March 11, 2011

Dear Stockholder:

You are cordially invited to attend Media General's 2011 Annual Meeting on Thursday, April 28, 2011.

Our Annual Meeting will be held at the Richmond Newspapers Production Facility, 8460 Times-Dispatch Boulevard (a right turn off U.S. 301, just north of its intersection with I-295), Mechanicsville, Virginia.

Walter Williams will be retiring from our Board after 11 years. During most of that time, Walter has served as Chairman of our Audit Committee, and, since 2008, he additionally has been a member of the Board's Executive Committee. Media General has benefited greatly from Walter's judgment, his leadership and his incisive wit. We shall miss him. We particularly hope you will attend this year's Annual Meeting to thank Walter personally for his outstanding service to our Company.

We are pleased once again to be taking advantage of the Securities and Exchange Commission rule allowing stockholders to receive proxy materials over the Internet. This environmentally responsible e-proxy process expedites receipt of our proxy materials and lowers costs for the Company.

Whether or not you plan to be present at the Annual Meeting, we value your vote. Most stockholders have a choice of voting over the Internet, by telephone, or by using a traditional proxy card. Please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. However you choose to vote, please do so at your earliest convenience.

Thank you for being a Media General stockholder. I look forward to seeing you on April 28.

Yours sincerely,

J. Stewart Bryan III

PROXY STATEMENT

2011 Annual Meeting of Stockholders

SOLICITATION OF PROXIES

This statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Media General, Inc. (the Company), to be used at the 2011 Annual Meeting of Stockholders to be held at the **Richmond Newspapers Production Facility, 8460 Times-Dispatch Boulevard (a right turn off U.S. 301, just north of its intersection with I-295), Mechanicsville, Virginia, on Thursday, April 28, 2011, at 11:00 a.m.** All shares entitled to vote and represented by properly completed proxies received prior to the meeting and not revoked will be voted in accordance with their instructions. Internet and telephone voting facilities will close at 11:59 p.m. E.S.T. on April 27, 2011. A proxy may be revoked by a Stockholder at any time before it is voted.

A notice containing instructions on how to access this Proxy Statement and our Annual Report online was mailed to some of the Company's stockholders on March 11, 2011; on that date, we also began mailing a full set of proxy materials to other stockholders and to those stockholders who had requested paper copies of our proxy materials.

The Company had outstanding 22,482,607 shares of Class A Common Stock (Class A Stock) and 548,564 shares of Class B Common Stock (Class B Stock) as of February 25, 2011. Only holders of record at the close of business on that date will be entitled to vote, and each share of Class A or Class B Stock will be entitled to one vote on each matter on which that class is entitled to vote.

DIRECTOR INDEPENDENCE

All non-management members of the Company's Board are independent, in accordance with the rules of the New York Stock Exchange and the Company's more stringent Director Independence categorical standards, except J. Stewart Bryan III, who retired as an employee of the Company in 2008 and, because of that prior employment, is deemed not an independent Director. More specifically, the Board affirmatively has determined that, Scott D. Anthony, Diana F. Cantor, Dennis J. FitzSimons, Thompson L. Rankin, Rodney A. Smolla, Carl S. Thigpen, Walter E. Williams and Coleman Wortham III are independent and have no relationship with the Company that would interfere with their exercise of independent judgment in carrying out the responsibilities of a Director. The Company's Director Independence standards are available at the Company website, www.mediageneral.com.

Mr. Bryan has voting control over approximately 85% of the Company's Class B Stock. The Board therefore could determine that the Company constitutes a controlled company under the rules of the NYSE, meaning that the Company would not be required to have a majority of independent directors, nor would it be required to maintain compensation and nominating committees comprised solely of independent directors. The Board, however, has chosen a different approach. In addition to having a more than two-thirds majority of independent Directors, the Board maintains Audit, Compensation and Nominating & Governance Committees comprised solely of independent Directors.

THE BOARD AND ITS COMMITTEES

The Chairman of the Board of Directors presides over the meetings of the Board and, as described in the Company's Principles of Corporate Governance, establishes the agenda for each meeting. Senior management, led by the Chief Executive Officer, is responsible for running the day-to-day operations of the Company and promptly informing the Board of the status of the Company's operations. In adopting this leadership structure, the Board additionally has considered the Company's dual-class capital structure and has determined that the Board and the Company presently are best managed by separating the roles of the Chairman and the Chief Executive Officer.

The Board of Directors held five meetings during 2010. The Company's non-management Directors meet regularly in executive session (that is, without Messrs. Ashe and Morton). The presiding position at these executive sessions is rotated among the chairs of the Audit, Compensation, Nominating & Governance and Executive Committees, a practice the Board believes is more advantageous than having a single presiding director. All Directors attended 75% or more of the meetings of the Board and the Board committees on which they served in 2010, except Mr. Rankin.

The standing committees of the Board of Directors are the Executive Committee, the Audit Committee, the Compensation Committee and the Nominating & Governance Committee. The Audit, Compensation and Nominating & Governance Committees have written charters, each of which is available on the Company's website, www.mediageneral.com.

The **Executive Committee** consists of Messrs. Bryan, Morton, Smolla, Williams and Wortham. The Executive Committee is empowered, with certain limitations, to exercise all of the powers of the Board of Directors when the full Board is not in session. The Executive Committee did not meet in 2010.

The **Audit Committee** consists of Mrs. Cantor and Messrs. FitzSimons, Rankin and Williams, each of whom is independent under the rules of the NYSE and the Securities and Exchange Commission. As discussed more fully below, each member of the Committee also is an audit committee financial expert. This Committee has been established in accordance with the rules of the NYSE and the Securities Exchange Act of 1934 (Exchange Act) and oversees the audit function of the Company with regard to its internal auditors and its independent registered public accounting firm. The Committee meets with these internal and independent auditors, has sole authority to retain and terminate the Company's independent auditors and reviews all quarterly and annual SEC filings made by the Company. The Audit Committee met six times during 2010.

The **Compensation Committee** consists of Messrs. Anthony, Smolla and Wortham. All of the members of the Committee are independent. This Committee has general responsibility for employee compensation and makes recommendations to the Board with respect to the compensation of all Directors, officers and other key executives, including incentive-compensation plans and equity-based plans. The Committee receives recommendations from the Chief Executive Officer, and, based on project-specific instructions, it receives reports and recommendations

from the compensation consultants it has retained directly on both short-term and long-term executive and Director compensation matters. The Committee has the sole authority to retain, terminate and fix the compensation of any compensation consultant it deems appropriate to assist it in the fulfillment of its responsibilities. For 2011, the Committee has retained Mercer LLP to provide services to the Committee as its compensation consultants. The Compensation Committee met four times during 2010.

The **Nominating & Governance Committee** consists of Mrs. Cantor and Messrs. Smolla, Thigpen and Wortham. All of the members of the Committee are independent. The Committee assists the Board with the identification and consideration of, and recommends to the Board, candidates qualified to become nominees for election as Directors of the Company. The Committee additionally is responsible for developing policies and practices relating to corporate governance, including the Company's Principles of Corporate Governance and its Code of Business Conduct and Ethics. The Nominating & Governance Committee met three times during 2010.

Compensation Risk

The primary components of compensation of the Company's employees are base salary, sales commissions, annual incentives and long-term incentives. The Company believes that none of these compensation components encourages excessive risk-taking. Accordingly, the Company does not believe that its compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the Company.

The Board's Role in Risk Oversight

The Board of Directors receives regular reports from the Chief Executive Officer and members of senior management on operational, financial, legal and regulatory issues and risks. The Audit Committee of the Board additionally is charged under its Charter with oversight of financial risk, including the Company's internal controls, and it receives regular reports from management, the Company's internal auditors and the Company's independent auditors. Whenever a Committee of the Board receives a report involving risk identification, risk management or risk mitigation, the Chairman of the Committee reports on that discussion, as appropriate, to the full Board during the next Board meeting.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Overview of the Company's Executive Compensation Philosophy

Media General's compensation system is used to support and reinforce key operating and strategic goals. It is applied consistently to all salaried employees, including the named executive officers identified in the Summary Compensation Table.

The Company's executive compensation programs:

link individual performance with compensation opportunities and,

align the interests of the individual with those of the stockholders.

These two elements are intended to encourage executives to be more responsive to the needs of the Company. Periodically, the Company reviews its compensation programs with outside consultants who are engaged by and report directly to the Compensation Committee (the Committee). While such a review did not take place with consultants for 2010, the Committee utilized survey data prepared by Towers Watson in connection with its review. The goal of the compensation review is to ensure that the programs are competitive and are designed to compensate executive performance that is likely to result in increased shareholder value.

The Committee feels that a tightly administered compensation system that rewards appropriate performance is a constructive way to attract and retain talented personnel.

Approach to Determining Compensation

The three primary components of the Company's total executive compensation are:

base salary,

annual incentives,

and long-term incentives.

Edgar Filing: MEDIA GENERAL INC - Form DEF 14A

The Company does not have a specific policy regarding either the allocation of compensation among cash and non-cash or current and long-term components. Base salary levels are guided by reference to external competitive levels as well as other factors including individual and Company performance. Pay and performance are linked through the use of the annual and long-term incentive programs. The Company also provides various pension and retirement benefits as well as perquisites. The sections that follow provide a detailed discussion of each component of executive compensation.

The Chief Executive Officer (with the assistance of the Vice President, Human Resources) recommends compensation for the named executive officers (other than the CEO). The CEO presents these recommendations to the Committee. The CEO's compensation package and those of the named executive officers are determined by the Committee and are approved by independent members of the Board meeting in executive session. In years prior to 2010, the determinations by the Committee were made in consultation with its outside consultants. The Committee expects to conduct a review of compensation packages with Mercer LLP in 2011.

The Company's Human Resources Department periodically reviews and summarizes published survey data prepared by outside consultants and proxy data related to media industry companies (in 2010, over 100 companies were included in the survey as indicated in the attached Appendix A). The Company uses the survey as a guideline for each element of compensation. The Company also considers the executive's responsibilities, management level, experience, and performance.

Specific Components of the Executive Compensation Program

Base Salary

The Company believes individual performance can have a significant impact on overall Company results. Therefore, the Company considers individual performance, along with the factors below, when determining base salary:

Company performance,

management level and experience,

market salary data, and

internal pay equity.

Prior to 2010, executive officers were provided Company-owned automobiles. During 2010, the Company ceased this program and each of the named executive officers received an increase in base salary equivalent to the Company's estimated average annual cost of owning and maintaining the automobile. In 2010, the named executive officers also received a one-time tax gross-up on the increase to base salary (which is included in All Other Compensation in the Summary Compensation Table). The named executive officers will not receive any further tax gross-up compensation related to the cessation of the automobile program. Upon termination of the program, each named executive officer was given the option of purchasing the automobile at its fair market value.

The Company implemented 15 mandatory unpaid furlough days for substantially all employees in 2009. The furlough program effectively reduced each named executive officer's salary by 6% for 2009 only. In 2010, the Company paid compensation equivalent to two of these furlough days to all affected employees who were actively employed at the time of the distribution, including named executive officers. This furlough repayment is included in All Other Compensation in the Summary Compensation Table.

Annual Incentive Plan Awards

Individual incentive award targets and performance goals are established at the beginning of each measurement year. Cash awards are paid based on the accomplishment of the performance goals. Award targets for each named executive officer are based on a percentage of the individual's base salary. In 2010, performance goals included an EBITDA measure. Payment of incentive awards was contingent on the Company attaining 100% of its 2010 budgeted cash flow. As the Company did not attain this threshold for 2010, none of the named executive officers received an annual incentive payout (this was also the case for 2009 and 2008).

At its January 2011 meeting, the Committee established individual incentive award targets and EBITDA-based performance goals for 2011. The Committee believes the degree of difficulty of achieving the individual incentive award targets and EBITDA-based performance goals is significant yet attainable given the existing business environment. Payment of any incentive awards is contingent on the Company attaining a minimum threshold of 85% of its 2011 budgeted cash flow. Additionally, the amount available for annual incentive award payments is limited to the excess of the Company's actual cash flow over its budgeted cash flow.

The table below summarizes the relationship between performance goal attainment and the relative payout of the targeted incentive award for the named executive officers for 2011:

Performance Goal Attainment	Relative Payout
Less than 80%	0% of targeted incentive award
80 - 100%	50% - 100% of targeted incentive award
100% - 120%	100% - 200% of targeted incentive award
More than 120%	200% of targeted incentive award

Long-Term Incentive Plan Awards

A long-term incentive program is used to reward sustained stock price growth and/or achievement of long-term earnings-per-share (EPS) growth targets. Awards are made in the form of stock options vesting over a three-year period and Performance-Accelerated Restricted Stock (PARS). PARS awards are subject to ten-year restrictions on sale that could be lifted earlier if pre-established EPS growth targets are met. These targets are discussed below. The relative value of a given award at the end of a measurement period is heavily dependent on the growth in value of the common stock of the Company over the period during which vesting occurs. The vesting and ten-year trading restrictions encourage eligible employees to remain in the employ of the Company.

For 2010, the grant date fair value of PARS was used to determine the number of shares to be granted to deliver 60% of the overall long-term incentive value. A pricing model was used to determine the number of options to be granted to deliver 40% of the overall long-term incentive value. Similar to the Annual Incentive Plan, the target value of equity awards granted to each named executive officer is based on a percentage of the individual's base salary.

A general description of each long-term incentive award follows:

PARS. PARS were granted in 2010 and the Committee plans to continue to issue PARS in even-numbered years. Restrictions on PARS awards lapse in ten years but can lapse on an accelerated basis if any of the pre-established EPS growth targets are met. Compound EPS growth targets are established at the time of grant for three, five, and seven years. The growth targets for early lapse of restrictions of the PARS grants currently outstanding are as follows:

Number of Years	Compound EPS Growth Target
3	15%
5	10%

7

7%

9

At the discretion of the Committee, the calculation of EPS excludes the impact of certain accounting changes and gains or losses on sales of significant assets. A participating executive also must remain with the Company for the specified period of time. The realized value from the grant is tied to the Company's stock price. PARS awards entitle executives to receive dividends (if any) on the shares.

Stock Options. A stock option rewards an executive as the Company's stock price increases above the price of the award at the time it was granted. Vesting of stock options granted to the named executive officers generally occurs annually over a three-year period.

SARs. The Committee granted Stock Appreciation Rights (SARs) to certain executives in 2007. Similar to a stock option, Stock Appreciation Rights (SARs) provide the grantee the ability to derive benefit from appreciation in the value of the Company's Class A Stock. However, SARs are settled in cash rather than stock. The amount realized upon exercise of a SAR is the difference between the fair market value of Class A Stock on the date of grant and the fair market value of Class A Stock on the date of exercise, subject to a maximum increase in value of 100%. All SARs are now fully vested and will expire if they are not exercised by January 31, 2012. No future grants of SARs are anticipated.

Pension and Other Retirement Benefits

Qualified and non-qualified retirement plans, as well as an executive life insurance program, are designed to provide retirement income to executives (and their beneficiaries) who have contributed to the long-term success of the Company. Qualified retirement plans (i.e., Media General Advantage Retirement Plan and 401(k) Plan) are generally available to a broad range of employees, including named executive officers. Non-qualified retirement plans (i.e., Supplemental Executive Retirement Plan, 1985 Deferred Compensation Plan, Deferred Compensation Plan, and Supplemental 401(k) Plan) are generally designed to provide benefits where federal benefit and compensation limitations would limit the benefits available to an executive under the qualified retirement plans. Each qualified and non-qualified plan is described more fully in the narrative discussion following the Pension and Non-qualified Deferred Compensation tables.

The Company has not entered into any employment, severance, post-employment consulting, or termination payment agreements with any of its named executive officers.

Perquisites and Other Personal Benefits

While not a material component of the Company's executive compensation programs, the Company does provide its named executive officers a limited number of perquisites as described below:

The Company ceased its automobile program for executive officers during 2010 as previously described. For a portion of 2010, the named executive officers were provided Company owned automobiles. While the officer was not prohibited from using the automobile for non-business purposes, he or she was responsible for paying the associated income taxes.

The Company pays for the cost of certain club memberships primarily to facilitate business relationships.

Spouses may, on a limited basis, accompany the executive officer when traveling to certain industry conferences and other business-related functions. Reasonable expenses related to such travel are reimbursed.

The Company offers tax preparation and financial planning services to its executive officers to reduce the amount of time and attention that the officer must devote to such activities and to ensure that the officer's tax returns comply with IRS regulations. The services are considered taxable to the officer, and the officer pays the associated income taxes.

Annual physical examination costs (and diagnostic tests) are reimbursed as part of the Company's overall health benefit package for senior management.

Home security services are offered in order to provide mutual protection to the executive officer and the Company. The services are considered personal income for which the officer pays the associated income taxes.

The Company leases stadium boxes primarily to entertain certain customers, vendors and their spouses; the presence of spouses and other family members of officers is not prohibited.

Executive officers are also permitted, on a limited basis, to use the Company's aircraft for personal travel and are responsible for paying the associated income taxes. Additionally, the Company's Chief Operating Officer, who is also a licensed pilot, is reimbursed for reasonable costs incurred when he flies his personal aircraft to business-related functions.

Timing of Equity-Based Compensation Awards

Equity-based awards are based on the closing price on the day of grant. The Company typically grants equity-based awards on the same day that the Company releases fourth quarter and full-year earnings for the previous year.

Stock Ownership Guidelines

The Company strongly encourages select executives (including its executive officers), to retain at least 50% of remaining shares upon exercise of stock options or upon the release of restrictions on PARS, after shares have been sold to cover the cost of exercise and any taxes due. While the Company continues to believe that ownership of stock aligns executives' interest with those of its stockholders and signals executives' continued commitment to the Company, the Company believes it is appropriate in the current economic environment to allow all employees to fully benefit from a recovery of its stock price. Therefore, the Company waived this stock ownership guideline for exercises of stock options granted prior to 2010. The Company does not anticipate waiving the guideline for the 2010, 2011, and future stock option grants.

Accounting and Tax Issue Effects on Executive Compensation

Accounting and tax issues are explicitly considered in setting compensation policies, especially with regard to the Company's choice of long-term incentive types. The Company chooses to grant stock options and PARS due in part to the fixed plan accounting treatment prescribed by U.S. generally accepted accounting principles for those awards. For both types of awards, the expense per share granted is substantially fixed at the grant date although actual forfeitures that differ from original estimates can cause adjustment. The Company's performance relative to the pre-set EPS targets under the PARS plan is reviewed at least annually. Any necessary adjustments are recognized prospectively, based on the remaining term over which the restrictions are expected to lapse. In addition to the impact accounting treatment has had in the selection of long-term incentive types, the Company also regularly quantifies the overall expense arising from the compensation program.

Because SARs awards are settled in cash, compensation expense is adjusted each quarter to reflect the current fair value of the awards. Due to a decline in the Company's stock price since the grant date, the cumulative compensation expense related to SARs is not material.

With regard to policies on IRS limits (Section 162(m)) on the deductibility of compensation, the Committee generally seeks to maximize the deductibility of compensation paid to executive officers. However, it also recognizes that the payment of compensation that cannot be deductible because of the application of 162(m) may at times be in the best interests of the Company and therefore the Committee maintains flexibility to make compensation awards that are non-deductible, including, in particular, awards of PARS.

- (1) The increase in 2010 salary is due to: 1) the termination of the executive automobile program and 2) the 15 mandatory unpaid furlough days in 2009 that did not recur in 2010, as described previously. Also as indicated in the Non-Qualified Deferred Compensation Table, certain amounts included in the Salary column were deferred.

Annual Incentive Plan Awards

Annual incentive payouts are based on performance goals established by the Compensation Committee each January with a minimum attainment of at least 80% of the performance goal (the Threshold) to trigger any payout and a maximum possible payout at 120% of the performance goal. No incentive awards are paid until an aggregate corporate cash flow threshold (which is reset annually) is attained. As discussed above, no annual incentive payouts were made to executive officers for 2010.

Executive officers who terminate employment or who are terminated by the Company prior to the end of the fiscal year are not eligible to receive an annual incentive payout for that fiscal year. Executive officers who retire and are at least 55 years of age, with five years of service, are typically eligible to receive a prorated annual incentive based on the full year's actual attained results; the same provision is applicable in the event of death or disability.

Performance-Accelerated Restricted Stock Awards

All Other Stock Awards represent grants of PARS which are typically awarded biennially and vest over a ten-year period. If certain pre-established earnings per share targets are achieved, vesting may accelerate to either a three, five or seven year period.

PARS recipients are entitled to all the ownership rights of other Class A Stockholders including dividends. However, PARS cannot be sold or traded, and the ownership reverts to the Company upon termination of employment. Upon death, disability, or retirement after attaining age 63, executive officers vest in a pro rata portion of the shares awarded (which assumes ratable vesting over a 10-year period).

Stock Option Awards

All Other Option Awards represent the number of options of Class A Stock granted under the Long-Term Incentive Plan. Options have historically been awarded each January and expire 10 years after the grant date. Vesting occurs annually over a three-year period. Options granted in 2010 vest immediately upon death, disability or retirement after age 63 with 10 years of service (provided that the grantee was employed on December 31, 2010). Upon termination of employment, the employee has up to 12 months thereafter to exercise a vested option.

The exercise price of an option represents the closing price of Class A Stock on the date of grant. In 2010, the grant date occurred on the day of the Compensation Committee and Board meetings which coincided with the Company's fourth-quarter and full-year 2009 earnings release.

Edgar Filing: MEDIA GENERAL INC - Form DEF 14A

- (1) Years of credited plan service under the Media General Advantage Retirement Plan reflect the officer's years of service through December 31, 2006. The maximum number of years of credited plan service under the Supplemental Retirement Plan is 15 years. Years began to be counted following admission to the Supplemental Retirement Plan and accrued through January 31, 2010.

Media General Advantage Retirement Plan

The Media General Advantage Retirement Plan is a funded, qualified non-contributory defined benefit plan which covers substantially all full time employees hired before January 1, 2007. Employees become fully vested in plan benefits upon the earlier of completing five years of service or reaching age 65. Plan benefits begin either upon normal or late retirement after age 65 or upon early retirement after age 55 with at least ten years of service. Effective January 2011, Mr. Morton and Mr. Dickinson are eligible to receive full retirement benefits if either elects to retire.

Each employee's retirement benefit is based on a formula that uses average monthly compensation (salary and non-equity incentive awards), Social Security wages, and years of benefit service as its key inputs. Additional years of service are not granted under the plan. This aspect of the plan was frozen, effective December 31, 2006, and participants received years of service credit through that date or their date of termination, if earlier. The total amount of compensation to be factored into the benefit payment is subject to a federal limit. Due to an April 2009 plan amendment, compensation earned after May 31, 2009, does not increase accrued benefits. This plan is fully frozen.

Mr. Ashe, Mr. Schauss and Mr. Mahoney are eligible to receive early retirement benefits if they elect to retire early. Benefits for any employee who elects early retirement are calculated in a manner similar to that described above; however, the amount of benefit is reduced by a formula based on retirement age.

Married participants are paid a joint and 100% survivor annuity, with the accrued benefit paid monthly over the life of the retiree. Upon the retiree's death, 100% of this benefit is paid monthly to the surviving spouse. Participants alternatively may elect a life-only annuity payment, fixed payments for life plus 10 years, leveling payments (which consider the effects of Social Security payments), a joint and 50% survivor annuity, a joint and 66.67% survivor annuity or, for total retirement benefit amounts under \$10,000, a lump-sum payment.

Supplemental Retirement Plan

The Supplemental Retirement Plan (SERP) is an unfunded, non-qualified, non-contributory defined benefit plan which provides selected employees with the opportunity to receive a retirement benefit that may exceed the limitations of the qualified defined benefit plan. SERP participants are eligible to receive an early retirement benefit upon reaching age 55 with one year of plan service and are eligible to receive an unreduced retirement benefit upon reaching age 63 with 15 years of plan service. The Company amended the plan twice during 2009. As a result, retirement benefits are based on final average earnings as of May 31, 2009 and service provided after January 31, 2010 does not increase the retirement benefit. Mr. Morton is eligible to receive unreduced retirement benefits upon retirement. Mr. Dickinson is eligible for reduced retirement benefits upon retirement (due to the plan freeze, he will not receive additional years of credited service beyond January 31, 2010). Mr. Ashe, Mr. Schauss and Mr. Mahoney are eligible to receive reduced early retirement benefits upon retirement. Due to the plan freeze, Mr. Ashe and Mr. Schauss will not receive additional years of credited service beyond January 31, 2010, and will never reach the maximum service credits allowed under the plan.

The SERP benefit is based on a formula that uses average annual compensation (salary and non-equity incentive awards) for the five calendar years during which compensation was highest together with years of plan service as its key inputs. As stated above, compensation earned after May 31, 2009, does not increase accrued benefits. The minimum possible benefit, for participants age 55 with one year of plan service, is 2.5% of average annual compensation. Plan participants age 63 with 15 years of plan service receive a maximum combined benefit under the SERP and qualified pension plan which is equal to 55% of the participant's average annual compensation.

If a plan participant becomes disabled and is unable to return to work for an indefinite period of time, the participant becomes eligible to receive a supplemental benefit. The benefit is determined as the excess of the employee's base salary and incentive award as of May 31, 2009 (adjusted for Social Security benefits) over any other compensation, including self-employment income, received by the employee.

After retirement, SERP participants are prohibited from engaging in any business that is in competition with the Company's business, without the written consent of the Company. Accrued benefits for participants who violate this non-compete clause are subject to forfeiture.

Upon retirement, married participants receive an annuity benefit whereby the accrued benefit is paid monthly over the lifetime of the employee. Upon death, the plan participant's spouse continues to receive a lower monthly benefit. Participants may also irrevocably elect to receive a reduced benefit in exchange for at least 120 monthly benefit payments to the employee and spouse. The present value of an unmarried participant's death benefit is payable in a lump-sum to the participant's estate if he or she was an employee at the time of death.

1985 Deferred Compensation Plan

The 1985 Deferred Compensation Plan permitted certain executives to defer a portion of their base salary for 1985 only. Mr. Dickinson deferred \$6,000. The plan, which is supported by insurance policies purchased at its inception, accrued interest at a rate of 19% for Mr. Dickinson. Beginning on January 1, 1992, the participating executives received four annual installment payments, each of which equaled the amount deferred. If a participant remains employed until age 65, the Company pays an accrued benefit in fifteen substantially equal installments beginning upon retirement. If a participant dies after age 65, the Company continues to pay the benefit to the designated beneficiary. Accrued benefits are forfeited if the participant terminates for any reason prior to age 65, if the participant is terminated for cause after age 65, or if the participant violates a non-compete clause. As stated above, Mr. Dickinson vested in his account balance in January 2011.

Deferred Compensation Plan

Generally, participants in the Deferred Compensation Plan are employees who earn amounts over certain qualified plan limits. Participants can elect to defer, on a pre-tax basis, up to 80% of their annual salary and up to 100% of their non-equity incentive awards and earn a tax-deferred return on these amounts. Elections to defer salary and non-equity incentive awards must be made in the year prior to the year the compensation is earned.

Employees who participate can select from a combination of eight phantom equity and bond funds. Unlike a 401(k) plan, the obligation resides with the Company and earnings are credited to each participant's account based on hypothetical rather than actual investment activity. Prior to 1999, participants had the option to participate in a variable interest account which earned income based on the same interest rate applicable to the Company's long-term borrowings. While this fund choice no longer exists for current deferrals, some participants continue to maintain a portion of their balance in this account. Investment choices can be changed at any time; however, no amounts can be transferred into the variable interest account. The Plan's funds had returns ranging from approximately 0% to 26% during 2010.

The allowable methods of distribution, which must be elected prior to or at the time of the deferral, are summarized below:

Retirement or death after retirement participants can elect to receive a lump sum or annual payments of up to 20 years upon attaining the age of early retirement (defined in this plan as at least age 55 with 5 years of service). In case of death, the designated beneficiary will receive any remaining annual payments.

Termination of employment, disability, or death prior to retirement amounts will be paid to the participant or designated beneficiary in a lump sum or in annual payments of up to 10 years.

Interim distributions participants who are actively employed and who have fulfilled the three-year waiting period can receive all or a portion of one year's deferral plus accrued earnings.

Supplemental 401(k) Plan

The Supplemental 401(k) Plan is a non-qualified plan which permits certain executives to defer amounts that are above the federal 401(k) limit and obtain Company matching funds and

earnings on those deferrals. The maximum annual amount that can be deferred into the supplemental plan is indexed to the federal maximum defined contribution level (\$49,000 in 2010). Prior to 2008, all participant account balances were invested in Media General Class A Stock held by a third-party trust. Beginning in 2008, participants over age 55 had the option to invest in a range of equity and bond funds (12 in 2010) in addition to Class A Stock. The Plan's funds reflect returns ranging from -26% to 27% during 2010.

Prior to April, 2009, the employer matching contribution was equal to the lesser of: a) 100% of the participant's contribution or b) 5% of the participant's salary, non-equity incentive plan awards, and flexible credits (used for purposes of maintaining healthcare insurance and other benefits offered to all employees), minus the government's qualified contribution earnings limit (\$245,000 in 2010). The Company suspended the match on the Supplemental 401(k) Plan effective April 1, 2009; however, effective January 1, 2011, the Company reinstated the match up to a maximum of 2% of an eligible and participating employee's salary.

Upon termination of employment for any reason, the participant (or beneficiary) receives a cash distribution. Participants are able to select the timing of payment (minimum of 6 months after separation and a maximum of 10 years after separation) provided the election was made at the time of deferral or prior to December 31, 2008, for amounts previously deferred. Participants cannot receive any distributions (including loans) while actively employed.

Potential Payments Upon Termination or Change-in-Control

The Company provides no benefits to any employee, including named executive officers, in the event of a change-in-control. The Company has no agreements to provide incremental benefits to named executive officers in the event of pre-retirement termination (voluntary or involuntary). As summarized in the accompanying table, the Company maintains certain plans that require the Company to provide compensation to named executive officers of the Company in the event of retirement, death or disability; the provisions generally apply to all participants of a particular plan equally. The accompanying table excludes plans that are available generally to all salaried employees. As the named executive officers are vested in their account balances under the previously described SARs, Deferred Compensation, and Supplemental 401(k) plans, reference to those plans is also excluded.

Executive Benefits and Payments Upon Specified Triggering Event Compensation:

	Retirement	Disability	Death
Performance-Accelerated Restricted Shares (PARS)	Upon retirement after age 63, a pro rata portion of the restricted shares becomes vested (which assumes ratable vesting over a 10-year period).	Upon disability, a pro rata portion of the restricted shares becomes vested.	Upon death, a pro rata portion of the restricted shares becomes vested.
Stock Options	Options become fully vested after age 63 with 10 years of service, provided the individual is employed on December 31 of the year of grant.	Upon disability, all options become fully vested.	Upon death, all options become fully vested.
Annual Incentive Plan	Employees who retire (age 55 or older with at least 5 years of service) are typically eligible to receive a prorated incentive award based on the full year's actual attained results.	Employees who become disabled (age 55 or older with at least 5 years of service) are typically eligible to receive a prorated incentive award based on the full year's actual attained results.	Upon death, employees (age 55 or older with at least 5 years of service) are typically eligible to receive a prorated incentive award based on the full year's actual attained results.
Benefits and Perquisites:			
Supplemental Retirement Plan (SERP)	SERP participants are eligible to receive an unreduced retirement benefit upon reaching age 63 with fifteen years of plan service. Participants are eligible to receive an early retirement benefit upon reaching age 55 with one year of service. Because the plan is now frozen, participants do not receive credit for additional earnings or years of service.	If a SERP participant becomes disabled for an indefinite period of time, the participant becomes eligible to receive a supplemental benefit which effectively maintains their current compensation as of May 31, 2009 (salary and non-equity incentive award) during the period of disability.	A participant's spouse receives 80 percent of the amount to which the participant was entitled, less payments due under the qualified pension plan. Unmarried participants estates receive a lump-sum payment if the participants were employees at the time of death.
1985 Deferred Compensation Plan	If a participant remains employed to age 65, the Company pays an accrued benefit in fifteen substantially equal installments beginning upon retirement.	There are no specific provisions for participants who become disabled prior to reaching age 65.	For participants who retired after age 65 or who are actively employed and age 65 and older, the Company pays the vested retirement benefit to the designated beneficiary.
Life Insurance Premiums Paid on Behalf of Officer and Associated Tax Gross Up	Retired employees (age 55 or older with 5 or more years of service) are eligible for continued Company-paid life insurance premium and tax gross-up payments until age 65. The targeted death benefit is generally equal to 150% of compensation (salary and non-equity incentive award target).	For disabled employees, the targeted death benefit is generally equal to 300% of final compensation up to age 55. The targeted death benefit generally decreases to 150% of compensation between ages 55 to age 65.	For active employees who die prior to age 65, the targeted death benefit is generally equal to 300% of compensation.
Retirement Transition Planning Program	Retiring participants age 55 or older are eligible for this program, however the Company must select the executives for participation. Participants receive tax and financial planning services for the tax year of retirement as well as the tax year immediately following the year of retirement.	Disabled employees age 55 or older are also eligible for this program, however the Company must select the executives for participation. Participants receive tax and financial planning services for the tax year of retirement as well as the tax year immediately following the year of retirement.	If an executive was a participant or was selected for participation at the time of his death, the surviving spouse is eligible for benefits. The surviving spouse would receive tax and financial planning services for the tax year of retirement as well as the tax year immediately following the year of retirement.

If retirement, disability, or death had occurred as of December 26, 2010, Mr. Morton or his estate would immediately vest in 87,530 PARS with a market value of \$495,420. SERP benefits are subject to a non-compete clause, as discussed previously.

The obligation to pay death benefits to the beneficiary of each named executive officer pursuant to a variable universal life insurance policy is that of the insurance company, the Company only pays the insurance premiums on behalf of the named executive officer. DIRECTOR COMPENSATION

Overview of the Company's Director Compensation Philosophy

The Company's Director compensation program is designed to align the interests of the Chairman and the Outside Directors (i.e., Directors who had not at any time served as an employee of the Company) with those of the Company's stockholders and to provide competitive current compensation for services to the Board. The Compensation Committee, with the assistance of outside consultants, periodically reviews and modifies the Company's Director compensation system to ensure that these objectives continue to be met.

Chairman Compensation

J. Stewart Bryan III, retired as an executive officer of the Company in 2008. Mr. Bryan continues to serve as the non-executive Chairman of the Board. Mr. Bryan is paid annual cash compensation of \$225,000 for his service as non-executive Chairman. The Committee determined that cash compensation was appropriate given Mr. Bryan's existing stock holdings in the Company. Additionally, Mr. Bryan is entitled to certain perquisites and personal benefits (which were less than \$10,000 in the aggregate for 2010).

Mr. Bryan is a beneficiary of the Media General Advantage Retirement Plan and the Supplemental Retirement Plan. He is receiving an annual benefit of approximately \$137,000, which is paid in monthly installments, under the qualified plan and an annual benefit of approximately \$265,000 under the SERP plan which is paid annually. Mr. Bryan is receiving a total of \$406,650 spread over fifteen annual installment payments pursuant to the 1985 Deferred Compensation Plan. Mr. Bryan has 27,000 stock options (\$0 intrinsic value) which will expire if they are not exercised prior to September 26, 2011.

Outside Director Compensation

Edgar Filing: MEDIA GENERAL INC - Form DEF 14A

In 2010, each of the Outside Directors received an annual retainer of \$116,000 for all scheduled Board meetings and two scheduled committee meetings. An additional \$1,750 was paid for each unscheduled Board meeting and each committee meeting attended by an Outside

Director beyond the two included in the retainer. Pursuant to the Media General, Inc., Director's Deferred Compensation Plan, each Outside Director receives 50% of his or her annual compensation, including any additional meeting fees, in deferred Class A stock units and may elect to receive the other half of his or her annual compensation either fully in cash, fully in deferred stock units, or split evenly in cash and deferred stock units. Annual deferral elections must be made prior to the calendar year in which the retainer and additional meeting fees will be earned. In 2010, as indicated below, Mr. Williams and Mr. Wortham elected to receive all of their annual compensation in deferred stock units and Mr. Anthony elected to receive 75% of his compensation in deferred stock units; all other Outside Directors elected to receive 50% of their compensation in cash and 50% in deferred stock units. The retainer and additional meeting fees are paid quarterly.

The number of Class A stock units is determined quarterly, based on the average of the closing trading prices for the last ten trading days of the preceding calendar quarter. Participant accounts are credited quarterly with amounts that are equivalent to dividends paid (if any) on Class A Stock.

Upon election to the Board of Directors, a Director selects the method of account settlement. Upon termination from the Board for any reason, the Director or beneficiary will be paid by one of the following methods: lump sum cash or common stock payment, lump sum cash or common stock payment (deferred until January 1 of the year following retirement), annual cash or common stock payments ranging from two to ten years. If no election is made, the Director will receive a single common stock distribution as of the date of retirement.

Directors' Stock Ownership Guideline

To further align the interests of Directors and Stockholders, the Board of Directors adopted a share ownership guideline of 5,300 shares of the Company's Class A Stock, including deferred Class A stock units. The Board of Directors recommended that this ownership guideline be attained within five years of a Director's election to the Board.

During the fiscal years ended December 27, 2009, and December 28, 2008, and through March 30, 2010 (i) Deloitte had not been engaged as the principal accountants of the Company to audit its financial statements or as independent accountants to audit a significant subsidiary of the Company, and (ii) the Company had not consulted with Deloitte regarding (a) the application of accounting principles to any completed or proposed transaction, (b) the type of audit opinion that might be rendered on the Company's financial statements for such periods or (c) any other accounting, auditing or financial reporting matter described in Items 304(a)(2)(i) and (ii) of Regulation S-K.

In connection with this appointment of Deloitte, the Audit Committee on March 30, 2010, also dismissed Ernst & Young LLP as the Company's independent registered public accountants.

Ernst & Young's report on the financial statements of the Company for the fiscal years ended December 27, 2009, and December 28, 2008, did not contain any adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope, or accounting principle. On February 22, 2011, the Audit Committee of the Board of Directors appointed Deloitte as the Company's independent registered public accountants for the fiscal year ending December 25, 2011.

Deloitte advises that it is an independent registered public accounting firm with respect to the Company within the meaning of the applicable rules and regulations of the SEC. A representative of Deloitte will be present at the meeting to make a statement, if he desires to do so, and to respond to appropriate questions from Stockholders.

The Board of Directors recommends that Class B Stockholders vote FOR ratification of Deloitte & Touche LLP as the Company's independent registered public accountants for fiscal year 2011.

ITEM 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board of Directors is providing the Company's Class B Stockholders with the opportunity to cast an advisory vote on executive compensation, as described below and consistent with federal legislation known as the Dodd-Frank Act.

The Company utilizes its compensation system to support and reinforce key operating and strategic goals and its compensation system is applied consistently to all salaried employees, including the named executive officers in the Summary Compensation Table.

Base salary levels in the Company's executive compensation system are guided by reference to external competitive levels as well as other factors including individual and Company performance. Pay and performance are linked through the use of annual and long-term incentives. The Company also provides various pension and retirement benefits as well as perquisites. The Company's executive compensation program is tightly administered by the Board's Compensation Committee to link individual performance with compensation opportunities and to align the interests of the Company's executives with those of its Stockholders.

The Compensation Discussion and Analysis, beginning on Page 7 of this Proxy Statement, describes the Company's executive compensation system.

The Board requests the Company's Class B Stockholders approve the compensation of the Company's named executive officers as follows:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including in the Compensation Discussion and Analysis, the compensation tables and narrative discussion is hereby approved.

As an advisory vote, this proposal is not binding. However, the Compensation Committee and the Board value the opinions expressed by the Company's Class B Stockholders on this issue and will consider the outcome of this vote when making future compensation decisions for the named executive officers.

The Board of Directors recommends that Class B Stockholders vote FOR the above resolution.

ITEM 4 ADVISORY VOTE ON FREQUENCY OF SAY-ON-PAY VOTES

This proposal affords the Company's Class B Stockholders, also consistent with the Dodd-Frank Act, the opportunity to cast an advisory vote on how frequently the Board should include a say-on-pay vote in the proxy materials for future Annual Meetings of Stockholders (or a special meeting of Stockholders at which the Company must include executive compensation information in the proxy statement for that meeting). Under this Item 4, the Company's Class B Stockholders may vote to have the say-on-pay vote every year, every two years or every three years.

The Board believes that say-on-pay votes should be conducted every year so that the Company's Class B Stockholders annually may express their views on the Company's executive compensation program.

As an advisory vote, this proposal is not binding, but as with Item 3, the Compensation Committee and the Board value the opinions expressed by the Company's Class B Stockholders on this issue and will consider the outcome of this vote in making decisions on executive compensation.

The Board of Directors recommends that Class B Stockholders vote to hold say-on-pay votes every year (as opposed to every two years or every three years).

NOMINATIONS AND PROPOSALS FOR 2012 ANNUAL MEETING OF STOCKHOLDERS

The By-laws of the Company provide that the Annual Meeting of stockholders shall be held during the Company's second fiscal quarter on a date fixed by the Board of Directors. The Company's 2012 Annual Meeting will be held on April 26, 2012.

Rule 14a-8 under the Exchange Act contains eligibility requirements that must be satisfied for a stockholder to submit a proposal for inclusion in a company's proxy statement. One of the eligibility requirements under that Rule is that a stockholder be entitled to vote on the proposal the stockholder seeks to submit. In addition, it is the Company's view that ownership of shares of a class not registered under the Exchange Act does not entitle a Stockholder to submit a proposal under the Rule. Stockholders who believe they are eligible to have their proposals included in the Company's Proxy Statement for the 2012 Annual Meeting of Stockholders, in addition to other applicable requirements established by the SEC, must ensure that their proposals are received by the Secretary of the Company no later than November 11, 2011.

The By-laws of the Company also establish advance notice procedures for eligible Stockholders to make nominations for Director and to propose business to be transacted at an Annual Meeting. Under the Company's By-laws, a Stockholder who wishes to submit Director nominations or other proposals for consideration at the 2012 Annual Meeting must ensure that the same are received by the Secretary of the Company between December 28, 2011, and January 27, 2012. The Company's By-laws also require that certain specific information accompany a Stockholder's notice of nomination or proposal for business.

Pursuant to the Company's Principles of Corporate Governance, a copy of which is available without charge on the Company's website, *www.mediageneral.com*, the Nominating & Governance Committee is responsible for assisting the Board with the identification and consideration of, and recommends to the Board, candidates qualified to become nominees for election as Directors of the Company. Under the Corporate Governance Principles, in its consideration of Director nominees recommended by the Nominating & Governance Committee, the Board is to consider all criteria established by it for election of nominees to the Board as well as the expressed interests of any Stockholder entitled to elect at least a majority of the Directors. Additionally, except for a Director who may have been an officer of the Company, the Company's Principles of Corporate Governance provide that all Directors shall be under the age of 73, provided that a Director serving at the time he or she reaches such age shall be permitted to complete his or her term of office but shall not thereafter be eligible for re-election unless the Board of Directors annually shall determine otherwise.

Following a recommendation by the Nominating & Governance Committee, Mr. FitzSimons joined the Board on June 24, 2009.

To qualify to be one of the Company's Director nominees, at a minimum, a candidate must exhibit the highest standards of integrity, commitment and independence of thought and judgment and be able to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties as a Director. The Board believes that the Directors as a group should possess a diverse range of talent, skill and expertise sufficient to provide sound and prudent guidance with respect to all of the Company's operations and interests. In light of these considerations, in selecting Director nominees, the Nominating & Governance Committee and the Board review information regarding each proposed candidate, including any information provided in connection with a Stockholder recommendation submitted in accordance with the procedures described below, and consider the demonstrated talents, skills and expertise of any proposed candidate in relation to those of the existing Directors.

In selecting the Company's Director nominees in connection with each Annual Meeting, it is the Company's policy that the Nominating & Governance Committee consider Director candidates recommended by any Stockholder of the Company. Pursuant to procedures adopted by the Board, Director candidate recommendations made by Stockholders in connection with any Annual Meeting must be submitted, in writing, and received by the Secretary of the Company at least 120 days prior to the anniversary of the date on which the Company mailed its proxy statement in connection with the prior year's Annual Meeting. Any Stockholder who wishes to recommend to the Nominating & Governance Committee and the Board a candidate for election at the Company's 2012 Annual Meeting must ensure that the recommendation is received by

the Secretary of the Company not later than November 11, 2011. Stockholder recommendations must be submitted together with the following information regarding the candidate:

The candidate's full name, age, principal occupation and employer;

The candidate's residence and business addresses and telephone numbers;

A biographical profile of the candidate, including educational background and business and professional experience and experience in the industries in which the Company has operations;

Any relationship between the candidate and the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and all other information necessary for the Nominating & Governance Committee and the Board to determine whether the candidate meets the Board's independence standards and qualifies as independent under the NYSE rules;

The classes and number of shares of stock of the Company owned beneficially and of record by the candidate;

Any other information relating to the candidate (including a written consent of the candidate to be named as a nominee of the Company and to serve as a Director if elected) that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies for the election of Directors pursuant to the SEC's proxy rules and the rules of the NYSE; and

Any other information regarding the candidate that the Stockholder wishes the Board to consider in evaluating the recommended candidate.

In addition, when submitting a recommendation, a Stockholder must include the following information:

The Stockholder's full name, principal occupation and employer;

The Stockholder's address and telephone number;

The classes and number of shares of stock of the Company owned beneficially and of record by the Stockholder, including, if the Stockholder is not a Stockholder of record, proof of ownership of the type referred to in Rule 14a-8(b)(2) of the SEC's proxy rules;

A description of all arrangements and understandings between the Stockholder and each candidate being recommended by the Stockholder and any other person or persons (including their names) pursuant to which the candidate(s) are being recommended by the Stockholder; and

All other information relating to the Stockholder that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies for the election of Directors pursuant to the SEC's proxy rules and the rules of the NYSE.

The Nominating & Governance Committee weighs these criteria in the context of the Company's Principles of Corporate Governance and, in making its recommendations to the Board of Directors, the Committee as a matter of practice additionally considers candidates' diversity of experience, profession, skills, geographic representation and background, all to provide the Board and the Company with an appropriate mix of experience, knowledge, perspective and judgment.

CODE OF BUSINESS CONDUCT AND ETHICS

The Board of Directors has adopted a Code of Business Conduct and Ethics that applies to the Company's Directors, officers and employees, including the Company's Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and others performing similar functions. A copy of the Company's Code of Business Conduct and Ethics is available without charge on the Company's website, www.mediageneral.com, and in print from the Investor Relations Department. The Company intends to disclose on its website any amendments that are made to the Code as well as any waivers granted under the Code to any Executive Officer or Director, as required by the rules of the SEC and the NYSE.

RELATED PERSON TRANSACTIONS

There were no transactions in effect since the beginning of the Company's last fiscal year or currently proposed in which the Company was or is to be a participant, the amount involved exceeds \$120,000, and in which any related person had or will have a direct or indirect material interest.

The Board of Directors has adopted a written Policy and Procedures With Respect to Related Person Transactions containing the policies and procedures governing the review and approval of related person transactions involving the Company.

For purposes of this policy, a Related Person Transaction is any financial transaction, arrangement or relationship in which the Company was, is or will be a participant, the amount involved exceeds \$120,000 and in which a Director, executive officer, Director nominee, beneficial owner of 5% of Class A Stock or Class B Stock, or any of their respective immediate family members, has a direct or indirect interest, unless the Company's Chief Financial Officer or General Counsel determines that the interest is not material or otherwise not required to be disclosed under the SEC's rules.

Under the policy, any potential Related Person Transaction is to be analyzed by the Company's Chief Financial Officer or the General Counsel to determine whether the transaction is a Related Person Transaction. Related Person Transactions will be submitted to the Audit Committee of the Board of Directors for consideration at the next Audit Committee meeting. However, in those instances in which the Chief Financial Officer or the General Counsel, in consultation with the Chief Executive Officer or the Chief Financial Officer (as applicable), determines it is not practicable or desirable for the Company to wait until the next Audit Committee meeting, the

Related Person Transaction will be submitted to the Chair of the Audit Committee. The review of a Related Person Transaction is to include the consideration of all the relevant facts and circumstances, including, if applicable:

the benefits to the Company,

the impact of the transaction on the independence of any Director or Director nominee,

the availability of other sources for comparable products or services,

the terms of the transaction, and

the terms available to unrelated third parties or to employees generally.

The Audit Committee (or its Chair) is to approve only those Related Person Transactions that the Audit Committee (or its Chair) determines in good faith are in, or not inconsistent with, the best interests of the Company and its shareholders.

The Policy and Procedures With Respect to Related Person Transactions is available at the Company's website, www.mediageneral.com.
