PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

The enclosed proxy is solicited by the Board of Directors of PAR Technology Corporation (the “Board”), a Delaware corporation (the “Company”), for use at the Annual Meeting of Shareholders (the “Meeting”) to be held at 10:00 AM, local time, on Thursday, May 22, 2014, at Langham Place, Fifth Avenue, 400 Fifth Avenue, New York, New York 10018 and at any postponement or adjournment thereof. The approximate date on which this Proxy Statement, the form of proxy and Annual Report for the fiscal year ending December 31, 2013 are first being sent or given to shareholders is April 11, 2014.

Purpose of Meeting

At the Meeting, the shareholders will be asked to consider and vote on the following matters:

1. To ratify the reservation of an additional 500,000 shares for issuance under the PAR Technology Corporation 2005 Equity Incentive Plan;
2. To adopt amendments to the Company’s Certificate of Incorporation and By-Laws to declassify the Board of Directors;
3. To obtain a non-binding advisory vote regarding the compensation of the Company’s Named Executive Officers; and
4. To transact such other business as may properly come before the Meeting or any adjournments or postponements of the Meeting.

Each of the proposals is described in more detail in this Proxy Statement.

Record Date, Voting Rights, Methods of Voting

Only shareholders of record at the close of business on April 2, 2014 will be entitled to notice of and to vote at the Meeting or any postponements or adjournments of the Meeting. As of that date, there were 15,754,266 shares of the Company's Common Stock, par value \$0.02 per share (the “Common Stock”), outstanding and entitled to vote. Treasury shares are not voted. Each share of Common Stock entitles the shareholder to one vote on all matters to come before the Meeting including the election of the Directors. The holders of shares representing a majority, or 7,877,134 votes, represented in person or by proxy, shall constitute a quorum to conduct business.

Table of Contents

Broker discretionary voting (voting without specific instruction from the shareholder) has been eliminated in connection with uncontested election of directors and corporate governance matters supported by management. As a result, broker discretionary voting will not be allowed with respect to any of the above proposals. Every shareholder is encouraged to participate in voting.

The Company has also been advised that many states are strictly enforcing escheatment laws and requiring shares held in “inactive” accounts to escheat to the state in which the shareholder was last known to reside. One way shareholders can ensure their account is active is to vote their shares.

Shareholders may vote in person or by proxy. Shareholders of record can vote by telephone, via the Internet or at the Meeting. If you are a beneficial shareholder, please refer to your proxy card or the information forwarded to you by your bank, broker or other holder of record to identify which options are available to you. If you take advantage of telephone or Internet voting, you do not need to return your proxy card. Telephone and Internet voting facilities for shareholders of record will be available 24 hours a day, and will close at 3:00 AM on May 22, 2014.

A shareholder’s right to attend the Meeting and vote in person will not in any way be affected by the method by which the shareholder has voted. The last vote of the shareholder is controlling. If shares are held in the name of a bank, broker or other holder of record, the shareholder must obtain a proxy, executed in their favor, from the holder of record to be able to vote at the Meeting. All shares that have been properly voted and not revoked will be voted at the Meeting. When proxies are returned properly executed, the shares represented by the proxies will be voted in accordance with the directions of the shareholder. In those instances where proxy cards are signed and returned, but fail to specify the shareholder’s voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. The proxy solicited hereby may be revoked at any time prior to its exercise by: (i) executing and returning to the address set forth above a proxy bearing a later date; (ii) voting on a later date via telephone or Internet; (iii) giving written notice of revocation to the Secretary of the Company at the address set forth above; or (iv) voting at the Meeting.

Voting

With respect to the ratification of the amendment of the PAR Technology Corporation 2005 Equity Incentive Plan to reserve an additional 500,000 shares of the Company’s Common Stock for issuance under the Plan, a Shareholder may: (i) vote “FOR”, (ii) vote “AGAINST” or (iii) “ABSTAIN” from voting. A majority of the votes cast by the holders of shares of capital stock present or represented by proxy and entitled to vote thereon (a quorum being present) is required to ratify the amendment of the 2005 Equity Incentive Plan. For this proposal, abstentions and broker “non-votes” are included in the number of shares present or represented for purposes of determining whether a quorum exists, but are not considered as shares voting or as votes cast with respect to such matter. As a result, abstentions and broker “non-votes” will not have any effect on such proposals.

A Shareholder may, in connection with the proposals to adopt amendments to the Company’s Certificate of Incorporation and By-Laws to declassify the Board of Directors, (i) vote “FOR”; (ii) vote “AGAINST”; or (iii) “ABSTAIN” from voting. An affirmative vote of two thirds (66.667%) of the shareholders entitled to vote generally for the election of directors is required for approval. Therefore, abstentions and broker “non-votes” have the practical effect of being votes against the matter.

With respect to the non-binding advisory vote regarding the compensation of the Company’s Named Executive Officers, a shareholder may: (i) vote “FOR”; (ii) vote “AGAINST”; or (iii) “ABSTAIN” from voting. For this proposal, the vote is advisory and not binding on us or the Board in any way. Therefore, there is no vote required for approval. However, the Board and the Compensation Committee will take into account the outcome of the vote when making future decisions regarding our executive compensation programs.

With respect to any other matter that properly comes before the Meeting, the affirmative vote of the holders of a majority of the shares of Common Stock represented in person or by proxy and entitled to vote on the proposal will be required for approval.

Electronic Access to Proxy Materials and Annual Report

This Proxy Statement, form of proxy and the Company's Annual Report to its shareholders for the year ended December 31, 2013, including audited consolidated financial statements are available on the Company's web site at www.partech.com/investors/proxy.

Proxy Solicitation and Costs

In addition to the use of the Internet and mail service, directors, officers, employees and certain stockholders of the Company may solicit proxies on behalf of the Company personally, by telephone or by facsimile or electronic transmission. No additional compensation will be paid to such individuals. The Company will bear the cost of the solicitation of proxies, including the preparation, assembly, printing and mailing of the Notice of Internet Availability, this Proxy Statement and any additional information furnished to shareholders. The Company will also bear the cost of the charges and expenses of brokerage firms and others forwarding the solicitation material to beneficial owners of shares of the Company's Common Stock. The Internet and telephone voting procedures are designed to verify a shareholder's identity, allow the shareholder to give voting instructions and confirm that such instructions have been recorded properly.

As currently required by the Company's Certificate of Incorporation, the members of the Board of Directors (the "Board") are divided into three classes with approximately one-third of the Board standing for election at each Annual Meeting. The Directors are elected for the term specified, and hold office until their respective successors have been duly elected and qualified or until their resignation or removal, if earlier. At this Meeting, no Directors will be elected. On March 11, 2014, Directors Jost and Simms, both of whom are Class I Directors, indicated they did not wish to stand for re-election and would step down from their positions effective at the Meeting. In addition, Chairman Ahn indicated he would retire from the Board effective at the Meeting. The Company is currently undergoing an extensive search for candidates to replace these directors. Following the Meeting, the full Board expects to assume the responsibilities of all four standing committees of the Board until such time as the open seats on the Board have been duly filled. For those committees where independence is required of all members, any non-independent directors sitting on such committees shall resign from such committees as soon as reasonably practicable after the appointment of independent directors.

Table of Contents

Ronald J. Casciano. Mr. Casciano was appointed Director and named Chief Executive Officer and President of PAR Technology Corporation in March 2013 and has been Treasurer of the Company since 1995. Mr. Casciano was elected by the shareholders as a member of Class II of the Company's Board at the 2013 Annual Meeting of Shareholders. Prior to his promotion, Mr. Casciano, a Certified Public Accountant, had been Vice President, Chief Financial Officer and Treasurer of the Company since June 1995. In 2012, he was promoted to Senior Vice President. Mr. Casciano held the office of Chief Accounting Officer of the Company from 2009 to May 2012. Mr. Casciano joined the Company in 1983 and has served in several leadership roles with broad based management responsibilities, including accounting, finance, investor relations, information technology, human resources, and facilities. Mr. Casciano formerly served as a member of the Board of Directors and Chairman of the Audit Committee of Veramark Technologies, Inc., a position he has held from 2011 until the sale of that company in 2013. Mr. Casciano brings to the Board an in-depth understanding of the Company's finances and operations, financial and analytical skills as a certified public accountant, and a broad set of multi-functional management and organizational skills.

Dr. John W. Sammon. Dr. Sammon is the founder of the Company, served as the Company's Chief Executive Officer, President and Chairman of the Board until 2011 and currently serves on the boards of various subsidiaries of the Company. The extensive experience gained as leader of the Company since its inception gives Dr. Sammon an in-depth understanding of the Company's business and its customers. Dr. Sammon also brings to the Board his extensive leadership experience, strategic planning and broad organizational development expertise. In 2011, Dr. Sammon was named Chairman Emeritus of the Board. Dr. Sammon is a member of Class III of the Company's Board and has been a Director of the Company since 1968. Dr. Sammon is the father of Karen E. Sammon, President of ParTech, Inc., a wholly owned subsidiary of the Company.

CORPORATE GOVERNANCE

As provided by the By-Laws of the Company and the laws of the State of Delaware, the Company's state of incorporation, the business of the Company is under the general direction of the Board. Until the departure of Directors Ahn, Jost and Simms from the Board effective at the Meeting, the Board will be comprised of four non-management directors and one management director.

Director Independence. The Board of Directors has affirmatively determined that three of the non-management directors (Directors Ahn, Jost and Simms) are "independent" under the listing standards of the New York Stock Exchange ("NYSE"), the Company's Standards of Independence, and pursuant to the Company's Corporate Governance Guidelines. In order to assist the Board in making this determination, the Board has adopted standards of independence as part of the Company's Corporate Governance Guidelines, which are available on the Company's website at http://www.partech.com/wp-content/uploads/2012/01/PAR_Corp_Gov_Guidelines.pdf. These standards identify, among other things, material business, charitable and other relationships that could interfere with a Director's ability to exercise independent judgment. During 2013, there were no transactions, relationships or arrangements between the Company and Directors Ahn, Jost or Simms or any of their respective immediate family members or entities with which they are affiliated. There are no family relationships between any of these Directors and any of the Company's executive officers ("Executive Officers"). The Executive Officers serve at the discretion of the Board.

Board Meetings and Attendance. In 2013, the Board held 11 meetings and the standing Committees of the Board held a total of 19 meetings. Each member of the Board attended at least 75% of the aggregate of all meetings of the Board and the committees on which they served. It is the Company's policy to encourage Directors to attend the Meeting but such attendance is not required. Last year, two members of the Board attended the Annual Meeting of Shareholders.

Table of Contents

Board Leadership Structure. On March 25, 2013, the Board, pursuant to its authority under the Company's By-Laws, amended the By-Laws to separate the Chairman of the Board from the office of Chief Executive Officer and elected Director Ahn to serve as non-executive Chairman of the Board. The Board has determined that the separation of the Chairman of the Board and Chief Executive Officer roles is appropriate for the Company at this time because it enables the Chief Executive Officer to focus more closely on the day to day operations of the Company, which is particularly valuable when a new executive management team has been appointed. The task of providing leadership of the Board will be the focus of the Chairman. Particularly, the Board believes the election of a non-executive Chairman enables the leader of the Company's Board to better represent shareholder interests and provide independent evaluation of and oversight over management. The Board also believes that such a separation is consistent with best practices of corporate governance of a publicly traded company. Prior to March 25, 2013, the leadership structure was such that the role of Chairman of the Board and Chief Executive Officer was held by Paul B. Domorski. To provide balance to the leadership of the Board, the independent Directors designated Director Ahn, Chairman of the Audit Committee, as the independent lead or Presiding Director with broad authority and responsibility. In this role, Director Ahn, during 2013, scheduled and presided at 10 executive sessions of the independent Directors without any management Directors or employees present, and communicated with the Chief Executive Officer to provide feedback and recommendations of the independent Directors.

Board Oversight of Risk Management. The Company views oversight of risk management as a responsibility of the Board. Throughout 2013, the Board dedicated a portion of its meetings to review and discuss specific risk topics in detail. In addition, at least twice each year the Board holds a comprehensive review with the management of each business segment during which the respective leaders of the Company's business units present to and discuss with the Board, the strategic and operational risks facing the management team, with Board follow-up as appropriate. The Audit Committee oversees the Company's risk policies and processes relating to the financial statements and financial reporting processes, including internal controls over financial reporting. The Audit Committee meets regularly with the Company's management, its Internal Audit function, and its independent public accounting firm regarding these matters and the effectiveness of such controls and processes. The Audit Committee regularly reports on such matters to the full Board.

Committees. The Board has four standing committees: Executive; Audit; Compensation; and Nominating and Corporate Governance. Pursuant to the Company's By-Laws, the Board may designate members of the Board to constitute such other committees as the Board may determine to be appropriate. The members of each of the four standing committees and the number of meetings held by each committee in 2013 are set forth in the following table. Following the Annual Meeting, the full Board will assume responsibilities of all four standing committees until such time as the open seats on the Board have been duly filled. For those committees where independence is required of all members, any non-independent directors sitting on such committees shall resign from such committees as soon as reasonably practicable after the appointment of independent directors.

Name	Executive	Audit	Compensation	Nominating and Corporate Governance
Mr. Ahn	Chair	Chair	X	X
Mr. Jost	X	X	Chair	X
Dr. Sammon	X			
Mr. Simms		X	X	Chair
2013 Meetings	0	6	6	7

Executive Committee. The Executive Committee has the delegated authority, subject to the limitations of the General Corporation Law of the State of Delaware; the Company's Certificate of Incorporation; and the Company's By-Laws, to exercise all powers of the Board in the management and direction of the business and affairs of the Corporation in all cases in which specific direction has not been provided by the Board. The Executive Committee meets when required on short notice during intervals between meetings of the Board.

Table of Contents

Audit Committee. The Audit Committee, in accordance with its Charter, assists the Board in oversight of the Company's accounting and financial reporting processes, systems of internal control, the audit process of the Company's financial statements, and the Company's processes for monitoring compliance with laws and regulations and the Company's code of ethics and conduct. As required by the New York Stock Exchange ("NYSE") and the committee Charter, the Audit Committee consists of a minimum of three members, each of whom has been determined by the Board to meet the independence standards adopted by the Board. During 2013, the Audit Committee consisted of three independent members of the Board: Chairman Ahn, and Directors Jost and Simms. The standards adopted by the Board incorporate the independence requirements of the NYSE Corporate Governance Standards and the independence requirements set forth by the SEC. The Board has determined that each of the members of the Audit Committee are "independent" as this term is defined by the NYSE in its listing standards, the members of the Audit Committee meet SEC standards for independence of audit committee members and no member of the Audit Committee has a material relationship with the Company that would render that member not to be "independent". The Charter requires all members of the Committee to be financially literate at the time of their appointment to the Committee, or within a reasonable time thereafter. The Board has determined that Chairman Ahn and Directors Jost, and Simms are each an "audit committee financial expert", as defined by the SEC. The number of meetings of the Audit Committee indicated in the table above includes meetings held separately with management, the Company's Internal Audit function, and the independent public accounting firm, as well as separate executive sessions with only independent Directors present. The Report of the Audit Committee begins on page 8 of this Proxy Statement.

Compensation Committee. The Compensation Committee Charter was amended and restated in 2013 to conform to the newly effective independence rules of the NYSE Governance Rules. The Committee's Charter and the requirements of the NYSE, require the Compensation Committee to be comprised of a minimum of three independent directors. The Board has determined that each of the members of this committee has met the independence standards adopted by the Board which incorporate the new independence requirements of NYSE listing standards. Meeting as needed, but no less than once per year, the Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of the Company's Chief Executive Officer, evaluates performance in light of those goals and objectives and determines and approves the compensation level (including any long-term compensation components) and benefits based on this evaluation. In addition, the recommendations of the Chief Executive Officer regarding the compensation, benefits, stock grants, stock options and incentive plans for all Executive Officers of the Company are subject to the review and approval of the Compensation Committee. The Compensation Committee also reviews and makes recommendations to the Board regarding the level and form of compensation for non-employee Directors in connection with service on the Board and its committees.

The Compensation Committee engaged the Burke Group as its compensation consultant for the 2013 fiscal year to provide market trend information in connection with both director and executive compensation. The Burke Group was tasked with assisting the Committee in understanding trends and best practices for director and executive compensation in public companies and assessing market practices in connection with executive salaries and long- and short-term incentives. In addition, the consultant developed recommendations for executive compensation reflecting the Company's strategic plans and compensation philosophy, while being consistent with market practices. It was in this framework, that the Burke Group provided the Committee assistance in developing grant terms under the Company's 2005 Equity Incentive Plan incorporating long-term performance goals aligning the interests of executives with those of the Company's shareholders. While the Burke Group provided benchmark data and a general framework for comparisons, the ultimate decisions regarding executive compensation remained with the Compensation Committee. Except for providing services to the Compensation Committee, the Burke Group has not provided any other services to the Company, any member of the Company's management, or any member of the Compensation Committee.

Table of Contents

Nominating and Corporate Governance Committee. Pursuant to its charter and NYSE listing standards, a minimum of three independent directors must constitute the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee assists the Board in meeting its responsibilities to: identify and recommend qualified nominees for election to the Board; develop and recommend to the Board a set of corporate governance principles, as set forth in the Company's Corporate Governance Guidelines; adopt a corporate code of ethics and conduct, as set forth in the Company's Code of Business Conduct and Ethics; and monitor the compliance with, and periodically review and make recommendations to the Board regarding the Company's governance. The Board has determined that each of the members of the Nominating and Corporate Governance Committee has met the independence standards adopted by the Board which incorporate the independence requirements of NYSE listing standards. During 2013 the Committee undertook a review of the Company's code of ethics and conduct. Upon completion, the new code was recommended to and approved by the Board for the implementation and is posted on the Company's website.

Committee Charters. Each of the Audit, Compensation, and Nominating and Corporate Governance Committees operate under a written charter approved by the Board. These charters are reviewed regularly by the respective committees, which may recommend appropriate changes for approval by the Board. During 2013, the Compensation Committee recommended and the Board approved an Amended and Restated Compensation Committee Charter which conforms to the new NYSE governance rules. Copies of the charters for the Audit, Compensation, and Nominating and Corporate Governance Committees are posted on the Company's website and a printed copy of these documents may be obtained without charge by written request. Requests can be made via the Internet or by mail. The respective website and address for making such requests for printed copies of these and other available documents may be found under the heading "Available Information" on page 30 of this Proxy Statement.

Presiding Director and Executive Sessions. The independent Directors chose Director Ahn to preside at regularly scheduled executive sessions of the independent Directors during 2013. Among his duties and responsibilities in this capacity, Director Ahn chaired and had the authority to call and schedule Executive Sessions and communicated with the Chief Executive Officer and the Board to provide feedback and recommendations of the independent Directors. The independent Directors met in executive session with only independent Directors being present a total of 10 times during 2013.

Communication with the Board. REPORT OF THE AUDIT COMMITTEE

The information contained in the following report is subject to the disclaimer regarding "filed" information and incorporation by reference contained on page 30 of this Proxy Statement.

Operating under a written charter approved and adopted by the Board and acting on behalf of and reporting to the Board, the Audit Committee provides oversight of the financial management, independent auditors and financial reporting process of the Company. The Audit Committee's charter is reviewed annually for changes as appropriate and is available on the Company's website or, upon request, in hardcopy (See "Available Information" on page 30 of this Proxy Statement). Three independent members of the Board comprised the Audit Committee during 2013. The independence of the members of the Committee was determined by the Board based upon its independence standards which incorporate the New York Stock Exchange governance rules and the SEC's independence requirements for members of audit committees. In addition, the Board determined that each member of the Committee, Sangwoo Ahn, Kevin Jost and James Simms, are "audit committee financial experts" as defined by rules set forth by the SEC. During 2013, the Audit Committee met six times.

The Company's management is responsible for establishing and maintaining adequate internal financial controls, preparing the Company's consolidated financial statements in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"), and the financial reporting process. The responsibility for auditing the Company's consolidated financial statements and providing an opinion as to whether the Company's consolidated financial statements fairly present, in all material respects, the consolidated financial position, results of operations and cash flows of the Company in conformity with U.S. GAAP rests with the Company's independent registered public accounting firm.

Table of Contents

The Audit Committee is responsible for selecting the independent registered public accounting firm for the Company. During 2013, BDO USA, LLP (“BDO”) served as the Company’s independent registered public accounting firm and has been selected by the Audit Committee to serve in that capacity again in 2014. BDO provided to the Audit Committee the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent communications with the Audit Committee concerning independence, and the Audit Committee has discussed with BDO the matters in those written disclosures, as well as BDO’s independence from the Company and its management. The Audit Committee has reviewed, met and discussed with BDO such other matters as are required to be discussed with the Committee by Auditing Standards No. 16, Communications with Audit Committees.

The Company’s internal audit function (“Internal Audit”) and BDO have unrestricted access to the Audit Committee. Throughout the year, the Audit Committee met and discussed the overall scope and plans for their respective audits, the results of their examinations, and their assessment of the overall quality of the Company’s financial reporting with BDO and Internal Audit. In addition, the Audit Committee met and discussed with Internal Audit their evaluation of the Company’s internal controls. These meetings were held both with and without Company management present.

In the context of the above, the Audit Committee has reviewed, met and discussed with management, BDO, and Internal Audit: (a) the audited consolidated financial statements in the Annual Report for the year ended December 31, 2013 (including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements); and (b) management’s assessment of the effectiveness of the Company’s internal control over financial reporting in compliance with Section 404 of the Sarbanes Oxley Act of 2002. Management represented to the Audit Committee that the Company’s consolidated financial statements as of and for the fiscal year ended December 31, 2013 were prepared in accordance with U.S. GAAP. In addition, the Audit Committee has held private sessions regarding these matters with the Company’s Chief Accounting Officer, Internal Audit and BDO. In reliance on the reviews and discussions with both management and BDO referred to above, the Audit Committee recommended to the Board and the Board approved, the inclusion of the audited consolidated financial statements in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

The Audit Committee considered and pre-approved any non-audit services provided by BDO during 2013 and 2012 and the fees and costs billed and expected to be billed for those services. The Audit Committee also considered whether the non-audit services provided by BDO were compatible with maintaining auditor independence. In reliance on the reviews and discussions with the Company’s management, and BDO, the Committee is satisfied that non-audit services provided to the Company by BDO are compatible with and did not impair the independence of BDO. A breakdown of the fees and costs billed to the Company by BDO during 2013 and 2012 is provided below in this Proxy Statement under the heading, “Principal Accounting Fees and Services”.

This report is provided by the following independent directors, who comprise the Audit Committee.

Audit-Related Fees are fees related to the performance of the audit or review of the financial statements and not reported within the audit fees above.

Tax Fees are fees for professional services for federal, state and international tax compliance, tax advice and tax planning.

All Other Fees are for any services not included in the first three categories.

Consistent with SEC policies regarding auditor independence, the Audit Committee has established a policy to pre-approve all auditing services and permitted non-audit services, including the fees and terms thereof, performed by the independent registered public accounting firm. As such, all auditing services and permitted non-audit services, including the fees and terms thereof, performed by the independent registered public accounting firm were pre-approved. The Audit Committee has concluded that the provision of the non-audit services listed above is compatible with maintaining the independence of the Company's independent registered public accounting firm.

The Audit Committee has selected BDO USA, LLP to serve as the Company's independent principal accountant for the current year. One or more representatives of BDO are expected to be in attendance at the Meeting, where they will have the opportunity to make a statement if they so desire, and be available to answer appropriate questions.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Such persons are required by SEC regulations to furnish the Company with copies of all such filings. Based solely on its review of the copies of such reports received by the Company and written representations from reporting persons, the Company believes that during 2013 all reports for the Company's executive officers and Directors that were required to be filed under Section 16(a) were filed on a timely basis except that a Form 4 in connection with a gifting transaction by Ms. Karen E. Sammon was filed late.

DIRECTOR COMPENSATION

Directors who are employees of the Company are not separately compensated for serving on the Board. All Directors are reimbursed for reasonable expenses incurred in attending meetings. For 2013, Director compensation consisted of (i) a fixed annual cash retainer paid to Directors (with no additional attendance fee for attendance at Board and committee meetings), and (ii) an award of 15,000 shares of restricted stock to independent Directors vesting at the rate of 25% every 90 days from the date of grant, with full vesting occurring 360 days after the date of grant, provided, as of the vesting dates, the independent Director's position had not been vacated by reason of resignation or removal for cause. Under terms of the grants, transfer of such stock is prohibited while the recipient serves as a Director except to the extent necessary to provide reimbursement for taxes incurred as a result of the vesting of such grants. The grants also stipulate that the Board may, in its discretion, waive any forfeiture triggered by the vacating of the independent Director and allow the grants to vest as scheduled. The Compensation Committee engaged the Burke Group as its compensation consultant for 2013 to provide market trend information in connection with compensation of the Company's Directors. The Burke Group was tasked with assisting the Committee in understanding trends and best practices in connection with director compensation in public companies. The Compensation Committee utilized the information provided by the compensation consultant in formulating its recommendations to the Board in connection with compensation to the Company's outside Directors. Upon recommendation of the Compensation Committee, the Board approved annual cash retainers at the same level as paid in 2012:

Independent Directors	\$ 75,000
Presiding Director and Chairman of Audit Committee	\$ 15,000

Philosophy

The Company's compensation philosophy regarding executive compensation is to structure programs that motivate executive officers to grow the Company's revenues and profits, creating long-term value for shareholders. To achieve this, compensation programs have been designed and implemented to (i) reward executive officers for operating performance and leadership, (ii) align their interests with shareholders, and (iii) encourage them to remain with the Company.

Objectives

The Company's compensation objectives are to:

- Reward performance and behaviors that reinforce the values of leadership, integrity, accountability, teamwork, innovation, and quality;
- Achieve the Company's overall performance goals;
- Ensure the alignment of compensation with the performance objectives of each of our employees, including executive officers; and
- Ensure alignment with management and shareholder interests.

Compensation Policy

Consistent with our philosophy, the Compensation Committee designs compensation programs for the Company's executive officers in accordance with the following overriding policies:

- Compensation must be tied to the Company's general performance and achievement of financial and strategic goals;
- Compensation opportunities should be competitive with those provided by other companies of comparable size engaged in similar businesses; and
- Compensation should provide incentives that align the long-term financial interests of the Company's executive officers with those of its shareholders.

In the view of the Compensation Committee, compensation paid to the executive officers, including the Named Executive Officers, in 2013 was consistent with the above policies. The primary responsibility of the Company's Chief Executive Officer and its other executive officers is the enhancement of shareholder value through balancing the requirements of long-term growth with the achievement of short term performance. The contribution an executive officer has made to achieve the Company's short term strategic performance objectives as well as that executive officer's anticipated contribution toward long term objectives provide the basis upon which the executive officer's individual compensation awards are established.

Compensation Consultant

The Compensation Committee has the authority to engage independent advisors to assist it in carrying out its duties. For 2013, the Compensation Committee engaged the Burke Group as its independent advisor with respect to executive compensation and incentive plan design. During 2013, the Burke Group's services to the Compensation Committee included providing an overview of current trends and best practices for executive compensation in public companies, benchmark data for salaries, incentives and equity grants, long-term incentive design alternatives, and pay

recommendations based on objectives, compensation philosophy, and market practices. Except for providing services to the Compensation Committee, the Burke Group has not provided any services to the Company, any member of the Company's management, or any member of the Compensation Committee.

Elements of Executive Compensation

To meet its compensation policy objectives, the Company compensated executive officers through a combination of Base Salary, Incentive Compensation (short-term), Equity Compensation, Deferred Compensation, and various benefits, including medical and 401(k) plans generally made available to all employees of the Company.

The determination of the Company's executive officers' compensation is solely within the purview of the Compensation Committee. In determining and assessing the appropriateness of the compensation for all executive officers, the Compensation Committee solicits and considers the self-assessment of each executive as to his or her performance against pre-established goals and objectives, as well as the executive's involvement in the day to day operations of the relevant business unit. In addition, the Compensation Committee also engaged an independent compensation consultant that supplied benchmark data from two third party surveys: the Towers Watson Top Management Compensation Report and the Economic Research Institute Executive Compensation Assessor. These third party compensation surveys are utilized by the Compensation Committee to evaluate the compensation levels of chief executive officers at companies of similar size and geographic location within the high technology sector.

In deciding compensation programs for the Chief Executive Officer, the Compensation Committee considered the third party information, market trends and best practices along with an assessment of individual contribution. The Chief Executive Officer does not have any role in establishing his compensation.

Base Salary. In setting the annual base salary of the Chief Executive Officer and in reviewing and approving the annual base salaries of the other executive officers, the Compensation Committee considered the salaries of executives in similar positions, the level and scope of responsibility, experience and performance of the individual executive officers, the financial performance of the Company and other overall general economic factors.

The Compensation Committee utilizes the benchmark data mentioned previously when reviewing annual base salaries. An objective of the Compensation Committee is to approve the salary for each executive officer near the average midpoint for similar positions identified in the surveys, taking into account variables such as industry, company size, geographic location, and comparison of duties. Consideration is also given to the individual performance of that executive officer, the performance of the organization over which the executive officer has responsibility, the performance of the Company and general economic conditions (with each factor being weighted as the Compensation Committee deems appropriate).

Incentive Compensation. The purpose of the Company's incentive compensation program for its executive officers is to provide financial incentive for meeting and exceeding pre-established financial performance goals for the respective businesses under their control. In general, the financial performance goals of the executive officers are approved by the Board.

For 2013, the financial performance measures taken into consideration to determine an appropriate incentive compensation bonus for executive officers were Consolidated Net Income and Business Unit Profit Before Tax. In 2013, the annual incentive compensation targets for the Named Executive Officers ranged from 50% to 65% of base salary. Named Executive Officers may earn from 0% to 200% of the individual target established for their business depending on actual financial performance compared to the actual goals of the operating plan. The incentive compensation bonus (assuming that each of the two aforementioned performance objectives were achieved at 100%) that could have been paid to Mr. Casciano, as a percentage of base salary, was 65%, while the percentage of base salary that could have been paid to Mr. Lynch and Mr. Jerabeck was 50%. The calculation of the award is based on performance level achievement of greater than 80% of the established goal. Cash payments are made following the completion of the Company's yearly audit.

For 2013, total awards paid to executive officers based on performance of their respective business units could not exceed a pre-determined percentage of consolidated net profit. Mr. Casciano and Mr. Jerabeck were measured on the performance of the Company as a whole, and due to the failure to achieve operating plan goals for the Company, neither received incentive compensation for 2013. Mr. Lynch was measured on the performance of the Government segment and received incentive compensation of \$247,061, representing 180% of target, for 2013 performance of the two business units that make up the Government segment.

Equity Compensation. Stock options granted under the 2005 Equity Incentive Plan may be either Incentive Stock Options as defined by the Internal Revenue Code (“Incentive Stock Options”) or options which are not Incentive Stock Options (“Non-Qualified Stock Options”). Options generally become exercisable no less than one year after their grant and expire 10 years after the date of the grant. Option grants are discretionary and the amount of the grant reflects of the value of the recipient’s position, as well as the current performance and continuing contribution of that individual to the Company. In keeping with its philosophy of providing long-term financial incentives that relate to improvement in long-term shareholder value, the Company provided for a Long Term Incentive (“LTI”) program under the Company’s 2005 Equity Incentive Plan consisting of options, time vesting restricted shares and performance vesting restricted shares.

Grants made in connection with Mr. Casciano’s promotion and Mr. Jerabeck’s employment offer were as follows. For Mr. Casciano, a grant under the LTI program was made in the amount of \$212,600, which consisted of 33% restricted stock shares, time vesting as of March 31, 2014; and 67% performance shares (i.e. restricted stock vesting over two years based on achievement of certain financial performance objectives). For these awards, the financial performance objectives are a series of annual Consolidated Profit Before Tax targets, with 50% of performance shares vesting annually upon achievement of these targets for 2014 and 2015. The terms and conditions of the award made to Mr. Casciano can be found as an exhibit to the Company’s Annual Report on Form 10-K for the fiscal year 2013 filed with the SEC on March 14, 2014. For Mr. Jerabeck, a grant of 50,000 options was made on April 15, 2013. This award consisted of options for the purchase of Company Common Stock, time-vested 25% per year over four years. The terms and conditions of the award made to Mr. Jerabeck can be found as an exhibit to the Company’s Quarterly Report on Form 10-Q for the second quarter, 2012 filed with the SEC on August 14, 2012.

On June 19, 2013, the Board approved a grant of time-vested restricted shares to senior executives. Grants were extended to Mr. Casciano, Mr. Lynch and Mr. Jerabeck in the amount of 12,500 shares; 8,500 shares; and 9,500 shares respectively. These grants will vest as follows: 50% over two years on the anniversary of the grant in 2014 and 2015. The terms and conditions of the awards made to Messrs. Casciano, Lynch and Jerabeck can be found as an exhibit to the Company’s Quarterly Report on Form 10-Q for the second quarter, 2013, filed with the SEC on August 8, 2013.

On December 11, 2013, the Board made a special grant of stock options to Mr. Casciano, Mr. Lynch and Mr. Jerabeck in the amount of 150,000 options; 100,000 options and 150,000 options respectively in recognition of ongoing leadership to the Company. Each award consisted of options for the purchase of Common Stock, vesting 25% per year over four years. In addition to the aforementioned special grants of stock options, on December 11, 2013, the Board also approved LTI Program equity awards to Mr. Casciano and Mr. Jerabeck with a value at the time of grant of \$116,416 and \$76,725, respectively. Each award consisted of options for the purchase of Company Common Stock, time-vested 33% per year over three years, representing 21% of the value of the award, restricted stock shares, time vested as of March 31, 2014, representing 26% of the award, and performance shares (i.e. restricted stock vesting over two years based on achievement of certain financial performance objectives), representing 53% of the value of the award. For these awards, the financial performance objectives are a series of annual Profit Before Tax targets, with 50% of performance shares vesting annually upon achievement of these targets for 2014 and 2015. The terms and conditions of the grants under the LTI Program contain customary restrictions on transfer of shares, as well as non-solicitation and non-recruitment restrictions for one year following termination of employment. The terms of the grants also provide for the “claw back” (i.e. reversal of an award) of vested awards and any profits from exercise of options issued under the awards in the event vesting or profits are later determined, by the Board, to have resulted from materially inaccurate financial information. The terms and conditions of both the options and the LTI Program awards made to Messrs. Casciano, Lynch and Jerabeck can be found as exhibits to the Company’s Annual Report on Form 10-K for the year ending December 31, 2013 filed with the SEC on March 14, 2014.

Benefits and Perquisites. The Company provides partial payment for medical, dental and vision insurance, 401(k) plan with profit sharing and disability and life insurance benefits to its Named Executive Officers consistent with that

offered generally to its employees. In addition, Named Executive Officers are provided a limited number of perquisites, the primary purpose of which is to minimize distractions from the executives' attention to important Company objectives.

Table of Contents

PAR Technology Corporation Retirement Plan. The Named Executive Officers are eligible to participate in the PAR Technology Corporation Retirement Plan (the “Retirement Plan”). The Retirement Plan has a deferred profit-sharing component that covers substantially all the employees of the Company including the Named Executive Officers. The Company’s annual profit sharing contribution to the Retirement Plan is at the discretion of the Board. The Retirement Plan also contains a 401(k) provision that allows employees to contribute a percentage of their salary, pre-tax, up to certain tax code limitations. The Company matches the deferrals of all participants in the Retirement Plan, including the Named Executive Officers, at the rate of 10%.

Deferred Compensation. The Company sponsors a Non-Qualified Deferred Compensation Plan for a select group of highly compensated employees that includes the Named Executive Officers. Participants may make voluntary deferrals of their salary to the plan in excess of tax code limitations that apply to the Company’s Retirement Plan. The Board also has the sole discretion to make Company contributions to the plan on behalf of employee participants, although it did not make any such employer contributions in 2013.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the Named Executive Officers of a publicly held company will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). The Company’s primary objective in designing and administering its compensation policies is to support and encourage the achievement of the Company’s long-term strategic goals and to enhance stockholder value. In general, stock options granted under the Company’s 2005 Equity Incentive Plan are intended to qualify under and comply with the “performance based compensation” exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives at the time of exercise of such stock options. Because salary and bonuses paid to Named Executive Officers have been below the \$1,000,000 threshold, the Committee has elected, at this time, to retain discretion over bonus payments, rather than to ensure that payments of salary and bonus in excess of \$1,000,000 are deductible. The Committee intends to review periodically the potential impacts of Section 162(m) in structuring and administering the Company’s compensation programs.

Role of Executive Officers

The Company’s Chief Executive Officer reports on his evaluations of executive officers, including the other Named Executive Officers. He makes compensation recommendations to the Compensation Committee for the other Named Executive Officers with respect to base salary and annual and long-term incentives.

In 2013, the Company’s Chief Operating Officer took direction from and brought suggestions to the Compensation Committee on compensation matters for the Named Executive Officers. Messrs. Casciano and Jerabeck oversaw the actual formulation of plans incorporating the suggestions of the Compensation Committee and provided information to the Compensation Committee on how employees were evaluated and the overall results of the evaluations.

Employment and Severance Agreements

On March 19, 2013, Mr. Domorski resigned from his positions of Chairman of the Board, Chief Executive Officer and President of the Company. In connection with his resignation, the Company and Mr. Domorski entered into a separation agreement, superseding all prior agreements and understandings, providing for separation pay of \$750,000 in exchange for a general release of the Company from any claims by Mr. Domorski and other customary separation provisions.

On March 25, 2013, the Board appointed Ronald J. Casciano to the position of Chief Executive Officer and President. In connection with his promotion, Mr. Casciano entered into an employment agreement with the Company under which his employment is “at will” and provides for the following: (a) an annual base salary of \$350,000; (b) a one-time transition bonus of \$30,000; (c) participation in the Company’s Incentive Compensation Plan at the rate of 32.5% for 2013 and thereafter at a rate of 65% of his annual base salary for on plan performance against financial targets associated with the Company’s Annual Operating Plan and specific business objectives as established by the Board (any payment based on 2013 performance will be pro-rated from March 25, 2013, through December 31, 2013, while participation in the Company’s Incentive Compensation Plan for the period from January 1, 2013, thru March 24, 2013, will be based on Mr. Casciano’s previous rate, which was 25% of his annual base salary); (d) subject to approval and terms established by the Board on the grant date, a grant under the PAR Technology Corporation 2005 Equity Incentive Plan of (i) 30,000 shares of restricted stock with long-term performance based vesting as established by the Board and (ii) 15,000 stock options vesting at the rate of 25% each year on the anniversary of the date of the grant (any termination of employment prior to the completion of the performance period specified in the grants would result in forfeiture of such portion of the grants that exceed the pro-rata portion of the period of performance correlating to the period of employment); (e) subject to approval and terms established by the Board on the grant date, a grant of 40,000 shares of restricted stock with performance based vesting as established by the Board (any termination of employment prior to the completion of the performance period specified in the grant would result in forfeiture of such portion of the grant that exceeds the pro-rata portion of the period of performance correlating to the period of employment); and (f) continued participation in the Company’s retirement plan, as well as provision of insurance benefits and other customary benefits offered to the Company’s senior executives. Any termination of Mr. Casciano’s employment without cause prior to March 25, 2014, would result in a severance payment of an amount equal to that amount of his annual base salary that he would have received if he were to have continued to be employed through March 25, 2014, and a pro-rated portion of any current year cash payment due to him under the Company’s incentive compensation plan. Such payments would be subject to and conditioned upon execution of a general release of claims.

On March 25, 2013 the Board appointed Robert Jerabeck to the position of Executive Vice President and Chief Operating Officer. Mr. Jerabeck commenced employment with the company on April 15, 2013. In connection with his employment, Mr. Jerabeck entered into an employment agreement with the Company under which his employment is “at will” and provides for the following: (a) an annual base salary of \$300,000; (b) a one-time relocation payment of \$50,000; (c) participation in the Company’s Incentive Compensation Plan at the rate of 25% for 2013 and thereafter at a rate of 50% of his annual base salary for on plan performance against financial targets associated with the Company’s Annual Operating Plan and specific business objectives as established by the Board (any payment based on 2013 performance would be pro-rated from March 25, 2013, through December 31, 2013); (d) subject to approval and terms established by the Board on the grant date, a grant under the PAR Technology Corporation 2005 Equity Incentive Plan of (i) 20,000 shares of restricted stock with long-term performance based vesting as established by the Board and (ii) 10,000 stock options vesting at the rate of 25% each year on the anniversary of the date of the grant (any termination of employment prior to the completion of the performance period specified in the grants would result in forfeiture of such portion of the grants that exceed the pro-rata portion of the period of performance correlating to the period of employment); (e) subject to approval and terms established by the Board on the grant date, a grant of 50,000 stock options vesting at the rate of 25% each year on the anniversary of the date of the grant (any termination of employment prior to the completion of the performance period specified in the grants would result in forfeiture of such portion of the grants that exceed the pro-rata portion of the period of performance correlating to the period of employment); and (f) participation in the Company’s retirement plan, as well as provision of insurance benefits and other customary benefits offered to the Company’s senior executives. Any termination of Mr. Jerabeck’s employment without cause prior to April 15, 2015, would result in a severance payment of an amount equal to that amount of his annual base salary that he would have received if he were to have continued to be employed through March 25, 2014, and a pro-rated portion of any current year cash payment due to him under the Company’s incentive compensation plan. Such payments would be subject to and conditioned upon execution of a general release of claims.

From April 2011 until his resignation in March 2013, Mr. Domorski and the Company had an employment agreement in connection with Mr. Domorski's position as Chairman of the Board, Chief Executive Officer and President providing for: (a) an initial term of two years, after which Mr. Domorski would be an employee "at will"; (b) an annual base salary of \$400,000; (c) participation in the Company's Incentive Compensation Plan at the rate of 65% of his annual base salary; (d) new hire option award of 250,000 non-qualified stock options with vesting at 25% annually on each of the next four anniversaries of the grant; (e) accelerated vesting of all unvested equity interests upon a change of control event; and (f) reimbursement for transportation and accommodations associated with his presence at the Company's headquarters. Under the terms of the employment agreement, any termination by the Company without cause prior to April 26, 2015 or termination by Mr. Domorski for "good reason", as defined in the agreement, would trigger immediate vesting of 50% of any unvested portion of the 250,000 non-qualified stock options granted upon hire. Immediate vesting of all unvested equity interests would be triggered by any change of control event as defined in his agreement. Pursuant to the agreement, severance payments would result in the event of termination without cause prior to April 26, 2013, in an amount equal to (a) the greater of one year of Mr. Domorski's annual base salary, or the amount of his annual base salary for the period commencing on the termination date through April 25, 2013 and (b) an amount equal to the prior year's annual cash bonus paid to him, if any. In the event of termination by Mr. Domorski for "good reason", as defined in the agreement, termination without cause on or after April 26, 2013, or as a result of a change of control approved by the Board, resulting severance payments would equal the sum of Mr. Domorski's annual base salary and an amount equal to the prior year's annual cash bonus paid to him, if any. In the event of termination resulting from a change of control not approved by the Board, the resulting severance payment would be equal to three times the sum of Mr. Domorski's annual base salary and an amount equal to the prior year's annual cash bonus paid to him, if any.

Transactions with Related Persons

For the Company's last fiscal year beginning January 1, 2013 and ending December 31, 2013, and for the Company's 2012 fiscal year, beginning January 1, 2012 and ending December 31, 2012, there were no transactions, or currently proposed transactions, in which the Company was or is to be a participant and the amount involved exceeds \$120,000, and in which any related person had or will have a direct or indirect material interest, except for the following:

Karen E. Sammon, a member of the immediate family of Dr. John W. Sammon, Director and Chairman Emeritus of the Company's Board of Directors and a beneficial owner of more than five percent of the Company's outstanding Common Stock, became the President of ParTech, Inc., a wholly owned subsidiary of the Company, effective April 1, 2013. ParTech, Inc. is the principal business unit in the Company's Hospitality business segment. Ms. Sammon's total compensation for 2013 was \$487,543 and was principally comprised of her salary of \$195,811, approximately \$40,382 in equity or equity based awards with performance based vesting, and approximately \$250,000 in time based equity or equity based awards, participation in the Company's retirement plan, as well as provision of insurance benefits and other customary benefits offered to the Company's senior executives.

Karen E. Sammon, President of the Company's subsidiary, ParTech, Inc., and her brother, John W. Sammon, III, are principals in Sammon and Sammon, LLC, doing business as Paragon Racquet Club. Paragon Racquet Club leases a portion of the Company's facilities at New Hartford, New York on a month to month basis at the base rate of \$9,775 (or an aggregate annual amount of \$117,300 for 2013 and 2012). In addition, Paragon Racquet Club provided memberships to the Company's local employees valued at \$23,600 and \$25,000 for 2013 and 2012, respectively. Both Ms. Sammon and Mr. Sammon are members of the immediate family of Dr. Sammon.

John W. Sammon, III, a member of the immediate family of Dr. Sammon and Karen E. Sammon, was an employee of PAR Logistics Management Systems Corporation ("PAR LMS"), a subsidiary of the Company, where he served as President until January 12, 2012 when substantially all of the assets of the subsidiary were transferred to ORBCOMM Inc. Mr. Sammon's total compensation for 2012 was \$328,831 and was comprised of his salary, an incentive bonus in connection with the divestiture to ORBCOMM Inc. and a severance payment triggered by a change in control arrangement in place with Mr. Sammon and other executive-level employees of PAR LMS.

John W. Sammon, III, a member of the immediate family of Dr. Sammon and Karen E. Sammon, together with other former executive-level employees of PAR LMS employed by ORBCOMM Inc. as part of the divestiture described above, entered into an incentive arrangement with the Company in July 2012 whereby the participants would be paid a percentage of the dollar amount received by the Company in connection with contingent consideration payable to the Company based on ORBCOMM Inc. achieving certain agreed-upon targets for calendar years 2012 through 2014 pursuant to the terms of the Asset Purchase and Sale Agreement dated December 23, 2011 formalizing the divestiture of substantially all of the assets of PAR LMS to ORBCOMM Inc. Achievement of 100% of the contingent consideration targets would result in a payment to Mr. Sammon of \$350,000. No contingent consideration targets were achieved in 2012. In 2013, Mr. Sammon separated from his employment with ORBCOMM Inc. Under the terms of the arrangement, such separation disqualifies Mr. Sammon from eligibility for any incentive payment for the remainder of the incentive period.

Policies and Procedures With Respect to Related Party Transactions

The Company's written Policy on Related Party Transactions requires Controllers of all subsidiaries to review on a quarterly basis all transactions and potential transactions for related party involvement. All identified transactions, if any, are reported to the Company's principal financial officer and the Company's legal counsel. Approval or ratification by the Nominating and Corporate Governance Committee is required for any transaction or series of transactions exceeding \$120,000 in which the Company is a participant and any related person has a material interest. Related persons would include the Company's Directors and executive officers and their immediate family members as well as any person known to be the beneficial owner of more than 5% of the Company's Common Stock.

Under the Company's Corporate Governance Guidelines and Code of Business Conduct & Ethics, all Directors and executive officers and employees of the Company have a duty to report, which includes reports to the Company's Compliance Officer and to the Nominating and Corporate Governance Committee or Audit Committee, potential conflicts of interests, including transactions with related persons. All related party transactions, other than compensation arrangements, expense allowances and other similar items in the ordinary course of business are disclosed in the Company's financial statements. Compensation paid by the Company for service to an employee, even if the aggregate amount involved exceeds \$120,000, are not reviewed by the Nominating and Corporate Governance or Audit Committees unless the Compliance Officer, principal financial officer or legal counsel believe such compensation to be inconsistent with peers of the related party within the Company or the Company's compensation practices in general.

Proposal Ratification of the reservation of additional 500,000 shares for issuance under the PAR Technology
1: Corporation 2005 Equity Incentive Plan

On March 11, 2014, the Board of Directors voted unanimously to amend the Company's 2005 Equity Incentive Plan, as amended (the "Plan"), to increase the number of shares reserved under the terms of the Plan from 2,250,000 to 2,750,000. This amendment was made subject to Shareholder approval. The Plan, as proposed to be amended, is attached to this Proxy Statement as Appendix A.

As of March 14, 2014, a total of 579,869 shares remained available for grant under the Plan. The Board believes that the Plan has been and will continue to be an excellent means by which to attract and retain key employees. Accordingly, the Board believes the number of shares reserved for issuance should be increased from 2,250,000 to 2,750,000 and recommends approval thereof by the Shareholders. There are no current plans for the issuance of any of the additional shares. The following resolution will be proposed at the Meeting for Shareholder consideration:

RESOLVED, that the amendment of the PAR Technology Corporation 2005 Equity Incentive Plan, as amended (the "Plan"), to increase the total number of shares reserved for issuance under the Plan from 2,250,000 to 2,750,000, which was approved by the Company's Board of Directors on March 11, 2014, be and the same hereby is, approved, ratified and confirmed.

The Board of Directors recommends a vote FOR the proposal to ratify the amendment of the Company's 2005 Equity Incentive Plan to reserve additional shares for issuance under the Plan. Unless a contrary direction is indicated, shares represented by valid proxies that are not marked with a vote in connection with Proposal 1, will be voted FOR the proposal.

Proposal Adoption of amendments to the Company's Certificate of Incorporation and By-Laws to declassify the
2: Board of Directors

Paragraph 3 of Article Eighth of the Company's Certificate of Incorporation and Section 2 of Article III of the Company's By Laws currently divide the Board into three classes (Class I, Class II and Class III). Each member of a class is elected for a three-year term, with the terms staggered so that approximately one-third of directors stand for election each year. With the decision by Directors Jost and Simms to not stand for re-election to the Board and the decision of Director Ahn to retire, effective as of the Meeting, there will be no Class I directors, one Class II director, whose term expires at the 2015 annual meeting, and one Class III director, whose term expires at the 2016 annual meeting.

Classified boards provide effective protection against hostile takeover tactics and proxy contests because they make it difficult to gain control of the board of directors without the cooperation or approval of incumbent directors. A classified board also fosters continuity and stability, not only on the board but also in the overall business of a company, since a majority of directors will always have prior experience as directors of the company.

Annually elected boards are perceived as increasing the accountability of directors to shareholders as they provide shareholders with the opportunity to register their views at each annual meeting on the prior year's performance of the entire board of directors. Many institutional investors believe the election of directors is the primary means for shareholders to influence corporate governance policies and to hold management accountable for the implementation and execution of those policies.

After careful consideration, the Board has determined that it would be in the best interests of the Company and its shareholders to amend the Company's Certificate of Incorporation as set forth in Appendix B and By Laws as set forth in Appendix C to end classification of the Board and provide instead for the annual election of directors (the "Amendments").

Table of Contents

If the Amendments are approved, then the Company will amend its Certificate of Incorporation and By Laws and all Directors thereafter will be elected for one-year terms at each annual meeting of shareholders. Therefore, Dr. Sammon's term (currently set to expire at the 2016 annual meeting) will be truncated and will expire at the 2015 annual meeting. Beginning with the 2015 annual meeting, the Board will be completely declassified and all directors will be subject to annual election to one-year terms. Consistent with Delaware law, the Amendments also provide that directors may be removed with or without cause.

If the Amendments are not approved by the shareholders, the Board will remain classified and the Company's directors will continue to be subject to the current classification pursuant the Company's governing documents.

An affirmative vote of two thirds (66.667%) of the shareholders entitled to vote generally for the election of directors is required for approval. Therefore, abstentions and broker "non-votes" have the practical effect of being votes against the matter.

The general descriptions of the Amendments are qualified in their entirety by reference to the text of the proposed amendments to the Certificate of Incorporation and By Laws which are attached as Appendix B and C, respectively, to this Proxy Statement.

The Board of Directors recommends a vote FOR the proposal to approve the Amendments to the Company's Certificate of Incorporation and By Laws to declassify the Board. Unless a contrary direction is indicated, shares represented by valid proxies that are not marked with a vote in connection with Proposal 2, will be voted FOR the proposal.

Proposal 3: Non-binding advisory vote regarding the compensation of the Company's Named Executive Officers

At the 2013 Annual Meeting of Shareholders, the results of a non-binding advisory vote by the shareholders indicated a desire for an annual advisory vote regarding the compensation of the Company's Named Executive Officers. The Board believes holding a non-binding shareholder advisory vote on the compensation of the Company's Named Executive Officers on annual basis will enhance shareholder communication by providing a clear, simple means for the Company to obtain information on investor sentiment about its executive compensation philosophy. In accordance with Section 14A of the Security Exchange Act of 1934, as amended, and the regulations promulgated there under, shareholders are, therefore, being asked to provide a non-binding advisory vote on the following resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed in this Proxy Statement, including the compensation tables and narrative discussion, is hereby APPROVED.

The compensation paid to the Company's Named Executive Officers is disclosed in the narrative discussion and compensation tables and on pages 16 through 25 of this Proxy Statement. As a smaller reporting company, the Company provides disclosures pursuant to Item 402 (m) through (q) of Regulation S-K promulgated under the Securities Exchange Act of 1934 ("Regulation S-K"). While the Company's smaller reporting company status exempts it from Item 402(b) of Regulation S-K which imposes compensation discussion and analysis of its executive compensation practices, the Company has elected to continue to provide information regarding its objectives and practices regarding executive compensation in order to give its shareholders transparency into its compensation philosophy and practices. As discussed in the disclosures contained in the Executive Compensation section of this Proxy Statement, the Company believes its compensation policies and decisions are focused on pay-for-performance principles and are strongly aligned with the long term interests of building shareholder value.

Table of Contents

A shareholder vote on Proposal 3 is advisory in nature and, therefore, not binding on the Company, the Compensation Committee or the Board. The vote will not be construed to create or imply any change to the fiduciary duties for the Company, the Compensation Committee or the Board. However, the opinions of the Company's shareholders are valued and to the extent there is any significant vote against the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement, the Company, the Compensation Committee, and the Board will consider shareholder concerns and will evaluate whether any actions are necessary to address those concerns.

The Board of Directors recommends a vote FOR the proposal to approve the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement, including the compensation tables and narrative discussion. Unless a contrary direction is indicated, shares represented by valid proxies that are not marked with a vote in connection with Proposal 3, will be voted FOR the proposal.

OTHER MATTERS

Other than as described in the materials of this Proxy Statement, the Board knows of no matters that will be presented at the Meeting for action by shareholders. However, if any other matters properly come before the Meeting, or any postponement or adjournment thereof, the persons acting by authorization of the proxies will vote thereon in accordance with their judgment.

PAR TECHNOLOGY CORPORATION
2005 EQUITY INCENTIVE PLAN

(Effective Date: December 28, 2005)

AS PROPOSED TO BE AMENDED ON MAY 22, 2014

1. Purpose and Eligibility. The purpose of this 2005 Equity Incentive Plan (the “Plan”) of PAR Technology Corporation, a Delaware corporation (the “Company”) is to provide stock options, stock issuances and other equity interests in the Company (each, an “Award”) to (a) key employees, officers, directors, consultants and advisors of the Company and its Subsidiaries, and (b) any other Person who is determined by the Board to have made (or is expected to make) contributions to the Company. Any person to whom an Award has been granted under the Plan is called a “Participant”. Additional definitions are contained in Section 10.
2. Administration.
 - a. Administration by Board of Directors. The Plan will be administered by the Board of Directors of the Company (the “Board”). The Board, in its sole discretion, shall have the authority to grant and amend Awards, to adopt, amend and repeal rules relating to the Plan and to interpret and correct the provisions of the Plan and any Award. The Board shall have authority, subject to the express limitations of the Plan, (i) to construe and determine the respective Stock Option Agreement, Awards and the Plan, (ii) to prescribe, amend and rescind rules and regulations relating to the Plan and any Awards, (iii) to determine the terms and provisions of the respective Stock Option Agreements and Awards, which need not be identical, (iv) to initiate an Option Exchange Program, and (v) to make all other determinations in the judgment of the Board of Directors necessary or desirable for the administration and interpretation of the Plan. The Board may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Stock Option Agreement or Award in the manner and to the extent it shall deem expedient to carry the Plan, any Stock Option Agreement or Award into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be final and binding on all interested persons. Neither the Company nor any member of the Board shall be liable for any action or determination relating to the Plan.
 - b. Appointment of Committee. To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to the Compensation Committee (the “Committee”). All references in the Plan to the “Board” shall mean such Committee or the Board. The Committee may consult with the Company’s Stock Option Committee, which shall make recommendations, with respect to Participants eligible to receive Awards and the number of shares subject to the Award, to the Committee for its review and final approval.
 - c. Delegation to Executive Officers. To the extent permitted by applicable law, the Board may delegate to one or more executive officers of the Company the power to grant Awards and exercise such other powers under the Plan as the Board may determine, provided that the Board shall fix the maximum number of Awards to be granted and the maximum number of shares issuable to any one Participant pursuant to Awards granted by such executive officers.
 - d. Applicability of Section Rule 16b-3. Anything to the contrary in the foregoing notwithstanding if, or at such time as, the Common Stock is or becomes registered under Section 12 of the Exchange Act of 1934, as amended (the “Exchange Act”), or any successor statute, the Plan shall be administered in a manner consistent with Rule 16b-3 promulgated thereunder, as it may be amended from time to time, or any successor rules (“Rule 16b-3”), such that all subsequent grants of Awards hereunder to Reporting Persons, as hereinafter defined, shall be exempt under such rule. Those provisions of the Plan which make express reference to Rule 16b-3 or which are required in order for certain option transactions to qualify for exemption under Rule 16b-3 shall apply only to such persons as are required to file

reports under Section 16 (a) of the Exchange Act (a “Reporting Person”).

e. Applicability of Section 162 (m). Any provisions in this Plan to the contrary notwithstanding, whenever the Board is authorized to exercise its discretion in the administration or amendment of this Plan or any Award hereunder or otherwise, the Board may not exercise such discretion in a manner that would cause any outstanding Award that would otherwise qualify as performance-based compensation under Section 162 (m) of the Code to fail to so qualify under Section 162 (m).

3. Stock Available for Awards.

a. Number of Shares. Subject to adjustment under Section 3(c), the aggregate number of shares of Common Stock of the Company (the “Common Stock”) that may be issued pursuant to the Plan is 2,750,000. If any Award expires, or is terminated, surrendered or forfeited, in whole or in part, the unissued Common Stock covered by such Award shall again be available for the grant of Awards under the Plan. If an Award granted under the Plan shall expire or terminate for any reason without having been exercised in full, the unpurchased shares subject to such Award shall again be available for subsequent Awards under the Plan, and if shares of Common Stock issued pursuant to the Plan are repurchased by, or are surrendered or forfeited to, the Company at no more than the price paid for such shares, such shares of Common Stock shall again be available for the grant of Awards under the Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

b. Per-Participant Limit. Subject to adjustment under Section 3(c), no Participant may be granted Awards during any one fiscal year to purchase more than the number of shares of Common Stock that are authorized for issuance pursuant to the Plan.

c. Adjustment to Common Stock. Subject to Section 7, in the event of any stock split, reverse stock split, stock dividend, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off, split-up, or other similar change in capitalization or similar event, (i) the number and class of securities available for Awards under the Plan and the per-Participant share limit, (ii) the number and class of securities, vesting schedule and exercise price per share subject to each outstanding Option, (iii) the repurchase price per security subject to repurchase, and (iv) the terms of each other outstanding Award shall be adjusted by the Company (or substituted Awards may be made if applicable) to the extent the Board shall determine, in good faith, that such an adjustment (or substitution) is appropriate.

4. Stock Options.

a. General. The Board may grant options to purchase Common Stock (each, an “Option”) and determine the number of shares of Common Stock to be covered by each Option, the exercise price of each Option and the conditions and limitations applicable to the exercise of each Option and the shares of Common Stock issued upon the exercise of each Option, including, but not limited to, vesting provisions, repurchase provisions and restrictions relating to applicable federal or state securities laws. Each Option will be evidenced by a Stock Option Agreement, consisting of a Notice of Stock Option Award and a Stock Option Award Agreement (collectively, a “Stock Option Agreement”).

b. Incentive Stock Options. An Option that the Board intends to be an incentive stock option (an “Incentive Stock Option”) as defined in Section 422 of the Code, as amended, or any successor statute (“Section 422”), shall be granted only to an employee of the Company and shall be subject to and shall be construed consistently with the requirements of Section 422 and regulations thereunder. The Board and the Company shall have no liability if an Option or any part thereof that is intended to be an Incentive Stock Option does not qualify as such. An Option or any part thereof that does not qualify as an Incentive Stock Option is referred to herein as a “Nonstatutory Stock Option” or “Non-Qualified Stock Option”.

Appendix A

c. Dollar Limitation. For so long as the Code shall so provide, Options granted to any employee under the Plan (and any other incentive stock option plans of the Company) which are intended to qualify as Incentive Stock Options shall not qualify as Incentive Stock Options to the extent that such Options, in the aggregate, become exercisable for the first time in any one calendar year for shares of Common Stock with an aggregate fair market value (determined as of the respective date or dates of grant) of more than \$100,000. The amount of Incentive Stock Options which exceed such \$100,000 limitation shall be deemed to be Non-Qualified Stock Options. For the purpose of this limitation, unless otherwise required by the Code or regulations of the Internal Revenue Service or determined by the Board, Options shall be taken into account in the order granted, and the Board may designate that portion of any Incentive Stock Option that shall be treated as Non-Qualified Stock Option in the event that the provisions of this paragraph apply to a portion of any Option. The designation described in the preceding sentence may be made at such time as the Committee considers appropriate, including after the issuance of the Option or at the time of its exercise.

d. Exercise Price. The Board shall establish the exercise price (or determine the method by which the exercise price shall be determined) at the time each Option is granted and specify the exercise price in the applicable Stock Option Agreement, provided, however, in no event may the per share exercise price be less than the Fair Market Value (as defined below) of the Common Stock. In the case of an Incentive Stock Option granted to a Participant who, at the time of grant of such Option, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any parent or subsidiary, then the exercise price shall be no less than 110% of the fair market value of the Common Stock on the date of grant. In the case of a grant of an Incentive Stock Option to any other Participant, the exercise price shall be no less than 100% of the fair market value of the Common Stock on the date of grant.

e. Duration of Options. Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable Stock Option Agreement; provided, that the term of any Incentive Stock Option may not be more than ten (10) years from the date of grant. In the case of an Incentive Stock Option granted to a Participant who, at the time of grant of such Option, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any parent or subsidiary, the term of the Option shall be no longer than five (5) years from the date of grant.

f. Exercise of Option. Options may be exercised only by delivery to the Company of a written notice of exercise signed by the proper person together with payment in full as specified in Section 4(g) and the Stock Option Agreement for the number of shares for which the Option is exercised.

g. Payment Upon Exercise. Common Stock purchased upon the exercise of an Option shall be paid for by one or any combination of the following forms of payment as permitted by the Board in its sole and absolute discretion:

i. by check payable to the order of the Company;

ii. only if the Common Stock is then publicly traded, by delivery of an irrevocable and unconditional undertaking by a creditworthy broker to deliver promptly to the Company sufficient funds to pay the exercise price, or delivery by the Participant to the Company of a copy of irrevocable and unconditional instructions to a creditworthy broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price;

iii. to the extent explicitly provided in the applicable Stock Option Agreement, by delivery of shares of Common Stock owned by the Participant valued at fair market value (as determined by the Board or as determined pursuant to the applicable Stock Option Agreement); or

iv. payment of such other lawful consideration as the Board may determine.

The Board shall determine in its sole and absolute discretion and subject to securities laws and its Insider Trading Policy whether to accept consideration other than cash. The fair market value of any shares of the Company's Common Stock or other non-cash consideration which may be delivered upon exercise of an Option shall be determined in such manner as may be prescribed by the Board.

h. Acceleration, Extension, Etc. The Board may, in its sole discretion, and in all instances subject to any relevant tax and accounting considerations which may adversely impact or impair the Company, (i) accelerate the date or dates on which all or any particular Options or Awards granted under the Plan may be exercised, or (ii) extend the dates during which all or any particular Options or Awards granted under the Plan may be exercised; provided, however, in no event may any extension exceed the lesser of the option term permitted under Section 4(e) herein or the term set forth in the governing Stock Option Agreement.

i. Determination of Fair Market Value. If, at the time an Option is granted under the Plan, the Company's Common Stock is publicly traded under the Exchange Act, "fair market value" shall mean (i) if the Common Stock is listed on any established stock exchange, its fair market value shall be the last reported sales price for such stock (on that date) or the closing bid, if no sales were reported as quoted on such exchange or system as reported in The Wall Street Journal or such other source as the Board deems reliable; or (ii) the average of the closing bid and asked prices last quoted (on that date) by an established quotation service for over-the-counter securities, if the Common Stock is not reported on a national market system. In the absence of an established market for the Common Stock, the fair market value thereof shall be determined in good faith by the Board after taking into consideration all factors which it deems appropriate.

5. Restricted Stock.

a. Grants. The Board may grant Awards entitling recipients to acquire shares of Common Stock, subject to (i) delivery to the Company by the Participant of a check in an amount at least equal to the par value of the shares purchased, and (ii) the right of the Company to repurchase all or part of such shares at their issue price or other stated or formula price from the Participant in the event that conditions specified by the Board in the applicable Award are not satisfied prior to the end of the applicable restriction period or periods established by the Board for such Award (each, a "Restricted Stock Award").

b. Terms and Conditions. The Board shall determine the terms and conditions of any such Restricted Stock Award. Any stock certificates issued in respect of a Restricted Stock Award shall be registered in the name of the Participant and, unless otherwise determined by the Board, deposited by the Participant, together with a stock power endorsed in blank, with the Company (or its designee). After the expiration of the applicable restriction periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Participant or, if the Participant has died, to the beneficiary designated by a Participant, in a manner determined by the Board, to receive amounts due or exercise rights of the Participant in the event of the Participant's death (the "Designated Beneficiary"). In the absence of an effective designation by a Participant, Designated Beneficiary shall mean the Participant's estate.

6. Other Stock-Based Awards. The Board shall have the right to grant other Awards based upon the Common Stock having such terms and conditions as the Board may determine, including, without limitation, the grant of shares based upon certain conditions, the grant of securities convertible into Common Stock and the grant of stock appreciation rights, phantom stock awards or stock units.

7. General Provisions Applicable to Awards.

a. Transferability of Awards. Except as the Board may otherwise determine or provide in an Award, Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution, and, during the life of the Participant, shall be exercisable only by the Participant; provided, however, except as the Board may otherwise determine or provide in an Award, that Nonstatutory Options and Restricted Stock Awards may be transferred

pursuant to a qualified domestic relations order (as defined in Employee Retirement Income Security Act of 1974, as amended) or to a grantor-retained annuity trust or a similar estate-planning vehicle in which the trust is bound by all provisions of the Stock Option Agreement and Restricted Stock Award, which are applicable to the Participant. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.

- b. Documentation. Each Award under the Plan shall be evidenced by a written instrument in such form as the Board shall determine or as executed by an officer of the Company pursuant to authority delegated by the Board. Each Award may contain terms and conditions in addition to those set forth in the Plan, provided that such terms and conditions do not contravene the provisions of the Plan or applicable law.
- c. Board Discretion. The terms of each type of Award need not be identical, and the Board need not treat Participants uniformly.
- d. Additional Award Provisions. The Board may, in its sole discretion, include additional provisions in any Stock Option Agreement, Restricted Stock Award or other Award granted under the Plan, including without limitation restrictions on transfer, repurchase rights, commitments to pay cash bonuses, to make, arrange for or guaranty loans or to transfer other property to Participants upon exercise of Awards, or transfer other property to Participants upon exercise of Awards, or such other provisions as shall be determined by the Board; provided that such additional provisions shall not be inconsistent with any other term or condition of the Plan or applicable law.
- e. Termination of Status. The Board shall determine the effect on an Award of the disability (as defined in Code Section 22(e)(3)), death, retirement, authorized leave of absence or other change in the employment or other status of a Participant and the extent to which, and the period during which, the Participant, or the Participant's legal representative, conservator, guardian or Designated Beneficiary, may exercise rights under the Award, subject to applicable law and the provisions of the Code related to Incentive Stock Options.
- f. Change of Control of the Company.
- i. Unless otherwise expressly provided in the applicable Stock Option Agreement or Restricted Stock Award or other Award, in connection with the occurrence of a Change in Control (as defined below), the Board shall, in its sole discretion as to any outstanding Award (including any portion thereof; on the same basis or on different bases, as the Board shall specify), take one or any combination of the following actions:
- A. make appropriate provision for the continuation of such Award by the Company or the assumption of such Award by the surviving or acquiring entity and by substituting on an equitable basis for the shares then subject to such Award either (x) the consideration payable with respect to the outstanding shares of Common Stock in connection with the Change of Control, (y) shares of stock of the surviving or acquiring corporation or (z) such other securities as the Board deems appropriate, the fair market value of which (as determined by the Board in its sole discretion) shall not materially differ from the fair market value of the shares of Common Stock subject to such Award immediately preceding the Change of Control;
- B. accelerate the date of exercise or vesting of such Award; or
- C. permit the exchange of such Award for the right to participate in any stock option or other employee benefit plan of any successor corporation.
- D. For the purpose of this Agreement, a "Change of Control" shall mean:
- (a) The acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended [the "Exchange Act"]) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 50% or more of the then outstanding shares of voting stock of the Company (the "Outstanding Voting Stock"); provided, however, that any acquisition by the Company or its subsidiaries, or any employee benefit plan (or related trust) of the Company or its subsidiaries of 50% or more of

Outstanding Voting Stock shall not constitute a Change in Control; and provided, further, that any acquisition by a corporation with respect to which, following such acquisition, more than 50% of the then outstanding shares of common stock of such corporation, is then beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Voting Stock immediately prior to such acquisition in substantially the same proportion as their ownership, immediately prior to such acquisition, of the Outstanding Voting Stock, shall not constitute a Change in Control; or

(b) Individuals who, as of the Effective Date, constitute the Board (the “Incumbent Directors”) cease for any reason to constitute a majority of the members of this Board; provided that any individual who becomes a director after the Effective Date whose election or nomination for election by the Company’s Shareholders was approved by a majority of the members of the Incumbent Directors (other than an election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened “election contest” relating to the election of the Directors of the Company (as such terms are used in Rule 14a-11 under the Exchange Act), “tender offer” (as such term is used in Section 14(d) of the Exchange Act) or a proposed Merger (as defined below) shall be deemed to be members of the Incumbent Directors; or

(c) The consummation of (i) a reorganization, merger or consolidation (any of the foregoing, a “Merger”), in each case, with respect to which all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Voting Stock immediately prior to such Merger do not, following such Merger, beneficially own, directly or indirectly, more than 50% of the then outstanding shares of common stock of the corporation resulting from Merger, (ii) a complete liquidation or dissolution of the Company or (iii) the sale or other disposition of all or substantially all of the assets of the Company, excluding a sale or other disposition of assets to a subsidiary of the Company.

g. Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Board shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Board in its sole discretion may provide for a Participant to have the right to exercise his or her Award until fifteen (15) days prior to such transaction as to all of the shares of Common Stock covered by the Option or Award, including shares as to which the Option or Award would not otherwise be exercisable, which exercise may in the sole discretion of the Board, be made subject to and conditioned upon the consummation of such proposed transaction. In addition, the Board may provide that any Company repurchase option applicable to any shares of Common Stock purchased upon exercise of an Option or Award shall lapse as to all such shares of Common Stock, provided the proposed dissolution and liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Award will terminate upon the consummation of such proposed action.

h. Assumption of Options Upon Certain Events. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Awards under the Plan in substitution for stock and stock-based awards issued by such entity or an affiliate thereof.

i. The substitute Awards shall be granted on such terms and conditions as the Board considers appropriate in the circumstances.

j. Parachute Payments and Parachute Awards. Notwithstanding the provisions of Section 7(f), if, in connection with a Change of Control described therein, a tax under Section 4999 of the Code would be imposed on the Participant (after taking into account the exceptions set forth in Sections 280G(b)(4) and 280G(b)(5) of the Code, if applicable), then the number of Awards which shall become exercisable, realizable or vested as provided in such Section shall be reduced (or delayed), to the minimum extent necessary, so that no such tax would be imposed on the Participant (the Awards not becoming so accelerated, realizable or vested, the “Parachute Awards”); provided, however, that if the “aggregate present value” of the Parachute Awards would exceed the tax that, but for this sentence, would be imposed on the Participant under Section 4999 of the Code in connection with the Change of Control, then the Awards shall become immediately exercisable, realizable and vested without regard to the provisions of this sentence. For purposes of the preceding sentence, the “aggregate present value” of an Award shall be calculated on an after-tax basis (other than taxes imposed by Section 4999 of the Code) and shall be based on economic principles rather than the principles set forth under Section 280G of the Code and the regulations promulgated thereunder. All determinations required to be made under this Section 7(j) shall be made by the Company.

k. Amendment of Awards. The Board may amend, modify or terminate any outstanding Award including, but not limited to, substituting therefor another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

l. Conditions on Delivery of Stock. The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

m. Acceleration. The Board may at any time provide that any Options shall become immediately exercisable in full or in part, that any Restricted Stock Awards shall be free of some or all restrictions, or that any other stock-based Awards may become exercisable in full or in part or free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be, despite the fact that the foregoing actions may (i) cause the application of Sections 280G and 4999 of the Code if a change in control of the Company occurs, or (ii) disqualify all or part of the Option as an Incentive Stock Option.

8. Withholding. The Company shall have the right to deduct from payments of any kind otherwise due to the optionee or recipient of an Award any federal, state or local taxes of any kind required by law to be withheld with respect to any shares issued upon exercise of Options under the Plan or the purchase of shares subject to the Award. Subject to the prior approval of the Company, including without limitation, its determination that such withholding complies with applicable tax and securities laws, which may be withheld by the Company in its sole discretion, the optionee or recipient of an Award may elect to satisfy such obligation, in whole or in part, (a) by causing the Company to withhold shares of Common Stock otherwise issuable pursuant to the exercise of an Option or the purchase of shares subject to an Award or (b) by delivering to the Company shares of Common Stock already owned by the optionee or Award recipient of an Award. The shares so delivered or withheld shall have a fair market value of the shares used to satisfy such withholding obligation as shall be determined by the Company as of the date that the amount of tax to be withheld is to be determined. An optionee or recipient of an Award who has made an election pursuant to this Section may only satisfy his or her withholding obligation with shares of Common Stock which are not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements.

9. No Exercise of Option if Engagement or Employment Terminated for Cause. If the employment or engagement of any Participant is terminated “for Cause”, the Award may terminate, upon a determination of the Board, on the date of such termination and the Option shall thereupon not be exercisable to any extent whatsoever and the Company shall have the right to repurchase any shares of Common Stock subject to a Restricted Stock Award whether or not such shares have vested. For purposes of this Section 9, “for Cause” shall be defined as follows: (i) if the Participant has executed an employment agreement, the definition of “Cause” contained therein, if any, shall govern, or (ii) conduct, as determined by the Board of Directors, involving one or more of the following: (a) gross misconduct; or (b) the commission of an act of embezzlement, fraud or theft, which results in economic loss, damage or injury to the Company; or (c) the unauthorized disclosure of any trade secret or confidential information of the Company (or any client, customer, supplier or other third party who has a business relationship with the Company) or the violation of any noncompetition or nonsolicitation covenant or assignment of inventions obligation with the Company; or (d) the commission of an act which constitutes unfair competition with the Company or which induces any customer or prospective customer of the Company to breach a contract with the Company or to decline to do business with the Company; or (e) the indictment of the Participant for a felony or serious misdemeanor offense, either in connection with the performance of his or her obligations to the Company or which shall adversely affect the Participant’s ability to perform such obligations; or (f) the commission of an act of fraud or breach of fiduciary duty which results in loss, damage or injury to the Company; or (g) the failure of the Participant to perform in a material respect his or her employment, consulting or advisory obligations without proper cause; or (h) intentional violation of securities laws or the Company’s Insider Trading Policy. In making such determination, the Board shall act fairly and in utmost good faith. The Board may in its discretion waive or modify the provisions of this Section at a meeting of the Board with respect to any individual Participant with regard to the facts and circumstances of any particular situation involving a determination under this Section.

10. Miscellaneous.

a. Definitions.

i. “Company”, for purposes of eligibility under the Plan, shall include any present or future subsidiary corporations of PAR Technology Corporation, as defined in Section 424(f) of the Code (a “Subsidiary”), and any present or future parent corporation of the Company, as defined in Section 424(e) of the Code. For purposes of Awards other than Incentive Stock Options, the term “Company” shall include any other business venture in which the Company has a direct or indirect significant interest, as determined by the Board in its sole discretion.

ii. “Code” means the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder.

iii. “Employee” for purposes of eligibility under the Plan shall include a person to whom an offer of employment has been extended by the Company.

iv. “Option Exchange Program” means a program whereby outstanding options are exchanged for options with a lower exercise price.

b. No Right To Employment or Other Status. No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan.

c. No Rights As Stockholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with

respect to an Award until becoming the record holder thereof.

d. Effective Date and Term of Plan. The Plan shall become effective on the date on which it is adopted by the Board (the “Effective Date”). No Awards shall be granted under the Plan after the completion of ten years from the date on which the Plan was adopted by the Board, but Awards previously granted may extend beyond that date.

e. Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time.

f. Settlement of Awards. Any other provision of the Plan to the contrary notwithstanding, if any provision of the Plan permits a Participant, at his or her election, to receive a cash settlement of Options or other Awards under the Plan, or requires the Company to pay a cash settlement of Options or Awards under the Plan, the Participant shall be entitled to receive the cash settlement, and the Company shall be obligated to pay the cash settlement, only if the Company determines, in its sole and absolute discretion, to make such payment.

g. Governing Law. The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the state of incorporation of the Company, Delaware, without regard to any applicable conflicts of law.
