Dear Stockholder:

It is my pleasure to invite you to attend HD Supply Holdings, Inc.'s annual meeting of stockholders to be held at 11:00 a.m. (Eastern Daylight Time) on May 18, 2016. The meeting will be held at HD Supply's headquarters, located at Cumberland Center II, 3100 Cumberland Boulevard, Atlanta, Georgia 30339.

The accompanying notice of meeting and proxy statement contain important information, including a description of the business that will be acted upon at the meeting, as well as the voting procedures and general information about the meeting. At the meeting, we will also report on the Company's performance and operations and respond to your questions.

Your vote is important. Whether you plan to attend the annual meeting or not, you may access electronic voting via the Internet, which is described on your enclosed proxy card, or, if you received a proxy card by mail, you may sign, date and return the proxy card in the envelope provided. If you plan to attend the annual meeting you may vote in person. Returning the proxy does not deprive you of your right to attend the annual meeting and vote your shares in person for the matters acted on at the meeting.

Registration and seating will begin at 10:00 a.m. (Eastern Daylight Time). Each stockholder will be asked to present an admittance ticket (the Notice of Internet Availability that you received by mail) and valid government-issued picture identification. Stockholders holding stock in brokerage accounts will need to bring a copy of a brokerage statement reflecting stock ownership as of the March 21, 2016 record date. Cameras and recording devices are not permitted at the meeting. All bags, briefcases and packages will be held at registration and will not be allowed in the meeting.

Thank you for your support of HD Supply. We look forward to seeing you at the annual meeting.

Sincerely,

/s/ JOSEPH J. DEANGELO

Joseph J. DeAngelo

Table of Contents**Director Nominees****Board Structure**

HD Supply Holdings, Inc. (the "**Company**") currently has eight directors divided into three classes: three directors in each of Class I and Class III, and two directors in Class II. The term of office of the three Class III directors expires at the Annual Meeting.

**Class III Election**

The three nominees for election as Class III directors are listed below. If elected, the nominees for election as Class III directors will serve for a term of three years and until their successors are elected and qualify. If you sign and return the accompanying proxy card, your shares will be voted for the election of the three Class III nominees recommended by the board of directors unless you choose to withhold from voting for any of the nominees. If for any reason any nominee is unable to serve or will not serve, such proxies may be voted for a substitute nominee designated by the board of directors as the proxy holder may determine. The board is not aware of any nominee who will be unable to or will not serve as a director. There is no cumulative voting.

**Class III Nominees**

A nominee must receive the vote of a plurality of the votes validly cast at the Annual Meeting represented either in person or by proxy at the Annual Meeting to be elected. Therefore, the three nominees who receive the most "FOR" votes (among votes properly cast in person, electronically or by proxy) will be elected. Notwithstanding such election, each of the three nominees for election as Class III directors has agreed to tender to the board his resignation as a director promptly following the certification of election results in the event such nominee receives a greater number of votes "withheld" from his election than votes "for" his election (see "Majority Voting Policy – Director Nominees" below for details regarding the board's majority voting policy). Proxies cannot be voted for a greater number of persons than the number of nominees named. The Class III nominees are as follows:

Name	Age	Director		Occupation	Board Committees	Other Public	
		Since				Company Boards	Independent
Joseph J. DeAngelo	54	2007		Chairman/CEO, HD Supply	None	0	No
Patrick R. McNamee	56	2013		CEO, Health Insurance Innovations	Audit; Compensation	0	Yes
Charles W. Pepper	68	2013		Retired Partner of KPMG LLP	Audit Chair	3	Yes

Additional qualifications, experience, and other information about the three director nominees, as well as our current board of directors who will continue to serve after the Annual Meeting, is provided on pages 16-18.

**Majority Voting Policy – Director Nominees**

The full text of the board's majority voting policy for director nominees is set forth in the Company's Corporate Governance Guidelines, available on the corporate governance section of our investor relations website at <http://ir.hdsupply.com/governance.cfm>.

Table of Contents

Each of the three nominees for election as Class III directors has agreed to tender to the board his resignation as a director promptly following the certification of election results in the event such nominee receives a greater number of votes "withheld" from his election than votes "for" his election (a "**Majority Withheld Vote**"). Neither abstentions nor broker non-votes are deemed to be votes for or withheld from a director's election. The Nominating and Corporate Governance Committee will consider any tendered resignation and recommend to the board whether to accept or reject it. The board will act on each tendered resignation, taking into account the Nominating and Corporate Governance Committee's recommendation, at its next regularly scheduled board meeting following the certification of the election results. The Nominating and Corporate Governance Committee, when making its recommendation, and the board, when making its decision, may consider any factors or other information that it considers appropriate, including, without limitation, the reasons (if any) given by stockholders as to why they withheld their votes, the qualifications of the tendering director, his contributions to the board and the Company, and the results of the most recent evaluation of the tendering director's performance by the Nominating and Corporate Governance Committee and other board members.

The board will promptly and publicly disclose (1) its decision whether to accept or reject the director's tendered resignation, and (2) if rejected by the board, the board's reasons for rejecting the tendered resignation. Any director who tenders his resignation will not participate in the Nominating and Corporate Governance Committee recommendation or board action regarding whether to accept or reject the tendered resignation. If a director's tendered resignation is rejected by the board, the director will continue to serve for the remainder of his term and until his successor is duly elected, or his earlier death, resignation or removal. If a director's tendered resignation is accepted by the board, then the board, in its sole discretion, may fill any resulting vacancy or may decrease the number of directors comprising the board, in each case pursuant to the provisions of, and to the extent permitted by, the Company's Third Amended and Restated By-Laws (the "**Bylaws**").

The board will consider as candidates for nomination for election or re-election to the board, or to fill vacancies and new directorships on the board, only those individuals who agree to tender, promptly following their election, re-election or appointment, an irrevocable resignation that will be effective upon (i) the occurrence of a Majority Withheld Vote for that director and (ii) acceptance of the tendered resignation by the board. Each of the Class III director nominees have signed such an irrevocable resignation.

**Ratification of the Appointment of the Independent Registered Public Accounting Firm**

The board is asking you to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2016 fiscal year ending January 29, 2017. Set forth below is summary information with respect to the fees billed to us by

### **Stockholder Proposal on Greenhouse Gas Emissions**

You are being asked to vote on a stockholder proposal, filed by Calvert Investments, regarding greenhouse gas emissions if it is properly presented at the Annual Meeting. For more information, see pages 63-64.

### **2017 Annual Meeting**

Pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), stockholder proposals submitted for inclusion in the proxy statement for our annual meeting of stockholders expected to be held in May 2017 must be received by us by December 1, 2016. For more information, see page 65.

### ***Why am I receiving these proxy materials?***

The accompanying proxy materials have been furnished to you because the Company is soliciting your proxy to vote your shares at the Annual Meeting. This proxy statement describes issues on which we would like you to vote at our Annual Meeting. It also gives you information on these issues so that you can make an informed decision.

The proxy materials include the notice and proxy statement for the Annual Meeting, our annual report on Form 10-K for the fiscal year ended January 31, 2016, the proxy card for the Annual Meeting and directions on attending the Annual Meeting. The Company has made these proxy materials available to you by Internet or, upon your request, has delivered printed versions of these materials to you by mail, because you owned shares of the Company's common stock at the close of business on March 21, 2016.

When you vote by using the Internet or by signing and returning the proxy card, you appoint Dan S. McDevitt and James F. Brumsey as your representatives at the Annual Meeting, with full power of substitution. They will vote your shares at the Annual Meeting as you have instructed them or, if an issue that is not on the proxy card comes up for vote, in accordance with their best judgment. This way, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by using the Internet, or if you received your proxy card by mail, by signing and returning your proxy card. If you vote by Internet, you do not need to return your proxy card.

Table of Contents

***Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?***

In accordance with rules adopted by the U.S. Securities and Exchange Commission, the Company uses the Internet as the primary means of furnishing proxy materials to stockholders. Accordingly, the Company is sending a Notice of Internet Availability of Proxy Materials (the "**Notice**") to the Company's stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or how to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of its annual meetings and reduce the cost to the Company of physically printing and mailing materials.

***Who is entitled to vote?***

Holders of our common stock at the close of business on March 21, 2016 are entitled to vote. March 21, 2016 is referred to as the record date. In accordance with Delaware law, a list of stockholders entitled to vote at the Annual Meeting will be available in electronic form at the place of the Annual Meeting on May 18, 2016 and will be accessible in electronic form for ten days before the meeting at our principal place of business, 3100 Cumberland Boulevard, Atlanta, Georgia 30339 between the hours of 9:00 a.m. and 5:00 p.m.

***Each share of common stock is entitled to how many votes?***

Holders of common stock are entitled to one vote per share. On the record date, there were 200,610,355 shares of our common stock outstanding and entitled to vote.

***How do I vote?***

If you are a registered stockholder, which means you hold your shares (including any restricted shares) in certificate form or through an account with our transfer agent, American Stock Transfer & Trust Company, LLC, you have the following options for voting before the Annual Meeting:

(1)

***Vote by Internet.*** Visit [www.voteproxy.com](http://www.voteproxy.com) and follow the steps outlined on the secure website. Internet voting is available 24 hours a day and will be accessible until 5:00 p.m. Eastern Daylight Time on May 17, 2016.

(2)

***Vote by Mail.*** If you received a proxy card by mail and choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the envelope provided.

If you are a beneficial holder, meaning you hold your shares in "street name" through an account with a bank or broker, your ability to vote over the Internet or by telephone depends on the voting procedures of your bank or broker. Please follow the directions on the voting instruction form that your bank or broker provides.

Stockholders may also attend the Annual Meeting and vote in person. The method you use to vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. Written

ballots will be passed out to anyone who wants to vote at the Annual Meeting. If you hold your shares in "street name," you must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the Annual Meeting. Please refer to the notice and voting instruction form, or other information forwarded by your bank or broker, for details on how to request a proxy.

***Is my vote confidential?***

Confidential voting applies to individual stockholders but not to corporate and institutional stockholders. Our confidential voting policy is set forth in our Corporate Governance Guidelines available at <http://ir.hdsupply.com/governance.cfm>.

***What if I change my mind after I return my proxy?***

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. Registered stockholders may do this by:

signing and properly submitting a subsequent proxy with a later date that is received before the polls close at the Annual Meeting;

voting by the Internet on or before 5:00 Eastern Daylight time on May 17, 2016;

giving written notice of revocation to Dan S. McDevitt, General Counsel and Corporate Secretary, HD Supply Holdings, Inc., 3100 Cumberland Boulevard, Atlanta, Georgia 30339 before the Annual Meeting; or

voting in person at the Annual Meeting.

If you hold shares through a bank or broker, please refer to your voting instruction form, or other information forwarded by your bank or broker, to see how you can revoke your proxy and change your vote.

Attendance at the meeting will not, by itself, revoke a proxy.

***How many votes do you need to hold the Annual Meeting?***

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the Annual Meeting will constitute a quorum. If a quorum is present, we can hold the Annual Meeting and conduct business.

***On what items am I voting?***

You are being asked to vote on three items:

to elect three directors nominated by the board of directors and named in the proxy statement to serve until our 2019 annual meeting of stockholders and until their successors are elected and qualify;

Table of Contents

to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our 2016 fiscal year ending January 29, 2017; and

a stockholder proposal regarding greenhouse gas emissions.

No cumulative voting rights are authorized, and dissenters' rights are not applicable to these matters.

***How does the board of directors recommend that I vote?***

The board recommends that you vote:

FOR all director nominees;

FOR the ratification of the appointment of our independent registered public accounting firm; and

AGAINST the stockholder proposal regarding greenhouse gas emissions.

***How may I vote in the election of directors, and how many votes must the nominees receive to be elected?***

With respect to the election of directors, you may:

vote FOR all three nominees for director;

vote FOR one or more of the nominees for director and WITHHOLD from voting on one or more of the other nominees for director; or

WITHHOLD from voting on all of the nominees for director.

The Company's Bylaws provide for the election of directors by a plurality of the votes cast. This means that the three individuals nominated for election to the board of directors who receive the most "FOR" votes (among votes properly cast in person, electronically or by proxy) will be elected. Notwithstanding such election, each of the three nominees for election as Class III directors has agreed to tender to the board his resignation as a director promptly following the certification of election results if he receives a greater number of votes "withheld" from his election than votes "for" his election (see "Majority Voting Policy – Director Nominees" on pages 2-3 for details regarding the board's majority voting policy).

***What happens if a nominee is unable to stand for election?***

If a nominee is unable to stand for election, the board may either:

reduce the number of directors that serve on the board; or

designate a substitute nominee.

If the board designates a substitute nominee, shares represented by proxies voted for the nominee who is unable to stand for election will be voted for the substitute nominee.

Table of Contents

***How may I vote for the proposal to ratify the appointment of our independent registered public accounting firm, and how many votes must this proposal receive to pass?***

With respect to this proposal, you may:

vote FOR the ratification of the accounting firm;

vote AGAINST the ratification of the accounting firm; or

ABSTAIN from voting on the proposal.

To pass, the proposal must receive the affirmative vote of a majority in voting power of the shares entitled to vote at the Annual Meeting by the holders who are present in person, electronically or by proxy. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

***How may I vote for the stockholder proposal regarding greenhouse gas emissions, and how many votes must this proposal receive to pass?***

With respect to this proposal, you may:

vote FOR the stockholder proposal;

vote AGAINST the stockholder proposal; or

ABSTAIN from voting on the proposal.

To pass, the proposal must receive the affirmative vote of a majority in voting power of the shares entitled to vote at the Annual Meeting by the holders who are present in person, electronically or by proxy. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal. If your broker is unable to vote your shares because you have not provided voting instructions (broker non-votes), the shares are not counted as voting power present and, therefore, will have no effect on the outcome of this proposal.

***What happens if I sign and return my proxy card but do not provide voting instructions?***

If you return a signed card but do not provide voting instructions, your shares will be voted as follows:

FOR all director nominees;

FOR the ratification of the appointment of our independent registered public accounting firm; and

AGAINST the stockholder proposal regarding greenhouse gas emissions.

***Will my shares be voted if I do not vote by using the Internet, telephone, by signing and returning my proxy card, or by attending the Annual Meeting and voting in person?***

If you do not vote by using the Internet, by telephone (certain beneficial stockholders), by signing and returning your proxy card, or by attending the Annual Meeting and voting in person, then your shares will not be voted and will not count in deciding the matters presented for stockholder consideration at the Annual Meeting.

Table of Contents

Under certain circumstances and in accordance with NASDAQ rules that govern banks and brokers, if your shares are held in street name through a bank or broker, your bank or broker may vote your shares if you do not provide voting instructions before the Annual Meeting. These circumstances include voting your shares on "routine matters," such as the ratification of the appointment of our independent registered public accounting firm described in this proxy statement. With respect to this proposal, therefore, if you do not vote your shares, your bank or broker may vote your shares on your behalf or leave your shares unvoted.

The remaining two proposals, namely the election of director nominees and the stockholder proposal regarding greenhouse gas emissions, are not considered routine matters under the NASDAQ rules relating to voting by banks and brokers. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a "broker non-vote." Broker non-votes that are represented at the Annual Meeting will be counted for purposes of establishing a quorum, but will have no effect on the outcome of the non-routine matters at the Annual Meeting.

We encourage you to provide instructions to your bank or brokerage firm by voting your proxy. This action ensures your shares will be voted at the meeting in accordance with your wishes.

***What is the vote required for each proposal to pass, and what is the effect of abstentions and uninstructed shares on the proposals?***

Our Bylaws provide for the election of directors by a plurality of the votes cast. This means that the three individuals nominated for election to the board of directors who receive the most "FOR" votes (among votes properly cast in person, electronically or by proxy) will be elected. Notwithstanding such election, each of the three nominees for election as Class III directors has agreed to tender his resignation as a director to the board promptly following the certification of election results if he receives a greater number of votes "withheld" from his election than votes "for" his election (see "Majority Voting Policy – Director Nominees" on pages 2-3 for details regarding the board's majority voting policy). For each of the other proposals to pass in accordance with our Bylaws, the proposal must receive the affirmative vote of a majority in voting power of the shares present in person, electronically or by proxy at the Annual Meeting and entitled to vote. The following table summarizes the board's recommendation on each proposal, the vote required for each proposal to pass, and the

effect abstentions or uninstructed shares (proxy card returned, but voting instructions not provided) have on each proposal.

Proposal Number	Item	Board Voting Recommendation	Votes Required for Approval	Abstentions	Broker Non-Votes	Uninstructed Shares
1	Election of Directors	FOR	The three nominees who receive the most FOR votes properly cast in person, electronically or by proxy and entitled to vote will be elected. 3	Stockholder proposal regarding greenhouse gas emissions	AGAINST	Majority of the voting power of the shares present in person, electronically or by proxy and entitled to vote	Count as votes against	No effect	Count as votes against the stockholder proposal

***What do I need to attend the Annual Meeting in person?***

You must bring your admittance ticket (the Notice of Internet Availability of Proxy Materials that you received in the mail), proof of your share ownership as of March 21, 2016 (such as a brokerage statement or letter from your broker), and government-issued photo identification (such as a driver's license). If you do not have an admittance ticket, proof of ownership, or a valid photo identification, you will not be admitted to the Annual Meeting. Cameras and recording devices are not permitted at the meeting. All bags, briefcases and packages will be held at registration and will not be allowed in the meeting.

***Can I receive future proxy materials and annual reports electronically?***

Yes. This proxy statement and our annual report on Form 10-K for our fiscal year ended January 31, 2016 are available by accessing the website located at <http://www.astproxyportal.com/ast/18392/>. Instead of receiving paper copies in the mail, stockholders can elect to receive an email that provides a link to our future annual reports and proxy materials on the Internet. Opting to receive your proxy materials electronically will save us the cost of producing and mailing documents to your home or business, will reduce the environmental impact of our annual meetings, and will give you an automatic link to the proxy voting site.

Mr. Stengel holds a bachelor's degree in economics from Trinity College and an M.B.A. degree with a concentration in strategy and finance from Vanderbilt University's Owen Graduate School of Management.

Table of Contents

The Company's Certificate of Incorporation provides that the board of directors shall consist of not fewer than three nor more than 21 directors, with the exact number to be fixed by the board of directors. The board of directors has fixed the current number of directors at eight, and the Company currently has eight directors.

The Certificate of Incorporation divides the board into three classes, as nearly equal in number as possible, with the terms of office of the directors of each class ending in different years. Class I and Class III each currently have three directors, and Class II has two directors. The terms of directors in Classes I, II, and III end at the annual meetings in 2017, 2018, and 2016, respectively.

Director	Class	
Kathleen J. Affeldt	Class I	Expiring 2017 Annual Meeting
John W. Alden	Class I	Expiring 2017 Annual Meeting
Peter A. Leav	Class I	Expiring 2017 Annual Meeting
Betsy S. Atkins	Class II	Expiring 2018 Annual Meeting
James A. Rubright	Class II	Expiring 2018 Annual Meeting
Joseph J. DeAngelo	Class III	Expiring 2016 Annual Meeting
Patrick R. McNamee	Class III	Expiring 2016 Annual Meeting
Charles W. Pepper	Class III	Expiring 2016 Annual Meeting

At each annual meeting of the stockholders, the successors of the directors whose term expires at that meeting are elected to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election. The board of directors is therefore asking you to elect the three nominees for director whose term expires at the Annual Meeting. Joseph J. DeAngelo, Patrick R. McNamee and Charles W. Pepper, our Class III directors, have been nominated by the board for re-election at the Annual Meeting. See "Proposal 1 Election of Directors" on page 61.

Directors are elected by a plurality. Therefore, the three nominees who receive the most "FOR" votes will be elected. Notwithstanding such election, each of the three nominees for election as Class III directors has agreed to tender his resignation as a director to the board promptly following the certification of election results if he receives a greater number of votes "withheld" from his election than votes "for" his election (see "Majority Voting Policy Director Nominees" on pages 2-3 for details regarding the board's majority voting policy).

Proxies cannot be voted for a greater number of persons than the number of nominees named. There is no cumulative voting. If you sign and return the accompanying proxy card, your shares will be voted for the election of the three nominees recommended by the board of directors unless you choose to withhold from voting for any of the nominees. If a nominee is unable to serve or will not serve for any reason, proxies may be voted for such substitute nominee as the proxy holder may determine. The Company is not aware of any nominee who will be unable to or will not serve as a director.

Table of Contents

Set forth below is biographical information as well as background information relating to each nominee's and continuing director's business experience, qualifications, attributes, and skills and why the board of directors and Nominating and Corporate Governance Committee believe each individual is a valuable member of our board of directors. The persons who have been nominated for election and are to be voted upon at the Annual Meeting are listed first, with continuing directors following thereafter.

Table of Contents

The following sections provide an overview of our corporate governance structure and processes. Among other topics, we describe how we select directors, how we consider the independence of our directors, and key aspects of our board operations.

**Selecting Nominees for Director**

Our board has delegated to the Nominating and Corporate Governance Committee the responsibility for reviewing and recommending to the board nominees for director. In accordance with our Corporate Governance Guidelines, and on recommendation of the Nominating and Corporate Governance Committee, our board of directors has adopted criteria for the selection of new directors based on the strategic needs of the Company and the board. The Nominating and Corporate Governance Committee will periodically review the criteria adopted by the board and, if deemed desirable, recommend changes to the criteria.

Pursuant to the criteria adopted by our board of directors, the board seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Individuals are considered for nomination to the board based on their business and professional experience, judgment, oversight roles held, age, skills and background. The board also considers the candidate's availability, absence of conflicts, and any applicable independence or experience requirements. The Nominating and Corporate Governance Committee considers diversity in identifying nominees for director, including personal characteristics such as race and gender, as well as diversity in experience and skills relevant to the board's performance of its responsibilities in the oversight of the business. For each of the nominees to the board, the biographies shown above highlight the experiences and qualifications that were among the most important to the Nominating and Corporate Governance Committee in concluding that the nominee should serve as a director of the Company.

The Nominating and Corporate Governance Committee is responsible for recommending to the board nominees for election to the board at each annual meeting of stockholders and for identifying one or more candidates to fill any vacancies that may occur on the board. New candidates may be identified through recommendations from independent directors or members of management, search firms, discussions with other persons who may know of suitable candidates to serve on the board, and stockholder recommendations. Evaluations of prospective candidates typically include a review of the candidate's background and qualifications by the Nominating and Corporate Governance Committee, interviews with the committee as a whole, one or more members of the committee, or one or more other board members, and discussions of the committee and the full board. The committee then recommends candidates to the full board, with the full board selecting the candidates to be nominated for election by the stockholders or to be elected by the board to fill a vacancy.

In accordance with the board's majority voting policy, the board will consider as candidates for nomination for election or re-election to the board, or to fill vacancies and new directorships on the board, only those individuals who agree to tender, promptly following their election, re-election or appointment, an irrevocable resignation that will be effective upon (i) the occurrence of the nominee receiving a greater number of votes "withheld" from his or her election to the board than votes "for" his or her election and (ii) acceptance of the tendered resignation by the board (see "Majority Voting Policy – Director Nominees" on pages 2-3 for details regarding the board's majority voting policy).

---

Table of Contents

The Nominating and Corporate Governance Committee will consider director candidates proposed by stockholders on the same basis as recommendations from other sources. Any stockholder who wishes to recommend a prospective candidate for the board of directors for consideration by the Nominating and Corporate Governance Committee may do so by submitting the name and qualifications of the prospective candidate in writing to the following address: Dan S. McDevitt, General Counsel and Corporate Secretary, HD Supply Holdings, Inc., 3100 Cumberland Boulevard, Atlanta, Georgia 30339. Any such submission should also describe the experience, qualifications, attributes and skills that make the prospective candidate a suitable nominee for the board of directors. Our Bylaws set forth the requirements for direct nomination by a stockholder of persons for election to the board of directors. These requirements are described under "Other Information for Stockholders" at the end of this proxy statement.

**Director Independence**

The board reviewed director independence during fiscal 2015 and considered whether there were any relationships between each director or any member of his or her immediate family and the Company. The board also examined whether there were any relationships between an organization of which a director is a partner, stockholder or executive officer and the Company. The purpose of this review was to determine whether any such relationships were inconsistent with a determination that a director is independent. No director is deemed independent unless the board has made an affirmative determination that such director has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. When conducting its analysis, the board specifically considered all transactions discussed in "Related Party Transactions" on pages 26-29 of this proxy statement. As a result of this review, the board affirmatively determined that all of its current non-employee directors are independent, and all current directors serving on the standing committees of the board satisfy the independence requirements of the NASDAQ and the U.S. Securities and Exchange Commission (the "**SEC**") relating to directors and Audit, Compensation and Nominating and Corporate Governance Committee members. James G. Berges, who served as Lead Director and as a member of the Nominating and Corporate Governance and Corporate Development and Finance Committees until his resignation on November 20, 2015, was also determined to be an independent director. The board previously determined Paul B. Edgerley, who served on the Nominating and Corporate Governance and Corporate Development and Finance Committees until his resignation on August 14, 2015, to be an independent director.

**Executive Sessions of our Non-Management Directors**

The chairman of the board, or the independent lead director if the chairman is not independent, and the full board separately, have authority to require the board to meet in executive sessions outside the presence of management. The independent directors meet at regularly scheduled executive sessions without management at least twice per year. In the absence of an independent chairman, the independent lead director will act as chair at such meetings, and if no lead director has been appointed or if the lead director also is not present, the Nominating and Corporate Governance Committee chairperson shall preside over executive sessions and other meetings of the independent directors. The independent directors met in executive session outside the presence of management three times during fiscal 2015.

## **Board Leadership Structure**

As noted in our Corporate Governance Guidelines, the board has no policy with respect to the separation of the offices of chairman of the board and chief executive officer. The board believes that it is important to retain its flexibility to allocate the responsibilities of the offices of the chairman and chief executive officer in any way that is in the best interests of the Company at a given point in time. As part of its annual self-evaluation process, the board evaluates whether the board leadership structure provides the optimal structure for the Company.

Currently, our chief executive officer, Joseph J. DeAngelo, serves as chairman of the board, and James A. Rubright serves as the independent lead director of the board. Our board believes that having a combined chairman/chief executive officer, independent members and chairs for each of our board committees, and an independent lead director currently provides the best board leadership structure for the Company. This structure, together with our other corporate governance practices, provides strong independent oversight of management while ensuring clear strategic alignment throughout the Company. Our lead director is an independent non-employee director who is appointed by the independent directors of the board.

Our board appointed Mr. DeAngelo to serve as chairman of the board based on the leadership qualities, management capability, knowledge of the business and industry, and long-term, strategic perspective he has demonstrated as our chief executive officer. The independent directors unanimously supported appointment of Mr. Rubright as our independent lead director. They believe Mr. Rubright possesses the characteristics and qualities critical for an independent lead director. As a former chairman and chief executive officer of a public company, Mr. Rubright has the qualities and experience desired for an independent lead director — high personal integrity, significant experience in public company management and board leadership, and a deep understanding of operations, strategy, and risk management that provide valuable insight to our board.

In implementing our board's current leadership structure, the board amended our Corporate Governance Guidelines to require the chairman either to be independent or, if not, to be complemented by an independent lead director. A critical element for our board in supporting the current board leadership structure is the simultaneous adoption of robust and transparent duties for the independent lead director. These duties help facilitate our board's independent, objective, effective and efficient oversight of our Company. Our board believes that an executive chairman working with an independent lead director who has strong, well-defined duties gives our board a strong leadership and corporate governance structure that best serves the needs of the Company today. The respective roles and responsibilities of the chairman of the board and independent lead director are set forth in the Company's Corporate Governance Guidelines, available on the corporate governance section of our investor relations website at <http://ir.hdsupply.com/governance.cfm>.

## **Board's Role in Risk Oversight**

Our board is responsible for overseeing our risk management. Under its charter, the Audit Committee is responsible for reviewing and discussing the Company's risk management practices, including the effectiveness of the systems and policies for risk assessment and risk management, the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, any unusual material transactions and management, internal auditor and independent auditor reviews of the Company's Foreign Corrupt Practices Act policies, procedures and monitoring.

---

Table of Contents

The Audit Committee also oversees our corporate compliance and ethics programs, as well as the internal audit function. The board's other committees oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee oversees the potential risks associated with our compensation policies and practices.

In addition to the committees' work in overseeing risk management, our full board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed. The board also receives reports on risk management from senior officers of the Company and from the committee chairs. The board reviews periodic assessments from the Company's ongoing enterprise risk management process that are designed to identify potential events that may affect the achievement of the Company's objectives.

The Company's general counsel reports directly to our chief executive officer, providing him with visibility into the Company's risk profile. The Company's internal audit staff regularly reports to the Audit Committee, and our general counsel and our vice president, Internal Audit, have regularly scheduled private sessions with the Audit Committee. The board of directors believes that the work undertaken by the committees of the board, together with the work of the full board of directors and our chief executive officer, enables the board of directors to oversee effectively the Company's risk management function.

**Corporate Governance Guidelines, Committee Charters, and Codes of Business Conduct and Ethics**

Our Corporate Governance Guidelines are available on the corporate governance section of our investor relations website at <http://ir.hdsupply.com/governance.cfm>. The charters for each of the Audit, Compensation, and Nominating and Corporate Governance Committees are also available on our investor relations website.

We have a long-standing commitment to conduct our business in accordance with the highest ethical principles. Our Code of Business Conduct and Ethics is applicable to all the representatives of our enterprise, including our executive officers and all other employees and agents of our Company and our subsidiary companies, as well as to our directors. A copy of our code is available on the corporate governance section of our investor relations website.

Our Code of Ethics for Senior Executive and Financial Officers, also available on our investor relations website, applies to our chief executive officer, chief financial officer, chief accounting officer, and any other senior executive or financial officer performing similar functions. Under this code of ethics, our executives are required, among other things, to act with honesty and integrity, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; to provide full, fair, accurate, timely and understandable disclosure in reports and documents that the Company files with, or submits to, the SEC, and in other public communications made by the Company; to comply with applicable laws, governmental rules and regulations, including insider trading laws; and to promote the prompt internal reporting of potential violations or other concerns related to the code of ethics to the chair of the Audit Committee. Under this code of ethics our associates are encouraged to talk to supervisors, managers, or other appropriate personnel when in doubt about the best course of action in a particular situation. Any violation will be subject to appropriate discipline, up to and including dismissal from the Company or prosecution under the law.

We have also adopted a policy providing procedures by which our in-house and outside attorneys are to report material violations of applicable U.S. federal or state laws, or a material breach of a fiduciary duty, as required by SEC rules.

### Committees of the Board of Directors

Our board of directors has three committees: the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance ("**N&CG**") Committee. The Executive Committee was dissolved, and replaced by the Corporate Development and Finance ("**CD&F**") Committee, on March 12, 2015. The CD&F Committee was dissolved on November 20, 2015. Each current board committee has adopted a charter, available on the corporate governance section of our investor relations website at <http://ir.hdsupply.com/governance.cfm>.

The following table shows the current members of each committee and the number of meetings held during fiscal 2015. Mr. DeAngelo is chairman of the board but does not serve on any board committee.

**Audit Committee.** The Audit Committee has oversight responsibility for, among other things, assisting the board of directors in reviewing our financial reporting and other internal control processes, our financial statements, the independent auditors' qualifications and independence, the performance of our internal audit function and independent auditors, and our compliance with legal and regulatory requirements and our code of business conduct and ethics.

During fiscal 2015, the Audit Committee held eight meetings. Each member of our Audit Committee meets the independence requirements of the NASDAQ and the SEC, and each is financially literate. Our board has determined that Charles W. Pfeffer is an audit committee financial expert as defined by the SEC.

**Compensation Committee.** The Compensation Committee has oversight responsibility for, among other things, executive succession planning, the compensation of our executive officers and directors, approving equity grants and other incentive arrangements, and authorizing employment-related agreements for our executive officers.

During fiscal 2015, the Compensation Committee held four meetings. All directors serving on the Compensation Committee meet the NASDAQ independence requirements, the "non-employee director" requirements of SEC Rule 16b-3, and are outside directors under Section 162(m) of the Internal Revenue Code. For additional information about the Compensation Committee's processes

Table of Contents

and the role of executive officers and compensation consultants in determining compensation, see "Compensation Discussion and Analysis" on page 35.

*Nominating and Corporate Governance Committee.* The Nominating and Corporate Governance Committee has the responsibility for identifying and recommending candidates for election to our board of directors, reviewing the composition of the board of directors and its committees, developing and recommending to the board of directors corporate governance guidelines that are applicable to us, and overseeing board of director evaluations.

During fiscal 2015, the Nominating and Corporate Governance Committee held four meetings. All directors serving on the Nominating and Corporate Governance Committee meet the NASDAQ independence requirements for nominating and corporate governance committees.

*Executive Committee.* The Executive Committee was established to meet between meetings of the board of directors, as needed, and had the power to exercise all the powers and authority of the board of directors with respect to matters delegated to the Committee by the board of directors, except for the limitations under Section 144(c) of the General Corporation Law of the State of Delaware and any applicable limitations under the Company's organizational documents. The Executive Committee held no meetings during fiscal 2015. The Executive Committee was dissolved on March 12, 2015.

*Corporate Development and Finance Committee.* The Corporate Development and Finance Committee was formed on March 12, 2015. The Committee was formed to assist the board in discharging its oversight responsibilities of the Company's financial management and strategic planning, including investment and transactional responsibilities. The Corporate Development and Finance Committee was dissolved on November 20, 2015.

#### **Compensation Committee Interlocks and Insider Participation**

Kathleen J. Affeldt, John W. Alden, Betsy S. Atkins and Patrick R. McNamee were members of the Compensation Committee of our board of directors during fiscal 2015. None of these directors is an employee or former employee of the Company.

None of our executive officers serves as a member of a board of directors or compensation committee of any entity that has one or more executive officers who serve on our board of directors or Compensation Committee.

#### **Compensation Practices and Risk Management**

During fiscal 2015, management and the Compensation Committee conducted a comprehensive assessment and evaluation of the potential risks associated with our compensation policies and practices with respect to both executive compensation and compensation generally. Based on our approach of compensating our associates for the financial success of the Company as a whole and other elements of our compensation program, we concluded that our compensation policies and practices do not encourage undue risk-taking and do not create any risk that is reasonably likely to have a material adverse effect on the Company.

Table of Contents

We believe that our compensation practices provide a balanced mix of cash and equity, annual and longer-term incentives, and performance metrics that mitigate excessive risk-taking that could diminish our value.

The financial metrics used to determine the amount of an executive's annual cash bonus are measures that the Compensation Committee believes drive business profitability and reward our executives for incremental annual improvements in working capital while continuing to grow EBITDA. The Committee sets ranges for these measures intended to encourage success without encouraging excessive risk taking to achieve short-term results. In addition, the overall bonus cannot exceed two times the target amount no matter how much actual financial performance exceeds the ranges anticipated and established at the beginning of the year.

Vesting our annual equity awards over a minimum of four years ensures that our executives' interests align with those of our stockholders over the long term.

Incentive awards, including stock-based compensation, to our executive officers are subject to clawback pursuant to the Company's clawback policy.

All executive officers are subject to stock ownership guidelines.

#### **Meetings of the Board of Directors and Attendance at the Annual Meeting**

Our board of directors held six meetings during fiscal 2015. Each of our directors, other than Mr. McNamee, attended 100% of the total number of meetings of the board and any committees of which he or she was a member. Mr. McNamee missed one special board meeting during fiscal 2015 due to a schedule conflict. Directors are encouraged to attend our annual meetings and eight of the ten individuals who were directors at the time attended the 2015 annual meeting.

#### **Succession Planning and Management Development**

We are focused on talent development at all levels within our organization. Among the Compensation Committee's key responsibilities is the responsibility to ensure that management establishes and the committee oversees an effective executive succession plan. The board regularly reviews the succession plans that support our overall business strategy, with a focus on key positions at the senior officer level. The board recognizes that succession planning and talent management are closely connected to risk management. Potential leaders are given exposure and visibility to board members through formal presentations and informal events. More broadly, the board is regularly updated on key talent indicators for the overall workforce, including through diversity, recruiting and development programs.

#### **Policies and Procedures for Related Person Transactions**

We have adopted a related person transactions policy under which related persons, namely our executives, directors, and principal stockholders, and each of their immediate family members, are not permitted to enter into certain transactions, or materially modify or amend an ongoing transaction, with the Company in an amount exceeding \$120,000, without the consent of our Audit Committee or a designated member of the Audit Committee. Any request for us to enter into or materially modify or

---

Table of Contents

amend such transactions is required to be presented to our Audit Committee for review, consideration, and approval. All of our directors and executive officers are required to report to our Audit Committee any such related person transaction. In approving or rejecting the proposed transaction, our Audit Committee will take into account, among other factors it deems appropriate, whether the proposed related person transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the related person's interest in the transaction, and, if applicable, the impact on a director's independence. Under the policy, if we should discover related person transactions that have not been approved, our Audit Committee will be notified and will determine the appropriate action, including ratification, rescission, or amendment of the transaction.

**Related Person Transactions**

**Stockholders agreement and stockholder arrangements**

On August 30, 2007, investment funds associated with Clayton, Dubilier & Rice, LLC ("**CD&R**"), The Carlyle Group ("**Carlyle**") and Bain Capital Partners, LLC ("**Bain**") (together, the "**Equity Sponsors**") entered into a stock purchase agreement with The Home Depot, Inc. ("**Home Depot**") pursuant to which Home Depot agreed to sell to the Company or to a wholly owned subsidiary of the Company certain intellectual property and all of the outstanding common stock of HD Supply, Inc., our primary operating company and a wholly-owned subsidiary of the Company ("**HDS**") and a Canadian subsidiary, CND Holdings, Inc. On August 30, 2007, through a series of transactions, the Company's direct wholly-owned subsidiary, HDS Holding Corporation, acquired direct control of HDS and the Canadian subsidiary, CND Holdings, Inc. In connection with the closing of these transactions (the "**2007 Transaction**"), the Company, the Equity Sponsors and their affiliates and certain other stockholders of the Company entered into a stockholders agreement (as amended, the "**Stockholders Agreement**") that contained, among other things, provisions relating to our governance, the disposition of our common stock by the parties thereto and certain approval rights, including the right to remove or terminate our chief executive officer and approve any replacement chief executive officer.

Following the completion of the Company's initial public offering on July 2, 2013, the Equity Sponsors, as a group, continued to hold more than 50% of the Company's common stock, and Home Depot held less than 10% of the Company's common stock. Upon completion of secondary public offerings by certain of the Company's stockholders on (i) May 7, 2014, including the sale of additional shares to the underwriters pursuant to their option to purchase additional shares on June 4, 2014, and (ii) September 17, 2014, the Equity Sponsors, as a group, held approximately 32% of the Company's common stock and the Company ceased to be a controlled company. On December 16, 2014, Carlyle and CD&R sold their remaining shares of the Company's common stock and ceased to have rights under the Stockholders Agreement. On July 28, 2015, Bain sold its remaining shares of the Company's common stock and ceased to have rights under the Stockholders Agreement. Home Depot also sold its remaining shares of the Company's common stock on July 28, 2015. As a result, neither Home Depot nor any of the Equity Sponsors has any remaining ownership interest in the Company or rights under the Stockholders Agreement.

Table of Contents

**Registration Rights Agreement**

During a portion of fiscal 2015, we were a party to an amended and restated registration rights agreement (as amended, the "**Registration Rights Agreement**") with certain of our stockholders, including Bain. The Registration Rights Agreement granted to Bain the right to cause us, at our own expense, to use our reasonable best efforts to register securities held by Bain for public resale, subject to certain limitations. In the event we registered any of our common stock, certain of our stockholders, including Bain, also had the right to require us to use our reasonable best efforts to include in such registration statement shares of our common stock held by them, subject to certain limitations, including as determined by the underwriters. The Registration Rights Agreement also provided for us to indemnify certain of our stockholders and their affiliates in connection with the registration of our common stock. The Registration Rights Agreement terminated when Bain sold its remaining shares of the Company's common stock on July 28, 2015.

**Indemnification agreements**

In connection with the 2007 Transaction, we entered into indemnification agreements among HDS and the Equity Sponsors under which, following the completion of the 2007 Transaction, we agreed to indemnify the Equity Sponsors, their respective managers, administrative members, and the administrative members or general partners of any other investment vehicle that is our stockholder and is managed by such manager or its affiliates and their respective successors and assigns, and the respective directors, officers, stockholders, partners, members, employees, agents, advisors, consultants, representatives and controlling persons of each of them, or of their partners, stockholders or members in their capacity as such, against certain liabilities arising out of performance of the 2007 Transaction, the performance of consulting agreements that were terminated in fiscal 2013, securities offerings by us and certain other claims and liabilities. We also entered into a similar indemnification agreement with Home Depot providing for indemnification of Home Depot, its affiliates, directors, officers, stockholders, partners, members, employees, agents, representatives and controlling persons against certain liabilities arising from securities offerings by us.

We have also entered into an indemnification agreement with each of our directors. The indemnification agreements provide our directors with contractual rights to the indemnification and expense advancement rights provided under our Bylaws, as well as contractual rights to additional indemnification as provided in the indemnification agreement.

**Tax sharing arrangements**

In connection with the 2007 Transaction, Home Depot agreed to be responsible for and pay any taxes that were reportable in a tax return that included Home Depot or any subsidiary of Home Depot and also included HDS or any of its subsidiaries, except for taxes relating to a period before HDS or its subsidiary was acquired, directly or indirectly, by Home Depot. The Internal Revenue Service disallowed certain deductions claimed by us and issued a formal Revenue Agent's Report challenging certain of the cash refunds resulting from our carryback of NOLs to taxable years during which we were a member of Home Depot's U.S. federal consolidated tax group. The carryback of the NOLs was made in accordance with (and subject to the terms of) a tax cooperation agreement between the Company and Home Depot. Pursuant to the tax cooperation agreement, if the IRS were ultimately successful with respect to the proposed adjustments, we would be required to reimburse Home Depot an amount equal to the disallowed refunds plus related interest.

---

Table of Contents

In July 2014, the Company reached a tentative settlement ("**Tentative Settlement**") for approximately \$27 million with the IRS Office of Appeals on the outstanding Revenue Agent's Report. The Tentative Settlement and the carryback claims were subject to review by the Joint Committee on Taxation ("**JCT**"), which is required to review refunds in excess of \$2 million. The Tentative Settlement would not become effective, nor the carryback claims finalized, until the JCT reviews them without objection or the IRS Office of Appeals executes such settlement, whichever comes first. On February 19, 2015, the Company received notification that the Tentative Settlement was approved by the JCT. As a result of the approval and finalization of the Tentative Settlement by the JCT, the tax years ending February 3, 2008 and February 1, 2009 are settled and closed to any further adjustments.

For additional information with respect to the tax sharing arrangements, see Item 8, Financial Statements and Supplementary Data, Note 13, Commitments and Contingencies, to the Company's audited consolidated financial statements included in the Company's Annual report on Form 10-K for the fiscal year ended January 31, 2016.

#### **Agreements with Home Depot**

Certain guarantees, surety bonds and letters of credit that Home Depot and/or its affiliates (other than HDS, HD Supply Canada, Inc. and their respective affiliates) entered into prior to the closing of the 2007 Transaction relate to our and our subsidiaries' obligations to landlords, customers and suppliers, and remained in place immediately after the closing of the 2007 Transaction. The Company agreed in the purchase and sale agreement to fully indemnify Home Depot and its affiliates from any losses that arise out of these obligations. The Company also agreed to use its reasonable best efforts to cause itself and/or HDS to be substituted for Home Depot and/or its affiliates and to have Home Depot and its affiliates released in respect of certain such obligations.

#### **Transactions with Other Related Parties**

In connection with our business, we procure products from thousands of suppliers, some of which may be affiliated with Bain. We estimate that we purchased product from affiliates of Bain for approximately \$8.1 million in fiscal 2015. These transactions were conducted in the ordinary course of business on an arm's-length basis on terms and at prices management believes an unrelated third party would pay.

In May 2015, James A. Rubright, our independent lead director, acquired a 24.5% interest in MPC Partnership Holdings, LLC (d/b/a Carroll Organization), which is the managing member of, and owns a minority interest in, affiliated apartment community owners. The Company had a preexisting relationship with the Carroll Organization pursuant to which its affiliated apartment community owners purchased products from the Company. On a consolidated basis, the Carroll Organization's affiliated apartment community owners purchased products from the Company of \$3.67 million in fiscal 2015, \$3 million in fiscal 2014, and \$1.2 million in fiscal 2013. These transactions were conducted in the ordinary course of business on an arm's-length basis on terms and at prices management believes an unrelated third party would pay.

Gail T. DeAngelo, who is the sister of our chief executive officer, has been a senior business manager for the Company since January 2008. During fiscal 2015, Ms. DeAngelo received an aggregate of \$147,742 in base and bonus compensation. She also receives customary employee benefits. As a

Table of Contents

senior manager, Ms. DeAngelo is not eligible to participate in our equity compensation plans. Her compensation is within the established range paid to our senior managers.

**Communicating with our Board of Directors**

Any stockholder or interested party who wishes to communicate directly with our board of directors, or with any individual director of our board of directors, may do so by writing to Dan S. McDevitt, General Counsel and Corporate Secretary, HD Supply Holdings, Inc., 3100 Cumberland Boulevard, Atlanta, Georgia 30339 or by email at [boardcommunications@hdsupply.com](mailto:boardcommunications@hdsupply.com). Please specify to whom your letter should be directed. Once the communication is received and reviewed by the Corporate Secretary, it will be promptly forwarded to the addressee, as appropriate. Communications that are not related to the duties and responsibilities of the board, including advertisements, junk mail and mass mailings, solicitations for business, routine customer service complaints, new product or service suggestions, opinion survey pools, requests for employment, requests for contributions, or other inappropriate material will not be forwarded to our directors. Any communication alleging legal, ethical, or compliance issues by management or any other matter deemed by the General Counsel and Corporate Secretary to be potentially material to the Company will be promptly forwarded to the chairman of the Audit Committee.

**Policy Regarding Certain Transactions in Company Securities**

We prohibit our directors, officers and employees from engaging in short sales of the Company's securities, and prohibit transactions in puts, calls or other derivative securities with respect to Company securities. We strongly discourage, but do not prohibit, our directors, officers and employees from engaging in short-term trading of Company securities or from hedging their ownership of Company stock. Any such transaction must be pre-cleared with our general counsel and, to date, no transactions of that kind have been approved.

Table of Contents**Securities Ownership of Certain Beneficial Owners and Management**

The following tables set forth information as of March 21, 2016 with respect to the beneficial ownership of our common stock by (i) each person known to own beneficially more than five percent of our common stock; (ii) each director; (iii) each of the named executive officers; and (iv) all directors and executive officers as a group. We are not aware of any pledges of our common stock which may at a subsequent date result in a change in control of the Company.

The amounts and percentages of shares beneficially owned are reported on the basis of SEC rules and regulations governing the determination of beneficial ownership of securities. Under those rules and regulations, a person is deemed to be a "beneficial owner" of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days of the determination date, which in the case of the following table is March 21, 2016. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest.

The percentage of beneficial ownership is based on 200,610,355 shares of our common stock outstanding as of March 21, 2016.

Except as otherwise indicated in the footnotes to this table, each of the beneficial owners listed has, to our knowledge, sole voting and investment power with respect to the indicated shares of common stock.

The following table sets forth information with respect to any person known to us to be the beneficial owner of more than five percent of our common stock, based on information in Schedule 13Gs filed with the SEC and Company records:

- (1) FMR LLC ("**FMR**"), a parent holding company, beneficially owns, and has sole voting and disposition power, with respect to the shares owned by FMR. It has sole power to vote or direct to vote 512,885 shares and sole power to dispose of or to direct the disposition of 20,819,169 shares. Abigail P. Johnson is a director, the vice chairman, the chief executive officer and the president of FMR. Members of the Johnson family, including Abigail P. Johnson, are the predominant owners, directly or through trusts, of Series B voting common shares of FMR LLC, representing 49% of the voting power of FMR. The Johnson family group and all Series B shareholders have entered into a shareholders' voting agreement under which all Series B voting common shares will be voted in accordance with the majority vote of Series B voting common shares. Accordingly, through their ownership or voting common shares and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to

Each restricted stock unit represents the contingent right to receive one share of Company common stock, par value \$0.01 per share. The units will vest on May 14, 2016 and will be settled in shares of Company common stock at the time of vesting, except that settlement of the units for Ms. Affeldt and Ms. Atkins is delayed, pursuant to the director's election, until termination of the director's board service.

(2)

Each deferred stock unit represents the right to receive one share of Company common stock, par value \$0.01 per share, in accordance with the director's election to defer the receipt of vested restricted stock units. The deferred stock units are fully vested and will be settled upon termination of the director's board service.

(1) The values for the fees earned or paid in cash column represent fees earned for services performed during fiscal 2015. The director compensation year runs from the date of the annual stockholders meeting each year.

(2) Mr. Edgerley elected to convert 2015 cash fees into deferred stock units under the Company's 2013 Omnibus Incentive Plan. Each deferred stock unit represents the right to receive one share of the Company's common stock, par value \$0.01 per share. The deferred stock units are fully vested when granted and were settled upon termination of Mr. Edgerley's board service on August 14, 2015.

(3) The values for stock awards in this column represent the grant date fair value of the restricted stock units granted in fiscal 2015, computed in accordance with FASB ASC Topic 718. Information about the assumptions used to value these awards can be found in Part II, Item 7, Management's Discussion And Analysis Of Financial Condition And Results Of Operations, Critical Accounting Policies, Stock-Based Compensation, and Note 9 "Stock-Based Compensation and Employee Benefit Plans" to our audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2016. The stock awards vest and will be settled in Company common stock in May 2016. Mr. Edgerley forfeited his 2015 stock awards on termination of board service before the date on which the awards would have vested. Mr. Berges' 2015 stock awards were vested and settled on termination of his board service on November 20, 2015. Ms. Affeldt and Ms. Atkins elected to defer settlement of their 2015 stock awards until termination of their board service.

(4) The stock awards amount for Mr. Rubright includes two grants: (i) a May 14, 2015 grant of 3,686 restricted stock units (\$119,979.30 FASB ASC Topic 718 grant date fair value), which is the annual grant for the 2015 compensation year; and (ii) a November 20, 2015 grant of 940 restricted stock units (\$28,923.80 FASB ASC Topic 718 grant date fair value), which is the prorated additional annual equity grant for the independent lead director for the 2015 compensation year. These grants vest and will be settled in Company common stock in May 2016.

Table of Contents**2015 Stock Awards**

The aggregate number of stock awards made under our Board of Directors Compensation Policy and outstanding as of January 31, 2016 for each of our non-employee directors in fiscal 2015 are set forth below.

<b>Name</b>	<b>Restricted Stock Units (#)</b>
Kathleen J. Affeldt	3,686

Charles W. Peffer	3,686
James A. Rubright	4,626

(1) Mr. Berges' awards (5,529 shares) were vested and settled on termination on his board service on November 20, 2015.

(2) Mr. Edgerley's awards (3,686 shares) were forfeited on termination of his board service on August 14, 2015.

**Narrative Discussion**

The following is a narrative discussion of the material factors we believe are necessary to understand the information disclosed in the director compensation table.

The Compensation Committee is responsible for reviewing and recommending to the board the compensation of our non-employee directors. Our board establishes non-employee director compensation after considering recommendations made by the Compensation Committee. The Compensation Committee and the board review the compensation level of our non-employee directors on an annual basis. Since 2009, the Company has engaged Pearl Meyer to provide input with respect to our non-employee director compensation, including a market review of the competitiveness of total compensation. For further information, see "Compensation Consultant and Use of Comparator Data" on pages 39-40.

Director compensation is provided pursuant to our Board of Directors Compensation Policy. Mr. DeAngelo does not receive any compensation for service as a director. The director compensation year runs from the date of each annual stockholders meeting. No changes to the Board of Directors Compensation Policy has been made since our 2015 proxy statement. The elements of our director compensation program are discussed in more detail below.

*Equity Compensation*

Each non-employee director receives an annual equity award in the form of restricted stock units under the Company's 2013 Omnibus Incentive Plan. The number of restricted stock units is determined by dividing \$120,000 (\$180,000 for the independent lead director) by the closing stock price of a share of Company common stock on the grant date, which is the date of our annual stockholders meeting. Each restricted stock unit represents the contingent right to receive one share of Company common stock, par value \$0.01 per share. The restricted stock units vest on the earliest of: (1) the one-year anniversary of the grant date, (2) the Company's next annual stockholders meeting, or (3) a change in

Table of Contents

control, and will be settled upon vesting unless the director elects to defer settlement until termination of board service. A pro rata portion of the award vests upon termination of the director's service due to death, disability, or age 75 retirement based on the number of days of service during the year of termination. Equity compensation is prorated for directors who serve less than the full compensation year. Except as described above for terminations due to death, disability, or age 75 retirement, restricted stock units are forfeited on termination of board service before the awards have vested. In recognition of his long period of exceptional service as board chairman and independent lead director, the board elected to vest Mr. Berges' outstanding restricted stock units on termination of his board service in November 2015.

*Cash Compensation*

Each non-employee director is paid an annual cash fee for board service of \$85,000, payable in installments at each quarterly board meeting. In addition, each non-employee director appointed to serve as a member of a standing board committee receives an annual cash retainer as follows: \$12,500 for Audit Committee members; \$10,000 for Compensation Committee members; and \$7,500 for Nominating and Corporate Governance and Corporate Development and Finance Committee members. Committee chairs are not eligible to receive the committee retainer, but instead receive a committee chair retainer as follows: \$25,000 for the Audit Committee chair; \$20,000 for the Compensation Committee chair and \$15,000 for the Nominating and Corporate Governance and Corporate Development and Finance Committee chairs. The non-employee board chairman receives an annual cash retainer of \$25,000, and the independent lead director receives an annual cash retainer of \$75,000, in each case, that is in addition to the other cash retainers. Cash fees are prorated for directors who serve less than the full compensation year. The Corporate Development and Finance Committee was dissolved in November 2015.

Directors may elect to convert their cash fees into Company stock in the form of deferred stock units. Each deferred stock unit represents the right to receive one share of the Company's common stock, par value \$0.01 per share. The deferred stock units are fully vested and will be settled upon termination of the director's board service.

*Travel Expense Reimbursements*

Directors are reimbursed for their reasonable expenses related to board membership, including first-class airfare on a commercial airline for travel to board meetings or for other Company business.

*Stock Ownership Guidelines*

Our independent directors are expected to own shares of Company common stock valued at three times the annual cash board retainer (or \$255,000) within five years of their appointment or election to the board, pursuant to the terms of the Stock Ownership Guidelines adopted by the Compensation Committee. Directors are required to hold 50% of their vested stock awards until the ownership guidelines are satisfied. Certain directors have elected to defer settlement of their vested restricted stock units and deferred stock units until termination of board service. These deferred vested stock units are deemed owned for purposes of the stock ownership guidelines. All our directors satisfy the stock ownership guidelines other than the following more recently appointed directors: Ms. Affeldt and Atkins and Messrs. Leav and Rubright.

**Compensation Discussion and Analysis**

The following Compensation Discussion and Analysis provides information regarding the material elements of our fiscal 2015 compensation program for our "named executive officers," also referred to as our "**NEOs**." The named executive officers for fiscal 2015 are our chief executive officer (Joseph J. DeAngelo), our chief financial officer (Evan J. Levitt), the three other most highly compensated executive officers at the end of fiscal 2015 (Stephen O. LeClair, Margaret M. Newman and John A. Stegeman), and two former executive officers (Jerry L. Webb and Anesa T. Chaibi). The Compensation Committee (for purposes of this Compensation Discussion and Analysis, the "**Committee**"), pursuant to its charter, is responsible for establishing, implementing, and reviewing on an annual basis our compensation programs and actual compensation paid to our NEOs.

***Results of 2014 Say-on-Pay and Frequency of Say-on-Pay Votes***

At our 2014 annual meeting of stockholders, we conducted a non-binding advisory vote on the compensation of our named executive officers, commonly referred to as a "say-on-pay" vote, as well as a non-binding advisory vote on the frequency of the say-on-pay vote. Our stockholders approved the compensation of the named executive officers, with 96.64% of the votes cast on the proposal voting in favor of our executive compensation program. Our stockholders approved a frequency of every three years for the say-on-pay vote, with 76.18% of the votes cast on the proposal voting in favor of every three years. The next say-on-pay vote will be conducted at our 2017 annual meeting of stockholders. As the Committee evaluated our executive compensation policies and practices throughout fiscal 2015, it was mindful of the support our stockholders expressed for our philosophy of linking compensation to our overall profitability and the enhancement of stockholder value.

***Executive Summary***

We believe that our compensation practices provide a balanced mix of cash and equity, annual and longer-term incentives, and performance metrics that mitigate excessive risk-taking that could diminish our value.

***Mitigation of Excessive Risk-Taking.*** The financial metrics used to determine the amount of an executive's annual cash bonus are measures that the Compensation Committee believes drive business profitability and reward our executives for incremental annual improvements in working capital while continuing to grow EBITDA. The Committee sets ranges for these measures intended to encourage success without encouraging excessive risk taking to achieve short-term results. In addition, the overall bonus cannot exceed two times the target amount no matter how much actual financial performance exceeds the ranges anticipated and established at the beginning of the year.

***Equity Vesting Over Four Years.*** Vesting our annual equity awards over a minimum of four years ensures that our executives' interests align with those of our stockholders over the long term.

***Clawback Policy.*** Incentive awards, including stock-based compensation, to our executive officers are subject to clawback pursuant to the Company's clawback policy.

Table of Contents

**Stock Ownership Requirements.** All executive officers are subject to stock ownership guidelines, described on page 48.

The Company's execution of key initiatives and cost saving strategies, and the Company's overall financial performance for fiscal 2015, resulted in the following compensation decisions:

**Base Salary.** The Committee reviews the base salaries of our named executive officers annually to fairly compensate our executive officers and to reflect additional responsibilities assumed by our NEOs during a fiscal year. Based on this review, and to establish competitive base pay amounts for key leaders for 2015, Mr. Levitt received a salary increase of 9.5%, Ms. Chaibi, Ms. Newman and Mr. Stegeman received a salary increase of 3%, and the other NEOs, other than Mr. DeAngelo, received a salary increase of 2%. Mr. DeAngelo waived his merit increase for fiscal 2015. The merit increase is effective for the 12-month period beginning in March of each year; the salary reported in the Summary Compensation Table on page 49 is salary earned for the relevant fiscal year.

**Bonus.** All of our NEOs earned a cash award under the annual cash incentive program, the Annual Incentive Plan ("AIP"), based on fiscal 2015 performance as follows. Details regarding our Annual Incentive Plan for fiscal 2015 are provided beginning on page 42.

Named Executive Officer	Target %	Target	Actual	Target	Actual	AIP-Adjusted	Aggregate AIP Payment (\$)
	(expressed as a % of base salary)	AIP-Adjusted EBITDA (\$ millions)	EBITDA (\$ millions)	AIP-Adjusted EBITDA payout % earned	AIP-Adjusted Working Capital %	AIP-Adjusted Working Capital % Earned	
Joseph J. DeAngelo	150%	952.0	936.1	87.49%	15.5	15.4	1,361,280
Evan J. Levitt	60%	952.0	936.1	87.49%	15.5	15.4	211,844
Stephen O. LeClair	60%	233.5	222.2	63.69%	13.7	14.0	162,310
Margaret M. Newman	60%	952.0	936.1	87.49%	15.5	15.4	211,624
John A. Stegeman (White Cap)	100%	136.9	151.5	154.88%	20.9	19.7	1,116,970

A discretionary bonus in the amount of \$75,000 was provided to Ms. Newman for retention purposes and to recognize her achievement of fiscal 2015 human resources initiatives, including: (i) designing and implementing an improved frontline leadership talent review process to ensure we appropriately motivate, incentivize and reward our top talent; (ii) serving in a dual capacity leading both enterprise-wide human resources and providing strategic human resources leadership to HD Supply Facilities Maintenance that required extensive bi-coastal travel over an extended period; and (iii) leading human resource initiatives associated with the reorganization of certain business functions to drive fiscal 2015 cost savings.

**Equity.** Historically, the Committee made up-front grants of stock options to our NEOs with a significant vesting period with the intent of making our NEOs founding owners of the Company. To align our compensation practices more closely with the practices of comparable post-IPO companies, the Committee moved to routine annual equity grants during fiscal 2014. The Committee made an annual equity grant to NEOs in March 2015 in the form of restricted stock awards that vest in four equal annual installments on each of the first through fourth anniversaries of the grant date. The restricted stock grants in

Table of Contents

March 2015 were based on the following percentages of each NEO's base salary in effect on the last day of our prior fiscal year (February 1, 2015, the last day of our fiscal 2014).

NEO	Percent of Base Salary at FYE
Joseph J. DeAngelo (PEO)	400%
Evan J. Levitt (PFO)	200%
Stephen O. LeClair	150%
Margaret M. Newman	150%
John A. Stegeman	150%
Anesa T. Chaibi	250%
Jerry L. Webb	100%

This amount was then divided by the closing stock price on the grant date to determine the number of shares granted. The percentage of base salary amount was determined based on benchmarking data for equity grants and total compensation, using the compensation comparator group set forth on page 40, and prorated for time in the position. The benchmarking data serves as a general guideline for managing overall pay decisions relative to market benchmarks, with actual pay decisions also based on experience, performance, long-term potential, internal pay equity, tenure, and retention value.

***Determining Executive Compensation***

At HD Supply, our Human Resources team, in partnership with the Committee, drives the design and implementation of all executive compensation programs. Our finance team heavily supports the process by providing financial analysis and input and review of program design. Except with respect to his own compensation, our chief executive officer has final management-level review of any compensation program before it is sent to the Committee for consideration and approval. The Committee has the task of evaluating and approving our material compensation programs, including our equity compensation program. Management frequently consults with the Committee during the design process to obtain their direction and feedback on how the design of our executive compensation programs support the overall strategy of the Company. As described below, data from outside consultants are also used during the design process to obtain further insight into the features of our compensation program.

Our chief executive officer provides the Committee with a performance assessment for each of the other current named executive officers. Our chief executive officer, chief financial officer, senior vice president-Human Resources and general counsel generally attend regularly scheduled quarterly Committee meetings, but are not present for the executive sessions or for any discussion of his or her own compensation. The Committee approves the amount and form of each element of compensation (including base salary, annual cash incentive compensation, equity-based incentive compensation, benefits and perquisites) for the chief executive officer and approves each element of compensation for our other executive officers after considering performance assessments and compensation recommendations made by management. The Committee may not delegate its authority for approval of executive officer compensation.

Since 2009, the Company has engaged Pearl Meyer to provide input with respect to our executive compensation programs, including a market review of the competitiveness of total compensation of our

Table of Contents

executives and a review of our equity program. A representative from Pearl Meyer attends our Committee meetings. For further information, see "Compensation Consultant and Use of Comparator Data" on pages 39-40.

***Philosophy and Objectives***

Our Company and our aspiration to be "First Choice" are built on the mission of "One Team, Driving Customer Success and Value Creation," a philosophy we believe is best embodied by our SPIRIT values:

<b>Service:</b>	Help our customers succeed by delivering exceptional service and the best total value experience
<b>Performance:</b>	Exceed our commitments every day to our team, customers, suppliers, stockholders and communities
<b>Integrity:</b>	Always do the right thing and always take the high road
<b>Respect:</b>	Treat team members the way you would like you and your family to be treated
<b>Innovation:</b>	Seek new and creative ways to build a reliable, effective and efficient chain of execution for our customers
<b>Teamwork:</b>	Win together by creating an environment where every individual puts the team first

The Committee and our management believe that fostering these values requires a performance culture geared toward customer success and sustainable, long-term profitability. The Company's compensation programs are designed to reward achievement of these goals, thereby attracting and retaining talent that will contribute to such a culture. In particular, our executive compensation programs are intended to meet the following objectives:

balance commitment, long-term financial success, short-term operational excellence, and achievement of short-term goals. This balance includes, but is not limited to, driving profitable growth while aligning our executives' long-term interests with stockholders' interests.

attract, retain, motivate and reward our top executive talent.

differentiate rewards based on outstanding individual performance so as to promote a high performance culture.

In addition, we intend that our compensation programs will be aligned with:

***Our business strategy:*** Our compensation programs link pay to our business strategy by rewarding executives upon achievement of profitability, long-term growth, excellence in achievement of short-term operational and financial goals and by reinforcing the "One Team" philosophy.

***Our stockholders' interests:*** Through the strategic use of equity-based compensation, the total compensation of our executives is directly linked to the sustained value they create for our stockholders.

Table of Contents

***Our goal of retaining and motivating key talent:*** To retain the best executive talent, the total compensation opportunity is designed to provide attractive levels of compensation if performance targets are met and upside opportunity when performance targets are exceeded.

***Compensation Consultant and Use of Comparator Data***

Since 2009, the Company has engaged Pearl Meyer to provide input with respect to our executive compensation programs, including a market review of the competitiveness of total compensation of our executives and a review of our equity program. A representative from Pearl Meyer attends our Committee meetings.

During fiscal 2015, the Company requested and received information from Pearl Meyer with respect to potential conflicts of interest, including the following factors: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies and procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Committee; (5) any Company stock owned by the individual consultants involved in the engagement; (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. Based on an assessment of these factors, including information gathered from directors and executive officers addressing business or personal relationships with the consulting firm or the individual consultants, the Committee concluded that the work of Pearl Meyer did not raise any conflict of interest.

In general, neither the Company nor the Committee has exclusively relied on any of the data or advice received from Pearl Meyer as to the amount of any particular item of compensation. Pearl Meyer provides input which the Company and Committee take into consideration, as the case may be, on the particular element of compensation under consideration.

***Comparator Data***

The Committee reviews compensation levels and practices at comparator companies in setting the compensation of our NEOs and when reviewing or establishing the Company's compensation programs for other associates. The information is used to help the Committee better understand the competitive market and how executives are compensated at other companies that are similar in size or industry or with whom we compete for talent.

Our breadth of specialty business units makes finding direct comparators challenging. We seek comparators that share a similar industrial distribution model or are a direct competitor to a specific business unit. Companies are, therefore, included in the comparator group because they (1) operate in the same business as the Company or one of our business units (industrial distribution of building supplies), (2) operate in a similar business (distribution of any product), or (3) operate in a similar business model (business to business). The comparator group was developed by management and the Committee, with input from Pearl Meyer, and has been used to provide input into both the value of total compensation for executives as well as the relative value of each component of compensation. We do not rely on percentile rankings of compensation within the comparator group to determine specific

---

Table of Contents

compensation amounts for the NEOs; rather, the comparator group is used to identify programs and levels of pay which management and the Committee consider when evaluating our own programs.

For fiscal 2015 compensation decisions, we used the following comparator group consisting of companies in the same or similar business or having a similar business model:

Applied Industrial Technologies, Inc.	Newell Rubbermaid, Inc.
Anixter International, Inc.	Owens & Minor, Inc.
AutoZone, Inc.	Owens Corning
Ball Corp.	Ryder System, Inc.
Dover Corp.	Stanley Black & Decker, Inc.
EMCOR Group, Inc.	Sherwin-Williams Co.
Fastenal Co.	SPX Corp.
Flowserve Corp.	Terex Corp.
Genuine Parts Co.	Watsco, Inc.
Grainger (WW), Inc.	Waste Management, Inc.
Masco Corp.	WESCO International, Inc.
MSC Industrial Direct Co., Inc.	United Stationers, Inc.
	Vulcan Materials Co.

The comparator group is reviewed and updated each year as appropriate. No changes were made to the fiscal 2015 comparator group as compared to fiscal 2014.

In March 2015, we evaluated the composition of our comparator group to ensure that our comparison criteria continues to be appropriate, which resulted in changes to the comparator group in order to improve industry and size comparability. For fiscal 2016 compensation decisions, the following comparator group has been used, consisting of companies in the same or similar business or having a similar business model:

Anixter International, Inc.	MSC Industrial Direct Co., Inc.
AutoZone, Inc.	Owens & Minor, Inc.
CDW Corporation	Ryder System, Inc.
Fastenal Co.	Stanley Black & Decker, Inc.
Flowserve Corp.	The Sherwin-Williams Company
Henry Schein, Inc.	United Rentals, Inc.
Genuine Parts Co.	Watsco, Inc.
LKQ Corp.	WESCO International, Inc.
Masco Corporation	W.W. Grainger, Inc.

***Components of Compensation***

The Company believes that the compensation programs it maintains are important in achieving the compensation goals described above. For fiscal 2015, the principal components of compensation for the NEOs were base salary, annual cash incentives, annual equity incentives, and benefits and perquisites.

While our NEOs do not have employment agreements with the Company, each of our NEOs is party to an at-will employment offer letter which contains certain employment and severance

Table of Contents

arrangements. These severance arrangements are discussed more fully under "Potential Payments upon Termination or Change in Control" on page 54.

The design of each component of compensation fits into the overall executive pay program and supports the philosophy and objectives previously discussed in the following manner:

<b>Pay Component</b>	<b>Objective of Pay Component</b>	<b>Key Measures</b>
Base salary	Provides competitive pay while managing fixed costs	Individual performance and contribution
		Scope of responsibilities
		Experience
Annual cash incentives	Focuses on short-term operational metrics that drive and support our long-term strategy	Achievement of agreed upon operating plan goals in profitability and working capital
	Where applicable, creates incentives for performance based on performance of individual NEO's business unit	Achievement of agreed upon performance goals of individual business unit
Annual equity incentives	Rewards an executive for exemplary achievements against non-financial goals	Achievement of non-financial goals
	Aligns executive interests to stockholder interests by rewarding long-term focus on profitability and value creation for the enterprise	Growth in stock value
	Assists in the retention of key talent	Employment retention through the vesting period of equity awards
Benefits and perquisites	Creates an "ownership culture"	
	Benefits provide a safety net of protection in the case of illness, disability or death	Benefits are provided to executives on the same basis as provided to our salaried associates

Table of Contents

Each of the components of compensation for the NEOs is discussed below, including a discussion of the factors considered in determining the applicable amount payable or achievable under each component.

***Base Salary***

Base salaries are established at levels designed to attract and retain top executive talent while managing fixed costs at an appropriate level. The determination of any particular executive's base salary is based on personal performance and contribution, experience in the role, changes to the scope of responsibilities, market rates of pay and internal equity. Each year, the chief executive officer, with input from Human Resources, proposes base salary increases, if any, for all NEOs, excluding himself, based on the foregoing factors and the Company's merit increase budget prepared by management. His proposal is subject to review and approval (with or without modifications) by the Committee after consideration of these factors. Our Human Resources team works directly with the Committee with respect to any changes to Mr. DeAngelo's base salary, and any changes are approved by the Committee, after the board conducts our chief executive officer's annual performance review. Our chief executive officer is not present during voting or deliberations on his compensation.

In order to ensure that the base salary amounts remain competitive for key leaders for 2015, Mr. Levitt received a salary increase of 9.5%, Ms. Chaibi, Ms. Newman and Mr. Stegeman received a salary increase of 3%, and the other NEOs, other than Mr. DeAngelo, received a salary increase of 2%. Mr. DeAngelo waived any merit increase for fiscal 2015. The merit increase is effective for the 12-month period beginning in March of each year; the salary reported in the Summary Compensation Table on page 49 is base salary earned for the relevant fiscal year.

***Annual Cash Incentives***

Annual cash incentives are designed to focus the NEOs on producing superior results against key financial metrics relevant to the Company as a whole or to the individual business unit(s) that the NEO leads. By tying a significant portion of the executive's total annual cash compensation to annual variable pay, we reinforce our "pay for performance" culture and focus our executives on critical short-term financial and operational objectives which also support our long-term financial goals.

***Annual Incentive Plan***

All of our NEOs participate in the AIP, which provides cash-based incentives dependent on annual results against the key financial metrics described below. AIP target payouts to our NEOs are expressed as a percentage of base salary. Annually, these percentage targets are reviewed against comparator data and adjusted, if necessary, based on the Committee's estimation of what level of targeted payouts is necessary to retain, motivate and reward our executives.

For fiscal 2015, the AIP performance payout weighting was based on an 80% AIP-adjusted earnings before interest, taxes, depreciation, and amortization target and on a 20% average working capital as a percentage of sales target. For purposes of the AIP, stock-based compensation costs are excluded from AIP-adjusted EBITDA, both as to the targets and as to AIP-adjusted EBITDA as ultimately determined. The measures utilized in establishing performance goals under the AIP generally exclude extraordinary or other nonrecurring or unusual items, restructuring or impairment charges and changes in accounting.

# Table of Contents

For fiscal 2015, we viewed AIP-adjusted EBITDA as the key operating metric that would drive business profitability. The AIP-Working Capital measure is intended to increase the focus on cash management across the Company, to avoid creating disincentives for investment in growth, and to reward teams for incremental annual improvements in working capital while continuing to grow EBITDA.

The AIP-adjusted EBITDA goal provides a threshold level (at which 25% of the target percentage of base salary is earned, except for Facilities Maintenance where threshold level performance earns 50% of the target percentage), a target (or "**plan**") level (at which 100% of the target percentage of base salary is earned), a 150% level (at which 150% of the target percentage of base salary may be earned), and a maximum level for superior results (at which 200% of the target percentage of base salary may be earned).

AIP-Working Capital is computed by averaging the ending gross working capital at the end of each fiscal month divided by the fiscal year sales. Gross working capital was selected to focus on operational working capital and to mitigate any incentive to alter results through adjustments to accruals or reserves. The AIP-Working Capital goal provides a threshold level (at which 50% of the target percentage of base salary is earned), a target (or "**plan**") level (at which 100% of the target percentage of base salary is earned), a 150% level (at which 150% of the target percentage of base salary may be earned), and a maximum level for superior results (at which 200% of the target percentage of base salary may be earned).

The target percentages of base salary for our NEOs' AIP payout for fiscal 2015 was 150% for Mr. DeAngelo, 100% for Mr. Stegeman and Ms. Chaibi and 60% for our other NEOs. benchmarks, with actual pay decisions also based on experience, performance, long-term potential, internal pay equity, tenure, and retention value.

For fiscal 2015, the AIP goal for the Global Support Center was an AIP-adjusted EBITDA of \$952 million. The Committee, in approving the plan goals in March 2015, viewed this level as appropriate in order to keep the primary focus on adjusted EBITDA. Our AIP-adjusted EBITDA for fiscal 2015 was \$936.1 million. As a result, Messrs. DeAngelo and Levitt and Ms. Newman earned an incentive award of 87.49% of the target AIP-adjusted EBITDA award. For fiscal 2015, the AIP-Working Capital goal for the Global Support Center was 15.5%. The Committee, in approving the plan goals in March 2015, viewed this level as appropriate in order to increase the focus on cash management across the Company. Our AIP-Working Capital for fiscal 2015 was 15.4%. As a result, Messrs. DeAngelo and Levitt and Ms. Newman earned an incentive award of 103.8% of the target AIP-Working Capital award. Even though Mr. DeAngelo assumed responsibilities during fiscal 2015 for leading our HD Supply Facilities Maintenance business, his fiscal 2015 bonus award is based solely on Global Support Center performance.

As President of HD Supply Construction and Industrial White Cap and HD Supply Construction and Industrial Canada, Mr. Stegeman's AIP payout is based on the financial performance of Construction and Industrial White Cap and HD Supply Construction and Industrial Canada. For fiscal 2015, Construction and Industrial White Cap's financial goal was an AIP-adjusted EBITDA of \$136.9 million and Construction and Industrial Canada's financial goal was an AIP-adjusted EBITDA of \$7.4 million (CAD). White Cap's AIP-adjusted EBITDA was \$151.5 million and Canada's AIP-adjusted EBITDA was \$10.9 million (CAD). As a result, Mr. Stegeman earned an incentive award of 154.88% of the target AIP-adjusted EBITDA award for White Cap and 195.84% of the target AIP-adjusted EBITDA award of Canada. For fiscal 2015, the AIP-Working Capital goal for White Cap was 20.9%, and was 24.6% for Canada. The Committee, in approving the plan goals in March 2015, viewed this level as appropriate in order to increase the focus on cash management across the Company. White Cap's AIP-Working Capital for fiscal 2015 was 19.7% and Canada's AIP-Working Capital for fiscal 2015 was 24.2%. As a result, Mr. Stegeman earned an incentive award of 144.8% of the target AIP-Working Capital award for White Cap and 112.59% of the target AIP-Working Capital award for Canada.

As President of HD Supply Waterworks, Mr. LeClair's AIP payout is based on the financial performance of Waterworks. For fiscal 2015, Waterworks' financial goal was an AIP-adjusted EBITDA of \$233.5 million. Waterworks' AIP-adjusted EBITDA was \$222.2 million. As a result, Mr. LeClair earned an incentive award of 63.69% of the target AIP-adjusted EBITDA award. For fiscal 2015, the AIP-Working Capital goal for Waterworks was 13.7%. The Committee, in approving the plan goals in March 2015, viewed this level as appropriate in order to increase the focus on cash management across the Company. Waterwork's AIP-Working Capital for fiscal 2015 was 14%. As a result, Mr. LeClair earned an incentive award of 83.54% of the target AIP-Working Capital award. As former chief executive officer of Waterworks, Mr. Webb's AIP payout is also based on the financial performance of Waterworks, and he received the same percentage payouts as Mr. LeClair.

As former President of HD Supply Facilities Maintenance, Ms. Chaibi's AIP payout is based on the financial performance of Facilities Maintenance. For fiscal 2015, Facilities Maintenance's financial goal was an AIP-adjusted EBITDA of \$553.5 million. Facilities Maintenance's AIP-adjusted EBITDA was \$534.2 million. As a result, Ms. Chaibi earned an incentive award of 65.12% of the target AIP-adjusted EBITDA award. For fiscal 2015, the AIP-Working Capital goal for Facilities Maintenance

was 18.4%. The Committee, in approving the plan goals in March 2015, viewed this level as appropriate in order to increase the focus on cash management across the Company. Facilities Maintenance's AIP-Working Capital for fiscal 2015 was 18.4%. Pursuant to her separation agreement with the Company, Ms. Chaibi's payout is capped at 100% of the target payout.

Fiscal 2015 performance resulted in the following payments being made to our NEOs under the AIP:

### Equity Incentive Compensation

Our NEOs participate in the Company's 2013 Omnibus Stock Incentive Plan (the "**Omnibus Stock Plan**"). The Omnibus Stock Plan was approved by the board and stockholders on June 26, 2013 and replaced and succeeded the HDS Investment Holding, Inc. Stock Incentive Plan ("**Pre-IPO Stock Plan**") that was adopted by the board shortly following our separation from Home Depot (collectively, the Omnibus Stock Plan and the Pre-IPO Stock Plan are referred to as the "**Stock Plan**"). Upon adoption of the Omnibus Stock Plan, the Pre-IPO Stock Plan terminated and no future awards will be made under that plan. However, awards previously granted under the Pre-IPO Stock Plan are unaffected by the termination of Pre-IPO Stock Plan.

The Company believes that granting equity awards under the Stock Plan is an effective way to align executive performance to our key goal of increasing value for the Company's stockholders. The view of our board is that, assuming that our management is successful in increasing the value of the Company, equity awards under the Stock Plan will have the a high potential value for all participants as a percentage of total compensation. The vesting component is intended to maximize the retentive effect of the equity grants.

In 2014, the Committee determined to move from up-front grants of stock options to routine annual equity grants going forward in order to more closely align our compensation practices with those of comparable post-IPO companies. Similar to 2014, the Committee made an annual equity grant to our NEOs in March 2015 in the form of restricted stock awards that vest in four equal annual installments on each of the first through fourth anniversaries of the grant date, subject to continued employment through the vesting dates. The equity grants in March 2015 were based on the following

percentages of each NEO's base salary in effect on the last day of our prior fiscal year (February 1, 2015, the last day of our fiscal 2014).

This amount was then divided by the closing stock price on the grant date to determine the number of shares granted. The percentage of base salary amount was determined based on benchmarking data for equity grants and total compensation, using the compensation comparator group set forth on page 40, and prorated for time in the position. The benchmarking data serves as a general guideline for managing overall pay decisions relative to market benchmarks, with actual pay decisions also based on experience, performance, long-term potential, internal pay equity, tenure, and retention value.

In March 2016, the Committee approved the following restricted stock and nonqualified stock option grants for the NEOs. The percentage of base salary amount was determined based on benchmarking data for equity grants and total compensation, using the compensation comparator group set forth on page 40, and prorated for time in the position. The benchmarking data serves as a general guideline for managing overall pay decisions relative to market benchmarks, with actual pay decisions also based on experience, performance, long-term potential, internal pay equity, tenure, and retention value. These grants will be reported in our 2017 proxy statement.

### ***Benefits and Perquisites***

The benefits provided to our NEOs are the same as those generally provided to our other salaried associates and include medical, dental and vision insurance, basic life insurance and accidental death and dismemberment insurance, short and long-term disability insurance and a 401(k) plan. Our NEOs are also eligible to participate in the Company's broad-based employee stock purchase plan, which provides a 5% discount off the market price of Company stock at the time of purchase.

Our executives participate in a limited number of perquisite programs. We maintain these programs because they are valued by our NEOs but impose relatively little cost to us.

Table of Contents

All of the NEOs participate in the Executive Basic Life Insurance Plan. Under this plan, the beneficiary of a participant who dies while employed by us is entitled to a lump sum payment of \$500,000. The participant owns the insurance policy, and the Company pays the premium on his or her behalf. The value of the premium ranges from \$900 to \$3,190 and is fully taxable. At the end of the year, each participant receives an additional payment equal to the gross amount of taxes paid on the benefit. This additional payment is also fully taxable and is grossed up.

Other benefits provided to our NEOs include use of a Company car, the purchase of a Company car for less than market value, and reimbursement for financial planning services. The value of providing Company cars and reimbursement for financial planning services is taxable and is grossed up to avoid reducing the value of the benefits. Each of our NEOs received a financial planning services benefit for fiscal 2015 ranging from \$12,710 to \$18,000. Our NEOs received a Company car benefit for fiscal 2015 ranging from \$4,486 to \$18,401. At the end of the year, each participant receives an additional payment equal to the gross amount of taxes paid on the financial planning and car benefits. This additional payment is also fully taxable and is grossed up.

Because the Company's business continuity is best facilitated by avoiding any prolonged or unexpected absences by members of its senior management team, all NEOs are strongly encouraged to take advantage of comprehensive executive physical examinations paid for by the Company. The value of executive physical examinations for our NEOs for fiscal 2015 ranged from \$0 to \$2,271.

***Deductibility of Compensation***

Section 162(m) of the Internal Revenue Code imposes a limit on the amount of compensation that we may deduct in any one year with respect to certain "covered employees," unless certain specific and detailed criteria are satisfied. Under applicable Treasury regulations, Section 162(m) does not apply to compensation paid or stock options or restricted stock granted under the compensation agreements and plans described in our initial public offering prospectus during the reliance transition period ending on the earlier of the date the agreement or plan is materially modified or the first stockholders meeting at which directors are elected during 2017. Compensation paid to our NEOs is, therefore, not subject to the deductibility restrictions of Section 162(m) at this time.

***Risk Assessment***

During fiscal 2015, management and the Committee conducted a comprehensive assessment and evaluation of the potential risks associated with our compensation policies and practices with respect to both executive compensation and compensation generally. Based on our approach of compensating our associates for the financial success of the Company as a whole and other elements of our compensation system, we concluded that our compensation policies and practices do not encourage undue risk-taking and do not create any risk that is reasonably likely to have a material adverse effect on the Company.

***Policy on Recovering Incentive Compensation in the Event of a Restatement***

The board adopted a clawback policy that provides us with the ability to require reimbursement or cancellation of any bonus or other incentive-based compensation, including stock-based compensation, awarded or paid to any current or former executive officer of the Company during the three-year period prior to a restatement if the incentive compensation was predicated upon the achievement of financial results that were subsequently the subject of restatement, the executive officer

engaged in fraud or intentional misconduct that was a substantial contributing cause to the need for the restatement, and a lower award would have been made to the executive officer based upon the restated financial results. The policy applies to incentive compensation awarded, vesting, or paid to an executive officer after the effective date of the policy on July 2, 2013. The policy is in addition to the requirements of applicable law and other legal remedies available to the Company.

***Stock Ownership Guidelines***

We amended our stock ownership guidelines during fiscal 2015 to require our chief executive officer (Mr. DeAngelo) to own shares having a value equal to five times base salary, three times base salary for our chief financial officer (Mr. Levitt) and business unit leaders (Messrs. LeClair and Stegeman), and one times base salary for our functional leaders (Ms. Newman), within five years of becoming subject to the guidelines in fiscal 2013. Mr. LeClair has five years from the date of his appointment as an executive officer in November 2015 to comply. Our NEOs must hold 50% of vested shares (except for shares sold to pay required tax withholding and the exercise price for options) until they are in compliance with the guidelines. Our stock ownership guidelines count the following types of ownership: shares owned outright; shares owned directly by a spouse, domestic partner, or minor child; shares owned indirectly through beneficial trust ownership; vested shares or vested stock units held in any Company plan; and the in-the-money value of vested stock option awards. Compliance is evaluated annually by the Committee as of the end of each fiscal year, using a thirty-day closing stock price average to mitigate the impact of short-term price variations. The guidelines further our core philosophy that our NEOs should also be owners of our Company. The guidelines are based on our expectation that each NEO will maintain a targeted level of investment in our stock so that the interests of our NEOs and our stockholders are closely aligned, and our NEOs have a strong incentive to provide effective management. All of our NEOs other than Messrs. LeClair and Stegeman satisfied the targeted ownership guidelines as of the end of fiscal 2015.

***Policy Regarding Certain Transactions in Company Securities***

We prohibit our directors, officers and employees from engaging in short sales of the Company's securities, and prohibit transactions in puts, calls or other derivative securities with respect to Company securities. We strongly discourage, but do not prohibit, our directors, officers and employees from engaging in short-term trading of Company securities or from hedging their ownership of Company stock. Any such transaction must be pre-cleared with our general counsel and, to date, no transactions of that kind have been approved.

(1) A discretionary bonus in the amount of \$75,000 was provided to Ms. Newman for retention purposes and to recognize her achievement of fiscal 2015 human resources initiatives, including: (i) designing and implementing an improved frontline leadership talent review process to ensure we appropriately motivate, incentivize and reward our top talent; (ii) serving in a dual capacity leading both enterprise-wide human resources and providing strategic human resources leadership to HD Supply Facilities Maintenance that required extensive bi-coastal travel over an extended period; and (iii) leading human resource initiatives associated with the reorganization of certain business functions to drive fiscal 2015 cost savings.

(2) Amounts set forth in the Stock Awards column represents the aggregate grant date fair value of the awards computed in accordance with the Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("**FASB ASC Topic 718**"). Information about the assumptions used to value these awards can be found in Part II, Item 7, Management's Discussion And Analysis Of Financial Condition And Results Of Operations, Critical Accounting Policies, Stock-Based Compensation, and Note 9 "Stock-Based Compensation and Employee Benefit Plans" to our audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2016. The stock awards for Ms. Chaibi and Mr. Webb were forfeited on their respective separation dates on October 9, 2015 and November 2, 2015.

(3) The amounts reported for Ms. Chaibi and Mr. Webb in the Option Awards column for 2015 represent the incremental fair value of the modified option award (*i.e.*, modification of the June 26,

- (4) Non-equity incentive plan compensation reflects amounts earned for fiscal 2015 under the AIP. See "Compensation Discussion and Analysis Components of Compensation Annual Cash Incentives" beginning on page 42 for a discussion of the AIP in fiscal 2015.
- (5) The All Other Compensation column for fiscal 2015 is made up of a matching contribution under our 401(k) plan, executive physical, life insurance, use of a Company car, financial planning assistance perquisites, tax gross-ups on perquisites, and severance payments with respect to Ms. Chaibi and Mr. Webb that are described more fully below. The incremental cost of personal use of a Company car is based on the taxable value used to impute taxable income to the named executive officers in accordance with Internal Revenue Service regulations. The incremental cost of other perquisites is based on actual cost to the Company. The following identifies the perquisites for fiscal 2015 that are required to be quantified by SEC rules.

Name	Tax Gross-Up Perquisites
Joseph J. DeAngelo	13,307
Evan J. Levitt	17,654
Stephen O. LeClair	23,067
Margaret M. Newman	18,111
John A. Stegeman	19,294
Anesa T. Chaibi	18,574
Jerry L. Webb	14,351

The All Other Compensation amount for Ms. Chaibi and Mr. Webb includes compensation the Company is obligated to make to Ms. Chaibi in connection her employment separation on October 9, 2015, and to Mr. Webb in connection with his employment separation on November 2, 2015, which expenses were paid or accrued by the Company during fiscal 2015. The following table identifies All Other Compensation related to recent separations:

The AIP is based on an 80% EBITDA and 20% average working capital target payout weighting. The target payout is 150% of base salary for Mr. DeAngelo, 100% of base salary for Ms. Chaibi and Mr. Stegeman and 60% of base salary for our other NEOs. The threshold payout for EBITDA performance is 25% of the target payout, except with respect to Ms. Chaibi whose threshold payout is 50% of the target payout. The threshold payout for working capital performance is 50% of the target payout. There is a payout of 150% of the target payout for above-target performance. The maximum payout is 200% of the target payout. Pursuant to their separation agreements, the bonus payout for Ms. Chaibi and Mr. Webb is capped at target. A discussion of the AIP in fiscal 2015 can be found under "Compensation Discussion and Analysis Components and Compensation Annual Cash Incentives" beginning on page 42.

Table of Contents**Narrative disclosure to summary compensation table and grants of plan-based awards table*****Stock Plan***

Equity-based awards granted to our executive officers are determined based on the intended dollar value to be delivered to provide market competitive grants and Company stock price. The equity grants in March 2015 were based on the following percentages of each NEO's base salary in effect on the last day of our prior fiscal year (February 1, 2015, the last day of our fiscal 2014).

<b>Name</b>	<b>Percent of Base Salary at FYE</b>
Joseph J. DeAngelo (PEO)	400%
Evan J. Levitt (PFO)	200%
Stephen O. LeClair	150%
Margaret M. Newman	150%
John A. Stegeman	150%
Anesa T. Chaibi	250%
Jerry L. Webb	100%

This amount was then divided by the closing stock price on the grant date to determine the number of shares granted. The percentage of base salary amount was determined based on benchmarking data for equity grants and total compensation, using the compensation comparator group set forth on page 40, and prorated for time in the position. The benchmarking data serves as a general guideline for managing overall pay decisions relative to market benchmarks, with actual pay decisions also based on experience, performance, long-term potential, internal pay equity, tenure, and retention value.

The Stock Plan and a restricted stock or option agreement govern each restricted stock and option award and provide, among other things, the vesting provisions of the award. The holder of a restricted stock award has rights as a stockholder with respect to the shares subject to such award, including voting rights and the right to receive dividends or dividend equivalents. The Company does not currently pay dividends on its common stock. The restricted stock grant on March 10, 2015 vests in four equal annual installments on each of the first through fourth anniversaries of the grant date, subject to continued employment through such date. See "Potential Payments Upon Termination or Change in Control" on page 54 for information regarding the cancellation or acceleration of vesting of restricted stock awards upon an option holder's termination of employment or a change in control of the Company.

***Employment Offer Letters***

Each of our named executive officers has an at-will employment offer letter from the Company. See "Potential Payments Upon Termination or Change in Control" on page 54 for a summary of the material provisions of these offer letters.

Table of Contents**Pension Benefits and Nonqualified Deferred Compensation for Fiscal 2015**

We do not provide any defined benefit plans or nonqualified deferred compensation plans to our named executive officers.

**Potential Payments Upon Termination or Change in Control**

Pursuant to either their employment offer letters or the Company's current practice, in the event of involuntary termination without cause on January 31, 2016, the last day of fiscal 2015, and contingent upon execution of a release, non-competition and non-solicitation agreement, each of our NEOs would receive up to 24 months of base pay continuation, as follows:

Name	Salary Continuation On Involuntary Termination (\$)
Joseph J. DeAngelo (PEO)	2,000,000
Evan J. Levitt (PFO)	778,108
Stephen O. LeClair	799,636
Margaret M. Newman	777,298
John A. Stegeman	1,538,306

The employment offer letters do not provide for any payout upon termination as a result of death, retirement, disability, or termination for cause.

In connection with Ms. Chaibi's separation in October 2015 and Mr. Webb's separation in November 2015, they will receive the following separation payments, which are reported in the "All Other Compensation" column of the Summary Compensation Table on page 49 and further explained by footnote to the table. In connection with their respective separations, both Ms. Chaibi and Mr. Webb executed a release, non-competition and non-solicitation agreement and all post-termination payments are subject to continued compliance with the terms of those agreements.

Name	Severance <sup>(1)</sup>	Employee Benefits <sup>(2)</sup>	Company Car <sup>(3)</sup>	Tax Gross-Ups <sup>(4)</sup>
Anesa T. Chaibi	1,181,943	18,955	28,527	59,547
Jerry L. Webb	588,194	18,455		17,001

(1) Represents two years of salary continuation payments for Ms. Chaibi and eighteen months of salary continuation payments for Mr. Webb.

(2) Represents health insurance continuation coverage and outplacement benefit and, for Ms. Chaibi, printer and cell phone.

(3) Represents the purchase of a Company car for less than market value; \$28,527 is the cost to the Company to buy out the lease on the car and purchase the vehicle.

(4) Represents tax gross-ups on health insurance continuation coverage, outplacement benefit and purchase of a Company car.

Table of Contents*Stock Plan*

Under the Stock Plan, an executive's unvested stock options are cancelled upon termination of his or her employment, except for terminations due to death or disability. Upon death or disability, unvested stock options vest and remain exercisable. In the case of a termination for cause (as defined in the Stock Plan), the executive's unvested and vested stock options are cancelled as of the effective date of the termination. Following a termination of employment other than for cause, vested options are cancelled unless the executive exercises them within 90 days (for options granted before November 19, 2015, 180 days if the termination was due to death, disability or retirement; for options granted on and after November 19, 2015, two years on termination due to death, disability or retirement and two years from vesting for options that continue to vest after retirement) or, if sooner, prior to the options' normal expiration date). Equity awards granted under the Omnibus Stock Plan may provide for continued vesting of the award in the event of retirement at or after age 62 with at least five years of continuous service with the Company, contingent upon the executive: (i) not competing with the Company and its subsidiaries for the one-year period after retirement; and (ii) not engaging in activities that would constitute cause had the executive continued employment with the Company. For options granted before November 19, 2015, the executive has 180 days to exercise options vested at the time of such retirement and 90 days to exercise options vesting after such retirement. For options granted on and after November 19, 2015, the executive has two years to exercise options vested at the time of such retirement and two years to exercise options vesting after such retirement. None of our NEOs satisfied the retirement criteria at the end of fiscal 2015. Had a termination of employment occurred at the end of fiscal 2015, based on a closing stock price of \$26.27 at the end of fiscal 2015, our NEOs would have received a benefit, assuming the hypothetical exercise of vested stock options on the last day of fiscal 2015, and forfeited unvested stock options and stock awards, in the following amounts:

<b>Name</b>	<b>Benefit Assuming Exercise of Vested Options at FYE (\$)</b>	<b>Forfeiture of Unvested Options at FYE (\$)</b>	<b>Forfeiture of Unvested Stock Awards at FYE (\$)</b>
Joseph DeAngelo	10,068,185	1,230,576	6,912,819
Evan J. Levitt	1,034,510		1,878,883
Stephen O. LeClair		473,044	844,292
Margaret M. Newman	1,791,424	473,044	956,202
John A. Stegeman	338,303	473,044	1,614,108
Anesa T. Chaibi		717,836	
Jerry L. Webb	473,044		

Under the Stock Plan, upon a change in control of the Company, all outstanding awards may be assumed and/or replaced with substitute awards having the same or better terms and conditions, provided that any substitute awards under the Omnibus Stock Plan must fully vest on a participant's involuntary termination of employment without "cause" or constructive termination of employment, in each case occurring within two years following the date of the change in control. In the event such awards are not assumed and/or replaced in connection with the change in control, the awards will vest and be cancelled for the same per share amount paid to the stockholders in the change in control (less, in the case of options and SARs, the applicable exercise or base price). The administrator has the ability to prescribe different treatment of awards in the award agreements. We believe this structure is fair to both our associates and to our stockholders, as the awards may represent compensation for the loss of an executive's job after a significant career with the Company and for the appreciation of stock

granted many years before. Had a change in control occurred at the end of fiscal 2015 and the awards were not assumed or replaced with new rights with similar terms, based on a closing stock price of \$26.27 at the end of fiscal 2015, our NEOs would have received a benefit from the accelerated vesting of unvested equity in the following amounts:

Name	Accelerated Vesting of Equity on Change in Control (\$)
Joseph DeAngelo	8,143,395
Evan J. Levitt	1,878,883
Stephen O. LeClair	1,317,336
Margaret M. Newman	1,429,246
John A. Stegeman	2,087,152
Anesa T. Chaibi	717,836
Jerry L. Webb	

Under the Pre-IPO Stock Plan a "change in control" is defined as:

the acquisition by any person, entity or "group" (as defined in Section 13(d) of the Exchange Act) of 50% or more of the combined voting power of the Company's then outstanding voting securities, other than any such acquisition by the Company, any of its subsidiaries, any associate benefit plan of the Company or any of its subsidiaries, or by the Equity Sponsors, or any affiliates of any of the foregoing;

the merger, consolidation or other similar transaction involving the Company, as a result of which persons who were stockholders of the Company immediately prior to such merger, consolidation, or other similar transaction do not, immediately thereafter, own, directly or indirectly, more than 50% of the combined voting power entitled to vote generally in the election of directors of the merged or consolidated company; or

the sale, transfer or other disposition of all or substantially all of the assets of the Company to one or more persons or entities that are not, immediately prior to such sale, transfer or other disposition, affiliates of the Company.

Under the Omnibus Stock Plan, a "change in control" also includes the following events:

within any 24-month period, the persons who were directors of the Company at the beginning of such period (the "**Incumbent Directors**") cease to constitute at least a majority of the board, provided that any director elected or nominated for election to the board by any Equity Sponsor or a majority of the Incumbent Directors still in office are treated as an Incumbent Director;

the approval by the Company's stockholders of the liquidation or dissolution of the Company other than a liquidation of the Company into any Company subsidiary or a liquidation as a result of which persons who were holders of voting securities of the Company immediately prior to such liquidation, or any or all of the Equity Sponsors, won, directly or indirectly, more than 50% of the combined voting power entitled to vote generally in the election of directors of the entity that holds substantially all of the assets of the Company following such event.

**Report of the Audit Committee**

The Audit Committee of our board of directors oversees our financial reporting process and internal control structure on behalf of the board of directors. Management is responsible for the preparation, presentation, and integrity of the financial statements and the effectiveness of our internal control over financial reporting. PricewaterhouseCoopers LLP, our independent registered public accounting firm, is responsible for expressing an opinion as to the conformity of our consolidated financial statements with generally accepted accounting principles and as to the effectiveness of our internal control over financial reporting. The Audit Committee has adopted a process for pre-approving services provided by PricewaterhouseCoopers LLP.

The Audit Committee is responsible for, among other things, reviewing with PricewaterhouseCoopers LLP the scope and results of their audit engagement. In connection with the fiscal 2015 audit, the Audit Committee has:

Reviewed and discussed with management the Company's audited financial statements and management's report on internal control over financial reporting included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2016;

Discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board (the "**PCAOB**") in Rule 3200T; and

Received from and discussed with PricewaterhouseCoopers LLP the communications from PricewaterhouseCoopers LLP required by the PCAOB regarding their independence.

Based on the review and the discussions described in the preceding bullet points, the Audit Committee recommended to the board of directors that the audited financial statements and management's report on internal control over financial reporting be included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2016 for filing with the Securities and Exchange Commission.

The Audit Committee has adopted a charter, available on the corporate governance section of our investor relations website at <http://ir.hdsupply.com/governance.cfm>. In accordance with its charter, the primary purposes of the Audit Committee are to: (a) assist the board in overseeing and monitoring matters relating to: (i) the Company's accounting and financial reporting policies, practices and processes, (ii) the quality and integrity of the Company's financial statements, (iii) the effectiveness of the Company's internal control over financial reporting, (iv) the Company's compliance with legal and regulatory requirements, (v) the qualifications, independence, and performance of the Company's independent auditor and (vi) the capabilities, resources, and performance of the Company's internal audit function; and (b) preparation of the report of the Audit Committee required to be included in the Company's annual proxy statement. The Audit Committee is also responsible for reviewing and discussing the Company's risk management practices, including the effectiveness of the systems and policies for risk assessment and risk management, the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, any unusual material transactions and management, internal auditor and independent auditor reviews of the Company's Foreign Corrupt

PricewaterhouseCoopers LLP audited our consolidated financial statements and internal control over financial reporting for the year ended January 31, 2016. Our Audit Committee has appointed PricewaterhouseCoopers LLP, independent registered public accounting firm, to audit our consolidated financial statements and internal control over financial reporting for the year ending January 29, 2017 and to prepare a report on this audit, subject to ratification by our stockholders.

This proposal asks you to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. Although we are not required to obtain such ratification from our stockholders, the board of directors believes it is good practice to do so. If the appointment of PricewaterhouseCoopers LLP is not ratified, the Audit Committee may reconsider the appointment.

A representative of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will have the opportunity to make a statement, and will be available to respond to appropriate questions by stockholders.

Calvert Investment Management, Inc. ("**Calvert**") has given notice that a representative from Calvert intends to present for action at the Annual Meeting the following proposal. Calvert Global Water Fund owns 713,980 shares of the Company's Common Stock, having held 621,234 shares since November 25, 2014 and the remaining shares since December 7, 2015. Calvert U.S. Large Cap Core Responsible Index Fund owns 7,735 shares of the Company's Common Stock, having held such shares since December 7, 2015.

**Resolved:** Shareholders request that HD Supply Holdings adopt time-bound quantitative, company-wide goals, taking into consideration the most recent Intergovernmental Panel on Climate (IPCC) guidance for reducing total greenhouse gas (GHG) emissions, and issue a report by September 2016, at reasonable cost and omitting proprietary information, on its plans to achieve these goals.

**Supporting Statement:** In order to mitigate the worst impact of climate change, the IPCC estimates that a 55 percent reduction in GHG emissions globally is needed by 2050 (relative to 2010 levels) to stabilize global temperatures, entailing a U.S. target reduction of 80 percent.

The costs of failing to address climate change are significant and estimated to have an average value at risk of \$4.2 trillion globally representing 6% current market capitalization of all the world's stock markets (*The Economist*, Intelligence Unit, 2015). *Risky Business: The Economic Risks of Climate Change in the United States* (2014), an analysis of climate change impacts, found serious economic effects including property damage, shifting agricultural patterns, reduced labor productivity, and increased energy costs. These effects could substantially impact a company's business operations, revenue, or expenditure.

Setting GHG emission targets is widespread among U.S. companies and can have positive financial outcomes. Presently, 60 percent of Fortune 100 companies have GHG reduction commitments, renewable energy commitments, or both.

A report published by WWF, Carbon Disclosure Project (CDP), and McKinsey & company, *The 3% Solution: Driving Profits Through Carbon Reduction* (2013), found that companies with GHG targets achieved an average of 9% better return on investment than companies without targets. Additionally, the 79% of companies in the S&P 500 that report to CDP earned a higher return on their carbon reduction investments than on their overall corporate capital investments. Also, the 53 Fortune 100 companies reporting on climate and energy targets to CDP are saving \$1.1 billion annually through their emission reductions and renewable energy initiatives. These goals enable companies to reduce costs, build resilient supply chains, and manage operational and reputational risk.

Investors with \$95 trillion in assets have supported the CDP which seeks corporate reporting on climate change and received responses from 81% of companies in the Global 500 in 2013. HD Supply's response to date on how it is managing risks and opportunities related to climate change falls short. Specially, while HD Supply's products help its clients reduce energy usage and climate impacts, your company has not publicly set carbon emissions reductions or renewable energy targets for its own operations. We believe this may have negative consequences for HD Supply and long-term shareholder value.

Table of Contents

**THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE AGAINST THIS PROPOSAL FOR THE FOLLOWING REASONS:**

The board believes that it is premature at this time, and would not be an efficient use of the Company's resources, to adopt quantitative goals for the reduction of greenhouse gas emissions ("GHG emissions") and publish a report to stockholders on the goals and plans to achieve such goals. The subject of GHG emissions, especially potential future legislation and regulation, is currently unsettled. We believe it would be prudent to have a better understanding of the details of future legislative and regulatory programs and technologies before establishing and committing to GHG reduction goals.

Notwithstanding the evolving regulatory environment, the Company is committed to reducing GHG emissions from its products and operations, and reducing our carbon footprint, by improving our internal efficiencies and providing environmentally preferred products.

In 2011, our largest business unit, HD Supply Facilities Maintenance, optimized the efficiency of its truck routing system which continues to provide approximately 8% fewer truck emissions per delivery. In addition, HD Supply Facilities Maintenance continues to engage in other environmentally sound practices. For example, in select markets throughout the country, delivery boxes are collected and reused under its Box Reuse Program. Since 2014, its more than 3,500 ideallygreen<sub>SM</sub> products have been increased by 8.5% to 3,800 products. Such products offer customers solutions to increase the efficiency of their facilities by reducing energy costs, lowering water consumption, improving indoor air quality, reducing waste or properly disposing of hazardous materials. HD Supply Facilities Maintenance helps customers decrease their environmental impact by offering comprehensive lighting and water audits, and by working with utilities throughout the country to maximize utility rebate dollars for the customer's project. It delivers a comprehensive solution for customers looking to take advantage of utility incentives from simple retrofits to major property renovations. It has performed more than 1,700 lighting audits for customers since June 2013 with approximately 73.5% of those audits being conducted since November 2014. Through December 2015, HD Supply Facilities Maintenance customers have received more than \$3 million in utility rebates for converting to LED lighting and water conserving plumbing fixtures. Over the useful life of the ideallygreen<sub>SM</sub> products purchased by customers since 2012, there will be an estimated collective savings of \$3.6 billion dollars in utility costs, a reduction of water consumption by an estimated 84 billion gallons, and a reduction of carbon emissions by an estimated 20 million metric tons.

The Company recognizes that GHG emissions are an important issue, and we are committed to reducing GHG emissions in our operations and products and to assisting our customers in decreasing their environmental impact. We will continue to take responsibility for assuring that the Company is a good steward of the environment and complies with the laws and regulations where it does business. However, establishing reduction goals and publishing a report at this time as environmental regulation and legislation remains uncertain would not be an efficient use of Company resources and would be contrary to the responsibilities of the Company to our stockholders and customers.

**ACCORDINGLY, THE BOARD OF DIRECTORS  
RECOMMENDS THAT STOCKHOLDERS  
VOTE "AGAINST" THIS PROPOSAL.**

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires our directors, executive officers, and persons who own beneficially more than 10% of our common stock to file reports of ownership and changes in ownership of such stock with the Securities and Exchange Commission. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file with the SEC. To our knowledge, each of our directors and executive officers complied during fiscal 2015 with all applicable Section 16(a) filing requirements.

**Solicitation of Proxies**

We will pay our costs of soliciting proxies. Directors, officers and other employees, acting without special compensation, may solicit proxies by mail, email, in person or by telephone. We will reimburse brokers, fiduciaries, custodians and other nominees for out-of-pocket expenses incurred in sending our proxy materials to, and obtaining instructions relating to the proxy materials from, beneficial owners. In addition, we have retained D.F. King & Co. to assist in the solicitation of proxies for the Annual Meeting at a fee of \$6,000, plus associated costs and expenses.

**Stockholder Proposals or Stockholder Nominations for Director at 2017 Annual Meeting**

To be considered for inclusion in next year's proxy statement and form of proxy, proposals by stockholders for business to be considered at the 2017 annual meeting of stockholders must be submitted in writing so that they are received by the Company no later than December 1, 2016 and must comply with the requirements of SEC Rule 14a-8. Proposals should be submitted to: Dan S. McDevitt, General Counsel and Corporate Secretary, HD Supply Holdings, Inc., 3100 Cumberland Boulevard, Atlanta, Georgia 30339.

Stockholders who wish to propose business or nominate persons for election to the board of directors at the 2017 annual meeting of stockholders, and the proposal or nomination is not intended to be included in our proxy statement, must provide advance notice to us of stockholder business or nomination in accordance with Section 1.12 of our Bylaws. In order to be properly brought before the 2016 annual meeting of stockholders, Section 1.12 of our Bylaws requires that a notice of a matter the stockholder wishes to present (other than a matter brought pursuant to Rule 14a-8), or the person or persons the stockholder wishes to nominate as a director, must be received by our Corporate Secretary not less than 90 days nor more than 120 days before the first anniversary of the preceding year's annual stockholder meeting. Therefore, any notice intended to be given by a stockholder with respect to the 2017 annual meeting of stockholders pursuant to our Bylaws must be received by Dan S. McDevitt, General Counsel and Corporate Secretary, HD Supply Holdings, Inc., 3100 Cumberland Boulevard, Atlanta, Georgia 30339 no later than the close of business on February 17, 2017. However, if the date of our 2016 annual meeting occurs more than 30 days before or 70 days after May 18, 2017, the anniversary of the Annual Meeting, a stockholder notice will be timely if it is received by our Corporate Secretary by the later of (a) the close of business on the 90<sup>th</sup> day before the date of the 2017 annual meeting and (b) 10 days after public announcement of the date of meeting. Our Bylaws are available on the governance page of our investor relations website at <http://ir.hdsupply.com/index.cfm>.
