PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
DECEMBER 6, 2004

INTRODUCTION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Collectors Universe, Inc., a Delaware corporation (the Company), for use at its 2004 Annual Meeting of Stockholders to be held on Monday, December 6, 2004, at 10:00 A.M., at the executive offices of the Company, 1921 E. Alton Avenue, Santa Ana, California 92705. This Proxy Statement and the accompanying proxy card are first being mailed to stockholders on or about October 29, 2004.

YOUR VOTE IS IMPORTANT. PLEASE VOTE AS SOON AS POSSIBLE BY COMPLETING, SIGNING AND DATING THE PROXY CARD ENCLOSED WITH THIS PROXY STATEMENT AND RETURNING IT IN THE ENCLOSED POSTAGE-PAID ENVELOPE.

Some stockholders may have their shares registered in different names or hold shares in different capacities. For example, a stockholder may have some shares registered in his or her name, individually, and others in his or her capacity as a custodian for minor children or as a trustee of a trust. In that event, you will receive multiple copies of this Proxy Statement and multiple Proxies. **If you want all of your votes to be counted, please be sure to sign, date and return all of those Proxies.**

Who May Vote?

The shares of the Company's common stock, \$.001 par value, constitute the only outstanding class of voting securities of the Company. If you were a stockholder on the records of the Company at the close of business on October 22, 2004 (which is the record date established for the Annual Meeting), you may vote at the Annual Meeting, and at any adjournment or postponement thereof, either in person or by proxy. On that day, there were 6,231,726 shares of our common stock outstanding and entitled to vote.

How Many Votes Do I Have?

Each share is entitled to one vote in the election of directors and on any other matter upon which a vote may properly be taken at the Annual Meeting. Also, in the election of directors, there is no cumulative voting. As a result each stockholder will be entitled, for each share of common stock that such stockholder owns, to cast one vote for a single nominee for each position on the Board of Directors.

In order to vote, you must either designate a proxy to vote on your behalf or attend the Annual Meeting and vote your shares in person. The Board of Directors requests your proxy so that your shares will count toward a quorum and will be voted at the Annual Meeting.

How Will The Board Vote My Proxy?

A properly executed proxy received by us prior to the Meeting, and not revoked, will be voted as directed by you on that proxy. If you provide no specific direction, your shares will be voted **FOR** the election of the Directors nominated by the Board.

If any other matter is presented at the Annual Meeting upon which a vote may properly be taken, the shares represented by your proxy will be voted in accordance with the judgment of the holders of the proxy. However, if your

shares are held in a brokerage account or by a nominee, please read the information below under captions "How May I Vote" and "Voting Shares Held by Brokers, Banks and Other Nominees" regarding how your shares may be voted.

How May I Vote?

Stockholders should complete, sign, date and return their proxy cards in the postage-prepaid return envelope provided with this Proxy Statement. If you sign and return your proxy card without indicating how you want to vote, your proxy will be voted as recommended by the Board of Directors (except for shares held by brokers, banks and other nominees, as described below). If you forget to sign your proxy card your shares cannot be voted. However, if you sign your proxy card, but forget to date it, your shares will still be voted as you have directed. You should, however, date your proxy card, as well as sign it.

In the alternative, you may attend the Annual Meeting and vote in person. However, if your shares are held in a brokerage account or by a nominee holder, you will need to contact the broker or the nominee holder to obtain a proxy that will enable you to vote your shares in person at the Annual Meeting.

Voting Shares Held by Brokers, Banks and Other Nominees

If you hold your shares of Company common stock in a brokerage or nominee account, you are the beneficial owner of those shares, holding them in street name. In order to vote your shares, you must give voting instructions to your broker or the nominee holder of your shares. We ask brokers and nominee holders to obtain voting instructions from the beneficial owners of shares of our common stock. Proxies that are sent to us by brokers or nominee holders on your behalf will count toward a quorum and will be voted in accordance with the instructions that you have provided to the broker or nominee holder of your shares. If you fail to provide voting instructions, your broker or other nominee will have discretion to vote your shares for the election of the Board's nominees at the Annual Meeting (unless there is a counter-solicitation or your broker has knowledge of a contest, as those terms are used in the New York Stock Exchange Rules).

Required Vote

Quorum Requirement. Our Bylaws require that a quorum—that is, the holders of a majority of all of the shares of our common stock entitled to vote at the Annual Meeting—be present, in person or by proxy, before any business may be transacted at the Meeting (other than adjourning the Meeting to a later date to allow time to obtain additional proxies to satisfy the quorum requirement).

Required Vote. A plurality of the votes cast is required for the election of Directors. As a result, the seven nominees for election to the Board who receive the highest number of votes cast will be elected and any shares voted to Withhold Authority will not have any effect on the outcome of the election. Broker non-votes, which relate to shares for which street or nominee holders do not obtain voting instructions from the beneficial holders and cannot or do not choose to vote the shares on a discretionary basis, are not counted as votes cast and, therefore, also will have no effect on the outcome of the election. However, shares voted to Withhold Authority and broker non-votes are considered present at the meeting for purposes of determining whether a quorum is present.

How Can I Revoke My Proxy?

If you are the record owner of your shares and, after you have returned your proxy, you decide to change your vote, you may do so by taking any one of the following actions:

Edgar Filing: COLLECTORS UNIVERSE INC - Form DEF 14A

Sending a written notice that you are revoking your proxy addressed to the Secretary of the Company, at P.O. Box 6280 Newport Beach, California 92658 and then voting again by one of the methods described immediately below. To be effective, the notice of revocation must be received by the Company before the Annual Meeting commences.

- Returning a new proxy by mail at a later date than your prior proxy. To be effective, that later dated proxy must be received by the Company before the Annual Meeting commences.
- Attending the Meeting and voting in person or by proxy in a manner different that the instructions contained in your earlier proxy.

However, if your shares are held by a broker or other nominee holder, and you want to change the voting instructions you have previously given to the broker or nominee holder, you will need to contact your broker or the nominee holder to ascertain the actions you will need to take to change your previous voting instructions.

shares, that person is generally deemed to be a beneficial owner of those shares; (b) if two or more persons have decision making power over either the voting or the disposition of any shares, they will be deemed to share beneficial ownership of those shares, in which case the same shares will be included in share ownership totals for each of those persons; and (c) if a person holds options or warrants to purchase shares that are currently exercisable or will become exercisable in the sixty (60) days following the Record Date for the Annual Meeting, that person will be deemed to be the beneficial owner of those shares and those shares (but not shares that are subject to options or warrants held by any other stockholder) will be deemed to be outstanding for purposes of computing the percentage of the outstanding shares that are beneficially owned by that person.

Mr. Simmons does not have any financial or pecuniary interest in any of the shares held in these trusts.
- (5) According to a report filed with the Securities and Exchange Commission, Shannon River Partners, L.P and Shannon River Partners II, L.P. hold direct voting and dispositive power and Shannon River Capital Management, LLC holds indirect voting and dispositive power with respect to 193,734 of these shares. The remaining 144,741 are reported to be owned indirectly by Shannon River Capital Management, LLC and directly, in various proportions, by Wynnefield Partners Small Cap Value, L.P., Wynnefield Partners Small Cap Value, L.P. I, Wynnefield Small Cap Value Offshore Fund, Ltd., Wynnefield Capital Management, LLC and Wynnefield Capital, Inc. (collectively the Funds). The Funds disclaim beneficial ownership of the 193,734 shares owned by Shannon River Partners, L.P. and Shannon River Partners II, L.P. ELECTION OF DIRECTORS (Proposal No. 1)

The Company s Bylaws currently provide for a Board of seven directors to serve for a term of one (1) year and until their successors are elected and qualify to serve. The Board of Directors has nominated the seven nominees identified below for election as directors at the 2004 Annual Meeting. Unless authority to vote has been withheld, the proxy holders named in the enclosed proxies intend to vote the shares represented by those proxies at the Annual Meeting for the election of all of the nominees named below.

All of the nominees are presently directors of the Company and all of them were elected to the Board of Directors by the Company s stockholders at the 2003 Annual Meeting. If any nominee becomes unavailable for any reason before the election, the enclosed proxy will be voted for the election of such substitute nominee or nominees, if any, as shall be designated by the Board of Directors. The Board of Directors has no reason to believe that any of the nominees will be unavailable to serve.

Vote Required and Recommendation of the Board of Directors

Under Delaware law, the seven nominees for election as Directors receiving the highest number of votes at the Annual Meeting will be elected. THE BOARD OF DIRECTORS

The Role of the Board of Directors

In accordance with Delaware law and our Bylaws, the Board of Directors oversees the management of the business and affairs of the Company. The members of the Board keep informed about our business through discussions with senior management and other officers and managers of the Company and its subsidiaries, by reviewing analyses and reports sent to them by management and outside consultants, and by participating in Board and in Board committee meetings.

Attendance at Meetings

During fiscal 2004, the Board of Directors of the Company held a total of 7 meetings and all of the directors attended at least 75 percent of the total of those meetings and the meetings of the Board committees on which they served during the respective periods they served as directors of the Company during that year.

Our Board members are encouraged to prepare for and attend all meetings of our stockholders and all meetings of the Board and the Board committees of which they are members. All of the directors attended the 2003 Annual Meeting of Stockholders.

Number of Directors

The Board currently consists of seven members. Our Bylaws provide that the Board of Directors is authorized to change the authorized number of directors from time to time, as it deems to be appropriate.

Term of Office of Directors - Annual Election of Directors

The Company's Bylaws provide that directors are elected annually to serve for a term of one year ending at the next Annual Meeting of Stockholders and until their successors are elected. If a vacancy occurs in any Board position between Annual Meetings, the Board may fill the vacancy by electing a new director to that position. The Board of Directors may also create a new director position and elect a new director to hold that position for a term ending at the next Annual Meeting of Stockholders.

Director Independence

The Board has determined, after careful review, that each member of the Board is independent under the definition of independence set forth in rules of NASDAQ that are applicable to companies with shares listed on that NASDAQ National Stock Market (the "NASDAQ Listed Company Rules"), with the exception of Messrs. Haynes and Hall, who are officers of the Company, and Mr. Simmons who was employed by the Company until March 31, 2004. In reaching this conclusion, the Board considered all relevant facts and circumstances with respect to any direct or indirect relationships between the Company and each of the non-management directors. The Board determined that any relationships that now exist, or may have existed in the past, between the Company and any of the non-management directors have no material effect on their independence.

In accordance with the Board's independence evaluation, 4 of the 7 incumbent members of the Board are independent directors. In addition, all of the members of the standing committees of the Board are independent directors.

Communications with the Board

Stockholders and other parties interested in communicating with the non-management directors as a group may do so by writing to the Corporate Secretary, Collectors Universe, Inc., P.O. Box 6280, Newport Beach, California 92658. The Corporate Secretary will review and forward to the appropriate member or members of the Board copies of all such correspondence that, in the opinion of the Corporate Secretary, deal with the functions of the Board or its committees or that the Corporate Secretary otherwise determines requires their attention. Concerns relating to accounting, internal controls or auditing matters will be brought promptly to the attention of the Chairman of the Audit Committee and will be handled in accordance with procedures established by the Board's Audit Committee.

Corporate Governance Policies

Our Board of Directors believes that sound governance practices and policies provide an important framework to assist them in fulfilling their duty to the Company's stockholders. In September 2004, our Board of Directors adopted the following governance policies, which include a number of policies and practices under which our Board has operated for some time, together with concepts suggested by various authorities in corporate governance and the new requirements under the NASDAQ Listed Company Rules and the Sarbanes-Oxley Act of 2002. Some of the principal subjects covered by those policies include:

Director Qualifications, which include measuring each candidate's independence, experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries; his or her understanding of our business and the business environment in which we operate; and the candidate's ability and willingness to devote adequate time and effort to Board responsibilities, taking into account the candidate's employment and other board commitments.

Responsibilities of Directors, including acting in the best interests of all stockholders; maintaining independence; developing and maintaining a sound understanding of our business and the industry in which we operate; preparing for

and attending Board and Board committee meetings; and providing active, objective and constructive participation at those meetings.

Director access to management and, as necessary and appropriate, independent advisors, including encouraging presentations to the Board from the officers responsible for functional areas of our business.

Maintaining adequate funding to retain independent advisors for the Board, as the Board deems to be necessary or appropriate, and also for its standing committees as the members of those committees deem to be necessary or appropriate.

Director orientation and continuing education, including programs to familiarize new directors with our business, strategic plans, significant financial, accounting and risk management issues, compliance programs, conflicts policies, code of business conduct and corporate governance guidelines. In addition, each director is expected to participate in continuing education programs relating to developments in the Company's business and in corporate governance.

Annual performance evaluation of the Board, including an annual self-assessment of the Board's performance as well as the performance of each Board committee.

Regularly scheduled executive sessions, without management, will be held by the Board. In addition, the Audit Committee meets separately with the Company's outside auditors.

Code of Business and Ethical Conduct

We have adopted a Code of Business and Ethical Conduct for our officers, employees and directors, as well as specific ethical conduct policies and principles that apply to our Chief Executive Officer, Chief Financial Officer and other key accounting and financial personnel. A copy of our Code of Business and Ethical Conduct will be available at the Investor Relations Section of our website at www.collectors.com. We intend to disclose, at this location on our website, any amendments to that Code and any waivers of the requirements of that Code that may be granted to our Chief Executive Officer or Chief Financial Officer.

Other Governance Matters

In addition to the governance policies discussed above, our Chief Executive Officer and Chief Financial Officer have provided the certifications of our SEC filings required by Sections 302 and 906 of the Sarbanes-Oxley Act of 2002 each quarter since the certification rules were adopted. We also have adopted new charters for our Board committees that comply with applicable NASDAQ Listed Company Rules.

You can access our Board Committee charters, and other corporate governance materials, news releases and SEC filings, by visiting the Investor Relations Section of our website at www.collectors.com.

Committees of the Board of Directors

The Board has two standing committees: an Audit Committee and a Compensation Committee. Information regarding the members of each of those Committees and their responsibilities and the number of meetings held by those Committees in fiscal 2004 is set forth below. The Board of Directors, as a whole, functions as a Board Nominating Committee.

Audit Committee. The members of the Audit Committee are A. J. Bert Moyer, its Chairman, and A. Clinton Allen and Deborah Farrington. All of the members of the Audit Committee are independent within the meaning of the NASDAQ Listed Company Rules and the enhanced independence requirements for audit committee members contained in Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Our Board of Directors has determined that Mr. Moyer meets the definition of "audit committee financial expert" adopted by the Securities and Exchange Commission (the "SEC"). The Audit Committee has a written charter that specifies its responsibilities, which include oversight of the financial reporting process and system of internal accounting controls of the Company, and appointment and oversight

of the independent public accountants engaged to audit the Company's financial statements. Our Board of Directors, upon the recommendation of the Audit Committee, approved that charter which amends and restates a previously adopted charter to incorporate new audit committee requirements established by the SEC and NASDAQ. A copy of that Audit Committee Charter is attached as Exhibit A to this Proxy Statement. The Audit Committee held 9 meetings during fiscal 2004. To ensure independence, the Audit Committee also meets separately with our outside auditors and members of management, respectively.

Compensation Committee. The members of the Compensation Committee are Deborah Farrington, its Chairperson, and A. Clinton Allen and A. J. Bert Moyer, each of whom is an independent within the meaning of the NASDAQ Listed Company Rules. The Compensation Committee reviews and approves the salaries and establishes incentive compensation and other benefit plans for our executive officers. Our Board of Directors has adopted a charter setting forth the role and responsibilities of the Compensation Committee. A copy of that charter, which complies with applicable NASDAQ Listed Company Rules, will be accessible at the Investor Relations Section of our website at www.collectors.com. The Compensation Committee held 4 meetings during fiscal 2004.

Nominating Committee. The Board of Directors has decided that the full Board of Directors should perform the functions of a nominating committee for the Company. It made that decision because the Board believes that selecting new Board nominees is one of the most important responsibilities the Board members have to our stockholders and, for that reason, all of the members of the Board should have the right and responsibility to participate in the selection process. In its role as nominating committee, the Board identifies and screens new candidates for Board membership. Each of the Board members, other than Messrs. Haynes, Hall and Simmons, is an independent director within the meaning of the NASDAQ Listed Company Rules that are applicable to membership on a Board Nominating Committee and the Board has decided that actions of the Board, in its role as nominating committee, can be taken only with the affirmative vote of a majority of the independent directors on the Board. Our Board of Directors has adopted a charter setting forth the responsibilities of the Board when acting as a nominating committee. A copy of that charter, which complies with applicable NASDAQ Listed Company Rules, will be accessible at the Investor Relations section of our website at www.collectors.com. The Board met one time during fiscal 2004 in its role as nominating committee.

The Director Nominating Process. In identifying new candidates for membership on the Board, the Directors will seek recommendations from existing Board members and executive officers. In addition, the Board intends to consider any candidates that may be recommended by any of the Company's stockholders who submit such recommendations to the Board in accordance with the procedures described below. The Board also has the authority to engage an executive search firm and other advisors as it deems appropriate to assist it identifying qualified Board candidates.

In assessing and selecting new candidates for Board membership, the Board of Directors will consider such factors, among others, as the candidate's independence, experience, knowledge, skills and expertise, as demonstrated by past employment and board experience and the candidate's reputation for integrity. When selecting a nominee from among candidates considered by the Board, it will conduct background inquiries of and interviews with the candidates the Board members believe are best qualified to serve as directors. The Board members will consider a number of factors in making their selection of a nominee from among those candidates, including, among others, whether the candidate has the ability, willingness and enthusiasm to devote the time and effort required of members of the Board; the candidate's independence, including whether the candidate has any conflicts of interest or commitments that would interfere with the candidate's ability to fulfill the responsibilities of directors of the Company, including membership on Board committees; whether the candidate's skills and experience would add to the overall competencies of the Board; and whether the candidate has any special background or experience relevant to the Company's business.

Stockholder Recommendations of Board Candidates. Any stockholder desiring to submit a recommendation for consideration by the Board of a candidate that the stockholder believes is qualified to be a Board nominee at any upcoming stockholders meeting may do so by submitting that recommendation in writing to the Board not later 120 days prior to the first anniversary of the date on which the proxy materials for the prior year's annual meeting were first sent to stockholders. However, if the date of the upcoming annual stockholders meeting has been changed by more than 30 days from the anniversary date of the prior year's annual meeting, the recommendation must be received within a reasonable time before the Company begins to print and mail its proxy materials for the upcoming annual meeting. In addition, the recommendation should be accompanied by the following information: (i) the name and address of the nominating stockholder and the person that the nominating stockholder is recommending for

consideration as a candidate or Board membership; (ii) the number of shares of voting stock of the Company that are owned by the nominating stockholder, his or her recommended candidate and any other stockholders known by the nominating stockholder to be supporting the nomination of that candidate; (iii) a description of any arrangements or understandings that relate to the election of directors of the Company, between the nominating stockholder, or any person that (directly or indirectly through one or more intermediaries) controls, or is controlled by, or is under common control with, such stockholder, on the one hand, and any other person or persons (naming such other person or persons), on the other hand; (iv) such other information regarding each recommended candidate as would be required to be included in a proxy statement filed

pursuant to the proxy rules of the SEC; and (v) the written consent of the stockholder's recommended candidate to be named as a nominee and, if nominated and elected, to serve as a director.

Director Compensation

For their service on the Board, non-employee directors each receive a fee of \$35,000 per year and a fee of \$500 for each special meeting of the Board of Directors that they attend. The Chairman of the Board of Directors receives an additional fee of \$40,000 per year for his services as Chairman of the Board, the Chairman of the Audit Committee receives an additional fee of \$10,000 per year for his services on the Audit Committee and the Chairperson of the Compensation Committee receives a fee of \$5,000 per year for her services on that Committee. Each of our directors is also eligible to receive stock option grants under our 2003 Stock Incentive Plan, including an automatic grant of options to purchase 15,000 shares of Company common stock on the date of each Annual Stockholders Meeting at which he or she is elected or re-elected as a director.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Based upon information made available to us, the Company believes that all filing requirements under Section 16(a) of the Securities Exchange Act of 1934 applicable to its directors and officers and any holders of more than 10% of the Company's shares were satisfied with respect to the Company's fiscal year ended June 30, 2004.

Employment Agreement

In January 2003, the Company entered into a one year employment agreement with Michael Haynes pursuant to which he is employed as the Company's CEO, at a salary of \$250,000 per year. In October 2003 the employment agreement was extended to December 31, 2004 and Mr. Haynes' base salary was increased to \$275,000 per year. Effective July 1, 2004, Mr. Haynes' base salary was increased to \$300,000 per year and in October 2004 the Compensation Committee approved a one year extension of the agreement to December 31, 2005. The employment agreement is terminable by the Company at any time, with or without cause, effective on 15 days' prior notice to Mr. Haynes. If the Company were to exercise its right to terminate that Agreement without cause, it would become obligated to continue Mr. Haynes' salary and benefits (which consist of health insurance) for a period that is the shorter of (i) six months or (ii) the then unexpired term of that agreement.

Certain Transactions

In connection with the commencement of a direct sale coin business, in May 2003 the Company entered into a license agreement with DHRCC, Inc. (DHRCC), which was engaged in the direct sale of rare coins for over 10 years, but ceased doing business in June 2000. The owners of DHRCC are David Hall, who is the President and a director of the Company, and Van Simmons who also is a director of the Company. Pursuant to that license agreement, the Company obtained an exclusive license to use, for up to a four year period ending May 31, 2007, a customer list owned and compiled by DHRCC, which contains the names of 11,800 customers of DHRCC, and certain other intangible assets owned by DHRCC, in exchange for which the Company agreed to pay DHRCC a royalty equal to one and one half percent (1.5%) of the net revenues of the Company s direct sale coin division, on a quarterly basis, but in no event to exceed (i) twenty percent (20%) of the quarterly pre-tax profits of that division, or (ii) an aggregate of \$500,000 per year, whichever is less. The license agreement, by its express terms, was terminable by either party at any time, without cause. In addition, the Company hired Mr. Simmons to manage the Company s direct sale coin business. The license agreement was approved by the disinterested directors of the Company. No royalties were paid by the Company to DHRCC under the license agreement in 2004.

In fiscal 2004, the Company adopted a strategic plan to discontinue sales of collectibles at auction and at retail and to focus its resources on its grading and authentication and other collectibles service businesses. As a result, in February 2004 the Company notified DHRCC that the Company would be terminating its license agreement with DHRCC effective as of March 31, 2004 and, in connection therewith, that Mr. Simmons' employment with the Company would also be terminated. As a result of that decision, DHRCC decided to resume selling collectible coins at retail and purchased certain fixed assets, that had been utilized by Company in its direct coin sale business, for a purchase price of \$13,000, which was equal to the net book value of those assets at March 31, 2003.

The Company also retained the services of DHRCC to sell the Company's remaining inventory of coins that it had held for sale in its direct sale coin business. Commissions paid to DHRCC in connection with those sales totaled \$84,000.

DHRCC also has subleased from the Company, through November 6, 2009, approximately 2,200 square feet of office space, located at the Company's offices in Santa Ana, California, at a rent of \$1.50 per square foot per month. That rent is equal to the rent being paid to the Company by an unaffiliated subtenant for comparable space in the same building under a sublease entered into by the Company with that subtenant in March 2004. Rent received under the DHRCC sublease totaled \$13,000 in fiscal 2004.

Compensation Committee Interlocks and Insider Participation

The Members of the Compensation Committee of the Board of Directors are Deborah Farrington, A. Clinton Allen, and A. J. Bert Moyer, who are non-employee directors of the Company and have been determined by the Board of Directors to be independent directors within the meaning of the NASDAQ Listed Company Rules. No executive officer of the Company served on the board of directors or compensation committee of any entity which has one or more executive officers serving as members of the Company's Board of Directors or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

Decisions relating to the compensation of the Company's executive officers are made by the Compensation Committee of the Board of Directors. It is the responsibility of the Compensation Committee to assure that the executive compensation programs are reasonable and appropriate, meet their stated purposes and effectively promote the interests of the Company and its stockholders.

Compensation Philosophy and Policies for Executive Officers

The Company's strategic goal is to become the leading provider of value-added services to the high-end collectibles markets in which it operates, and thereby to maintain a high level of revenue growth and achieve increasing profitability and, in that way, increase stockholder value. In establishing compensation programs for the Company's executive officers, the Compensation Committee seeks to create incentives and provide rewards for performance and accomplishments by its officers that will further these goals.

The Committee's compensation policy emphasizes competitive base salaries, annual incentive compensation or bonus plans for selected officers and management employees and long term incentive compensation in the form of stock options. Stock options are granted at exercise prices equal to the market value of the Company's shares on the date they are granted. Since the financial reward provided by stock options is dependent on appreciation in the market value of the Company's shares above those exercise prices, stock options reward executives for performance that results in improved market performance of the Company's stock, which directly benefits all stockholders. With the exception of standard health insurance benefits that are available to all of its employees, the Company provides essentially no perquisites to the CEO or its other executive officers.

Base Salaries. All executive officer salaries are reviewed and evaluated at least once per year. In determining appropriate salary levels and salary increases, the Compensation Committee considers the extent to which the Company has achieved, and the extent of the executive's contribution to the achievement of, its strategic goals, the level of responsibility of the executive, and his or her experience and qualifications. In addition, the Committee recognizes that to be able to retain its existing executives and attract new executives, the Company must offer executive salaries that are comparable to those paid by its competitors. As a result, the Compensation Committee also considers published data regarding compensation paid by similar companies to individuals holding positions comparable to those held by the Company's executive officers.

Incentive Compensation. During fiscal 2004 the Compensation Committee adopted individualized incentive compensation plans for Messrs. Haynes, Lewis and Hall. The incentive compensation plans adopted for Messrs. Haynes and Lewis established revenue, expense and earnings goals (performance goals) and individualized management objectives for fiscal 2004 and provided for the payment of bonuses to each of them based on the extent to which (i) the Company achieved those performance goals and (ii) the executive achieved management objectives established for him by the Committee. Under those plans, Mr. Haynes earned a bonus of \$200,000 and Mr. Lewis earned a bonus of \$125,000, based on the Company's financial performance in fiscal 2004 and the extent to which they achieved their individualized performance goals established for them by the Committee. Mr. Haynes also was awarded a discretionary bonus in the amount of \$25,000 by the Compensation Committee. Mr. Hall's 2004 incentive compensation plan provided for the payment of a bonus to him based on the extent to which the Company's grading and authentication businesses, the operations of which he directs, achieved certain performance goals established for those businesses for fiscal 2004. He received a bonus of \$300,000 under that plan for fiscal 2004.

The Compensation Committee has established similar incentive compensation plans for Messrs. Haynes, Hall and Lewis for fiscal 2005, which are based on performance goals and individualized management objectives established for each of them by the Compensation Committee for fiscal 2005.

CEO Compensation. During fiscal 2004, the Compensation Committee approved an extension of Mr. Haynes employment agreement with the Company and increased his annual base salary by 10% from \$250,000 to \$275,000 based on the Committee's review of salaries being paid to chief executive officers by other companies of comparable size. In June 2004, the Compensation Committee approved a further increase in Mr. Haynes annual base salary to \$300,000 based on a study conducted for the Committee and recommendations made by an outside compensation planning and advisory firm. During fiscal 2004, the Compensation Committee also granted Mr. Haynes an option to purchase up to 40,000 shares of Company common stock at an exercise price equal to the closing price of the Company's shares, as reported by NASDAQ, on the date that option was granted. The option will become exercisable in four equal annual installments as to 10,000 shares each, beginning in July 2005 (one year after the grant date), subject to earlier termination (as described below) upon a termination of employment. As described above, the Compensation Committee also established an incentive compensation plan for Mr. Haynes.

Stock Options and Equity-Based Programs. The grant of stock options represents the only form of long term incentive compensation that is awarded by the Company to its executive officers. As discussed above, the Committee believes that the grant of stock options better aligns the interests of the Company's executive officers with those of the stockholders by rewarding the executive officers for increases in the market value of the Company's shares. In addition, the Compensation Committee believes that stock option grants provide the Company with a mechanism for recruiting individuals by providing an opportunity for those officers to profit from the results of their contributions to the Company. Generally, options granted to executive officers become exercisable in four or five annual installments usually commencing one year after the date of grant. As a result, option grants also help ensure that operating decisions are based on long-term results that benefit the Company and ultimately the Company's stockholders.

The options granted to executive officers provide the right to purchase shares of common stock, at the fair market value on the date of grant. Each stock option may become exercisable (vests) either immediately or over a period of time that generally ranges from one to five years as determined by the Compensation Committee at the time the option is granted; although, in most cases, vesting occurs over a four to five year period. Once vested, options remain exercisable for a stated term, generally 10 years; however, on termination of an optionee's employment, options that have not yet become vested terminate automatically and vested options terminate three months (or, in the event such termination is due to the disability or death of the optionee, 12 months) thereafter. Decisions with respect to the number of shares covered by each option grant and the frequency of option grants to executives reflect the Compensation Committee's assessment of the executive's level of responsibility, his or her past and anticipated future contributions to the Company and the impact the executive has on decisions that affect the overall success of the

Company.

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to the Company's audited consolidated financial statements for the fiscal year ended June 30, 2004 (the "financial statements").

The Audit Committee reports to the Company's Board of Directors and is responsible for assisting the Board in fulfilling its oversight responsibility as it relates to the Company's financial reporting, and its internal financial and accounting systems and accounting practices and policies. The Board of Directors has adopted an Audit Committee Charter that sets forth the authority and specific duties of the Audit Committee. A copy of the Charter is attached as Exhibit A to this proxy statement.

In discharging its responsibility, the Audit Committee has met and held discussions with management and Deloitte & Touche, LLP, the Company's independent auditors for the fiscal year ended June 30, 2004. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the financial statements with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (*Communications with Audit Committees*), as amended.

The Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (*Independence Discussions With Audit Committees*) and has discussed with them their independence from the Company and its management and has considered whether the independent auditors provision of non-audit services is compatible with maintaining their independence.

Based on these discussions and reviews, the Audit Committee recommended that the Board of Directors approve the inclusion of the Company's financial statements in the Company's Annual Report on Form 10-K for the year ended June 30, 2004, for filing with the Securities and Exchange Commission.

Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. We are not employees of the Company and no member of the Committee is, nor does any member of the Committee represent himself or herself to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have necessarily relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements.

INDEPENDENT PUBLIC ACCOUNTANTS

During fiscal 2004, Deloitte & Touche LLP (Deloitte) were the Company's independent auditors and provided audit services to the Company, which included the examination of the Company's consolidated financial statements for the year ended June 30, 2004 and reviews of the Company's consolidated financial statements included in the Company's quarterly reports on Form 10-Q filed with the SEC for the first three fiscal quarters of the year.

A representative of Deloitte & Touche LLP will attend the Annual Meeting, will have an opportunity to make a statement and will be available to respond to appropriate questions from stockholders.

The Audit Committee is in the process of obtaining proposals from Deloitte and other independent auditing firms with respect to the audit of the Company's consolidated financial statements for fiscal 2005 and, therefore, has not yet selected an independent auditor to conduct that audit. However, in the interim, the Audit Committee has approved the engagement of Deloitte to conduct a review of the Company's unaudited interim consolidated financial statements that will be included in its quarterly report on Form 10-Q for the quarter ended September 30, 2004 to be filed with the SEC.

Audit and Other Services Performed and Related Fees

Audit Related Services	\$ 324,891	\$ --
Tax Services	\$ 62,508	\$ 258,207
Other Services	\$ 27,180	\$ --

The Audit Committee Charter, a copy of which is attached as Exhibit A to this proxy statement, requires the Audit Committee to pre-approve all audit and non-audit engagements by the Company of the independent auditors. The Charter permits the Audit Committee to delegate such pre-approval authority to one or more of its members, but requires any pre-approval decision made pursuant to such a delegation of authority to be presented to the Audit

Committee at its next regularly scheduled meeting for the Committee's consideration and approval. All of the professional services rendered by Deloitte during fiscal 2004 were pre-approved in accordance with these procedures.

The Audit Committee determined that the provision of audit related, tax and other services rendered by Deloitte and the fees paid for those services in fiscal 2004 were compatible with maintaining Deloitte's independence.
