PROPOSAL OF THE BOARD OF DIRECTORS

TO

THE EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS

Dear Stockholders:

Whereas

- a) the office of the Attorney General of the State of Minas Gerais has recommended that the Bylaws should ensure participation by the State in the decisions of the wholly-owned subsidiaries and companies controlled by Cemig, so as to preserve its condition of controlling stockholder, in accordance with the Constitution of the State of Minas Gerais and the current legislation;
- b) there is a need for restructuring of the distribution of competencies between the various management bodies of the company;
- c) there is a need, in particular, for adjustment of the attributions of the Audit Board, to permit it to assume the attributions demanded by the Sarbanes-Oxley Law;
- d) it is convenient that there should be provision in the Bylaws relating to the distribution of profits or results to the employees, and also of profits to the managers, in accordance with the limits to be fixed by the General Meeting of Stockholders to comply with Article 190 of Law 6404 of December 15, 1976, and the rulings of the Brazilian Securities Commission (CVM);
- e) a provision in the Bylaws governing distribution of profits or results is, also, necessary, as a means of tax planning, since it makes possible the deduction of profit shares distributed directly from profit and avoids infringement notices by the Federal Revenue Service, which has happened to the company precisely because of the absence of this provision;
- f) there is a need to introduce a provision for possibility of contracting third party liability insurance for the managers of the company, upon a proposal by its Board of Directors;
