Item 7.01. Regulation FD Disclosure.

On October 12, 2012, Carolina Power & Light Company d/b/a Progress Energy Carolinas, Inc. (Progress Energy Carolinas) filed a rate case with the North Carolina Utilities Commission (the NCUC) requesting an average 11 percent increase in net retail revenues, or approximately \$359 million increase in rates. The requested increase is premised upon a North Carolina retail rate base of \$6.9 billion and an 11.25% return on equity on a 55.4% equity component of the capital structure. The rate increase request is primarily driven by capital investments for plant modernization and recovery of costs. A procedural schedule has not yet been established, but if approved by the NCUC, rates are expected to go in effect in mid-2013.
