ITEM 1. FINANCIAL STATEMENTS

The condensed consolidated financial statements included herein have been prepared by us without audit pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. It is suggested that these financial statements be read in conjunction with the audited financial statements and the notes thereto included in our annual report on Form 10-K for the year ended December 31, 2008 as filed with the Securities and Exchange Commission.

(A DEVELOPMENT STAGE COMPANY COMMENCING JANUARY 1, 2008)
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2009

(Unaudited)

NOTE 1 – ORGANIZATION, BASIS OF PRESENTATION AND PLAN OF OPERATION

Organization and Basis of Presentation

Clacendix, Inc., a Delaware corporation was founded, as ION Networks, Inc. (“ION”), in 1999 through the combination of two companies — MicroFrame, a New Jersey Corporation, and SolCom Systems Limited, a Scottish corporation located in Livingston, Scotland. ION designed, developed, manufactured and sold network and information security and management products to corporations, service providers and government agencies. On December 31, 2007, ION Networks, Inc. changed its name to Clacendix, Inc., in connection with the sale of substantially all of its operating assets to Cryptek, Inc., a Delaware Corporation (“Cryptek”), as described below. The accompanying condensed consolidated financial statements include the accounts of Clacendix, Inc. and ION Networks, N.V., a wholly-owned, inactive subsidiary (collectively, the “Company”). All material inter-company balances and transactions have been eliminated in consolidation.

The condensed consolidated balance sheet as of March 31, 2009, the condensed consolidated statements of operations and cash flows for the three months ended March 31, 2009 and 2008 and for the period from January 1, 2008 through March 31, 2009 (development stage period), have been prepared by the Company without audit. In the opinion of management, all adjustments (which include normal recurring adjustments) necessary to make the Company's financial position, results of operations and cash flows at March 31, 2009 and for the three months ended March 31, 2009 and 2008 not misleading have been made. The results of operations for the three months ended March 31, 2009 and 2008 and for the period from January 1, 2008 through March 31, 2009 (development stage period), are not necessarily indicative of results that would be expected for the full year or any other interim period.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these financial statements be read in conjunction with the audited financial statements and notes thereto included in the report on Form 10-K for the year ended December 31, 2008, filed with the Securities and Exchange Commission.

On December 31, 2007, the Company sold substantially all of the operating assets of the Company to Cryptek, Inc. Stockholder approval was required, and obtained, with respect to such sale. At the closing of the transaction, \$320,000 was deposited in an escrow account to provide for any claims against the Company's transferred intellectual property which may arise within one year of the closing date. No such claims were made. Therefore, such amount was classified as Restricted Cash as of December 31, 2008, and was refunded to the Company per the terms of the purchase agreement in January 2009. Since the date of this transaction, the Company has existed as a shell company with no operations, and is reporting as a development stage company.

Plan of Operation

The plan of operation of the Company is to seek a target company with which to merge or to complete a business combination. In any transaction, it is expected that the Company would be the surviving legal entity and the shareholders of the Company would retain a percentage ownership interest in the post-transaction company. The Company does not plan to restrict its search to any specific business, industry or geographic location, and it may

participate in a business venture of virtually any kind or nature.

The Company may seek a business opportunity with entities which have recently commenced operations, or that desire to utilize the public marketplace in order to raise additional capital in order to expand into new products or markets, to develop a new product or service, or for other corporate purposes. The Company may acquire assets and establish wholly owned subsidiaries in various businesses or acquire existing businesses as subsidiaries.

The Company has entered into a non-binding letter of intent to acquire the outstanding capital stock of a private entity. The Company is still in discussions with this entity and performing the necessary due diligence. Management has indicated that there are still certain important aspects of the proposed transaction that have not been finalized including certain financing activities. The Company can give no assurance that this transaction or any such transaction will occur, or that if such a transaction were to occur, it would enhance the Company's future operations or financial results, or specifically that the Company would become and remain profitable as a result of such transaction. If the Company is not able to complete a transaction within a reasonable time frame, the Company may liquidate.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reclassifications

Certain amounts in the financial statements for the three months ended March 31, 2008 and for the period from January 1, 2008 through March 31, 2009 (Development Stage Period) have been reclassified to conform to the presentation of the financial statements for the three months ended March 31, 2009. There was no change in previously reported net loss.

NOTE 3 – STOCKHOLDERS' EQUITY

Potentially dilutive securities of 2,520,070 and 5,964,061 at March 31, 2009 and 2008, respectively are excluded from the computation of diluted net loss per share, as their inclusion would be antidilutive.

Options

On January 14, 2009, the Company granted board members immediately exercisable options, under an option plan previously approved by stockholders, to purchase an aggregate of 3,000 shares of common stock with an exercise price of \$0.03 for a total value of \$90, based on the Black-Scholes model.

During the three months ended March 31, 2009, an aggregate of 2,114,404 options issued under previously approved plans expired pursuant to the terms of the option grants.

On March 9, 2009, the Company granted board members immediately exercisable options, under an option plan previously approved by stockholders, to purchase an aggregate of 3,000 shares of common stock with an exercise price of \$0.02 for a total value of \$60, based on the Black-Scholes model.

Warrants

On January 28, 2009 warrants issued pursuant to a consultant agreement with the right to purchase 937,500 shares expired.

NOTE 4 – EMPLOYMENT AGREEMENTS

On June 19, 2008, the Board of Directors of the Company extended the employment term of Norman E. Corn, its Chief Executive Officer, and Patrick E. Delaney, its Chief Financial Officer, through December 31, 2008, unless terminated earlier by either party upon thirty days prior notice. The board extended the agreements twice, on March 9, 2009 to April 30, 2009 and again on April 30, 2009 to May 15, 2009 with the same terms. Effective July 1, 2008, Messrs. Corn and Delaney's compensation has been adjusted to an annual base salary of \$100,000, as compared to 2007 annual base salaries of \$235,000 and \$200,000, respectively, in addition to certain employee benefits.

NOTE 5 – RECENT ACCOUNTING PRONOUNCEMENTS

In December 2007, the FASB issued SFAS No. 141R, "Business Combinations" ("SFAS 141R"), which replaces SFAS No. 141, "Business Combinations." SFAS 141R establishes principles and requirements for determining how an enterprise recognizes and measures the fair value of certain assets and liabilities acquired in a business combination, including non-controlling interests, contingent consideration, and certain acquired contingencies. SFAS 141R also requires acquisition-related transaction expenses and restructuring costs be expensed as incurred rather than capitalized as a component of the business combination. SFAS 141R will be applicable prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. SFAS 141R would have an impact on accounting for any businesses acquired after the effective date of this pronouncement.

In June 2008, the EITF reached a consensus in Issue No. 07-5, "Determining Whether an Instrument (or Embedded Feature) Is Indexed to an Entity's Own Stock" ("EITF 07-5"). This Issue addresses the determination of whether an instrument (or an embedded feature) is indexed to an entity's own stock, which is the first part of the scope exception in paragraph 11(a) of SFAS 133. EITF 07-5 is effective for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early application is not permitted. The adoption of EITF No. 07-5 did not

have a material impact on the Company's financial statements.

8

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Information Regarding Forward-Looking Statements

A number of statements contained in this report are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that involve risks and uncertainties that could cause actual results to differ materially from those expressed or implied in the applicable statements. You can identify forward-looking statements by our use of words such as “may”, “will”, “should”, “could”, “expects”, “plans”, “intends”, “anticipates”, “believes”, “estimates”, “potential”, or “continue” or the negative or other variations of these words, or other comparable words or phrases. These statements include, but are not limited to, statements regarding our ability to complete our business objectives. These risks and uncertainties include, but are not limited to:

- our ability to complete a combination with one or more target businesses;
- our success in retaining or recruiting, or changes required in, our officers or directors prior to or following a business combination;
- our potential inability to obtain additional financing to complete a business combination;
 - a limited pool of prospective target businesses;
- a potential change in control if we acquire one or more target businesses for stock;
 - our public securities’ limited liquidity and trading; and
 - our ongoing financial performance.

Unless otherwise required by applicable law, the Company assumes no obligation to update any such forward-looking statements, or to update the reasons why actual results could differ from those projected in the forward-looking statements. These risk factors are further described in our annual report on Form 10-K for the fiscal year ended December 31, 2008.

OVERVIEW

Clacendix, Inc., a Delaware corporation was founded, as ION Networks, Inc. (“ION”), in 1999 through the combination of two companies — MicroFrame, a New Jersey Corporation, and SolCom Systems Limited, a Scottish corporation located in Livingston, Scotland. ION designed, developed, manufactured and sold network and information security and management products to corporations, service providers and government agencies. On December 31, 2007, ION Networks, Inc. changed its name to Clacendix, Inc. The accompanying condensed consolidated financial statements include the accounts of Clacendix, Inc. and ION Networks, N.V., a wholly-owned, inactive subsidiary (collectively, the “Company”).

This discussion and analysis should be read in conjunction with our condensed consolidated financial statements and accompanying notes included elsewhere in this Quarterly Report. This discussion includes forward-looking statements that involve risk and uncertainties. The following financial information for the three months ended March 31, 2009 and 2008 should be considered in light of the completion of the sale of substantially all of the operating assets of the Company on December 31, 2007 and the fact that the Company currently has no operations other than to maintain the corporate entity, comply with the periodic reporting requirements of the Securities and Exchange Commission, and to seek a target company with which to merge or to complete a business combination, as further described in our Annual

Report on Form 10-K for the year ended December 31, 2008. Therefore, during these periods, the Company had no revenue, cost of sales, depreciation expense, research and development expenses or selling expenses.

The plan of operation of the Company is to seek a target company with which to merge or to complete a business combination. In any transaction, it is expected that the Company would be the surviving legal entity and the shareholders of the Company would retain a percentage ownership interest in the post-transaction company. The Company does not plan to restrict its search to any specific business, industry or geographic location, and it may participate in a business venture of virtually any kind or nature.

The Company may seek a business opportunity with entities which have recently commenced operations, or that desire to utilize the public marketplace in order to raise additional capital in order to expand into new products or markets, to develop a new product or service, or for other corporate purposes. The Company may acquire assets and establish wholly owned subsidiaries in various businesses or acquire existing businesses as subsidiaries.

The Company has entered into a non-binding letter of intent to acquire the outstanding capital stock of a private entity. The Company is still in discussions with this entity and performing the necessary due diligence. Management has indicated that there are still certain important aspects of the proposed transaction that have not been finalized including certain financing activities. The Company can give no assurance that this transaction or any such transaction will occur, or that if such a transaction were to occur, it would enhance the Company's future operations or financial results, or specifically that the Company would become and remain profitable as a result of such transaction. If the Company is not able to complete a transaction within a reasonable time frame, the Company may liquidate.

RESULTS OF OPERATIONS

For the three months ended March 31, 2009 compared to the same period in 2008:

General and Administrative expenses ("G&A") for the three months ended March 31, 2009 were \$259,309 compared to \$230,353 for the same period in 2008, an increase of \$28,946. The increase in G&A was primarily due to an increase in professional services expenses related to the Company's potential business combination transaction activity from zero for the three months ended March 31, 2008 compared to approximately \$132,000 for the three months ended March 31, 2009 offset in part by a reduction in payroll related expenses of \$96,872. The headcount of two was unchanged in March 31, 2009 compared to the same period in 2008.

The Company incurred a net loss of \$256,276 for the three months ended March 31, 2009, compared to \$214,709 for the same period in 2008. The increase was due primarily to an increase in professional services related to the Company's potential business combination transaction activity of approximately \$132,000, reduction of interest income of \$12,611, offset in part by a reduction in payroll related expenses of \$96,872, as a result of the reduction in salaries of the chief executive officer and the chief financial officer.

FINANCIAL CONDITION AND CAPITAL RESOURCES

The Company's working capital balance as of March 31, 2009 was \$929,510 as compared to \$1,185,039 at December 31, 2008. The decrease of \$255,529 was primarily due to the G&A expenses of the Company for the three months ended March 31, 2009. We presently anticipate that cash requirements during the next twelve months will relate to maintaining the corporate entity, complying with the periodic reporting requirements of the Securities and Exchange Commission, evaluating and reviewing possible business ventures and acquisition opportunities and potentially negotiating and consummating any such transactions. The Company believes that it has sufficient cash on hand to meet these cash requirements during the next twelve months.

Net cash used in operating activities during the three months ended March 31, 2009 was \$234,926, primarily due to the Company's net loss during the period, compared to net cash used by operating activities of \$621,370 for the same period in 2008, a difference of \$386,444. The use of cash in the three months ended March 31, 2008 included payments for severance of approximately \$500,000 and accrued payroll of \$52,000.

Net cash provided by investing activities during the three months ended March 31, 2009 was \$321,512 compared to zero for the same period in 2008. During the three months ended March 31, 2009, the Company received cash in the amount of \$321,512 from an escrow account related to the sale of substantially all the assets of the operating company.

Net cash provided by financing activities during the three months ended March 31, 2009 and 2008 was zero.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The Company's significant estimates include its deferred tax valuation.

Recent Accounting Pronouncements

In December 2007, the FASB issued SFAS No. 141R, "Business Combinations" ("SFAS 141R"), which replaces SFAS No. 141, "Business Combinations." SFAS 141R establishes principles and requirements for determining how an enterprise recognizes and measures the fair value of certain assets and liabilities acquired in a business combination, including noncontrolling interests, contingent consideration, and certain acquired contingencies. SFAS 141R also requires acquisition-related transaction expenses and restructuring costs be expensed as incurred rather than capitalized as a component of the business combination. SFAS 141R will be applicable prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. SFAS 141R would have an impact on accounting for any businesses acquired after the effective date of this pronouncement.

In June 2008, the EITF reached a consensus in Issue No. 07-5, “Determining Whether an Instrument (or Embedded Feature) Is Indexed to an Entity’s Own Stock” (“EITF 07-5”). This Issue addresses the determination of whether an instrument (or an embedded feature) is indexed to an entity’s own stock, which is the first part of the scope exception in paragraph 11(a) of SFAS 133. EITF 07-5 is effective for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early application is not permitted. The adoption of EITF No. 07-5 did not have a material impact on the Company’s financial statements.

Off-Balance Sheet Arrangements

As of May 7, 2009, we did not have any off-balance sheet debt nor did we have any transactions, arrangements, obligations (including contingent obligations) or other relationships with any unconsolidated entities or other persons that may have a material current or future effect on financial conditions, changes in financial conditions, result of operations, liquidity, capital expenditures, capital resources, or significant components of revenue or expenses.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not Applicable.

ITEM 4T. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Prior to the filing of this report, the Company's management carried out an evaluation, under the supervision and with the participation of its Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the period covered by this report. Based on this evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that the Company's controls and procedures were effective as of the end of the period covered by this report to ensure that information required to be disclosed by the Company in the reports filed by it under the Securities and Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and include controls and procedures designed to ensure that information required to be disclosed by the Company in such reports is accumulated and communicated to the Company's management, including the Chief Executive Officer and Chief Financial Officer of the Company, as appropriate to allow timely decisions regarding required disclosure.

Changes to Internal Control Over Financial Reporting

There are no changes in the Company's internal control over financial reporting during the quarter ended March 31, 2009 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting. However, as the Company sold substantially all of its operating assets on December 31, 2007 it has continued to utilize the accounting system, which was sold in the transaction, as well as certain Cryptek employees through mutual agreement.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company is not currently involved in any legal proceedings other than routine litigation incidental to the business.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On January 14, 2009, the Company granted non-employee board members immediately exercisable options, under an option plan previously approved by stockholders, to purchase an aggregate of 3,000 shares of common stock with an exercise price of \$0.03 for a total value of \$90, based on the Black-Scholes model.

On March 9, 2009, the Company granted non-employee board members immediately exercisable options, under an option plan previously approved by stockholders, to purchase an aggregate of 3,000 shares of common stock with an exercise price of \$0.02 for a total value of \$60, based on the Black-Scholes model.

These grants were made without registration in reliance upon the exemption afforded by the provisions of Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act"), and Rule 506 promulgated thereunder, based on the fact that the options granted were not sold or offered pursuant to general solicitation, and in reliance upon the "accredited investor" status of board members of the Company.
