Unaudited Pro Forma Condensed Consolidated Financial Information

During the year ended December 31, 2011, Extra Space Storage Inc. (the Company) acquired, in separate transactions, 55 properties located in California, Colorado, Florida, Illinois, Indiana, Kentucky, Maryland, Massachusetts, Nevada, New Jersey, New York, Ohio, Rhode Island, Tennessee, Texas, Utah, and Virginia for an aggregate purchase price of approximately \$290 million.

Audits were performed on 25 of the acquired properties, which were comprised of a 19-property portfolio acquired from Storage Solutions/Union Development Company, Inc. (Storage Solutions), an unrelated third party, and a six-property portfolio acquired from Everest Real Estate Fund LLC (Everest), a joint venture in which the Company held a minority interest.

The following unaudited pro forma condensed consolidated financial information of the Company as of and for the nine months ended September 30, 2011 has been derived from (1) the historical unaudited financial statements of the Company as filed in the Company's Form 10-Q for the nine months ended September 30, 2011, (2) the historical unaudited statements of revenues and certain operating expenses of the 25 audited properties that were acquired during 2011, and (3) the historical unaudited statements of revenues and certain operating expenses of the remaining 30 self-storage properties that were acquired during the year ended December 31, 2011.

The following unaudited pro forma condensed consolidated financial information of the Company for the year ended December 31, 2010 has been derived from (1) the historical audited financial statements of the Company as filed in the Company's Form 10-K for the year ended December 31, 2010, (2) the historical statements of revenues and certain operating expenses of the 25 audited properties that were acquired during 2011, and (3) the historical unaudited statements of revenues and certain operating expenses of the remaining 30 self-storage properties that were acquired during the year ended December 31, 2011.

The unaudited pro forma condensed consolidated balance sheet as of September 30, 2011 reflects adjustments to the Company's unaudited historical financial data to give effect to the 28 properties acquired subsequent to September 30, 2011 as if they had been acquired on September 30, 2011.

The pro forma condensed consolidated statements of operations for the nine months ended September 30, 2011 and for the year ended December 31, 2010 reflect adjustments to the Company's historical financial data to give effect to the acquisition of all 55 self-storage properties as if each acquisition had occurred on the first day of each period presented. The pro forma amounts have been adjusted to exclude any operations from the date of acquisition to September 30, 2011 if such acquisition occurred before September 30, 2011 because such amounts are already included in the historical results.

The unaudited pro forma adjustments are based on available information. The unaudited pro forma condensed consolidated financial information is not necessarily indicative of what the Company's actual financial position or results of operations for the period would have been as of the date and for the periods indicated, nor does it purport to represent the Company's future financial position or results of operations. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the basis of accounting used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues and certain operating expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in the filing of a Form 8-K of Extra Space Storage Inc. as described in Note 1 to the financial statement and is not intended to be a complete presentation of the Properties revenue and expenses.

1. ACQUISITION, ORGANIZATION AND BASIS OF PRESENTATION

Acquisition of properties

The accompanying statement of revenues and certain operating expenses relates to the operation of 19 properties owned by Storage Solutions / Union Development Company, Inc. (the Properties). The Properties were acquired by Extra Space Storage Inc. (Extra Space) from Storage Solutions / Union Development Company, Inc. on October 19, 2011. Extra Space did not hold any ownership interests in the Properties prior to the acquisition. The Properties consist of land and self-storage facilities located in California.

Basis of presentation

The accompanying statement of revenues and certain operating expenses was prepared for the purpose of complying with Rule 3-14 of Regulation S-X. The statement is not representative of the actual operations of the Properties for the year ended December 31, 2010, as certain expenses, which may not be comparable to the expenses expected to be incurred by the Properties in future operations, have been excluded as discussed below. The management of the Properties is not aware of any material factors that would cause the reported financial information not to be indicative of future operating results.

Certain operating expenses include real estate taxes and certain other operating expenses related to the operations of the Properties. Excluded expenses include mortgage interest, depreciation and amortization and certain other costs not directly related to the future operations of the Properties.

The statements of revenues and certain operating expenses for the nine months ended September 30, 2011 and 2010 are unaudited. In the opinion of management, these interim financial statements reflect all necessary adjustments for a fair presentation of the revenues and certain operating expenses of the respective periods. All such adjustments are of a normal recurring nature.

2. REVENUE RECOGNITION

Revenue is principally obtained from tenant rentals under month-to-month operating leases. The Properties recognize rental revenue daily on a straight line basis over the terms of the leases. Tenants move in and out throughout the month and revenue is recognized on a pro-rata basis for the days each unit is occupied during the month. Revenue is recognized for past due tenants until the unit is vacated through either payment or auction.

The Properties recognize revenue for merchandise sales as the sales take place. Revenue for late fees and other miscellaneous items are included in other revenue as they are earned under the terms of the rental contracts.

3. EXPENSE RECOGNITION

Property expenses, including utilities, repairs and maintenance and other costs to manage the facilities are recognized as incurred. Expenses such as property taxes and property insurance are recognized over their respective assessment or coverage periods. The Properties recognize bad debt expense based upon the Properties' historical collection experience and current economic trends.

4. USE OF ESTIMATES

The preparation of the statement of revenues and certain operating expenses, in conformity with accounting principles generally accepted in the United States, requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

5. COMMITMENTS AND CONTINGENCIES

The Properties are not presently involved in any material litigation nor, to management's knowledge, is any material litigation threatened against the Properties, other than routine legal matters arising in the ordinary course of business. Management believes the costs, if any, incurred by the Properties related to such litigation will not materially affect the operating results of the Properties.
