RATIFICATION OF 2003 STOCK OPTION PLAN

At the Annual and Extraordinary General Meeting of Shareholders held on June 26, 2003, shareholders approved the adoption of the Company's Stock Option Plan (the "Stock Option Plan"). Complete details regarding the Stock Option Plan are set out in the Information Circular disseminated in connection with that meeting.

Under the Stock Option Plan, a total of ten percent (10%) of the issued and outstanding shares of the Company are available for issuance upon the exercise of options granted under the Stock Option Plan.

Under the rules of the TSX Venture Exchange, all listed companies who have adopted a rolling stock option plan must obtain shareholder approval of such a plan on an annual basis. Accordingly, at the Meeting, the Shareholders will be asked to consider and, if thought fit, to ratify the Company's Stock Option Plan substantially in the form of the resolution set out below.

A copy of the Stock Option Plan will be available for inspection at the Meeting. Shareholders may obtain a copy of the Stock Option Plan upon written request to the Secretary of the Company at Suite 709, 837 West Hastings Street, Vancouver, British Columbia, V6C 3N6.

"BE IT RESOLVED, AS AN ORDINARY RESOLUTION, THAT:

1. the Stock Option Plan, in the form approved by the Shareholders of IMA Exploration Inc. ("IMA") at the Annual and Extraordinary General Meeting held on June 26, 2003, is hereby ratified, confirmed and approved;
2. the Company is authorized to grant stock options pursuant and subject to the terms and conditions of the Stock Option Plan and up to the number of common shares of the Company equal to ten percent (10%) of the number of common shares of the Company issued and outstanding on the grant date of any option; and
3. the Compensation Committee is authorized to make such amendments to the Stock Option Plan from time to time as the Compensation Committee may, in its discretion, consider to be appropriate, provided that such amendments will be subject to the approval of all applicable regulatory authorities.

The approval of the Stock Option Plan requires an affirmative vote of a majority of the votes cast at the Meeting either in person or by proxy. Management of the Company recommends that shareholders vote in favour of the foregoing resolution. Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote for the approval of the foregoing resolution at the Meeting.

OTHER BUSINESS

Management is not aware of any other matters that may come before the Meeting other than those set out in the accompanying Notice of Meeting. If any other matter properly comes before the Meeting, a proxy in the form attached confers discretionary authority on the proxyholder so named to vote the shares represented thereby in accordance with their judgment on such matter.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

In 2005, the Canadian securities regulatory authorities adopted National Instrument 58-101 "Disclosure of Corporate Governance Practices" requiring issuers to annually disclose their systems of corporate governance. The Canadian securities regulatory authorities also released National Policy 58-201 "Corporate Governance Guidelines" containing suggested guidelines on corporate governance practices. The instrument and policy replaced the requirement of the Toronto Stock Exchange that listed issuers annually disclose their approach to corporate governance with reference to certain specified corporate governance guidelines.

In accordance with the foregoing disclosure requirements, the Board of Directors of the Company has adopted the following Statement Of Corporate Governance Practices:

THE BOARD OF DIRECTORS

The Board of Directors has responsibility for the stewardship of the Company, specifically to oversee the operation of the Company and to supervise management.

The actions of the Board are governed by the requirements under the BUSINESS CORPORATIONS ACT (British Columbia) to act honestly, in good faith and in the best interests of the shareholders of the Company and to exercise care, diligence and skill in doing so.

Edgar Filing: IMA EXPLORATION INC - Form 6-K

The Board will endeavour to ensure that its composition complies with the Company's Articles of Incorporation, applicable securities rules and regulations of Canada and the U.S. Securities and Exchange Commission and the policies of the TSX Venture Exchange and the American Stock Exchange.

4

BOARD MANDATE

Every director takes part in the process of establishing policies for the Company and its subsidiaries. The Board of Directors has assumed the responsibility for developing the Company's approach to governance and responding to current governance guidelines. To that end, the Board has adopted the following mandate and objectives:

(a) THE STRATEGIC PLANNING PROCESS

The Board participates in the Company's strategic planning by considering and, if deemed appropriate, adopting plans as proposed and developed by management, with management having the primary responsibility for initially developing a strategic plan.

(b) PRINCIPAL RISKS

The Board considers the risks inherent in the mining industry and receives periodic assessments from management and others as to these risks and the Company's strategies to manage these risks.

(c) POLICIES

The Board reviews and approves key policy statements, codes of conduct or practices developed by management to promote ethical business conduct, regulatory compliance and public disclosure practices, among others, and monitors or oversees compliance with those policies, codes or practices.

(d) COMMITTEES

The Board is responsible for appointing and reviewing the mandate and composition of any Committee of the Board and considering and approving any changes to the composition, charter or mandate of any Committee of the Board.

(e) INDEPENDENCE

The Board is responsible for establishing appropriate structures and procedures so that the Board and its Committees can function independently of management.

(f) COMPENSATION PRACTICES

The Board will review, with the Compensation Committee, the Company's compensation practices.

(g) MATERIAL AGREEMENTS AND DOCUMENTS

The Board will approve or ratify significant projects, investments,

Edgar Filing: IMA EXPLORATION INC - Form 6-K

dispositions, acquisitions or other material agreements proposed to be entered into by the Company and review and approve all documents required by law to be reviewed and approved by the Board, including annual audited financial statements, management's discussion and analysis of financial results, the Corporation's Annual Information Form, information circulars to be disseminated in connection with any meeting of shareholders and any prospectus, registration statement or other similar documents.

(h) SUCCESSION PLANNING

The Board reviews the personnel needs of the Company from time to time, having particular regard to succession issues relating to senior management. The training and development of personnel is generally left to management. The Board appoints the President, Chief Executive Officer and Chairman, as well as the officers of the Company.

5

(i) COMMUNICATIONS POLICY

The Board assesses the effectiveness of the Company's communications with shareholders and has established a Disclosure and Insider Trading Policy to ensure that material matters are disseminated in a timely manner.

(j) INTEGRITY OF INTERNAL CONTROLS

The Board, through the Audit Committee and in conjunction with its auditors, will assess the adequacy of the Company's internal control systems and has instituted the controls required by the U.S. SARBANES-OXLEY ACT OF 2002, as applicable. The internal control review process will be undertaken at least on an annual basis during preparation of the year end financial audit. The Audit Committee also reviews and assesses the financial statements on a quarterly basis and annually reviews the adequacy of the Company's Disclosure and Insider Trading Policy.

(k) GENERAL

The Board will generally assume such responsibility and authorities as the Board sees fits, consistent with its duties and responsibilities to the Company and its shareholders.

The Board has approved written mandates for its two standing Committees, namely, the Audit Committee and Compensation Committee. The Board has also adopted a written Code of Business Conduct and Ethics applicable to all employees, officers and directors.

The Board has not adopted a formal system which would enable an individual director to engage an outside advisor at the expense of the Company. If such an engagement were deemed appropriate, it is anticipated that such a request would be brought by the particular director to the Board or Audit Committee for consideration.

BOARD INDEPENDENCE

Edgar Filing: IMA EXPLORATION INC - Form 6-K

The Board consists of eight directors, the majority of whom would be considered "independent" in that the person has no direct or indirect material relationship with the Company which, in the view of the Board, would be reasonably expected to interfere with the exercise of the director's independent judgment.

In determining if a person is independent, the Board has compiled, reviewed and discussed the existence, nature and materiality of any direct or indirect relationship between the nominee and the Company. Messrs. Gerald Carlson, Chet Idziszek, Tookie Angus, David Horton and Leonard Harris are independent directors. The other three directors, Messrs. Joseph Grosso, Art Lang and David Terry, because of their management positions, are not independent.

The Board considers that, given the entrepreneurial nature of the Company, and the current stage of the Company's development, the present number and composition of directors is appropriate. The Board as presently constituted includes considerable experience in the mining industry as well as financial experience. The Board believes that when balanced against the attendant increase in cost to the Company and possible reduction in the efficiency with which decisions are made, it would not be warranted to significantly increase the size of the Board or change the Board's composition at this time.

The Chairman of the Board, Mr. Gerald Carlson, is an independent director. His role and responsibilities are to facilitate meeting of the directors so as to allow them to discharge their mandate and duties to the Company and its shareholders.

The Chief Executive Officer and President of the Company, Mr. Joseph Grosso, is a member of management and a director of the Company. In view of the size of the Company, management representation on the Board, and the nature of its business, it is essential that those having an intimate knowledge of the Company's operations be present during most important Board discussions. Notwithstanding the foregoing, where the Board considers it appropriate, it meets without management present at the meeting. The Board has functioned, and is of the view that it can continue to function, independently of management, as required.

6

INDIVIDUAL DIRECTORS

The following provides further information regarding the background, experience and other directorship and business interest of the directors.

Since 1990, Mr. Grosso has been a director, President and Chief Executive Officer of the Company. POSITION DESCRIPTIONS

The Company has not formally developed position descriptions for the directors, Chairman of the Board, the Chairman of each standing committee of the Board or the Chief Executive Officer. However, the Board is satisfied that the directors and senior management are fully aware of their responsibilities and those matters that are within their authority.

NOMINATION OF DIRECTORS

The Board has not constituted a separate nominating committee to propose new nominees to the Board or for assessing directors' performance as the directors consider the Company too small to justify a more formal process. The Board as a whole from time to time discusses potential candidates for the Board, taking into account the overall composition, skills and experience of the Board as a whole.

ORIENTATION AND EDUCATION OF DIRECTORS

The Company does not have a formal process of orientation and education for new members of the Board. The independent Board members currently have considerable experience as members of the boards of other public companies. Senior management regularly provides updates to all directors on material developments in the Company's business.

BOARD COMMITTEES

The Board has two standing committees of its directors, namely the Audit Committee and the Compensation Committee. A formal written mandate has been approved by the Board for each such Committee. The Board may at any time constitute and appoint such other Committees and delegate such functions or responsibilities as it sees fit.

COMPENSATION COMMITTEE

The Compensation Committee members are Messrs. Tookie Angus and David Horton, both of whom are independent directors. The Compensation Committee meets at least twice a year and otherwise as required. The Compensation Committee has responsibility for oversight of the Company's overall human resources policies and procedures as well as review of executive and key employee compensation and compensation of the Company's independent directors. The Compensation Committee has engaged the services of an outside compensation consultant in order to carry out its duties and responsibilities.

THE AUDIT COMMITTEE

The Audit Committee consists of Messrs. Tookie Angus, Chet Idziszek and David Horton all of whom are independent directors. Mr. Horton is Chairman of the Committee. The Audit Committee meets at least quarterly to review the interim financials and to review the year end financials and MD&As. The auditors of the Company report to the Audit Committee.

Edgar Filing: IMA EXPLORATION INC - Form 6-K

Among other things, the Audit Committee reviews the Company's annual consolidated financial statements and interim financial statements and MD&As before the Board approves them.

Due to its size, the Company has no formal internal audit process. The Audit Committee has direct communication channels with the external auditors and is responsible for recommending to the Board of Directors the appointment of the

8

auditor and sets the auditor's remuneration. The external auditors report directly to the Company's Audit Committee.

The full charter of the Audit Committee is attached hereto as Schedule "A".

ETHICAL BUSINESS CONDUCT

The Board has adopted a written Code of Business Conduct (the "Code") and Ethics and a Whistle-Blower Policy and Procedures. A copy of the Code and Policy can be found on the Company website at <http://www.imaexploration.com>.

The Board has appointed a Compliance Officer who is responsible for monitoring compliance with the Code, investigating and resolving all reported complaints and allegations concerning violations of the Code. The Compliance Officer has direct access to the Audit Committee and the Board and the Compliance Officer is required to report to the Board at least annually on compliance activity.

Where any director has an interest, direct or indirect in a material contract or material transaction relating to the Company, the BUSINESS CORPORATIONS ACT (British Columbia) requires that the director disclose his or her interest to the Board in advance and thereafter abstain from voting as a director on that matter. The Code adopted by the Board goes further by imposing more stringent disclosure and approval requirements than those imposed under the BUSINESS CORPORATIONS ACT (British Columbia).

Where a director has a material interest in a transaction or agreement concerning the Company, the Board takes such steps as may be prudent to isolate and eliminate or reduce the potential for such a conflict of interest to interfere with the Board's exercise of independent judgment. This may include requiring the director to excuse himself or herself from deliberations of the Board or referring that matter for consideration by a committee of independent directors of the Board.

DIRECTOR ASSESSMENTS

The Chairman of the Board has the responsibility for ensuring the effective operation of the Board and its committees and for ensuring the Board's directors are performing effectively.

STATEMENT OF EXECUTIVE COMPENSATION

The Company is required, under applicable securities legislation in Canada, to disclose to its shareholders details of compensation paid to each of its Chief Executive Officer ("CEO") and the Chief Financial Officer ("CFO") of the Company, regardless of the amount of compensation of those individuals, and each of the Company's four most highly compensated executive officers, other than the CEO and CFO, who were serving as executive officers at the end of the most recent financial year and whose total salary and bonus exceeds \$150,000.

Edgar Filing: IMA EXPLORATION INC - Form 6-K

DEFINED BENEFIT OR ACTUARIAL PLAN DISCLOSURE

The Company does not have any defined benefit or actuarial plans under which benefits are determined primarily by final compensation (or average final compensation) and years of service of the Named Executive Officer.

MANAGEMENT CONTRACTS

By agreement, made effective as of July 1, 1999, Oxbow International Marketing Corp., a private company owned by Joseph Grosso, was paid a consulting fee of \$8,500 per month for making available the services of Joseph Grosso as President and Chief Executive Officer of the Company. Under the terms of this contract, a payment of \$461,500 is due in the event that Oxbow's services are terminated without cause, or upon a change of control a payment of three years of consulting fees may become due. On April 12, 2006 the Board accepted the recommendation from the Compensation Committee to increase the monthly consulting fee effective May 1, 2006 to \$20,833 (\$250,000 per annum) and to pay a bonus of \$150,000.

By agreement dated April 1, 2004, KGE Management Ltd., ("KGE"), a private company owned by Gerald Carlson, Chairman of the Company, was paid \$2,000 per month, plus \$600 per day if services are rendered for more than three days per month. The agreement expired March 31, 2005 and was renewed for six months with the same terms. During the fiscal year ended December 31, 2005, the Company paid \$24,000 to KGE. Effective January 1, 2006 the Company agreed to pay KGE a fee of \$600 per day if services were required and the former agreement was not renewed.

On December 16, 2003 and on November 16, 2004, the Company entered into agreements with Endeavour Financial Ltd. ("Endeavour"). Mr. Angus, a director of the Company, was a shareholder of Endeavour when the agreements were entered into. A monthly fee of US\$5,000 was paid under this agreement for a minimum period of one year. On July 4, 2005, the agreement was amended to increase the monthly fee to US\$10,000 per month effective June 1, 2005. During the fiscal

Edgar Filing: IMA EXPLORATION INC - Form 6-K

year ended December 31, 2005, Endeavour was paid \$115,088. The agreement

11

includes a provision for a nominee from Endeavour to be nominated to the board of the Company and for additional fees to be paid for certain specified transactions in addition to the monthly fee. Effective December 31, 2005, Mr. Angus retired from Endeavour and the monthly fee was reduced to US\$5,000 per month. The agreement was terminated by mutual consent effective February 28, 2006.

On February 14, 2006 and effective January 1, 2006, the Company has entered into an agreement with RSA Holdings Ltd., pursuant to which R.S. (Tookie) Angus, a director of the Company, provides advisory services including participation on various committees of the Company. A monthly fee of US\$5,000 for services is payable under this agreement for a minimum period of six months.

REPORT ON EXECUTIVE COMPENSATION

COMPOSITION OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board is composed of Messrs. Tookie Angus and David Horton, each of whom is an independent director.

None of the Committee members were or are employees or officers of the Company. None of the executive officers of the Company serves or has served as a member of the compensation or other equivalent committee or board of another issuer in respect of which any of the members of the Compensation Committee was an executive officer.

The following is the report of the Compensation Committee on the Company's executive compensation practices.

COMPENSATION PHILOSOPHY

The Company's executive compensation program is comprised of two components: base salary and annual incentives. The objectives of the Company's executive compensation strategy include the following:

1. attracting, rewarding, motivating and retaining key executives;
2. aligning the financial interest of executives and executive compensation with the Company's short term and longer-term strategic, operational and financial objectives and the financial interests of the Company's shareholders; and
3. providing competitive total compensation opportunities on a fair, reasonable and cost-effective basis, while enhancing the Company's ability to fulfil its goals and objectives.

In keeping with these objectives, the Compensation Committee is committed to reviewing and monitoring the competitiveness, adequacy, suitability and form of total compensation of the executive officers of the Company on an annual basis. While the Company's strategy is to competitively recognize and reward management contributions, the importance of business and shareholder interest is also taken into consideration when the Compensation Committee determines executive compensation levels. The Company's policies are designed to deliver competitive base salaries and incentive payments where corporate and individual performance

Edgar Filing: IMA EXPLORATION INC - Form 6-K

meet specific predetermined objectives.

SALARY

Base salaries are set according to duties and responsibilities, the degree of special knowledge and skill required to perform the role and a comparison to executives in similar positions of responsibility and scope in other comparable organizations. For all executive officers other than the Chief Executive Officer, the Compensation Committee, with input from the Chief Executive Officer, makes recommendations to the Board of Directors who make the ultimate determination of each officer's salary. Salaries of other senior management of the Corporation are reviewed annually by the Chief Executive Officer and the Compensation Committee and adjusted appropriately by them based on position, responsibilities and market data. The Committee separately reviews the compensation for the Chief Executive Officer and makes recommendations to the Board.

12

ANNUAL INCENTIVES

The Company also provides executive officers and other senior management of the Company with the opportunity to earn annual incentive awards, by way of cash bonuses and stock option grants, based on the achievement of pre-established annual corporate, business and individual performance milestones and other factors. These measures include quantitative factors as well as qualitative factors. Individual performance assessments are determined with respect to specific milestones and factors and by subjective evaluations of performance.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

The Chief Executive Officers' compensation is determined by the Compensation Committee and approved by the Board. In determining his compensation, the Compensation Committee carefully assesses the performance of the Chief Executive Officer, considering both financial and non-financial components. His compensation is based on a number of corporate and personal performance goals and with a view to compensation based on individuals of a similar position with comparable organizations. In determining Mr. Grosso's compensation, the Compensation Committee has consulted an outside consultant in order to obtain market information.

Mr. Grosso's compensation is comprised of base salary and an annual incentive. His bonus and stock option grants are determined by the financial and operations performance of the Company as compared to the corporate objectives set by the Board at the beginning of each year, as well as by Mr. Grosso's achievement of predetermined personal milestones.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The only equity compensation plan which the Company has in place is the 2003 Stock Option Plan which was previously approved by shareholders on June 26, 2003. GENERAL PROXY INFORMATION

APPOINTMENT OF PROXYHOLDERS

The individuals named in the accompanying form of proxy are directors and officers of the Company. A SHAREHOLDER MAY APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT THEM AT THE MEETING OTHER THAN THE PERSONS NAMED IN THE ENCLOSED FORM OF PROXY. You may do so by inserting the person's name in the blank space provided in the form of Proxy or by completing another suitable form of proxy.

DEPOSIT OF PROXIES

To be valid, completed proxies must be deposited with Computershare Investor Services, 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 (facsimile: 416-249-7775) no later than 48 hours (excluding Saturdays, Sundays or holidays) before the time for holding the Meeting. The Chairman of the Meeting may, but is not obliged to, accept proxies deposited after that time.

VOTING BY PROXYHOLDERS

The person named in the proxy in the form enclosed will vote or withhold from voting the Common Shares represented by the proxy in accordance with your instructions.

IF NO CHOICE IS SPECIFIED IN A PROXY IN THE FORM ENCLOSED AND ONE OF THE PERSONS NAMED THEREIN IS APPOINTED AS PROXYHOLDER, THE COMMON SHARES REPRESENTED BY THAT PROXY WILL BE VOTED IN FAVOUR OF EACH OF THE MATTERS IDENTIFIED THEREIN.

DISCRETIONARY AUTHORITY

Management of the Company is currently not aware of any amendment to or variation in any of the matters identified in the accompanying Notice of Meeting nor of any other matter that may be brought before the Meeting. However, a proxy in the form enclosed confers discretionary authority on the person named as proxyholder with respect to:

- (a) each matter or group of matters identified in the Proxy for which no choice is specified,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

VALIDITY OF PROXIES

Edgar Filing: IMA EXPLORATION INC - Form 6-K

A form of proxy will not be valid unless it is dated and signed by the shareholder or by the shareholder's attorney duly authorized in writing. In the case of a shareholder that is a corporation, a proxy will not be valid unless it is executed under its seal or by a duly authorized officer or agent of, or attorney for, such corporate shareholder. If a proxy is executed by an attorney or agent for an individual shareholder, or by an officer, attorney, agent or authorized representative of a corporate shareholder, the instrument empowering the officer, attorney, agent or representative, as the case may be, or a notarial copy thereof, should be deposited along with the proxy.

A vote cast in accordance with the terms of a proxy will be valid notwithstanding the previous death, incapacity or bankruptcy of the shareholder or intermediary on whose behalf the proxy was given or the revocation of the appointment, unless written notice of such death, incapacity, bankruptcy or revocation is received by the Chairman of the Meeting at any time before the vote is cast.

VOTING PROCEDURES FOR REGISTERED AND NON-REGISTERED SHAREHOLDERS

A shareholder may vote at the Meeting by attending in person or appointing a proxyholder to attend and vote on their behalf. Only registered shareholders or their duly appointed proxy holders are permitted to attend and vote at the Meeting.

The procedure a shareholder must follow in order to vote in person or by proxy will depend on whether they are a registered or a non-registered shareholder. A registered shareholder is a person whose shares are recorded in their name on the books of the Company. Registered shareholders do not hold their Common Shares through and in the name of a brokerage firm, securities dealer, bank, trust company or their nominee or depository. Registered shareholders may attend and vote in person at the Meeting by registering their attendance with the Scrutineer of the Meeting on the day of the Meeting. A registered shareholder who intends to vote in person need not submit a proxy, although it is recommended that they do so in the event they are unable to attend on the day of the Meeting.

Most shareholders of the Company are "non-registered" or "beneficial" shareholders because the shares they own are not registered in their names but are instead registered and held by and in the name of the brokerage firm, securities dealer, bank or trust company of their nominees or depositories ("Intermediaries") who holds those shares for their clients. Those Intermediaries cannot vote the shares registered in their name except with the specific voting instructions from their clients, the beneficial holders. In order to facilitate this, the Company is required to arrange the distribution of copies of the Notice of Meeting and Information Circular (collectively, the "Meeting Materials") to non-registered holders. The Company may distribute the Meeting Materials directly to you if you are a "non-objecting beneficial owner" or NOBO and have allowed your Intermediary to give your name and the number of shares held by you to the Company in accordance with applicable securities rules. If not, the Company will distribute the Meeting Materials to your Intermediary who, in turn, is required to forward the Meeting Materials to their clients on whose behalf they hold shares if you have advised that you do not wish to disclose your name to the Company (namely, you are an "objecting beneficial owner" or OBO). In some cases, non-registered shareholders have directed their Intermediary not to send them any such materials.

All non-registered beneficial shareholders who receive Meeting Materials will also receive either a form of proxy or a "voting instruction form" (a VIF).

If you are a NOBO, you should expect to receive and you should properly complete and sign the proxy or VIF that will be sent to you and return it to Computershare Investor Services Ltd., the Corporation's transfer agent, as

Edgar Filing: IMA EXPLORATION INC - Form 6-K

directed. Computershare will tabulate the results of VIFs delivered to them on behalf of NOBOs and provide that tabulation to the Company. By sending the Meeting Materials and VIF directly to NOBOs, the Company, and not your Intermediary, has assumed responsibility for the delivery of those materials to you and executing your proper voting instructions.

If you are an OBO, you should expect to receive and you should properly complete and sign the proxy or VIF that will be sent to you and return it to the Intermediary or its service agent, as directed. Your Intermediary will, in turn, submit a form of proxy to the Company on your behalf, based on the voting instructions you provide. Every Intermediary has its own procedures for

17

completing and returning these forms in order for the votes of non-registered shareholders to be submitted and recorded at the Meeting. These procedures may allow for voting in different manner, including over the internet or by telephone. Those instructions should be carefully followed. If you have any questions, you should contact your broker, bank or other Intermediary or any service provider identified by them.

The instructions provided along with the VIF or proxy will also specify how non-registered shareholder may complete those documents if the shareholder wishes to attend the Meeting or appoint someone else to attend on their behalf and vote in person at the Meeting and how to revoke or change your vote.

REVOCATION OF PROXIES

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivering it to the registered and records office of the Company at 709 - 837 West Hastings Street, Vancouver, British Columbia, V6C 3N6, at any time up to and including the last business day preceding the day of the Meeting or to the Chairman of the Meeting on the day of the Meeting or in any other manner provided by law. A revocation of a proxy will not affect any matter on which a vote has already been taken prior to the receipt of the revocation.
