#### Item 1 – COMPENSATION POLICY

Under a recent amendment to the Companies Law, all public Israeli companies, including companies whose shares are only listed outside of Israel, are required to adopt a written compensation policy, which sets forth their policy regarding the terms of office and employment of office holders, including compensation, equity awards, severance and other benefits, as well as indemnification undertakings and exemption from liability.

The compensation policy must be approved by the board of directors, after considering the recommendations of the compensation committee of the Company. The compensation policy must also be approved by the shareholders of the Company as prescribed in the Companies Law.

In accordance with the requirements of the Companies Law, our compensation committee reviewed and adopted a written compensation policy for our executives, which sets forth our policy regarding the terms of office and employment of office holders as prescribed under the Companies Law. A copy of the proposed Taro Executive Compensation Policy is attached as Annex A to the proxy statement. Our Board of Directors subsequently approved the policy and recommended that it be adopted by the shareholders.

The Board of Directors will present the following Resolutions at the Annual General Meeting of Shareholders:

#### Resolution 1

"RESOLVED, to approve the Taro Executive Compensation Policy in the form attached as Annex A hereto."

#### VOTE REQUIRED

The required vote to approve the above resolution under item 1 is a majority of the votes cast at the Meeting, whether in person or by proxy, provided that either:

- the majority includes the majority of the total votes of non-controlling shareholders (as defined in the Companies Law) or shareholders who do not have a personal interest (as defined in the Companies Law) in the matter present at the meeting in person or by proxy (abstentions will not be taken into account); or
- the total number of votes against the policy by the non-controlling shareholders or shareholders who do not have a personal interest in the matter does not exceed two percent of the aggregate voting rights in the company.

Each shareholder who is a controlling shareholder or acting on behalf of a controlling shareholder and who wishes to attend the Meeting in person or by proxy, is required to so advise the Company in writing, at or prior to the Meeting, for purposes of voting with respect to Item 1.

Sun Pharma and certain affiliates have indicated to the Company that they believe that they are controlling shareholders and, for the purposes of this Meeting, the shares owned or controlled by them (or by entities under their control) should not be counted as part of the votes of the non-controlling shareholders for purposes of Item 1.

Item 6 – REMUNERATION OF JAMES KEDROWSKI

As required by the Companies Law, the terms of service and employment of directors in a public company require approval by the company's compensation committee, board of directors and shareholders. The remuneration of Mr. James Kedrowski, as approved by the Compensation Committee and Board of Directors, will be equal to the consideration paid by the Company to its External Directors, exclusive of reimbursement of any expenses for attending such meetings, effective as of the date of his appointment: an annual fee of NIS 121,410 and a fee of NIS 3,650 per meeting of the Board of Directors and any committee thereof, linked to any changes in the Israeli Consumer Price Index from and after the date of this Proxy Statement, exclusive of reimbursement of any expenses for attending such meetings, effective as of the date of his appointment.

The Compensation Committee and the Board of Directors believe that such remuneration is in line with the Company's Compensation Policy.

The Board of Directors will present the following Resolution at the Annual General Meeting:

“RESOLVED, that the remuneration of Mr. James Kedrowski, as a director of the Company, which shall be equal to the consideration paid by the Company to its external directors, exclusive of reimbursement of any expenses for attending such meetings, effective as of the date of his appointment be and is hereby approved and ratified.

VOTE REQUIRED

In order to approve the above Resolution, under Item 6 of this Proxy Statement, the required vote is a majority of the votes cast at the Meeting, whether in person or by proxy. The Board of Directors unanimously recommends a vote FOR Item 6 above.

Item 7 – RE-ELECTION OF EXTERNAL DIRECTORS

At the Annual General Meeting, it is intended that proxies (other than those directing the proxy holders not to vote for the listed nominees) will be voted for the re-election, as External Directors of the Company, of the two nominees named below who shall hold office for an additional three-year term, unless their service is earlier terminated under any applicable law or the Articles of Association.

The list of nominees is as follows:

- a. Ms. Ilana Avidov Mor
- b. Mr. Dan Biran

Under the Companies Law, companies incorporated under the laws of the State of Israel whose shares, inter alia, are listed for trading on a stock exchange or have been offered to the public by a prospectus and are held by the public are required to have at least two External Directors.

The Companies Law further provides that a person may not be elected as an External Director if the person or the person's relative, partner, employer, anyone to whom the person is subordinate, directly or indirectly, or any entity under the person's control has, as of the date of the person's election to serve as an External Director, or had, during the two years preceding that date, any affiliation (as defined below) with:

- (i) the company;
- (ii) any entity controlling the company as of the date of the election; or
- (iii)

any entity controlled by the company or under common control with the company as of the date of the election or during the two years preceding that date.

The term “affiliation” includes an employment relationship, a commercial or professional relationship maintained on a regular basis or control of the Company, as well as service as an office holder (as defined below). Under the Companies Law, “relative” is defined as a spouse, brother or sister, parent, grandparent, child, and a child/brother/sister/parent of such person’s spouse or the spouse of any of the foregoing.

The Companies Law defines the term “office holder” as general manager (that is the chief executive officer), chief business manager, vice-general manager, any other person assuming the responsibilities of any of the foregoing positions without regard to such person’s title, any director and any manager that reports directly to the general manager.

The Companies Law further provides that no person can serve as an External Director if the person’s other positions or businesses create, or may create, a conflict of interest with the person’s responsibilities as an External Director or may otherwise interfere with the person’s ability to serve as an External Director.

Until the lapse of two years from the time in which the External Director serves as such, a company may not engage an External Director to serve as an office holder and cannot employ or receive professional services from such former External Director for consideration, either directly or indirectly, including through a corporation controlled by such former External Director.

A person shall be qualified to serve as an External Director only if he or she possesses accounting and financial expertise or professional competence. At least one External Director must possess accounting and financial expertise. Under the regulations of the Companies Law, a director has “financial and accounting expertise” if, inter alia, he or she, based on his or her education, experience and qualifications, is highly skilled in respect of, and understands, business and accounting matters and financial statements, in a manner that enables him or her to have an in-depth understanding of the company’s financial statements and to stimulate discussion in respect of the manner in which the financial data is presented. A director has “professional competence” under such regulation if, inter alia, he or she has an academic degree in either economics, business administration, accounting, law or public administration or an academic degree in, or completion of, other higher learning, each in an area relevant to the company’s business, or has at least an aggregate of five years’ experience in a senior position in any one or any combination of the following: (a) the business management of a corporation with a substantial scope of business; (b) public office or public service; or (c) the field of the company’s business.

The Companies Law further provides that when appointing an External Director, if all members of the board of directors of the company are of one gender then at least one External Director shall be of the other gender.

The Companies Law also provides that a shareholders’ general meeting at which the appointment of an External Director is to be considered will not be called unless the nominee has declared to the company that he or she complies with the qualifications for appointment as an External Director. Each proposed nominee has declared to the Company that such nominee possesses the qualifications and complies with the requirements for appointment as an External Director under the Companies Law, that such nominee is capable of dedicating the appropriate amount of time for the performance of such nominee’s role as an External Director of the Company considering, inter alia, the Company’s size and special needs and such nominee has agreed to stand for election. Copies of the declarations of the External Directors are available for inspection at the Company’s offices in Yakum, Israel.

The initial term of an External Director is three years and may be extended for two consecutive three-year terms. In accordance with the regulations under the Companies Law, companies whose securities are listed on one of a number of non-Israeli stock exchanges, may re-appoint an external director for additional three-year terms, in excess of the nine years described above, if the audit committee and the board of directors confirm that, due to the expertise and special contribution of the external director to the work of the board and its committees, his or her re-appointment is in

the best interests of the company. The same special majority is required for election of the statutory external director for each additional three-year term (as was required for the initial term), with the additional requirement that the arguments of the board of directors and audit committee in favor of election for such additional term, and the number of terms already served by the external director, be presented to the general meeting prior to the vote.

An External Director may be removed from office only by the same percentage of votes as is required for election or by a court, if the External Director ceases to meet the statutory qualifications for appointment or if he or she violates his or her duty of loyalty to the company. Each committee of a company's board of directors, that is empowered to exercise one of the functions of the board of directors, is required to include at least one External Director, except for the Audit Committee and the Compensation Committee, which is required to include all the External Directors.

Each External Director has agreed to receive remuneration in accordance with Section 5(f) of the Companies Regulations (Easements to Public Companies which Shares are Listed for Trading in a Stock Exchange Outside of Israel), 5760-2000 as applied to Sections 4 and 5 of Companies Regulations (Rules Regarding Remuneration and Expenses of External Directors), 5760-2000 ("Remuneration Rules"). In accordance with the foregoing, each External Director will receive an annual fee of NIS 115,400 and a fee of up to NIS 3,470 per meeting attended, which amounts are linked to the Israeli consumer price index (based on the Israeli consumer price index as of the date of this Proxy Statement, currently equal to NIS 121,410 and NIS 3,650, respectively). Under such regulations, the External Directors' remuneration must be fixed and agreed upon with the company prior to the acceptance of the nomination.

Each of Ms. Ilana Avidov Mor and Mr. Dan Biran, if elected, will serve a three-year term commencing upon the date of expiration of their initial three-year term.

- 1.2 Taro Pharmaceutical Industries Ltd. (hereinafter: “Taro” or the "Company") is a multinational, science-based pharmaceutical company, operating primarily in the United States, Canada and Israel, through three entities: Taro Israel and two of its subsidiaries, Taro Pharmaceuticals Inc. (Taro's Canadian indirect subsidiary) and Taro Pharmaceuticals U.S.A., Inc. (Taro's U.S. subsidiary). Operating in an intensely competitive pharmaceutical industry, the Company competes with the original manufacturers of the brand-name, other generic drug manufacturers and manufacturers of new drugs that may compete with the Company's generic drugs. Many of Taro's competitors have greater financial, production and research and development resources, substantially larger sales and marketing organizations, and substantially greater name recognition.
- 1.3 The Compensation Policy is meant to provide the Company the ability to attract, retain, reward and motivate highly skilled Office holders (as defined in section 2.4.2), and to assure that the compensation structure meets Taro's interests and its overall financial and strategic objectives.
- 1.4 Any references to the masculine gender shall be deemed to include a reference to the feminine and neuters where the context so admits.

2. Principles of the Compensation Policy

- 2.1 The Company determined the Compensation Policy for Office holders (defined below) in accordance with the following considerations:
- Promoting the Company’s objectives, work schedule and policies from a viewpoint which aims to enhance both long term and short term value for all of Taro’s stakeholders.

- Creating appropriate incentives for the Office holders of the Company, taking into consideration its risk management policy.
  - The size of the Company and the nature of its activities.
- With respect to variable components – the contribution of the Office holder to the achievement of the Company’s objectives and the maximization of its profits, on the basis of a concept which balances long term considerations with short term considerations and in accordance with the position of the Office holder.

2.2 In determining the Office holder’s compensation, the following criteria, among others, will be examined:

- The Office holder’s education, qualifications, professional experience and achievements.
- The Office holder’s position, areas of responsibility and previous salary agreements with the Company.
- The annual cost of the employment terms of the Office holder and the average and median annual salary of Taro's employees and outsourced service providers, by geographic location, as well as whether such disparities have an effect on employment relations.
  - The ratio between the variable compensation components and the fixed compensation components.
  - Compensation practices of other companies that are active in similar markets.

### 2.3 Manner of determination and approval of the Compensation Policy

- The Compensation Committee shall discuss the Compensation Policy and provide its recommendations to the Company's Board of Directors.
- The Board of Directors shall discuss the Compensation Policy and the recommendations of the Compensation Committee. After discussing and weighing the recommendations of the Compensation Committee, the Board of Directors is to approve the Compensation Policy.
- The approval of the Compensation Policy by the Board of Directors is subject to the approval thereof at the General Meeting of the Company's shareholders in accordance with the Law.

## 2.4 Applicability

2.4.1 The Compensation Policy shall apply to any “Office holder”, as this term is defined in the Companies Law (hereinafter: the “Office holders”): a Director, CEO, COO, Deputy CEO, anyone holding a position as set forth above in the Company even if his title is different, and any other Office holder who directly reports to the CEO.

2.4.2 The Compensation Policy is intended to apply to the Office holders serving in the Company at the date of its entry into force and all Office holders that will commence their service with the Company while the Policy is in effect, including:

### 3. Components of the compensation of Office holders (other than Directors)

The Compensation of the Office holders (other than Directors) may include the following components:

#### 3.1 Base salary, social and other benefits (“Fixed Compensation”)

3.1.1 The Base salary of Office holders shall be determined based on the following:

3.1.1.1 The parameters specified in Section 2.2 above.

3.1.1.2 Executive compensation survey (benchmark) of companies operating in similar industries and/or with similar financial performance, per geographic location.

3.1.1.3 Notwithstanding the foregoing, the Compensation Committee shall be entitled to approve an update of the base salary of the Company's Office holders, subject to the parameters specified in Section 2.2 above and 3.1.1.2, at a rate that does not exceed 35% of the base salary prior to such update.

3.1.2 The Fixed Compensation may include additional benefits. In light of the Company's global nature and the fact that its Office holders are employed in geographic locations worldwide (US, Canada and Israel), under different legal systems, social benefits shall be adjusted according to the local laws, and customary employment terms. Office holders shall be eligible to participate in and receive benefits from the standard and customary benefit plans provided to the Company's employees.

3.1.3 In addition, an Office holder shall be eligible to receive a sign-on bonus, at the discretion of the Compensation Committee and the Board of Directors.

3.2.3 Examples of Bonus plan performance targets that will be considered, among others:

- Accomplishment of Key Performance Objectives
  - Financial results
  - Sales objectives
  - R&D objectives
  - Cost savings
- Meeting the Company's budget
- Shareholder value

3.2.4 In addition, the Chairman of the Board of Directors is entitled to recommend granting a special incentive to Office holders, subject to approval of the Compensation Committee and the Board of Directors.

3.2.5 The performance targets and the maximum variable components payable to the Chairman and the CEO shall be determined by the Compensation Committee and the Board of Directors and to the other Office holders by the CEO.

3.2.6 The Company shall recover all or a portion of any compensation paid to an Office holder that was paid on the basis of financial data included in its financial statements, in any fiscal year, that were found to be inaccurate and were subsequently restated.

In such event, the Company will seek reimbursement from the Office holder to the extent such Office holder would not have been entitled to all or a portion of such compensation, based on the financial data included in the restated financial statements.

The Compensation Committee will be responsible for approving the amounts to be recouped and for setting terms for such recoupment from time to time.

### 3.3 Long Term Variable Compensation

3.3.1 The compensation package may include a long term incentive plan (in addition to the short term variable cash compensation) which may consist of either: (1) Long term cash bonus plan, which will be based on long term performance goals of the Company and the Office holder; or (2) Equity based awards, according to the recommendation of the Compensation Committee and approval of the Board of Directors.

3.3.2 The purpose of the long term variable compensation is to align the interests of the executive officers with those of the Company's shareholders, while basing the Officer's contribution on the Company's results on the basis of a long term perspective.

3.3.3 The period of the long term variable compensation component will be not less than two (2) years.

### 3.4 Maximum variable Compensation

3.4.1 The maximum variable compensation component, short and long term, as percentage of the base earned salary may differ from one Office holder to another based on the parameters specified in Section 2.2 above, and in any case will not exceed 200% of the annual base salary per year, as described in sections 3.2 and 3.3 above.

### 3.5 Termination related terms

- 3.5.1 Statutory Severance related terms and payments will be made in accordance and subject to the applicable law in each geographic location of the Company's Office holders, and according to the actual terms of termination determined for each Office holder in his employment agreement.
- 3.5.2 Should the Company decide to make termination payments to a departing Office holder, such payments may include, but not exceed an aggregate of 18 months' pay for the combined advanced notice period and severance pay (not counting, for this purpose, statutory severance pay where applicable).
- 3.5.3 While considering any termination payments, the Compensation Committee may consider certain criteria, including, but not limited to the length of the Office holder's employment period, his performance during his employment, the circumstances surrounding the termination of employment etc.

### 4. Compensation of Directors

- 4.1.1 The Compensation of the Company's external directors shall be in accordance with the Companies Law Regulations (Rules Regarding Remuneration and Expenses for an External Director) 5760-2000 ("Statutory Director Fees").
- 4.1.2 The compensation paid to directors, in their capacity as such (whether in cash or equity) shall be determined, taking into account: A. the field in which the Company operates, B. comparison with companies of a similar size with global operations and structure of a similar magnitude, whether listed for trading in Israel or overseas, or privately-held, C. the contribution and active involvement in the business of the Company. Such compensation may be paid to the director or to a company controlled by such director.
- 4.1.3 Directors of the Company who provide additional professional services and consulting may also be entitled to additional compensation as shall be determined by the Company as follows:

- Management or consulting fees
- Annual bonus

### 5. Ratio of the Office holder's compensation to the average and median salary in the Company

Due to the Company's global nature, the Compensation Committee has taken and will take into consideration while determining the Office holders' compensation, the fact that the Company's employees are employed in various countries worldwide, under different terms of employment. Therefore the Compensation Committee considered the relationship between the terms of service and employment of the Office holder and the salary of the other employees of the Company in each Office holder's geographic location, and in particular the ratio of the total compensation for the Office holders of the Company to the average and median salary of the Company's employees in each geographic location. The Compensation Committee found that the relationship mentioned above does not harm the Company's performance and its ability to recruit and retain its employees in the various countries.

6. Processes for the supervision and control of the Compensation Policy

- 6.1 The responsibility for determining the rules of the Compensation Policy, the control thereof and the updating thereof shall rest with the Compensation Committee and the Board of Directors, based on the Compensation Committee's recommendations.
- 6.2 The Compensation Committee shall periodically review the Policy and monitor its implementation, and recommend to the Board of Directors and shareholders to amend the Policy as it deems necessary from time to time.
- 6.3 The approval of compensation for an Office holder, shall be determined by the Compensation Committee, and subsequently approved by the Board of Directors; the Company shall be subject to any existing and future provision of applicable law which relates to the Compensation Policy of the Company.
- 6.4 The Compensation Committee and the Board of Directors of the Company based on the Committee's recommendations shall reserve the possibility of reducing the variable components or setting maximum amounts with respect thereto, provided that these changes shall be in accordance with the considerations and the criteria which have been set forth in Section 2.2 above, according to law and subject to the circumstances of the matter.
- 6.5 Stringent control procedures shall be exercised, in order to ensure that the Compensation Policy which has been selected is appropriately implemented.
