Item 3. Source and Amount of Funds or Other Consideration

This Amendment amends and restates Item 3 of the Original Schedule 13D in its entirety as set forth below:

Edgar Filing: Midstates Petroleum Company, Inc. - Form SC 13D/A

On August 11, 2012, the Issuer and Midstates Petroleum Company, LLC (Midstates Sub), a wholly-owned subsidiary of Issuer, entered into an Asset Purchase Agreement (the Agreement) with Eagle, pursuant to which Midstates Sub agreed to acquire certain interests in producing oil and natural gas assets, unevaluated leasehold acreage in Oklahoma and Kansas and the related hedging instruments (the Transaction). The aggregate purchase price, subject to adjustment as provided in the Agreement, consisted of (a) \$325.0 million in cash and (b) 325,000 shares of Series A Preferred Stock (Series A Stock) of Midstates with an initial liquidation preference of \$1,000 per share.

On October 1, 2012, Midstates issued 260,000 shares of Series A Stock in connection with the closing of the Transaction to Eagle Operating, and deposited 65,000 shares of Series A Stock (the Escrowed Shares) into an escrow account to secure certain of Eagle s indemnity obligations under the Agreement. On October 1, 2013, all of the Escrowed Shares were released to Eagle. On October 2, 2013, Eagle transferred the Escrowed Shares to Eagle Operating.

Dividends on the Series A Stock accrued at a rate of 8.0% per annum, payable semiannually on March 30 and September 30, at Midstates sole option, in cash or through an increase in the liquidation preference. On each dividend payment date through September 30, 2015, Midstates elected to pay the dividend due on such date through an increase in the Series A Stock liquidation preference. Additionally, the Series A Stock were entitled to participate

on an as-converted basis in any Common Stock dividends declared during the period in which Series A Stock was outstanding.

The shares of Series A Stock were convertible, in whole but not in part, at the option of the holders of a majority of the outstanding Series A Stock into shares of Common Stock on or after October 1, 2013. From October 1, 2013, the Series A Stock could have been converted, in whole but not in part, at the option of the holders of a majority of the outstanding shares of Series A Stock, into a number of shares of Common Stock calculated by dividing the then-current liquidation preference by the conversion price of \$13.50 per share. If not previously converted, the Series A Stock were subject to mandatory conversion into shares of Common Stock on September 30, 2015 at a conversion price based upon the volume weighted average price of Common Stock during the 15 trading days immediately prior to the mandatory conversion date, but in no instance could the price be greater than \$13.50 per share or less than \$11.00 per share. The maximum and minimum conversion prices were also subject to adjustments for certain events, such as the reverse stock split that occurred on August 3, 2015. Following the reverse stock split, the maximum and minimum conversion prices were adjusted to approximately \$135.00 per share and \$110.00 per share, respectively.

Holders of the Series A Stock were entitled to vote on an as-converted basis on all matters submitted to common shareholders for approval other than the election of members to Midstates' board of directors and proposals seeking the approval of certain transactions where the holders of the Series A Stock would be entitled to consideration at least equal to their liquidation preference. After October 1, 2013, in the event the Midstates volume weighted share price exceeded the conversion price then in effect for 15 consecutive trading days, rights to vote the Series A Stock on an as-converted basis would have terminated. Additionally, as long as any shares of Series A Stock remained outstanding, holders of the Series A Stock were entitled to elect one member to the Midstates' board of directors.

On September 30, 2015, all of the 325,000 shares of Series A Stock held by Eagle Operating automatically converted into 3,738,424 shares of Common Stock of Midstates (the Converted Shares). On the same date, Eagle Operating distributed the Converted Shares to Eagle Oklahoma and Eagle Operating GP, which in turn distributed its Converted Shares to Eagle Oklahoma, and Eagle Oklahoma distributed the Converted Shares to its members in accordance with its Third Amended and Restated Limited Liability Company Agreement dated as of October 9, 2012. As part of this in-kind distribution, Eagle Holdings received 3,541,665 shares of common stock.
