Dear Fellow Shareholder,

The Solera National Bancorp Annual Meeting of Shareholders was convened on Thursday, June 16, 2011. There were insufficient shares represented by person or proxy at the meeting to establish a quorum for the election of directors and ratification of the independent registered public accounting firm. Accordingly, the meeting was adjourned and scheduled to reconvene on June 30, 2011 at 10:00 am, MDT, at 5801 West Alameda Ave, Suite B, Lakewood, CO 80226.

The board of directors believes it is important to engage in constructive dialogue with all of our shareholders. We have had some discussion with shareholders over the past few weeks regarding the composition of the board of directors, the current stock price and market liquidity.

*Board of Directors*

The Nomination and Governance Committee is responsible for identifying potential new board members. The Committee is actively engaged in identifying potential candidates that will enhance the board of directors. We are currently compiling a list of experienced, well-respected, banking and business professionals and will contact these individuals to discuss possible board membership. The Nomination and Governance Committee will review all potential nominees and their qualifications and make a recommendation to the full board of directors as to which persons should be considered as new board members. The board of directors welcomes shareholders to submit the name of any qualified potential nominee for review by the Nomination and Governance Committee.

*Stock Price and Market Liquidity*

During the past three years, our country's financial system experienced a meltdown not seen since the Great Depression. No one is pleased with the current values afforded small community bank stocks. We would all like to see Solera's stock price reflect a premium to the Company's

We believe that communicating Solera's unique vision, strengths and abilities will increase market visibility and transparency with potential investors. We have engaged the premier banking investor relations firm, The Cereghino Group, to assist with the implementation of our investor relations program. The key goals of our investor relations program will be to:

- Gain fair valuation for the Company's stock
  - Increase trading activity
-

- Develop a loyal base of long-term investors
- Broaden distribution by reaching new shareholders
- Foster credibility with a consistent and compelling message to the financial markets
- Enhance the Company's image and reputation

We are also establishing multi-media shareholder communication platforms that will enable the Company to communicate with investors in a real-time format.
