Item 8.01 Other Events.

On July 19, 2010, XsunX, Inc., a Colorado corporation (the “Company”) released a letter to shareholders (the “Shareholder Newsletter”) providing an update to the Company efforts to develop new manufacturing technology for the mass production of Copper Indium Gallium (di) Selenide (CIGS) thin film solar cells. The Shareholder Newsletter provides an update regarding XsunX’s benchmark targets for its hybrid CIGSolar™ solar cell technology, and its projected savings in the marketplace as determined by a third party firm, IBIS Associates, a technology strategy and business development consulting company based in Waltham, Massachusetts who specializes in competitive position assessments of traditional and advanced materials and manufacturing technologies. The Company employed the use of these assessments and projections in a recent grant application submission for the latest DOE Funding Opportunity (DOE-FOA-0000234) applied for by the Company on July 6, 2010. The Shareholder Newsletter also updates the status of the Company efforts to complete the assembly of certain equipment necessary to continue the development of CIGSolar™ a new manufacturing technology that the Company is engaged in developing. A copy of the Shareholder Newsletter is attached hereto as Exhibit 99.1 and is hereby incorporated by reference into this Item 8.01.

Item 9.01 Financial Statements and Exhibits.
