PROXY STATEMENT

Your vote at the annual meeting is important to us. Please vote your shares of common stock by completing the enclosed proxy card and returning it to us in the enclosed envelope. This proxy statement has information about the annual meeting and was prepared by the Company's management for the board of directors. This proxy statement was first mailed to shareholders on or about October 8, 2003.

GENERAL INFORMATION ABOUT VOTING

Who can vote?

Only shareholders of record holding Class A common stock or Class B common stock as of the close of business on September 29, 2003, will be entitled to receive notice of the annual meeting and to vote at the meeting.

On September 29, 2003, there were 22,562,614 shares of Class A common stock and 2,621,502 shares of Class B common stock outstanding and eligible to vote. Shares of common stock owned by the Company or any subsidiary are not entitled to vote, and are not included in the number of outstanding shares. Class A shares are entitled to one vote per share; Class B shares are entitled to 10 votes per share.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the annual meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope. The proxyholders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxyholders will vote for you on that proposal. Unless you instruct otherwise, the proxyholders will vote for each of the nine director nominees and for each of the other proposals to be considered at the meeting.

How do participants in our savings plan vote these shares?

If you are a participant in our savings plan, the proxy card also will serve as a voting instruction for the trustee of the plan, Putnam Investments, to vote all shares of Class A common stock which are held by the trustee for your benefit. The shares represented by your proxy will be voted as you direct. The trustee will hold your voting directions in strict confidence. If you do not vote your proxy, shares held by the trustee for your benefit will be voted by the trustee in the same proportion as the shares properly voted by other participants in the savings plan.

What if other matters come up at the annual meeting?

The matters described in this proxy statement are the only matters we know will be voted on at the annual meeting. If other matters are properly presented at the meeting, the proxyholders will vote your shares as they see fit.

May I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you may change your vote either by giving the Company's secretary a written notice revoking your proxy card or by signing, dating, and returning to us a new proxy card. We will honor the proxy card with the latest date.

May I vote in person at the annual meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card, to ensure that your vote is counted, you may attend the annual meeting and vote your shares in person.

Table of Contents

What do I do if my shares are held in street name ?

If your shares are held in the name of your broker, a bank, or other nominee, that party should give you instructions for voting your shares.

How are votes counted?

We will hold the annual meeting if holders of a majority of the shares of Class A common stock and Class B common stock entitled to vote either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed in the proxy card.

If your shares are held in the name of a nominee, and you do not tell the nominee how to vote your shares (so-called broker nonvotes), the nominee can vote them as it sees fit only on matters that the New York Stock Exchange determines to be routine, and not on any other proposal. Broker nonvotes will be counted as present to determine if a quorum exists, but will not be counted as present and entitled to vote on any nonroutine proposal.

Who pays for this proxy solicitation?

We do. In addition to sending you these materials, some of our employees may contact you by phone, by mail, or in person. None of these employees will receive any extra compensation for doing this. The Company will also reimburse brokerage houses and others forwarding proxy materials to beneficial owners of stock.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

An entire board of directors, consisting of nine members, will be elected at the annual meeting. The directors elected will hold office until their successors are elected, which should occur at the next annual meeting. We recommend a vote FOR the nominees presented below.

Vote Required. The nine nominees receiving the highest number of votes will be elected. Votes withheld for a nominee will not be counted.

Nominations. At the annual meeting, we will nominate the persons named in this proxy statement as directors. Although we do not know of any reason why one of these nominees might not be able to serve, the board of directors will propose a substitute nominee if any nominee is not available for election.

GENERAL INFORMATION ABOUT THE NOMINEES

All of the nominees, other than Mr. Podkowsky, are currently directors of the Company. Each has agreed to be named in this proxy statement and to serve as a director if elected. All nominees have been designated as Continuing Directors as defined in the Company's Certificate of Incorporation.

The Company has been informed by counsel to Mr. Jeffrey Steiner that on July 9, 2003, a trial concluded in France with respect to charges by French authorities against thirty-seven defendants, including Mr. Steiner, in the Elf Bidermann matter. Mr. Steiner's counsel has informed the Company that the charges against Mr. Steiner are that in 1989 and 1990 he allegedly facilitated and benefited from the misuse of funds at Elf Aquitaine, a French petroleum company, allegedly committed by a former official of Elf Aquitaine, and/or Maurice Bidermann, against whom the Company had prevailed in litigation. The French court is expected to render its determination as to the merits of the charges, in November, 2003. Mr. Steiner has informed the Company that these charges are without merit, and that in all events he will vigorously continue to defend himself against them. The Company had previously disclosed that an investigation was pending, that the Company had provided a surety for Mr. Steiner and, since June 1996, has paid his legal expenses totaling approximately \$5 million in connection with these charges, and will continue to do so, in accordance with Delaware law. Mr. Steiner has undertaken to repay us the surety and expenses paid by us on his behalf if it is ultimately determined that Mr. Steiner was not entitled to indemnification under Delaware law. Delaware law provides that Mr. Steiner would be entitled to indemnification if it is determined that he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company, and had no reasonable cause to believe his conduct was unlawful.

Board Meetings

The Board held seven meetings during fiscal 2003, and acted four times by unanimous written consent. No incumbent director attended less than seventy-five percent of the aggregate number of meetings of the Board and committees on which he served. Mr. Mel Barlow, a member of the Board in fiscal 2003, attended less than 75% of Board and committee meetings; however, for health reasons, Mr. Barlow resigned from office effective May 28, 2003.

Table of Contents

Board Committees

The Board has five standing committees. The following chart describes the function and membership of each standing committee and the number of times it met in fiscal 2003:

Audit Committee

(Held 7 meetings)

<u>Function</u>	<u>Members</u>
<ul style="list-style-type: none"> • Is directly responsible for appointment, compensation and oversight of the Company's outside auditors and resolution of disagreements, if any, between outside auditors and management. 	<ul style="list-style-type: none"> Herbert Richey (Chairman) Mortimer Caplin
<ul style="list-style-type: none"> • Receives and responds to complaints (which may be submitted confidentially or anonymously) regarding accounting, internal account controls or auditing matters. 	<ul style="list-style-type: none"> Steven Gerard Harold Harris
<ul style="list-style-type: none"> • Examines and considers (and, where appropriate, pre-approves) matters relating to the internal and external audits of the Company's accounts and its financial affairs. 	
<ul style="list-style-type: none"> • Selects the Company's independent auditors. 	
<ul style="list-style-type: none"> • Functions and responsibilities are described in detail in the Audit Committee's written charter, attached as Appendix 1 to the Proxy Statement for the 2002 Annual Meeting. 	

The Audit Committee is established in accordance with Section 3(a)(58(A) of the Exchange Act which (among other things) requires companies to establish a committee of board members for the purpose of overseeing the accounting and financial reporting processes of the company and audits of the financial statements of the company.

Audit Committee Financial Experts: The Board of Directors has determined that Steven Gerard, a member of the Audit Committee, is a financial expert as defined by the SEC. Such determination was based, in part, on the following qualifications:

Mr. Gerard has served since October 2000 as Chief Executive Officer of Century Business Services, Inc. (provider of integrated business services) and served as Chairman and CEO of Great Point Capital, Inc. (financial and operating consultants) from 1998 to October 2000.

He served for 16 years as a financial analyst/banker.

Edgar Filing: FAIRCHILD CORP - Form DEF 14A

He serves as a member of the Audit Committee of several other major companies (Lennar Corporation and Timco Aviation Sales, Inc.).

Audit Committee Independence: The Board of Directors has determined that all members of the Audit Committee are independent as defined in the listing standards of the New York Stock Exchange. The Board was advised that a subsidiary of the firm of Century Business Services, Inc., of which Mr. Gerard is the Chief Executive Officer, was engaged by the Company prior to FY 2004 to do auditing work in connection with the Company's qualified pension and 401(k) plans. However, such services were not provided by Mr. Gerard himself, and charges for such services were less than \$60,000 a year. Based on this, the Board has determined that Mr. Gerard is independent of the Company and its management, and that the former business relationship with his firm does not affect such independence.

Table of Contents

Audit Committee Charter: The Board has adopted a written charter for the Audit Committee. The NYSE and the SEC require that a copy of the charter be published at least once every three years. REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE

The following report does not constitute solicitation material and is not considered filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, unless we state otherwise.

The Compensation and Stock Option Committee is composed of at least two nonemployee Directors. It has initial responsibility for all compensation actions affecting the Company's executive officers, including base salaries, bonus awards, stock option awards and the terms and conditions of their employment.

Compensation Philosophy

The Committee's goals are to:

Provide compensation competitive with other similar companies.

Reward executives consistent with the performance of the Company.

Recognize individual performance.

Encourage executives to increase shareholder value.

Components of Executive Officer Compensation

Cash Compensation (Base Salary and Annual Incentive Bonus) The Company manages the total cash compensation to provide median levels of cash compensation at average levels of corporate, business unit, and individual performance. Cash compensation consists of two components: (i) a base salary that is competitive with that of other companies paying at the median level of the market, and (ii) an annual incentive opportunity that is variable and is reflective of the financial performance of the Company and/or the individual performance of the executive officer. When high levels of performance are achieved, the level of cash compensation may exceed the median of the market. Conversely, when the Company, business unit, or the individual falls short of the predetermined goals, the level of cash compensation may be substantially below the market median. The objective of this mix is to deliver total annual cash compensation competitive with compensation offered at other companies facing similar challenges for similar positions, while simultaneously linking the payment of the annual cash incentive to the achievement of specific objectives in the Company's annual operating plan as approved by the Board.

Mix Between Salary and Annual Incentive Pay The mix between salary and annual incentive pay is related to an executive's job grade. Executives at higher grade levels in the Company have a greater percentage of their total cash compensation contingent on the accomplishment of assigned business objectives, i.e. the higher the executive grade level, the greater the proportion of annual

Edgar Filing: FAIRCHILD CORP - Form DEF 14A

compensation that is at risk. The award and size of the performance bonus are based upon: (i) the executive officer's performance against goals determined by the Company's Chief Executive Officer; and/or (ii) the performance of the executive officer's unit within the Company against that unit's goals; or (iii) the performance of the Company against Company goals. Goals vary from year to year and from unit to unit and, with regard to individual goals of executive officers, usually include both quantitative and qualitative factors.

The Committee approved salary and annual incentive pay for the Company's named executive officers as set forth under the Summary Compensation Table of this Proxy Statement.

Stock Option Grants The Committee believes that stock option grants serve as a desirable long-term method of compensation because they closely ally the interests of management with the

Table of Contents

preservation, enhancement and realization of shareholder value, and serve as an additional incentive to promote the success of the Company. In fiscal 2003, the Committee approved the grant of 191,917 stock options to the Company's executive officers and zero stock options to other employees. Included in these grants were 191,917 stock options granted to the named executive officers. The CEO received 145,518 stock options.

Total Compensation Program The Committee believes that the total compensation program for executives of the Company (cash compensation, bonuses and stock option grants) is on a level with the compensation programs provided by other companies facing similar challenges. The Committee believes that any amounts paid under the annual incentive plan will be appropriately related to corporate and individual performance, yielding awards that are directly linked to the annual financial and operational results of the Company within the framework of the challenges faced.

Compensation of CEO

Jeffrey Steiner has served as Chairman of the Board and Chief Executive Officer of the Company since 1985, and as President from July 1991 through September 1998. In fixing Mr. Steiner's salary and target bonus levels, as well as determining the size of stock options, if any, the Committee and the Board typically review the strategic direction and financial performance of the Company, including enterprise value, revenue and profit levels. In addition, the Committee reviews Mr. Steiner's performance as Chairman of the Board and Chief Executive Officer, his importance to the Company and his success in implementing its strategic goals both through his entrepreneurial actions and investment banking acumen.

Mr. Steiner has developed and established initiatives aimed at improving the operating efficiency and financial performance of the Company. These include an increased focus of the Company's efforts to make acquisitions.

Base Compensation Mr. Steiner's base compensation for fiscal 2003 was \$1,700,000 pursuant to his employment agreement with the Company and \$400,000, pursuant to his employment agreement with Banner Aerospace, plus \$400,000 for services in Switzerland. Effective January 1, 2003, Mr. Steiner has agreed to defer 20% of his base salary.

Incentive Compensation Performance Goals The performance goal for and maximum amount of Mr. Steiner's incentive compensation (i.e., compensation beyond base salary) approved by the shareholders at the last Annual Meeting, was as follows:

If the Earnings before Interest, Taxes, Depreciation and Amortization (EBITDA) of The Fairchild Corporation in Fiscal 2003, as computed in the same manner as under the Company's Credit Agreement in effect as of July 1, 2002, is more or less than the Company's planned EBITDA (Target EBITDA) as submitted to the Board of Directors of the Company on September 20, 2002, then the President may receive an incentive compensation award based on a percentage of aggregate base salary in accordance with the following table:

The Committee determined that Mr. Steiner would receive no incentive compensation for fiscal 2003 under the above performance goals.

The performance goals for and the maximum amount of Mr. Steiner's incentive compensation approved by the shareholders at the Special Meeting held on November 21, 2002, were as follows:

1. If the company engages in an extraordinary transaction (e.g., purchase or sale of assets not in the ordinary course, including, without limitation, through a public offering or private placement of securities) during fiscal 2003, the Chief Executive Officer may receive up to two and one-half percent (2.5%) of the total value of the transaction, which with respect to the sale of our fastener business, would be up to \$16,427,000, subject to the aggregate compensation limit described below.
2. Notwithstanding the foregoing, the payment of incentive compensation in connection with extraordinary transactions is restricted as follows:
 - There shall be no cash incentive compensation on acquisitions by the company;
 - There shall be no incentive compensation in connection with the company's issuance of any debt securities (bonds, credit agreements, etc.); and
 - There shall be no incentive compensation in connection with an offering of equity for cash, through investment bankers.

After the sale of the Fairchild Fastener business to Alcoa on December 3, 2002, for \$657,000,000, the Committee determined that Mr. Steiner should receive \$5,246,400 in connection with the services which Mr. Steiner performed relative to the sale.

Stock Option Compensation In fiscal 2003, the Committee approved the grant of 145,518 stock options to Mr. Jeffrey Steiner under the Stock Option Plan.

Internal Revenue Code Section 162(m)

The Committee has considered the impact of Section 162(m) Internal Revenue Code of 1986, as amended (the Code), which in certain circumstances disallows income tax deductions for compensation in excess of \$1,000,000. This disallowance provision does not apply to performance-based compensation and certain other forms of compensation. The Committee currently intends to structure our incentive compensation awards to our Chief Executive Officer and other executive officers in a manner that complies with the Code's requirements for performance-based compensation to ensure that we are entitled to deduct such compensation. One of these requirements is that the shareholders approve the material terms of performance goals for such awards. To satisfy this requirement, the shareholders are being asked in this proxy statement to approve the material terms of certain performance goals for the following officers: the President and the Chief Executive Officer.

Change of Control Payments

In connection with the sale of Fairchild Fasteners to Alcoa Inc. the Company approved certain change of control payments to four of our current executives, as follows: Jeffrey Steiner: \$6,280,000; Eric Steiner: \$5,434,000; John Flynn: \$900,000; and Donald Miller: \$1,125,000. These payments were triggered by contractual agreements with such individuals, which provided for the payment of a change of control payment upon a sale by us of substantially all of our assets. These payments were disclosed in the Proxy Statement for the Special Shareholders Meeting held on November 21, 2002, at which the Alcoa transaction was approved by the shareholders. In connection with the award of such change of control payments, each individual agreed to amend his contractual agreements with the Company, to

waive any other change of control payments they would otherwise be due in the future under such agreements. The change of control payments are due on a deferred basis, as set forth in the footnotes to the Compensation Table presented in this Proxy Statement.

REPORT OF THE AUDIT COMMITTEE

The following report does not constitute solicitation material and is not considered filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, unless we state otherwise.

In accordance with a written charter adopted by the Company's Board of Directors, the Audit Committee of the Company's Board of Directors (the Committee) assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the Company's financial reporting processes. CERTAIN TRANSACTIONS

- We paid for a chartered helicopter used for business related travel. The owner of the chartered helicopter was a company controlled by Mr. Jeffrey Steiner. That company sold its helicopter in 2003. The cost for such flights that we were charged was 95% of comparable rates charged in arm's length transactions between unaffiliated third parties. The total amount paid for the helicopter in FY2003 was approximately \$308,000.
- The Company uses a chartered aircraft owned by an affiliate of Mr. Jeffrey Steiner. Cost for such flights charged to the Company for business related travel are comparable to those charged in arm's length transactions between unaffiliated third parties. Total amount paid by the Company in fiscal 2003 was \$568,000, which included a prepayment for the future use of the aircraft.
- We pay for the maintenance and upkeep of an apartment located in Paris, France and used by us from time to time for business related travel by Mr. E. Steiner. The owner of the apartment is a company controlled by the Steiner Family. The total amounts paid for such apartment expenses was approximately \$66,000 in 2003.
- Prior to July 30, 2002, we extended loans to purchase our Class A common stock to certain members of our senior management and Board of Directors, for the purpose of encouraging ownership of our stock, and to provide additional incentive to promote our success. The loans are non-interest bearing, have maturity dates ranging from 6 months to 4 1/2 years, and (at the Company's discretion) become due and payable immediately upon the termination of employment for senior management, or director affiliation with us for a director. As of June 30, 2003, the indebtedness owed to us from Mr. Flynn, Mr. Miller, Mr. Persavich, Mr. E. Steiner, and Mr. J. Steiner, was approximately \$175,000 each. On June 30, 2003, approximately \$106,000 was owed to us by each of Mr. Caplin, Mr. Harris, Mr. Lebard, and Mr. Richey. - On November 16, 1999, Mr. Richey borrowed \$46,000 from us, at an interest rate of 5.5%, to exercise stock options and hold our Class A common stock. The loan matured on November 16, 2002 and the loan balance of \$53,000 was repaid.

PROPOSAL NO. 2

**APPROVAL OF
PERFORMANCE GOALS FOR
INCENTIVE COMPENSATION FOR
THE PRESIDENT**

At the annual meeting, you will be asked to approve the material terms of the performance goals established by the Compensation and Stock Option Committee with respect to fiscal 2004 incentive compensation awards for the Company's President (Dr. Eric Steiner).

Section 162(m) of the Internal Revenue Code disallows deductions for publicly-held corporations with respect to compensation in excess of \$1,000,000 paid to certain executive officers. However, compensation payable solely on account of attainment of one or more performance goals is not subject to this deduction limitation if:

- the performance goals are objective, pre-established and determined by a compensation committee comprised solely of two or more outside directors,
- the material terms of the performance goals under which the compensation is to be paid are disclosed to the shareholders and approved by a majority vote, and
- the compensation committee certifies that the performance goals and other material terms were in fact satisfied before the compensation is paid.

The purpose of seeking shareholder approval of the President's incentive compensation award is to meet the requirements of Section 162(m). We recommend that you vote **FOR** this proposal.

Vote Required. To be approved, this matter must receive the affirmative vote of a majority of the shares present (in person or by proxy) at the meeting and entitled to vote on such matter. Broker nonvotes will not be counted as present and shall not be entitled to vote on this proposal.

Performance Goals. On September 18, 2003, the Company's Compensation and Stock Option Committee established performance goals for the President's fiscal 2004 incentive compensation award and the maximum amount payable to the President if the goal is achieved. The performance goals and maximum amount payable for fiscal 2004 are as follows:

Edgar Filing: FAIRCHILD CORP - Form DEF 14A

1. If the Earnings before Interest, Taxes, Depreciation and Amortization (EBITDA) of The Fairchild Corporation, as computed in the same manner as under the Company's Fiscal 2004 Budget submitted to the Board of Directors of the Company on September 22, 2003, is more or less than the Company's planned EBITDA set forth in the Fiscal 2004 Budget (Target EBITDA), then the President may receive an incentive compensation award based on a percentage of aggregate base salary in accordance with the following table:

<u>Percentage of Target EBITDA</u>	<u>Percentage of Base Salary</u>
Less than 80%	0%
80% or more, but less than 90%	35%
90% or more, but less than 95%	50%
95% or more, but less than 100%	75%
100% or more, but less than 105%	80%
105% or more, but less than 110%	100%
110% or more	125%

2. If the Company engages in an extraordinary transaction (e.g., purchase or sale of assets not in the ordinary course, including, without limitation, through a public offering or private placement of securities) during fiscal 2004, the President may receive up to two percent (2%) of the total value of the transaction.

3. Notwithstanding the foregoing, the payment of incentive compensation in connection with extraordinary transactions is restricted as follows:
 - There shall be no cash incentive compensation awards on acquisitions by the Company;

 - There shall be no incentive compensation awards in connection with raising of equity through investment bankers.

All of the foregoing will be computed in such a manner as to avoid duplication.

The Compensation and Stock Option Committee retains the right to determine the actual amount of incentive compensation to be awarded to the President in fiscal 2004 based on his individual contribution, consistent with the foregoing goal and in an amount no greater than the maximum amount set forth above.

Assuming the shareholders approve the material terms of the performance goal as described herein, the Company believes that any such incentive compensation award to the President will qualify as performance-based compensation that will be deductible from the Company's gross income for federal income tax purposes.
