co-tenancy provisions and effective auditing of common area billings. In fiscal 2010, we negotiated rental reductions and enforced co-tenancy provisions in 15 of our leases, generating savings of \$8.1 million.

### **Our Industry**

We believe the theatrical exhibition industry is and will continue to be attractive for a number of key reasons, including:

**Adoption of Digital Technology.** The theatrical exhibition industry is in the initial stages of converting from film-based to digital projection technology. Digital projection results in a premium visual experience for patrons, and digital content gives the theatre operator greater flexibility in programming. The industry will benefit from the conversion to digital delivery, alternative content, 3D formats and dynamic pricing models. As theatre exhibitors have adopted digital technology, the theatre circuits have shown enhanced productivity, profitability and efficiency. Digital technology has increased attendance and average ticket prices. Digital technology also facilitates live and pre-recorded networked and single-site meetings and corporate events in movie theatres and will allow for the distribution of live and pre-recorded entertainment content and the sale of associated sponsorships.

**Long History of Steady Growth.** The theatrical exhibition industry has produced steady growth in revenues over the past several decades. In recent years, net new build activity has slowed, and screen count has rationalized and is expected to decline in the near term before stabilizing, thereby increasing

Table of Contents

revenue per screen for existing theatres. The combination of the popularity of movie-going, its steady long-term growth characteristics, industry consolidation that has resulted in more rational capital deployment and the industry's relative maturity makes theatrical exhibition a high cash flow generating business. Box office revenues in the United States and Canada have increased at a 3.8% compound annual growth rate ("CAGR") over the last 20 years, driven by increases in both ticket prices and attendance across multiple economic cycles. The industry has also demonstrated its resilience to economic downturns; during four of the last six recessions, attendance and box office revenues grew an average of 8.1% and 12.3%, respectively.

***A Highly Popular and Affordable Out-of-Home Entertainment Experience.*** Going to the movies has been one of the most popular and affordable out-of-home entertainment options for decades. The estimated average price of a movie ticket was \$7.50 in calendar 2009, considerably less than other out-of-home entertainment alternatives such as concerts and sporting events. In calendar 2009, attendance at indoor movie theatres in the United States and Canada was 1.4 billion. This contrasts with the 119 million combined annual attendance generated by professional baseball, basketball and football over the same time period.

***Importance to Content Providers.*** We believe that the theatrical success of a motion picture is often the key determinant in establishing the film's value in the other parts of its product life cycle, such as DVD, cable television, merchandising and other ancillary markets. For each \$1 of theatrical box office receipts, an average of \$1.33 of additional revenue is generated in the remainder of a film's product life cycle. As a result, we believe motion picture studios will continue to work cooperatively with theatrical exhibitors to ensure the continued importance of the theatrical window.

### Recent Developments

On December 9, 2009, we entered into a definitive agreement with Kerasotes Showplace Theatres, LLC ("Kerasotes") pursuant to which we acquired substantially all of the assets of Kerasotes (the "Kerasotes Acquisition"). Kerasotes operated 95 theatres and 972 screens in mid-sized, suburban and metropolitan markets, primarily in the Midwest. More than three quarters of the Kerasotes theatres feature stadium seating and almost 90% were built after 1994. On May 24, 2010, we completed the acquisition. The Kerasotes Acquisition increased our theatre and screen count by 83 and 812, respectively. The purchase price for the Kerasotes theatres paid in cash at closing was \$275 million and is subject to working capital and other purchase price adjustments.

We are a founding member of National CineMedia ("NCM"), a digital cinema screen advertising venture, which we took public in February 2007. NCM operates an in-theatre digital network in the United States. The digital network consists of projectors used to display advertising and other non-film events. As of April 1, 2010, we had an 18.23% interest in NCM through the units we hold in National CineMedia, LLC ("NCM LLC"). All of the Kerasotes theatres and substantially all of the screens we acquired in the Kerasotes Acquisition, which since January 2008 have been included in a network affiliate agreement with NCM that terminated as part of the Kerasotes Acquisition, became part of our long-term Exhibitor Services Agreement with NCM. Accordingly, the Kerasotes Acquisition triggered the adjustment of our membership units pursuant to the Common Unit Adjustment Agreement (the "CSU Agreement") we have with NCM, NCM LLC and the other founding members of NCM LLC as a result of an increase of extraordinary attendance by approximately 4.5%. Pursuant to the terms of the CSU Agreement, we received an additional 6,510,209 units in NCM LLC, which increased our total ownership to 25,458,613 units, representing a 23.05% interest in NCM. All of our NCM LLC membership units are redeemable for cash or, at the option of NCM, shares of NCM common stock on a share-for-share basis. In connection with the termination of the NCM/Kerasotes network affiliate agreement, we are required to reimburse NCM approximately \$2.9 million for the current net book value of NCM's capital expenditures invested in digital network technology within the acquired Kerasotes theatres prior to the Kerasotes Acquisition date.

Morgan Partners, LLC (collectively, "JPMP"), Apollo Investment Fund V, L.P. and certain related investment funds (collectively, "Apollo"), JPMP's and Apollo's co-investors, funds associated with Bain Capital Partners, LLC ("Bain"), affiliates of The Carlyle Group (collectively, "Carlyle"), affiliates of Spectrum Equity Investors (collectively, "Spectrum"), and management hold 100% of our outstanding common stock. JPMP, Apollo, Bain, Carlyle and Spectrum are collectively referred to in this prospectus as the "Sponsors." After giving effect to the Reclassification and this offering, the Sponsors will hold \_\_\_\_\_ shares of our common stock, representing approximately \_\_\_\_\_ % of our outstanding common stock, and will have the power to control our affairs and policies including with respect to the election of directors (and through the election of directors the appointment of management), the entering into of mergers, sales of substantially all of our assets and other extraordinary transactions. The governance agreements will provide that, initially, the Sponsors will collectively have the right to designate eight directors (out of a total of 10 initial board members) and that each will vote for the others' nominees. The number of Sponsor-designated directors will be reduced as the Sponsors' ownership percentage reduces, such that the Sponsors will not have the ability to nominate a majority of the board of directors once their collective ownership (together with the share ownership held by the JPMP and Apollo co-investors) becomes less than 50.1%. However, because our board of directors will be divided into three staggered classes, the Sponsors may be able to influence or control our affairs and policies even after they cease to own 50.1% of our outstanding common stock during the period in which the Sponsors' nominees finish their terms as members of our board but in any event no longer than would be permitted under applicable law and national securities exchange listing requirements. See "Certain Relationships and Related Party Transactions Governance Agreements." Pursuant to the Fee Agreement as described under the heading "Certain Relationships and Related Party Transactions Fee Agreement," upon consummation of this offering, the Sponsors will receive an automatic fee equal to the net present value of the aggregate annual management fee that would have been payable to the Sponsors during the remainder of the term of the fee agreement and our obligation to pay annual management fees will terminate. We estimate that our aggregate payment to the Sponsors would have been \$29.2 million had the offering occurred on April 1, 2010.

**Risk Factors**

The "Risk Factors" section included in this prospectus contains a discussion of factors that you should carefully read and consider before deciding to invest in shares of our common stock.

**Corporate Information**

We are a Delaware corporation. Our principal executive offices are located at 920 Main Street, Kansas City, Missouri 64105. The telephone number of our principal executive offices is (816) 221-4000. We maintain a website at [www.amcentertainment.com](http://www.amcentertainment.com), on which we will post our key corporate governance documents, including our board committee charters and our code of ethics. **The Offering**

Common stock offered	shares
Common stock to be outstanding immediately after this offering	shares
Option to purchase additional shares	We have granted to the underwriters a 30-day option to purchase on a pro rata basis up to additional shares from us at the initial public offering price less underwriting discounts and commissions.
Common stock voting rights	Each share of our common stock will entitle its holder to one vote per share.
Dividend policy	We intend to pay cash dividends commencing from the closing date of this offering. We expect that our first dividend will be with respect to the quarter of fiscal 2011. The declaration and payment of future dividends to holders of our common stock will be at the sole discretion of our board of directors and will depend upon many factors, including our financial condition, earnings, legal requirements, restrictions in our senior secured credit facility and the indentures governing our debt securities and other factors our board of directors deem relevant. See "Risk Factors We may not generate sufficient cash flows or have sufficient restricted payment capacity under our senior secured credit facility or the indentures governing our debt securities to pay our intended dividends on the common stock," "Dividend Policy," "Management's Discussion and Analysis of Financial Condition and Results of Operations Commitments and Contingencies," "Description of Certain Indebtedness" and "Description of Capital Stock."
Use of proceeds	We estimate that our net proceeds from this offering without exercise of the option to purchase additional shares will be approximately \$ million after deducting the estimated underwriting discounts and commissions and expenses, assuming the shares are offered at \$ per share, which represents the midpoint of the range set forth on the front cover of this prospectus. We intend to use the net proceeds to us, together with cash on hand, to: first, repay all \$198.3 million of the loans outstanding under the Parent's term loan facility plus accrued and unpaid interest; second, to retire all \$240.8 million of our outstanding 12% senior discount notes due 2014 plus accrued and unpaid interest; and third, to pay a \$29.2 million lump sum payment to the Sponsors pursuant to the Fee Agreement with our Sponsors. Affiliates of certain of the underwriters are holders of our outstanding 12% senior discount notes due 2014 and will receive a portion of our net proceeds from this offering. See "Use of Proceeds."

## Table of Contents

Unless otherwise stated herein, the information in this prospectus (other than our historical financial statements and historical financial data) assumes that:

the Reclassification has been completed;

the underwriters have not exercised their option to purchase up to additional shares of common stock from us;

the initial offering price is \$ per share, the midpoint of the range set forth on the cover page of this prospectus; and

our amended and restated certificate of incorporation and amended and restated bylaws are in effect, pursuant to which the provisions described under "Description of Capital Stock" will become operative.

In the Reclassification, each holder of shares of Parent's Class A common stock, Class L common stock and Class N common stock will receive shares of common stock for one share of Class A common stock, Class L common stock or Class N common stock. The number of shares of common stock to be outstanding after completion of this offering is based on shares of our common stock to be sold in this offering and, except where we state otherwise, the common stock information we present in this prospectus excludes, as of , 2010:

shares of common stock issuable upon the exercise of outstanding employee options, at , 2010, at a weighted average exercise price of \$ per share; and

shares of common stock we will reserve for future issuance under our equity incentive plan.

Table of Contents**Summary Historical and Unaudited Pro Forma Financial and Operating Data**

The following summary historical financial data sets forth our historical financial and operating data for the fiscal years ended April 1, 2010, April 2, 2009 and April 3, 2008 and have been derived from the Company's audited consolidated financial statements and related notes for such periods included elsewhere in this prospectus. The historical financial data set forth below is qualified in its entirety by reference to the Company's consolidated financial statements and the notes thereto included elsewhere in this prospectus.

The following summary unaudited pro forma financial and operating data sets forth our unaudited pro forma combined balance sheet as of April 1, 2010 and unaudited pro forma combined statement of operations for the 52 weeks ended April 1, 2010. The pro forma financial data has been derived from the Company's historical consolidated financial information, including the notes thereto, and the Kerasotes historical financial information, including the notes thereto, included elsewhere in this prospectus, and has been prepared based on the Company's historical consolidated financial statements and the Kerasotes historical financial statements included elsewhere in this prospectus. The unaudited pro forma combined balance sheet gives pro forma effect to the Transactions as if they had occurred on April 1, 2010. The unaudited pro forma combined statement of operations data gives pro forma effect to the Transactions as if they had occurred on April 3, 2009. The summary unaudited pro forma financial and operating data is based on certain assumptions and adjustments and does not purport to present what the Company's actual results of operations would have been had the Transactions and events reflected by them in fact occurred on the dates specified, nor is it necessarily indicative of the results of operations that may be achieved in the future. The summary unaudited pro forma financial data should be read in conjunction with "Unaudited Pro Forma Condensed Consolidated Financial Information," the historical consolidated financial statements, including the notes thereto, of the Company and of Kerasotes, the "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the Company's other financial data presented elsewhere in this prospectus.

The summary historical financial and operating data presented below should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations", our historical consolidated financial statements, including the notes thereto, and the Kerasotes historical financial statements, including the notes thereto, included in this prospectus.

- (3) During fiscal 2010, fiscal 2009 and fiscal 2008, equity in earnings including cash distributions from NCM were \$34.4 million, \$27.7 million and \$22.2 million, respectively. During fiscal 2008, equity in (earnings) losses of non-consolidated entities includes a gain of \$18.8 million from the sale of Hoyts General Cinema South America.
- (4) Includes gain of \$16.0 million for the 53 weeks ended April 3, 2008 from the sale of our investment in Fandango, Inc. ("Fandango").
- (5) We present Adjusted EBITDA as a supplemental measure of our performance. We define Adjusted EBITDA as earnings (loss) from continuing operations plus (i) income tax provisions (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance. These further adjustments are itemized below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Set forth below is a reconciliation of Adjusted EBITDA to earnings (loss) from continuing operations, our most comparable GAAP measure:

### Table of Contents

- (b) Other expense for fiscal 2010, on a pro forma basis, is comprised of the loss on extinguishment of indebtedness related to the cash tender offer and remaining redemption with respect to our 8<sup>5</sup>/<sub>8</sub>% senior notes due 2012. Other expense for fiscal 2010, on a historical basis, includes a gain on extinguishment of indebtedness of \$85.2 million related to the Parent's term loan facility partially offset by the loss on extinguishment of indebtedness related to the cash tender offer and remaining redemption with respect to our 8<sup>5</sup>/<sub>8</sub>% senior notes due 2012. Other income for fiscal 2008 is comprised of recoveries for property loss related to Hurricane Katrina.
- (c) Reflects a pro forma reduction in costs relating to modifications made to our RealD and IMAX agreements in fiscal 2011.
- (d) Reflects anticipated synergies and cost savings related to the Kerasotes Acquisition that we expect to derive from increased ticket and concession revenues at the former Kerasotes locations as a result of moving to our operating practices, decreased costs for newspaper advertising and concessions for those locations, and general and administrative expense savings, particularly with respect to the consolidation of corporate overhead functions and elimination of redundancies.

Adjusted EBITDA and Pro Forma Adjusted EBITDA are non-GAAP financial measures commonly used in our industry and should not be construed as an alternative to net earnings (loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Adjusted EBITDA and Pro Forma Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA and Pro Forma Adjusted EBITDA because we believe they provide management and investors with additional information to measure our performance and liquidity, estimate our value and evaluate our ability to service debt. In addition, we use Adjusted EBITDA for incentive compensation purposes.

Adjusted EBITDA and Pro Forma Adjusted EBITDA have important limitations as analytical tools, and you should not consider them in isolation, or as substitutes for analysis of our results as reported under U.S. GAAP. For example, Adjusted EBITDA:

does not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;

does not reflect changes in, or cash requirements for, our working capital needs;

does not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;

excludes tax payments that represent a reduction in cash available to us;

does not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future; and

does not reflect management fees that may be paid to our sponsors.

Pro Forma Adjusted EBITDA includes further adjustments for a pro forma reduction in costs relating to modifications to our RealD and IMAX agreements in fiscal 2011, as well as anticipated synergies and cost savings related to the Kerasotes Acquisition. No assurance can be given that such synergies or cost reductions will occur.

- (6) Includes consolidated theatres only.

**RISK FACTORS**

*Before you decide to purchase shares of our common stock, you should understand the high degree of risk involved. You should consider carefully the following risks and other information in this prospectus, including our pro forma and historical financial statements and related notes. If any of the following risks actually occur, our business, financial condition and operating results could be adversely affected. As a result, the trading price of our common stock could decline, perhaps significantly.*

**Risks Related to Our Industry**

***We have no control over distributors of the films and our business may be adversely affected if our access to motion pictures is limited or delayed.***

We rely on distributors of motion pictures, over whom we have no control, for the films that we exhibit. Major motion picture distributors are required by law to offer and license film to exhibitors, including us, on a film-by-film and theatre-by-theatre basis. Consequently, we cannot assure ourselves of a supply of motion pictures by entering into long-term arrangements with major distributors, but must compete for our licenses on a film-by-film and theatre-by-theatre basis. Our business depends on maintaining good relations with these distributors, as this affects our ability to negotiate commercially favorable licensing terms for first-run films or to obtain licenses at all. Our business may be adversely affected if our access to motion pictures is limited or delayed because of deterioration in our relationships with one or more distributors or for some other reason. To the extent that we are unable to license a popular film for exhibition in our theatres, our operating results may be adversely affected.

***We depend on motion picture production and performance.***

Our ability to operate successfully depends upon the availability, diversity and appeal of motion pictures, our ability to license motion pictures and the performance of such motion pictures in our markets. We license first-run motion pictures, the success of which has increasingly depended on the marketing efforts of the major motion picture studios. Poor performance of, or any disruption in the production of these motion pictures (including by reason of a strike or lack of adequate financing), or a reduction in the marketing efforts of the major motion picture studios, could hurt our business and results of operations. Conversely, the successful performance of these motion pictures, particularly the sustained success of any one motion picture, or an increase in effective marketing efforts of the major motion picture studios, may generate positive results for our business and operations in a specific fiscal quarter or year that may not necessarily be indicative of, or comparable to, future results of operations. In addition, a change in the type and breadth of movies offered by motion picture studios may adversely affect the demographic base of moviegoers.

***We are subject, at times, to intense competition.***

Our theatres are subject to varying degrees of competition in the geographic areas in which we operate. Competitors may be national circuits, regional circuits or smaller independent exhibitors. Competition among theatre exhibition companies is often intense with respect to the following factors:

*Attracting patrons.* The competition for patrons is dependent upon factors such as the availability of popular motion pictures, the location and number of theatres and screens in a market, the comfort and quality of the theatres and pricing. Many of our competitors have sought to increase the number of screens that they operate. Competitors have built or may be planning to build theatres in certain areas where we operate, which could result in excess capacity and increased competition for patrons.

Table of Contents

*Licensing motion pictures.* We believe that the principal competitive factors with respect to film licensing include licensing terms, number of seats and screens available for a particular picture, revenue potential and the location and condition of an exhibitor's theatres.

*Low barriers to entry.* We must compete with exhibitors and others in our efforts to locate and acquire attractive sites for our theatres. In areas where real estate is readily available, there are few barriers to entry that prevent a competing exhibitor from opening a theatre near one of our theatres.

The theatrical exhibition industry also faces competition from other forms of out-of-home entertainment, such as concerts, amusement parks and sporting events and from other distribution channels for filmed entertainment, such as cable television, pay per view and home video systems and from other forms of in-home entertainment.

***Industry-wide screen growth has affected and may continue to affect the performance of some of our theatres.***

In recent years, theatrical exhibition companies have emphasized the development of large megaplexes, some of which have as many as 30 screens in a single theatre. The industry-wide strategy of aggressively building megaplexes generated significant competition and rendered many older, multiplex theatres obsolete more rapidly than expected. Many of these theatres are under long-term lease commitments that make closing them financially burdensome, and some companies have elected to continue operating them notwithstanding their lack of profitability. In other instances, because theatres are typically limited use design facilities, or for other reasons, landlords have been willing to make rent concessions to keep them open. In recent years, many older theatres that had closed are being reopened by small theatre operators and in some instances by sole proprietors that are able to negotiate significant rent and other concessions from landlords. As a result, there has been growth in the number of screens in the U.S. and Canadian exhibition industry from 2005 to 2008. This has affected and may continue to affect the performance of some of our theatres. The number of screens in the U.S. and Canadian exhibition industry slightly declined from 2008 to 2009.

***An increase in the use of alternative film delivery methods or other forms of entertainment may drive down our attendance and limit our ticket prices.***

We compete with other film delivery methods, including network, syndicated cable and satellite television, DVDs and video cassettes, as well as video-on-demand, pay-per-view services and downloads via the Internet. We also compete for the public's leisure time and disposable income with other forms of entertainment, including sporting events, amusement parks, live music concerts, live theatre and restaurants. An increase in the popularity of these alternative film delivery methods and other forms of entertainment could reduce attendance at our theatres, limit the prices we can charge for admission and materially adversely affect our business and results of operations.

***Our results of operations may be impacted by shrinking video release windows.***

Over the last decade, the average video release window, which represents the time that elapses from the date of a film's theatrical release to the date a film is available on DVD, an important downstream market, has decreased from approximately six months to approximately three to four months. If patrons choose to wait for a DVD release rather than attend a theatre for viewing the film, it may adversely impact our business and results of operations, financial condition and cash flows. Film studios are currently considering a premium video on demand product which could also cause the release window to shrink further. We cannot assure you that this release window, which is determined by the film studios, will not shrink further or be eliminated altogether, which could have an adverse impact on our business and results of operations.

Table of Contents

***Development of digital technology may increase our capital expenses.***

The industry is in the process of converting film-based media to digital-based media. We, along with some of our competitors, have commenced a roll-out of digital equipment for exhibiting feature films and plan to continue the roll-out through our joint venture DCIP. However, significant obstacles exist that impact such a roll-out plan, including the cost of digital projectors, and the supply of projectors by manufacturers. During fiscal 2010, DCIP completed its formation and \$660 million funding to facilitate the financing and deployment of digital technology in our theatres. We cannot assure you that DCIP will be able to obtain sufficient additional financing to be able to purchase and lease to us the number of digital projectors ultimately needed for our roll-out or that the manufacturers will be able to supply the volume of projectors needed for our roll-out. As a result, our roll-out of digital equipment could be delayed or not completed at all.

***General political, social and economic conditions can reduce our attendance.***

Our success depends on general political, social and economic conditions and the willingness of consumers to spend money at movie theatres. If going to motion pictures becomes less popular or consumers spend less on concessions, which accounted for 27% of our revenues in fiscal 2010, our operations could be adversely affected. In addition, our operations could be adversely affected if consumers' discretionary income falls as a result of an economic downturn. Political events, such as terrorist attacks, could cause people to avoid our theatres or other public places where large crowds are in attendance.

**Risks Related to Our Business**

***Our substantial debt could adversely affect our operations and prevent us from satisfying those debt obligations.***

We have a significant amount of debt. As of April 1, 2010, on a pro forma basis, we had \$1.9 billion of outstanding indebtedness, and our subsidiaries had approximately \$4.6 billion of undiscounted rental payments under operating leases (with initial base terms of between 15 and 20 years).

The amount of our indebtedness and lease and other financial obligations could have important consequences to you. For example, it could:

increase our vulnerability to general adverse economic and industry conditions;

limit our ability to obtain additional financing in the future for working capital, capital expenditures, dividend payments, acquisitions, general corporate purposes or other purposes;

require us to dedicate a substantial portion of our cash flow from operations to the payment of lease rentals and principal and interest on our indebtedness, thereby reducing the funds available to us for operations and any future business opportunities;

limit our planning flexibility for, or ability to react to, changes in our business and the industry; and

place us at a competitive disadvantage with competitors who may have less indebtedness and other obligations or greater access to financing.

If we fail to make any required payment under our senior secured credit facility or to comply with any of the financial and operating covenants contained therein, we would be in default. Lenders under our senior secured credit facility could then vote to accelerate the maturity of the indebtedness under the senior secured credit facility and foreclose upon the stock and personal property of our subsidiaries that is pledged to secure the senior secured credit facility. Other creditors might then accelerate other

Table of Contents

indebtedness. If the lenders under the senior secured credit facility accelerate the maturity of the indebtedness thereunder, we might not have sufficient assets to satisfy our obligations under the senior secured credit facility or our other indebtedness. See "Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources."

Our indebtedness under our senior secured credit facility bears interest at rates that fluctuate with changes in certain prevailing interest rates (although, subject to certain conditions, such rates may be fixed for certain periods). If interest rates increase, we may be unable to meet our debt service obligations under our senior secured credit facility and other indebtedness.

***The agreements governing our indebtedness contain covenants that may limit our ability to take advantage of certain business opportunities advantageous to us.***

The agreements governing our indebtedness contain various covenants that limit our ability to, among other things:

- incur or guarantee additional indebtedness;
- pay dividends or make other distributions to our stockholders;
- make restricted payments;
- incur liens;
- engage in transactions with affiliates; and
- enter into business combinations.

These restrictions could limit our ability to obtain future financing, make acquisitions or needed capital expenditures, withstand economic downturns in our business or the economy in general, conduct operations or otherwise take advantage of business opportunities that may arise.

Although the indentures for our notes contain a fixed charge coverage test that limits our ability to incur indebtedness, this limitation is subject to a number of significant exceptions and qualifications. Moreover, the indentures do not impose any limitation on our incurrence of capital or finance lease obligations or liabilities that are not considered "Indebtedness" under the indentures (such as operating leases), nor do they impose any limitation on the amount of liabilities incurred by subsidiaries, if any, that might be designated as "unrestricted subsidiaries," which are subsidiaries that we designate, that are not subject to the restrictive covenants contained in the indentures governing our notes. Furthermore, there are no restrictions in the indentures on our ability to invest in other entities (including unaffiliated entities) and no restrictions on the ability of our subsidiaries to enter into agreements restricting their ability to pay dividends or otherwise transfer funds to us. Also, although the indentures limit our ability to make restricted payments, these restrictions are subject to significant exceptions and qualifications.

***We may not generate sufficient cash flow from our theatre acquisitions to service our indebtedness.***

In any acquisition, we expect to benefit from cost savings through, for example, the reduction of overhead and theatre level costs, and from revenue enhancements resulting from the acquisition. However, there can be no assurance that we will be able to generate sufficient cash flow from these acquisitions to service any indebtedness incurred to finance such acquisitions or realize any other anticipated benefits. Nor can there be any assurance that our profitability will be improved by any one or more acquisitions. Any acquisition may involve operating risks, such as:

- the difficulty of assimilating and integrating the acquired operations and personnel into our current business;

Table of Contents

the potential disruption of our ongoing business;

the diversion of management's attention and other resources;

the possible inability of management to maintain uniform standards, controls, procedures and policies;

the risks of entering markets in which we have little or no experience;

the potential impairment of relationships with employees;

the possibility that any liabilities we may incur or assume may prove to be more burdensome than anticipated; and

the possibility that the acquired theatres do not perform as expected.

***If our cash flows prove inadequate to service our debt and provide for our other obligations, we may be required to refinance all or a portion of our existing debt or future debt at terms unfavorable to us.***

Our ability to make payments on and refinance our debt and other financial obligations and to fund our capital expenditures and acquisitions will depend on our ability to generate substantial operating cash flow. This will depend on our future performance, which will be subject to prevailing economic conditions and to financial, business and other factors beyond our control. As of August 16, 2007, Holdings began paying cash interest on its 12% senior discount notes due 2014 and made its first semi-annual cash interest payment on February 15, 2008. Holdings' ability to service the 12% senior discount notes due 2014 is subject to the restrictions on distributions from AMCE contained in its senior secured credit facility and the indentures governing AMCE's debt securities. The maximum amount we would be permitted to distribute in compliance with our senior secured credit facility and the indentures governing our debt securities, on a pro forma basis, was approximately \$309.8 million as of April 1, 2010.

In addition, our notes require us to repay or refinance those notes when they come due. If our cash flows were to prove inadequate to meet our debt service, rental and other obligations in the future, we may be required to refinance all or a portion of our existing or future debt, on or before maturity, to sell assets or to obtain additional financing. We cannot assure you that we will be able to refinance any of our indebtedness, including our senior secured credit facility, sell any such assets or obtain additional financing on commercially reasonable terms or at all.

The terms of the agreements governing our indebtedness restrict, but do not prohibit us from incurring additional indebtedness. If we are in compliance with the financial covenants set forth in the senior secured credit facility and our other outstanding debt instruments, we may be able to incur substantial additional indebtedness. If we incur additional indebtedness, the related risks that we face may intensify.

***We face significant competition for new theatre sites, and we may not be able to build or acquire theatres on terms favorable to us.***

We anticipate significant competition from other exhibition companies and financial buyers when trying to acquire theatres, and there can be no assurance that we will be able to acquire such theatres at reasonable prices or on favorable terms. Moreover, some of these possible buyers may be stronger financially than we are. In addition, given our size and market share, as well as our recent experiences with the Antitrust Division of the United States Department of Justice in connection with the acquisition of Kerasotes and prior acquisitions, we may be required to dispose of theatres in connection with future acquisitions that we make. As a result of the foregoing, we may not succeed in acquiring theatres or may have to pay more than we would prefer to make an acquisition.

Table of Contents

***Acquiring or expanding existing circuits and theatres may require additional financing, and we cannot be certain that we will be able to obtain new financing on favorable terms, or at all.***

On a pro forma basis, our net capital expenditures aggregated approximately \$99.1 million for fiscal 2010. We estimate that our planned capital expenditures will be between \$120.0 million and \$150.0 million in fiscal 2011 and will continue at this level or higher over the next three years. Actual capital expenditures in fiscal 2011 may differ materially from our estimates. We may have to seek additional financing or issue additional securities to fully implement our growth strategy. We cannot be certain that we will be able to obtain new financing on favorable terms, or at all. In addition, covenants under our existing indebtedness limit our ability to incur additional indebtedness, and the performance of any additional theatres may not be sufficient to service the related indebtedness that we are permitted to incur.

***We may be reviewed by antitrust authorities in connection with acquisition opportunities that would increase our number of theatres in markets where we have a leading market share.***

Given our size and market share, pursuit of acquisition opportunities that would increase the number of our theatres in markets where we have a leading market share would likely result in significant review by the Antitrust Division of the United States Department of Justice, and we may be required to dispose of theatres in order to complete such acquisition opportunities. For example, in connection with the acquisition of Kerasotes, we are required to dispose of 11 theatres located in various markets across the United States, including Chicago, Denver and Indianapolis. As a result, we may not be able to succeed in acquiring other exhibition companies or we may have to dispose of a significant number of theatres in key markets in order to complete such acquisitions.

***We must comply with the ADA, which could entail significant cost.***

Our theatres must comply with Title III of the Americans with Disabilities Act of 1990, or ADA. Compliance with the ADA requires that public accommodations "reasonably accommodate" individuals with disabilities and that new construction or alterations made to "commercial facilities" conform to accessibility guidelines unless "structurally impracticable" for new construction or technically infeasible for alterations. Non-compliance with the ADA could result in the imposition of injunctive relief, fines, and an award of damages to private litigants or additional capital expenditures to remedy such noncompliance.

On January 29, 1999, the Civil Rights Division of the Department of Justice, or the Department, filed suit alleging that our stadium-style theatres violated the ADA and related regulations. On December 5, 2003, the trial court entered a consent order and final judgment on non-line-of-sight issues under which AMCE agreed to remedy certain violations at its stadium-style theatres and at certain theatres it may open in the future. Currently we estimate that betterments related to non-line of sight remedies will be required at approximately 140 stadium-style theatres. We estimate that the total cost of these betterments will be approximately \$54 million and through April 1, 2010 we have incurred approximately \$33.4 million of these costs. See "Business Legal Proceedings."

***We are party to significant litigation.***

We are subject to a number of legal proceedings and claims that arise in the ordinary course of our business. We cannot be assured that we will succeed in defending any claims, that judgments will not be entered against us with respect to any litigation or that reserves we may set aside will be adequate to cover any such judgments. If any of these actions or proceedings against us is successful, we may be subject to significant damages awards. For a description of our legal proceedings, see "Business Legal Proceedings."

Table of Contents

***We may be subject to liability under environmental laws and regulations.***

We own and operate facilities throughout the United States and manage or own facilities in several foreign countries and are subject to the environmental laws and regulations of those jurisdictions, particularly laws governing the cleanup of hazardous materials and the management of properties. We might in the future be required to participate in the cleanup of a property that we own or lease, or at which we have been alleged to have disposed of hazardous materials from one of our facilities. In certain circumstances, we might be solely responsible for any such liability under environmental laws, and such claims could be material.

***We may not be able to generate additional ancillary revenues.***

We intend to continue to pursue ancillary revenue opportunities such as advertising, promotions and alternative uses of our theatres during non-peak hours. Our ability to achieve our business objectives may depend in part on our success in increasing these revenue streams. Some of our U.S. and Canadian competitors have stated that they intend to make significant capital investments in digital advertising delivery, and the success of this delivery system could make it more difficult for us to compete for advertising revenue. In addition, in March 2005 we contributed our cinema screen advertising business to NCM. As such, although we retain board seats and an ownership interest in NCM, we do not control this business, and therefore do not control our revenues attributable to cinema screen advertising. We cannot assure you that we will be able to effectively generate additional ancillary revenue and our inability to do so could have an adverse effect on our business and results of operations.

***Although Holdings and AMCE already file certain periodic reports with the Securities and Exchange Commission, becoming a public company will increase our expenses and administrative burden, in particular to bring our company into compliance with certain provisions of the Sarbanes Oxley Act of 2002 to which we are not currently subject.***

As a public company, we will incur significant legal, accounting and other expenses that we did not incur as a private company. In addition, our administrative staff will be required to perform additional tasks. For example, in anticipation of becoming a public company, we will need to create or revise the roles and duties of our board committees, adopt additional internal controls and disclosure controls and procedures, retain a transfer agent and adopt an insider trading policy in compliance with our obligations under the securities laws.

In addition, changing laws, regulations and standards relating to corporate governance and public disclosure, including the Sarbanes-Oxley Act of 2002 and related regulations implemented by the Securities and Exchange Commission and the applicable national securities exchange, are creating uncertainty for public companies, increasing legal and financial compliance costs and making some activities more time consuming. We are currently evaluating and monitoring developments with respect to new and proposed rules and cannot predict or estimate the amount of the additional costs we may incur or the timing of such costs. These laws, regulations and standards are subject to varying interpretations, in many cases due to their lack of specificity, and, as a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. This could result in continuing uncertainty regarding compliance matters and higher costs necessitated by ongoing revisions to disclosure and governance practices. We intend to invest resources to comply with evolving laws, regulations and standards, and this investment may result in increased general and administrative expenses and a diversion of management's time and attention from revenue-generating activities to compliance activities. If our efforts to comply with new laws, regulations and standards differ from the activities intended by regulatory or governing bodies due to ambiguities related to practice, regulatory authorities may initiate legal proceedings against us and our business may be harmed. We also expect that being a public company and these new rules and regulations will make it

Table of Contents

more expensive for us to obtain director and officer liability insurance, and we may be required to accept reduced coverage or incur substantially higher costs to obtain coverage. These factors could also make it more difficult for us to attract and retain qualified members of our board of directors, particularly to serve on our audit committee, and qualified executive officers.

***We depend on key personnel for our current and future performance.***

Our current and future performance depends to a significant degree upon the retention of our senior management team and other key personnel. The loss or unavailability to us of any member of our senior management team or a key employee could have a material adverse effect on our business, financial condition and results of operations. We cannot assure you that we would be able to locate or employ qualified replacements for senior management or key employees on acceptable terms.

***We have had significant financial losses in recent years.***

Prior to fiscal 2007, AMCE had reported net losses in each of the prior nine fiscal years totaling approximately \$510.1 million. For fiscal 2007, we reported net earnings of \$116.9 million. For fiscal 2008 and 2009, we reported net losses of \$6.2 million and \$149.0 million, respectively. We reported net earnings of \$79.9 million in fiscal 2010. If we experience losses in the future, we may be unable to meet our payment obligations while attempting to expand our theatre circuit and withstand competitive pressures or adverse economic conditions.

***Our investment in and revenues from NCM may be negatively impacted by the competitive environment in which NCM operates.***

We have maintained an investment in NCM. NCM's in-theatre advertising operations compete with other cinema advertising companies and other advertising mediums including, most notably, television, newspaper, radio and the Internet. There can be no guarantee that in-theatre advertising will continue to attract major advertisers or that NCM's in-theatre advertising format will be favorably received by the theatre-going public. If NCM is unable to generate expected sales of advertising, it may not maintain the level of profitability we hope to achieve, its results of operations and cash flows may be adversely affected and our investment in and revenues and dividends from NCM may be adversely impacted.

***We may suffer future impairment losses and lease termination charges.***

The opening of large megaplexes by us and certain of our competitors has drawn audiences away from some of our older, multiplex theatres. In addition, demographic changes and competitive pressures have caused some of our theatres to become unprofitable. As a result, we may have to close certain theatres or recognize impairment losses related to the decrease in value of particular theatres. We review long-lived assets, including intangibles, for impairment as part of our annual budgeting process and whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. We recognized non-cash impairment losses in 1996 and in each fiscal year thereafter except for 2005. AMCE's impairment losses from continuing operations over this period aggregated to \$285.0 million. Beginning fiscal 1999 through April 1, 2010, we also incurred theatre and other closure expenses, including theatre lease termination charges aggregating approximately \$56.2 million. Deterioration in the performance of our theatres could require us to recognize additional impairment losses and close additional theatres, which could have an adverse effect on the results of our operations.

**Risks Related to This Offering**

***Future sales of our common stock could cause the market price for our common stock to decline.***

Upon consummation of this offering, there will be \_\_\_\_\_ shares of our common stock outstanding. All shares of common stock sold in this offering will be freely transferable without restriction or further registration under the Securities Act of 1933, as amended (the "Securities Act"). Of the remaining shares of common stock outstanding, \_\_\_\_\_ will be restricted securities within the meaning of Rule 144 under the Securities Act, but will be eligible for resale subject to applicable volume, manner of sale, holding period and other limitations of Rule 144. We cannot predict the effect, if any, that market sales of shares of our common stock or the availability of shares of our common stock for sale will have on the market price of our common stock prevailing from time to time. Sales of substantial amounts of shares of our common stock in the public market, or the perception that those sales will occur, could cause the market price of our common stock to decline. After giving effect to the Reclassification, the Sponsors will hold \_\_\_\_\_ shares of our common stock, all of which constitute "restricted securities" under the Securities Act. Provided the holders comply with the applicable volume limits and other conditions prescribed in Rule 144 under the Securities Act, all of these restricted securities are currently freely tradable. The Securities and Exchange Commission (the "SEC") adopted revisions to Rule 144 that, among other things, shorten the holding period applicable to restricted securities under certain circumstances from one year to six months.

Additionally, as of the consummation of this offering, approximately \_\_\_\_\_ shares of our common stock will be issuable upon exercise of stock options that vest and are exercisable at various dates through May 28, 2019, with an exercise price of \$ \_\_\_\_\_. Of such options, \_\_\_\_\_ will be immediately exercisable. As soon as practicable after the completion of this offering, we intend to file a registration statement on Form S-8 under the Securities Act covering shares of our common stock reserved for issuance under our equity incentive plan. Accordingly, shares of our common stock registered under such registration statement will be available for sale in the open market upon exercise by the holders, subject to vesting restrictions, Rule 144 limitations applicable to our affiliates and the contractual lock-up provisions described below.

We and certain of our stockholders, directors and officers have agreed to a "lock-up," pursuant to which neither we nor they will sell any shares without the prior consent of \_\_\_\_\_ for 180 days after the date of this prospectus, subject to certain exceptions and extension under certain circumstances. Following the expiration of the applicable lock-up period, all these shares of our common stock will be eligible for future sale, subject to the applicable volume, manner of sale, holding period and other limitations of Rule 144. In addition, the Sponsors have certain demand and "piggy-back" registration rights with respect to the common stock that they will retain following this offering. See "Shares Eligible for Future Sale" for a discussion of the shares of common stock that may be sold into the public market in the future, including common stock held by the Sponsors.

***Our stock price may be volatile and may decline substantially from the initial offering price.***

Immediately prior to this offering, there has been no public market for our common stock, and an active trading market for our common stock may not develop or continue upon completion of the offering. The initial public offering price will be determined by negotiations between us and the representatives of the underwriters and may not be indicative of the price at which our common stock will trade after the offering.

The stock market in general has experienced extreme price and volume fluctuations in recent years. These broad market fluctuations may adversely affect the market price of our common stock,

Table of Contents

regardless of our actual operating performance. You may be unable to resell your shares at or above the public offering price because of a number of factors, including:

actual or anticipated quarterly fluctuations in our operating results;

changes in expectations of future financial performance or changes in estimates of securities analysts;

changes in the market valuations of other companies;

announcements relating to actions of other media companies, strategic relationships, acquisitions or industry consolidation;

terrorist acts or wars; and

general economic, market and political conditions including those not related to our business.

***We may not generate sufficient cash flows or have sufficient restricted payment capacity under our senior secured credit facility or the indentures governing our debt securities to pay our intended dividends on the common stock.***

Following this offering, and subject to legally available funds, we intend to pay quarterly cash dividends, commencing from the closing date of this offering. We expect that our first dividend will be with respect to the quarter of fiscal 2011. We are a holding company and will have no direct operations. We will only be able to pay dividends from our available cash on hand and funds received from our subsidiaries. Our subsidiaries' ability to make distributions to us will depend on their ability to generate substantial operating cash flow. Our ability to pay dividends to our stockholders will be subject to the terms of our senior secured credit facility and the indentures governing the outstanding notes. Our operating cash flow and ability to comply with restricted payments covenants in our debt instruments will depend on our future performance, which will be subject to prevailing economic conditions and to financial, business and other factors beyond our control. In addition, dividend payments are not mandatory or guaranteed, and our board of directors may never declare a dividend, decrease the level of dividends or entirely discontinue the payment of dividends. Your decision whether to purchase shares of our common stock should allow for the possibility that no dividends will be paid. You may not receive any dividends as a result of the following additional factors, among others:

the agreements governing our indebtedness contain covenants that may limit our ability to take advantage of certain business opportunities advantageous to us that may arise;

we are not legally or contractually required to pay dividends;

while we currently intend to pay a regular quarterly dividend, this policy could be modified or revoked at any time;

even if we do not modify or revoke our dividend policy, the actual amount of dividends distributed and the decision to make any distribution is entirely at the discretion of our board of directors and future dividends with respect to shares of our capital stock, if any, will depend on, among other things, our results of operations, cash requirements, financial condition, business opportunities, provisions of applicable law and other factors that our board of directors may deem relevant;

the amount of dividends distributed is and will be subject to contractual restrictions under the restrictive payment covenants contained in:

the indentures governing our debt securities,

the terms of our senior secured credit facility, and

Table of Contents

the terms of any other outstanding indebtedness incurred by us or any of our subsidiaries after the completion of this offering;

the amount of dividends distributed is subject to state law restrictions; and

our stockholders have no contractual or other legal right to dividends.

The maximum amount we would be permitted to distribute in compliance with our senior secured credit facility and the indentures governing our debt securities on a pro forma basis was approximately \$309.8 million as of April 1, 2010. As a result of the foregoing limitations on our ability to make distributions, we cannot assure you that we will be able to make all of our intended quarterly dividend payments.

***We are controlled by the Sponsors, whose interests may not be aligned with our public stockholders.***

Even after giving effect to this offering, the Sponsors will beneficially own approximately % of our common stock and will have the power to control our affairs and policies including with respect to the election of directors (and through the election of directors the appointment of management), the entering into of mergers, sales of substantially all of our assets and other extraordinary transactions. We intend to avail ourselves of the "controlled company" exception under the applicable national securities exchange rules, which eliminates the requirement that we have a majority of independent directors on our board of directors and that we have compensation and nominating committees composed entirely of independent directors, but retains the requirement that we have an audit committee composed entirely of independent members. The governance agreements will provide that, initially, the Sponsors will collectively have the right to designate eight directors and that each will vote for the others' nominees. Additionally, our governance documents provide that directors shall be elected by a plurality of votes and do not provide for cumulative voting rights. The right to designate directors will reduce as the Sponsors' ownership percentage reduces, such that the Sponsors will not have the ability to nominate a majority of the board of directors once their collective ownership (together with the share ownership held by the JPMP and Apollo co-investors) becomes less than 50.1%. However, because our board of directors will be divided into three staggered classes, the Sponsors may be able to influence or control our affairs and policies even after they cease to own 50.1% of our outstanding common stock during the period in which the Sponsors' nominees finish their terms as members of our board but in any event no longer than would be permitted under applicable law and national securities exchange listing requirements. The directors elected by the Sponsors will have the authority, subject to the terms of our debt, to issue additional stock, implement stock repurchase programs, declare dividends, pay advisory fees and make other decisions, and they may have an interest in our doing so.

The interests of the Sponsors could conflict with our public stockholders' interests in material respects. For example, the Sponsors could cause us to make acquisitions that increase the amount of our indebtedness or sell revenue-generating assets. Furthermore, the Sponsors are in the business of making investments in companies and may from time to time acquire and hold interests in businesses that compete directly or indirectly with us. The Sponsors may also pursue acquisition opportunities that may be complementary to our business, and as a result, those acquisition opportunities may not be available to us. In addition, our governance documents do not contain any provisions applicable to deadlocks among the members of our board, and as a result we may be precluded from taking advantage of opportunities due to disagreements among the Sponsors and their respective board designees. So long as the Sponsors continue to own a significant amount of the outstanding shares of our common stock, they will continue to be able to strongly influence or effectively control our decisions. See "Certain Relationships and Related Party Transactions Governance Agreements."

Table of Contents

***Our amended and restated certificate of incorporation and our amended and restated bylaws, as amended, contain anti-takeover protections, which may discourage or prevent a takeover of our company, even if an acquisition would be beneficial to our stockholders.***

Provisions contained in our amended and restated certificate of incorporation and amended and restated bylaws, as amended, as well as provisions of the Delaware General Corporation Law, could delay or make it more difficult to remove incumbent directors or for a third party to acquire us, even if a takeover would benefit our stockholders. These provisions include:

a classified board of directors;

the sole power of a majority of the board of directors to fix the number of directors;

limitations on the removal of directors;

the sole power of the board of directors or the Sponsors, in the case of a vacancy of a Sponsor board designee, to fill any vacancy on the board of directors, whether such vacancy occurs as a result of an increase in the number of directors or otherwise;

the ability of our board of directors to designate one or more series of preferred stock and issue shares of preferred stock without stockholder approval;

the inability of stockholders to act by written consent if less than 50.1% of our outstanding common stock is owned by the Sponsors; and

the inability of stockholders to call special meetings.

Our issuance of shares of preferred stock could delay or prevent a change of control of our company. Our board of directors has the authority to cause us to issue, without any further vote or action by the stockholders, up to \_\_\_\_\_ shares of preferred stock, par value \$0.01 per share, in one or more series, to designate the number of shares constituting any series, and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, voting rights, rights and terms of redemption, redemption price or prices and liquidation preferences of such series. The issuance of shares of preferred stock may have the effect of delaying, deferring or preventing a change in control of our company without further action by the stockholders, even where stockholders are offered a premium for their shares.

Our incorporation under Delaware law, the ability of our board of directors to create and issue a new series of preferred stock or a stockholder rights plan and certain other provisions of our amended and restated certificate of incorporation and amended and restated bylaws could impede a merger, takeover or other business combination involving Parent or the replacement of our management or discourage a potential investor from making a tender offer for our common stock, which, under certain circumstances, could reduce the market value of our common stock. See "Description of Capital Stock."

***Our issuance of preferred stock could dilute the voting power of the common stockholders.***

The issuance of shares of preferred stock with voting rights may adversely affect the voting power of the holders of our other classes of voting stock either by diluting the voting power of our other classes of voting stock if they vote together as a single class, or by giving the holders of any such preferred stock the right to block an action on which they have a separate class vote even if the action were approved by the holders of our other classes of voting stock.

***Our issuance of preferred stock could adversely affect the market value of our common stock.***

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1

The issuance of shares of preferred stock with dividend or conversion rights, liquidation preferences or other economic terms favorable to the holders of preferred stock could adversely affect

Table of Contents

the market price for our common stock by making an investment in the common stock less attractive. For example, investors in the common stock may not wish to purchase common stock at a price above the conversion price of a series of convertible preferred stock because the holders of the preferred stock would effectively be entitled to purchase common stock at the lower conversion price causing economic dilution to the holders of common stock.

***J.P. Morgan Securities Inc. may have a conflict of interest with respect to this offering.***

Prior to the completion of this offering, JPMP, an affiliate of J.P. Morgan Securities Inc. ("J.P. Morgan"), owned more than 10% of our outstanding common stock and therefore J.P. Morgan is presumed to have a "conflict of interest" with us under FINRA Rule 2720. Accordingly, J.P. Morgan's interest may go beyond receiving customary underwriting discounts and commissions. In particular, there may be a conflict of interest between J.P. Morgan's own interests as underwriter (including in negotiating the initial public offering price) and the interests of its affiliate JPMP (as a principal stockholder). Because of the conflict of interest under FINRA Rule 2720, this offering is being conducted in accordance with the applicable provisions of that rule. FINRA Rule 2720 requires that the "qualified independent underwriter" (as such term is defined by FINRA Rule 2720) participates in the preparation of the registration statement and prospectus and conducts due diligence. Accordingly, Goldman, Sachs & Co. ("Goldman Sachs") is assuming the responsibilities of acting as the qualified independent underwriter in this offering. Although the qualified independent underwriter has participated in the preparation of the registration statement and prospectus and conducted due diligence, we cannot assure you that this will adequately address any potential conflicts of interest related to J.P. Morgan and JPMP. We have agreed to indemnify Goldman Sachs for acting as qualified independent underwriter against certain liabilities, including liabilities under the Securities Act of 1933, or the Securities Act, and to contribute to payments that Goldman Sachs may be required to make for these liabilities.

**SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

In addition to historical information, this prospectus contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The words "forecast," "estimate," "project," "intend," "expect," "should," "believe" and similar expressions are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties, assumptions and other factors, including those discussed in "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations," which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to, the following:

national, regional and local economic conditions that may affect the markets in which we or our joint venture investees operate;

the levels of expenditures on entertainment in general and movie theatres in particular;

increased competition within movie exhibition or other competitive entertainment mediums;

technological changes and innovations, including alternative methods for delivering movies to consumers;

the popularity of major motion picture releases;

shifts in population and other demographics;

our ability to renew expiring contracts at favorable rates, or to replace them with new contracts that are comparably favorable to us;

our ability to integrate the Kerasotes theatres and achieve anticipated synergies with minimal disruption to our business;

our need for, and ability to obtain, additional funding for acquisitions and operations;

risks and uncertainties relating to our significant indebtedness;

fluctuations in operating costs;

capital expenditure requirements;

changes in interest rates; and

changes in accounting principles, policies or guidelines.

## Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative but not exhaustive. In addition, new risks and uncertainties may arise from time to time. Accordingly, all forward-looking statements should be evaluated with an understanding of their inherent uncertainty.

Except as required by law, we assume no obligation to publicly update or revise these forward-looking statements for any reason, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future.

**USE OF PROCEEDS**

We estimate that our net proceeds from this offering without exercise of the option to purchase additional shares will be approximately \$        million after deducting the estimated underwriting discounts and commissions and expenses, assuming the shares are offered at \$        per share, which represents the midpoint of the range set forth on the front cover of this prospectus. If the underwriters exercise their option to purchase additional shares in full, the net proceeds to us will be approximately \$        million.

We intend to use these net proceeds, together with cash on hand, to: first, repay all \$198.3 million of the loans outstanding under the Parent's term loan facility plus accrued and unpaid interest; second, to retire all \$240.8 million of our outstanding 12% senior discount notes due 2014; and third, to pay a \$29.2 million lump sum payment to the Sponsors pursuant to the Fee Agreement with our Sponsors. Affiliates of certain of the underwriters are holders of our outstanding 12% senior discount notes due 2014 and will receive a portion of our net proceeds from this offering. See "Risk Factors Risks Related to this Offering."

Borrowings under the Parent's term loan facility mature on June 13, 2012. The weighted average interest rate on such borrowings was 5.26% per annum as of April 1, 2010. The Parent's term loan facility was entered into to finance a dividend by the Parent to its stockholders. Our outstanding 12% senior discount notes mature on August 15, 2014. The notes were issued to finance the merger with Marquee Inc.

**DIVIDEND POLICY**

Following this offering and subject to legally available funds, we intend to pay a quarterly cash dividend at an annual rate initially equal to \$ \_\_\_\_\_ per share (or a quarterly rate initially equal to \$ \_\_\_\_\_ per share) of common stock, commencing from the closing date of this offering. We expect that our first dividend will be with respect to the \_\_\_\_\_ quarter of 2011. Based on the approximately \_\_\_\_\_ million shares of common stock to be outstanding after the offering, this dividend policy implies a quarterly cash requirement of approximately \$ \_\_\_\_\_ million. We cannot assure you that any dividends will be paid in the anticipated amounts and frequency set forth in this prospectus, if at all.

We are a holding company and have no direct operations. We will only be able to pay dividends from our available cash on hand and funds received from AMCE. AMCE's ability to make any payments to us will depend upon many factors, including its operating results, cash flows and the terms of our senior secured credit facility and the indentures governing AMCE's debt securities. In addition, our ability to pay dividends to our stockholders will be subject to the terms of our indebtedness. Although we have sustained net losses in prior periods and cannot assure you that we will be able to pay dividends on a quarterly basis or at all, we believe that a number of recent positive developments in our business have improved our ability to pay dividends in compliance with applicable state corporate law once this offering has been completed. These include: the completion of the Kerasotes Acquisition, which increased the scale and cash flow of our company and generated, and we expect will continue to generate, synergies and cost savings; the continued positive impact of our implementation of premium formats and enhanced food and beverage offerings; the use of proceeds from this offering, together with cash on hand, to retire all \$198.3 million of the Parent's term loan facility and \$240.8 million of our outstanding 12% senior discount notes due 2014, which we estimate will reduce our annual cash interest expense by approximately \$28.9 million for the fiscal year ended April 1, 2011; and the discontinuation of \$5.0 million per year management fees paid to our Sponsors as a result of this offering. Further, we expect to continue to benefit from substantial net operating loss carry-forwards from prior periods that will be available to offset taxes that we may owe. Also, because the Delaware General Corporation Law, or the DGCL, permits corporations to pay dividends either out of surplus (generally, the excess of a corporation's net assets (total assets minus total liabilities) over its stated capital, in each case as defined and calculated in the manner prescribed by the DGCL) or net profits, we may be able to pay dividends even if we report net losses in future periods. We do not intend to borrow funds to pay the projected quarterly dividend described above.

The maximum amount we would be permitted to distribute in compliance with our senior secured credit facility and the indentures governing our debt securities, on a pro forma basis, was approximately \$309.8 million as of April 1, 2010.

The declaration and payment of any future dividends will be at the sole discretion of our board of directors after taking into account various factors, including legal requirements, AMCE's ability to make payments to us, our financial condition, operating results, free cash flow, available cash and current and anticipated cash needs.

On June 15, 2007, we paid a cash dividend of \$652.8 million to our stockholders on the outstanding shares of our common stock.

The aggregate revolving loan commitment under our senior secured credit facility is \$200.0 million. As of April 1, 2010, this availability was reduced by approximately \$12.8 million of standby letters of credit that were outstanding on April 1, 2010. Covenants under our existing senior indebtedness also limit our ability to borrow on the commitments under our \$200.0 million revolving loan facility.

**DILUTION**

Dilution is the amount by which the offering price paid by the purchasers of the common stock to be sold in the offering exceeds the net tangible book value per share of common stock after the offering. Net tangible book value per share is determined at any date by subtracting our total liabilities from the total book value of our tangible assets and dividing the difference by the number of shares of common stock deemed to be outstanding at that date.

Our net tangible book value as of \_\_\_\_\_, 2010 was \$ \_\_\_\_\_ million, or \$ \_\_\_\_\_ per share. After giving effect to the receipt and our intended use of approximately \$ \_\_\_\_\_ million of estimated net proceeds from our sale of \_\_\_\_\_ shares of common stock in the offering at an assumed offering price of \$ \_\_\_\_\_ per share (the midpoint of the range set forth on the cover page of this prospectus), our as adjusted net tangible book value as of \_\_\_\_\_, 2010 would have been approximately \$ \_\_\_\_\_ million, or \$ \_\_\_\_\_ per share. This represents an immediate increase in pro forma net tangible book value of \$ \_\_\_\_\_ per share to existing stockholders and an immediate dilution of \$ \_\_\_\_\_ per share to new investors purchasing shares of common stock in the offering. The following table illustrates this substantial and immediate per share dilution to new investors:

	<b>Per Share</b>
Assumed initial public offering price per share	\$ _____
Net tangible book value before the offering	
Increase per share attributable to investors in the offering	

Pro forma net tangible book value after the offering

Dilution per share to new investors	\$ _____
-------------------------------------	----------

A \$1.00 increase (decrease) in the assumed initial public offering price of \$ \_\_\_\_\_ per share would increase (decrease) our pro forma net tangible book value by \$ \_\_\_\_\_, the as adjusted net tangible book value per share after this offering by \$ \_\_\_\_\_ per share and the dilution per share to new investors in this offering by \$ \_\_\_\_\_, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same and after deducting the estimated underwriting discounts and commissions and estimated expenses payable by us.

The following table summarizes on an as adjusted basis as of \_\_\_\_\_, 2010, giving effect to:

on an actual basis;

the total number of shares of common stock purchased from us;

the total consideration paid to us, assuming an initial public offering price of \$ \_\_\_\_\_ per share (before deducting the estimated underwriting discount and commissions and offering expenses payable by us in connection with this offering); and

the average price per share paid by existing stockholders and by new investors purchasing shares in this offering:

	Shares Purchased		Total Consideration		Average Price Per Share
	Number	Percent	Amount	Percent

consideration paid by existing stockholders, total consideration paid by new investors and the average price per share by \$ , \$ and \$ , respectively, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, and without deducting underwriting discounts and commissions and estimated expenses payable by us.

The tables and calculations above assume no exercise of:

shares of common stock issuable upon exercise of outstanding stock options with a weighted average exercise price of approximately \$ per share on , 2010; and

shares of common stock issuable in this offering to the underwriters pursuant to an option to purchase additional shares.

To the extent any of these options are exercised, there will be further dilution to new investors.

**UNAUDITED PRO FORMA CONDENSED FINANCIAL INFORMATION**

We derived the following unaudited pro forma condensed financial information by applying pro forma adjustments attributable to the Kerasotes Acquisition, this offering and the Transactions to our historical consolidated financial statements and the Kerasotes financial statements included in this prospectus. The unaudited pro forma balance sheet gives pro forma effect to the Transactions as if they had occurred on April 1, 2010. The unaudited pro forma condensed statement of operations data for the 52 weeks ended April 1, 2010 gives effect to the Transactions as if they had occurred on April 3, 2009. We describe the assumptions underlying the pro forma adjustments in the accompanying notes, which should be read in conjunction with the unaudited pro forma condensed financial information.

We estimate that our net proceeds from this offering without exercise of the option to purchase additional shares will be approximately \$      million after deducting the estimated underwriting discounts and commissions and expenses, assuming the shares are offered at \$      per share, which represents the midpoint of the range set forth on the front cover of this prospectus. If the underwriters exercise their option to purchase additional shares in full, the net proceeds to us will be approximately \$      million. We intend to use these net proceeds, together with cash on hand, to: first, repay all \$198.3 million of the loans outstanding under the Parent's term loan facility plus accrued and unpaid interest; second, to retire all \$240.8 million of our outstanding 12% senior discount notes due 2014 plus accrued and unpaid interest; and third, to pay a \$29.2 million lump sum payment to the Sponsors pursuant to the Fee Agreement with our Sponsors.

The unaudited pro forma condensed financial information is for illustrative and informational purposes only and should not be considered indicative of the results that would have been achieved had the transactions been consummated on the dates or for the periods indicated and do not purport to represent consolidated balance sheet data or statement of operations data or other financial data as of any future date or any future period.

The unaudited pro forma condensed financial information should be read in conjunction with the information contained in "Selected Historical Financial and Operating Data," "Management's Discussion and Analysis of Financial Condition and Results of Operations," our consolidated financial statements and accompanying notes appearing elsewhere in this prospectus and the Kerasotes financial statements.

The acquisition of Kerasotes is being treated as a purchase with Parent as the accounting acquirer in accordance with ASC Topic 805 Business Combinations. The following is a summary of the preliminary allocation of the purchase price to the estimated fair values of assets and liabilities acquired from Kerasotes. Our allocations of purchase price were based on management's judgment

Our preliminary allocation of purchase price consisted primarily of:

- (a) a write down of Current assets to eliminate amounts due from Kerasotes of \$26.7 million;
- (b) a write up of Property, net of \$93.5 million to reflect the estimated fair value of furniture, fixtures and equipment, leasehold improvements and real estate;
- (c) a write up of Intangible assets, net of \$21.6 million comprised principally of reversal of favorable leases of \$26 million previously recognized by Kerasotes, offset by write ups for the Showplace tradename of \$5.0 million, write ups for noncompete agreements with Kerasotes management of \$7.3 million and write ups for the estimated fair value of favorable leases of \$35.3 million;
- (d) a write down of Current liabilities of \$8.9 million, primarily comprised of write downs of the current portion of pre-acquisition intercompany balances of \$0.9 million and estimated dormancy of deferred revenues of \$0.7 million and the write down of the current portion of deferred gain of \$7.3 million;
- (e) a reversal of the deferred rent component of developer reimbursements for two theatres for \$4.2 million; and
- (f) a write down of Other long-term liabilities of \$87.7 million, comprised of a write off of pre-acquisition intercompany balances of \$19.9 million, write downs of the Kerasotes deferred gain from sale-leaseback transactions of \$111.2 million and the write down of Kerasotes deferred rent and other liabilities of \$7.4 million offset by write ups of \$50.9 million to reflect the estimated fair value of unfavorable leases acquired from Kerasotes.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following discussion and analysis concerns our historical financial condition and results of operations for the periods indicated. This discussion contains forward-looking statements. Please see "Forward-Looking Statements" for a discussion of the risks, uncertainties and assumptions relating to these statements.

**Overview**

We are one of the world's leading theatrical exhibition companies. As of April 1, 2010, we owned, operated or had interests in 297 theatres and 4,513 screens with 99%, or 4,458, of our screens in the U.S. and Canada, and 1%, or 55 of our screens in China (Hong Kong), France and the United Kingdom.

During the fifty-two weeks ended April 1, 2010, we closed 11 theatres with 105 screens in the United States and opened one new managed theatre with six screens in the United States pursuant to a joint venture arrangement resulting in a circuit total of 297 theatres and 4,513 screens.

Our Theatrical Exhibition revenues are generated primarily from box office admissions and theatre concession sales. The balance of our revenues are generated from ancillary sources, including on-screen advertising, rental of theatre auditoriums, fees and other revenues generated from the sale of gift cards and packaged tickets, on-line ticket fees and arcade games located in theatre lobbies.

Box office admissions are our largest source of revenue. We predominantly license "first-run" motion pictures from distributors owned by major film production companies and from independent distributors. We license films on a film-by-film and theatre-by-theatre basis. Film exhibition costs are accrued based on the applicable admissions revenues and estimates of the final settlement pursuant to our film licenses. Licenses that we enter into typically state that rental fees are based on either aggregate terms established prior to the opening of the picture or on a mutually agreed settlement upon the conclusion of the picture run. Under an aggregate terms formula, we pay the distributor a specified percentage of box office receipts or pay based on a scale of percentages tied to different amounts of box office gross. The settlement process allows for negotiation based upon how a film actually performs.

Concessions sales are our second largest source of revenue after box office admissions. Concessions items include popcorn, soft drinks, candy, hot dogs and other products. We negotiate prices for our concessions products and supplies directly with concessions vendors on a national or regional basis to obtain high volume discounts or bulk rates and marketing incentives.

Our revenues are dependent upon the timing and popularity of motion picture releases by distributors. The most marketable motion pictures are usually released during the summer and the year-end holiday seasons. Therefore, our business is highly seasonal, with higher attendance and revenues generally occurring during the summer months and holiday seasons. Our results of operations will vary significantly from quarter to quarter.

During fiscal 2010, based on revenues, films licensed from our six largest distributors accounted for approximately 84% of our U.S. and Canada admissions revenues. Our revenues attributable to individual distributors may vary significantly from year to year depending upon the commercial success of each distributor's motion pictures in any given year.

During the period from 1990 to 2009, the annual number of first-run motion pictures released by distributors in the United States ranged from a low of 370 in 1995 to a high of 633 in 2008, according to the Motion Picture Association of America 2009 MPAA Theatrical Market Statistics. The number of

Table of Contents

digital 3D films released increased to a high of 20 in 2009 from a low of 0 during this same time period.

We continually upgrade the quality of our theatre circuit by adding new screens through new builds (including expansions) and acquisitions and by disposing of older screens through closures and sales. We are an industry leader in the development and operation of megaplex theatres, typically defined as a theatre having 14 or more screens and offering amenities to enhance the movie-going experience, such as stadium seating providing unobstructed viewing, digital sound and enhanced seat design. We have increased our 3D screens by 331 to 475 screens and our IMAX screens by 40 to 81 screens during the fifty-two weeks ended April 1, 2010; and as of April 1, 2010, approximately 10.5% of our screens were 3D screens and 1.8% were IMAX screens.

**Significant Events**

On March 10, 2010, Digital Cinema Implementation Partners, LLC ("DCIP") completed its financing transactions for the deployment of digital projection systems to nearly 14,000 movie theatre screens across North America, including screens operated or managed by the Company, Regal Entertainment Group ("Regal") and Cinemark Holdings, Inc ("Cinemark"). At closing, we contributed 342 projection systems that we owned to DCIP, which we recorded at estimated fair value as part of an additional investment in DCIP of \$21.8 million. We also made cash investments in DCIP of \$840,000 at closing and DCIP made a distribution of excess cash to us after the closing date and prior to year-end of \$1.3 million. We recorded a loss on contribution of the 342 projection systems of \$563,000, based on the difference between estimated fair value and our carrying value on the date of contribution. On March 26, 2010, we acquired 117 digital projectors from third party lessors for \$6.8 million and sold them together with seven digital projectors that we owned to DCIP for \$6.6 million. We recorded a loss on the sale of these 124 systems to DCIP of \$697,000. As of April 1, 2010, we operated 568 digital projection systems leased from DCIP pursuant to operating leases and anticipate that we will have deployed 4,000 of these systems in our existing theatres over the next three to four years. The additional digital projection systems will allow us to add additional 3D screens to our circuit where we are generally able to charge a higher admission price than 2D. The digital projection systems leased from DCIP and its affiliates will replace most of our existing 35 millimeter projection systems in our U.S. theatres. We are examining the estimated depreciable lives for our existing equipment that will be replaced and expect to accelerate the depreciation of these existing 35 millimeter projection systems, based on the estimated digital projection system deployment timeframe.

On December 9, 2009, we entered into a definitive agreement with Kerasotes pursuant to which we acquired substantially all of the assets of Kerasotes. Kerasotes operated 95 theatres and 972 screens in mid-sized, suburban and metropolitan markets, primarily in the Midwest. More than three quarters of the Kerasotes theatres feature stadium seating and almost 90 percent have been built since 1994. On May 24, 2010, we completed the acquisition. The purchase price for the Kerasotes theatres paid in cash at closing was \$275 million and is subject to working capital and other purchase price adjustments as described in the Unit Purchase Agreement.

On June 9, 2009, we completed the offering of \$600 million aggregate principal amount of our 8.75% Senior Notes due 2019 (the "Notes due 2019"). Concurrently with the notes offering, we launched a cash tender offer and consent solicitation for any and all of our then outstanding \$250 million aggregate principal amount of 8<sup>5</sup>/<sub>8</sub>% Senior Notes due 2012 (the "Fixed Notes due 2012") at a purchase price of \$1,000 plus a \$30 consent fee for each \$1,000 of principal amount of currently outstanding Fixed Notes due 2012 validly tendered and accepted by us on or before the early tender date (the "Cash Tender Offer"). We used the net proceeds from the issuance of the Notes due 2019 to pay the consideration for the Cash Tender Offer plus accrued and unpaid interest on \$238.1 million principal amount of the Fixed Notes due 2012. We recorded a loss on extinguishment related to the Cash Tender Offer of \$10.8 million in other expense during the fifty-two weeks ended April 1, 2010,

Table of Contents

which included previously capitalized deferred financing fees of \$3.3 million consent fee paid to holders of \$7.1 million and other expenses of \$372,000. On August 15, 2009, we redeemed the remaining \$11.9 million of Fixed Notes due 2012 at a price of \$1,021.56 per \$1,000 principal in accordance with the terms of the indenture. We recorded a loss of \$450,000 in Other expense related to the extinguishment of the remaining Fixed Notes due 2012 during the fifty-two weeks ended April 1, 2010, which included previously capitalized deferred financing fees of \$157,000, a consent fee paid to the holders of \$257,000 and other expenses of \$36,000.

We acquired Grupo Cinemex, S.A. de C.V. ("Cinemex") in January 2006 as part of a larger acquisition of Loews Cineplex Entertainment Corporation. We do not operate any other theatres in Mexico and have divested of the majority of our other investments in international theatres in Japan, Hong Kong, Spain, Portugal, Argentina, Brazil, Chile, and Uruguay over the past several years as part of our overall business strategy.

On December 29, 2008, we sold all of our interests in Cinemex, which then operated 44 theatres with 493 screens primarily in the Mexico City Metropolitan Area, to Entretenimiento GM de Mexico S.A. de C.V. ("Entretenimiento"). The purchase price received at the date of the sale and in accordance with the Stock Purchase Agreement was \$248.1 million. During the year ended April 1, 2010, we received payments of \$4.3 million for purchase price adjustments in respect of tax payments and refunds, and a working capital calculation and post closing adjustments. Additionally, we estimate that we are contractually entitled to receive an additional \$8.8 million in purchase price adjustments in respect of tax payments and refunds. While we believe we are entitled to these amounts from Cinemex, the collection thereof will require litigation, which was initiated by us on April 30, 2010. Resolution could take place over a prolonged period. As a result of the litigation, we have established an allowance for doubtful accounts related to this receivable in the amount of \$7.5 million and further directly charged off \$1.4 million of certain amounts as uncollectible with an offsetting charge of \$8.9 million recorded to loss on disposal included as a component of discontinued operations.

The operations and cash flows of the Cinemex theatres have been eliminated from our ongoing operations as a result of the disposal transaction. We do not have any significant continuing involvement in the operations of the Cinemex theatres. The results of operations of the Cinemex theatres have been classified as discontinued operations for all periods presented.

In May 2007, we disposed of our investment in Fandango, accounted for using the cost method, for total proceeds of \$20.4 million, of which \$18 million was received in May and September 2007 and \$2.4 million was received in November 2008, and have recorded a gain on the sale, included in investment income, of approximately \$16 million during fiscal 2008 and \$2.4 million during fiscal 2009. In July 2007, we disposed of our investment in Hoyts General Cinemas South America ("HGCSA"), an entity that operated 17 theatres in South America, for total proceeds of approximately \$28.7 million and recorded a gain on the sale, included in equity earnings of non-consolidated entities, of approximately \$18.8 million.

**Critical Accounting Estimates**

The accounting estimates identified below are critical to our business operations and the understanding of our results of operations. The impact of, and any associated risks related to, these estimates on our business operations are discussed throughout this Management's Discussion and Analysis of Financial Condition and Results of Operations where such estimates affect our reported and expected financial results. For a detailed discussion on the application of these estimates and other accounting policies, see the notes to our consolidated financial statements included elsewhere in this prospectus. The methods and judgments we use in applying our accounting estimates have a significant impact on the results we report in our financial statements. Some of our accounting estimates require us to make difficult and subjective judgments, often as a result of the need to make estimates of

Table of Contents

matters that are inherently uncertain. Our most critical accounting estimates include the assessment of recoverability of long-lived assets, including intangibles, which impacts impairment of long-lived assets when we impair assets or accelerate their depreciation; recoverability of goodwill, which creates the potential for write-offs of goodwill; recognition and measurement of current and deferred income tax assets and liabilities, which impacts our tax provision; recognition and measurement of net periodic benefit costs for our pension and other defined benefit programs, which impacts general and administrative expense; and estimation of film settlement terms and measurement of film rental fees which impacts film exhibition costs.

*Impairments.* We review long-lived assets, including definite-lived intangibles, investments in non-consolidated subsidiaries accounted for under the equity method, marketable equity securities and internal use software for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. We identify impairments related to internal use software when management determines that the remaining carrying value of the software will not be realized through future use. We review internal management reports on a quarterly basis as well as monitor current and potential future competition in the markets where we operate for indicators of triggering events or circumstances that indicate impairment of individual theatre assets. We evaluate theatres using historical and projected data of theatre level cash flow as our primary indicator of potential impairment and consider the seasonality of our business when making these evaluations. We perform an annual impairment analysis during the fourth quarter because Christmas and New Year's holiday results comprise a significant portion of our operating cash flow and the actual results from this period, which are available during the fourth quarter of each fiscal year, are an integral part of our impairment analysis. Under these analyses, if the sum of the estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount of the asset, an impairment loss is recognized in the amount by which the carrying value of the asset exceeds its estimated fair value. Assets are evaluated for impairment on an individual theatre basis, which we believe is the lowest level for which there are identifiable cash flows. The impairment evaluation is based on the estimated cash flows from continuing use until the expected disposal date or the fair value of furniture, fixtures and equipment. The expected disposal date does not exceed the remaining lease period unless it is probable the lease period will be extended and may be less than the remaining lease period when we do not expect to operate the theatre to the end of its lease term. The fair value of assets is determined as either the expected selling price less selling costs (where appropriate) or the present value of the estimated future cash flows. The fair value of furniture, fixtures and equipment has been determined using similar asset sales and in some instances the assistance of third party valuation studies. The discount rate used in determining the present value of the estimated future cash flows was based on management's expected return on assets during fiscal 2010, 2009, and 2008. There is considerable management judgment necessary to determine the future cash flows, fair value and the expected operating period of a theatre, and, accordingly, actual results could vary significantly from such management estimates, which fall under Level 3 within the fair value measurement hierarchy. See note 14 to the audited consolidated financial statements included elsewhere in this prospectus. We have recorded impairments of long-lived assets of \$3.8 million, \$73.5 million, and \$8.9 million during fiscal 2010, 2009, and 2008, respectively.

*Goodwill.* Our recorded goodwill was \$1.8 billion as of April 1, 2010 and April 2, 2009, and unamortized trademark intangible assets were \$74 million as of April 1, 2010 and April 2, 2009. We evaluate goodwill and our trademark for impairment annually as of the beginning of the fourth fiscal quarter or more frequently as specific events or circumstances dictate. Our goodwill is recorded in our Theatrical Exhibition operating segment, which is also the reporting unit for purposes of evaluating recorded goodwill for impairment. If the carrying value of the reporting unit exceeds its fair value, we are required to reallocate the fair value of the reporting unit as if the reporting unit had been acquired in a business combination and the fair value of the reporting unit was the price paid to acquire the reporting unit. We determine fair value by using an enterprise valuation methodology determined by

Table of Contents

applying multiples to cash flow estimates less net indebtedness, which we believe is an appropriate method to determine fair value. There is considerable management judgment with respect to cash flow estimates and appropriate multiples and discount rates to be used in determining fair value and such management estimates fall under Level 3 within the fair value measurement hierarchy.

We performed our annual impairment analysis during the fourth quarter of fiscal 2010. The fair value of our Theatrical Exhibition operations exceeds the carrying value by more than 10% and management does not believe that impairment is probable.

*Income taxes.* In determining income for financial statement purposes, we must make certain estimates and judgments. These estimates and judgments occur in the calculation of certain tax liabilities and in the determination of the recoverability of certain of the deferred tax assets, which arise from temporary differences between the tax and financial statement recognition of revenue and expense as well as operating loss and tax credit carryforwards. We must assess the likelihood that we will be able to recover our deferred tax assets in each domestic and foreign tax jurisdiction in which we operate. If recovery is not more likely than not, we must record a valuation allowance for the deferred tax assets that we estimate are more likely than not unrealizable. As of April 1, 2010, we had recorded approximately \$72 million of net deferred tax assets (net of valuation allowances of approximately \$305.9 million related to the estimated future tax benefits and liabilities of temporary differences between the tax bases of assets and liabilities and amounts reported in the accompanying consolidated balance sheets, as well as operating loss and tax credit carryforwards). Our income tax benefit in fiscal year 2010 includes the release of \$55.2 million of valuation allowance for deferred tax assets. The recoverability of these deferred income tax assets is dependent upon our ability to generate future taxable income in the relevant taxing jurisdictions. Projections of future taxable income require considerable management judgment about future attendance levels, revenues and expenses.

*Pension and Postretirement Assumptions.* Pension and postretirement benefit obligations and the related effects on operations are calculated using actuarial models. Two critical assumptions, discount rate and expected return on assets, are important elements of plan expense and/or liability measurement. We evaluate these critical assumptions at least annually. In addition, medical trend rates are an important assumption in projecting the medical claim levels for our postretirement benefit plan. Other assumptions affecting our pension and postretirement obligations involve demographic factors such as retirement, expected increases in compensation, mortality and turnover. These assumptions are evaluated periodically and are updated to reflect our experience. Actual results in any given year will often differ from actuarial assumptions because of economic and other factors.

The discount rate enables us to state expected future cash flows at a present value on the measurement date. A lower discount rate increases the present value of benefit obligations and increases pension and postretirement expense. For our principal pension plans, a 50 basis point decrease in the discount rate would increase pension expense by approximately \$660,000. For our postretirement plans, a 50 basis point decrease in the discount rate would increase postretirement expense by approximately \$33,000. For fiscal 2010, we decreased our discount rate from 7.43% to 6.16% for our pension plans and from 7.42% to 5.97% for our postretirement benefit plan.

To determine the expected long-term rate of return on pension plan assets, we consider the current and expected asset allocations, as well as historical and expected returns on various categories of plan assets obtained from our investment portfolio manager. A 50 basis point decrease in the expected return on assets of our qualified defined benefit pension plan would increase pension expense on our principal plans by approximately \$269,000 per year.

The annual rate of increase in the per capita cost of covered health care benefits assumed for 2010 was 8.0% for medical and 4.0% for dental and vision. The rates were assumed to decrease gradually to 5.0% for medical in 2017 and remain at 4.0% for dental. In fiscal 2009 the rates for medical were assumed to decrease gradually to 5.0% for medical in 2012. The health care cost trend rate assumption

Table of Contents

has a significant effect on the amounts reported. Increasing the assumed health care cost trend rates by one percentage point in each year would increase the accumulated postretirement benefit obligation as of April 1, 2010 by \$2.2 million and the aggregate of the service and interest cost components of postretirement expense for fiscal 2010 by \$147,000. Decreasing the assumed health care cost trend rates by one percentage point in each year would decrease the accumulated postretirement obligation for fiscal 2010 by \$1.9 million and the aggregate service and interest cost components of postretirement expense for fiscal 2010 by \$125,000. Note 11 to the audited consolidated financial statements included elsewhere in this prospectus includes disclosures of our pension plan and postretirement plan assumptions and information about our pension plan assets.

*Film Exhibition Costs.* We predominantly license "first-run" motion pictures on a film-by-film and theatre-by-theatre basis from distributors owned by major film production companies and from independent distributors. We obtain these licenses based on several factors, including number of seats and screens available for a particular picture, revenue potential and the location and condition of our theatres. We pay rental fees on a negotiated basis.

Licenses that we enter into typically state that rental fees are based on either aggregate terms established prior to the opening of the picture or on a mutually agreed settlement upon the conclusion of the picture run. Under an aggregate terms formula, we pay the distributor a specified percentage of box office receipts or pay based on a scale of percentages tied to different amounts of box office gross. The settlement process allows for negotiation based upon how a film actually performs.

We accrue film exhibition costs based on the applicable box office receipts and estimates of the final settlement pursuant to the film licenses entered into with our distributors. Generally, less than one third of our quarterly film exhibition cost is estimated at period-end. The length of time until these costs are known with certainty depends on the ultimate duration of the film play, but is typically "settled" within two to three months of a particular film's opening release. Upon settlement with our film distributors, film cost expense and the related film cost payable are adjusted to the final film settlement. Such adjustments have been historically insignificant. However, actual film costs and film costs payable could differ materially from those estimates. For fiscal years 2010, 2009, and 2008 there were no significant changes in our film cost estimation and settlement procedures.

**Operating Results**

We present Adjusted EBITDA as a supplemental measure of our performance. We define Adjusted EBITDA as earnings (loss) from continuing operations plus (i) income tax provisions (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance. These further adjustments are itemized below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

- (1) Amounts represent preopening expense, theatre and other closure expense (income) and disposition of assets and other gains included in operating expenses.
- (2) Other expense for fiscal 2010 is comprised of the loss on extinguishment of indebtedness related to the Cash Tender Offer and remaining redemption. Other income for fiscal 2008 is comprised of recoveries for property loss related to Hurricane Katrina.

Adjusted EBITDA is a non-GAAP financial measure commonly used in our industry and should not be construed as an alternative to net earnings (loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA because we believe it provides management and investors with additional information to measure our performance and liquidity, estimate our value and evaluate our ability to service debt. In addition, we use Adjusted EBITDA for incentive compensation purposes.

Adjusted EBITDA has important limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under U.S. GAAP. For example, Adjusted EBITDA:

does not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;

does not reflect changes in, or cash requirements for, our working capital needs;

does not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;

excludes tax payments that represent a reduction in cash available to us;

does not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future; and

does not reflect management fees that may be paid to our sponsors.

***For the Year Ended April 1, 2010 and April 2, 2009***

**Revenues.** Total revenues increased 6.7%, or \$152.3 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009. Admissions revenues increased 8.3%, or \$131.5 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009, due to a 6.1% increase in average ticket prices and a 2.1% increase in attendance. Admissions revenues at comparable theatres (theatres opened on or before the first quarter of fiscal 2009) increased 8.5%, or \$131.5 million, during the year ended April 1, 2010 from the comparable period last year. The increase in average ticket price was primarily due to increases in attendance from IMAX and 3D film product where we are able to charge more per ticket than for a standard 2D film, as well as our practice of periodically reviewing ticket prices and making selective adjustments based upon such factors as general inflationary trends and conditions in local markets. Attendance was positively impacted by more favorable 3D and IMAX film product during the year ended April 1, 2010 as compared to the year ended April 2, 2009, as well as by an increase in the number of IMAX and 3D screens that we operate. Concessions revenues increased 3.3%, or \$20.5 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009, due primarily to the increase in attendance. Other theatre revenues increased 0.4%, or \$262,000, during the year ended April 1, 2010 compared to the year ended April 2, 2009, primarily due to increases in on-line ticket fees, partially offset by a reduction in theatre rentals.

**Costs and expenses.** Total costs and expenses increased 1.8%, or \$40.4 million during the year ended April 1, 2010 compared to the year ended April 2, 2009. Film exhibition costs increased 10.2%, or \$86.0 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009 due to the increase in admissions revenues and the increase in film exhibition costs as a percentage of admissions revenues. As a percentage of admissions revenues, film exhibition costs were 54.2% in the current period and 53.3% in the prior year period primarily due to an increase in admissions revenues on higher grossing films, which typically carry a higher film cost as a percentage of admissions revenues. Concession costs increased 7.5%, or \$5.1 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009 due to an increase in concession costs as a percentage of concessions revenues and the increase in concession revenues. As a percentage of concessions revenues, concession costs were 11.3% in the current period compared with 10.8% in the prior period. As a percentage of revenues, operating expense was 25.3% in the current period as compared to 25.4% in the prior period. Rent expense decreased 1.8%, or \$8.1 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009 primarily due to rent reductions from landlords related to their failure to meet co-tenancy provisions in certain lease agreements and renegotiations on more favorable terms. Rent reductions related to co-tenancy may not continue should our landlords meet the related co-tenancy provisions in the future.

**General and Administrative Expense:**

**Merger, acquisition and transaction costs.** Merger, acquisition and transaction costs increased \$1.1 million during the year ended April 1, 2010 compared to the year ended April 2, 2009 primarily due to costs incurred related to the Kerasotes acquisition during the current year.

**Management fees.** Management fees were unchanged during the year ended April 1, 2010. Management fees of \$1.3 million are paid quarterly, in advance, to our Sponsors in exchange for consulting and other services.

**Other.** Other general and administrative expense increased 8.3%, or \$4.5 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009 due primarily to increases in annual incentive compensation of approximately \$12 million based on improved operating performance and increases in net periodic pension expense of \$4.7 million, partially offset by decreases in cash severance

Table of Contents

payments of \$7 million to our former Chief Executive Officer made in the prior year and a decrease in expense related to a union-sponsored pension plan of \$3.9 million. During the year ended April 2, 2009, we recorded \$5.3 million of expense related to our partial withdrawal liability for a union-sponsored pension plan. During the year ended April 1, 2010, we recorded \$1.4 million of expense related to our estimated complete withdrawal from the union-sponsored pension plan.

**Depreciation and Amortization.** Depreciation and amortization decreased 6.5%, or \$13.1 million, compared to the prior year due primarily to the impairment of long-lived assets in fiscal 2009.

**Impairment of Long-Lived Assets.** During the year ended April 1, 2010, we recognized non-cash impairment losses of \$3.8 million related to theatre fixed assets and real estate recorded in other long-term assets. We recognized an impairment loss of \$2.3 million on five theatres with 41 screens (in Florida, California, New York, Utah and Maryland). Of the theatre charge, \$2.3 million was related to property, net. We also adjusted the carrying value of undeveloped real estate assets based on a recent appraisal which resulted in an impairment charge of \$1.4 million. During the year ended April 2, 2009, we recognized non-cash impairment losses of \$73.6 million related to theatre fixed assets, internal use software and assets held for sale. We recognized an impairment loss of \$65.6 million on 34 theatres with 520 screens (in Arizona, California, Canada, Florida, Georgia, Illinois, Maryland, Massachusetts, Michigan, New York, North Carolina, Ohio, Texas, Virginia, Washington and Wisconsin). Of the theatre charge, \$1.4 million was related to intangible assets, net, and \$64.3 million was related to property, net. We recognized an impairment loss on abandonment of internal use software, recorded in other long-term assets of \$7.1 million when management determined that the carrying value would not be realized through future use. We adjusted the carrying value of our assets held for sale to reflect the subsequent sales proceeds received in January 2009 and declines in fair value, which resulted in impairment charges of \$786,000.

**Other (Income) Expense.** Other (income) expense includes \$13.6 million and \$14.1 million of income related to the derecognition of gift card liabilities, as to which we believe future redemption to be remote, during the year ended April 1, 2010 and April 2, 2009, respectively. Other (income) expense includes a gain on extinguishment of indebtedness of \$85.2 million related to the Parent term loan facility and a loss on extinguishment of indebtedness of \$11.3 million related to the Cash Tender Offer during the year ended April 1, 2010.

**Interest Expense.** Interest expense decreased 7.7%, or \$14.6 million, primarily due to a decrease in interest rates on the senior secured credit facility, extinguishment of debt from the Cash Tender Offer and partial extinguishment of the Parent term loan facility, partially offset by an increase in interest expense related to the issuance of the Notes due 2019.

**Equity in Earnings of Non-Consolidated Entities.** Equity in earnings of non-consolidated entities was \$30.3 million in the current year compared to \$24.8 million in the prior year. Equity in earnings related to our investment in NCM LLC were \$34.4 million and \$27.7 million for the year ended April 1, 2010 and April 2, 2009, respectively. We recognized an impairment loss of \$2.7 million related to an equity method investment in one U.S. motion picture theatre during the year ended April 2, 2009.

**Investment Income.** Investment income was \$287,000 for the year ended April 1, 2010 compared to \$1.8 million for the year ended April 2, 2009. The year ended April 2, 2009 includes a gain of \$2.4 million from the May 2008 sale of our investment in Fandango, which was the result of receiving the final distribution from the general claims escrow account. During the year ended April 2, 2009, we recognized an impairment loss of \$1.5 million related to unrealized losses previously recorded in accumulated other comprehensive income on marketable securities related to one of our deferred compensation plans when we determined the decline in fair value below historical cost to be other than temporary.

Table of Contents

**Income Tax Provision (Benefit).** The income tax provision (benefit) from continuing operations was a benefit of \$36.3 million for the year ended April 1, 2010 and a provision of \$5.8 million for the year ended April 2, 2009. Our income tax benefit in fiscal 2010 includes the release of \$55.2 million of valuation allowance for deferred tax assets. See note 9 to the audited consolidated financial statements included elsewhere in this prospectus for our effective income tax rate reconciliation.

**Earnings (Loss) from Discontinued Operations, Net.** On December 29, 2008, we sold our operations in Mexico, including 44 theatres and 493 screens. The results of operations of the Cinemex theatres have been classified as discontinued operations for all years presented and include bad debt expense related to amounts due from Cinemex of \$8.9 million for the year ended April 1, 2010. See note 2 to the audited consolidated financial statements included elsewhere in this prospectus for the components of the earnings from discontinued operations.

**Net Earnings (Loss).** Net earnings (loss) were \$79.9 million and \$(149 million) for the year ended April 1, 2010 and April 2, 2009, respectively. Net earnings were favorably impacted by a gain on extinguishment of indebtedness of \$85.2 million related to the Parent term loan facility and a \$55.2 million reduction in the valuation allowance for deferred income tax assets. Net earnings during the year ended April 1, 2010 were negatively impacted by an expense of \$11.3 million related to the Cash Tender Offer and by losses of \$8.9 million related to the allowance for doubtful accounts and direct write-offs of amounts due from Cinemex included in discontinued operations. Net loss for the year ended April 2, 2009 was primarily due to impairment charges of \$73.5 million.

*For the Year Ended April 2, 2009 and April 3, 2008*

**Revenues.** Total revenues decreased 2.9%, or \$67.6 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008. Fiscal year 2009 includes 52 weeks and fiscal year 2008 includes 53 weeks which we estimate contributed approximately \$30 million to the decline in our total revenues. Admissions revenues decreased 2.2%, or \$35.3 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008, due to a 5.5% decrease in attendance partially offset by a 3.6% increase in average ticket price. The increase in average ticket price was primarily due to our practice of periodically reviewing ticket prices and making selective adjustments based upon such factors as general inflationary trends and conditions in local markets. Admissions revenues at comparable theatres (theatres opened on or before the first quarter of fiscal 2008) decreased 4.1%, or \$63.8 million, during the year ended April 2, 2009 from the comparable period last year. Based upon available industry sources, box office revenues of our comparable theatres slightly underperformed the overall industry comparable theatres in the markets where we operate. We believe our underperformance is primarily the result of changes in distribution patterns and an increase in the number of prints released in our markets. While our box office performance on such films was in line with our expectations, the increase in prints in our market diluted our overall performance against the industry. Concessions revenues decreased 3.4%, or \$22.1 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008 due to the decrease in attendance partially offset by a 2.2% increase in average concessions per patron. Other theatre revenues decreased 14.8%, or \$10.2 million, during the year ended April 2, 2009 compared to year ended April 3, 2008, primarily due to a decrease in advertising revenues. See note 1 to the audited consolidated financial statements included elsewhere in this prospectus for discussion of the change in estimate for revenues recorded during the years ended April 2, 2009 and April 3, 2008.

**Costs and expenses.** Total costs and expenses increased 2.1%, or \$46.1 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008. Film exhibition costs decreased 2.0%, or \$17.6 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008 due to the decrease in admissions revenues partially offset by an increase in film exhibition costs as a percentage of admission revenues. As a percentage of admissions revenues, film exhibition costs were

Table of Contents

53.3% in the current year as compared with 53.2% in the prior year. Concession costs decreased 2.6%, or \$1.8 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008 due to the decrease in concession revenues partially offset by an increase in concession costs as a percentage of concessions revenues. As a percentage of concessions revenues, concession costs were 10.8% in the current year and 10.7% in the prior year. As a percentage of revenues, operating expense was 25.4% in the current year and 24.5% in the prior year. Operating expense in the current and prior year includes \$2.3 million and \$21 million of theatre and other closure income, respectively, due primarily to lease terminations negotiated on favorable terms. Rent expense increased 2.1%, or \$9.4 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008 due primarily to the opening of new theatres. Preopening expense decreased \$1.7 million during the year ended April 2, 2009 due to a decline in screen additions.

**General and Administrative Expense:**

**Merger, acquisition and transaction costs.** Merger, acquisition and transaction costs decreased \$5.8 million during the year ended April 2, 2009 compared to the year ended April 3, 2008. Prior year costs are primarily comprised of professional and consulting expenses related to a proposed initial public offering of common stock that was withdrawn on June 19, 2007 and preacquisition expenses for casualty insurance losses that occurred prior to the merger with Loews.

**Management fees.** Management fees were unchanged during the year ended April 2, 2009. Management fees of \$1.3 million are paid quarterly, in advance, to our Sponsors in exchange for consulting and other services.

**Other.** Other general and administrative expense increased 37.7%, or \$14.7 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008. The increase in other general and administrative expenses is primarily due to a cash severance payment of \$7 million to our former Chief Executive Officer and an expense of \$5.3 million related to our partial withdrawal liability for a union-sponsored pension plan, partially offset by a pension curtailment gain of \$1.1 million as a result of the retirement of our former chief executive officer.

**Depreciation and Amortization.** Depreciation and amortization decreased 9.3%, or \$20.7 million, compared to the prior year due primarily to certain intangible assets becoming fully amortized, the closing of theatres and impairment of long-lived assets.

**Impairment of Long-Lived Assets.** During fiscal 2009 we recognized non-cash impairment losses of \$73.5 million related to theatre fixed assets, internal use software and assets held for sale. We recognized an impairment loss of \$65.6 million on 34 theatres with 520 screens (in Arizona, California, Canada, Florida, Georgia, Illinois, Maryland, Massachusetts, Michigan, New York, North Carolina, Ohio, Texas, Virginia, Washington and Wisconsin). Of the theatre charge, \$1.4 million was related to intangible assets, net, and \$64.3 million was related to property, net. We recognized an impairment loss on abandonment of internal use software, recorded in other long-term assets of \$7.1 million when management determined that the carrying value would not be realized through future use, we adjusted the carrying value of our assets held for sale to reflect the sales proceeds received in fiscal 2009 and declines in fair value, which resulted in impairment charges of \$786,000. During fiscal 2008 we recognized a non-cash impairment loss of \$8.9 million that reduced property, net on 17 theatres with 176 screens (in New York, Maryland, Indiana, Illinois, Nebraska, Oklahoma, California, Arkansas, Pennsylvania, Washington, and the District of Columbia).

**Other Income.** Other income includes \$14.1 million and \$11.3 million of income related to the derecognition of gift card liabilities, as to which we believe future redemption to be remote, during the year ended April 2, 2009 and April 3, 2008, respectively. Other income includes insurance recoveries

related to Hurricane Katrina of \$1.2 million for property losses in excess of property carrying cost and \$397,000 for business interruption during the year ended April 3, 2008.

**Interest Expense.** Interest expense decreased 7.6%, or \$15.5 million, primarily due to decreased interest rates on the senior secured credit facility.

**Equity in Earnings of Non-Consolidated Entities.** Equity in earnings of non-consolidated entities was \$24.8 million in the current year compared to \$43 million in the prior year. Equity in earnings related to our investment in NCM LLC were \$27.7 million and \$22.2 million for the year ended April 2, 2009 and April 3, 2008, respectively. Equity in earnings related to HGCSA was \$18.7 million during the year ended April 3, 2008 and includes the gain related to the disposition of \$18.8 million. We recognized an impairment loss of \$2.7 million related to an equity method investment in one U.S. motion picture theatre during the year ended April 2, 2009.

**Investment Income.** Investment income was \$1.8 million for the year ended April 2, 2009 compared to \$24 million for the year ended April 3, 2008. The year ended April 2, 2009 and April 3, 2008 include a gain on the sale of our investment in Fandango of \$2.4 million and \$16 million, respectively. Interest income decreased \$6.7 million from the prior year primarily due to decreases in temporary investments and decreases in rates of interest earned on temporary investments. During the year ended April 2, 2009, we recognized an impairment loss of \$1.5 million related to unrealized losses previously recorded in accumulated other comprehensive income on marketable securities related to one of our deferred compensation plans when we determined the decline in fair value below historical cost to be other than temporary.

**Income Tax Provision (Benefit).** The income tax provision (benefit) from continuing operations was \$5.8 million for the year ended April 2, 2009 and \$(7.6 million) for the year ended April 3, 2008 with the reduction due primarily to the decrease in earnings from continuing operations before income taxes. See note 9 to the audited consolidated financial statements included elsewhere in this prospectus.

**Earnings from Discontinued Operations, Net.** On December 29, 2008, we sold our operations in Mexico, including 44 theatres and 493 screens. The results of operations of the Cinemex theatres have been classified as discontinued operations, and information presented for all years reflects the new classification. See note 2 to the audited consolidated financial statements included elsewhere in this prospectus for the components of the earnings from discontinued operations.

**Net Loss.** Net losses were \$149 million and \$6.2 million for the year ended April 2, 2009 and April 3, 2008, respectively. The increase in net loss was primarily due to impairment charges of \$73.5 million in the current year and the recognition of a gain on the disposition of HGCSA of \$18.8 million, a gain on the disposition of Fandango of \$16 million and theatre and other closure income of \$21 million which were recorded in the prior year.

**Liquidity and Capital Resources**

Our consolidated revenues are primarily collected in cash, principally through box office admissions and theatre concessions sales. We have an operating "float" which partially finances our operations and which generally permits us to maintain a smaller amount of working capital capacity. This float exists because admissions revenues are received in cash, while exhibition costs (primarily film rentals) are ordinarily paid to distributors from 20 to 45 days following receipt of box office admissions revenues. Film distributors generally release the films which they anticipate will be the most successful during the summer and holiday seasons. Consequently, we typically generate higher revenues during such periods.

Table of Contents

We have the ability to borrow against our senior secured credit facility to meet obligations as they come due (subject to limitations on the incurrence of indebtedness in our various debt instruments) and had approximately \$187.2 million under our senior secured revolving credit facility available to meet these obligations as of April 1, 2010.

We fund the costs of constructing, maintaining and remodeling new theatres through existing cash balances, cash generated from operations or borrowed funds, as necessary. We generally lease our theatres pursuant to long-term non-cancelable operating leases which may require the developer, who owns the property, to reimburse us for the construction costs. We may decide to own the real estate assets of new theatres and, following construction, sell and leaseback the real estate assets pursuant to long-term non-cancelable operating leases.

We believe that cash generated from operations and existing cash and equivalents will be sufficient to fund operations and planned capital expenditures and acquisitions currently and for at least the next 12 months and enable us to maintain compliance with covenants related to the senior secured credit facility and our 8% Senior Subordinated Notes due 2014 (the "Notes due 2014"), 11% Senior Subordinated Notes due 2016 (the "Notes due 2016") and Notes due 2019. We are considering various options with respect to the utilization of cash and equivalents on hand in excess of our anticipated operating needs. Such options might include, but are not limited to, acquisitions of theatres or theatre companies, repayment of our corporate borrowings and payment of dividends.

***Cash Flows from Operating Activities***

Cash flows provided by operating activities, as reflected in the Consolidated Statements of Cash Flows, were \$198.9 million, \$167.2 million and \$201.2 million during the years ended April 1, 2010, April 2, 2009 and April 3, 2008 respectively. The increase in operating cash flows during the year ended April 1, 2010 is primarily due to an increase in accrued expenses and other liabilities as a result of increases in accrued interest and annual incentive compensation and the increase in attendance. The decrease in operating cash flows during the year ended April 2, 2009 is primarily due to the increase in net loss, which was partially offset by an increase in non-cash impairment charges. We had working capital surplus as of April 1, 2010 and April 2, 2009 of \$256 million and \$260.7 million, respectively. Working capital includes \$125.8 million and \$121.6 million of deferred revenue as of April 1, 2010 and April 2, 2009, respectively.

***Cash Flows from Investing Activities***

Cash provided by (used in) investing activities, as reflected in the Consolidated Statement of Cash Flows were \$(96.3 million), \$100.9 million and \$(139.4 million) during the years ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively. On March 26, 2010, we acquired 117 digital projection systems from third party lessors for \$6.8 million and sold these systems together with seven digital projectors that we owned to DCIP for cash proceeds of \$6.6 million on the same day. Cash outflows from investing activities include capital expenditures of \$97 million during the year ended April 1, 2010. We expect that our gross capital expenditures in fiscal 2011 will be approximately \$120 million to \$150 million.

Cash flows for the year ended April 2, 2009 include proceeds from the sale of Cinemex of \$224.4 million and proceeds from the sale of Fandango of \$2.4 million. We have received an additional \$4.3 million in purchase price adjustments from Cinemex in respect of tax payments and refunds and a working capital calculation and post closing adjustments during the year ended April 1, 2010. Cash flows for the year ended April 3, 2008 include proceeds from the disposal of HGCSA and Fandango of \$28.7 million and \$18 million, respectively.

***Cash Flows from Financing Activities***

Cash flows provided by (used in) financing activities, as reflected in the Consolidated Statement of Cash Flows, were \$(29.4 million), \$162.6 million and \$(267.1 million) during the years ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively.

During fiscal 2010, we made payments that reduced the principal balance of the Parent's term loan facility from \$466.9 million to \$193.3 million. During fiscal 2009, we borrowed \$185 million under our senior secured credit facility and repaid this amount in fiscal 2010. During fiscal 2008, we made principal payments of \$26.3 million on our corporate borrowings, capital and financing lease obligation, and mortgage obligations. In fiscal 2008, we also received proceeds of \$396.0 million under the Parent's term loan facility and used the proceeds to pay a portion of a \$652.8 million cash dividend paid to our stockholders.

Concurrently with the closing of the merger of Loews with AMCE, AMCE entered into a senior secured credit facility, which is with a syndicate of banks and other financial institutions and provides financing of up to \$850 million, consisting of a \$650 million term loan facility with a maturity date of January 26, 2013 and a \$200 million revolving credit facility that matures in 2012. The revolving credit facility includes borrowing capacity for available letters of credit and for swingline borrowings on same-day notice.

Borrowings under our senior secured credit facility bear interest at a rate equal to an applicable margin plus, at our option, either a base rate or LIBOR. The current applicable margin for borrowings under the revolving credit facility is 0.75% with respect to base rate borrowings and 1.75% with respect to LIBOR borrowings, and the current applicable margin for borrowings under the term loan facility is 0.75% with respect to base rate borrowings and 1.75% with respect to LIBOR borrowings. The applicable margin for such borrowings may be reduced, subject to attaining certain leverage ratios. In addition to paying interest on outstanding principal under the senior secured credit facility, we are required to pay a commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder at a rate equal to 0.25%. We also pay customary letter of credit fees. We may voluntarily repay outstanding loans under the senior secured credit facility at any time without premium or penalty, other than customary "breakage" costs with respect to LIBOR loans. We are required to repay \$1.6 million of the term loan quarterly, beginning March 30, 2006 through September 30, 2012, with any remaining balance due on January 26, 2013.

On February 24, 2004, AMCE sold \$300 million aggregate principal amount of the Notes due 2014. The Notes due 2014 bear interest at the rate of 8% per annum, payable in March and September. The Notes due 2014 are redeemable at our option, in whole or in part, at any time on or after March 1, 2009 at 104.000% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after March 1, 2012, plus in each case interest accrued to the redemption date.

On January 26, 2006, AMCE sold \$325 million aggregate principal amount of the Notes due 2016. The Notes due 2016 bear interest at the rate of 11% per annum, payable February 1 and August 1 of each year. The Notes due 2016 are redeemable at our option, in whole or in part, at any time on or after February 1, 2011 at 105.5% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after February 1, 2014, plus in each case interest accrued to the redemption date.

On June 9, 2009, AMCE issued \$600 million aggregate principal amount of Notes due 2019. Proceeds from the issuance of the notes were \$585.5 million and were used to redeem the then outstanding \$250.0 million aggregate principal amount of the Fixed Notes due 2012. Deferred financing costs paid related to the issuance of the notes were \$16.3 million. The Notes due 2019 bear interest at the rate of 8.75% per annum, payable in June and December of each year. The Notes due 2019 are

redeemable at our option, in whole or in part, at any time on or after June 1, 2014 at 104.375% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after June 1, 2017, plus interest accrued to the redemption date.

As of April 1, 2010, we were in compliance with all financial covenants relating to our senior secured credit facility, the Notes due 2014, the Notes due 2016 and the Notes due 2019.

### **Commitments and Contingencies**

Minimum annual cash payments required under existing capital and financing lease obligations, maturities of corporate borrowings, future minimum rental payments under existing operating leases, FF&E and leasehold purchase provisions, entry into a definitive agreement for the acquisition of Kerasotes, ADA related betterments and pension funding that have initial or remaining non-cancelable terms in excess of one year on a pro forma basis as of April 1, 2010 are as follows:

- (1) Represents cash requirements for the payment of principal on corporate borrowings. Total amount does not equal carrying amount due to unamortized discounts on issuance.
- (2) Interest expense on the term loan portion of our senior secured credit facility was estimated at 2.00% based upon the interest rate in effect as of April 1, 2010.
- (3) Includes committed capital expenditures and acquisitions including the estimated cost of ADA related betterments. Does not include planned, but non-committed capital expenditures.
- (4) Historically, we fund our pension plan such that the plan is 90% funded. The plan has been frozen effective December 31, 2006. The funding requirement has been estimated based upon our expected funding amount. Also included are payments due under a withdrawal liability for a union sponsored plan. The retiree health plan is not funded.

As discussed in note 9 to the audited consolidated financial statements included elsewhere in this prospectus, we adopted accounting for uncertainty in income taxes per the guidance in ASC 740. At April 1, 2010, we have recognized an obligation for unrecognized benefits of \$34.5 million. There are currently unrecognized tax benefits which we anticipate will be resolved in the next 12 months; however, we are unable at this time to estimate what the impact on our effective tax rate will be. Any amounts related to these items are not included in the table above.

### **Fee Agreement**

In connection with the holdco merger, on June 11, 2007, Parent, Holdings, AMCE and the Sponsors entered into a Fee Agreement (the "Management Fee Agreement"), which replaced the December 23, 2004 fee agreement among Holdings, AMCE and the Sponsors, as amended

and restated on January 26, 2006 entered into in connection with the merger with LCE Holdings (the "original fee

Table of Contents

agreement"). The Management Fee Agreement provides for an annual management fee of \$5 million, payable quarterly and in advance to our Sponsors, on a pro rata basis, until the twelfth anniversary from December 23, 2004, as well as reimbursements for each Sponsor's respective out-of-pocket expenses in connection with the management services provided under the Management Fee Agreement.

In addition, the Management Fee Agreement provides for reimbursements by AMCE to the Sponsors for their out-of-pocket expenses, and by AMCE to Parent of up to \$3.5 million for fees payable by Parent in any single fiscal year in order to maintain Parents' and AMCE's corporate existence, corporate overhead expenses and salaries or other compensation of certain employees.

Upon the consummation of a change in control transaction or an IPO, the Sponsors will receive, in lieu of quarterly payments of the annual management fee, an automatic fee equal to the net present value of the aggregate annual management fee that would have been payable to the Sponsors during the remainder of the term of the fee agreement (assuming a twelve year term from the date of the original fee agreement), calculated using the treasury rate having a final maturity date that is closest to the twelfth anniversary of the date of the original fee agreement date. As of April 1, 2010, we estimate this amount would be \$29.2 million should a change in control transaction or an IPO occur.

The Management Fee Agreement also provides that AMCE will indemnify the Sponsors against all losses, claims, damages and liabilities arising in connection with the management services provided by the Sponsors under the fee agreement.

***Investment in NCM LLC***

We hold an investment in 18.23% of NCM LLC accounted for following the equity method as of April 1, 2010. The fair market value of these shares is approximately \$334.6 million as of April 1, 2010. Because we have little tax basis in these units, the sale of all these units at April 1, 2010 would require us to report taxable income of \$468.7 million including distributions received from NCM LLC that were previously deferred. Our investment in NCM LLC is a source of liquidity for us and we expect that any sales we may make of NCM LLC units would be made in such a manner to most efficiently manage any related tax liability. We have available net operating loss carryforwards which could reduce any related tax liability.

**Impact of Inflation**

Historically, the principal impact of inflation and changing prices upon us has been to increase the costs of the construction of new theatres, the purchase of theatre equipment, rent and the utility and labor costs incurred in connection with continuing theatre operations. Film exhibition costs, our largest cost of operations, are customarily paid as a percentage of admissions revenues and hence, while the film exhibition costs may increase on an absolute basis, the percentage of admissions revenues represented by such expense is not directly affected by inflation. Except as set forth above, inflation and changing prices have not had a significant impact on our total revenues and results of operations.

**New Accounting Pronouncements**

See note 1 to the audited consolidated financial statements included elsewhere in this prospectus for further information regarding recently issued accounting standards.

**Pro Forma Quantitative and Qualitative Disclosures about Market Risk**

We are exposed to various market risks including interest rate risk and foreign currency exchange rate risk.

*Market risk on variable-rate financial instruments.* We maintain an \$850 million senior secured credit facility, comprised of a \$200 million revolving credit facility, which permits borrowings at a rate

Table of Contents

equal to an applicable margin plus, at our option, either a base rate or LIBOR. Increases in market interest rates would cause interest expense to increase and earnings before income taxes to decrease. The change in interest expense and earnings before income taxes would be dependent upon the weighted average outstanding borrowings during the reporting period following an increase in market interest rates. We had no borrowings on our revolving credit facility as of April 1, 2010. A 100 basis point change in market interest rates would have increased or decreased interest expense on the senior secured credit facility by \$6.5 million during the 52 weeks ended April 1, 2010.

*Market risk on fixed-rate financial instruments.* Included in long-term debt are \$325 million of our Notes due 2016 and \$600 million of our Notes due 2019. Increases in market interest rates would generally cause a decrease in the fair value of the Notes due 2016 and Notes due 2019 and a decrease in market interest rates would generally cause an increase in fair value of the Notes due 2016 and Notes due 2019.

*Foreign currency exchange rates.* We currently operate theatres in Canada, France and the United Kingdom. As a result of these operations, we have assets, liabilities, revenues and expenses denominated in foreign currencies. The strengthening of the U.S. dollar against the respective currencies causes a decrease in the carrying values of assets, liabilities, revenues and expenses denominated in such foreign currencies and the weakening of the U.S. dollar against the respective currencies causes an increase in the carrying values of these items. The increases and decreases in assets, liabilities, revenues and expenses are included in accumulated other comprehensive income. Changes in foreign currency exchange rates also impact the comparability of earnings in these countries on a year-to-year basis. As the U.S. dollar strengthens, comparative translated earnings decrease, and as the U.S. dollar weakens comparative translated earnings from foreign operations increase. A 10% increase in the value of the U.S. dollar against all foreign currencies of countries where we currently operate theatres would increase earnings before income taxes by approximately \$722,000 and decrease accumulated other comprehensive loss by approximately \$8.3 million, respectively, as of April 1, 2010. A 10% decrease in the value of the U.S. dollar against all foreign currencies of countries where we currently operate theatres would decrease earnings before income taxes by approximately \$883,000 and increase accumulated other comprehensive loss by approximately \$10.2 million, respectively, as of April 1, 2010.

Table of Contents**BUSINESS**

We are one of the world's leading theatrical exhibition companies. As of April 1, 2010, on a pro forma basis, we owned, operated or held interests in 380 theatres with a total of 5,325 screens, approximately 99% of which were located in the United States and Canada. Our theatres are primarily located in major metropolitan markets, which we believe offer strategic, operational and financial advantages. We also have a modern, highly productive theatre circuit that leads the industry in key asset quality and performance metrics, such as screens per theatre and per theatre productivity measures. Our industry leading performance is largely driven by the quality of our theatre sites, our operating practices, which focus on delivering the best customer experience, and, most recently, our implementation of premium sight and sound formats, which we believe will be key components of the future movie-going experience. As of April 1, 2010, on a pro forma basis, we are the largest IMAX exhibitor in the world with a 43% market share in the United States and more than twice the screen count of the second largest U.S. IMAX exhibitor. For the fiscal year ended April 1, 2010, we generated pro forma revenues of approximately \$2.7 billion, Pro Forma Adjusted EBITDA (as defined on page 12) of \$388.4 million and pro forma earnings from continuing operations of \$71.0 million.

The following table provides detail with respect to digital delivery, 3D projection, large screen formats, such as IMAX and our proprietary ETX, and deployment of our enhanced food and beverage offerings as deployed throughout our circuit on April 1, 2010, on a pro forma basis.

(1) Included in the above table are eight theatres and 83 screens that we manage or in which we have a partial interest.

(2) In Hong Kong, we maintain a partial interest represented by a license agreement for use of our trademark.

We were founded in 1920 and since then have pioneered many of the industry's most important innovations, including the multiplex theatre format in the early 1960s and the North American megaplex theatre format in the mid-1990s. In addition, we have acquired some of the most respected companies in the theatrical exhibition industry, including Loews, General Cinema and, more recently, Kerasotes. We have a demonstrated track record of successfully integrating these companies through timely conversion to our operating procedures, consolidation of corporate functions and adoption of best practices.

The following table sets forth our historical information, on a continuing operations basis, concerning new builds (including expansions), acquisitions and dispositions and end-of-period operated theatres and screens through April 1, 2010:

Subsequent to April 1, 2010, we completed our acquisition of Kerasotes, which increased our theatre and screen count by 83 and 812, respectively.

### Table of Contents

We have also created and invested in a number of allied businesses and strategic initiatives that have created differentiated viewing formats and experiences, greater variety in food and beverage options and value appreciation for our company. We believe these initiatives will continue to generate incremental value for our company in the future. For example:

During fiscal 2010, DCIP, our joint venture with two other exhibitors, completed its formation and \$660 million funding to facilitate the financing and deployment of digital technology in our theatres. We anticipate that our deployment of digital projection systems should take three and a half years to complete. Future digital cinema developments will be managed by DCIP, subject to certain approvals. We intend to continue our rapid deployment of digital projectors through our arrangements with DCIP and intend to install 1,150 to 1,250 more digital projectors in fiscal 2011.

To complement our deployment of digital technology, in 2006 we partnered with RealD to install their 3D systems in our theatres. As of April 1, 2010, on a pro forma basis, we had 516 3D-enabled systems. Concurrent with our digital rollout, we plan on having over 1,500 RealD screens across our circuit by the end of fiscal year 2012.

We are the world's largest IMAX exhibitor with 84 screens as of April 1, 2010, on a pro forma basis. With a 43% market share in the U.S., our IMAX screen count is more than twice the screen count of the second largest U.S. IMAX exhibitor. During June 2010, we announced an expansion of our IMAX relationship. Under this expanded agreement, we expect to increase our IMAX screen count to 115 by the end of fiscal year 2012.

During fiscal 2010, we introduced our proprietary large-screen digital format, ETX, at four locations. ETX features wall-to-wall screens that are 20% larger than traditional screens, a custom sound system that is three times more powerful than a traditional auditorium, and digital projection with twice the clarity of high definition. We charge a premium price for the ETX experience, which produces average weekly box office per print that is 140% more than standard 2D versions of the same movie. We plan to install an additional 20 to 25 of our proprietary ETX large screen formats during fiscal 2011.

As of April 1, 2010, on a pro forma basis, we had eight theatres featuring our proprietary food and beverage concepts. We believe that these enhanced food and beverage concepts allow us to offer a more diverse array of food types such as expanded menus and venues including in-theatre dining, which should appeal to a greater cross section of potential customers. We plan to continue our expanded food and beverage investments to cover an additional 125 to 150 theatres over the next three years.

We are a founding member of NCM, a cinema screen advertising venture. As of April 1, 2010, we had an 18.23% interest in NCM. See note 5 to the audited consolidated financial statements included elsewhere in this prospectus. NCM operates an in-theatre digital network in the United States. The digital network consists of projectors used to display advertising and other non-film events. NCM's primary activities that impact our theatres include:

advertising through its branded "First Look" pre-feature entertainment program, lobby promotions and displays,

live and pre-recorded networked and single-site meetings and events, and

live and pre-recorded concerts, sporting events and other non-film entertainment programming.

We believe that the reach, scope and digital delivery capability of NCM's network provides an effective platform for national, regional and local advertisers to reach an engaged audience. We

Table of Contents

receive a monthly theatre access fee for participation in the NCM network. In addition, we are entitled to receive mandatory quarterly distributions of excess cash from NCM.

Our tickets are currently on sale at two different Internet ticketing vendors. We are a founding partner and current owner of approximately 26% of MovieTickets.com, an Internet ticketing venture representing over 150 exhibitors with 12,000 screens. During 2009, MovieTickets.com sold over 15 million tickets, including approximately 6.8 million for us. We also partner with Fandango for Internet ticketing services for certain of our theatres. During 2009, Fandango sold over 24 million tickets, including approximately four million for us.

### **Our Competitive Strengths**

We believe our leadership in major metropolitan markets, superior asset quality and continuous focus on innovation and the guest experience have positioned us well to capitalize disproportionately on trends providing momentum to the theatrical exhibition industry as a whole, particularly the mass adoption of digital and 3D technologies. We also believe our management team is uniquely equipped to execute our strategy to realize this opportunity, making us a particularly effective competitor in our industry and positioning us well for future growth. Our competitive strengths include:

**Major Market Leader.** We maintain the leading market share within our markets. As of April 1, 2010, on a pro forma basis, we operated in 24 of the top 25 DMAs and had the number one or two market share in each of the top 15 DMAs, including New York City, Los Angeles, Chicago, Philadelphia, San Francisco, Dallas and Boston. In addition, 75% of our screens were located in the top 25 DMAs and 89% were located in the top 50 DMAs. Our strong presence in the top DMAs makes our theatres more visible and therefore strategically more important to content providers who rely on these markets for a disproportionately large share of box office receipts. According to Rentrak, during our fiscal 2010, 59% of all U.S. box office receipts were derived from the top 25 DMAs and 75% were derived from the top 50 DMAs. In certain of our densely populated major metropolitan markets, we believe a scarcity of attractive retail real estate opportunities enhances the strategic value of our existing theatres. We also believe the complexity inherent in operating in these major metropolitan markets is a deterrent to other less sophisticated competitors, protecting our market share position.

We believe that customers in our major metropolitan markets are generally more affluent and culturally diverse than those in smaller markets. Traditionally, our strong presence in these markets has created a greater opportunity to exhibit a broad array of programming and premium formats, which we believe drives higher levels of attendance at our theatres. This has allowed us to generate higher per screen and per theatre operating metrics. For example, our pro forma average ticket price in the United States was \$8.39 for our fiscal 2010, as compared to \$7.64 for the industry as a whole for the 12 months ended March 31, 2010.

**Modern, Highly Productive Theatre Circuit.** We believe the combination of our strong major market presence, focus on a superior guest experience and core operating strategies enables us to deliver industry-leading theatre level operating metrics. On a pro forma basis, our circuit averages 14 screens per theatre, which is more than twice the National Association of Theatre Owners average of 6.9 for calendar year 2009 and higher than any of our peers. For the fiscal year ended April 1, 2010, on a pro forma basis, our theatre exhibition circuit generated attendance per average theatre of 596,000 (higher than any of our peers) revenues per average theatre of \$7.1 million (approximately 31% higher than our closest peer) and operating cash flows before rent (defined as Adjusted EBITDA before rent and G&A-Other) per average theatre of \$2.4 million (approximately 19% higher than our closest peer). Over the past five fiscal years, we invested an average of \$131.3 million per year to improve and expand our theatre circuit, contributing to the modern portfolio of theatres we operate today.

**Leader in Deployment of Premium Formats.** We also believe our strong major market presence and our highly productive theatre circuit allow us to take greater advantage of incremental revenue-generating opportunities associated with the premium services that will define the future of the theatrical business, including digital delivery, 3D projection, large screen formats, such as IMAX and our proprietary ETX offering, and alternative programming. As the industry's digital conversion accelerates, we believe we have established a differentiated leadership position in premium formats. For example, we are the world's largest IMAX exhibitor with 84 screens as of April 1, 2010, on a pro forma basis, and we expect to increase our IMAX screen count to 115 by the end of fiscal year 2012. We are able to charge a premium price for the IMAX experience, which, in combination with higher attendance levels, produces average weekly box office per print that is 300% greater than standard 2D versions of the same movie.

**Innovative Growth Initiatives in Food and Beverage.** We believe our theatre circuit is better positioned than our peer competitors' to generate additional revenue from broader and more diverse food and beverage offerings, in part due to our markets' larger, more diverse and more affluent customer base and our management's extensive experience in guest services, specifically within the food and beverage industry. To capitalize on this opportunity, we have introduced proprietary food and beverage offerings in eight theatres as of April 1, 2010, and we intend to deploy these offerings across our theatre circuit based on the needs and specific circumstances of each theatre. Our wide range of food and beverage offerings feature expanded menus, enhanced concession formats and unique in-theatre dining options, which we believe appeals to a larger cross section of potential customers. For example, in fiscal 2009 we converted a small, six-screen theatre in Atlanta, Georgia to an in-theatre dining facility with a separate bar and lounge area. From fiscal 2008 to fiscal 2010, this theatre's attendance increased over 60%, revenues more than doubled, and operating cash flow and margins increased significantly. We plan to continue to invest in enhanced food and beverage offerings across 125 to 150 theatres over the next three years.

**Strong Cash Flow Generation.** We believe that our major market focus and highly productive theatre circuit have enabled us to generate significant and stable cash flow provided by operating activities. For the fiscal year ended April 1, 2010, on a pro forma basis, our net cash provided by operating activities totaled \$252.9 million. This strong cash flow will enable us to continue our deployment of premium formats and services and to finance planned capital expenditures without relying on the capital markets for funding. In addition, in future years, we expect to continue to generate cash flow sufficient to allow us to grow our revenues, maintain our facilities, service our indebtedness and make dividend payments to our stockholders.

***Proven Management Team Uniquely Positioned to Execute.*** Our management team has a unique combination of industry experiences and skill-sets, equipping them to effectively execute our strategies. Our CEO's broad experience in a number of consumer packaged goods and entertainment-related businesses expands our growth perspectives beyond traditional theatrical exhibition and has increased our focus on providing more value to our guests. Recent additions, including a Chief Marketing Officer and heads of Food and Beverage, Programming and Development/Real Estate, augment our deep bench of industry experience. The expanded breadth of our management team complements the established team that is already known for operational excellence, innovation and successful industry consolidation.

**Our Strategy**

Our strategy is to use our modern theatre circuit and major market position to lead the industry in innovation and financial operating metrics. The use of emerging premium formats and our focus on the guest experience give us a unique opportunity to leverage our theatre circuit and major market position across our platform. Our goal is to maintain our company's and the industry's social relevance and to provide our guests with a superior movie-going experience.

***Capitalize on Premium Formats.*** We believe operating a digital theatre circuit, when combined with our major markets' customer base, will enhance our capacity utilization and dynamic pricing capabilities, enable us to achieve higher ticket prices for premium formats, and provide incremental revenue from the exhibition of alternative content such as live concerts, sporting events, Broadway shows, opera and other non-traditional programming. We have already seen success from the Metropolitan Opera, with respect to which, during fiscal 2010, we programmed 23 performances in 75 theatres and charged an average ticket price of \$18. Within each of our major markets, we are able to charge a premium for these services relative to our smaller markets. We will continue to broaden our content offerings through the installation of additional IMAX, ETX and RealD systems and the presentation of attractive alternative content. For example:

We have the leading market share of IMAX MPX digital projection systems. We expect to increase our IMAX screen count to 115 by the end of fiscal year 2012. These IMAX projection systems are slated to be installed in many of our top performing locations in major U.S. markets, each protected by geographic exclusivity.

As of April 1, 2010, on a pro forma basis, we had installed 647 digital projectors in our existing theatre base, representing a 12.2% digital penetration in our theatre circuit. We intend to continue our rapid deployment of digital projectors through our arrangements with DCIP and intend to install 1,150 to 1,250 more digital projectors in fiscal 2011. We lease our digital projection systems from DCIP and therefore do not bear the majority of the cost of the digital projector rollout. Operating a digital theatre circuit provides numerous benefits, which include forming the foundation for 3D formats and alternative programming, allowing for more efficient film operations, lowering costs and enabling a better, more versatile advertising platform.

To complement our deployment of digital technology, in 2006 we partnered with RealD to install their 3D systems in our theatres. As of April 1, 2010, on a pro forma basis, we had 516 3D-enabled systems. During the past year, 3D films have generated approximately 40% more in attendance than the standard 2D versions of the same film at an additional \$1 to \$5 per ticket. Concurrent with our digital rollout, we plan on having over 1,500 RealD screens across our theatre circuit by the end of fiscal 2012.

During fiscal 2010, we introduced our proprietary large-screen digital format, ETX, at four locations. ETX features wall-to-wall screens that are 20% larger than traditional screens, a custom sound system that is three times more powerful than a traditional auditorium, and digital projection with twice the clarity of high definition. We charge a premium price for the ETX

Table of Contents

experience, which, in combination with higher attendance levels, produces average weekly box office per print that is 140% more than standard 2D versions of the same movie. We plan to install an additional 20 to 25 of our proprietary ETX large screen formats during fiscal 2011.

***Broaden and Enhance Food and Beverage Offerings.*** To address consumer trends, we are expanding our menu of premium food and beverage products to include alcohol, healthy items, made-to-order items, customized coffee, hot food items and other gourmet products. We plan to invest across a spectrum of enhanced food and beverage formats, from simple, less capital-intensive concession design improvements to the development of new in-theatre dining options. We have successfully implemented our in-theatre dining offerings to rejuvenate theatres approaching the end of their useful lives as traditional movie theatres and, in some of our larger theatres to more efficiently leverage their additional capacity. The costs of these conversions in some cases are partially covered by investments from the theatre landlord. We plan to continue to invest in enhanced food and beverage offerings across 125 to 150 theatres over the next three years, including approximately 30 theatres that will offer one of our in-theatre dining options.

***Disciplined Approach to Theatre Portfolio Management.*** We evaluate the potential for new theatres and, where appropriate, replace underperforming theatres with newer, more modern theatres that offer amenities consistent with our portfolio. We also intend to selectively pursue acquisitions where the characteristics of the location, overall market and facilities further enhance the quality of our theatre portfolio. Historically, we have demonstrated a successful track record of integrating acquisitions such as Loews, General Cinema and Kerasotes. For example, our January 2006 acquisition of Loews combined two leading theatrical exhibition companies, each with a long history of operating in the industry, thereby increasing the number of screens we operated by 47%.

***Maximize Guest Engagement and Loyalty.*** In addition to differentiating the AMC Entertainment movie-going experience by deploying new sight and sound formats, as well as food and beverage offerings, we are also focused on creating differentiation through guest marketing. We are already the most recognized theatre exhibition brand, with almost 60% brand awareness in the United States. We are actively marketing our own "AMC experience" message to our customers. We have also refocused our marketing to drive active engagement with our customers through a redesigned website, Facebook, Twitter and push email campaigns. As of July 12, 2010, we had approximately 160,000 friends on Facebook, and we engaged directly with our guests via close to 32 million emails in fiscal 2010. In addition, our frequent moviegoer loyalty program is scheduled to re-launch during 2011 with a new, more robust fee-based program. Our loyalty program currently has approximately 1.5 million active members. Additional marketing initiatives include:

The launch of amcentertainment.com and upgraded Interactive Voice Response ("IVR") systems to supplant traditional communication via newspapers with contemporary engagement platforms that offer comprehensive theatre, show time and movie-related information. Additional means of consumer engagement are being expanded to include email, social networking, and Short Message Service ("SMS") messaging.

The addition of music, sports and other special events to transform our buildings into full-fledged entertainment venues. This growing complement to traditional content has grown to 62 events in fiscal 2010, including the very popular Metropolitan Opera series.

Targeting film content to the ethnic/lifestyles within individual theatre trade areas, which enables us to drive incremental traffic and create greater guest engagement. Our circuit-within-a-circuit initiative includes a number of guest profiles, including independent films, Latino, Bollywood, Asian/Korean and Urban.

***Continue to Achieve Operating Efficiencies.*** We believe that the size of our theatre circuit, our major market concentration and the breadth of our operations will allow us to continue to achieve

Table of Contents

economies of scale and further improve operating margins. Our operating strategies are focused in the following areas:

Optimizing our pricing model and yield management through implementation of value-oriented pricing during periods of low capacity utilization balanced with more aggressive pricing during peak operating periods and for higher perceived value offerings such as premium formats, reserved seating and in-theatre dining amenities. By building upon our highly productive theatre circuit and our ongoing development of premium experiences, we have increased our pricing power in the marketplace.

Enhancing focus on leveraging our scale to lower our cost of doing business without sacrificing quality or the important elements of guest satisfaction. For example, during fiscal 2010, we reorganized our procurement function and implemented a number of other initiatives that allowed for vendor consolidation, more targeted marketing and promotional efforts, and energy management programs that generated an aggregate annual savings of approximately \$15.5 million.

Lowering occupancy costs in many of our facilities by renegotiating rental agreements with landlords, strictly enforcing co-tenancy provisions and effective auditing of common area billings. In fiscal 2010, we negotiated rental reductions and enforced co-tenancy provisions in 15 of our leases, generating savings of \$8.1 million.

**Film Licensing**

We predominantly license "first-run" motion pictures from distributors owned by major film production companies and from independent distributors. We license films on a film-by-film and theatre-by-theatre basis. We obtain these licenses based on several factors, including number of seats and screens available for a particular picture, revenue potential and the location and condition of our theatres. We pay rental fees on a negotiated basis.

During the period from 1990 to 2009, the annual number of first-run motion pictures released by distributors in the United States ranged from a low of 370 in 1995 to a high of 633 in 2008, according to the Motion Picture Association 2009 Theatrical Market Statistics.

North American film distributors typically establish geographic film licensing zones and generally allocate available film to one theatre within each zone. Film zones generally encompass a radius of three to five miles in metropolitan and suburban markets, depending primarily upon population density. In film zones where we are the sole exhibitor, we obtain film licenses by selecting a film from among those offered and negotiating directly with the distributor. As of April 1, 2010, approximately 88% of our screens in the United States and Canada were located in film licensing zones where we are the sole exhibitor.

Our licenses typically state that rental fees are based on either aggregate terms established prior to the opening of the picture or on a mutually agreed settlement upon the conclusion of the picture run. Under an aggregate terms formula, we pay the distributor a specified percentage of box office receipts or pay based on a scale of percentages tied to different amounts of box office gross. The settlement process allows for negotiation based upon how a film actually performs.

There are several distributors which provide a substantial portion of quality first-run motion pictures to the exhibition industry. These include Paramount Pictures, Twentieth Century Fox, Warner Bros. Distribution, Buena Vista Pictures (Disney), Sony Pictures Releasing, and Universal Pictures. Films licensed from these distributors accounted for approximately 84% of our U.S. and Canadian admissions revenues during fiscal 2010. Our revenues attributable to individual distributors may vary significantly from year to year depending upon the commercial success of each distributor's

Table of Contents

motion pictures in any given year. In fiscal 2010, no single distributor accounted for more than 20% of our box office admissions.

**Concessions**

Concessions sales are our second largest source of revenue after box office admissions. Concessions items include popcorn, soft drinks, candy, hot dogs and other products. Different varieties of candy and soft drinks are offered at our theatres based on preferences in that particular geographic region. We have also implemented "combo-meals," which offer a pre-selected assortment of concessions products and offer co-branded and private label products that are unique to us.

Our strategy emphasizes prominent and appealing concessions counters designed for rapid service and efficiency. We design our megaplex theatres to have more concessions capacity to make it easier to serve larger numbers of customers. Strategic placement of large concessions stands within theatres increases their visibility, aids in reducing the length of lines, allows flexibility to introduce new concepts and improves traffic flow around the concessions stands.

We negotiate prices for our concessions products and supplies directly with concessions vendors on a national or regional basis to obtain high volume discounts or bulk rates and marketing incentives.

Our entertainment and dining experience at certain theatres features casual and premium upscale in-theatre dining options as well as bar and lounge areas.

**Properties**

The following table sets forth the general character and ownership classification of our theatre circuit, excluding unconsolidated joint ventures and managed theatres, as of April 1, 2010, on a pro forma basis:

Property Holding Classification	Theatres	Screens
Owned	34	228
Leased pursuant to ground leases	6	73
Leased pursuant to building leases	332	4,941
<b>Total</b>	<b>372</b>	<b>5,242</b>

Our theatre leases generally have initial terms ranging from 15 to 20 years, with options to extend the leases for up to 20 additional years. The leases typically require escalating minimum annual rent payments and additional rent payments based on a percentage of the leased theatre's revenue above a base amount and require us to pay for property taxes, maintenance, insurance and certain other property-related expenses. In some instances, our escalating minimum annual rent payments are contingent upon increases in the consumer price index. In some cases, our rights as tenant are subject and subordinate to the mortgage loans of lenders to our lessors, so that if a mortgage were to be foreclosed, we could lose our lease. Historically, this has never occurred.

We lease our corporate headquarters in Kansas City, Missouri.

Currently, the majority of the concessions, projection, seating and other equipment required for each of our theatres are owned. In the future, we expect the majority of our digital projection equipment to be leased from DCIP.

**Employees**

As of April 1, 2010, on a pro forma basis, we employed approximately 1,100 full-time and 19,500 part-time employees. Approximately 39% of our U.S. theatre associates were paid the minimum wage.

Table of Contents

Fewer than 2% of our U.S. employees, consisting primarily of motion picture projectionists, are represented by a union, the International Alliance of Theatrical Stagehand Employees and Motion Picture Machine Operators (and affiliated local unions). We believe that our relationship with this union is satisfactory. We consider our employee relations to be good.

**Theatrical Exhibition Industry and Competition**

Theatrical exhibition is the primary initial distribution channel for new motion picture releases, and we believe that the theatrical success of a motion picture is often the most important factor in establishing the film's value in the other parts of the product life cycle (DVD, cable television and other ancillary markets).

Theatrical exhibition has demonstrated long-term steady growth. U.S. and Canadian box office revenues increased by a 3.8% CAGR over the last 20 years, driven by increases in both ticket prices and attendance. Ticket prices have grown steadily over the past 20 years at a 3.2% CAGR. In calendar 2009, industry box office revenues for the United States and Canada were \$10.6 billion, an increase of 10% from calendar 2008.

The following table represents information about the exhibition industry obtained from the National Association of Theatre Owners ("NATO").

Calendar Year	Box Office Revenues (in millions)	Attendance (in millions)	Average Ticket Price	Number of Theatres	Indoor Screens	Screens Per Theatre
2009	\$ 10,600	1,414	\$ 7.50	5,561	38,605	6.9
2008	9,634	1,341	7.18	5,403	38,934	7.2
2007	9,632	1,400	6.88	5,545	38,159	6.9
2006	9,170	1,401	6.55	5,543	37,776	6.8
2005	8,820	1,376	6.41	5,713	37,092	6.5

There are approximately 816 companies competing in the North American theatrical exhibition industry, approximately 442 of which operate four or more screens. Industry participants vary substantially in size, from small independent operators to large international chains. Based on information obtained from Rentrak, we believe that the four largest exhibitors (in terms of box office revenue) generated approximately 54% of the box office revenues in 2009. This statistic is up from 33% in 2000 and is evidence that the theatrical exhibition business in the United States and Canada has been consolidating. According to NATO, average screens per theatre have increased from 6.5 in 2005 to 6.9 in 2009, which we believe is indicative of the industry's development of megaplex theatres.

Our theatres are subject to varying degrees of competition in the geographic areas in which they operate. Competition is often intense with respect to attracting patrons, licensing motion pictures and finding new theatre sites. Where real estate is readily available, there are few barriers preventing another company from opening a theatre near one of our theatres, which may adversely affect operations at our theatre. However, in certain of our densely populated major metropolitan markets, we believe a scarcity of attractive retail real estate opportunities enhances the strategic value of our existing theatres. We also believe the complexity inherent in operating in these major metropolitan markets is a deterrent to other less sophisticated competitors, protecting our market share position.

The theatrical exhibition industry faces competition from other forms of out-of-home entertainment, such as concerts, amusement parks and sporting events, and from other distribution channels for filmed entertainment, such as cable television, pay per view and home video systems, as well as from all other forms of entertainment.

Table of Contents

We believe the theatrical exhibition industry will continue to be attractive for a number of key reasons, including:

**Adoption of Digital Technology.** The theatrical exhibition industry is in the initial stages of converting from film-based to digital projection technology. Digital projection results in a premium visual experience for patrons, and digital content gives the theatre operator greater flexibility in programming. The industry will benefit from the conversion to digital delivery, alternative content, 3D formats and dynamic pricing models. As theatre exhibitors have adopted digital technology, the theatre circuits have shown enhanced productivity, profitability and efficiency. Digital technology has increased attendance and average ticket prices. Digital technology also facilitates live and pre-recorded networked and single-site meetings and corporate events in movie theatres and will allow for the distribution of live and pre-recorded entertainment content and the sale of associated sponsorships.

**Long History of Steady Growth.** The theatrical exhibition industry has produced steady growth in revenues over the past several decades. In recent years, net new build activity has slowed, and screen count has rationalized and is expected to decline in the near term before stabilizing, thereby increasing revenue per screen for existing theatres. The combination of the popularity of movie-going, its steady long-term growth characteristics and consolidation and the industry's relative maturity makes theatrical exhibition a high cash flow generating business today. Box office revenues in the United States and Canada have increased at a 3.8% CAGR over the last 20 years, driven by increases in both ticket prices and attendance across multiple economic cycles. The industry has also demonstrated its resilience to economic downturns; during four of the last six recessions, attendance and box office revenues grew an average of 8.1% and 12.3%, respectively.

**A Highly Popular and Affordable Out-of-Home Entertainment Experience.** Going to the movies has been one of the most popular and affordable out-of-home entertainment options for decades. The estimated average price of a movie ticket was \$7.50 in calendar 2009, considerably less than other out-of-home entertainment alternatives such as concerts and sporting events. In calendar 2009, attendance at indoor movie theatres in the United States and Canada was 1.4 billion. This contrasts to the 119 million combined annual attendance generated by professional baseball, basketball and football over the same time period.

**Importance to Content Providers.** We believe that the theatrical success of a motion picture is often the key determinant in establishing the film's value in the other parts of the product life cycle, such as DVD, cable television, merchandising and other ancillary markets. For each \$1 of theatrical box office receipts, an average of \$1.33 of additional revenue is generated in the remainder of a film's product life cycle. As a result, we believe motion picture studios will continue to work cooperatively with theatrical exhibitors to ensure the continued value of the theatrical window.

**Regulatory Environment**

The distribution of motion pictures is, in large part, regulated by federal and state antitrust laws and has been the subject of numerous antitrust cases. The consent decrees resulting from one of those cases, to which we were not a party, have a material impact on the industry and us. Those consent decrees bind certain major motion picture distributors and require the motion pictures of such distributors to be offered and licensed to exhibitors, including us, on a film-by-film and theatre-by-theatre basis. Consequently, we cannot assure ourselves of a supply of motion pictures by entering into long-term arrangements with major distributors, but must compete for our licenses on a film-by-film and theatre-by-theatre basis.

Our theatres must comply with Title III of the Americans with Disabilities Act, or ADA. Compliance with the ADA requires that public accommodations "reasonably accommodate" individuals with disabilities and that new construction or alterations made to "commercial facilities" conform to

Table of Contents

accessibility guidelines unless "structurally impracticable" for new construction or technically infeasible for alterations. Non-compliance with the ADA could result in the imposition of injunctive relief, fines, and awards of damages to private litigants or additional capital expenditures to remedy such noncompliance. Although we believe that our theatres are in substantial compliance with the ADA, in January 1999 the Civil Rights Division of the Department of Justice, or the Department, filed suit against us alleging that certain of our theatres with stadium-style seating violate the ADA. In separate rulings in 2002 and 2003, the Court ruled against us in the "line of sight" and the "non-line of sight" aspects of this case. In 2003, the Court entered a consent order and final judgment about the non-line of sight aspects of this case. On December 5, 2008, the Ninth Circuit Court of Appeals reversed the trial court as to the appropriate remedy and remanded the case back to the trial court for findings consistent with its decision. The Company and the Department are negotiating the extent of betterments related to the remaining remedies required for line-of-sight violations consistent with the Ninth Circuit's decision. Absent settlement, the case will be tried in February 2011. See " Legal Proceedings."

As an employer covered by the ADA, we must make reasonable accommodations to the limitations of employees and qualified applicants with disabilities, provided that such reasonable accommodations do not pose an undue hardship on the operation of our business. In addition, many of our employees are covered by various government employment regulations, including minimum wage, overtime and working conditions regulations.

Our operations also are subject to federal, state and local laws regulating such matters as construction, renovation and operation of theatres as well as wages and working conditions, citizenship, health and sanitation requirements and licensing. We believe our theatres are in material compliance with such requirements.

We also own and operate theatres and other properties which may be subject to federal, state and local laws and regulations relating to environmental protection. Certain of these laws and regulations may impose joint and several liability on certain statutory classes of persons for the costs of investigation or remediation of contamination, regardless of fault or the legality of original disposal. We believe our theatres are in material compliance with such requirements.

**Seasonality**

Our revenues are dependent upon the timing of motion picture releases by distributors. The most marketable motion pictures are usually released during the summer and the year-end holiday seasons. Therefore, our business is highly seasonal, with higher attendance and revenues generally occurring during the summer months and holiday seasons. Our results of operations may vary significantly from quarter to quarter.

**Legal Proceedings**

In the normal course of business, we are party to various legal actions. Except as described below, management believes that the potential exposure, if any, from such matters would not have a material adverse effect on the financial condition, cash flows or results of operations of the Company.

*United States of America v. AMC Entertainment Inc. and American Multi Cinema, Inc.* (No. 99 01034 FMC (SHx), filed in the U.S. District Court for the Central District of California). On January 29, 1999, the Department filed suit alleging that our stadium-style theatres violated the ADA and related regulations. The Department alleged that we had failed to provide persons in wheelchairs seating arrangements with lines-of-sight comparable to the general public. The Department alleged various non-line-of-sight violations as well. The Department sought declaratory and injunctive relief regarding existing and future theatres with stadium-style seating, compensatory damages in the approximate amount of \$75,000 and a civil penalty of \$110,000.

Table of Contents

As to line-of-sight matters, the trial court entered summary judgment in favor of the Department as to both liability and as to the appropriate remedy. On December 5, 2008, the Ninth Circuit Court of Appeals reversed the trial court as to the appropriate remedy and remanded the case back to the trial court for findings consistent with its decision. The Company and the Department are negotiating the extent of betterments related to the remaining remedies required for line-of-sight violations consistent with the Ninth Circuit's decision. The improvements will likely be made over a five-year term. Absent settlement, the case will be tried in February 2011. We have recorded a liability of approximately \$349,000 for estimated fines related to this matter.

As to the non-line-of-sight aspects of the case, on January 21, 2003, the trial court entered summary judgment in favor of the Department on matters such as parking areas, signage, ramps, location of toilets, counter heights, ramp slopes, companion seating and the location and size of handrails. On December 5, 2003, the trial court entered a consent order and final judgment on non-line-of-sight issues under which we agreed to remedy certain violations at our stadium-style theatres and at certain theatres we may open in the future. Currently we estimate that these betterments will be required at approximately 140 stadium-style theatres. We estimate that the total cost of these betterments will be approximately \$54.0 million, and through April 1, 2010 we have incurred approximately \$33.4 million of these costs. The estimate is based on actual costs incurred on remediation work completed to date. The actual costs of betterments may vary based on the results of surveys of the remaining theatres.

*Michael Bateman v. American Multi-Cinema, Inc.* (No. CV07-00171). In January 2007, a class action complaint was filed against AMC in the Central District of the United States District Court of California (the "District Court") alleging violations of the Fair and Accurate Credit Transactions Act ("FACTA"). FACTA provides in part that neither expiration dates nor more than the last five numbers of a credit or debit card may be printed on receipts given to customers. FACTA imposes significant penalties upon violators where the violation is deemed to have been willful. Otherwise damages are limited to actual losses incurred by the card holder. On October 24, 2008, the District Court denied plaintiff's renewed motion for class certification. Plaintiff has appealed this decision to the Ninth Circuit Court of Appeals and the case is stayed pending this appeal.

On May 14, 2009, Harout Jarchafjian filed a similar lawsuit alleging that we willfully violated FACTA and seeking statutory damages, but without alleging any actual injury (*Jarchafjian v. American Multi-Cinema, Inc.* (C.D. Cal. Case No. CV09-03434)). The Jarchafjian case has been deemed related to the Bateman case and is stayed pending a Ninth Circuit decision in the Bateman case. The Company believes the plaintiff's allegations in both these cases, particularly those asserting our willfulness, are without merit.

*Union Sponsored Pension Plan.* On November 7, 2008, the Company received notice of a written demand for payment of a partial withdrawal liability assessment from a collectively bargained multiemployer pension plan that covers certain of its unionized theatre employees. Based on a payment schedule that the Company received from this plan in December 2008, the Company began making quarterly payments on January 1, 2009 related to the \$5.3 million in partial withdrawal liability. In the second quarter of fiscal 2010, the Company made a complete withdrawal from the plan which triggered an additional liability of \$1.4 million which was assessed by the plan on April 19, 2010. As of April 1, 2010, the Company has recorded a liability related to this matter in the amount of \$4.0 million and has made contributions including interest charges of approximately \$2.9 million. The final withdrawal liability amount may be adjusted based on a legal review of the plan's assessment, the Company's records and ensuing discussions with the plan's trustees.

**Board of Directors**

Upon the closing of this offering, we will amend and restate our current certificate of incorporation and file such amended and restated certificate of incorporation with the State of Delaware. Pursuant to such amended and restated certificate of incorporation, our board of directors will consist of between 7 and 15 directors. A majority of the board of directors will constitute a quorum for board meetings. The convening of a special meeting will be subject to advance written notice to all directors.

We intend to avail ourselves of the "controlled company" exception under the applicable national securities exchange rules, which eliminates the requirement that we have a majority of independent directors on our board of directors and that we have compensation and nominating committees composed entirely of independent directors, but retains the requirement that we have an audit

Table of Contents

committee composed entirely of independent members. Our board of directors currently consists of nine directors. Prior to the consummation of this offering, we will add one independent director to our board. Within three months following the closing of this offering, our board of directors will consist of 11 directors, including two independent directors designated by the Sponsors one of which was designated prior to the consummation of this offering. We expect to add one additional independent director, also designated by the Sponsors, to our board of directors within 12 months after the closing of this offering.

Pursuant to our amended and restated certificate of incorporation, our board of directors will be divided into three classes. The members of each class will serve for a staggered, three-year term. Upon the expiration of the term of a class of directors, directors in that class will be elected for three-year terms, subject to the Sponsors' board designation rights, at the annual meeting of stockholders in the year in which their term expires. The classes are composed as follows:

, and the two additional independent directors we expect to be designated to our board of directors within 12 months after the closing of this offering will be Class I directors, whose terms will expire at the 2011 annual meeting of stockholders;

, and will be Class II directors, whose terms will expire at the 2012 annual meeting of stockholders; and

, and will be Class III directors, whose terms will expire at the 2013 annual meeting of stockholders.

Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. This classification of our board of directors may have the effect of delaying or preventing changes in control of our company.

If at any time we cease to be a "controlled company" under the applicable national securities exchange rules, the board of directors will take all action necessary to comply with such national securities exchange rules, including appointing a majority of independent directors to the board and establishing certain committees composed entirely of independent directors.

**Committees of the Board of Directors**

*Audit Committee*

Upon consummation of this offering, our audit committee will consist of , and (the "Audit Committee"). The board of directors has determined that Mr. qualifies as an Audit Committee financial expert as defined in Item 401(h) of Regulation S-K. Mr. is independent as independence is defined in Rule 10A-3(b)(i) under the Exchange Act or under the applicable section of the national securities exchange rules. Within three months of the closing of this offering, the Audit Committee will be comprised of Mr. , Mr. and one additional independent director designated by the Sponsors. Within one year of the closing of this offering, we will nominate one additional independent director to replace Mr. on the Audit Committee so that our Audit Committee will be comprised of three independent members, all of whom will be financially literate.

The principal duties and responsibilities of our Audit Committee are as follows:

to monitor our financial reporting process and internal control system;

to appoint and replace our independent registered public accounting firm from time to time, determine their compensation and other terms of engagement and oversee their work;

to oversee the performance of our internal audit function; and

Table of Contents

to oversee our compliance with legal, ethical and regulatory matters.

The Audit Committee will have the power to investigate any matter brought to its attention within the scope of its duties. It will also have the authority to retain counsel and advisors to fulfill its responsibilities and duties.

*Compensation Committee*

Upon consummation of this offering, our compensation committee will consist of \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_ (the "Compensation Committee").

The principal duties and responsibilities of our Compensation Committee are as follows:

to provide oversight on the development and implementation of the compensation policies, strategies, plans and programs for our key employees and outside directors and disclosure relating to these matters;

to review and approve the compensation of our chief executive officer and the other executive officers of us and our subsidiaries; and

to provide oversight concerning the compensation of our chief executive officer, succession planning, performance of the chief executive officer and related matters.

*Nominating & Corporate Governance Committee*

Upon consummation of this offering, our nominating committee will consist of \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_.

The principal duties and responsibilities of the nominating committee will be as follows:

to establish criteria for board and committee membership and recommend to our board of directors proposed nominees for election to the board of directors and for membership on committees of the board of directors; and

to make recommendations to our board of directors regarding board governance matters and practices.

**Code of Business Conduct and Ethics**

We have a Code of Business Conduct and Ethics that applies to all of our associates, including our principal executive officer, principal financial officer and principal accounting officer, or persons performing similar functions. These standards are designed to deter wrongdoing and to promote honest and ethical conduct. The Code of Business Conduct and Ethics, which address the subject areas covered by the SEC's rules, are posted on our website: [www.amcentertainment.com](http://www.amcentertainment.com) under "Investor Relations Corporate Governance." Any substantive amendment to, or waiver from, any provision of the Code of Business Conduct and Ethics with respect to any senior executive or financial officer shall be posted on this website. **The information contained on our website is not part of this prospectus.**

**COMPENSATION DISCUSSION AND ANALYSIS**

This section discusses the material elements of compensation awarded to, earned by or paid to our principal executive officer, our principal financial officer, our three other most highly compensated executive officers as well as an additional executive officer whose compensation otherwise would have been subject to reporting had there not been any option grants in fiscal 2010. These individuals are referred to as the "Named Executive Officers."

Our executive compensation programs are determined and approved by our Compensation Committee. None of the Named Executive Officers are members of the Compensation Committee or otherwise had any role in determining the compensation of other Named Executive Officers, although the Compensation Committee does consider the recommendations of our Chief Executive Officer in setting compensation levels for our executive officers other than the Chief Executive Officer.

**Executive Compensation Program Objectives and Overview**

The goals of the Compensation Committee with respect to executive compensation are to attract, retain, motivate and reward talented executives, to tie annual and long-term compensation incentives to the achievement of specified performance objectives, and to achieve long-term creation of value for our stockholders by aligning the interests of these executives with those of our stockholders. To achieve these goals, we endeavor to maintain compensation plans that are intended to tie a substantial portion of executives' overall compensation to key strategic, operational and financial goals such as achievement of budgeted levels of adjusted EBITDA or revenue, and other non-financial goals that the Compensation Committee deems important. From time to time, the Compensation Committee evaluates individual executive performance with a goal of setting compensation at levels they believe, based on industry comparables and their general business and industry knowledge and experience, are comparable with executives in other companies of similar size and stage of development operating in the theatrical exhibition industry and similar retail type businesses, while taking into account our relative performance and our own strategic goals.

We conduct a periodic review of the aggregate level of our executive compensation as part of the annual budget review and annual performance review processes, which includes determining the operating metrics and non-financial elements used to measure our performance and to compensate our executive officers. This review is based on our knowledge of how other theatrical exhibition industry and similar retail type businesses measure their executive performance and on the key operating metrics that are critical in our effort to increase the value of our company.

**Current Executive Compensation Program Elements**

Our executive compensation program consists of the elements described in the following sections. The Compensation Committee determines the portion of compensation allocated to each element for each individual Named Executive Officer. Our Compensation Committee expects to continue these policies in the short term but will reevaluate the current policies and practices as it considers advisable.

The Compensation Committee believes based on their general business and industry experience and knowledge that the use of the combination of base salary, discretionary annual performance bonuses, and long-term incentives (including stock option or other stock-based awards) offers the best approach to achieving our compensation goals, including attracting and retaining talented and capable executives and motivating our executives and other officers to expend maximum effort to improve the business results, earnings and overall value of our business.

Table of Contents

***Base Salaries***

Base salaries for our Named Executive Officers are established based on the scope of their responsibilities, taking into account competitive market compensation for similar positions, as well as seniority of the individual, our ability to replace the individual and other primarily judgmental factors deemed relevant by the Compensation Committee. Generally, we believe that executive base salaries should be targeted near the median of the range of salaries for executives in similar positions with similar responsibilities at comparable companies, in line with our compensation philosophy, but we do not make any determinations or changes in compensation in reaction to market data alone. The Compensation Committee's goal is to provide total compensation packages that are competitive with prevailing practices in our industry and in the geographic markets in which we conduct business. However, the Compensation Committee retains flexibility within the compensation program to respond to and adjust for specific circumstances and our evolving business environment. Periodically, the Company obtains information regarding the salaries of employees at comparable companies, including approximately 150 multi-unit businesses in the retail, entertainment and food service industries. Base salaries for our Named Executive Officers are reviewed at appropriate times by the Compensation Committee and may be increased from time to time pursuant to such review and/or in accordance with guidelines contained in the various employment agreements in order to realign salaries with market levels after taking into account individual responsibilities, performance and experience. Base salaries for our Named Executive Officers were essentially unchanged from fiscal 2009 to fiscal 2010.

***Annual Performance Bonus***

The Compensation Committee has the authority to award annual performance bonuses to our Named Executive Officers. Under the current employment agreements, each Named Executive Officer is eligible for an annual bonus based on our annual incentive compensation program as it may exist from time to time. We believe that annual bonuses based on performance serve to align the interests of management and stockholders, and our annual bonus program is primarily designed to reward increases in adjusted EBITDA. Individual bonuses are performance based and, as such, can be highly variable from year to year. The annual incentive bonuses for our Named Executive Officers are determined by our Compensation Committee and, except with respect to his own bonus, our chief executive officer, based on our annual incentive compensation program as it may exist from time to time. For fiscal 2010, the annual incentive compensation program was based on a company component and an individual component. The company component was based primarily on attainment of an adjusted EBITDA target of \$314,811,000. The plan guideline was that no company performance component of the bonus would be paid below attainment of 90% of targeted adjusted EBITDA and that upon attainment of 100% of targeted adjusted EBITDA, each Named Executive Officer would receive 100% of his assigned bonus target. Upon attainment of 110% of targeted adjusted EBITDA, each Named Executive Officer would receive a maximum of 200% of his assigned bonus target. The individual component of the bonus does not have an adjusted EBITDA threshold but is based on achievement of key performance measures and overall performance and contribution to our strategic and financial goals. Under the annual incentive compensation program, our Compensation Committee and, except with respect to his own bonus, chief executive officer, retain discretion to decrease or increase bonuses relative to the guidelines based on qualitative or other objective factors deemed relevant by the Compensation Committee.

Table of Contents

The following table summarizes the company component upon attainment of 100% of targeted adjusted EBITDA and the individual component of the annual performance bonus plan for fiscal 2010:

	<b>Company Component at 100% Target</b>	<b>Individual Component</b>
Gerardo I. Lopez	\$ 392,000	\$ 98,000
Craig R. Ramsey	200,200	50,050
John D. McDonald	200,200	50,050
Robert J. Lenihan	151,400	37,850
Kevin M. Connor	156,000	39,000
Samuel D. Gourley	138,000	34,500

Our annual bonuses have historically been paid in cash and traditionally have been paid in a single installment in the first quarter following the completion of a given fiscal year. Pursuant to current employment agreements, each Named Executive Officer is eligible for an annual bonus pursuant to the annual incentive plan in place at the time. The Compensation Committee has discretion to increase the annual bonus paid to our Named Executive Officers using its judgment if the Company exceeds certain financial goals, or to reward for achievement of individual annual performance objectives. Our Compensation Committee and the Board of Directors have approved bonus amounts that have been paid in fiscal 2011 for the performance during fiscal 2010. We obtained an adjusted EBITDA of 104% of target for fiscal 2010 which is equivalent to an approximate 142% payout of the assigned bonus target. The individual component of the bonus was determined following a review of each Named Executive Officer's individual performance and contribution to our strategic and financial goals. For fiscal 2010, this review was conducted during the first quarter of fiscal 2011.

***Special Incentive Bonus***

Pursuant to his employment agreement, Mr. Gerardo Lopez is entitled to a one-time special incentive bonus of \$2,000,000 that vests at the rate of \$400,000 per year over five years, effective March 2009, provided that he remains employed on each vesting date. The first three installments of the special incentive bonus are payable on the third anniversary and the fourth and fifth installments are payable upon vesting. The special incentive bonus of \$2,000,000 shall immediately vest in full upon Mr. Lopez's involuntary termination within twelve months after a change of control, as defined in the employment agreement. As of April 1, 2010, Mr. Lopez has vested in one-fifth, or \$400,000, of this special incentive bonus to be paid on his third anniversary.

***Long Term Incentive Equity Awards***

In connection with the holdco merger, on June 11, 2007, we adopted an amended and restated 2004 stock option plan (formerly known as the 2004 Stock Option Plan), which provides for the grant of incentive stock options (within the meaning of Section 422 of the Internal Revenue Code) and non-qualified stock options to acquire our common stock to eligible employees and consultants and our non-employee directors. Options granted under the plan vest in equal installments over three to five years from the grant date, subject to the optionee's continued service with Parent or one of its subsidiaries. The Compensation Committee approved stock option grants to Mr. Robert Lenihan and Mr. Samuel Gourley during fiscal 2010.

***Retirement Benefits***

We provide retirement benefits to the Named Executive Officers under both qualified and non-qualified defined-benefit and defined-contribution retirement plans. The Defined Benefit Retirement Income Plan for Certain Employees of American Multi-Cinema, Inc. ("AMC Defined

Table of Contents

Benefit Retirement Income Plan") and the AMC 401(k) Savings Plan are both tax-qualified retirement plans in which the Named Executive Officers participate on substantially the same terms as our other participating employees. However, due to maximum limitations imposed by the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code on the annual amount of a pension which may be paid under a qualified defined-benefit plan and on the maximum amount that may be contributed to a qualified defined-contribution plan, the benefits that would otherwise be payable to the Named Executive Officers under the Defined Benefit Retirement Income Plan are limited. Because we did not believe that it was appropriate for the Named Executive Officers' retirement benefits to be reduced because of limits under ERISA and the Internal Revenue Code, we had established non-qualified supplemental defined-benefit plans that permit the Named Executive Officers to receive the same benefit that would be paid under our qualified defined-benefit plan up to the old IRS limit, as indexed, as if the Omnibus Budget Reconciliation Act of 1993 had not been in effect. On November 7, 2006, our Board of Directors approved a proposal to freeze the AMC Defined Benefit Retirement Income Plan and our supplemental defined-benefit plans, the AMC Supplemental Executive Retirement Plan and the AMC Retirement Enhancement Plan, effective as of December 31, 2006. The Compensation Committee determined that these types of plans are not as effective as other elements of compensation in aligning executives' interests with the interests of stockholders, a particularly important consideration for a public company. As a result, the Compensation Committee determined to freeze these plans. Benefits no longer accrue under the AMC Defined Benefit Retirement Income Plan, the AMC Supplemental Executive Retirement Plan or the AMC Retirement Enhancement Plan for our Named Executive Officers or for other participants.

Effective for fiscal year 2010, under our 401(k) Savings Plan, we matched 50% of each eligible employee's elective contributions up to 6% of the employee's eligible compensation. Previously, Holdings matched 100% of elective contributions up to 5% of employee compensation.

The "Pension Benefits" table and related narrative section " Pension and Other Retirement Plans" below describes our qualified and non-qualified defined-benefit plans in which our Named Executive Officers participate.

***Non-Qualified Deferred Compensation Program***

Named Executive Officers are permitted to elect to defer base salaries and their annual bonuses under the AMC Non-Qualified Deferred Compensation Plan. We believe that providing the Named Executive Officers with deferred compensation opportunities is a cost-effective way to permit officers to receive the tax benefits associated with delaying the income tax event on the compensation deferred, even though the related deduction for the Companies is also deferred.

The "Non-Qualified Deferred Compensation" table and related narrative section " Non-Qualified Deferred Compensation Plan" below describe the non-qualified deferred compensation plan and the benefits thereunder.

***Severance and Other Benefits Upon Termination of Employment***

We believe that severance protections, particularly in the context of a change in control transaction, can play a valuable role in attracting and retaining key executive officers. Accordingly, we provide such protections for each of the Named Executive Officers and for other of our senior officers in their respective employment agreements. The Compensation Committee evaluates the level of severance benefits provided to Named Executive Officers on a case-by-case basis. We consider these severance protections consistent with competitive practices.

As described in more detail below under " Potential Payments Upon Termination or Change in Control" pursuant to their employment agreements, each of the Named Executive Officers would be entitled to severance benefits in the event of termination of employment without cause and certain

Table of Contents

Named Executive Officers would be entitled to severance benefits due to death or disability. In the case of Mr. Lopez, resignation for good reason would also entitle the employee to severance benefits. We have determined that it is appropriate to provide these executives with severance benefits under these circumstances in light of their positions and as part of their overall compensation package.

We believe that the occurrence, or potential occurrence, of a change in control transaction will create uncertainty regarding the continued employment of our executive officers. This uncertainty results from the fact that many change in control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage certain of our executive officers to remain employed with us during an important time when their prospects for continued employment following the transaction are often uncertain, we provide the executives with severance benefits if they terminate their employment within a certain number of days following specified changes in their compensation, responsibilities or benefits following a change in control. No claim for severance due to a change in control has been made by an executive who is a party to an employment agreement providing for such severance benefits since the merger of Marquee Inc. with AMCE (then a change in control for purposes of the agreements). The severance benefits for these executives are generally determined as if they continued to remain employed by us for two years following their actual termination date.

***Perquisites***

The perquisites provided to each Named Executive Officer during fiscal 2010, 2009 and 2008 are reported in the All Other Compensation column of the "Summary Compensation Table" below, and are further described in footnote (5) to that table. Perquisites consist of matching contributions under our 401(k) savings plan, which is a qualified defined contribution plan, life insurance premiums, awards and gifts, relocation expenses, on-site parking, and an award of theatre chairs. Perquisites are benchmarked and reviewed, revised and approved by the Compensation Committee every year.

***Policy with Respect to Section 162(m)***

Section 162(m) of the Internal Revenue Code generally disallows public companies a tax deduction for compensation in excess of \$1,000,000 paid to their chief executive officers and the four other most highly compensated executive officers unless certain performance and other requirements are met. Our intent generally is to design and administer executive compensation programs in a manner that will preserve the deductibility of compensation paid to our executive officers, and we believe that a substantial portion of our current executive compensation program (including the stock options and other awards that may be granted to our Named Executive Officers as described above) satisfies the requirements for exemption from the \$1,000,000 deduction limitation. However, we reserve the right to design programs that recognize a full range of performance criteria important to our success, even where the compensation paid under such programs may not be deductible. The Compensation Committee will continue to monitor the tax and other consequences of our executive compensation program as part of its primary objective of ensuring that compensation paid to our executive officers is reasonable, performance-based and consistent with the goals of AMC Entertainment and our stockholders.

***Actions Taken After Fiscal 2010***

On July 8, 2010, our board of directors approved the adoption of the AMC Entertainment Holdings, Inc. 2010 Equity Incentive Plan, which is described in more detail under "Equity Incentive Plans" below. Our Compensation Committee intends that future equity-based awards will be made pursuant to the 2010 Equity Incentive Plan.

Table of Contents**Summary Compensation Table**

The following table presents information regarding compensation of our principal executive officer, our principal financial officer, our three other most highly compensated executive officers for services rendered during fiscal 2010 as well as an additional executive officer whose compensation otherwise would have been subject to reporting had there not been any option grants in fiscal 2010. These individuals are referred to as "Named Executive Officers."

(1) The principal positions shown are at April 1, 2010. Compensation for Mr. Gerardo Lopez, Mr. Robert Lenihan, and Mr. Samuel Gourley is provided for years where they were Named Executive Officers only.

(2) As required by the SEC Rules, amounts shown in the column, "Option Awards," presents the aggregate grant date fair value of option awards granted in the fiscal year in accordance with accounting rules ASC 718, *Compensation Stock Compensation*. These amounts reflect the Company's accounting expense and do not correspond to the actual value that will be realized by the Named Executive Officers. Options are to acquire shares of our common stock.

In May 2009, Mr. Robert Lenihan and Mr. Samuel Gourley received a stock option grant to purchase and of our common shares, respectively, at a price equal to \$ per share. The options will vest in five equal annual installments, subject to continued employment. The options will expire after ten years from the date of the grant. The valuation assumptions used for these option awards are provided in note 1 to the Company's consolidated financial statements contained elsewhere in this prospectus.

## Table of Contents

In March 2009, Mr. Gerardo Lopez received a stock option grant to purchase common shares at a price equal to \$ per share. The options will vest in five equal annual installments, subject to Mr. Lopez's continued employment. The options will expire after ten years from the date of the grant. The valuation assumptions used for Mr. Lopez's option award are provided in note 1 to the Company's consolidated financial statements contained elsewhere in this prospectus.

No option awards were granted with regards to Named Executive Officers during fiscal 2008. No option awards granted to Named Executive Officers in the above table were forfeited in fiscal 2010, fiscal 2009 or fiscal 2008.

(3) The Compensation Committee has determined the amounts of the annual incentive plan compensation that will be paid to each Named Executive Officer for fiscal 2010. We paid those amounts during the first quarter of fiscal 2011. No bonuses were earned in fiscal 2009 and 2008 under the annual incentive bonus program as we did not meet the minimum targeted adjusted EBITDA threshold established by the Compensation Committee. Further discussion on the annual incentive bonus program for the Named Executive Officers can be found in the *Compensation Discussion and Analysis Annual Performance Bonus* section.

(4) The following table represents the aggregate increases and decreases in actuarial present value of each officer's accumulated benefit amounts. The aggregate decreases in actuarial present value amounts have been omitted from the Summary Compensation Table:

For fiscal 2009, in accordance with the amended guidance for employers' accounting for defined benefit pension and other postretirement plans in Accounting Standards Codification 715, *Compensation Retirement Benefits*, the measurement date used to measure the aggregate change in actuarial present value of accumulated benefit amounts was changed from a measurement date of January 1 to our fiscal year end date, ending on April 2, 2009. See note 11 to our consolidated financial statements contained elsewhere in this prospectus for more information.

This column includes above market earnings for the difference between market interest rates determined pursuant to SEC rules and the 19.7% to 21.6% interest contingently credited by the Company on salary deferred by the Named Executive Officers under the nonqualified deferred salary plan. For fiscal 2010, above market earnings for Mr. Ramsey and Mr. McDonald were \$18,533 and \$1,767, respectively. There were no above market earnings under the nonqualified deferred compensation plan for the Named Executive Officers for fiscal 2009 and 2008. Further discussion on the nonqualified deferred compensation for the Named Executive Officers can be found in the " Nonqualified Deferred Compensation" section.

(5) All Other Compensation is comprised of Company matching contributions under our 401(k) savings plan which is a qualified defined contribution plan, life insurance premiums, automobile related benefits, awards / gifts, relocation expenses, on-site parking, and an award of theatre chairs. **Compensation of Named Executive Officers**

The Summary Compensation Table above quantifies the value of the different forms of compensation earned by or awarded to our Named Executive Officers in fiscal 2010. The primary elements of each Named Executive Officer's total compensation reported in the table are base salary and annual bonus.

The Summary Compensation Table should be read in conjunction with the tables and narrative descriptions that follow. A description of the material terms of each Named Executive Officer's base salary and annual bonus is provided below.

The "Pension Benefits" table and related description of the material terms of our pension plans describe each Named Executive Officer's retirement benefits under the Companies' defined-benefit pension plans to provide context to the amounts listed in the Summary Compensation Table. The discussion in the section "Potential Payments Upon Termination or Change in Control" explains the potential future payments that may become payable to our Named Executive Officers.

***Description of Employment Agreements Salary and Bonus Amounts***

We have entered into employment agreements with each of Messrs. Lopez, Ramsey, McDonald, Lenihan, Connor, and Gourley. Provisions of these agreements relating to outstanding equity incentive awards and post-termination of employment benefits are discussed below.

*Gerardo I. Lopez.* On February 23, 2009, we entered into an employment agreement with Gerardo I. Lopez to serve as its Chief Executive Officer and President. The term of the agreement is for three years, with automatic one-year extensions each year. The agreement provides that Mr. Lopez will receive an initial annualized base salary of \$700,000. The Compensation Committee, based on its review, has discretion to increase (but not reduce) the base salary each year. Mr. Lopez's target incentive bonus for fiscal 2010 was equal to 70% of his annual base salary. In addition, Mr. Lopez is receiving a one-time special incentive bonus that vests at the rate of \$400,000 per year over five years, effective March 2009, provided he remains employed on each vesting date. The first three installments of the special incentive bonus are payable on the third anniversary and the fourth and fifth installments are payable upon vesting. Upon approval by the Compensation Committee, Mr. Lopez received a grant of options to purchase \_\_\_\_\_ shares of our common stock. The options will vest in five equal annual installments, subject to Mr. Lopez's continued employment. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. The agreement also provides that Mr. Lopez will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with related business expenses and travel. Change in control, severance arrangements and restrictive covenants in Mr. Lopez's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

*Craig R. Ramsey.* On July 1, 2001, we entered into an employment agreement with Craig R. Ramsey who serves as the Executive Vice President and Chief Financial Officer and reports directly to our President and Chief Executive Officer. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. Ramsey will receive an initial annualized base salary of \$275,000. The agreement also provides for annual bonuses for Mr. Ramsey based on the applicable incentive compensation program of the company. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. Ramsey will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change in control and

Table of Contents

severance arrangements in Mr. Ramsey's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

*John D. McDonald.* On July 1, 2001, we entered into an employment agreement with John D. McDonald, who serves as an Executive Vice President, North America Operations. Mr. McDonald reports directly to our President and Chief Operating Officer or such officer's designee. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. McDonald will receive an initial annualized base salary of \$275,000. The agreement also provides for annual bonuses for Mr. McDonald based on the applicable incentive compensation program of the Company. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. McDonald will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change in control and severance arrangements in Mr. McDonald's employment agreements are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

*Robert J. Lenihan.* On April 7, 2009, we entered into an employment agreement with Robert J. Lenihan who serves as the President of Film Programming. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. Lenihan will receive an initial annualized base salary of \$410,000 subject to review by the Board of Directors or the Compensation Committee. Based on their review, the Board of Directors or the Compensation Committee have discretion to increase (but not reduce) the base salary each year. The agreement also provides for annual bonuses for Mr. Lenihan based on the applicable incentive compensation program of the Company. The target incentive bonus for each fiscal year during the period of employment shall equal 50% of the base salary. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. Lenihan will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with carrying out the Executive's duties for the Company. Change in control and severance arrangements in Mr. Lenihan's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

*Kevin M. Connor.* On November 6, 2002, we entered into an employment agreement with Kevin M. Connor who serves as the Senior Vice President, General Counsel and Secretary of the Company. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. Connor will receive an initial annualized base salary of \$225,000. The agreement also provides for annual bonuses for Mr. Connor based on the applicable incentive compensation program of the Company. In making its determination with respect to salary and bonus levels, the Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. Connor will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change in control and severance arrangements in Mr. Connor's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

*Samuel D. Gourley.* On July 1, 2001, we entered into an employment agreement with Samuel D. Gourley who serves as the President of AMC Film Programming. The term of the agreement is for one year, with automatic one-year extensions each year. The agreement provides that Mr. Gourley will

receive an initial annualized base salary of \$197,608 plus an additional \$17,500 on an annual basis as a market allowance subject to review by the President, AMC Film Marketing and EVP North America Film Operations, with the approval of our President and Chief Operating Officer. The agreement also provides for annual bonuses for Mr. Gourley based on the applicable incentive compensation program of the Company. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. Gourley will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change in control and severance arrangements in Mr. Gourley's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

**Grants of Plan-based Awards Fiscal 2010**

The following table summarizes equity awards granted to named executive officers during fiscal 2010:

Samuel D. Gourley	05/28/2009	\$	\$	\$	\$	\$	\$				\$

On May 28, 2009, Mr. Lenihan and Mr. Gourley received a grant of stock options to purchase and shares, respectively of Class N Common Stock at a price equal to \$ per share. The options will vest in five equal annual installments, subject to their continued employment. The options shall expire after ten years from the date of the grant. The Company accounts for stock options using the fair value method of accounting and has elected to use the simplified method for estimating the expected term for "plain vanilla" share option grants as it does not have enough historical experience to provide a reasonable estimate. See note 8 to the Company's consolidated financial statements contained elsewhere in this prospectus for more information.

The accumulated benefit is based on service and earnings considered by the plans for the period through April 1, 2010. It includes the value of contributions made by the Named Executive Officers throughout their careers. The present value has been calculated assuming the Named Executive Officers will remain in service until age 65, the age at which retirement may occur without any reduction in benefits, and that the benefit is payable under the available forms of annuity consistent with the plans. The interest assumption is 6.16%. The post-retirement mortality assumption is based on the 2010 IRS Prescribed Mortality-Static Annuitant, male and female mortality table. See note 11 to the Company's consolidated financial statements contained elsewhere in this prospectus for more information.

**Pension and Other Retirement Plans**

We provide retirement benefits to the Named Executive Officers under the terms of qualified and non-qualified defined-benefit plans. The AMC Defined Benefit Retirement Income Plan is a tax-qualified retirement plan in which the Named Executive Officers participate on substantially the same terms as our other participating employees. However, due to maximum limitations imposed by ERISA and the Internal Revenue Code on the annual amount of a pension which may be paid under a qualified defined-benefit plan, the benefits that would otherwise be payable to the Named Executive Officers under the Defined Benefit Retirement Income Plan are limited. Because we did not believe that it was appropriate for the Named Executive Officers' retirement benefits to be reduced because of limits under ERISA and the Internal Revenue Code, we have non-qualified supplemental defined-benefit plans that permit the Named Executive Officers to receive the same benefit that would be paid under our qualified defined-benefit plan up to the old IRS limit, as indexed, as if the Omnibus Budget Reconciliation Act of 1993 had not been in effect. On November 7, 2006, our Board of Directors approved a proposal to freeze the AMC Defined Benefit Retirement Income Plan, and our supplemental plans, the AMC Supplemental Executive Retirement Plan and the AMC Retirement Enhancement Plan, effective as of December 31, 2006. As amended, benefits do not accrue after December 31, 2006, but vesting continues for associates with less than five years of vesting service. The material terms of the AMC Defined Benefit Retirement Income Plan, the AMC Supplemental Executive Retirement Plan and the AMC Retirement Enhancement Plan are described below.

Table of Contents

*AMC Defined Benefit Retirement Income Plan.* The AMC Defined Benefit Retirement Income Plan is a non-contributory defined-benefit pension plan subject to the provisions of ERISA. As mentioned above, the plan was frozen effective December 31, 2006.

The plan provides benefits to certain of our employees based upon years of credited service and the highest consecutive five-year average annual remuneration for each participant. For purposes of calculating benefits, average annual compensation is limited by Section 401(a)(17) of the Internal Revenue Code, and is based upon wages, salaries and other amounts paid to the employee for personal services, excluding certain special compensation. Under the defined benefit plan, a participant earns a vested right to an accrued benefit upon completion of five years of vesting service.

*AMC Supplemental Executive Retirement Plan.* AMC also sponsors a Supplemental Executive Retirement Plan to provide the same level of retirement benefits that would have been provided under the retirement plan had the federal tax law not been changed in the Omnibus Budget Reconciliation Act of 1993 to reduce the amount of compensation which can be taken into account in a qualified retirement plan. The plan was frozen, effective December 31, 2006, and no new participants can enter the plan and no additional benefits can accrue thereafter.

Subject to the forgoing, any individual who is eligible to receive a benefit from the AMC Defined Benefit Retirement Income Plan after qualifying for early, normal or late retirement benefits thereunder, the amount of which is reduced by application of the maximum limitations imposed by the Internal Revenue Code, is eligible to participate in the Supplemental Executive Retirement Plan.

The benefit payable to a participant equals the monthly amount the participant would receive under the AMC Defined Benefit Retirement Income Plan without giving effect to the maximum recognizable compensation for qualified retirement plan purposes imposed by the Internal Revenue Code, as amended by Omnibus Budget Reconciliation Act of 1993, less the monthly amount of the retirement benefit actually payable to the participant under the AMC Defined Benefit Retirement Income Plan, each as calculated as of December 31, 2006. The benefit is an amount equal to the actuarial equivalent of his/her benefit, computed by the formula above, payable in either a lump sum (in certain limited circumstances, specified in the plan) or equal semi-annual installments over a period of two to ten years, with such form, and, if applicable, period, having been irrevocably elected by the participant.

If a participant's employment terminates for any reason (or no reason) before the earliest date he/she qualifies for early, normal or late retirement benefits under the AMC Defined Benefit Retirement Income Plan, no benefit is payable under the Supplemental Executive Retirement Plan.

The activity for Mr. Lopez reflects the vested portion of his Special Incentive Bonus.

**Non-Qualified Deferred Compensation Plan**

We permit the Named Executive Officers and other key employees to elect to receive a portion of their compensation reported in the Summary Compensation Table on a deferred basis. Deferrals of compensation during fiscal 2010 and in recent years have been made under the AMC Non-Qualified Deferred Compensation Plan. Participants of the plan are able to defer annual salary and bonus (excluding commissions, expense reimbursement or allowances, cash and non-cash fringe benefits and any stock-based incentive compensation). Amounts deferred under the plans are credited with an investment return determined as if the participant's account were invested in one or more investment funds made available by the Committee and selected by the participant. We may, but need not, credit the deferred compensation account of any participant with a discretionary or profit sharing credit as determined by us. The deferred compensation account will be distributed either in a lump sum payment or in equal annual installments over a term not to exceed 10 years as elected by the participant and may be distributed pursuant to in-service withdrawals pursuant to certain circumstances. Any such payment shall commence upon the date of a "Qualifying Distribution Event" (as such term is defined in the Non-Qualified Deferred Compensation Plan). The Qualifying Distribution Events are designed to be compliant with Section 409A of the Internal Revenue Code.

Pursuant to his employment agreement, Mr. Gerardo Lopez is entitled to a one-time special incentive bonus of \$2,000,000 that vests at the rate of \$400,000 per year over five years, effective March 2009, provided that he remains employed on each vesting date. The first three installments of the special incentive bonus are payable on the third anniversary and the fourth and fifth installments are payable upon vesting. The special incentive bonus of \$2,000,000 shall immediately vest in full upon Mr. Lopez's involuntary termination within twelve months after a change of control, as defined in the employment agreement. As of April 1, 2010, Mr. Lopez has vested in one-fifth, or \$400,000, of this special incentive bonus to be paid on his third anniversary.

**Potential Payments Upon Termination or Change in Control**

The following section describes the benefits that may become payable to certain Named Executive Officers in connection with a termination of their employment and/or a change in control, changes in responsibilities, salary or benefits. In addition to the benefits described below, outstanding equity-based awards held by our Named Executive Officers may also be subject to accelerated vesting in connection with a change in control of Holdings under the terms of our 2004 Stock Option Plan. Furthermore, upon a termination following a "Change of Control" (as such term is defined in the AMC Retirement

Table of Contents

Enhancement Plan), the Named Executive Officer is entitled to his accrued benefits payable thereunder in a form of payment that he has previously chosen. The Retirement Enhancement Plan and the present value of benefits accumulated under the plan are described above in the table "Pension Benefits" and the accompanying narrative "Pension and Other Retirement Plans."

*Assumptions.* As prescribed by the SEC's disclosure rules, in calculating the amount of any potential payments to the Named Executive Officers under the arrangements described below, we have assumed that the applicable triggering event (i.e., termination of employment and/or change in control) occurred on the last business day of fiscal 2010 and that the price per share of our common stock is equal to the fair market value of a share of our common stock as of that date.

***Gerardo I. Lopez***

Mr. Lopez's employment agreement, described above under "Description of Employment Agreements Salary and Bonus Amounts," provides for certain benefits to be paid to Mr. Lopez in connection with a termination of his employment under the circumstances described below.

*Severance Benefits.* In the event Mr. Lopez's employment is terminated as a result of an involuntary termination during the employment term without cause pursuant to a termination for death, "Disability", or by Mr. Lopez pursuant to a termination for "Good Reason" or after a "Change of Control" (as those terms are defined in the employment agreement), Mr. Lopez will be entitled to severance pay equal to two times the sum of his base salary plus the average of each Incentive Bonus paid to the Executive during the 24 months preceding the severance date (or previous year, if he has not been employed for two bonus cycles as of the severance date). If his employment is terminated before determination of the first Incentive Bonus for which he is eligible under the agreement, then the amount shall be based upon the average actual percentage of target bonus paid to executive officers who participated in the Company's annual bonus plan in the preceding year. In addition, upon such a qualifying termination, the stock options granted pursuant to the employment agreement shall vest in full. The special incentive bonus equal to \$2,000,000, which vests in equal annual installments over five years, shall immediately vest and be paid in full upon the involuntary termination of employment within twelve months after a change of control.

If Mr. Lopez had terminated employment with us on April 1, 2010 pursuant to his employment agreement under the circumstances described in the preceding paragraph, we estimate that he would have been entitled to a cash payment equal to \$1,400,000. This amount is derived by multiplying two by the sum of \$700,000, which represents Mr. Lopez's annualized base salary rate in effect on April 1, 2010. Additionally, Mr. Lopez would have been entitled to accelerated vesting of unvested stock options with a grant date fair value of \$2,068,847 (based on a Black Scholes formula as of March 6, 2009). The special incentive bonus of \$2,000,000 shall immediately vest and be paid in full upon Mr. Lopez's involuntary termination within twelve months after a change of control.

***Other Named Executive Officers***

The employment agreements for each of the other Named Executive Officers, described above under "Description of Employment Agreements Salary and Bonus Amounts," provide for certain benefits to be paid to the executive in connection with a termination of his employment under the circumstances described below and/or a change in control.

*Severance Benefits.* In the event the executive's employment is terminated during the employment term as a result of the executive's death or "Disability" or by us pursuant to a "Termination Without Cause" or by the executive following certain changes in his responsibilities, annual base salary or benefits, the executive (or his personal representative) will be entitled to a lump cash severance payment equal to one or two years of his base salary then in effect.

## Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1

### Table of Contents

Upon a termination of employment with us on April 1, 2010 under the circumstances described in the preceding paragraph, we estimate that each Named Executive Officer (other than Mr. Lopez) would have been entitled to a lump sum cash payment as follows: Mr. Craig Ramsey \$770,000; Mr. John McDonald \$770,000; Mr. Robert Lenihan \$820,000; Mr. Kevin Connor \$650,000; and Mr. Samuel Gourley \$287,500. These amounts are derived by multiplying two by the respective executive's annualized base salary rate in effect on April 1, 2010, except for Mr. Gourley who would receive a lump sum amount equal to one year base salary plus the amount of any annual market allowance. Mr. Lenihan is not entitled to severance benefits for an employment termination resulting from death or "Disability".

*Restrictive Covenants.* Pursuant to each Named Executive Officer's employment agreement, the executive has agreed not to disclose any confidential information of ours at any time during or after his employment with AMC/AMCE.

### **Director Compensation Fiscal 2010**

The following section presents information regarding the compensation paid during fiscal 2010 to members of our Board of Directors who are not also our employees (referred to herein as "Non-Employee Directors"). The compensation paid to Mr. Gerardo I. Lopez, who is also an employee, is presented above in the Summary Compensation Table and the related explanatory tables. Mr. Lopez did not receive additional compensation for his service as a director.

#### *Non-Employee Directors*

We paid our directors an annual cash retainer of \$50,000, plus \$1,500 for each meeting of the board of directors they attended in person or by phone, plus \$1,000 for each committee meeting they attended. We also reimbursed all directors for any out-of-pocket expenses incurred by them in connection with their services provided in such capacity.

The following table presents information regarding the compensation of our non-employee Directors in fiscal 2010:

Name	Fees earned or paid in cash (\$)	Stock Awards (\$)	Option Awards (\$)	Non-equity Incentive Plan Compensation (\$)	Changes in Pension Value and Nonqualified Deferred Compensation		Total (\$)
					Value and Nonqualified Deferred Compensation (\$)	All other Compensation (\$)	
Aaron J. Stone	\$ 59,000	\$	\$	\$	\$	\$	\$ 59,000
Dr. Dana B. Ardi	\$ 56,000						\$ 56,000
Stephen P. Murray	\$ 58,000						\$ 58,000
Stan Parker	\$ 60,000						\$ 60,000
Philip H. Loughlin	\$ 59,000						\$ 59,000
Eliot P. S. Merrill	\$ 57,000						\$ 57,000
Kevin Maroni	\$ 59,000						\$ 59,000
Travis Reid	\$ 60,000						\$ 60,000

### **Compensation Committee Interlocks and Insider Participation**

The Compensation Committee members whose names appear on the Compensation Committee Report were committee members during all of fiscal 2010. No member of the Compensation Committee is or has been a former or current executive officer of the Company or has had any relationships requiring disclosure by the Company under the SEC's rules requiring disclosure of certain relationships and related-party transactions. None of the Company's executive officers served as a

Table of Contents

director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity that has one or more executive officers serving on our Board of Directors or on the Compensation Committee during the fiscal year ended April 1, 2010.

**Risk Oversight**

The Board of Directors executes its oversight responsibility for risk management directly and through its Committees, as follows:

The Audit Committee has primary responsibility for overseeing the Company's Enterprise Risk Management, or "ERM", program. The Company's Director of Reporting and Control, who reports to the Audit Committee quarterly, facilitates the ERM program with consideration given to our Annual Operating Plan and with direct input obtained from the Senior Leadership Team, or "SLT" the heads of our principal business and corporate functions and their direct reports, under the executive sponsorship of our Executive Vice President and Chief Financial Officer and our Vice President and Chief Accounting Officer. The Audit Committee's meeting agendas include discussions of individual risk areas throughout the year, as well as an annual summary of the ERM process.

The Board of Directors' other committees oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee considers the risks associated with our compensation policies and practices, with respect to both executive compensation and compensation generally. The Board of Directors is kept abreast of its committees' risk oversight and other activities via reports of the Committee Chairmen to the full Board. These reports are presented at every regular Board of Directors meeting and include discussions of committee agenda topics, including matters involving risk oversight.

The Board of Directors considers specific risk topics, including risks associated with our Annual Operating Plan and our capital structure. In addition, the Board of Directors receives detailed regular reports from the members of our SLT that include discussions of the risks and exposures involved in their respective areas of responsibility. Further, the Board of Directors is routinely informed of developments that could affect our risk profile or other aspects of our business.

***Policies and Practices as They Relate to Risk Management***

The Compensation Committee believes the elements of the Company's executive compensation program effectively link performance-based compensation to financial goals and stockholder interests without encouraging executives to take unnecessary or excessive risks in the pursuit of those objectives. The Compensation Committee believes that the overall mix of compensation elements is appropriately balanced and does not encourage the taking of short-term risks at the expense of long-term results. Long-term incentives for our executives are awarded in the form of equity instruments reflecting, or valued by reference to, our common stock. Long-term incentive awards are generally made on an annual basis and are subject to a multi-year vesting schedule which helps ensure that award recipients always have significant value tied to long-term stock price performance. The Compensation Committee believes that the combination of granting the majority of long-term incentives in the form of option awards, together with the Company stock actually owned by our executives, appropriately links the long-term interests of executives and stockholders, and balances the short-term nature of annual incentive cash bonuses and any incentives for undue risk-taking in our other compensation arrangements.

**Equity Incentive Plans**

As of the date of this prospectus, our employees and directors hold outstanding stock options for the purchase of up to \_\_\_\_\_ shares of our common stock. Those options were granted under the AMC Entertainment Holdings, Inc. Amended and Restated 2004 Stock Option Plan (the "2004 Plan") and

Table of Contents

our 2010 Equity Incentive Plan. As of \_\_\_\_\_, 2010, \_\_\_\_\_ of those options had vested and the balance were not vested. The exercise prices of those options ranged from \$ \_\_\_\_\_ per share to \$ \_\_\_\_\_ per share and each of those options had a maximum term of ten years from the applicable date of grant.

The following sections provide more detailed information concerning our incentive plans and the shares that are available for future awards under these plans. Each summary below is qualified in its entirety by the full text of the relevant plan document and/or option agreement, which has been filed with the Securities and Exchange Commission and is an exhibit to the Form S-1 Registration Statement of which this prospectus is a part and is available through the Securities and Exchange Commission's internet site at <http://www.sec.gov>.

**2004 Plan**

We adopted the 2004 Plan as amended and restated as of July 11, 2007. Under the 2004 Plan, we are generally authorized to grant options to purchase shares of our common stock to certain of our employees, non-employee directors and consultants and certain employees of our subsidiaries. Options under the 2004 Plan are either incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, or nonqualified stock options. All options granted under the plan expire no later than ten years from their date of grant. No new awards will be granted under the 2004 Plan after the consummation of this offering.

Our Compensation Committee administers the 2004 Plan. As is customary in incentive plans of this nature, the number of shares subject to outstanding awards under the 2004 Plan and the exercise prices of those awards, are subject to adjustment in the event of changes in our capital structure, reorganizations and other extraordinary events. In the event of a corporate event (as defined in the plan), the plan administrator has discretion to provide for the accelerated vesting of awards, among other things.

Our board of directors or our Compensation Committee may amend or terminate the 2004 Plan at any time. The 2004 Plan requires that certain amendments, to the extent required by applicable law or any applicable listing agency or deemed necessary or advisable by the board of directors, be submitted to stockholders for their approval.

***2010 Equity Incentive Plan***

On July 8, 2010, our board of directors and our stockholders approved the adoption of the AMC Entertainment Holdings, Inc. 2010 Equity Incentive Plan (the "2010 Plan").

***Purpose***

The purpose of the 2010 Plan is to attract, retain and motivate the officers, employees, non-employee directors, and consultants of us, and any of our subsidiaries and affiliates and to promote the success of our business by providing the participants with appropriate incentives.

***Administration***

The 2010 Plan will be administered by the Compensation Committee.

***Available Shares***

The aggregate number of shares of our common stock for delivery pursuant to awards granted under the 2010 Plan is \_\_\_\_\_ shares (subject to adjustment), which may be either authorized and unissued shares of our common stock or shares of common stock held in or acquired for our treasury.

Table of Contents

Subject to adjustment as provided for in the 2010 Plan, (i) the number of shares available for granting incentive stock options under the 2010 Plan will not exceed \_\_\_\_\_ shares and (ii) the maximum number of shares that may be granted to a participant each year is \_\_\_\_\_. To the extent shares subject to an award are not issued or delivered by reason of (i) the expiration, cancellation, forfeiture or other termination of an award, (ii) the withholding of such shares in satisfaction of applicable taxes or (iii) the settlement of all or a portion of an award in cash, then such shares will again be available for issuance under the 2010 Plan.

***Eligibility***

Directors, officers and other employees of us and of any of our subsidiaries and affiliates, as well as others performing consulting services for us or any of our subsidiaries or affiliates will be eligible for grants under the 2010 Plan.

***Awards***

The 2010 Plan provides for grants of nonqualified stock options, incentive stock options, stock appreciation rights ("SARs"), restricted stock awards, other stock-based awards or performance-based compensation awards.

Award agreements under the 2010 Plan generally have the following features, subject to change by the Compensation Committee:

*Non-Qualified Stock Option Award Agreement:* 25% of the options will vest on each of the first four anniversaries of the date of grant; provided, however, that the options will become fully vested and exercisable if within one year following a Change of Control, the participant's service is terminated by us or any of our affiliates without Cause.

*Restricted Stock Award Agreement (Time Vesting):* The restricted shares will become vested on the fourth anniversary of the date of grant; provided, however, that the restricted shares will become fully vested if, within one year following a Change of Control, the participant's service is terminated by us or any of our affiliates without Cause.

*Restricted Stock Award Agreement (Performance Vesting):* 25% of the restricted shares will become vested in each year over a four-year period upon us meeting certain pre-established annual performance targets; provided, however, that the restricted shares will become fully vested if within one year following a Change of Control, the participant's service is terminated by us or any of our affiliates without Cause.

"Change of Control" unless otherwise specified in the award agreement, means an event or series of events that results in any of the following: (a) a change in our ownership occurs on the date that any one person or more than one person acting as a group (as determined under Treasury Regulation Section 1.409A-3(i)(5)(v)(B)), other than our subsidiaries, acquires ownership of our stock that, together with stock held by such person or group, constitutes more than fifty percent (50%) of our total voting power. However, if any one person (or more than one person acting as a group) is considered to own more than fifty percent (50%) of the total fair market value or total voting power of our stock prior to the acquisition, any acquisition of additional stock by the same person or persons is not considered to cause a change in our ownership; (b) a change in our effective control occurs if, during any twelve-month period, the individuals, who at the beginning of such period constitute our board of directors (the "Incumbent Board"), cease for any reason to constitute at least a majority of the board of directors, provided, however, that if the election, or nomination for election by our stockholders, of any new director was approved by a vote of at least a majority of the Incumbent Board, such new director shall be considered a member of the Incumbent Board, and provided, further, that any reductions in the size of the Board that are instituted voluntarily by the Incumbent Board shall

Table of Contents

not constitute a "Change of Control", and after any such reduction the "Incumbent Board" shall mean the board of directors as so reduced; or (c) a change in the ownership of a substantial portion of our assets occurs on the date that any one person, or more than one person acting as a group (as determined under Treasury Regulation Section 1.409A-3(i)(5)(v)(B)), other than any of our subsidiaries, acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) our assets that have a total gross fair market value of more than fifty percent (50%) of the total gross fair market value of all our assets immediately prior to such acquisition or acquisitions. For this purpose, gross fair market value means the value of our assets, or the value of the assets being disposed of, determined in good faith by the board of directors without regard to any liabilities associated with such assets; provided, that, in no event shall a Change of Control be deemed to occur under clause (a), (b) or (c) hereof, for purposes of the 2010 Plan and any award agreement, as a result of (i) an initial public offering of our stock or (ii) a change in the majority of the Incumbent Board in connection with an initial public offering of our stock or a secondary public offering of our stock.

"Cause" means, (i) a material breach by the participant of any of the participant's obligations under any written agreement with us or any of our affiliates, (ii) a material violation by the participant of any of our policies, procedures, rules and regulations applicable to employees generally or to similarly situated employees, in each case, as they may be amended from time to time in our sole discretion; (iii) the failure by the participant to reasonably and substantially perform his or her duties to us or our affiliates (other than as a result of physical or mental illness or injury) or the failure by the participant to comply with reasonable directives of our board of directors; (iv) the participant's willful misconduct (including abuse of controlled substances) or gross negligence that is injurious to us, our affiliates or any of our respective customers, clients or employees; (v) the participant's fraud, embezzlement, misappropriation of funds or breach of fiduciary duty against us or any of our affiliates (or any predecessor thereto or successor thereof); or (vi) the commission by the participant of a felony or other serious crime involving moral turpitude. Notwithstanding the foregoing, if the participant is a party to an employment agreement with us or any of our affiliates at the time of his or her termination of employment and such employment agreement contains a different definition of "cause" (or any derivation thereof), the definition in such employment agreement will control for purposes of the award agreement.

In consideration for the grants of the awards, the award agreements subject the participants to certain restrictive covenants and confidentiality obligations.

***Adjustment***

In the event of any corporate event or transaction involving us, any of our subsidiaries and/or affiliates such as a merger, reorganization, capitalization, stock split, spin-off, or any similar corporate event or transaction, the Compensation Committee will, to prevent dilution or enlargement of participants' rights under the 2010 Plan, substitute or adjust in its sole discretion the awards.

***Amendment and Termination***

Subject to the terms of the 2010 Plan, the Compensation Committee, in its sole discretion, may amend, alter, suspend, discontinue or terminate the 2010 Plan, or any part thereof or any award (or award agreement), at any time. In the event any award is subject to Section 409A of the Internal Revenue Code of 1986, as amended ("Section 409A"), the Compensation Committee may amend the 2010 Plan and/or any award agreement without the applicable participant's prior consent to exempt the 2010 Plan and/or any award from the application of Section 409A, preserve the intended tax treatment of any such award or comply with the requirements of Section 409A.

**DESCRIPTION OF CERTAIN INDEBTEDNESS**

As of April 1, 2010, on a pro forma basis, we had \$3.0 billion of outstanding indebtedness. The following is a summary of provisions relating to our indebtedness.

**Senior Secured Credit Facility**

We entered into our senior secured credit facility on January 26, 2006 with a syndicate of banks and other financial institutions which provided financing of up to \$850.0 million, consisting of a:

\$650.0 million term loan facility with a maturity date of January 26, 2013; and

\$200.0 million revolving credit facility with a maturity date of January 26, 2012.

The revolving credit facility includes borrowing capacity available for letters of credit and for borrowings on same-day notice, referred to as the swingline loans.

As of April 1, 2010, on a pro forma basis, we had \$622.4 million outstanding under our term loan facility and \$187.2 million available under our revolving credit facility.

***Interest Rate and Fees***

The borrowings under the senior secured credit facility bear interest at a rate equal to an applicable margin plus, at our option, either (a) a base rate determined by reference to the higher of (1) the base rate of Citibank, N.A. and (2) the federal funds rate plus  $\frac{1}{2}$  of 1% or (b) a LIBOR rate determined by reference to the offered rate for deposits in U.S. dollars appearing on the applicable Telerate screen for the interest period relevant to such borrowing adjusted for certain additional reserves. The current applicable margin for borrowings under the revolving credit facility is 0.75% with respect to base rate borrowings and 1.75% with respect to LIBOR borrowings and the current applicable margin for borrowings under the term loan facility is 0.75% with respect to base rate borrowings and 1.75% with respect to LIBOR borrowings. The applicable margin for such borrowings may be reduced subject to our attaining certain leverage ratios.

In addition to paying interest on outstanding principal under the senior secured credit facility, we are required to pay a commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder at a rate equal to 0.25%. We also pay customary letter of credit fees.

***Prepayments***

The senior secured credit facility requires us to prepay outstanding term loans, subject to certain exceptions, with:

after its first full fiscal year after the closing, 50% of AMCE's excess cash flow if AMCE's net senior secured leverage ratio is greater than a certain threshold as of the last day of any fiscal year;

100% of the net cash proceeds of all non-ordinary course asset sales and casualty and condemnation events, subject to certain exceptions and limitations; and

100% of the net proceeds of any incurrence of debt other than debt permitted under the senior secured credit facility.

We may voluntarily repay outstanding loans under the senior secured credit facility at any time without premium or penalty, other than customary "breakage" costs with respect to LIBOR loans.

Table of Contents

***Amortization***

The term loan facility amortizes each year in an amount equal to 1% per annum in equal quarterly installments for the first six years and nine months, with the remaining amount payable on January 26, 2013.

Principal amounts outstanding under the revolving credit facility are due and payable in full at maturity, six years from the date of the closing of the senior secured credit facility.

***Guarantee and Security***

All obligations under the senior secured credit facility are unconditionally guaranteed by, subject to certain exceptions, each of AMCE's existing and future direct and indirect 100% domestic subsidiaries.

All obligations under the senior secured credit facility, and the guarantees of those obligations (as well as cash management obligations and any interest hedging or other swap agreements), are secured by substantially all of our assets as well as those of each subsidiary guarantor, including, but not limited to, the following, and subject to certain exceptions:

a pledge of 100% of the equity interests of substantially all of AMCE's domestic subsidiaries and 65% of the equity interests of AMCE's "first-tier" foreign subsidiaries; and

a security interest in substantially all of AMCE's tangible and intangible assets as well as those of each subsidiary guarantor.

***Certain Covenants and Events of Default***

The senior secured credit facility contains a number of covenants that, among other things, restrict, subject to certain exceptions, AMCE's ability, and the ability of AMCE's subsidiaries, to:

sell assets;

incur additional indebtedness;

prepay other indebtedness (including the notes);

pay dividends and distributions or repurchase its capital stock;

create liens on assets;

make investments;

make certain acquisitions;

engage in mergers or consolidations;

engage in certain transactions with affiliates;

amend certain charter documents and material agreements governing its subordinated indebtedness;

change the business conducted by AMCE and its subsidiaries; and

enter into agreements that restrict dividends from subsidiaries.

In addition, the senior secured credit facility requires AMCE, commencing with the fiscal quarter ended September 30, 2006, to maintain a maximum net senior secured leverage ratio as long as the commitments under the revolving credit facility remain outstanding. The senior secured credit facility also contains certain customary affirmative covenants and events of default.

**Notes due 2014, Notes due 2016 and Notes Due 2019**

On February 24, 2004, AMCE sold \$300.0 million aggregate principal amount of its Notes due 2014. The Notes due 2014 bear interest at the rate of 8% per annum, payable in March and September of each year. The Notes due 2014 are redeemable at our option, in whole or in part, at any time on or after March 1, 2009 at 104.000% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after March 1, 2012, plus interest accrued to the redemption date. The Notes due 2014 are unsecured and are subordinated to all AMCE's existing and future senior indebtedness (as defined in the indenture for the Notes due 2014). As of April 1, 2010, we had \$299.2 million carrying value outstanding under our Notes due 2014.

On January 26, 2006, AMCE sold \$325.0 million aggregate principal amount of its Notes due 2016. The Notes due 2016 bear interest at a rate of 11% per annum, payable in February and August of each year. The Notes due 2016 are redeemable at our option, in whole or in part, at any time on after February 1, 2011 at 105.5% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after February 1, 2014. In addition, AMC Entertainment may redeem up to 35% of the aggregate principal amount of the Notes due 2016 using net proceeds from certain equity offerings completed on or prior to February 1, 2009. As of April 1, 2010, we had \$325.0 million carrying value outstanding under our Notes due 2016.

On June 9, 2009, AMCE sold \$600.0 million aggregate principal amount of its Senior Notes due 2019. The Senior Notes due 2019 bear interest at the rate of 8.75% per annum, payable in June and December of each year. The Senior Notes due 2019 are redeemable at our option, in whole or in part, at any time on or after June 1, 2014 at 104.375% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after June 1, 2017, plus interest accrued to the redemption date. The Notes due 2019 are unsecured and rank equally with all of AMCE's existing and future senior indebtedness (as defined in the indenture for the Senior Notes due 2019). As of April 1, 2010, we had \$586.3 million carrying value outstanding under our Senior Notes due 2019.

The indentures relating to the outstanding notes allow us to incur all permitted indebtedness (as defined therein) without restriction, which includes all amounts borrowed under the senior secured credit facility. The indentures also allow us to incur additional debt as long as it can satisfy the coverage ratio of each indenture after giving effect thereto on a pro forma basis.

The indentures also contain covenants limiting dividends, purchases or redemptions of stock, transactions with affiliates and mergers and sales of assets, and require us to make an offer to purchase such notes upon the occurrence of a change in control, as defined in the indentures. These covenants are substantially similar to the covenants in all the indentures are subject to a number of important qualifications. The indentures do not impose any limitation on the incurrence of liabilities that are not considered "indebtedness" under the indentures, such as certain sale/leaseback transactions; nor do the note indentures impose any limitation on the amount of liabilities incurred by our subsidiaries, if any, that might be designated as "unrestricted subsidiaries" (as defined in the indentures). Furthermore, we are not restricted from making advances to, or investing in, other entities (including unaffiliated entities) and its subsidiaries are not restricted from entering into agreements restricting its ability to pay dividends or otherwise transfer funds to it.

The indentures relating to the Notes due 2014 and the Notes due 2016, or collectively, the Subordinated Notes, also contain provisions subordinating AMCE's obligations under those notes to its obligations under its existing senior secured credit facility and other senior indebtedness. These include a provision that applies if there is a payment default under its existing senior secured credit facility or other senior indebtedness and one that applies if there is a non-payment default that permits acceleration of indebtedness under its existing senior secured credit facility. If there is a payment default under the senior secured credit facility or other senior indebtedness, generally no payment may be made on any of the Subordinated Notes until such payment default has been cured or waived or

Table of Contents

such senior indebtedness had been discharged or paid in full. If there is a non-payment default under the senior secured credit facility, or with respect to designated senior indebtedness (as defined), if any, that would permit the lenders to accelerate the maturity date of the existing senior secured credit facility or any such designated senior indebtedness, no payment may be made on the Subordinated Notes for a period (a "payment blockage period") commencing upon the receipt by the indenture trustees for the Subordinated Notes of notice of such default and ending up to 179 days thereafter. Not more than one payment blockage period may be commenced during any period of 365 consecutive days. Our failure to make payment on any series of Subordinated Notes when due or within any applicable grace period, whether or not occurring under a payment blockage period, will be an event of default with respect to such existing Subordinated Notes.

**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

As a public company we will ensure that all transactions with related parties are fair, reasonable and in the parties' best interest. In this regard, generally the board of directors or one of the committees reviews material transactions between the Company and related parties to determine that, in their best business judgment, such transactions meet that standard. The Company believes that each of these transactions was on terms at least as favorable to it as could have been obtained from an unaffiliated third party. Set forth below is a description of certain transactions which have occurred since April 3, 2009 or which involve obligations that remain outstanding as of April 1, 2010.

For a description of certain employment agreements between us and Messrs. Gerardo I. Lopez, John D. McDonald, Craig R. Ramsey, Kevin M. Connor and Mark A. McDonald see "Compensation Discussion and Analysis Compensation of Named Executive Officers."

***Governance Agreements***

In connection with the creation of Parent by the Sponsors and the related borrowing under the Parent's term loan facility, Parent, the Sponsors and the other former stockholders of Holdings, as applicable, entered into various agreements defining the rights of our stockholders with respect to voting, governance and ownership and transfer of our stock, all of which will be replaced with the exception of the Stockholders Agreement, which will be amended upon completion of this offering. In connection with this offering, the Sponsors and certain of our pre-existing stockholders will enter into an Amended and Restated Stockholders Agreement, which, together with our Second Amended and Restated Certificate of Incorporation and the Management Stockholders Registration Rights Agreement, will define the rights of such stockholders post-initial public offering with respect to voting, governance, ownership and transfer of our stock (collectively, the "Governance Agreements").

The Governance Agreements will provide that our Board of Directors will initially consist of up to 12 directors, two of whom shall be designated by JPMP, two of whom shall be designated by Apollo, one of whom shall be our Chief Executive Officer, one of whom shall be designated by Carlyle, one of whom shall be designated by Bain, one of whom shall be designated by Spectrum, one of whom shall be designated by Bain, Carlyle and Spectrum, voting together, so long as such designee is consented to by each of Bain and Carlyle and three of whom will be independent directors initially designated by the Sponsors. Each of the directors will have one vote on all matters placed before our Board of Directors. Each of JPMP's and Apollo's right to appoint two directors shall be reduced to the right to appoint one director if at any time such Sponsor ceases to own at least 10% of our outstanding common stock or if the Sponsors together with certain of our pre-existing stockholders cease to collectively own more than 50% of our outstanding common stock. The right of Bain, Carlyle and Spectrum to designate a director as a group will terminate if such Sponsors cease to collectively own at least 15% of our outstanding common stock or if the Sponsors together with certain of our pre-existing stockholders cease to collectively own more than 50% of our outstanding common stock. A Sponsor will lose all of its director designation rights if at any time it ceases to own at least 5% of our outstanding common stock.

The Amended and Restated Stockholders Agreement will provide that, until the date neither of Apollo or JPMP has a right to designate directors to the board (the "Blockout Period"), certain continuing stockholders party thereto (other than the Sponsors) will generally vote their shares of capital stock in favor of any matter in proportion to the shares of capital stock of Apollo and JPMP voted in favor of such matter, except in certain specified instances. The Amended and Restated Stockholders Agreement will also provide that, until the date on which any one of Bain, Carlyle and Spectrum ceases to own at least 25% of the shares of our common stock that they will own immediately following this offering, Bain, Carlyle and Spectrum will generally vote their shares of

Table of Contents

capital stock in favor of any matter in which any two out of Bain, Carlyle and Spectrum agree, except in certain specified instances.

The Amended and Restated Stockholders Agreement will set forth a number of transfer provisions for the Sponsors and our other pre-existing stockholders with respect to their interests in us, including the following:

*Drag-along rights.* If, during the five-year period following this offering and for so long as the Sponsors and our other pre-existing stockholders hold in the aggregate at least 50.1% of the outstanding shares of common stock, Sponsors constituting at least three of any of Apollo, JPMP, Bain or Carlyle propose to transfer shares of Parent to an independent third party in a bona fide arm's-length transaction or series of transactions (other than an open market public sale) that results in a sale of at least 50.1% of our shares, such Sponsors may elect to require each of the other stockholders party to the Amended and Restated Stockholders Agreement to transfer to such third party all of its shares at the purchase price and upon the other terms and subject to the conditions of the sale.

*Tag-along rights.* If, during the five-year period following the offering, any Sponsor proposes to transfer shares held by it (other than an open market public sale), then such stockholder shall give notice to each other stockholder party to the Amended and Restated Stockholders Agreement and the Management Stockholders Registration Rights Agreement, who shall each have the right to participate on a pro rata basis in the proposed transfer on the terms and conditions offered by the proposed purchaser.

*Demand rights.* Subject to the consent of at least two of any of JPMP, Apollo, Carlyle and Bain during the first two years following the offering, each Sponsor has the right at any time following the offering to make a written request for registration under the Securities Act of part or all of the registrable equity interests held by such stockholders at our expense, subject to certain limitations. Subject to the same consent requirement, the other pre-existing stockholders of Parent as a group shall have the right at any time following the offering to make one written request to Parent for registration under the Securities Act of part or all of the registrable equity interests held by such stockholders with an aggregate offering price to the public of at least \$200 million.

*Piggyback rights.* If we at any time propose to register under the Securities Act any equity interests on a form and in a manner which would permit registration of the registrable equity interests held by our stockholders for sale to the public under the Securities Act, we will give written notice of the proposed registration to each stockholder party to the Amended and Restated Stockholders Agreement and the Management Stockholders Registration Rights Agreement, who shall then have the right to request that any part of its registrable equity interests be included in such registration, subject to certain limitations.

*Holdback agreements.* Each stockholder will agree that it will not offer for public sale any equity interests during the 30 days before and a period not to exceed 90 days (180 days in the case of the offering) after the effective date of any registration statement filed by us in connection with an underwritten public offering (except as part of such underwritten registration or as otherwise permitted by such underwriters), subject to certain limitations.

The Management Stockholders Registration Rights Agreement provides our pre-existing stockholders who are employees of AMCE with piggyback registration rights and holdback agreements similar to those set forth in the Amended and Restated Stockholders Agreement.

***Amended and Restated Fee Agreement***

In connection with the merger with LCE Holdings, we entered into an Amended and Restated Fee Agreement with the Sponsors, which provides for an annual management fee of \$5 million, payable

Table of Contents

quarterly and in advance to each Sponsor, on a pro rata basis, until the 12th anniversary from December 23, 2004, and such time as the Sponsors own less than 20% in the aggregate of our company. In addition, the fee agreement provides for reimbursements by us to the Sponsors for their out-of-pocket expenses. The Amended and Restated Agreement terminated on June 11, 2007, the date of the holdco merger, and was superseded by a substantially identical agreement entered into by us, the Sponsors and our other stockholders.

Upon the consummation of a change in control transaction or an initial public offering, each of the Sponsors will receive, in lieu of quarterly payments of the annual management fee, a fee equal to the net present value of the aggregate annual management fee that would have been payable to the Sponsors during the remainder of the term of the fee agreement (assuming a twelve year term from the date of the original fee agreement), calculated using the treasury rate having a final maturity date that is closest to the twelfth anniversary of the date of the original fee agreement date. We estimate that our payment to the Sponsors would be \$29.2 million had the offering occurred on April 1, 2010. See note 16 to the consolidated financial information included elsewhere in this prospectus.

The fee agreement also provides that we will indemnify the Sponsors against all losses, claims, damages and liabilities arising in connection with the management services provided by the Sponsors under the fee agreement.

***DCIP***

In February 2007, Mr. Travis Reid was hired as the chief executive officer of DCIP, a joint venture among AMCE, Cinemark USA and Regal formed to implement digital cinema in our theatres and to create a financing model and establish agreements with major motion picture studios for the implementation of digital cinema. Mr. Reid is a member of the Company's Board of Directors.

On March 10, 2010 DCIP completed its financing transactions for the deployment of digital projection systems to nearly 14,000 movie theatre screens across North America, including screens operated or managed by AMCE, Regal and Cinemark. At closing the Company contributed 342 projection systems that it owned to DCIP which were recorded at estimated fair value as part of an additional investment in DCIP of \$21.8 million. The Company also made cash investments in DCIP of \$840,000 at closing, and DCIP made a distribution of excess cash to us after the closing date and prior to year-end of \$1.3 million. The Company recorded a loss on contribution of the 342 projection systems of \$563,000, based on the difference between estimated fair value and its carrying value on the date of contribution. On March 26, 2010 the Company acquired 117 digital projectors from third party lessors for \$6.8 million and sold them together with seven digital projectors that it owned to DCIP for \$6.6 million. The Company recorded a loss on the sale of these 124 systems to DCIP of \$697,000. As of April 1, 2010, the Company operated 568 digital projection systems leased from DCIP pursuant to operating leases and anticipates that it will have deployed 4,000 of these systems in its existing theatres over the next three to four years. The additional digital projection systems will allow the Company to add additional 3D screens to its circuit where the Company is generally able to charge a higher admission price than 2D.

***Market Making Transactions***

On August 18, 2004, Holdings sold \$304.0 million in aggregate principal amount at maturity of its Discount Notes due 2014. On June 9, 2009, AMCE sold \$600.0 million in aggregate principal amount of its Senior Notes due 2019. On January 26, 2006, AMCE sold \$325.0 million in aggregate principal amount of its Notes due 2016. JP Morgan Securities Inc., an affiliate of J.P. Morgan Partners, LLC which owns approximately 20.8% of our company, was an initial purchaser of these notes. Credit Suisse Securities (USA) LLC, whose affiliates own approximately 1.6% of our company, was also an initial purchaser of these notes.

***Director Independence***

As of May 7, 2010, our Board of Directors was comprised of Dana B. Ardi, Gerardo I. Lopez, Phillip H. Loughlin, Kevin Maroni, Eliot P. S. Merrill, Stephen P. Murray, Stan Parker, Travis Reid and Aaron J. Stone. We have no securities listed for trading on a national securities exchange or in an automated inter-dealer quotation system of a national securities association which has requirements that a majority of our board of directors be independent. For purposes of complying with the disclosure requirements of the Securities and Exchange Commission, we have adopted the definition of independence used by the New York Stock Exchange. Under this definition of independence, none of our directors are independent.

**DESCRIPTION OF CAPITAL STOCK**

**Authorized Capital**

The following description of material terms of our capital stock and certain provisions of our certificate of incorporation and bylaws, each of which will be in effect on the closing of this offering, are summaries and are qualified by reference to the certificate of incorporation and the bylaws, copies of which have been filed as exhibits to the registration statement, of which this prospectus forms a part.

Our authorized capital stock consists of:

shares of common stock, par value \$0.01 per share; and

shares of preferred stock, par value \$0.01 per share.

**Common Stock**

At the completion of this offering, there will be \_\_\_\_\_ shares of common stock issued and outstanding.

**Voting Rights**

Each holder of common stock will be entitled to one vote per share.

Our directors will be elected by all of our common stockholders voting together as a single class.

Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of our outstanding voting power. Except as otherwise required by the DGCL, the Amended and Restated Stockholders Agreement, as amended upon completion of this offering, our certificate of incorporation or the voting rights granted to any preferred stock we subsequently issue, the holders of outstanding shares of common stock and preferred stock entitled to vote thereon, if any, will vote as one class with respect to all matters to be voted on by our stockholders. Except as otherwise provided by law, and subject to any voting rights granted to any preferred stock we subsequently issue, amendments to our certificate of incorporation must be approved by the holders of at least a majority of the outstanding common stock. Under the DGCL, amendments to our certificate of incorporation that would alter or change the powers, preferences or special rights of the common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class.

**Dividends**

Holders of common stock will share ratably (based on the number of shares of common stock held) in any dividend declared by our board of directors, subject to any preferential rights of any outstanding preferred stock.

**Other Rights**

Upon our liquidation, dissolution or winding up, after payment in full of the amounts required to be paid to holders of preferred stock, if any, all holders of common stock, regardless of class, will be entitled to share ratably in any assets available for distribution to holders of shares of common stock. No shares of any class of common stock are subject to redemption or have preemptive rights to purchase additional shares of common stock.

Table of Contents

**Preferred Stock**

Upon the closing of this offering, our board of directors will be authorized, without further stockholder approval, to issue from time to time up to an aggregate of \_\_\_\_\_ shares of preferred stock in one or more series and to fix or alter the designations, preferences, rights and any qualifications, limitations or restrictions of the shares of each such series thereof, including the dividend rights, dividend rates, conversion rights, voting rights, terms of redemption (including sinking fund provisions), redemption price or prices, liquidation preferences and the number of shares constituting any series or designations of such series. Upon the closing of this offering, there will be no shares of preferred stock outstanding. We have no present plans to issue any shares of preferred stock. See "Anti-Takeover Effects of Certain Provisions of Delaware Law, the Certificate of Incorporation and the Bylaws."

**Options**

As of the completion of this offering, options to purchase a total of \_\_\_\_\_ shares of common stock will be outstanding, of which \_\_\_\_\_ will be eligible for exercise or sale immediately following the completion of this offering. Common stock may be subject to the granting of options under the equity incentive plan. See "Compensation Discussion and Analysis Equity Incentive Plan" and "Shares Eligible for Future Sale."

**Anti-Takeover Effects of Certain Provisions of Delaware Law, the Certificate of Incorporation and the Bylaws**

We plan to elect in our amended and restated certificate of incorporation to be subject to Section 203 of the DGCL, an anti-takeover law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination, such as a merger, with a person or group owning 15% or more of the corporation's voting stock for a period of three years following the date the person became an interested stockholder, unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner.

Certain other provisions of the amended and restated certificate of incorporation and bylaws may be considered to have an anti-takeover effect and may delay or prevent a tender offer or other corporate transaction that a stockholder might consider to be in its best interest, including those transactions that might result in payment of a premium over the market price for our shares. These provisions are designed to discourage certain types of transactions that may involve an actual or threatened change of control of us without prior approval of our board of directors. These provisions are meant to encourage persons interested in acquiring control of us to first consult with our board of directors to negotiate terms of a potential business combination or offer. We believe that these provisions protect against an unsolicited proposal for a takeover of us that might affect the long term value of our stock or that may be otherwise unfair to our stockholders. For example, our amended and restated certificate of incorporation and bylaws:

provide for a classified board of directors, pursuant to which our board of directors will be divided into three classes whose members will serve three-year staggered terms;

provide that the size of the board of directors will be set by members of the board, and any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office or by the Sponsors that designated a director who is no longer a member of the board if the Sponsors continue to have such a right of designation pursuant to the Governance Agreements;

Table of Contents

do not permit stockholders to take action by written consent unless the Sponsors own at least 50.1% of our outstanding common stock;

provide that, except as otherwise required by law, special meetings of stockholders can only be called by our board of directors;

establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of stockholders, including proposed nominations of candidates for election to our board of directors;

limit consideration by stockholders at annual meetings only those proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board of directors or by a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered timely written notice in proper form to our secretary of the stockholder's intention to bring such business before the meeting;

authorize the issuance of "blank check" preferred stock that could be issued by our board of directors to increase the number of outstanding shares or establish a stockholders rights plan making a takeover more difficult and expensive; and

do not permit cumulative voting in the election of directors, which would otherwise allow less than a majority of stockholders to elect director candidates.

**Special Meeting of Stockholders**

Special meetings of our stockholders may be called only by a majority of our directors.

**Actions by Written Consent**

Stockholder action by written consent in lieu of a meeting may only be taken so long as the Sponsors own a majority of our outstanding common stock. Thereafter, stockholder action can be taken only at an annual or special meeting of stockholders.

**Advance Notice Requirements for Stockholder Proposals and Director Nominations**

Our bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting of stockholders, must provide timely notice thereof in writing. To be timely, a stockholder's notice generally must be delivered to and received at our principal executive offices, not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, that in the event that the date of such meeting is advanced more than 30 days prior to, or delayed by more than 30 days after, the anniversary of the preceding year's annual meeting of our stockholders, a stockholder's notice to be timely must be so delivered not earlier than the close of business on the 120th day prior to such meeting and not later than the close of business on the later of the 90th day prior to such meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Our bylaws also specify certain requirements as to the form and content of a stockholder's notice. These provisions may preclude stockholders from bringing matters before an annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders.

**Authorized But Unissued Shares**

The authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval. These additional shares may be used for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and

Table of Contents

employee benefit plans. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

**Amendments to Certificate of Incorporation or Bylaws**

Our certificate of incorporation provides that the affirmative vote of a majority of the shares entitled to vote on any matter is required to amend our certificate of incorporation or bylaws. In addition, under the DGCL, an amendment to our certificate of incorporation that would alter or change the powers, preferences or special rights of the common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class. Subject to our bylaws, our board of directors may from time to time make, amend, supplement or repeal our bylaws by vote of a majority of our board of directors.

**Registration Rights**

Our governance agreements provide for registration rights for the Sponsors, their co-investors and certain members of management. Under the governance agreements, we are required to file at our expense, at any time after the expiration of any underwriter lock-up period applicable to the Sponsors in connection with this offering, a registration statement under the Securities Act covering the resale by the Sponsors and any of their permitted transferees of all shares of common stock held by such Sponsor. The Sponsors, the co-investors and management and any of their respective permitted transferees also will have "piggyback" registration rights entitling them to participate in any future offering of the common stock by us, subject to certain exceptions and limitations. See "Certain Relationships and Related Party Transactions Governance Agreements."

**Limitation of Liability and Indemnification of Directors and Officers**

As permitted by the Delaware General Corporation Law, or DGCL, we have adopted provisions in our certificate of incorporation that limit or eliminate the personal liability of our directors and officers for monetary damages for a breach of their fiduciary duty of care as a director or officer. The duty of care generally requires that, when acting on behalf of the corporation, directors and officers exercise an informed business judgment based on all material information reasonably available to them. Consequently, a director or officer will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director or officer, except for liability for:

- any breach of the person's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- any act related to unlawful stock repurchases, redemptions or other distributions or payment of dividends; or
- any transaction from which the person derived an improper personal benefit.

These limitations of liability do not generally affect the availability of equitable remedies such as injunctive relief or rescission.

As permitted by the DGCL, our certificate of incorporation and bylaws provide that:

we will indemnify our current and former directors and officers and anyone who is or was serving at our request as the director or officer of, or our legal representative in, another entity, and may indemnify our current or former employees and other agents, to the fullest extent permitted by the DGCL, subject to limited exceptions; and

Table of Contents

we may purchase and maintain insurance on behalf of our current or former directors, officers, employees or agents against any liability asserted against them and incurred by them in any such capacity, or arising out of their status as such.

We currently maintain liability insurance for our directors and officers.

Our certificate of incorporation requires us to advance expenses to our directors and officers in connection with a legal proceeding, subject to receiving an undertaking from such director or officer to repay advanced amounts if it is determined he or she is not entitled to indemnification. Our bylaws provide that we may advance expenses to our employees and other agents, upon such terms and conditions, if any, as we deem appropriate.

We intend to enter into separate indemnification agreements with each of our directors and officers, which may be broader than the specific indemnification provisions contained in the DGCL. These indemnification agreements may require us, among other things, to indemnify our directors and officers against liabilities that may arise by reason of their status or service as directors or officers, other than liabilities arising from willful misconduct. These indemnification agreements may also require us to advance any expenses incurred by the directors or officers as a result of any proceeding against them as to which they could be indemnified and to obtain directors' and officers' insurance, if available on reasonable terms.

Currently, to our knowledge, there is no pending litigation or proceeding involving any of our directors, officers, employees or agents in which indemnification by us is sought, nor are we aware of any threatened litigation or proceeding that may result in a claim for indemnification.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted for our directors, officers and controlling persons under the foregoing provisions or otherwise, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

**SHARES ELIGIBLE FOR FUTURE SALE**

Prior to this offering, there has been no public market for our common stock, and no predictions can be made about the effect, if any, that market sales of shares of our common stock or the availability of such shares for sale will have on the market price prevailing from time to time. Nevertheless, the actual sale of, or the perceived potential for the sale of, our common stock in the public market may have an adverse effect on the market price for the common stock and could impair our ability to raise capital through future sales of our securities. See "Risk Factors Risks Related to this Offering Future sales or the possibility of future sales of a substantial amount of our common stock may depress the price of shares of our common stock."

**Sale of Restricted Shares and Lock-Up Agreements**

Upon completion of this offering, we will have an aggregate of \_\_\_\_\_ shares of our common stock outstanding, excluding shares reserved at \_\_\_\_\_, 2010 for issuance upon exercise of options that have been granted under our stock option plans (\_\_\_\_\_ of which were exercisable at such date).

Of these shares, the \_\_\_\_\_ shares of our common stock to be sold in this offering, or \_\_\_\_\_ shares if the underwriters' option to purchase additional shares is exercised in full, will be freely tradable without restriction or further registration under the Securities Act, except for any shares which may be acquired by any of our "affiliates" as that term is defined in Rule 144 under the Securities Act, which will be subject to the resale limitations of Rule 144.

The remaining \_\_\_\_\_ shares of our common stock and non-voting common stock outstanding will be restricted securities, as that term is defined in Rule 144, and may in the future be sold without restriction under the Securities Act to the extent permitted by Rule 144 or any applicable exemption under the Securities Act, subject to the contractual provisions of our agreements with our Sponsors. See "Certain Relationships and Related Party Transactions Governance Agreements."

Our Sponsors and our directors and officers who would hold in the aggregate \_\_\_\_\_ shares of our common stock (after giving effect to the exercise of stock options), are subject to various lock-up agreements that prohibit the holders from offering, selling, contracting to sell, granting an option to purchase, making a short sale or otherwise disposing of any shares of our common stock or any option to purchase shares of our common stock or any securities exchangeable for or convertible into shares of common stock for a period of 180 days after the date of this prospectus.

In the event that either (1) during the last 17 days of the "lock-up" period, we release earnings results or material news or a material event relating to us occurs or (2) prior to the expiration of the "lock-up" period, we announce that we will release earnings results during the 16-day period beginning on the last day of the "lock-up" period, then in either case the expiration of the "lock-up" will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the occurrence of the material news or event, as applicable, unless \_\_\_\_\_ waives, in writing, such an extension.

**Rule 144**

In general, under Rule 144 under the Securities Act, a person (or persons whose shares are aggregated) who is not deemed to have been an affiliate of ours at any time during the three months preceding a sale, and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months (including any period of consecutive ownership of preceding non-affiliated holders) would be entitled to sell those shares, subject only to the availability of current public information about us. A non-affiliated person who has beneficially owned restricted securities within the meaning of Rule 144 for at least one year would be entitled to sell those shares without regard to the provisions of Rule 144.

Table of Contents

A person (or persons whose shares are aggregated) who is deemed to be an affiliate of ours and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months would be entitled to sell within any three-month period a number of shares that does not exceed the greater of one percent of the then outstanding shares of our common stock or the average weekly trading volume of our common stock during the four calendar weeks preceding such sale. Such sales are also subject to certain manner of sale provisions, notice requirements and the availability of current public information about us.

**Registration Rights**

Upon completion of this offering, the Sponsors and their co-investors will hold in the aggregate approximately \_\_\_\_\_ shares of our common stock. Pursuant to the Governance Agreements described above in "Certain Relationships and Related Party Transactions Governance Agreements," the Sponsors and their co-investors will have the right, subject to various conditions and limitations, to demand the filing of, and include such shares of our common stock in, future registration statements relating to our common stock. Further, certain members of management who will hold in the aggregate approximately \_\_\_\_\_ shares of our common stock (after giving effect to the exercise of stock options), will have the right subject to various conditions and limitations, to include such shares of our common stock in future registration statements relating to our common stock. These registration rights of our stockholders could impair the prevailing market price and impair our ability to raise capital by depressing the price at which we could sell our common stock.

**Options**

In addition to the \_\_\_\_\_ shares of common stock outstanding immediately after this offering, as of the date of this prospectus, there will be outstanding options to purchase \_\_\_\_\_ shares of our common stock, of which \_\_\_\_\_ options are currently exercisable.

As soon as practicable after the completion of this offering, we intend to file a registration statement on Form S-8 under the Securities Act covering shares of our common stock reserved for issuance under our equity incentive plan. Accordingly, shares of our common stock registered under such registration statement will be available for sale in the open market upon exercise by the holders, subject to vesting restrictions, Rule 144 limitations applicable to our affiliates and the contractual lock-up provisions described above.

**MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS**

The following discussion is a summary of the material U.S. federal income tax considerations generally applicable to beneficial owners of our common stock ("Holders") that acquire shares of our common stock pursuant to this offering and that hold such shares as capital assets (generally, for investment). This summary is based upon the Internal Revenue Code of 1986, as amended (the "Code"), existing, temporary and proposed Treasury regulations, Internal Revenue Service ("IRS") rulings and pronouncements and judicial decisions now in effect, all of which are subject to change, possibly on a retroactive basis, and to differing interpretations. This summary does not consider specific facts and circumstances that may be relevant to a particular Holder's tax position and does not consider any tax laws other than U.S. federal income tax laws (for example, this summary does not consider any state, local, estate or gift, or non-U.S. tax consequences of an investment in our common stock). It also does not apply to Holders subject to special tax treatment under the U.S. federal income tax laws (including partnerships or other pass-through entities, banks or other financial institutions, insurance companies, dealers in securities, persons who hold common stock as part of a "straddle," "hedge," "conversion transaction" or other risk-reduction or integrated transaction, controlled foreign corporations, passive foreign investment companies, foreign personal holding companies, companies that accumulate earnings to avoid U.S. federal income tax, U.S. Holders (as defined below) who do not have the U.S. dollar as their functional currency, tax-exempt organizations, former U.S. citizens or residents and persons who hold or receive common stock as compensation).

For purposes of this summary, the term "U.S. Holder" means a Holder of shares of our common stock that, for U.S. federal income tax purposes, is:

- (i) an individual who is a citizen or resident of the United States;
- (ii) a corporation or other entity taxable as a corporation created in or organized under the laws of the United States, any state thereof or the District of Columbia;
- (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- (iv) a trust (x) if a court within the United States is able to exercise primary supervision over the administration of such trust and one or more "U.S. persons," as defined in section 7701(a)(30) of the Code, have the authority to control all substantial decisions of such trust or (y) that has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

The term "Non-U.S. Holder" means any Holder of shares of our common stock that is neither a U.S. Holder nor a partnership (including an entity that is treated as a partnership for U.S. federal income tax purposes).

If a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) holds shares of our common stock, the U.S. federal income tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. Partners of partnerships that hold shares of our common stock should consult their tax advisors.

**This summary is included herein as general information only. Accordingly, each prospective Holder is urged to consult its tax advisor with respect to the U.S. federal, state, local and non-U.S. income and other tax consequences of holding and disposing of our common stock.**

**U.S. Holders**

The following discussion summarizes the material U.S. federal income tax consequences of the ownership and disposition of our common stock applicable to "U.S. Holders," subject to the limitations described above.

Table of Contents

***Distributions***

Distributions of cash or property that we pay in respect of our common stock will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles) and will be includible in gross income by a U.S. Holder upon receipt. Any such dividend will be eligible for the dividends received deduction if received by an otherwise qualifying corporate U.S. Holder that meets the holding period and other requirements for the dividends received deduction. Dividends paid by us to certain non-corporate U.S. Holders (including individuals), with respect to taxable years beginning on or before December 31, 2010, are eligible for U.S. federal income taxation at the rates generally applicable to long-term capital gains for individuals, provided that the U.S. Holder receiving the dividend satisfies applicable holding period and other requirements. If the amount of a distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a tax-free return of capital to the extent of the U.S. Holder's tax basis in our common stock, and thereafter will be treated as capital gain.

***Dispositions***

Upon a sale, exchange or other taxable disposition of shares of our common stock, a U.S. Holder generally will recognize capital gain or loss equal to the difference between the amount realized on the sale, exchange or other taxable disposition and the U.S. Holder's adjusted tax basis in the shares of our common stock. Such capital gain or loss will be long-term capital gain or loss if the U.S. Holder has held the shares of the common stock for more than one year at the time of disposition. The deductibility of capital losses is subject to limitations under the Code.

***Information Reporting and Backup Withholding Requirements***

In general, dividends on our common shares, and payments of the proceeds of a sale, exchange or other disposition of our common shares paid to a U.S. Holder are subject to information reporting and may be subject to backup withholding at a current maximum rate of 28% unless the U.S. Holder (i) is a corporation or other exempt recipient or (ii) provides an accurate taxpayer identification number and certifies that it is not subject to backup withholding.

Backup withholding is not an additional tax. Any amounts withheld by operation of the backup withholding rules from a payment to a U.S. Holder will be refunded or allowed as a credit against the U.S. Holder's U.S. federal income tax liability, if any, provided that any required information is furnished to the IRS in a timely manner.

***Non-U.S. Holders***

The following discussion summarizes the material U.S. federal income tax consequences of the ownership and disposition of our common stock applicable to "Non-U.S. Holders," subject to the limitations described above.

***U.S. Trade or Business Income***

For purposes of this discussion, dividend income and gain on the sale, exchange or other taxable disposition of our common stock will be considered to be "U.S. trade or business income" if such income or gain is (i) effectively connected with the conduct by a Non-U.S. Holder of a trade or business within the United States and (ii) in the case of a Non-U.S. Holder that is eligible for the benefits of an income tax treaty with the United States, attributable to a permanent establishment (or, for an individual, a fixed base) maintained by the Non-U.S. Holder in the United States. Generally, U.S. trade or business income is not subject to U.S. federal withholding tax (provided the Non-U.S. Holder complies with all applicable certification and disclosure requirements); instead, a Non-U.S.

Table of Contents

Holder is subject to U.S. federal income tax on a net income basis at regular U.S. federal income tax rates (in the same manner as a U.S. person) on its U.S. trade or business income. Any U.S. trade or business income received by a Non-U.S. Holder that is a corporation also may be subject to a "branch profits tax" at a 30% rate, or at a lower rate prescribed by an applicable income tax treaty, under specific circumstances.

***Distributions***

Distributions of cash or property that we pay in respect of our common stock will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). A Non-U.S. Holder generally will be subject to U.S. federal withholding tax at a 30% rate, or at a reduced rate prescribed by an applicable income tax treaty, on any dividends received in respect of our common stock. If the amount of a distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a return of capital to the extent of the Non-U.S. Holder's tax basis in our common stock, and thereafter will be treated as capital gain. In order to obtain a reduced rate of U.S. federal withholding tax under an applicable income tax treaty, a Non-U.S. Holder will be required to (a) provide a properly executed IRS Form W-8BEN (or other applicable form) certifying its entitlement to benefits under the treaty, or (b) if our common stock is held through certain foreign intermediaries, satisfy the relevant certification requirements of applicable U.S. Treasury Regulations. A Non-U.S. Holder of our common stock that is eligible for a reduced rate of U.S. federal withholding tax under an income tax treaty may obtain a refund or credit of any excess amounts withheld by timely filing an appropriate claim for a refund with the IRS. A Non-U.S. Holder should consult its own tax advisor regarding its possible entitlement to benefits under an income tax treaty.

The U.S. federal withholding tax described in the preceding paragraph does not apply to dividends that represent U.S. trade or business income of a Non-U.S. Holder who provides a properly executed IRS Form W-8ECI, certifying that such dividends are effectively connected with such Non-U.S. Holder's conduct of a trade or business within the United States.

***Dispositions***

A Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax in respect of any gain on a sale, exchange or other taxable disposition of common stock unless:

the gain is effectively connected with the conduct of a Non-U.S. Holder's U.S. trade or business ("U.S. trade or business income"), and if certain tax treaties apply, is attributable to a permanent establishment or, for an individual, a fixed base maintained by such Non-U.S. Holder (in which case the Non-U.S. Holder will be subject to tax on the gain derived from the sale under regular graduated U.S. federal income tax rates in the same manner as if a U.S. Holder, and in addition, if a corporation, the Non-U.S. Holder may be subject to the branch profits tax on effectively connected earnings and profits at a rate of 30% or at such lower rate as may be specified by an applicable income tax treaty);

the Non-U.S. Holder is an individual who is present in the United States for 183 or more days in the taxable year of the disposition and meets other conditions (in which case, such Non-U.S. Holder will be subject to U.S. federal income tax at a rate of 30% (or a reduced rate under an applicable tax treaty) on the amount by which certain capital gains allocable to U.S. sources exceed certain capital losses allocable to U.S. sources); or

we are or have been a "U.S. real property holding corporation" (a "USRPHC") under section 897 of the Code at any time during the shorter of the five-year period ending on the date of disposition and the Non-U.S. Holder's holding period for the common stock (in which

Table of Contents

case, such gain will be subject to U.S. federal income tax in the same manner as U.S. trade or business income).

In general, a corporation is a USRPHC if the fair market value of its "U.S. real property interests" equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business. If we are determined to be a USRPHC, the U.S. federal income and withholding taxes relating to interests in USRPHCs nevertheless will not apply to gains derived from the sale or other disposition of our common stock by a Non-U.S. Holder whose shareholdings, actual and constructive, at all times during the applicable period, amount to 5% or less of the common stock, provided that the common stock is regularly traded on an established securities market. No assurance can be given that we will not be a USRPHC, or that our common stock will be considered regularly traded, when a Non-U.S. Holder sells its shares of our common stock.

***Information Reporting and Backup Withholding Requirements***

We must annually report to the IRS and to each Non-U.S. Holder any dividend income that is subject to U.S. federal withholding tax, or that is exempt from such withholding tax pursuant to an income tax treaty. Copies of these information returns also may be made available under the provisions of a specific treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides. Under certain circumstances, the Code imposes a backup withholding obligation (currently at a rate of 28%) on certain reportable payments. Dividends paid to a Non-U.S. Holder of common stock generally will be exempt from backup withholding if the Non-U.S. Holder provides a properly executed IRS Form W-8BEN or otherwise establishes an exemption and the payor does not have actual knowledge or reason to know that the Holder is a U.S. person.

The payment of the proceeds from the disposition of our common stock to or through the U.S. office of any broker, U.S. or foreign, will be subject to information reporting and possible backup withholding unless the owner certifies its non-U.S. status under penalties of perjury or otherwise establishes an exemption, provided that the broker does not have actual knowledge or reason to know that the Holder is a U.S. person or that the conditions of any other exemption are not, in fact, satisfied. The payment of the proceeds from the disposition of our common stock to or through a non-U.S. office of a non-U.S. broker generally will not be subject to information reporting or backup withholding unless the non-U.S. broker has certain types of relationships with the United States (a "U.S. related person"). In the case of the payment of the proceeds from the disposition of our common stock to or through a non-U.S. office of a broker that is either a U.S. person or a U.S. related person, the Treasury regulations require information reporting (but not the backup withholding) on the payment unless the broker has documentary evidence in its files that the owner is a Non-U.S. Holder and the broker has no knowledge to the contrary. Non-U.S. Holders should consult their own tax advisors on the application of information reporting and backup withholding to them in their particular circumstances (including upon their disposition of common stock).

Backup withholding is not an additional tax. Any amounts withheld by operation of the backup withholding rules from a payment to a Non-U.S. Holder will be refunded or allowed as a credit against the Non-U.S. Holder's U.S. federal income tax liability, if any, provided that any required information is furnished to the IRS in a timely manner.

***Recent Legislation***

Recent legislation passed by the United States Congress generally imposes a withholding tax at a rate of 30% on payments to certain non-U.S. entities (including financial intermediaries), after December 31, 2012, of dividends on, and the gross proceeds of dispositions of, U.S. common stock, unless various U.S. information reporting and due diligence requirements that are different from, and

Table of Contents

in addition to, the beneficial owner certification requirements described above have been satisfied (generally relating to ownership by U.S. persons of interests in or accounts with such entities). Non-U.S. Holders should consult their tax advisors regarding the possible implications of this legislation on their investment in our common stock.

Table of Contents**UNDERWRITING**

Under the terms and subject to the conditions contained in an underwriting agreement dated \_\_\_\_\_ 2010, we have agreed to sell to the underwriters named below, for whom J.P. Morgan and Goldman, Sachs are acting as representatives. Subject to certain conditions, each underwriter has severally agreed to purchase the respective numbers of shares of common stock indicated in the following table:

<b>Underwriter</b>	<b>Number of Shares</b>
J.P. Morgan Securities Inc.	
Goldman, Sachs & Co.	
Barclays Capital Inc.	
Citigroup Global Markets Inc.	
Credit Suisse Securities (USA) LLC	
Deutsche Bank Securities Inc.	
<b>Total</b>	

The underwriting agreement provides that the underwriters are obligated to purchase all the shares of common stock in the offering if any are purchased, other than the shares covered by the option described below unless and until this option is exercised. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering may be terminated.

We have granted to the underwriters a 30-day option to purchase on a pro rata basis up to \_\_\_\_\_ additional shares from us at the initial public offering price less the underwriting discounts and commissions. If any shares are purchased pursuant to this option, the underwriters will severally purchase shares in approximately the same proportion as set forth in the table above.

The following table summarizes the compensation and estimated expenses we will pay. Such amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase \_\_\_\_\_ additional shares.

	<b>Per Share</b>		<b>Total</b>	
	<b>Without Option</b>	<b>With Option</b>	<b>Without Option</b>	<b>With Option</b>
Underwriting Discounts and Commissions paid	\$	\$	\$	\$
Expenses payable				

Shares sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus. Any shares sold by the underwriters to securities dealers may be sold at a discount of up to \$ \_\_\_\_\_ per share from the initial public offering price. If all the shares are not sold at the initial public offering price, the representatives may change the offering price and the other selling terms. The offering of the shares by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The representatives have informed us that they do not expect sales to accounts over which the underwriters have discretionary authority to exceed 5% of the shares of common stock being offered.

Prior to the completion of this offering, JPMP, an affiliate of J.P. Morgan owned more than 10% of our outstanding common stock and therefore J.P. Morgan is presumed to have a "conflict of interest" with us under FINRA Rule 2720. Accordingly, J.P. Morgan's interest may go beyond receiving customary underwriting discounts and commissions. In particular, there may be a conflict of interest between J.P. Morgan's own interests as underwriter (including in negotiating the initial public offering

Table of Contents

price) and the interests of its affiliate JPMP (as a principal stockholder). Because of the conflict of interest under FINRA Rule 2720, this offering is being conducted in accordance with the applicable provisions of that rule. FINRA Rule 2720 requires that the "qualified independent underwriter" (as such term is defined by FINRA Rule 2720) participates in the preparation of the registration statement and prospectus and conducts due diligence. Accordingly, Goldman Sachs is assuming the responsibilities of acting as the qualified independent underwriter in this offering. Although the qualified independent underwriter has participated in the preparation of the registration statement and prospectus and conducted due diligence, we cannot assure you that this will adequately address any potential conflicts of interest related to J.P. Morgan and JPMP. We have agreed to indemnify Goldman Sachs for acting as qualified independent underwriter against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that Goldman Sachs may be required to make for these liabilities. Pursuant to Rule 2720, no sale of the shares shall be made to an account over which J.P. Morgan exercises discretion without the prior specific written consent of the account holder.

Affiliates of certain of the underwriters are holders of our outstanding 12% senior discount notes due 2014 and will receive a portion of our net proceeds from this offering.

We and our officers and directors have agreed not to offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, or file with the Securities and Exchange Commission a registration statement under the Securities Act of 1933 relating to, any shares of our common stock or securities convertible into or exchangeable or exercisable for any shares of our common stock, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, without the prior written consent of the representatives for a period of 180 days after the date of this prospectus. However, in the event that either (1) during the last 17 days of the "lock-up" period, we release earnings results or material news or a material event relating to us occurs or (2) prior to the expiration of the "lock-up" period, we announce that we will release earnings results during the 16-day period beginning on the last day of the "lock-up" period, then in either case the expiration of the "lock-up" will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the occurrence of the material news or event, as applicable, unless the representatives waive, in writing, such an extension.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Some of the underwriters have performed in the past and may perform in the future investment banking, commercial banking, consent solicitation agency and advisory services for us for which they have received customary fees and expenses. In addition, from time to time, certain of the underwriters may hold de minimis amounts of our outstanding securities and/or indebtedness in the ordinary course of their business. Affiliates of certain of the underwriters are lenders under our existing credit facility. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

We have agreed to indemnify the several underwriters and Goldman Sachs in its capacity as Qualified Independent Underwriter against liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in that respect.

## Table of Contents

We have applied to list the shares of common stock on a national securities exchange under the symbol "AMC".

In connection with the listing of the common stock on a national securities exchange, the underwriters will undertake to sell round lots of 100 shares or more to a minimum of 400 beneficial owners.

Prior to this offering, there has been no public market for the common stock. The initial public offering price will be determined by negotiations among us and the underwriters. The principal factors to be considered in determining the initial public offering price will include the following:

the information included in this prospectus and otherwise available to the underwriters;

market conditions for initial public offerings;

the history of and prospects for our business and earnings and our past and present operations;

our past and present earnings and current financial position;

an assessment of our management;

the market of securities of companies in business similar to ours; and

the general condition of the securities markets.

The initial public offering price may not correspond to the price at which our common stock will trade in the public market subsequent to this offering, and an active trading market may not develop and continue after this offering.

In connection with the offering the underwriters may engage in stabilizing transactions, transactions involving the option to purchase additional shares, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act.

Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.

The underwriters' option to purchase additional shares involves sales by the underwriters of shares in excess of the number of shares the underwriters are obligated to purchase, which creates a syndicate short position. The short position may be either a covered short position or a naked short position. In a covered short position, the number of shares over-allotted by the underwriters is not greater than the number of shares that they may purchase in the option to purchase additional shares. In a naked short position, the number of shares involved is greater than the number of shares in the option to purchase additional shares. The underwriters may close out any covered short position by either exercising their option to purchase additional shares and/or purchasing shares in the open market.

Syndicate covering transactions involve purchases of the common stock in the open market after the distribution has been completed in order to cover syndicate short positions. In determining the source of shares to close out the short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option to purchase additional shares. If the underwriters sell more shares than could be covered by the option to purchase additional shares, a naked short position, the position can only be closed out by buying shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there could be downward pressure on the price of the shares in the open market after pricing that could

adversely affect investors who purchase in the offering.

Table of Contents

Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the common stock originally sold by the syndicate member is purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of the common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on the national securities exchange where our common stock will be listed and, if commenced, may be discontinued at any time.

This document is only being distributed to and is only directed at (i) persons who are outside the United Kingdom or (ii) to investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "Order") or (iii) high net worth entities, and other persons to whom it may lawfully be communicated, falling with Article 49(2)(a) to (d) of the Order (all such persons together being referred to as "relevant persons"). The securities are only available to, and any invitation, offer or agreement to subscribe, purchase or otherwise acquire such securities will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on this document or any of its contents.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), from and including the date on which the European Union Prospectus Directive (the "EU Prospectus Directive") is implemented in that Relevant Member State (the "Relevant Implementation Date") an offer of securities described in this prospectus may not be made to the public in that Relevant Member State prior to the publication of a prospectus in relation to the shares which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the EU Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of shares to the public in that Relevant Member State at any time:

to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;

to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;

to fewer than 100 natural or legal persons (other than qualified investors as defined in the EU Prospectus Directive) subject to obtaining the prior consent of the book-running managers for any such offer; or

in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of securities to the public" in relation to any securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the securities to be offered so as to enable an investor to decide to purchase or subscribe for the securities, as the same may be varied in that Member State by any measure implementing the EU Prospectus Directive in that Member State and the expression EU Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

The shares may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance

This prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the shares may not be circulated or distributed, nor may the shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the "SFA"), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the shares are subscribed or purchased under Section 275 by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries' rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the shares under Section 275 except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) by operation of law.

The securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Financial Instruments and Exchange Law) and each underwriter has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

A prospectus in electronic format will be made available on the web sites maintained by one or more of the underwriters, or selling group members, if any, participating in this offering and one or more of the underwriters participating in this offering may distribute prospectuses electronically. The representatives may agree to allocate a number of shares to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the underwriters and selling group members that will make internet distributions on the same basis as other allocations.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Stockholders  
AMC Entertainment Holdings, Inc.:

We have audited the accompanying consolidated balance sheet of AMC Entertainment Holdings, Inc. (and subsidiaries) as of April 1, 2010, and the related consolidated statements of operations, stockholders' equity, and cash flows for the year then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of AMC Entertainment Holdings, Inc. (and subsidiaries) as of April 1, 2010, and the results of their operations and their cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

As discussed in Note 1 to the consolidated financial statements, the Company changed its accounting treatment for business combinations due to the adoption of new accounting requirements issued by the FASB, as of April 3, 2009.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

TO THE BOARD OF DIRECTORS AND STOCKHOLDERS OF AMC ENTERTAINMENT HOLDINGS, INC.:

In our opinion, the accompanying consolidated balance sheet and the related consolidated statements of operations, of stockholders' equity and of cash flows present fairly, in all material respects, the financial position of AMC Entertainment Holdings, Inc. and its subsidiaries (the "Company") at April 2, 2009, and the results of their operations and their cash flows for the 52 week period ended April 2, 2009 and the 53 week period ended April 3, 2008, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 9, the Company changed the manner in which it accounts for uncertain tax positions in fiscal 2008.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**Years Ended April 1, 2010, April 2, 2009 and April 3, 2008**

**NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES**

AMC Entertainment Holdings, Inc. (also referred to as "Parent" or the "Company"), through its direct and indirect subsidiaries, is principally involved in the theatrical exhibition business and owns, operates or has interests in theatres located in the United States and Canada, China (Hong Kong), France and the United Kingdom. The Company's principal wholly owned operating subsidiary is AMC Entertainment Inc. (AMCE). Marquee Holdings Inc. (Holdings) is a wholly owned subsidiary that was used to purchase AMCE in 2004. The Company discontinued its operations in Spain and Portugal during the third quarter of fiscal 2007 and discontinued its operations in Mexico during the third quarter of fiscal 2009.

**Use of Estimates:** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates and assumptions are used for, but not limited to: (1) Impairments, (2) Goodwill, (3) Income Taxes, (4) Pension and Postretirement Assumptions and (5) Film Exhibition Costs. Actual results could differ from those estimates.

**Principles of Consolidation:** The consolidated financial statements include the accounts of the Company and all subsidiaries, as discussed above. All significant intercompany balances and transactions have been eliminated in consolidation. There are no noncontrolling (minority) interests in the Company's consolidated subsidiaries; consequently, all of its stockholders' equity, net earnings (loss) and comprehensive earnings (loss) for the periods presented are attributable to controlling interests.

**Fiscal Year:** The Company has a 52/53 week fiscal year ending on the Thursday closest to the last day of March. Both fiscal 2010 and fiscal 2009 reflect 52 week periods, while fiscal 2008 reflects a 53 week period.

**Revenues:** Revenues are recognized when admissions and concessions sales are received at the theatres. The Company defers 100% of the revenue associated with the sales of gift cards and packaged tickets until such time as the items are redeemed or management believes future redemption to be remote. During fiscal 2008, management changed its estimate of when it believes future redemption to be remote for discounted theatre tickets from 24 months from the date of sale to 18 months from the date of sale. During fiscal 2009, management changed its estimate of redemption rates for packaged tickets. Management believes the 18 month estimate and revised redemption rates are supported by its continued development of redemption history and that they are reflective of management's current best estimate. These changes in estimate had the effect of increasing other theatre revenues and earnings from continuing operations by approximately \$4,200,000 and \$2,600,000, respectively, during fiscal 2008 and by approximately \$2,600,000 and \$1,600,000, respectively, during fiscal 2009. During the periods ended April 1, 2010, April 2, 2009, and April 3, 2008, the Company recognized \$13,591,000, \$14,139,000, and \$11,289,000 of income, respectively, related to the derecognition of gift card liabilities where management believes future redemption to be remote which was recorded in other expense (income) in the Consolidated Statements of Operations.

**Film Exhibition Costs:** Film exhibition costs are accrued based on the applicable box office receipts and estimates of the final settlement to the film licenses. Film exhibition costs include certain

advertising costs. As of April 1, 2010 and April 2, 2009, the Company recorded film payables of \$78,499,000 and \$60,286,000, respectively, which is included in accounts payable in the accompanying consolidated balance sheets.

**Concession Costs:** The Company records payments from vendors as a reduction of concession costs when earned unless it is determined that the payment was for the fair value of services provided to the vendor where the benefit to the vendor is sufficiently separable from the Company's purchase of the vendor's products. In the latter instance, revenue is recorded when and if the consideration received is in excess of fair value, then the excess is recorded as a reduction of concession costs. In addition, if the payment from the vendor is for a reimbursement of expenses, then those expenses are offset.

**Screen Advertising:** On March 29, 2005, the Company and Regal Entertainment Group combined their respective cinema screen advertising businesses into a new joint venture company called National CineMedia, LLC ("NCM") and on July 15, 2005, Cinemark Holdings, Inc., ("Cinemark") joined NCM, as one of the founding members. NCM engages in the marketing and sale of cinema advertising and promotions products; business communications and training services; and the distribution of digital alternative content. The Company records its share of on-screen advertising revenues generated by NCM in other theatre revenues.

**Loyalty Program:** The Company records the estimated incremental cost of providing free concession items for awards under its *Moviewatcher* loyalty program when the awards are earned. Historically, the costs of these awards have not been significant.

**Advertising Costs:** The Company expenses advertising costs as incurred and does not have any direct-response advertising recorded as assets. Advertising costs were \$9,103,000, \$18,121,000 and \$20,677,000 for the periods ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively.

**Cash and Equivalents:** Under the Company's cash management system, checks issued but not presented to banks frequently result in book overdraft balances for accounting purposes and are classified within accounts payable in the balance sheet. The change in book overdrafts are reported as a component of operating cash flows for accounts payable as they do not represent bank overdrafts. The amount of these checks included in accounts payable as of April 1, 2010 and April 2, 2009 was \$60,943,000 and \$55,302,000, respectively. All highly liquid debt instruments and investments purchased with an original maturity of three months or less are classified as cash equivalents.

**Intangible Assets:** Intangible assets are recorded at cost or fair value, in the case of intangible assets resulting from acquisitions, and are comprised of lease rights, amounts assigned to theatre leases acquired under favorable terms, customer relationship intangible assets, management contracts and trademarks, each of which are being amortized on a straight-line basis over the estimated remaining useful lives of the assets except for a customer relationship intangible asset and the AMC Trademark intangible asset. The customer relationship intangible asset is amortized over eight years based upon the pattern in which the economic benefits of the intangible asset are expected to be consumed or otherwise used up. This pattern indicates that over 2/3rds of the cash flow generated from the asset is derived during the first five years. The AMC Trademark intangible asset is considered an indefinite

lived intangible asset, and therefore is not amortized but rather evaluated for impairment annually. In fiscal 2009, the Company impaired a favorable lease intangible asset in the amount of \$1,364,000.

**Investments:** The Company accounts for its investments in non-consolidated entities using either the cost or equity methods of accounting as appropriate, and has recorded the investments within other long-term assets in its consolidated balance sheets and records equity in earnings and losses of those entities accounted for following the equity method of accounting within equity in (earnings) losses of non-consolidated entities in its consolidated statements of operations. The Company follows the guidance in ASC 323-30-35-3, which prescribes the use of the equity method for investments that are not considered to be minor in limited liability companies that maintain specific ownership accounts. The Company classifies gains and losses on sales of and changes of interest in equity method investments within equity in (earnings) losses of non-consolidated entities, and classifies gains and losses on sales of investments accounted for using the cost method in investment income. As of April 1, 2010, the Company holds an 18.23% interest in NCM, a joint venture that markets and sells cinema advertising and promotions; a 26% interest in Movietickets.com, a joint venture that provides moviegoers with a way to buy movie tickets online, access local showtime information, view trailers and read reviews; a 29.0% interest in Digital Cinema Implementation Partners LLC, a joint venture charged with implementing digital cinema in the Company's theatres; a 50% interest in three theatres that are accounted for following the equity method of accounting; and a 50% interest in Midland Empire Partners, LLC, a joint venture developing live and film entertainment venues in the Power & Light District of Kansas City, Missouri. In February 2007, the Company recorded a change of interest gain of \$132,622,000 and received distributions in excess of its investment in NCM related to the redemption of preferred and common units of \$106,188,000. Future equity in earnings from NCM will not be recognized until cumulative earnings exceed the redemption gain or cash distributions of earnings are received. At April 1, 2010, the Company's recorded investments are less than its proportional ownership of the underlying equity in these entities by approximately \$2,868,000, excluding NCM. These differences will be amortized to equity in earnings or losses over the estimated useful lives of the related assets or evaluated for impairment. Included in equity in earnings of non-consolidated entities for the fifty-two weeks ended April 2, 2009 is an impairment charge of \$2,742,000 related to a theatre joint venture investment. The decline in the fair market value of the investment was considered other than temporary due to competitive theatre builds.

**Goodwill:** Goodwill represents the excess of cost over fair value of net tangible and identifiable intangible assets related to acquisitions. The Company is not required to amortize goodwill as a charge to earnings; however, the Company is required to conduct an annual review of goodwill for impairment.

The Company's recorded goodwill was \$1,844,757,000 as of both April 1, 2010 and April 2, 2009. The Company evaluates goodwill and its trademark for impairment annually as of the beginning of the fourth fiscal quarter or more frequently as specific events or circumstances dictate. The Company's goodwill is recorded in its Theatrical Exhibition operating segment which is also the reporting unit for purposes of evaluating recorded goodwill for impairment. If the carrying value of the reporting unit exceeds its fair value the Company is required to reallocate the fair value of the reporting unit as if the reporting unit had been acquired in a business combination and the fair value of the reporting unit was the price paid to acquire the reporting unit. The Company determines fair value by using an enterprise

valuation methodology determined by applying multiples to cash flow estimates less net indebtedness, which the Company believes is an appropriate method to determine fair value. There is considerable management judgment with respect to cash flow estimates and appropriate multiples and discount rates to be used in determining fair value and such management estimates fall under Level 3 within the fair value measurement hierarchy, see Note 14 Fair Value Measurements.

The Company performed its annual impairment analysis during the fourth quarter of fiscal 2010. The fair value of the Company's Theatrical Exhibition operations exceed the carrying value by more than 10% and management does not believe that impairment is probable.

**Other Long-term Assets:** Other long-term assets are comprised principally of investments in partnerships and joint ventures, costs incurred in connection with the issuance of debt securities, which are being amortized to interest expense over the respective lives of the issuances, and capitalized computer software, which is amortized over the estimated useful life of the software.

**Leases:** The majority of the Company's operations are conducted in premises occupied under lease agreements with initial base terms ranging generally from 15 to 20 years, with certain leases containing options to extend the leases for up to an additional 20 years. The Company does not believe that exercise of the renewal options are reasonably assured at the inception of the lease agreements and, therefore, considers the initial base term as the lease term. Lease terms vary but generally the leases provide for fixed and escalating rentals, contingent escalating rentals based on the Consumer Price Index not to exceed certain specified amounts and contingent rentals based on revenues with a guaranteed minimum.

The Company's lease terms commence at the time it obtains "control and access" to the leased premises which is generally a date prior to the "lease commencement date" contained in the lease agreements.

The Company records rent expense for its operating leases on a straight-line basis over the base term of the lease agreements commencing with the date the Company has "control and access" to the leased premises, which is generally a date prior to the "lease commencement date" in the lease agreement. Rent expense related to any "rent holiday" is recorded as operating expense, until construction of the leased premises is complete and the premises are ready for their intended use. Rent charges upon completion of the leased premises subsequent to the theatre opening date are expensed as a component of rent expense.

Occasionally, the Company will receive amounts from developers in excess of the costs incurred related to the construction of the leased premises. The Company records the excess amounts received from developers as deferred rent and amortizes the balance as a reduction to rent expense over the base term of the lease agreement.

The Company evaluates the classification of its leases following the guidance in ASC 540-10-25. Leases that qualify as capital leases are recorded at the present value of the future minimum rentals over the base term of the lease using the Company's incremental borrowing rate. Capital lease assets are assigned an estimated useful life at the inception of the lease that generally correspond with the base term of the lease.

**Years Ended April 1, 2010, April 2, 2009 and April 3, 2008**

**NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Occasionally, the Company is responsible for the construction of leased theatres and for paying project costs that are in excess of an agreed upon amount to be reimbursed from the developer. ASC 840-40-05-5 requires the Company to be considered the owner (for accounting purposes) of these types of projects during the construction period and therefore is required to account for these projects as sale and leaseback transactions. As a result, the Company has recorded \$30,956,000 and \$31,970,000 as financing lease obligations for failed sale leaseback transactions on its Consolidated Balance Sheets related to these types of projects as of April 1, 2010 and April 2, 2009, respectively.

**Sale and Leaseback Transactions:** The Company accounts for the sale and leaseback of real estate assets in accordance with ASC 840-40. Losses on sale leaseback transactions are recognized at the time of sale if the fair value of the property sold is less than the undepreciated cost of the property. Gains on sale and leaseback transactions are deferred and amortized over the remaining base term of the lease.

**Impairment of Long-lived Assets:** The Company reviews long-lived assets, including definite-lived intangibles, investments in non-consolidated subsidiaries accounted for under the equity method, marketable equity securities and internal use software for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. The Company identifies impairments related to internal use software when management determines that the remaining carrying value of the software will not be realized through future use. The Company reviews internal management reports on a quarterly basis as well as monitors current and potential future competition in the markets where it operates for indicators of triggering events or circumstances that indicate potential impairment of individual theatre assets. The Company evaluates theatres using historical and projected data of theatre level cash flow as its primary indicator of potential impairment and considers the seasonality of its business when making these evaluations. The Company performs its annual impairment analysis during the fourth quarter because Christmas and New Year's holiday results comprise a significant portion of the Company's operating cash flow, and the actual results from this period, which are available during the fourth quarter of each fiscal year, are an integral part of the impairment analysis. Under these analyses, if the sum of the estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount of the asset, an impairment loss is recognized in the amount by which the carrying value of the asset exceeds its estimated fair value. Assets are evaluated for impairment on an individual theatre basis, which management believes is the lowest level for which there are identifiable cash flows. The impairment evaluation is based on the estimated cash flows from continuing use until the expected disposal date or the fair value of furniture, fixtures and equipment. The expected disposal date does not exceed the remaining lease period unless it is probable the lease period will be extended and may be less than the remaining lease period when the Company does not expect to operate the theatre to the end of its lease term. The fair value of assets is determined as either the expected selling price less selling costs (where appropriate) or the present value of the estimated future cash flows. The fair value of furniture, fixtures and equipment has been determined using similar asset sales and in some instances with the assistance of third party valuation studies. The discount rate used in determining the present value of the estimated future cash flows was based on management's expected return on assets during fiscal 2010.

There is considerable management judgment necessary to determine the estimated future cash flows and fair values of our theatres and other long-lived assets, and, accordingly, actual results could

vary significantly from such estimates which fall under Level 3 within the fair value measurement hierarchy, see Note 14 Fair Value Measurements. During fiscal 2010, the Company recognized non-cash impairment losses of \$3,765,000 related to theatre fixed assets. The Company recognized an impairment loss of \$2,330,000 on five theatres with 41 screens (in California, Florida, Maryland, New York and Utah), which was related to property, net. The Company also adjusted the carrying value of undeveloped real estate assets located in Illinois based on a recent appraisal which resulted in an impairment charge of \$1,435,000.

Impairment losses in the Consolidated Statements of Operations are included in the following captions:

**Foreign Currency Translation:** Operations outside the United States are generally measured using the local currency as the functional currency. Assets and liabilities are translated at the rates of exchange at the balance sheet date. Income and expense items are translated at average rates of exchange. The resultant translation adjustments are included in foreign currency translation adjustment, a separate component of accumulated other comprehensive income (loss). Gains and losses from foreign currency transactions, except those intercompany transactions of a long-term investment nature, are included in net earnings (loss).

**Earnings (loss) per Share:** Basic earnings (loss) per share is computed by dividing net earnings (loss) by the weighted-average number of common shares outstanding. Diluted earnings (loss) per share includes the effects of outstanding stock options, if dilutive.

## NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following table sets forth the computation of basic and diluted earnings (loss) from continuing operations per common share:

(In thousands, except per share data)	52 weeks Ended April 1, 2010	52 weeks Ended April 2, 2009	53 weeks Ended April 3, 2008
<b>Numerator:</b>			
Earnings (loss) from continuing operations	\$ 87,445	\$ (158,774)	\$ (8,043)
<b>Denominator:</b>			
Shares for basic earnings (loss) per common share	1,278.82	1,281.20	1,282.65
Stock options	2.60		
Shares for diluted earnings per common share	1,281.42	1,281.20	1,282.65
Basic earnings (loss) from continuing operations per common share	\$ 68.38	\$ (123.93)	\$ (6.27)
Diluted earnings (loss) from continuing operations per common share	\$ 68.24	\$ (123.93)	\$ (6.27)

Options to purchase 10,830.71809 shares of common stock at a weighted average exercise price of \$491 per share were outstanding during the year ended April 1, 2010, but were not included in the computations of diluted earnings per share since they were anti-dilutive. Options to purchase 26,811.1680905 shares of common stock at a weighted average exercise price of \$391.43 were outstanding during the year ended April 2, 2009, but were not included in the computations of diluted loss per share since they were anti-dilutive. Options to purchase 36,521.356392 shares of common stock at \$491 per share were outstanding during the year ended April 3, 2008, but were not included in the computations of diluted loss per share since they were anti-dilutive.

**Stock-based Compensation:** The Company granted options on 60,243.17873 shares to certain employees during the periods ended March 31, 2005, March 30, 2006, April 2, 2009 and April 1, 2010. The options have a ten year term and the options granted during fiscal 2005 step-vest in equal amounts over five years with the final vesting having occurred on December 23, 2009. The options granted during fiscal 2006 step-vest in equal amounts over three years with final vesting having occurred on December 23, 2008. The options granted during fiscal 2009 step-vest in equal amounts over five years with final vesting occurring on March 6, 2014, but vesting may accelerate for certain participants if there is a change of control (as defined in the plan). The options granted during fiscal 2010 step-vest in equal amounts over five years with final vesting occurring on May 28, 2014. Parent has recorded \$1,384,000, \$2,622,000 and \$207,000 of stock-based compensation expense related to these options within general and administrative: other for fiscal 2010, 2009 and 2008, respectively.

The options have been accounted for using the fair value method of accounting for stock-based compensation arrangements, and the Company has valued the options using the Black-Scholes formula and has elected to use the simplified method for estimating the expected term of "plain vanilla" share option grants as it does not have enough historical experience to provide a reasonable estimate.

## NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following table reflects the weighted average fair value per option granted during each year, as well as the significant weighted average assumptions used in determining fair value using the Black-Scholes option-pricing model:

	April 1, 2010	April 2, 2009
Weighted average fair value on grant date	\$ 135.71	\$ 129.46
Risk-free interest rate	2.6%	2.6%
Expected life (years)	6.5	6.5
Expected volatility(1)	35.0%	35.0%
Expected dividend yield		

(1) The Company uses share values of its publicly traded competitor peer group for purposes of calculating volatility.

**Income Taxes:** The Company accounts for income taxes in accordance with ASC 740-10. Under ASC 740-10, deferred income tax effects of transactions reported in different periods for financial reporting and income tax return purposes are recorded by the liability method. This method gives consideration to the future tax consequences of deferred income or expense items and recognizes changes in income tax laws in the period of enactment. The income statement effect is generally derived from changes in deferred income taxes on the balance sheet.

**Casualty Insurance:** The Company is self-insured for general liability up to \$500,000 per occurrence and carries a \$400,000 deductible limit per occurrence for workers compensation claims. The Company utilizes actuarial projections of its ultimate losses to calculate its reserves and expense. The actuarial method includes an allowance for adverse developments on known claims and an allowance for claims which have been incurred but which have not yet been reported. As of April 1, 2010 and April 2, 2009, the Company had recorded casualty insurance reserves of \$16,253,000 and \$19,179,000, respectively, net of estimated insurance recoveries. The Company recorded expenses related to general liability and workers compensation claims of \$11,363,000, \$10,537,000 and \$14,836,000 for the periods ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively.

**New Accounting Pronouncements:** In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) Improving Disclosures about Fair Value Measurements*, ("ASU 2010-06"). This Update provides a greater level of disaggregated information and enhanced disclosures about valuation techniques and inputs to fair value measurements. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009 and is effective for the Company as of the end of fiscal 2010 except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years and is effective for the Company as of the beginning of fiscal 2011. See Note 11 Employee Benefit Plans and Note 14 Fair Value Measurements for required disclosures.

In October 2009, the FASB issued ASU No. 2009-13, *Revenue Recognition (Topic 605) Multiple-Deliverable Revenue Arrangements A Consensus of the FASB Emerging Issues Task Force*,

("ASU 2009-13"). This Update provides amendments to the criteria in Subtopic 605-25 that addresses how to separate multiple-deliverable arrangements and how to measure and allocate arrangement consideration to one or more units of accounting. In addition, this amendment significantly expands the disclosure requirements related to multiple-deliverable revenue arrangements. ASU 2009-13 will be effective prospectively for revenue arrangements entered into or materially modified in fiscal years beginning on or after June 15, 2010 and is effective for the Company as of the beginning of fiscal 2012. Early adoption is permitted. The Company is in the process of evaluating the impact ASU 2009-13 will have on its financial statements.

In June 2009, the FASB amended guidance for determining whether an entity is a variable interest entity and requires an analysis to determine whether the variable interest gives a company a controlling financial interest in the variable interest entity. This guidance is included in ASC 810, *Consolidation*, which will require an ongoing reassessment and eliminates the quantitative approach previously required for determining whether a company is the primary beneficiary. This guidance is effective as of the beginning of the first fiscal year beginning after November 15, 2009 and is effective for the Company in the first quarter of fiscal 2011. The Company is in the process of determining what effects the application of this guidance may have on its consolidated financial position, but does not believe the guidance will have a material impact.

In December 2008, the FASB issued ASC 715-20-65, guidance for employers' disclosures about postretirement benefit plan assets, which requires additional fair value disclosures about employers' defined benefit pension or other postretirement plan assets. Specifically, employers are required to disclose information about how investment allocation decisions are made, the fair value of each major category of plan assets and information about the inputs and valuation techniques used to develop the fair value measurements of plan assets. This guidance is effective for financial statements issued for fiscal years ending after December 15, 2009 and is effective for the Company in fiscal 2010. See Note 11 Employee Benefit Plans for required disclosures.

In December 2007, the FASB revised ASC 805, *Business Combinations*, which addresses the accounting and disclosure for identifiable assets acquired, liabilities assumed, and noncontrolling interests in a business combination. This statement requires all business combinations completed after the effective date to be accounted for by applying the acquisition method (previously referred to as the purchase method); expands the definition of transactions and events that qualify as business combinations; requires that the acquired assets and liabilities, including contingencies, be recorded at the fair value determined on the acquisition date and changes thereafter reflected in income, not goodwill; changes the recognition timing for restructuring costs; and requires acquisition costs to be expensed as incurred rather than being capitalized as part of the cost of acquisition. This standard became effective in the first quarter of fiscal 2010. The Company changed its accounting treatment for business combinations on a prospective basis. In addition, the reversal of valuation allowance for deferred tax assets related to business combinations will flow through the Company's income tax provision, on a prospective basis, as opposed to goodwill.

**Presentation:** Effective April 3, 2009, certain advertising costs related to film exhibition were reclassified from operating expense to film exhibition costs with a conforming reclassification made for the prior year presentation. Effective April 1, 2010, preopening expense, theatre and other closure expense (income), and disposition of assets and other losses (gains) were reclassified to operating

*Subsequent Events:* The Company has evaluated subsequent events through June 29, 2010.

**NOTE 2 DISCONTINUED OPERATIONS**

On December 29, 2008, the Company sold all of its interests in Cinemex, which then operated 44 theatres with 493 screens primarily in the Mexico City Metropolitan Area, to Entretenimiento GM de Mexico S.A. de C.V. The operations and cash flows of the Cinemex theatres have been eliminated from the Company's ongoing operations as a result of the disposal transaction. The purchase price received at the date of the sale and in accordance with the Stock Purchase Agreement was \$248,141,000. During the year ended April 1, 2010, the Company received payments of \$4,315,000 for purchase price related to tax payments and refunds, and a working capital calculation and post closing adjustments. Additionally, the Company estimates that it is contractually entitled to receive an additional \$8,752,000 of the purchase price related to other tax payments and refunds. While the Company believes it is entitled to these amounts from Cinemex, the resolution and collection will require litigation which was initiated by the Company on April 30, 2010. Resolution could take place over a prolonged period. As a result of the litigation, the Company has established an allowance for doubtful accounts related to this receivable in the amount of \$7,480,000 and further directly charged off \$1,381,000 of certain amounts as uncollectible with an offsetting charge of \$8,861,000 recorded to loss on disposal included as a component of discontinued operations. The Company does not have any significant continuing involvement in the operations of the Cinemex theatres after the disposition. The results of operations of the Cinemex theatres have been classified as discontinued operations for all periods presented.

	16,589	17,950
	\$ 863,532	\$ 964,668

Property is recorded at cost or fair value, in the case of property resulting from acquisitions. The Company uses the straight-line method in computing depreciation and amortization for financial reporting purposes. The estimated useful lives for leasehold improvements reflect the shorter of the base terms of the corresponding lease agreements or the expected useful lives of the assets. The estimated useful lives are as follows:

Buildings and improvements	5 to 40 years
Leasehold improvements	1 to 20 years
Furniture, fixtures and equipment	1 to 10 years

Expenditures for additions (including interest during construction) and betterments are capitalized, and expenditures for maintenance and repairs are charged to expense as incurred. The cost of assets retired or otherwise disposed of and the related accumulated depreciation and amortization are eliminated from the accounts in the year of disposal. Gains or losses resulting from property disposals are included in operating expense in the accompanying consolidated statements of operations.

Depreciation expense was \$163,506,000, \$174,851,000, and \$190,194,000 for the periods ended April 1, 2010, April 2, 2009, and April 3, 2008, respectively.

**NOTE 5 INVESTMENTS**

Investments in non-consolidated affiliates and certain other investments accounted for under the equity method generally include all entities in which the Company or its subsidiaries have significant influence, but not more than 50% voting control. Investments in non-consolidated affiliates as of April 1, 2010, include an 18.23% interest in National CineMedia, LLC ("NCM"), a 50% interest in three U.S. motion picture theatres, a 26% equity interest in Movietickets.com, Inc. ("MTC"), a 50% interest in Midland Empire Partners, LLC and a 29% interest in Digital Cinema Implementation Partners, LLC ("DCIP"). Financial results for the fifty-three weeks ended April 3, 2008 include a 50% interest in Hoyts General Cinemas South America ("HGCSA"), an entity that operated 17 theatres in South America, which was disposed of in July 2007.

In May 2007, the Company disposed of its investment in Fandango, Inc. ("Fandango"), accounted for using the cost method, for total proceeds of approximately \$20,360,000, of which \$17,977,000 was received in May and September 2007 and \$2,383,000 was received in November 2008. The Company recorded a gain on the sale recorded in investment income of approximately \$15,977,000 during fiscal 2008 and \$2,383,000 during fiscal 2009. In July 2007, the Company disposed of its investment in HGCSA for total proceeds of approximately \$28,682,000 and recorded a gain on the sale included in equity earnings of non-consolidated entities of approximately \$18,751,000.

***DCIP Transactions***

On March 10, 2010, DCIP completed its financing transactions for the deployment of digital projection systems to nearly 14,000 movie theatre screens across North America, including screens operated or managed by the Company, Cinemark Holdings, Inc. ("Cinemark") and Regal Entertainment Group ("Regal"). At closing the Company contributed 342 projection systems that it owned to DCIP which were recorded at estimated fair value as part of an additional investment in DCIP of \$21,768,000. The Company also made cash investments in DCIP of \$840,000 at closing and DCIP made a distribution of excess cash to us after the closing date and prior to year-end of \$1,262,000. The Company recorded a loss on contribution of the 342 projection systems of \$563,000, based on the difference between estimated fair value and its carrying value on the date of contribution. On March 26, 2010, the Company acquired 117 digital projectors from third party lessors for \$6,784,000 and sold them together with 7 digital projectors that it owned to DCIP for \$6,570,000. The Company recorded a loss on the sale of these 124 systems to DCIP of \$697,000. As of April 1, 2010, the Company operated 568 digital projection systems leased from DCIP pursuant to operating leases and anticipates that it will have deployed 4,000 of these systems in its existing theatres over the next three to four years.

The digital projection systems leased from DCIP and its affiliates will replace most of the Company's existing 35 millimeter projection systems in its U.S. theatres. The Company is examining its estimated depreciable lives for its existing equipment, with a net book value of approximately \$14,224,000 that will be replaced and expects to accelerate the depreciation of these existing 35 millimeter projection systems, based on the estimated digital projection system deployment timeframe.

*NCM Transactions*

On March 29, 2005, the Company along with Regal combined their screen advertising operations to form NCM. On July 15, 2005, Cinemark joined the NCM joint venture by contributing its screen advertising business. On February 13, 2007, National CineMedia, Inc. ("NCM, Inc."), a newly formed entity that now serves as the sole manager of NCM, closed its initial public offering, or IPO, of 42,000,000 shares of its common stock at a price of \$21.00 per share.

In connection with the completion of NCM, Inc.'s IPO, on February 13, 2007, the Company entered into the Third Amended and Restated Limited Liability Company Operating Agreement (the "NCM Operating Agreement") among the Company, Regal and Cinemark (the "Founding Members"). Pursuant to the NCM Operating Agreement, the members are granted a redemption right to exchange common units of NCM for NCM, Inc. shares of common stock on a one-for-one basis, or at the option of NCM, Inc., a cash payment equal to the market price of one share of NCM, Inc.'s common stock. Upon execution of the NCM Operating Agreement, each existing preferred unit of NCM held by the Founding Members was redeemed in exchange for \$13.7782 per unit, resulting in the cancellation of each preferred unit. NCM used the proceeds of a new \$725,000,000 term loan facility and \$59,800,000 of net proceeds from the NCM, Inc. IPO to redeem the outstanding preferred units. The Company received approximately \$259,347,000 in the aggregate for the redemption of all its preferred units in NCM. The Company received approximately \$26,467,000 from selling common units in NCM to NCM, Inc. in connection with the exercise of the underwriters' over-allotment option in the NCM, Inc. IPO.

Also in connection with the completion of NCM, Inc.'s IPO, the Company agreed to modify NCM's payment obligations under the prior Exhibitor Services Agreement ("ESA") in exchange for approximately \$231,308,000. The ESA provides a term of 30 years for advertising and approximately five year terms (with automatic renewal provisions) for meeting event and digital programming services, and provides NCM with a five year right of first refusal for the services beginning one year prior to the end of the term. The ESA also changed the basis upon which the Company is paid by NCM from a percentage of revenues associated with advertising contracts entered into by NCM to a monthly theatre access fee. The theatre access fee is now composed of a fixed payment per patron and a fixed payment per digital screen, which increases by 8% every five years starting at the end of fiscal 2011 for payments per patron and by 5% annually starting at the end of fiscal 2007 for payments per digital screen. The theatre access fee paid in the aggregate to the Founding Members will not be less than 12% of NCM's aggregate advertising revenue, or it will be adjusted upward to meet this minimum payment. Additionally, the Company entered into the First Amended and Restated Loews Screen Integration Agreement with NCM on February 13, 2007, pursuant to which the Company paid NCM an amount that approximated the EBITDA that NCM would have generated if it had been able to sell advertising in the Loews Cineplex Entertainment Corporation ("Loews") theatre chain on an exclusive basis commencing upon the completion of NCM, Inc.'s IPO, and NCM issued common membership units in NCM, increasing the Company's ownership interest to approximately 33.7%; such Loews payments were made quarterly until the former screen advertising agreements expired in fiscal 2009. The Loews Screen Integration payments totaling \$15,982,000 have been paid in full in fiscal 2010. The Company is also required to purchase from NCM any on-screen advertising time provided to the Company's beverage concessionaire at a negotiated rate. In addition, the Company expects to receive mandatory quarterly distributions of excess cash from NCM. Immediately following the NCM, Inc. IPO, the Company held an 18.6% interest in NCM.

Annual adjustments to the common membership units are made pursuant to the Common Unit Adjustment Agreement dated as of February 13, 2007 between NCM, Inc. and the Founding Members. The adjustments to common membership units reflect changes in the number of theatre screens operated and attendance. Effective March 27, 2008, the Company received 939,853 common membership units of NCM as a result of the Common Unit Adjustment, increasing the Company's interest in NCM to 19.1%. The Company recorded the additional units received as a result of the Common Unit Adjustment at fair value and as a new investment (Tranche 2 Investment) with an offsetting adjustment to deferred revenue. Effective May 29, 2008, NCM issued 2,913,754 common membership units to another founding member due to an acquisition, which caused a decrease in the Company's ownership share from 19.1% to 18.52%. Effective March 17, 2009, the Company received 406,371 common membership units of NCM as a result of the Common Unit Adjustment, increasing the Company's interest in NCM to 18.53%. Effective March 17, 2010, the Company received 127,290 common membership units of NCM. As a result of the Common Unit Adjustment among the founding members, the Company's interest in NCM decreased to 18.23% as of April 1, 2010. The Company recorded the additional units received at fair value with an offsetting adjustment to deferred revenue. Effective June 14, 2010 and with a settlement date of June 28, 2010, the Company will receive 6,510,209 common membership units in NCM as a result of an Extraordinary Common Unit Adjustment in connection with the Company's acquisition of Kerasotes. The Company recorded the additional units at fair value of \$111,520,000 with an offsetting adjustment to deferred revenue. As a result of the Extraordinary Common Unit Adjustment, the Company's interest in NCM increases to 23.05%.

As a result of NCM, Inc's IPO and debt financing, the Company recorded a change of interest gain of \$132,622,000 and received distributions in excess of its investment in NCM related to the redemption of preferred and common units of \$106,188,000. The Company reduced its investment in NCM to zero and recognized the change of interest gain and the excess distribution as a gain in equity in earnings of non-consolidated entities, as it has not guaranteed any obligations of NCM and is not otherwise committed to provide further financial support for NCM.

Following the NCM, Inc. IPO, the Company will not recognize undistributed equity in the earnings on the original NCM membership units until NCM's future net earnings, less distributions received, surpass the amount of the excess distribution. The Company will recognize equity in earnings only to the extent it receives cash distributions from NCM. The Company considers the excess distribution as an advance on NCM's future earnings and, accordingly, future earnings of NCM should not be recognized through the application of equity method accounting until such time as the Company's share of NCM's future earnings, net of distributions received, exceeds the excess distribution. The Company believes that the accounting model provided by ASC 323-10-35-22 for recognition of equity investee losses in excess of an investor's basis is analogous to the accounting for equity income subsequent to recognizing an excess distribution.

Pursuant to the Company's Tax Receivable Agreement with National CineMedia, Inc., the Company receives periodic distributions based on certain tax benefits related to the NCM Transactions. As of April 1, 2010, the Company owns 18,948,404 units or an 18.23% interest in NCM. As a founding member, the Company has the ability to exercise significant control over the governance of NCM, and, accordingly accounts for its investment following the equity method. The fair market value of the units in National CineMedia, LLC was approximately \$334,629,000, based on a price for shares of National CineMedia, Inc. on April 1, 2010 of \$17.66 per share.

***Related Party Transactions***

As of April 1, 2010 and April 2, 2009, the Company has recorded \$1,462,000 and \$1,342,000, respectively, of amounts due from NCM related to on-screen advertising revenue. As of April 1, 2010 and April 2, 2009, the Company had recorded \$1,502,000 and \$1,657,000, respectively, of amounts due to NCM related to the ESA and the Loews Screen Integration Agreement. Certain differences in the Company's recorded investment over its proportional ownership share are amortized to equity in (earnings) or losses over the estimated useful life of the underlying assets or liabilities. The recorded equity in earnings of NCM on common membership units owned immediately following the IPO of NCM, Inc. (Tranche 1 Investment) does not include undistributed equity in earnings. The Company considered the excess distribution received following NCM, Inc.'s IPO as an advance on NCM's future earnings. As a result, the Company will not recognize any undistributed equity in earnings of NCM on the original common membership units (Tranche 1 Investment) until NCM's future net earnings equal the amount of the excess distribution.

**Senior Secured Credit Facility**

The senior secured credit facility is with a syndicate of banks and other financial institutions and provides the Company financing of up to \$850,000,000, consisting of a \$650,000,000 term loan facility with a maturity date of January 26, 2013 and a \$200,000,000 revolving credit facility that matures in 2012. The revolving credit facility includes borrowing capacity available for letters of credit and for swingline borrowings on same-day notice. As of April 1, 2010, the Company had approximately \$12,832,000 in outstanding letters of credit, leaving \$187,168,000 available to borrow against the revolving credit facility.

**NOTE 7 CORPORATE BORROWINGS AND CAPITAL AND FINANCING LEASE OBLIGATIONS (Continued)**

Borrowings under the senior secured credit facility bear interest at a rate equal to an applicable margin plus, at the Company's option, either a base rate or LIBOR. On March 13, 2007, the Company amended the senior secured credit facility to, among other things, lower the interest rates related to its term loan, reduce its unused commitment fee and amend the change of control definition so that an initial public offering and related transactions would not constitute a change of control. The current applicable margin for borrowings under the revolving credit facility is 0.75% with respect to base rate borrowings and 1.75% with respect to LIBOR borrowings, and the current applicable margin for borrowings under the term loan facility is 0.75% with respect to base rate borrowings and 1.75% with respect to LIBOR borrowings. In addition to paying interest on outstanding principal under the senior secured credit facility, the Company is required to pay a commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder at a rate equal to 0.25%. It will also pay customary letter of credit fees. The Company may voluntarily repay outstanding loans under the senior secured credit facility at any time without premium or penalty, other than customary "breakage" costs with respect to LIBOR loans. The Company is required to repay \$1,625,000 of the term loan quarterly, beginning March 30, 2006 through September 30, 2012, with any remaining balance due on January 26, 2013.

All obligations under the senior secured credit facility are guaranteed by each of AMCE's wholly-owned domestic subsidiaries. All obligations under the senior secured credit facility, and the guarantees of those obligations (as well as cash management obligations and any interest hedging or other swap agreements), are secured by substantially all of the Company's assets as well as those of each subsidiary guarantor.

The senior secured credit facility contains a number of covenants that, among other things, restrict, subject to certain exceptions, AMCE's ability, and the ability of its subsidiaries, to sell assets; incur additional indebtedness; prepay other indebtedness (including the notes); pay dividends and distributions or repurchase their capital stock; create liens on assets; make investments; make certain acquisitions; engage in mergers or consolidations; engage in certain transactions with affiliates; amend certain charter documents and material agreements governing subordinated indebtedness, including the Existing Subordinated Notes; change the business conducted by it and its subsidiaries; and enter into agreements that restrict dividends from subsidiaries.

In addition, the senior secured credit facility requires, commencing with the fiscal quarter ended September 28, 2006, that AMCE and its subsidiaries maintain a maximum net senior secured leverage ratio as long as the commitments under the revolving credit facility remain outstanding. The senior secured credit facility also contains certain customary affirmative covenants and events of default.

AMCE is restricted, in certain circumstances, from paying dividends to the Company by the terms of the indentures governing its outstanding senior and subordinated notes and its senior secured credit facility. AMCE has not guaranteed the indebtedness issued by the Parent nor pledged any of its assets as collateral.

**Fixed Notes due 2012**

On June 9, 2009, the Company completed the offering of \$600,000,000 aggregate principal amount of its 8.75% Senior Notes due 2019 (the "Notes due 2019"). Concurrently with the initial notes offering, the Company launched a cash tender offer and consent solicitation for any and all of its then outstanding \$250,000,000 aggregate principal amount of the Fixed Notes due 2012 at a purchase price of \$1,000 plus a \$30 consent fee for each \$1,000 of principal amount of currently outstanding Fixed Notes due 2012 validly tendered and accepted by the Company on or before the early tender date (the "Cash Tender Offer"). The Company used the net proceeds from the issuance of the Notes due 2019 to pay the consideration for the Cash Tender Offer plus accrued and unpaid interest on \$238,065,000 principal amount of the Fixed Notes due 2012. The Company recorded a loss on extinguishment related to the Cash Tender Offer of \$10,826,000 in Other expense during the fifty-two weeks ended April 1, 2010, which included previously capitalized deferred financing fees of \$3,312,000, a consent fee paid to the holders of \$7,142,000 and other expenses of \$372,000. On August 15, 2009, the Company redeemed the remaining \$11,935,000 of Fixed Notes due 2012 at a price of \$1,021.56 per \$1,000 principal in accordance with the terms of the indenture. The Company recorded a loss of \$450,000 in Other expense related to the extinguishment of the remaining Fixed Notes due 2012 during the fifty-two weeks ended April 1, 2010, which included previously capitalized deferred financing fees of \$157,000, consent fee paid to the holders of \$257,000 and other expenses of \$36,000.

**Notes Due 2014**

On February 24, 2004, the Company sold \$300,000,000 aggregate principal amount of 8% Senior Subordinated Notes due 2014 (the "Notes due 2014"). The Company applied the net proceeds from the sale of Notes due 2014, plus cash on hand, to redeem all outstanding \$200,000,000 aggregate principal amount of its 9<sup>1</sup>/<sub>2</sub>% Senior Subordinated Notes due 2009 and \$83,406,000 aggregate principal amount of its Notes due 2011. The Notes due 2014 bear interest at the rate of 8% per annum, payable in March and September. The Notes due 2014 are redeemable at the option of the Company, in whole or in part, at any time on or after March 1, 2009 at 104% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after March 1, 2012, plus in each case interest accrued to the redemption date. The Notes due 2014 are subordinated to all existing and future senior indebtedness of the Company. The Notes due 2014 are unsecured senior subordinated indebtedness of the Company ranking equally with the Company's Notes due 2016.

The indenture governing the Notes due 2014 contains certain covenants that, among other things, may limit the ability of AMCE and its subsidiaries to incur additional indebtedness and pay dividends or make distributions in respect of their capital stock.

In connection with the merger with Holdings, the carrying value of the Notes due 2014 was adjusted to fair value. As a result, a discount of \$1,500,000 was recorded and will be amortized to interest expense over the remaining term of the notes.

**Notes Due 2016**

On January 26, 2006, the Company issued \$325,000,000 aggregate principal amount of 11% Senior Subordinated Notes (the "Notes due 2016") issued under an indenture (the "Indenture"), with HSBC Bank USA, National Association, as trustee. The Notes due 2016 will bear interest at a rate of 11% per annum, payable on February 1 and August 1 of each year (commencing on August 1, 2006), and have a maturity date of February 1, 2016.

The Notes due 2016 are general unsecured senior subordinated obligations of the Company, fully and unconditionally guaranteed, jointly and severally, on a senior subordinated basis by each of AMCE's existing and future domestic restricted subsidiaries that guarantee the Company's other indebtedness.

The Company may redeem some or all of the Notes due 2016 at any time on or after February 1, 2011 at 105.5% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after February 1, 2014.

The indenture governing the Notes due 2016 contains covenants limiting other indebtedness, dividends, purchases or redemptions of stock, transactions with affiliates and mergers and sales of assets. It also contains provisions subordinating the Company's obligations under the Notes due 2016 to the Company's obligations under its senior secured credit facility and other senior indebtedness.

**Notes Due 2019**

On June 9, 2009, the Company issued \$600,000,000 aggregate principal amount of 8.75% Senior Notes (the "Notes due 2019") issued under an indenture (the "Indenture"), with U.S. Bank, National Association, as trustee. The Notes due 2019 bear interest at a rate of 8.75% per annum, payable on June 1 and December 1 of each year (commencing on December 1, 2009), and have a maturity date of June 1, 2019.

The Notes due 2019 are general unsecured senior obligations of the Company, fully and unconditionally guaranteed, jointly and severally, on a senior basis by each of AMCE's existing and future domestic restricted subsidiaries that guarantee the Company's other indebtedness.

The Notes due 2019 are redeemable at the Company's option in whole or in part, at any time on or after June 1, 2014 at 104.375% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after June 1, 2017. In addition, the Company may redeem up to 35% of the aggregate principal amount of the notes using net proceeds from certain equity offerings completed on or prior to June 1, 2012 at a redemption price of 108.75%.

The indenture governing the Notes due 2019 contains covenants limiting other indebtedness, dividends, purchases or redemptions of stock, transactions with affiliates and mergers and sales of assets. It also contains provisions subordinating the Company's obligations under the Notes due 2019 to the Company's obligations under its senior secured credit facility and other senior indebtedness. The Notes due 2019 were issued at a 2.418% discount which is amortized to interest expense following the interest method over the term of the notes.

As of April 1, 2010, the Company was in compliance with all financial covenants relating to the senior secured credit facility, the Notes due 2016, Discount Notes due 2014, the Notes due 2014 and the Notes due 2019.

**Change of Control**

Upon a change of control (as defined in the indentures), the Company would be required to make an offer to repurchase all of the outstanding Notes due 2019, Notes due 2016, and Notes due 2014 at a price equal to 101% of the principal amount thereof plus accrued and unpaid interest to the date of repurchase. The Sponsors are considered Permitted Holders as defined in each of the indentures and as such could create certain voting arrangements that would not constitute a change of control under the indentures.

**Holdings Discount Notes Due 2014**

To help finance the merger with Holdings, the Company issued \$304,000,000 aggregate principal amount at maturity of its 12% Senior Discount Notes due 2014 ("Discount Notes due 2014") for gross proceeds of \$169,917,760. The indenture governing the Discount Notes due 2014 contains certain covenants that, among other things, may limit the ability of the Company and its subsidiaries to incur additional indebtedness and pay dividends or make distributions in respect of their capital stock.

The indentures relating to the Discount Notes due 2014 allow the Company to incur specified permitted indebtedness (as defined therein) without restriction. The indenture also allows the Company to incur any amount of additional debt, as long as the Company can satisfy the applicable coverage ratio of each indenture, after giving effect to the event on a pro forma basis under the indenture for the Discount Notes due 2014. Under the indenture relating to the Senior Discount Notes due 2014 (the Company's most restrictive indenture), the Company could borrow approximately \$220,600,000 (assuming an interest rate of 8.25% per annum on the additional indebtedness) in addition to specified permitted indebtedness. If the Company cannot satisfy the applicable coverage ratios of the indentures, generally the Company can incur, in addition to amounts borrowed under the senior secured credit facility, no more than \$100,000,000 of new "permitted indebtedness" under the terms of the indentures.

Holdings is a holding company with no operations of its own and has no ability to service interest or principal on the Discount Notes due 2014 other than through any dividends it may receive from AMCE. AMCE will be restricted, in certain circumstances, from paying dividends to Holdings by the terms of the indentures governing the Notes due 2014, the Notes due 2016, the Notes due 2019 and the senior secured credit facility. Under the most restrictive of these provisions, set forth in the Indenture for the Notes due 2016, the amount of loans and dividends which AMCE could make to Holdings may not exceed approximately \$309,752,000 in the aggregate as of April 1, 2010. AMCE has not guaranteed the Discount Notes due 2014 nor pledged any of its assets as collateral.

On any interest payment date prior to August 15, 2009, the Company was permitted to commence paying cash interest (from and after such interest payment date) in which case (i) the Company would be obligated to pay cash interest on each subsequent interest payment date, (ii) the notes would cease to accrete after such interest payment date and (iii) the outstanding principal amount at the maturity of

each note would be equal to the accreted value of such notes as of such interest payment date. The Company commenced paying cash interest on August 16, 2007 and made its first semi-annual interest payment on February 15, 2008 at which time the principal became fixed at \$240,795,000.

Upon a change of control (as defined in the indentures), the Company would be required to make an offer to repurchase all of the outstanding Discount Notes due 2014 at a price equal to 101% of the principal amount thereof plus accrued and unpaid interest.

**Parent Term Loan Facility**

To help finance the dividend paid by the Company to its stockholders discussed in Note 8 Stockholders' Equity, the Company entered into a \$400,000,000 Credit Agreement dated as of June 13, 2007 ("Parent Term Loan Facility") for net proceeds of \$396,000,000. Costs related to the issuance of the Parent Term Loan Facility were capitalized and are charged to interest expense, following the interest method, over the life of the Parent Term Loan Facility. During fiscal 2010, the Company made payments to purchase term loans and reduce the principal balance of its Parent Term Loan Facility from \$466,936,000 to \$193,290,000. As of April 1, 2010, the principal balance of the Parent Term Loan Facility, including unpaid interest, was \$198,973,000 and the interest rate on borrowings thereunder was 5.26% per annum.

The Company is a holding company with no operations of its own and has no ability to service interest or principal on the Parent Term Loan Facility other than through dividends it may receive from Holdings and AMCE. Holdings and AMCE are restricted, in certain circumstances, from paying dividends to Parent by the terms of the indentures governing their Notes due 2014, Notes due 2016, Discount Notes due 2014, Notes due 2019 and the senior secured credit facility. Holdings and AMCE have not guaranteed the Parent Term Loan Facility nor pledged any of their assets as collateral.

Borrowings under the Parent Term Loan Facility bear interest at a rate equal to an applicable margin plus, at the Company's option, either a base rate or LIBOR. The initial applicable margin for borrowings under the Parent Term Loan Facility is 4.00% with respect to base rate borrowings and 5.00% with respect to LIBOR borrowings. Interest on borrowings under the Parent Term Loan Facility is payable on each March 15, June 15, September 15, and December 15, beginning September 15, 2007 by adding such interest for the applicable period to the principal amount of the outstanding loans. The Company is required to pay an administrative agent fee to the lenders under the Parent Term Loan Facility of \$100,000 annually.

The Company may voluntarily repay outstanding loans under the Parent Term Loan Facility, in whole or in part, together with accrued interest to the date of such prepayment on the principal amount prepaid at any time on or before June 13, 2010 at 101% of principal and at 100% of principal thereafter. Unpaid principal and interest on outstanding loans under the Parent Term Loan Facility are required to be repaid upon maturity on June 13, 2012.

Upon a change of control (as defined in the Parent Term Loan Facility), Lenders have the right to require the Company to prepay the Parent Term Loan Facility at a price equal to 101% of the principal amount thereof plus accrued and unpaid interest. The Sponsors are considered Permitted Holders as defined in the Parent Term Loan Facility and as such could create certain voting arrangements that

would not constitute a change of control under the Parent Term Loan Facility. In the event of a qualified equity issuance offer as defined in the Parent Term Loan Facility, the Company will, to the extent lawful, prepay the maximum principal amount of loans properly tendered that may be purchased out of any qualified equity issuance net proceeds at a prepayment price in cash equal to 100% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of prepayment.

The Parent Term Loan Facility contains certain covenants that, among other things, may limit the ability of the Company to incur additional indebtedness and pay dividends or make distributions in respect of its capital stocks. Under the Parent Term Loan Facility the amount of Restricted Payments as defined in the Parent Term Loan Facility may not exceed approximately \$93,493,000 in the aggregate as of April 1, 2010.

**NOTE 8 STOCKHOLDERS' EQUITY**

The Company's common stock consists of 256,085.61252 voting shares of Class L-1 Common Stock, par value \$0.01 per share ("Class L-1 Common Stock"), 256,085.61252 voting shares of Class L-2 Common Stock, par value \$0.01 per share ("Class L-2 Common Stock" and, together with the Class L-1 Common Stock, the "Class L Common Stock"), 382,475 voting shares of Class A-1 Common Stock, par value \$0.01 per share (the "Class A-1 Common Stock"), 382,475 voting shares of Class A-2 Common Stock, par value \$0.01 per share (the "Class A-2 Common Stock" and, together with the Class A-1 Common Stock, the "Class A Common Stock"), and 1,700.63696 nonvoting shares of "Class N Common Stock, par value \$0.01 per share (the "Class N Common Stock"). The former non-management stockholders of LCE Holdings, Inc. ("LCE Holdings"), the parent of Loews Cineplex Entertainment Corporation, including the Bain Investors, the Carlyle Investors and the Spectrum Investors (collectively, the "Former LCE Sponsors"), hold all of the outstanding shares of Class L Common Stock. The pre-existing non-management stockholders of the Company, including the JPMP Investors and the Apollo Investors (collectively, the "Pre-Existing Holdings Sponsors" and, the

Pre-Existing Holdings Sponsors together with the Former LCE Sponsors, the "Sponsors") and other

co-investors (the "Coinvestors"), hold all of the outstanding shares of Class A Common Stock. Management stockholders of the Company (the "Management Stockholders" and, together with the Sponsors and Coinvestors, the "Stockholders") hold all of the non-voting Class N Common Stock.

The Class L Common Stock, Class A Common Stock and Class N Common Stock will automatically convert on a one-for-one basis into shares of Residual Common Stock, par value \$0.01 per share, upon (i) written consent of each of the Sponsors or (ii) the completion of an initial public offering of capital stock (an "IPO").

The Company used cash and proceeds from the issuance of a \$400,000,000 Credit Agreement issued by the Company (See Note 7) to pay a dividend to its stockholders of \$652,800,000 during fiscal year 2008.

As discussed in Note 9 Income Taxes, the Company adopted the accounting guidance for uncertainty in income taxes under ASC 740, *Income Taxes*, on March 30, 2007. The cumulative effect of the change on adoption charged to accumulated deficit was \$5,373,000. As discussed in Note 11

**Common Stock Rights and Privileges**

The Company's Class A-1 voting Common Stock, Class A-2 voting Common Stock, Class N nonvoting Common Stock, Class L-1 voting Common Stock and Class L-2 voting Common Stock entitle the holders thereof to the same rights and privileges, subject to the same qualifications, limitations and restrictions with respect to dividends. Additionally, each share of Class A Common Stock, Class L Common Stock and Class N Common Stock shall automatically convert into one share of Residual Common Stock on a one-for-one basis immediately prior to the consummation of an Initial Public Offering.

**Stock-Based Compensation**

The Company, has adopted a stock-based compensation plan that permits grants of up to 49,107.44681 options on the Company's stock and has granted options on 4,786.0000, 15,980.45, 600.00000 and 38,876.72873 of its shares to certain employees during the periods ended April 1, 2010, April 2, 2009, March 30, 2006 and March 31, 2005, respectively. As of April 1, 2010, there was \$2,166,000 of total estimated unrecognized compensation cost related to nonvested stock-based compensation arrangements expected to be recognized over 5 years.

The options have a ten year term, the options granted during fiscal 2005 step-vest in equal amounts over five years with the final vesting having occurred on December 23, 2009, the options granted during fiscal 2006 step-vest in equal amounts over three years with final vesting occurring on December 23, 2008, the options granted in fiscal 2009 step-vest in equal amounts over 5 years with final vesting occurring on March 6, 2014 and the options granted in fiscal 2010 step-vest in equal amounts over 5 years with final vesting occurring on May 28, 2014, but vesting may accelerate for one participant if there is a change of control (as defined in the plan). One of the holders of options fully vested during fiscal 2007 upon entry into his employment separation and general release agreement on March 20, 2007. The Company has recorded \$1,384,000, \$2,622,000 and \$207,000 of stock-based compensation expense related to these options within general and administrative: other and has recognized an income tax benefit of \$0 in its Consolidated Statements of Operations during each of the periods ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively. One of the previous holders of stock options held put rights associated with his options deemed to be within his control whereby he could require the Company to repurchase his options and, as a result, the expense for these options was remeasured each reporting period as a liability based award. For the option awards classified as liabilities, the Company revalued the options at each period end following the grant date using the Black-Scholes model. In valuing this liability, the Company used a fair value of common stock of \$1,000 per share, which was based on a contemporaneous valuation reflecting market conditions as of April 3, 2008. In May 2008, the Company was notified of the holder's intention to exercise the put option and the Company made cash payments to settle the accrued liability of \$3,911,000 during fiscal 2009. As a result of the exercise of the put right, there was no additional stock compensation expense related to these options in fiscal 2009 and the related options were canceled upon exercise of the put right during fiscal 2009.

## NOTE 8 STOCKHOLDERS' EQUITY (Continued)

The Company accounts for stock options using the fair value method of accounting and has valued the May 28, 2009 option grants using the Black-Scholes formula which included a valuation prepared by management on behalf of the Compensation Committee of the Board of Directors. This reflected market conditions as of May 28, 2009 which indicated a fair value price per share of the underlying shares of \$339.59 per share, a purchase of 2,542 shares by the Company for \$323.95 per share from the Company's former Chief Executive Officer pursuant to his Separation and General Release Agreement dated February 23, 2009 and a sale of 385,862 shares by the Company to the Company's current Chief Executive Officer pursuant to his Employment Agreement dated February 23, 2009 for \$323.95 per share. See Note 1 The Company and Significant Accounting Policies, Stock-based Compensation for more information regarding the Company's stock option plan.

On February 23, 2009, the Company entered into a Separation and General Release Agreement with Peter C. Brown (formerly Chairman of the Board, Chief Executive Officer and President of Parent, Holdings and AMCE), whereby all outstanding vested and unvested options were voluntarily forfeited. Stock compensation expense recorded in fiscal 2009 related only to awards that vested prior to February 23, 2009. Because all vested and unvested awards were forfeited, there is no additional compensation cost to recognize in future periods related to his awards.

The Company's federal income tax loss carryforward of \$457,872,000 will begin to expire in 2020 and will completely expire in 2030 and will be limited annually due to certain change in ownership provisions of the Internal Revenue Code. The Company also has state income tax loss carryforwards of \$891,369,000 which may be used over various periods ranging from 1 to 20 years.

The Company completed the repurchase of certain term loans under the Parent Term Loan Facility in fiscal 2010 resulting in taxable income, which should allow the Company to utilize certain net operating losses in future years. During fiscal 2010, the Company reversed \$1,500,000 of its valuation allowance through the income statement and in fiscal 2009, the Company reversed \$31,000,000 of its valuation allowance through Goodwill, related to the repurchase of these term loans.

During fiscal 2010, management believed it was more likely than not that the Company had the ability to execute a feasible and prudent tax strategy that would provide for the realization of net operating losses that expire through 2022 by converting certain limited partnership units into common stock. Management has reduced its overall valuation allowance by \$65,000,000 in fiscal 2010 for the estimated amount of net operating losses that would be realized as a result of this potential action.

The Company has recorded a valuation allowance against its remaining net deferred tax asset in U.S. and foreign jurisdictions of \$305,895,000 as of April 1, 2010.

Effective March 30, 2007, the Company adopted accounting rules regarding uncertainty in income taxes. Relative to the implementation of this guidance, the Company's financial statements did not include any tax contingencies, after consideration of the partial/full valuation allowance recorded against net deferred tax assets. As a result of the adoption of this guidance, the Company recorded a \$5,373,000 increase in current deferred tax assets, a \$5,373,000 reduction of goodwill, a \$5,373,000 current liability and a \$5,373,000 charge to the beginning accumulated deficit that is reported as a cumulative effect adjustment for a change in accounting principle to the opening balance sheet position of stockholders' accumulated deficit at March 30, 2007. A reconciliation of the change in the amount of unrecognized tax benefits during the year ended April 1, 2010 was as follows:

(In millions)	April 1, 2010	April 2, 2009	April 3, 2008
Balance at Beginning of Period	\$ 33.5	\$ 38.7	\$ 44.1
Gross Increases Current Period Tax Positions	1.5	1.5	
Gross Decreases Tax Position in Prior Periods	(.5)	(2.1)

Expired Attributes			
Lapse of Statute of Limitations		(4.6)	
Cash Settlements			
Balance at End of Period	\$ 34.5	\$ 33.5	\$ 38.7

As of April 1, 2010, the Company recognized a \$7,000,000 liability for uncertain tax positions and a \$7,000,000 deferred tax asset for net operating losses on the balance sheet. These uncertain positions were taken in tax years where the Company generated positive taxable income and they were previously netted against deferred tax assets on the balance sheet.

The Company's effective tax rate would not be significantly impacted by the ultimate resolution of the uncertain tax positions because of the retention of a valuation allowance against its net operating loss carryforwards.

During December 2007, the IRS informed the Company of its acceptance of certain tax conclusions that the Company had taken on a transaction the Company entered into during the fiscal year ended March 29, 2007 that were presented to the IRS in a Request for a Pre-Filing Agreement. As a result of the IRS accepting the Company's tax conclusions, the \$5,373,000 reserve established with the adoption of the income tax uncertainty guidance was resolved and the tax benefit was recorded during the fiscal year ended April 3, 2008.

The Company recognizes income tax-related interest expense and penalties as income tax expense and general, and administrative expense, respectively. As of April 3, 2008, the Company did not have any interest or penalties accrued associated with unrecognized tax benefits. The liabilities for interest and penalties increased by \$101,000 and \$45,000, as of April 1, 2010 and April 2, 2009, respectively.

There are currently unrecognized tax benefits which the Company anticipates will be resolved in the next 12 months; however, the Company is unable at this time to estimate what the impact on its unrecognized tax benefits will be.

The Company or one of its subsidiaries files income tax returns in the U.S. federal jurisdiction, and various state and foreign jurisdictions. An IRS examination of the tax years February 28, 2002 through December 31, 2003 of the former Loews Cineplex Entertainment Corporation and subsidiaries was concluded during fiscal 2007. An IRS examination for the tax years ended March 31, 2005 and March 30, 2006 was completed during 2009. Generally, tax years beginning after March 28, 2002 are still open to examination by various taxing authorities. Additionally, the Company has net operating loss ("NOL") carryforwards for tax years ended October 31, 2000 through March 28, 2002 in the U.S. and various state jurisdictions which have carryforwards of varying lengths of time. These NOLs are subject to adjustment based on the statute of limitations of the return in which they are utilized, not the year in which they are generated. Various state, local and foreign income tax returns are also under examination by taxing authorities. The Company does not believe that the outcome of any examination will have a material impact on its financial statements.

**NOTE 10 LEASES**

Beginning in fiscal 1998, the Company has completed numerous real estate lease agreements with Entertainment Properties Trust ("EPT") including transactions accounted for as sale and leaseback transactions in accordance with Accounting Standards Codification No. 840, *Leases*. The leases are triple net leases that require the Company to pay substantially all expenses associated with the operation of the theatres such as taxes and other charges, insurance, utilities, service, maintenance and any ground lease payments. As of April 1, 2010, the Company leased from EPT 42 theatres with 924 screens located in the United States and Canada.

**NOTE 11 EMPLOYEE BENEFIT PLANS**

The Company sponsors frozen non-contributory qualified and non-qualified defined benefit pension plans generally covering all employees who, prior to the freeze, were age 21 or older and had completed at least 1,000 hours of service in their first twelve months of employment, or in a calendar year ending thereafter, and who were not covered by a collective bargaining agreement. The Company also offers eligible retirees the opportunity to participate in a health plan (medical and dental). Certain employees are eligible for subsidized postretirement medical benefits. The eligibility for these benefits is based upon a participant's age and service as of January 1, 2009. The Company also sponsors a postretirement deferred compensation plan.

**NOTE 11 EMPLOYEE BENEFIT PLANS (Continued)**

In the fourth quarter of fiscal 2009, the Company recorded a curtailment gain of \$1,072,000 as a result of the retirement of its former chief executive officer on February 23, 2009. The curtailment gain relates to the Retirement Enhancement Plan which included only one active unvested participant and one retired vested participant. Because the former chief executive officer had not vested in his eligible benefit, his retirement created a significant elimination of the accrual of deferred benefits for his future services.

On May 2, 2008, the Company's Board of Directors approved revisions to the Company's Post Retirement Medical and Life Insurance Plan effective January 1, 2009 and on July 3, 2008 the changes were communicated to the plan participants. As a result of these revisions, the Company recorded a negative prior service cost of \$5,969,000 through other comprehensive income to be amortized over eleven years based on expected future service of the remaining participants.

Effective March 29, 2007, the Company adopted the amended guidance for employers' accounting for defined benefit pension and other postretirement plans in ASC 715, *Compensation-Retirement Benefits*, ("ASC 715"). ASC 715 requires that, effective for fiscal years ending after December 15, 2008 the assumptions used to measure annual pension and retiree medical expense be determined as of the balance sheet date and all plan assets and liabilities be reported as of that date. Accordingly, as of the beginning of fiscal 2009, the Company changed the measurement date for the annual pension and postretirement medical expense and all plan assets and liabilities by applying the transition option under which a 15 month measurement was determined as of January 1, 2008, that covers the period to the Company's year-end balance sheet date. As a result of this change in measurement date, the Company recorded an \$82,000 loss to fiscal 2009 opening accumulated deficit and a \$411,000 unrealized loss to other comprehensive income.

As a result of the merger with LCE Holdings in January 2006, the Company acquired two pension plans in the U.S. and one in Mexico. One of the U.S. plans is a frozen cash balance plan and neither of the U.S. plans has admitted new participants post-merger. On December 29, 2008, the Company sold all of its interests in Cinemex, which includes the Mexico Plan. See Note 2 Discontinued Operations for more information.

On November 7, 2006, the Company's Board of Directors approved an amendment to freeze the Company's Defined Benefit Retirement Income Plan, Supplemental Executive Retirement Plan and Retirement Enhancement Plan (the "Plans") as of December 31, 2006. On December 20, 2006 the Company amended and restated the Plans to implement the freeze as of December 31, 2006. As a result of the freeze there will be no further benefits accrued after December 31, 2006, but continued vesting for associates with less than five years of vesting service. The Company will continue to fund existing benefit obligations and there will be no new participants in the future. As a result of amending and restating the Plans to implement the freeze, the Company recognized a curtailment gain of \$10,983,000 in fiscal 2007 in its consolidated financial statements which was recorded within general and administrative: other.

The measurement date used to determine pension and other postretirement benefits is April 1, 2010.

economic environment and long-term performance of the asset classes. While appropriate consideration is given to recent and historical investment performance, the assumption represents management's best estimate of the long-term prospective return.

For measurement purposes, the annual rate of increase in the per capita cost of covered health care benefits assumed for 2010 was 8.0% for medical and 4.0% for dental and vision. The rates were assumed to decrease gradually to 5.0% for medical in 2017 and remain at 4.0% for dental. The health care cost trend rate assumption has a significant effect on the amounts reported. Increasing the assumed health care cost trend rates by one percentage point in each year would increase the accumulated postretirement benefit obligation as of April 1, 2010 by \$2,204,000 and the aggregate of the service and interest cost components of postretirement expense for fiscal 2010 by \$147,000. Decreasing the assumed health care cost trend rates by one percentage point in each year would decrease the accumulated postretirement obligation for fiscal 2010 by \$1,879,000 and the aggregate service and interest cost components of postretirement expense for fiscal 2010 by \$125,000. The Company's retiree health plan provides a benefit to its retirees that is at least actuarially equivalent to the benefit provided by the *Medicare Prescription Drug, Improvement and Modernization Act of 2003* ("Medicare Part D").

**Cash Flows**

The Company expects to contribute \$2,559,000 to the pension plans during fiscal 2011.

The following table provides the benefits expected to be paid (inclusive of benefits attributable to estimated future employee service) in each of the next five fiscal years, and in the aggregate for the five fiscal years thereafter:

2015	2,454	1,360	116
Years 2016 - 2019	20,561	7,270	722

**Pension Plan Assets**

For its defined benefit pension plan investments, the Company employs a long-term risk-controlled approach using diversified investment options with minimal exposure to volatile investment options like derivatives. The Company uses a diversified allocation of equity, debt, and real estate exposures that are customized to the Plan's cash flow benefit needs. The target allocations for plan assets are 45 percent equity securities, 30 percent debt or fixed securities and 25 percent real estate and other.

**Defined Contribution Plan**

The Company sponsors a voluntary 401(k) savings plan covering employees age 21 or older who have completed at least 1,000 hours of service in their first twelve months of employment, or in a calendar year thereafter, and who are not covered by a collective bargaining agreement. Effective for fiscal year 2010, in the Company's 401(k) Savings Plan the Company matched 50% of each eligible employee's elective contributions up to 6% of the employee's eligible compensation. Previously, the Company matched 100% of elective contributions up to 5% of employee compensation. The Company's expense under the 401(k) savings plan was \$1,654,000, \$2,374,000, and \$2,476,000 for the periods ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively.

**Union-Sponsored Plans**

Certain theatre employees are covered by union-sponsored pension and health and welfare plans. Company contributions into these plans are determined in accordance with provisions of negotiated labor contracts. Contributions aggregated \$501,000, \$559,000, and \$1,004,000, for the periods ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively. On November 7, 2008, the Company received notice of a written demand for payment of a partial withdrawal liability assessment from a collectively bargained multiemployer pension plan that covers certain of its unionized theatre employees. Based on a payment schedule that the Company received from this plan in December 2008, the Company began making quarterly payments on January 1, 2009 related to the \$5,279,000 in partial withdrawal liability. In the second quarter of fiscal 2010, the Company made a complete withdrawal from the plan which triggered an additional liability of \$1,422,000 which was assessed by the plan on April 19, 2010. However, the Company also estimates that approximately \$2,839,000 of the total liability was discharged in bankruptcy by companies it acquired. As of April 1, 2010, the Company has recorded a liability related to this matter in the amount of \$4,016,000 and has made contributions of approximately \$2,905,000. The final withdrawal liability amount may be adjusted based on a legal review of the plan's assessment, the Company's records and ensuing discussions with the plan's trustees. The Company estimates its potential complete withdrawal liability from its other multiemployer pension plans is approximately \$3,000,000 to \$3,500,000.

**NOTE 12 COMMITMENTS AND CONTINGENCIES**

The Company, in the normal course of business, is party to various legal actions. Except as described below, management believes that the potential exposure, if any, from such matters would not have a material adverse effect on the financial condition, cash flows or results of operations of the Company.

*United States of America v. AMC Entertainment Inc. and American Multi Cinema, Inc.* (No. 99 01034 FMC (SHx), filed in the U.S. District Court for the Central District of California). On January 29, 1999, the Department of Justice (the "Department") filed suit alleging that the Company's stadium style theatres violated the ADA and related regulations. The Department alleged that the Company had failed to provide persons in wheelchairs seating arrangements with lines-of-sight comparable to the general public. The Department alleged various non-line-of-sight violations as well. The Department sought declaratory and injunctive relief regarding existing and future theatres with stadium-style seating, compensatory damages in the approximate amount of \$75,000 and a civil penalty of \$110,000.

As to line-of-sight matters, the trial court entered summary judgment in favor of the Justice Department as to both liability and as to the appropriate remedy. On December 5, 2008, the Ninth Circuit Court of Appeals reversed the trial court as to the appropriate remedy and remanded the case back to the trial court for findings consistent with its decision. The Company and the Department are negotiating the extent of betterments related to the remaining remedies required for line-of-sight violations consistent with the Ninth Circuit's decision. The improvements will likely be made over a five-year term. Absent settlement, the case will be tried in February 2011. The Company has recorded a liability of approximately \$349,000 for estimated fines related to this matter.

**NOTE 12 COMMITMENTS AND CONTINGENCIES (Continued)**

As to the non-line-of-sight aspects of the case, on January 21, 2003, the trial court entered summary judgment in favor of the Department on matters such as parking areas, signage, ramps, location of toilets, counter heights, ramp slopes, companion seating and the location and size of handrails. On December 5, 2003, the trial court entered a consent order and final judgment on non-line-of-sight issues under which the Company agreed to remedy certain violations at its stadium-style theatres and at certain theatres it may open in the future. Currently the Company estimates that these betterments will be required at approximately 140 stadium-style theatres. The Company estimates that the total cost of these betterments will be approximately \$54,000,000, and through April 1, 2010 the Company has incurred approximately \$33,355,000 of these costs. The estimate is based on actual costs incurred on remediation work completed to date. The actual costs of betterments may vary based on the results of surveys of the remaining theatres.

*Michael Bateman v. American Multi-Cinema, Inc.* (No. CV07-00171). In January 2007, a class action complaint was filed against the Company in the Central District of the United States District Court of California (the "District Court") alleging violations of the Fair and Accurate Credit Transactions Act ("FACTA"). FACTA provides in part that neither expiration dates nor more than the last five numbers of a credit or debit card may be printed on receipts given to customers. FACTA imposes significant penalties upon violators where the violation is deemed to have been willful. Otherwise damages are limited to actual losses incurred by the card holder. On October 24, 2008, the District Court denied plaintiff's renewed motion for class certification. Plaintiff has appealed this decision and the case is stayed pending this appeal.

On May 14, 2009, Harout Jarchafjian filed a similar lawsuit alleging that the Company willfully violated FACTA and seeking statutory damages, but without alleging any actual injury (*Jarchafjian v. American Multi-Cinema, Inc.* (C.D. Cal. Case No. CV09-03434)). The Jarchafjian case has been deemed related to the Bateman case and is stayed pending a Ninth Circuit decision in the Bateman case. The Company believes the plaintiff's allegations in both these cases, particularly those asserting the Company's willfulness, are without merit.

In addition to the cases noted above, the Company is also currently a party to various ordinary course claims from vendors (including concession suppliers, software technology vendors, and motion picture distributors), landlords and suppliers and other legal proceedings. If management believes that a loss arising from these actions is probable and can reasonably be estimated, the Company records the amount of the loss, or the minimum estimated liability when the loss is estimated using a range and no point is more probable than another. As additional information becomes available, any potential liability related to these actions is assessed and the estimates are revised, if necessary. Except as described above, management believes that the ultimate outcome of such other matters, individually and in the aggregate, will not have a material adverse effect on the Company's financial position or overall trends in results of operations. However, litigation and claims are subject to inherent uncertainties and unfavorable outcomes could occur. An unfavorable outcome could include monetary damages. If an unfavorable outcome were to occur, there exists the possibility of a material adverse impact on the results of operations in the period in which the outcome occurs or in future periods.

*Kerasotes Acquisition.* On December 9, 2009, the Company entered into a definitive agreement with Kerasotes Showplace Theatres, LLC ("Kerasotes") pursuant to which the Company will acquire substantially all of the assets of Kerasotes. Kerasotes operates 95 theatres and 972 screens in mid-sized,

suburban and metropolitan markets, primarily in the Midwest. On May 24, 2010, the Company completed the acquisition. The purchase price for the Kerasotes theatres paid in cash at closing was \$275,000,000 and is subject to working capital and other purchase price adjustments as described in the Unit Purchase Agreement. In connection with the consummation of the acquisition, the Company sold one of its theatres for a gain on sale of approximately \$10,000,000.

## NOTE 13 THEATRE AND OTHER CLOSURE AND DISPOSITION OF ASSETS

The Company has provided reserves for estimated losses from theatres which have been closed. As of April 1, 2010, the Company has reserved \$6,694,000 for lease terminations which have either not been consummated or paid, related primarily to two theatres and vacant restaurant space. In connection with the merger with LCE Holdings, the Company accrued \$4,845,000 for future lease obligations at facilities that had been closed or were duplicate facilities that were planned to be closed following the merger. The accrual was primarily related to the New York City home office lease, which has been fully paid in fiscal 2008. The Company is obligated under long-term lease commitments with remaining terms of up to 18 years for theatres which have been closed. As of April 1, 2010, base rents aggregated approximately \$831,000 annually and \$8,451,000 over the remaining terms of the leases.

A rollforward of reserves for theatre and other closure is as follows:

During the fifty-two weeks ended April 1, 2010, the Company recognized \$2,573,000 of theatre and other closure expense due primarily to closure of one theatre and accretion of the closure liability related to theatres closed during prior periods. During the fifty-two weeks ended April 2, 2009, the Company recognized \$2,262,000 of theatre and other closure income due primarily to lease terminations negotiated on favorable terms for two theatres that were closed during this period. The Company did not receive cash payments in connection with the lease terminations, but recognized income from the write-off of the unamortized deferred rent liability. During the fifty-three weeks ended

## NOTE 13 THEATRE AND OTHER CLOSURE AND DISPOSITION OF ASSETS (Continued)

April 3, 2008, the Company recognized \$20,970,000 of theatre and other closure income due primarily to lease terminations negotiated on favorable terms at seven of its theatres that were either closed or the lease terms were settled favorably during this period. The Company received net cash payments of \$10,159,000 in connection with these seven lease terminations.

Theatre and other closure reserves for leases that have not been terminated are recorded at the present value of the future contractual commitments for the base rents, taxes and maintenance. As of April 1, 2010, the future lease obligations are discounted at annual rates ranging from 7.55% to 8.54%.

## NOTE 14 FAIR VALUE MEASUREMENTS

Fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the entity transacts. The inputs used to develop these fair value measurements are established in a hierarchy, which ranks the quality and reliability of the information used to determine the fair values. The fair value classification is based on levels of inputs. Assets and liabilities that are carried at fair value are classified and disclosed in one of the following categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

The following table summarizes the fair value hierarchy of the Company's financial assets and liabilities carried at fair value on a recurring basis as of April 1, 2010:

(In thousands)	Fair Value Measurements at April 1, 2010 Using

**Valuation Techniques.** The Company's cash and cash equivalents are primarily money market mutual funds invested in funds that seek to preserve principal, are highly liquid, and therefore are recorded on the balance sheet at the principal amounts deposited, which equals fair value. The equity securities primarily consist of mutual funds invested in equity, fixed income, and international funds. The equity securities are measured at fair value using quoted market prices and are classified within Level 1 of the valuation hierarchy. The amortized cost basis of the equity securities held as of April 1, 2010 is \$2,765,000.

The Company is required to disclose the fair value of financial instruments that are not recognized in the statement of financial position, for which it is practicable to estimate that value. At April 1, 2010, the carrying amount of the Company's liabilities for corporate borrowings was approximately \$2,271,914,000 and the fair value was approximately \$2,334,395,000. At April 2, 2009, the carrying amount of the corporate borrowings was approximately \$2,394,586,000 and the fair value was approximately \$1,996,185,000. At April 1, 2010, quoted market prices were used to value publicly held corporate borrowings, as well as using indicative trading levels for term loans as compiled by a firm that makes a market in the security. At April 2, 2009, quoted market prices were used to value publicly held corporate borrowings, in addition to recent payments made to purchase term loans. The carrying value of cash and equivalents approximates fair value because of the short duration of those instruments.

## NOTE 14 FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes the fair value hierarchy of the Company's assets that were measured at fair value on a nonrecurring basis:

(In thousands)	Total Carrying Value at April 1, 2010	Fair Value Measurements at April 1, 2010 Using			Total Losses

Long-lived assets held and used	\$ 10,335	\$	\$	\$ 10,335	\$ 3,765

In accordance with the provisions of the impairment of long-lived assets subsections of FASB Codification Subtopic 360-10, long-lived assets held and used were written down to their fair value of \$10,335,000, resulting in an impairment charge of \$3,765,000, which was included in earnings for the fifty-two weeks ending April 1, 2010.

The fair value of assets is determined as either the expected selling price less selling costs (where appropriate) or the present value of the estimated future cash flows. The fair value of furniture, fixtures and equipment has been determined using similar asset sales and in some instances with the assistance of third party valuation studies. The discount rate used in determining the present value of the estimated future cash flows was based on management's expected return on assets during fiscal 2010.

## NOTE 15 OPERATING SEGMENT

The Company reports information about operating segments in accordance with ASC 280-10, *Segment Reporting*, which requires financial information to be reported based on the way management organizes segments within a company for making operating decisions and evaluating performance. The Company has identified one reportable segment for its theatrical exhibition operations. Prior to fiscal 2009, the Company had three operating segments which consisted of United States and Canada Theatrical Exhibition, International Theatrical Exhibition, and Other. The reduction in the number of operating segments was a result of the disposition of Cinemex in December 2008. Cinemex was previously reported in the International Theatrical Exhibition operating segment and accounted for a substantial majority of that segment. In addition, in the second quarter of fiscal 2009, the Company consolidated the Other operating segment with the United States and Canada Theatrical Exhibition operating segment due to a previous contribution of advertising net assets to NCM. During fiscal 2009, the United States and Canada Theatrical Exhibition operating segment was renamed the Theatrical Exhibition operating segment.

***Governance Agreements***

Agreements entered into by the Company, the Sponsors and the Company's other stockholders (collectively, the "Governance Agreements"), provide that the Board of Directors for the Company consist of up to nine directors, two of whom are designated by JPMP, two of whom are designated by Apollo, one of whom is the Chief Executive Officer of the Company, one of whom is designated by Carlyle, one of whom is designated by Bain, one of whom is designated by Spectrum and one of whom is designated by Bain, Carlyle and Spectrum, voting together, so long as such designee was consented to by each of Bain and Carlyle. Each of the directors respectively designated by JPMP, Apollo, Carlyle, Bain and Spectrum have three votes on all matters placed before the Board of Directors of the Company and the Chief Executive Officer of the Company and the director designated by Carlyle, Bain and Spectrum voting together have one vote each. The number of directors respectively designated by the Sponsors is to be reduced upon a decrease in such Sponsors' ownership in the Company below certain thresholds.

The Voting Agreement among the Company and the pre-existing stockholders of the Company provides that, until the fifth anniversary of the merger with LCE Holdings (the "Blockout Period"), the former continuing stockholders of the Company (other than Apollo and JPMP) would generally vote their voting shares of capital stock of the Company in favor of any matter in proportion to the shares of capital stock of Apollo and JPMP voted in favor of such matter, except in certain specified instances. The Voting Agreement among the Company and the former stockholders of LCE Holdings further provides that during the Blockout Period, the former LCE Holdings stockholders would generally vote their voting shares of capital stock of the Company on any matter as directed by any two of Carlyle, Bain and Spectrum, except in certain specified instances. In addition, certain actions of the Company, including, but not limited to, change in control transactions, acquisition or disposition transactions with a value in excess of \$10,000,000, the settlement of claims or litigation in excess of \$2,500,000, an initial public offering of the Company, hiring or firing a chief executive officer, chief financial officer or chief operating officer, incurring or refinancing indebtedness in excess of \$5,000,000 or engaging in new lines of business, require the approval of either (i) any three of JPMP, Apollo, Carlyle or Bain or (ii) Spectrum and (a) either JPMP or Apollo and (b) either Carlyle or Bain (the "Requisite Stockholder Majority") if at such time the Sponsors collectively held at least a majority of the Company's voting shares.

Prior to the earlier of the end of the Blockout Period and the completion of an initial public offering of capital stock, the Governance Agreements prohibit the Sponsors and the other pre-existing stockholders of the Company from transferring any of their interests in the Company, other than (i) certain permitted transfers to affiliates or to persons approved of by the Sponsors and (ii) transfers after the Blockout Period subject to the rights described below.

The Governance Agreements set forth additional transfer provisions for the Sponsors and the other pre-existing stockholders of the Company with respect to the interests in the Company, including the following:

*Right of first offer.* After the Blockout Date and prior to an initial public offering, the Company and, in the event the Company did not exercise its right of first offer, each of the Sponsors and the other preexisting stockholders of the Company, have a right of first offer to purchase (on a pro rata

basis in the case of the stockholders) all or any portion of the shares of the Company that a Sponsor or other former continuing stockholder of the Company was proposing to sell to a third party at the price and on the terms and conditions offered by such third party.

*Drag-along rights.* If, prior to an initial public offering, Sponsors constituting a Requisite Stockholder Majority propose to transfer shares of the Company to an independent third party in a bona fide arm's-length transaction or series of transactions that resulted in a sale of all or substantially all of the Company, such Sponsors may have elected to require each of the other stockholders of the Company to transfer to such third party all of its shares at the purchase price and upon the other terms and subject to the conditions of the sale.

*Tag-along rights.* Subject to the right of first offer described above, if any Sponsor or other former continuing stockholder of the Company proposes to transfer shares of the Company held by it, then such stockholder would give notice to each other stockholder, who would each have the right to participate on a pro rata basis in the proposed transfer on the terms and conditions offered by the proposed purchaser.

*Participant rights.* On or prior to an initial public offering, the Sponsors and the other pre-existing stockholders of the Company have the pro rata right to subscribe to any issuance by the Company or any subsidiary of shares of its capital stock or any securities exercisable, convertible or exchangeable for shares of its capital stock, subject to certain exceptions.

The Governance Agreements also provide for certain registration rights in the event of an initial public offering of the Company, including the following:

*Demand rights.* Subject to the consent of at least two of any of JPMP, Apollo, Carlyle and Bain during the first two years following an initial public offering, each Sponsor has the right at any time following an initial public offering to make a written request to the Company for registration under the Securities Act of part or all of the registrable equity interests held by such stockholders at the Company's expense, subject to certain limitations. Subject to the same consent requirement, the other pre-existing stockholders of the Company as a group have the right at any time following an initial public offering to make one written request to the Company for registration under the Securities Act of part or all of the registrable equity interests held by such stockholders with an aggregate offering price to the public of at least \$200,000,000.

*Piggyback rights.* If the Company at any time proposes to register under the Securities Act any equity interests on a form and in a manner which would permit registration of the registrable equity interests held by stockholders of the Company for sale to the public under the Securities Act, the Company must give written notice of the proposed registration to each stockholder, who then have the right to request that any part of its registrable equity interests be included in such registration, subject to certain limitations.

*Holdback agreements.* Each stockholder agrees that it would not offer for public sale any equity interests during a period not to exceed 90 days (180 days in the case of an initial public offering) after the effective date of any registration statement filed by the Company in connection with an

underwritten public offering (except as part of such underwritten registration or as otherwise permitted by such underwriters), subject to certain limitations.

**Amended and Restated Fee Agreement**

In connection with the merger with LCE Holdings, the Company and the Sponsors entered into an Amended and Restated Fee Agreement, which provided for an annual management fee of \$5,000,000, payable quarterly and in advance to each Sponsor, on a pro rata basis, until the twelfth anniversary from December 23, 2004, and such time as the sponsors own less than 20% in the aggregate of the Company. In addition, the fee agreement provided for reimbursements by the Company to the Sponsors for their out-of-pocket expenses. The Amended and Restated Fee Agreement terminated on June 11, 2007, the date of the holdco merger, and was superseded by a substantially identical agreement entered into by the Company, the Sponsors and the Company's other stockholders.

Upon the consummation of a change in control transaction or an initial public offering, each of the Sponsors will receive, in lieu of quarterly payments of the annual management fee, a fee equal to the net present value of the aggregate annual management fee that would have been payable to the Sponsors during the remainder of the term of the fee agreement (assuming a twelve year term from the date of the original fee agreement), calculated using the treasury rate having a final maturity date that is closest to the twelfth anniversary of the date of the original fee agreement date. As of April 1, 2010, the Company estimates this amount would be \$29,190,000 should a change in control transaction or an IPO occur.

The fee agreement also provides that the Company will indemnify the Sponsors against all losses, claims, damages and liabilities arising in connection with the management services provided by the Sponsors under the fee agreement.

The Company is owned by the Sponsors, other co-investors and by certain members of management as follows: JPMP (20.839%); Apollo (20.839%); Bain Capital Partners (15.13%); The Carlyle Group (15.13%); Spectrum Equity Investors (9.79%); Weston Presidio Capital IV, L.P. and WPC Entrepreneur Fund II, L.P. **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors and Members of  
National CineMedia, LLC  
Centennial, Colorado

We have audited the accompanying balance sheets of National CineMedia, LLC (the "Company") as of December 31, 2009 and January 1, 2009, and the related statements of operations, members' equity (deficit), and cash flows for the years ended December 31, 2009 and January 1, 2009, the period February 13, 2007 through December 27, 2007, and for the period December 29, 2006 through February 12, 2007. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2009 and January 1, 2009, and the results of its operations and its cash flows for the years ended December 31, 2009 and January 1, 2009, the period February 13, 2007 through December 27, 2007, and for the period December 29, 2006 through February 12, 2007, in conformity with accounting principles generally accepted in the United States of America.

**1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Formation of Business***

National CineMedia, LLC ("NCM LLC" or "the Company") commenced operations on April 1, 2005 and operates the largest digital in-theatre network in North America, allowing NCM LLC to distribute advertising, Fathom Business meeting services, and Fathom Consumer entertainment services under long-term exhibitor services agreements ("ESAs") with American Multi-Cinema, Inc. ("AMC"), a wholly owned subsidiary of AMC Entertainment, Inc. ("AMCE"), Regal Cinemas, Inc., a wholly owned subsidiary of Regal Entertainment Group ("Regal"), and Cinemark USA, Inc. ("Cinemark USA"), a wholly owned subsidiary of Cinemark Holdings, Inc. ("Cinemark"). AMC, Regal and Cinemark and their affiliates are referred to in this document as "founding members". NCM LLC also provides such services to certain third-party theatre circuits under multi-year network affiliate agreements, which expire at various dates.

NCM LLC was formed through the combination of the operations of National Cinema Network, Inc. ("NCN"), a wholly owned subsidiary of AMCE, and Regal CineMedia Corporation ("RCM"), a wholly owned subsidiary of Regal. All assets contributed to and liabilities assumed by NCM LLC were recorded on NCM LLC's accounting records in the amounts as reflected on the Members' historic accounting records, based on the application of accounting principles as provided in ASC Topic 805 *Business Combinations* (formerly under Emerging Issues Task Force ("EITF") 98-4, *Accounting by a Joint Venture for Businesses Received at its Formation*). Although legally structured as a limited liability company, NCM LLC was considered a joint venture for accounting purposes given the joint control provisions of the operating agreement among the members, consistent with ASC Topic 323 *Investments - Equity Method and Joint Venture* (formerly Accounting Principles Board ("APB") Opinion No. 18, *The Equity Method of Accounting for Investments in Common Stock*). RCM and NCN are each considered to be predecessors of NCM LLC. Cinemark became a founding member on July 15, 2005 through units, which were issued to Cinemark Media, Inc. ("Cinemark Media"), a wholly owned subsidiary of Cinemark USA, Inc.

***Initial Public Offering and Related Transactions***

On February 13, 2007, National CineMedia, Inc. ("NCM, Inc." or "managing member"), a Company formed by NCM LLC and incorporated in the State of Delaware with the sole purpose of becoming a member and sole manager of NCM LLC, closed its initial public offering ("IPO"). NCM, Inc. used the net proceeds from its IPO to purchase a 44.8% interest in NCM LLC, paying NCM LLC \$746.1 million, which included reimbursement to NCM LLC for expenses the Company advanced related to the NCM, Inc. IPO and paying the founding members \$78.5 million for a portion of the NCM LLC units owned by them. NCM LLC paid \$686.3 million of the funds received from NCM, Inc. to the founding members as consideration for their agreement to modify the then-existing ESAs. Proceeds received by NCM LLC from NCM, Inc. of \$59.8 million, together with \$709.7 million net proceeds from NCM LLC's new senior secured credit facility (see Note 6), entered into concurrently with the completion of NCM, Inc.'s IPO were used to redeem \$769.5 million in NCM LLC preferred units held by the founding members. The preferred units were created immediately prior to the NCM, Inc. IPO in a non-cash recapitalization of each membership unit into one common unit and one preferred unit. Immediately prior to this non-cash recapitalization, the existing common units and employee unit options (see Note 7) were split on a 44,291-to-1 basis. All unit and per unit amounts in these financial statements reflect the impact of this split.

At December 31, 2009, NCM LLC had 101,557,505 membership units outstanding, of which 42,121,747 (41.5%) were owned by NCM, Inc., 25,425,689 (25.0%) were owned by RCM, 18,821,114 (18.5%) were owned by AMC, and 15,188,955 (15.0%) were owned by Cinemark.

**1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

In connection with the completion of the NCM, Inc.'s IPO, NCM, Inc. and the founding members entered into a third amended and restated limited liability company operating agreement of NCM LLC ("LLC Operating Agreement"). Under the LLC Operating Agreement, NCM, Inc. became a member and the sole manager of NCM LLC. As the sole manager, NCM, Inc. is able to control all of the day to day business affairs and decision-making of NCM LLC without the approval of any other member. NCM, Inc. cannot be removed as manager of NCM LLC. NCM LLC entered into a management services agreement with NCM, Inc. pursuant to which NCM, Inc. agrees to provide certain specific management services to NCM LLC, including those services typically provided by the individuals serving in the positions of president and chief executive officer, president of sales and chief marketing officer, executive vice president and chief financial officer, executive vice president and chief operations officer and executive vice president and general counsel. In exchange for the services, NCM LLC reimburses NCM, Inc. for compensation and other expenses of the officers and for certain out-of-pocket costs (see Note 5). NCM LLC also provides administrative and support services to NCM, Inc. such as office facilities, equipment, supplies, payroll and accounting and financial reporting. The management services agreement also provides that NCM LLC employees may participate in the NCM, Inc. equity incentive plan (see Note 7). NCM LLC will indemnify NCM Inc. for any losses arising from NCM Inc.'s performance under the management services agreement, except that NCM Inc. will indemnify NCM LLC for any losses caused by NCM Inc.'s willful misconduct or gross negligence.

The ESAs with the founding members were amended and restated in conjunction with the NCM, Inc. IPO. Subject to limited exceptions, under the ESAs NCM LLC is the exclusive provider of advertising services to the founding members for a 30-year term (with a five-year right of first refusal commencing one year before the end of the term) beginning February 13, 2007 and Fathom Events services to the founding members for an initial five-year term, with an automatic five-year renewal providing certain financial tests are met. In exchange for the right to provide these services to the founding members, NCM LLC is required to pay to the founding members a theatre access fee which is a specified calculation based on the attendance at the founding member theatres and the number of digital screens in founding member theatres. Prior to the NCM, Inc. IPO, NCM LLC paid to the founding members a percentage of NCM LLC's advertising revenue as advertising circuit share. Upon the completion of the NCM, Inc. IPO, the founding members made additional time available for sale by NCM LLC, subject to a first right to purchase the time, if needed, by the founding members to fulfill advertising obligations with their in-theatre beverage concessionaries.

***Basis of Presentation***

The Company has prepared its financial statements and related notes in accordance with accounting principles generally accepted in the United States of America ("GAAP") and the rules and regulations of the Securities and Exchange Commission ("SEC").

The Company's historical financial data may not be indicative of the Company's future performance nor will such data reflect what its financial position and results of operations would have been had it operated as an independent company during the entirety of all periods presented. NCM, Inc.'s IPO was completed in February 2007. In addition, as a result of the various related-party agreements discussed in Note 5, the operating results as presented are not necessarily indicative of the results that might have occurred if all agreements were with non-related third parties.

The founding members received all of the proceeds from NCM, Inc.'s IPO and the related issuance of debt, except for amounts needed to pay out-of-pocket costs of the financings and other expenses, and \$10.0 million to repay outstanding amounts under NCM LLC's then-existing revolving

line of credit agreement. In conformity with accounting guidance of the SEC concerning monetary consideration paid to promoters, such as the founding members, in exchange for property conveyed by the promoters, the excess over predecessor cost was treated as a special distribution. Because the founding members had no cost basis in the ESAs, all payments to the founding members with the proceeds of NCM Inc.'s IPO and related debt, amounting to approximately \$1.456 billion, have been accounted for as distributions, except for the payments to liquidate accounts payable to the founding members arising from the ESAs. The distributions by NCM LLC to the founding members made at the date of NCM, Inc.'s IPO resulted in a stockholders' deficit.

The results of operations for the period ended December 27, 2007 are presented in two periods, reflecting operations prior to and subsequent to NCM, Inc.'s IPO. The period from December 29, 2006 through February 12, 2007 is referred to as the "2007 pre-IPO period". The period from February 13, 2007 through December 27, 2007 is referred to as the "2007 post-IPO period". Separate periods have been presented because there were significant changes at the time of NCM, Inc.'s IPO including modifications to the ESAs and related expenses thereunder, and significant changes to revenue arrangements and contracts with the founding members. The financial statements for both the 2007 pre-IPO period and 2007 post-IPO period give effect to allocations of revenues and expenses made using relative percentages of founding member attendance or days in each period, discrete events and other methods management considered a reasonable reflection of the results for such periods.

***Summary of Significant Accounting Policies***

***Accounting Period*** The Company operates on a 52-week fiscal year, with the fiscal year ending on the first Thursday after December 25, which, in certain years, results in a 53-week year, as was the case for fiscal year 2008.

***Estimates*** The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include those related to the reserve for uncollectible accounts receivable and equity-based compensation. Actual results could differ from those estimates.

***Segment Reporting*** Segments are accounted for under ASC Topic 280 *Segment Reporting* (formerly Statement of Financial Accounting Standards ("SFAS") No. 131, *Disclosures about Segments of an Enterprise and Related Information*). Refer to Note 11.

***Revenue Recognition*** Advertising revenue is recognized in the period in which an advertising contract is fulfilled against the contracted theatre attendees. Advertising revenue is recorded net of make-good provisions to account for delivered attendance that is less than contracted attendance. When remaining delivered attendance is provided in subsequent periods, that portion of the revenue earned is recognized in that period. Deferred revenue refers to the unearned portion of advertising contracts. All deferred revenue is classified as a current liability. Fathom Events revenue is recognized in the period in which the event is held.

***Operating Costs*** Advertising-related operating costs primarily include personnel and other costs related to advertising fulfillment, and to a lesser degree, production costs of non-digital advertising, and payments due to unaffiliated theatre circuits under the network affiliate agreements.

Table of Contents

**1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fathom Events operating costs include equipment rental, catering, movie tickets acquired primarily from the founding members, revenue share under the amended and restated ESAs and other direct costs of the meeting or event.

In the 2007 pre-IPO period and prior periods, circuit share costs were fees payable to the founding members for the right to exhibit advertisements within the theatres, based on a percentage of advertising revenue. In the 2007 post-IPO period and subsequent periods, under the amended and restated ESAs, a payment to the founding members of a theatre access fee, in lieu of circuit share expense, comprised of a payment per theatre attendee and a payment per digital screen, both of which escalate over time, is reflected in expense.

Network costs include personnel, satellite bandwidth, repairs, and other costs of maintaining and operating the digital network and preparing advertising and other content for transmission across the digital network. These costs are not specifically allocable between the advertising business and the Fathom Events business.

**Leases** The Company leases various office facilities under operating leases with terms ranging from three to eight years. We calculate straight-line rent expense over the initial lease term and renewals that are reasonably assured.

**Advertising Costs** Costs related to advertising and other promotional expenditures are expensed as incurred. Due to the nature of our business, we have an insignificant amount of advertising costs included in selling and marketing costs on the statement of operations.

**Cash and Cash Equivalents** All highly liquid debt instruments and investments purchased with an original maturity of three months or less are classified as cash equivalents. These are cash balances in a bank in excess of the federally insured limits or in the form of a money market demand account with a major financial institution.

**Restricted Cash** At December 31, 2009 and January 1, 2009, other non-current assets included restricted cash of \$0.3 million, which secures a letter of credit used as a lease deposit on NCM LLC's New York office.

**Receivables** Bad debts are provided for using the allowance for doubtful accounts method based on historical experience and management's evaluation of outstanding receivables at the end of the period. Receivables are written off when management determines amounts are uncollectible. Trade accounts receivable are uncollateralized and represent a large number of geographically dispersed debtors. At December 31, 2009 there was one advertising agency group through which the Company sources national advertising revenue representing approximately 19% of the Company's outstanding gross receivable balance; however, none of the individual contracts related to the advertising agency were more than 10% of advertising revenue. At January 1, 2009, there was one client and one advertising agency group through which the Company sources national advertising revenue representing approximately 10% and 20%, respectively, of the Company's outstanding gross receivable balance; however, none of the individual contracts related to the advertising agency were more than 10% of advertising revenue. The collectability risk is reduced by dealing with large, national advertising agencies and clients who have strong reputations in the advertising industry and stable financial positions.

**Long-lived Assets** Property and equipment is stated at cost, net of accumulated depreciation or amortization. Refer to Note 2. Major renewals and improvements are capitalized, while replacements, maintenance, and repairs that do not improve or extend the lives of the respective assets are expensed currently. In general, the equipment associated with the digital network that is located within the theatre is owned by the founding members, while equipment outside the theatre is owned by the Company. The Company records depreciation and amortization using the straight-line method over the following estimated useful lives:

Equipment	4 - 10 years
Computer hardware and software	3 - 5 years
Leasehold improvements	Lesser of lease term or asset life

We account for the costs of software and web site development costs developed or obtained for internal use in accordance with ASC Subtopic 350-40 *Internal Use Software* (formerly American Institute of Certified Public Accountants Statement of Position ("SOP") 98-1, *Accounting for the Costs of Computer Software Developed or Obtained for Internal Use*) and ASC Subtopic 350-50 *Website Development Costs* (formerly EITF 00-2, *Accounting for Web Site Development Costs*). The subtopics require the capitalization of certain costs incurred in developing or obtaining software for internal use. The majority of our software costs and web site development costs, which are included in equipment, are depreciated over three to five years. As of December 31, 2009 and January 1, 2009, we had a net book value of \$11.0 million and \$11.8 million, respectively, of capitalized software and web site development costs. We recorded approximately \$6.7 million, \$4.9 million, \$2.8 million and \$0.3 million for the years ended December 31, 2009, January 1, 2009, the 2007 post-IPO period and the 2007 pre-IPO period, respectively, in depreciation expense. As of December 31, 2009, January 1, 2009 and the 2007 post-IPO period we recorded \$1.6 million, \$1.2 million and \$1.3 million in research and development expense, respectively.

Construction in progress includes costs relating to installations of our equipment into affiliate theatres. Assets under construction are not depreciated until placed into service.

Table of Contents**1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Intangible assets consist of contractual rights and are stated at cost, net of accumulated amortization. Refer to Note 3. The Company records amortization using the straight-line method over the estimated useful life of the intangibles.

We assess impairment of long-lived assets pursuant with ASC Topic 360 *Property, Plant and Equipment* (formerly SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*) annually. This includes determining if certain triggering events have occurred that could affect the value of an asset. Thus far, we have recorded no impairment charges related to long-lived assets.

**Amounts Due to/from Founding Members** Amounts due to/from founding members in the 2009 and 2008 periods include amounts due for the theatre access fee, offset by a receivable for advertising time purchased by the founding members, as well as revenue share earned for Fathom Events plus any amounts outstanding under other contractually obligated payments. Payments to or received from the founding members against outstanding balances are made monthly.

**Amounts Due to/from Managing Member** In the 2009 and 2008 periods, amounts due to/from the managing member include amounts due under the NCM LLC Operating Agreement and other contractually obligated payments. Payments to or received from the managing member against outstanding balances are made periodically.

**Income Taxes** As a limited liability company, NCM LLC's taxable income or loss is allocated to the founding members and managing member and, therefore, the only provision for income taxes included in the financial statements is for income-based state and local taxes.

**Accumulated Other Comprehensive Income/Loss** Accumulated other comprehensive income/loss is composed of the following (in millions):

	Year Ended Dec. 31, 2009	Year Ended Jan. 1, 2009	Period February 13, 2007 through December 27, 2007
Beginning Balance	\$ (73.5)	\$ (14.4)	\$

Reclassifications into earnings	1.3	0.4	
Ending Balance	\$ (47.4)	\$ (73.5)	\$ (14.4)

**Debt Issuance Costs** In relation to the issuance of long-term debt discussed in Note 6, we have a balance of \$9.2 million and \$11.1 million in deferred financing costs as of December 31, 2009 and January 1, 2009, respectively. These debt issuance costs are being amortized over the terms of the underlying obligation and are included in interest expense. For the years ended December 31, 2009, January 1, 2009, 2007 post-IPO period, and the 2007 pre-IPO period we amortized \$1.9 million, \$1.9 million, \$1.7 million and \$0.0, respectively.

**Fair Value of Financial Instruments** The carrying amounts of cash and cash equivalents, the revolving credit facility and other notes payable as reported in the Company's balance sheets approximate their fair values due to their short maturity or floating rate terms, as applicable. The carrying amounts and fair values of interest rate swap agreements are the same since the Company accounts for these instruments at fair value. The Company has estimated the fair value of its term loan based on an average of three non-binding broker quotes and our reasonability analysis to be

**1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

\$688.8 million and \$514.8 million at December 31, 2009 and January 1, 2009, respectively. The carrying value of the term loan was \$725.0 million as of December 31, 2009 and January 1, 2009.

**Equity Method Investments** The Company accounts for its investment in RMG Networks, Inc., ("RMG") (formerly Danoo, Inc.) under the equity method of accounting as required by ASC Topic 323-10 *Investments - Equity Method and Joint Ventures* (formerly APB No. 18 *The Equity Method of Accounting for Investments in Common Stock*) because we exert "significant influence" over, but do not control, the policy and decisions of RMG (see Note 9). As of December 31, 2009, the Company owns approximately 24% of the issued and outstanding preferred and common stock of RMG (before considering out-of-the-money warrants). The Company's investment is \$7.4 million. The investment in RMG and the Company's share of its operating results are not material to the Company's financial position or results of operations and as a result summarized financial information is not presented.

**Share-Based Compensation** Stock-based employee compensation is accounted for at fair value under ASC Topic 718 *Compensation - Stock Compensation* (formerly SFAS No. 123(R), *Share-Based Payment*). The Company adopted Topic 718 on December 30, 2005 prospectively for new equity based grants, as there were no equity based grants prior to the date of adoption. Refer to Note 7.

**Recent Accounting Pronouncements**

ASC Topic 815-10 *Derivatives and Hedging* (formerly SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities*) was adopted by the Company effective January 2, 2009. The guidance under Topic 815-10 changes the manner of presentation and related disclosures of the fair values of derivative instruments and their gains and losses (see Note 10).

In April 2009, the Company adopted ASC Topic 820-10-65 *Fair Value Measurements and Disclosures* (formerly FASB Staff Position No. SFAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*). The standard provides additional guidance for estimating fair value in accordance with Topic 820-10-65 when the volume and level of activity for the asset or liability have significantly decreased and includes guidance on identifying circumstances that indicate if a transaction is not orderly. The Company adopted this pronouncement effective April 3, 2009 with no impact on its financial statements.

In July 2009, the FASB issued SFAS No. 168, *The Hierarchy of Generally Accepted Accounting Principles*. SFAS 168 codified all previously issued accounting pronouncements, eliminating the prior hierarchy of accounting literature, in a single source for authoritative U.S. GAAP recognized by the FASB to be applied by nongovernmental entities. SFAS 168, now ASC Topic 105-10 *Generally Accepted Accounting Principles*, is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The adoption of this pronouncement did not have an effect on the financial statements.

The Company adopted, ASC Topic 855-10 *Subsequent Events* (formerly SFAS 165, *Subsequent Events*) effective April 3, 2009, which was modified in February 2010. This pronouncement changes the general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued (see Note 12).

In August 2009, the FASB issued Accounting Standards Update ("ASU") No. 2009-05, *Measuring Liabilities at Fair Value*, which clarifies, among other things, that when a quoted price in an active market for the identical liability is not available, an entity must measure fair value using one or more specified techniques. The Company adopted the pronouncement effective July 2, 2009 with no impact on its financial statements.

Table of Contents**1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

In October 2009, the FASB issued ASU No. 2009-13, *Multiple-Deliverable Revenue Arrangements*, which revises the existing multiple-element revenue arrangements guidance and changes the determination of when the individual deliverables included in a multiple-element revenue arrangement may be treated as separate units of accounting, modifies the manner in which the transaction consideration is allocated across the separately identified deliverables and expands the disclosures required for multiple-element revenue arrangements. The pronouncement is effective for financial statements issued after December 31, 2010. The Company does not expect the pronouncement to have a material effect on its financial statements.

In January 2010, the FASB issued ASU No. 2010-06, *Improving Disclosures about Fair Value Measurements*, which requires additional disclosures about (1) the different classes of assets and liabilities measured at fair value, (2) the valuation techniques and inputs used, (3) the activity in Level 3 fair value measurements, and (4) the transfers between Levels 1, 2 and 3. The new disclosures are effective for financial statements issued for interim and annual periods beginning after December 15, 2009. The Company does not expect the pronouncement to have a material effect on its financial statements.

The Company has considered all other recently issued accounting pronouncements and does not believe the adoption of such pronouncements will have a material impact on its financial statements.

**3. INTANGIBLE ASSETS**

During 2008, NCM LLC issued 2,544,949 common membership units to its founding members in connection with its rights of exclusive access to net new theatres and projected attendees added by the founding members to NCM LLC's network and 2,913,754 common membership units to Regal in connection with the closing of its acquisition of Consolidated Theatres (see Note 5). The Company recorded an intangible asset of \$116.1 million representing the contractual rights. During the first quarter of 2009, NCM LLC issued 2,126,104 common membership units to its founding members in exchange for the rights to exclusive access to net new theatre screens and projected attendees added by the founding members to NCM LLC's network. As a result, NCM LLC recorded an intangible asset at fair value of \$28.5 million. The Company based the fair value of the intangible assets on the fair value of the common membership units issued on the date of grants, which are freely convertible into NCM Inc.'s common stock.

Pursuant to ASC Topic 350-10 *Intangibles Goodwill and Other* (formerly SFAS No. 142 *Goodwill and Other Intangible Assets*), the intangible assets have a finite useful life and the Company amortizes the assets over the remaining useful life corresponding with the ESAs. Amortization of the asset related to Regal Consolidated Theatres will not begin until after 2011 since the Company will not have access to on-screen advertising in the Regal Consolidated Theatres until the run-out of their existing on-screen advertising agreement.

Pursuant to the ESAs, the Company makes monthly theatre access fee payments to the founding members, comprised of a payment per theatre attendee and a payment per digital screen with respect to the founding member theatres included in our network. Also, the founding members are purchasing 60 seconds of on-screen advertising time (with a right to purchase up to 90 seconds) for the year ended December 31, 2009 to satisfy their obligations under their beverage concessionaire agreements at a specified 30 second equivalent cost per thousand ("CPM") impressions. For the year ended January 1, 2009 two of the founding members purchased 90 seconds and one purchased 60 seconds of on-screen advertising time under their beverage concessionaire agreement. For the 2007 post-IPO period, all three founding members purchased 90 seconds of on-screen time. The total theatre access fee to the

founding members for the years ended December 31, 2009, January 1, 2009 and the 2007 post-IPO period is \$52.7 million, \$49.8 million and \$41.5 million, respectively. The total revenue related to the beverage concessionaire agreements for the years ended December 31, 2009, January 1, 2009 and the 2007 post-IPO period is \$36.3 million, \$43.3 million and \$40.9 million, respectively. In addition, the Company makes payments to the founding members for use of their screens and theatres for its Fathom Events businesses. These payments are at rates (percentage of event revenue) included in the ESAs based on the nature of the event. Payments to the founding members for these events totaled \$6.7 million, \$6.0 million and \$3.8 million for the years ended December 31, 2009, January 1, 2009 and the 2007 post-IPO period, respectively.

Also, pursuant to the terms of the LLC Operating Agreement in place since the close of NCM, Inc.'s IPO, NCM LLC is required to make mandatory distributions on a proportionate basis to its members of available cash, as defined in the LLC Operating Agreement, on a quarterly basis in arrears. Balances for the years ended December 31, 2009, January 1, 2009 and the 2007 post-IPO period are as follows (in millions):

On January 26, 2006, AMC acquired the Loews Cineplex Entertainment Inc. ("AMC Loews") theatre circuit. The Loews screen integration agreement, effective as of January 5, 2007 and amended and restated as of February 13, 2007, between NCM LLC and AMC, committed AMC to cause substantially all of the theatres it acquired as part of the Loews theatre circuit to be included in the NCM digital network in accordance with the ESAs on June 1, 2008. In accordance with the Loews screen integration agreement, prior to June 1, 2008 AMC paid the Company amounts based on an agreed-upon calculation to reflect cash amounts that approximated what NCM LLC would have generated if the Company sold on-screen advertising in the Loews theatre chain on an exclusive basis. These AMC Loews payments were made on a quarterly basis in arrears through May 31, 2008, with the exception of Star Theatres, which were paid through February 2009 in accordance with certain run-out provisions. For the years ended December 31, 2009, January 1, 2009 and the 2007 post-IPO period, the AMC Loews payment was \$0.1 million, \$4.7 million and \$11.2 million respectively. The AMC Loews payment was recorded directly to NCM LLC's members' equity account.

On April 30, 2008, Regal acquired Consolidated Theatres and NCM issued common membership units to Regal upon the closing of its acquisition in exchange for the right to exclusive access to the theatres (see Note 3). The Consolidated Theatres had a pre-existing advertising agreement and, as a result, Regal must make "integration" payments pursuant to the ESAs on a quarterly basis in arrears through 2011 in accordance with certain run-out provisions. For the years ended December 31, 2009 and January 1, 2009, the Consolidated Theatres payment was \$3.2 million and \$2.8 million, respectively and represents a cash element of the consideration received for the common membership units issued.

***National CineMedia, Inc.***

Pursuant to the LLC Operating Agreement, as the sole manager of NCM LLC, NCM, Inc. provides certain specific management services to NCM LLC, including those services of the positions of president and chief executive officer, president of sales and chief marketing officer, executive vice president and chief financial officer, executive vice president and chief operations officer and executive vice president and general counsel. In exchange for the services, NCM LLC reimburses NCM, Inc. for compensation and other expenses of the officers and for certain out-of-pocket costs. During the years ended December 31, 2009 and January 1, 2009 and the 2007 post-IPO period, NCM LLC paid NCM, Inc. \$10.8 million, \$9.7 million and \$9.2 million, respectively, for these services and expenses. The payments for estimated management services related to employment are made one month in advance. At December 31, 2009 and January 1, 2009, \$0.6 million and \$0.5 million, respectively, has been paid in advance and is reflected as prepaid management fees to managing member in the accompanying financial statements. NCM LLC also provides administrative and support services to NCM, Inc. such as office facilities, equipment, supplies, payroll and accounting and financial reporting at no charge. Based on the limited activities of NCM, Inc. as a standalone entity, the Company does not believe such unreimbursed costs are significant. The management services agreement also provides that NCM LLC employees may participate in the NCM, Inc. equity incentive plan (see Note 7).

**6. BORROWINGS**

On February 13, 2007, concurrently with the closing of the IPO of NCM, Inc., NCM LLC entered into a senior secured credit facility with a group of lenders. The facility consists of a six-year \$80.0 million revolving credit facility and an eight-year, \$725.0 million term loan facility. The revolving credit facility portion is available, subject to certain conditions, for general corporate purposes of the Company in the ordinary course of business and for other transactions permitted under the credit agreement, and a portion is available for letters of credit.

The outstanding balance of the term loan facility at December 31, 2009 and January 1, 2009 was \$725.0 million. The outstanding balance under the revolving credit facility at December 31, 2009 and January 1, 2009 was \$74.0 million. As of December 31, 2009, the effective rate on the term loan was 5.59% including the effect of the interest rate swaps (both those accounted for as hedges and those not). The interest rate swaps hedged \$550.0 million of the \$725.0 million term loan at a fixed interest rate of 6.734% while the unhedged portion was at an interest rate of 2.01%. The weighted-average interest rate on the unhedged revolver was 1.99%. Commencing with the fourth fiscal quarter in fiscal

year 2008, the applicable margin for the revolving credit facility is determined quarterly and is subject to adjustment based upon a consolidated net senior secured leverage ratio for NCM LLC and its subsidiaries (the ratio of secured funded debt less unrestricted cash and cash equivalents, over a non-GAAP measure defined in the credit agreement which is equivalent to Adjusted OIBDA). The senior secured credit facility also contains a number of covenants and financial ratio requirements, with which the Company was in compliance at December 31, 2009, including the consolidated net senior secured leverage ratio. There are no distribution restrictions as long as the Company is in compliance with its debt covenants. As of December 31, 2009, our consolidated net senior secured leverage ratio was 4.0 times the covenant. The debt covenants also require 50% of the term loan, or \$362.5 million to be hedged at a fixed rate. As of December 31, 2009, the Company had approximately \$550 million or 76% hedged. Of the \$550.0 million that is hedged, \$137.5 million is with Lehman Brothers Special Financing ("LBSF"). As described further in Note 12, in February 2010 LBSF transferred its interest rate swap agreement to Barclays Bank PLC ("Barclays"). See Note 10 for an additional discussion of the interest rate swaps.

On September 15, 2008, Lehman Brothers Holdings Inc. ("Lehman") filed for protection under Chapter 11 of the federal Bankruptcy Code in the United States Bankruptcy Court for the Southern District of New York. NCM LLC has an aggregate revolving credit facility commitment of \$80.0 million with a consortium of banks, including \$20.0 million with Lehman Commercial Paper Inc. ("LCPI"), a subsidiary of Lehman. As of December 31, 2009, NCM LLC borrowed \$14.0 million from LCPI under the revolving credit facility. Following the bankruptcy filing, LCPI failed to fund a borrowing request related to its undrawn commitment of \$6.0 million. On February 3, 2010, LCPI assigned the \$6.0 million commitment to Barclays. Until the LCPI issues are resolved, NCM LLC is not anticipating repaying any of its revolver borrowings as it would effectively result in a permanent reduction of its revolving credit facility, to the extent of any payments of LCPI commitments. In addition, NCM LLC has been working with LCPI and its other lenders with the goal of having LCPI's agency function transferred to another bank within NCM LLC's lender group and restructuring LCPI's outstanding \$14.0 million revolving loan such that (i) it would not be required to be repaid, nor would it share in any pro rata prepayments of the revolving loans, until the final maturity date of the revolving credit facility, and (ii) it would not be available for reborrowing in the event that it was prepaid. Until these LCPI issues are resolved, however, NCM LLC is not anticipating repaying any of its revolver borrowings as it would effectively result in a permanent reduction of its revolving credit facility, to the extent of the payments against LCPI borrowings.

On March 19, 2009, the Company gave an \$8.5 million note payable to Credit Suisse, Cayman Islands Branch ("Credit Suisse") with no stated interest to settle the \$10.0 million contingent put obligation and to acquire the \$20.7 million outstanding principal balance of debt of IdeaCast, Inc. ("IdeaCast") (together with all accrued interest and other lender costs required to be reimbursed by IdeaCast). Quarterly payments to Credit Suisse began on April 15, 2009 and will continue through January 15, 2011. At issuance the Company recorded the note at a present value of \$7.0 million. At December 31, 2009, \$4.3 million of the balance is recorded in current liabilities and \$0.3 million is included in non-current liabilities. Interest on the note is accreted at the Company's estimated incremental cost of debt based on then current market indicators over the term of the loan to interest expense. The amount of interest expense recognized on the note for the year ended December 31, 2009 was \$0.7 million. See Note 9 " Contingent Put Obligation" for additional discussion of the IdeaCast restructuring.

**7. SHARE-BASED COMPENSATION**

On April 4, 2006, NCM LLC's board of directors approved the NCM LLC 2006 Unit Option Plan, under which 1,131,728 units were outstanding as of December 28, 2006. Under certain circumstances, holders of unit options could put the options to NCM LLC for cash. As such, the Unit Option Plan was accounted for as a liability plan and the liability was measured at its fair value at each reporting date. The valuation of the liability was determined based on provisions of ASC Topic 718 *Compensation Stock Compensation* (formerly SFAS No. 123(R)), and factored into the valuation that the options were granted in contemplation of NCM, Inc.'s IPO. The Company used the estimated pricing of NCM, Inc.'s IPO at the time of the grant to determine the equity value for each unit underlying the options. The Unit Option Plan allowed for additional equity awards to be issued to outstanding option holders in the event of the occurrence of NCM, Inc.'s IPO, with the purpose of the additional option awards or restricted units being to ensure that the economic value of outstanding unit options, as defined in the agreement, held just prior to NCM, Inc.'s IPO was maintained by the option holder immediately after the offering.

At the date of the NCM, Inc. IPO, the Company adopted the NCM, Inc. 2007 Equity Incentive Plan. The employees of NCM, Inc. and NCM LLC are eligible to participate in the Equity Incentive Plan. Under the Equity Incentive Plan, eligible employees were issued stock options on 1,589,625 shares of common stock to holders of outstanding unit options in substitution of the unit options and also issued 262,466 shares of restricted stock. In connection with the conversion at the date of NCM, Inc.'s IPO, and pursuant to the antidilution adjustment terms of the Unit Option Plan, the exercise price and the number of shares of common stock subject to options held by the Company's option holders were adjusted to prevent dilution and restore their economic position to that existing immediately before the NCM, Inc. IPO. The Equity Incentive Plan is treated as an equity plan under the provisions of Topic 718, and the existing liability under the Unit Option Plan at the end of the 2007 pre-IPO period of \$2.3 million was reclassified to equity at that date.

As of December 31, 2009, there were 7,076,000 shares of common stock available for issuance or delivery under the Equity Incentive Plan. Options awarded under the Equity Incentive Plan are generally granted with an exercise price equal to the market price of NCM, Inc. common stock on the date of the grant. Upon vesting of the awards, NCM LLC will issue common membership units to NCM, Inc. equal to the number of shares of NCM, Inc.'s common stock represented by such awards. Under the fair value recognition provisions of Topic 718, the Company recognizes stock-based compensation net of an estimated forfeiture rate, and therefore only recognizes stock-based compensation cost for those shares expected to vest over the requisite service period of the award. Options generally vest annually over a three or five-year period and have either 10-year or 15-year

contractual terms. A forfeiture rate of 5% was estimated for all employees to reflect the potential separation of employees.

The recognized expense, including equity based compensation costs of NCM, Inc. employees, is included in the operating results of NCM LLC. The Company recognized \$3.1 million, \$2.1 million, \$1.9 million, and \$0.3 million for the year ended December 31, 2009, January 1, 2009, the 2007 post-IPO period, and the 2007 pre-IPO period, respectively, of share-based compensation expense for these options and \$0.1 million and \$0.1 million were capitalized during the year ended December 31, 2009 and January 1, 2009, respectively. As of December 31, 2009, unrecognized compensation cost related to nonvested options was approximately \$7.1 million, which will be recognized over a weighted average remaining period of 2.33 years.

The weighted average grant date fair value of granted options was \$2.17, \$3.77 and \$6.23 for the years ended December 31, 2009 and January 1, 2009 and the 2007 post-IPO period, respectively. The intrinsic value of options exercised during the year was \$0.2 million for both years ended December 31, 2009 and January 1, 2009. During the year ended December 31, 2009 there was an immaterial amount of cash received on options exercised and \$0.6 million received for the 2008 period. The total fair value of awards vested during the years ended December 31, 2009 and January 1, 2009 was \$0.3 million and \$3.9 million, respectively. There were no options vested or exercised prior to the 2008 fiscal year.

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option pricing model, which requires that the Company make estimates of various factors. The following assumptions were used in the valuation of the options:

	Fiscal 2009	Fiscal 2008	Fiscal 2007
Expected life of options	6.5 years	6.5 years	6.5 to 9 years
Risk free interest rate	2.23% to 3.70%	3.74% to 4.09%	4.1% to 4.9%
Expected volatility	30%	30%	30%
Dividend yield	3%	3%	3%

Activity in the Equity Incentive Plan, as converted, is as follows:

**Non-vested (Restricted) Stock** NCM, Inc. has a non-vested stock program as part of the Equity Incentive Plan. The plan provides for non-vested stock awards to officers, board members and other key employees, including employees of NCM LLC. Under the non-vested stock program, common stock of NCM, Inc. may be granted at no cost to officers, board members and key employees, subject to a continued employment restriction and as such restrictions lapse, the award vests in that proportion. The participants are entitled to cash dividends from NCM, Inc. and to vote their respective shares, although the sale and transfer of such shares is prohibited and the shares are subject to forfeiture during the restricted period. The shares are also subject to the terms and provisions of the Equity Incentive Plan. Non-vested stock awards granted in 2009 include performance vesting conditions, which permit vesting to the extent that NCM, Inc. achieves specified non-GAAP targets at the end of the three-year period. Non-vested stock granted to non-employee directors vest after one year. Compensation cost is valued based on the market price on the grant date and is expensed over the vesting period.

The following table represents the shares of non-vested stock:

	Shares	Weighted Average Grant-Date Fair Value

The recognized expense, including the equity based compensation costs of NCM, Inc. employees, is included in the operating results of NCM LLC. The Company recorded \$2.4 million, \$1.3 million and \$1.2 million in compensation expense related to such outstanding non-vested shares during the years ended December 31, 2009, January 1, 2009 and the 2007 post-IPO period. Minimal amounts were capitalized during the 2009 fiscal year. As of December 31, 2009, unrecognized compensation cost related to non-vested stock was approximately \$5.1 million, which will be recognized over a weighted average remaining period of 2.27 years. The total fair value of awards vested during the year ended December 31, 2009 was \$0.3 million.

NCM LLC sponsors the NCM 401(k) Profit Sharing Plan (the "Plan") under Section 401(k) of the Internal Revenue Code of 1986, as amended, for the benefit of substantially all full-time employees. The Plan provides that participants may contribute up to 20% of their compensation, subject to Internal Revenue Service limitations. Employee contributions are invested in various investment funds based upon election made by the employee. The recognized expense, including the discretionary contributions of NCM, Inc. employees, is included in the operating results of NCM LLC. The Company made discretionary contributions of \$0.8 million, \$0.8 million, and \$0.6 million during the years ended December 31, 2009, January 1, 2009 and December 27, 2007, respectively.

**9. COMMITMENTS AND CONTINGENCIES**

The Company is subject to claims and legal actions in the ordinary course of business. The Company believes such claims will not have a material adverse effect on its financial position or results of operations.

*Operating Lease Commitments*

The Company leases office facilities for its headquarters in Centennial, Colorado and also in various cities for its sales and marketing personnel as sales offices. The Company has no capital lease obligations. Total lease expense for the years ended December 31, 2009, January 1, 2009, 2007 post-IPO period and the 2007 pre-IPO period, was \$2.3 million, \$2.0 million, \$1.3 million, and \$0.3 million, respectively.

Future minimum lease payments under noncancelable operating leases as of December 31, 2009 are as follows (in millions):

2010	\$ 2.2
2011	2.1
2012	2.0
2013	1.9
2014	0.8

*Contingent Put Obligation*

On April 29, 2008, NCM LLC, IdeaCast, the IdeaCast lender and certain of its stockholders agreed to a financial restructuring of IdeaCast. Among other things, the restructuring resulted in the lender being granted an option to "put," or require NCM LLC to purchase, up to \$10 million of the funded convertible debt at par, on or after December 31, 2010 through March 31, 2011. The put was accounted for under ASC Topic 460-10 *Guarantees* (formerly FIN No. 45 (as amended), *Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others*). During the fourth quarter of 2008, the Company determined that the initial investment and call right in IdeaCast were other-than-temporarily impaired due to IdeaCast's defaults on its senior debt and liquidity issues and that the put obligation was probable. The Company estimated a liability at January 1, 2009 of \$4.5 million, which represented the excess of the estimated probable loss on the put (net of estimated recoveries from the net assets of IdeaCast that serve as collateral for the convertible debt) obligation over the unamortized ASC Topic 460-10 liability. The total amount of the impairment and related loss recorded in the fourth quarter of 2008 was \$11.5 million.

Table of Contents**9. COMMITMENTS AND CONTINGENCIES (Continued)**

On March 19, 2009, NCM LLC, IdeaCast and IdeaCast's lender agreed to certain transactions with respect to the IdeaCast Credit Agreement. Among other things, these agreements resulted in (i) the termination of the Put and the Call; (ii) the transfer, sale and assignment by IdeaCast's lender to NCM LLC of all of its right, title and interest under the Credit Agreement, including without limitation the loans outstanding under the Credit Agreement; (iii) the resignation of IdeaCast's lender, and the appointment of NCM LLC, as administrative agent and collateral agent under the Credit Agreement; and (iv) the delivery by NCM LLC to IdeaCast's lender of a non-interest bearing promissory note in the amount of \$8.5 million payable through January 2011. On June 16, 2009, NCM LLC's interest in the Credit Agreement was assigned to NCM Out-Of-Home, LLC ("OOH"), which was a wholly-owned subsidiary of NCM LLC. OOH was also appointed as administrative agent and collateral agent under the Credit Agreement. On June 16, 2009, OOH, as IdeaCast's senior secured lender, foreclosed on substantially all of the assets of IdeaCast, consisting of certain tangible and intangible assets (primarily equipment, business processes and contracts with health clubs and programming partners). The assets were valued at approximately \$8.2 million. On June 29, 2009, NCM LLC transferred its ownership interest in OOH to RMG, a digital advertising company, in exchange for approximately 24% of the equity (excluding out-of-the-money warrants) of RMG on a fully diluted basis through a combination of convertible preferred stock, common stock and common stock warrants (refer to Note 1 Equity Method Investments). The Company's investment in RMG was valued at the fair value of the assets contributed.

***Minimum Revenue Guarantees***

As part of the network affiliate agreements entered in the ordinary course of business under which the Company sells advertising for display in various theatre chains other than those of the founding members of NCM LLC, the Company has agreed to certain minimum revenue guarantees. If an affiliate achieves the attendance set forth in their respective agreement, the Company has guaranteed minimum revenue for the network affiliate per attendee if such amount paid under the revenue share arrangement is less than its guaranteed amount. The amount and term varies for each network affiliate, but ranges from two to five years. The maximum potential amount of future payments the Company could be required to make pursuant to the minimum revenue guarantees is \$21.2 million over the remaining terms of the network affiliate agreements. For the years ended December 31, 2009 and January 1, 2009 the Company had no liabilities recorded for these obligations as such guarantees are less than the expected share of revenue paid to the affiliate.

**10. FAIR VALUE MEASUREMENTS AND DERIVATIVE INSTRUMENTS**

***Fair Value Measurements*** The fair values of the Company's assets and liabilities measured on a recurring basis pursuant to ASC Topic 820-10 *Fair Value Measurements and Disclosures* (formerly FAS No. 157, *Fair Value Measurements and Disclosures*) are as follows (in millions):

on \$550.0 million of the variable rate debt obligations under the senior secured credit facility. The interest rate swap agreements have the effect of converting a portion of the Company's variable rate debt to a fixed rate of 6.734%. All interest rate swaps were entered into for risk management purposes. The Company has no derivatives for other purposes.

On September 15, 2008, Lehman filed for protection under Chapter 11 of the Federal Bankruptcy Code in the United States Bankruptcy Court for the Southern District of New York. LBSF is the counterparty to a notional amount of \$137.5 million of NCM LLC's interest rate swaps, and Lehman is a guarantor of LBSF's obligations under such swap. NCM LLC notified LBSF on September 18, 2008 that, as a result of the bankruptcy of Lehman, an event of default had occurred under the swap with respect to which LBSF was the defaulting party. On October 3, 2008, LBSF also filed for Chapter 11 protection, which constituted another default by LBSF under the swap. As a result, as permitted under the terms of NCM LLC's swap agreement with LBSF, the Company has withheld interest rate swap payments aggregating \$5.5 million in the year ended December 31, 2009 and \$1.5 million in the year ended January 1, 2009 that were due to LBSF, and has further notified LBSF that the bankruptcy and insolvency of both Lehman and LBSF constitute default events under the swap. As of December 31, 2009 the interest rate swap agreement had not been terminated.

The Company performed an effectiveness test for the swaps with LBSF as of September 14, 2008, the day immediately prior to the default date, and determined they were effective on that date. As a result, the fair values of the interest rate swap on that date was recorded as a liability with an offsetting amount recorded in other comprehensive income. Cash flow hedge accounting was discontinued on September 15, 2008 due to the event of default and the inability of the Company to continue to demonstrate the swap would be effective. The Company continues to record the interest rate swap with LBSF at fair value with any change in the fair value recorded in the statement of operations.

There was an \$8.3 million decrease and a \$13.8 million increase in the fair value of the liability for the years ended December 31, 2009 and January 1, 2009, respectively, which the Company recorded as a component of interest expense. In accordance with Topic 815 *Derivatives and Hedging*, the net derivative loss as of September 14, 2008 related to the discontinued cash flow hedge with LBSF shall continue to be reported in accumulated other comprehensive income unless it is probable that the forecasted transaction will not occur by the end of the originally specified time period. Accordingly, the net derivative loss is being amortized to interest expense over the remaining term of the interest rate swap through February 13, 2015. The amount amortized during the years ended December 31, 2009 and January 1, 2009 were \$1.3 million and \$0.4 million, respectively. The Company estimates approximately \$1.3 million will be amortized to interest expense in the next 12 months.

Both at inception and on an on-going basis the Company performs an effectiveness test using the hypothetical derivative method. The fair values of the interest rate swaps with the counterparties other than LBSF (representing notional amounts of \$412.5 million associated with a like amount of the variable rate debt) are recorded on the Company's balance sheet as a liability with the change in fair value recorded in other comprehensive income since the instruments other than LBSF were determined to be perfectly effective at December 31, 2009 and January 1, 2009. There were no amounts reclassified into current earnings due to ineffectiveness during the periods presented other than as described below.

The fair value of the Company's interest rate swap is based on dealer quotes, and represents an estimate of the amount the Company would receive or pay to terminate the agreements taking into consideration various factors, including current interest rates and the forward yield curve for 3-month LIBOR.

for 88.0%, 89.4%, 91.7% and 87.7% of revenue for the years ended December 31, 2009, January 1, 2009, the post-IPO period and the pre-IPO period, respectively. Fathom Consumer Events and Fathom Business Events are operating segments under ASC Topic 280, but do not meet the quantitative thresholds for segment reporting. The following table presents revenues less directly identifiable expenses to arrive at operating income net of direct expenses for the Advertising reportable segment, the combined Fathom Events operating segments, and Network, Administrative and Unallocated costs. Management does not evaluate its segments on a fully allocated cost basis. Therefore, the measure of segment operating income net of direct expenses shown below is not prepared on the same basis as operating income in the statement of operations and the results below are not indicative of what segment results of operations would have been had it been operated on a fully allocated cost basis. Management cautions that it would be inappropriate to assume that unallocated operating costs are incurred proportional to segment revenue or any directly identifiable segment expenses. Unallocated operating costs consist primarily of network costs, general and administrative costs and other unallocated costs including depreciation and amortization. Management does not track segment assets and, therefore, segment asset information is not presented.

## 12. SUBSEQUENT EVENTS

ASC Topic 855-10, *Subsequent Events* (formerly SFAS No. 165, *Subsequent Events*) requires the Company to disclose the date through which subsequent events have been evaluated, as well as whether that date is the date the financial statements were issued. For the year ended December 31, 2009, the

Company evaluated, for potential recognition and disclosure, events that occurred prior to the inclusion of the Company's financial statements in NCM, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2009 on March 9, 2010.

Effective February 8, 2010, NCM LLC entered into a novation agreement with Lehman Brothers Special Financing Inc. ("Lehman") and Barclays Bank PLC ("Barclays") whereby Lehman transferred to Barclays all the rights, liabilities, duties and obligations of NCM LLC's interest rate swap agreement with Lehman with identical terms. NCM LLC accepted Barclays as its sole counterparty with respect to the new agreement. The term runs until February 13, 2015, subject to earlier termination upon the occurrence of certain specified events. Subject to the terms of the new agreement, NCM LLC or Barclays will make payments at specified intervals based on the variance between LIBOR and a fixed rate of 4.984% on a notional amount of \$137,500,000. NCM LLC effectively pays a rate of 6.734% on this notional amount inclusive of the 1.75% margin currently required by NCM LLC's credit agreement. The agreement with Barclays is secured by the assets of NCM LLC on a pari passu basis with the credit agreement (as defined in Note 6) and the other interest rates swaps that were entered into by NCM LLC. In consideration of Lehman entering into the transfer, NCM LLC agreed to pay to Lehman the full amount of interest rate swap payments withheld aggregating \$7.0 million and an immaterial amount of default interest. The Company expects to redesignate the Barclays interest rate swap agreement as a cash flow hedge.

Effective February 3, 2010, LCPI entered into an assignment and assumption agreement with Barclays whereby LCPI transferred to Barclays the remaining unfunded revolving credit commitment of \$6.0 million.

**INDEPENDENT AUDITORS' REPORT**

To the Member and Board of Directors of  
Kerasotes Showplace Theatres, LLC  
Chicago, Illinois

We have audited the accompanying statements of assets and liabilities of the Kerasotes Showplace Theatres Sold to AMC Entertainment Inc. (the "Theatres") as of December 31, 2009, and 2008, and the related statements of income and cash flows for the years ended December 31, 2009, 2008 and 2007. These financial statements are the responsibility of the Theatres' management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Theatres' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Kerasotes Showplace Theatres Sold to AMC Entertainment Inc. as of December 31, 2009 and 2008, and the results of their operations and their cash flows for the years ended December 31, 2009, 2008 and 2007 in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2 to the financial statements, these financial statements pertain to the Kerasotes Showplace Theatres Sold to AMC Entertainment Inc. by Kerasotes Showplace Theatres, LLC (the "Parent"). The accompanying financial statements have been prepared from the records maintained by the Parent and may not necessarily be indicative of the conditions that would have existed or the results of the operations if the Theatres had been operated as an unaffiliated company. Portions of certain assets, liabilities, income and expenses represent allocations made from the Parent to the Theatres that are applicable to the Parent as a whole.

**Kerasotes Showplace Theatres Sold to AMC Entertainment Inc.**

**NOTES TO FINANCIAL STATEMENTS**

**As of December 31, 2009 and 2008, and**

**For the Years Ended December 31, 2009, 2008, and 2007**

**1. THE THEATRES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The principal business of the Kerasotes Showplace Theatres Sold to AMC Entertainment Inc (such theatres are hereafter referred to as the "Theatres") is the operation of motion picture theatres. Box office admission and concession sales are the Theatres' primary sources of revenue.

The Theatres' operations are primarily located throughout the Midwest in the states of Illinois, Indiana, Iowa, Missouri, Minnesota, and Ohio. Over the years, the Theatres have grown through the construction and acquisition of theatres, most recently in the states of Colorado, Wisconsin, and California.

The Theatres are not a separate legal entity, and were operated by Kerasotes Showplace Theatres, LLC (the "Parent") during the periods presented. On December 9, 2009, the Parent agreed to sell these theatre assets comprising a substantial majority of the Parent's theatres and transfer related liabilities to AMC Entertainment Inc. ("AMC") (the "Sale"); this sale was closed on May 24, 2010. Further discussion of the Sale is included in Note 2.

**Management's Use of Estimates** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Preopening Expenses** Costs incurred prior to opening of a new theatre are expensed as incurred. These costs include advertising and other start-up costs incurred prior to the operation of new theatres and are reported in their respective lines in the statements of income.

**Accounts Receivable** An allowance for doubtful accounts is provided only if specific accounts are considered uncollectible. If items become uncollectible, they will be charged to operations when that determination is made. Management determined no allowance was required as of December 31, 2009 or 2008.

**Inventories** Inventories consist primarily of concession items and are carried at the lower of cost, determined by the first-in, first-out method, or market.

**Property and Equipment** Property and equipment, consisting of buildings, land and leasehold improvements, and equipment, are carried at cost, less accumulated depreciation computed using both straight-line and accelerated methods. Land improvements are depreciated over an estimated useful life of 15 years. Buildings and improvements are depreciated over an estimated useful life of 39 years. Leasehold improvements are depreciated over the shorter of the lease term or economic life of the asset. Equipment is depreciated over an estimated useful life of five to seven years. Interest capitalized on Theatre-managed construction projects totaled \$0 and \$336,858 for the years ended December 31, 2009 and 2008.

**Leases** A significant portion of the Theatres' operations are conducted in premises occupied under lease agreements with initial base terms ranging generally from 15 to 20 years, with certain leases containing options to extend for up to an additional 20 years. The Theatres do not believe that exercise

of the renewal options in its leases is reasonably assured at the inception of the lease agreements and therefore considers the initial base term the lease term. The leases provide for fixed and escalating rentals, contingent escalating rentals based on the consumer price index with a contractual floor and ceiling, and contingent rentals, including those that are based on revenues with a guaranteed minimum. As of December 31, 2009, all leases qualified as operating leases.

The Theatres record rent expense for their operating leases on a straight-line basis over the base term of the lease agreements, commencing with the date the Theatres have control and access to leased premises.

Occasionally, the Theatres are responsible for the construction of theatres subject to operating leases and receive reimbursement from the property developer for construction costs incurred. The Theatres evaluate these leases to determine who the accounting owner is during the construction period. For leases where the Theatres are determined to be the accounting owner during construction, they account for receipt of developer reimbursements under prevailing sale-leaseback accounting guidance. The Theatres have constructed four theatres subject to the circumstances described for which they have determined certain terms of the leases to be prohibited forms of continuing involvement. As a result, the Theatres have recorded developer reimbursement financing obligations of \$17,046,863 and \$14,849,587 in their statements of assets and liabilities as of December 31, 2009 and 2008, respectively, for operating leases related to these projects. The current portion of developer reimbursement financing obligations was \$262,588 and \$56,221, respectively, as of December 31, 2009 and 2008.

**Business Combinations** The Theatres account for their acquisitions of theatres using the purchase method. The purchase method requires that the Theatres estimate the fair value of the individual assets and liabilities acquired. The allocation of purchase price is based on management's judgment, including valuation assessments.

**Goodwill** The Theatres evaluate their goodwill for impairment annually during the fourth quarter, or more frequently, if events or changes in circumstances indicate that an asset might be impaired. The evaluation is performed using a two-step process. In the first step, the fair value of a reporting unit is compared with its carrying amount, including goodwill. If the estimated fair value of a reporting unit is less than its carrying amount, then a second step must be completed in order to determine the amount of the goodwill impairment that should be recorded. In the second step, the implied fair value of a reporting unit's goodwill is determined by allocating the reporting unit's fair value to all of its assets and liabilities other than goodwill (including any unrecognized intangible assets) in a manner similar to a business combination. The resulting implied fair value of the goodwill that results from the application of this second step is then compared to the carrying amount of the goodwill and an impairment charge is recorded for the difference if the implied goodwill is less than the carrying amount.

The assumptions used in the estimate of fair value are generally consistent with the past performance of a reporting unit and are also consistent with the projections and assumptions that are used in current operating plans. Such assumptions are subject to change as a result of changing economic and competitive conditions. The Theatres recorded no goodwill impairment during the years ended December 31, 2009, 2008, or 2007.

THE THEATRES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The changes in the carrying amount of goodwill during the fiscal years ended December 31, 2009 and 2008 are as follows:

Balance January 1, 2008	\$ 12,810,797
Purchase price adjustment KCC acquisition	(817,305)

<b>Balance December 31, 2008</b>	<b>24,153,064</b>
Balance December 31, 2009	\$ 24,153,064

**Intangible Assets** As of December 31, 2009, definite-lived intangible assets were \$25,963,411, net of accumulated amortization of \$4,186,285. As of December 31, 2008, definite-lived intangible assets were \$27,408,299, net of accumulated amortization of \$2,741,397. These intangible assets consisted primarily of the intangible value associated with the operating leases that were acquired in the acquisitions discussed in Note 5. Amortization expense was \$1,444,888, \$1,902,252, and \$839,145 for fiscal years 2009, 2008, and 2007, respectively, and is recorded in depreciation and amortization expense in the statements of income.

Amortization expense is expected to be as follows:

<b>Years Ending December 31</b>	<b>Amount</b>
2010	\$ 1,514,507
2011	1,514,507
2012	1,514,507

2014	1,514,507
Thereafter	18,390,876
<b>Total</b>	<b>\$ 25,963,411</b>

**Other Assets** As of December 31, 2009, debt issuance costs were \$1,858,065, net of accumulated amortization of \$1,393,590. As of December 31, 2008, other assets include debt issuance costs \$698,253, net of accumulated amortization of \$644,899. Costs resulting from the issuance of debt are capitalized and amortized over the term of the related debt agreement. Amortization expense of \$1,017,322, \$531,677, and \$922,721 for fiscal years 2009, 2008, and 2007, respectively, is recorded in interest expense in the statements of income.

**Long-Lived Assets** The Theatres review the carrying value of their long-lived assets, including property and equipment, whenever events or changes in circumstances indicate that the carrying value may not be recoverable. To the extent the estimated future cash inflows attributable to the assets, less estimated future cash outflows, are less than the carrying amount, an impairment loss would be recognized. No impairment loss was recognized during the years ended December 31, 2009, 2008, and 2007.

**1. THE THEATRES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Revenue Recognition** Revenues include box office receipts, sales of concessions merchandise, advertising revenues, and other miscellaneous revenues, primarily fees for theatre rentals. The Theatres recognize box office and concession revenues at the point of sale and other revenues when earned.

The Theatres sell gift certificates and gift cards both in the theatres and online. These receipts are excluded from revenues until the date the gift certificates and gift cards are redeemed. The Theatres recognize gift certificate breakage when its future performance obligation is determined to be remote. Gift certificate breakage was \$777,298, \$355,118, and \$2,817,092, respectively, for the years ended December 31, 2009, 2008, and 2007. Gift certificate breakage is recorded as a component of other operating revenue in the statements of income.

**Operating Expenses** Film rental costs are recorded as revenue is earned based upon the terms of the respective film license arrangements. Advertising costs are expensed as incurred. Other operating expenses are principally comprised of payroll and benefits costs, utilities, maintenance, repairs, and other general operating expenses. The balance of operating expenses incurred by the corporate function is classified as general and administrative expenses. Theatre occupancy costs include rent, property taxes, and other occupancy costs.

**Vendor Allowances** The Theatres receive volume-based purchase rebates from vendors. These rebates are recorded as a reduction of inventories upon receipt and recognized as a reduction of the cost of concession sales when merchandise is sold.

**Comprehensive Income** Comprehensive income equals net income for all periods presented.

**2. THE SALE**

As mentioned in Note 1, on December 9, 2009, the Parent agreed to sell certain theatre assets comprising a substantial majority of the Parent's theatres and transfer related liabilities to AMC; this sale closed on May 24, 2010. These theatres were sold for \$275,000,000 in cash, subject to certain working capital and other purchase price adjustments finalized on the closing date.

The financial statements pertain to these theatres sold to AMC by the Parent. The financial statements have been prepared from the records maintained by the Parent and may not necessarily be indicative of the conditions that would have existed or the results of the operations if these theatres had been operated as an unaffiliated company. The majority of the assets, liabilities, income and expenses presented in these financial statements are specifically-identifiable to the theatres sold by the Parent to AMC. Portions of certain assets, liabilities, income and expenses represent allocations made from the Parent to these theatres that are applicable to the Parent as a whole where specific-identification of these balances to each theatre is not practicable. These allocations primarily relate to certain receivables, payables, accrued expenses, debt and operating expenses generated or incurred at the Parent and not directly related to an individual theatre; these allocations have been made based on the proportion of the number of theatre screens within the theatres sold to AMC as a percentage of the total number of theatre screens owned by the Parent prior to the Sale. In the opinion of management, these allocations are reasonable for the purposes of presenting the financial statements of the Theatres.

**3. NEW ACCOUNTING PRONOUNCEMENTS**

In June 2009, the Financial Accounting Standards Board (FASB) issued ASC 105, *Generally Accepted Accounting Principles*, as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernment entities. Generally, ASC 105 is not expected to change accounting principles generally accepted in the United States of America. The Theatres adopted ASC 105 for the year ended December 31, 2009, and any references to authoritative accounting literatures in the financial statements are referenced in accordance with the ASC, unless the literature has not been codified.

In December 2007, the FASB revised ASC 805 (formerly FASB Statement No. 141(R), *Business Combinations*). ASC 805 is effective for fiscal years beginning on or after December 15, 2008, with early adoption prohibited. The provisions of ASC 805 are applied prospectively from the date of adoption, except for adjustments to a previously acquired entity's deferred tax assets and uncertain tax position balances occurring outside the measurement period, which are recorded as a component of income tax expense in the period of adjustment, rather than goodwill. The Theatres adopted ASC 805 on January 1, 2009. The adoption of ASC 805 did not have a material impact the Theatres' financial position, results of operations, or cash flows.

**4. INVESTMENT IN KCC**

On January 15, 2004, the Parent made a \$4,740,145 minority investment in a new company, KCC. The Parent made this investment in conjunction with Providence Growth Entrepreneurs Fund, L.P.; Providence Growth Investors, L.P.; and the management team of KCC. Prior to the March 2, 2007 acquisition of the controlling interest in KCC (as discussed in Note 5), the Theatres owned 23.685% of KCC and did not have managerial control. Accordingly, this investment had been accounted for under the equity method and the financial statements included the Theatres' share of the results of operations from January 15, 2004 through March 1, 2007. For the period from January 1, 2007 to March 1, 2007, KCC had operating revenues of \$6,185,285, operating loss of \$(201,044), and a net loss of \$(840,998).

**5. ACQUISITIONS**

On January 31, 2008, the Parent acquired the assets, property, and operations of six theatres located in Iowa and Wisconsin from AGT Enterprises, Inc., and Star-Iowa, LLC (the "Star acquisition") for \$75,517,400. The Star acquisition added 81 screens to the Theatres' circuit. The purpose of the transaction was to increase the scale of the Theatres, diversify and expand the Theatres' customer base, and strengthen the Theatres' competitive position in the industry. In conjunction with this transaction, the Theatres consummated two separate sale-leaseback transactions. The proceeds of the sale-leaseback transactions were used to finance the Star acquisition, pay down debt, and pay taxes and fees associated with the deal. The results of theatre operations are included in the financial statements from the date of acquisition.

On March 2, 2007, the Parent acquired the remaining 76.315% interest they did not previously own in their investment in KCC for a purchase price of \$52,754,184, net of cash acquired (\$424,773). The purchase price was subject to the terms of an escrow arrangement that was finalized in 2008 with a payment of \$817,305 to the Parent, which reduced the total purchase price for the acquisition to

Table of Contents**Kerasotes Showplace Theatres Sold to AMC Entertainment Inc.****NOTES TO FINANCIAL STATEMENTS (Continued)****As of December 31, 2009 and 2008, and****For the Years Ended December 31, 2009, 2008, and 2007****5. ACQUISITIONS (Continued)**

\$51,936,879. This acquisition added 11 theatres and 125 screens to the overall circuit and gave the Theatres a presence in the state of Colorado. The acquisition was financed with cash on hand and additional debt. The results of theatre operations are included in the financial statements from the date of acquisition.

On March 2, 2007, the Parent also acquired the assets, properties, and operations of two existing theatres near Chicago, Illinois for a purchase price of \$12,652,954. The acquisition of these theatres added 28 screens to the overall circuit and enhanced the Theatres' presence in the Chicago area market. The acquisition was financed with cash on hand and additional debt. The results of theatre operations are included in the financial statements from the date of acquisition.

The Theatres have allocated the purchase price to the theatre assets acquired at estimated fair values. The excess of fair value of the net assets acquired compared to the amount paid as of the acquisition date has been reflected as goodwill. The Theatres completed the purchase price allocations for the 2007 acquisitions during 2008, reflecting finalization of consideration paid in the KCC acquisition (pursuant to the terms of the escrow arrangement in the transaction) and the finalization of other allocations for both transactions based on all available evidence subsequent to the transaction. The purchase price allocation was completed for the Star acquisition during 2008. The following table summarizes the estimated fair values of the assets acquired at the dates of acquisition:

	2008 Acquisition of Star Cinemas	2007 Acquisition of 76.315% Interest in KCC	2007 Acquisition of Chicago-Area Theatres

As a result of the 2007 acquisition of 76.315% interest in KCC included above, the previously owned 23.685% interest in KCC was consolidated into the Theatres' financial statements on a historical-cost basis. The amounts consolidated were as follows: cash of \$131,834; other current assets of \$175,056; property and equipment, net of \$12,336,370; goodwill of \$1,596,089; other assets of \$161,670; current liabilities of \$841,524; long-term debt of \$8,870,033; and other long-term liabilities of \$486,364.

**6. DEBT AND DEVELOPER REIMBURSEMENT FINANCING OBLIGATIONS**

These financial statements include an allocation of the amounts outstanding on the Parent's bank debt, and also the related debt issuance costs. The Parent's outstanding debt facilities consisted of a revolving line of credit ("Revolver") and Term B notes. These outstanding Parent debt balances were secured by substantially all of the Parent's assets, which included the assets of the Theatres. The Parent's bank debt was repaid in full as of the closing date of the Sale.

Allocated debt and developer reimbursement financing obligations at December 31, 2009 and 2008 consisted of the following:

	<b>2009</b>	<b>2008</b>
Debt to Parent	\$ 25,514,734	\$ 95,203,621
Developer reimbursement financing obligations	17,046,863	14,849,587
<b>Total debt to Parent and developer reimbursement financing obligations</b>	<b>42,561,597</b>	<b>110,053,208</b>
Less current portion	(928,201)	(40,721,833)
<b>Long-term debt to Parent and developer reimbursement financing obligations</b>	<b>\$ 41,633,396</b>	<b>\$ 69,331,375</b>

The contractual terms of the Parent's Term B debt required quarterly installments of \$166,403 from December 31, 2009, until December 31, 2010. Three quarterly installments of \$15,974,687 were required from March 31, 2011, with the final payment due October 28, 2011. Draws and repayment on the revolving line are at the discretion of the Parent, and the Parent uses distributions from the Theatres to fund any debt repayments. At December 31, 2009 and 2008, the aggregate available borrowing capacity on this facility was \$50,000,000 and \$27,300,000, respectively.

Interest on the Parent's Term B and Revolver debt was at variable rates based on the prime rate or the Eurodollar rate, adjusted for the Parent's consolidated economic performance, as specified in the agreement. During the year ended December 31, 2009, interest rates ranged from 4.81% to 5.56%. During the year ended December 31, 2008, interest rates ranged from 2.5% to 7.75%.

The carrying value of the Parent's long-term debt approximated its fair value as of December 31, 2009, since the Parent's long-term debt has interest rates that fluctuate based on published market rates. The fair value of the Parent's long-term debt was \$104,947,507 as of December 31, 2008. The fair value of the Parent's long-term debt as of December 31, 2008, was determined as the net present value

of the future cash flows at the prevailing balance sheet rate, discounted at the renegotiated market rate received in the amendment to the Parent's credit facility.

**7. LEASE COMMITMENTS**

The Theatres conduct their operations in facilities and using equipment leased under noncancelable operating leases expiring at various dates through 2029. At the end of the lease terms, most of the leases are renewable at the fair rental value for periods of 5 to 20 years. The rental payments for some facilities are based on a minimum annual rent plus a percentage of receipts in excess of a specified amount. Refer to Note 1 for discussion of the Theatres' financing leases.

Rental expense for noncancelable operating leases for the years ended December 31, 2009, 2008, and 2007, consists of the following:

	2009	2008	2007
Minimum	\$ 49,086,692	\$ 47,818,774	\$ 32,967,017
Contingent	488,768	230,623	273,282
<b>Total</b>	<b>\$ 49,575,460</b>	<b>\$ 48,049,397</b>	<b>\$ 33,240,299</b>

The minimum rental commitments related to noncancelable operating leases and developer reimbursement financing leases at December 31, 2009, are as follows:

Year Ending December 31	Minimum Lease Payments	
	Financing	Operating
2010	\$ 1,085,953	\$ 49,607,208

**Kerasotes Showplace Theatres Sold to AMC Entertainment Inc.**

**NOTES TO FINANCIAL STATEMENTS (Continued)**

**As of December 31, 2009 and 2008, and**

**For the Years Ended December 31, 2009, 2008, and 2007**

**8. INCOME TAXES**

The Parent is a limited liability company, and is not subject to the payment of federal or state income taxes, as the components of its income and expenses flow directly to the Parent's members. Accordingly, the Parent is not liable for any federal or state income tax, except for minor taxes imposed by some of the states in which the Parent does business. These financial statements include an allocation of these taxes incurred and paid by the Parent on behalf of the Theatres. These taxes were \$(3,882), \$14,404, and \$0 for the years ended December 31, 2009, 2008, and 2007, respectively.

**9. RETIREMENT PLAN**

The Theatres have contributed to the Parent's 401(k) profit-sharing plan for all managers, assistant managers, trainees, and administrative employees who have reached the age of 21. Employees may contribute up to 60% of their pay, not exceeding \$16,500 (\$22,000 for employees over age 50). Following one year of employment, the Theatres will match 100% of the first 3% of contribution and 50% on the next 2% of contribution. Matching contributions are immediately vested.

The Theatres fund the matching contributions as they accrue. These contributions were \$372,328, \$394,353, and \$371,970 for the years ended December 31, 2009, 2008, and 2007, respectively.

**10. RELATED-PARTY TRANSACTIONS**

The Theatres are not a separate legal entity, and were operated by the Parent during the periods presented. As discussed in Note 2, the financial statements have been prepared from the records maintained by the Parent and may not necessarily be indicative of the conditions that would have existed or the results of the operations if these theatres had been operated as an unaffiliated company. Portions of certain assets, liabilities, income and expenses represent allocations made from the Parent to these theatres that are applicable to the Parent as a whole. The Parent maintains and manages the cash generated by the Theatres, including the transfer of cash deposits from Theatres' operations to the Parent's bank accounts; these funds are used to finance the operations and capital expenditures of the Theatres. The outstanding amounts owed by the Parent to the Theatres are presented as "Due from Parent" in the Statements of Assets and Liabilities.

Total rental expense payable to related-parties of the Theatres amounted to \$14,400 for the each of the years ended December 31, 2009, 2008, and 2007. Amounts payable to related-parties at December 31, 2009, 2008, and 2007, were \$183,553, \$169,153, and \$154,753, respectively.

Amounts paid to an advertising agency owned by a close relative of one of the Parent's shareholders were \$82,632, \$31,414, and \$0 for 2009, 2008, and 2007, respectively.

**11. SALE-LEASEBACK TRANSACTIONS**

On January 31, 2008, the Theatres entered into two separate sale-leaseback transactions, whereby the Theatres sold eight of their fee-owned theatres for a sale price of \$97,560,246, net of closing costs of \$430,317. The Theatres leased back the sold theatres subject to 20-year triple net operating leases (with renewal terms of either three five-year options or one 10-year option and one five-year option). The gain of \$19,017,834 has been deferred and is being recognized ratably over the life of the leases.

**11. SALE-LEASEBACK TRANSACTIONS (Continued)**

The proceeds from the transaction were used to pay down debt, with the remaining proceeds used to pay taxes and fees associated with the deal. The balance was retained to fund future capital expenditures.

On September 19, 2007, the Theatres entered into a sale-leaseback transaction, whereby the Theatres sold 11 of their fee-owned theatres with a book value of \$78,112,826 for \$99,720,206, net of closing costs of \$638,171 and leased back the same buildings for a period of 20 years with three five-year options for each of the sold properties. The resulting leases are classified as being accounted for as operating leases. The gain of \$25,594,136 has been deferred and is being recognized ratably over the life of the leases. Losses of \$3,986,755 were immediately recognized in earnings. The proceeds from the transaction were used to pay down debt, with the remaining proceeds used to pay an owner distribution, taxes, and fees associated with the deal. The balance was retained to fund future capital expenditures.

On September 30, 2005, the Theatres entered into a sale-leaseback transaction, whereby the Theatres sold 17 of their fee-owned theatres with a book value of \$94,759,887 for \$200,000,000 and leased back the same buildings for a period of 20 years with three five-year options for each of the sold properties. The resulting leases are classified as operating leases. The gain of \$102,340,355 has been deferred and is being recognized ratably over the life of the leases. The proceeds from the transaction were used to pay down debt, with the remaining proceeds used to pay an owner distribution, taxes, and fees associated with the deal. The balance was retained to fund future capital expenditures.

**Kerasotes Showplace Theatres Sold to AMC Entertainment Inc.**

**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

**As of and for the Quarters Ended March 31, 2010 and 2009**

**1. BASIS OF PRESENTATION**

The principal business of the Kerasotes Showplace Theatres Sold to AMC Entertainment Inc (such theatres are hereafter referred to as the "Theatres") is the operation of motion picture theatres. Box office admission and concession sales are the Theatres' primary sources of revenue. The Theatres' operations are primarily located throughout the Midwest in the states of Illinois, Indiana, Iowa, Missouri, Minnesota, and Ohio. Over the years, the Theatres have grown through the construction and acquisition of theatres, most recently in the states of Colorado, Wisconsin, and California.

The Theatres are not a separate legal entity, and were operated by Kerasotes Showplace Theatres, LLC (the "Parent") during the periods presented. On December 9, 2009, the Parent agreed to sell these theatre assets comprising a substantial majority of the Parent's theatres and transfer related liabilities to AMC Entertainment Inc. ("AMC") (the "Sale"); this sale was closed on May 24, 2010. Further discussion of the Sale is included in Note 2.

These unaudited condensed financial statements have been prepared in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 270, *Interim Reporting*. Accordingly, they do not include all of the information and footnotes required in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America. In the opinion of management, all adjustments (which consist of normal recurring adjustments) considered necessary for a fair presentation have been included. Operating results for the interim period are not necessarily indicative of the results that may be expected for the full year. These interim financial statements and related notes should be read in conjunction with the audited financial statements and related notes for the year ended December 31, 2009.

**2. THE SALE**

As mentioned in Note 1, on December 9, 2009, the Parent agreed to sell certain theatre assets comprising a substantial majority of the Parent's theatres and transfer-related liabilities to AMC; this sale closed on May 24, 2010. These theatres were sold for \$275,000,000 in cash, subject to certain working capital and other purchase price adjustments finalized on the closing date.

The unaudited condensed financial statements pertain to these theatres sold to AMC by the Parent. The financial statements have been prepared from the records maintained by the Parent and may not necessarily be indicative of the conditions that would have existed or the results of the operations if these theatres had been operated as an unaffiliated company. The majority of the assets, liabilities, income and expenses presented in these financial statements are specifically-identifiable to the theatres sold by the Parent to AMC. Portions of certain assets, liabilities, income and expenses represent allocations made from the Parent to these theatres that are applicable to the Parent as a whole where specific-identification of these balances to each theatre is not practicable. These allocations primarily relate to certain receivables, payables, accrued expenses, debt, and operating expenses generated or incurred at the Parent and not directly related to an individual theatre; these allocations have been made based on the proportion of the number of theatre screens within the theatres sold to AMC as a percentage of the total number of theatre screens owned by the Parent prior to the Sale. In the opinion of management, these allocations are reasonable for the purposes of presenting the unaudited condensed interim financial information of the Theatres.

**3. DEBT**

These financial statements include an allocation of the amounts outstanding on the Parent's bank debt, and also the related debt issuance costs. The Parent's outstanding debt facilities consisted of a revolving line of credit ("Revolver") and Term B notes. These outstanding Parent debt balances were secured by substantially all of the Parent's assets, which included the assets of the Theatres. The Parent's bank debt was repaid in full as of the closing date of the Sale.

**4. RELATED-PARTY TRANSACTIONS**

The Theatres are not a separate legal entity, and were operated by the Parent during the periods presented. As discussed in Note 2, the financial statements have been prepared from the records maintained by the Parent and may not necessarily be indicative of the conditions that would have existed or the results of the operations if these theatres had been operated as an unaffiliated company. Portions of certain assets, liabilities, income and expenses represent allocations made from the Parent to these theatres that are applicable to the Parent as a whole. The Parent maintains and manages the cash generated by the Theatres, including the transfer of cash deposits from Theatres' operations to the Parent's bank accounts; these funds are used to finance the operations and capital expenditures of the Theatres. The outstanding amounts owed by the Parent to the Theatres are presented as "Due from Parent" in the Statements of Assets and Liabilities.

Total rental expense payable to related-parties of the Theatres amounted to \$3,600 and \$3,600 for the quarterly-periods ended March 31, 2010 and 2009, respectively. Amounts payable to related-parties at March 31, 2010 and December 31, 2009 were \$187,153 and \$183,553, respectively.

Amounts paid to an advertising agency owned by a close relative of one of the Parent's shareholders were \$0 and \$22,087 for the quarterly-periods ended March 31, 2010 and 2009, respectively.

**5. SUBSEQUENT EVENTS**

**ITEM 14. INDEMNIFICATION OF DIRECTORS AND OFFICERS**

Section 102 of the Delaware General Corporation Law (the "DGCL") grants us the power to limit the personal liability of our directors or our stockholders for monetary damages for breach of a fiduciary duty. Article VIII, Section A of our Amended and Restated Certificate of Incorporation eliminates the personal liability of directors for monetary damages for actions taken as a director, except for liability for breach of duty of loyalty; for acts or omissions not in good faith or involving intentional misconduct or knowing violation of law; under Section 174 of the Delaware General Corporation Law (unlawful dividends); or for transactions from which the director derived improper personal benefit.

Under Section 145 of the DGCL, a corporation has the power to indemnify directors and officers under certain prescribed circumstances against certain costs and expenses, actually and reasonably incurred in connection with any action, suit or proceeding, whether civil, criminal, administrative or investigative, to which any of them is a party by reason of his being a director or officer of the corporation if it is determined that he acted in accordance with the applicable standard of conduct set forth in such statutory provision. Article VIII, Section B of our Amended and Restated Certificate of Incorporation requires us to indemnify any current or former directors or officers to the fullest extent permitted by the DGCL, and to pay expenses incurred in defending any such proceeding in advance of its final disposition upon delivery to us of an undertaking, by or on behalf of an indemnified person, to repay all amounts so advanced if it should be determined ultimately that such person is not entitled to be indemnified under this section or otherwise. Article VIII, Section B also permits us to indemnify any current or former employees or agents to the fullest extent permitted by the DGCL, and to pay expenses incurred in defending any such proceeding in advance of its final disposition upon such terms and conditions, if any, as we deem appropriate.

Section 145 of the DGCL authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation against any liability asserted against and incurred by such person in any such capacity, or arising out of such person's status as such. As permitted by Section 145 and Section 6.08 of our Amended and Restated Bylaws, we carry insurance policies insuring its directors and officers against certain liabilities that they may incur in their capacity as directors and officers.

Table of Contents

The indemnification rights set forth above shall not be exclusive of any other right which an indemnified person may have or hereafter acquire under any statute, provision of our Amended and Restated Certificate of Incorporation or Amended and Restated Bylaws, agreement, vote of stockholders or disinterested directors or otherwise.

**ITEM 15. RECENT SALES OF UNREGISTERED SECURITIES**

In the past three years, we have not sold securities without registration under the Securities Act of 1933, except as described below.

In connection with the Reclassification, we will issue \_\_\_\_\_ shares of our common stock to holders of common stock of AMC Entertainment Holdings, Inc. This transaction will be effected without registration under the Securities Act in reliance on the exemption from registration provided under Section 4(2) promulgated thereunder.

All schedules not identified above have been omitted because they are not required, are not applicable or the information is included in the selected consolidated financial data or notes contained in this registration statement.

**ITEM 17. UNDERTAKINGS**

(a) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

- (b) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement
