The Administrative Committee of

The 401(k) Plan and the Employee Stock Ownership

Plan of CVS Caremark Corporation and Affiliated Companies

We have audited the accompanying statements of net assets available for benefits of the 401(k) Plan and the Employee Stock Ownership Plan of CVS Caremark Corporation and Affiliated Companies (the Plan) as of December 31, 2008 and 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008 and 2007, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2008, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements

December 31, 2008 and 2007

(1) Plan Description

The following description of the 401(k) Plan and the Employee Stock Ownership Plan of CVS Caremark Corporation and Affiliated Companies (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan s provisions.

(a) Background

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The general administration of the Plan and the responsibility for carrying out the provisions of the Plan are maintained by a committee (the Benefit Plans Committee) of not less than three persons appointed by the Board of Directors of CVS Caremark Corporation (CVS Caremark or the Company), the sponsor of the Plan. In accordance with the provisions of the Plan, the Benefit Plans Committee has appointed an administrator (the Administrator) and a trustee (the Trustee). The Administrator maintains participant account records and instructs the Trustee to execute transactions such as benefit payments to participants. The Trustee holds the assets of the Plan and executes transactions at the direction of the Benefit Plans Committee and the Administrator.

The ESOP and the 401(k) Plan were established as of January 1, 1989.

Effective April 10, 2002, the 401(k) Profit Sharing Plan of CVS Corporation (the 401(k) Plan) was merged into this Plan, and the name of this plan was changed from CVS Corporation and Subsidiaries Employee Stock Ownership Plan (the ESOP) to the 401(k) Plan and the Employee Stock Ownership Plan of CVS Corporation and Affiliated Companies. All assets and liabilities under the 401(k) Plan as of April 10, 2002 were transferred to the Plan and, as of that date, benefits for the participants and beneficiaries of the 401(k) Plan have been paid from the Plan. See note 2(a) for further breakdown between ESOP and 401(k) assets.

Effective March 22, 2007, pursuant to the Agreement and Plan of Merger dated as of November 1, 2006, as amended, Caremark Rx, Inc. (Caremark) was merged into a newly formed subsidiary of CVS Caremark Corporation (CVS) with the CVS subsidiary continuing as the surviving entity (the Caremark Merger). Subsequently, the name of this plan was changed from the 401(k) Plan and the Employee Stock Ownership Plan of CVS Corporation and Affiliated Companies to the 401(k) Plan and the Employee Stock Ownership Plan of CVS Caremark Corporation and Affiliated Companies. The Plan has not been amended to allow for participation by Caremark employees and as such, the financial statements herein do not reflect any consolidation of benefits as provided to employees by Caremark at the time of the Caremark Merger.

(b) Eligibility

Employees are eligible to participate in the Plan upon attainment of age 21 and on the earliest of:

The first payroll period of the first month after completion of 90 continuous days of service as a full-time employee; or

Completion of 12 months of service beginning on the employee s hire date with at least 1,000 hours worked; or

Completion of at least 1,000 hours of service in the course of one calendar year.

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements (Continued)

December 31, 2008 and 2007

Employees referred to above are defined as regular employees of the Company other than:

A nonresident alien receiving no United States (U.S.) earned income from the Company;

An individual covered under a collective bargaining agreement (unless the agreement provides for membership);

A leased employee (as defined in the Internal Revenue Code);

A temporary employee (as determined by the Company); or

An independent contractor or consultant (as defined by the Company).

(c) Leveraged ESOP Transaction

On June 23, 1989, the ESOP borrowed \$357,500,000 from qualified lenders at an interest rate of 8.60% for a 20-year term (the ESOP Notes). The loan to the ESOP was guaranteed by CVS Caremark. The ESOP used the proceeds of the loan to purchase 6,688,494 shares of CVS Caremark Corporation Series One ESOP Convertible Preference Stock (ESOP Preference Stock). Each share of ESOP Preference Stock is convertible into shares of CVS Caremark Common Stock at the election of the Plan's Trustee. The conversion rate is 4.628 shares of CVS Caremark Common Stock for each share of ESOP Preference Stock. Shares of ESOP Preference Stock converted into common stock and authorized and unissued amounted to 213,395 and 192,396 shares in 2008 and 2007, respectively. The annual dividend on the ESOP Preference Stock is \$3.90 per share. Cash dividend payments on unallocated ESOP Preference Stock are used to make debt service payments and are not allocated to participants accounts.

In accordance with the terms of the loan agreement, the interest rate on the loan was adjusted as of January 1, 1995 in connection with the increase in the Federal income tax rate to 35%. The adjusted interest rate was 8.52%.

As the Plan makes principal payments, a specified percentage of ESOP Preference Stock became available to be allocated to participants accounts. The lenders have no rights against the shares once they are allocated to participants—accounts. If the amount of a scheduled debt payment due by the Plan on its notes payable outstanding is in excess of the cash available to the Plan from dividends, CVS Caremark contributes to the Plan the amount of the difference. The borrowing was collateralized by the unallocated shares of ESOP Preference Stock.

As of December 31, 2008, the Plan repaid all outstanding amounts under the terms of the ESOP Notes described above.

(d) Contributions

Participants may elect to have the Company contribute to their accounts from 1% to 85% of the compensation that would otherwise be due them, in multiples of 1%, pursuant to a salary reduction agreement. Each participant s total elective deferrals for any calendar year may not exceed 85% of annual compensation or the maximum allowed by the Internal Revenue Code (the Code); whichever is less, as specified in the Plan document. The maximum elective deferrals allowed by the Code were \$15,500 for 2008 and 2007.

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements (Continued)

December 31, 2008 and 2007

The Company matches 100% up to 5% of eligible pre-tax compensation contributed, 50% to the employees. Plan account quarterly and 50% to the employees. ESOP Diversification Account at year-end if the employee is actively employed at that time. Shares of ESOP Preference Stock allocated to a participant account are calculated by dividing the greater of \$53.45 (the cash liquidation value as specified in the Plan document) or the market price of CVS Caremark Common Stock at the time of allocation. Shortfalls in the number of shares allocated to participants and new shares to be allocated based on debt retirements are alleviated by the use of forfeited shares as described in 1(i) below. The benefit to which a participant is entitled is the benefit that can be provided from the participant s account (see 1(g) below). The ESOP portion of the match may be diversified into other 401(k) investment elections any time after it has been made. Upon the merger of the two plans, this matching contribution agreement was not changed.

All employees at least age 50 that contribute the maximum amount to the Plan are permitted to make additional pre-tax catch-up contributions. Catch-up contributions may be made up to an additional \$5,000 for 2008 and 2007.

(e) Participant s Account

Each participant s account is credited with an allocable share of their selected Plan s investments, ESOP Preference Stock and any unrealized appreciation or depreciation and interest and dividends of those investments. The total amount of new shares to be allocated each year is calculated by multiplying the ratio of each year s debt service payments to total current and future debt service payments by the total number of unallocated shares of ESOP Preference Stock in the Plan. Allocations to individual participant s accounts are based on the number of shares due to each participant as described in 1(d) above.

(f) Vesting

Participants become fully vested in Company contributions made to their accounts prior to January 1, 2002, upon the completion of five years of credited service. For Company contributions made after January 1, 2002, participants will vest after three years of credited service and as of January 1, 2006, all Company contributions are 100% vested in accordance with Safe Harbor requirements.

Participants whose account balances have been transferred into the Plan from other defined contribution plans maintain at least the degree of vesting in the account they had at the time of the transfer. Notwithstanding the foregoing, participants are fully vested in, and have a nonforfeitable right to (1) their accounts upon death or disability, and (2) any elective deferrals described in note 1(d).

(g) Payment of Benefits

Upon termination of service by the participant, the Administrator will direct the Trustee to pay to the participant their benefit under one or more options, such as a single lump-sum, or in equal annual installments over a period not exceeding fifteen years. The beneficiary may elect to receive their ESOP payment in shares of CVS Caremark Common Stock or in cash at \$53.45 per ESOP Preference Stock or the fair market value of a share of CVS Caremark Common Stock at the time of the distribution times a factor of 4.628, whichever is greater.

(h) Administrative Expenses

Administrative expenses specifically attributable to the Plan and not covered by forfeitures were funded by the Plan for 2008 and 2007. Trustee s fees were paid by the Plan for 2008 and 2007.

(i) Forfeitures

On a participant s termination date, any unvested portion of their account is forfeited at the earlier of distribution or five years from the date of termination. If a former participant resumes employment and eligibility in the Plan within five years of termination, any amounts previously forfeited are restored to the participant s account, but remain subject to the vesting provisions of the Plan. Forfeitures during any plan year are applied as follows: (i) to restore amounts previously forfeited by participants but required to be reinstated upon resumption of employment; (ii) to pay administrative expenses of the Plan; or (iii) to reduce future CVS Caremark contributions. If forfeitures for any plan year are insufficient to restore the required forfeitures, CVS Caremark shall contribute the balance required for that purpose.

Approximately 8,918 and 15,321 shares of ESOP Preference Stock previously allocated to participant accounts were forfeited during 2008 and 2007, respectively, and have been applied as of December 31, 2008 and 2007. Forfeitures restored to participants in ESOP Preference Stock upon resumption of employment for 2008 and 2007 were approximately 868 and 1,447 shares of ESOP Preference Stock, respectively.

Cash forfeitures for 2008 and 2007 were \$476,660 and \$818,907, respectively. Cash forfeitures restored to participants upon resumption of employment for 2008 and 2007 were approximately \$46,370 and \$77,334, respectively. The remainder of the forfeitures for each year was applied to the administrative expenses of the plan and to reduce the CVS Caremark contribution.

(j) Investment Options

Upon enrollment in the Plan and subsequently, daily, a participant may elect to direct contributions or investment balances within the investments which are comprised of guaranteed insurance contracts, securities of CVS Caremark and securities of unaffiliated issuers. The securities in unaffiliated issuers include marketable mutual funds and separately managed funds, comprised of marketable securities. The following is a brief explanation of each fund s investment objectives:

Core Equity Fund

The Vanguard Institutional Index Fund seeks to replicate the total return of the S&P 500 Index by investing in stocks that make up the index. The S&P 500 Index consists mainly of large companies and represents approximately 75% of the U.S. stock market value.

Diversified Bond Fund

The PIMCO Total Return Fund is a core bond fund that seeks to outperform the Barclays Capital Aggregate Bond Index (previously Lehman Brothers Aggregate Bond Fund). Investments may include government and corporate debt securities, mortgage and other asset-backed securities, money market instruments, and derivatives.

(b) Recently Adopted Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 157 (SFAS 157), Fair Value Measurements, which defines fair value, establishes guidelines for measuring fair value and expands disclosures regarding fair value measurements. SFAS 157 does not require any new fair value measurements but rather eliminates inconsistencies in guidance found in various prior accounting pronouncements and is effective for fiscal years beginning after November 15, 2007. Effective January 1, 2008, the Plan adopted SFAS 157 which did not have a material impact on the Statement of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits. See note 3 for information and related disclosures regarding fair value measurements.

(c) Investment Valuation

The value of the investments in the 401(k) portion of the Plan held at December 31, 2008 and 2007 is based on the fair value of the underlying funds. Shares of mutual funds are valued at quoted market

prices, which represent the net asset values of shares held by the Plan at year end. CVS Caremark common stock and common stock owned directly in the two separately managed funds are valued at quoted market prices. The participant loans are valued at their outstanding balances, which approximate fair value.

The fair value of the Plan s common collective trust funds represent the value of the underlying investments.

The ESOP portion of the Plan invests its funds primarily in ESOP Preference Stock. The investment in ESOP Preference Stock is carried at the higher of the cash liquidation value of \$53.45 or 4.628 times the market value of an equivalent share of CVS Caremark Common Stock. The market value of CVS Caremark Common Stock was \$28.74 and \$39.75 per share at December 31, 2008 and 2007, respectively.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

(d) Benefits Paid

Benefits are recorded when paid.

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(f) Accrual Basis of Accounting

The Plan utilizes the accrual basis of accounting.

(g) Purchase and Sale of Securities

Purchase and sales of securities are made on a trade-date basis.

(h) Investment Income

Dividend and interest income is recorded when earned.

(i) Reclassifications

Certain reclassifications have been made to the financial statements of the prior year to conform to the current year presentation.

(j) New Accounting Pronouncement

In April 2009, the FASB issued FASB Staff Position 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly (FSP 157-4). FSP 157-4 supersedes FSP 157-3 and amends SFAS 157 to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to normal market activity for the asset or liability. FSP 157-4 also provides additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities in meeting the disclosure requirements of SFAS 157. FSP 157-4 is effective for reporting periods ending after June 15, 2009. The Company is currently evaluating the effect that the provisions of FSP 157-4 will have on the Plan s financial statements.

(3) Fair Value Measurements

SFAS 157 establishes a framework for measuring fair value that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under SFAS 157 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include:
	Quoted prices for similar assets or liabilities in active markets;
	Quoted prices for identical or similar assets or liabilities in inactive markets;
	Inputs other than quoted prices that are observable for the asset or liability; and
	inputs other than quoted prices that are observable for the asset of hability, and
	Inputs that are derived principally from or corroborated by observable market data by correlation or other
	means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable supported by little or no market activity and significant to the fair value measurement.

Level 3 inputs include management s own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset s or liability s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2008 and 2007.

Notes to Financial Statements (Continued)

December 31, 2008 and 2007

Common collective trust funds:

Cash equivalents within the common collective trust funds are valued at cost, which approximates fair value.

Guaranteed investment contracts within the common collective trust funds are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The passively managed collective fund within the common collective trust funds is valued by tracking the performance of the Russell 1000 index. Holdings are adjusted when there is a change in the Russell 1000 index.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end reported on an active market.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Preference shares: Valued at the greater of \$53.45 (the cash liquidation value as specified in the Plan document) or the market price of the Company's common stock at the time of allocation multiplied by a factor of 4.628.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan s assets at fair value as of December 31, 2008 and 2007:

(4) Loans to Participants

Participants may obtain bona fide loans from the Plan, utilizing funds accumulated in their accounts. The minimum amount, which may be borrowed, is \$1,000. Participants can borrow up to 50% of their vested account balance but not more than \$50,000 less their highest outstanding loan balance during the previous twelve months. The loans are repaid to the Plan through after-tax payroll deductions. The term of the loan is selected at the discretion of the participant, but may not exceed five years for a general loan and twenty-five years for a home purchase loan. Interest on loans is equal to the Prime rate as of the prior month end plus 1%.

(5) Investment Policy

At December 31, 2008 and 2007, most of the Plan s 401(k) related assets were allocated among the investment options discussed in note 1(j) based on Employees elections. The investment options are administered by independent investment managers. Employee asset allocations that are awaiting processing are temporarily invested in common collective trust funds. These common collective trust funds are also used to account

for and administer participants loans. The loan repayments and interest earned are allocated to each of the investment funds based upon the participants contribution election percentages.

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements (Continued)

December 31, 2008 and 2007

During 2008 and 2007, the Plan s investments, including investments purchased, sold as well as held during the year appreciated (depreciated) in fair value as follows:

Asset Category	2008	2007
Common Collective Trust Funds	\$ (2,887,573)	\$
Mutual Funds	(274,875,685)	62,619,634
Common Stock	(470,364,128)	135,514,593
Preference Shares	(186,694,252)	160,646,597
	\$ (934,821,638)	\$ 358,780,824

(6) Plan Termination and Related Commitments

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Company terminates the Plan, all participants in the Plan become fully vested.

(7) Federal Income Taxes

The Plan has received a determination letter from the Internal Revenue Service dated June 17, 2004, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

(8) Transactions with Parties-In-Interest

Certain plan investments are investment funds managed by The Bank of New York Mellon. The Bank of New York Mellon is the trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2008 and 2007:

(11) Subsequent Events

(a) Longs Drug Stores 401(k) Plan

Effective February 21, 2009, the Longs Drug Stores California LLC 401(k) Plan (the Longs Plan) was merged into the Plan and effective March 10, 2009, the assets of the Longs Plan, both cash and in-kind, were transferred into the Plan. This transfer included \$194,906,942 and \$507,309,038 of cash and in-kind assets, respectively. There are no remaining assets in the Longs Plan.

(b) ESOP

On January 30, 2009, pursuant to the Company s Amended and Restated Certificate of Incorporation (the Charter), the Company informed the trustee of the ESOP Trust of its intent to redeem for cash all of the outstanding shares of ESOP Preference Stock on February 23, 2009 (the Redemption Date). Under the Charter, at any time prior to the Redemption Date, the trustee is afforded the right to convert the ESOP Preference Stock into shares of the Company s Common Stock. The conversion rate at the time of the notice was 4.628 shares of Common Stock for each share of ESOP Preference Stock. The trustee exercised its right of conversion on February 23, 2009, and 3,553,212 shares of ESOP Preference Stock were converted into 16,444,265 shares of CVS Caremark Common Stock at a market value of \$457,479,456.
