Note 3: Income taxes

Edgar Filing: LGA, INC - Form 10QSB

We record income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes". We have incurred net operating losses during all periods presented resulting in a deferred tax asset, which was fully allowed for; therefore, the net benefit and expense resulted in \$-0- income taxes.

Note 4: Inventory

Inventory consists of raw materials and finished inventory, which have been accounted for at lower of cost or market. We have made no provision for inventory obsolescence, as our management has deemed this unnecessary.

Raw materials	\$23,621
Finished goods	67,564

	\$91,185

Note 5: Subsequent Event

Subsequent to the end of the December 31, 2005 quarter, an existing LGA shareholder exercised options for 215,738 shares of restricted common stock equal to \$149,937.91 or \$0.695 per share.

Subsequent to the end of the December 31, 2005 quarter, the Company's entire remaining GearWagonAT and GearSpace34 inventory was sold out, depleted. The Company is retooling these two products, starting with GearSpace34, in order to reduce overall product cost, simplify assembly and add new product features. The Company expects the new GearSpace34 to begin shipping near the end of the current quarter, and the new GearWagonAT to begin shipping during the June, 2006 quarter. The Company will experience lower revenue from product sales during this transition.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Certain statements made herein are forward-looking statements under the Private Securities Litigation Reform Act of 1995. They include statements regarding the timing and expected benefits of the acquisition of LGA by Tenet. These statements are based on management's current expectations and estimates; actual results may differ materially due to certain risks and uncertainties. For example, the ability of LGA to achieve expected results may be affected by external factors such as competitive price pressures, conditions in the economy and industry growth, and internal factors, such as future financing of the acquired operations and the ability to control expenses.

Net Loss	(67,948)	(159,494)

Six Months Ended December 31, 2005, Compared with Six Months Ended December 31, 2004

During the first six months of Fiscal 2006, the Company's revenue grew 36% to \$168,085, compared to \$123,235 in revenue for the similar period of Fiscal 2005. During the current period the Company's sales resulted primarily from inquiries generated by our web site and customer referrals.

Cost of revenue for the six months ended December 31, 2005, increased \$29,952 or 54% from \$55,714 during the 2004 period, to \$85,666 for the 2005 period.

Gross margin on product sales decreased to 49% for the current period from 55% during the prior years comparable period.

SG&A expenses decreased to \$141,730 for the six months ended December 31, 2005, compared to \$229,466 for the comparable period of 2004. The decrease in SG&A expenses for the current six month period, is primarily attributable to the one time costs associated with the Tenet Information Services combination completed during the prior year period.

Net loss for the six months ended December 31, 2005, was (\$67,948) or (\$0.01) per share as compared to (\$159,494) or (\$0.02) per share for the six months ending December 31, 2004.

7

LIQUIDITY AND CAPITAL RESOURCES

The Company's cash position decreased from \$142,605 at December 31, 2004 to \$-0- at December 31, 2005. During the first half of fiscal 2006, the Company used \$55,870 of cash to fund its operating activities.

LGA Capital Requirements

During the six months ended December 31, 2005, an LGA shareholder exercised common stock options to purchase 43,148 shares of restricted common stock for \$29,988 or \$0.695 per share. The Company is seeking to raise additional operating capital from either financing activities or from product licensing revenue to fund the Company's operations and continued growth. Subsequent to the end of the December 31, 2005 quarter, an existing LGA shareholder exercised 215,738 options for 215,738 shares of restricted common stock equal to \$149,937.91 or \$0.695 per share.

Subsequent to the end of the December 31, 2005 quarter, the Company's remaining GearWagonAT and GearSpace34 inventory was sold to customers and thus, depleted. The Company is re-tooling these two products, starting with GearSpace34, in order to reduce overall product cost, simplify assembly and add new product features. The Company expects the new GearSpace34 to begin shipping near the end of the current quarter, and the new GearWagonAT to begin shipping during the June, 2006 quarter. The Company will experience lower revenue from product sales during this transition.

The Company is working on several product licensing opportunities, that if

Edgar Filing: LGA, INC - Form 10QSB

completed, have the potential to generate significant growth capital for our business. However, no assurance can be given as to whether these discussions will result in a completed transaction, nor can the Company give any assurances as to the timing or financial magnitude of these transactions.

The Company is experiencing a growing level of product interest from consumers, dealers and OEM's. It will take time and capital to convert this interest into product sales and/or licensing revenue. Therefore, even though the Company anticipates the sales trends of the last two years continuing, it is not able to forecast when its sales volume will be sufficient to support the Company's operating expenses.

LGA is pursuing additional growth capital from finance and/or licensing related sources. There can be no assurance given as to whether LGA will be successful at generating the additional growth capital it will need from either of these sources.

While a portion of the current liabilities, approximately \$99,867, is owed to present officers and/or directors, there can be no assurances that these officers/directors will not seek payment in the near term.

Inflation has not had a significant impact on the Company's operations.

8

Item 3. Controls and Procedures.

Based on the evaluation of the Company's controls and procedures required by Rule 13a-15 or Rule 15d-15 under the Exchange Act, the Company's Chief Executive Officer and Treasurer believe that the Company's controls and other procedures that are designed to ensure that information required to be disclosed by the Company in the reports that it files or submits under the United States securities laws is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms were adequate as of the end of the period covered by this Form 10-QSB. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the securities laws is accumulated and communicated to the issuer's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.
