In this report, unless the context requires otherwise, references to we, us, our, the Company, or Enbridge Management are intended to mean Enbridge Energy Management, L.L.C. This Quarterly Report on Form 10-Q contains forward-looking statements. These forward-looking statements are identified as any statement that does not relate strictly to historical or current facts. They use words such as anticipate, believe, continue, estimate, expect, forecast, intend, may, plan, position, projection, strategy, could, should or will, or the negative of those terms or other variations of them or by comparable terminology. In particular, statements, expressed or implied, concerning future actions, conditions or events or future operating results or the ability to generate revenue, income or cash flow are forward-looking statements. Forward-looking statements are not guarantees of performance. They involve risks, uncertainties and assumptions. Future actions, conditions or events and future results of operations may differ materially from those expressed in these forward-looking statements. Many of the factors that will determine these results are beyond our ability to control or predict. For additional discussion of risks, uncertainties, and assumptions, see Risk Factors included in Part I, Item 1A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 and in Part II, Item 1A of our quarterly reports on Form 10-Q.

Table of Contents**ENBRIDGE ENERGY MANAGEMENT, L.L.C.****NOTES TO THE FINANCIAL STATEMENTS (unaudited)****1. BASIS OF PRESENTATION**

We are a limited partner of Enbridge Energy Partners, L.P., or the Partnership, through our ownership of i-units, a special class of the Partnership's limited partner interests. We have prepared the accompanying unaudited interim financial statements in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, they contain all adjustments, consisting only of normal recurring adjustments, which management considers necessary to present fairly our financial position at June 30, 2009 and December 31, 2008; and our results of operations and cash flows for the three and six month periods ended June 30, 2009 and 2008. We derived our statement of financial position as of December 31, 2008 from the audited financial statements included in our 2008 Annual Report on Form 10-K. Our results of operations for the three and six month periods ended June 30, 2009 should not be taken as indicative of the results to be expected for the full year. The interim financial statements should be read in conjunction with our financial statements and notes thereto presented in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008. Our results of operations, financial position and cash flows are dependent on the results of operation, financial position and cash flows of the Partnership. As a result, you should also read these interim financial statements in conjunction with the Partnership's consolidated financial statements and notes thereto presented in its Annual Report on Form 10-K for the fiscal year ended December 31, 2008, as well as the Partnership's interim consolidated financial statements presented in its Quarterly Reports on Form 10-Q for the quarterly periods ended June 30, 2009 and March 31, 2009.

2. SHARE DISTRIBUTION

The following table sets forth the details regarding our share distributions, as approved by our board of directors for the six month period ended June 30, 2009:

Distribution Declaration			Distribution per Unit of the Partnership	Average Closing Price of the Listed Shares	Additional i-units owned	Listed Shares distributed to Public	Listed Shares distributed to General Partner
Date	Record Date	Distribution Payment Date					
April 30, 2009	May 7, 2009	May 15, 2009	\$ 0.990	\$ 34.55	436,857	361,621	75,236
January 30, 2009	February 5, 2009	February 13, 2009	0.990	30.17	484,494	401,053	83,441

We had non-cash operating activities in the form of i-units distributed to us by the Partnership and corresponding non-cash financing activities in the form of share distributions to our shareholders in the amounts of \$29.7 million during the six months ended June 30, 2009.

3. CAPITAL ACCOUNT ADJUSTMENTS ON ISSUANCES OF COMMON UNITS BY ENBRIDGE ENERGY PARTNERS, L.P.

The Partnership records an adjustment to the carrying value of its book capital accounts when it issues additional common units and the new issuance price per unit is greater than or less than the average cost per unit for each class of units. We refer to these adjustments as capital account adjustments. Beginning January 1, 2009, in conjunction with our adoption of the provisions of Statement of Financial Accounting Standard No. 160, *Noncontrolling Interests in Consolidated Financial Statements*, an amendment of ARB No. 51, or SFAS 160, we recognize any capital account adjustments recorded by the Partnership to the book capital account it maintains for our i-units by increasing or decreasing our investment in the Partnership and recording a corresponding capital account adjustment directly to Stockholders' equity on our statement of financial position. We adopted

Table of Contents

prospectively the provisions of SFAS No. 160, except for any applicable presentation and disclosure requirements. Prior to our adoption of SFAS 160, we historically recognized the capital account adjustment recorded by the Partnership to the book capital account it maintains for our i-units by increasing or decreasing our investment in the Partnership and recording a corresponding gain or loss in our statement of income. Gain or loss recognition is an accounting convention we have historically applied as our method of recognizing these capital account adjustments made by the Partnership.

In March 2008, the Partnership issued and sold 4.6 million Class A common units at \$49.00 per unit, for proceeds of approximately \$217.2 million, net of underwriters' discounts, commissions and expenses. Since we did not participate in the offering, our ownership interest in the Partnership was reduced from 14.8 percent, immediately prior to the issuance, to 14.1 percent following the issuance. As a result, we recognized a \$6.4 million gain from the capital account adjustment recorded by the Partnership. For the six months ended June 30, 2009, the Partnership did not issue any additional common units.

4. SUMMARIZED FINANCIAL INFORMATION FOR ENBRIDGE ENERGY PARTNERS, L.P.

	For the three months ended June 30,		For the six months ended June 30,	
	2009	2008	2009	2008
	(unaudited; in millions)			
Operating revenues	\$ 1,310.2	\$ 2,932.2	\$ 2,769.9	\$ 5,367.5
Operating expenses	1,133.0	2,822.7	2,470.3	5,125.7
Operating income	\$ 177.2	\$ 109.5	\$ 299.6	\$ 241.8
Net income	\$ 117.5	\$ 58.8	\$ 186.1	\$ 161.9

We owned approximately 13.2 percent and 14.3 percent of the Partnership at June 30, 2009 and 2008, respectively.

5. RECENT ACCOUNTING PRONOUNCEMENTS NOT YET ADOPTED***FASB Accounting Standards CodificationTM***

In June 2009, the Financial Accounting Standards Board, or FASB, approved the FASB Accounting Standards CodificationTM, which we refer to as the FASB ASC, or codification, as the single source of authoritative, nongovernmental Generally Accepted Accounting Principles, or GAAP. The FASB ASC reorganizes all of the pronouncements under GAAP and displays them in approximately 90 accounting topics. The reorganization and codification of GAAP was initiated by the FASB in an effort to:

Reduce the amount of time and effort required to solve an accounting research issue.

Mitigate the risk of noncompliance with standards through improved usability of the literature.

Provide accurate information with real-time updates as new standards are released.

Assist FASB with the research and convergence efforts required during the standard setting process.

Edgar Filing: ENBRIDGE ENERGY MANAGEMENT L L C - Form 10-Q

Become the authoritative source of literature for the completed XBRL taxonomy.

Included in the codification are relevant portions of authoritative content issued by the Securities and Exchange Commission, or SEC, as well as selected SEC staff interpretations and administrative guidance. The FASB ASC will be effective for both interim and annual reporting periods ending after September 15, 2009. We do not expect our adoption of the codification in the third quarter of 2009 to have a significant effect on our financial statements.

6. SUBSEQUENT EVENTS

We have evaluated events subsequent to June 30, 2009 through July 27, 2009, the date we issued these financial statements, and identified the events presented below.

Share Distribution

On July 24, 2009, our board of directors declared a share distribution payable on August 14, 2009 to shareholders of record as of August 6, 2009, based on the \$0.990 per limited partner unit distribution declared by the Partnership. The Partnership's distribution increases the number of i-units we own. The amount of this increase is calculated by dividing the cash amount distributed by the Partnership per common unit, by the average closing price of one of our listed shares on the New York Stock Exchange, or NYSE, for the 10-trading day period immediately preceding to the ex-dividend date for our shares multiplied by the number of shares outstanding on the record date. We distribute additional listed shares to our listed shareholders and additional shares to Enbridge Energy Company, Inc., the general partner of the Partnership, in respect of these additional i-units.

Table of Contents

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

RESULTS OF OPERATIONS

Our results of operations consist of our share of earnings of the Partnership attributed to the i-units we own. At June 30, 2009 and 2008, through our ownership of i-units, we had an approximate 13.2 percent and 14.3 percent limited partner interest in the Partnership, respectively. Our percentage ownership of the Partnership will change over time as the number of i-units we own becomes a different percentage of the total units outstanding due to our ownership of additional i-units and other issuances of limited partner interests by the Partnership.

The information set forth under Part I, Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations of the Partnership's Form 10-Q for the quarterly period ended June 30, 2009 is hereby incorporated by reference, as our results of operation, financial position and cash flows are dependent on the results of operations, financial position, and cash flows of the Partnership.

The following table presents the Partnership's allocation of net income to the general partner and limited partners for the periods presented.

	For the three months ended June 30,		For the six months ended June 30,	
	2009	2008 (unaudited; in millions)	2009	2008
Net income of the Partnership	\$ 117.5	\$ 58.8	\$ 186.1	\$ 161.9
Less: net income allocated to the general partner	(14.9)	(12.4)	(29.7)	(23.4)
Net income allocated to limited partners	\$ 102.6	\$ 46.4	\$ 156.4	\$ 138.5

Our net income of \$8.6 million and \$4.5 million for the three months ended June 30, 2009 and 2008, respectively, and \$13.3 million and \$17.2 million for the six months ended June 30, 2009 and 2008, respectively, represents equity in earnings attributable to the i-units that we own, increased or decreased by the gain or loss we recognize for adjustments the Partnership makes to its capital accounts when it issues additional common units reduced by deferred income tax expense. We refer to the adjustments the Partnership makes to its capital accounts as capital account adjustments. Deferred income tax expense is calculated based on the difference between the accounting and tax basis of our investment in the Partnership and the combined federal and state income tax rate of 36.7% and 36.6% for the three and six month periods ended June 30, 2009 and 2008, respectively, applied to our share of the earnings of the Partnership for the respective periods.

Our earnings increased by \$4.1 million for the three months ended June 30, 2009 as compared to the same period in 2008, primarily due to a \$6.5 million increase in equity income from the Partnership resulting from the increase in its net income in relation to the same period in 2008. This increase was offset by an additional \$2.4 million of income taxes associated with the increase in our net income.

For the six months ended June 30, 2009, our net income decreased by \$3.9 million as compared to the same period in 2008. The decrease is primarily attributable to the \$6.4 million of pre-tax net gains we recognized during the six months ended June 30, 2008 for capital account adjustments, discussed below, partially offset by \$2.2 million less of income tax expense. We did not recognize similar gains for unit issuances by the Partnership during the six months ended June 30, 2009.

The Partnership records an adjustment to the carrying value of its book capital accounts when it issues additional common units and the new issuance price per unit is greater than or less than the average cost per unit for each class of units. We refer to these adjustments as capital account adjustments. Beginning January 1, 2009, in conjunction with our adoption of the provisions of Statement of Financial Accounting Standard No. 160,

Table of Contents

Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51, or SFAS 160, we recognize any capital account adjustments recorded by the Partnership to the book capital account it maintains for our i-units by increasing or decreasing our investment in the Partnership and recording a corresponding capital account adjustment directly to Stockholders' equity on our statement of financial position. We adopted prospectively the provisions of SFAS 160, except for any applicable presentation and disclosure requirements. Prior to our adoption of SFAS 160, we historically recognized the capital account adjustment recorded by the Partnership to the book capital account it maintains for our i-units by increasing or decreasing our investment in the Partnership and recording a corresponding gain or loss in our statement of income. Gain or loss recognition is an accounting convention we have historically applied as our method of recognizing these capital account adjustments made by the Partnership.

LIQUIDITY AND CAPITAL RESOURCES

Our authorized capital structure consists of two classes of membership interests: (1) our listed shares, which represent limited liability company interests with limited voting rights, and (2) our voting shares, which represent limited liability company interests with full voting rights. At June 30, 2009, our issued capitalization consisted of \$630.9 million associated with our 15,684,404 Listed Shares outstanding.

The number of our shares outstanding, including the voting shares owned by the general partner, will at all times equal the number of i-units we own in the Partnership. Typically, the general partner and owners of the Partnership's Class A and B common units will receive distributions from the Partnership in cash. Instead of receiving cash distributions on the i-units we own, however, we receive additional i-units under the terms of the Partnership's partnership agreement. The amount of additional i-units we receive is calculated by dividing the amount of the cash distribution paid by the Partnership on each of its Class A and B common units by the average closing price of one of our listed shares on the New York Stock Exchange, or NYSE, as determined for a 10-trading day period ending on the trading day immediately prior to the ex-dividend date for our shares, multiplied by the number of shares outstanding on the record date. We make share distributions to our shareholders concurrently with the i-unit distributions we receive from the Partnership that increases the number of i-units we own. As a result of our share distributions, the number of shares outstanding is equal to the number of i-units that we own in the Partnership.

INCOME TAXES

Our income tax expense of \$5.0 million for the three months ended June 30, 2009 is \$2.4 million more than the \$2.6 million we incurred for the same period in 2008. The increase in income tax expense for the three months ended June 30, 2009 was due to the increase in our taxable income primarily associated with higher equity income from the Partnership.

For the six months ended June 30, 2009, our income tax expense decreased by \$2.2 million to \$7.7 million as compared to the \$9.9 million that we incurred for the same period in 2008. The decrease in income tax expense for the six months ended June 30, 2009 was due to the decrease in our taxable income primarily associated with the decrease in gains we recognized from the Partnership's sale of its Class A common units.

We computed our income tax expense for the six months ended June 30, 2009 by applying a 36.7% effective income tax rate to our pre-tax income, which represents the federal statutory rate of 35.0% and the effective state income tax rate of 1.7%. We computed our income tax expense for the six months ended June 30, 2008 by applying a 36.6% effective income tax rate to our pre-tax income, which represents the federal statutory rate of 35.0% and the effective state income tax rate of 1.6%.

On July 24, 2009, our board of directors declared a share distribution payable on August 14, 2009 to shareholders of record as of August 6, 2009, based on the \$0.990 per limited partner unit distribution declared by the Partnership. The Partnership's distribution increases the number of i-units we own. The amount of this increase is calculated by dividing the cash amount distributed by the Partnership per common unit, by the average closing price of one of our listed shares on the New York Stock Exchange, or NYSE, for the 10-trading day period immediately preceding to the ex-dividend date for our shares multiplied by the number of shares outstanding on the record date. We do not expect our adoption of the codification in the third quarter of 2009 to have a significant effect on our financial statements.

Item 3. Quantitative And Qualitative Disclosures About Market Risk

The nature of our business and operations is such that we do not conduct activities or enter into transactions of the type requiring discussion under this item.

For a discussion of these matters as they pertain to the Partnership, please read the information set forth under Part I, Item 3 Quantitative and Qualitative Disclosures about Market Risk in the Partnership's Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2009, which is hereby incorporated by reference, as activities of the Partnership have an impact on our results of operations and financial position.

Item 4. Controls And Procedures

Edgar Filing: ENBRIDGE ENERGY MANAGEMENT L L C - Form 10-Q

Enbridge Management and Enbridge Inc. (Enbridge) maintain systems of disclosure controls and procedures designed to provide reasonable assurance that we are able to record, process, summarize and report

the information required in our annual and quarterly reports under the Securities Exchange Act 1934 within the time periods specified in the SEC's rules and forms. These disclosure controls and procedures are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934, as amended, is accumulated and communicated to our management, including our principal executive and principal financial officers, as appropriate, to allow timely decisions regarding required disclosure. Our management has evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2009. Based upon that evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures are effective to accomplish their purpose. In conducting this assessment, our management relied on similar evaluations conducted by employees of Enbridge affiliates who provide certain treasury, accounting and other services on our behalf. We have not made any changes that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting during the three month period ended June 30, 2009.
