PROXY STATEMENT

For the Annual Meeting of Stockholders

To Be Held December 6, 2006

General

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of CMGI, Inc., a Delaware corporation (the Company), for use at the Company's 2006 Annual Meeting of Stockholders (the 2006 Meeting), which will be held at the State Room, 60 State Street, Boston, Massachusetts 02109, on Wednesday, December 6, 2006, at 9:00 a.m. Eastern time, and at any adjournments thereof. The Notice of Annual Meeting, this Proxy Statement, the accompanying proxy card and the Company's Annual Report to Stockholders for the fiscal year ended July 31, 2006 are being mailed to stockholders on or about November 6, 2006. The Company's principal executive offices are located at 1100 Winter Street, Waltham, Massachusetts 02451 and its telephone number is (781) 663-5001.

Solicitation

The cost of soliciting proxies, including expenses in connection with preparing, printing and mailing this Proxy Statement, will be borne by the Company. Copies of solicitation materials will be furnished to brokerage houses, nominees, fiduciaries and custodians to forward to beneficial owners of the Company's Common Stock, \$0.01 par value per share (the Common Stock), held in their names. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of stock for their reasonable expenses in forwarding solicitation materials to such beneficial owners. In addition to the solicitation of proxies by mail, the Company's directors, officers and other employees may, without additional compensation, solicit proxies by telephone, facsimile, electronic communication and personal interviews.

Record Date, Outstanding Shares and Voting Rights

The Board of Directors has fixed Wednesday, October 18, 2006 as the record date for determining holders of Common Stock who are entitled to vote at the 2006 Meeting. As of October 18, 2006, the Company had approximately 486,940,574 shares of Common Stock outstanding and entitled to be voted. Each share of Common Stock entitles the record holder to one vote on each matter to be voted upon at the 2006 Meeting. A majority of the shares of Common Stock issued and outstanding and entitled to vote at the 2006 Meeting will constitute a quorum at the 2006 Meeting. Votes withheld, abstentions and broker non-votes shall be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the 2006 Meeting.

The affirmative vote of the holders of a plurality of the votes cast at the 2006 Meeting is required for the election of directors (Proposal No. 1). The affirmative vote of the holders of a majority of the shares of the Company's Common Stock present or represented by proxy and voting on the matter is required to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year (Proposal No. 6). The affirmative vote of the holders of a majority of the outstanding shares of the Company's Common Stock is required to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Company's Restated Certificate of Incorporation, as amended (the Certificate of Incorporation), to effect a reverse stock split of the

Company's issued and outstanding shares of Common Stock by a ratio of 1-for-5, without further approval or authorization of the Company's stockholders (Proposal No. 2), to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-10, without further approval or authorization of the Company's stockholders (Proposal No. 3), to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-15, without further approval or authorization of the Company's stockholders (Proposal No. 4) and to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-20, without further approval or authorization of the Company's stockholders (Proposal No. 5).

Shares which abstain from voting on a particular matter and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter (broker non-votes) will not be counted as votes in favor of such matter, and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting for the election of directors, which requires the affirmative vote of a plurality of the votes cast or shares voting on the matter. Similarly, abstentions and broker non-votes will have no effect on the voting to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year, which requires the affirmative vote of a majority of the votes cast or shares voting on the matter. Abstentions and broker non-votes, however, will have the same effect as a vote against each of the four reverse stock split proposals because approval of each of these proposals requires the affirmative vote of a majority of all outstanding shares of the Company's Common Stock.

To vote by mail, please sign, date and complete the enclosed proxy card and return it in the enclosed envelope. No postage is necessary if the proxy card is mailed in the United States. If you hold your shares through a bank, broker or other nominee, they will give you separate instructions for voting your shares.

Revocability of Proxy and Voting of Shares

Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. The proxy may be revoked by filing with the Secretary of the Company, at the principal executive offices of the Company, 1100 Winter Street, Waltham, Massachusetts 02451, an instrument of revocation or a duly executed proxy bearing a later date. The proxy may also be revoked by attending the 2006 Meeting and voting in person. If not revoked, the proxy will be voted at the 2006 Meeting in accordance with the stockholder's instructions indicated on the proxy card. If no instructions are indicated, the proxy will be voted:

FOR the election of the three Class I Director nominees named herein;

FOR the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-5, without further approval or authorization of the Company's stockholders;

FOR the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-10, without further approval or authorization of the Company's stockholders;

FOR the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-15, without further approval or authorization of the Company's stockholders;

FOR the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-20, without further approval or authorization of the Company's stockholders;

FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year; and

In accordance with the judgment of the proxy holders as to any other matter that may be properly brought before the 2006 Meeting or any adjournments thereof.

PROPOSAL I

ELECTION OF DIRECTORS

The current Board of Directors has seven members and is divided into three classes. A class of directors is elected each year for a three-year term. The current term of the Company's Class I Directors will expire at the 2006 Meeting. The nominees for Class I Directors are Francis J. Jules, Joseph C. Lawler and Michael J. Mardy, each of whom currently serves as a Class I Director and is available for re-election. Each of the Class I Directors elected at the 2006 Meeting will each serve for a term of three years that will expire at the Company's 2009 Annual Meeting of Stockholders and until his successor is elected and qualified. The persons named as proxies will vote for each of Messrs. Jules, Lawler and Mardy for election to the Board as a Class I Director unless the proxy card is marked otherwise.

Each of Messrs. Jules, Lawler and Mardy has indicated his willingness to serve, if elected; however, if any nominee should be unable to serve, the persons named as proxies may vote the proxy for a substitute nominee. Independence of Members of Board of Directors

The Board of Directors has determined that each of Anthony J. Bay, Virginia G. Breen, Thomas H. Johnson, Francis J. Jules, Edward E. Lucente and Michael J. Mardy, constituting a majority of the directors of the Company, satisfies the criteria for being an independent director under the standards of the Nasdaq Stock Market LLC (Nasdaq) and has no material relationship with the Company other than by virtue of service on the Board of Directors.

Corporate Governance and Board and Committee Meetings

During the fiscal year ended July 31, 2006 (fiscal 2006), the Board of Directors held 9 meetings (including by telephone conference). During fiscal 2006, each incumbent director attended at least 75% of the meetings of the Board and of the committees on which he or she served. During fiscal 2006, all of the independent directors of the Company met regularly, either in an executive session of a regularly scheduled Board meeting or as the Nominating and Corporate Governance Committee, outside of the presence of non-independent directors and executive officers of the Company. The Company's directors are strongly encouraged to attend the Company's Annual Meeting of Stockholders. All of the Company's directors serving at the time of the 2005 Annual Meeting of Stockholders attended such meeting.

The Board has four standing committees: an Audit Committee, a Human Resources and Compensation Committee, a Nominating and Corporate Governance Committee and a Technology Committee. In addition, in August 2006 the Company established the position of presiding director. The duties of the presiding director, as set forth in the Company's Corporate Governance Guidelines, as amended to date, include (i) chairing any meeting of the independent directors in executive session, (ii) facilitating communications between other members of the Board and the Chairman and Chief Executive Officer (however, each director is free to communicate directly with the Chairman and Chief Executive Officer), (iii) in the event a stockholder seeks to communicate with the Board of Directors, accepting and responding to such communications in conjunction with the Chairman and Chief Executive Officer, and (iv) working with the Chairman and Chief Executive Officer in the preparation of the agenda for each Board meeting and in scheduling the time devoted to matters at each Board meeting and, as required, in determining the need for special meetings of the Board. The designation as presiding director shall rotate among the independent directors every two years. Mr. Jules has been appointed presiding director for a term expiring at the conclusion of fiscal 2008.

Audit Committee

The Board of Directors has an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, which assists the Board of Directors in fulfilling its responsibilities to stockholders concerning the Company's financial reporting and internal controls and facilitates open communication among the Audit Committee, Board of Directors, outside auditors and management. The Audit Committee discusses with management and the Company's outside auditors the financial information developed by the Company, the Company's systems of internal controls and the Company's audit process. The Audit Committee is solely and directly responsible for appointing, evaluating, retaining and, when necessary, terminating the engagement of the independent auditor. The independent auditors meet with the Audit Committee (both with and without the presence of the Company's management) to review and discuss various matters pertaining to the audit, including the Company's financial statements, the report of the independent auditors on the results, scope and terms of their work and their recommendations concerning the financial practices, controls, procedures and policies employed by the Company. The Audit Committee pre-approves all audit services to be provided to the Company, whether provided by the principal auditor or other firms, and all other services (review, attest and non-audit) to be provided to the Company by the independent auditor. The Audit Committee coordinates the Board of Directors' oversight of the Company's internal control over financial reporting, disclosure controls and procedures and code of conduct. The Audit Committee is charged with establishing procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters. The Audit Committee reviews all related party transactions on an ongoing basis and all such transactions must be approved by the Audit Committee. The Audit Committee is authorized, without further action by the Board of Directors, to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which can be found under the Investor Center section of the Company's website at www.cmgi.com. The Audit Committee consists of Anthony J. Bay, Thomas H. Johnson, Francis J. Jules and Michael J. Mardy (Chair), each of whom is independent as defined in applicable Nasdaq listing standards. Nominating and Corporate Governance Committee

The Board of Directors has a Nominating and Corporate Governance Committee, which makes recommendations to the Board of Directors concerning all facets of the director-nominee selection process, develops and recommends to the Board corporate governance principles applicable to the Company and oversees the evaluation of the Board and management. The Nominating and Corporate Governance Committee has the authority to engage such independent legal and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Nominating and Corporate Governance Committee is responsible for overseeing an annual self-evaluation of the Board of Directors to determine whether it and its committees are functioning effectively and determines the nature of the evaluation, supervises the conduct of the evaluation and prepares an assessment of the performance of the Board of Directors, which is discussed with the Board of Directors. The Nominating and Corporate Governance Committee, at the request of the Board of Directors, periodically reviews and makes recommendations to the Board of Directors relating to management succession planning, including policies and principles for Chief Executive Officer selection and performance review, as well as policies regarding succession in the event of an emergency or the retirement of the Chief Executive Officer. The Nominating and Corporate Governance Committee presents an annual report to the Board of Directors on succession planning. The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee, a copy of which can be found under the Investor Center section of the Company's website at www.cmgi.com.

In recommending candidates for election to the Board of Directors, the Nominating and Governance Committee considers nominees recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. The Nominating and Governance Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board of Directors. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Nominating and Governance Committee would recommend the candidate for consideration by the full Board of Directors. The Nominating and Governance Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees. The Board of Directors requires that all nominees for the Board of Directors have a reputation for integrity, honesty and adherence to high ethical standards. In addition, nominees should also have demonstrated business acumen, experience and ability to exercise sound judgment in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company. The Nominating and Corporate Governance Committee will consider nominees for the Board of Directors recommended by stockholders.

Stockholders wishing to propose director candidates for consideration by the Nominating and Corporate Governance Committee may do so by writing to the Secretary of the Company and providing information specified in the Company's By-Laws, including the candidate's name, biographical data and qualifications. The Company's By-Laws set forth further requirements for stockholders wishing to nominate director candidates for consideration by stockholders including, among other things, that a stockholder must give timely written notice of an intent to make such a nomination to the Secretary of the Company. See *Proposals of Stockholders for 2007 Annual Meeting*. The Nominating and Corporate Governance Committee consists of Anthony J. Bay, Virginia G. Breen (Chair), Thomas H. Johnson, Francis J. Jules, Edward E. Lucente and Michael J. Mardy, each

of whom is independent as defined in applicable Nasdaq listing standards. The Nominating and Corporate Governance Committee met 8 times during fiscal 2006.

Technology Committee

The Board of Directors has a Technology Committee, which provides strategic guidance and oversight to the Company on use of technology in its core businesses and evaluates and approves investment proposals for the Company's venture capital business which invest funds on the Company's behalf. The Technology Committee consists of Anthony J. Bay (Chair), Virginia G. Breen and Joseph C. Lawler. The Technology Committee met 6 times during fiscal 2006.

PROPOSAL 2

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-5, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

The Company may consider effecting a reverse split of its issued and outstanding shares of Common Stock (reverse stock split or reverse split) on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting if such action is deemed appropriate and in the best interests of the Company and its stockholders. Such action may be taken, among other reasons, in order to preserve the listing of the Company's Common Stock on the Nasdaq Global Market, to meet listing requirements for other trading markets or exchanges, or for reasons related to capital markets generally, including attracting institutional investors. Given the time and expense associated with convening a special meeting of stockholders, which would be required to consider this issue at a later time, the Board of Directors has determined that it is most efficient and in the best interests of the Company's stockholders to seek approval and authorization of a reverse stock split at the 2006 Meeting.

At the Company's 2005 Annual Meeting of Stockholders (the 2005 Meeting), the stockholders approved proposals authorizing the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-5, 1-for-10, 1-for-15 and 1-for-20, without further approval or authorization of the Company's stockholders. The Board has not determined to effect a reverse stock split pursuant to the authority conferred on it by the stockholders at the 2005 Meeting. Accordingly, as of December 6, 2006, the date of the 2006 Meeting, that authority will expire and be without any further effect.

The Company has determined once again to submit a series of proposals, none of which is conditioned on any other submitted proposal, that would grant authority to the Board of Directors to effect a reverse split, with

such authority to be exercised, if at all, in accordance with the parameters of such proposals, at any time prior to the Company's next annual meeting of stockholders following the 2006 Meeting. As with the proposals approved at the 2005 Meeting, if some or all of such proposals are approved by the Company's stockholders at the 2006 Meeting or at an adjournment thereof, the Board of Directors would then have the discretion to implement a reverse stock split, within the parameters of the authority granted at the 2006 Meeting, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting, without seeking further approval or authorization of the Company's stockholders. If the Company effects one of the proposed reverse stock splits, the Board's authority to then effect an additional reverse stock split that is approved by the Company's stockholders at the 2006 Meeting shall automatically terminate.

General

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company's Certificate of Incorporation (the Amendment), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company's stockholders, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting.

In Proposal No. 2, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-5 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. If none of the reverse stock splits approved by the stockholders is subsequently implemented by the Board of Directors and effected by the date of the next annual meeting of stockholders following the 2006 Meeting, all such proposals will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-5 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

The primary reason for implementing a reverse stock split would be to attempt to increase the per share market price of the Common Stock. In recent years, the closing bid price for the Company's Common Stock has remained below \$1.00 per share for extended periods. As a result, on November 1, 2002, the listing of the Company's Common Stock transferred from the Nasdaq National Market to the Nasdaq SmallCap Market (now

known as the Nasdaq Capital Market). On June 26, 2003, following maintenance of the minimum closing bid price requirement for 30 consecutive days and compliance with all other continued listing requirements of the Nasdaq National Market, the listing of the Company's Common Stock transferred back to the Nasdaq National Market (now known as the Nasdaq Global Market). The Nasdaq National Market, the market where the Company's Common Stock is currently listed, requires a minimum bid price per share of \$1.00 for continued listing. The Board of Directors anticipates that a reverse stock split, if implemented, would have the effect of increasing, proportionately, the per share trading price of the Company's Common Stock, which could result in a share price high enough to maintain compliance with the Nasdaq Global Market's minimum price requirement should the closing bid price for the Company's Common Stock drop below \$1.00 per share for extended periods. There can be no assurance, however, that the Company would be able to maintain the listing of the Company's Common Stock on the Nasdaq Global Market or the Nasdaq Capital Market even if a reverse split results in a bid price for the Company's Common Stock that exceeds \$1.00 per share.

The Board of Directors believes that the current low price of the Company's Common Stock has had a negative effect on the marketability of the issued and outstanding shares, the amount and percentage of transaction costs paid by individual stockholders and the potential ability of the Company to raise capital by issuing additional shares of its Common Stock. The Board of Directors believes there are several reasons for these effects. First, certain institutional investors have internal policies preventing the purchase of low-priced stocks. Moreover, a variety of policies and practices of broker-dealers discourage individual brokers within those firms from dealing in low-priced stocks. Second, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current share price of the Company's Common Stock can result in individual stockholders paying transaction costs (commissions, markups or markdowns) which are a higher percentage of their total share value than would be the case if the Company's share price were substantially higher. This factor is also believed to limit the willingness of institutions to purchase the Company's Common Stock.

The Board of Directors anticipates that a reverse stock split would result in an increased per share bid price for the Company's Common Stock. The Board of Directors also believes that the decrease in the number of shares of the Company's Common Stock outstanding as a consequence of a reverse stock split, and the anticipated related increase in the price of the Company's Common Stock, could encourage interest in the Company's Common Stock and possibly promote greater liquidity for the Company's stockholders, although such liquidity could be adversely affected by the reduced number of shares outstanding after a reverse stock split. In addition, although any increase in the market price of the Company's Common Stock resulting from a reverse stock split may be proportionately less than the decrease in the number of outstanding shares, a reverse stock split could result in a market price for the shares that would be high enough to overcome the reluctance, policies and practices of brokers and investors referred to above and to diminish the adverse impact of trading commissions on the market for the shares.

There can be no assurances, however, that if a reverse stock split were implemented, the foregoing events would occur, or that the market price of the Company's Common Stock immediately after such a reverse stock split would be maintained for any period of time. Moreover, there can be no assurance that the market price of the Company's Common Stock after a reverse stock split would adjust to reflect the conversion ratio (e.g., if the market price is \$1.50 before a reverse stock split and the ratio is one (1) share for every five (5) shares outstanding there can be no assurance that the market price for such share immediately after the reverse stock split would be \$7.50 (5 x \$1.50)); or that the market price following a reverse stock split would either exceed or remain in excess of the then current market price.

Principal Effects of the Proposed 1-for-5 Reverse Stock Split

If the proposed 1-for-5 reverse stock split is approved at the 2006 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-5 reverse stock split, each outstanding share of the Company's

Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one fifth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of five and the respective exercise prices would be increased by a factor of five.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse stock split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to the reverse stock split would receive cash in lieu of the fractional share as explained more fully below. Such cash payments will reduce the number of post-split stockholders to the extent there are stockholders presently holding fewer than the number of shares to be converted into one share as a result of the reverse stock split. This, however, is not the purpose for which the Company would be effecting the reverse stock split. Our Common Stock is currently registered under Section 12(b) of the Securities Exchange Act of 1934. As a result, we are subject to the periodic reporting and other requirements of the Securities Exchange Act of 1934. The proposed reverse stock split would not affect the registration of our Common Stock under the Securities Exchange Act of 1934.

The par value of the Company's Common Stock would remain unchanged at \$0.01 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, the Board of Directors would fix a record date for the determination of shares subject to the reverse stock split. As of October 18, 2006, the record date for the 2006 Meeting, there were 486,940,574 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed prior to the effective date of the reverse stock split, the actual number of shares issued and outstanding before and after the reverse stock split would increase or decrease accordingly.

Because the reverse stock split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the proposed reverse stock split would not alter the relative rights and preferences of existing stockholders. The reverse stock split would, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

If the proposed reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, some stockholders may consequently own less than one hundred shares of the Company's Common Stock. A purchase or sale of less than one hundred shares (an odd lot transaction) may result in incrementally higher trading costs through certain brokers, particularly full service brokers. Therefore, those stockholders who own less than one hundred shares following implementation of a reverse stock split may be required to pay higher transaction costs should they subsequently determine to sell their shares of Common Stock.

If a reverse stock split is approved by the requisite vote of the stockholders, stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from a reverse stock split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the proposed reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, in lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of such reverse stock split, the Company would pay cash equal to the fair value of the Company's Common Stock at the effective time of the reverse split. Fair value of the Company's Common Stock will be determined by multiplying the fractional share by the average of the closing trading prices of the Common Stock (as adjusted to reflect the reverse stock split) during regular trading hours for the five trading days immediately preceding the effective time of the reverse stock split.

Federal Income Tax Consequences

The following description of the material federal income tax consequences of a reverse stock split is based on the Internal Revenue Code of 1986, as amended (the Code), applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices as in effect on the date of this Proxy Statement. Changes to the laws could alter the tax consequences described below, possibly with retroactive effect. The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of a reverse stock split. This discussion is for general information only and does not discuss the tax consequences which may apply to special classes of taxpayers (e.g., non-resident aliens, broker/dealers or insurance companies). The state and local tax consequences of a reverse stock split may vary significantly as to each stockholder, depending upon the jurisdiction in which such stockholder resides. Stockholders are urged to consult their own tax advisors to determine the particular consequences to them.

In general, the federal income tax consequences of a reverse stock split will vary among stockholders depending upon whether they receive cash for fractional shares or solely a reduced number of shares of the Company's Common Stock in exchange for their old shares of the Company's Common Stock. The Company believes that because a reverse stock split would not be part of a plan to increase periodically a stockholder's proportionate interest in the Company's assets or earnings and profits, the reverse stock split would likely have the following federal income tax effects:

A stockholder who receives solely a reduced number of shares of the Company's Common Stock would not recognize gain or loss. In the aggregate, such a stockholder's basis in the reduced number of shares of the Company's Common Stock would equal the stockholder's basis in its old shares of the Company's Common Stock.

A stockholder who receives cash in lieu of a fractional share as a result of the reverse stock split would generally be treated as having received the payment as a distribution in redemption of the fractional share, as provided in Section 302(a) of the Code, which distribution would be taxed as either a distribution under Section 301 of the Code or an exchange to such stockholder, depending on that stockholder's particular facts and circumstances. Generally, a stockholder receiving such a payment should recognize gain or loss equal to the difference, if any, between the amount of cash received and the stockholder's basis in the fractional share. In the aggregate, such a stockholder's basis in the reduced number of shares of the Company's Common Stock will equal the stockholder's basis in its old shares of the Company's Common Stock decreased by the basis allocated to the fractional share for which such stockholder is entitled to receive cash.

The Company would not recognize any gain or loss as a result of a reverse stock split.

Board Discretion to Implement the 1-for-5 Reverse Stock Split

If the proposed 1-for-5 reverse split is approved at the 2006 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting, authorize the reverse stock split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix I to this Proxy Statement. The determination by the Board of Directors to implement a reverse stock split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq Global Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement a reverse stock split of the Company's Common Stock, the ratio chosen by the Board of Directors from among those approved by the stockholders at the 2006 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock.

Notwithstanding approval of the reverse stock split at the 2006 Meeting, the Board of Directors may, in its discretion, determine not to implement the reverse stock split.

The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-5 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 3

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-10, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

For an overview of the reverse stock split proposals, see the caption entitled "Overview" in Proposal No. 2 above.

General

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company's Certificate of Incorporation (the "Amendment"), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company's stockholders, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting.

In Proposal No. 3, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-10 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. If none of the reverse stock splits approved by the stockholders is subsequently implemented by the Board of Directors and effected by the date of the next annual meeting of stockholders following the 2006 Meeting, all

such proposals will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-10 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

For a discussion of the reasons underlying the Company's decision to seek approval for the reverse split, see the caption entitled "Reasons for the Proposed Reverse Split" in Proposal No. 2 above.

Principal Effects of the Proposed 1-for-10 Reverse Stock Split

If the proposed 1-for-10 reverse stock split is approved at the 2006 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-10 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one tenth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of ten and the respective exercise prices would be increased by a factor of ten.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse stock split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to the reverse stock split would receive cash in lieu of the fractional share as explained more fully below. Such cash payments will reduce the number of post-split stockholders to the extent there are stockholders presently holding fewer than the number of shares to be converted into one share as a result of the reverse stock split. This, however, is not the purpose for which the Company would be effecting the reverse stock split. Our Common Stock is currently registered under Section 12(b) of the Securities Exchange Act of 1934. As a result, we are subject to the periodic reporting and other requirements of the Securities Exchange Act of 1934. The proposed reverse stock split would not affect the registration of our Common Stock under the Securities Exchange Act of 1934.

The par value of the Company's Common Stock would remain unchanged at \$0.01 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, the Board of Directors would fix a record date for the determination of shares subject to the reverse stock split. As of October 18, 2006, the record date for the 2006 Meeting, there were 486,940,574 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed prior to the effective date of the reverse stock split, the actual number of shares issued and outstanding before and after the reverse stock split would increase or decrease accordingly.

Because the reverse stock split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the proposed reverse stock split would not alter the relative rights and preferences of existing stockholders. The reverse stock split would, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

If the proposed reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, some stockholders may consequently own less than one hundred shares of the Company's Common

Stock. A purchase or sale of less than one hundred shares (an odd lot transaction) may result in incrementally higher trading costs through certain brokers, particularly full service brokers. Therefore, those stockholders who own less than one hundred shares following implementation of a reverse stock split may be required to pay higher transaction costs should they subsequently determine to sell their shares of Common Stock.

If a reverse stock split is approved by the requisite vote of the stockholders, stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from a reverse stock split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the proposed reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, in lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of such reverse stock split, the Company would pay cash equal to the fair value of the Company's Common Stock at the effective time of the reverse stock split. Fair value of the Company's Common Stock will be determined by multiplying the fractional share by the average of the closing trading prices of the Common Stock (as adjusted to reflect the reverse stock split) during regular trading hours for the five trading days immediately preceding the effective time of the reverse stock split.

Federal Income Tax Consequences

For a discussion of the federal income tax consequences of the reverse stock split, see the caption entitled "Federal Income Tax Consequences" in Proposal No. 2 above.

Board Discretion to Implement the 1-for-10 Reverse Stock Split

If the proposed 1-for-10 reverse stock split is approved at the 2006 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting, authorize the reverse stock split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix II to this Proxy Statement. The determination by the Board of Directors to implement a reverse stock split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq Global Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement a reverse stock split of the Company's Common Stock, the ratio chosen by the Board of Directors from among those approved by the stockholders at the 2006 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. Notwithstanding approval of the reverse stock split at the 2006 Meeting, the Board of Directors may, in its discretion, determine not to implement the reverse stock split.

The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-10 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 4

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-15, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY S STOCKHOLDERS

Overview

For an overview of the reverse stock split proposals, see the caption entitled "Overview" in Proposal No. 2 above.

General

The Company s stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company s Certificate of Incorporation (the "Amendment"), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company s stockholders, at any time on or prior to the date of the Company s next annual meeting of stockholders following the 2006 Meeting.

In Proposal No. 4, the Company s stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company s Certificate of Incorporation to effect a 1-for-15 reverse stock split, without further approval or authorization of the Company s stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company s stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company s next annual meeting of stockholders following the 2006 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. If none of the reverse stock splits approved by the stockholders is subsequently implemented by the Board of Directors and effected by the date of the next annual meeting of stockholders following the 2006 Meeting, all such proposals will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company s stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-15 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

For a discussion of the reasons underlying the Company s decision to seek approval for the reverse split, see the caption entitled "Reasons for the Proposed Reverse Split" in Proposal No. 2 above.

Principal Effects of the Proposed 1-for-15 Reverse Split

If the proposed 1-for-15 reverse stock split is approved at the 2006 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-15 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one fifteenth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of 15 and the respective exercise prices would be increased by a factor of 15.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse stock split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to the reverse stock split would receive cash in lieu of the fractional share as explained more fully below. Such cash payments will reduce the number of post-split stockholders to the extent there are stockholders presently holding fewer than the number of shares to be converted into one share as a result of the reverse stock split. This, however, is not the purpose for which the Company would be effecting the reverse stock split. Our Common Stock is currently registered under Section 12(b) of the Securities Exchange Act of 1934. As a result, we are subject to the periodic reporting and other requirements of the Securities Exchange Act of 1934. The proposed reverse stock split would not affect the registration of our Common Stock under the Securities Exchange Act of 1934.

The par value of the Company's Common Stock would remain unchanged at \$0.01 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, the Board of Directors would fix a record date for the determination of shares subject to the reverse stock split. As of October 18, 2006, the record date for the 2006 Meeting, there were 486,940,574 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed prior to the effective date of the reverse stock split, the actual number of shares issued and outstanding before and after the reverse stock split would increase or decrease accordingly.

Because the reverse stock split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the proposed reverse stock split would not alter the relative rights and preferences of existing stockholders. The reverse stock split would, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

If the proposed reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, some stockholders may consequently own less than one hundred shares of the Company's Common Stock. A purchase or sale of less than one hundred shares (an odd lot transaction) may result in incrementally higher trading costs through certain brokers, particularly full service brokers. Therefore, those stockholders who own less than one hundred shares following implementation of a reverse stock split may be required to pay higher transaction costs should they subsequently determine to sell their shares of Common Stock.

If a reverse stock split is approved by the requisite vote of the stockholders, stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from a reverse stock split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the proposed reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, in lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of such reverse stock split, the Company would pay cash equal to the fair value of the

Company's Common Stock at the effective time of the reverse stock split. Fair value of the Company's Common Stock will be determined by multiplying the fractional share by the average of the closing trading prices of the Common Stock (as adjusted to reflect the reverse stock split) during regular trading hours for the five trading days immediately preceding the effective time of the reverse stock split.

Federal Income Tax Consequences

For a discussion of the federal income tax consequences of the reverse stock split, see the caption entitled "Federal Income Tax Consequences" in Proposal No. 2 above.

Board Discretion to Implement the 1-for-15 Reverse Stock Split

If the proposed 1-for-15 reverse stock split is approved at the 2006 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting, authorize the reverse stock split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix III to this Proxy Statement. The determination by the Board of Directors to implement a reverse stock split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq Global Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement a reverse stock split of the Company's Common Stock, the ratio chosen by the Board of Directors from among those approved by the stockholders at the 2006 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. Notwithstanding approval of the reverse stock split at the 2006 Meeting, the Board of Directors may, in its discretion, determine not to implement the reverse split.

The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-15 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 5

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-20, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

For an overview of the reverse stock split proposals, see the caption entitled "Overview" in Proposal No. 2 above.

General

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of

Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company's Certificate of Incorporation (the Amendment), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company's stockholders, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting.

In Proposal No. 5, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-20 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. If none of the reverse stock splits approved by the stockholders is subsequently implemented by the Board of Directors and effected by the date of the next annual meeting of stockholders following the 2006 Meeting, all such proposals will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-20 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Stock Split

For a discussion of the reasons underlying the Company's decision to seek approval for the reverse split, see the caption entitled "Reasons for the Proposed Reverse Split" in Proposal No. 2 above.

Principal Effects of the Proposed 1-for-20 Reverse Stock Split

If the proposed 1-for-20 reverse stock split is approved at the 2006 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-20 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one twentieth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of 20 and the respective exercise prices would be increased by a factor of 20.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse stock split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to the reverse stock split would receive cash in lieu of the fractional share as explained more fully below. Such cash payments will reduce the number of post-split stockholders to the extent there are stockholders presently holding fewer than the number of shares to be converted into one share as

a result of the reverse stock split. This, however, is not the purpose for which the Company would be effecting the reverse stock split. Our Common Stock is currently registered under Section 12(b) of the Securities Exchange Act of 1934. As a result, we are subject to the periodic reporting and other requirements of the Securities Exchange Act of 1934. The proposed reverse stock split would not affect the registration of our Common Stock under the Securities Exchange Act of 1934.

The par value of the Company's Common Stock would remain unchanged at \$0.01 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, the Board of Directors would fix a record date for the determination of shares subject to the reverse stock split. As of October 18, 2006, the record date for the 2006 Meeting, there were 486,940,574 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed prior to the effective date of the reverse stock split, the actual number of shares issued and outstanding before and after the reverse stock split would increase or decrease accordingly.

Because the reverse stock split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the proposed reverse stock split would not alter the relative rights and preferences of existing stockholders. The reverse stock split would, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

If the proposed reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, some stockholders may consequently own less than one hundred shares of the Company's Common Stock. A purchase or sale of less than one hundred shares (an odd lot transaction) may result in incrementally higher trading costs through certain brokers, particularly full service brokers. Therefore, those stockholders who own less than one hundred shares following implementation of a reverse stock split may be required to pay higher transaction costs should they subsequently determine to sell their shares of Common Stock.

If a reverse stock split is approved by the requisite vote of the stockholders, stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from a reverse stock split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the proposed reverse stock split is approved at the 2006 Meeting and subsequently effected by the Board of Directors, in lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of such reverse split, the Company would pay cash equal to the fair value of the Company's Common Stock at the effective time of the reverse stock split. Fair value of the Company's Common Stock will be determined by multiplying the fractional share by the average of the closing trading prices of the Common Stock (as adjusted to reflect the reverse stock split) during regular trading hours for the five trading days immediately preceding the effective time of the reverse stock split.

Federal Income Tax Consequences

For a discussion of the federal income tax consequences of the reverse split, see the caption entitled "Federal Income Tax Consequences" in Proposal No. 2 above.

Board Discretion to Implement the 1-for-20 Reverse Stock Split

If the proposed 1-for-20 reverse stock split is approved at the 2006 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at

any time prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting, authorize the reverse stock split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix IV to this Proxy Statement. The determination by the Board of Directors to implement a reverse stock split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq Global Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement a reverse stock split of the Company's Common Stock, the ratio chosen by the Board of Directors from among those approved by the stockholders at the 2006 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. Notwithstanding approval of the reverse stock split at the 2006 Meeting, the Board of Directors may, in its discretion, determine not to implement the reverse stock split.

The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-20 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2006 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 6

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed KPMG LLP, independent registered public accounting firm, to audit the Company's consolidated financial statements for the fiscal year ending July 31, 2007, and recommends that the stockholders vote for ratification of such appointment. If the stockholders do not ratify the selection of KPMG as the Company's independent registered public accounting firm, the appointment will be reconsidered by the Audit Committee. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests. A representative of KPMG, which served as the Company's independent registered public accounting firm in fiscal 2006, is expected to be present at the 2006 Meeting to be available to respond to appropriate questions from stockholders and to make a statement if he or she desires to do so.

The Board of Directors recommends that the stockholders vote FOR the ratification of KPMG LLP to serve as the Company's independent registered public accounting firm for the current fiscal year.

Director Compensation

Members of the Board of Directors receive a combination of cash compensation and equity in the form of stock options, provided they are eligible under the applicable plan. In addition, all of the directors of the Company receive reimbursement of expenses incurred with respect to attendance at meetings of the Board of Directors and meetings of committees thereof.

The Board of Directors has adopted a Director Compensation Plan which governs cash compensation to directors and under which all directors are eligible to participate, other than any director who (i) is an employee of the Company or any of its subsidiaries or affiliates or (ii) unless otherwise determined by the Board, is an affiliate, employee or designee of an institutional or corporate investor in the Company (an *Affiliated Director*). Pursuant to the Director Compensation Plan, each participating director who is serving as a director on the last day of any fiscal quarter shall receive a payment for such quarter of \$12,500. Each participating director who is serving as the chairperson of a committee of the Board of Directors on the last day of any fiscal quarter shall receive a payment of \$1,250, provided, however, that the chairperson of the Audit Committee on the last day of any fiscal quarter shall receive a payment of \$2,500. In addition, any director serving as presiding director on the last day of any fiscal quarter shall receive a payment of \$2,500. Each participating director who attends a telephonic meeting of the Board of Directors or a committee thereof shall receive a meeting fee of \$500. Each participating director who attends a meeting of the Board of Directors or a committee thereof, where a majority of the directors attend such meeting in person, shall receive a meeting fee of \$1,000.

Under the 2005 Non-Employee Director Plan (the *2005 Plan*) all directors, other than an *Affiliated Director*, will automatically be granted an option to acquire 200,000 shares of Common Stock (the *Initial Option*) upon election to the Board. Each director who ceases to be an *Affiliated Director* and is not otherwise an employee of the Company or any of its subsidiaries or affiliates will be granted, on the date such director ceases to be an *Affiliated Director* but remains as a member of the Board of Directors, an *Initial Option* to acquire 200,000 shares of Common Stock under the plan. Each *Initial Option* will vest and become exercisable as to 1/36th of the number of shares of Common Stock originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a director on such monthly anniversary date. On the date of each annual meeting of stockholders of the Company, each eligible director who is both serving as director immediately prior to and immediately following such annual meeting, and who has served on the Board for at least six months, will automatically be granted an option to purchase 24,000 shares of Common Stock (an *Annual Option*). Each *Annual Option* will vest and become exercisable on a monthly basis as to 1/36th of the number of shares originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a director on such monthly anniversary date.

The option exercise price per share for each option granted under the 2005 Plan shall equal the closing price of the Common Stock on the date of grant. Except as otherwise provided in the applicable option agreement, each option granted under the 2005 Plan shall terminate, and may no longer be exercised, on the date that is ten years after the date of grant of such option.

Prior to the adoption of the 2005 Plan, all directors of the Company were eligible to receive non-statutory stock options to purchase shares of Common Stock under the Company's 1999 Stock Option Plan for Non-Employee Directors, as amended (the *1999 Plan*). No further options are granted under this plan. Under the 1999 Plan each eligible director who was elected to the Board for the first time was granted an option to acquire 200,000 shares of Common Stock (the *1999 Option*). Each *Affiliated Director* who ceased to be an *Affiliated Director* was granted, on the date such director ceased to be an *Affiliated Director* but remained as a member of the Board of Directors, a 1999 *Initial Option* to acquire 200,000 shares of Common Stock under the Director Plan. Each *Initial Option* vests and becomes exercisable as to 1/36th of the number of shares of Common Stock originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a director on such monthly anniversary date.

On each anniversary of the grant of the 1999 Initial Option, each eligible director was automatically granted an option to purchase 24,000 shares of Common Stock (a 1999 Annual Option), provided that such eligible director served as a director on the applicable anniversary date. Each 1999 Annual Option granted prior to March 12, 2003 vests and becomes exercisable as to 1/12th of the number of shares originally subject to the option on each monthly anniversary date of the date of grant commencing on the 37th monthly anniversary date of the date of grant of such 1999 Annual Option, provided that the optionee serves as a director on such monthly anniversary date. Each 1999 Annual Option granted on or after March 12, 2003 vests and becomes exercisable as to 1/36th of the number of shares originally subject to the option on each monthly anniversary date of the date of grant of such 1999 Annual Option, provided that the optionee serves as a director on such monthly anniversary date. The 1999 Plan provides that the maximum aggregate number of shares of Common Stock that may vest for any optionee in any 48-month period shall not exceed 200,000 shares. Accordingly, in 2005 all current participants under the 1999 Plan agreed to defer the vesting of their Annual Options granted after March 12, 2003 to the extent necessary to comply with this provision.

The option exercise price per share for each option granted under the 1999 Plan equals the closing price of the Common Stock on the date of grant. Except as otherwise provided in the applicable option agreement, each option granted under the 1999 Plan shall terminate, and may no longer be exercised, on the date that is ten years after the date of grant of such option.

During fiscal year 2006, the following stock options were granted under the 1999 Director Plan and 2005 Director Plan:

Director Name	Plan	Date of Grant	Type of Option	Number of Shares	Exercise Price
Anthony J. Bay	1999	9/9/05	Annual	24,000	\$ 1.72
	2005	12/7/05	Annual	24,000	\$ 1.58
Virginia G. Breen	2005	12/7/05	Annual	24,000	\$ 1.58
Thomas H. Johnson	2005	4/17/06	Initial	200,000	\$ 1.48
Francis J. Jules	2005	12/7/05	Annual	24,000	\$ 1.58
Edward E. Lucente	2005	4/17/06	Initial	200,000	\$ 1.48
Michael J. Mardy	2005	12/7/05	Annual	24,000	\$ 1.58

Each of the directors has also entered into an Indemnification Agreement with the Company providing that the Company shall indemnify the director to the fullest extent authorized or permitted by applicable law in the event that the director is involved in any threatened, pending or completed action, suit or proceeding, or any inquiry or investigation, whether brought by or in the right of the Company or by any other party and whether of a civil, criminal, administrative or investigative nature, by reason of the fact that the director is or was a director of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against all expenses, judgments, fines and penalties, provided that the director shall not have been finally adjudged to have engaged in willful misconduct or to have acted in a manner which was knowingly fraudulent or deliberately dishonest, or had reasonable cause to believe that his or her conduct was unlawful.

Human Resources and Compensation Committee Report

The Human Resources and Compensation Committee of the Board of Directors (the Compensation Committee) is composed of four directors who are not employees of the Company. The Compensation Committee regularly reviews and approves compensation and benefit programs of the Company and also reviews and determines the actual compensation of the Company's executive officers, as well as all stock option grants, performance-based restricted stock, other equity-based awards and cash incentive awards to the Company's executive officers. The Compensation Committee reviews and administers the Company's 2004 Stock Incentive Plan, 2002 Non-Officer Employee Stock Incentive Plan, 2000 Stock Incentive Plan and 1995 Employee Stock Purchase Plan. The Compensation Committee reviews executive compensation reports prepared by independent organizations in order to evaluate the appropriateness of its executive compensation program.

The Company operates in highly competitive and rapidly changing markets. The Compensation Committee believes that the compensation programs for executive officers should be designed to attract, motivate and retain talented executives responsible for the success of the Company. The Compensation Committee uses its base salary and incentive bonus program for the Company's executive officers in order to enhance short-term profitability and stockholder value and uses stock options and other equity-based awards to enhance long-term growth in profitability, return on equity and stockholder value. In order to meet these objectives, the Compensation Committee sets base salaries and target incentive bonus awards for the Company's executive officers for each fiscal year based on competitive peer group analysis prepared periodically by a compensation consulting firm retained by management at the Compensation Committee's request. In addition, the Compensation Committee retained a compensation firm to render advice when the Company hired Mr. Lawler in fiscal 2005.

The Compensation Committee reviews the Company's annual budget for the ensuing fiscal year and sets specific incentive target bonus awards which are directly linked to the short-term financial performance of the Company as a whole. For fiscal 2006, the Compensation Committee adopted and administered an Executive

Management Incentive Plan for CMGI, Inc. (the 2006 Plan). This plan covered the executive officers of the Company (including executives of ModusLink), and was to be funded based on the Company's consolidated business performance, with minimum threshold levels established. Bonus payments under the plan were to range from 0-200% of an individual's target bonus based on business and individual performance. Target bonuses ranged from 50% to 60% of base salary for Named Executive Officers, with the exception of Mr. Lawler, whose target bonus is set, per his employment offer letter, at 125% of his base salary. No bonuses were earned by a Named Executive Officer under the 2006 Plan in fiscal 2006. Mr. Kelly, however, received a bonus payment of \$50,000 with respect to the performance of ModusLink's Americas Business Unit for which he served as Senior Vice President, Operations, until April 17, 2006. In addition, for fiscal 2006 the Compensation Committee established a plan for the issuance of performance based restricted shares of the Company's Common Stock, ranging from 50,000 shares to 180,000 shares, to each of its executive officers, and additional executives, other than Mr. Lawler who was not a participant in this program. These grants were to be made, subject to certain financial goals being achieved, on the third business day after the release of financial results for the fiscal year ended July 31, 2006. Such goals were not met and, as a result, no awards were made.

For fiscal 2007, the Compensation Committee has adopted the Fiscal Year 2007 Executive Management Incentive Plan (the 2007 Plan) for CMGI, Inc. The 2007 Plan covers executive officers of the Company, including executives of ModusLink, as determined by the Compensation Committee, and is funded based on the Company's consolidated business performance, with minimum threshold levels established. The 2007 Plan is designed to recognize and reward the achievement of financial, business and management goals that are essential to the success of the Company and its subsidiaries. The bonus payments under the 2007 Plan are expected to range, subject to the terms of the 2007 Plan, from 0-200% of an individual's target bonus based on business and individual performance and the discretion of the Compensation Committee. Target bonuses will range from 50% to 60% of base salary for Named Executive Officers, with the exception of Mr. Lawler, whose target bonus is set, per his employment offer letter, at 125% of his base salary. In addition, the Compensation Committee has again established a plan for the issuance of performance-based restricted shares of the Company's Common Stock, to each of its executive officers (other than Mr. Lawler, who is not a participant in the restricted stock plan). The targeted grants for Named Executive Officers are 50,000 (Mr. Gray), 90,000 (Mr. Riley and Mr. Kelly) and 100,000 (Mr. McLennan). These awards of performance-based restricted shares of Common Stock would be made, subject to certain financial goals being achieved, on the third business day following the day the Company publicly releases its financial results for the fiscal year ending July 31, 2007. Any awards under this plan would vest in three equal annual installments on each of the first, second and third anniversaries of the date of grant.

In addition to salaries and incentive bonuses, the Compensation Committee also grants stock options, shares of restricted stock and other equity-based awards to executive officers and other key employees of the Company and its subsidiaries in order to focus the efforts of these employees on the long-term enhancement of profitability and stockholder value. Following a review by the Compensation Committee of the stock options and other equity held by the executive officers, certain executive officers of the Company were granted stock options in fiscal 2006, as set forth on the Summary Compensation Table included in this proxy statement.

With respect to the Chief Executive Officer of the Company, the Compensation Committee utilizes a compensation program composed of base salary, incentive bonuses based on business and financial performance of the Company and individual performance during the fiscal year and stock option grants. In determining the compensation of the Company's Chief Executive Officer, the Compensation Committee reviewed comparable compensation data from the Company's competitive peer groups, as well as the Chief Executive Officer's potential for effectiveness and leadership with the Company. Mr. Lawler's base salary was initially set at \$550,000 per his employment offer letter dated August 23, 2004 and remained unchanged for fiscal 2006. After a review of employment data for peer companies prepared by an outside compensation consultant, the Compensation Committee determined to increase Mr. Lawler's base salary, effective September 1, 2006, to \$605,000. Mr. Lawler's target bonus remains set at 125% of his base salary. In addition, pursuant to Mr. Lawler's employment offer letter, on each of the first five anniversaries of Mr. Lawler's date of hire on which he is employed by the Company, Mr. Lawler is entitled to annual stock option grants and restricted stock

awards such that, when added to the initial equity grants and awards made to Mr. Lawler, he would own, or have the right to acquire, 2% of the Company's outstanding shares of Common Stock (on a fully diluted basis) on August 2, 2004, immediately following the Company's acquisition of Modus Media, Inc. For a description of Mr. Lawler's employment-related agreements and arrangements, see Employment Agreements and Severance and Change of Control Arrangements.

Section 162 (m) of the Code generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the company's chief executive officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. In general, the Company structures and administers its stock option plans in a manner intended to comply with the performance-based exception to Section 162(m). Nevertheless, there can be no assurance that compensation attributable to awards granted under the Company's stock option plans will be treated as qualified performance-based compensation under Section 162(m). In addition, the Compensation Committee reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes such payments are appropriate and in the best interests of the Company and its stockholders.

The Compensation Committee believes that the foregoing combination of base salaries, incentive bonuses, stock options, shares of restricted stock and other equity-based awards have helped develop a senior management group dedicated to the business results and financial performance of the Company.

Certain Relationships and Related Transactions

@Ventures

The Company maintains interests in several venture capital funds. The Company's interests in such entities are reflected principally through its ownership of CMG@Ventures Capital Corp. and CMG@Ventures, Inc., wholly owned subsidiaries of the Company. CMG@Ventures Capital Corp. and CMG@Ventures, Inc. are entitled to (i) an interest ranging from approximately 77.5% to 80% of the net capital gains realized by CMG@Ventures I, LLC (CMG@Ventures I) (which percentage varies depending on the date on which the investment generating the particular net capital gain was made) and (ii) approximately 80% of the net capital gains realized by CMG@Ventures II, LLC (CMG@Ventures II). CMG@Ventures I, LLC was dissolved as of July 31, 2006. The @Ventures III funds are comprised of four entities that co-invest in each investment made by the @Ventures III funds. Approximately 78% of each investment made by the @Ventures III funds is made by two entities, @Ventures III, L.P. and @Ventures Foreign Fund III, L.P. The Company does not have a direct ownership interest in either of these entities, but CMG@Ventures Capital Corp. is entitled, through its ownership of an approximately 10% interest in @Ventures Partners III, LLC (@Ventures Partners III), the general partner of such entities to (x) approximately 0.1% of the capital of each entity, and (y) approximately 2% of the net capital gains realized by each entity after return of certain priority amounts to the limited partners of each entity. CMG@Ventures III, LLC (CMG@Ventures III) co-invests approximately 20% of the total amount invested in each @Ventures III fund portfolio company investment. CMG@Ventures Capital Corp. owns 100% of the capital and is entitled to approximately 80% of the cumulative net capital gains realized by CMG@Ventures III. @Ventures Partners III is entitled to the remaining 20% of the net capital gains realized by CMG@Ventures III. The remaining 2% invested in each @Ventures III fund investment is provided by a fourth entity, @Ventures Investors, LLC, in which the Company has no interest. During fiscal 2000, additional venture capital fund entities were formed to provide follow-on financing to @Ventures III fund portfolio companies. These expansion funds have a structure that is substantially identical to the @Ventures III funds, and the Company's interests in such funds are comparable to its interests in the @Ventures III funds. CMG@Ventures Capital Corp. is entitled to approximately 80% of the net capital gains realized by CMG@Ventures Expansion, LLC. CMG@Ventures Capital Corp., through its interest in CMGI@Ventures IV, LLC (CMGI@Ventures IV), is generally entitled to an interest, ranging from 80% to 92.5%, of the net profits from each investment made by CMGI@Ventures IV, depending on the aggregate amount previously distributed to CMGI@Ventures Capital Corp. by CMGI@Ventures IV, and after payment of certain fees to profit members of CMGI@Ventures IV. During fiscal 2004, the Company formed @Ventures V, LLC (@Ventures V). CMG@Ventures Capital Corp., through its interest in @Ventures V, is generally entitled to approximately 92% of the net profits from each investment made by @Ventures V.

Mr. Wetherell, the Company's former Chairman, was a profit member (as defined in the limited liability company agreement) of CMG@Ventures I, and in that capacity owned an approximately 6.0% carried interest in the net realized gains (as defined in the limited liability company agreement) of CMG@Ventures I. Mr. Wetherell's interest in CMG@Ventures I was fully vested. As noted above, CMG@Ventures I was dissolved as of July 31, 2006. Mr. Wetherell is a managing member of CMG@Ventures II and in that capacity owns an approximately 7.8% carried interest in the net realized gains (as defined in the operating agreement) of CMG@Ventures II. Mr. Wetherell's interest in CMG@Ventures II is fully vested. Mr. Wetherell has indirect compensatory interests in the @Ventures III funds and related management entities (as described below). Mr. Wetherell is not a member of CMG@Ventures Expansion, LLC, CMGI@Ventures IV or @Ventures V and has no compensatory interests in those entities.

CMG@Ventures I and CMG@Ventures II

On July 31, 2006, Mr. Wetherell received 1,130 shares of Premiere Global Services, Inc. from CMG@Ventures I in his capacity as a member. From August 1, 2005 through July 31, 2006, this distribution of Premiere Global Services, Inc. was the only allocation and distribution of cash or securities to Mr. Wetherell in his capacity as a member of CMG@Ventures I, LLC. From August 1, 2005 through July 31, 2006, Mr. Wetherell received no distributions of cash or securities from CMG@Ventures II. During such period, no cash or securities were allocated to the account of Mr. Wetherell in his capacity as a member of CMG@Ventures II.

@Ventures III

Mr. Wetherell has indirect compensatory interests in the @Ventures III funds and related management entities. Mr. Wetherell is a voting managing member of @Ventures Partners III, which manages @Ventures III, L.P., @Ventures Foreign Fund III, L.P. and CMG@Ventures III. Mr. Wetherell is entitled to approximately 29.8% of all amounts distributed by such entities to @Ventures Partners III. Mr. Wetherell's interest in @Ventures Partners III is fully vested. The other members of @Ventures Partners III consist of (i) individuals who provide (or who formerly provided) management services to the funds and (ii) CMG@Ventures Capital Corp., a direct wholly owned subsidiary of the Company, which has a 10% interest in all of the amounts distributed by @Ventures Partners III. ModusLink's approximate current commitment is \$125,000 per month, after an initial one-time investment of approximately \$350,000. In connection with the provision of the managed services under the MSA, ModusLink also purchased certain H-P equipment for an approximate aggregate purchase price of \$2.4 million.

Employment Agreements and Severance and Change of Control Arrangements

Joseph C. Lawler

On August 23, 2004, Joseph C. Lawler was appointed President and Chief Executive Officer of the Company. In connection therewith, the Company and Mr. Lawler executed an employment offer letter, dated as of August 23, 2004, which provides for the employment of Mr. Lawler as President and Chief Executive Officer of the Company at an annual salary of \$550,000. Such base salary has been increased effective September 1, 2006 to \$605,000. Mr. Lawler is also eligible for an annual cash bonus under the Company's 2007 Executive Management Incentive Plan. Mr. Lawler's annual target bonus is set at 125% of his annual salary. Mr. Lawler's

bonus for fiscal 2005 was guaranteed at a minimum of \$250,000. Pursuant to the employment offer letter, on August 23, 2004, Mr. Lawler was granted an option to purchase 2,700,000 shares of the Company's Common Stock at an exercise price of \$1.25 per share. Such option has a seven-year term and vests 20% of the total number of shares subject to the option on each of the first five anniversaries of the grant date. In addition, on August 27, 2004, Mr. Lawler was granted 1,800,000 restricted shares of the Company's Common Stock with the purchase price deemed to have been paid in kind through Mr. Lawler's agreement to employment by the Company. Such restricted shares are subject to forfeiture provisions which lapse as to 20% of the total number of shares subject to the grant on each of the first five anniversaries of the grant date. In connection with these initial grants of stock options and restricted stock, Mr. Lawler and the Company also entered into an agreement containing non-competition covenants in favor of the Company during Mr. Lawler's employment and for 12 months thereafter. In addition, the offer letter provides that on each of the first five anniversaries of Mr. Lawler's date of hire on which he is employed by the Company, the Company will grant additional stock options and restricted stock awards (Additional Awards) to Mr. Lawler with respect to such number of shares of the Company's Common Stock that, when added to the initial grants described above, will be equal to 2% of the Company's outstanding shares of Common Stock (on a fully diluted basis) on August 2, 2004, immediately following the Company's acquisition of Modus Media, Inc. Each such additional grant of stock options and restricted stock shall be in the proportion of 1.5 options to each share of restricted stock. Each Additional Award shall vest 20% of the total of such award on each anniversary of the date of grant and, in the case of stock options, shall have a seven-year term and an exercise price equal to the fair market value of a share of the Company's Common Stock on the date of grant. Per the employment offer letter, on August 23, 2005, Mr. Lawler was granted his first Additional Awards, consisting of an option to purchase 674,527 shares of Common Stock at an exercise price of \$1.74 per share and 449,685 shares of restricted stock. In addition, on August 23, 2006, Mr. Lawler was granted his second Additional Awards, consisting of an option to purchase 674,527 shares of Common Stock at an exercise price of \$1.03 per share and 449,685 shares of restricted stock. All Additional Awards vest as described above. If at any time the closing share price of the Company's Common Stock equals or exceeds \$3.00 for 30 consecutive trading days (adjusted for changes in capitalization), then the Company shall immediately grant to Mr. Lawler all Additional Awards that have not been previously granted. The inability of the Company to grant any of the Additional Awards when due for any reason, including as a result of a failure of the Company to obtain stockholder approval of a necessary increase in the number of shares available under any applicable Company equity incentive plan, would constitute Good Reason under Mr. Lawler's Executive Severance Agreement described below.

Pursuant to the employment offer letter, Mr. Lawler and the Company entered into an Executive Severance Agreement, dated as of August 23, 2004, that provides in the event that his employment is terminated by the Company for a reason other than for Cause (as defined) or by Mr. Lawler for Good Reason (as defined), then the Company shall pay Mr. Lawler a one-time severance payment equal to 12 months of his then-current annual base salary plus his target bonus as in effect on his last day of employment. In addition, 50% of the portion of each of Mr. Lawler's stock options and restricted stock awards which would otherwise become vested on or before the first anniversary of the date his employment is terminated shall be immediately vested, such vested awards that were granted as restricted stock shall be free of restrictions and such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In addition, the agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause or by Mr. Lawler for Good Reason within 12 months following a Change of Control (as defined), then the Company shall pay Mr. Lawler a one-time severance payment equal to 24 months of his then-current annual base salary plus two times his target bonus as in effect on his last day of employment. In addition, (i) in the event the Change in Control occurs on or after August 23, 2006, 2/3 of Mr. Lawler's stock options and restricted stock awards which are not then vested (taken proportionately from each of the remaining vesting tranches) shall immediately vest as of the date of termination, (ii) in the event the Change in Control occurs on or after August 23, 2007, all of Mr. Lawler's stock options and restricted stock awards which are not then vested shall immediately vest as of the date of termination, and (iii) in each such case, such vested awards that were granted as restricted stock shall be free of restrictions and such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In the event that any amounts

payable to Mr. Lawler under the agreement are characterized as excess parachute payments under Section 280G of the Internal Revenue Code, then Mr. Lawler may elect to reduce the severance payments or have a portion of the stock options or restricted stock not vest.

Pursuant to the employment offer letter, Mr. Lawler and the Company also entered into an agreement, dated as of August 23, 2004, pursuant to which the Company reimbursed Mr. Lawler in the amount of \$110,836 for certain relocation expenses in fiscal 2005. Pursuant to the employment offer letter, Mr. Lawler and the Company also entered into an agreement, dated as of August 23, 2004, pursuant to which the Company agreed to provide indemnification to Mr. Lawler in his capacities as a director and executive officer of the Company to the fullest extent provided by applicable law and by the Company's Certificate of Incorporation and By-laws.

The stock option vests in five equal annual installments, and the restrictions lapse as to one-fifth of the shares of restricted stock on each of the first five anniversaries of the date of grant, provided, in each case that Mr. McLennan is employed by ModusLink on such date.

The employment offer letter also provides that in the event that Mr. McLennan's employment is terminated without cause (as defined) within twelve months following a change of control (as defined), he will receive twelve months base salary and target bonus to be paid in pro rata installments over such twelve month period.

On March 10, 2005, Mr. McLennan and ModusLink entered into a Letter of Understanding Expatriate Assignment in connection with his deployment overseas. Under that letter, Mr. McLennan is entitled to a goods and services allowance, designed to reimburse him for increased living costs in Singapore versus the United States, of \$20,328 annually. In addition, Mr. McLennan receives a transportation allowance of \$1,000 per month and an annual membership fee to the American Club in Singapore. This letter agreement provided for an increase in Mr. McLennan's base salary to \$375,000. In addition, Mr. McLennan was granted an option to purchase 100,000 shares of the Company's Common Stock at an exercise price of \$1.59 (the closing price of the Company's Common Stock on the date of grant). The stock option vests in five equal annual installments, provided that Mr. McLennan is employed by ModusLink on such date. Further, subject to the Company's achievement of certain fiscal year 2006 business and financial goals, Mr. McLennan was entitled to receive a stock option grant for an additional 100,000 shares of the Company's Common Stock, at an exercise price at the closing price of the Company's Common Stock on the date of any such grant. Mr. Kelly's bonus relating to the earlier part of fiscal year 2006 was targeted at 30% of his prior base salary. The payment of the bonus was subject to ModusLink's and the Company's achievement of fiscal year 2006 business objectives pursuant to the Company's FY2006 Executive Management Incentive Plan (2006 EMIP). No bonus payment was made under the 2006 EMIP, however, Mr. Kelly received a bonus payment of \$50,000 with respect to the performance of ModusLink's Americas Business Unit, for which he served as Senior Vice President, Operations until April 17, 2006. In addition, Mr. Kelly was granted a stock option to purchase 200,000 shares of the Company's Common Stock. This option has an exercise price equal to \$1.48 per share (equal to the closing price of the Company's Common Stock on the Nasdaq Global Market on April 17, 2006, the date of grant), vests as to 25% of the shares underlying the option on the first anniversary of the date of grant and 1/48th of the shares on each monthly anniversary date of the date of grant thereafter, provided that Mr. Kelly remains employed by the Company on each vesting date.
