On June 5, 2008, Cellco Partnership, a Delaware general partnership doing business as Verizon Wireless ( Verizon Wireless ), AirTouch Cellular, a California corporation doing business as Verizon Wireless ( Buyer ), Abraham Merger Corporation, a Delaware corporation ( Merger Sub ), Alltel Corporation, a Delaware corporation ( Alltel ), and Atlantis Holdings LLC, a Delaware limited liability company ( Seller ), entered into an Agreement and Plan of Merger ( Merger Agreement ) pursuant to which Buyer will acquire Alltel in a cash transaction.

Subject to the terms and conditions of the Merger Agreement, Buyer will acquire 100% of the equity of Alltel for approximately \$5.9 billion and, at the effective time of the merger, Merger Sub will merge with and into Alltel (the Merger ), and Alltel will continue as a wholly owned subsidiary of Buyer. Alltel's projected net debt at the closing of the Merger is approximately \$22.2 billion.

Consummation of the Merger is subject to customary conditions, including: (i) expiration or termination of the applicable Hart-Scott-Rodino waiting period and receipt of certain other regulatory approvals; (ii) absence of any law or order prohibiting the closing of the Merger; (iii) subject to certain exceptions, the accuracy of representations and warranties; and (iv) absence of any Material Adverse Effect (as defined in the Merger Agreement).

The Merger Agreement contains certain termination rights for both Buyer and Alltel and further provides that, upon termination of the Merger Agreement upon specified circumstances, Buyer may be required to pay Alltel a termination fee of \$500,000,000.

The foregoing description of the Merger and the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement, which is filed as Exhibit 99.1 hereto, and is incorporated into this report by reference.

On June 5, 2008, Verizon Wireless entered into a debt purchase agreement (the Debt Purchase Agreement ) with Alltel Communications, LLC ( ACI ), a subsidiary of Alltel, Alltel Communications Finance, Inc. Pursuant to the Minority Debt Holder Purchase Agreement the Minority Sellers agreed to sell to Verizon Wireless \$175 million aggregate principal amount of the Loans under the Senior Interim Loan Agreement. The Minority Debt Holder Purchase Agreement provides that the Minority Sellers will receive an aggregate purchase price of \$168 million, plus accrued and unpaid interest, for the Loans.

The foregoing description of the Minority Debt Holder Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the Minority Debt Holder Purchase Agreement, which is filed as Exhibit 99.4 hereto, and is incorporated into this report by reference.

**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On June 5, 2008, Verizon Wireless entered into a \$7.550 billion 364-Day Credit Agreement (the Credit Agreement ) with Morgan Stanley Senior Funding, Inc., as administrative agent and as lead arranger and bookrunner, and the lenders named therein. The Credit Agreement includes a \$4.8 billion term facility and a \$2.75 billion delayed draw facility. The borrowings under each facility are subject to customary conditions precedent. The Credit Agreement provides that the proceeds of the loans under the Credit Agreement may be used for any one or more of the following: (a) the debt purchase transactions pursuant to the Debt Purchase Agreement and the Minority Debt Holder Purchase Agreement, (b) the completion of Verizon Wireless's acquisition of Rural Cellular Corporation and the refinancing of the outstanding indebtedness of that corporation, (c) the payment of fees and expenses in connection with the foregoing, and (d) general corporate purposes in an aggregate principal amount not exceeding \$5,000,000. The delayed draw facility is available until the 90<sup>th</sup> day following the date of the execution of the Credit Agreement and may be drawn down in up to three installments. The Credit Agreement matures on June 4, 2009. Consenting lenders may agree

with Verizon Wireless to extend the maturity date on their loans for an additional period of one year.

On June 10, 2008, Verizon Wireless borrowed \$4,795,000,000 under the Credit Agreement in order to complete the purchase of the Loans pursuant to the Debt Purchase Agreement and the Minority Debt Holder Purchase Agreement.

*Interest Rate and Fees*

Borrowings under the Credit Agreement bear interest at a rate equal to, at the option of Verizon Wireless, (i) the base rate (defined as the greater of the rate published in *The Wall Street Journal* as the prime lending rate or the federal funds rate plus 0.50%) or (ii) LIBOR, in each case plus a margin to be determined by reference to the long-term credit rating of Verizon Wireless issued by Standard & Poor's Ratings Services. Initially, borrowings under the Credit Agreement bear interest at a rate equal to the base rate plus 0.00% or LIBOR plus 0.75%. The interest rate on the loans increases 0.25% if the aggregate principal amount of the loans outstanding on the date that is six months following the Effective Date (as defined in the Credit Agreement) exceeds \$1,887,500,000. In addition, Verizon Wireless will pay a commitment fee on the unused portion of the delayed draw facility at a rate to be determined by reference to the long-term credit rating of Verizon Wireless issued by Standard & Poor's Ratings Services. Initially, the commitment fee on the unused portion of the delayed draw facility is 0.080%.

*Prepayments*

The Credit Agreement requires Verizon Wireless to prepay the loans and terminate unused commitments with 100% of the net cash proceeds received from issuances or sales of equity (in each case subject to specified exceptions, including certain intercompany transactions and equity issuances and sales to Vodafone Group plc or any of its subsidiaries) and incurrences of indebtedness constituting borrowed money.

*Covenants and Events of Default*

The Credit Agreement contains certain negative covenants, including a negative pledge covenant, a fundamental changes covenant and an accounting changes covenant, and affirmative covenants and events of default that are customary for companies maintaining an investment grade credit rating. An event of default may result in the termination of any unused commitments and the acceleration of the outstanding loans under the Credit Agreement. In addition, the Credit Agreement requires Verizon Wireless to maintain a Leverage Ratio (as such term is defined in the Credit Agreement) not in excess of 3.25:1.00.

*Certain Relationships*

An affiliate of Morgan Stanley Senior Funding, Inc. is serving as financial advisor to Verizon Wireless in connection with transactions referred to in Item 1.01 of this report.

The foregoing description of the Credit Agreement does not purport to be complete and is qualified in its entirety by reference to the Credit Agreement, which is filed as Exhibit 99.2 hereto, and is incorporated into this report by reference.
