1. Notes to consolidated financial statements for the nine months ended December 31, 2005
(1) Adoption of simplified accounting methods: None.
(2) Accounting policy changes since the year ended March 31, 2005: None.
(3) Change in scope of consolidation and equity method: None.
2. Results of the nine months ended December 31, 2005 (From April 1, 2005 to December 31, 2005)
(1) CONSOLIDATED FINANCIAL RESULTS

Notes:

1. Amounts of less than one million yen have been rounded.
2. The table above shows the change in the percentage ratio of net sales, operating income, income before income taxes, and net income against the corresponding period of the previous year.
[Qualitative information on consolidated financial results]
Consolidated net sales remained firm, rising $15.3 \%$ from the same period of the previous fiscal year, to 165,773 million yen, supported by continued robust performance in Europe, strong sales of new products powered with lithium ion batteries, especially in North America, and other factors.

## Edgar Filing: MAKITA CORP - Form 6-K

Regarding consolidated earnings, operating income rose $39.2 \%$ to 35,552 million yen, income before income taxes rose $43.0 \%$ to 38,738 million yen, and net income expanded $82.9 \%$ from the same period of the previous fiscal year, to 34,440 million yen. These substantial increases were due in part to approximately 8.5 billion yen in operating profit and 11.9 billion yen in net income from the transfer of ownership of the Company s golf course management subsidiary as a result of a court-supervised rehabilitation proceeding. In addition, Makita recognized approximately 2.5 billion yen in income before taxes and about 1.5 billion yen in net income in an exchange of securities in connection with the merger of Mitsubishi Tokyo Financial Group Co., Ltd., and UFJ Holdings Co., Ltd..

[Qualitative information on consolidated cash flows]
Total cash and cash equivalents ( cash ) at the end of period amounted to 30,863 million yen, up 5,479 million yen from the previous year.
(Net Cash Provided by Operating Activities)
Continued strong performance resulted in net cash from operating activities amounting to 16,770 million yen.
(Net Cash Provided by Investing Activities)
Net cash from investing activities amounted to 6,320 million yen. Although the Company made investments in metal molds for new products, constructed a new building at the Okazaki Plant, and made other investments, these were more than offset by the sale of securities and other factors.

## Edgar Filing: MAKITA CORP - Form 6-K

(Net Cash Used in Financing Activities)
Net cash used in financing activities amounted to 17,957 million yen, as the Company repaid a portion of the deposits of members of the golf course subsidiary undergoing civil rehabilitation and made dividend payments.

Net income per share for the fiscal year is projected to be 123.16 yen.
Notes: The above performance forecast includes the following items, as announced at the time of the release of interim results on October 28, 2005.

1. Special factors in the consolidated accounts contributed approximately 8.5 billion yen to operating income and approximately 11.0 billion yen to income before income taxes as well as approximately 13.4 billion yen to net income.
2. Consolidated and non-consolidated sales include sales of approximately 1.0 billion yen accompanying the acquisition of the nailer business of Kanematsu-NNK Corp. on January 1, 2006. The impact of this acquisition on net income was not material.
[Qualitative information about the forecast for the year ending March 31, 2006]
Increased demand for new products, including impact drivers with rechargeable lithium ion batteries which were introduced in Japan and overseas

Continued strong sales in overseas markets, especially Europe and North America
The above performance forecast has primarily been adjusted from the prior forecast on October 28, 2005 because of a changed exchange rate assumption, 113 yen to US\$1 and 137 yen to 1 Euro for the year ending March 31, 2006 (outlook announced previously: 109 yen to US\$1 and 135 yen to 1 Euro).

## Table of Contents

Our forecasts for dividends are as follows:

Note: The annual dividend will be set according to the Company spolicy for distribution of earnings, which is to maintain a consolidated dividend payout ratio* of $30 \%$ or more. However, as indicated in the preceding section on the forecast for performance, there are special factors that will account for about 13.4 billion yen of the figure forecast for consolidated net income. Accordingly, this amount will be deducted from the net income figure used in computing dividends. In addition, the dividend for the second half of the fiscal year will be calculated by deducting the interim dividend from the annual dividend, and the final decision for the dividend will be made at the General Meeting of Shareholders to be held in June 2006.

* The consolidated dividend payout ratio is calculated as annual dividends per share divided by consolidated net income per share (after adjustments for special factors) and 100 is multiplied.

## FORWARD-LOOKING STATEMENTS

This document contains forward-looking statements based on Makita s own projections and estimates. The power tools market, where Makita is mainly active, is subject to the effects of rapid shifts in economic conditions, demand for housing, currency exchange rates, changes in competitiveness, and other factors. Due to the risks and uncertainties involved, actual results could differ substantially from the content of these statements. Therefore, these statements should not be interpreted as representation that such objectives will be achieved.
