PROPOSAL BY THE BOARD OF DIRECTORS

TO THE EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS

TO BE HELD ON JUNE 17, 2010.

Dear Stockholders:

Whereas:

- a) The 2001 budget of Cemig Distribuição S.A. - Cemig D includes its program of investment and expenses, which also meets the requirements stipulated by the regulatory body, and does not cause any adverse effect on the next Tariff Review due to non-realization of investments planned for the current regulatory cycle; and also enables the use of the benefits relating to injections of funds via the CDE and RGR funds, for compliance with the Universalization Program;
- b) the debt contracted for acquisition of Terna Participações S.A. does not yet significantly affect the level of indebtedness of Cemig Geração e Transmissão S.A. - Cemig GT, since the maturity of the debt raised for this acquisition is for long-term;
- c) the debts to be paid in the current year by Cemig GT are not sufficient to keep the debt indicators below the limits established by the Bylaws;

d) the consolidated budget of Companhia Energética de Minas Gerais - Cemig, Cemig D and Cemig GT for 2010 provides for the financial covenants stipulated in Cemig's Bylaws.

e) Paragraph 5 of Article 11 of Cemig's Bylaws specify that in the administration of the Company and in the exercise of the right to vote in wholly-owned and other subsidiaries, affiliated companies and consortia, the Board of Directors and the Executive Board shall faithfully obey and comply with certain targets, including limitation of the consolidated amount of the funds allocated to capital investment and acquisition of any assets, in any year, to a maximum of 40% (forty per cent) of Ebitda (Earnings before interest, taxes, depreciation and amortization), and this indicator is expected to be 83% (eight three per cent) at the end of 2010;

now proposes to you:

to authorize the target contained in subclause d of Paragraph 5 of Clause 11 of the Bylaws, which refers to the consolidated amount of funds allocated to capital investment and acquisition of any assets, to be exceeded in the business year of 2010, up to a maximum limit of 90% (ninety per cent) of the Company's Ebitda (Earnings before interest, taxes, depreciation and amortization).

As can be seen, the objective of this proposal is to meet the legitimate interests of the stockholders and of the Company, for which reason it is the hope of the Board of Directors that you, the stockholders, will approve it.
