SUPERVALU Reports Fiscal 2006 Fourth Quarter and Full Year Results;
Acquisition of Premier Retail Properties from Albertsons on Track to
Close in June

MINNEAPOLIS--(BUSINESS WIRE)--April 18, 2006--SUPERVALU INC. (NYSE:SVU) today reported results for the fourth quarter of fiscal 2006, which ended February 25, 2006. The company reported net sales of \$4.6 billion, unchanged in comparison to the same period of fiscal 2005, net earnings of \$6.0 million compared to \$92.9 million last year, basic earnings per share of \$0.04 compared to \$0.69 last year, and diluted earnings per share of \$0.04 compared to \$0.65 last year. Fourth quarter results include net after-tax charges of \$72.4 million, or \$0.54 per basic share and \$0.51 per diluted share, primarily related to the sale of Cub Foods stores in Chicago, asset impairment related to the planned disposition of its Deals stores, the plan to sell its Shop 'n Save Pittsburgh stores, and costs related to supply chain growth initiatives.

For the fiscal 2006 full year, SUPERVALU reported net sales of \$19.9 billion compared to \$19.5 billion last year, net earnings of \$206.2 million compared to \$385.8 million last year, basic earnings per share of \$1.52 compared to \$2.86 last year, and diluted earnings per share of \$1.46 compared to \$2.71 last year. Full-year results included net after-tax charges of \$129.6 million, or \$0.95 per basic share and \$0.89 per diluted share, primarily related to the sale of Cub Foods stores in Chicago, the plan to sell its Shop 'n Save Pittsburgh stores, costs related to supply chain growth initiatives, asset impairment related to the planned disposition of its Deals stores, losses incurred from Hurricane Katrina, costs related to acquisition activities, and restructure charges primarily associated with changes in estimates on exited real estate. Fiscal 2005 results include \$0.51 basic earnings per share and \$0.47 diluted earnings per share impact from the net after-tax gain of \$68.3 million on the sale of the company's minority interest in WinCo Foods, Inc. Fiscal 2005 also includes net after-tax restructure charges of \$16.6 million or \$0.12 per diluted share primarily associated with employee benefit costs from previously exited distribution facilities, as well as changes in estimates on exited real estate.

Jeff Noddle, SUPERVALU chairman and chief executive officer said, "Fiscal year 2006 was the year we mapped out our vision for the future, invested in our business and then focused our energies on the activities necessary to effectively combine our operations with the premier retail properties of Albertsons. The reported results for fiscal 2006 include the divestiture of certain non-strategic retail properties, as well as the sale of the Cub Foods stores in Chicago to facilitate the pending acquisition. Our efforts are fully directed toward bringing the acquisition to successful completion. Our significantly expanded footprint of approximately 2,500 stores will maximize our scale and allow us to deliver the economics of our combined enterprise. Fiscal 2007 will be the year we begin the transformation of SUPERVALU into a national retail and pharmacy powerhouse."

"I am in the process of finalizing the executive leadership of the new enterprise that I plan to announce in early May. We intend to

Edgar Filing: SUPERVALU INC - Form 425

provide full year guidance of the combined new enterprise soon, hopefully by mid-May, and we are still planning for a June close. I know I speak for the entire team when I express my excitement and confidence in our future."

Segment Results

Retail Food Segment - Fourth quarter retail net sales were \$2.5 billion compared to \$2.6 billion last year. The decline in net sales primarily reflects store divestitures, store closings and soft comparable sales, which offset sales growth from new stores. Comparable store sales growth for the quarter was negative 1.1 percent with positive comparable store sales at company-operated Save-A-Lot stores. When adjusted for planned in-market store expansion, fourth quarter comparable store sales growth was negative 0.6 percent. For the full year, comparable store sales growth was negative 0.5 percent. When adjusted for planned in-market store expansion, fiscal 2006 comparable store sales growth was negative 0.1 percent. Exclusive of the Cub Foods stores in Chicago, Shop 'n Save stores in Pittsburgh and the Deals stores, total retail square footage, including licensed stores, increased by approximately two percent from last year's fourth quarter, with Save-A-Lot's total square footage increasing by approximately one percent.

The reported retail operating loss for the fourth quarter was \$2.2 million compared to earnings of \$111.0 million last year. Reported operating earnings as a percent of sales was negative 0.1 percent compared to 4.3 percent last year. Fourth quarter results include charges of approximately \$94 million pretax related to the sale of 26 Cub Foods stores in Chicago, approximately \$14 million pretax for asset impairment related to the planned disposition of 138 Deals stores, and approximately \$3 million pretax related to the plan to sell 20 Shop 'n Save stores in Pittsburgh. These items accounted for the entire decline in fourth quarter operating earnings as a percent of sales compared to last year. This quarter's performance also reflected benefits of merchandising programs offset by higher expenses, primarily utilities and property taxes.

New store activity since last year's fourth quarter, including licensed stores, resulted in 68 new stores, opened and acquired, and 85 store closings. During fiscal 2006, new stores opened include 55 extreme value stores and 13 regional banner stores. Fiscal 2006 store closings include 49 Save-A-Lot stores and 36 regional banner stores including Cub Chicago and Shop 'n Save Pittsburgh. Save-A-Lot, including licensees, operated 1,154 stores, of which 445 were combination stores compared to 394 combination stores at the end of fiscal 2005.

For the full year, SUPERVALU's retail segment reported net sales of \$10.6 billion, compared to \$10.5 billion last year and operating earnings of \$268.8 million compared to \$446.3 million last year. Fiscal 2006 operating earnings include pretax charges of approximately \$174 million related to the sale of Cub Foods stores in Chicago, the plan to sell its Shop 'n Save stores in Pittsburgh, the asset impairment related to the planned disposition of Deals stores, and losses incurred from Hurricane Katrina.

Supply Chain Services Segment - Fourth quarter net sales for supply chain services were \$2.1 billion compared to \$2.0 billion last year. The increase in sales primarily reflects new business growth and the third-party logistics service business acquired in February of 2005 that offset customer attrition.

Reported supply chain services operating earnings for the fourth quarter were \$41.4 million, compared to \$59.4 million last year. Reported operating earnings as a percent of sales was 2.0 percent, compared to a record 2.9 percent in last year's fourth quarter. The

Edgar Filing: SUPERVALU INC - Form 425

decline in operating earnings compared to prior year includes approximately \$11 million of losses incurred related to minority-owned investments and costs related to supply chain growth initiatives. These items accounted for approximately 50 basis points of the decline in operating earnings as a percent of sales in the fourth quarter compared to a year ago. The remainder of the decline in operating earnings as a percent of sales reflects higher LIFO expense and changing customer mix.

For the full year, SUPERVALU's supply chain services segment reported net sales of \$9.2 billion compared to \$9.0 billion last year and operating earnings of \$214.4 million compared to \$234.6 million last year. Fiscal 2006 operating earnings include pretax costs of approximately \$22 million relating to supply chain growth initiatives.

Other Items

General corporate expense for the fourth quarter was \$4.7 million compared to \$10.1 million last year primarily reflecting lower benefit and incentive costs.

SUPERVALU's effective tax rate for the fourth quarter was 47.5 percent primarily reflecting the write-off of non-deductible goodwill on the sale of Cub Foods Chicago stores. The annual effective rate for fiscal 2006 was 37.4 percent versus 35.8 percent for fiscal 2005 reflecting last year's net favorable tax settlements.

Capital spending for the fourth quarter and full year was \$121.5 million and \$365.3 million, including \$30.4 million and \$57.4 million in capital leases, respectively. Capital spending primarily included retail store expansion, store remodeling, and supply chain growth initiatives.

Cash at year end was approximately \$686 million. Total debt to capital was 36.7 percent at year end compared to 40.1 percent at fiscal 2005 year end. The total debt to capital ratio is calculated as total debt, which includes notes payable, current debt and obligations under capital leases, long-term debt and obligations under capital leases, divided by the sum of total debt and total stockholders' equity.

Basic weighted average shares outstanding in the quarter were 136.3 million shares compared to 135.1 million shares last year. Diluted weighted average shares outstanding in the quarter were 137.9 million shares compared to 145.2 million shares last year with the decrease primarily due to the anti-dilutive impact of 7.8 million of contingently convertible debentures in fiscal 2006. For the full year, basic weighted average shares outstanding were 136.1 million compared to 135.0 million last year and diluted weighted average shares outstanding were 145.7 million compared to 144.9 million last year. As of February 25, 2006, SUPERVALU had 136.4 million shares outstanding.

Fiscal 2007 Guidance

The company plans to establish preliminary earnings guidance for the combined enterprise reflecting the acquisition of the premier properties of Albertsons by mid-May.

Commenting on SUPERVALU, Noddle said, "SUPERVALU is on the verge of a major transformation. We remain firmly committed to our vision and our financial goals. As we combine two powerful organizations, we will focus on several key areas including the application of our strict operating discipline to maximize return and reclaim investment grade status, and the differentiation of our company through innovative programs and retail merchandising initiatives across all of our retail banners."

A conference call to review the full-year results is scheduled for today at 9:00 a.m. (CDT). A live Web cast of the call will be

available at www.supervalu.com. An archive of the call is accessible via telephone by dialing 1-630-652-3041 with pass code 14309092 and through the company's Web site at www.supervalu.com. The conference call archive will be available through May 2, 2006.

About SUPERVALU INC

Celebrating its 135th year of fresh thinking, SUPERVALU INC., a Fortune 500 company, is one of the largest companies in the United States grocery channel. With annual revenues of approximately \$20 billion, SUPERVALU holds leading market share positions across the U.S. with its 1,381 retail grocery locations, including licensed Save-A-Lot locations. With its Save-A-Lot format, the company holds the number one market position in the extreme value grocery retail sector. Through SUPERVALU's geographically diverse supply chain network, the company provides distribution and related logistics support services to grocery retailers across the nation. In addition, SUPERVALU's third-party logistics business provides end-to-end supply chain management solutions that deliver value for manufacturers, consumer products retailers and food service customers. SUPERVALU currently has approximately 50,000 employees. For more information about SUPERVALU visit <http://www.supervalu.com>.

As of February 25, 2006 SUPERVALU's retail store network consists of 1,381 stores in 40 states, including 1,154 extreme value stores, (292 corporate-owned Save-A-Lot stores, 862 licensed Save-A-Lot stores); and 227 regional banner stores (Cub Foods, Shop 'n Save, Shoppers Food & Pharmacy, bigg's, Farm Fresh, Scott's Foods, Hornbacher's and Sunflower Market stores). Store counts are adjusted for the planned sale of Deals and Shop 'n Save Pittsburgh. SUPERVALU serves as primary supplier to approximately 2,200 stores and SUPERVALU's own regional banner store network of 227 stores.

On January 23, 2006, SUPERVALU, CVS and an investment group led by Cerberus Capital Management, L.P. announced that they had reached definitive agreements to acquire Albertson's, Inc. (NYSE:ABS). In accordance with the agreements, SUPERVALU will acquire key retail operations of Albertsons - representing more than 1,100 stores - including Acme Markets, Bristol Farms, Jewel-Osco, Shaw's Supermarkets, Star Markets, and Albertsons banner stores in the Intermountain, Northwest and Southern California regions. The acquisition will also include the related in-store pharmacies under the Osco Drug and Sav-on banners. As a result of the acquisition, which is subject to approval by both the shareholders of Albertson's, Inc. and SUPERVALU INC., SUPERVALU will become the nation's third-largest supermarket chain with annual revenues of approximately \$44 billion.
