**PROXY STATEMENT**

**ANNUAL MEETING OF SHAREHOLDERS**

**To Be Held March 5, 2008**

This proxy statement, which is first being mailed to shareholders on or about February 4, 2008, has been prepared in connection with the solicitation by the Board of Directors of Esterline Technologies Corporation (the Company) of proxies in the accompanying form to be voted at the 2008 annual meeting of shareholders of the Company to be held on Wednesday, March 5, 2008, at 10:00 a.m., at the Bellevue Club, 11200 SE 6<sup>th</sup> Street, Bellevue, Washington 98004, and at any adjournment or postponement thereof. The Company's principal executive office is at 500 108<sup>th</sup> Avenue NE, Bellevue, Washington 98004.

The cost of this solicitation will be borne by the Company. In addition to solicitation by mail, officers and employees of the Company may, without additional compensation, solicit the return of proxies by telephone, telegram, messenger, facsimile transmission or personal interview. Arrangements may also be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals and the Company may reimburse such persons for their expenses in so doing. Furthermore, the Company has retained MacKenzie Partners, Inc. to provide proxy solicitation services for a fee of \$6,500, plus reimbursement of its out-of-pocket expenses.

Registered shareholders can vote in person, by telephone, by the Internet or by mail, as described below. If you are a beneficial shareholder, please refer to your proxy card or the information forwarded by your broker, bank or other holder of record to see what options are available to you. Registered shareholders may cast their vote by:

- (1) Attending and voting in person at the annual meeting;
- (2) Signing, dating and promptly mailing the proxy card in the enclosed postage-paid envelope;
- (3) Accessing the Internet website <http://www.bnymellon.com/shareowner/isd> and following the instructions provided on the website;  
or
- (4) Calling 1-800-370-1163 and voting by following the instructions provided on the phone line.

Any proxy given pursuant to the solicitation may be revoked at any time prior to being voted. A proxy may be revoked by the record holder or other person entitled to vote (a) by attending the meeting in person and voting the shares, (b) by executing another proxy dated as of a later date or (c) by notifying the Secretary of the Company in writing, at the Company's address set forth on the notice of the meeting, provided that such notice is received by the Secretary prior to the meeting date. All shares represented by valid proxies will be voted at the meeting. Proxies will be voted in accordance with the specification made therein or, in the absence of specification, in accordance with the provisions of the proxy.

The Board of Directors has fixed the close of business on January 8, 2008, as the record date for determining the holders of common stock of the Company (the Common Stock) entitled to notice of and to vote at the annual meeting. The Common Stock is listed for trading on the New York Stock Exchange. At the close of business on the record date there were outstanding and entitled to vote 29,405,876 shares of Common Stock, which are entitled to one vote per share on all matters which properly come before the annual meeting.

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock entitled to vote is required to constitute a quorum for the transaction of business at the meeting. The inspector of elections, who determines whether or not a quorum is present at the annual meeting, will count abstentions or withheld votes and broker non-votes, which are discussed further below, as shares of Common Stock that are present and entitled to vote for purposes of determining the presence of a quorum. There must be a quorum for the meeting to be held. The Company has appointed Mellon Investor Services LLC as the inspector of elections for the annual meeting.

Votes cast by proxy or in person at the annual meeting will be tabulated by the inspector of election appointed for the annual meeting. The inspector of election will treat abstentions as shares of Common Stock that are present and entitled to vote for purposes of determining the presence of a quorum. A plurality of the shares of Common Stock present in person or represented by proxy at the meeting is required for the election of directors. Shareholders are not entitled to cumulate votes in electing directors. Broker non-votes will have no effect on the vote relating to election of directors because broker non-votes will not be considered votes cast or shares entitled to vote at the meeting. Broker non-votes occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted and the broker does not exercise discretion to vote those shares on a particular matter. Brokers may exercise discretion to vote shares as to which instructions are not given with respect to the election of directors.

The proposals to amend the Company's 2004 Equity Incentive Plan and the Employee Stock Purchase Plan will be approved if a majority of the shares of Common Stock present in person or represented by proxy at the meeting vote in favor of each proposal and the shares voted represent a majority of the shares of Common Stock outstanding on the record date. Brokers may not exercise discretion to vote shares as to which instructions are not given as to the approval of equity compensation plans. Therefore, broker non-votes on each of these proposals will have the effect of a vote against the proposals.

### **ELECTION OF DIRECTORS**

The Company's By-Laws, as amended and restated, provide for a board of directors that consists of not less than seven (7) or more than twelve (12) members, as may be fixed from time to time by the Board of Directors. The authorized size of the board is currently set at ten. The Company's Restated Certificate of Incorporation provides that the directors will be divided into three classes, with the classes serving for staggered, three-year terms such that approximately one-third of the directors are elected each year.

In December 2007, the Board of Directors increased the authorized number of directors of the Board to ten, elected James J. Morris to fill the vacancy created by the expansion and, in accordance with the Company's Restated Certificate of Incorporation, classified Mr. Morris into the class of directors whose term expires at the 2008 annual meeting.

#### **The Board of Directors recommends a vote FOR the director nominees named below.**

Information as to each nominee and each director whose term will continue after the 2008 annual meeting is provided below. Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy to vote shares represented by properly executed proxies FOR the election of the nominees named below. The Board of Directors knows of no reason why any of the nominees will be unable or unwilling to serve. If any nominee becomes unavailable to serve, the Board of Directors intends for the persons named as proxies to vote for the election of such other persons, if any, as the Board of Directors may recommend.

### **Board and Board Committees**

There were six meetings of the Board of Directors during fiscal 2007. During fiscal 2007, each director attended at least 93% of the total number of meetings of the Board of Directors and Board committees of which he was a member.

Non-management directors meet in executive session on a regular basis, generally at each scheduled Board meeting. The Chairman of the Board, if a non-management director, presides over the executive sessions. Since the Chairman of the Board is an employee of the Company, the Lead Independent Director, John F. Clearman, presides. In addition, the Audit Committee has adopted the practice of reserving time at each meeting to meet without members of Company management present. The Compensation Committee and the Nominating & Corporate Governance Committee also have adopted a similar practice of meeting periodically without members of Company management present.

The Board of Directors currently does not have a policy with regard to director attendance at the Company's annual shareholders meeting; however, it schedules the first quarter meeting of the Board of Directors on the same date as the annual shareholders meeting. All of the Company's directors attended the annual shareholders meeting in 2007.

**Board Independence.** The Board has reviewed the relationships between the Company and each director and has determined that a majority of the directors are independent for purposes of the NYSE corporate governance listing standards. In accordance with these listing standards, the Board adopted its own set of specified criteria, identified in the Company's Corporate Governance Guidelines which are posted on the Company's website at <http://www.esterline.com/governance>, to assist it in determining whether any relationship between a director and the Company impairs independence. Using the adopted criteria, the Board affirmatively determined that all of the directors, other than Mr. Cremin, are independent under the NYSE listing standards. Mr. Cremin does not meet NYSE independence listing standards due to his current position as Chairman, President and Chief Executive Officer of the Company. The Board's adopted set of specified criteria relating to director independence is attached to this proxy statement as Annex A.

**The Audit Committee** currently consists of Messrs. Cline (Chairman), Franceschini, Haack, Larson and Pierce, each of whom is independent in accordance with applicable rules promulgated by the Securities and Exchange Commission (SEC) and NYSE listing standards. The Audit Committee selects and retains the independent registered public accounting firm to audit the Company's annual financial statements, approves the terms of the engagement of the independent registered public accounting firm and reviews and approves the fees charged for audits and for any non-audit assignments. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is attached to this proxy statement as Annex B and posted on the Company's website at <http://www.esterline.com/governance>. The Audit Committee's responsibilities also include, among others, overseeing (1) the integrity of the Company's financial statements, which includes reviewing the scope and results of the annual audit by the independent registered public accounting firm, any recommendations of the independent

registered public accounting firm resulting therefrom and management's response thereto and the accounting principles being applied by the Company in financial reporting, (2) the Company's compliance with legal and regulatory requirements, (3) the independent registered public accounting firm's qualifications and independence, (4) the performance of the Company's internal auditors and the independent registered public accounting firm, and (5) such other related matters as may be assigned to it by the Board of Directors. The Audit Committee met eight times during 2007.

The Board of Directors has determined that Mr. Cline and Mr. Haack each qualify as an audit committee financial expert as defined in Item 407 of Regulation S-K promulgated by the SEC and that each Audit Committee member has accounting and financial management literacy under NYSE listing standards.

**The Compensation Committee** currently consists of Messrs. Leitman (Chairman), Burns and Clearman, each of whom is independent in accordance with applicable NYSE listing standards. The Compensation Committee develops, evaluates and recommends to the Board for its approval corporate goals and objectives relevant to the compensation of the Chief Executive Officer, evaluates the Chief Executive Officer in light of the corporate goals and objectives, recommends the form and level of compensation for officers of the Company and is responsible for performing the other related responsibilities set forth in its written charter, which is posted on the Company's website at <http://www.esterline.com/governance>. The Compensation Committee also administers the Company's stock option plans and incentive compensation plans for senior corporate management, which includes recommending amendments to such plans. To the extent permitted by Delaware law, the Compensation Committee may delegate one or more of the Company's officers the right to grant awards under the Company's stock option plans with respect to employees who are not officers or directors. The Compensation Committee solicits and considers recommendations by the Chief Executive Officer as to salary packages for the other executive officers. The Compensation Committee has engaged Watson Wyatt, an independent executive compensation consultant, to help the Committee compare executive compensation levels and develop and review compensation packages for its executives. The Compensation Committee met four times during 2007.

**The Executive Committee** currently consists of Messrs. Cremin (Chairman), Clearman, Franceschini and Leitman. The Executive Committee reviews situations that might, at some future time, become items for consideration of the entire Board of Directors and acts on behalf of the entire Board of Directors between its meetings. The Executive Committee did not meet during 2007.

**The Nominating & Corporate Governance Committee** currently consists of Messrs. Burns (Chairman), Cline and Franceschini, each of whom is independent in accordance with applicable NYSE listing standards. The Nominating & Corporate Governance Committee recommends director candidates to the entire Board, oversees the evaluation of the Board of Directors and Company management, develops and monitors corporate governance principles, practices and guidelines for the Board of Directors and the Company, and is responsible for performing the other related responsibilities set forth in its written charter, which is posted on the Company's website at <http://www.esterline.com/governance>. The Nominating & Corporate Governance Committee met four times during 2007.

**The Technology Committee** currently consists of Messrs. Pierce (Chairman), Haack and Larson. The Technology Committee reviews and makes recommendations to the Board of Directors regarding business and technology acquisition opportunities, monitors and evaluates the execution and performance of significant new product and technology launches, and monitors and evaluates the Company's research and development programs. The Technology Committee met eight times during 2007.

a description of any arrangements or understandings between the shareholder and the nominee and any other persons (including their names), pursuant to which the nomination is made; and

the consent of each such nominee to serve as a director if elected.

The Chairman of the Board, other directors or senior management of the Company may also recommend director nominees. The Nominating & Corporate Governance Committee will evaluate recommended director nominees, including those that are submitted to the Company by a shareholder, taking into consideration certain criteria such as business and community service skills and experience, policy-making experience, record of accomplishments, personal integrity and high moral responsibility, capacity to evaluate strategy and reach sound conclusions and current Board composition. In addition, prospective directors must have time available to devote to Board activities and be able to work well with the Chief Executive Officer and other members of the Board.

The Company did not receive any shareholder nominations for director to be considered by the Nominating & Corporate Governance Committee for the 2008 annual shareholders meeting.

## EXECUTIVE COMPENSATION

### COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the Board of Directors works to provide our executives with competitive compensation opportunities that reward good performance and promote shareholder interests. The Committee currently consists of Messrs. Leitman (Chairman), Burns and Clearman, each of whom is independent in accordance with applicable NYSE listing standards and rules of the Securities and Exchange Commission.

#### *Philosophy and Objectives*

We base our executive compensation practices on principles designed to align executive compensation with Company business strategy, management initiatives, financial objectives and performance. In applying these principles, the Committee has established an executive compensation program to:

Attract and retain key executives critical to the success of the Company;

Support a performance-oriented environment that rewards both the Company's annual financial results and its longer-term achievements as compared to market benchmarks; and

Reward executives for long-term strategic management and the enhancement of shareholder value.

The Committee applies the same philosophy, objectives, and methods for establishing the CEO's compensation as it does for all other executive officers. The Committee and the full Board approve all officer compensation programs and they establish individual pay levels for all executive officers.

#### *Compensation Program Components*

We believe the components of our compensation program provide an appropriate mix of fixed and variable pay; balance shorter-term operational performance with long-term increases in shareholder value; reinforce a performance-oriented environment; and encourage recruitment and retention of our key executives. The Committee reviews the executive compensation program annually and makes adjustments as appropriate to meet Company objectives. In fiscal 2007, our executive compensation program had the following principal components:

**Base salary**, which is fixed annual cash compensation that is competitive with market salary levels for the skills and experience necessary to lead the Company.

**Annual cash incentive**, which provides cash incentive awards based on Company performance against specific targets, with the purpose of motivating and rewarding achievement of our critical yearly strategic and financial goals, thus fostering a performance-oriented environment.

**Long-term incentives** through the combination of stock option grants and a cash-based long-term incentive program, which align officers' interests with our shareholders', motivate and reward profitable Company growth over the long-term, and which provide a retention incentive.

**Retirement earnings opportunities** through a 401(k) savings plan, a traditional pension plan, and two supplemental executive retirement and deferred compensation programs that provide competitive retirement benefits, encourage retention, allow executives to save for their retirement and to defer taxation.

## Edgar Filing: ESTERLINE TECHNOLOGIES CORP - Form DEF 14A

**Limited perquisites** mainly involving automobile allowances and financial planning advisory services that are common in the marketplace and that allow executives to focus more of their time on achieving the Company's goals and objectives.

**Change in control agreements** with common terms that encourage officers to remain focused on Company business in the event of rumored or actual change in corporate control.

**An individual severance protection agreement**, with one former executive officer, Richard Wood, as part of a re-assignment from his previous position with us.

### *Determination of Compensation Levels*

#### *Competitiveness*

To attract and retain key executives, the Committee annually reviews the executive labor market in which we compete for talent. With the help of Watson Wyatt Worldwide, an independent executive compensation consultant, the Committee compares compensation levels for our executives to the compensation paid to executives of comparable companies in the market in which we compete for employees.

In determining fiscal 2007 compensation, the Committee relied on the following published surveys to gain an understanding of the market for positions of comparable responsibility:

2006/2007 Watson Wyatt Top Management Compensation Report – Durable Goods Manufacturing Data. This survey covers 522 companies. Regression (trend-line) analysis is used to extrapolate compensation values for revenues comparable to those managed by our executives.

2006 Mercer Executive Survey – Durable Goods Manufacturing Data. This survey covers 211 companies. Regression (trend-line) analysis is used to extrapolate compensation values for revenues comparable to those managed by our executives.

2006/2007 Watson Wyatt Top Management Compensation Report – General Industry LTI multiple tables. This survey covers 2,567 companies and reports long-term incentive values as a multiple of base salary for various base salary levels.

The Committee reviewed and compared the executives' aggregate target direct compensation (base salary, short- and long-term incentives) against the aggregate compensation offered to executives in the market surveys. In doing so the Committee reviews 25<sup>th</sup>, 50<sup>th</sup> and 75<sup>th</sup> percentile values. For further information as to the Committee's use of these market reference points, see the discussion below concerning each compensation component.

#### *Components of Executive Officer Compensation*

When the Committee evaluates any significant component of an executive officer's total compensation, it considers the aggregate amounts and mix of all components in making its decision. For fiscal 2007, the Committee reviewed base salary, short-term incentive compensation, long-term incentive compensation, retirement earnings opportunities, the dollar value to the executive and cost to the Company of all perquisites and other personal benefits, and the earnings and the potential payout obligations under change in control scenarios. Based on this review, the Committee determined that the executive officers' total compensation opportunities were reasonable and not excessive.

The Committee believes the executive compensation program should be structured so the payouts from the annual incentive plan and the cash-based long-term incentive plan relate closely to the Company's performance. Accordingly, in fiscal 2007, the Committee provided executives with compensation packages that, in addition to base salary, would pay cash incentives of up to 117.5% of base salary for achieving target Company performance.

#### *Base Salary*

The Committee targets base salaries to be competitive in light of relative performance of other organizations in the marketplaces in which we compete for key executive officers. Based on the salary surveys listed above, and with the assistance of Watson Wyatt Worldwide, the Committee has developed and maintains a salary structure for the executive positions that defines a range of salary opportunities for each position. The range takes into account competitive norms, scope and complexity of responsibilities, internal equity, and the Company's financial condition.

Actual salaries are based on the qualifications, experience and individual performance of the executive. The Committee also solicits and considers the CEO's recommendations for salary decisions concerning other executive officers. The Board sets all executive base salaries, including that of the CEO, based on the factors outlined in this section and on the Committee's recommendations. In addition, the Board conducts an annual performance evaluation of the CEO, the results of which significantly contribute to Board decisions concerning CEO compensation. Due to the significant experience of our executive group, aggregate base salaries fall about halfway between the 50<sup>th</sup> and 75<sup>th</sup> percentiles of competitive reference point values. For fiscal 2007, the Board approved base salary increases for executives ranging from 3.6% to 7.6%.

*Annual Incentive Compensation Plan*

We provide executives with annual incentive award opportunities contingent upon meeting pre-defined financial goals for the year. The purpose of the annual incentive plan is to encourage our officers to make prudent decisions that will strengthen current year financial results for shareholders.

For fiscal 2007, the Committee identified a target award amount of annual incentive compensation for each participant expressed as a percentage of base salary. This percentage varied in proportion to the level of the individual executive's responsibility within the Company and took into account the comparative median (50<sup>th</sup> percentile) incentive compensation percentages from compensation surveys. The target award amount was not guaranteed, but reflected what would be payable if expected results were achieved. The following table shows the fiscal 2007 target award amount for each named executive officer under our annual incentive plan:

<i>Executive</i>	<i>Title</i>	<i>Target Annual Incentive Compensation as % of Base Salary</i>
Robert W. Cremin	Chairman, President and Chief Executive Officer	60%
Robert D. George	Vice President, Chief Financial Officer, Secretary and Treasurer	40%
Frank E. Houston	Group Vice President	35%
Larry A. Kring	Senior Group Vice President	40%
Stephen R. Larson	Vice President, Strategy and Technology	40%
Richard J. Wood	Former Group Vice President	35%

No executive was eligible to receive annual incentive compensation unless the Company achieved a minimum level of performance recommended by the Committee and approved by the Board. Upon achievement of the minimum performance level, each executive would earn 25% of his target award amount, which amount increased in correlation with Company performance up to a maximum of 200% of the target award.

After award amounts were computed for fiscal 2007, the Committee had discretion under plan terms to adjust the actual amount paid to each executive upward or downward by as much as 25% of the greater of the executive's computed award and the executive's target award amount to reflect the executive's individual contribution to the achievement of the Company's performance goals. The Committee seldom makes such adjustments and did not make any to the award amounts for fiscal 2007. This discretionary adjustment authority does not apply to CEO awards or those for any other executive if the award is intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code.

For fiscal 2007, the Committee selected earnings per share as the sole financial performance goal for the annual incentive compensation plan, because earnings performance is the primary criterion on which short-term Company success is measured by shareholders and stock market analysts. The plan's earnings per share goal was \$2.50. The Committee recommended and the Board approved a minimum performance level of 70% of the earnings per share goal before any executive would earn an award, and a maximum ceiling of 130% of the earnings per share goal, above which no further award would be earned. Actual earnings per share achieved was \$3.52, which was equal to 141% of the earnings per share goal, resulting in a payout of 200% of the targeted amounts. These amounts are reflected in the Summary Compensation Table for Fiscal 2007 included in this proxy statement.

*Long-Term Incentives*

We believe that the combination of a cash-based long-term incentive plan (LTIP) and stock option grants provide executives with competitive long-term incentive opportunities. The LTIP and stock option grants are designed to work in concert with other executive compensation elements to:

Focus executives on increasing total shareholder returns over the long term by concentrating on key drivers of share price;

Encourage executives to take reasonable, long-term business investment risks by measuring performance over multiple years; and

Encourage profitable growth and effective use of assets in achieving growth goals.

Based on compensation survey data and Committee recommendations, the Board assigned each participating executive a target award value to be delivered through options and the LTIP. This value varies in proportion to the level of the individual executive's responsibility within the Company and takes into account the comparative median (50<sup>th</sup> percentile) incentive compensation percentages from compensation surveys. The long-term incentive target award values to be delivered through options and the LTIP for each of our named executive officers for fiscal 2007 were as follows:

<i>Executive</i>	<i>Title</i>	<i>Target Annual Award Value for Options and Cash LTIP as % of Base Salary</i>
Robert W. Cremin	Chairman, President and Chief Executive Officer	229%
Robert D. George	Vice President, Chief Financial Officer, Secretary and Treasurer	119%
Frank E. Houston	Group Vice President	95%
Larry A. Kring	Senior Group Vice President	165%
Stephen R. Larson	Vice President, Strategy & Technology	116%
Richard J. Wood	Former Group Vice President	96%

For the CEO and the Senior Group Vice President, the allocation of the long-term incentive target award value for fiscal 2007 was 70% to stock options and 30% to LTIP. For other executives, the allocation for fiscal 2007 was 60% to stock options and 40% to LTIP. The Committee determined the number of options for each grant based on advice from Watson Wyatt, applying an appropriate Black-Scholes derived discount to the face value of the option grants to account for the risk inherent in options, including stock price volatility. The formula assumed a value per share equal to 40% of face value.

Long-Term Incentive Plan

For fiscal 2007, the Board continued the LTIP first adopted in fiscal 2005, pursuant to Committee recommendation. In this plan, a new LTIP performance period begins with each fiscal year and extends for three years. Accordingly, there are three overlapping LTIP performance periods running at any given time: one in the first year of a plan cycle, another in the second year of an earlier cycle, and a third in the final year of an earlier cycle.

In December 2006, the Board assigned each participating executive a target award value for the 2007-2009 performance cycle based on compensation survey data and on Committee recommendations, as discussed above. The target award value is not guaranteed, but reflects what will be payable if the Company achieves established performance goals. Actual awards paid may be larger or smaller than target awards depending on Company performance results measured over the three-year period. Earning opportunities range from 0% to 400% of target award values. Payments are made in cash.

There are two performance goals under the LTIP: (1) growth in earnings per share (9% target for the 2005-2007 performance cycle); and (2) return on invested capital (6.5% target for the 2005-2007 performance cycle). Payout amounts under the LTIP are determined based on the level of achievement of each of these two performance goals

relative to each other, pursuant to a matrix where earnings per share growth is one axis and return on invested capital is the other axis. For purposes of the LTIP, return on invested capital is calculated as net income (before extraordinary items) divided by the monthly average invested capital during the corresponding fiscal year, averaged over the applicable performance period and expressed as a percentage. The Board selected these two goals for the new long-term incentive plan based on the results of a 2005 study performed by an independent executive compensation consulting firm that showed a strong correlation between these two measures and sustained shareholder returns for companies in the S&P SmallCap 600 Index, such as ours. Similarly, the performance targets established by the Board for the 2007-2009 performance cycle are consistent with long-term market median performance, inclusive of SFAS 123R option expenses: 10% earnings per share growth and 6.0% return on invested capital.

LTIP payments were made in early fiscal 2008 for the 2005-2007 performance cycle. For awards under the 2005-2007 performance cycle to have equaled 400% of target amounts, earnings per share would have needed to grow by 40% and return on invested capital would have needed to equal 15%. Actual achievement of the growth in earnings per share goal was 33.7% and actual achievement of the return on invested capital goal was 6.9%. Accordingly, executives were paid 232.3% of their respective target amounts. These amounts are reflected in the Summary Compensation Table for Fiscal 2007 in this proxy statement.

#### Stock Options

The Board grants options based on Committee recommendations, with an exercise price equal to the closing price of our Common Stock on the date of grant, and the options become exercisable over time. Typically, each grant vests on an annual basis ratably over four years, and continues to be exercisable until ten years from the date granted. The options provide incentive for the creation of shareholder value over the long term, because the executives cannot realize the full benefit of the options unless our Common Stock price appreciates during the option term.

Generally, the Board grants stock options to executives once per year in December when it reviews other aspects of executive compensation. The Committee may also recommend option grants at other appropriate times, such as in connection with promotions.

#### *Other Benefits and Programs*

Executive officers are allowed to participate in the Company's standard benefit programs that are generally available to other employees, including medical, dental, life, disability, pension, 401(k), employee assistance, and similar retirement and health and group insurance plans.

In addition, each of our executive officers is eligible to participate in a supplemental executive retirement pension plan described in the Pension Benefits section of this proxy statement. Executive officers are also eligible to participate in a new executive supplemental retirement and deferred compensation plan that became effective on January 1, 2007. The new plan provides an opportunity for executives to defer a portion of their cash compensation to be paid to the executive upon retirement or at another future date. The new plan also provides a Company match on part of the executive's deferred compensation based on a formula that is substantially the same as that in the Company's tax-qualified 401(k) plan. The Company match applies to deferred compensation amounts that exceed certain limits in the tax-qualified 401(k) plan, allowing executives to earn an equivalent portion in Company matching funds as that available to the general workforce in the tax-qualified plan.

Executive officers also receive automobile allowances based on competitive market benchmarks, as do the Company's subsidiary presidents and certain sales personnel. Similarly, some executive officers have qualified for relocation benefits under standard Company policy. In certain cases, those benefits have been enhanced somewhat to expedite an officer's relocation or to take advantage of certain tax management opportunities pertaining to real estate closing costs. These enhancements are also available to other management employees, when appropriate. Certain executive officers and other senior managers also receive limited financial planning services at Company expense. The value of these items is disclosed in the Summary Compensation Table for Fiscal 2007 and accompanying notes.

### ***Change in Control Arrangements***

#### ***Termination Protection Agreements***

We have entered into change in control termination protection agreements with our officers, including the named executive officers, which are designed to induce them to remain in the employ of the Company or any successor company in the event of certain changes in ownership or control by assuring compensation benefits if an officer is terminated without cause or resigns for good reason, as those terms are defined in the agreements. In the event of such termination within two years after a change in ownership or control, the agreements provide for a lump sum payment equal to three times the average compensation received during the prior two years, payment of certain legal fees and expenses associated with the termination and insurance and health benefits for the earlier of: (1) the remainder of the initial two-year period; or (2) until the officer accepts other full-time employment.

#### ***2004 Equity Incentive Plan***

All options held by our officers, including the named executive officers, issued pursuant to the Company's 2004 Equity Incentive Plan will become immediately vested and exercisable upon the consummation of certain events constituting a change in control of the Company. In addition, such options will become immediately vested and exercisable if not assumed or continued, in the event of certain corporate transactions.

#### ***Severance Protection Agreement***

In 2005, we entered into a severance protection agreement with Richard Wood as part of an arrangement for his re-assignment from his previous position with our Sensors Group businesses in Europe to a new position as a corporate group vice president in the United States. Mr. Wood resigned his employment in fiscal 2007 under circumstances that constituted a termination without cause. Consistent with the severance protection agreement, we are paying him a severance amount equal to his base salary for one year, plus a lump sum equal to one-half of the total cash incentive compensation he earned in the two prior fiscal years. These payments are disclosed in the Summary Compensation Table for Fiscal 2007 and in the Potential Payments Upon Termination of Employment or Change in Control Table in this proxy statement.

#### ***Stock Ownership Guidelines***

The Committee believes its performance-based compensation programs strongly align executive interests with those of Company shareholders and that requiring further investment by the executive officers in the Company is neither necessary nor desirable. Accordingly, we have not implemented formal stock ownership guidelines for our executives. The Committee periodically reconsiders this subject to ensure the executives' interests are consistent with the Company's shareholders.

#### ***Securities Trading Policy***

Our securities trading policy states that directors, officers and employees may not purchase or sell puts or calls to sell or buy our Common Stock, engage in short sales with respect to our Common Stock, or buy our Common Stock on margin or pledge shares of our Common Stock, except pursuant to approved Rule 10b5-1 plans. The policy restricts trading in our Common Stock by directors, officers and certain specified employees to open window periods following the release of quarterly financial results. We require our directors, executive officers, and certain other employees to obtain approval from the Chief Financial Officer before selling our Common Stock to ensure compliance with our securities trading policy and with applicable laws and regulations.

*Tax Considerations*

We considered the tax ramifications of the change in control termination protection agreements with our officers under Section 280G and Section 4999 of the Internal Revenue Code. To preserve our tax deduction in connection with the payments payable under these agreements and to avoid an excise tax for our officers, the agreements generally provide that in the event any payments under the agreements are considered to be excess parachute payments under Section 280G, either alone or together with other payments from us, the payments will be reduced so that the payments will not be treated as excess parachute payments. However, this payment reduction will only take place if the reduction would provide to the officer a greater net, after-tax benefit than he or she would receive if the payments were not subject to the reduction.

In addition, we considered the impact of Section 409A of the Internal Revenue Code on our compensation programs. Section 409A imposes tax penalties on certain nonqualified deferred compensation arrangements. We operate our covered arrangements in a manner intended to avoid the adverse tax treatment under Section 409A. Certain amendments have already been made to covered arrangements in this regard.

## **Offer Letters**

*Frank Houston.* In March 2005, we entered into an offer letter with Frank Houston in connection with his promotion to Group Vice President. The terms of the offer letter established Mr. Houston's initial annual base salary at \$250,000, established Mr. Houston's participation in the annual incentive compensation plan, the LTIP, the Supplemental Executive Retirement Plan and the Vehicle Allowance policy, provided for the grant of a stock option effective March 29, 2005, provide for up to \$5,000 a year in personal financial services and confirmed that Mr. Houston would enter into a change in control protection agreement.

*Richard Wood.* In February 2005, we entered into an offer letter with Richard Wood, our now former Group Vice President, in connection with his promotion. The terms of the offer letter established Mr. Wood's initial annual base salary at \$265,000, established Mr. Wood's participation in the annual incentive compensation plan, the LTIP and the Vehicle Allowance policy, provide for the grant of a stock option effective on the first day of his appointment and confirmed that Mr. Wood would enter into a change in control protection agreement and a severance protection agreement. In addition, the offer letter provided that Mr. Wood will be provided with annual retirement credits equal to 18% of his base salary and will be paid a tax gross-up on the portion of his retirement funding that does not qualify for preferred tax treatment under U.S. law. The offer letter also provided Mr. Wood with certain relocation benefits, most of which were paid by the Company in fiscal 2005 and fiscal 2006, but some of which were paid by the Company in fiscal 2007, such as a cost of living stipend of \$500 per month until May 2007 and the reimbursement of attorney's fees and processing fees in connection with Mr. Wood's immigration status.

## **Annual Incentive Compensation Plan and LTIP**

Payments under the 2007 Annual Incentive Compensation Plan and the LTIP are tied to key measures of corporate performance relating to the following financial objectives: earnings per share, growth in earnings per share and return on invested capital. For additional information regarding the 2007 Annual Incentive Compensation Plan and the LTIP, please refer to the Compensation Discussion & Analysis section of this proxy statement.

## **2004 Equity Incentive Plan**

Equity awards to our executive officers consist of stock options granted under the Company's 2004 Equity Incentive Plan. The exercise price for the stock options is equal to the closing price of the Common Stock on the date of grant. For additional information regarding the terms of the 2004 Equity Incentive Plan, please refer to the proposal for Approval of Amendment to 2004 Equity Incentive Plan in this proxy statement.

## **Wood Severance Protection Agreement**

(1) The assumptions and methodology used in calculating the estimated present values shown in this column are generally consistent with those used and disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended October 26, 2007, except that the Named Executive Officers are assumed to retire at their earliest unreduced retirement age (age 65) or their current age, if later, and no pre-retirement terminations or deaths are assumed to occur. Also, no additional compensation or service is assumed beyond the October 26, 2007, calculation date. The specific relevant assumptions include a discount rate of 6.25% and post-retirement mortality base on the 1994 Group Annuity Mortality tables.

(2) Pursuant to the SERPs, Mr. Cremin received 1.28 years of credited service for each year of service after September 29, 1996 until he reached age 65 in July 2005. For service after age 65, he receives 1.0 years of credit for each year of subsequent service up to a maximum of 35 years credit.

Esterline's Pension Plan is a broad based, tax-qualified defined benefit pension plan that provides a benefit to eligible employees of the Company. Approximately 39% of all U.S. employees are eligible to participate in the Pension Plan.

## Edgar Filing: ESTERLINE TECHNOLOGIES CORP - Form DEF 14A

Pension benefits are based on a final average pay formula, which takes into account years of service and highest five-year average earnings, or a cash balance formula, with annual pay credits ranging from 2% to 6% of earnings plus an additional 2% of earnings in excess of the annual Social Security Taxable Wage Base, and interest credits which vary annually based on certain external indices. Earnings include base pay and annual and long term incentive pay subject to statutory limitations. As of January 1, 2003, participants were given the option of continuing to accrue benefits under the final average pay formula, or to earn benefits under the cash balance formula. Since that date all new participants are enrolled in the cash balance formula. Participants earning benefits under the final average pay formula must contribute 1% of after-tax compensation each year, while no employee contributions are required under the cash balance formula.

The standard form of benefit payment is a single life annuity for participants who are not married and a 50% joint and surviving spouse annuity for married participants. Alternatively, participants may elect a joint and surviving spouse annuity with a continuation percentage of 75% or 100%, or a life annuity with payments guaranteed for a 5-year, 10-year or 15-year period. Benefits earned under the cash balance formula may also be paid as a lump sum.

The annual benefit at normal retirement (age 65) under the final average pay formula is the participant's highest five-year average pay less the participant's primary Social Security benefit times 1.6%, times the participant's credited service up to 30 years. Participants are eligible to receive early retirement benefits when they have completed five years of plan participation and their age plus service equals 65 years. For participants who elect to receive benefits prior to age 65, benefits are reduced by 6 2/3% per year between ages 60 and 65, 3 1/3% per year between ages 55 and 60, 3% per year between ages 50 and 55, and 2% per year below age 50.

The Supplemental Executive Retirement Plans (SERP - Frozen and New) provide benefit formulas that are similar to the final average pay formula and the cash balance formula in the Pension Plan, but permit benefits to be earned on compensation that is in excess of certain statutory limits that apply to the Pension Plan. However, amounts earned under the long-term incentive compensation plan are excluded from earnings used in the benefit formulas of the SERPs.

### Nonqualified Deferred Compensation Table for Fiscal 2007

The table below provides information as of October 26, 2007, regarding each Named Executive Officer's activity in the Esterline Technologies Supplemental Executive Retirement & Deferred Compensation Plan (the DC SERP). It includes information on executive voluntary contributions, Company contributions and aggregate earnings during the fiscal year. There were no distributions from the DC SERP in fiscal year 2007.

Name	Executive Contributions in Last Fiscal Year (\$ (1))	Registrant Contributions in Last Fiscal Year (\$ (2))	Aggregate Earnings in Last Fiscal Year (\$ (3))	Aggregate Withdrawals / Distributions (\$)	Aggregate Balance at Last Fiscal Year End (\$ (4))
Robert W. Cremin	\$ 38,769	\$ 40,142	\$ 2,250	\$	\$ 81,161
Robert D. George	18,658	11,197	1,037		30,892
Frank E. Houston	6,906	5,779	201		12,886
Larry A. Kring	94,904	15,051	5,531		115,486
Stephen R. Larson	11,469	9,635	333		21,437

- (1) Represents elective deferrals of compensation that are also reported as compensation earned in fiscal 2007 in the Summary Compensation Table.
- (2) Represents Company matching contributions to the DC SERP earned in fiscal year 2007. Company contributions are also reported in the All Other Compensation column of the Summary Compensation Table for Fiscal 2007 in this proxy statement.
- (3) Represents increases/decreases due to dividends, earnings, fees and investment gains/losses.
- (4) Includes Company contributions earned in fiscal year 2007 that will not be made until early 2008 following calendar and qualified plan year closing activities.
- (5) Represents a Company discretionary contribution to provide international retirement package equalization per our offer letter with Mr. Wood, which stipulates 18% of base pay be allocated for retirement. Retirement benefits earned under the qualified and nonqualified retirement plans count toward meeting the 18% obligation. Mr. Wood's eligible compensation during fiscal year 2007 did not exceed the

## Edgar Filing: ESTERLINE TECHNOLOGIES CORP - Form DEF 14A

statutory maximum, so no matching contribution was earned under the DC SERP. The DC SERP became effective on January 1, 2007. The new plan provides an opportunity for participants to defer a portion of their cash compensation to be paid as a lump sum or in 10 annual installments upon retirement or at another future date. The executives may defer up to 75% of base pay and annual incentive compensation and up to 100% of long-term incentive compensation. Investment earnings are pursuant to each executive's individual elections from among available investment options, substantially similar to those in the Company's tax-qualified 401(k) plan, and are subject to daily valuation.

The DC SERP provides a Company match on part of the deferred compensation based on a formula that is substantially the same as that in the Company's tax-qualified 401(k) plan. The Company match applies to deferred compensation amounts that exceed certain statutory limits in the tax-qualified 401(k) plan. However, amounts earned under the long-term incentive compensation plan are excluded from earnings used in the match calculation of the DC SERP. The new plan also allows an employer discretionary contribution to enable the Company to provide international retirement package equalization for Mr. Wood.

#### **Termination of Employment and Change in Control Arrangements**

*Termination Protection Agreements.* The Company has entered into termination protection agreements with the Named Executive Officers which are designed to induce them to remain in the employ of the Company or any successor company in the event of a Change in Control Event by assuring compensation benefits if an officer is terminated without Cause or resigns for Good Reason, as defined in the agreements. In the event of such termination within two years after a Change in Control Event, the agreements provide for:

a lump sum payment equal to a pro rata amount of the average compensation received during the prior two years, reduced by the cash compensation actually paid, or earned and unpaid, to the executive with respect to service performed during the fiscal year in which the termination occurs;

a lump sum payment equal to all other earned, but unpaid amounts;

a lump sum payment equal to three times the average compensation paid during the prior two years;

reimbursement of certain legal fees and expenses associated with enforcing the agreement; and

continuation of life insurance, health and accident and disability benefits for the remainder of the initial two-year period or until other full-time employment is accepted, unless participation in the Company's plans or programs is not practicable, in which case the Company may provide executive with substantially similar benefits or cash compensation on an after-tax basis sufficient for the executive to purchase such benefits.

In the event any payments under the termination protection agreements are considered to be excess parachute payments under Section 280G of the Internal Revenue Code, either alone or together with other Company payments, the payments will be reduced so that the payments will not be treated as excess parachute payments. However, this payment reduction will only take place if the reduction would provide to the officer a greater net, after-tax benefit than he or she would receive if the payments were not subject to the reduction.

For purposes of the termination protection agreements, the following definitions apply:

Cause is generally defined as:

the willful and continued failure by the executive to substantially perform his duties and obligations to the Company (other than any such failure resulting from illness, sickness, or physical or mental incapacity) which failure continues after the Company has given notice to the executive; or

the willful engaging by the executive in misconduct that is significantly injurious to the Company, monetarily or otherwise.  
Good Reason is generally defined as:

## Edgar Filing: ESTERLINE TECHNOLOGIES CORP - Form DEF 14A

assignment to the executive of any duties inconsistent with, or the reduction of powers or functions associated with, his positions, duties, responsibilities and status with the Company immediately prior to the transaction or any removal of the executive from or any failure to re-elect the executive to any positions or offices the executive held immediately prior to the transaction, except in connection with the termination of the executive's employment by the Company for cause or for disability, or the failure to maintain a working environment conducive to the performance of the executive's duties or the effective exercise of the powers or functions associated with the executive's position, responsibilities and status with the Company immediately prior to the transaction;

the Company's failure to pay the executive a monthly base salary at least equal to the then applicable minimum base salary provided for in the agreement;

the Company's failure to pay the executive, within 75 days following the end of a fiscal year, compensation with respect to each such fiscal year ending after the transaction in an amount at least equal to the minimum total compensation provided for in the agreement;

the Company's mandatory transfer of the executive to another geographic location, without the executive's consent, outside of a twenty (20) mile radius from the executive's current location;

Company action or omission, in its capacity as a plan administrator or otherwise, that would adversely affect the executive's participation in any fringe benefit program in effect at the time of the transaction, or materially reduce the value of his benefits under any such program; or

failure by the Company to obtain an assumption of the obligations of the Company to perform the agreement by any successor.

Change in Control Event is generally defined as:

an acquisition by any individual, entity or group of beneficial ownership of 30% or more of either (1) the then outstanding shares of Common Stock of the Company or (2) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors, excluding, certain acquisitions involving the Company or a related company; or

a change in the composition of the Board during any two-year period such that the individuals who, as of the beginning of such two-year period, constitute the Board cease for any reason to constitute at least a majority of the Board.

*Severance Protection Agreement.* The Company and Richard Wood are party to a severance protection agreement dated February 23, 2005 pursuant to which Mr. Wood is entitled to receive salary continuation of his then-current base salary for one year plus a lump sum payment equal to one-half of the total cash incentive compensation earned by Mr. Wood in the two prior fiscal years in the event either Mr. Wood's employment is terminated without Cause or Mr. Wood resigns from the Company for Good Reason during the period ending on the earlier of Mr. Wood's normal retirement date or the date of any future agreement between the Company and Mr. Wood involving Mr. Wood's re-assignment to the U.K. or France. Mr. Wood's employment was terminated without Cause in fiscal 2007.

For purposes of the severance protection agreement, the following definitions apply:

Cause is generally defined as significant:

acts or omissions detrimental to the assets, business, or other interests of the Company;

dishonesty;

neglect, insubordination, or failure to perform assigned responsibilities; or

participation in any legal action against the Company, a customer, or an affiliated company.

Good Reason is generally defined as:

transfer to an unsuitable position, unsuitable duties, or to a work location other than the greater Seattle area, the greater London area or France; or

the Company's failure to pay salary or other compensation that is earned and due.  
*2004 Equity Incentive Plan.* Please refer to the description of the company transaction and change in control provisions of the 2004 Equity Incentive Plan under the proposal for Approval of Amendment to 2004 Equity Incentive Plan in this proxy statement.

*1997 Stock Option Plan.* All options held by the Named Executive Officers issued pursuant to the Company's 1997 Stock Option Plan become 100% vested and exercisable in connection with the following events generally described:

the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who, on the effective date of the plan, constitute the Board and any new director whose appointment or election by the Board or nomination for election by the Company's shareholders was approved or recommended by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors on the date hereof or whose appointment, election or nomination for election was previously so approved or recommended;

consummation of a merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation, other than (1) a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior to such merger or consolidation continuing to represent at least 70% of the combined voting power of the securities of the Company or such surviving entity or any parent thereof outstanding immediately after such merger or consolidation, or (2) a merger or consolidation effected to implement a recapitalization of the Company in which no person is or becomes the beneficial owner of securities of the Company representing 30% or more of the combined voting power of the Company's then outstanding securities;

the consummation of a plan of complete liquidation or dissolution of the Company or there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company to certain related entities; or

consummation of a sale or other disposition which, when aggregated with any other such sale(s) or disposition(s) occurring within 12 months of such sale or disposition, relates to 30% or more of the equity book value of the Company as measured as of the fiscal month-end immediately preceding the first such sale or disposition.

*Annual Incentive Compensation Plan.* Under the terms of the 2007 Annual Incentive Compensation Plan, participants must remain employed by the Company through the entire fiscal year and through the payment date (within 60 days following fiscal year-end) to be entitled to receive payment, unless termination is due to retirement, disability or death, in which case the participant will be entitled to a pro-rata amount based on the participant's period of active employment.

*Long-Term Incentive Plan.* Under the terms of the LTIP, participants must be actively employed by the Company through the entire performance period and through the payment date (on or before January 10 following the end of each performance period) to be entitled to receive payment, unless termination is due to retirement, disability or death, in which case the participant will be entitled to the actual award for the full performance period in the normal course so long as the participant completed at least one year of continuous employment during the performance period.

*Pension Plans.* Under the terms of the Pension Plan and SERPs (Frozen and New), a participant must earn five years of service to receive a termination benefit. Disability benefits are available to any active participant who becomes totally and permanently disabled and remains so until normal retirement age. The disability benefit is calculated assuming the rate of pay at disability continues in effect until normal retirement age, and includes service from the date of disability until normal retirement age. Normal retirement age is 65, with 5 years of service, and early retirement can occur once a participant's age plus years of service equal at least 65 years.

### Potential Payments Upon Termination of Employment or Change in Control

The estimated potential incremental payments and benefits for the Named Executive Officers under each termination scenario are outlined in the following table. The table does not include benefits generally available to all employees on a non-discriminatory basis or earned benefits, which are payments and benefits that the Named Executive Officers would have already earned during their employment with us whether or not a termination or change in control event had occurred. Actual amounts payable can only be determined at the time of termination or change in control.

(1) All scenarios assume termination and/or change in control occurred on October 26, 2007, the last day of fiscal 2007. The closing price of our Common Stock on that date was \$54.15.

(2) The amounts in this column do not reflect potential reductions as a result of the provision in the termination protection agreements that provides that in the event any payments thereunder are considered to be excess parachute payments under Section 280G of the Internal

Edgar Filing: ESTERLINE TECHNOLOGIES CORP - Form DEF 14A

Revenue Code, either alone or together with other Company payments, the payments will be reduced so that they will not be treated as excess parachute payments, but only if the reduction would provide the officer a greater net, after-tax benefit than he or she would receive if the payments were not subject to the reduction.

- (3) All executives receive a lump sum payment equal to three times the average compensation received during the prior two years.
- (4) Represents amounts under the 2007 Annual Incentive Compensation Plan and the 2005-2007 performance cycle under the LTIP. In addition, although the terms of the LTIP provide that participants are entitled to the actual award for the full performance period in the event of retirement, death or disability after at least one year of continuous employment during a performance cycle, the amounts in the table reflect the target amounts for the 2006-2008 performance cycle and the 2007-2009 performance cycle, because actual awards under these cycles cannot be determined at this time.
- (5) Represents the difference between the closing price of the Company's Common Stock on October 26, 2007, and the exercise price of the accelerated options. Options accelerate even if the executive's employment is not terminated. For purposes of stock options granted under the 2004 Equity Incentive Plan, this assumes the stock options are not assumed or substituted for by the successor company in a company transaction.
- (6) Represents the cost of continuation of benefits for two years after the transaction, which is the longest period provided for under the termination protection agreements. These benefits include medical, dental, accident, disability and life insurance.
- (7) Represents the value of additional benefits due to early retirement or death in excess of what is shown in the Pension Benefits for Fiscal 2007 table in this proxy statement.
- (8) Represents the value of additional benefits due to termination of employment for reasons other than disability in excess of what is shown in the Pension Benefits for Fiscal 2007 table in this proxy statement.
- (9) Represents actual amounts payable to Mr. Wood under the terms of his severance protection agreement in connection with his termination in September 2007.

#### **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

The Company reviews related party transactions. Related party transactions are transactions that involve the Company's directors, executive officers, director nominees, 5% or more beneficial owners of the Company's Common Stock, immediate family members of these persons, or entities in which one of these persons has a direct or indirect material interest. Transactions that are reviewed as related party transactions by the Company are transactions that involve amounts that would exceed \$120,000 (the current threshold required to be disclosed in the proxy statement under SEC regulations and certain other similar transactions). Pursuant to the Company's Code of Business Conduct and Ethics, employees and directors have a duty to report any potential conflicts of interest to the appropriate level of management or to the Board of Directors, in the case of directors. The Company evaluates these reports along with responses to the Company's annual director and officer questionnaires for any indication of possible related party transactions. If a transaction is deemed by the Company to be a related party transaction, the information regarding the transaction is forwarded to the Audit Committee for review and approval. Pursuant to the Audit Committee's charter, it has been delegated the authority to review and approve all related party transactions.

**AUDIT COMMITTEE REPORT**

The Audit Committee of the Company's Board of Directors consists of five non-employee directors, each of whom the Board has determined (i) meets the independence criteria specified by the SEC and the requirements of Sections 303A.02 and other applicable sections of the NYSE listing standards and (ii) is financially literate in accordance with the requirements of Section 303A.07 of the NYSE listing standards. The Audit Committee annually reviews and reassesses its written charter, a copy of which is attached to this proxy as Annex B.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls for financial reporting. The Audit Committee is responsible for overseeing the Company's financial reporting processes on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements relating to the fiscal year ended October 26, 2007, and discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee selects and retains the Company's independent registered public accounting firm.

The Audit Committee discussed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters relating to the audit required to be discussed by Statements of Auditing Standards No. 61 (as amended). In addition, the Audit Committee has discussed with the independent registered public accounting firm the accounting firm's independence from management and the Company and received the written disclosures from the independent registered public accounting firm required by the Independence Standards Board Standard No. 1.

The Audit Committee discussed with the Company's internal auditors and the independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended October 26, 2007, for filing with the Securities and Exchange Commission.

Respectfully submitted,

(2) Includes fees associated with assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements, including, if applicable, fees related to assistance in financial due diligence related to mergers and acquisitions and consultation regarding generally accepted accounting principles.

(3) Includes fees associated with tax compliance, tax advice, and domestic and international tax planning. This category includes fees relating to tax planning on mergers and acquisitions, restructurings and other services related to tax disclosure and filing requirements.

The Audit Committee has adopted procedures for pre-approving all audit and permissible non-audit services provided by the independent registered public accounting firm. The Audit Committee may either pre-approve such services without consideration of specific case-by-case services ( general approval ) or pre-approve specific services ( specific pre-approval ). Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. In some cases, pre-approval is provided by the full Audit Committee for up to a year, and relates to a particular category or group of services and is subject to a specific budget. In other cases, the Chairman of the Audit Committee has the delegated authority from the Audit Committee to pre-approve additional services, and such pre-approvals are then communicated to the full Audit Committee at the following meeting. When pre-approving services, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee also considers whether the independent registered public accounting firm is best positioned to provide the most effective and efficient services, for reasons such as familiarity with the Company's business, people, culture, accounting systems, and risk profile and whether the services enhance the Company's ability to manage or control risks and improve audit quality.

All requests or applications for services to be provided by the independent registered public accounting firm that do not require specific pre-approval by the Audit Committee will be submitted to the Chief Financial Officer and must include a detailed description of the services to be rendered. The Audit Committee will be informed on a timely basis of any such services rendered by the independent registered public accounting firm. Requests or applications to provide services that require specific pre-approval by the Audit Committee will be submitted to the Audit Committee by both the independent registered public accounting firm and the Chief Financial Officer and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. The Audit Committee has designated the Corporate Controller to monitor the services provided by the independent registered public accounting firm, to determine whether such services are in compliance with the pre-approval policy and to report the results of such monitoring to the Audit Committee on a periodic basis.

**APPROVAL OF AMENDMENT TO 2004 EQUITY INCENTIVE PLAN**

The Board of Directors of the Company is seeking shareholder approval of an amendment to the Esterline Technologies Corporation 2004 Equity Incentive Plan (the "2004 Plan") to increase the number of shares of the Company's Common Stock reserved for issuance under the 2004 Plan by 1,000,000 shares. The Board approved this amendment to the 2004 Plan on December 7, 2007, subject to shareholder approval.

*The Board of Directors recommends a vote for approval of the amendment to the 2004 Plan.*

As of January 18, 2008, 1,000,000 shares of Common Stock were reserved for issuance under the 2004 Plan, plus up to an aggregate maximum of 1,251,000 shares that may be added from the Amended and Restated 1997 Stock Option Plan (the "1997 Plan"), in addition to the 1,000,000 new shares of Common Stock for which the Board is seeking shareholder approval.

As of the same date, 1,262,625 (2004 Plan) and 565,750 (1997 Plan) shares were subject to outstanding options already granted, for a total of 1,828,375 shares. Shares subject to these outstanding options that are not actually issued and delivered when an option is forfeited, settled for cash or otherwise terminated, or when shares are withheld by or tendered to the Company in connection with the exercise of an option or in connection with the satisfaction of tax withholding obligations, will become available for grant under the 2004 Plan. This leaves the Company with 421,625 shares available for grant.

Based on estimated usage rate, the Company currently anticipates depleting the shares available for grant under the 2004 Plan by the end of fiscal 2008. In order to continue to have an appropriate supply of shares for equity incentives to recruit, hire and retain the talent required to successfully execute the Company's business plans, the Board believes that the Company will need the additional 1,000,000 shares to be available under the 2004 Plan. The Company plans to use the additional 1,000,000 shares for which shareholder approval is sought to retain and reward existing key contributors, including key executive officers and to ensure their compensation is aligned with shareholder interests. While adding 1,000,000 shares to the 2004 Plan will increase the potential dilution and value transfer represented by this plan, the Board believes the Company's equity compensation plans are well-managed and below norms for the Company's industry.

A copy of the 2004 Plan, as amended, is attached to this proxy statement as Annex C and is incorporated herein by reference. The following description of the 2004 Plan, as amended, is a summary and does not purport to be a complete description. See Annex C for more detailed information.

**Description of the 2004 Plan**

Purpose

The purpose of the 2004 Plan is to attract, retain and motivate employees, officers and directors of the Company and its affiliates by providing them the opportunity to acquire a proprietary interest in the Company and to link their interests and efforts to the long-term interests of the Company's shareholders.

Administration - The Compensation Committee

The 2004 Plan is administered by the Compensation Committee of the Board. The committee has the authority to administer the plan, including, among other things, the power to select individuals to whom awards are granted, to determine the types of awards and the number of shares subject to each award, to set the terms, conditions and provisions of such awards, to cancel or suspend awards and to establish procedures pursuant to which the payment of any such awards may be deferred. The committee may delegate to one or more of the Company's officers, to the extent permitted by Delaware law, the right to grant awards with respect to employees who are not officers or directors.

Eligibility

Awards may be granted under the 2004 Plan to employees, officers and directors, including non-employee directors, of the Company and its affiliates. As of December 28, 2007, approximately 8,750 employees, officers and directors were eligible to participate in the 2004 Plan.

Types of Awards

The 2004 Plan permits the granting of any or all of the following types of awards: (1) incentive and nonqualified stock options, (2) stock appreciation rights, (3) stock awards, restricted stock and stock units, (4) performance shares and performance units conditioned upon meeting performance criteria and (5) other stock or cash-based awards.

*Stock Options.* Stock options entitle the holder to purchase a specified number of shares of the Company's Common Stock at a specified price, which is called the exercise price, subject to the terms and conditions of the option grant. Except for certain grants made or adjusted to assume or convert awards in connection with acquisition transactions, the exercise price of stock options under the 2004 Plan must be at least 100% of the fair market value of the stock for the date of grant. The committee will fix the term of each option, but no option under the 2004 Plan will be exercisable more than ten years after the option is granted. Each option will be exercisable at such time or times as determined by the committee. Options may be exercised, in whole or in part, by payment in full of the purchase price either in cash, delivery of the Company's Common Stock or delivery of other consideration, or by any combination of cash, stock and other consideration as may be determined by the committee. Options may also be exercised by means of a broker-assisted cashless exercise.

After termination of service with the Company or its affiliates, a participant will be able to exercise the vested portion of his or her options for the period of time stated in the option agreement. If no such period of time is stated in a participant's option agreement, a participant will generally be able to exercise his or her option for (i) three months following his or her termination for reasons other than cause, retirement, death or disability or (ii) three years following his or her termination due to retirement, death or disability. If a participant is terminated for cause, all options generally will automatically expire. If a participant dies after termination of service but while an option is still exercisable, the portion of the option that was vested and exercisable as of the date of termination will generally expire on the one-year anniversary of the participant's death. In no event will an option be able to be exercised later than the expiration of its term.

*Stock Appreciation Rights ( SARs ).* SARs may be granted alone ( freestanding ) or in addition to other awards and may, but need not, relate to a specific option granted under the 2004 Plan ( related option ). Upon exercise of an SAR, the holder is entitled to receive the excess of the fair market value of the shares for which the right is exercised over the grant price of the SAR. The committee may impose any conditions or restrictions on the exercise of an SAR as it deems appropriate; however, under the 2004 Plan the grant price of a freestanding SAR generally will not be less than the fair market value of the Company's Common Stock for the date of grant, except for certain grants made or adjusted to assume or convert awards in connection with acquisition transactions, and the term will not be more than ten years. Payment upon such exercise will be in cash, stock, other property or any combination of cash, stock or other property as determined by the committee and set forth in the instrument evidencing the SAR. Any related option will no longer be exercisable to the extent the SAR has been exercised, and the related SAR will generally be canceled to the extent the option has been exercised.

*Stock Awards, Restricted Stock and Stock Units.* Awards of shares of stock, or awards designated in units of stock, may be granted under the 2004 Plan. These awards may be made subject to forfeiture restrictions at the committee's discretion, and the committee may waive any such restriction at any time in its sole discretion. Such restrictions may be based on continuous service with the Company or its affiliates and/or the achievement of performance criteria, as determined by the committee. Until the lapse of the restrictions, recipients may not dispose of their restricted stock. Upon termination of employment during the restriction period, all shares of restricted stock still subject to restriction will be forfeited, subject to any exceptions that may be authorized by the committee.

*Performance Awards.* Performance awards may be in the form of performance shares, which are units valued by reference to shares of stock, or performance units, which are units valued by reference to property other than stock. Performance shares or performance units may be payable upon the attainment of performance criteria and other terms and conditions as established by the committee, and the amount of any payment may be adjusted on the basis of such further conditions as the committee determines. Performance awards may be paid entirely in cash or in any combination of cash, stock or other property, in the discretion of the committee.

*Other Stock or Cash-Based Awards.* Incentives payable in cash or in shares of Common Stock subject to terms and conditions determined by the committee may be granted either alone or in addition to other awards granted under the 2004 Plan.

Shares Subject to the 2004 Plan

*Number of Shares Reserved for Issuance.* The 2004 Plan authorizes the issuance of up to 3,251,000 shares of Common Stock, which includes (1) 2,000,000 shares, (2) 685,250 shares not issued or subject to outstanding awards under the 1997 Plan and (3) up to 565,750 shares that are subject to outstanding options granted under the 1997 Plan that may become available for issuance under the 2004 Plan to the extent that such outstanding options are forfeited or otherwise expire or terminate without the issuance of shares. Shares of Common Stock covered by an award granted under the 2004 Plan will not be counted as used unless and until they are actually issued and delivered to a participant. Shares relating to awards granted under the 2004 Plan that are forfeited, settled for cash or otherwise terminated and shares withheld by or tendered to the Company in connection with the exercise of an option or other award granted under the 2004 Plan or in connection with the satisfaction of tax withholding obligations relating to awards or exercises of options or other awards will become available for issuance under the 2004 Plan. Awards made or adjusted to assume or convert awards in connection with acquisition transactions will not reduce the number of shares authorized for issuance under the 2004 Plan. The shares of stock deliverable under the 2004 Plan may consist in whole or in part of authorized and unissued shares, treasury shares or shares purchased in the open market or otherwise. The committee will adjust the aggregate number and kind of shares authorized for issuance under the 2004 Plan and the number and kind of shares subject to outstanding awards under the 2004 Plan in the event of a change affecting shares of Common Stock, such as a stock dividend, stock split, recapitalization, reorganization, merger or similar event.

*Limitations on Use of Shares Subject to the 2004 Plan.* Subject to adjustment in the event of a stock dividend, stock split, recapitalization, reorganization, merger or similar event, the committee may not make awards under the 2004 Plan to any single participant who is a covered employee for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) in any calendar year that relate to more than 325,000 shares of Common Stock, except that the committee may make a one-time award to a newly hired or promoted participant relating to up to 650,000 shares of Common Stock. In addition, the committee may not grant performance units to any single covered employee in any one calendar year with a maximum dollar value greater than \$4,000,000. The maximum number of shares that may be issued under the 2004 Plan pursuant to awards, other than options and stock appreciation rights, that contain no restriction or restrictions based solely on continuous employment or services for less than three years (except for termination of employment by reason or death, disability or retirement) is 50% of the maximum number of shares reserved under the 2004 Plan. The maximum number of shares that may be issued pursuant to the exercise of incentive stock options under the 2004 Plan is the total stated number of shares reserved under the 2004 Plan.

Nonassignability of Awards

Unless the committee determines otherwise, no award granted under the 2004 Plan may be sold, assigned, transferred, pledged or otherwise encumbered by a participant, other than by will, by designation of a beneficiary in a manner established by the committee or by the laws of descent and distribution. Each award may be exercisable, during the participant's lifetime, only by the participant.

Term, Termination and Amendment

Unless earlier terminated by the Board or the committee, the 2004 Plan will terminate on March 3, 2014. The Board or the committee may generally amend, alter, suspend, discontinue or terminate all or a portion of the 2004 Plan at any time, as long as the rights of a participant are not materially impaired without the participant's consent, subject to shareholder approval to the extent necessary to comply with applicable law, stock exchange rule or regulatory requirements or, as determined by the committee, to qualify with tax requirements. The committee may amend the terms of any award granted, prospectively or retroactively, but cannot materially impair the rights of any participant without the participant's consent. Also, generally, no change or adjustment may be made to an outstanding incentive stock option, without the consent of the participant that would cause the incentive stock option to fail to continue to qualify as an incentive stock option under the Code.

Repricing

The committee may not reprice options or SARs without shareholder approval.

Performance-Based Compensation under Section 162(m)

Under Section 162(m) of the Code, the Company is generally prohibited from deducting for federal income tax purposes compensation paid to its chief executive officer and three other most highly compensated executive officers (other than the chief financial officer) in excess of \$1,000,000 per person in any year. However, compensation that qualifies as performance-based is excluded for purposes of calculating the amount of compensation subject to the \$1,000,000 limit. If the committee intends to qualify an award under the 2004 Plan as qualified performance-based compensation under Section 162(m) of the Code, the performance goals it may choose include any of the following, or any combination, for the Company as a whole, or as any business unit, as reported or calculated by the Company: return on average common shareholders' equity; return on average equity; return on equity; return on invested capital; total shareholder return; stock price appreciation; efficiency ratio (other expense as a percentage of other income plus net interest income); net operating expense (other income less other expense); earnings per share; earnings per diluted share; operating earnings (earnings before transaction-related expense) per diluted share; net operating earnings (earnings before transaction-related expense) per diluted share; book value per share; cash flows (including, but not limited to, operating cash flow, free cash flow or cash flow return on capital); working capital; earnings (including or excluding interest, taxes, depreciation, amortization, extraordinary items, restructuring charges or other expense(s)); net income; operating income (including or excluding depreciation, amortization, extraordinary items, restructuring charges or other expense(s)); revenues; operating revenues; return on assets; return on nondepreciable assets; return on average assets; debt; debt plus equity; market or economic value added; lost control; strategic initiatives; net income; improvement in capital structure; ratio of non-performing to performing assets; return on an investment in an affiliate; net interest income; net interest margin; ratio of common equity to total assets; regulatory compliance metrics; and customer service metrics. Such performance goals also may be based on the Company's achievement of specified levels of performance for the Company as a whole or any business unit under one or more of the performance criteria described above relative to the performance of other corporations.

Company Transaction and Change in Control

*Company Transaction.* Under the 2004 Plan, to maintain all of the participants' rights in the event of a Company transaction that is not a change in control or a related party transaction, unless the committee determines otherwise at the time of grant with respect to a particular award:

All outstanding awards other than performance awards become fully and immediately exercisable immediately prior to the Company transaction, unless such awards are converted, assumed, or replaced by the successor company. The Company can elect to cash-out awards.

Performance awards earned and outstanding become payable in full at the target level and deferrals or other restrictions not waived by the committee shall remain in effect.

*Change in Control.* Under the 2004 Plan, to maintain all of the participants' rights in the event of a change in control of the Company (as described below), unless the committee determines otherwise at the time of grant with respect to a particular award:

Any options and stock appreciation rights shall become fully exercisable and vested to the full extent of the original grant.

Any restrictions and deferral limitations applicable to any restricted stock or stock units shall lapse.

All performance awards shall be considered to be earned and payable in full at the target level, and any deferral or other restriction shall lapse and such performance stock and performance units shall be immediately settled or distributed.

Any restrictions and deferral limitations and other conditions applicable to any other awards shall lapse, and such other awards shall become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original grant.

The committee can provide a cash-out right for awards in connection with a change in control.

*Definition of Company Transaction.* Under the 2004 Plan, a Company transaction generally means the consummation of any of the following:

a merger or consolidation of the Company with or into any other company or other entity;

a sale in one transaction or a series of transactions undertaken with a common purpose of at least 50% of the Company's outstanding voting securities; or

a sale, lease, exchange or other transfer in one transaction or a series of related transactions undertaken with a common purpose of at least 50% of the Company's assets.

*Definition of Related Party Transaction.* Under the 2004 Plan, a related party transaction generally means a Company transaction pursuant to which:

the beneficial ownership of the Company or the resulting company remains the same with respect to at least 70% of the voting power of the outstanding voting securities in substantially the same proportions as immediately prior to such Company transaction;

no entity (other than the Company or an affiliate) will beneficially own 30% or more of the outstanding shares of Common Stock of the resulting company or the voting power of the outstanding voting securities; and

the Company's incumbent board will, after the Company transaction, constitute at least a majority of the board of the company resulting from such Company transaction.

*Definition of Change in Control.* Under the 2004 Plan, a change in control of the Company generally means the occurrence of any of the following events:

an acquisition of beneficial ownership of 30% or more of either (a) the then outstanding shares of Common Stock of the Company or (b) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (excluding any acquisition directly from the Company, any acquisition by the Company, any acquisition by any employee benefit plan of the Company, or a related party transaction).

a change in the composition of the Board during any two-year period such that the incumbent board members cease to constitute at least a majority (not including directors whose election was approved by at least two-thirds of the incumbent board).

#### **U.S. Federal Income Tax Consequences**

The following briefly describes the U.S. federal income tax consequences of the 2004 Plan generally applicable to the Company and to participants who are U.S. citizens. The discussion is general in nature and does not address issues relating to the tax circumstances of any individual employee. The discussion is based on the Code, applicable Treasury Regulations and administrative and judicial interpretations thereof, each as in effect on the date of this proxy statement and is, therefore, subject to future changes in the law, possibly with retroactive effect. The discussion does not address the consequences of state, local or foreign tax laws.

Stock Options

*Nonqualified Stock Options.* A participant generally will not recognize taxable income upon the grant or vesting of a nonqualified stock option with an exercise price at least equal to the fair market value of the Common Stock on the date of grant and no additional deferral feature. Upon the exercise of a nonqualified stock option, a participant generally will recognize taxable ordinary income equal to the difference between the fair market value of the shares on the date of exercise and the option exercise price. When a participant sells the shares, the participant will have short-term or long-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. The tax basis of the shares generally will be equal to the greater of the fair market value of the shares on the exercise date or the option exercise price.

*Incentive Stock Options.* A participant generally will not recognize taxable income upon the grant of an incentive stock option. If a participant exercises an incentive stock option during employment or within three months after his or her employment ends other than as a result of death (12 months in the case of disability), the participant will not recognize taxable income at the time of exercise for regular U.S. federal income tax purposes (although the participant generally will have taxable income for alternative minimum tax purposes at that time as if the option were a nonqualified stock option). If a participant sells or exchanges the shares after the later of (a) one year from the date the participant exercised the option and (b) two years from the grant date of the option, the participant will recognize long-term capital gain or loss equal to the difference between the amount the participant received in the sale or exchange and the option exercise price. If a participant disposes of the shares before these holding period requirements are satisfied, the disposition will constitute a disqualifying disposition, and the participant generally will recognize taxable ordinary income in the year of disposition equal to the excess, as of the date of exercise of the option, of the fair market value of the shares received over the option exercise price (or, if less, the excess of the amount realized on the sale of the shares over the option exercise price). Additionally, the participant will have long-term or short-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received upon disposition of the shares and the option exercise price increased by the amount of ordinary income, if any, the participant recognized.

With respect to both nonqualified stock options and incentive stock options, special rules apply if a participant uses shares already held by the participant to pay the exercise price or if the shares received upon exercise of the option are subject to a substantial risk of forfeiture by the participant.

Stock Appreciation Rights

A participant generally will not recognize taxable income upon the grant or vesting of an SAR with a grant price at least equal to the fair market value of the Common Stock on the date of grant and no additional deferral feature. Upon the exercise of an SAR, a participant generally will recognize taxable ordinary income equal to the difference between the fair market value of the underlying shares on the date of exercise and the grant price of the SAR.

Unrestricted Stock Awards

Upon receipt of a stock award, a participant generally will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid to the Company by the participant for the shares. When a participant sells the shares, the participant will have short-term or long-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. The tax basis of the shares generally will be equal to the amount, if any, paid to the Company by the participant for the shares plus the amount of taxable ordinary income recognized by the participant upon receipt of the shares.

Restricted Stock Awards

Upon receipt of a restricted stock award, a participant generally will recognize taxable ordinary income when the shares cease to be subject to restrictions in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid to the Company by the participant for the shares. However, no later than 30 days after a participant receives the restricted stock award, the participant may elect to recognize taxable ordinary income in an amount equal to the fair market value of the shares at the time of receipt. Provided that the election is made in a timely manner, when the restrictions on the shares lapse, the participant will not recognize any additional income. When a participant sells the shares, the participant will have short-term or long-term capital gain or loss, as

the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. The tax basis of the shares generally will be equal to the amount, if any, paid to the Company by the participant for the shares plus the amount of taxable ordinary income recognized by the participant either at the time the restrictions lapsed or at the time of election, if an election was made by the participant. If the participant forfeits the shares to the Company (e.g., upon the participant's termination prior to expiration of the restriction period), the participant may not claim a deduction with respect to the income recognized as a result of the election.

Any dividends paid with respect to shares of restricted stock generally will be taxable as ordinary income to the participant at the time the dividends are received.

*Performance Awards and Other Stock Unit Awards*

A participant generally will not recognize taxable income upon the grant of a performance award. Upon the distribution of cash, shares or other property to a participant pursuant to the terms of a performance award, the participant generally will recognize taxable ordinary income equal to the excess of the amount of cash or the fair market value of any property transferred to the participant over any amount paid to the Company by the participant with respect to the award. The tax consequences of other stock unit awards will depend upon the specific terms of each award.

*Tax Consequences to the Company*

In the foregoing cases, the Company generally will be entitled to a deduction at the same time and in the same amount as a participant recognizes ordinary income, subject to the limitations imposed under the Code.

*Tax Withholding*

The Company is authorized to withhold from any award granted or payment due under the 2004 Plan the amount of any withholding taxes due in respect of the award or payment and to take such other action as may be necessary to satisfy all obligations for the payment of applicable withholding taxes. The committee is authorized to establish procedures for election by participants to satisfy their obligations for the payment of withholding taxes by delivery of shares of the Company's stock or by directing the Company to retain stock otherwise deliverable in connection with the award.

**Other Information**

A new plan benefits table, as described in the federal proxy rules, is not provided because all awards made under the 2004 Plan are discretionary. However, please refer to the Summary Compensation Table for Fiscal 2007 and the Grants of Plan-Based Awards Table for Fiscal 2007 of this proxy statement, which set forth information regarding the awards made to Named Executive Officers in the last fiscal year. The closing price of the Company's Common Stock, as reported on the New York Stock Exchange on January 18, 2008, was \$45.20 per share.

**APPROVAL OF AMENDMENT TO 2002 EMPLOYEE STOCK PURCHASE PLAN**

The Board of Directors is asking the shareholders to approve an amendment to the Esterline Technologies Corporation 2002 Employee Stock Purchase Plan (the ESPP) to increase by 250,000 shares (from 450,000 shares to 700,000 shares) the number of shares of the Company's Common Stock reserved for issuance under the ESPP.

The Board believes that the ESPP provides a valuable opportunity for employees to acquire an ownership interest in the Company and provides shareholder value by aligning employee and shareholder interests. The Board amended the ESPP to increase the number of shares reserved for issuance to permit employee participation in the ESPP to continue at historical levels and preserve the ESPP's benefits.

Approximately 18% of the Company's employees participated in the ESPP in fiscal 2007. The amendment to the ESPP was approved by the Board on December 5, 2007, but will become effective only upon approval by the shareholders.

***The Board of Directors recommends a vote FOR approval of the amendment to the 2002 Employee Stock Purchase Plan.***

A copy of the ESPP, as amended, is attached to this proxy statement as Annex D and is incorporated herein by reference. The following description of the ESPP, as amended, is a summary and does not purport to be a complete description. See Annex D for more detailed information.

**Description of the ESPP**

*Purpose.* The purpose of the ESPP is to assist employees of the Company, its U.S. subsidiaries and any other subsidiaries the Board may designate in acquiring a stock ownership interest in the Company pursuant to a plan that is intended to qualify for beneficial tax treatment under Section 423 of the Internal Revenue Code of 1986, as amended (the Code). The ESPP is also intended to encourage employees to work in the best interests of the shareholders, to support recruitment and retention of qualified employees and to provide employees with an advantageous means of accumulating long-term investments.

*Administration.* The ESPP may be administered by the Company's Board of Directors or any Board appointed committee, or by one or more executive officers designated by the Board or the committee. The Board has established an Administrative Committee to serve as the plan administrator, which is composed of the Company's Chief Executive Officer, Chief Financial Officer and Vice President of Human Resources. The plan administrator is authorized to administer and interpret the ESPP and to make such rules and regulations as it deems necessary to administer the ESPP, so long as such interpretation, administration or application regarding purchases corresponds to the requirements of Code Section 423.

*Stock Subject to the ESPP.* Under the ESPP, qualified employees may purchase shares of Common Stock through payroll deductions at a discount from market price, without incurring broker commissions. A maximum of 700,000 shares of Common Stock, subject to adjustment for stock splits and similar events, are reserved for issuance under the ESPP. The Common Stock issued under the ESPP will be from authorized but unissued shares of the Company's Common Stock or from treasury shares.

*Eligibility.* To be eligible to participate in the ESPP, an employee must be employed by the Company or a designated subsidiary at least 20 hours per week, have been employed by the Company or a designated subsidiary for a minimum of one year, and may not own 5% or more of the combined voting power or value of the Company's capital stock or that of any related corporations. These eligibility criteria may be changed by the plan administrator for future offering periods within the limits of Code Section 423. Non-employee directors of the Company are not eligible to participate in the ESPP. Approximately 4,183 employees are eligible to participate in the ESPP as of December 16, 2007.

*Offering Periods.* The ESPP is divided into six-month offering periods that begin on June 16 and December 16 of each year and end, respectively, on the next December 15 and June 15. During the offering periods, participating employees accumulate funds in an account used to buy Common Stock through payroll deductions. Payroll deductions accrue at a rate of not less than 1% and not more than 15% of the employee's base pay during each

payroll period in an offering period. At the end of each six-month offering period, the purchase price is determined and the participating employees' accumulated funds are used to purchase the appropriate number of whole shares of Common Stock. Under the ESPP, no employee may purchase more than \$25,000 worth of Common Stock (based on the fair market value of the Common Stock on the first day of an offering period) during any calendar year, and no employee may purchase more than 2,000 shares in any single offering period.

*Purchase Price.* The purchase price per share of Common Stock is 85% of the lesser of (1) the fair market value of the Common Stock on the first day of an offering period, and (2) the fair market value of the Common Stock on the last day of an offering period, unless the plan administrator establishes a higher percentage for a future offering. For purposes of the ESPP, fair market value generally means the closing sale price for the Common Stock for the day. As of January 18, 2008, the closing sales price for the Common Stock was \$45.20 per share.

*Effect of Termination.* Employees have no right to acquire shares under the ESPP upon termination of their employment for any reason prior to the last business day of an offering period. Upon termination of employment, the Company will pay the balance in the employee's ESPP account to the employee or to his or her estate without interest.

*Nontransferability.* Rights with regard to the purchase of shares under the ESPP are not transferable and shall be exercised during the employee's lifetime only by the employee. An employee may designate a beneficiary who may receive any shares or cash from an employee's account under the ESPP.

*Change in Control.* In the event of certain mergers, consolidations or acquisitions by another corporation of all or substantially all of the Company's assets, each outstanding option to purchase shares under the ESPP will be assumed or an equivalent option substituted by the successor corporation. If the successor corporation refuses to assume or substitute for the option, the offering period during which a participant may purchase stock will be shortened to a specified date before such proposed transaction.

*Amendment, Suspension and Termination of the ESPP.* The Board generally has the power to amend, suspend or terminate the ESPP, except that the Board may not amend the ESPP without shareholder approval if such approval is required by Section 423 of the Code. Unless sooner terminated, the ESPP will terminate on September 17, 2011.

*Subplans for Eligible Employees in Other Countries.* The ESPP permits the plan administrator to establish procedures to permit eligible employees who are employed by non-domestic designated subsidiaries of the Company to participate in the ESPP on terms and conditions different from those specified in the ESPP and authorizes the plan administrator to adopt modifications or subplans to comply with law, regulation or similar requirements to operate the ESPP in an advantageous way in countries or jurisdictions outside the U.S.

*The Company's Sharesave Scheme.* The Company has adopted the Esterline Technologies Corporation Sharesave Scheme as a subplan for eligible employees in England effective January 6, 2005. The Sharesave Scheme contains provisions that differ from those of the ESPP as required for the Sharesave Scheme to be a qualified plan under applicable English law, which permits those employees to participate in the ESPP while providing advantageous tax benefits to those employees.

## **U.S. Federal Income Tax Consequences**

The Company intends that the ESPP qualify as an employee stock purchase plan under Section 423 of the Code. The following discussion is only a brief summary of the material federal income tax consequences to the Company and the participating employees in the United States in connection with the ESPP. The discussion is general in nature and does not address issues relating to the income tax circumstances of any individual employee or any employee who is not a U.S. citizen. The discussion is based on the Code, applicable Treasury regulations and administrative and judicial interpretations thereof, each as in effect on the date of this proxy statement and is, therefore, subject to future changes in the law, possibly with retroactive effect. The discussion does not address the consequences of state, local or foreign tax laws.

Under the Code, the Company is deemed to grant employee participants in the ESPP an option on the first day of each offering period to purchase as many shares of Common Stock as the employee will be able to purchase with the payroll deductions credited to his or her account during the offering period. On the last day of each six-month offering period, the purchase price is determined and the employee is deemed to have exercised the option and purchased the number of shares of Common Stock his or her accumulated payroll deductions will purchase at the purchase price.

The amounts deducted from a participating employee's pay pursuant to the ESPP will be included in the employee's compensation and be subject to federal income and employment tax. Generally, no additional income will be recognized by the employee either at the beginning of the offering period or when the option is granted or at the time the employee purchases shares of Common Stock pursuant to the ESPP.

The required holding period for favorable federal income tax treatment upon disposition of Common Stock acquired under the ESPP is the later of (1) two years after the deemed option is granted (the first day of the relevant offering period), and (2) one year after the deemed option is exercised and the Common Stock is purchased (the last day of the relevant offering period). When the Common Stock is disposed of after this period, or after the employee's death if the employee dies while holding the Common Stock (a qualifying disposition), the employee (or in the case of death the employee's estate) realizes ordinary income to the extent of the lesser of (a) the amount by which the fair market value of the Common Stock at the time the deemed option was granted exceeded the option price, and (b) the amount by which the fair market value of the Common Stock at the time of the disposition exceeded the option price. The option price is generally equal to 85% of the lesser of the fair market value of the Common Stock on the first day of the offering period and the fair market value of the Common Stock on the last day of the offering period. Thus, the maximum amount of gain taxable as ordinary income generally is the amount of the 15% discount measured as of the last day of an offering period. Any further gain recognized on a qualifying disposition will be long-term capital gain. If the sale price is less than the option price, there is no ordinary income and any loss recognized generally will be a long-term capital loss.

When an employee sells or disposes of the Common Stock acquired under the ESPP (including by way of most gifts) before the expiration of the required holding period (a disqualifying disposition), the employee generally will recognize ordinary income to the extent of the difference between the price actually paid for the Common Stock and the fair market value of the Common Stock at the date the option was exercised (the last day of an offering period), regardless of the price at which the Common Stock is sold. Any additional gain recognized upon the disqualifying disposition will be capital gain. The capital gain will be long-term if the employee held the shares more than 12 months. If the sale price is less than the fair market value of the Common Stock at the date of exercise, then the employee will have a capital loss equal to such difference.

Even though an employee must treat part of his or her gain on a qualifying disposition of Common Stock acquired under the ESPP as ordinary income, the Company may not take a business deduction for such amount. However, if an employee makes a disqualifying disposition of Common Stock acquired under the ESPP, the amount of income that the employee must report as ordinary income generally qualifies as a business deduction for the Company for the year of such disposition, subject to the limitations imposed under the Code.

#### **Other Information**

Because participation in the ESPP is entirely within the discretion of the eligible employees, a new plan benefits table, as described in the federal proxy rules, is not provided. Because the Company cannot predict the participation levels by employees, the rate of employee contributions or the eventual purchase price under the ESPP, it is not possible to determine the value of benefits that may be obtained by executive officers and other employees under the ESPP. Non-employee directors are not eligible to participate in the ESPP.

The Audit Committee of the Board of Directors of the Company will be appointing the independent registered public accounting firm to audit its consolidated financial statements for the fiscal year ending October 31, 2008, at its regular meeting in March 2008 in accordance with the Audit Committee's past practice.

#### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, generally requires the Company's directors, executive officers and 10% or greater shareholders to file electronically reports of their ownership of Common Stock and of changes in such ownership to the SEC. SEC regulations also require the Company to identify in this proxy statement any person subject to this requirement who did not file a Section 16 report on a timely basis. Based solely upon a review of such reports furnished to the Company and written representations from the executive officers and directors that no other reports were required, the Company believes that all such reports were filed on a timely basis during fiscal year 2007.

## OTHER MATTERS

As of the date of this proxy statement, the only matters which management intends to present at the meeting are those set forth in the notice of meeting and in this proxy statement. **EXCERPT FROM CORPORATE GOVERNANCE GUIDELINES**

*(d) Independence: Defining Independence for this Board*

An independent director is a director who has been affirmatively determined by the Board to have no material relationship with the Company or its management (either directly or as a partner, significant shareholder or executive officer of an organization that has a material relationship with the Company).

In addition, the Board will not deem a director independent if within the last three (3) years:

The director was an employee of the Company.

The director was affiliated with or employed by an independent public accounting firm for the Company (or of an affiliate).

The director was part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee (or the board if no compensation committee) of another company that concurrently employed the director.

The director has an immediate family member falling in any of the foregoing categories.

The Board shall also apply any additional independence standards adopted by the New York Stock Exchange or the Securities and Exchange Commission.

The Board must approve any contributions or pledges by the Company in excess of \$50,000 per year to any non-profit organization for which a director serves as an executive officer, director, trustee or in an equivalent policy-making role.

For purposes of determining director independence for audit committee purposes, the following additional requirements apply:

A director cannot receive, directly or indirectly, any consulting or advisory fees or any other compensation other than director's fees from the Company;

A director cannot be an affiliated person of the Company or any of its subsidiaries (as such term is defined under applicable federal securities laws and regulations), except as specifically permitted under such laws and regulations or official interpretations thereof.

In addition, in making its independence determinations the Board should consider any director affiliation, relationship or transaction brought to the attention of the Nominating & Corporate Governance Committee pursuant to sections 2(d) and 2(e) of these Corporate Governance Guidelines.

The Board will periodically review the independence of each of the Company's directors pursuant to the provisions of this section 2(d).

*(e) Independence: Avoiding Conflicts*

Each director should immediately advise the Chairman of the Board and the Chairman of the Nominating & Corporate Governance Committee of any proposed or current affiliation, relationship or transaction with any entity (including non profits and governmental agencies) or individual that may create a potential conflict of interest or be inconsistent with Company policies or values. The Nominating & Corporate Governance Committee must determine if such affiliation is cause for the Board to suggest that the director take appropriate action to avoid the conflict. Each

Edgar Filing: ESTERLINE TECHNOLOGIES CORP - Form DEF 14A

director must be alert to his or her responsibilities to other organizations which could, if fulfilled, cause a director to no longer be considered independent.

A-1

If a director has a personal interest in any matter before the Board or a Committee, the director must disclose the interest to the full Board or Committee, as the case may be, and excuse himself or herself from participation in any discussion or action relating to the matter, as appropriate.

A-2

**AUDIT COMMITTEE CHARTER****Purpose and Authority**

It is the policy of this Company to have an Audit Committee (the *Committee*) of the Board of Directors to assist the Board in its oversight of (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence and (4) the performance of the Company's internal audit function and independent auditors. In addition, the Committee shall prepare a report as required by the Securities and Exchange Commission (the *SEC*) to be included in the Company's annual proxy statement. The Committee shall also have all authority necessary to fulfill the duties and responsibilities assigned to the Committee in this Charter or otherwise assigned to it by the Board.

As the Committee deems appropriate, it may engage independent counsel, accounting and other advisors to assist the Committee without seeking Board approval. The Company shall provide appropriate funding, as determined by the Committee, for payment of compensation to such counsel and advisors engaged by the Committee pursuant to the preceding sentence.

The Committee, when appropriate, may form and delegate authority to subcommittees and may delegate authority to one or more designated members of the Committee.

**Composition, Role and Independence, Meetings**

The membership of the Committee shall consist of at least three directors. In the business judgment of the Board, each member shall be financially literate, or shall become financially literate within a reasonable time after appointment. At least one member, in the judgment of the Board, shall have such accounting or related financial management expertise in order to meet the criteria for an audit committee financial expert as defined by the SEC. Each member shall meet the independence requirements applicable to audit committee members established by the Board, the SEC and the New York Stock Exchange (*NYSE*), as the same may be amended or supplemented from time to time. The Committee shall maintain free and open communication (including separate private executive sessions at least annually) with the independent accountants, the internal auditors and the management of the Company. In discharging this oversight role, the Committee is empowered to investigate any matter brought to its attention, with full power to retain outside counsel or other experts for this purpose.

No member of the Committee shall serve on more than two audit committees of publicly traded companies, other than the Company, at the same time such member serves on this Committee, unless the Board determines that such simultaneous service would not impair the ability of such member to effectively serve on this Committee. If a Committee member serves on the audit committees of both a public company and a wholly owned subsidiary of such company, such service shall be counted as service on one audit committee, rather than two.

The members of the Committee shall be appointed by the Board on the recommendation of the Nominating & Corporate Governance Committee. The Board may remove any member from the Committee. The Board of Directors shall appoint one member of the Audit Committee as chairperson. He or she shall be responsible for leadership of the Committee, including preparing the agenda, presiding over the meetings, making committee assignments and reporting to the Board of Directors. The chairperson will also maintain regular liaison with the CEO, CFO, the director of internal audit, and the lead independent audit partner.

### 7.5 Payment of Exercise Price

The exercise price for shares purchased under an Option shall be paid in full to the Company by delivery of consideration equal to the product of the Option exercise price and the number of shares purchased. Such consideration must be paid before the Company will issue the shares being purchased and must be in a form or a combination of forms acceptable to the Committee for that purchase, which forms may include:

(a) cash;

(b) check or wire transfer;

(c) tendering (either actually or, so long as the Common Stock is registered under Section 12(b) or 12(g) of the Exchange Act, by attestation) shares of Common Stock already owned by the Participant that on the day prior to the exercise date have an aggregate Fair Market Value equal to the aggregate exercise price of the shares being purchased under the Option;

(d) so long as the Common Stock is registered under Section 12(b) or 12(g) of the Exchange Act and to the extent permitted by law, delivery of a properly executed exercise notice, together with irrevocable instructions to a brokerage firm designated or approved by the Company to deliver promptly to the Company the aggregate amount of proceeds to pay the Option exercise price and any withholding tax obligations that may arise in connection with the exercise, all in accordance with the regulations of the Federal Reserve Board; or

(e) such other consideration as the Committee may permit.

**7.6 Post-Termination Exercise**

The Committee shall establish and set forth in each instrument that evidences an Option whether the Option shall continue to be exercisable, and the terms and conditions of such exercise, after a Termination of Service, any of which provisions may be waived or modified by the Committee at any time. If not so established in the instrument evidencing the Option, the Option shall be exercisable according to the following terms and conditions, which may be waived or modified by the Committee at any time:

- (a) Any portion of an Option that is not vested and exercisable on the date of a Participant's Termination of Service shall expire on such date.

C-7

(b) Any portion of an Option that is vested and exercisable on the date of a Participant's Termination of Service shall expire on the earliest to occur of:

(i) if the Participant's Termination of Service occurs for reasons other than Cause, Retirement, Disability or death, the date that is three months after the date of such Termination of Service;

(ii) if the Participant's Termination of Service occurs by reason of Retirement, Disability or death, the date that is three years after the date of such Termination of Service; and

(iii) the last day of the maximum term of the Option (the Option Expiration Date).

Notwithstanding the foregoing, if a Participant dies after his or her Termination of Service but while an Option is otherwise exercisable, the portion of the Option that is vested and exercisable on the date of such Termination of Service shall expire upon the earlier to occur of (y) the Option Expiration Date and (z) the one-year anniversary of the date of death, unless the Committee determines otherwise.

Also notwithstanding the foregoing, in case a Participant's Termination of Service occurs for Cause, all Options granted to the Participant shall automatically expire upon first notification to the Participant of such termination, unless the Committee determines otherwise. If a Participant's employment or service relationship with the Company is suspended pending an investigation of whether the Participant shall be terminated for Cause, all the Participant's rights under any Option shall likewise be suspended during the period of investigation. If any facts that would constitute termination for Cause are discovered after a Participant's Termination of Service, any Option then held by the Participant may be immediately terminated by the Committee, in its sole discretion.

(c) If the exercise of the Option following a Participant's Termination of Service, but while the Option is otherwise exercisable, would be prohibited solely because the issuance of Common Stock would violate either the registration requirements under the Securities Act or the Company's insider trading policy, then the Option shall remain exercisable until the earlier of (i) the Option Expiration Date and (ii) the expiration of a period of three months (or such longer period of time as determined by the Committee in its sole discretion) after the Participant's Termination of Service during which the exercise of the Option would not be in violation of such Securities Act or insider trading policy requirements. A Participant's change in status from an employee of the Company or a Related Company to a director, consultant, advisor or independent contractor of the Company or a Related Company, or a change in status from a director, consultant, advisor or independent contractor of the Company or a Related Company to an employee of the Company or a Related Company, shall not be considered a Termination of Service for purposes of this Section 7.6.

## SECTION 8. INCENTIVE STOCK OPTION LIMITATIONS

Notwithstanding any other provisions of the Plan, the terms and conditions of any Incentive Stock Options shall in addition comply in all respects with Section 422 of the Code, or any successor provision, and any applicable regulations thereunder, including, to the extent required thereunder, the following:

### 8.1 Dollar Limitation

To the extent the aggregate Fair Market Value (determined as of the Grant Date) of Common Stock with respect to which a Participant's Incentive Stock Options become exercisable for the first time during any calendar year (under the Plan and all other stock option plans of the Company and its parent and subsidiary corporations) exceeds \$100,000, such portion in excess of \$100,000 shall be treated as a Nonqualified Stock Option. In the event the Participant holds two or more such Options that become exercisable for the first time in the same calendar year, such limitation shall be applied on the basis of the order in which such Options are granted.

### 8.2 Eligible Employees

Individuals who are not employees of the Company or one of its parent or subsidiary corporations may not be granted Incentive Stock Options.

### 8.3 Exercise Price

The exercise price of an Incentive Stock Option shall be at least 100% of the Fair Market Value of the Common Stock on the Grant Date, and in the case of an Incentive Stock Option granted to a Participant who owns more than 10% of the total combined voting power of all classes of the

Edgar Filing: ESTERLINE TECHNOLOGIES CORP - Form DEF 14A

stock of the Company or of its parent or subsidiary corporations (a Ten Percent Shareholder ), shall not be less than 110% of the Fair Market Value of the Common Stock on the Grant Date. The determination of more than 10% ownership shall be made in accordance with Section 422 of the Code.

C-8

#### **8.4 Option Term**

Subject to earlier termination in accordance with the terms of the Plan and the instrument evidencing the Option, the maximum term of an Incentive Stock Option shall not exceed ten years, and in the case of an Incentive Stock Option granted to a Ten Percent Shareholder, shall not exceed five years.

#### **8.5 Exercisability**

An Option designated as an Incentive Stock Option shall cease to qualify for favorable tax treatment as an Incentive Stock Option to the extent it is exercised (if permitted by the terms of the Option) (a) more than three months after the date of a Participant's Termination of Service if termination was for reasons other than death or disability, (b) more than one year after the date of a Participant's Termination of Service if termination was by reason of disability, or (c) after the Participant has been on leave of absence for more than 90 days, unless the Participant's reemployment rights are guaranteed by statute or contract.

#### **8.6 Taxation of Incentive Stock Options**

In order to obtain certain tax benefits afforded to Incentive Stock Options under Section 422 of the Code, the Participant must hold the shares acquired upon the exercise of an Incentive Stock Option for two years after the Grant Date and one year after the date of exercise.

A Participant may be subject to the alternative minimum tax at the time of exercise of an Incentive Stock Option. The Participant shall give the Company prompt notice of any disposition of shares acquired on the exercise of an Incentive Stock Option prior to the expiration of such holding periods.

#### **8.7 Code Definitions**

For the purposes of this Section 8 disability, parent corporation and subsidiary corporation shall have the meanings attributed to those terms for purposes of Section 422 of the Code.

### **SECTION 9. STOCK APPRECIATION RIGHTS**

#### **9.1 Grant of Stock Appreciation Rights**

The Committee may grant Stock Appreciation Rights to Participants at any time on such terms and conditions as the Committee shall determine in its sole discretion. An SAR may be granted in tandem with an Option or alone ( freestanding ). The grant price of a tandem SAR shall be equal to the exercise price of the related Option. The grant price of a freestanding SAR shall be established in accordance with procedures for Options set forth in Section 7.2. An SAR may be exercised upon such terms and conditions and for the term as the Committee determines in its sole discretion; provided, however, that, subject to earlier termination in accordance with the terms of the Plan and the instrument evidencing the SAR, the term of a freestanding SAR shall be as established for that SAR by the Committee or, if not so established, shall be ten years, and in the case of a tandem SAR, (a) the term shall not exceed the term of the related Option and (b) the tandem SAR may be exercised for all or part of the shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option, except that the tandem SAR may be exercised only with respect to the shares for which its related Option is then exercisable.

#### **9.2 Payment of SAR Amount**

Upon the exercise of an SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying: (a) the difference between the Fair Market Value of the Common Stock on the date of exercise over the grant price of the SAR by (b) the number of shares with respect to which the SAR is exercised. At the discretion of the Committee as set forth in the instrument evidencing the Award, the payment upon exercise of an SAR may be in cash, in shares, in some combination thereof or in any other manner approved by the Committee in its sole discretion.

### **9.3 Waiver of Restrictions**

Subject to Section 18.5, the Committee, in its sole discretion, may waive any other terms, conditions or restrictions on any SAR under such circumstances and subject to such terms and conditions as the Committee shall deem appropriate.

## **SECTION 10. STOCK AWARDS, RESTRICTED STOCK AND STOCK UNITS**

### **10.1 Grant of Stock Awards, Restricted Stock and Stock Units**

The Committee may grant Stock Awards, Restricted Stock and Stock Units on such terms and conditions and subject to such repurchase or forfeiture restrictions, if any (which may be based on continuous service with the Company or a Related Company or the achievement of any performance goals), as the Committee shall determine in its sole discretion, which terms, conditions and restrictions shall be set forth in the instrument evidencing the Award.

### **10.2 Vesting of Restricted Stock and Stock Units**

Upon the satisfaction of any terms, conditions and restrictions prescribed with respect to Restricted Stock or Stock Units, or upon a Participant's release from any terms, conditions and restrictions of Restricted Stock or Stock Units, as determined by the Committee, and subject to the provisions of Section 13, (a) the shares of Restricted Stock covered by each Award of Restricted Stock shall become freely transferable by the Participant, and (b) Stock Units shall be paid in shares of Common Stock or, if set forth in the instrument evidencing the Awards, in cash or a combination of cash and shares of Common Stock. Any fractional shares subject to such Awards shall be paid to the Participant in cash.

### **10.3 Waiver of Restrictions**

Subject to Section 18.5, the Committee, in its sole discretion, may waive the repurchase or forfeiture period and any other terms, conditions or restrictions on any Restricted Stock or Stock Unit under such circumstances and subject to such terms and conditions as the Committee shall deem appropriate.

## **SECTION 11. PERFORMANCE AWARDS**

### **11.1 Performance Shares**

The Committee may grant Awards of Performance Shares, designate the Participants to whom Performance Shares are to be awarded and determine the number of Performance Shares, and the other terms and conditions of each such Award. Performance Shares shall consist of a unit valued by reference to a designated number of shares of Common Stock, the value of which may be paid to the Participant by delivery of shares of Common Stock or, if set forth in the instrument evidencing the Award, of such property as the Committee shall determine, including, without limitation, cash, shares of Common Stock, other property, or any combination thereof, upon the attainment of performance goals, as established by the Committee, and other terms and conditions specified by the Committee. Subject to Section 18.5, the amount to be paid under an Award of Performance Shares may be adjusted on the basis of such further consideration as the Committee shall determine in its sole discretion.

### **11.2 Performance Units**

The Committee may grant Awards of Performance Units, designate the Participants to whom Performance Units are to be awarded and determine the number of Performance Units and the terms and conditions of each such Award. Performance Units shall consist of a unit valued by reference to a designated amount of property other than shares of Common Stock, which value may be paid to the Participant by delivery of such property as the Committee shall determine, including, without limitation, cash, shares of Common Stock, other property, or any combination thereof, upon the attainment of performance goals, as established by the Committee, and other terms and conditions specified by the Committee. Notwithstanding the foregoing, the amount to be paid under an Award of Performance Units may be adjusted on the basis of such further consideration as the Committee shall determine in its sole discretion.

---

## SECTION 12. CODE SECTION 162(m) PROVISIONS

Notwithstanding any other provision of the Plan, if the Committee determines, at the time Awards are granted to a Participant who is, or is likely to be as of the end of the tax year in which the Company would claim a tax deduction in connection with such Award, a Covered Employee, then the Committee may provide that this Section 12 is applicable to such Award.

### 12.1 Performance Criteria

If an Award is subject to this Section 12, then the lapsing of restrictions thereon and the distribution of cash, shares of Common Stock or other property pursuant thereto, as applicable, shall be subject to the achievement of one or more objective performance goals established by the Committee, which shall be based on the attainment of specified levels of one of or any combination of the following performance criteria for the Company as a whole or any business unit of the Company, as reported or calculated by the Company: return on average common shareholders equity; return on average equity; return on equity; return on invested capital; total shareholder return; stock price appreciation; efficiency ratio (other expense as a percentage of other income plus net interest income); net operating expense (other income less other expense); earnings per share; earnings per diluted share; operating earnings (earnings before transaction-related expense) per diluted share; net operating earnings (earnings before transaction-related expense) per diluted share; book value per share; cash flows (including, but not limited to, operating cash flow, free cash flow or cash flow return on capital); working capital; earnings (including or excluding interest, taxes, depreciation, amortization, extraordinary items, restructuring charges or other expense(s)); net income; operating income (including or excluding depreciation, amortization, extraordinary items, restructuring charges or other expense(s)); revenues; operating revenues; return on assets; return on nondepreciable assets; return on average assets; debt; debt plus equity; market or economic value added; lost control; strategic initiatives; net income; improvement in capital structure; ratio of non-performing to performing assets; return on an investment in an affiliate; net interest income; net interest margin; ratio of common equity to total assets; regulatory compliance metrics; and customer service metrics (together, the Performance Criteria). Such performance goals also may be based on the achievement of specified levels of Company performance (or performance of an applicable affiliate or business unit of the Company) under one or more of the Performance Criteria described above relative to the performance of other corporations. Such performance goals shall be set by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Code, or any successor provision thereto, and the regulations thereunder.

### 12.2 Adjustment of Awards

Notwithstanding any provision of the Plan other than Section 16, with respect to any Award that is subject to this Section 12, the Committee may adjust downwards, but not upwards, the amount payable pursuant to such Award, and the Committee may not waive the achievement of the applicable performance goals except in the case of the death or disability of the Covered Employee.

### 12.3 Limitations

Subject to adjustment from time to time as provided in Section 16.1, no Covered Employee may be granted Awards other than Performance Units subject to this Section 12 in any calendar year period with respect to more than 325,000 shares of Common Stock for such Award, except that the Company may make additional onetime grants of such Awards for up to 650,000 shares to newly hired individuals, and the maximum dollar value payable with respect to Performance Units subject to this Section 12 granted to any Covered Employee in any one calendar year is \$4,000,000.

The Committee shall have the power to impose such other restrictions on Awards subject to this Section 12 as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code, or any successor provision thereto.

## SECTION 13. OTHER STOCK OR CASH-BASED AWARDS

Subject to the terms of the Plan and such other terms and conditions as the Committee deems appropriate, the Committee may grant other incentives payable in cash or in shares of Common Stock under the Plan.

#### SECTION 14. WITHHOLDING

The Company may require the Participant to pay to the Company the amount of (a) any taxes that the Company is required by applicable federal, state, local or foreign law to withhold with respect to the grant, vesting or exercise of an Award ( tax withholding obligations ) and (b) any amounts due from the Participant to the Company or to any Related Company ( other obligations ). The Company shall not be required to issue any shares of Common Stock or otherwise settle an Award under the Plan until such tax withholding obligations and other obligations are satisfied.

The Committee may permit or require a Participant to satisfy all or part of the Participant's tax withholding obligations and other obligations by (a) paying cash to the Company, (b) having the Company withhold an amount from any cash amounts otherwise due or to become due from the Company to the Participant, (c) having the Company withhold a number of shares of Common Stock that would otherwise be issued to the Participant (or become vested in the case of Restricted Stock) having a Fair Market Value equal to the tax withholding obligations and other obligations, or (d) surrendering a number of shares of Common Stock the Participant already owns having a value equal to the tax withholding obligations and other obligations. The value of the shares so withheld or tendered may not exceed the employer's minimum required tax withholding rate.

#### SECTION 15. ASSIGNABILITY

No Award or interest in an Award may be sold, assigned, pledged (as collateral for a loan or as security for the performance of an obligation or for any other purpose) or transferred by a Participant or made subject to attachment or similar proceedings otherwise than by will or by the applicable laws of descent and distribution, except to the extent the Participant designates one or more beneficiaries on a Company-approved form who may exercise the Award or receive payment under the Award after the Participant's death. During a Participant's lifetime, an Award may be exercised only by the Participant. Notwithstanding the foregoing and to the extent permitted by Section 422 of the Code, the Committee, in its sole discretion, may permit a Participant to assign or transfer an Award subject to such terms and conditions as the Committee shall specify.

#### SECTION 16. ADJUSTMENTS

##### 16.1 Adjustment of Shares

In the event, at any time or from time to time, a stock dividend, stock split, spin-off, combination or exchange of shares, recapitalization, merger, consolidation, distribution to shareholders other than a normal cash dividend, or other change in the Company's corporate or capital structure results in (a) the outstanding shares of Common Stock, or any securities exchanged therefor or received in their place, being exchanged for a different number or kind of securities of the Company or (b) new, different or additional securities of the Company or any other company being received by the holders of shares of Common Stock, then the Committee shall make proportional adjustments in (i) the maximum number and kind of securities available for issuance under the Plan; (ii) the maximum number and kind of securities issuable as Incentive Stock Options as set forth in Section 4.2; (iii) the maximum number and kind of securities set forth in Section 12.3; and (iv) the number and kind of securities that are subject to any outstanding Award and the per share price of such securities, without any change in the aggregate price to be paid therefor.

The determination by the Committee as to the terms of any of the foregoing adjustments shall be conclusive and binding.

Notwithstanding the foregoing, the issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, for cash or property, or for labor or services rendered, either upon direct sale or upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, outstanding Awards. Also notwithstanding the foregoing, a dissolution or liquidation of the Company or a Company Transaction or Change in Control shall not be governed by this Section 16.1 but shall be governed by Sections 16.2 and 16.3, respectively.

##### 16.2 Dissolution or Liquidation

To the extent not previously exercised or settled, and unless otherwise determined by the Committee in its sole discretion, Awards shall terminate immediately prior to the dissolution or liquidation of the Company. To the extent a vesting condition, forfeiture provision or repurchase right applicable to an Award has not been waived by the Committee, the Award shall be forfeited immediately prior to the consummation of the dissolution or liquidation.

### **16.3 Company Transaction; Change in Control**

#### **16.3.1 Effect of a Company Transaction That Is Not a Change in Control or a Related Party Transaction**

Notwithstanding any other provision of the Plan to the contrary, unless the Committee shall determine otherwise at the time of grant with respect to a particular Award, in the event of a Company Transaction that is not a Change in Control or a Related Party Transaction:

(a) All outstanding Awards, other than Performance Shares and Performance Units, shall become fully and immediately exercisable, and all applicable deferral and restriction limitations or forfeiture provisions shall lapse, immediately prior to the Company Transaction, and shall terminate effective at the effective time of the Company Transaction, only if and to the extent such Awards are not converted, assumed or replaced by the Successor Company.

For the purposes of this Section 16.3.1, an Award shall be considered converted, assumed or replaced by the Successor Company if following the Company Transaction the option or right confers the right to purchase or receive, for each share of Common Stock subject to the Award immediately prior to the Company Transaction, the consideration (whether stock, cash, or other securities or property) received in the Company Transaction by holders of Common Stock for each share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares); provided, however, that if such consideration received in the Company Transaction is not solely Common Stock of the Successor Company, the Committee may, with the consent of the Successor Company, provide for the consideration to be received upon the exercise of the Option, for each share of Common Stock subject thereto, to be solely Common Stock of the Successor Company substantially equal in fair market value to the per share consideration received by holders of Common Stock in the Company Transaction. The determination of such substantial equality of value of consideration shall be made by the Committee, and its determination shall be conclusive and binding.

(b) All Performance Shares or Performance Units earned and outstanding as of the date the Company Transaction is determined to have occurred shall be payable in full at the target level in accordance with the payout schedule pursuant to the Award agreement. Any remaining Performance Shares or Performance Units (including any applicable performance period) for which the payout level has not been determined shall be prorated at the target payout level up to and including the date of such Company Transaction and shall be payable in full at the target level in accordance with the payout schedule pursuant to the Award agreement. Any existing deferrals or other restrictions not waived by the Committee in its sole discretion shall remain in effect.

Notwithstanding the foregoing, the Committee, in its sole discretion, may instead provide that a Participant's outstanding Awards shall terminate upon or immediately prior to such Company Transaction and that such Participant shall receive, in exchange therefor, a cash payment equal to the amount (if any) by which (x) the value of the per share consideration received by holders of Common Stock in the Company Transaction, or, in the event the Company Transaction is one of the transactions listed under subsection (c) in the definition of Company Transaction or otherwise does not result in direct receipt of consideration by holders of Common Stock, the value of the deemed per share consideration received, in each case as determined by the Committee in its sole discretion, multiplied by the number of shares of Common Stock subject to such outstanding Awards (to the extent then vested and exercisable or whether or not then vested and exercisable, as determined by the Committee in its sole discretion) exceeds (y) if applicable, the respective aggregate exercise price or grant price for such Award.

#### **16.3.2 Effect of a Change in Control**

Notwithstanding any other provision of the Plan to the contrary, unless the Committee shall determine otherwise at the time of grant with respect to a particular Award, in the event of a Change in Control:

(a) any Options and Stock Appreciation Rights outstanding as of the date such Change in Control is determined to have occurred, and which are not then exercisable and vested, shall become fully exercisable and vested to the full extent of the original grant;

(b) any restrictions and deferral limitations applicable to any Restricted Stock or Stock Units shall lapse, and such Restricted Stock or Stock Units shall become free of all restrictions and limitations and become fully vested and transferable to the full extent of the original grant;

(c) all Performance Shares and Performance Units shall be considered to be earned at the target level and payable in full, any deferral or other restriction shall lapse and such Performance Shares and Performance Units shall be immediately settled or distributed; and

(d) any restrictions and deferral limitations and other conditions applicable to any other Awards shall lapse, and such other Awards shall become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original grant.

### **16.3.3 Change in Control Cash-Out**

Notwithstanding any other provision of the Plan, during the 60-day period from and after a Change in Control (the Change in Control Exercise Period), if the Committee shall so determine at, or at any time after, the time of grant, a Participant holding an Option, SAR, Restricted Stock Unit or Performance Share shall have the right, whether or not the Award is fully vested and/or exercisable and without regard to any deferral or other restriction and in lieu of the payment of the purchase price for the shares of Common Stock being purchased under an Option, to elect by giving notice to the Company; (within the Change in Control Exercise Period) to surrender all or part of the Award to the Company and to receive cash, within 30 days of such notice:

(a) for an Option or SAR, in an amount equal to the amount by which the Acquisition Price per share of Common Stock on the date of such election shall exceed the exercise price per share of Common Stock under the Option or the grant price per share of Common Stock under the SAR; and

(b) for a Restricted Stock Unit or Performance Share, in an amount equal to the Acquisition Price per share of Common Stock under the Restricted Stock or Performance Share, multiplied by the number of shares of Common Stock granted under the Award as to which the right granted under this Section 16.3.3 shall have been exercised.

### **16.4 Further Adjustment of Awards**

Subject to Sections 16.2 and 16.3, the Committee shall have the discretion, exercisable at any time before a sale, merger, consolidation, reorganization, liquidation, dissolution or change in control of the Company, as defined by the Committee, to take such further action as it determines to be necessary or advisable with respect to Awards. Such authorized action may include (but shall not be limited to) establishing, amending or waiving the type, terms, conditions or duration of, or restrictions on, Awards so as to provide for earlier, later, extended or additional time for exercise, lifting restrictions and other modifications, and the Committee may take such actions with respect to all Participants, to certain categories of Participants or only to individual Participants. The Committee may take such action before or after granting Awards to which the action relates and before or after any public announcement with respect to such sale, merger, consolidation, reorganization, liquidation, dissolution or change in control that is the reason for such action.

### **16.5 No Limitations**

The grant of Awards shall in no way affect the Company's right to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

### **16.6 Fractional Shares**

In the event of any adjustment in the number of shares covered by any Award, each such Award shall cover only the number of full shares resulting from such adjustment.

### **16.7 Section 409A of the Code**

Notwithstanding anything in this Plan to the contrary, (a) any adjustments made pursuant to this Section 16 to Awards that are considered deferred compensation within the meaning of Section 409A of the Code shall be made in compliance with the requirements of Section 409A of the Code; (b) any adjustments made pursuant to Section 16 to Awards that are not considered deferred compensation subject to Section 409A of the Code shall be made in such a manner as to ensure that after such adjustment the Awards either (i) continue not to be subject to Section 409A of the Code or (ii) comply with the requirements of Section 409A of the Code.

C-14

## SECTION 17. AMENDMENT AND TERMINATION

### 17.1 Amendment, Suspension or Termination

The Board or the Compensation Committee may amend, suspend or terminate the Plan or any portion of the Plan at any time and in such respects as it shall deem advisable; provided, however, that, to the extent required by applicable law, regulation or stock exchange rule, shareholder approval shall be required for any amendment to the Plan; and provided, further, that any amendment that requires shareholder approval may be made only by the Board.

Subject to Section 17.3, the Board or the Committee may amend the terms of any outstanding Award, prospectively or retroactively.

### 17.2 Term of the Plan

Unless sooner terminated as provided herein, the Plan shall terminate ten years from the Effective Date. After the Plan is terminated, no future Awards may be granted, but Awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and the Plan's terms and conditions. Notwithstanding the foregoing, no Incentive Stock Options may be granted more than ten years after the later of (a) the Effective Date of the Plan and (b) the date the shareholders of the Company approve any amendment to the Plan that constitutes the adoption of a new plan for purposes of Section 422 of the Code.

### 17.3 Consent of Participant

The amendment, suspension or termination of the Plan or a portion thereof or the amendment of an outstanding Award shall not, without the Participant's consent, materially adversely affect any rights under any Award theretofore granted to the Participant under the Plan. Any change or adjustment to an outstanding Incentive Stock Option shall not, without the consent of the Participant, be made in a manner so as to constitute a modification that would cause such Incentive Stock Option to fail to continue to qualify as an Incentive Stock Option. Notwithstanding the foregoing, any adjustments made pursuant to Section 16 shall not be subject to these restrictions.

## SECTION 18. GENERAL

### 18.1 No Individual Rights

No individual or Participant shall have any claim to be granted any Award under the Plan, and the Company has no obligation for uniformity of treatment of Participants under the Plan.

Furthermore, nothing in the Plan or any Award granted under the Plan shall be deemed to constitute an employment contract or confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or any Related Company or limit in any way the right of the Company or any Related Company to terminate a Participant's employment or other relationship at any time, with or without cause.

### 18.2 Issuance of Shares

Notwithstanding any other provision of the Plan, the Company shall have no obligation to issue or deliver any shares of Common Stock under the Plan or make any other distribution of benefits under the Plan unless, in the opinion of the Company's counsel, such issuance, delivery or distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act or the laws of any state or foreign jurisdiction) and the applicable requirements of any securities exchange or similar entity.

The Company shall be under no obligation to any Participant to register for offering or resale or to qualify for exemption under the Securities Act, or to register or qualify under the laws of any state or foreign jurisdiction, any shares of Common Stock, security or interest in a security paid or issued under, or created by, the Plan, or to continue in effect any such registrations or qualifications if made.

## Edgar Filing: ESTERLINE TECHNOLOGIES CORP - Form DEF 14A

As a condition to the exercise of an Option or any other receipt of Common Stock pursuant to an Award under the Plan, the Company may require (a) the Participant to represent and warrant at the time of any such exercise or receipt that such shares are being purchased or received only for the Participant's own account and without any present intention to sell or distribute such shares and (b) such other action or agreement by the Participant as may from time to time be necessary to comply with the federal, state and foreign securities laws. At the option of the Company, a

C-15

stop-transfer order against any such shares may be placed on the official stock books and records of the Company, and a legend indicating that such shares may not be pledged, sold or otherwise transferred, unless an opinion of counsel is provided (concurring in by counsel for the Company) stating that such transfer is not in violation of any applicable law or regulation, may be stamped on stock certificates to ensure exemption from registration. The Committee may also require the Participant to execute and deliver to the Company a purchase agreement or such other agreement as may be in use by the Company at such time that describes certain terms and conditions applicable to the shares.

To the extent the Plan or any instrument evidencing an Award provides for issuance of stock certificates to reflect the issuance of shares of Common Stock, the issuance may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the applicable rules of any stock exchange.

### **18.3 Indemnification**

Each person who is or shall have been a member of the Board, or a committee appointed by the Board, or an officer of the Company to whom authority was delegated in accordance with Section 3 shall be indemnified and held harmless by the Company against and from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit or proceeding to which such person may be a party or in which such person may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by such person in settlement thereof, with the Company's approval, or paid by such person in satisfaction of any judgment in any such claim, action, suit or proceeding against such person; provided, however, that such person shall give the Company an opportunity, at its own expense, to handle and defend the same before such person undertakes to handle and defend it on such person's own behalf, unless such loss, cost, liability or expense is a result of such person's own willful misconduct or except as expressly provided by statute.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person may be entitled under the Company's certificate of incorporation or bylaws, as a matter of law, or otherwise, or of any power that the Company may have to indemnify or hold harmless.

### **18.4 No Rights as a Shareholder**

Unless otherwise provided by the Committee or in the instrument evidencing the Award or in a written employment, services or other agreement, no Awards, other than a Stock Award, shall entitle the Participant to any cash dividend, voting or other right of a shareholder unless and until the date of issuance under the Plan of the shares that are the subject of such Award.

### **18.5 Compliance With Laws and Regulations**

In interpreting and applying the provisions of the Plan, any Option granted as an Incentive Stock Option pursuant to the Plan shall, to the extent permitted by law, be construed as an incentive stock option within the meaning of Section 422 of the Code.

Any Award granted pursuant to the Plan is intended to comply with the requirements of Section 409A of the Code, including any applicable regulations and guidance issued thereunder, and including transition guidance, to the extent Section 409A of the Code is applicable thereto, and the terms of the Plan and any Award granted under the Plan shall be interpreted, operated and administered in a manner consistent with this intention to the extent the Committee deems necessary or advisable to comply with Section 409A of the Code and any official guidance issued thereunder. Any payment or distribution that is to be made under the Plan (or pursuant to an Award under the Plan) to a Participant who is a specified employee of the Company within the meaning of that term under Section 409A of the Code and as determined by the Committee, on account of a separation from service within the meaning of that term under Section 409A of the Code, may not be made before the date which is six months after the date of such separation from service, unless the payment or distribution is exempt from the application of Section 409A of the Code by reason of the short-term deferral exemption or otherwise. Notwithstanding any other provision in the Plan, the Committee, to the extent it deems necessary or advisable in its sole discretion, reserves the right, but shall not be required, to unilaterally amend or modify the Plan and any Award granted under the Plan so that the Award qualifies for exemption from or complies with Section 409A of the Code; provided, however, that the Committee makes no representations that Awards granted under the Plan shall be exempt from or comply with Section 409A of the Code and makes no undertaking to preclude Section 409A of the Code from applying to Awards granted under the Plan.

**18.6 Participants in Other Countries or Jurisdictions**

Without amending the Plan, the Committee may grant Awards to Eligible Persons who are foreign nationals on such terms and conditions different from those specified in this Plan as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan. The Committee shall have the authority to adopt such modifications, procedures, subplans and the like as may be necessary or desirable to comply with provisions of the laws or regulations of other countries or jurisdictions in which the Company or any Related Company may operate or have employees to ensure the viability of the benefits from Awards granted to Participants employed in such countries or jurisdictions, meet the requirements that permit the Plan to operate in a qualified or tax-efficient manner, comply with applicable foreign laws or regulations and meet the objectives of the Plan.

**18.7 No Trust or Fund**

The Plan is intended to constitute an unfunded plan. Nothing contained herein shall require the Company to segregate any monies or other property, or shares of Common Stock, or to create any trusts, or to make any special deposits for any immediate or deferred amounts payable to any Participant, and no Participant shall have any rights that are greater than those of a general unsecured creditor of the Company.

**18.8 Successors**

All obligations of the Company under the Plan with respect to Awards shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all the business and/or assets of the Company.

**18.9 Severability**

If any provision of the Plan or any Award is determined to be invalid, illegal or unenforceable in any jurisdiction, or as to any person, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or, if it cannot be so construed or deemed amended without, in the Committee's determination, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, person or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.

**18.10 Choice of Law**

The Plan, all Awards granted thereunder and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by the laws of the United States, shall be governed by the laws of the State of Washington without giving effect to principles of conflicts of law.

### **9.11 Leaves of Absence**

During leaves of absence approved by the Human Resources Department and meeting the requirements of the applicable treasury regulations promulgated under the Code, a Participant may elect to continue participation in the Plan for a maximum of 90 calendar days by continuing to accrue payroll deductions, or, if the leave is unpaid, by delivering cash payments to the Company on the Participant's normal paydays equal to the amount of his or her payroll deductions under the Plan had the Participant not taken a leave of absence.

A Participant shall be free to undertake a disposition of the shares of Common Stock in his or her account at any time, but, in the absence of such a disposition, the shares of Common Stock must remain in the Participant's account at the ESPP Broker until the holding period set forth in Code Section 423 has been satisfied. With respect to shares of Common Stock for which the holding period set forth above has been satisfied, the Participant may move those shares of Common Stock to another brokerage account of the Participant's choosing or request that a stock certificate be issued and delivered to him or her. This notice shall not be required if and so long as the Company has a designated ESPP Broker.

## SECTION 11. CHANGES IN WITHHOLDING AMOUNTS AND VOLUNTARY WITHDRAWAL

### 11.1 Changes in Withholding Amounts

All payroll deductions accrued by a Participant as of a Change Notice Date shall continue to be applied toward the purchase of Common Stock on the Purchase Date, unless a Participant withdraws from the Plan, pursuant to Section 11.2 below. An amended Subscription shall remain in effect until the Participant changes such Subscription in accordance with the terms of the Plan.

- (c) Notwithstanding the foregoing, to the extent necessary to comply with Code Section 423 and Section 8.1, a Participant's payroll deductions shall be decreased to 0% during any Purchase Period if the aggregate of all payroll deductions accumulated with respect to one or more Purchase Periods ending within the same calendar year exceeds \$25,000 of Fair Market Value of the Common Stock determined as of the first day of an Offering (\$21,250 to the extent the Purchase Price may be 85% of the Fair Market Value of the Common Stock on the Offering Date of the Offering). Payroll deductions shall re-commence at the rate provided in such Participant's Subscription at the beginning of the first Purchase Period that is scheduled to end in the following calendar year, unless the Participant terminates participation in the Plan as provided in Section 11.2 or indicates otherwise in an amended Subscription. Also, notwithstanding the foregoing, a Participant's payroll deductions shall be decreased to 0% at such time that the aggregate of all payroll deductions accumulated with respect to an Offering exceeds the amount necessary to purchase 2,000 shares of Common Stock in such Offering (or such other number as the Board or Committee shall specify for a future Offering). ### **11.4 Return of Payroll Deductions**

Upon withdrawal from the Plan pursuant to Section 11.2, the withdrawing Participant's accumulated payroll deductions that have not been applied to the purchase of Common Stock shall be returned as soon as practical after the withdrawal, without the payment of any interest, to the Participant and the Participant's interest in the Offering shall terminate. Such accumulated payroll deductions may not be applied to any other Offering under the Plan.

## **SECTION 12. AUTOMATIC WITHDRAWAL**

For any future Offering with multiple Purchase Periods, the Plan Administrator may provide that if the Fair Market Value of the Common Stock on any Purchase Date of an Offering is less than the Fair Market Value of the Common Stock on the Offering Date for such Offering, then every Participant shall automatically (a) be withdrawn from such Offering at the close of such Purchase Date and after the acquisition of the shares of Common Stock for such Purchase Period and (b) be enrolled in the Offering commencing on the first business date subsequent to such Purchase Period, provided the Participant is eligible to participate in the Plan and has not elected to terminate participation in the Plan.

## **SECTION 13. TERMINATION OF EMPLOYMENT**

Termination of a Participant's employment with the Company for any reason, including retirement, death or the failure of a Participant to remain an Eligible Employee, shall immediately terminate the Participant's participation in the Plan. The payroll deductions credited to the Participant's account since the last Purchase Date shall, as soon as practical, be returned to the Participant or, in the case of a Participant's death, to the Participant's legal representative or designated beneficiary as provided in Section 14.2, and all the Participant's rights under the Plan shall terminate. Interest shall not be paid on sums returned to a Participant pursuant to this Section 13.

## **SECTION 14. RESTRICTIONS ON ASSIGNMENT**

### **14.1 Transferability**

An Option granted under the Plan shall not be transferable and such Option shall be exercisable during the Participant's lifetime only by the Participant. The Company will not recognize, and shall be under no duty to recognize, any assignment or purported assignment by a Participant of the Participant's interest in the Plan, of his or her Option or of any rights under his or her Option.

### **14.2 Beneficiary Designation**

A Participant may designate on a Company-approved form a beneficiary who is to receive any shares and cash, if any, from the Participant's account under the Plan in the event the Participant dies after the Purchase Date for an Offering but prior to delivery to such Participant of such shares and cash. In addition, a Participant may designate on a Company-approved form a beneficiary who is to receive any cash from the Participant's account under the Plan in the event that the Participant dies before the Purchase Date for an Offering. Such designation may be changed by the Participant at any time by written notice to the Human Resources Department.

**SECTION 15. NO RIGHTS AS SHAREHOLDER UNTIL SHARES ISSUED**

With respect to shares of Common Stock subject to an Option, a Participant shall not be deemed to be a shareholder of the Company, and he or she shall not have any of the rights or privileges of a shareholder. A Participant shall have the rights and privileges of a shareholder of the Company when, but not until, a certificate or its equivalent has been issued to the Participant for the shares following exercise of the Participant's Option.

**SECTION 16. LIMITATIONS ON SALE OF COMMON STOCK PURCHASED UNDER THE PLAN**

The Plan is intended to provide Common Stock for investment and not for resale. The Company does not, however, intend to restrict or influence any Participant in the conduct of his or her own affairs. A Participant, therefore, may sell Common Stock purchased under the Plan at any time he or she chooses subject to compliance with Company policies and any applicable federal and state securities laws. A Participant assumes the risk of any market fluctuations in the price of the Common Stock.

**SECTION 17. AMENDMENT, SUSPENSION OR TERMINATION OF THE PLAN**

- (a) The Board may amend the Plan in such respects as it shall deem advisable; provided, however, that, to the extent required for compliance with Code Section 423 or any applicable law or regulation, shareholder approval will be required for any amendment that will (i) increase the total number of shares as to which Options may be granted under the Plan, (ii) modify the class of employees eligible to receive Options, or (iii) otherwise require shareholder approval under any applicable law or regulation; and provided further, that except as provided in this Section 17, no amendment to the Plan shall make any change in any Option previously granted which adversely affects the rights of any Participant.
- (b) The Plan shall continue in effect for ten years after the date of its adoption by the Board. Notwithstanding the foregoing, the Board may at any time and for any reason suspend or terminate the Plan. During any period of suspension or upon termination of the Plan, no Options shall be granted.
- (c) Except as provided in Section 20, no such termination of the Plan may affect Options previously granted, provided that the Plan or an Offering may be terminated by the Board on a Purchase Date or by the Board setting a new Purchase Date with respect to an Offering and a Purchase Period then in progress if the Board determines that termination of the Plan and/or the Offering is in the best interests of the Company and the shareholders or if continuation of the Plan and/or the Offering would cause the Company to incur adverse accounting charges as a result of a change after the effective date of the Plan in the generally accepted accounting rules applicable to the Plan.

**SECTION 18. NO RIGHTS AS AN EMPLOYEE**

Nothing in the Plan shall be construed to give any person (including any Eligible Employee or Participant) the right to remain in the employ of the Company or a Parent Corporation or Subsidiary Corporation or to affect the right of the Company or a Parent Corporation or Subsidiary Corporation to terminate the employment of any person (including any Eligible Employee or Participant) at any time with or without cause.

**SECTION 19. EFFECT UPON OTHER PLANS**

The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company or any Parent Corporation or Subsidiary Corporation. Nothing in the Plan shall be construed to limit the right of the Company, any Parent Corporation or Subsidiary Corporation to (a) establish any other forms of incentives or compensation for employees of the Company, a Parent Corporation or Subsidiary Corporation or (b) grant or assume options otherwise than under the Plan in connection with any proper corporate purpose, including, but not by way of limitation, the grant or assumption of options in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, firm or association.

## SECTION 20. ADJUSTMENTS

### 20.1 Adjustment of Shares

In the event that, at any time or from time to time, a stock dividend, stock split, spin-off, split-off, combination or exchange of shares, recapitalization, merger, consolidation, distribution to shareholders other than a normal cash dividend, or other change in the Company's corporate or capital structure results in (a) the outstanding shares, or any securities exchanged therefore or received in their place, being exchanged for a different number or kind of securities of the Company or of any other corporation or (b) new, different or additional securities of the Company or of any other corporation being received by the holders of shares of Common Stock, then (subject to any required action by the Company's shareholders), the Board, in its sole discretion, shall make such equitable adjustments as it shall deem appropriate in the circumstances in (i) the maximum number and kind of shares of Common Stock subject to the Plan as set forth in Section 4, (ii) the number and kind of securities that are subject to any outstanding Option and the per share price of such securities and (iii) the maximum number of shares of Common Stock that may be purchased by a Participant in a Purchase Period, or by all Participants in a single Purchase Period. The determination by the Board or the Committee as to the terms of any of the foregoing adjustments shall be conclusive and binding. Notwithstanding the foregoing, a merger, asset sale, dissolution or liquidation of the Company shall not be governed by this Section 20.1 but shall be governed by Sections 20.2 and 20.3.

### 20.2 Dissolution or Liquidation of the Company

In the event of the proposed dissolution or liquidation of the Company, the Offering then in progress shall be shortened by setting a new Purchase Date and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board. The new Purchase Date shall be a specified date before the date of the Company's proposed dissolution or liquidation. The Board shall notify each Participant in writing prior to the new Purchase Date that the Purchase Date for the Participant's Option has been changed to the new Purchase Date and that the Participant's Option shall be exercised automatically on the new Purchase Date, unless prior to such date the Participant has withdrawn from the Plan as provided in Section 11.

### 20.3 Company Transaction

In the event of a proposed Company Transaction, each outstanding Option shall be assumed or an equivalent option substituted by the successor company or parent thereof (the Successor Company). In the event that the Successor Company refuses to assume or substitute for the Option, any Offering then in progress shall be shortened by setting a new Purchase Date. The new Purchase Date shall be a specified date before the date of the Company Transaction. The Board shall notify each Participant in writing, prior to the new Purchase Date, that the Purchase Date for the Participant's Option has been changed to the new Purchase Date and that the Participant's Option shall be exercised automatically on the new Purchase Date, unless prior to such date the Participant has withdrawn from the Plan as provided in Section 11.

### 20.4 Limitations

The grant of Options shall in no way affect the Company's right to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

## SECTION 21. REGISTRATION; CERTIFICATES FOR SHARES

Notwithstanding any other provision of the Plan, the Company shall have no obligation to issue or deliver any shares of Common Stock under the Plan or make any other distribution of benefits under the Plan unless such issuance, delivery or distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act), and the applicable requirements of any securities exchange or similar entity.

The Company shall be under no obligation to any Participant to register for offering or resale or to qualify for exemption under the Securities Act, or to register or qualify under state securities laws, any shares of Common Stock, security or interest in a security paid or issued under, or created by, the Plan, or to continue in effect any such registrations or qualifications if made. The Company may issue certificates for shares with such legends and subject to such restrictions on transfer and stop-transfer instructions as counsel for the Company deems necessary or desirable for compliance by the Company with federal and state securities laws.

To the extent that the Plan or any instrument evidencing shares of Common Stock provides for issuance of stock certificates to reflect the issuance of such shares, the issuance may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the applicable rules of any stock exchange.

#### **SECTION 22. ELIGIBLE EMPLOYEES IN OTHER COUNTRIES**

Without amending the Plan, the Plan Administrator may grant Options or establish other procedures to provide benefits to Eligible Employees of nondomestic Designated Subsidiaries. The Plan Administrator may make such procedures and grants on terms and conditions different from those specified in this Plan, as may, in the judgment of the Plan Administrator, be necessary or desirable to foster and promote achievement of the purposes of the Plan. The Plan Administrator shall have authority to adopt such modifications, procedures, subplans and the like as may be necessary or desirable: (a) to comply with provisions of local law, regulation or similar requirements to operate the Plan in an advantageous manner in countries or jurisdictions outside the U.S. in which the Company or any Designated Subsidiary may operate or have employees; (b) to ensure the viability of Plan benefits for Eligible Employees employed in such countries or jurisdictions; and (c) to meet the objectives of the Plan. Notwithstanding anything to the contrary herein, any such actions taken by the Plan Administrator with respect to Eligible Employees of any nondomestic Subsidiary Corporation may be treated as a subplan outside of an employee stock purchase plan as defined under Code Section 423. Such subplans are not subject to the requirements of Code Section 423, nor to Plan provisions that incorporate or otherwise reflect it. Nothing in this Section authorizes the Plan Administrator to increase the total number of shares authorized by the shareholders, to expand the class of eligible participants, or to alter the type of award available under this Plan.

#### **SECTION 23. EFFECTIVE DATE**

The Plan shall become effective on the date it is approved by the Company's shareholders, so long as such approval is obtained within 12 months of the date on which the Plan was adopted by the Board.
