Removal of Excise Tax Gross-Up Provisions from Executive Change in Control Severance Benefits Plan

On June 30, 2011, the spin-off of Marathon Petroleum Corporation (*MPC*, *we* or *us*) from Marathon Oil Corporation (*MRO*) was completed through the distribution of shares of our common stock to holders of outstanding shares of MRO s common stock (the *Spin-off*). In connection with the Spin-off, the MPC Board of Directors (the *Board*) adopted the Marathon Petroleum Corporation Executive Change in Control Severance Benefits Plan (the *Plan*). As described in the Registration Statement on Form 10 we filed with the Securities and Exchange Commission on May 26, 2011 (the *Form 10*), the Plan is substantially similar to the MRO Executive Change in Control Severance Benefits Plan and is designed to encourage our named executive officers to continue their services to MPC in the event of a change in control. Benefits to our named executive officers under the Plan could include certain cash payments as calculated from salary, bonus and pension information relating to such named executive officers, as well as life and health insurance benefits. An additional cash payment of the amount necessary to ensure that such payments would not be subject to a net reduction due to the imposition of federal excise taxes was also an element of the plan.

On October 25, 2011, the Compensation Committee of our Board (the *Committee*) adopted the Marathon Petroleum Corporation Amended and Restated Executive Change in Control Severance Benefits Plan (the *Amended and Restated Plan*). The Plan was amended and restated to remove the tax gross-up provisions, which provided a cash payment to ensure that the severance benefits would not be subject to a net reduction due to the imposition of federal excise taxes. In all other respects, the Amended and Restated Plan is substantially the same as the Plan.
