This Proxy Statement and the enclosed proxy are being mailed to stockholders on or about October 24, 2005.

On that date there were outstanding and entitled to vote 11,918,398 shares of Common Stock (\$.01 par value) of the Company. Broker non-votes and shares held by persons abstaining will be counted in determining whether a quorum is present at the Annual Meeting. Directors are elected by plurality of votes cast and all other proposals submitted to the stockholders must be approved by the vote of the holders of a majority of the shares of Common Stock represented in person or by proxy and entitled to vote at the Annual Meeting. Abstentions are counted as votes against a proposal, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved or not. Holders of shares of Common Stock are entitled to one vote per share on each matter to come before the meeting. Stockholders do not have cumulative voting rights.

If the enclosed proxy is properly executed and returned, the shares of Common Stock represented thereby will be voted at the meeting in accordance with the stockholder's instructions. If no instructions are given with respect to any matter, the proxy will be voted for such matter. Any stockholder giving a proxy for the meeting in the accompanying form may revoke it at any time prior to its being voted, by filing with the Secretary of the Company at the Company's principal executive office, 17022 South Figueroa Street, Gardena, California 90248, an instrument of revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person.

Solicitation of proxies may be made by directors, officers and other employees of the Company by personal interview, telephone or telegraph. No additional compensation will be paid for any such services. Costs of solicitation, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any other information furnished to the stockholders, will be borne by the Company. See Board of Directors and Committees of the Board below for a description of a Schedule 13D filed by Mr. Sherman McKinniss and Mr. Derickson.

Board of Directors and Committees of the Board

The Board of Directors held four meetings during fiscal year 2005. Each director attended at least 75% of the meetings of the Board of Directors and each committee on which he served.

The Board has an Audit Committee that operates under a written charter adopted by the Board. The members of the Audit Committee are Messrs. Allen, Snyder, Brown and Sandford. Each member of the Audit Committee is independent as defined by the requirements of the American Stock Exchange (AMEX). The functions of the Audit Committee are to approve of the engagement of the Company s independent registered public accounting firm and to review with them the plan and scope of their audit for each year, the results of such audit when completed, and their fees for services performed. During fiscal year 2005, the Audit Committee held four meetings. The Board has determined that Mr. Snyder is an independent director and that he meets the qualifications of an audit committee financial expert defined by the Securities and Exchange Commission (SEC).

In August 2004, Mr McKinniss and Mr. Derickson (see Security Ownership by Certain Beneficial Holders) filed a Schedule 13D with the SEC identifying themselves as a group holding 6,389,158 shares (53.6%) of the Company s outstanding Common Stock. As a result, the Company is treated as a controlled company under AMEX guidelines. Under these guidelines, the Company has available certain exemptions afforded controlled companies relating to the creation and composition of the Board s Nominating and Compensation Committees.

The Board does not have a Compensation Committee (See Report of the Board/Executive Compensation below). The Board does have a Nominating Committee, comprised in fiscal 2005 of Mr. McKinniss and Mr. Berman. The nominating committee does not have a written charter. Neither Mr. McKinniss nor Mr. Berman is independent as defined by the requirements of the AMEX. The function of the Nominating Committee is to nominate candidates for election to the Board of Directors of the Company at its annual meeting of stockholders. During fiscal year 2005, the Nominating Committee held one meeting.

Director Nominations

Criteria for Board Membership. In selecting candidates for appointment or re-election to the Board, the Nominating Committee considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to insure that at least a majority of the directors are independent under the rules of the AMEX. Nominees for director are selected on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of the Company s business environment, and willingness to devote adequate time to Board duties.

Stockholder Nominees. The nominating committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the nominating committee c/o the Secretary of the Company and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person s written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company s common stock which

are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualification of the nominee, and should be submitted in the time frame described under the caption, Stockholder Proposals for 2006 Annual Meeting below.

Process for Identifying and Evaluating Nominees. The Nominating Committee believes the company is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the nominating committee will renominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Nominating Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board and senior management of the Company. The Nominating Committee will evaluate each candidate's qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the Nominating Committee. Candidates meriting serious consideration will meet with all members of the Board. Based on this input, the Nominating Committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should

recommend to the Board that this candidate be appointed to fill a current vacancy on the Board, or presented for the approval of the stockholders, as appropriate.

The Company has never received a proposal from a stockholder to nominate a director. Although the Nominating Committee has not adopted a formal policy with respect to stockholder nominees, the committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Code of Ethics

For a number of years, the Company has had, in one form or another, a Code of Ethics for its employees. During fiscal 2004, the Company adopted a revised version of its Code of Ethics to comply with SEC regulations and AMEX listing standards. This Code of Ethics is available under Investor Relations on the Company's website at www.rotonics.com. The Code of Ethics applies to all of the Company's employees, officers and directors.

Communications with Directors

Stockholders who wish to communicate with our directors may do so using the procedures provided on our website at www.rotonics.com. The Company encourages its directors to attend its annual meetings. All eight elected directors attended the Company's 2004 Annual Meeting.

The present executive officers of the Company are Sherman McKinniss, President, Chief Executive Officer and Chairman of the Board; E. Paul Tonkovich, Secretary; and Douglas W. Russell (age 44), Treasurer, Chief Financial Officer and Assistant Secretary. Mr. Russell has been employed by the Company since May 1991. Prior to that he was a Senior Auditor for the accounting firm of Hallstein & Warner from 1988 until 1991, and was the Assistant Controller of RMI from September 1985 to September 1987. Mr. Russell is the son-in-law of Mr. McKinniss.

Report of the Board/Executive Compensation

Executive Officers. The annual compensation of the Company's executive officers, other than Mr. McKinniss, is recommended by the President and reviewed and approved by the Board of Directors. The salary recommendations are based on the Chairman's perspective of the value of that position at the Company, the executive's individual performance, the Company performance and compensation for similar positions at other companies within the industry. The Company believes that compensation of the Company's executive officers should be sufficient to attract and retain highly qualified personnel and should also provide meaningful incentives for superior performance. The Company seeks to reward achievement of long and short-term performance goals measured by successful development of new products, increases in sales volumes, meeting or exceeding financial targets established by the Board of Directors, and other factors. The Company's executive compensation generally consists of a base salary and a cash bonus. Executive compensation paid to Mr. Russell, consisting of a base salary and a cash bonus, is determined under the guidelines of his employment agreement (see Employment Agreements). The employment agreement establishes a base salary and a minimum annual increase tied to the cost of living. The Board of Directors may approve an increase in base salary in excess of that required by the contractual cost of living adjustment based on the Board's determination of Mr. Russell's respective performance and contribution using the same process and philosophy as indicated above. The cash bonus paid to Mr. Russell during fiscal 2005 was approved by the Board of Directors in accordance with the terms outlined in his employment agreement.

The Board of Directors may also issue stock options pursuant to the Company's Stock Option Plan as additional long-term incentive compensation to its key executives.

Chief Executive Officer. The Company's Board of Directors meets once each year, separately from Sherman McKinniss, to discuss compensation arrangements for Mr. McKinniss, President, CEO and Chairman, and the employment contract with him (see Employment Agreements). The base salary and bonus paid to Mr. McKinniss is determined within the guidelines of his employment agreement, which establishes a base salary and a minimum annual increase tied to the cost of living. The Board of Directors may approve of an increase in base salary in excess of that required by the contractual cost of living adjustment based on the Board's determination of Mr. McKinniss' performance and contribution using a similar process and philosophy as that employed for other executive officers. The Board of Directors assess Mr. McKinniss' leadership, performance and contributions towards achieving the Company's long-term strategic and financial objectives. There is no specific formula employed between the Company's stated goals and performance and the Board's determination; instead the Board's judgment and discretion is used in determining the base salary. The cash bonus paid to Mr. McKinniss during fiscal 2005 was approved by the Board of Directors in accordance with the terms outlined in his employment agreement.

Effective July 3, 2005, the annual salary for Mr. McKinniss was adjusted to \$436,405 pursuant to the terms of his employment agreement. See Report of the Board/Executive Compensation . In addition to Mr. McKinniss' base salary, under the agreement he is to be paid an annual bonus equal to one percent (1%) of the total operating income of the Company (before taxes and extraordinary items) earned by the Company for the preceding fiscal year ending June 30th. The agreement contains certain noncompetition and nondisclosure covenants. The agreement also allows for termination of employment by either party voluntarily or for cause as outline in the agreement. If the Company terminates the employment of Mr. McKinniss for reasons other than cause, disability or death, Mr. McKinniss will be entitled to receive termination payments equal to the continuance of his current base salary for a period of twelve (12) months from termination.

The Company has entered into an employment agreement with Mr. Russell that expires September 30, 2007. This agreement is subject to an automatic annual extension for one additional year unless 90 days prior to its anniversary a written notice is served by either party to terminate the agreement. All members of committees of the Board received \$250 for each meeting which they attended, plus reimbursement for reasonable expenses incurred, unless such meetings occurred on the day of meetings of the full Board, in which case such committee members received no additional compensation. The Company incurred directors' fees totaling \$27,000 in fiscal year 2005. Directors who are employees of the Company have not been separately compensated for their services as directors.
