ABOUT THE MEETING

What is the date, time and place of the annual meeting?

Beacon Roofing Supply, Inc.'s 2017 Annual Shareholders Meeting will be held on Friday, February 10, 2017, beginning at 8:00 a.m., local time, at the Ritz-Carlton Hotel, 280 Vanderbilt Beach Road, Naples, FL 34108.

What is the purpose of the annual meeting?

At the annual meeting, shareholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, consisting of 1) election of directors; 2) ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2017; 3) approval of the compensation of our named executive officers on a non-binding, advisory basis; 4) determination of how often the Company will include a proposal like Proposal No. 3 in its annual proxy statement on a non-binding, advisory basis; 5) approval of the Company's Senior Executive Annual Incentive Plan; and 6) any other matters that properly come before the meeting.

Who is entitled to vote at the meeting?

Only our shareholders of record at the close of business on December 16, 2016, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares you held on that date at the meeting, or any postponement(s) or adjournment(s) of the meeting. As of the record date, there were 60,009,132 shares of common stock outstanding, all of which are entitled to be voted at the annual meeting.

A list of shareholders will be available at our headquarters at 505 Huntmar Park Drive, Suite 300, Herndon, Virginia 20170 for a period of ten days prior to the annual meeting and at the annual meeting itself for examination by any shareholder.

What are the voting rights of the holders of our common stock?

Holders of common stock are entitled to one vote per share on each matter that is submitted to shareholders for approval.

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of common stock representing a majority of the combined voting power of the outstanding shares of stock on the record date will constitute a quorum, permitting the

meeting to conduct its business. As of the record date, there were 60,009,132 shares of common stock outstanding, all of which are entitled to be voted at the annual meeting.

What vote is required to approve each item?

For purposes of electing directors at the annual meeting, the nominees receiving the support of stockholders representing the greatest numbers of shares of common stock present at the meeting, in person or by proxy and entitled to vote, shall be elected as directors. The affirmative vote of a majority of the shares of common stock present at the meeting in person or by proxy and entitled to vote is required for the: ratification of the selection of Ernst & Young LLP; approval of the compensation of our named executive officers; approval of the Senior Executive Annual Incentive Plan; and approval of any other matter that may be submitted to a vote of our shareholders. For purposes of determining how often (*i.e.* every one, two or three years) the Company will include a proposal on executive compensation in our annual proxy statement, the Company will treat the option receiving the support of the greatest number of shares of common stock present at the meeting in person or by proxy and entitled to vote as the option approved by shareholders.

TABLE OF CONTENTS

Although our Board of Directors intends to carefully consider the shareholder votes on the compensation of our named executive officers and whether we should have such a proposal every one, two or three years, those final votes will not be binding on us and are advisory in nature.

The inspector of election for the annual meeting shall determine the number of shares of common stock represented at the meeting, the existence of a quorum and the validity and effect of proxies, and shall count and tabulate ballots and votes and determine the results thereof. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining a quorum. A broker non-vote will occur when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary power with respect to that proposal and has not received instructions from the beneficial owner. Broker non-votes will not be counted as votes cast for or votes withheld for the election of directors. On other matters submitted for a vote, broker non-votes will not be considered in tallying votes cast, and abstentions will be treated as a vote against, except in the case of Proposal No. 4, where an abstention will have no effect. If less than a majority of the combined voting power of the outstanding shares of common stock is represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting from time to time without further notice.

What are the Board's recommendations?

As more fully discussed under Summary of Business Matters to be Voted On, our Board of Directors recommends a vote FOR the election of the respective nominees for director named in this proxy statement; FOR the ratification of the selection of Ernst & Young LLP; FOR approval of the executive compensation; and FOR an advisory vote on executive officer compensation every year; and FOR the approval of the Senior Executive Annual Incentive Plan.

Unless contrary instructions are indicated on the enclosed proxy, all shares represented by valid proxies received pursuant to this solicitation (and which have not been revoked in accordance with the procedures set forth below) will be voted (1) FOR the election of the respective nominees for director named in this proxy statement; (2) FOR the ratification of the selection of Ernst & Young LLP; (3) FOR the approval of the compensation of our named executive officers; (4) FOR an advisory vote on executive officer compensation every year; (5) FOR the approval of the Senior Executive Annual Incentive Plan; and (6) in accordance with the recommendation of our Board of Directors, FOR or AGAINST all other matters as may properly come before the annual meeting. In the event a shareholder specifies a different choice by means of the enclosed proxy, such shares will be voted in accordance with the specification made.

How do I vote?

If you are a *holder of record* (that is, if your shares are registered in your own name with our transfer agent), you may vote using the enclosed proxy card. Voting instructions are provided on the proxy card contained in the proxy materials.

If you are a *street name holder* (that is, if you hold your shares through a bank, broker or other holder of record), you must vote in accordance with the voting instruction form provided by your bank, broker or other holder of record. The availability of telephone or internet voting will depend upon your bank's, broker's, or other holder of record's voting process.

If you come to the Annual Meeting, you can, of course, vote in person. If you are a street name holder and wish to vote at the meeting, you must first obtain a proxy from your bank, broker or other holder of record authorizing you to vote.

TABLE OF CONTENTS

Can I change my vote after I return my proxy card?

Yes. The giving of a proxy does not eliminate the right to vote in person should any shareholder giving the proxy so desire. Shareholders have an unconditional right to revoke their proxy at any time prior to the exercise of that proxy, by voting in person at the annual meeting, by filing a written revocation or duly executed proxy bearing a later date with our Secretary at our headquarters.

Who pays for costs relating to the proxy materials and annual meeting of shareholders?

The costs of preparing, assembling and mailing this proxy statement, the Notice of Annual Meeting of Shareholders and the enclosed Annual Report and proxy card, along with the cost of posting the proxy materials on a website, are to be borne by us. In addition to the use of mail, our directors, officers and employees may solicit proxies personally and by telephone, e-mail, facsimile and other electronic means. They will receive no compensation in addition to their regular salaries. We may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies. We may reimburse these persons for their expenses in so doing.

Proposal 2.

**RATIFICATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Audit Committee appointed Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2017 (fiscal 2017).

The Board and the Audit Committee consider Ernst & Young LLP well qualified to serve as the Company's independent registered public accounting firm and recommend ratification of such selection by the stockholders.

Although action by stockholders for this matter is not required, the Board and the Audit Committee believe that it is appropriate to seek stockholder ratification of the selection in order to provide stockholders a means of communicating the stockholders' level of satisfaction with the performance of the independent registered public accounting firm and its level of independence from management. If the proposal is not approved and the selection of Ernst & Young LLP is not ratified by the stockholders, the Audit Committee will take this into consideration and will reconsider the appointment.

The Board of Directors recommends that you vote FOR the ratification of the retention of Ernst & Young LLP as our independent registered public accounting firm for our 2017 fiscal year.

Proposal 3.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company is presenting the following proposal, which gives you as a shareholder an advisory vote on the compensation of our named executive officers by voting for or against the following resolution:

RESOLVED, that the shareholders approve the compensation of the Company's named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related disclosure contained in the accompanying proxy statement.

This resolution is required pursuant to Section 14A of the Securities Exchange Act. Although our Board of Directors intends to carefully consider the shareholder vote resulting from the proposal, the final vote will not be binding on us and is advisory in nature. The current frequency of the advisory vote on executive compensation is annually. Subject to the results of the vote on Proposal No. 4 below, and the Board's response to such vote, the next vote on executive compensation is expected to occur at our 2018 annual meeting of shareholders.

Our Company has grown rapidly through internal growth and acquisitions to become the largest publicly traded wholesale distributor of roofing supplies in North America, operating in 47 U.S. states and in six Canadian provinces. We believe our past accomplishments, including consistent profitability and growth, support the effectiveness of our executive pay program, which is intended to attract, motivate and retain experienced and skilled executives. We also believe the program provides the named executive officers listed in our summary compensation table with compensation that is competitive within our industry, internally equitable and commensurate with their talents and responsibilities. The primary objective of the program is to closely align total executive compensation with the attainment of our annual and long-term performance goals. The compensation of our executive officers consists of base salary, cash bonuses, long-term incentive compensation in the form of Company stock options and stock awards, and certain perquisites such as an auto allowance and fuel reimbursement. Cash bonuses are linked to quantitative and qualitative performance objectives. Most of the target cash bonuses for which our executives are eligible are linked directly to Company quantitative performance in accordance with the terms of the cash incentive program.

The Board of Directors recommends that you vote FOR the approval of the compensation of our named executive officers.

Proposal 4.

**ADVISORY VOTE
ON FREQUENCY OF EXECUTIVE COMPENSATION
VOTE**

The Company is presenting the following proposal, which gives you as a shareholder the opportunity to inform the Company as to how often you wish us to include a proposal, similar to Proposal No. 3 above, in our proxy statement:

RESOLVED, that the Company include a proposal on the compensation of the Company's named executive officers in its annual proxy statement pursuant to Section 14A of the Securities Exchange Act every:

year
two years; or
three years.

This resolution is required pursuant to Section 14A of the Securities Exchange Act. Although our Board of Directors intends to carefully consider the shareholder vote resulting from this proposal, the final vote will not be binding on us and is advisory in nature.

Our Board of Directors believes that regular engagement with the stockholders on executive officer compensation has provided useful and timely feedback. Accordingly, consistent with our practices over the past five years, we intend to continue to hold an advisory vote to approve executive officer compensation at every annual meeting of stockholders.

The Board of Directors recommends that you vote to hold an advisory vote on executive officer compensation every year.

Proposal 5.

APPROVAL OF THE BEACON SENIOR EXECUTIVE ANNUAL INCENTIVE PLAN

The Compensation Committee of the Board of Directors of the Company has approved, subject to the approval of the Company's stockholders, the Beacon Senior Executive Annual Incentive Plan (the "SEIP").

Stockholders are being asked to approve the SEIP to ensure that incentives paid under the SEIP will qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code and thus be fully deductible by the Company for federal income tax purposes. Section 162(m) and related guidance generally preclude a publicly traded company from taking a tax deduction for compensation in excess of \$1 million paid to certain executives. These executives are the company's chief executive officer and two other highest paid executives, other than the Chief Financial Officer, who are the named executive officers listed in the Summary Compensation Table of the company's annual proxy statement. This restriction is subject to an exception for performance-based compensation that meets certain requirements, including a requirement that the material terms of the performance goals applicable to these named executive officers must be disclosed to and approved by stockholders before any compensation is paid to them. Stockholder approval of the SEIP will constitute approval of the SEIP's material terms of the performance goals within the meaning of the regulations under Section 162(m).

If the SEIP is approved by stockholders, it will be effective beginning with the Company's 2017 fiscal year and will remain in effect thereafter until terminated. No compensation will be paid under the SEIP to the named executive officers covered by the SEIP unless it is approved by stockholders.

The following is a summary of the SEIP. It is qualified by reference to the full text of the SEIP, which is attached as Exhibit A to this proxy statement. Stockholders are encouraged to review the SEIP carefully.

In General. The SEIP is intended to work in conjunction with the other incentive compensation arrangements of the Company, including its annual management incentive plan, pursuant to which annual cash incentives are paid to eligible employees upon the attainment of performance goals previously established for a fiscal year. Its effect is to set a performance-based ceiling on such incentives so that they will meet the deductibility requirements of Section 162(m).

Administration. The SEIP is administered by the Compensation Committee, which is comprised of at least two outside directors as defined in Section 162(m). The Compensation Committee has full authority to select the employees eligible for incentive awards under the SEIP, determine when the employee's participation in the SEIP will begin, determine the amounts payable upon the attainment of the performance goals, and make all other decisions necessary for the proper administration of the SEIP.

Eligibility. The SEIP covers the executives who are designated by the Compensation Committee within the first 90 days of each year as eligible to participate. For 2017, the executive officers named in this proxy statement (other than the Chief Financial Officer) participate in the SEIP.

Award Fund. The SEIP provides for an annual award fund of five percent (5%) of AEBT (AEBT shall mean achieved income before taxes, as reported in the Company's consolidated financial statements, adjusted to exclude amortization and stock compensation expense and the impact of significant: gains (losses) on the disposal of assets; asset impairments, retirements or write-downs; gains (losses) associated with legal, insurance or tax settlements/adjustments; restructuring, severance or pension-related charges; or other similar items out of the ordinary course of business.) The Compensation Committee has the discretion to reduce the award fund for any year. The award fund establishes the aggregate amount that will be available for the year from which annual incentive awards may be made. Within the first 90 days of each year, the Compensation Committee allocates a percentage of the award fund to each participant, provided that no participant's allocation can exceed 50% and the aggregate allocations cannot exceed 100%.

If there is AEBT for the applicable year, the maximum amount of award that each participant may receive for such year will be (i) for the CEO, the lesser of the award fund allocation or \$4 million and (ii) for each other participant, the lesser of the award fund allocation or \$2 million.

TABLE OF CONTENTS

After the end of each year, the Compensation Committee will approve final incentive awards and may not increase the amount of incentive opportunity, but has the discretionary authority to reduce the amount, in the aggregate or with respect to one or more individual components, taking into account individual and/or corporate performance. The Compensation Committee expects to exercise that discretion and thus does not anticipate that the maximum incentive opportunity will be paid to any participant.

Payment of Awards. Incentives will be paid in cash to participants prior to December 15 following the fiscal year for which the incentive was earned.

Amendment or Termination. The Compensation Committee may amend or terminate the SEIP at any time, without the consent of participants and without the approval of the stockholders of the Company, provided that no amendment or termination shall affect the Company's obligation to pay any incentive amount after it has been earned by a participant.

2017 Fiscal Year. For 2017, the executive officers named in this proxy statement (other than the Chief Financial Officer) participate in the SEIP, and the Compensation Committee allocated the SEIP award fund among the participants as follows: Mr. Isabella: 50%; Mr. Buck: 25%; and Mr. Cooper: 25%. The Compensation Committee also established performance criteria for each participant pursuant to the parameters of the annual management incentive plan, and will exercise its discretion to adjust the incentive pool amounts downward on the basis of the achievement of these criteria.

Incentives payable under the SEIP for the 2017 fiscal year and future years cannot currently be determined because they will depend on the level of attainment of AEBT and the exercise of discretion by the Compensation Committee to reduce a participant's award based on the parameters set under the annual management incentive plan. If the SEIP had been in effect for the 2016 fiscal year, then assuming the same performance criteria and the use of discretion to adjust the amounts of the 2016 award fund, the incentives that would have been paid to the participants are the same amounts that were paid to them for 2016. These amounts are set forth in the Summary Compensation Table in this proxy statement, in the Non-Equity Incentive Plan Compensation column.

Vote Required for Approval

Approval of the SEIP requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting.

The Board of Directors unanimously recommends that you vote FOR the approval of the Beacon Senior Executive Annual Incentive Plan.

TABLE OF CONTENTS

BOARD OF DIRECTORS MEETINGS, COMMITTEES OF THE BOARD AND RELATED MATTERS

How often did the Board meet during fiscal 2016?

During fiscal 2016, our Board of Directors held eight meetings. No incumbent director attended fewer than 75 percent of the aggregate of (i) the number of meetings of the Board of Directors held during the period he or she served on the Board and (ii) the number of meetings of committees of the Board of Directors held during the period he or she served on these committees. All of our Board members attended the 2016 annual meeting of shareholders in person. It is generally our policy for all directors to attend the annual meeting of shareholders.

What is the Board's leadership structure?

Robert Buck serves as the Chairman of the Board and remains a member of executive management. Furthermore, our current CEO, Paul Isabella, was elected to the Board in February 2011. The Board believes that this leadership model is appropriate for the following reasons:

these roles enable decisive leadership, ensure clear accountability and foster alignment between the Board and management on corporate strategy;

our Board has adopted strong and effective corporate governance policies and procedures to promote the effective and independent governance of the Company (See Corporate Governance and Employee Code of Business Ethics and Conduct);

our independent directors meet in regularly scheduled executive sessions without management present; and in determining the appropriate leadership structure, the Board considered a number of factors, including the candor and dynamics of discussion among the directors and between directors and management and the effectiveness of Mr. Buck's leadership of the Board to date.

Because our Chairman of the Board is not considered an independent director, our Board has elected a Lead Independent Director. Peter Gotsch currently serves as the Board's Lead Independent Director, and the responsibilities of this position include the following:

preside at meetings of the Board's independent directors;
assign certain tasks to the Board's committees from time to time;
recommend agenda items and times for Board meetings; and
perform such other functions as the Board may direct.

The Board is expected to elect a new Lead Independent Director at its first meeting following the Annual Shareholders Meeting.

Our business and affairs are managed under the direction of our Board, which is the Company's ultimate decision-making body, except with respect to those matters reserved to our shareholders. Our Board's key mission is to maximize long-term shareholder value. Our Board establishes our overall corporate policies, selects and evaluates our executive management team (which is charged with the conduct of our business), and acts as an advisor and counselor to executive management. Our Board also oversees our business strategy and planning, as well as the performance of management in executing its business strategy and assessing and managing risks.

TABLE OF CONTENTS

What is the Board's role in risk oversight?

The Board takes an active role in monitoring and assessing the Company's risks, which include risks associated with operations, credit, financing and capital investments. Management is responsible for the Company's day-to-day risk management activities and our Board's role is to engage in informed risk oversight. Management, through its internal audit function, compiles an annual ranking of risks to which the Company could be subjected and reviews the results of this risk assessment with the Audit Committee. Any significant risks are then reviewed by the Board and assigned for oversight. In fulfilling this oversight role, our Board focuses on understanding the nature of our enterprise risks, including our operations and strategic direction, as well as the adequacy of our risk management process and overall risk management system. There are a number of ways our Board performs this function, including the following:

at its regularly scheduled meetings, the Board receives management updates on our business operations, financial results and strategy and discusses risks related to the business;

the Audit Committee assists the Board in its oversight of risk management by discussing with management, particularly the Chairman, Chief Executive Officer and Chief Financial Officer, our guidelines and policies regarding financial and enterprise risk management and risk appetite, including major risk exposures, and the steps management has taken to monitor and control such exposures; and

through management updates and committee reports, the Board monitors our risk management activities, including the annual risk assessment process, risks relating to our compensation programs, and financial and operational risks being managed by the Company.

The Compensation Committee also has oversight responsibility for risks and exposures related to employee compensation programs and management succession planning, and assesses whether the organization's compensation practices encourage risk taking that would have a material adverse effect on the Company. The committee periodically reviews the structure and elements of our compensation programs and its policies and practices that manage or mitigate such risk, including the balance of short-term and long-term incentives, use of multiple performance measures, and a multi-year vesting schedule for long-term incentives. Based on these reviews, the committee believes our compensation programs do not encourage excessive risk taking.

Are Board members subject to a retirement age?

No person shall be nominated by the Board to serve as a director after he or she has passed his or her 72nd birthday, unless the Nominating and Governance Committee has voted, on an annual basis, to waive the mandatory retirement age for such director.

Do Board members receive orientation training and continuing development education?

All new directors are required to participate in an orientation program, which includes the introduction of the new directors to the Company's principal officers and presentations by senior management to familiarize new directors with the Company's strategic plans and business units. The Board has adopted a Director Education Program and will conduct at least one continuing professional development program for all Board members each year. In addition, continuing professional development opportunities for all other directors will be conducted through the Company's regular Board meetings and Board meeting materials; periodic Board or Board Committee presentations by the Company's officers concerning the Company's strategies, business plans, management structure and significant financial, accounting and risk management issues; Board or Board Committee presentations by outside parties; and other professional development opportunities, if appropriate and relevant to the duties of a director of the Company, including presentations and educational programs offered by various outside organizations, with appropriate expenses

paid by the Company.

TABLE OF CONTENTS

What committees has the Board established?

The Board of Directors has established three committees: (1) the Audit Committee, (2) the Compensation Committee and (3) the Nominating and Corporate Governance Committee.

Audit Committee

The Audit Committee held six meetings in fiscal 2016. The Audit Committee assists the Board in monitoring:

- management's process for ensuring the integrity of our financial statements;
- the independent registered public accounting firm's qualifications and independence;
- the performance of our internal audit function and independent registered public accounting firm; and
- management's process for ensuring our compliance with legal and regulatory requirements.

As a key part of its responsibilities above, the Audit Committee selects the independent registered public accounting firm, approves the scope of the annual audit activities of the independent registered public accounting firm, approves the audit fee payable to the independent registered public accounting firm and reviews audit results with the independent registered public accounting firm. The Audit Committee currently is composed of Neil Novich, Carl Berquist, Peter Gotsch, Robert McLaughlin and Douglas Young, each of whom meets the independence criteria prescribed by applicable law and the rules of the SEC for Audit Committee membership and is independent under Nasdaq listing standards. The Board has also determined that Mr. Novich is an audit committee financial expert as such term is defined in Regulation S-K promulgated by the SEC. Each of Messrs. Novich, Berquist, Gotsch, McLaughlin and Young meet Nasdaq's financial knowledge requirements. Mr. Novich is Chairman of the Audit Committee. Ernst & Young LLP currently serves as our independent registered public accounting firm.

The Audit Committee operates under a formal charter that governs its duties and conduct. The Audit Committee charter complies with applicable Nasdaq and SEC rules and regulations. A copy of the charter is available on our web site at www.becn.com. In addition, the charter is available in print to any shareholder who requests it in writing to our Chief Financial Officer at Beacon Roofing Supply, Inc., 505 Huntmar Park Drive, Suite 300, Herndon, Virginia 20170.

Ernst & Young LLP, our independent registered public accounting firm, reports directly to the Audit Committee.

Please refer to the Audit Committee Report, which is set forth in this proxy statement, for a further description of our Audit Committee's responsibilities and its recommendation with respect to our audited consolidated financial statements for fiscal 2016.

Compensation Committee

The Compensation Committee held four meetings in fiscal 2016. The Compensation Committee of the Board of Directors reviews and makes recommendations to the Board regarding cash compensation and non-equity benefits of executive officers and key employees of the Company. The Compensation Committee also administers and makes awards under the Company's stock plan. One of the key duties of the Compensation Committee is to provide a general review of our compensation and benefit plans to ensure that they meet our objectives. In addition, the Compensation Committee reviews the compensation of the Chairman and the Chief Executive Officer as well as the Chief Executive Officer's recommendations on compensation of our executive officers and makes recommendations for adopting and changing major compensation policies and practices. The Compensation Committee reports its recommendations for cash and non-equity compensation to the full Board of Directors for approval and authorization. The Compensation

Committee is composed of directors who are independent under Nasdaq listing standards (as adopted under SEC rules) and non-employee directors (as defined in Rule 16b-3 under the Securities Exchange Act) and who do not have interlocking or other relationships with us that would detract from their independence as committee members. At all times, at least two members of the committee shall be outside directors (as defined

TABLE OF CONTENTS

in Section 162(m) of the Internal Revenue Code). The current members of the Compensation Committee are Stuart Randle, Richard Frost, Alan Gershenhorn and Philip Knisely.

The Compensation Committee operates under a formal charter that governs its duties and conduct. The Compensation Committee complies with applicable Nasdaq and SEC rules and regulations. A copy of the charter is available on our web site at *www.becn.com*. In addition, the charter is available in print to any shareholder who requests it in writing to our Chief Financial Officer at Beacon Roofing Supply, Inc., 505 Huntmar Park Drive, Suite 300, Herndon, Virginia 20170.

Please refer to the Compensation Discussion and Analysis and the Compensation Committee Report in this proxy statement for a further description of our Compensation Committee's responsibilities, as well as its compensation philosophy and a description of considerations underlying each component of compensation paid to Beacon's executive officers for fiscal 2016.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee held four meetings in fiscal 2016. The Nominating and Corporate Governance Committee is responsible for identifying and recommending potential candidates qualified to become Board members, recommending directors for appointment to Board committees, establishing and maintaining compliance with corporate governance guidelines, and reporting to the Board of Directors on the Board's self-evaluation questionnaire. The Nominating and Corporate Governance Committee is currently composed of Richard Frost, Alan Gershenhorn, Peter Gotsch and Douglas Young, each of whom is independent under Nasdaq listing standards.

When identifying, evaluating and considering potential candidates for membership on our Board, including those who might be recommended or nominated by shareholders, the Nominating and Corporate Governance Committee considers among other factors, relevant business and financial experience, integrity and willingness to devote the necessary time and energy. Although the Company's corporate governance guidelines do not prescribe specific diversity standards, as a matter of practice, the Board considers diversity in the context of the Board as a whole and takes into account considerations relating to ethnicity, gender, cultural diversity and the range of perspectives that the directors bring to their work. Our Board seeks independent directors with a broad diversity of experience, professions, skills, geographic representation and backgrounds that will enhance the quality of the Board's deliberations and decisions.

The Nominating and Corporate Governance Committee will consider nominees for our Board of Directors recommended by shareholders, using the same criteria as for other candidates. Recommendations should be submitted in writing to Ross D. Cooper, our corporate secretary, at 505 Huntmar Park Drive, Suite 300, Herndon, VA 20170.

The recommendation should include the name and address of the shareholder making the recommendation and evidence of his or her ownership of our common stock, including the number of shares and period of ownership, the name and address of the director candidate, and his or her resume or listing of qualifications, and the candidate's signed consent to serve as a director if elected and to be named in the Proxy Statement. To be considered, the recommendation must be received by the secretary not less than 90 calendar days and not more than 120 calendar days before the one-year anniversary date of our most recent annual meeting of shareholders. The Nominating and Corporate Governance Committee may consider advice and recommendations from others, including search firms as it deems appropriate.

Further information related to the Nominating and Corporate Governance Committee is included in the Nominating

and Corporate Governance Committee charter, available on our website at www.becn.com. In addition, corporate governance guidelines adopted by the committee can be found following the charter on our website. In addition, the charter and guidelines are available in print to any shareholder who requests them in writing to our Chief Financial Officer at Beacon Roofing Supply, Inc., 505 Huntmar Park Drive, Suite 300, Herndon, Virginia 20170.

AUDIT COMMITTEE MATTERS

Audit Committee's Pre-Approval and Procedures

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of Ernst & Young LLP, our independent registered public accounting firm. The independent registered public accounting firm reports directly to the Audit Committee. As part of its responsibility, the Audit Committee established a policy requiring the pre-approval of all audit and permissible non-audit services performed by the registered public accounting firm. In pre-approving services, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence.

Prior to the engagement of the registered public accounting firm for an upcoming audit/non-audit service period, defined as a twelve-month timeframe, Ernst & Young LLP submits a detailed list of services expected to be rendered during that period as well as an estimate of the associated fees for each of the following four categories of services to the Audit Committee for approval.

Audit Services consist of services rendered by an external auditor for the audit of our annual consolidated financial statements (including audit services performed to audit the Company's accounting for income taxes) and internal controls and reviews of our quarterly financial statements. It also includes services that generally only an external auditor can reasonably provide, such as comfort letters, statutory audits, attest services, consents and assistance with and review of documents filed with the Securities and Exchange Commission.

Audit-Related Services consist of assurance and related services (e.g. due diligence) by an external auditor that are reasonably related to audit or review of financial statements, including employee benefit plan audits, due diligence related to mergers and acquisitions, and accounting consultations.

Tax Services consist of services not included in Audit Services above, rendered by an external auditor for tax compliance, tax consulting and tax planning.

Other Non-Audit Services are any other permissible work that is not an Audit, Audit-Related or Tax Service.

Circumstances may arise during the twelve-month period when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor. The chairman of the Audit Committee, acting pursuant to delegated authority, may pre-approve any non-audit services, up to a limit of \$20,000.

Audit and Non-Audit Fees

The table below summarizes the fees and expenses billed by our independent registered public accounting firm, Ernst & Young LLP, for the fiscal years ended September 30, 2016 and September 30, 2015.

Year	Audit	Audit-Related	Tax	All Other	Total
2016	\$ 3,330,611	\$ 2,000	\$ 6,305		\$ 3,338,616
2015	\$ 2,016,429	\$ 255,480	\$ 7,404		\$ 2,279,313

Audit fees include fees and expenses for professional services rendered for the audit of our annual consolidated

financial statements, the audit of our internal controls, the reviews of the interim financial statements, issued comfort letters and other services related to the eight acquisitions during 2016.

The audit-related services reflect the subscription fee for accounting research software and due diligence fees associated with the review of 2015 acquisitions.

Tax fees represent professional services related to tax compliance and consulting, including those associated with acquisitions and tax due diligence in the U.S. and Canada.

TABLE OF CONTENTS

The Audit Committee has considered the compatibility of the provision of services covered by the preceding paragraph with the maintenance of the principal accountant's independence from the Company and has determined that the provision of such services is not incompatible with the maintenance of such independence.

The Audit Committee annually reviews the performance of the independent registered public accounting firm and the fees charged for their services.

Overview

The responsibilities of our Compensation Committee are to review our compensation and benefit plans to ensure that they meet our objectives as well as review the Chief Executive Officer's performance, recommend the annual compensation of the Chairman and the Chief Executive Officer, review the Chief Executive Officer's recommendations on compensation of our other executive officers, and make recommendations for adopting and changing major compensation policies and practices. The Compensation Committee reports its recommendations for cash and non-equity compensation to the full Board of Directors for approval and authorization. The Compensation Committee also administers and makes awards under our stock plan.

Objectives of Compensation Program

Our compensation practices are intended to attract, motivate and retain highly competent executives in a competitive marketplace. The program provides named executive officers listed in our summary compensation table with compensation that is industry competitive, internally equitable and commensurate with their skills, knowledge, experience and responsibilities.

The primary objective of our executive compensation program is to firmly align total executive compensation with the attainment of our annual and long-term performance goals. The annual goals are principally based upon our income before income taxes and the long-term goals are principally based on our stock price and return on invested capital, and for 2016, adjusted earnings per share and acquisition synergies.

The compensation of our executive officers consists of base salary, cash bonuses, long-term incentive compensation in the form of Company stock options and restricted stock awards, and certain perquisites such as an auto allowance and fuel reimbursement. From time to time, the Company will also pay for relocation expenses, including temporary housing, commuting airfare, automobile lease and related expenses, associated with relocating executives.

Use of Consultants and Peer Group Data

The Company does not engage in specific numerical benchmarking in determining executive compensation. As described below, our Compensation Committee periodically considers available compensation data from peer companies. Because job content, accountability, responsibility, incumbent seniority and performance criteria vary from one company to the next, our Compensation Committee uses the information as a general guideline in exercising its discretion in determining compensation for our executive officers.

In reviewing and determining executive compensation levels for fiscal 2016, the Compensation Committee retained Frederic W. Cook & Co., Inc. (Cook & Co.) to complete a compensation analysis of our overall executive compensation packages and for purposes of reviewing the established peer group used by the Compensation Committee. In addition, Cook & Co. reviewed the latest data for a peer group of distribution companies, most of which are of similar size and market capitalization as the Company, in developing its recommendations for executive compensation to the Compensation Committee. Based on the review performed by Cook & Co., and at its recommendation, we modified our peer group utilized in assessing our executive compensation for fiscal 2016 to

include Airgas, Anixter International, Applied Industrial Technologies, BMC Stock Holdings, Builders FirstSource, Kaman, MRC Global, MSC Industrial Direct, NOW, Patterson Companies, Pool Corp., Watsco, Wesco Aircraft Holdings and WESCO International. The Compensation Committee uses the peer group data as general guidance, together with other information such as general business trends, the competitiveness of the markets in which we operate, individual performance, and its own judgment in setting overall executive compensation. In addition, the Committee considered the results of the then most recent shareholder advisory vote on our executive compensation held on February 11, 2015, in which over 99% of the shares present at the meeting and entitled to vote supported the compensation of our named executive officers. Although the approval was advisory in nature, the Committee viewed the overwhelmingly positive response as confirmation that stockholders generally believe that the pay of the named executive officers is appropriately aligned with their performance and the performance of the Company as well as the interests of the Company's stockholders.

TABLE OF CONTENTS

The Compensation Committee considered various factors bearing upon Cook & Co.'s independence and determined that Cook & Co. is independent and that its engagement did not present any conflicts of interest. Cook & Co. provides no other services to the Company.

Base Salaries

The first element of our compensation program is salary. As noted above, the Compensation Committee evaluates the performance of our Chairman and our Chief Executive Officer, and recommends their salaries to the full Board of Directors in light of those evaluations. The Compensation Committee reviews the base salaries of the Chairman and the Chief Executive Officer on an annual basis in consideration of their performance during the previous year. Mr. Buck's base salary remained at \$300,000 for fiscal 2016. The Compensation Committee considered the following quantitative and qualitative factors in evaluating the Chairman's performance in setting fiscal 2016 compensation:

the Company's performance and relative total shareholder return;
the value of Mr. Buck's continued leadership role to both the Company and the Board as executive chairman; and
the compensation plans of chairmen of comparable companies.

Mr. Isabella's base salary was set at \$700,000 for fiscal 2016. The Compensation Committee considered the following quantitative and qualitative factors in evaluating the Chief Executive Officer's performance in setting fiscal 2016 compensation:

the Company's performance and relative total shareholder return;
the value of Mr. Isabella's leadership;
the compensation plans of chief executive officers of comparable companies; and
the recommendations of an independent compensation consultant (discussed above).

Base salaries of our executive officers other than the Chairman and the Chief Executive Officer are also recommended annually by the Compensation Committee to the full Board of Directors after consultation with, and upon the recommendation of, the Chief Executive Officer. The base salary of each executive officer is recommended by the Chief Executive Officer to the Compensation Committee after evaluating each executive officer's performance over the year in consideration of (i) the Company's overall financial performance, (ii) the individual's performance during the year and contributions to the Company, and (iii) other relevant factors (for example, market conditions).

The Compensation Committee considers a number of factors when evaluating the Chief Executive Officer's recommendations regarding base salaries for the other executive officers. Periodically, the Compensation Committee reviews industry specific compensation surveys that provide detailed information regarding the compensation practices of industry peers, competitors and companies of similar market value. Other information that the Committee deems relevant, such as general business trends, the competitiveness of the markets in which we operate and special circumstances, also may be considered in its evaluation.

Annual Cash Incentives

The second element of our compensation program is an annual cash incentive. Annual incentives are a significant component of executive compensation, reflecting the Company's belief that management's contribution to long-term shareholder returns (via increasing stock prices) comes from increasing current earnings and properly preparing the Company for future earnings growth. We believe these incentives play a key role in enabling us to attract, retain and motivate our employees.

For fiscal 2016, under the terms of our management cash incentive plan, a target incentive amount was set for each participant. Those amounts are set forth below in the Grants of Plan-Based Awards table under the heading "Target."

TABLE OF CONTENTS

The incentives for our executive officers named in the Summary Compensation Table were based 80% on a Company-wide adjusted earnings before taxes (AEBT) target and 20% on qualitative performance evaluations of strategic performance goals by the Compensation Committee of our Chairman and our Chief Executive Officer and by our Chief Executive Officer of the remaining named executive officers, as presented to the Compensation Committee. (AEBT means income before taxes, as reported in the Company's consolidated financial statements, adjusted to exclude amortization and stock compensation expense and the impact of significant: gains (losses) on the disposal of assets; asset impairments, retirements or write-downs; gains (losses) associated with legal, insurance or tax settlements/adjustments; restructuring, severance or pension-related charges; or other similar items out of the ordinary course of business.) If the AEBT target was not met at the 100% level, the participant's bonus with respect to that target was pro-rated on a straight line basis if the participant achieved a range of 80% to 100% of target, with no bonus paid at or less than 80% of target. The individual strategic performance goals, as further outlined below, considered such factors as leadership and skills demonstrated in the individual's role with the Company, long-range planning and vision, departmental and staff development and professionalism. In addition, each participant (excluding our Chairman) could receive an additional incentive above the target incentive amount if actual AEBT exceeded 100% of AEBT target (in an amount up to 80% of the AEBT portion of the target incentive for Mr. Isabella and up to 60% of the AEBT portion of the target incentive for Mr. Nowicki and Mr. Cooper if actual AEBT performance is 120% of the AEBT target) and an additional incentive if qualitative performance goals are exceeded (in an amount up to 20% of the qualitative portion of the target incentive if actual qualitative goals performance is 120% of target performance.) Taken together Mr. Isabella could earn an additional incentive up to 68% of his target incentive and Mr. Nowicki and Mr. Cooper could earn an additional incentive up to 52% of their target incentives. For fiscal 2016, the Company achieved AEBT of approximately \$264.9 million, adjusted for RSG acquisition costs and stock compensation expense, compared to an established target of approximately \$229.7 million for the named executives. Our Board of Directors established the annual AEBT target based on market conditions and reasonable rates of expected annual growth. Based on the Company's actual AEBT results above target, Mr. Isabella earned a total of 160% of the AEBT portion of his target incentive and Mr. Nowicki and Mr. Cooper earned of a total of 145% of the AEBT portion of their target incentives. The qualitative portions of the performance bonus are described below. The incentive amounts paid to each named executive officer for fiscal 2016 are set forth below in the Summary Compensation Table under the heading Non-Equity Incentive Plan Compensation. Total incentives earned for fiscal 2016, comprised of the incentive resulting from the Company's achievement of AEBT and their individual qualitative performance evaluations, were \$180,000 for Mr. Buck, \$1,036,000 for Mr. Isabella, \$333,485 for Mr. Nowicki and \$265,879 for Mr. Cooper.

Notwithstanding the terms of the management cash incentive plan and the annual targets, the Compensation Committee retains full discretion to award discretionary bonuses to the Chairman, Chief Executive Officer and others in light of the totality of the circumstances. The Compensation Committee considers the Chairman's and Chief Executive Officer's recommendations in determining discretionary cash awards for our other named executive officers. The Chairman's and Chief Executive Officer's recommendations are guided by their evaluations of the Company's actual financial performance compared with our performance goals and their assessment of the effectiveness of the individual and collective efforts of our executive officers in achieving the Company's business objectives. The Compensation Committee, Chairman and Chief Executive Officer also consider extraordinary efforts by executive officers in various projects or initiatives during the year.

In addition to the duties and responsibilities associated with their executive positions, each of our named executive officers are assigned specific annual objectives to attain in order to qualify for part or all of a 20% portion of their target incentive amount. If the objectives are exceeded, each named executive officer can receive an additional incentive. For 2016, these specific management objectives were largely equally weighted and are described below along with the percentage of the target incentive amount earned by the complete achievement of the objective. In each case, each percentage can increase up to 20% (for example, 5% can be increased to 6%) if the performance criteria for

the objective is exceeded.

Each of the above named executive officer's respective specific management objectives reflect our focus on continued growth and improvement in execution over our past performance. In light of that focus, the Compensation Committee reviewed the level of achievement of the Chairman and CEO's specific management objectives set forth above. The CEO reviewed the level of achievement of Mr. Nowicki's and Mr. Cooper's specific management objectives set forth above and reported his recommendations to the Compensation Committee. After careful consideration of the outcomes, the Compensation Committee recommended to the Board of Directors the payment of the bonus awards in the amounts set forth in the narrative above and in the Summary Compensation Table under the heading "Non-equity incentive plan compensation."

Equity Compensation

The third element of our compensation program is equity compensation. Equity compensation is intended to more closely align total compensation with the long-term financial interests of our shareholders. The equity compensation component of our compensation program is based upon awards of stock options and other stock awards.

Since the Company's initial public offering and through fiscal 2016, non-qualified stock options were granted to key members of management at an exercise price equal to the closing price of the Company's

TABLE OF CONTENTS

common stock as reported by Nasdaq on the date of grant. Accordingly, grants of stock options will produce value only if there are increases in the underlying stock price. In fiscal 2011, we began issuing performance-based restricted stock awards to certain key members of management. Beginning in fiscal 2014, we also began issuing time-based restricted stock awards to certain key members of management. Similar to stock options, we believe that restricted stock awards reward performance because the value of the stock is also linked to our Company's long-term performance. The Compensation Committee believes that restricted stock awards can play an important retentive and motivational role that stock options alone may not.

The 2016 performance-based restricted stock awards represented units that will vest and be convertible three years from the grant date into common shares if the Company attains a cumulative two-year adjusted earnings per share (EPS) target and acquisition synergy target, each weighted at 50%, at the end of the two-year period ending September 30, 2018. The actual number of those units that will vest can range from 0% to 150% of the award depending upon actual company performance, weighted for each metric, below or above the target level. If the weighted average achievement of the adjusted EPS target and acquisition synergy target is at or less than 80% of target, no units will vest. If the weighted average achievement is 100% of target, 100% of the units will vest. If the weighted average achievement is 120% or more of target, 150% of the units will vest. Achievement between 80% and 100% and between 100% and 120% will be adjusted on the basis of straight-line interpolation.

On November 14, 2015, the performance-based restricted stock awards that were granted in fiscal 2013 vested. The three-year average ROIC target for this grant was 9.8%. The Company achieved an actual three-year ROIC of 6.8% over the vesting period and as a result, the grant did not result in any settlement of shares.

The 2016 time-based restricted stock awards vest on the third anniversary of the date of grant.

The Company's annual equity awards are typically made by the Compensation Committee in November of each year following the close of the Company's fiscal year and subsequent to the approval of the annual budget for the new year. The Company typically does not make stock option and other stock awards other than annually except in certain cases for key members of management hired during the course of a year or to improve the retention of key management members.

Our Compensation Committee administers our stock plan. The purpose of the stock plan is to advance the interests of the Company by:

- providing directors, officers, employees and other eligible persons with additional incentives;
- encouraging stock ownership by eligible persons;
- increasing the proprietary interests of eligible persons in the success of the Company;
- encouraging eligible persons to remain with the Company or its affiliates; and
- attracting new employees, officers or directors to the Company or its affiliates.

In determining whether to grant options and other stock awards and how many of such to grant to eligible persons under our stock plan, consideration is given to each individual's past performance and contribution to the Company as well as that individual's expected ability to contribute to the Company in the future. As part of the Company's annual performance evaluation process each year, the CEO, after consultation with each other named executive, establishes that named executive's performance objectives for the coming year. These performance objectives are not intended to be rigid or formulaic, but rather to serve as the framework upon which the CEO evaluates the executive's overall performance. Individual performance objectives may include operational metrics that may reflect corporate or departmental goals or may include specific operational objectives with respect to the executive's area of responsibility.

These performance objectives also include the demonstration of leadership and decision making, effective communication, promotion of the Company's strategic initiatives and values, commitment to excellence and work

ethic and may include more specific objectives for the executive, such as the successful completion of major projects, successful integration of acquisitions, and organization capability building. The CEO's evaluation of an executive's performance relative to these objectives is inherently subjective, involving a high degree of

TABLE OF CONTENTS

judgment based on the CEO's observations of, and interaction with, the executive throughout the year. The CEO also considers the executive's prospects for future development and advancement within the Company in formulating an equity compensation recommendation. As an additional input to the CEO's evaluation of an executive's performance, the CEO assesses the overall performance of the Company in light of the dynamics of the markets in which the Company competes. As a result, no single performance objective or group of objectives is material to the CEO's evaluation of the executive's performance.

The above evaluation provides the basis for the CEO's recommendation to the Compensation Committee of stock awards for each named executive. The Compensation Committee meets with the CEO and discusses the CEO's recommendations before meeting separately in executive session to discuss the CEO's recommendations and making a final determination of the stock awards to the named executives. The Compensation Committee applies similar factors in determining the stock awards to the Chairman and the CEO. The Compensation Committee's evaluation of the Chairman's and CEO's overall performance relative to these factors also is inherently subjective, involving a high degree of judgment. As additional input to the Compensation Committee's evaluation of the Chairman and CEO's performance, the Compensation Committee assesses the overall performance of the Company in light of the dynamics of the markets in which the Company competes. As a result, no single performance objective or group of objectives is material to the Compensation Committee's evaluation of the Chairman's and CEO's performance.

In November and December 2015 (Q1 2016), the Compensation Committee authorized awards of options, performance-based restricted units and time-based restricted units to our named executive officers and a number of other key employees, using the recommendations from Cook & Co. described above and other considerations as described above and below. For our named executive officers, the Compensation Committee set a target equity award value based upon recommendations from Cook & Co., which reviewed peer group data, and taking into account the Black-Scholes valuation of each named executive officer's equity awards in prior years. Of that target value, and pursuant to the guidelines approved by our Board, approximately 60 percent of the target value was represented by performance-based restricted units, approximately 20 percent in time-based restricted units and approximately 20 percent in options. Under this methodology, the awards to each of our named executive officers were as follows:

Mr. Buck was granted options to acquire 5,147 common shares (1.6% of the total Q1 2016 management option grant) and 6,225 restricted stock units (3.3% of the total Q1 2016 restricted stock award, composed of 1,663 time-based restricted stock units and 4,562 performance-based restricted stock units). These grants were based on the factors described above and Mr. Buck's leadership role as Chairman and his direct influence on the extent of our continued future growth via the pursuit of acquisitions, direction and counsel to Mr. Isabella, and assistance with other executive development.

Mr. Isabella was granted options to acquire 28,595 common shares (8.8% of the total Q1 2016 management option grant) and 34,581 restricted stock units (18.2% of the total Q1 2016 restricted stock award, composed of 9,237 time-based restricted stock units and 25,344 performance-based restricted stock units). These grants were based on the factors described above and Mr. Isabella's leadership role as CEO and his ability to drive our continued future operational growth and success, as well as organizational optimization and maintaining positive investor relations.

Mr. Nowicki was granted options to acquire 9,232 common shares (2.8% of the total Q1 2016 management option grant) and 11,104 restricted stock units (5.9% of the total Q1 2016 restricted stock award, composed of 2,982 time-based restricted stock units and 8,122 performance-based restricted stock units). These grants were based on the factors described above and Mr. Nowicki's key role as CFO and his position to assist with our continued future operational growth and success, as well as formulating the proper future capital structure and maintaining positive investor relationships.

TABLE OF CONTENTS

Mr. Cooper was granted options to acquire 5,147 common shares (1.6% of the total Q1 2016 management option grant) and 5,259 restricted stock units (2.8% of the total Q1 2016 restricted stock award, composed of 1,663 time-based restricted stock units and 3,596 performance-based restricted stock units). These grants were based on the factors described above and Mr. Cooper's key role as General Counsel and his position in assisting with our continued future growth, including assisting with all acquisitions, as well as monitoring company-wide legal compliance.

Each option above had an exercise price of \$37.89, vests one-third annually starting on the first anniversary of the grant, and expires on the tenth anniversary of the date of grant. All of the time-based restricted stock units will vest and be convertible into common shares upon the third anniversary. All of the performance-based restricted units will vest and be convertible into common shares three years from the date of the grant if the Company achieves the cumulative two-year adjusted EPS and acquisition synergy target, each weighted equally at 50%, on September 30, 2018. The actual number of those units that will vest can range from 0% to 150% of this number depending upon actual weighted company performance below or above the target level.

Employment Agreements

There are no employment, severance or change-in-control agreements currently entered into by and between any current executive and the Company.

Stock Ownership Guidelines

Our named executive officers and members of our Corporate Executive Council (consisting of divisional executive vice presidents and corporate executive vice presidents and vice presidents) are expected to own stock of the Company having a value set forth below:

CEO = 5 times annual base salary

Named executive officers and Corporate Executive Council members = 2 times annual base salary

Until the ownership level is met, executives are required to retain 50% of net profit shares attributable to stock option exercises or vesting of restricted stock units until the specified ownership level is attained. Profit shares represent the shares remaining after payment of applicable tax obligations and, in the case of stock options, payment of the stock option exercise price. There is no defined time period to meet the stock ownership requirement. Participants may satisfy their ownership guidelines with (i) shares directly owned, (ii) shares held in the Company 401(k) plan, (iii) time vested restricted stock units (which settle in stock), even if not vested and (iv) in-the-money value of vested stock options, based upon the spread between the exercise price and the current stock price. Unvested stock options and unearned performance based restricted stock units are not counted.

Retirement Plans

We sponsor a defined contribution 401(k) plan, which covers substantially all of our U.S. employees, including our named executive officers. We currently provide a match of 50% of participants' before-tax contributions up to 3% of eligible compensation. During fiscal 2016, we contributed a match for each of the named executives. Additional annual profit-sharing contributions may be made at the discretion of the Board of Directors but were not made for fiscal 2016.

Our named executive officers do not participate in any special or separate executive retirement plans. We consider our 401(k) plan to be an important factor in our ability to hire, retain and motivate our employees by providing an added measure of financial security for our employees.

Perquisites

We have no formal perquisites program. Personal benefits may be provided from time to time when we determine that such personal benefits are a useful part of an executive's compensation package. Specifically, we have agreed to provide each of the named executive officers with a monthly auto allowance of \$1,000 and reimbursement of their fuel costs.

Tax Deductibility of Compensation

Section 162(m) of the Code generally precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer and other specified officers, unless, in addition to other requirements, the compensation qualifies as performance based compensation. The Company is currently entitled to a deduction in connection with options exercised under our stock option plan by such executive officers and the vesting of performance-based restricted stock. The Company is also seeking shareholder approval of the Beacon Senior Executive Annual Incentive Plan, which if approved would entitle the Company to a deduction in connection with annual incentive awards to the named executive officers, other than the Chief Financial Officer. The Compensation Committee will continue to consider Section 162(m) implications in making compensation recommendations and in designing compensation programs for our named executive officers. However, the Compensation Committee reserves the right to pay non-deductible compensation if it determines that to be in our best interests and in the best interests of our stockholders.

Incentive Compensation Recoupment Policy

In the event of a financial statement restatement resulting from misconduct by a named executive officers or an officer who is a member of our Corporate Executive Council, the Compensation Committee will review all incentive compensation paid, awarded or granted on or after January 1, 2017 to the involved officer. In its sole discretion, the Compensation Committee can decide to recoup from the officer all or a portion of the following incentive compensation:

Incentive Plan: The Compensation Committee can (i) cancel and forfeit the officer's annual incentive opportunity for the then current plan year, and/or (ii) require repayment of any incentive awards previously paid for prior years within the recoupment period described below.

Equity: The Committee can (i) cancel and forfeit any outstanding equity awards, (ii) require the officer to return a number of shares of Company stock received upon vesting and settlement of any restricted stock unit awards during the recoupment period described below (or pay the cash value of such shares), and (iii) require the officer to return a number of shares received upon the exercise of any stock options during the recoupment period described below (or pay the cash value of such shares).

The Compensation Committee may seek recoupment if the officer's misconduct occurs within 36 months following the payment, vesting or award of the incentive compensation.

All named executive officers and members of the Corporate Executive Council have agreed to the terms of this policy.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation Disclosure and Analysis section of this proxy statement with management, including our Chief Executive Officer, Chief Financial Officer and General Counsel. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis section be included in this proxy statement.

TABLE OF CONTENTS

The following table sets forth the individual grants of plan-based awards to the named executive officers during the fiscal year ended September 30, 2016:

FISCAL 2016 GRANTS OF PLAN-BASED AWARDS

- (1) The non-equity incentive plan awards above were based on Company-wide AEBT and individual performance. See Compensation Discussion and Analysis under the heading Annual Cash Incentives.
- (2) The vesting of these restricted units is subject to both performance-based and time-based requirements. The performance-based metrics are satisfied upon the Company meeting a cumulative two-year adjusted earnings per share (EPS) target and acquisition synergy target for fiscal years 2016 and 2017, each weighted at 50%, and the units can vest at a percentage equal to 0% to 150% of the target. The time-based vesting requirement is satisfied on the third anniversary of the grant date. See Compensation Discussion and Analysis under the heading Equity Compensation.
- (3) The time-based restricted stock units granted November 2015 will vest and be convertible into common shares upon the third anniversary of the grant date.
- (4) These options vest (*i.e.*, become exercisable) in three equal parts on the first, second and third anniversaries of the grant date and expire ten years from the date of grant. See Compensation Discussion and Analysis under the heading Equity Compensation.
- (5) This column shows the grant date fair value of stock options and restricted units awarded to the named executives in fiscal year 2016, computed in accordance with FASB ASC Topic 718. Assumptions used in calculating these amounts are included in Note 11 of our audited financial statements included in our Annual Report on Form 10-K for fiscal 2016.

TABLE OF CONTENTS

Potential Payments upon Termination or Change-in-Control

Equity Award Agreements

Pursuant to stock option agreements with our named executive officers, all of their outstanding stock options will vest upon death, disability or retirement (i.e., termination on or after age 65) and in the event of a change in control. Based on the price of the Company's stock of \$42.07 as of September 30, 2016, the values of unvested stock options for the named executives as of that date (based on the difference between such stock price and the exercise prices) were as follows: Mr. Buck \$72,351, Mr. Isabella \$374,158, Mr. Nowicki \$119,424 and Mr. Cooper \$67,783.

Pursuant to restricted unit awards with our named executive officers, restricted units will vest upon death or disability (at target in the case of performance-based awards). Based on the price of the Company's stock of \$42.07 as of September 30, 2016, the values of the number of unvested restricted units that would vest on death or disability as of that date for the named executive officers were as follows: Mr. Buck \$739,548, Mr. Isabella \$3,847,302, Mr. Nowicki \$1,974,093 and Mr. Cooper \$790,412. Upon a change in control, restricted units will vest (at the maximum level in the case of performance-based units, except as provided below). Based on the price of the Company's stock of \$42.07 as of September 30, 2016, the values of the number of unvested restricted units that would vest on a change in control as of that date for the named executive officers were as follows: Mr. Buck \$920,260, Mr. Isabella \$4,804,899, Mr. Nowicki \$2,279,689 and Mr. Cooper \$943,199. In the case of retirement, restricted units will vest (in the case of performance-based units, at the end of the performance period based on actual performance (or upon death, if earlier, at the target level)). Please see the second sentence of this paragraph for the values of the number of restricted units that would vest upon retirement, based on the price of the Company's stock of \$42.70 as of September 30, 2016, for the named executive officers, assuming that performance-based units vest at target.

Beginning in fiscal 2015, equity awards contain a double trigger change in control mechanism. Unless an award is continued or assumed by a public company in an equitable manner, an award shall become fully vested immediately prior to a change in control (at 100% in the case of a performance-based award). If an award is so continued or assumed, vesting will continue in accordance with the terms of the award, unless there is a qualifying termination within one-year following the change in control, in which event the award shall become fully vested immediately (at 100% in the case of a performance-based award).

Employment Agreements

There are no employment, severance or change-in-control agreements currently entered into by and between any current executive officer and the Company.

agreed to file a resale shelf registration statement for the benefit of the CD&R Stockholder and certain of its permitted transferees. The CD&R Stockholder and such transferees also had the right to request that the Company include their shares in certain future registration statements or offerings of common stock by the Company. These rights terminated when the CD&R Stockholder no longer owned any shares of the Company common stock.

No later than 90 days after the commencement of each Performance Year, the Committee shall, in writing, designate the Participants who are eligible to receive an Award for such Performance Year.

V. AWARD FUND

An Award Fund shall be established at five percent of the Company's AEBT for each Performance Year, provided that the Committee reserves the right to decrease the amount of the Award Fund in any given Performance Year. No amounts shall be paid under the SEIP for any Performance Year unless the Company has AEBT in such Performance Year.

VI. AWARDS

No later than 90 days after the commencement of each Performance Year, the Committee shall determine the percentage of the Award Fund to allocate to each Participant as an Award for such Performance Year; provided that for any given Performance Year, no one Participant shall be allocated an Award that exceeds 50% of the Award Fund, and the sum of the Awards shall not exceed 100% of the Award Fund.

VII. ADJUSTMENT AND LIMITATIONS

7.1. Adjustment. The Committee may not increase the amount payable with respect to any Award, but the Committee reserves the right to decrease or eliminate any Award to any Participant. In determining Awards, the Committee shall exercise discretion only to the extent permitted in Section 162(m) of the Internal Revenue Code and the regulations thereunder. In making such determinations, the Committee may establish factors to take into account in implementing its discretion, including, but not limited to, achievement of business objectives and individual objectives, including the objectives established under the Executive Annual Incentive Plan, and, except in the case of the Award for the Chief Executive Officer of the Company, the recommendations of the Chief Executive Officer of the Company.

7.2. Maximum Award. Notwithstanding the foregoing, the maximum Award payable to a Participant shall not exceed (a) the lesser of the Participant's Award established pursuant to Article VI or \$4 million, in the case of the Chief Executive Officer; and (b) the lesser of the Participant's Award established pursuant to Article VI or \$2 million, in the case of each Participant other than the Chief Executive Officer.

VIII. PAYMENT

Prior to the payment of any Award under the SEIP, the Committee shall certify in writing that all applicable material conditions for such Award, including the conditions set forth in Article V, Article VI and this Article VIII, have been satisfied. In making this certification, the Committee will be entitled to rely upon an appropriate officer's certificate from the Company's Chief Financial Officer. Subject to the immediately preceding sentence, payment of the individual Awards will be made in a lump sum cash payment no later than December 15 following the end of the Performance Year to which the Award relates.

IX. EFFECTIVE DATE; AMENDMENT OR TERMINATION

9.1. Effective Date. The SEIP shall be effective for Performance Years beginning on and after October 1, 2016, provided that the SEIP receives shareholder approval at the Company's 2017 Annual Meeting of Shareholders. If such shareholder approval is not obtained, any Awards granted to Participants shall be null and void.

9.2. Amendment or Termination. The SEIP may be amended or revised at any time by the Committee and may be discontinued or terminated in whole or in part at any time by the Board of Directors of the Company, provided, however, that no amendment requiring shareholder approval under Section 162(m) of the Internal Revenue Code will be made without obtaining such shareholder approval. The SEIP will continue in operation until discontinued or terminated as herein provided.
