CAUTIONARY NOTICE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in or incorporated by reference into this prospectus, including, without limitation, those related to our future operations, constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended. The words believe, estimate, expect, anticipate, intend, plan, may and similar expressions or statements regarding future periods are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause our actual results, performance or achievements, or industry results, to differ materially from any predictions of future results, performance or achievements that we express or imply in this prospectus or in the information incorporated by reference into this prospectus. Some of the risks, uncertainties and other important factors that may affect future results include, among others:

Changes in general economic and business conditions, including, without limitation, the impact of the current credit crisis and economic down-turn, which are having and may continue to have a negative effect on the fundamentals of our business, the financial condition of our tenants and our lenders, and the value of our real estate assets;

Our continued qualification as a real estate investment trust, or REIT for U.S. federal income tax purposes;

Heightened competition for tenants and potential decreases in property occupancy;

Potential increases in real estate construction costs;

Potential changes in the financial markets and interest rates;

Volatility in our stock price and trading volume;

Our continuing ability to raise funds on favorable terms, if at all, through the issuance of debt and equity in the capital markets, which may negatively affect both our ability to refinance our existing debt as well as our future interest expense;

Our ability to successfully identify, acquire, develop and/or manage properties on terms that are favorable to us;

Our ability to be flexible in the development and operation of joint venture properties;

Our ability to successfully dispose of properties on terms that are favorable to us;

Inherent risks in the real estate business, including, but not limited to, tenant defaults, potential liability relating to environmental matters and liquidity of real estate investments; and

Other risks and uncertainties described or incorporated by reference herein, including, without limitation, those risks and uncertainties discussed from time to time in our other reports and other public filings with the SEC.

Edgar Filing: DUKE REALTY CORP - Form 424B7

This list of risks and uncertainties, however, is only a summary of some of the most important factors and is not intended to be exhaustive. Additional information regarding risk factors that may affect us is included under the caption "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008, which we filed with the SEC on February 25, 2009, and is updated by us from time to time in our subsequent Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and in other public filings.

Although we presently believe that the plans, expectations and results expressed in or suggested by the forward-looking statements are reasonable at the time they were made, all forward-looking statements are inherently uncertain, and subject to change, as they involve substantial risks and uncertainties beyond our control. New factors emerge from time to time, and it is not possible for us to predict the nature or assess the

potential impact of each new factor on our business. Given these uncertainties, we caution you not to place undue reliance on these forward-looking statements. We have and undertake no obligation to update or revise any of our forward-looking statements for events or circumstances that arise after the statement is made, except as may be required by law.

DUKE AND THE OPERATING PARTNERSHIP

We are a self-administered and self-managed REIT that began operations through a related entity in 1972. As of March 31, 2009, our diversified portfolio of 764 rental properties (including 22 properties comprising approximately 4.0 million square feet under development) encompassed approximately 135 million rentable square feet.

We provide the following services for our properties and for certain properties owned by third parties and joint ventures:

property leasing;

property and asset management;

construction;

development; and

other tenant-related services.

We are one of the largest publicly-traded, most vertically integrated real estate companies in the United States. In addition to our office and industrial product focus in the Midwest, Southwest, Mid-Atlantic and Southeast United States, we provide development expertise to medical office clients through our wholly owned Bremner-Duke Healthcare Real Estate division.

We directly or indirectly hold all of the interests in our properties and land and conduct all of our operations through the Operating Partnership. We control the Operating Partnership as its sole General Partner and owned, as of March 31, 2009, approximately 95.6% of the Operating Partnership's outstanding common units. Holders of common units in the Operating Partnership (other than us) may exchange them for our common stock on a one for one basis. When common units are exchanged for common stock, our percentage interest in the Operating Partnership increases.

Table of Contents**USE OF PROCEEDS**

As required by the terms of the partnership agreement of the Operating Partnership, we must contribute to the Operating Partnership, in exchange for additional common or preferred units of the Operating Partnership, the net proceeds from any sale of shares of our capital stock (including any shares of our common stock or preferred stock or any depositary shares) and from the exercise of rights contained in any options, warrants or convertible or exchangeable securities containing the right to subscribe for or purchase such shares of capital stock. Unless otherwise specified in the prospectus supplement, we will use the net proceeds from the sale of the securities offered by this prospectus for general corporate purposes. These purposes may include the development and acquisition of additional rental properties and other acquisition transactions, the repayment of outstanding debt and improvements to properties in our portfolio.

Unless otherwise set forth in a prospectus supplement, we will not receive any proceeds in the event that securities are sold by a selling securityholder.

RATIOS OF EARNINGS TO COMBINED FIXED CHARGES**AND PREFERRED STOCK DIVIDENDS**

Year Ended December 31, 2008	*	*

* The ratio is less than 1.0; a deficit of \$34.7 million exists for the year ended December 31, 2008.

For purposes of computing these ratios, earnings have been calculated by adding fixed charges, excluding capitalized interest, to income (loss) from continuing operations before gains or losses on land and depreciated property sales and (if applicable) minority interest in the Operating Partnership. Fixed charges consist (if applicable) of interest costs, whether expensed or capitalized, the interest component of rental expense and amortization of debt issuance costs.

DESCRIPTION OF DEBT SECURITIES

The following summary outlines some of the material terms of the Operating Partnership's debt securities which could be senior debt securities or subordinated debt securities. The debt securities may consist of debentures, notes or other evidences of indebtedness, which may be guaranteed on a senior or subordinated basis by Duke. The specific terms of any debt securities and the extent, if any, to which these general terms and provisions may or may not apply to the debt securities will be described in the prospectus supplement relating to the particular series of debt securities.

The Operating Partnership's debt securities will be issued under an indenture, dated as of July 28, 2006, by and between the Operating Partnership and The Bank of New York Mellon Trust Company, N.A. (as successor to J.P. Morgan Trust Company, National Association), as trustee. The trustee's office is currently located at Global Corporate Trust, 2 N. LaSalle Street, Suite 1020, Chicago, Illinois 60602. We have filed the indenture with the SEC, and the Trust Indenture Act of 1939 governs the indenture. The following description summarizes only the material provisions of the indenture. Accordingly, you should read the indenture, together with any applicable supplemental indenture(s), because it, and not this description, defines your rights as a holder of debt securities issued by the Operating Partnership.

General

The debt securities will be direct, unsecured obligations of the Operating Partnership. The senior debt securities will rank equally with all other senior debt of the Operating Partnership and the subordinated debt securities will rank equally with all other subordinated debt of the Operating Partnership, and will be subordinated to all of our existing and future senior debt. The debt securities will be effectively subordinated to the prior claims of each secured mortgage lender to any specific property that secures such lender's mortgage.

The Operating Partnership may issue debt securities in one or more series without limit as to aggregate principal amount. We can establish an issue of debt securities as sole general partner of the Operating Partnership by a resolution of our board of directors or by a supplemental indenture. All debt securities of one series need not be issued at the same time, and a series may generally be reopened for additional issuances without the consent of the holders of the debt securities of the series.

The indenture provides that there may be more than one trustee, each with respect to one or more series of debt securities. Any trustee under the indenture may resign or be replaced with a successor trustee. Upon written notice, a trustee may be removed by act of the holders of a majority in principle amount of the outstanding debt securities of the series with respect to which the trustee acts as trustee. Except as otherwise described in this prospectus, any action by a trustee may be taken only with respect to the debt securities for which it is trustee under the indenture.

A prospectus supplement will describe the specific terms of any series of debt securities the Operating Partnership offers, including:

the title and type of the debt securities;

whether that series of debt securities constitutes senior or subordinated debt securities;

the aggregate principal amount of the series of debt securities and any limit on the total principal amount of that series;

the price at which the Operating Partnership will issue the debt securities;

the terms, if any, by which holders may convert or exchange the debt securities of the series into or for common stock or other securities or property of Duke;

Table of Contents

if the debt securities of the series are convertible or exchangeable, any limitations on the ownership or transferability of the securities or property into which holders may convert or exchange the debt securities;

the dates on which the Operating Partnership will pay the principal of the debt securities;

the fixed or variable rate at which the debt securities will bear interest, or the method to determine the interest rate;

the basis upon which the Operating Partnership will calculate interest on the debt securities if other than a 360-day year of twelve 30-day months;

the timing and manner of making principal, interest and any premium payments on the debt securities;

the circumstances under which the Operating Partnership may defer interest payments;

if other than the trustee, the identity of each registrar and/or paying agent for the debt securities of the series;

the place where:

the Operating Partnership can make payments of the debt securities;

the debt securities can be surrendered; and

the holder may serve notices about the debt securities and the indenture, if other than as described in this prospectus;

the portion of the principal amount of the debt securities payable upon acceleration, if it is other than the full principal amount;

whether and under what conditions the Operating Partnership or the holders may redeem the debt securities;

any sinking fund or similar provisions;

the currency in which the Operating Partnership will pay principal, interest and any premium payments on the debt securities, if other than U.S. dollars;

the events of default or covenants of the debt securities, if they are different from or in addition to those described in this prospectus;

Edgar Filing: DUKE REALTY CORP - Form 424B7

whether the Operating Partnership will issue the debt securities in certificated or book-entry form;

whether the Operating Partnership will issue the debt securities in registered or bearer form and their denominations, if other than \$1,000 for registered form or \$5,000 for bearer form;

whether the defeasance and covenant defeasance provisions described in this prospectus apply to the debt securities or are different in any manner;

the time, manner and place for the debt securities to be authenticated and delivered, if the debt securities are to be issued upon the exercise of debt warrants;

whether and under what circumstances the Operating Partnership will pay additional amounts on the debt securities for any tax, assessment or governmental charge and, if so, whether the Operating Partnership will have the option to redeem the debt securities instead of paying these amounts; and

any other terms of the debt securities.

Some debt securities may provide for less than the entire principal amount to be payable upon acceleration of their maturity, which we refer to as original issue discount securities. The prospectus supplement will

Table of Contents

describe any material federal income tax, accounting and other considerations applicable to any such original issue discount securities.

Denominations, Interest, Registration and Transfer

Unless otherwise described in the prospectus supplement, the Operating Partnership will issue debt securities in denominations of:

\$1,000 if they are in registered form;

\$5,000 if they are in bearer form; or

any denomination if they are in global form.

Unless otherwise specified in the prospectus supplement, the principal, interest and any premium on debt securities will be payable at the corporate trust office of the trustee. However, the Operating Partnership may choose to pay interest by check mailed to the address of the registered holder or by wire transfer of funds to the holder at an account maintained within the United States. The Operating Partnership may change the paying agent or registrar for a series of debt securities without prior notice to the holders of the debt securities, and the Operating Partnership or any of its subsidiaries may act as paying agent or registrar.

If any interest date or a maturity date falls on a day that is not a business day, the required payment will be made on the next business day as if it were made on the date the payment was due and no interest will accrue on the amount so payable for the period from and after such interest payment date or such maturity date, as the case may be. For purposes of the indenture, a business day is any day, other than a Saturday or Sunday, on which banking institutions in New York City are open for business.

Subject to limitations imposed upon debt securities issued in book-entry form, you may exchange debt securities for different denominations of the same series or surrender debt securities for transfer at the corporate trust office of the trustee. Every debt security surrendered for transfer or exchange must be duly endorsed or accompanied by a written instrument of transfer. The Operating Partnership will not require the holder to pay any service charge for any transfer or exchange, but the trustee or the Operating Partnership may require the holder to pay any applicable tax or other governmental charge.

Neither the Operating Partnership nor the trustee is required to:

issue, transfer or exchange any debt security if the debt security may be among those selected for redemption during a 15-day period prior to the date of selection;

transfer or exchange any registered security selected for redemption in whole or in part, except, in the case of a registered security to be redeemed in part, the portion not to be redeemed;

exchange any bearer security selected for redemption, except that the holder may exchange the bearer security for a registered security of that series if the holder simultaneously surrenders the registered security for redemption; or

issue, transfer or exchange any debt security that the holder surrenders for repayment.

Guarantees

The debt securities issued by the Operating Partnership may be guaranteed on a senior or subordinated basis by Duke, which guarantees would guarantee the due and punctual payments of principal, premium, if any, and interest on such debt securities, and the due and punctual payment of any sinking fund payments, if any, thereon, when and as the same shall become due and payable, including without limitation, at maturity,

whether scheduled or as the result of acceleration, call for redemption or otherwise. The applicability and terms of any such

Table of Contents

guarantees relating to a series of debt securities of the Operating Partnership will be set forth in the prospectus supplement relating to such debt securities.

Merger, Consolidation or Sale

The Operating Partnership may consolidate with, or sell, lease or convey all or substantially all of its assets to, or merge into, any other entity, provided that:

the Operating Partnership is the continuing entity, or the successor entity formed by the transaction or which received the transfer of assets expressly assumes payment of the principal, interest and any premium on all the debt securities and the performance and observance of all of the covenants and conditions contained in the indenture;

immediately after giving effect to the transaction and treating any debt that becomes an obligation of the Operating Partnership or any subsidiary as a result of the transaction as having been incurred by the Operating Partnership or such subsidiary at the time of such transaction, no event of default under the indenture, and no event which, after notice or the lapse of time, would become an event of default, has occurred and is continuing; and

the Operating Partnership delivers to the trustee an officers' certificate and legal opinion covering these conditions.

Except for the above restrictions, the indenture does not limit the ability of the Operating Partnership to enter into any of the following types of transactions:

a highly leveraged or similar transaction involving the Operating Partnership, the management of the Operating Partnership or Duke, or any affiliate of any such party;

a change of control; or

a reorganization, restructuring, merger or similar transaction involving the Operating Partnership that may adversely affect the holders of the debt securities.

In addition, subject to the limitations on merger, consolidation or sale described above, the Operating Partnership may enter into transactions in the future, such as the sale of all or substantially all of its assets or the merger or consolidation of the Operating Partnership, that would increase the amount of the Operating Partnership's debt or substantially reduce or eliminate its assets, which may have an adverse effect on the Operating Partnership's ability to service its debt, including the debt securities.

Financial Covenants

Limitations on Incurrence of Debt. The Operating Partnership will not directly or indirectly incur any debt, other than subordinate intercompany debt, if, after giving effect to the incurrence of the additional debt, the aggregate principal amount of all outstanding debt of the Operating Partnership on a consolidated basis determined in accordance with generally accepted accounting principles, or GAAP, is greater than 60% of its then-current total assets.

The Operating Partnership also will not directly or indirectly incur any debt if the ratio of consolidated income available for debt service to the amount that is expensed for interest on debt for the four most recent fiscal quarters would have been less than 1.5 to 1.0 on a pro forma basis after giving effect to the incurrence of the debt and to the application of the proceeds from the debt. In making this calculation, we assume that:

Edgar Filing: DUKE REALTY CORP - Form 424B7

the new debt and any other debt incurred by the Operating Partnership since the first day of the four-quarter period and the application of the proceeds from the new debt, including to refinance other debt, had occurred at the beginning of the period;

the repayment or retirement of any other debt by the Operating Partnership since the first day of the four-quarter period had been repaid or retired at the beginning of the period (except that the amount of

Table of Contents

debt under any revolving credit facility is computed based upon the average daily balance of that debt during the period);

the income earned on any increase in total assets since the end of the four-quarter period had been earned, on an annualized basis, during the period; and

in the case of any acquisition or disposition by the Operating Partnership of any assets since the first day of the four-quarter period, the acquisition or disposition or any related repayment of debt had occurred as of the first day of the period with the appropriate adjustments with respect to the acquisition or disposition being included in the pro forma calculation.

In addition, the Operating Partnership will not directly or indirectly incur any secured debt if, after giving effect to the incurrence of the additional secured debt, the aggregate principal amount of all outstanding secured debt of the Operating Partnership on a consolidated basis determined in accordance with GAAP is greater than 40% of its then-current total assets.

Maintenance of Total Unencumbered Assets. The Operating Partnership must maintain total unencumbered assets of at least 150% of the aggregate outstanding principal amount of all outstanding unsecured debt.

Operating Covenants

Existence. Except as described above under Merger, Consolidation or Sale, the Operating Partnership must preserve and keep in full force and effect its existence, rights and franchises. However, the Operating Partnership need not preserve any right or franchise if we determine that its preservation is no longer desirable in the conduct of our business and that its loss is not materially disadvantageous to the holders of the debt securities.

Maintenance of Properties. The Operating Partnership must maintain all of its material properties in good condition, repair and working order, supply all properties with all necessary equipment and make all necessary repairs, renewals, replacements and improvements so that we may properly and advantageously conduct our business at all times. However, the Operating Partnership may sell its properties for value in the ordinary course of business.

Insurance. The Operating Partnership must keep all of its insurable properties fully insured against loss or damage with financially sound and reputable insurance companies.

Payment of Taxes and Other Claims. The Operating Partnership must pay, before they become delinquent:

all taxes, assessments and governmental charges; and

all lawful claims for labor, materials and supplies that, if unpaid, might by law become a lien upon any property.

However, the Operating Partnership is not required to pay any tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings.

Provision of Financial Information. The Operating Partnership will provide the trustee and the holders of debt securities with copies of its annual reports and quarterly reports. Events of Default, Notice and Waiver

The following are events of default with respect to any series of debt securities issued under the indenture:

default for 30 days in the payment of any installment of interest on any debt security of the series;

default in the payment of the principal or any premium on any debt security of the series at its maturity;

default in making any sinking fund payment as required for any debt security of the series;

default in the payment of an aggregate principal amount exceeding \$5,000,000 of any recourse debt or any secured debt, if the default continued beyond the expiration of any applicable grace period and resulted in the acceleration of the maturity of the debt, but only if such debt is not discharged or such acceleration is not rescinded or annulled;

bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of the Operating Partnership or any significant subsidiary or any of their respective property;

default in the performance of any other covenant contained in the indenture, other than covenants that do not apply to the series, and the default continues for 60 days after notice; and

any other event of default provided with respect to that particular series of debt securities.

If an event of default occurs and continues, the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount of all of the debt securities of that series to be due and payable immediately. If the debt securities of that series are original issue discount securities or indexed securities, the prospectus supplement will describe the portion of the principal amount required to make the declaration. If this happens and the Operating Partnership thereafter cures the default, the holders of at least a majority in principal amount of outstanding debt securities of that series can void the acceleration.

The indenture also provides that the holders of at least a majority in principal amount of the outstanding debt securities of a series may waive any past default with respect to that series, except a default in payment or a default of a covenant or other indenture provision that can only be modified with the consent of the holder of each outstanding debt security affected.

The indenture provides that no holders of any series may institute any judicial or other proceedings with respect to the indenture or for any remedy under the indenture, except in the case of failure of the trustee to act for 60 days after it has received a written request to institute proceedings for an event of default from the holders of at least 25% in principal amount of the outstanding debt securities of that series and an offer of indemnity reasonably satisfactory to it. However, this provision will not prevent any holder from instituting suit for the enforcement of any payment due on the debt securities.

Subject to provisions in the indenture relating to its duties in case of default, the trustee is under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any holders, unless the holders offer to the trustee reasonable security or indemnity. The holders of at least a majority in principal amount of the outstanding debt securities of a series (or of all debt securities then outstanding under the indenture, if applicable) have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee. However, the trustee may refuse to follow any direction that:

is in conflict with any law or the indenture;

may subject the trustee to personal liability; or

may be unduly prejudicial to the holders not joining in the direction.

The Operating Partnership must file annually with the trustee an officers certificate certifying that no defaults have occurred under the indenture. The trustee must give notice to the holders of debt securities within

90 days of a default unless the default has been cured or waived. However, if the trustee considers it to be in the interest of the holders, the trustee may withhold notice of any default except a payment default.

Modification of the Indenture

At least a majority in principal amount of all outstanding debt securities or series of outstanding debt securities affected by a modification or amendment of the indenture is required to modify or amend the indenture. However, holders of each of the debt securities affected by the modification must consent to modifications that have the following effects:

change the stated maturity of the principal, interest or premium on any debt security;

reduce the principal amount of, or the rate or amount of interest on, or any premium payable on redemption of, any debt security, or adversely affect any right of repayment of the holder of any debt security;

change the place or currency for payment of principal, interest or premium on any debt security;

impair the right to institute suit for the enforcement of any payment on any debt security;
