Sunstone Hotel Investors, Inc.

(Exact Name of Registrant as Specified in Its Charter)

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Maryland (State or Other Jurisdiction of Incorporation or Organization)	20-1296886 (I.R.S. Employer Identification Number)
903 Calle Amanecer, Suite 100 San Clemente, California (Address of Principal Executive Offices)	92673 (Zip Code)
Registrant's telephone number, including area code: (949) 369-4000	

Securities registered pursuant to Section 12(b) of the Act:

Title of Each Class	Name of Each Exchange on Which Registered
Common Stock, \$0.01 par value	New York Stock Exchange
Series A Cumulative Redeemable Preferred Stock, \$0.01 par value	New York Stock Exchange
Securities registered pursuant to Section 12(g) of the Act: None	

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act), during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer (as defined in Rule 12b-2 of the Exchange Act). Check one:

Large accelerated filer <input checked="" type="checkbox"/>	Accelerated filer <input type="checkbox"/>
Non-accelerated filer <input type="checkbox"/>	Smaller reporting company <input type="checkbox"/>

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

The aggregate market value of the voting stock held by non-affiliates of the registrant based upon the closing sale price of the registrant's common stock on June 30, 2008 as reported on the New York Stock Exchange (NYSE) was approximately \$964.9 million. The registrant had no non-voting common equity outstanding on such date. This amount excludes 584,492 shares of the registrant's common stock held by the executive officers and directors. Exclusion of such shares should not be construed to indicate that any such person possesses the power, direct or indirect, to direct or cause the direction of the management or policies of the registrant or that such person is controlled by or under common control with the registrant.

The number of shares of the registrant's common stock outstanding as of February 2, 2009 was 53,907,957.

Documents Incorporated by Reference

Part III of this Report incorporates by reference information from the definitive Proxy Statement for the registrant's 2009 Annual Meeting of Stockholders.

Table of Contents

The Company means Sunstone Hotel Investors, Inc., a Maryland corporation, and one or more of its subsidiaries, including Sunstone Hotel Partnership, LLC, or the Operating Partnership, and Sunstone Hotel TRS Lessee, Inc., or the TRS Lessee, and, as the context may require, Sunstone Hotel Investors only or the Operating Partnership only.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This report, together with other statements and information publicly disseminated by the Company, contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Exchange Act. The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and includes this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe the Company's future plans, strategies and expectations, are generally identifiable by use of the words believe, expect, intend, anticipate, estimate, project or similar expressions. You should not rely on forward-looking statements because they involve known and unknown risks, uncertainties and other factors that are, in some cases, beyond the Company's control and which could materially affect actual results, performances or achievements. Factors that may cause actual results to differ materially from current expectations include, but are not limited to the risk factors discussed in this Annual Report on Form 10-K. Accordingly, there is no assurance that the Company's expectations will be realized. Except as otherwise required by the federal securities laws, the Company disclaims any obligations or undertaking to publicly release any updates or revisions to any forward-looking statement contained herein (or elsewhere) to reflect any change in the Company's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

Item 1. Business **Our Company**

We were incorporated in Maryland on June 28, 2004. We are a real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, or the Code. As of December 31, 2008, we owned 43 hotels (the 43 hotels), comprised of 14,569 rooms, located in 14 states and in Washington, D.C. In addition, we own a 38% equity interest in a joint venture that owns the Doubletree Guest Suites Hotel Times Square, located in New York City, New York. We also own other non-hotel investments.

Our primary business is to acquire, own, asset manage and renovate full-service hotels in the United States. As part of our ongoing portfolio management strategy, we may also sell hotels from time to time. Our hotels are operated under leading brand names, such as Marriott, Hyatt, Fairmont, Hilton and Starwood. Our portfolio primarily consists of upper upscale and upscale full-service hotels. We also own luxury and midscale hotels. The classifications luxury, upper upscale, upscale and midscale are defined by Smith Travel Research, an independent provider of lodging industry statistical data. Smith Travel Research classifies hotel chains into the following segments: luxury; upper upscale; upscale; midscale with food and beverage; midscale without food and beverage; economy; and independent.

Our hotels are operated by third-party managers pursuant to management agreements with the TRS Lessee or its subsidiaries. As of December 31, 2008, Sunstone Hotel Properties, Inc. (Interstate SHP), a division of Interstate Hotels & Resorts, Inc. (Interstate), operated 25 of our 43 hotels. Additionally, subsidiaries of Marriott Services, Inc. or Marriott International, Inc., which we refer to collectively as Marriott, operated 13 of our hotels, Hyatt Corporation (Hyatt) operated two of our hotels, and Fairmont Hotels & Resorts (U.S.) (Fairmont), Hilton Hotels Corporation (Hilton) and Starwood Hotels & Resorts Worldwide, Inc. (Starwood) each operated one of our hotels. We have attempted to align the interests of our operators with our own by structuring our management agreements to allow our operators to earn incentive management fees upon the attainment of certain profit thresholds.

Competitive Strengths

We believe the following competitive strengths distinguish us from other owners of lodging properties:

We Believe We Are Well Prepared for the Current Environment.

Solid Cash Position. During 2008, we increased our cash and cash equivalents by \$112.9 million, from \$66.1 million to \$179.0 million. We believe our higher than historical cash balance provides added security in uncertain economic times.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Conservative and Flexible Capital Structure. We believe our capital structure provides us with adequate financial flexibility to execute our strategy. As of December 31, 2008, our indebtedness bore fixed interest at a weighted average rate of 5.5%, and had a weighted average term to maturity of 8.4 years, with no maturities until December 2010. The majority of our debt is in the form of senior unsecured notes or single asset loans rather than cross-collateralized multi-property pools. We believe this structure is appropriate for the operating characteristics of our business and provides flexibility for assets to be sold subject to the existing debt. As of December 31, 2008, our credit facility had no amounts outstanding, and had \$3.5 million backing outstanding irrevocable letters of credit, leaving up to \$196.5 million available under the credit facility as of that date.

Table of Contents

Recently Renovated High-Quality Portfolio. From January 1, 2004 through December 31, 2008, we invested \$411.7 million in capital renovations throughout our 43 hotels. We believe that in addition to improving the competitiveness of our hotels and positioning our portfolio for future growth, this renovation program will enable us to preserve capital by meaningfully reducing our renovation program during 2009.

Upper Upscale and Upscale Concentration. While at times these segments may experience more volatility than other segments, we believe the upper upscale and upscale segments, which represented approximately 92% of the hotel revenue generated by our 43 hotels during 2008, tend to outperform the lodging industry generally.

Nationally Recognized Brands. Most of our hotels are operated under nationally recognized brands, including Marriott, Hyatt, Fairmont, Hilton, and Starwood. We believe that affiliations with strong brands help to drive business to our hotels.

Presence in Key Markets. We believe that our hotels are located in desirable markets with major demand generators and significant barriers to entry for new supply. In 2008, approximately 76% of the revenues generated by our 43 hotels were generated by hotels located in key gateway markets such as Boston, New York, Washington, D.C./Baltimore, Chicago, Atlanta, Orlando, Los Angeles, Orange County and San Diego. Over time, we expect the revenues of hotels located in key gateway markets to grow more quickly than the average for U.S. hotels as a result of stronger economic drivers as well as higher levels of international travel.

Proven Acquisition and Disposition Capabilities. We believe that our significant acquisition and disposition experience will allow us to continue to execute our cycle-appropriate strategy to redeploy capital from slower growth to higher growth hotels. From January 1, 2004 through December 31, 2008, we acquired interests in 17 hotels and sold 34 hotels. Pursuant to our cycle-appropriate strategy, our focus shifted from acquisitions to dispositions in 2007 and 2008 as the lodging cycle matured.

Proactive Asset Management. We have a proactive asset management team focused on growing the long-term revenues and enhancing the profitability of our hotels. We seek to achieve these goals by working with our operators to develop hotel-level master plans, which include positioning and capital renovation plans. We believe that a proactive asset management program can help to grow revenues of our hotel portfolio and maximize operational efficiency by leveraging best practices and innovations across our various hotels and by providing our managers with operational insights from our extensive experience.

Strategic Relationship with Interstate SHP. We believe that our management agreements and long-standing relationship with Interstate SHP align its interests with ours, resulting in a shared focus on maximizing the operating performance of our 25 hotels managed by Interstate SHP.

Experienced Management Team. We have a seasoned senior management team with extensive experience in real estate, lodging and finance. We believe our management team is appropriately focused on driving stockholder value through portfolio and capital structure management.

Business Strategy

The Sunstone team focuses on creating value through a comprehensive approach to portfolio management. Sunstone's strategy includes:

Acquiring upper-upscale and luxury hotels with nationally recognized brands in markets with high barriers to entry;

Enhancing the value of our hotels through major capital projects and repositionings;

Optimizing the performance of our portfolio through proactive asset management;

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Recycling capital through opportunistic dispositions of non-core assets; and

Minimizing our cost of capital through disciplined balance sheet management.

Our long-term objective is to own a consistent portfolio of upper upscale hotels, well located within key markets. We seek to maximize total returns to our stockholders through a cycle-appropriate capital allocation strategy. Our strategy is designed to minimize our weighted average cost of capital, maximize our financial flexibility and generate attractive returns on our investments by improving the long-term growth of our portfolio's cash flows. Our strategy emphasizes acquisitions and capital renovations during the growth phase of the lodging cycle, dispositions during the mature phase of the cycle, and cash preservation during cyclical declines. During all phases of the cycle, we focus on driving top-line revenues and bottom-line profitability through proactive asset management.

Table of Contents

Competition

The hotel industry is highly competitive. Our hotels compete with other hotels for guests in each of their markets. Competitive advantage is based on a number of factors, including location, quality of accommodations, convenience, brand affiliation, room rates, service levels and amenities, and level of customer service. Competition is often specific to the individual markets in which our hotels are located and includes competition from existing and new hotels operated under brands in the luxury, upper upscale and upscale segments. Increased competition could harm our occupancy or revenues or may require us to provide additional amenities or make capital improvements that we otherwise would not have to make, which may reduce our profitability.

We believe that competition for the acquisition of hotels is highly fragmented. We face competition from institutional pension funds, private equity investors, other REITs and numerous local, regional and national owners, including franchisors, in each of our markets. Some of these entities may have substantially greater financial resources than we do and may be able and willing to accept more risk than we believe we can prudently manage. At times when we seek to acquire hotels, competition generally may increase the bargaining power of property owners seeking to sell and reduce the number of suitable investment opportunities available to us. Similarly, during times when we seek to sell hotels, competition may increase the bargaining power of the potential property buyers.

Forty of the hotels we owned as of December 31, 2008 are operated under nationally recognized brands. We believe that the market's perception of quality and service associated with the brands our hotels operate under, including Marriott, Hyatt, Fairmont, Hilton and Starwood, is an important driver of demand.

Management Agreements

Twenty-five of the 43 hotels we owned as of December 31, 2008 are managed and operated by Interstate SHP pursuant to management agreements with the TRS Lessee or its subsidiaries. Our remaining 18 hotels as of December 31, 2008 are managed by Marriott, Hyatt, Fairmont, Hilton or Starwood under management agreements with the TRS Lessee or its subsidiaries. The following is a general description of these agreements.

Interstate SHP. Our management agreements with Interstate SHP require us to pay, on a monthly basis, a management fee ranging from 1.0% to 2.1% of gross revenues; plus an accounting fee of \$10-\$11 per room per month, subject to an annual increase based on consumer price index; plus an incentive fee of 10.0% of the excess of net operating income over a threshold. The incentive fee, however, may not exceed a range of 0.5% to 1.9% of the total revenues for all the hotels managed by Interstate SHP for any fiscal year. The TRS Lessee must deliver to Interstate SHP a guaranty or guaranties of payment with respect to all fees payable to Interstate SHP.

The Interstate SHP management agreements expire in 2024, and we have the right to renew each management agreement for up to two additional terms of five years each, absent a prior termination by either party. Interstate SHP is located in the same building as our headquarters in San Clemente, California. Pursuant to the terms of the management agreements, without our prior written consent, Interstate SHP may not replace certain of its key personnel in operations, sales and marketing, accounting and finance and other agreed upon personnel. In addition, without our prior written consent, Interstate SHP is not able to alter certain operating procedures or systems deemed integral to the operation of each of the managed hotels.

Marriott. Six of our Marriott hotels and seven of our Renaissance hotels are operated under management agreements with Marriott. These management agreements require us to pay a base management fee between 2.25% and 3.0% of total revenue from these hotels to Marriott and expire between 2014 and 2050. Additionally, ten of these management agreements require an incentive fee of 20.0% of the excess of gross operating profit over a certain threshold; one of the management agreements requires an incentive fee of 20.0% of net cash flow; one of the management agreements requires an incentive fee of 20.0% of gross operating profit, subject to deferral if Sunstone does not receive its priority distribution; and one of the management agreements requires us to pay specific percentages of both room revenue and food and beverage revenue. The management agreements with Marriott may be terminated earlier than the stated term if certain events occur, including the failure of Marriott to satisfy certain performance standards, a condemnation of, a casualty to, or force majeure event involving a hotel, the withdrawal or revocation of any license or permit required in connection with the operation of a hotel and upon a default by Marriott or us that is not cured prior to the expiration of any applicable cure periods. Marriott has rights of first refusal to either purchase or lease hotels, or to terminate the applicable management agreement in the event we sell the respective hotel.

Hyatt. Two of our Hyatt hotels are operated under management agreements with Hyatt. The agreement with respect to the Hyatt Regency Newport Beach, California hotel expires in 2039 and requires us to pay 3.5% of total hotel revenue as a base management fee, with an additional 0.5% of total revenue payable to Hyatt based upon the hotel achieving specific operating thresholds. The management agreement with respect to the Hyatt Marietta, Georgia hotel expires in 2040 and requires us to pay 4.0% of total hotel revenue to Hyatt as a base fee. These management

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

agreements may be terminated earlier than the contract term if certain events occur, including the failure of Hyatt to satisfy certain performance standards, a condemnation of, a casualty to, or force majeure event involving the hotel and upon a default by Hyatt or us that is not cured prior to the expiration of any applicable cure period.

Table of Contents

Fairmont. Our Fairmont Newport Beach, California hotel is operated under a management agreement with a subsidiary of Fairmont. The agreement requires us to pay 3.0% of total revenue as a base management fee and expires in 2015, with two options to extend the agreement for an additional 30 years in the aggregate. The agreement includes incentive fees ranging from between 15.0% and 25.0% of the hotel's net profit above certain net profit thresholds. In addition, we entered into an agreement with Fairmont whereby Fairmont will provide us with a limited performance guaranty to ensure, subject to certain limitations, a return on equity to us. Under the terms of this agreement, should the net cash flow generated by the hotel be insufficient to cover a 9.0% return on our equity investment in the hotel in 2008 and a 10.0% return on our equity investment in subsequent years, Fairmont is required to pay us the difference, up to \$6.0 million over the term of the agreement. We used a total of \$3.5 million of the \$6.0 million performance guaranty during 2008. We expect to fully utilize the remaining amount of this guaranty in 2009.

Hilton. Our Embassy Suites La Jolla, California hotel is operated under a management agreement with Hilton. The agreement expires in 2016, and requires us to pay a base management fee as follows: 1.5% of gross revenues in 2006; 1.75% of gross revenues in 2007; 2.0% of gross revenues in 2008; and 2.25% of gross revenues in 2009 through 2016. The agreement includes an incentive fee of 15.0% of our net profit at the hotel above the achievement of certain net profit thresholds.

Starwood. Our W Hotel in San Diego, California is operated under a management agreement with Starwood. The agreement requires us to pay 3.0% of total revenue as a base management fee and expires in 2026. The agreement includes an incentive fee of 10.0% of our net profit at the hotel above the achievement of certain net profit thresholds.

The existing management agreements with Marriott, Hyatt, Fairmont, Hilton and Starwood require the manager to furnish chain services that are generally made available to other hotels managed by that operator. Costs for these chain services are reimbursed by us. Such services include: (1) the development and operation of computer systems and reservation services; (2) management and administrative services; (3) marketing and sales services; (4) human resources training services; and (5) such additional services as may from time to time be more efficiently performed on a national, regional or group level.

Franchise Agreements

As of December 31, 2008, 24 of the hotels we owned were operated subject to franchise agreements. Franchisors provide a variety of benefits to franchisees, including nationally recognized brands, centralized reservation systems, national advertising, marketing programs and publicity designed to increase brand awareness, training of personnel and maintenance of operational quality at hotels across the brand system.

The franchise agreements generally specify management, operational, record-keeping, accounting, reporting and marketing standards and procedures with which our subsidiary, as the franchisee, must comply. The franchise agreements obligate the subsidiary to comply with the franchisor's standards and requirements with respect to training of operational personnel, safety, maintaining specified insurance, the types of services and products ancillary to guest room services that may be provided by the subsidiary, display of signage and the type, quality and age of furniture, fixtures and equipment included in guest rooms, lobbies and other common areas. The franchise agreements for our hotels require that we reserve up to 5.0% of the gross revenues of the hotels into a reserve fund for capital expenditures.

The franchise agreements also provide for termination at the franchisor's option upon the occurrence of certain events, including failure to pay royalties and fees or to perform other obligations under the franchise license, bankruptcy and abandonment of the franchise or a change in control. The subsidiary that is the franchisee is responsible for making all payments under the franchise agreements to the franchisors.

Tax Status

We have elected to be taxed as a REIT under Sections 856 through 859 of the Code, commencing with our taxable year ending December 31, 2004. Under current federal income tax laws, we are required to distribute at least 90% of our net taxable income to our stockholders. While REITs enjoy certain tax benefits relative to C corporations, we may, however, be subject to certain federal, state and local taxes on our income and property and to federal income and excise tax on our undistributed income.

Taxable REIT Subsidiary

Subject to certain limitations, a REIT is permitted to own, directly or indirectly, up to 100% of the stock of a taxable REIT subsidiary, or TRS. The TRS may engage in businesses that are prohibited to a REIT. In particular, a hotel REIT is permitted to own a TRS that leases hotels from the REIT, rather than requiring the lessee to be an unaffiliated third party. However, a hotel leased to a TRS still must be managed by an unaffiliated third party in the business of managing hotels. The TRS provisions are complex and impose several conditions on the use of TRSs. This is to assure that TRSs are subject to an appropriate level of federal corporate taxation.

Table of Contents

As described above, we may own up to 100% of the stock of one or more TRSs, including the TRS Lessee. A TRS is a fully taxable corporation that may earn income that would not be qualifying income if earned directly by us. A TRS may perform activities such as development, and other independent business activities. However, a TRS may not directly or indirectly operate or manage any hotels or provide rights to any brand name under which any hotel is operated.

We and the TRS Lessee must make a joint election with the IRS for the TRS Lessee to be treated as a TRS. A corporation of which a qualifying TRS owns, directly or indirectly, more than 35% of the voting power or value of the corporation's stock will automatically be treated as a TRS. Overall, no more than 25% of the value of our assets may consist of securities of one or more TRS, and no more than 25% of the value of our assets may consist of the securities of TRSs and other assets that are not qualifying assets for purposes of the 75% asset test. The 75% asset test generally requires that at least 75% of the value of our total assets be represented by real estate assets, cash, or government securities.

The rent that we receive from a TRS qualifies as rents from real property as long as the property is operated on behalf of the TRS by a person who qualifies as an independent contractor and who is, or is related to a person who is, actively engaged in the trade or business of operating qualified lodging facilities for any person unrelated to us and the TRS (an eligible independent contractor). A qualified lodging facility is a hotel, motel or other establishment in which more than one-half of the dwelling units are used on a transient basis. A qualified lodging facility does not include any facility where wagering activities are conducted or in connection with such facility by any person who is engaged in the business of accepting wagers and who is legally authorized to engage in such business at or in connection with such facility. A qualified lodging facility includes customary amenities and facilities operated as part of, or associated with, the lodging facility as long as such amenities and facilities are customary for other properties of a comparable size and class owned by other unrelated owners.

We have formed the TRS Lessee as a wholly owned TRS. We lease each of our hotels to the TRS Lessee or one of its subsidiaries. As described below, these leases provide for a base rent plus a percentage rent. These leases must contain economic terms which are similar to a lease between unrelated parties. If they do not, the IRS could impose a 100% excise tax on certain transactions between our TRS and us or our tenants that are not conducted on an arm's-length basis. We believe that all transactions between us and the TRS Lessee are conducted on an arm's-length basis. Further, the TRS rules limit the deductibility of interest paid or accrued by a TRS to us to assure that the TRS is subject to an appropriate level of corporate taxation.

As discussed above, the TRS Lessee has engaged independent hotel operators to operate the related hotels on its behalf. Furthermore, we have represented, with respect to hotels that we lease to the TRS Lessee in the future, that the TRS Lessee will engage eligible independent contractors to manage and operate the hotels leased by the TRS Lessee. All of our third-party managers qualify as eligible independent contractors.

Ground and Air Lease Agreements

At December 31, 2008, eight of our hotels are subject to ground or air leases with unaffiliated parties that cover either all or portions of their respective properties. As of December 31, 2008, the remaining terms of these ground and air leases (including renewal options) range from approximately 27 to 88 years. These leases generally require us to make rental payments and payments for all or portions of charges, costs, expenses and liabilities, including real and personal property taxes, insurance and utilities associated with the leased property.

Any proposed sale of a property that is subject to a ground or air lease or any proposed assignment of our leasehold interest as ground or air lessee under the ground or air lease may require the consent of the applicable ground or air lessor. As a result, we may not be able to sell, assign, transfer or convey our ground or air lessee's interest in any such property in the future absent the consent of the ground or air lessor, even if such transaction may be in the best interests of our stockholders. Two of the leases prohibit the sale or conveyance of the hotel and assignment of the leases by us to another party without first offering the lessor the opportunity to acquire our interests in the associated hotel and property upon the same terms and conditions as offered by us to the third party.

At two of our hotels, we have the option to acquire the ground lessor's interest in the ground lease subject to certain exercisability provisions. At this time, we do not intend to exercise any option to purchase the ground lessor's interest in any of the leases.

Table of Contents

Offices

We lease our headquarters located at 903 Calle Amanecer, Suite 100, San Clemente, California 92673 from an unaffiliated third party. We occupy our headquarters under a lease that terminates on June 30, 2010, with an option to extend for an additional five years.

Employees

At February 1, 2009, we had 47 employees. We believe that our relations with our employees are positive. All persons employed in the day-to-day operations of the hotels are employees of the management companies engaged by the TRS Lessee or its subsidiaries to operate such hotels.

Environmental

All of our hotels have been subjected to environmental reviews. Environmental consultants retained by our lenders have conducted Phase I environmental site assessments on many of our properties. These Phase I assessments relied on older environmental assessments prepared in connection with prior financing. Phase I assessments are designed to evaluate the potential for environmental contamination of properties based generally upon site inspections, facility personnel interviews, historical information and certain publicly available databases. Phase I assessments will not necessarily reveal the existence or extent of all environmental conditions, liabilities or compliance concerns at the properties. While some of these assessments have led to further investigation and sampling, none of the environmental assessments have revealed, nor are we aware of, any environmental liability (including asbestos-related liability) that we believe would harm our business, financial position, results of operations or cash flow.

Under various federal, state and local laws and regulations, an owner or operator of real estate may be liable for the costs of removal or remediation of certain hazardous or toxic substances on the property. These laws often impose such liability without regard to whether the owner knew of, or was responsible for, the presence of hazardous or toxic substances. Furthermore, a person that arranges for the disposal or transports for disposal or treatment of a hazardous substance at another property may be liable for the costs of removal or remediation of hazardous substances released into the environment at that property. The costs of remediation or removal of such substances may be substantial, and the presence of such substances, or the failure to promptly remediate such substances, may adversely affect the owner's ability to sell such real estate or to borrow using such real estate as collateral. In connection with the ownership and operation of our properties, we or the TRS Lessee, as the case may be, may be potentially liable for such costs.

We have provided unsecured environmental indemnities to certain lenders. We have performed due diligence on the potential environmental risks including obtaining an independent environmental review from outside environmental consultants. These indemnities obligate us to reimburse the guaranteed parties for damages related to environmental matters. There is no term or damage limitation on these indemnities; however, if an environmental matter arises, we could have recourse against other previous owners. Although we have tried to mitigate some environmental risk through insurance, this insurance may not cover all or any of the environmental risks we encounter.

ADA Regulation

Our properties must comply with various laws and regulations, including Title III of the Americans with Disabilities Act (ADA) to the extent that such properties are public accommodations as defined by the ADA. The ADA may require removal of structural barriers to access by persons with disabilities in certain public areas of our properties where such removal is readily achievable. We believe that our properties are in substantial compliance with the ADA; however, noncompliance with the ADA could result in capital expenditures, the imposition of fines or an award of damages to private litigants. The obligation to make readily achievable accommodations is an ongoing one, and we will continue to assess our properties and to make alterations as appropriate in this respect.

Seasonality

The lodging business is seasonal in nature, and we experience some seasonality in our business. Revenue for hotels in tourist areas generally is substantially greater during tourist season than other times of the year. Quarterly revenue also may be adversely affected by events beyond our control, such as extreme weather conditions, terrorist attacks or alerts, medical conditions such as public health concerns, airline strikes, cost of air travel or reduced airline capacity, economic factors and other considerations affecting travel.

Inflation

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Inflation may affect our expenses, including, without limitation, by increasing costs such as labor, food, taxes, property and casualty insurance and utilities.

Securities Exchange Act Reports

Our internet address is www.sunstonehotels.com. Periodic and current Securities and Exchange Commission (SEC) reports and amendments to those reports, are available, free of charge, through links displayed on our web site as soon as reasonably practicable after we file such material with, or furnish it to, the SEC. Our website and the information on our website is not a part of this Annual Report on Form 10-K.

Item 1A. Risk Factors

The statements in this section describe some of the significant risks to our business and should be considered carefully. In addition, these statements constitute our cautionary statements under the Private Securities Litigation Reform Act of 1995, as amended. Our disclosure and analysis in this 2008 Annual Report on Form 10-K and in our 2008 Annual Report to Stockholders contain certain forward-looking statements that set forth anticipated results based on management's plans and assumptions. We also provide forward-looking statements in other materials we release to the public. Such statements give our current expectations or forecasts of future events; they do not relate strictly to historical or current facts. These forward-looking statements are identified by their use of terms and phrases such as anticipate, believe, continue, could, estimate, expect, intend, may, plan, predict, project, should, will, and other similar terms and phrases, including references to assumptions and forecasts of future results.

There is no guaranty that any forward-looking statement will be realized. The achievement of future results is subject to risks, uncertainties and assumptions that may prove to be inaccurate. If any known or unknown risks or uncertainties materialize, or if underlying assumptions prove inaccurate, actual results could differ materially from past results and those anticipated, estimated, expected or projected.

Risks Related to Our Business

The uncertain environment in the lodging industry and the economy generally will continue to impact our financial results and growth.

The present U.S. recession and global economic slowdown and the uncertainty over their respective depths and durations have adversely affected our business. In addition, volatility in transportation fuel costs, increases in air and ground travel costs and decreases in airline capacity have reduced and may continue to reduce the demand for our hotel rooms. Accordingly, our financial results have been and may continue to be harmed if the economic slowdown continues for a significant period or becomes worse, or if transportation fuel costs return to the recent high levels for an extended period or increase further.

Volatility in the debt and equity markets may adversely affect our ability to acquire or sell hotel assets.

The global financial markets are currently undergoing pervasive and fundamental disruptions. The continuation or intensification of any such volatility may have a material adverse effect on our financial condition or results of operations. Among other things, recently the capital markets have experienced extreme price volatility, dislocations and liquidity disruptions, all of which have exerted downward pressure on stock prices, widened credit spreads on prospective debt financing and led to declines in the market values of U.S. and foreign stock exchanges. The recent dislocations in the debt markets have reduced the amount of capital that is available to finance real estate, which, in turn may limit our ability to finance the acquisition of hotels or the ability of purchasers to obtain financing for hotels that we wish to sell, either of which may have a material adverse impact on revenues, income and/or cash flow from the acquisition and operations of hotels and mortgage loans.

The current U.S. and global economic and financial crisis has also severely strained the credit markets resulting in the bankruptcies and mergers of large financial institutions and significant investment in and control by government bodies of financial institutions to avoid further illiquidity and bank failures. At times, certain segments of the credit market have frozen with banks no longer willing to make loans. The continuation or intensification of current levels of market disruption and volatility could adversely affect the value of our hotel properties, addressed separately below.

We have historically used capital obtained from debt and equity markets, along with mortgage debt, to acquire hotel assets. If these markets continue to remain difficult to access, including because of a low demand for debt or equity securities, higher debt prices and interest rates, a low value for equity securities (including our common or preferred stock), and more restrictive lending standards, our ability to obtain capital for acquisitions on favorable terms or at all could continue to be adversely affected. Similar factors could also adversely affect the ability of others to obtain capital and therefore could make it more difficult to sell hotel assets.

Table of Contents

Changes in the debt and equity markets may adversely affect the value of our hotels.

The value of hotel real estate is inversely correlated to the capital costs of hotel investors. If capital costs increase, real estate values may decrease. Capital costs are generally a function of interest rates on mortgage debt and return expectations of equity investors. Interest rates for hotel mortgages have increased by several percentage points since we entered into our last mortgage financing in April 2007. Equity investor return expectations have also risen during the same time period. If capital costs remain at current levels or increase, and if the income generated by our hotels does not increase by amounts sufficient to cover such higher capital costs, the market value of our hotel real estate may decline.

As of December 31, 2008, we had approximately \$1,712.8 million of outstanding debt, and carrying such debt may impair our financial flexibility or harm our business and financial results by imposing requirements on our business.

Of our total debt, approximately \$329.2 million matures over the next three years (\$81.0 million in 2010 and \$248.2 million in 2011). Carrying our outstanding debt may adversely impact our business and financial results by:

requiring us to use a substantial portion of our funds from operations to make required payments on principal and interest, which will reduce the amount of cash available to us for distributions to our stockholders and for our operations and capital expenditures, future business opportunities and other purposes;

making us more vulnerable to economic and industry downturns and reducing our flexibility in responding to changing business and economic conditions;

limiting our ability to undertake refinancings of debt or borrow more money for operations or capital expenditures or to finance acquisitions; and

compelling us to sell one or more properties, possibly on disadvantageous terms, in order to make required payments of interest and principal.

We also may incur additional debt in connection with future acquisitions of real estate, which may include loans secured by some or all of the hotels we acquire. If necessary or advisable, we may also borrow funds to satisfy the requirement that we distribute to our stockholders at least 90% of our annual REIT taxable income or otherwise to ensure that we maintain our qualification as a REIT for federal income tax purposes. In addition to our outstanding debt, at December 31, 2008, we had \$3.5 million in outstanding letters of credit.

If we were to default on our secured debt in the future, the loss of our property securing the debt would negatively affect our ability to satisfy other obligations.

A majority of our debt is secured by first deeds of trust on our properties. Using our properties as collateral increases our risk of property losses because defaults on indebtedness secured by properties may result in foreclosure actions initiated by lenders and ultimately our loss of the property that secures any loan under which we are in default. For tax purposes, a foreclosure on any of our properties would be treated as a sale of the property. If the outstanding balance of the debt secured by the mortgage exceeds our tax basis in the property, we would recognize taxable income on foreclosure but would not necessarily receive any cash proceeds. As a result, we may be required to identify and utilize other sources of cash for distributions to our stockholders. In addition, because of various cross-collateralization provisions in our notes payable, our default under some of our mortgage debt obligations may result in a default on our other indebtedness. If this occurs, our financial condition, cash flow and ability to satisfy our other debt obligations or ability to pay dividends may be harmed.

We anticipate that we will refinance our indebtedness from time to time to repay our debt, and our inability to refinance on favorable terms, or at all, could impact our operating results.

Because we anticipate that our internally generated cash will be adequate to repay only a portion of our indebtedness prior to maturity, we expect that we will be required to repay debt from time to time through refinancings of our indebtedness and/or offerings of equity or debt. The amount of our existing indebtedness may impede our ability to repay our debt through refinancings. If we are unable to refinance our indebtedness on acceptable terms, or at all, we might be forced to sell one or more of our properties on disadvantageous terms, which might result in losses to us

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

and reduce the amount of cash available to us for distributions to our stockholders. If prevailing interest rates or other factors at the time of any refinancing result in higher interest rates on refinancing, our interest expense would increase, which would harm our operating results.

Financial covenants in our existing notes payable and those notes we may assume may restrict our operating or acquisition activities.

Some of our existing notes payable contain, and other financings that we may incur or assume in the future may contain, restrictions, requirements and other limitations on our ability to incur additional debt on specific properties, as well as financial

Table of Contents

covenants relating to the performance of those properties. Our ability to borrow under these agreements is subject to compliance with these financial and other covenants. If we are unable to engage in activities that we believe would benefit those properties or we are unable to incur debt to pursue those activities, our growth may be limited. If we need to obtain consents or waivers from compliance with these covenants, it may take time or cause us to incur additional expenses.

Our credit facility and our Series C preferred stock contain financial covenants that could limit our financial flexibility and harm our financial condition.

Both our credit facility and our Series C cumulative convertible preferred stock, or the Series C preferred stock, contain, and other financings that we may incur or assume in the future may contain, financial and operating covenants, including net worth requirements, fixed charge coverage and debt ratios and other limitations on our ability to make distributions or other payments to our stockholders (other than, in the case of the credit facility, those required to maintain our REIT status), as well as limitations on our ability to sell all or substantially all of our assets and engage in mergers, consolidations and certain acquisitions. Failure to meet our financial covenants could result from, among other things, changes in our results of operations, the incurrence of debt or changes in general economic conditions. Advances under the credit facility are subject to borrowing base requirements based on the hotels securing the facility. These covenants may restrict our ability to engage in transactions that we believe would otherwise be in the best interests of our stockholders. Failure to comply with any of the covenants in our credit facility could result in a default under one or more of our debt instruments. This could cause one or more of our lenders to accelerate the timing of our payment obligations and could harm our business, operations, financial condition or liquidity. We believe if economic trends continue to negatively affect the demand of our hotels, we may fail to meet our financial covenants under the credit facility and our Series C preferred stock within the next 12 to 24 months. In advance of such a failure, with respect to our credit facility, in addition to other alternatives we may seek to renegotiate the terms of our credit facility, or we may elect to terminate the credit facility. If we fail to meet certain financial covenants with respect to our Series C preferred stock, the Series C holder would be entitled to elect one member to our board of directors and to receive a default dividend of 0.50% of its liquidation preference (as defined in the articles supplementary for the Series C preferred stock) in addition to any other dividend to which it is entitled. In addition, we would be restricted from paying a dividend on our common stock while such failure continues.

Our organizational documents contain no limitations on the amount of debt we may incur, so we may become too highly leveraged.

Our organizational documents do not limit the amount of indebtedness that we may incur. If we increase the level of our borrowings, then the resulting increase in cash flow that must be used for debt service would reduce cash available for distribution and could harm our ability to make payments on our outstanding indebtedness and our financial condition.

Two of our directors have economic interests in other real estate investments, including hotels, which may result in conflicts and competing demands on their time.

Two of our directors, Messrs. Alter and Wolff, are actively involved in the management of entities that invest in real estate, including hotels. Accordingly, these directors may have a conflict of interest in evaluating acquisition opportunities in which we and those entities both have a potential interest. These potential conflicts have been disclosed to and approved by the board of directors.

We face competition for hotel acquisitions and dispositions, and we may not be successful in completing hotel acquisitions or dispositions that meet our criteria, which may impede our business strategy.

Our business strategy is predicated on a cycle-appropriate approach to hotel acquisitions and dispositions. We may not be successful in identifying or completing acquisitions or dispositions that are consistent with our strategy. We compete with institutional pension funds, private equity investors, other REITs, owner-operators of hotels, franchise-owned hotels and others who are engaged in the acquisition of hotels, and we rely on such entities as purchasers of hotels we seek to sell. These competitors may affect the supply/demand dynamics and, accordingly, increase the price we must pay for hotels or hotel companies we seek to acquire, and these competitors may succeed in acquiring those hotels or hotel companies themselves. Furthermore, our potential acquisition targets may find our competitors to be more attractive suitors because they may have greater marketing and financial resources, may be willing to pay more, or may have a more compatible operating philosophy. In addition, the number of entities competing for suitable hotels may increase in the future, which would increase demand for these hotels and the prices we must pay to acquire them, which, although beneficial to dispositions of hotels, may materially impact our ability to acquire new properties. If we pay higher prices for hotels, our profitability may be reduced. Also, future acquisitions of hotels or hotel companies may not yield the returns we expect and, if financed using our equity, may result in stockholder dilution. In addition, our profitability may suffer because of acquisition-related costs or amortization costs for acquired intangible assets, and the integration of such acquisitions may cause disruptions to our business and may strain management resources.

The acquisition of a portfolio of hotels presents more risks to our business and financial results than the acquisition of a single hotel.

We have acquired in the past, and may acquire in the future, multiple hotels in single transactions to seek to reduce acquisition costs per hotel and enable us to expand our hotel portfolio more rapidly. Multiple hotel acquisitions, however, are generally more

Table of Contents

complex than single hotel acquisitions and, as a result, the risk that they will not be completed is greater. These acquisitions may also result in our owning hotels in geographically dispersed markets, which places additional demands on our ability to actively asset manage the hotels. In addition, we may be required by a seller to purchase a group of hotels as a package, even though one or more of the hotels in the package do not meet our investment criteria. In those events, we expect to attempt to sell the hotels that do not meet our investment criteria, but may not be able to do so on acceptable terms or may have to pay a 100% prohibited transactions tax on any gain. These hotels may harm our operating results if they operate below our underwriting or we sell them at a loss. Also, a portfolio of hotels may also be more difficult to integrate with our existing hotels than a single hotel, may strain our management resources and may make it more difficult to find one or more management companies to operate the hotels. Any of these risks could harm our operating results.

In the past, events beyond our control, including an economic slowdown and terrorism, harmed the operating performance of the hotel industry generally and the performance of our hotels, and if these or similar events occur again, our operating and financial results may be harmed by declines in average daily room rates and/or occupancy.

The performance of the lodging industry has traditionally been closely linked with the performance of the general economy and, specifically, growth in the U.S. gross domestic product. For example, revenue per available room, or RevPAR, in the lodging industry declined 6.9% in 2001 and 2.6% in 2002. The majority of our hotels are classified as upper upscale or upscale hotels. In an economic downturn, these types of hotels may be more susceptible to a decrease in revenue, as compared to hotels in other categories that have lower room rates. This characteristic may result from the fact that upper upscale and upscale hotels generally target business and high-end leisure travelers. In periods of economic difficulties, business and leisure travelers may seek to reduce travel costs by limiting travel or seeking to reduce costs on their trips. In addition, the terrorist attacks of September 11, 2001 had a dramatic adverse effect on business and leisure travel, and on the occupancy and average daily rate, or ADR, of our hotels. Future terrorist activities could have a harmful effect on both the industry and us. Likewise, the volatility in the credit and equity markets and the economic recession will likely continue to have an adverse effect on our business.

We own primarily upper upscale and upscale hotels, and the upper upscale and upscale segments of the lodging market are highly competitive and generally subject to greater volatility than other segments of the market, which could negatively affect our profitability.

The upper upscale and upscale segments of the hotel business are highly competitive. Our hotels compete on the basis of location, room rates and quality, service levels, reputation and reservations systems, among many other factors. There are many competitors in our hotel chain scale segments, and many of these competitors have substantially greater marketing and financial resources than we have. This competition could reduce occupancy levels and room revenue at our hotels, which would harm our operations. Over-building in the hotel industry may increase the number of rooms available and may decrease occupancy and room rates. We will also face competition from nationally recognized hotel brands with which we are not associated. In addition, in periods of weak demand, profitability is negatively affected by the relatively high fixed costs of operating upper upscale and upscale hotels when compared to other classes of hotels.

Rising operating expenses or low occupancy rates could reduce our cash flow and funds available for future distributions.

Our hotels, and any hotels we buy in the future, are and will be subject to operating risks common to the lodging industry in general. If any hotel is not occupied at a level sufficient to cover our operating expenses, then we could be required to spend additional funds for that hotel's operating expenses. In the future, our hotels will be subject to increases in real estate and other tax rates, utility costs, operating expenses, insurance costs, repairs and maintenance and administrative expenses, which could reduce our cash flow and funds available for future distributions.

Our hotels are geographically concentrated in California and, accordingly, we could be disproportionately harmed by an economic downturn in this area of the country or a natural disaster, such as an earthquake.

As of December 31, 2008, 17 of the 43 hotels we owned, the largest concentration of our hotels in any state, representing approximately 33% of our rooms and approximately 31% of our 2008 revenues, are located in California. The concentration of our hotels in California makes our business disproportionately affected by economic conditions, competition and real and personal property tax rates in California. Natural disasters in California, such as earthquakes, fires or mudslides, would disproportionately affect our hotel portfolio. The California economy and tourism industry, in comparison to other parts of the country, is negatively affected to a greater extent by changes and downturns in certain industries, including the entertainment and high technology industries. It is also possible that because of our California concentration, a change in California laws applicable to hotels and the lodging industry may have a greater impact on us than a change in comparable laws in another geographical area in which we have hotels. Adverse developments in California could harm our revenue or increase our operating expenses in that state.

Table of Contents

The operating results of some of our individual hotels are significantly impacted by group contract business and other large customers, and the loss of such customers for any reason could harm our operating results.

Group contract business and other large customers, or large events, can significantly impact the results of operations of our hotels. These contracts and customers vary from hotel to hotel and change from time to time. Such contracts are typically for a limited period of time after which they may be put up for competitive bidding. The impact and timing of large events are not always easy to predict. As a result, the operating results for our individual hotels can fluctuate as a result of these factors, possibly in adverse ways, and these fluctuations can affect our overall operating results.

Because most of our hotels are operated under franchise agreements or are brand managed, termination of these franchise or management agreements or circumstances that negatively affect the franchisor or the hotel brand could cause us to lose business at our hotels or lead to a default or acceleration of our obligations under certain of our notes payable.

As of December 31, 2008, 40 of the 43 hotels we owned, representing approximately 92% of our rooms, were operated under franchise or management agreements with international franchisors or hotel management companies, such as Marriott, Hyatt, Fairmont, Hilton and Sheraton. In general, under these arrangements, the franchisor or brand manager provides marketing services and room reservations and certain other operating assistance, but requires us to pay significant fees to it and to maintain the hotel in a required condition. If we fail to maintain these required standards, then the franchisor or hotel brand may terminate its agreement with us and obtain damages for any liability we may have caused. Moreover, from time to time, we may receive notices from franchisors or the hotel brands regarding our alleged non-compliance with the franchise agreements or brand standards, and we may disagree with these claims that we are not in compliance. Any disputes arising under these agreements could also lead to a termination of a franchise or management agreement and a payment of liquidated damages. Such a termination may trigger a default or acceleration of our obligations under some of our notes payable. In addition, as our agreements expire, we may not be able to renew them on favorable terms or at all. If we were to lose a franchise or hotel brand for a particular hotel, it could harm the operation, financing, financeability or value of that hotel due to the loss of the franchise or hotel brand name, marketing support and centralized reservation system. Moreover, negative publicity affecting a franchisor or hotel brand in general could reduce the revenue we receive from the hotels subject to that particular franchise or brand. Any loss of revenue at a hotel could harm the ability of the TRS Lessee, to whom we have leased our hotels as a result of certain federal income tax restrictions on lodging REITs, to pay rent to the Operating Partnership and could harm our ability to pay dividends on our common stock or preferred stock. See also *Because we are a REIT, we depend on third parties to operate our hotels, which could harm our results of operations* below.

Our franchisors and brand managers require us to make capital expenditures pursuant to property improvement plans, or PIPs, and the failure to make the expenditures required under the PIPs or to comply with brand standards could cause the franchisors or hotel brands to terminate the franchise or management agreements.

Historically, some of our franchisors and brand managers require that we make renovations to some of our hotels in connection with revisions to our franchise or management agreements. In addition, upon regular inspection of our hotels, our franchisors and hotel brands may determine that additional renovations are required to bring the physical condition of our hotels into compliance with the specifications and standards each franchisor or hotel brand has developed in connection with the operation of our hotels. In connection with the acquisitions of hotels, franchisors and hotel brands may also require PIPs, which set forth their renovation requirements. If we do not satisfy the PIP renovation requirements, the franchisor or hotel brand may have the right to terminate the applicable agreement. In addition, in the event that we are in default under any franchise agreement as a result of our failure to comply with the PIP requirements, in general, we will be required to pay the franchisor liquidated damages, generally equal to a percentage of gross room revenue for the preceding two-, three- or five-year period for the hotel or a percentage of gross revenue for the preceding twelve-month period for all hotels operated under the franchised brand if the hotel has not been operating for at least two years.

Because we are a REIT, we depend on third parties to operate our hotels, which could harm our results of operations.

In order to qualify as a REIT, we cannot directly operate our hotels or participate in the decisions affecting the daily operations of our hotels. Accordingly, we must enter into management agreements with eligible independent contractors to manage our hotels. Thus, independent management companies, including Interstate SHP, Marriott, Hyatt, Fairmont, Hilton and Starwood, control the daily operations of our hotels.

As of December 31, 2008, Interstate SHP operated 25 of the 43 hotels we owned. Additionally, subsidiaries of Marriott operated 13 of our hotels, Hyatt operated two of our hotels, and Fairmont, Hilton and Starwood each operated one of our hotels. Under the terms of our management agreements with these companies, although we actively participate in setting operating strategies, we do not have the authority to require any hotel to be operated in a particular manner or to govern any particular aspect of the daily operations of any hotel (e.g., setting room rates, etc.). We depend on these independent management companies to adequately operate our hotels as provided in the applicable management agreements. Thus, even if we believe a hotel is being operated inefficiently or in a manner that does not result in satisfactory ADR, occupancy

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

rates and RevPAR, we do not have contractual rights to cause our independent management companies to change their method of operation at our hotels. We can only seek redress if a management company violates the terms of its applicable management agreement with us or fails to meet performance objectives set forth in the applicable management agreement, and then only to the extent of the remedies provided in the management agreement. Additionally, while our

Table of Contents

management agreements typically provide for limited contractual penalties in the event that we terminate the applicable management agreement upon an event of default and, therefore, need to replace any of our management companies, those events could result in significant disruptions at the affected hotels upon the termination of a manager. If any of the foregoing occurs at franchised hotels, our relationships with the franchisors may be damaged, and we may be in breach of one or more of our franchise or management agreements.

We cannot assure you that our management companies will successfully manage our hotels. A failure by our management companies to successfully manage our hotels could lead to an increase in our operating expenses or a decrease in our revenue, which would reduce the amount available for dividends on our common stock and our preferred stock. In addition, the management companies may operate other hotels that may compete with our hotels or divert attention away from the management of our hotels.

Our hotels have an ongoing need for renovations and potentially significant capital expenditures in connection with acquisitions and other capital improvements, some of which are mandated by applicable laws or regulations or agreements with third parties, and the costs of such renovations or improvements may exceed our expectations or cause other problems.

In addition to capital expenditures required by our franchise and loan agreements, from time to time we will need to make capital expenditures to comply with applicable laws and regulations, to remain competitive with other hotels and to maintain the economic value of our hotels. We also may need to make significant capital improvements to hotels that we acquire. Occupancy and ADR are often affected by the maintenance and capital improvements at a hotel, especially in the event that the maintenance or improvements are not completed on schedule or if the improvements require significant closures at the hotel. The costs of capital improvements we need or choose to make could harm our financial condition and reduce amounts available for distribution to our stockholders. These capital improvements may give rise to the following additional risks, among others:

construction cost overruns and delays;

a possible shortage of available cash to fund capital improvements and the related possibility that financing for these capital improvements may not be available to us on affordable terms;

uncertainties as to market demand or a loss of market demand after capital improvements have begun;

disruption in service and room availability causing reduced demand, occupancy and rates;

possible environmental problems; and

disputes with franchisors regarding our compliance with the requirements under the relevant franchise agreement.

Because we are a REIT, we depend on the TRS Lessee to make rent payments to us, and its inability to do so could harm our revenue and our ability to make distributions to our stockholders.

Due to certain federal income tax restrictions on hotel REITs, we cannot directly operate our hotel properties. Therefore, we lease our hotel properties to the TRS Lessee, which contracts with third-party hotel managers to manage our hotels. Our revenue and our ability to make distributions to our stockholders will depend solely upon the ability of the TRS Lessee to make rent payments under these leases. In general, under the leases with the TRS Lessee, we will receive from the TRS Lessee both fixed rent and variable rent based upon a percentage of gross revenues and the number of occupied rooms. As a result, we participate in the operations of our hotels only through our share of rent paid pursuant to the leases.

The TRS Lessee's ability to pay rent is affected by factors beyond its control, such as changes in general economic conditions, the level of demand for hotels and the related services of our hotels, competition in the lodging and hospitality industry, the ability to maintain and increase gross revenue at our hotels and other factors relating to the operations of our hotels.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Although failure on the part of the TRS Lessee to materially comply with the terms of a lease (including failure to pay rent when due) would give us the right to terminate the lease, repossess the hotel and enforce the payment obligations under the lease, such steps may not provide us with any substantive relief since the TRS Lessee is our subsidiary. If we were to terminate a lease, we would then be required to find another lessee to lease the hotel because we cannot operate hotel properties directly and remain qualified as a REIT. We cannot assure you that we would be able to find another lessee or that, if another lessee were found, we would be able to enter into a new lease on terms as favorable to us.

Because eight of our hotels are subject to ground or air leases with unaffiliated parties, termination of these leases by the lessors could cause us to lose the ability to operate these hotels altogether and incur substantial costs in restoring the premises.

Our rights to use the land underlying eight of our hotels are based upon our interest under long-term ground or air leases with unaffiliated parties. Pursuant to the terms of the ground or air leases for these hotels, we are required to pay all rent due and comply with all other lessee obligations. As of December 31, 2008, the terms of these ground or air leases (including renewal options) range

Table of Contents

from approximately 27 to 88 years. Any pledge of our interest in a ground or air lease may also require the consent of the applicable lessor and its lenders. As a result, we may not be able to sell, assign, transfer or convey our lessee's interest in any hotel subject to a ground or air lease in the future absent consent of such third parties even if such transactions may be in the best interest of our stockholders.

The lessors may require us, at the expiration or termination of the ground or air leases, to surrender or remove any improvements, alterations or additions to the land at our own expense. The ground or air leases also generally require us to restore the premises following a casualty and to apply in a specified manner any proceeds received in connection therewith. We may have to restore the premises if a material casualty, such as a fire or an act of God, occurs and the cost thereof exceeds available insurance proceeds.

Risks Related to Our Organization and Structure

Provisions of Maryland law and our organizational documents may limit the ability of a third party to acquire control of our company and may depress our stock price.

Provisions of Maryland law and our charter and bylaws could have the effect of discouraging, delaying or preventing transactions that involve an actual or threatened change in control of us, and may have the effect of entrenching our management and members of our board of directors, regardless of performance. These provisions include the following:

Aggregate Stock and Common Stock Ownership Limits. In order for us to qualify as a REIT, no more than 50% of the value of outstanding shares of our stock may be owned, actually or constructively, by five or fewer individuals at any time during the last half of each taxable year. To assure that we will not fail to qualify as a REIT under this test, subject to some exceptions, our charter prohibits any stockholder from owning beneficially or constructively more than 9.8% (in number or value, whichever is more restrictive) of the outstanding shares of our common stock or more than 9.8% of the value of the outstanding shares of our capital stock. Any attempt to own or transfer shares of our capital stock in excess of the ownership limit without the consent of our board of directors will be void and could result in the shares (and all dividends thereon) being automatically transferred to a charitable trust. This ownership limitation may prevent a third party from acquiring control of us if our board of directors does not grant an exemption from the ownership limitation, even if our stockholders believe the change in control is in their best interests.

Authority to Issue Stock. Our charter authorizes our board of directors to cause us to issue up to 500,000,000 shares of common stock and up to 100,000,000 shares of preferred stock. Our charter authorizes our board of directors to amend our charter without stockholder approval to increase or decrease the aggregate number of shares of stock or the number of shares of any class or series of our stock that it has authority to issue, to classify or reclassify any unissued shares of our common stock or preferred stock and to set the preferences, rights and other terms of the classified or reclassified shares. Issuances of additional shares of stock may have the effect of delaying or preventing a change in control of our company, including change of control transactions offering a premium over the market price of shares of our common stock, even if our stockholders believe that a change of control is in their interest.

Number of Directors, Board Vacancies, Term of Office. Under our charter and bylaws, we have elected to be subject to certain provisions of Maryland law which vest in the board of directors the exclusive right to determine the number of directors and the exclusive right, by the affirmative vote of a majority of the remaining directors, to fill vacancies on the board even if the remaining directors do not constitute a quorum. Any director elected to fill a vacancy will hold office until the next annual meeting of stockholders, and until his or her successor is elected and qualifies. As a result, stockholder influence over these matters is limited.

Limitation on Stockholder Requested Special Meetings. Our bylaws provide that our stockholders have the right to call a special meeting only upon the written request of the stockholders entitled to cast not less than a majority of all the votes entitled to be cast by the stockholders at such meeting. This provision makes it more difficult for stockholders to call special meetings.

Advance Notice Provisions for Stockholder Nominations and Proposals. Our bylaws require advance written notice for stockholders to nominate persons for election as directors at, or to bring other business before, any meeting of our stockholders. This bylaw provision limits the ability of our stockholders to make nominations of persons for election as directors or to introduce other proposals unless we are notified and provided certain required information in a timely manner prior to the meeting.

Authority of our Board to Amend our Bylaws. Our bylaws provide that our board of directors has the exclusive power to adopt, alter or repeal any provision of the bylaws or to make new bylaws, except with respect to amendments to the provision of our bylaws regarding our opt out of the Maryland Business Combination and Control Share Acquisition Acts. Thus, our stockholders may not effect any changes to our bylaws other than as noted in the preceding sentence.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Duties of Directors. Maryland law requires that a director perform his or her duties (1) in good faith, (2) in a manner he or she reasonably believes to be in the best interests of the corporation and (3) with the care that an ordinary prudent person in a like position would use under similar circumstances. The duty of the directors of a Maryland corporation does not require them to (1) accept, recommend or respond on behalf of the corporation to any proposal by a person seeking to acquire control of the corporation, (2) authorize the corporation to redeem any rights under, or modify or render inapplicable, a stockholders' rights plan, (3) elect on

Table of Contents

behalf of the corporation to be subject to or refrain from electing on behalf of the corporation to be subject to the unsolicited takeover provisions of Maryland law, (4) make a determination under the Maryland Business Combination Act or the Maryland Control Share Acquisition Act or (5) act or fail to act solely because of the effect the act or failure to act may have on an acquisition or potential acquisition of control of the corporation or the amount or type of consideration that may be offered or paid to the stockholders in an acquisition. Moreover, under Maryland law the act of the directors of a Maryland corporation relating to or affecting an acquisition or potential acquisition of control is not subject to any higher duty or greater scrutiny than is applied to any other act of a director. Maryland law also contains a statutory presumption that an act of a director of a Maryland corporation satisfies the applicable standards of conduct for directors under Maryland law. These provisions increase the ability of our directors to respond to a takeover and may make it more difficult for a third party to effect an unsolicited takeover.

Unsolicited Takeover Provisions. Provisions of Maryland law permit the board of a corporation with a class of equity securities registered under the Exchange Act and at least three independent directors, without stockholder approval, to implement possible takeover defenses, such as a classified board or a two-thirds vote requirement for removal of a director. These provisions, if implemented, may make it more difficult for a third party to effect a takeover.

We rely on our senior management team, the loss of whom could significantly harm our business.

Our continued success will depend to a significant extent on the efforts and abilities of our senior management team. These individuals are important to our business and strategy and to the extent that any of them departs and is not replaced with an experienced substitute, such person's departure could harm our operations, financial condition and operating results.

Risks Related to the Lodging and Real Estate Industries

A number of factors, many of which are common to the lodging industry and beyond our control, could affect our business, including the following:

general economic and business conditions affecting the lodging and travel industry, both nationally and locally, including the possibility of a prolonged U.S. recession;

threat of terrorism, terrorist events, airline strikes or other factors that may affect travel patterns and reduce the number of business and commercial travelers and tourists;

recent volatility in the credit or equity markets and its effect on the general economy and, as a result, the demand for lodging;

increased competition from other hotels in our markets;

new hotel supply in our markets, which could harm our occupancy levels and revenue at our hotels;

unexpected changes in business, commercial and leisure travel and tourism;

increases in operating costs due to inflation, labor costs (including the impact of unionization), workers' compensation and health-care related costs, utility costs, insurance and unanticipated costs such as acts of nature and their consequences and other factors that may not be offset by increased room rates;

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

changes in interest rates and in the availability, cost and terms of debt financing and other changes in our business that adversely affect our ability to comply with covenants in our debt financing;

changes in our relationships with, and the performance and reputation of, Interstate SHP and our other management companies and franchisors;

changes in governmental laws and regulations, fiscal policies and zoning ordinances and the related costs of compliance with laws and regulations, fiscal policies and ordinances; and

adverse effects of international market conditions, which may diminish the desire for leisure travel or the need for business travel, as well as national, regional and local economic and market conditions in which our hotels operate and where our customers live.

These factors could harm our financial condition, results of operations and ability to make distributions to our stockholders.

The hotel business is seasonal and seasonal variations in revenue at our hotels can be expected to cause quarterly fluctuations in our revenue.

Quarterly revenue may also be harmed by events beyond our control, such as extreme weather conditions, terrorist attacks or alerts, contagious diseases, airline strikes, economic factors and other considerations affecting travel. To the extent that cash flow from operations is insufficient during any quarter due to temporary or seasonal fluctuations in revenue, we may have to enter into short-term borrowings to make distributions to our stockholders.

Table of Contents

In the past, the threat of terrorism has harmed the hotel industry generally, including our results of operations and these harmful effects may continue or worsen, particularly if there are further terrorist events.

The threat of terrorism has had a negative impact on hotel operations and caused a significant decrease in hotel occupancy and ADRs due to disruptions in business and leisure travel patterns and concerns about travel safety. Hotels in major metropolitan areas and near airports, such as many of our hotels, have been harmed due to concerns about air travel safety and a significant overall decrease in the amount of air travel, particularly transient business travel, which includes the corporate and premium business segments that generally pay the highest average room rates. Future terrorist acts, terrorism alerts or outbreaks of hostilities could have a negative effect on travel and, correspondingly, on our business.

The attacks of September 11, 2001 had a dramatic adverse impact on business and leisure travel, hotel occupancy and RevPAR. While there have been improvements, the uncertainty associated with the continuing war on terrorism and the possibility of future attacks may continue to hamper business and leisure travel patterns and, accordingly, the performance of our business.

The use of internet travel intermediaries by consumers may harm our profitability as a result of increased commissions or lower room rates.

Some of our hotel rooms are booked through independent third party internet travel intermediaries such as Travelocity.com, Expedia.com, Orbitz.com and Hotels.com. Because we may continue to selectively use these third party internet intermediaries to generate sales, they may be able to obtain higher commissions, reduced room rates or other significant contract concessions from us. If the amount of sales made through internet intermediaries increases significantly and we fail to appropriately price room inventory in a manner that maximizes yields, or we are unable to do so, our room revenue may flatten or decrease and our profitability may decline.

The illiquidity of real estate investments and the lack of alternative uses of hotel properties could significantly limit our ability to respond to adverse changes in the performance of our hotels and harm our financial condition.

Because real estate investments are relatively illiquid, our ability to promptly sell one or more of our hotels in response to changing economic, financial and investment conditions is limited. The real estate market, including our hotels, is affected by many factors, such as general economic conditions, availability of financing, interest rates and other factors, including supply and demand, that are beyond our control. We may not be able to sell any of our hotels on favorable terms. It may take a long time to find a willing purchaser and to close the sale of a hotel if we want to sell. Should we decide to sell a hotel during the term of that particular hotel's management agreement, we may have to pay termination fees, which could be substantial, to the applicable management company.

In addition, hotels may not readily be converted to alternative uses if they were to become unprofitable due to competition, age of improvements, decreased demand or other factors. The conversion of a hotel to alternative uses would also generally require substantial capital expenditures and may give rise to substantial payments to our franchisors, management companies and lenders.

We may be required to expend funds to correct defects or to make improvements before a hotel can be sold. We may not have funds available to correct those defects or to make those improvements and, as a result, our ability to sell the hotel would be restricted. In acquiring a hotel, we may agree to lock-out provisions that materially restrict us from selling that hotel for a period of time or impose other restrictions on us, such as a limitation on the amount of debt that can be placed or repaid on that hotel to address specific concerns of sellers. These lock-out provisions would restrict our ability to sell a hotel. These factors and any others that would impede our ability to respond to adverse changes in the performance of our hotels could harm our financial condition and results of operations.

Claims by persons relating to our properties could affect the attractiveness of our hotels or cause us to incur additional expenses.

We could incur liabilities resulting from loss or injury to our hotels or to persons at our hotels. These losses could be attributable to us or result from actions taken by a management company. Claims such as these, whether or not they have merit, could harm the reputation of a hotel or cause us to incur expenses to the extent of insurance deductibles or losses in excess of policy limitations, which could harm our results of operations.

Uninsured and underinsured losses could harm our financial condition, results of operations and ability to make distributions to our stockholders.

Various types of catastrophic losses, such as losses due to wars, terrorist acts, earthquakes, floods, hurricanes, pollution or environmental matters, generally are either uninsurable or not economically insurable, or may be subject to insurance coverage limitations, such as large deductibles or co-payments. Of our 43 hotels owned at December 31, 2008, 17 were located in California, which has been historically at greater

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

risk to certain acts of nature (such as fires, earthquakes and mudslides) than other states.

In the event of a catastrophic loss, our insurance coverage may not be sufficient to cover the full current market value or replacement cost of our lost investment. Should an uninsured loss or a loss in excess of insured limits occur, we could lose all or a

Table of Contents

portion of the capital we have invested in a hotel, as well as the anticipated future revenue from the hotel. In that event, we might nevertheless remain obligated for any notes payable or other financial obligations related to the property, in addition to obligations to our ground lessors, franchisors and managers. Inflation, changes in building codes and ordinances, environmental considerations and other factors might also keep us from using insurance proceeds to replace or renovate a hotel after it has been damaged or destroyed. Under those circumstances, the insurance proceeds we receive might be inadequate to restore our economic position on the damaged or destroyed hotel.

Since September 11, 2001, it has generally become more difficult and expensive to obtain property and casualty insurance, including coverage for terrorism. When our current insurance policies expire, we may encounter difficulty in obtaining or renewing property or casualty insurance on our hotels at the same levels of coverage and under similar terms. Such insurance may be more limited and for some catastrophic risks (e.g., earthquake, fire, flood and terrorism) may not be generally available at current levels. Even if we are able to renew our policies or to obtain new policies at levels and with limitations consistent with our current policies, we cannot be sure that we will be able to obtain such insurance at premium rates that are commercially reasonable. If we are unable to obtain adequate insurance on our hotels for certain risks, it could cause us to be in default under specific covenants on certain of our indebtedness or other contractual commitments we have to our ground lessors, franchisors and managers which require us to maintain adequate insurance on our properties to protect against the risk of loss. If this were to occur, or if we were unable to obtain adequate insurance and our properties experienced damages which would otherwise have been covered by insurance, it could harm our financial condition and results of operations.

We may not be able to recover fully under our existing terrorism insurance for losses caused by some types of terrorist acts, and federal terrorism legislation does not ensure that we will be able to obtain terrorism insurance in adequate amounts or at acceptable premium levels in the future.

We obtain terrorism insurance as part of our all-risk property insurance program. However, our all-risk policies have limitations such as per occurrence limits and sublimits that might have to be shared proportionally across participating hotels under certain loss scenarios. Also, all-risk insurers only have to provide terrorism coverage to the extent mandated by the Terrorism Risk Insurance Act (the TRIA) for certified acts of terrorism – namely those which are committed on behalf of non-United States persons or interests. Furthermore, we do not have full replacement coverage for all of our properties for acts of terrorism committed on behalf of United States persons or interests (noncertified events), as well as for certified events, as our terrorism coverage for such incidents is subject to sublimits and/or annual aggregate limits. In addition, property damage related to war and to nuclear, biological and chemical incidents is excluded under our policies. To the extent we have property damage directly related to fire following a nuclear, biological or chemical incident, however, our coverage will extend to reimburse us for our losses. While the TRIA provides for the reimbursement of insurers for losses resulting from nuclear, biological and chemical perils, the TRIA does not require insurers to offer coverage for these perils and, to date, insurers are not willing to provide this coverage, even with government reinsurance. The TRIA is due to expire on December 31, 2014. There is no guaranty that terrorism insurance will be readily available or affordable before or after expiration of the TRIA in December 2014. As a result of the above, there remains considerable uncertainty regarding the extent and adequacy of terrorism coverage that will be available to protect our interests in the event of future terrorist attacks that impact our properties.

Laws and governmental regulations may restrict the ways in which we use our hotel properties and increase the cost of compliance with such regulations. Noncompliance with such regulations could subject us to penalties, loss of value of our properties or civil damages.

Our hotel properties are subject to various federal, state and local laws relating to the environment, fire and safety and access and use by disabled persons. Under these laws, courts and government agencies have the authority to require us, if we are the owner of a contaminated property, to clean up the property, even if we did not know of or were not responsible for the contamination. These laws also apply to persons who owned a property at the time it became contaminated. In addition to the costs of cleanup, environmental contamination can affect the value of a property and, therefore, an owner's ability to borrow funds using the property as collateral or to sell the property. Under such environmental laws, courts and government agencies also have the authority to require that a person who sent waste to a waste disposal facility, such as a landfill or an incinerator, pay for the clean-up of that facility if it becomes contaminated and threatens human health or the environment.

Furthermore, various court decisions have established that third parties may recover damages for injury caused by property contamination. For instance, a person exposed to asbestos while staying in or working at a hotel may seek to recover damages for injuries suffered. Additionally, some of these environmental laws restrict the use of a property or place conditions on various activities. For example, some laws require a business using chemicals (such as swimming pool chemicals at a hotel) to manage them carefully and to notify local officials that the chemicals are being used.

We could be responsible for the types of costs discussed above. The costs to clean up a contaminated property, to defend against a claim, or to comply with environmental laws could be material and could reduce the funds available for distribution to our stockholders. Future laws or regulations may impose material environmental liabilities on us, or the current environmental condition of our hotel properties may be affected by the condition of the properties in the vicinity of our hotels (such as the presence of leaking underground storage tanks) or by third parties

unrelated to us.

Table of Contents

Our hotel properties are also subject to the Americans with Disabilities Act of 1990, or the ADA. Under the ADA, all public accommodations must meet various Federal requirements related to access and use by disabled persons. Compliance with the ADA's requirements could require removal of access barriers and non-compliance could result in the U.S. government imposing fines or in private litigants winning damages. If we are required to make substantial modifications to our hotels, whether to comply with the ADA or other changes in governmental rules and regulations, our financial condition, results of operations and the ability to make distributions to our stockholders could be harmed. In addition, we are required to operate our hotel properties and laundry facilities in compliance with fire and safety regulations, building codes and other land use regulations, as they may be adopted by governmental agencies and become applicable to our properties.

Tax and Employee Benefit Plan Risks

If we fail to qualify as a REIT, our distributions will not be deductible by us and our income will be subject to federal and state taxation, reducing our cash available for distribution.

We are a REIT under the Code, which affords us significant tax advantages. The requirements for qualifying as a REIT, however, are complex. If we fail to meet these requirements, our distributions will not be deductible by us and we will have to pay a corporate federal and state level tax on our income. This would substantially reduce our cash available to pay distributions and your yield on your investment in our common stock. In addition, such a tax liability might cause us to borrow funds, liquidate some of our investments or take other steps which could negatively affect our results of operations. Moreover, if our REIT status is terminated because of our failure to meet a technical REIT requirement or if we voluntarily revoke our election, we would generally be disqualified from electing treatment as a REIT for the four taxable years following the year in which REIT status is lost.

Even as a REIT, we may become subject to federal, state or local taxes on our income or property, reducing our cash available for distribution.

Even as a REIT, we may become subject to federal income taxes and related state taxes. For example, if we have net income from a prohibited transaction, that income will be subject to a 100% tax. A prohibited transaction is, in general, the sale or other disposition of inventory or property, other than foreclosure property, held primarily for sale to customers in the ordinary course of business. We may not be able to make sufficient distributions to avoid excise taxes applicable to REITs. We may also decide to retain income we earn from the sale or other disposition of our property and pay federal income tax directly on that income. In that event, our stockholders would be treated as if they earned that income and paid the tax on it directly. However, stockholders that are tax-exempt, such as charities or qualified pension plans, would have no benefit from their deemed payment of that tax liability.

We may also be subject to state and local taxes on our income or property, either directly or at the level of our operating partnership or at the level of the other companies through which we indirectly own our assets. We cannot assure you that we will be able to continue to satisfy the REIT requirements, or that it will be in our best interests to continue to do so.

If the leases of our hotels to our taxable REIT subsidiary are not respected as true leases for federal income tax purposes, we would fail to qualify as a REIT.

To qualify as a REIT, we must satisfy two gross income tests, under which specified percentages of our gross income must be passive income, like rent. For the rent paid pursuant to the leases of our hotels to the Operating Partnership by our taxable REIT subsidiary, the TRS Lessee, which constitutes substantially all of our gross income, to qualify for purposes of the gross income tests, the leases must be respected as true leases for federal income tax purposes and not be treated as service contracts, joint ventures or some other type of arrangement. If the leases are not respected as true leases for federal income tax purposes, we would fail to qualify as a REIT.

Our taxable REIT subsidiary is subject to special rules that may result in increased taxes.

Several Code provisions ensure that a taxable REIT subsidiary is subject to an appropriate level of federal income taxation. For example, a taxable REIT subsidiary, such as the TRS Lessee, is limited in its ability to deduct interest payments made to an affiliated REIT. In addition, the REIT has to pay a 100% penalty tax on some payments that it receives if the economic arrangements between us and the taxable REIT subsidiary are not comparable to similar arrangements between unrelated parties. The IRS may successfully assert that the economic arrangements of any of our inter-company transactions, including the hotel leases, are not comparable to similar arrangements between unrelated parties.

We may be required to pay a penalty tax upon the sale of a hotel.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

The federal income tax provisions applicable to REITs provide that any gain realized by a REIT on the sale of property held as inventory or other property held primarily for sale to customers in the ordinary course of business is treated as income from a prohibited transaction that is subject to a 100% penalty tax. Under current law, unless a sale of real property qualifies for a safe

Table of Contents

harbor, the question of whether the sale of a hotel (or other property) constitutes the sale of property held primarily for sale to customers is generally a question of the facts and circumstances regarding a particular transaction. We may make sales that do not satisfy the requirements of the safe harbors or the IRS may successfully assert that one or more of our sales are prohibited transactions and, therefore we may be required to pay a penalty tax.

We also may be subject to corporate level income tax on certain built-in gains.

We hold certain properties acquired from C corporations (and may acquire additional such properties in the future), in which we must adopt the C corporation's tax basis in that asset as our tax basis. If we sell any such property within ten years of the date on which we acquire it, then we will have to pay tax on the gain at the highest regular corporate tax rate.

An investment in our common stock or Series C preferred stock may not be suitable for every employee benefit plan.

When considering an investment in our common stock or Series C preferred stock, an individual with investment discretion over assets of any pension plan, profit-sharing plan, retirement plan, individual retirement account under Section 408(a) of the Code or other employee benefit plan covered by the Employee Retirement Income Security Act of 1974, as amended, or ERISA, should consider whether the investment satisfies the requirements of Section 404 of ERISA or other applicable laws. In particular, attention should be paid to the diversification requirements of Section 404(a)(1)(C) of ERISA in light of all the facts and circumstances, including the portion of the plan's portfolio of which the investment will be a part. All plan investors should also consider whether the investment is prudent and meets plan liquidity requirements as there may be only a limited market in which to sell or otherwise dispose of our common stock, and whether the investment is permissible under the plan's governing instrument. We have not, and will not, evaluate whether an investment in our common stock or Series C preferred stock is suitable for any particular plan.

Risks Related to Our Common Stock

The terms of our management agreements with Interstate SHP were negotiated by us and Sunstone Hotel Investors, LLC, which had a conflict of interest because of the payment it received from Interstate SHP for its interests in the subsidiary that managed our hotels prior to the formation and structuring transactions consummated at the time of our initial public offering.

The initial terms of the management agreements with Interstate SHP were the result of negotiations among us, Sunstone Hotel Investors, LLC and Interstate SHP. At the time of the formation and structuring transactions, Interstate SHP purchased from Sunstone Hotel Investors, LLC the corporate subsidiary that managed our hotels and employed the employees of our hotels and paid \$8.0 million in cash to Sunstone Hotel Investors, LLC; this payment was not contributed to us in the formation and structuring transactions that took place at the time of our initial public offering. As a result of this payment, Sunstone Hotel Investors, LLC had a conflict of interest with us in negotiating the management agreements with Interstate SHP.

We could be exposed to substantial liabilities for events or circumstances that predate the consummation of our initial public offering.

In connection with the formation and structuring transactions consummated at the time of our initial public offering, we assumed the liabilities (known and unknown) associated with certain properties and entities contributed to us in connection with those formation and structuring transactions. In addition, in connection with Interstate SHP's agreement to purchase the corporate subsidiary of Sunstone Hotel Investors, LLC that managed our hotels and employed the employees of our hotels, Interstate SHP required that we indemnify it from any liabilities of the corporate subsidiary that accrued prior to the consummation of our initial public offering. These potential liabilities may include, without limitation, liabilities associated with the employees who currently work or previously worked for the corporate subsidiary. At this time, we are not aware of, or able to quantify, any potential liabilities which may arise as a result of our acquisition of the hotel properties and entities in these formation and structuring transactions or the indemnification of Interstate SHP. Any such claims could give rise to economic liabilities which could be substantial and for which we would have no recourse. If any such liability is established against us, our financial condition could be harmed.

The market price of our equity securities may vary substantially.

The trading prices of equity securities issued by REITs may be affected by changes in market interest rates. One of the factors that may influence the price of our common stock or preferred stock in public trading markets is the annual yield from distributions on our common stock or preferred stock, if any, as compared to yields on other financial instruments. An increase in market interest rates, or a decrease in our distributions to stockholders, may lead prospective purchasers of our stock to demand a higher annual yield, which could reduce the market price of our equity securities.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

In addition to the risk factors discussed, other factors that could affect the market price of our equity securities include the following:

the possibility of a prolonged U.S. recession impacting the market for common equity generally;

Table of Contents

actual or anticipated variations in our quarterly or annual results of operations;

changes in market valuations of companies in the hotel or real estate industries;

changes in expectations of our future financial performance or changes in our estimates by securities analysts;

the trading volumes of our stock;

additional issuances of our common stock or other securities, including the issuance of our preferred stock, in the foreseeable future;

the addition or departure of board members; and

announcements by us or our competitors of acquisitions, investments or strategic alliances.

Our distributions to stockholders may vary.

We paid a quarterly cash dividend of \$0.35 per share of common stock, a quarterly cash dividend of \$0.50 per share of Series A cumulative redeemable preferred stock, or the Series A preferred stock, and a quarterly cash dividend of \$0.404 per share of Series C preferred stock in each of January, April, July and October 2008. In December 2008, our board of directors authorized the payment of a dividend of \$0.75 per share of common stock payable in cash and stock, a quarterly cash dividend of \$0.50 per share of Series A preferred stock, and a quarterly cash dividend of \$0.393 per share of Series C preferred stock. We paid such dividends in January 2009. Distributions will be authorized and determined by our board of directors in its sole discretion from time to time and will be dependent upon a number of factors, including projected taxable income, restrictions under applicable law and our capital requirements. In addition, our credit facility and our Series C preferred stock contain covenants that may restrict us from paying dividends or making distributions. Consequently, our dividend may fluctuate or may be eliminated depending on changes in our operations.

Distributions on our common stock may be made in the form of cash, stock, or a combination of both.

As a REIT, we are required to distribute at least 90% of our taxable income to our stockholders. Typically, we generate cash for distributions through our operations, the disposition of assets, or the incurrence of additional debt. We have elected in the past, and may elect in the future, to pay dividends on our common stock in cash, shares of common stock or a combination of cash and shares of common stock. The Internal Revenue Service recently issued Revenue Procedure 2009-15 which provides guidance stating that certain stock distributions made by REITs and declared with respect to taxable years of REITs ending on or before December 31, 2009 would qualify for the dividends paid deduction. To satisfy the conditions of Revenue Procedure 2009-15, we would be required to, among other things, provide each stockholder the opportunity to elect to receive its distribution in either cash or stock, and any limitation on the aggregate amount of cash distributed must not be less than 10% of the aggregate value of the distribution. A reduction in the cash yield on our common stock could adversely affect the price of our stock.

Shares of our common stock that are or become available for sale could affect the share price.

Sales of a substantial number of shares of our common stock, or the perception that sales could occur, could adversely affect prevailing market prices for our common stock. In addition, a substantial number of shares of our common stock have been and will be issued or reserved for issuance from time to time under our employee benefit plans or pursuant to securities we may issue that are convertible into shares of our common stock or securities that are exchangeable for shares of our common stock. As of December 31, 2008, the Operating Partnership had issued \$250 million aggregate principal amount of 4.6% Exchangeable Senior Notes of the Operating Partnership exchangeable under certain conditions for shares of our common stock at an exchange rate equal to 32.9179 shares of our common stock for each \$1,000 principal amount of notes (which equates to an exchange price of \$30.38 per share) for a total of approximately 8.2 million shares. The exchange rate is subject to further adjustment for various reasons, including as a result of the payment of dividends to common stockholders.

Our earnings and cash distributions will affect the market price of shares of our common stock.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

We believe that the market value of a REIT's equity securities is based primarily on the value of the REIT's owned real estate, capital structure, debt levels and perception of the REIT's growth potential and its current and potential future cash distributions, whether from operations, sales, acquisitions, development or refinancings. Because our market value is based on a combination of factors, shares of our common stock may trade at prices that are higher or lower than the net value per share of our underlying assets. To the extent we retain operating cash flow for investment purposes, working capital reserves or other purposes rather than distributing the cash flow to stockholders, these retained funds, while increasing the value of our underlying assets, may negatively impact the market price of our common stock. Our failure to meet the market's expectation with regard to future earnings and cash distributions would likely adversely affect the market price of our common stock.

Table of Contents

Our dividend policy and market interest rates may affect the price of shares of our common stock.

We believe that investors consider the relationship of dividend yield to market interest rates to be an important factor in deciding whether to buy or sell shares of a REIT. If market interest rates increase, prospective purchasers of REIT shares may expect a higher dividend rate. Thus, higher market interest rates or reductions in our dividend rate could cause the market price of our shares to decrease.

Item 1B. Unresolved Staff Comments

None.

Item 2. Properties

The following table sets forth additional summary information with respect to our 43 hotels as of December 31, 2008:

Hotel	City	State	Chain Scale Segment ⁽¹⁾	Service		Rooms	Manager
				Category			
Marriott	Boston	Massachusetts	Upper Upscale	Full Service		412	Marriott
Marriott	Del Mar	California	Upper Upscale	Full Service		284	Marriott

Independent	The Kahler Grand	Rochester	Minnesota	Upscale	668	Interstate SHP
Independent	Rochester Inn and Suites	Rochester	Minnesota	Midscale with F/B	271	Interstate SHP
Total number of rooms					14,569	

(1) As defined by Smith Travel Research. F/B refers to food and beverage.

(2) Subject to a ground or air lease with an unaffiliated third party.

(3) 85% ownership interest.

In addition to the hotel properties listed above, as of December 31, 2008, we also have a 38% equity interest in a joint venture that owns the 460-room Doubletree Guest Suites Hotel Times Square, located in New York City, New York. We also own an 88,000 square foot laundry facility in Rochester, Minnesota and lease a 65,000 square foot laundry facility in Salt Lake City, Utah. The facility in Rochester, Minnesota services our hotels in the area, as well as the Mayo Clinic and other surrounding hospitals and businesses. The facility in Salt Lake City, Utah services our hotels in the area, as well as third party contracts. In addition, we own two undeveloped parcels of land in Price, Utah and Craig, Colorado and an office building in Troy, Michigan.

Table of Contents

Geographic Diversity

We own a geographically diverse portfolio of hotels located in 14 states and in Washington, D.C. The following table summarizes our 43 hotels by region as of December 31, 2008:

Region	Number of Hotels	Number of Rooms	Percentage of 2008 Revenues
California ⁽¹⁾	17	4,803	31.3%
Other West ⁽²⁾	7	2,123	11.6
Midwest ⁽³⁾	7	2,177	11.0
Middle Atlantic ⁽⁴⁾	9	4,096	36.0
South ⁽⁵⁾	3	1,370	10.1
Total	43	14,569	100.0%

(1) All but one of these hotels are located in Southern California.

(2) Includes Oregon, Texas and Utah.

(3) Includes Illinois, Michigan and Minnesota.

(4) Includes Maryland, Massachusetts, New York, Pennsylvania, Virginia and Washington, D.C.

(5) Includes Florida and Georgia.

The following table presents our occupancy, ADR and RevPAR by geographic region for the 43 hotels for 2006, 2007 and 2008, and may include periods prior to when we acquired our interest in the hotels.

Region	2006			2007			2008		
	Occupancy	ADR	RevPAR	Occupancy	ADR	RevPAR	Occupancy	ADR	RevPAR
California	75.6%	\$ 143.35	\$ 108.37	79.3%	\$ 150.43	\$ 119.29	77.5%	\$ 148.12	\$ 114.79

Item 3. Legal Proceedings

We are involved from time to time in various claims and other legal actions in the ordinary course of business. We do not believe that the resolution of any pending legal matters will have a material adverse effect on our financial position or results of operations when resolved.

Item 4. Submission of Matters to a Vote of Security Holders

None.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchasers of Equity Securities

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Our common stock is traded on the NYSE under the symbol SHO. On January 30, 2009, the last reported price per share of common stock on the NYSE was \$4.31. The table below sets forth the high and low closing price per share of our common stock as reported on the NYSE and the cash dividends per share of common stock we declared with respect to each period.

	High	Low	Dividends Declared
2007:			
First Quarter	\$ 29.78	\$ 26.35	\$ 0.320
Second Quarter	\$ 29.95	\$ 27.33	\$ 0.320
Third Quarter	\$ 29.83	\$ 24.59	\$ 0.320
Fourth Quarter	\$ 28.10	\$ 18.12	\$ 0.350
2008:			
First Quarter	\$ 18.20	\$ 14.97	\$ 0.350
Second Quarter	\$ 20.94	\$ 16.60	\$ 0.350
Third Quarter	\$ 16.38	\$ 10.84	\$ 0.350
Fourth Quarter	\$ 13.07	\$ 3.03	\$ 0.750 ⁽¹⁾

(1) Paid in a combination of cash and shares of our common stock, pursuant to elections by individual stockholders.

We may pay quarterly cash dividends to common stockholders at the discretion of our Board of Directors. The amount of each quarterly cash dividend, if any, depends on our funds from operations, financial condition and capital requirements, annual distribution requirements under the REIT provisions of the Code and such other factors our Board of Directors deems relevant. We have elected in the past, and may elect in the future, to pay dividends on our common stock in cash, or a combination of cash and shares of common stock pursuant to Revenue Procedure 2009-15. The Company intends to maintain its annual dividend level at 100% of taxable income, which may result in a reduction from historical dividends.

Table of Contents

As of January 30, 2009, we had approximately 46 holders of record of our common stock. In order to comply with certain requirements related to our qualification as a REIT, our charter limits the number of common shares that may be owned by any single person or affiliated group to 9.8% of the outstanding common shares, subject to the ability of our board to waive this limitation under certain conditions.

Information relating to compensation plans under which our equity securities are authorized for issuance is set forth in Part III, Item 12 of this Annual Report on Form 10-K.

Fourth Quarter 2008 Purchases of Equity Securities:

Period	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Appropriate Dollar Value) of Shares that May Yet Be Purchased Under the Plans or Programs
October 1, 2008 – October 31, 2008	476	\$ 8.93		\$ 67,100,000 ⁽²⁾
November 1, 2008 – November 30, 2008	332	\$ 6.55		\$ 67,100,000 ⁽²⁾
December 1, 2008 – December 10, 2008				\$ 67,100,000 ⁽²⁾
December 11, 2008 – December 31, 2008				\$ 200,000,000 ⁽³⁾
Total	808			

- (1) Reflects shares of restricted common stock withheld and used for purposes of remitting withholding and payroll taxes in connection with the release of restricted common shares to plan participants. The average price paid reflects the average market value of shares withheld for tax purposes.
- (2) On February 21, 2008, the Company announced that its board of directors authorized the Company to repurchase up to \$150.0 million of the Company's common stock on or prior to December 31, 2008 (the "2008 Repurchase Program"). On August 5, 2008, the Company announced that its board authorized an increase of \$100.0 million to the 2008 Repurchase Program. As of September 30, 2008, the Company had repurchased 11,108,486 shares of its common stock at a cost of \$182.9 million, excluding fees and commission, pursuant to the 2008 Repurchase Program. No shares have been acquired after September 30, 2008 under the 2008 Repurchase Program.
- (3) On December 11, 2008, the Company's board of directors terminated the 2008 Repurchase Program. On the same date, the board authorized the repurchase of the Company's common stock, Series A preferred stock, Series C preferred stock and its operating partnership's exchangeable notes or repayment of secured debt for an aggregate purchase price and/or payment of up to \$200.0 million on or prior to December 31, 2009 (the "2009 Repurchase Program"). As of December 31, 2008, the Company had not repurchased any securities or repaid any secured debt under the 2009 Repurchase Program.

Table of Contents**Item 6. Selected Financial Data**

The Company was formed to succeed to the businesses of Sunstone Hotel Investors, LLC, WB Hotel Investors, LLC, and Sunstone/WB Hotel Investors IV, LLC (collectively, Predecessor), which were engaged in owning, acquiring, selling, managing, and renovating hotel properties in the United States. The following table sets forth selected financial information for the Company and the Predecessor, that has been derived from the consolidated and combined financial statements and notes. This information should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and our consolidated and combined financial statements and related notes included elsewhere in this Annual Report on Form 10-K.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the consolidated financial statements and related notes included elsewhere in this report.

Overview

Sunstone Hotel Investors, Inc. is a Maryland corporation. Sunstone operates as a self-managed and self-administered real estate investment trust, or REIT. A REIT is a legal entity that directly or indirectly owns real estate assets. REITs generally are not subject to federal income taxes at the corporate level as long as they pay stockholder dividends equivalent to 100% of their taxable income. REITs are required to distribute to stockholders at least 90% of their taxable income. Sunstone owns, directly or indirectly, 100% of the interests of Sunstone Hotel Partnership, LLC, or the Operating Partnership, which is the entity that directly or indirectly owns its hotel properties. Sunstone also owns 100% of the interests of its taxable REIT subsidiary, the TRS Lessee, which leases all of Sunstone's hotels from the Operating Partnership, and engages third parties to manage Sunstone's hotels.

We own primarily upper upscale and upscale hotels in the United States. As of December 31, 2008, we owned 43 hotels, of which we classify 38 as upscale or upper upscale, two as luxury and three as mid-scale as defined by Smith Travel Research, Inc. The majority of our hotels are operated under nationally recognized brands such as Marriott, Hyatt, Fairmont, Hilton and Starwood, which are among the most respected and widely recognized brands in the lodging industry. We believe the largest and most stable segment of demand for hotel rooms is represented by travelers who prefer the consistent service and quality associated with nationally recognized brands.

We seek to own hotels in urban locations that benefit from significant barriers to entry by competitors. Most of our hotels are considered business, convention, or airport hotels, as opposed to resort hotels. Our average hotel has 339 rooms.

The demand for lodging generally fluctuates with the overall economy. We refer to these changes in demand as the lodging cycle. We seek to employ a cycle-appropriate portfolio management strategy, which emphasizes active investment, both in terms of acquisitions of new hotels and selective investments of capital into our portfolio through hotel renovations and repositioning projects during the growth phase of the lodging cycle; net hotel dispositions during the mature phase of the lodging cycle; and capital preservation during cyclical declines.

During all phases of the cycle, we seek to maximize the value of our portfolio through creative and proactive asset management, which entails working closely with our third-party hotel operators to develop plans and actions designed to enhance revenues and minimize operational expenses.

During 2008, in light of the current cyclical decline, we increased our unrestricted cash balance by \$112.9 million from \$66.1 million to \$179.0 million. We intend to continue to maintain higher than historical cash balances until the lodging cycle begins to enter a new growth phase. We believe that by maintaining higher cash balances during the current cyclical decline, we have enhanced our financial security and flexibility and reduced our need to access external capital. All of our debt bears fixed interest at a weighted average rate of 5.5%, and the weighted average term to maturity of our debt is 8.4 years. Of our total debt, approximately \$329.2 million matures over the next three years (\$81.0 million in 2010 and \$248.2 million in 2011).

Operating Activities

Operating Performance Indicators. The following performance indicators are commonly used in the hotel industry:

occupancy;

average daily rate, or ADR;

revenue per available room, or RevPAR, which is the product of occupancy and ADR, but does not include food and beverage revenue, or other operating revenue;

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

comparable RevPAR growth, which we define as the change in RevPAR generated by hotels we owned as of the end of the reporting period, but excluding those hotels that experienced material and prolonged business interruption due to renovations, re-branding or property damage during either the most recent calendar year presented or the calendar year

Table of Contents

immediately preceding it. For hotels that were not owned for the entirety of the comparison periods, comparable RevPAR is calculated using RevPAR generated during periods of prior ownership. We refer to this subset of our hotels used to calculate comparable RevPAR growth as our **Comparable Portfolio** ;

RevPAR index, which is the quotient of a hotel's RevPAR divided by the average RevPAR of its competitors, multiplied by 100. A RevPAR index in excess of 100 indicates a hotel is achieving higher RevPAR than its competitors. In addition to absolute RevPAR index, we monitor changes in RevPAR index; and

operating flow through, which is the quotient of incremental operating income divided by incremental revenues.

Revenues. Substantially all of our revenues are derived from the operation of our hotels. Specifically, our revenues consist of the following:

Room revenues, which is the product of the number of rooms sold and the ADR;

Food and beverage revenues, which is comprised of revenues realized in the hotel food and beverage outlets as well as banquet and catering events; and

Other operating revenues, which include ancillary hotel revenue such as performance guaranties and other items primarily driven by occupancy such as telephone, transportation, parking, spa, entertainment and other guest services. Additionally, this category includes, among other things, operating revenue from our two commercial laundry facilities located in Rochester, Minnesota and Salt Lake City, Utah, as well as hotel space leased by third parties. Prior to December 2007, this category also included operating revenue from BuyEfficient, LLC (**BuyEfficient**). In December 2007, we entered into a joint venture agreement with Strategic Hotels & Resorts, Inc. (**Strategic**), to own and operate BuyEfficient. Our 50% interest in BuyEfficient is now reflected on our balance sheet as investments in unconsolidated joint ventures, and on our income statements as equity in net earnings (losses) of unconsolidated joint ventures.

Expenses. Our expenses consist of the following:

Room expense, which is primarily driven by occupancy and, therefore, has a significant correlation with room revenues;

Food and beverage expense, which is primarily driven by food and beverage sales and banquet and catering bookings and, therefore, has a significant correlation with food and beverage revenues;

Other operating expense, which includes the corresponding expense of other operating revenue, advertising and promotion, repairs and maintenance, utilities, and franchise fees;

Property general and administrative expense, which includes our property-level general and administrative expenses, such as payroll and related costs, professional fees, travel expenses, and management fees;

Property tax, ground lease and insurance expense, which includes the expenses associated with property tax, ground lease and insurance payments, each of which is primarily a fixed expense;

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Corporate overhead expense, which includes our corporate-level expenses, such as payroll and related costs, amortization of deferred stock compensation, professional fees, travel expenses and office rent;

Depreciation and amortization expense, which includes depreciation on our hotel buildings, improvements, furniture, fixtures and equipment, along with amortization on our franchise fees and intangibles; and

Goodwill and other impairment losses expense, which includes the charges we have recognized to write-off goodwill in association with our annual impairment evaluation and to reduce the carrying value of assets on our balance sheet to their fair value.

Other Revenue and Expense. Other revenue and expense consists of the following:

Equity in net earnings (losses) of unconsolidated joint ventures, which includes our portion of net earnings or losses from our joint ventures;

Interest and other income, which includes interest we have earned on our restricted and unrestricted cash accounts, as well as any gains or losses we have recognized on sales of assets other than hotels;

Interest expense, which includes interest expense incurred on our outstanding debt, amortization of deferred financing fees, prepayment penalties and costs associated with early extinguishment of debt; and

Preferred stock dividends and accretion, which includes dividends earned on our Series A and Series C preferred stock and redemption value accretion on our Series C preferred stock.

Table of Contents

Factors Affecting Our Operating Results. The primary factors affecting our operating results include overall demand for hotel rooms, the pace of new hotel development, or supply, and the relative performance of our operators in increasing revenue and controlling hotel operating expenses.

Demand. The demand for lodging generally fluctuates with the overall economy. During 2008, as a result of the U.S. recession and the deterioration of the credit markets, the lodging cycle entered a decline phase, with demand for lodging rooms declining by approximately 1.6% as compared to 2007. As a result of declining demand and increases in new hotel supply, our 2008 total portfolio RevPAR declined by 2.2% as compared to 2007. We anticipate that lodging demand will not improve, and will likely weaken further, until liquidity is restored in the credit markets and the U.S. economy begins to strengthen. We believe such improvements may not occur during 2009, and, therefore, we expect lodging demand to continue to decline in 2009. Historically, periods of declining demand are followed by extended periods of relatively strong demand, during the growth phase of the lodging cycle. Assuming the current U.S. recession ends in 2009, we expect hotel demand to begin to show year-over-year increases beginning in 2010 and 2011.

Supply. The addition of new competitive hotels affects the ability of existing hotels to drive RevPAR and profits. The development of new hotels is largely driven by construction costs and expected performance of existing hotels. We believe the lodging industry will eventually benefit from the current economic climate and restrictive financing environment, as new hotel construction projects will be difficult to finance. As a result, we believe the initiation of hotel development will be constrained through 2009, with certain hotel projects currently in the planning stages being postponed or cancelled. Given the one to three year timeline needed to construct a typical hotel, we expect a window of two to four years beginning in 2010 during which the number of new hotel openings will be limited.

Revenues and expenses. We believe that marginal improvements in RevPAR index, even in the face of declining revenues, are a good indicator of our operators' effectiveness in maximizing revenues. Similarly, we believe that strong operating flow through is a good indicator of our operators' effectiveness in minimizing incremental operating expenses in the context of increasing revenues or, conversely, in reducing operating expenses in the context of declining revenues.

With respect to improving RevPAR index, we continue to work with our hotel operators to optimize revenue management tactics while taking into consideration market demand trends and the pricing strategies of competitor hotels in our markets. Our down-market revenue maximization tactics may entail using alternative distribution channels, such as internet wholesalers. Our operators may also look to enter into long-term airline crew contracts, or they may accept forms of lower-rated business that we would not typically take during periods of stronger demand. Our revenue management tactics generally are oriented towards maintaining ADR even if the result may be a reduction in occupancy, as reductions in RevPAR attributable to reductions in occupancy may be accompanied by decreases in occupancy-variable expenses, such as housekeeping labor and utilities expense. Reductions in RevPAR attributable to lower ADR typically result in minimal changes in operating costs and expenses (ADR-variable expenses are limited to revenue-based items such as credit card commissions and management and franchise fees). Thus, reductions in RevPAR associated with lower ADR may result in minimal flow through, and as a result, lower operating margins. Reductions in RevPAR associated with lower occupancy may result in better flow through and, as a result, less impacted operating margins.

With respect to maximizing operational flow through, we continue to work with our operators to identify operational efficiencies designed to reduce expenses while minimally affecting guest experience. Key asset management initiatives include reducing hotel staffing levels, taking advantage of relaxed brand standards, such as reducing complimentary amenities, and selectively closing certain food and beverage outlets. Our operational efficiency initiatives can be difficult to implement, as most categories of variable operating expenses, such as utilities and certain labor costs, such as housekeeping, fluctuate with changes in occupancy. Furthermore, our hotels operate with significant fixed costs, such as general and administrative expense, insurance, property taxes, and other expenses associated with owning hotels that our operators may not be able to directly control. For example, we have experienced increases in hourly wages, employee benefits (especially health insurance) and utility costs, which have negatively affected our operating margins. Additionally, there are limits to how much our operators can reduce expenses without affecting the competitiveness of our hotels.

Table of Contents

Operating Results. The following table presents our operating results for 2008 and 2007, including the amount and percentage change in the results between the two periods. The table presents the results of operations included in the consolidated income statements, and includes continuing operating results for 43 hotels (14,569 rooms) as of December 31, 2008 and 2007. The results of operations for the two hotels that were sold in 2008 are included in income from discontinued operations for the year ended December 31, 2008. The results of operations for the two hotels that were sold in 2008 and the seven hotels that were sold in 2007 are included in income from discontinued operations for the year ended December 31, 2007. These period amounts can be found in our consolidated financial statements and related notes included elsewhere in this Annual Report on Form 10-K.

The following table presents our operating results for 2007 and 2006, including the amount and percentage change in the results between the two periods. The table presents the results of operations included in the consolidated income statements, and includes continuing operating results for 43 hotels (14,569 rooms) as of December 31, 2007 and 40 hotels (13,204 rooms) as of December 31, 2006. The results of operations for the two hotels that were sold in 2008 and the seven hotels that were sold in 2007 are included in income from discontinued operations for the year ended December 31, 2007. The results of operations for the two hotels that were sold in 2008, the seven hotels that were sold in 2007 and the 15 hotels that were sold in 2006 are included in income from discontinued operations for the year ended December 31, 2006. These period amounts can be found in our consolidated financial statements and related notes included elsewhere in this Annual Report on Form 10-K.

Revenues. Total revenue for the year ended December 31, 2008 was \$969.2 million as compared to \$961.7 million for the year ended December 31, 2007 and \$771.2 million for the year ended December 31, 2006. Total revenue for 2008 included room revenue of \$640.8 million, food and beverage revenue of \$258.7 million, and other revenue of \$69.7 million. Total revenue for 2007 included room revenue of \$638.1 million, food and beverage revenue of \$259.1 million, and other revenue of \$64.5 million. Total revenue for 2006 included room revenue of \$511.5 million, food and beverage revenue of \$208.3 million, and other revenue of \$51.4 million.

Included in the following tables are comparisons of the key operating metrics for our hotel portfolio for the years ended December 31, 2008, 2007 and 2006. The comparisons do not include the results of operations for the two hotels sold in 2008, the seven hotels sold in 2007, and the 15 hotels sold in 2006. Because seven of our hotels owned as of December 31, 2008 were acquired during 2006 and 2007, the key operating metrics for the total hotel portfolio and the comparable hotel portfolio reflect the results of operations of those seven hotels under previous ownership for a portion of the periods presented.

	2008			2007			Change		
	Occ%	ADR	RevPAR	Occ%	ADR	RevPAR	Occ%	ADR	RevPAR

(1) Includes hotel properties owned on December 31, 2008, excluding hotels that experienced material disruption during the reporting periods (Renaissance Baltimore and Renaissance Orlando).

(2) Includes hotel properties owned on December 31, 2008, excluding hotels that experienced material disruption during the reporting periods (Fairmont Newport Beach, Renaissance Baltimore and Renaissance Orlando).

For the year ended December 31, 2008, RevPAR for our pro forma total portfolio decreased 2.2% from 2007 to \$119.45. Occupancy decreased 250 basis points to 74.2%, while ADR increased 1.1% to \$160.99. For our pro forma comparable hotel portfolio, RevPAR decreased 2.3% from 2007 to \$119.18. Occupancy decreased 270 basis points to 74.7%, while ADR increased 1.2% to \$159.54.

For the year ended December 31, 2007, RevPAR for our pro forma total portfolio increased 8.7% from 2006 to \$122.09. Occupancy increased 270 basis points to 76.7%, while ADR increased 4.9% to \$159.18. For our pro forma comparable hotel portfolio, RevPAR increased 7.8% from 2006 to \$121.94. Occupancy increased 200 basis points to 77.3%, while ADR increased 5.0% to \$157.75.

The increase in our RevPAR for the year ended December 31, 2007 was significantly affected by increases in RevPAR at several of our recently renovated hotels.

Table of Contents

Room revenue. Room revenue increased \$2.6 million, or 0.4%, for the year ended December 31, 2008 as compared to the year ended December 31, 2007. We acquired three hotels during the period from January 1, 2007 to December 31, 2008: Renaissance LAX, Marriott Long Wharf, and Marriott Boston Quincy (the three hotels). The three hotels contributed \$10.9 million to room revenue during 2008. In addition, room revenue generated by the hotels we acquired prior to January 1, 2007 (our existing portfolio) decreased \$8.3 million during 2008 due to a decrease in occupancy (\$17.2 million) partially offset by an increase in ADR (\$8.9 million).

Room revenue increased \$126.6 million, or 24.7% for the year ended December 31, 2007 as compared to the year ended December 31, 2006. We acquired seven hotels during the period from January 1, 2006 to December 31, 2007: Marriott Del Mar, Hilton Times Square, Embassy Suites La Jolla, W Hotel San Diego, Renaissance LAX, Marriott Long Wharf, and Marriott Boston Quincy (the seven hotels). The seven hotels contributed \$85.5 million to room revenue during 2007. In addition, growth in the hotels we acquired prior to January 1, 2006 (our 2007 existing portfolio) contributed \$41.1 million to room revenue during 2007 due to increases in both occupancy (\$15.8 million) and ADR (\$25.3 million).

Food and beverage revenue. Food and beverage revenue decreased \$0.5 million, or 0.2%, for the year ended December 31, 2008 as compared to the year ended December 31, 2007. The three hotels contributed \$3.2 million to food and beverage revenue during 2008. Food and beverage revenue generated from our existing portfolio decreased \$3.7 million during 2008 as compared to 2007, due primarily to a decrease in banquet revenue as businesses and groups scaled back their conferences and meetings due to the struggling economy. This decreased revenue was slightly offset by an increase in outlet revenue as 2007 included renovation disruption at the Renaissance Baltimore, the Renaissance Long Beach and the Renaissance Orlando.

Food and beverage revenue increased \$50.9 million, or 24.4%, for the year ended December 31, 2007 as compared to the year ended December 31, 2006. The seven hotels contributed \$26.7 million to food and beverage revenue during 2007. Food and beverage revenue generated from our 2007 existing portfolio increased \$24.2 million during 2007 as compared to 2006, due primarily to higher occupancy levels at the hotels.

Other operating revenue. Other operating revenue increased \$5.2 million, or 8.1%, for the year ended December 31, 2008 as compared to the year ended December 31, 2007. The three hotels contributed \$1.2 million to other operating revenue during 2008. Other operating revenue generated from our existing portfolio increased \$4.0 million during 2008. A substantial portion of our other operating revenue in 2008 resulted from a performance guaranty provided by the manager of the Fairmont Newport Beach. We recognized \$3.5 million of the \$6.0 million performance guaranty during the year ended December 31, 2008, and recognized no guaranty amount during the year ended December 31, 2007. We have used a total of \$3.5 million of this guaranty, and we expect to fully utilize the remaining amount of this guaranty in 2009. Other revenue generated from our existing portfolio also increased during 2008 as compared to 2007 due to an increase in transportation and parking revenue generated by several of our hotels due to changes in parking management agreements, combined with an increase in revenue at both of our laundry facilities. These increases were partially offset by the reclassification of BuyEfficient's operations to equity in net earnings (losses) of unconsolidated joint ventures, combined with a decrease in telephone revenue.

Other operating revenue increased \$13.1 million, or 25.4%, for the year ended December 31, 2007 as compared to the year ended December 31, 2006. The seven hotels contributed \$6.3 million to other operating revenue during 2007. Other operating revenue generated from our 2007 existing portfolio increased \$6.8 million during 2007 as compared to 2006 primarily due to increased internet usage, telephone, transportation and parking revenue caused by the increased occupancy, combined with attrition fees collected by our hotels, as well as increased revenue generated by BuyEfficient and by one of our laundry facilities.

Hotel operating expenses. Hotel operating expenses, which are comprised of room, food and beverage, advertising and promotion, repairs and maintenance, utilities, and other hotel operating expenses increased \$11.5 million, or 2.0%, for the year ended December 31, 2008 as compared to the year ended December 31, 2007. The three hotels contributed \$11.5 million to hotel operating expenses during 2008. Hotel operating expense in our existing portfolio remained flat during 2008 as compared to 2007. More specifically, hotel operating expenses in our existing portfolio decreased in correlation to the decreases in related room, food and beverage and other revenue, combined with decreased property insurance expense due to lower premiums, as well as decreased ground lease expense due to our purchase of the land underlying our Renaissance Orlando hotel. Prior to our acquisition, the land had been leased from a third party. We expect our ground lease expense to decrease by approximately \$2.0 million in 2009 due to this acquisition. These decreases were mostly offset during the year ended December 31, 2008 as compared to 2007, by increased utility expenses due to higher energy costs, advertising and promotion expenses due to higher complimentary promotional food and beverage expenditures, and property taxes due to supplemental property tax bills assessed to several of our hotels.

Hotel operating expenses increased \$100.2 million, or 21.2%, during the year ended December 31, 2007 as compared to the year ended December 31, 2006. The seven hotels contributed \$66.1 million in other operating expenses during 2007. In addition, hotel operating expenses in our 2007 existing portfolio increased \$34.1 million during 2007 as compared to 2006. These higher costs in our 2007 existing portfolio during 2007 were driven by our increases in related revenues, the direct result of higher occupancy as well as an increase in advertising cost.

Table of Contents

Property general and administrative expense. Property general and administrative expense increased \$0.2 million, or 0.2%, for the year ended December 31, 2008 as compared to the year ended December 31, 2007. The three hotels contributed \$1.8 million to property general and administrative expense. Property general and administrative expense in our existing portfolio decreased \$1.6 million primarily due to the reclassification of BuyEfficient's operations to equity in net earnings (losses) of unconsolidated joint ventures. In addition, property general and administrative expense decreased during the year ended December 31, 2008 as compared to the same period in 2007 due to decreased payroll expenses and management fees associated with the decrease in revenue, partially offset by increased contract and professional services, bad debt expense and credit card commissions. Property general and administrative expenses for the year ended December 31, 2008 also includes \$0.9 million in severance and restructuring charges as our hotels worked to control costs during the current economic slowdown.

Property general and administrative expense increased \$19.6 million, or 21.6%, for the year ended December 31, 2007 as compared to the year ended December 31, 2006. The seven hotels contributed \$13.7 million to property general and administrative expense during 2007. In addition, property general and administrative expense in our 2007 existing portfolio increased \$5.9 million primarily due to wage increases and to other hotel-specific expenses, such as increased credit card commissions and management fees, associated with the overall increase in revenue.

Corporate overhead expense. Corporate overhead expense decreased \$6.4 million, or 22.7%, during the year ended December 31, 2008 as compared to the year ended December 31, 2007, primarily due to additional costs incurred in 2007 for severance related to the chief executive officer succession and the senior management team transition. Corporate overhead expenses during 2008 were also reduced as compared to 2007 due to our elimination of a separate Chief Accounting Officer position, which we have combined with the Chief Financial Officer position. These decreases were partially offset by \$0.2 million in severance costs recorded in 2008 combined with increased costs associated with exploring potential hotel acquisitions and dispositions, entity level state franchise and minimum tax payments, sales tax expense, and legal expense.

Corporate overhead expense increased \$9.2 million, or 48.7%, during the year ended December 31, 2007 as compared to the year ended December 31, 2006, due to executive officer severance costs which totaled \$3.5 million and costs related to the chief executive officer succession which totaled \$1.5 million, as well as increases in compensation, including bonus accruals, deferred stock compensation and related payroll expenses, and increases in other corporate expenses.

Depreciation and amortization expense. Depreciation and amortization expense increased \$4.4 million, or 3.9% during the year ended December 31, 2008 as compared to the year ended December 31, 2007. The three hotels contributed \$3.7 million in depreciation and amortization expense during 2008. Depreciation and amortization expense in our existing portfolio increased \$0.7 million.

Depreciation and amortization expense increased \$27.5 million, or 32.9%, during the year ended December 31, 2007 as compared to the year ended December 31, 2006. The seven hotels contributed \$15.7 million in depreciation and amortization expense during 2007. Depreciation and amortization expense in our 2007 existing portfolio increased by \$11.8 million.

Goodwill and other impairment losses. Goodwill and other impairment losses totaled \$2.9 million for the year ended December 31, 2008 as compared to zero for both the years ended December 31, 2007 and 2006. In conjunction with our 2008 annual goodwill impairment evaluation, we wrote off \$2.8 million of goodwill associated with our Marriott Napa Valley hotel. In addition, we recognized a \$0.1 million impairment loss on a vacant parcel of land in anticipation of its sale in January 2009.

Equity in net earnings (losses) of unconsolidated joint ventures. Equity in net earnings (losses) of unconsolidated joint ventures totaled a net loss of \$1.4 million for the year ended December 31, 2008 as compared to a net loss of \$3.6 million for the year ended December 31, 2007, and income of \$0.1 million for the year ended December 31, 2006. In 2008, we recognized a \$1.6 million loss on our Doubletree Guest Suites Hotel Times Square joint venture, which we originally purchased in December 2006, and income of \$0.2 million on our BuyEfficient joint venture which began to be accounted for as an unconsolidated joint venture in December 2007 following our sale of a 50% interest in BuyEfficient. In 2007, we recognized a \$3.6 million loss on our Doubletree Guest Suites Hotel Times Square joint venture, and nominal income on our BuyEfficient joint venture. In 2006, we recognized income of \$0.1 million on our Doubletree Guest Suites Hotel Times Square joint venture.

Interest and other income. Interest and other income totaled \$3.8 million for the year ended December 31, 2008, \$9.1 million for the year ended December 31, 2007 and \$4.2 million for the year ended December 31, 2006. In 2008, we recognized \$3.6 million in interest income, and \$0.2 million in other miscellaneous income. In 2007, we recognized a \$6.1 million gain on our sale of BuyEfficient, \$2.9 million in interest income, and \$0.1 in other miscellaneous income. In 2006, we recognized \$3.9 million in interest income and \$0.3 million in other miscellaneous income.

Table of Contents

Interest expense. Interest expense is as follows (in thousands):

	Year Ended December 31, 2008	Year Ended December 31, 2007	Year Ended December 31, 2006
Interest expense	\$ 96,587	\$ 90,625	\$ 66,662
Deferred financing fees	1,702	1,389	1,451
Write-off deferred financing fees		64	2,765
Write-off loan premium		(465)	(1,903)
Costs associated with early extinguishments of debt		818	9,976
	\$ 98,289	\$ 92,431	\$ 78,951

Interest expense increased \$5.9 million, or 6.3%, during the year ended December 31, 2008 as compared to the year ended December 31, 2007. Interest expense includes an additional \$5.9 million incurred during 2008 as compared to 2007 as a result of a mortgage loan obtained to finance our acquisition of the Marriott Long Wharf in March 2007, combined with the issuance by the Operating Partnership of exchangeable senior notes in June 2007 and an increase in interest expense incurred on our credit facility, which was partially offset by our repayment of three mortgages during 2007. In addition, interest expense increased in 2008 as compared to 2007 due to an increase in amortization of deferred financing fees of \$0.3 million, and to a credit of \$0.5 million recorded in 2007 to write-off a loan premium as a result of the repayment of a mortgage loan before its maturity date. Partially offsetting these increases, interest expense was reduced in 2008 as compared to 2007 due to an \$0.8 million loss on early extinguishment of debt recorded in 2007.

Interest expense increased \$13.5 million, or 17.1%, during the year ended December 31, 2007 as compared to the year ended December 31, 2006. Interest expense includes an additional \$24.0 million incurred during the year ended December 31, 2007 as compared to the year ended December 31, 2006, as a result of mortgage loans obtained during 2006 to finance our acquisitions of the Del Mar Marriott, Hilton Times Square, Embassy Suites La Jolla, and W Hotel San Diego, combined with an additional draw on the mortgage loan of the Renaissance Orlando, a mortgage loan obtained during 2007 to finance our acquisition of the Marriott Long Wharf and the issuance by the Operating Partnership of exchangeable senior notes in June 2007. These increases were partially offset by our repayment of three mortgages during 2007 and a reduction in interest expense incurred on our credit facility in 2007 as compared to 2006. In addition, interest expense in 2007 includes \$0.8 million in loss on early extinguishment of debt, and a credit of \$0.5 million due to the write-off of a loan premium as a result of the repayment of a mortgage loan before its maturity date. Partially offsetting these items, interest expense was affected in 2007 as compared to 2006 by a \$10.0 million loss on early extinguishment of debt and a credit of \$1.9 million incurred in 2006 associated with the defeasance of debt. In addition, amortization of deferred financing fees decreased \$2.7 million during 2007 as compared to 2006 primarily due to the write-off of deferred financing fees associated with debt refinanced during 2006.

Our weighted average interest rate per annum was approximately 5.5% at both December 31, 2008 and 2007, and 5.7% at December 31, 2006. At December 31, 2008, all of our outstanding notes payable had fixed interest rates.

Income from discontinued operations. Income from discontinued operations totaled \$36.2 million for the year ended December 31, 2008, \$72.9 million for the year ended December 31, 2007, and \$22.2 million for the year ended December 31, 2006. As described under Investing Activities Dispositions, we sold two hotels in 2008, seven hotels in 2007, and 15 hotels in 2006. Consistent with the requirements of Financial Accounting Standards Board (FASB) Statement No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* (FAS 144), we have classified the gains and losses on sale as discontinued operations and reclassified the results of operations for these hotels as discontinued operations.

Preferred stock dividends and accretion. Preferred stock dividends and accretion increased \$0.1 million, or 0.4% during the year ended December 31, 2008 as compared to the year ended December 31, 2007, due to an increase in the dividend rate for our Series C preferred stock to \$1.605 per share in 2008 from \$1.583 per share in 2007.

Preferred stock dividends and accretion increased \$1.2 million, or 6.0% during the year ended December 31, 2007 as compared to the year ended December 31, 2006, due to 2.2 million shares of Series A preferred stock that were issued in April 2006.

Investing Activities

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Acquisitions. Consistent with our cycle-appropriate strategy, we did not acquire any hotel properties during 2008. In September 2008, we acquired 32.6 acres of land underlying our Renaissance Orlando hotel using available cash on hand for \$30.7 million, including costs of the acquisition. Prior to our acquisition, the land had been leased from a third party. As a result of this acquisition, property tax, ground lease and insurance has been reduced by \$0.7 million for the year ended December 31, 2008.

We expect to make few hotel acquisitions until the early growth phase of the lodging cycle. We generally expect acquisition opportunities will continue to be limited in 2009 due to the state of the credit markets and uncertainty regarding near-term business operations.

Table of Contents

The following table sets forth the hotels we have acquired since January 1, 2006:

Hotels	Rooms	Acquisition Date
2008:		
No hotel acquisitions		
2007:		
Marriott Boston Quincy, Quincy, Massachusetts	464	May 1, 2007
Marriott Long Wharf, Boston, Massachusetts ⁽¹⁾	402	March 23, 2007
Renaissance LAX, Los Angeles, California	499	January 4, 2007
2006:		
W Hotel, San Diego, California ⁽²⁾	259	June 26, 2006
Embassy Suites, La Jolla, California ⁽³⁾	335	May 17, 2006
Hilton Times Square, New York City, New York ⁽⁴⁾	444	March 17, 2006
Marriott Del Mar, San Diego, California	284	January 10, 2006
Total January 1, 2006 to December 31, 2008	2,687	

- (1) Subsequent to this acquisition, the Company added an additional 10 rooms to this hotel, increasing the room count to 412.
- (2) Subsequent to this acquisition, the Company converted 1 room in this hotel to an alternate use, decreasing the room count to 258.
- (3) Subsequent to this acquisition, the Company added an additional 5 rooms to this hotel, increasing the room count to 340.
- (4) Subsequent to this acquisition, the Company added an additional 16 rooms to this hotel, increasing the room count to 460.

The combined cost for these seven hotel acquisitions was approximately \$934.0 million, or \$348,000 per room.

Dispositions. Consistent with our cycle-appropriate strategy, we were a net seller of hotels in 2008. In May 2008, we sold the Hyatt Regency Century Plaza for net proceeds of \$358.8 million, and a net gain of \$42.1 million. In July 2008, we used a portion of the net proceeds to repay amounts outstanding under our credit facility, which had been used to fund the repurchase of 7,374,179 shares of our common stock for \$129.0 million (excluding fees and costs) in a modified Dutch Auction tender offer (the Tender Offer). Although our current intention is to retain a substantial portion of the remaining proceeds until a recovery of the lodging cycle begins, we continue to analyze alternatives for the reinvestment of the remaining proceeds, which, depending on market conditions, may include hotel acquisitions, debt repayments, securities repurchases, other types of investments, or other general corporate needs. In December 2008, we sold the Crowne Plaza in Grand Rapids, Michigan for net proceeds of \$3.6 million, including a \$2.0 million note receivable, and a net loss of \$16.1 million. Consistent with our strategic plan, we continue to evaluate the potential divestiture of certain non-core hotels, which may be completed as a portfolio sale, single asset sales, or not at all, depending on market conditions.

Table of Contents

The following table sets forth the hotels we have sold since January 1, 2006:

Hotels	Rooms	Disposition Date
2008:		
Crowne Plaza, Grand Rapids, Michigan	320	December 10, 2008
Hyatt Regency, Los Angeles (Century City), California	726	May 30, 2008
2007:		
Sheraton, Salt Lake City, Utah	362	December 20, 2007
Courtyard by Marriott, Oxnard, California	166	June 29, 2007
Courtyard by Marriott, Riverside, California	163	June 29, 2007

Total January 1, 2006 to December 31, 2008	5,462	

The aggregate net sale proceeds for the 24 hotel dispositions through December 31, 2008 was \$704.8 million, or \$129,000 per room. The results of operations of all of the hotels identified above and the gains or losses on dispositions through December 31, 2008 are included in discontinued operations for all periods presented through the time of sale. The proceeds from the sales are included in our cash flows from investing activities for the respective periods.

The following table summarizes our portfolio and room data from the beginning of 2006 through December 31, 2008, adjusted for the hotels acquired and sold during the respective periods.

	2008	2007	2006
Portfolio Data Hotels			
Number of hotels beginning of period	45	49	60
Add: Acquisitions		3	4
Less: Dispositions	(2)	(7)	(15)
Number of hotels end of period	43	45	49
Portfolio Data Rooms			
Number of rooms beginning of period	15,625	15,758	17,333
Add: Acquisitions		1,365	1,322
Add: Room expansions		21	

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Less: Dispositions	(1,046)	(1,519)	(2,897)
Less: Rooms converted to other usage	(10)		
Number of rooms end of period	14,569	15,625	15,758
Average rooms per hotel end of period	339	347	322

Renovations. During 2008, we invested \$94.7 million in capital improvements to our hotel portfolio.

Table of Contents

Liquidity and Capital Resources

Historical. During the periods presented, our sources of cash included our operating activities, working capital, sales of hotel properties and other assets, distributions received from our unconsolidated joint ventures, proceeds from notes payable including our Operating Partnership's debt securities and our credit facility, and proceeds from our public and private offerings of common and preferred stock. Our primary uses for cash were for hotel acquisitions, capital expenditures for hotels, operating expenses, repayment of notes payable, repurchases of our common stock, and dividends on our common and preferred stock. Among other things, recently the capital markets have experienced extreme price volatility, dislocations and liquidity disruptions, all of which have exerted downward pressure on stock prices, widened credit spreads on prospective debt financing and led to declines in the market values of U.S. and foreign stock exchanges. Accordingly, we cannot be certain that traditional sources of cash flow will be available in the future.

Operating activities. Our cash provided by (used in) operating activities fluctuates primarily as a result of changes in RevPAR and operating flow through of our hotels. Our net cash provided by (used in) operating activities may also be affected by changes in our portfolio resulting from hotel acquisitions, dispositions or renovations. Net cash provided by operating activities was \$160.9 million for 2008 compared to \$213.6 million for 2007, and \$163.6 million in 2006. The decrease in 2008 as compared to 2007 was primarily due to decreased earnings at our hotels during 2008, combined with a decrease in accounts payable and other liabilities. In addition, net cash provided by operating activities decreased in 2008 as compared to 2007 because operating cash in 2007 includes the receipt of previously restricted cash held by a lender in conjunction with our early pay-off of a mortgage loan. The increase in 2007 as compared to 2006 was primarily due to decreases in our restricted cash accounts because we had received previously restricted cash held by lenders in conjunction with our early pay-off of two mortgage loans, combined with increased earnings of our hotels during 2007.

Investing activities. Our cash provided by (used in) investing activities fluctuates primarily as a result of acquisitions, dispositions and renovations of hotels. Net cash provided by (used) in investing activities in 2008, 2007 and 2006 was as follows (in thousands):

	Year Ended December 31, 2008	Year Ended December 31, 2007	Year Ended December 31, 2006
Proceeds from sale of hotel properties, other real estate and 50% interest in subsidiary	\$ 360,395	\$ 185,728	\$ 157,718
Restricted cash replacement reserve	5,136	5,993	(2,074)
Proceeds received from sale of note receivable		29,047	
Cash received from (contributed to) unconsolidated joint ventures	5,675	426	(68,574)
Acquisitions of hotel properties and land	(30,695)	(403,249)	(448,373)
Renovations and additions to hotel properties and other real estate	(94,697)	(135,231)	(139,364)
Net cash provided by (used in) investing activities	\$ 245,814	\$ (317,286)	\$ (500,667)

Pursuant to our cycle-appropriate strategy, we did not acquire any hotels and we sold two hotels in 2008. Net cash provided by investing activities was \$245.8 million as compared to net cash used of \$317.3 million in 2007 and \$500.7 million in 2006. During 2008, we received net proceeds of \$360.4 million from the sale of the two hotels, decreased the balance in our restricted cash replacement reserve accounts by \$5.1 million, and received \$5.7 million from one of our unconsolidated joint ventures. During 2008, we also acquired the land underlying one of our hotels for \$30.7 million, paid an additional \$14,000 for two hotels acquired in 2007, and received a \$35,000 deposit paid in 2007 for a total cash outlay of \$30.7 million. In addition, we paid cash of \$94.7 million for renovations to our hotels.

During 2007, we acquired three hotels for \$410.7 million, including an \$8.4 million deposit paid at the end of 2006, and paid an additional \$0.9 million for a hotel acquired in 2006, for a total cash outlay of \$403.2 million. In addition, we received net proceeds of \$179.3 million from the sale of seven hotels, \$6.3 million from the sale of a 50% interest in our subsidiary BuyEfficient, of which \$0.3 million was contributed to the new joint venture with Strategic to operate BuyEfficient, and \$0.4 million from the sale of a vacant land parcel for a total of \$185.7 million in net proceeds received. During 2007, we also paid cash of \$135.2 million for renovations to our hotels, received \$29.0 million from the sale of a note receivable, decreased the balance in our restricted cash replacement reserve accounts by \$6.0 million, and received \$0.4 million from our unconsolidated joint ventures.

During 2006, we acquired four hotels for \$522.2 million, including the assumption of \$81.0 million in debt and a \$6.5 million deposit paid at the end of 2005, acquired an office building and land adjacent to one of our hotels for \$4.4 million, incurred additional costs of \$0.8 million related to our 2005 acquisitions, and paid an \$8.5 million deposit for a hotel purchased in January 2007, for a total cash outlay of \$448.4 million. In

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

addition, in 2006, we paid cash of \$68.6 million to acquire a 38% ownership interest in a joint venture to acquire an additional hotel, \$139.4 million for renovations to our hotels, increased the balance in our restricted cash replacement reserve accounts by \$2.1 million, and received net proceeds of \$157.7 million from the sale of 15 hotels combined with the collection of additional proceeds from a hotel we sold in 2004.

Table of Contents

Financing activities. Our cash (used in) provided by financing activities fluctuates primarily as a result of our issuance and repayment of notes payable, draws and repayments on our credit facility and by the issuance and repurchase of other forms of capital, including preferred equity and common stock. Net cash used in financing activities was \$293.7 million in 2008 as compared to net cash provided of \$141.7 million in 2007 and \$349.1 million in 2006. Net cash used in financing activities in 2008 consisted primarily of \$190.3 million of principal payments on our credit facility and notes payable, \$184.5 million used to repurchase shares of our common stock, \$99.8 million of dividends paid to our stockholders, and \$0.1 million in deferred financing costs partially offset by \$181.0 million in proceeds received from draws on our credit facility.

Net cash provided by financing activities for 2007 consisted primarily of proceeds from the issuance of notes payable and draws on our credit facility of \$609.0 million, including our Operating Partnership's debt securities, and net proceeds from the settlement of a forward sale agreement (with an affiliate of Citigroup Global Markets Inc. as the forward counterparty, relating to 4,000,000 shares of our common stock) of \$110.4 million, partially offset by \$387.5 million of principal payments on notes payable and our credit facility, \$86.4 million used to repurchase shares of our common stock, \$96.3 million of dividends paid to our stockholders, and \$7.5 million in deferred financing costs.

Net cash provided by financing activities in 2006 consisted primarily of proceeds from notes payable and draws on our credit facility of \$604.5 million, and net proceeds from our preferred and common stock offerings of \$54.1 million and \$157.7 million, respectively, partially offset by \$366.9 million of principal payments on notes payable and our credit facility and \$10.0 million related to the cost associated with the defeasance of debt we refinanced, \$86.7 million of dividends, and \$3.7 million in deferred financing costs.

Future. We expect our primary uses of cash to be for acquisitions of hotels, capital expenditures for hotels, operating expenses, repayment of principal on our notes payable and credit facility, interest expense and dividends. We expect our primary sources of cash will continue to be our operating activities, working capital, notes payable, sales of hotel properties, including the net remaining proceeds from the sale of the Hyatt Regency Century Plaza, and proceeds from public and private offerings of debt securities and common and preferred stock. Our ability to incur additional debt depends on a number of financial factors, including our leverage, the value of our unencumbered assets, borrowing restrictions imposed by lenders under our existing notes payable and our credit facility, as well as other factors affecting the general willingness or ability of lenders to provide loans. Our ability to raise funds through the issuance of equity securities depends on, among other things, general market conditions for hotel companies and REITs and market perceptions about us. We will continue to analyze alternate sources of capital in an effort to minimize our capital costs and maximize our financial flexibility. However, when needed, the capital markets may not be available to us on favorable terms or at all.

We believe that our current cash balance, our cash flow from operations, and our unencumbered properties will provide us with sufficient liquidity to meet our current operating expenses and other expenses directly associated with our business (including payment of dividends on our capital stock, if declared) for the foreseeable future, and in any event for at least the next 12 months. As of December 31, 2008, our credit facility had no amount outstanding, and had \$3.5 million backing outstanding irrevocable letters of credit, leaving up to \$196.5 million available under the credit facility.

Debt. As of December 31, 2008 we had \$1.7 billion of debt, \$220.2 million of cash and cash equivalents, including restricted cash, and total assets of \$2.8 billion. We believe that by controlling debt levels, we can achieve lower capital costs than more highly leveraged companies.

As of December 31, 2008, all of our outstanding debt had fixed interest rates. The majority of our mortgage debt is in the form of single asset loans. We believe this structure is appropriate for the operating characteristics of our business and provides flexibility for assets to be sold subject to the existing debt. The weighted average term to maturity of our debt is 8.4 years, and the weighted average interest rate on our debt is 5.5%. Our first loan maturity, the \$81.0 million mortgage on the New York Hilton Times Square, is in December 2010.

Financial Covenants. We are subject to compliance with various covenants under both the credit facility and the Series C preferred stock. If we fail to meet the credit facility's covenants, we will be in default of the credit facility, which may result in a reduction in, or the elimination of, funds available under the credit facility. If we fail to meet certain financial covenants with respect to our Series C preferred stock, the Series C holder would be entitled to elect one member to our board of directors and to receive a default dividend of 0.50% of its liquidation preference (as defined in the articles supplementary for the Series C preferred stock) in addition to any other dividend to which it is entitled, and we would be restricted from paying dividends on our common stock. We believe if economic trends continue to negatively affect the demand for our hotels, we may fail to meet our financial covenants under the credit facility and the Series C preferred stock within the next 12 to 24 months. If it becomes likely that such a failure may occur with respect to our credit facility, we may seek to renegotiate the terms of our credit facility, or we may elect to terminate the credit facility. If we fail to meet the financial covenants with respect to the Series C preferred stock, we may seek an agreement with the holder of the Series C preferred stock to amend the financial covenants, although there is no assurance that we would be successful in such negotiations. We believe we could obtain mortgages on, or pledge to a secured facility, one or more of our ten unencumbered hotels. These ten hotels had an aggregate of 3,119 rooms as of December 31, 2008, and generated \$189.4 million in revenue during 2008. In addition, we have decided to maintain higher than historical cash levels for working capital due to current economic and business trends.

Table of Contents

Cash Balance. During 2008, we increased our unrestricted cash balance by \$112.9 million from \$66.1 million to \$179.0 million. We intend to continue to maintain higher than historical cash balances until such time as we believe the cyclical recovery of the lodging cycle is evident. We believe that by minimizing our need to access external capital by maintaining higher than typical cash balances during the current cyclical decline, our financial security and flexibility have been meaningfully enhanced.

Contractual Obligations

The following table summarizes our payment obligations and commitments as of December 31, 2008 (in thousands):

Contractual obligations	Total	Payment due by period			
		Less than 1 year	1 to 3 years	3 to 5 years	More than 5 years
		(in thousands)			
Notes payable	\$ 1,712,765	\$ 13,002	\$ 360,982	\$ 97,045	\$ 1,241,736
Interest obligations on notes payable	755,610	95,019	174,091	140,106	346,394
Operating lease obligations	310,113	4,957	8,853	8,606	287,697
Construction commitments	12,506	12,506			
Employment obligations	3,050	775	1,300	975	
Total	\$ 2,794,044	\$ 126,259	\$ 545,226	\$ 246,732	\$ 1,875,827

Capital Expenditures and Reserve Funds

We believe we maintain each of our hotels in good repair and condition and in general conformity with applicable franchise and management agreements, ground and air leases, laws and regulations. Our capital expenditures primarily relate to the ongoing maintenance of our hotels and are budgeted in the reserve accounts described in the following paragraph. We also incur capital expenditures for renovation and development. We invested \$94.7 million during 2008 in our hotels. As of December 31, 2008, our renovation budget for 2009 includes \$12.5 million of contractual construction commitments. If we acquire, renovate or develop additional hotels in the future, our capital expenditures will increase.

With respect to our hotels that are operated under management or franchise agreements with major national hotel brands and for all of our hotels subject to first mortgage liens, we are obligated to maintain a furniture, fixture and equipment (FF&E) reserve account for future planned and emergency-related capital expenditures at these hotels. The amount funded into each of these reserve accounts is determined pursuant to the management, franchise and loan agreements for each of the respective hotels, ranging between 2.0% and 5.0% of the respective hotel's total annual revenue. As of December 31, 2008, \$25.5 million was held in FF&E reserve accounts for future capital expenditures at our hotels. According to the respective loan agreements, the reserve funds are to be held by the lenders or managers in restricted cash accounts. We generally are not required to spend the entire amount in the FF&E reserve accounts each year.

Off-Balance Sheet Arrangements

Our off-balance sheet arrangements consist of our ownership interest in two joint ventures. For further discussion of these joint ventures and their effect on our financial condition, results of operations and cash flows, see Note 6 to the consolidated financial statements.

Seasonality

As is typical of the lodging industry, we experience some seasonality in our business as indicated in the table below. Revenue for certain of our hotels is generally affected by seasonal business patterns (*e.g.*, the first quarter is strong in Orlando, the second quarter is strong for the Mid-Atlantic business hotels, and the fourth quarter is strong for New York City). Quarterly revenue also may be adversely affected by renovations, our managers' ability to generate business and by events beyond our control, such as extreme weather conditions, terrorist attacks or alerts, public health concerns, airline strikes or reduced airline capacity, economic factors and other considerations affecting travel. Revenues for our comparable hotel portfolio by quarter during 2007 and 2008 were as follows (dollars in thousands):

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

	First Quarter	Second Quarter	Third Quarter	Fourth Quarter	Total
Revenues					
2007	\$ 189,516	\$ 215,346	\$ 212,371	\$ 238,610	\$ 855,843
2007 revenues as a percentage of total	22.1%	25.2%	24.8%	27.9%	
2008	\$ 192,056	\$ 219,866	\$ 209,307	\$ 218,495	\$ 839,724
2008 revenues as a percentage of total	22.9%	26.2%	24.9%	26.0%	

Table of Contents

Inflation

Inflation may affect our expenses, including, without limitation, by increasing such costs as labor, food, taxes, property and casualty insurance and utilities.

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States (GAAP). The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenue and expenses and related disclosure of contingent assets and liabilities.

We evaluate our estimates on an ongoing basis. We base our estimates on historical experience, information that is currently available to us and on various other assumptions that we believe are reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. We believe the following critical accounting policies affect the most significant judgments and estimates used in the preparation of our consolidated financial statements.

Impairment of long-lived assets and goodwill. We periodically review each property and any related goodwill for possible impairment. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment recognized is measured by the amount by which the carrying amount of the assets exceeds the estimated fair value of the assets. In this analysis of fair value, we use discounted cash flow analysis to estimate the fair value of our properties taking into account each property's expected cash flow from operations, holding period and proceeds from the disposition of the property. The factors addressed in determining estimated proceeds from disposition include anticipated operating cash flow in the year of disposition and terminal capitalization rate. Our judgment is required in determining the discount rate applied to estimated cash flows, growth rate of the properties, the need for capital expenditures, as well as specific market and economic conditions. Additionally, the classification of these assets as held-for-sale (if applicable) requires the recording of these assets at their estimated fair value less estimated selling costs which can affect the amount of impairment recorded. We account for goodwill in accordance with FASB Statement No. 142,

Goodwill and Other Intangible Assets, which states that goodwill has an indefinite useful life that should not be amortized but should be reviewed annually for impairment, or more frequently if events or changes in circumstances indicate that goodwill might be impaired. The review of any potential goodwill impairment requires estimates of fair value for our properties that have goodwill arising from unallocated acquisition costs. These estimates of fair value are prepared using the procedures described above.

Depreciation and amortization expense. Depreciation expense is based on the estimated useful life of our assets. The life of the assets is based on a number of assumptions, including the cost and timing of capital expenditures to maintain and refurbish our hotels, as well as specific market and economic conditions. Hotel properties and other completed real estate investments are depreciated using the straight-line method over estimated useful lives ranging from five to 35 years for buildings and improvements and three to 12 years for furniture, fixtures and equipment. While management believes its estimates are reasonable, a change in the estimated lives could affect depreciation expense and net income or the gain or loss on the sale of any of our hotels. We have not changed the estimated useful lives of any of our assets during the periods discussed.

New Accounting Standards and Accounting Changes

In September 2006, the FASB issued Statement No. 157, *Fair Value Measurements* (FAS 157). FAS 157 defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements. FAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. In February 2008, the FASB issued Staff Position No. FAS 157-2,

Effective Date of FASB Statement No. 157 (FSP FAS 157-2). FSP FAS 157-2 amends FAS 157 to delay the effective date of FAS 157 for nonfinancial assets and nonfinancial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (that is, at least annually). For items within its scope, FSP FAS 157-2 defers the effective date of FAS 157 to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years. The adoption of FAS 157 related to financial assets and liabilities did not have any impact on our consolidated financial statements. We are currently evaluating the impact, if any, that FAS 157 may have on our future consolidated financial statements related to non-financial assets and liabilities.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

In February 2007, the FASB issued Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (FAS 159). FAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing entities with the opportunities to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. FAS 159 is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. The adoption of FAS 159 did not have any impact on our financial condition, results of operations or cash flow.

Table of Contents

In December 2007, the FASB issued revised Statement No. 141, *Business Combinations* (FAS 141R). FAS 141R will change the accounting for business combinations. Under FAS 141R, an acquiring entity will be required to recognize all the assets acquired and liabilities assumed in a transaction at the acquisition-date fair value with limited exceptions. FAS 141R will change the accounting treatment and disclosure for certain specific items in a business combination. FAS 141R applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. FAS 141R will have an impact on accounting for business combinations once adopted but the effect is dependent upon acquisitions at that time.

In December 2007, the FASB issued Statement No. 160, *Noncontrolling Interests in Consolidated Financial Statements An Amendment of ARB No. 51* (FAS 160). FAS 160 establishes new accounting and reporting standards for the non-controlling interest in a subsidiary and for the deconsolidation of a subsidiary. FAS 160 is effective for fiscal years beginning on or after December 15, 2008. We do not currently expect the adoption of FAS 160 to have a material impact on our consolidated financial condition, results of operations or cash flow.

In March 2008, the FASB issued Statement No. 161, *Disclosures about Derivative Instruments and Hedging Activities* (FAS 161). FAS 161 is intended to improve financial reporting of derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial condition, financial performance, and cash flows. It is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. FAS 161 will impact disclosures only and will not have a material impact on our consolidated financial condition, results of operations or cash flow.

In May 2008, the FASB issued Staff Position No. APB 14-1, *Accounting for Convertible Debt Instruments that may be Settled in Cash Upon Conversion* (FSP APB 14-1). FSP APB 14-1 requires that the liability and equity components of convertible debt instruments that may be settled in cash upon conversion (including partial cash settlement) be separately accounted for in a manner that reflects an issuer's nonconvertible debt borrowing rate. As a result, the liability component would be recorded at a discount reflecting its below market coupon interest rate, and would subsequently be accreted to its par value over its expected life, with the rate of interest that reflects the market rate at issuance being reflected in the results of operations. FSP APB 14-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Retrospective application to all periods presented is required and early adoption is prohibited. The Operating Partnership's \$250.0 million 4.60% senior exchangeable notes are within the scope of FSP APB 14-1. This change in methodology will affect the calculations of net income and earnings per share, but will not increase our cash interest payments. We anticipate that as a result of the application of this standard, we will retrospectively increase our interest expense by \$1.8 million and \$3.5 million for 2007 and 2008, respectively. In 2009 through 2013, we anticipate that our interest expense will increase on an annual basis from between \$3.7 million and \$4.4 million.

In June 2008, the FASB issued Staff Position No. EITF 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions are Participating Securities* (FSP EITF 03-6-1) which states that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share under the two-class method. The guidance is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those years. We have concluded that the unvested shares of the Company's common stock granted to our employees and to our board of directors are participating securities under FSP EITF 03-6-1, and are currently evaluating the effect the adoption of FSP EITF 03-6-1 will have on our financial condition, results of operations and cash flow.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

To the extent that we incur debt with variable interest rates, our future income, cash flows and fair values relevant to financial instruments are dependent upon prevailing market interest rates. Market risk refers to the risk of loss from adverse changes in market prices and interest rates. At December 31, 2008, none of our outstanding debt was subject to variable interest rates.

Item 8. Financial Statements and Supplementary Data

See index to financial statements included in this report.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Table of Contents

Item 9A. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

Based upon an evaluation of the effectiveness of disclosure controls and procedures, our Chief Executive Officer (CEO) and Chief Financial Officer (CFO) have concluded that as of the end of the period covered by this Annual Report on Form 10-K our disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Exchange Act) were effective to provide reasonable assurance that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified by the rules and forms of the SEC and is accumulated and communicated to management, including the CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

(b) Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

Due to its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate due to changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Under the supervision and with the participation of our management, including our CEO and CFO, we conducted an evaluation of the effectiveness of our internal control over financial reporting using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control - Integrated Framework. Based on its evaluation, our management concluded that our internal control over financial reporting was effective as of December 31, 2008.

Ernst & Young LLP, an independent registered public accounting firm, has audited the Consolidated Financial Statements included in this Annual Report on Form 10-K and, as part of its audit, has issued its reports, included herein at page 41, on the effectiveness of our internal control over financial reporting.

(c) Changes in Internal Control over Financial Reporting

There was no change in our internal control over financial reporting that occurred during the most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders

Sunstone Hotel Investors, Inc.

We have audited Sunstone Hotel Investors, Inc.'s internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). Sunstone Hotel Investors, Inc.'s management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Sunstone Hotel Investors, Inc. maintained, in all material respects, effective internal control over financial reporting as of December 31, 2008, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Sunstone Hotel Investors, Inc. as of December 31, 2008 and 2007, and the related consolidated statements of income, stockholders' equity, and cash flows for each of the years ended December 31, 2008, 2007, and 2006 of Sunstone Hotel Investors, Inc. and our report dated February 9, 2009 expressed an unqualified opinion thereon.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders

Sunstone Hotel Investors, Inc.:

We have audited the accompanying consolidated balance sheets of Sunstone Hotel Investors, Inc. and subsidiaries as of December 31, 2008 and 2007, and the related consolidated statements of income, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2008. Our audits also included the financial statement schedule listed in the Index at Item 15. These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Sunstone Hotel Investors, Inc. and subsidiaries at December 31, 2008 and 2007, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2008, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Sunstone Hotel Investors, Inc.'s internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 9, 2009 expressed an unqualified opinion thereon.

Table of Contents**SUNSTONE HOTEL INVESTORS, INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****1. Organization and Description of Business**

Sunstone Hotel Investors, Inc. (the Company) was incorporated in Maryland on June 28, 2004 in anticipation of an initial public offering of common stock, which was consummated on October 26, 2004. The Company, through its 100% controlling interest in Sunstone Hotel Partnership, LLC (the Operating Partnership), of which the Company is the sole managing member, and the subsidiaries of the Operating Partnership, including Sunstone Hotel TRS Lessee, Inc. (the TRS Lessee) and its subsidiaries, is currently engaged in acquiring, owning, asset managing and renovating hotel properties. The Company may also sell certain hotel properties from time to time. The Company operates as a real estate investment trust (REIT) for federal income tax purposes.

As a REIT, certain tax laws limit the amount of non-qualifying income the Company can earn, including income derived directly from the operation of hotels. As a result, the Company leases all of its hotels to its TRS Lessee, which in turn enters into long-term management agreements with third parties to manage the operations of the Company's hotels. As of December 31, 2008, the Company owned 43 hotels, and its third-party managers included Sunstone Hotel Properties, Inc., a division of Interstate Hotels & Resorts, Inc. (Interstate SHP), manager of 25 of the Company's hotels; subsidiaries of Marriott International, Inc. or Marriott Hotel Services, Inc. (collectively, Marriott), managers of 13 of the Company's hotels; and Hyatt Corporation (Hyatt), Fairmont Hotels & Resorts (Fairmont), Hilton Hotels Corporation (Hilton) and Starwood Hotels & Resorts Worldwide, Inc. (Starwood), collectively manager of five of the Company's hotels. In addition to its wholly owned hotels, the Company has a 38% equity interest in a joint venture that owns one hotel.

2. Summary of Significant Accounting Policies**Basis of Presentation**

The accompanying consolidated financial statements as of December 31, 2008 and 2007, and for the years ended December 31, 2008, 2007 and 2006, include the accounts of the Company, the Operating Partnership, the TRS Lessee and their subsidiaries. All significant intercompany balances and transactions have been eliminated.

Certain amounts included in the consolidated financial statements for prior years have been reclassified to conform to the most recent financial statement presentation.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates.

Reporting Periods

The results the Company reports in its consolidated income statements are based on results reported to the Company by its hotel managers. These hotel managers use different reporting periods. Marriott uses a fiscal year ending on the Friday closest to December 31, and reports twelve weeks of operations each for the first three quarters of the year, and sixteen or seventeen weeks of operations for the fourth quarter of the year. The Company's other hotel managers report operations on a standard monthly calendar. The Company has elected to adopt quarterly close periods of March 31, June 30 and September 30, and an annual year end of December 31. As a result, the Company's 2008 results of operations for the Marriott-managed hotels include results from December 29 through March 21 for the first quarter, March 22 through June 13 for the second quarter, June 14 through September 5 for the third quarter, and September 6 through January 2 for the fourth quarter. The Company's 2007 results of operations for the Marriott-managed hotels include results from December 30 through March 23 for the first quarter, March 24 through June 15 for the second quarter, June 16 through September 7 for the third quarter, and September 8 through December 28 for the fourth quarter. The Company's 2006 results of operations for the Marriott-managed hotels include results from December 31 through March 24 for the first quarter, March 25 through June 16 for the second quarter, June 17 through September 8 for the third quarter, and September 9 through December 29 for the fourth quarter.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Due to the five extra days included in Marriott's 2008 results of operations, the Company estimates it recorded an additional \$3.1 million in revenue and approximately \$0.8 million in additional net income based on the average daily revenues and income generated by its Marriott managed hotels during 2008.

F-8

Table of Contents

Cash and Cash Equivalents

Cash and cash equivalents are defined as cash on hand and in banks plus all short-term investments with an original maturity of three months or less.

The Company maintains cash and cash equivalents and certain other financial instruments with various financial institutions. These financial institutions are located throughout the country and the Company's policy is designed to limit exposure to any one institution. The Company performs periodic evaluations of the relative credit standing of those financial institutions that are considered in the Company's investment strategy. At December 31, 2008 and 2007, the Company had amounts in banks that were in excess of federally insured amounts.

Restricted Cash

Restricted cash is comprised of reserve accounts for debt service, interest reserves, capital replacements, ground leases, property taxes and insurance impounds. These restricted funds are subject to supervision and disbursement approval by certain of the Company's lenders.

Accounts Receivable

Accounts receivable primarily represents receivables from hotel guests who occupy hotel rooms and utilize hotel services. Accounts receivable also includes receivables from customers who utilize the Company's laundry facilities in Salt Lake City, Utah, and Rochester, Minnesota. The Company maintains an allowance for doubtful accounts sufficient to cover potential credit losses. The Company's accounts receivable at December 31, 2008 and 2007 includes an allowance for doubtful accounts of \$0.3 million, all of which is included in continuing operations, and \$0.4 million, including \$0.3 million from discontinued operations, respectively. At December 31, 2008 and 2007, the Company had approximately \$4.9 million and \$5.0 million, respectively, in accounts receivable with one customer who is operating under a contract with the United States government. No amounts have been reserved for this receivable as of either December 31, 2008 or 2007 as all amounts have been deemed to be collectible.

Inventories

Inventories, consisting primarily of food and beverages, are stated at the lower of cost or market, with cost determined on a method that approximates first-in, first-out basis.

Investments In Hotel Properties, Other Real Estate and Franchise Fees

Hotel properties and other real estate assets are recorded at cost, less accumulated depreciation. Hotel properties and other completed real estate investments are depreciated using the straight-line method over estimated useful lives ranging from five to 35 years for buildings and improvements and three to 12 years for furniture, fixtures and equipment. Intangible assets are amortized using the straight-line method over their estimated useful life or over the length of the related agreement, whichever is shorter. Initial franchise fees are recorded at cost and amortized using the straight-line method over the lives of the franchise agreements ranging from six to 20 years. All other franchise fees that are based on the Company's results of operations are expensed as incurred.

The Company follows the requirements of Financial Accounting Standards Board (FASB) Statement No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* (FAS 144). FAS 144 requires impairment losses to be recorded on long-lived assets to be held and used by the Company when indicators of impairment are present and the future undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amount. When an impairment loss is required for assets to be held and used by the Company, the related assets are adjusted to their estimated fair values. When an impairment loss is required for assets held for sale, the related assets are adjusted to their estimated fair values, less costs to sell. Operating results of any long-lived assets with their own identifiable cash flows that are disposed of or held for sale are removed from income from continuing operations and reported as discontinued operations. Depreciation ceases when a property is held for sale. The operating results for any such assets for any prior periods presented must also be reclassified as discontinued operations. In December 2008, the Company recorded an impairment loss of \$57,000 on a vacant parcel of land in anticipation of its sale in January 2009. Based on the Company's review, management believes that there were no other impairments on its long-lived assets held for use and that the carrying values of its hotel properties and other real estate are recoverable at December 31, 2008.

Fair value represents the amount at which an asset could be bought or sold in a current transaction between willing parties, that is, other than a forced or liquidation sale. The estimation process involved in determining if assets have been impaired and in the determination of fair value is inherently uncertain because it requires estimates of current market yields as well as future events and conditions. Such future events and conditions include economic and market conditions, as well as the availability of suitable

Table of Contents

financing. The realization of the Company's investment in hotel properties and other real estate is dependent upon future uncertain events and conditions and, accordingly, the actual timing and amounts realized by the Company may be materially different from their estimated fair values.

Deferred Financing Costs

Deferred financing costs consist of loan fees and other financing costs related to the Company's outstanding indebtedness and are amortized to interest expense over the terms of the related debt.

Upon repayment of the underlying debt, any related unamortized deferred financing cost is charged to interest expense. During 2008 and 2007, approximately \$0.1 million and \$7.5 million, respectively, were incurred and paid, related to new debt and debt refinancings. Such costs are being amortized over the related terms of the loans.

Total amortization of deferred financing costs was \$1.7 million, \$1.9 million, and \$4.8 million for the years ended December 31, 2008, 2007 and 2006, respectively. Amortization of deferred financing costs included in interest expense was \$1.7 million, \$1.4 million, and \$4.2 million for the years ended December 31, 2008, 2007 and 2006, respectively. Discontinued operations included amortization of deferred financing costs of zero, \$0.5 million, and \$0.6 million for the years ended December 31, 2008, 2007 and 2006, respectively.

Goodwill

The Company follows the requirements of FASB Statement No. 142, *Goodwill and Other Intangible Assets* (FAS 142). Under FAS 142, goodwill and intangible assets deemed to have indefinite lives are subject to annual impairment tests. As a result, the carrying value of goodwill allocated to the hotel properties and other real estate is reviewed at least annually and when facts and circumstances suggest that it may be impaired. Such review entails comparing the carrying value of the individual hotel property (the reporting unit) including the allocated goodwill to the fair value determined for that hotel property. If the aggregate carrying value of the hotel property exceeds the fair value, the goodwill of the hotel property is impaired to the extent of the difference between the fair value and the aggregate carrying value, not to exceed the carrying amount of the allocated goodwill. As part of its 2008 annual impairment evaluation, the Company determined that the goodwill associated with its Marriott Napa Valley hotel should be written off, and, accordingly, the Company recorded an impairment loss of \$2.8 million in December 2008 to goodwill and other impairment losses. In conjunction with the sale of seven hotel properties during the second and fourth quarters of 2007 and 14 hotel properties during the third and fourth quarters of 2006, the Company wrote off the goodwill associated with these properties totaling \$6.0 million against gain on sale of hotels in 2007 and \$4.9 million to goodwill and other impairment losses in 2006. The 2007 and 2006 amounts are included in income from discontinued operations. The fair values of the reporting units were determined using factors such as net operating cash flows, terminal capitalization rates and replacement costs. As of December 31, 2008, the Company's market capitalization is less than the book value of its equity. The Company believes that the disparity between the book value of its assets over the market value of its business is in large part a consequence of current market conditions, including perceived risks in the debt markets, the Company's industry and the broader economy. While the Company believes that some of these risks are unique to specific companies, some represent global industry risks. The Company has evaluated the impairment of its goodwill, giving consideration to these risks, and their impact upon the respective reporting units' fair values, and has reported impairments where it deems appropriate. The Company believes that the fair value of its remaining reporting units that contain goodwill at December 31, 2008 exceeds the book value of those units due to the effect of accumulated depreciation on book value, combined with certain property enhancements, which have resulted in improved operating performance. The sum of the fair values of the reporting units was reconciled to the Company's current market capitalization plus an estimated control premium, representing the estimated amount an investor would pay for the Company's equity securities to obtain a controlling interest.

Property and Equipment

Property and equipment is stated on the cost basis and includes computer equipment and other corporate office equipment and furniture. Property and equipment is depreciated on a straight-line basis over the estimated useful lives ranging from three to 12 years. The cost basis of property and equipment amounted to \$7.6 million and \$7.1 million at December 31, 2008 and 2007, respectively. Accumulated depreciation amounted to \$6.5 million and \$5.7 million at December 31, 2008 and 2007, respectively. Property and equipment net of related accumulated depreciation is included in other assets, net.

Table of Contents

Investments in Unconsolidated Joint Ventures

In December 2007, the Company entered into a joint venture agreement with Strategic Hotels & Resorts, Inc. (Strategic) to own and operate BuyEfficient, LLC (BuyEfficient), an electronic purchasing platform that allows members to procure food, operating supplies, furniture, fixtures and equipment. Under the terms of the agreement, Strategic acquired a 50% interest in BuyEfficient from the Company. In December 2006 the Company entered into a joint venture agreement to obtain a 38% interest in the Doubletree Guest Suites Hotel Times Square in New York City, New York.

The Company accounts for both of these ownership interests using the equity method. The Company's accounting policies are consistent with those of the unconsolidated joint ventures.

Fair Value of Financial Instruments

Effective January 1, 2008, the Company adopted FASB Statement No. 157, *Fair Value Measurements* (FAS 157) for financial assets and liabilities. FAS 157 establishes a framework for measuring fair value and expands disclosures about fair value measurements by establishing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FAS 157 are described below:

Basis of Fair Value Measurement

- Level 1 Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 Inputs reflect quoted prices for identical assets or liabilities in markets that are not active; quoted prices for similar assets or liabilities in active markets; inputs other than quoted prices that are observable for the asset or the liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Unobservable inputs reflecting the Company's own assumptions incorporated in valuation techniques used to determine fair value. These assumptions are required to be consistent with market participant assumptions that are reasonably available.

As of December 31, 2008 and 2007, the carrying amount of certain financial instruments, including cash and cash equivalents, accounts receivable, accounts payable, and accrued expenses were representative of their fair values due to the short-term maturity of these instruments. As of December 31, 2008, all of the Company's outstanding debt had fixed interest rates. The Company's fixed-rate mortgage debt is at commensurate terms with similar debt instruments based on risk, collateral, and other characteristics. The Company's carrying value of its debt totaled \$1.7 billion as of December 31, 2008. Using Level 2 measurements, the Company estimates that the fair market value of its debt as of December 31, 2008 totaled \$1.4 billion.

The Company currently pays the premiums for a \$5,000,000 split life insurance policy for its former Chief Executive Officer and current Executive Chairman, Robert A. Alter. Under the terms of the policy, the Company is entitled to receive the greater of the cash surrender value of the policy or the premiums paid by the Company following the termination of Mr. Alter's employment with the Company. Within 60 days following the date of the termination of the split dollar policy during Mr. Alter's lifetime, Mr. Alter may obtain a release of such obligation by paying the Company the greater of the total amount of the premiums paid by the Company or the then-current cash surrender value. The Company has valued this policy using Level 1 measurements at \$1.7 million and \$1.9 million as of December 31, 2008 and 2007, respectively. These amounts are included in other assets, net in the accompanying balance sheets.

The Company also has a Retirement Benefit Agreement with Mr. Alter. Pursuant to the Retirement Benefit Agreement, Mr. Alter may defer a portion of his compensation. Mr. Alter may amend the amount of his compensation to be deferred from time to time; provided, however, that any such amendment will only apply to amounts earned by Mr. Alter after such amendment and that such amendments must be made in compliance with all tax laws affecting deferred compensation. The Company will match 25% of Mr. Alter's deferrals for each year, up to a maximum of 6% of Mr. Alter's total compensation for that year. Earnings on Mr. Alter's deferrals and the Company's matching contributions are an amount equal to the amount which would have been earned on such deferrals and matching contributions had they been paid as premiums on the life insurance policy noted above in accordance with the investment designations made by Mr. Alter. The balance in Mr. Alter's deferred compensation account is payable over a period of time following the termination of his employment with the Company, regardless of the reason for such termination. The Company has valued this agreement using Level 1 measurements at \$1.7 million and \$1.9 million as of December 31, 2008 and 2007, respectively. These amounts are included in accrued payroll and employee benefits in the accompanying balance sheets.

Table of Contents

Revenue Recognition

Room revenue and food and beverage revenue are recognized as earned, which is generally defined as the date upon which a guest occupies a room and/or utilizes the hotel's services. Additionally, some of the Company's hotel rooms are booked through independent internet travel intermediaries. Revenue for these rooms is booked at the price the Company sold the room to the independent internet travel intermediary less any discount or commission paid.

Other operating revenues consist of revenues derived from incidental hotel services such as concessions, movie rentals, retail sales, fitness services, internet access, telephone, sublease revenues relating to the restaurants and retail shops. In addition, the Company entered into a 40-year term agreement (which includes a 10-year initial term, plus two extension terms totaling 30 years) with Fairmont whereby Fairmont will provide the Company with a limited performance guaranty that will ensure, subject to certain limitations, a return on equity to the Company. Under the terms of this agreement, should the net cash flow generated by the hotel be insufficient to cover a 9.0% return on the Company's equity investment in the hotel in 2008 and a 10.0% return on the Company's equity investment in subsequent years, Fairmont is required to pay the Company the difference, up to \$6.0 million over the term of the agreement. The Company recognizes into revenue annually, the amount due from Fairmont under this agreement. During 2008, the Company recognized \$3.5 million of the \$6.0 million performance guaranty. Also, as an adjunct to the Company's hotels located in Rochester, Minnesota and Salt Lake City, Utah, the Company operates commercial laundries at those locations providing laundry services to the Company's hotels and other third parties in the respective locations. Revenues from incidental hotel services, management agreements, and laundry services are recognized in the period the related services are provided or the revenue is earned. Prior to December 7, 2007, the Company wholly owned BuyEfficient. Revenues generated by BuyEfficient prior to December 7, 2007 were included in the Company's other operating revenue, and consisted of transaction fees, development fees, and rebate sales as BuyEfficient charges the third party for the installation associated with configuring the third party's information technology system with the purchasing platform and access rights to the purchasing platform. Fees for the installation are typically based on time and materials and are recognized as the services are performed. Fees associated with access rights are based on a percentage of the price of goods purchased by the third party from the vendor and are recognized when earned. On December 7, 2007 the Company entered into a joint venture agreement with Strategic whereby Strategic acquired a 50% interest in BuyEfficient from the Company. In accordance with the equity method of accounting, the Company's share of BuyEfficient's earnings is now shown in equity in net earnings (losses) of unconsolidated joint ventures.

Advertising and Promotion Costs

Advertising and promotion costs are expensed when incurred. Advertising and promotion costs represent the expense for advertising and reservation systems under the terms of the hotel franchise and brand management agreements and general and administrative expenses that are directly attributable to advertising and promotions.

Income Taxes

For the years ended December 31, 2008, 2007 and 2006, the Company elected to be treated as a REIT pursuant to the Internal Revenue Code, as amended (the Code). Management believes that the Company has qualified and intends to continue to qualify as a REIT. Therefore, the Company is permitted to deduct distributions paid to our stockholders, eliminating the federal taxation of income represented by such distributions at the company level. REITs are subject to a number of organizational and operational requirements. If the Company fails to qualify as a REIT in any taxable year, the Company will be subject to federal income tax (including any applicable alternative minimum tax) on taxable income at regular corporate tax rates.

With respect to taxable subsidiaries, the Company accounts for income taxes in accordance with FASB Statement No. 109, *Accounting for Income Taxes*, (FAS 109). Accordingly, deferred tax liabilities and assets are determined based on the difference between the financial statement and tax bases of assets and liabilities, using enacted tax rates in effect for the year in which the differences are expected to reverse.

Dividends

The Company pays quarterly dividends to its Series A Cumulative Redeemable and Series C Cumulative Convertible Redeemable preferred stockholders as declared by the Board of Directors. The Company may also pay dividends on its common stock to the extent declared by the Board of Directors. The Company's ability to pay dividends is dependent on the receipt of distributions from the Operating Partnership.

Table of Contents**Earnings Per Share**

The Company applies the two-class method as required by the FASB Emerging Issues Task Force (EITF) Issue 03-6, *Participating Securities and the Two-Class Method under FASB Statement No. 128, Earnings per Share* (EITF 03-6). EITF 03-6 requires the net income per share for each class of stock (common stock and convertible preferred stock) to be calculated assuming 100% of the Company's net income is distributed as dividends to each class of stock based on their contractual rights. To the extent the Company has undistributed earnings in any calendar quarter, the Company will follow the two-class method of computing earnings per share.

In accordance with FASB Statement No. 128, *Earnings per Share*, basic earnings available to common stockholders per common share is computed based on the weighted average number of shares of common stock outstanding during each period. Diluted earnings available to common stockholders per common share is computed based on the weighted average number of shares of common stock outstanding during each period, plus potential common shares considered outstanding during the period, as long as the inclusion of such awards is not anti-dilutive. Potential common shares consist of unvested restricted stock awards (using the treasury stock method), the incremental common shares issuable upon the exercise of stock options (using the treasury stock method) and the conversion of the Company's Series C Convertible Redeemable Preferred Stock (Series C preferred stock).

The following table sets forth the computation of basic and diluted earnings per common share (in thousands, except per share data):

	Year Ended December 31, 2008	Year Ended December 31, 2007	Year Ended December 31, 2006
Numerator:			
Net income	\$ 74,743	\$ 125,663	\$ 53,237
Less preferred stock dividends and accretion	(20,884)	(20,795)	(19,616)
Less undistributed income allocated to Series C preferred stock		(1,583)	
Numerator for basic and diluted earnings available to common stockholders	\$ 53,859	\$ 103,285	\$ 33,621
Denominator:			
Weighted average basic common shares outstanding	53,633	58,998	57,247
Unvested restricted stock awards	29	141	162
Weighted average diluted common shares outstanding	53,662	59,139	57,409
Basic earnings available to common stockholders per common share	\$ 1.00	\$ 1.75	\$ 0.59
Diluted earnings available to common stockholders per common share	\$ 1.00	\$ 1.75	\$ 0.59

The Company's common stock options have been excluded from the above calculation of earnings per share for the year ended December 31, 2008 as their inclusion would have been anti-dilutive. The Company's shares of Series C preferred stock have been excluded from the above calculation of earnings per share for the years ended December 31, 2008, 2007 and 2006 as their inclusion would have been anti-dilutive.

Segment Reporting

Under the provision of FASB Statement No. 131, *Disclosure about Segments of an Enterprise and Related Information*, the Company's operations are at this time conducted and aggregated under one segment, hotel operations.

Recent Accounting Pronouncements

In September 2006, the FASB issued Statement No. 157, *Fair Value Measurements* (FAS 157). FAS 157 defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements. FAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. In February 2008, the FASB issued FASB Staff Position (FSP) No. FAS 157-2, *Effective Date of FASB Statement No. 157* (FSP FAS 157-2). FSP FAS 157-2 amends FAS 157 to delay the effective date of

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

FAS 157 for nonfinancial assets and nonfinancial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (that is, at least annually). For items within its scope, FSP FAS 157-2 defers the effective date of FAS 157 to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years. The adoption of FAS 157 related to financial assets and liabilities did not have any impact on the Company's consolidated financial statements. The Company is currently evaluating the impact, if any, that FAS 157 may have on its future consolidated financial statements related to non-financial assets and liabilities.

F-13

Table of Contents

In February 2007, the FASB issued Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (FAS 159). FAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing entities with the opportunities to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. FAS 159 is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. The adoption of FAS 159 did not have any impact on the Company's financial condition, results of operations or cash flow.

In December 2007, the FASB issued revised Statement No. 141, *Business Combinations* (FAS 141R). FAS 141R will change the accounting for business combinations. Under FAS 141R, an acquiring entity will be required to recognize all the assets acquired and liabilities assumed in a transaction at the acquisition-date fair value with limited exceptions. FAS 141R will change the accounting treatment and disclosure for certain specific items in a business combination. FAS 141R applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. FAS 141R will have an impact on accounting for business combinations once adopted but the effect is dependent upon acquisitions at that time.

In December 2007, the FASB issued Statement No. 160, *Noncontrolling Interests in Consolidated Financial Statements - An Amendment of ARB No. 51* (FAS 160). FAS 160 establishes new accounting and reporting standards for the non-controlling interest in a subsidiary and for the deconsolidation of a subsidiary. FAS 160 is effective for fiscal years beginning on or after December 15, 2008. The Company does not currently expect the adoption of FAS 160 to have a material impact on its consolidated financial condition, results of operations or cash flow.

In March 2008, the FASB issued Statement No. 161, *Disclosures about Derivative Instruments and Hedging Activities* (FAS 161). FAS 161 is intended to improve financial reporting of derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial condition, financial performance, and cash flows. It is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. FAS 161 will impact disclosures only and will not have a material impact on the Company's consolidated financial condition, results of operations or cash flow.

In May 2008, the FASB issued Staff Position No. APB 14-1, *Accounting for Convertible Debt Instruments that may be Settled in Cash Upon Conversion* (FSP APB 14-1). FSP APB 14-1 requires that the liability and equity components of convertible debt instruments that may be settled in cash upon conversion (including partial cash settlement) be separately accounted for in a manner that reflects an issuer's nonconvertible debt borrowing rate. As a result, the liability component would be recorded at a discount reflecting its below market coupon interest rate, and would subsequently be accreted to its par value over its expected life, with the rate of interest that reflects the market rate at issuance being reflected in the results of operations. FSP APB 14-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Retrospective application to all periods presented is required and early adoption is prohibited. The Operating Partnership's \$250.0 million 4.60% senior exchangeable notes are within the scope of FSP APB 14-1. This change in methodology will affect the calculations of net income and earnings per share, but will not increase the Company's cash interest payments. The Company anticipates that as a result of the application of this standard, it will retrospectively increase its interest expense by \$1.8 million and \$3.5 million for 2007 and 2008, respectively. In 2009 through 2013, the Company anticipates that its interest expense will increase on an annual basis from between \$3.7 million and \$4.4 million.

In June 2008, the FASB issued Staff Position No. EITF 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions are Participating Securities* (FSP EITF 03-6-1) which states that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share under the two-class method. The guidance is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those years. The Company has concluded that the unvested shares of the Company's common stock granted to its employees and to its board of directors are participating securities under FSP EITF 03-6-1, and is currently evaluating the effect the adoption of FSP EITF 03-6-1 will have on its financial condition, results of operations and cash flow.

Table of Contents**3. Investment in Hotel Properties**

Investment in hotel properties consisted of the following (in thousands):

	December 31,	
	2008	2007
Land	\$ 294,460	\$ 263,744
Buildings and improvements	2,281,217	2,220,832
Furniture, fixtures and equipment	302,798	267,935
Intangibles	35,736	42,863
Franchise fees	1,530	1,386
Construction in process	11,912	21,875
	2,927,653	2,818,635
Accumulated depreciation and amortization	(474,842)	(367,907)
	\$ 2,452,811	\$ 2,450,728

In September 2008, the Company acquired 32.6 acres of land underlying its Renaissance Orlando hotel for \$30.7 million, including costs of the acquisition, using its available cash on hand.

In January 2007, the Company purchased the 499-room Renaissance LAX located in Los Angeles, California for \$65.2 million and retained Marriott as manager. This hotel's results of operations from the acquisition date of January 4, 2007 through Marriott's fourth quarter ended January 2, 2009, have been included in the Company's income statements.

In March 2007, the Company purchased the 402-room Marriott Long Wharf located in Boston, Massachusetts for \$228.5 million and retained Marriott as manager. This hotel's results of operations from the acquisition date of March 23, 2007 through Marriott's fourth quarter ended January 2, 2009, have been included in the Company's income statements. Subsequent to this acquisition, the Company added an additional 10 rooms at this hotel, increasing the room count to 412.

In April 2007, the Company paid an additional \$0.8 million as part of a purchase price true-up for the Marriott Del Mar located in San Diego, California, originally purchased by the Company in January 2006. In December 2007, the Company accrued an additional \$0.1 million which it paid in April 2008.

In May 2007, the Company purchased the 464-room Marriott Boston Quincy Hotel located in Quincy, Massachusetts for a purchase price of \$117.0 million and retained Marriott as manager. This hotel's results of operations from the acquisition date of May 1, 2007 through Marriott's fourth quarter ended January 2, 2009, have been included in the Company's income statements.

Acquired properties are included in the Company's results of operations from the date of acquisition. The following unaudited pro forma results of operations reflect the Company's results as if the acquisitions of the Marriott Del Mar, Hilton Times Square, Embassy Suites La Jolla and the W Hotel San Diego that occurred during the first and second quarters of 2006, and the Renaissance LAX, Marriott Boston Quincy and Marriott Long Wharf that occurred during the first and second quarters in 2007, as well as the acquisition of the land underlying the Renaissance Orlando that occurred during the third quarter of 2008, had occurred on January 1, 2006. In the Company's opinion, all significant adjustments necessary to reflect the effects of the acquisitions have been made (in thousands, except per share data):

	Year Ended December 31, 2008	Year Ended December 31, 2007	Year Ended December 31, 2006
Revenues	\$ 969,164	\$ 978,232	\$ 893,390
Income available to common stockholders from continuing operations	\$ 19,598	\$ 30,488	\$ 4,828

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

Income per diluted share available to common stockholders from continuing operations	\$	0.37	\$	0.52	\$	0.08
--	----	------	----	------	----	------

4. Discontinued Operations

In May 2008, the Company sold the Hyatt Regency Century Plaza for net proceeds of \$358.8 million and a net gain of \$42.1 million. In addition, as part of a strategic plan to dispose of non-core hotel assets, the Company sold one other hotel property during 2008, seven hotel properties during 2007, and 15 hotel properties during 2006. The one non-strategic hotel property sold during 2008 was sold for net proceeds of \$3.6 million, including a \$2.0 million note receivable which is due from the buyer of the hotel in January 2009, for a net loss of \$16.1 million. Seven properties were sold during 2007 for net proceeds of \$179.3 million and a net gain of \$59.9 million. Fifteen properties were sold during 2006 for net proceeds of \$163.3 million, including the receipt of a \$5.6 million note receivable. The Company recognized a net gain on sale of assets of \$9.0 million, and also recognized a \$4.9 million goodwill impairment loss in the year ended December 31, 2006.

F-15

Table of Contents

The 24 hotel properties sold during 2006, 2007 and 2008 met the held for sale and discontinued operations criteria in accordance with FAS 144.

The following sets forth the discontinued operations for the years ended December 31, 2008, 2007 and 2006, related to hotel properties that have been sold (in thousands):

	Year Ended December 31, 2008	Year Ended December 31, 2007	Year Ended December 31, 2006
Operating revenues	\$ 46,488	\$ 127,711	\$ 183,660
Operating expenses	(32,591)	(93,359)	(129,951)
Interest expense		(9,453)	(17,604)
Depreciation and amortization	(3,704)	(11,919)	(18,044)
Goodwill and other impairment losses			(4,920)
Gain on sale of hotels	26,013	59,893	9,048
Income from discontinued operations	\$ 36,206	\$ 72,873	\$ 22,189

The following sets forth the assets and liabilities related to the discontinued operations as of December 31, 2008 and 2007:

	December 31,	
	2008	2007
ASSETS		
Investment in hotel properties, net	\$	\$ 336,093
Other current assets, net		9,010
Total assets of discontinued operations	\$	\$ 345,103
LIABILITIES		
Other current liabilities		9,908
Total liabilities of discontinued operations	\$	\$ 9,908

5. Other Real Estate

Other real estate consisted of the following (in thousands):

	December 31,	
	2008	2007
Land	\$ 3,824	\$ 3,824
Buildings and improvements	10,159	9,565
Furniture, fixtures and equipment	5,554	5,131

	19,542	18,530
Accumulated depreciation	(5,355)	(4,514)
	14,187	14,016
Land held for investment	453	510

In December 2008, the Company recorded an impairment loss of \$57,000 on a vacant parcel of land in anticipation of its sale in January 2009.

In May 2007, the Company sold a vacant parcel of land for net proceeds of \$429,000, resulting in a net loss of \$23,000.

Table of Contents

6. Investments in Unconsolidated Joint Ventures

In December 2007, the Company entered into a joint venture agreement with Strategic to own and operate BuyEfficient. Under the terms of the agreement, Strategic acquired a 50% interest in BuyEfficient from the Company for a gross price of \$6.3 million. As part of this transaction, the Company reclassified its remaining 50% share in BuyEfficient to investments in unconsolidated joint ventures and recognized a gain on sale of \$6.1 million. As part of the Company's agreement with Strategic, the cost of BuyEfficient's participation in the Company's Long-Term Incentive Plan continues to be borne solely by the Company. In accordance with EITF No. 00-12, *Accounting by an Investor for Stock-Based Compensation Granted to Employees of an Equity Method Investee*, the Company expenses the cost of stock-based compensation granted to employees of BuyEfficient as incurred to the extent the Company's claim on BuyEfficient's book value has not been increased. The Company recognizes this stock-based compensation expense based on fair value in accordance with FASB Statement No. 123(R), *Share-Based Payment* and EITF No. 96-18, *Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services*. During the year ended December 31, 2008, the Company recognized stock-based compensation expense for BuyEfficient of \$72,000, all of which was included in equity in net earnings (losses) of unconsolidated joint ventures.

In December 2006, the Company entered into a joint venture agreement with Whitehall Street Global Real Estate Limited Partnership 2005 and Highgate Holdings to acquire the 460-room Doubletree Guest Suites Hotel Times Square located in New York City, New York. The \$68.5 million initial investment was funded from cash on hand and was comprised of two parts: (i) a \$28.5 million mezzanine loan, which bore an interest rate of 8.5% on a face value of \$30.0 million and (ii) a \$40.0 million equity investment representing a 38% ownership interest in the joint venture. In April 2007, the Company sold the \$28.5 million mezzanine loan for net proceeds of \$29.0 million. Annual dividends on the equity investment are senior to the returns on equity to both Whitehall and Highgate and began at 8.0% and will increase to 9.25% over a nine-year period. In addition, the Company's equity investment is entitled to receive a pro-rata share of any excess equity distributions to the joint venture.

7. Other Assets

Other assets, net consisted of the following (in thousands):

	December 31,	
	2008	2007
Property and equipment, net	\$ 1,067	\$ 1,361
Deferred costs	1,432	549
Interest receivable	984	592
Other receivables	12,130	11,440
Other	2,625	2,850
	\$ 18,238	\$ 16,792

8. Due to Interstate SHP and Other Current Liabilities

Due to Interstate SHP

Interstate SHP manages 25 of the Company's 43 hotels as of December 31, 2008. The following amounts make up the net liability owed to Interstate SHP (in thousands):

	December 31,	
	2008	2007
Accrued payroll and employee benefits	\$ 9,238	\$ 10,574
Workers' compensation	3,381	4,822
Accrued pension liability	3,016	242
Management and accounting fees payable	588	738
Reimbursements from Interstate SHP	(135)	(140)

F-17

Table of Contents**Other Current Liabilities**

Other current liabilities consisted of the following (in thousands):

	December 31,	
	2008	2007
Property, sales, and use taxes payable	\$ 8,907	\$ 9,918
Accrued interest	12,477	13,400

Workers compensation	9	28
Other	6,194	7,591
	\$ 32,439	\$ 35,220

9. Notes Payable

Notes payable consisted of the following at December 31 (in thousands):

	2008	2007
Notes payable requiring payments of interest and principal, with fixed rates ranging from 4.98% to 9.88%; maturing at dates ranging from December 2010 through May 2021. The notes are collateralized by first deeds of trust on 33 hotel properties and one laundry facility.	\$ 1,462,765	\$ 1,472,151
Exchangeable senior notes with a fixed interest rate of 4.60%, maturing in July 2027. The notes are guaranteed by the Company and certain of its subsidiaries.	250,000	250,000
	1,712,765	1,722,151
Less: current portion	(13,002)	(9,815)
	\$ 1,699,763	\$ 1,712,336

The Company was not in default of the loan covenants on any of its notes payable at either December 31, 2008 or 2007.

During the first quarter of 2008, the Company drew down \$12.0 million of its \$200.0 million unsecured credit facility (the credit facility) to fund general working capital requirements. The Company repaid the \$12.0 million balance in March 2008. During the second quarter of 2008, the Company drew down \$28.0 million of the credit facility to fund general working capital requirements. The Company repaid \$8.0 million of this draw in April 2008, \$16.5 million in May 2008 and the remaining \$3.5 million in June 2008. During the third quarter of 2008, the Company drew down \$141.0 million of the credit facility to fund repurchases of its common stock as well as other working capital requirements. The Company repaid the entire \$141.0 million balance in July 2008. As of December 31, 2008, the Company had no outstanding indebtedness under its credit facility, and had \$3.5 million in outstanding irrevocable letters of credit backed by the credit facility, leaving, as of that date, up to \$196.5 million available under the credit facility. The Company is subject to compliance with various covenants under the credit facility, which may result in a reduction in, or the complete elimination of, funds available under the credit facility if operations should decline from current levels.

During the first quarter of 2007, the Company drew down \$138.0 million of its \$200.0 million credit facility in connection with the acquisitions of the Renaissance LAX, Los Angeles, California and the Marriott Long Wharf, Boston, Massachusetts, and for other working capital requirements. During the second quarter of 2007, the Company drew down an additional \$27.0 million of the credit facility in connection with the acquisition of the Marriott Boston Quincy, Quincy, Massachusetts, and for other working capital requirements. During the fourth quarter, the Company drew down an additional \$10.0 million of the credit facility to fund working capital requirements. The Company repaid \$24.0 million of the credit facility in April 2007, \$141.0 million in June, and the remaining \$10.0 million balance in November 2007.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

In March 2007, the Company obtained a \$176.0 million mortgage loan with a maturity date of April 2017 and a fixed interest rate of 5.58% in connection with the acquisition of the Marriott Long Wharf, Boston, Massachusetts.

In April 2007, the Company amended one of its mortgage loans to eliminate amortization and to provide for partial collateral releases, provided the Company continues to meet certain loan covenants, from May 2007 until the maturity date of May 2011, at which time the outstanding loan balance of \$248.2 million will be due and payable.

In May 2007, the Company amended its credit facility initially entered into in July 2006. The interest rate on the amended credit facility continues to be based on grid pricing, with the interest rate spread to LIBOR changing based on the Company's overall leverage ratio. The pricing grid sets forth in four tiers the applicable interest rate spread at leverage ratios for the Company as follows: tier 1 up to and including 50%, tier 2 greater than 50% and less than or equal to 55%, tier 3 greater than 55% and less than or equal

Table of Contents

to 60%, and tier 4 greater than 60%. The applicable interest rate spreads for each of the various tiers contained in the amended credit facility are 90 basis points, 105 basis points, 125 basis points and 150 basis points for tiers 1 to 4, respectively, which are 25 to 35 basis points lower than the applicable spreads contained in the credit facility prior to its amendment. In addition, the Company extended the initial maturity date on the credit facility from 2010 to 2011.

In June 2007, the Operating Partnership issued an aggregate \$250.0 million of exchangeable senior notes with a maturity date of July 2027 and an interest rate of 4.60%. Interest on the notes is payable semi-annually in arrears on January 15 and July 15 of each year, beginning January 15, 2008. The notes, subject to specified events and other conditions, are exchangeable into, at the Company's option, cash, the Company's common stock, or a combination of cash and the Company's common stock. The initial exchange rate for each \$1,000 principal amount of notes was 28.9855 shares of the Company's common stock, representing an exchange price of approximately \$34.50 per common share. The initial exchange rate is subject to adjustment under certain circumstances, and was adjusted in 2008 as a result of the Company's modified Dutch Auction tender offer (the Tender Offer) as well as its year-end dividend consisting of both cash and common stock. Currently, the exchange rate for each \$1,000 principal amount of notes is 32.9179 shares of the Company's common stock, representing an exchange price of approximately \$30.38 per common share. The Operating Partnership does not have the right to redeem the notes, except to preserve the Company's REIT status, before January 20, 2013, and may redeem the notes, in whole or in part, thereafter at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus any accrued and unpaid interest. Upon specified change in control events as well as on specified dates, holders of the notes may require the Operating Partnership to repurchase their notes, in whole or in part, for cash equal to 100% of the principal amount of the notes to be repurchased, plus any accrued and unpaid interest. The notes are the senior unsecured obligations of the Operating Partnership. The Company and all of its subsidiaries that are guarantors under the Company's credit facility have guaranteed the Operating Partnership's obligations under the notes. The notes do not qualify as a derivative or an equity instrument.

In June 2007, the Company repaid a \$175.0 million mortgage loan with a maturity date of December 2014. In connection with the repayment, the Company incurred prepayment penalties of \$0.4 million, which are included in discontinued operations on the Company's consolidated income statement for the year ended December 31, 2007.

In August 2007, the Company repaid a \$13.1 million mortgage loan with a maturity date of September 2007.

In December 2007, the Company defeased an \$8.7 million mortgage loan with an effective maturity date of August 2009, incurring a loss on early extinguishment of debt of \$0.8 million related to the cost associated with the defeasance of the debt.

Total interest incurred and expensed on the notes payable is as follows (in thousands):

	Year Ended December 31, 2008	Year Ended December 31, 2007	Year Ended December 31, 2006
Continuing operations:			
Interest expense	\$ 96,587	\$ 90,625	\$ 66,662
Deferred financing fees	1,702	1,389	1,451
Write-off deferred financing fees		64	2,765
Write-off loan premium		(465)	(1,903)
Costs associated with early extinguishments of debt		818	9,976
	\$ 98,289	\$ 92,431	\$ 78,951
Discontinued operations:			
Interest expense	\$	\$ 8,568	\$ 16,989
Deferred financing fees		108	239
Write-off deferred financing fees		362	376
Prepayment penalties		415	
	\$	\$ 9,453	\$ 17,604

In May 2008, the FASB issued Staff Position No. APB 14-1, *Accounting for Convertible Debt Instruments that may be Settled in Cash Upon Conversion* (FSP APB 14-1). FSP APB 14-1 requires that the liability and equity components of convertible debt instruments that may be settled in cash upon conversion (including partial cash settlement) be separately accounted for in a manner that reflects an issuer's nonconvertible

debt borrowing rate. As a result, the liability component would be recorded at a discount

F-19

Table of Contents

reflecting its below market coupon interest rate, and the liability component would subsequently be accreted to its par value over its expected life, with the rate of interest that reflects the market rate at issuance being reflected in the results of operations. FSP APB 14-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Retrospective application to all periods presented is required and early adoption is prohibited. The Operating Partnership's \$250.0 million 4.60% senior exchangeable notes are within the scope of FSP APB 14-1. This change in methodology will affect the Company's calculations of net income and earnings per share, but will not increase its cash interest payments. The Company anticipates that as a result of the application of this standard, it will retrospectively increase its interest expense by \$1.8 million and \$3.5 million, respectively. In 2009 through 2013, the Company anticipates that its interest expense will increase on an annual basis from between \$3.7 million and \$4.4 million.

Aggregate future principal maturities of notes payable at December 31, 2008, are as follows (in thousands):

2009	\$ 13,002
2010	95,583
2011	265,399
2012	78,287
2013	18,758
Thereafter	1,241,736
	\$ 1,712,765

10. Income Taxes

The Company has elected to be taxed as a REIT under the Code. As a REIT the Company generally will not be subject to corporate level federal income taxes on net income it distributes to its stockholders. The Company may be subject to certain state and local taxes on its income and property and to federal income and excise taxes on its undistributed taxable income. Taxable income from non-REIT activities managed through taxable REIT subsidiaries is subject to federal, state and local taxes.

The Company leases its hotels to wholly owned TRS's that are subject to federal and state income taxes. The Company accounts for income taxes in accordance with the provisions of FAS 109. Under FAS 109, the Company accounts for income taxes using the asset and liability method, under which deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between GAAP carrying amounts and their respective tax bases.

The income tax benefit (provision) included in the consolidated financial statements is as follows (in thousands):

	Year Ended December 31, 2008	Year Ended December 31, 2007	Year Ended December 31, 2006
Current:			
Federal	\$	\$	\$
State			
Deferred:			
Federal	1,530	2,032	5,695
State	371	525	1,438
	1,901	2,557	7,133
Valuation allowance	(1,901)	(2,557)	(7,133)

Table of Contents

	December 31,	
	2008	2007
Current deferred tax asset before valuation allowance	28,266	26,347
Depreciation	(102)	(84)
Current deferred tax liability before valuation allowance	(102)	(84)
Net deferred tax asset	28,164	26,263
Valuation allowance	(28,164)	(26,263)
	\$	\$

The Company has provided a valuation allowance against its deferred tax asset at December 31, 2008 and 2007. The valuation allowance is due to the uncertainty of realizing the Company's historical operating losses. Accordingly, no provision or benefit for income taxes is reflected in the accompanying consolidated income statements.

At December 31, 2008 and 2007, net operating loss carryforwards for federal income tax purposes is approximately \$59.0 million and \$53.0 million, respectively. These losses, which begin to expire in 2019, are available to offset future income through 2027.

Characterization of Distributions:

For income tax purposes, distributions paid consist of ordinary income, capital gains, return of capital or a combination thereof. For the years ended December 31, 2008, 2007, and 2006, distributions paid per share were characterized as follows:

	2008		2007		2006	
	Amount	%	Amount	%	Amount	%
Common Stock:						
Ordinary income	\$ 1.341	74.479%	\$ 1.267	96.744%	\$ 1.240	100.000%
Capital gain	0.459	25.521	0.043	3.256

11. Series C Cumulative Convertible Redeemable Preferred Stock

In July 2005, the Company sold 4,102,564 shares of Series C preferred stock with a liquidation preference of \$24.375 per share to Security Capital Preferred Growth, Incorporated, an investment vehicle advised by Security Capital Research & Management Incorporated, for gross

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

proceeds of \$99.0 million, or \$24.13 per share, which included a 1% discount to the conversion price/liquidation preference. Other costs of the offering totaled \$130,000. Net proceeds of \$99.0 million were contributed to the Operating Partnership in exchange for preferred membership units with economic terms substantially identical to the Series C preferred stock. The net proceeds were used to partially finance the Company's acquisition of six Renaissance hotels. The Series C preferred stock is convertible into shares of the Company's common stock at the option of the holder on a one-for-one basis, subject to customary antidilution provisions, including stock splits, stock dividends, non-cash distributions and above-market issuer self-tender or exchange offers. On or after July 8, 2010, the Series C preferred stock will be redeemable at the Company's option, in whole or in part, at any time or from time to time, for cash at a redemption price of \$24.375 per share, plus accrued and unpaid dividends up to and including the redemption date. The holders of the Series C preferred stock have the right to require the Company to redeem the Series C preferred stock in the event of any of the following: (1) a change in control of the Company, if certain

F-21

Table of Contents

conditions are not met; (2) a REIT termination event; or, (3) a termination of the Company's listing on either the New York Stock Exchange or NASDAQ. In general, holders of Series C preferred stock vote on an as-converted basis as a single class with holders of the Company's common stock. If the Company is in violation of certain financial ratios for four consecutive quarters, the holders have the right to elect one director to serve on the Company's board of directors. In addition, if the Company is in arrears on dividends on the Series C preferred stock for four or more quarters, the holders have the right to elect additional directors to serve on the Company's board of directors. Subject to a limited exception, holders of Series C preferred stock cannot elect more than an aggregate of two directors. The holders are eligible to receive a participating dividend to the extent the Company's dividend on its common stock exceeds \$0.339 per share per quarter. The quarterly dividend on the Series C preferred stock is currently \$0.393 per share. If the Company is in violation of certain financial ratios for four consecutive quarters, the holders are entitled to a default dividend (Default Dividend) in an amount equal to one-half of one percent (0.50%) per quarter of the liquidation preference per share of Series C preferred stock for such dividend period. In addition, if the Company is in arrears on dividends on the Series C preferred stock for four or more quarters, the holders are entitled to a Default Dividend. The Series C preferred stock has no maturity date and, except as set forth above, the Company is not required to redeem the Series C preferred stock at any time.

The initial carrying value of the Series C preferred stock was recorded at its sales price less costs to issue on the date of issuance. This carrying value is periodically adjusted so that the carrying value will equal the redemption value on the redemption date, which is the earliest date available for the Company to redeem the Series C preferred stock. The carrying value will also be periodically adjusted for any accrued and unpaid dividends, if any. The conversion price will be adjusted in 2009 as a result of the Company's 2008 year-end dividend, consisting of both cash and common stock. At December 31, 2008 and 2007, the Series C preferred stock carrying value consisted of the following (in thousands):

	December 31,	
	2008	2007
Initial fair value, sales price of \$99.0 million	\$ 99,000	\$ 99,000
Redemption value accretion	696	496
	\$ 99,696	\$ 99,496

12. Stockholders' Equity**Series A Cumulative Redeemable Preferred Stock**

In March 2005, the Company sold an aggregate of 4,850,000 shares of 8.0% Series A and B Cumulative Redeemable Preferred Stock (Series A preferred stock and Series B preferred stock, respectively) with a liquidation preference of \$25.00 per share for gross proceeds of \$121.3 million. Underwriting and other costs of the offering totaled \$3.8 million. Net proceeds of \$117.5 million were contributed to the Operating Partnership in exchange for preferred membership units with economic terms substantially identical to the Series A and B preferred stock. Subsequent to this offering, the shares of Series B preferred stock were exchanged for an equivalent number of shares of Series A preferred stock. The net proceeds were used to reduce borrowings under the Company's credit facility and for acquisitions. On or after March 17, 2010, the Series A preferred stock will be redeemable at the Company's option, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus accrued and unpaid dividends up to and including the redemption date. Holders of Series A preferred stock generally have no voting rights. However, if the Company is in arrears on dividends on the Series A preferred stock for six or more quarterly periods, whether or not consecutive, holders of the Series A preferred stock will be entitled to vote at its next annual meeting and each subsequent annual meeting of stockholders for the election of two additional directors to serve on the Company's board of directors until all unpaid dividends and the dividend for the then-current period with respect to the Series A preferred stock have been paid or declared and a sum sufficient for the payment thereof set aside for payment. The Series A preferred stock has no maturity date and the Company is not required to redeem the Series A preferred stock at any time.

In April 2006, the Company sold an additional 2,200,000 shares of Series A preferred stock with a liquidation preference of \$25.00 per share for gross proceeds of \$55.0 million. The proceeds to the Company, net of offering costs, were \$54.2 million, and were used together with proceeds of certain debt refinancings to repay the Company's term loan facility.

Table of Contents

Common Stock

In February 2006, the Company completed a follow-on offering of 5,500,000 shares of common stock at a price per share of \$28.80 (before underwriting discounts and offering costs), generating gross proceeds of \$158.4 million. The proceeds to the Company, net of offering costs, were \$158.1 million and were used to fund a portion of the acquisition price of the Hilton Times Square and for general corporate purposes.

In July 2006, the Company entered into a forward sale agreement (the "Forward Sale Agreement") with an affiliate of Citigroup Global Markets Inc. as the forward counterparty, relating to 4,000,000 shares of the Company's common stock. In connection with the execution of the Forward Sale Agreement and at the Company's request, Citigroup Global Markets Inc., as agent for the forward counterparty, borrowed and sold in a public offering 4,000,000 shares of common stock. In April 2007, the Company settled the Forward Sale Agreement for net proceeds of \$110.0 million, including \$0.4 million in related expenses paid in 2006. The proceeds were used to fund a portion of the acquisition price of the Marriott Boston Quincy. The Forward Sale Agreement was accounted for as an equity instrument and did not qualify as a derivative liability.

In June 2007, the Company's board of directors authorized the Company to repurchase up to \$100.0 million of the Company's common stock on or prior to December 31, 2007. Through the expiration of this authorization on December 31, 2007, the Company repurchased 3,129,810 shares of its common stock at a cost of \$86.4 million.

In February 2008, the Company's board of directors authorized the Company to repurchase up to \$150.0 million of the Company's common stock on or prior to December 31, 2008 (the "2008 Repurchase Program"). During the first quarter of 2008, the Company repurchased 734,307 shares of its common stock at a cost of \$11.8 million under the 2008 Repurchase Program. In June 2008, the Company conducted the Tender Offer to purchase up to 6,200,000 shares of its common stock at a price per share initially set at not less than \$18.65 and not greater than \$21.15, and subsequently revised to not less than \$16.75 and not greater than \$19.25. The Tender Offer expired on June 27, 2008, and on July 8, 2008, the Company announced the final results of the Tender Offer. In accordance with the terms and conditions of the Tender Offer, the Company accepted for purchase 6,200,000 shares initially offered to be purchased by the Company plus an additional 1,174,179 shares, the maximum increase permitted without amending or extending the Tender Offer, at a price of \$17.50 per share, for a total cost of \$129.0 million. In August 2008, the Company's board of directors authorized an increase of \$100.0 million to the 2008 Repurchase Program. During the third quarter of 2008, the Company repurchased 3,000,000 shares of its common stock at a cost of \$42.1 million. On December 11, 2008, the Company's board of directors terminated the 2008 Repurchase Program. Through the termination of the 2008 Repurchase Program, the Company incurred \$1.6 million in fees and commissions related to the 2008 stock repurchases, and repurchased 11,108,486 shares of its common stock at a cost of \$182.9 million. On December 11, 2008, the Company's board of directors authorized a \$200.0 million program (the "2009 Repurchase Program") to repurchase common stock, Series A preferred stock, Series C preferred stock, the Operating Partnership's exchangeable notes or to repay secured debt on or prior to December 31, 2009. As of December 31, 2008, no repurchases or repayments had been made under the 2009 Repurchase Program.

On December 11, 2008 the Company's board of directors declared a dividend of \$0.75 per share of common stock. The dividend was payable in cash and/or shares of common stock at the election of the stockholder, and was subject to a cash limitation of 20% of the total value of the dividend. This fourth quarter dividend was paid on January 15, 2009 to stockholders of record at the close of business on December 19, 2008. Based on stockholder elections, the dividend consisted of approximately \$7.3 million in cash and approximately 5.0 million shares of the Company's common stock. The number of shares included in the distribution was calculated based on the \$5.74 average closing price per share of the Company's common stock on the New York Stock Exchange on January 8 and 9, 2009.

Operating Partnership Units

As of December 31, 2008, the Operating Partnership had 47,864,654 units outstanding, all of which are held by the Company.

13. Long-Term Incentive Plan

Stock Grants

The Company has a Long-Term Incentive Plan ("LTIP") which provides for the granting to directors, officers and eligible employees of incentive or nonqualified share options, restricted shares, deferred shares, share purchase rights and share appreciation rights in tandem with options, or any combination thereof. The Company has reserved 3,850,000 common shares for issuance under the LTIP, and 2,441,433 shares remain available for future issuance as of December 31, 2008.

Restricted shares and restricted share units granted pursuant to the Company's LTIP generally vest over periods from three to five years from the date of grant. The value of shares granted has been calculated based on the share price on the date of grant.

Table of Contents

and is being amortized as compensation expense in accordance with the Company's policy on a straight-line basis over the vesting periods for the entire award. For the year ended December 31, 2008, the Company's expense related to these restricted shares and restricted share units was \$5.3 million, including \$0.3 million in forfeitures. The Company's expense related to these restricted shares and restricted share units for the years ended December 31, 2007 and 2006 was \$7.6 million, and \$5.2 million, respectively, none of which included forfeitures.

The following is a summary of non-vested stock grant activity:

	2008		2007		2006	
	Shares	Weighted Average Price	Shares	Weighted Average Price	Shares	Weighted Average Price
Outstanding at beginning of year	650,546	\$ 26.33	626,841	\$ 22.55	454,413	\$ 17.56
Granted	684,846	15.32	464,081	28.65	333,665	28.76
Vested	(237,062)	25.66	(255,571)	23.82	(124,444)	19.44
Forfeited	(405,563)	22.48	(184,805)	22.82	(36,793)	27.84
Outstanding at end of year	692,767	17.93	650,546	26.33	626,841	22.55

At December 31, 2008, there were no deferred shares, share purchase rights, or share appreciation rights issued or outstanding under the LTIP.

Stock Options

In April 2008, the Compensation Committee of the Company's board of directors approved a grant of 200,000 non-qualified stock options (the Options) to Robert A. Alter, the Company's former Chief Executive Officer and current Executive Chairman. The Options will fully vest in April 2009, and will expire in April 2018. The exercise price of the Options is \$17.71 per share. As of December 31, 2008, there remained \$0.2 million of unrecognized stock-based compensation cost related to unvested Options which will be recognized on a straight-line basis over the vesting period.

The initial fair value of the Options was \$0.7 million, and was estimated using a binomial option pricing model with the following assumptions:

Expected dividend yield	7.90%
Risk-free interest rate	3.29%
Expected volatility	26.90%
Expected life (in years)	5.5

The expected life was calculated using the simplified method as outlined in the Securities and Exchange Commission's Staff Accounting Bulletin No. 107.

14. Commitments and Contingencies**Management Agreements**

Management agreements with the Company's third-party hotel managers require the Company to pay between 1% and 3.5% of total revenue of the managed hotels to the third-party managers each month as a basic management fee. Total basic management fees incurred by the Company were \$26.3 million, \$28.0 million and \$23.6 million during the years ended December 31, 2008, 2007 and 2006, respectively. Basic management fees included in property general and administrative expense were \$25.0 million, \$24.7 million and \$19.6 million, respectively. Discontinued operations included \$1.3 million, \$3.3 million and \$4.0 million of basic management fees for 2008, 2007 and 2006, respectively.

In addition to basic management fees, provided certain operating thresholds are met, the Company may also be required to pay certain of its third-party managers an incentive management fee. Total incentive management fees incurred by the Company were \$4.1 million, \$4.8 million and \$3.9 million for the years ended December 31, 2008, 2007 and 2006, respectively, all of which were included in property general and administrative expense.

License and Franchise Agreements

The Company has entered into license and franchise agreements related to certain of its hotel properties. The license and franchise agreements require the Company to, among other things, pay monthly fees that are calculated based on specified percentages of certain revenues. The license and franchise agreements generally contain specific standards for, and

F-24

Table of Contents

restrictions and limitations on, the operation and maintenance of the hotels which are established by the franchisors to maintain uniformity in the system created by each such franchisor. Such standards generally regulate the appearance of the hotel, quality and type of goods and services offered, signage and protection of trademarks. Compliance with such standards may from time to time require significant expenditures for capital improvements which will be borne by the Company.

Total license and franchise costs incurred by the Company during the years ended December 31, 2008, 2007 and 2006, totaled \$37.5 million, \$39.5 million, and \$37.8 million, respectively. Of the total license and franchise costs, royalties totaled \$13.8 million, \$15.1 million, and \$16.4 million, respectively. The remaining costs included advertising, reservation and priority club assessments. License and franchise costs included in discontinued operations totaled \$1.0 million, \$3.6 million, and \$8.0 million for the years ended December 31, 2008, 2007 and 2006, respectively.

Renovation and Construction Commitments

At December 31, 2008 and 2007, the Company had various contracts outstanding with third parties in connection with the renovation of certain of its hotel properties. The remaining commitments under these contracts at December 31, 2008 and 2007 totaled \$12.5 million and \$22.3 million, respectively.

Ground and Operating Leases

At December 31, 2008, the Company was obligated to unaffiliated parties under the terms of eight ground or air leases and a lease on the corporate facility, which mature from dates ranging from 2010 through 2096, excluding renewal options. Payments on one of the ground leases and the air lease require payments of \$1.00 annually. Future minimum payments under the terms of the eight operating leases in effect at December 31, 2008 are as follows (in thousands):

2009	\$ 4,957
2010	4,608
2011	4,245
2012	4,283
2013	4,323
Thereafter	287,697
	\$ 310,113

Rent expense incurred pursuant to these ground lease agreements for the years ended December 31, 2008, 2007 and 2006, totaled \$7.7 million, \$7.8 million, and \$7.7 million, respectively. Rent expense included in property tax, ground lease and insurance totaled \$7.7 million, \$7.8 million and \$7.2 million for the years ended December 31, 2008, 2007 and 2006, respectively. Rent expense included in discontinued operations totaled zero for both the years ended December 31, 2008 and 2007, and \$0.5 million the year ended December 31 2006.

In September 2008, the Company acquired 32.6 acres of land underlying its Renaissance Orlando hotel using available cash on hand for \$30.7 million, including costs of the acquisition. Prior to the acquisition, the land had been leased from a third-party. As a result of this acquisition, property tax, ground lease and insurance has been reduced by \$0.7 million for the year ended December 31, 2008, and, because the lease is now an intercompany lease, no amounts have been included in the above table for future minimum lease payments.

Rent expense incurred pursuant to the lease on the corporate facility totaled \$0.4 million, \$0.5 million, and \$0.4 million for the years ended December 31, 2008, 2007 and 2006, respectively, and was included in corporate overhead expense.

Employment Agreements

As of December 31, 2008, the Company has employment agreements with certain executive employees, which expire through June 2013. The terms of the agreements stipulate payments of base salaries and bonuses.

Approximate minimum future obligations under employment agreements are as follows as of December 31, 2008 (in thousands):

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

2009	\$ 775
2010	650
2011	650
2012	650
2013	325
	\$ 3,050

F-25

Table of Contents

Litigation

The Company is involved from time to time in various claims and other legal actions in the ordinary course of business. Management does not believe that the resolution of such matters will have a material adverse effect on the Company's financial position or results of operations when resolved.

Collective Bargaining Agreements

The Company is subject to exposure to collective bargaining agreements at certain hotels operated by our management companies. At December 31, 2008, approximately 10.6% of workers employed by our third-party operators were covered by such collective bargaining agreements.

Defined Benefit Retirement Plan Obligation

In connection with the formation and structuring transactions, certain predecessor companies sold their property management company, Interstate SHP to Interstate Hotels and Resorts, Inc. (IHR). IHR assumed certain liabilities of Interstate SHP including the defined benefit retirement plan. In accordance with the management agreement with IHR, the Company is still responsible for the costs of the defined benefit retirement plan.

The benefits expected to be paid in each of the next five years, and in the aggregate for the five years thereafter as of December 31, 2008 are as follows (in thousands):

2009	\$ 347,270
2010	354,859
2011	365,113
2012	378,169
2013	386,492
Thereafter	2,160,493
	\$ 3,992,396

401(k) Savings and Retirement Plan

Beginning in 2005, the Company's employees may participate, subject to eligibility, in the Company's 401(k) Savings and Retirement Plan (the 401(k) Plan). Employees are eligible to participate in the 401(k) Plan after attaining 21 years of age and after the first of the month following the performance of six months of service. Three percent of eligible employee annual base earnings is contributed by the Company as a Safe Harbor elective contribution. Safe Harbor contributions made by the Company for the years ended December 31, 2008, 2007 and 2006 were \$224,000, \$237,000 and \$171,000, respectively.

The Company is also responsible for Interstate SHP's 401(k) Plan, and matches up to three percent of the Interstate SHP's employee contributions at 50%. Employees are eligible to participate in the Interstate SHP's 401(k) Plan after attaining 21 years of age and performing one year of service and working at least 1,000 hours. Matching contributions made by the Company for the years ended December 31, 2008, 2007 and 2006 totaled \$1.2 million, \$1.1 million, and \$855,000, respectively.

Other

The Company has provided unsecured environmental indemnities to certain lenders. The Company has performed due diligence on the potential environmental risks, including obtaining an independent environmental review from outside environmental consultants. These indemnities obligate the Company to reimburse the indemnified parties for damages related to certain environmental matters. There is no term or damage limitation on these indemnities; however, if an environmental matter arises, the Company could have recourse against other previous owners or a claim against its environmental insurance policies.

Edgar Filing: Sunstone Hotel Investors, Inc. - Form 10-K

At December 31, 2008 and 2007, the Company had \$3.5 million and \$10.8 million, respectively, of outstanding irrevocable letters of credit to guaranty the Company's financial obligations related to workers' compensation insurance programs from prior policy years. The beneficiary may draw upon these letters of credit in the event of a contractual default by the Company relating to each respective obligation. No draws have been made through December 31, 2008.

F-26

Table of Contents

The Company's five hotels and one laundry facility located in Minnesota are currently under audit by the State of Minnesota for the 2006, 2007 and 2008 tax years. The Company has recorded a liability for these audits in accordance with FASB Statement No. 5, *Accounting for Contingencies* (FAS 5). FAS 5 requires a liability to be recorded based on the Company's estimate of the probable cost of the resolution of a contingency. The Company estimates that the ultimate liability, including penalties and interest, will range from between \$0.5 million and \$0.6 million, and, accordingly, has recorded a liability of \$0.5 million as of December 31, 2008. The Company expects the audits to be completed and the liability to be paid during 2009. The actual resolution of this contingency may differ from the Company's estimate. If the contingency is settled for an amount greater than the Company's estimate, a future charge to income would result. Likewise, if the contingency is settled for an amount that is less than the Company's estimate, a future credit to income would result.

15. Transactions With Affiliates**Other Reimbursements**

From time to time, the Company pays for certain expenses such as payroll, insurance and other costs on behalf of certain affiliates. The affiliates generally reimburse such amounts on a monthly basis. At December 31, 2008 and 2007, amounts owed to the Company by its affiliates amounted to \$0.1 million and \$0.9 million, respectively, and are included in due from affiliates in the accompanying balance sheets.

Transactions With Others

The Company purchases telecommunications equipment from Gemini Telemanagement Systems, (GTS), a telecommunications equipment provider based in Redwood City, California. The Company's former Chief Executive Officer and current Executive Chairman, Robert A. Alter, is a 5.2% stockholder in GTS, and his brother, Richard Alter, is the majority stockholder in GTS. The Company paid GTS \$1.5 million, \$725,000, and \$253,000, respectively, for the years ended December 31, 2008, 2007 and 2006.

16. Quarterly Results (Unaudited)

The consolidated quarterly results for the years ended December 31, 2008 and 2007, of the Company are as follows (in thousands):

	First Quarter	Second Quarter	Third Quarter	Fourth Quarter
Revenues - Continuing Operations				
2008	\$ 222,700	\$ 253,134	\$ 237,346	\$ 255,984
2007	201,848	241,624	241,762	276,508
Operating income - Continuing Operations				
2008	20,888	45,967	34,219	33,436
2007	21,060	37,738	38,160	42,750
Net income (loss)				
2008	1,055	69,218	10,809	(6,339)
2007	4,828	74,472	16,567	29,796
Net income (loss) available to common stockholders per share - basic				
2008	\$ (0.07)	\$ 1.05	\$ 0.11	\$ (0.24)
2007	\$ (0.01)	\$ 1.10	\$ 0.19	\$ 0.41
Net income (loss) available to common stockholders per share - diluted				
2008	\$ (0.07)	\$ 1.05	\$ 0.11	\$ (0.24)
2007	\$ (0.01)	\$ 1.09	\$ 0.19	\$ 0.41

Net income (loss) available to common stockholders per share is computed independently for each of the quarters presented and therefore may not sum to the annual amount for the year. Previously reported revenues and operating income have been adjusted to account for current discontinued operations in accordance with FAS 144.

As part of a strategic plan to dispose of non-core hotel assets, the Company sold the Crowne Plaza Grand Rapids during the fourth quarter of 2008 for net proceeds of \$3.6 million, including a \$2.0 million note receivable, and a net loss of \$16.1 million.

Table of Contents

As part of its 2008 annual impairment evaluation, the Company determined that the goodwill associated with its Marriott Napa Valley hotel should be written off, and, accordingly, the Company recorded an impairment loss of \$2.8 million in December 2008.

In December 2008, the Company recorded an impairment loss of \$57,000 on a vacant parcel of land in anticipation of its sale in January 2009.
