Note 1 Nature and Continuance of Operations

Golden Global Corp. ("the Company"), incorporated in the State of Nevada, USA on December 10, 2009, and its wholly-owned subsidiary are engaged in the acquisition, exploration and development of precious metal properties. The Company's wholly owned subsidiary is Golden Global Mining Corporation which was incorporated in the Province of Alberta, Canada on January 10, 2010. The Company is an exploration stage company in the process of exploring its mineral properties in British Columbia, Canada, and has not yet determined whether these properties contain reserves that are economically recoverable.

These financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern, which assumes that the Company will be able to meet its obligations and continue its operations for its next fiscal year. Realization values may be substantially different from carrying values as shown and these financial statements do not give effect to adjustments that would be necessary to the carrying values and classification of assets and liabilities should the Company be unable to continue as a going concern. At March 31, 2015, the Company had not yet achieved profitable operations and has accumulated losses of \$2,762,275 since its inception. The Company expects to incur further losses in the development of its business, all of which casts substantial doubt about the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent upon its ability to generate future profitable operations and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management anticipates that additional funding will be in the form of equity financing from the sale of common stock. Management may also seek to obtain short-term loans from the directors of the Company. There are no current arrangements in place for equity funding or short-term loans.

The unaudited condensed financial statements included herein have been prepared by Company pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). The financial statements reflect all adjustments that are, in the opinion of management, necessary for a fair statement of such information. All such adjustments are of a normal recurring nature. Although the Company believes that the disclosures are adequate to make the information presented not misleading, certain information and footnote disclosures, including a description of significant accounting policies normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), have been condensed or omitted pursuant

to such rules and regulations. These consolidated financial statements should be read in conjunction with the financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the year ended June 30, 2014 filed with the SEC.

Note 2 Summary of Significant Accounting Policies

This summary of significant accounting policies is presented to assist in understanding the unaudited condensed interim consolidated financial statements. The financial statements and notes are the representations of the Company's management, who is responsible for their integrity and objectivity. These consolidated financial statements have been prepared in accordance with the instructions to form 10-Q, and therefore, do not include all the information necessary for a fair presentation of financial position, results of operations and cash flows in conformity with generally accepted accounting principles.

Note 2 Summary of Significant Accounting Policies (Continued)

Basis of Presentation

The Company's interim consolidated financial statements included herein are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. These interim consolidated financial statements include the Company's subsidiary, Golden Global Mining Corporation, and 100 percent of its assets, liabilities and net income or loss. All inter-company accounts and transactions have been eliminated.

While the information presented in the accompanying interim nine months consolidated financial statements is unaudited, it includes all adjustments, which are, in the opinion of management, necessary to present fairly the financial position, results of operation and cash flows for the interim periods presented. All adjustments are of a normal recurring nature. Operating results for the period ended March 31, 2015 are not necessarily indicative of the results that can be expected for the year ended June 30, 2015.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2014-9, *Revenue from Contracts with Customers: Topic 606* (ASU 2014-9). ASU 2014-9 is intended to enhance comparability of revenue recognition practices across entities, industries, jurisdictions, and capital markets, improve disclosure to help users of financial statements better understand the nature, amount, timing, and uncertainty of revenue that is

recognized, and provide guidance for transactions that are not currently addressed comprehensively. The standard is effective for fiscal years beginning after December 15, 2016, and interim periods therein, and does not allow for early adoption. Entities have the option of using either a full retrospective or modified retrospective approach for the adoption of the standard. The Company has begun the evaluation of the impact that the standard will have on its consolidated financial statements but has not yet selected a transition method.

Note 6 Note payable

On September 6, 2013, the Company entered into a loan agreement for \$30,000 using equipment as collateral. The loan bears interest at an annual rate of 30% and had an original maturity date of February 9, 2014. The principal of the loan can be paid off at anytime during the period of the loan at the election of the Company with interest bears in full for the 5 month term of the loan. In the event the loan is not paid by the maturity date, the collateral assets will become the property for the loaner and no interest is due. Upon further negotiations, the maturity date of the loan was extended to April 30, 2014. At June 30, 2014 this loan had been settled and the accrued interest of \$3,750 has been included as part of the new loan agreement entered into on April 28, 2014.

On April 28, 2014, the Company entered into a loan agreement for \$150,000 with \$100,000 to be used towards the purchase of equipment and the balance towards operations. The loan bears interest at an annual rate of 12% and matures on November 30, 2014.

The terms of repayments are as follows:

- a) 10% of the gold recovered from the operation up to a value of \$1,500 per month will be applied towards interest and the remaining towards the principal.

- b) The Company issued 30,000 restricted common shares on May 1, 2014 to the lender which became free trading on November 1, 2014. As the shares at the time of becoming free trading are not \$0.06 or greater, the repayment process will be as followed:

- Proceeds from mining operations.
- If the proceeds from the mining operations are not sufficient then repayment will come from the proceeds from the issuance of free trading shares to raise capital.
- Proceeds from additional financing.

c) If the above repayment process cannot be followed equipment will be used to fulfill the repayment obligation.

Upon the initial maturity date of the loan, the Company entered into an agreement with the lender to extend the term of the loan to April 30, 2015. The Company is currently in negotiation with the lender to settle the loan.

As at March 31, 2015, accrued interest recorded in note payable is \$16,570 (June 30, 2014 - \$3,057).

Note 7 Convertible Promissory Notes

On March 14, 2012, the Company entered into a securities purchase agreement to issue an unsecured convertible promissory note with a principal amount of US\$37,500 (C\$37,256). This promissory note bears interest at an annual rate of 8% which is to be paid with principal in full on the maturity date of December 19, 2012. The principal amount of the Note together with interest may be converted into shares of common stock, par value of \$0.0001 at the option of the lender at a conversion price equal to fifty-five percent at the market price during the 10 trading days prior to the conversion. As the maturity date for the note has passed, a penalty of US\$12,600 (C\$12,944) has been added to the principal balance of the note. This note has been fully converted as of June 30,

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD-LOOKING STATEMENTS

This quarterly report contains forward-looking statements. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "expects", "plans", "anticipates", "believes", "estimates", "predicts", "potential" or "continue" or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

Our consolidated unaudited financial statements are stated in Canadian Dollars (CDN\$) and are prepared in accordance with United States Generally Accepted Accounting Principles. The following discussion should be read in conjunction with our financial statements and the related notes that appear elsewhere in this quarterly report. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed below and elsewhere in this quarterly report.

In this quarterly report, unless otherwise specified, all dollar amounts are expressed in Canadian dollars. All references to "CDN\$" refer to Canadian dollars and all references to "common shares" refer to the common shares in our capital stock.

As used in this quarterly report, the terms we, us, our and our company refer to Golden Global Corp. and our wholly owned subsidiary Golden Global Mining Corporation (an Alberta, Canada corporation), unless otherwise indicated.

Corporate History

Golden Global Corp. was incorporated on December 9, 2009, under the laws of the State of Nevada. The company has a wholly-owned subsidiary, Golden Global Mining Corporation, incorporated under the laws of Alberta. Our principal office is located at 2537 S. Gessner Road, Suite 122, Houston, TX 77063. Our telephone number is (780) 443-4652 for our Canadian office and (832) 252-7720 for our US office. Our website address is: www.goldenglobalcorp.com and our fiscal year end is June 30.

Other than as set out herein, we have not been involved in any bankruptcy, receivership or similar proceedings, nor have we been a party to any material reclassification, merger, consolidation or purchase or sale of a significant amount of assets not in the ordinary course of our business.

Our Current Business

We are an exploration stage company seeking the balance of financing needed to start mining and be revenue producing. However, the Company will still need to rely on the sale of securities and debt financing to fund our operations until mining revenues exceed our general and administrative costs. Our current plan is to begin mining our placer gold claims on our McDame property located in north central British Columbia, Canada. The McDame property consists of placer claims #362586 and #363240, located near Cassiar, in the Liard Mining Division of British Columbia, Canada. Our long-term plan is to explore and, if warranted, develop further mining by acquiring other leases if suitable properties can be obtained in Canada or the USA. We have a copper option in the Democratic Republic of Congo (DRC), but its development remains low on our priority list. We will, however, consider a suitable joint venture with other copper mining companies in Africa if an offer is received.

Due to our limited capital, we continue to focus on the mining of our McDame property. Approval for our placer mining was received on September 25, 2014, and the permit is valid till March 31, 2017. Since the date of approval for mining, we have been completing our final preparation and machinery purchases in time for mining to start in the new mining season for this region. If we are successful in raising the funds required to begin mining, and barring any unforeseen circumstances, we

should commence commercial mining operations in late spring or early summer 2015. Gold mining has a high degree of risk, and until mining commences and gold is recovered, we are not considered a revenue producing company. We will also continue in our efforts to raise additional debt and /or equity capital from private investors to plan for expansion or diversification.

As of March 31, 2015, the Company has generated no revenues and has sustained net losses for the nine month period ended March 31, 2015, of \$1,186,656. Our expenses for the three month period ended March 31, 2015, were \$79,832 compared to \$28,614 for the three month period ended March 31, 2014. For the nine month period ended March 31, 2015, our expenses totaled \$581,904 compared to \$117,273 for the same period in 2014. The increase in expenses was due to an increase in stock-based compensation and consulting fees.

ITEM 3. QUANTITATIVE DISCLOSURES ABOUT MARKET RISKS

As a smaller reporting company, we are not required to provide the information required by this Item.

ITEM 4. CONTROLS AND PROCEDURES

Management's Report on Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed under the *Securities Exchange Act of 1934*, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer (our principal executive officer principal financial officer and principle accounting officer) to allow for timely decisions regarding required disclosure.

As of the end of the quarter covered by this report, we carried out an evaluation, under the supervision and with the participation of our chief executive officer and chief financial officer (our principal executive officer principal financial officer and principle accounting officer), of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our chief executive officer and chief financial officer (our principal executive officer principal financial officer and principle accounting officer) concluded that due to the limited number

of officers and members of our Board of Directors, our disclosure controls and procedures were not effective as of the end of the period covered by this quarterly report.

Changes in Internal Control over Financial Reporting

During the period covered by this report there were no changes in our internal control over financial reporting that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We know of no material, existing or pending legal proceedings against our company, nor are we involved as a plaintiff in any material proceeding or pending litigation. There are no proceedings in which any of our directors, officers or affiliate is an adverse party or has a material interest adverse to our interest.

ITEM 1A. RISK FACTORS

As a smaller reporting company, we are not required to provide the information required by this item.
