EXPLANATORY NOTE

This Amendment No.1 on Form 10-K/A (“Amendment No. 1”) amends the Annual Report on Form 10-K for the fiscal year ended December 31, 2013, as filed by P&F Industries, Inc. (the “Company”) with the Securities and Exchange Commission on March 28, 2014 (the “Original Form 10-K”), and is being filed in order to amend Item 9A of the Original Form 10-K to provide the Company’s management’s assessment of the effectiveness of the Company’s internal control over financial reporting as of the end of the 2013 fiscal year. Except as set forth in Item 9A below, the filing of certifications of the Company’s Chief Executive and Financial Officers contained in Exhibits 31.1 and 31.2 and updating the exhibit index and signature page, no other changes are made to the Original Form 10-K. Unless expressly stated, this Amendment No. 1 continues to describe conditions as of the date of the Original Form 10-K, and the Company has not updated the disclosures contained in the Original Form 10-K to reflect events that occurred at a later date.

Item 9A. Controls and Procedures

Evaluation of disclosure controls and procedures

We maintain disclosure and control procedures that are designed to ensure that information required to be disclosed in reports filed under the Securities and Exchange Act of 1934 (the “Exchange Act”) is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms, and that such information is accumulated and communicated to our management, including our CEO and CFO, to allow timely decisions regarding required disclosure.

Our management, with the participation of our CEO and CFO, carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of December 31, 2013. Based upon that evaluation, the CEO and CFO concluded that our disclosure controls and procedures were effective as of December 31, 2013.

Management’s Report on Internal Control over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) and 15d-15(f) of the Exchange Act). This system is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles.

Our internal control over financial reporting includes those policies and procedures that:

Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect our transactions and dispositions of our assets;

Provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with the authorizations of our management and directors; and

Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of our assets that could have a material effect on the consolidated financial statements.

We carried out an evaluation, under the supervision and with the participation of our management, including our CEO and CFO, of the effectiveness of the design and operation of our internal control over financial reporting, as of December 31, 2013. Management based this assessment on criteria for effective internal control over financial reporting described in “Internal Control—Integrated Framework” issued by the Committee of Sponsoring Organizations of the Treadway Commission in 1992. Based upon that evaluation, the CEO and CFO concluded that our internal control over financial reporting was effective as of December 31, 2013.

Because of its inherent limitations, internal controls may not prevent or detect misstatements. A control system, no matter how well designed and operated, can only provide reasonable, not absolute, assurance that the control system’s objectives will be met. Also, projections of any evaluation of effectiveness as to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with policies and procedures may deteriorate.

This annual report on Form 10-K does not include an attestation report of our independent registered public accounting firm regarding internal control over financial reporting. Management’s report was not subject to attestation by our independent registered public accounting firm pursuant to the rules of the Securities and Exchange Commission that permit us to provide only management’s report in this annual report.

Changes in Internal Control over Financial Reporting

There have been no significant changes in our internal control over financial reporting during the most recently completed fiscal quarter ended December 31, 2013 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
