Administrative Committee

SUPERVALU INC.

Eden Prairie, Minnesota:

We have audited the accompanying statements of net assets available for benefits of the SUPERVALU Retail Employees 401(k) Plan (the Plan) as of February 29, 2004 and February 28, 2003, and the related statement of changes in net assets available for benefits for the fiscal year ended February 29, 2004. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of February 29, 2004 and February 28, 2003, and the changes in net assets available for benefits for the fiscal year ended February 29, 2004, in conformity with U.S. generally accepted accounting principles.

SUPERVALU RETAIL EMPLOYEES 401(k) PLAN

Notes to Financial Statements

February 29, 2004 and February 28, 2003

(1) Summary Description of the Plan

The following description of the SUPERVALU Retail Employees 401(k) Plan (the Plan) (formerly the Cub Foods Retail Clerks 401(k) Plan) is provided for general information purposes only. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan and is subject to the provisions of Title I of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers employees in numerous local unions and two nonunion groups; therefore, it has six separate fact patterns for eligibility in the Plan. For union plan participants, each set of eligibility requirements is governed by the specified collective bargaining agreement for which the participant is covered. Eligibility in the Plan ranges from the age of 18 to 21 and after service periods between two months and one year. In addition, employees are automatically enrolled with a 2% contribution in the Plan after satisfying the eligibility rules unless the participant specifically notifies SUPERVALU that they will not participate.

The Plan allows for employee contributions under Section 401(k) of the Internal Revenue Code, under which participants may contribute from 2% to 20% of their recognized compensation to the Plan, as defined in the Plan document. Prior to March 1, 2002, employee contribution rates were 2% to 15%. Employee contributions are limited by the Internal Revenue Service limitation of \$13,000, \$12,000, and \$11,000 in calendar 2004, 2003, and 2002, respectively. Employer matching contributions are deferred as a percentage of the participants' compensation and is in accordance with the matching formula specified in the respective collective bargaining agreement.

All amounts contributed by employees are 100% vested at all times. Employer contributions are vested 20% after two years, 40% after three years, 60% after four years, and 100% at five years, as applicable to the respective collective bargaining agreement. Forfeitures of nonvested amounts shall be used to pay plan expenses or restore forfeited accounts of rehired participants. Any remaining amounts are used to reduce the employer contributions. Forfeitures of nonvested amounts totaling \$110,012 were used to pay plan expenses in fiscal 2004. Participant and employer matching contributions may be directed into one or more of the funds within the SUPERVALU INC. 401(k) Master Trust (the 401(k) Master Trust).

The Plan accounts of participants within the 401(k) Master Trust are consolidated, resulting in each participant having only one account within the 401(k) Master Trust. Therefore, participant movement between plans results in asset transfers within the 401(k) Master Trust. Transfers from other plans within the 401(k) Master Trust of \$336,495 reflect the net result of this activity in the Plan.

Edgar Filing: SUPERVALU INC - Form 11-K

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. Each participant's account would immediately vest and the balance would be distributed to the participant in full upon termination.

Benefits under the Plan are payable in a lump sum.

Participants currently employed by the Company can withdraw their employee contributions and rollover contributions at any time, subject to required federal withholding. Participants may receive an in-service hardship distribution from the vested portion of their accounts after completing the appropriate application forms and receiving approval from the Administrative Committee.

February 29, 2004 and February 28, 2003

Loans are available to all participants of the Plan and may not exceed the lesser of 50% of the vested amount of the borrower's total account or \$50,000. The interest rate on any loan shall be equal to the prime rate as published by the Wall Street Journal for the last business day of the calendar month preceding the month in which the loan was granted, plus 1%. Principal and interest are repaid monthly through payroll deductions, and the maximum term of any loan is five years. Loan interest rates range from 5.00% to 10.50%.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

(b) Investments

Investment assets of the Plan are stated at current fair value. Investments in various funds within the 401(k) Master Trust represent the Plan's pro-rata share of the quoted market value of the funds' net assets as reported by the Trustee (as defined in note 3). Investment contracts in the Principal Conservation Fund are stated at contract value which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(d) Expenses

Edgar Filing: SUPERVALU INC - Form 11-K

The reasonable expenses of administering the Plan shall be payable out of the Plan's funds except to the extent that SUPERVALU, in its discretion, directly pays the expenses. In fiscal 2004, SUPERVALU did pay certain expenses on behalf of the Plan.

(e) Risk and Uncertainties

The Plan provides for various investment fund options within the 401(k) Master Trust. Investment securities are exposed to various risks, such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

(3) Trustee

On May 24, 2002, Bank of New York (the Trustee) was appointed the Trustee and custodian of the Plan's assets by the Retirement Committee. Prior to May 24, 2002, Bankers Trust Company was the appointed Trustee and custodian of the Plan's assets. The Plan's assets were transferred to Bank of New York on August 1, 2002.

(4) Investments

Under the terms of the trust agreement, the Trustee manages investments on behalf of the Plan. In accordance with the trust agreement, certain assets of the Plan are held together with assets of other plans sponsored by SUPERVALU in the 401(k) Master Trust. The Trustee has been granted discretionary authority concerning the purchases and sales of the investments.

The 401(k) Master Trust includes the SUPERVALU Wholesale Employees 401(k) Plan, the SUPERVALU Retail Employees 401(k) Plan, the SUPERVALU Pre-tax Savings and Profit Sharing Plan, and the Pittsburgh Division Profit Sharing Plan.

The Trustee allocates interest and investment income, and net realized gains and losses to each of the funds in the 401(k) Master Trust based on the actual performance of each fund. Financial information related to the 401(k) Master Trust is prepared and filed in accordance with the Department of Labor's regulations.

The Plan recordkeeper (Hewitt Associates LLC) allocates interest and dividends, net realized (unrealized) gains and losses, and administrative expenses to each of the plans in the 401(k) Master Trust based upon the ratio of net assets of the Plan to the total net assets of the 401(k) Master Trust. The Loan Fund, however, is based on the actual participant loan activity for each plan. Separate accounts are maintained by the recordkeeper for participants in each plan, and funds may be distributed to or withdrawn by participants in accordance with the appropriate plan's terms.

Fair values of investments in the 401(k) Master Trust are as follows:
