JOINT PROXY STATEMENT

This Joint Proxy Statement is furnished to stockholders in connection with a solicitation by the Board of Directors (each, a **Board**, and collectively, the **Boards**) of each of Helios Total Return Fund, Inc. and Helios Strategic Mortgage Income Fund, Inc. (each, a **Fund**, and collectively, the **Funds**) of proxies to be used at the Joint Annual Meeting of Stockholders (the **Meeting**) of the Funds to be held at the New York Marriott Downtown, 85 West Street, New York, NY 10006 at 8:00 a.m. on Thursday, February 24, 2011 (and at any adjournment or adjournments thereof) for the purposes set forth in the accompanying Notice of Joint Annual Meeting of Stockholders. This Joint Proxy Statement and the accompanying form of proxy are first being mailed to stockholders on or about January 28, 2011.

Stockholders who execute proxies retain the right to revoke them by written notice received by the Secretary of the respective Fund at any time before they are voted. Unrevoked proxies will be voted in accordance with the specifications thereon and, unless specified to the contrary, will be voted **FOR** the election of the director nominee or Class III Director. The close of business on Thursday, January 27, 2011, has been fixed as the record date (the **Record Date**) for the determination of stockholders entitled to receive notice of, and to vote at, the Meeting. Each stockholder is entitled to one vote for each share of stock of a Fund validly issued and outstanding and held by such stockholder. Information as to the number of outstanding shares of common stock of each Fund as of the Record Date is set forth below:

	Total Number of Shares
Helios Total Return Fund, Inc.	30,936,776
Helios Strategic Mortgage Income Fund, Inc.	10,171,435

Under the By-Laws of each Fund, a quorum is constituted by the presence in person or by proxy of the holders of a majority of the shares of the Fund entitled to vote at the Meeting. In the event that a quorum is not present at the Meeting, the stockholders entitled to vote at the Meeting, present in person or by proxy, may adjourn the Meeting from time to time, without notice other than announcement thereat, to a date not more than one hundred twenty (120) days from the Record Date until the stockholders of the requisite amount of shares of the Fund shall be so present.

For purposes of determining the presence of a quorum for transacting business related to Proposal 1 at the Meeting, abstentions, if any, will be treated as shares that are present, but not as votes cast, at the Meeting. Accordingly, for purposes of counting votes, shares represented by abstentions will have no effect on Proposal 1, for which the required vote is a plurality of all the votes cast. Since banks and brokers will have discretionary authority to vote shares in the absence of voting instructions from stockholders with respect to Proposal 1, there will be no broker non-votes (that is, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the brokers or nominees do not have discretionary power).

Stockholders may request copies of the Funds' most recent annual and semi-annual reports, including the financial statements, without charge, by writing to Investor Relations, Helios Funds, Three World Financial Center, 200 Vesey Street, 10th Floor, New York, New York 10281-1010. These reports also are available on the Funds' website at www.brookfieldim.com. These documents also have been filed with the Securities and Exchange Commission and are available at www.sec.gov.

PROPOSAL 1: ELECTION OF DIRECTORS

Each Fund's Articles of Incorporation provides that its Board shall be divided into three classes: Class I, Class II and Class III. The terms of office of the present Directors in each class expire at the Annual Meeting in the year indicated or thereafter in each case when their respective successors are elected and qualified: Class III, 2011; Class I, 2012 and Class II, 2013. At each subsequent annual election, Directors chosen to succeed those whose terms are expiring will be identified as being of that same class and will be elected for a three-year term. The effect of these staggered terms is to limit the ability of other entities or persons to acquire control of a Fund by delaying the replacement of a majority of its Board.

The persons named in the accompanying form of proxy intend to vote at the Meeting (unless directed not to so vote) for the re-election of Louis P. Salvatore, the Class III Director nominee for each Fund. Mr. Salvatore has indicated that he will serve if elected, but if he should be unable to serve, the proxy or proxies will be voted for any other person determined by the persons named in the proxy in accordance with their judgment.

Each Fund's Board has determined that Mr. Salvatore, as well as Messrs. Drake and McFarland, are independent under the criteria for independence set forth in the listing standards of the New York Stock Exchange, and therefore, upon the election of the Class III Director nominee by each Fund, each Fund will meet the requirements of the New York Stock Exchange that a majority of Directors be independent.

As described above, there is one nominee for election to each Board at this time. Proxies cannot be voted for a greater number of persons than the number of nominees currently proposed to serve on each Board.

Information Concerning Nominee and Directors

The following table provides information concerning each of the Directors and the Class III Director nominee of each Board, as of the date of this Joint Proxy Statement. Information Regarding the Boards and their Committees

The Role of the Board

Each Fund's Board provides oversight of the management and operations of the respective Fund. As is the case with virtually all investment companies (as distinguished from operating companies), the day-to-day management and operation of the Fund is performed by various service providers to the Fund, such as the Fund's investment adviser and administrator, the sub-administrator, custodian, and transfer agent. The Board has appointed senior employees of the Advisor as officers of the Fund, with responsibility to monitor and report to the Board on the Fund's day-to-day operations. In conducting this oversight, the Board receives regular reports

from these officers and service providers regarding the Fund's operations. For example, the Treasurer of the Fund provides reports as to financial reporting matters, and investment personnel of the Advisor report on the Fund's investment activities and performance. The Board has appointed a Chief Compliance Officer who administers the Fund's compliance program and regularly reports to the Board as to compliance matters. Some of these reports are provided as part of formal Board meetings which are typically held quarterly, in person, and involve the Board's review of recent Fund operations. From time to time, one or more members of the Board may also meet with management in less formal settings, between scheduled Board meetings, to discuss various topics. In all cases, however, the role of the Board and of any individual Director is one of oversight and not of management of the day-to-day affairs of the Fund and its oversight role does not make the Board a guarantor of the Fund's investments, operations or activities.

Board Leadership Structure

Each Fund's Board has structured itself in a manner that it believes allows it to perform its oversight function effectively. Currently, all of the members of the Board, including the Chairman of the Board, are not interested persons, as defined in the 1940 Act, of the Fund (the Disinterested Directors), which are Directors that are not affiliated with the Advisor or its affiliates. The Board has established four standing committees, an Audit Committee, a Nominating and Compensation Committee, an Executive Committee and a Qualified Legal Compliance Committee (collectively, the Committees), which are discussed in greater detail below. Each of the Disinterested Directors helps identify matters for consideration by the Board and the Chairman has an active role in the agenda setting process for Board meetings. The Audit Committee Chairman also has an active role in the agenda setting process for the Audit Committee meetings. The Disinterested Directors have engaged their own independent counsel to advise them on matters relating to their responsibilities to the Fund. Each Fund's Board has adopted Fund Governance Policies and Procedures to ensure that the Board is properly constituted in accordance with the 1940 Act and to set forth examples of certain of the significant matters for consideration by the Board and/or its Committees in order to facilitate the Board's oversight function. For example, although the 1940 Act requires that at least 40% of a fund's directors not be interested persons, as defined in the 1940 Act, the Board has determined that the Disinterested Directors should constitute at least 75% of the Board. The Board reviews its structure annually. The Board also has determined that the structure, function and composition of the Committees are appropriate means to provide effective oversight on behalf of Fund stockholders.

Board Oversight of Risk Management

As part of its oversight function, each Board receives and reviews various risk management reports and assessments and discusses these matters with appropriate management and other personnel. Because risk management is a broad concept comprised of many elements, Board oversight of different types of risks is handled in different ways. For example, the full Board receives and reviews reports from senior personnel of the Advisor (including senior compliance, financial reporting and investment personnel) or their affiliates regarding various types of risks, including, but not limited to, operational, compliance, investment, and business continuity risks, and how they are being managed. From time to time, the full Board meets with the Fund's Chief Compliance Officer to discuss compliance risks relating to the Fund, the Advisor and the Fund's other service providers. The Audit Committee supports the Board's oversight of risk management in a variety of ways, including meeting regularly with the Fund's Treasurer and with the Fund's independent registered public accounting firm and, when appropriate, with other personnel employed by the Advisor to discuss, among other things, the internal control structure of the Fund's financial reporting function and compliance with the requirements of the Sarbanes-Oxley Act of 2002. The Audit Committee also meets regularly with the Fund's Chief Compliance Officer to discuss compliance and operational risks and receives reports from the Advisor's internal audit group as to these and other matters.

Information about Each Director's Qualification, Experience, Attributes or Skills

Each Board believes that each existing Director and Director nominee has the qualifications, experience, attributes and skills (Director Attributes) appropriate to serve as a Director of the Funds in light of the Funds

business and structure. In addition to a demonstrated record of business and/or professional accomplishment, each Director has served on boards for organizations other than the Funds, as well as having served on the Boards of the Funds. They therefore have substantial board experience and, in their service to the Funds, have gained substantial insight as to the operations of the Funds and have demonstrated a commitment to discharging their oversight responsibilities as Directors. Each Board, with the assistance of the Nominating and Compensation Committee, annually conducts a self-assessment wherein the performance of the Board and the effectiveness of the Board's committee structure are reviewed.

In addition to the information provided above, certain additional information regarding the existing Directors and Director nominees and their Director Attributes is provided below. Although the information is not all-inclusive, the information describes some of the specific experiences, qualifications, attributes or skills that each Director possesses to demonstrate that the Directors have the appropriate Director Attributes to serve effectively as Directors of the Funds. Many Director Attributes involve intangible elements, such as intelligence, integrity and work ethic, the ability to work together, to communicate effectively, to exercise judgment and ask incisive questions, and commitment to stockholder interests.

Rodman L. Drake In addition to his tenure as a Director of the Funds, Mr. Drake has extensive business experience with particular expertise in financial services, financial reporting, strategic planning and risk management disciplines, including serving on the board of directors for various public and private companies, which include other investment management companies. Mr. Drake serves as the Chairman of the Boards, and is a member of the Audit, Nominating and Compensation, and Executive Committees.

Stuart A. McFarland In addition to his tenure as a Director of the Funds, Mr. McFarland has extensive experience in executive leadership, business development and operations, corporate restructuring and corporate finance. He previously served in senior executive management roles in the private sector, including serving as President and Chief Executive Officer of GE Capital Asset Management Corporation. Mr. McFarland currently serves on the board of directors for various other investment management companies and non-profit entities, and is the Managing Partner of Federal City Capital Advisors. Mr. McFarland is a member of the Audit, and Nominating and Compensation Committees.

Louis P. Salvatore In addition to his tenure as a Director of the Funds, Mr. Salvatore has extensive business experience in financial services and financial reporting, including serving on the board of directors/trustees for several other investment management companies. Mr. Salvatore serves as Chairman of the Audit Committee, and is a member of the Nominating and Compensation Committee.

Nominating and Compensation Committee Considerations for Disinterested Directors

The Nominating and Compensation Committee evaluates candidates' qualifications for Board membership. When evaluating candidates, the Nominating and Compensation Committee considers a number of attributes including leadership, independence, interpersonal skills, financial acumen, integrity and professional ethics, educational and professional background, prior director or executive experience, industry knowledge, business judgment and specific experiences or expertise that would complement or benefit the Board as a whole. The Nominating and Compensation Committee also may consider other factors/attributes as they may determine appropriate in their own judgment. The Nominating and Compensation Committee believes that the significance of each nominee's background, experience, qualifications, attributes or skills must be considered in the context of the Board as a whole. As a result, the Nominating and Compensation Committee has not established a litmus test or quota relating to these matters that must be satisfied before an individual may serve as a Director. The Nominating and Compensation Committee believes that board effectiveness is best evaluated at a group level, through the annual self-assessment process. Through this process, the Nominating and Compensation Committee considers whether the Board as a whole has an appropriate level of sophistication, skill, and business acumen and the appropriate range of experience and background. The diversity of a candidate's background or experiences,

when considered in comparison to the background and experiences of other members of the Board, may or may not impact the Nominating and Compensation Committee's view as to the candidate. In accessing these matters, the Nominating and Compensation Committee typically considers the following minimum criteria:

With respect to nominations for Disinterested Directors, nominees shall be independent of the Advisor and other principal service providers. The Nominating and Compensation Committee of each Fund shall also consider the effect of any relationship beyond those delineated in the 1940 Act that might impair independence, such as business, financial or family relationships with the investment adviser or its affiliates.

Disinterested Director nominees must qualify for service on each Fund's Audit Committee under the rules of the New York Stock Exchange (including financial literacy requirements) or of another applicable securities exchange.

With respect to all Directors, a proposed nominee must qualify under all applicable laws and regulations.

The proposed nominee must agree to invest in an amount equal to 1.5 years worth of director compensation in the Funds within three years of becoming Director.

The Nominating and Compensation Committee of each Fund may also consider such other factors as it may determine to be relevant.

Board Meetings

Each Fund's Board held four regular meetings and one special meeting during the 12 month period ended November 30, 2010. Action was taken by written consent of the Board of Directors on one occasion. During the fiscal year ended November 30, 2010, each Director attended at least 75% of the aggregate of the meetings of each Fund's Board of Directors. Each Fund's Fund Governance Policies and Procedures provide that the Chairman of the Board of Directors, who is elected by the Disinterested Directors, will preside at each executive session of the Board, or if one has not been designated, the chairperson of the Nominating and Compensation Committee shall serve as such.

Executive Committee

Each Fund has an Executive Committee. The Executive Committee presently consists of Mr. Drake. The function of the Executive Committee is to take any action permitted by Maryland law when the full Board of Directors cannot meet. The Executive Committees of the Funds did not need to meet during the fiscal year ended November 30, 2010.

Audit Committee

Each Fund has a standing Audit Committee that was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, which currently consists of Messrs. Drake, McFarland, and Salvatore, all of whom are Disinterested Directors. The principal functions of the Audit Committee are to review the Fund's audited financial statements, to select the Fund's independent auditor, to review with the Fund's auditor the scope and anticipated costs of their audit and to receive and consider a report from the auditors concerning their conduct of the audit, including any comments or recommendations they might want to make in connection therewith. During the last fiscal year of the Funds, each Audit Committee met two times and all of the members of each Audit Committee attended all of the Audit Committee meetings. Mr. Salvatore serves as a Chairman of the Audit Committee and each Board has determined that Mr. Salvatore is an audit committee financial expert, as defined in Item 401(h) of Regulation S-K promulgated by the Securities and Exchange Commission.

Each Fund's Board of Directors has adopted a written charter for its Audit Committee, which is available on each Fund's website at www.brookfieldim.com. A copy of each Fund's Audit Committee Charter is also

It is expected that securities ordinarily will be purchased in primary markets, and that in assessing the best net price and execution available to a Fund, the Advisor will consider all factors deemed relevant, including the price, dealer spread, the size, type and difficulty of the transaction involved, the firm's general execution and operation facilities and the firm's risk in positioning the securities involved. Transactions in foreign securities markets may involve the payment of fixed brokerage commissions, which are generally higher than those in the United States.

The Audit Committees have adopted policies and procedures for pre-approval of the engagement of the Funds' auditors. Each Fund's Audit Committee evaluates the auditor's qualifications, performance and independence at least annually by reviewing, among other things, the relationship between the auditor and the Fund, as well as the Advisor or any control affiliate of the Advisor, any material issues raised by the most recent internal quality control review and the auditor's internal quality control procedures.
