Notes to the Consolidated Financial Statements (Unaudited)

September 30, 2003

NOTE 1. Summary of Significant Accounting Policies

The accompanying consolidated financial statements include the accounts of Unity Bancorp, Inc. (the Parent Company) and its wholly-owned subsidiaries, Unity (NJ) Statutory Trust I and Unity Bank (the Bank , or when consolidated with the Parent Company, the Company), reflect all adjustments and disclosures which are, in the opinion of management, necessary for a fair presentation of interim results. All significant intercompany balances and transactions have been eliminated in consolidation. Certain reclassifications have been made to prior year amounts to conform to the current year presentation. The financial information has been prepared in accordance with generally accepted accounting principles and has not been audited. In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the dates of the statements of financial condition and revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Estimates that are particularly susceptible to significant changes related to the determination of the allowance for loan losses. Management believes that the allowance for loan losses is adequate. While management uses available information to recognize losses on loans, future additions to the allowance for loan losses may be necessary based on changes in economic conditions in the market. The interim unaudited consolidated financial statements included herein have been prepared in accordance with instructions for Form 10-Q and the rules and regulations of the Securities and Exchange Commission (SEC). The results of operations for the three and nine months ended September 30, 2003 are not necessarily indicative of the results which may be expected for the entire year. As used in this Form 10-Q, we and us and our refer to Unity Bancorp, Inc and its consolidated subsidiaries, Unity Bank and Unity (NJ) Statutory Trust I, depending on the context. Interim financial statements should be read in conjunction with the Company s consolidated financial statements and notes thereto for the year ended December 31, 2002, included in the Company s Annual Report on Form 10-K for the year ended December 31, 2002.

The Company applies Accounting Principles Board Opinion 25 and related Interpretations in accounting for its Option Plans. No stock-based employee compensation cost is reflected in net income, as all options granted under those plans have an exercise price equal to the market value of their underlying common stock on the date of grant. The following is the expanded disclosure of SFAS 148, for the three and nine months ended September 30, 2003 and 2002.

The Company is currently evaluating the findings of its Audit Committee's inquiry and, among other things, will determine an appropriate course of action as it relates to the Company's President.
