GENERAL INFORMATION REGARDING THE 2012 ANNUAL MEETING OF STOCKHOLDERS

What constitutes a quorum? What is the Record Date? How many shares are outstanding?

The holders of a majority of the outstanding shares of common stock entitled to vote at the 2012 annual meeting of stockholders, represented in person or by proxy, will constitute a quorum at the meeting. However, if a quorum is not present or represented at the meeting, the stockholders entitled to vote at the meeting, present in person or represented by proxy, have the power to adjourn the meeting, without notice, other than by announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the original meeting.

On April 2, 2012, Record Date, there were 32,281,495 shares of our common stock issued and outstanding and entitled to vote, meaning that 16,140,748 shares of our common stock must be present in person or by proxy to have a quorum.

What matters will be voted on at the Annual Meeting?

The following matters will be voted on at the Annual Meeting:

1. to elect seven (7) directors nominated by our board of directors;
2. to consider a proposal to approve an amendment to our certificate of incorporation to increase the number of authorized shares of our common stock from forty million (40,000,000) to fifty million (50,000,000);
3. a proposal to approve an Incentive Compensation Award Agreement with Theodore M. Wright, our Chief Executive Officer
4. a proposal to ratify the Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2013;
5. an advisory vote to approve the compensation of our named executive officers; and
6. such other business as may properly come before the meeting.

How does the board of directors recommend that I vote?

The board of directors recommends that you vote:

1. FOR the election of the seven (7) directors nominated by the board of directors and named in this proxy statement;
2. FOR the proposal to approve an amendment to our certificate of incorporation to increase the number of authorized shares of our common stock from forty million (40,000,000) to fifty million (50,000,000);
3. FOR the proposal to approve an Incentive Compensation Award Agreement with Theodore M. Wright, our Chief Executive Officer
- 4.

Edgar Filing: CONNS INC - Form PRE 14A

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2013; and

5. FOR the approval, on an advisory basis, of the compensation of our named executive officers.

What vote is required to approve the proposals?

Provided a quorum exists, the following votes are required for each Proposal:

Proposal One To be elected, each director must receive a *plurality* of the shares voting in person or by proxy. A plurality means receiving the largest number of votes, regardless of whether that is a majority.

Proposal Two An affirmative vote of a *majority* of the outstanding shares entitled to vote is necessary to approve the amendment to our certificate of incorporation to increase the number of shares of capital stock which the company shall have authority to issue to be 51 million

(51,000,000) shares of stock, of which fifty million (50,000,000) shares are Common Stock, par value of \$0.01 per share, and one million (1,000,000) shares are Preferred Stock.

Proposal Three An affirmative vote of a *majority* of shares present, in person or proxy, and entitled to vote at the meeting is required to approve the proposal to approve an Incentive Compensation Award Agreement with Theodore M. Wright, our Chief Executive Officer.

Proposal Four An affirmative vote of a *majority* of shares present, in person or proxy, and entitled to vote at the meeting is required to ratify the Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2013.

Proposal Five An affirmative vote of a *majority* of the shares present, in person or proxy, and entitled to vote at the meeting is required to give advisory (non-binding) approval of the compensation of our named executive officers as disclosed in this proxy statement. Because your vote is advisory, it will not be binding on the board of directors or on us; however, the board of directors and we will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record as of the close of business on the Record Date, April 2, 2012, are entitled to notice of and to vote at the meeting or any adjournments of the meeting. Each share of common stock entitles the holder to one vote per share.

What will happen if I do not specify how my shares are to be voted, but do submit a proxy?

Stockholders of Record. If you are a stockholder of record and you submit a proxy, but you do not provide voting instructions, your shares will be voted:

FOR the election of the seven (7) directors nominated by our board of directors and named in this proxy statement.

FOR approval of the amendment to our certificate of incorporation to increase the number of shares of capital stock which the company shall have authority to issue to be 51 million (51,000,000) shares of stock, of which fifty million (50,000,000) shares are Common Stock, par value of \$0.01 per share, and one million (1,000,000) shares are Preferred Stock

FOR approval of the Incentive Compensation Award Agreement with Theodore M. Wright, our Chief Executive Officer;

FOR the ratification of the Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2013.

FOR advisory approval of the compensation of our named executive officers, as disclosed in this proxy statement.

Beneficial Owners. If you are a beneficial owner and you do not provide voting instructions to the broker or other nominee that holds your shares, the broker or other nominee will determine if it has the discretionary authority to vote on a particular proposal, and may not be able to vote on all proposals presented for a vote at the annual meeting, including Proposals 1, 2, 3 and 5.

What will happen if I do not vote my shares?

Stockholders of Record. If you are the stockholder of record and you do not vote by proxy card, by telephone, by the internet or in person at the annual meeting, your shares will not be voted at the annual meeting. For proposals One, Three, Four and Five, failure to vote will not affect the outcome of the proposal. However, for Proposal Two, the failure to vote has the same effect as voting against the proposal.

Beneficial Owners. If you are the beneficial owner of shares, your broker or nominee may vote your shares only on those proposals on which it has discretion to vote, which does not include non-routine matters, including Proposals 1, 2, 3, and 5.

How do I vote and what are the voting deadlines?

Stockholders of Record. If you are a stockholder of record, you may vote by any of the following methods:

By Mail. You may submit your vote by completing, signing and dating your proxy card received and returning it in the prepaid envelope so that it is received no later than May 29, 2012.

By Internet or Telephone. You may vote your shares by Internet or telephone, by following the instructions in your Notice. If you vote by Internet or telephone, you should not return your proxy card. These votes must be received by 11:59 P.M., Eastern Time, on May 29, 2012.

In person at the annual meeting. You may vote your shares in person at the annual meeting. Proxy cards will be available for you at the meeting, or you may bring the one provided you, and deliver the completed and executed card to the inspector of election at the annual meeting.

Beneficial Owners. If you are a beneficial owner of your shares, you should receive a Notice of Internet Availability of Proxy Materials or voting instructions from the broker or nominee holding your shares. You should follow the instructions provided to you by your broker in order to properly advise them of your voting instructions. Shares held beneficially may be voted at the annual meeting only if you obtain a legal proxy from your broker or nominee giving you the right to vote, and presenting that legal proxy together with your vote to the inspector of election at the annual meeting.

Can I revoke or change my vote?

Stockholders of Record. If you are a stockholder of record, you may revoke your vote at any time before the final vote at the annual meeting by:

signing and returning a new proxy card at a later date;

submitting a vote by telephone or the Internet at a later date;

attending the annual meeting and voting in person again; or

delivering a written revocation to our Corporate Secretary at the address provided to you in this proxy statement or to **Broadridge Financial Services, 51 Mercedes Way, Edgewood, NY 11717, Attn: Vote Processing.**

Beneficial Owners. If you are the beneficial owner of your shares, you must contact your broker or nominee holding your shares, and follow their instructions for revocation or changing your vote.

Your attendance at the annual meeting will not automatically revoke your proxy unless you vote again at the annual meeting.

What is the effect of a broker non-vote?

Brokers or other nominees who hold shares of our common stock for a beneficial owner have the discretion to vote on routine proposals when they have not received voting directions from the beneficial owner at least ten days prior to the annual meeting. If the broker or nominee does not receive voting instructions from the beneficial owner in sufficient time to enable its timely voting of the shares, and does not have discretionary voting rights to vote the shares for particular proposals, such is treated as a broker non-vote. This broker non-vote will be counted for purposes of determining whether a quorum exists, but

will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to a particular proposal. In order to minimize the number of broker non-votes and to ensure that your voice is heard in the election of directors, *we encourage you to provide voting instructions to the organization that holds your shares* by carefully following the instructions provided in the Notice.

Who will count the votes?

Broadridge Financial Solutions, Inc. has been engaged as our independent agent to receive and tabulate our stockholder votes, and will act as our independent inspector of election, who will certify the election results and perform any other acts required by the Delaware General Corporation Law.

How will the Stephens Inc. shares owned be voted?

Pursuant to the terms of a voting trust agreement entered into by Stephens Inc. and certain affiliates of Stephens Inc. which collectively own approximately 23.7% of our common stock, unless the Voting Trust is revoked or otherwise expires, the trustee of the Voting Trust must vote the shares of common stock held by the voting trust FOR or AGAINST any proposal or other matter submitted to our stockholders for approval in the same proportion as the votes cast FOR and AGAINST such proposal or other matter by all other stockholders, not counting abstentions. Therefore, each proxy received voting FOR or AGAINST any proposal will result in a proportionate number of shares held in the Voting Trust to be voted FOR or AGAINST a proposal. For proposals requiring a selection of a particular choice, the Voting Trust will be voted in the same proportion as the votes cast for each alternative, not counting abstentions. Abstentions and broker non-votes will not impact how the shares in the voting trust are counted.

How are Stockholder Proposals included in the proposals submitted to Stockholders for voting? How is any Other Business voted on by stockholders?

Stockholders have the right to seek to nominate directors and present proposals for inclusion in our proxy statement for consideration at an annual meeting of stockholders. To be included in our proxy statement and considered at our next annual meeting, you must submit nominations of directors or other proposals, in addition to meeting other legal requirements within appropriate time periods. We must receive your nominations and proposals for our 2013 annual meeting for possible consideration at the meeting no earlier than December 20, 2012 and no later than January 21, 2013, and for possible inclusion in the proxy statement by no later than December 20, 2012. However, if the date of the 2013 annual meeting changes by more than 30 days from the first anniversary date of this year's meeting, then we must receive your nominations and proposals within a reasonable time before we begin to print and mail our proxy materials if you want them included in the proxy statement.

We do not intend to bring any business before the 2012 annual meeting other than the matters described in this proxy statement and we have not been informed of any matters or proposals that may be presented at the meeting by stockholders. If however, any other business should properly arise and be properly submitted for a vote at the 2012 annual meeting, the persons appointed in the proxy have discretionary authority to vote in accordance with their best judgment.

Who is paying the cost of solicitation of proxies?

We will bear the cost of soliciting proxies. In addition to the solicitation of proxies by mail, solicitation may be made by our directors, officers and employees by other means, including telephone, e-mail or in person. No special compensation will be paid to directors, officers or employees for the solicitation of proxies. To solicit proxies, we may also request the assistance of banks, brokerage houses and other custodians, nominees or fiduciaries, and, upon request, will reimburse such organizations or individuals for their reasonable expenses in forwarding the Notice and other soliciting materials to beneficial owners and in obtaining authorization for the execution of proxies.

Do we provide for Electronic Delivery of Proxy Materials?

Pursuant to rules adopted by the SEC, we provide access to the proxy materials over the Internet. Accordingly, we are sending a **Notice of Internet Availability of Proxy Materials**, the Notice, to our stockholders owning shares of our common stock as of the Record Date. All stockholders will have

the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our Annual Report on Form 10-K for the fiscal year ended January 31, 2012 and a form of proxy card or voting instruction card. In addition, the Notice will provide stockholders with instructions on how to request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. A stockholder's election to receive proxy materials by mail or electronically by e-mail will remain in effect until the stockholder terminates such election. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of the annual meeting and lower the costs of printing and distributing our proxy materials. If you choose to receive future proxy materials by e-mail, you will receive an e-mail message each successive year with instructions containing a link to those materials and a link to the proxy voting website.

Our proxy materials are also available on our website at www.conns.com, at www.proxyvote.com, and at the SEC's website at www.sec.gov.

How can I find the result of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final results will be published in a current report on Form 8-K or in our Form 10-Q for the quarter ended April 30, 2012, to be filed with the SEC within four business days after the annual meeting. The Form 8-K or Form 10-K will be posted on our website at www.conns.com, under Investor Relations .

PROPOSALS FOR STOCKHOLDER ACTION

PROPOSAL ONE:

ELECTION OF DIRECTORS

Number of Directors to be Elected

Our board is currently constituted with ten director positions, seven (7) of which positions are to be elected at the 2012 annual meeting of stockholders. We currently intend to leave three (3) vacant board position in place to allow the board time to determine viable and qualified candidates to fill one or all of those positions. The seven (7) directors elected at the annual meeting will hold office until the 2013 annual meeting of stockholders or until their respective successors have been elected and qualified or their earlier death, resignation or removal. You may not vote for a greater number of directors than those nominated.

Criteria for Nomination to the Board of Directors. Those persons nominated to our board of directors are selected by the Nominating and Corporate Governance Committee in accordance with the Committee's charter, our Certificate of Incorporation and Bylaws, our Corporate Governance Guidelines, and the criteria determined by the board for our director candidates. The Nominating and Corporate Governance Committee of our board of directors in considering the nomination of the directors identified below to serve until the 2013 annual meeting, sought and considered individuals with strong personal reputations and experience in business and other areas that are relevant and important to the financing, strategy and operations of the company, as well as financial expertise to qualify as a financial expert for our Audit Committee. Each nominee for election as a director at this annual meeting of the stockholders of the company holds or has held senior executive positions in organizations providing such background and expertise objectives, and each has the necessary business and financial experience sought by the company in those areas, including strategic and financial planning, public company financing and reporting, compliance, risk management and leadership. Each of the nominated directors also has experience of serving on boards or in senior executive management of publicly held companies or governmental services requiring strong business and leadership acumen and implementation.

The Nominating and Corporate Governance Committee also considered and believes that each of the nominated individuals to serve as members of the board of directors has valuable personal and business attributes that have and will continue to be valuable to the company in their advice and guidance to the executive members of the company. The Nominating and Corporate Governance Committee takes into account in its considerations, diversity in range of backgrounds, perspectives and experience of the individuals it recommends for nomination to our board of directors. The specific experience of each nominee considered by the Nominating and Corporate Governance Committee is detailed in their respective biographies set forth below.

Board Nominees

Our board of directors met in March 2012 and considered the candidates for nomination for election to the board at the 2012 annual meeting of stockholders. The Nominating and Corporate Governance Committee of the board of directors, consisting of three independent members of the current board of directors, recommended that the full board nominate:

Marvin D. Brailsford

Jon E.M. Jacoby

Bob L. Martin

Douglas H. Martin

David Schofman

Scott L. Thompson

Theodore M. Wright

for election or re-election to the board of directors at the 2012 annual meeting. Other than Mr. Schofman, each of the nominated directors was elected at our 2011 annual meeting and served on the board of directors during fiscal year ended January 31, 2012 and during the current fiscal year through the date of the 2012 annual meeting. Mr. Schofman was nominated by our Nominating and Corporate Governance

General

Currently, our certificate of incorporation authorizes the number of shares of capital stock which the company shall have authority to issue to be 41 million (41,000,000) shares of stock, of which forty million (40,000,000) shares are Common Stock, par value of \$0.01 per share, and one million (1,000,000) shares are Preferred Stock. In March 2012, our board adopted a proposal to amend our certificate of incorporation to increase the number of shares of capital stock which the company shall have authority to issue to be 51 million (51,000,000) shares of stock, of which fifty million (50,000,000) shares are Common Stock, par value of \$0.01 per share, and one million (1,000,000) shares are Preferred Stock, subject to stockholder approval of the amendment. Our board has declared the proposed amendment to be advisable and in the best interests of the company and the stockholders.

Proposed Amendment

We propose to amend the first paragraph of ARTICLE FOUR of our certificate of incorporation as follows:

The aggregate number of shares of capital stock which the Corporation shall have the authority to issue is fifty one million (51,000,000) shares of stock, of which fifty million (50,000,000) shares are Common Stock, par value of \$0.01 per share (Common Stock), and one million (1,000,000) shares are Preferred Stock (Preferred Stock).

The remaining provisions of ARTICLE FOUR and our certificate of incorporation will remain the same and in full force and effect.

Purpose of Proposed Amendment

As of the Record Date, the company had 32,281,495 shares of common stock issued and outstanding. Additionally the company had 2,504,044 shares reserved for issuance pursuant to the company's existing Amended and Restated 2003 Incentive Stock Option Plan, 483,000 shares reserved for issuance pursuant to the company's existing Amended and Restated 2003 Non-Employee Director Stock Option Plan, 1,135,000 shares reserved for issuance pursuant to the Company's 2011 Omnibus Incentive Plan for its employees, 300,000 shares reserved for issuance pursuant to the Company's 2011 Non-Employee Director Restricted Stock Plan, and 1,105,138 shares reserved for issuance pursuant to the Company's Employee Stock Purchase Plan. If all of the shares of common stock reserved for issuance pursuant to these plans are in fact issued, then 37,808,677 shares of the Company's common stock would be issued and outstanding. The company's certificate of incorporation currently provides that the Company shall have the authority to issue forty million (40,000,000) shares of common stock which will leave only 2,191,323 shares authorized for issuance by the Company for corporate business purposes. The board of directors has determined that in order to permit the company to have sufficient authorized shares of common stock for normal corporate business purposes, it is in the best interests of the company to increase its authorized shares of common stock by ten million (10,000,000) shares to fifty million (50,000,000) shares of authorized common stock. We believe that the availability of authorized but unissued shares will provide us with the flexibility to issue our common stock for a variety of corporate purposes, including but not limited to, acquisitions, declaring future stock splits and raising equity capital as necessary. We believe that we will benefit by having the additional shares available for such purposes without delay, and the risk of non-approval of this proposal by our stockholders is that we could be prohibited from taking advantage of these opportunities. There are no current plans, arrangements, commitments or understandings with respect to the issuance of any of the additional shares of our common stock which would be authorized by the proposed amendment.

Effect of Proposed Amendment

Our stockholders do not have preemptive rights with respect to our common stock. Thus, should our board of directors elect to issue additional shares of our common stock, existing stockholders would not have any preferential rights to purchase the shares. If our board of directors elects to issue additional shares of our common stock, the issuance could have a dilutive effect on the earnings per share, book value per share, voting power and interest of current stockholders.

If the proposed amendment is approved by our stockholders, the additional shares generally will be available for issuance from time to time by us without further action by the stockholders. Stockholder approval of these issuances may be required by applicable law or regulatory agencies, but in most instances we will have the authority to issue or reserve for issuance additional shares of our common stock without the approval of our stockholders.

The proposal could have an anti-takeover effect, although that is not our intention. For example, if we were the subject of a hostile takeover attempt, we could try to impede the takeover by issuing shares of our common stock, which would dilute the voting power of the other outstanding shares and increase the potential cost of the takeover. The availability of this defensive strategy could discourage unsolicited takeover attempts, which would limit the opportunity for stockholders to realize a higher price for their shares than is generally available in the public markets. We are not aware of any attempt, or contemplated attempt, to acquire control of us, and this proposal is not being presented with the intent that it be used as a type of anti-takeover device.

If the proposed amendment is adopted, we intend to immediately file it with the Secretary of State of the State of Delaware, at which time it will become effective. However, even if the stockholders approve the proposed amendment to our certificate of incorporation, our board of directors retains discretion under Delaware law not to implement the proposed amendment. If our board of directors were to exercise such discretion, the number of shares of common stock authorized for issuance would remain at forty million (40,000,000).

We Recommend That You Vote For Approval

Of The Amendment To Our Certificate Of Incorporation.

PROPOSAL THREE:

APPROVAL OF AN INCENTIVE COMPENSATION AWARD AGREEMENT

WITH THEODORE M. WRIGHT, CHIEF EXECUTIVE OFFICER

General

In March 2012, our board adopted a proposal, subject to stockholder s approval, to enter into an Incentive Compensation Award Agreement with Mr. Wright, our Chief Executive Officer and President (the Award Agreement). Approval of the Award Agreement will allow the annual incentive bonus payments payable to Mr. Wright thereunder to qualify as tax-deductible performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (Code Section 162(m)). The amounts previously paid to Mr. Wright may be found under the Summary Compensation Table on page 30.

Code Section 162(m)

Code Section 162(m) places a limit of \$1,000,000 per person on the amount we may deduct in any one year for compensation paid to its CEO and the next three highest compensated officers (other than the Chief Financial Officer). Compensation is exempt from this per-person limit and therefore deductible for tax purposes (even if the \$1,000,000 is exceeded) if the compensation paid to any of these individuals satisfies the conditions for qualified performance-based compensation set forth under Code Section 162(m). One of the conditions requires stockholder approval of the material terms of the performance goals of the plan under which the compensation will be paid.

For purposes of Code Section 162(m), the material terms of the performance goals include: (i) the employees eligible to receive compensation under the plan, (ii) a description of the business criteria on which the performance goal is based, and (iii) either the maximum amount of compensation that can be paid to a covered employee under the performance goal or the formula used to calculate the amount of compensation that could be paid if the performance goal is satisfied.

The Award Agreement will not become effective unless stockholder approval is obtained. However, if the stockholders do not approve the Award Agreement, Mr. Wright may still be entitled to such performance-based compensation, but the company may not be entitled to deduct, for federal income tax purposes, all compensatory payments to Mr. Wright.

Nothing in the following proposal precludes the board of directors or its Compensation Committee from making any payment or granting awards that do not qualify for tax deductibility under Code Section 162(m).

Summary of Proposed Award Agreement

The following is a summary of the material terms of the Award Agreement. This summary is qualified in its entirety by the full text of the Award Agreement, which is attached as Appendix A to this proxy statement.

The Award Agreement provides that Mr. Wright will be eligible to receive a cash bonus following the close of the 2013 fiscal year and each fiscal year thereafter for which Mr. Wright continues his employment with the company (each such fiscal year, a Performance Period).

Within ninety (90) days after the commencement of each Performance Period, the Compensation Committee will establish, in writing, the objective formula for determining the cash bonus for such performance period. The Compensation Committee will use one or more of the following performance measures for this purpose (applied with respect to the company or any affiliate or division of the company, as determined by the Compensation Committee): (a) total revenues or any component thereof; (b) operating income, pre- or after-tax income, EBITA, EBITDA or net income; (c) cash flow, free cash flow or net cash from operations; (d) earnings per share; (e) value of the company s stock or total return to stockholders; and (f) any combination of any or all of the foregoing criteria, in each case on an absolute or relative basis.

Following the close of each Performance Period, the Compensation Committee will determine whether the applicable performance measures have been attained and the amount of the cash bonus, if any, payable to Mr. Wright. Such amount will be paid to Mr. Wright within thirty days of this determination.

Under no circumstances will the cash bonus payable Mr. Wright with respect to any Performance Period exceed \$1,920,000. No bonus will be payable to Mr. Wright for a Performance Period if Mr. Wright is not employed by the company on the last day of such performance period.

Purpose of the Agreement

Mr. Wright is in a position to have a significant impact on the performance of the company. The Award Agreement is intended provide the appropriate level of incentive compensation to Mr. Wright, as determined annually by the Compensation Committee, and to preserve the deductibility of such payments, if and when made to Mr. Wright, for federal income tax purposes.

New Plan Benefits

Because it is within the discretion of the Compensation Committee to determine the performance targets and the amount of any annual bonus payable to Mr. Wright under the Award Agreement, it is not presently possible to determine the future amounts of payments, if any, payable pursuant to the Award Agreement.

Other Compensation

The Award Agreement is not exclusive. The company may pay other bonuses and other compensation to Mr. Wright under authority of the board of directors and applicable law. If the Award Agreement is not approved by shareholders, the company currently contemplates that any cash bonus payable to Mr. Wright in respect of the 2013 fiscal year would be discretionary. Any such bonus then paid would not be deductible under Code Section 162(m) to the extent that (when combined with other non-exempt compensation paid) it exceeds the \$1,000,000 limit on non-exempt compensation.

PROPOSAL FOUR:

RATIFICATION OF THE SELECTION OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP served as our independent registered public accounting firm for the fiscal year ended January 31, 2012. The Audit Committee of the board of directors has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2013. Our board of directors has further directed that we submit the selection of our independent registered public accounting firm for ratification by the stockholders at the 2012 annual meeting. Stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. The Audit Committee believes it to be in the best interests of our stockholders to retain Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2013. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent public accounting firm at any time during the year if they determine that such a change would be in our best interests and those of our stockholders. The Audit Committee annually reviews the performance of our independent public accountants and the fees charged for their services. The Audit Committee anticipates, from time to time, obtaining competitive proposals from other independent public accounting firms for our annual audit. Based upon the Audit Committee's analysis of this information, we will determine which independent public accounting firms to engage to perform our annual audit each year. Representatives of Ernst & Young LLP will attend the 2012 annual meeting of stockholders and will be available to respond to appropriate questions that may be asked by stockholders. These representatives will also have an opportunity to make a statement at the meeting if they desire to do so.

We Recommend That You Vote For the Ratification of Ernst & Young LLP As Our Independent

Registered Public Accounting Firm.

PROPOSAL FIVE:

ADVISORY VOTE FOR APPROVAL OF THE COMPENSATION

OF OUR NAMED EXECUTIVE OFFICERS

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve or disapprove, in a non-binding advisory vote, the compensation of our named executive officers. At our annual meeting of stockholders held on May 24, 2011, our stockholders recommended in an advisory vote that we hold the advisory vote for approval of the compensation of our named executive officers annually. Our board of directors has agreed with this advisory vote, and have determined to hold this vote annually.

As described in our Compensation Discussion and Analysis, beginning on page 21, our compensation program for executives is designed to (i) reward performance that increases our stockholder value, including individual measured goals and objectives, (ii) attract, retain and motivate executives by offering competitive compensation, and (iii) build and encourage ownership of shares of our common stock. Toward these goals, our compensation program has been designed and implemented to reward our executives for strong financial and operating performance and leadership attributes and examples, and to coordinate these criteria with those of our stockholders. These goals are intended to reward our executive officers and encourage their long term commitment to the company. We believe that our compensation programs, consisting of base salary, annual bonus programs tied to the objective success of our company's financial performance, and an equity incentive compensation program through granting of stock options, restricted stock and restricted stock units and other equity opportunities, tied to the executive officers performance, retention and motivation, fulfill our objectives. Please read the Compensation Discussion and Analysis, beginning on page 21 for a complete discussion of these objectives, the determination of and the elements of compensation and awards for our executive officers, as well as these elements paid and awarded during our fiscal year 2012.

The Compensation Committee of our board of directors in applying these objectives, relied upon:

input and recommendations received from our Chairman and Chief Executive Officer regarding the performance of each executive officer other than the Chairman and the Chief Executive Officer, each of whose performance is analyzed by the Compensation Committee, the provided documented support for the attainment by individual executive officers of their respective goals and objectives, and areas of responsibilities and expectations for future performance and goal attainment;

publicly available information with respect to the executive compensation practices of certain public companies in our industry and peer groups;

the analysis and recommendations regarding our compensation programs for our executive officers, of Frederick W. Cook & Co., a compensation consultant that served as an independent advisor; and

the individual members of the Compensation Committee knowledge of industry compensation practices and programs.

The vote on this Proposal is advisory, and not binding on us, the Compensation Committee or our board of directors. To the extent there is any significant vote against the named executive officers' compensation, the Compensation Committee will consider our stockholders' advisory vote, and evaluate whether, and if so to the extent any actions are necessary to address our named executive officers' compensation program.

We Recommend That You Vote For The Compensation

Of Our Named Executive Officers.

Nomination Policies and Procedures

In preparation of our initial public offering, the company conducted a thorough process of selecting qualified directors for our board. All directors whose terms expire at this annual meeting, except Mr. Jacoby and Mr. Thompson, were appointed in September 2003 in preparation for that offering. Mr. Jacoby was appointed to our board in April 2003, Mr. Thompson was appointed to our board in June 2004. Our independent directors acted as the nominating committee prior to the creation of the Nominating and Corporate Governance Committee by our board of directors at its board meeting held in March 2008. The Nominating and Corporate Governance Committee consists of three of our current independent directors, Jon E.M. Jacoby, Bob L. Martin and William T. Trawick.

The goal of our board has been and continues to be, to identify nominees for service on the board of directors who will bring a diversity and variety of perspectives and skills from their professional and business experience, including financial and accounting experience as appropriate. In carrying out its function to nominate candidates for election to our board, the Nominating and Corporate Governance Committee considers the mix of skills, experience, character, commitment, and diversity—diversity being broadly construed to mean a variety of opinions, perspectives, experiences and backgrounds, such as gender, race and ethnicity differences, as well as other differentiating characteristics, all in the context of the requirements of our board at that point in time. The Nominating and Corporate Governance Committee will assess the effectiveness of this policy annually in connection with the nomination of directors for election at the annual meeting of stockholders. In furtherance of our board's goal of identifying and selecting nominees, our board has adopted nominating policies and procedures which are available on our website at www.conns.com under Investor Relations Corporate Governance.

The Nominating and Corporate Governance Committee assists the board in fulfilling its responsibilities by (1) identifying individuals believed to be qualified to become members of the board, consistent with criteria approved by the board, (2) recommending candidates to the board for election or reelection as directors, including director candidates submitted by our stockholders, and (3) overseeing, reviewing and making periodic recommendations to the board concerning our corporate governance policies.

The Nominating and Corporate Governance Committee will consider candidates for nomination proposed by stockholders so long as they are made in accordance with the provisions of Section 2.14 of our Bylaws. Section 2.14 of our Bylaws requires that the stockholder provide written notice to our Secretary no later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the anniversary date of the mailing of the proxy statement for the immediately preceding annual meeting of the stockholders. The notice to our Secretary must set forth (a) as to each person whom the stockholder proposes to nominate for election or re-election as a director, information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serve as a director if elected); (b) as to any other business that the stockholder proposes to bring before the meeting, a brief description of such business, the reasons for conducting such business at the meeting and any material interest in the business by the stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (c) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address, as they appear on the company's books, of such stockholder and beneficial owner; and (ii) the class and number of shares of the company that are owned beneficially and held of record by such stockholder and such beneficial owner. Notwithstanding this procedure, the board may, in its discretion, exclude from any proxy materials sent to stockholders any matters that may properly be excluded under the Exchange Act, Securities and Exchange Commission rules or other applicable laws.

The Charter of the Nominating and Corporate Governance Committee sets forth the minimum requirements for a person to be qualified to be a member of the board of directors, which are that a person must (i) be an individual of the highest character and integrity and have an inquiring mind, vision, a willingness to ask hard questions and the ability to work well with others; (ii) be free of any conflict of interest that would violate any applicable law or regulation or interfere with the proper and reasonable performance of the responsibilities of a director; (iii) be willing and able to devote sufficient time to the affairs of the company and be diligent in fulfilling the responsibilities of a director and board committee member (including developing and maintaining sufficient knowledge of the company and its industry; reviewing and analyzing reports and other information important to the board and committee responsibilities; preparing for, attending and participating in board and committee meetings; and satisfying appropriate orientation and continuing education guidelines); and (iv) have the capacity and desire to represent the balanced, best interest of the stockholders as a whole and not primarily a special interest group or constituency. The Nominating and Corporate Governance Committee evaluates whether certain individuals possess the foregoing qualities and recommends to the board for nomination candidates for election or re-election as directors at the annual meeting of stockholders, or if applicable, at a special meeting of stockholders. This process is the same regardless of whether the nominee is recommended by our board or one of our stockholders.

Independent Board Composition

NASDAQ requires that a majority of the board of directors of a listed company be independent. NASDAQ's rules provide that an independent director is a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship that, in the opinion of the company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The board has determined that each of Marvin D. Brailsford, Jon E.M. Jacoby, Bob L. Martin, Scott L. Thompson and William T. Trawick is independent as defined under SEC and NASDAQ rules, and has determined that David Schofman, who is nominated by the Nominating and Corporate Governance Committee to become a member of our board of directors if elected at our 2012 annual meeting, to be independent as defined under SEC and NASDAQ rules. Prior to his becoming our Interim Chief Executive Officer and President on February 27, 2011, Theodore M. Wright had also been determined by our board as independent as defined under SEC and NASDAQ rules.

The independent directors of the board held executive sessions at each regular meeting of the board of directors during fiscal 2012.

At the meeting of the Nominating and Corporate Governance Committee held in March 2012, the Committee discussed the relationships of Jon E.M. Jacoby and Bob L. Martin with The Stephens Group, LLC, which together with its participants and family members owns approximately 26.07% of our common stock, and whether those relationships impacted their ability to exercise independent judgment in carrying out their responsibilities as a director.

The Committee discussed the fact that Mr. Jacoby's independence has been approved by the Committee and/or the company's board of directors every year since the company's fiscal year 2008, the year in which The Stephens Group, LLC and Stephens Inc. became independent of each other. The Committee considered Mr. Jacoby's relationship with The Stephens Group, LLC, and that Mr. Jacoby, although previously employed by Stephens Inc, which has provided investment banking and brokerage services to the company, was not involved in any investment activities of Stephens Inc. The Committee considered Mr. Jacoby's positions with these significant shareholders, the fact that Mr. Jacoby is not involved with the investment services of Stephens Inc., and his lack of control of voting of common stock owned by The Stephens Group, LLC, or SG-1890 LLC, an affiliate of The Stephens Group, LLC., and his continuous exercising of independent judgment as one of our directors over the years, and determined that and recommended to the board of directors that it approve Mr. Jacoby's independence as defined under the SEC and the NASDAQ rules.

The Committee discussed the current position of Bob Martin with The Stephens Group, LLC, and the fact that the position is not substantively different from the consulting work that Mr. Martin has done in previous years for The Stephens Group, LLC, the continuous exercise of independent judgment by Mr. Bob Martin since his election to our board in 2003, and his lack of control of voting of common stock owned by The Stephens Group, LLC or any of its affiliates, including SG-1890 LLC, the Committee has determined that and recommended to the board of directors that it approve Mr. Bob Martin's independence as defined under the SEC and the NASDAQ rules.

Our board of directors at its meeting in March 2012 approved the independence of Messrs. Jacoby and Bob Martin.

Board Meetings

During fiscal 2012, the board held four regularly scheduled meetings, one special meeting and one telephonic meetings, and acted by six unanimous written consents in lieu of meeting. Each person serving as a director during fiscal 2012 attended all meetings of the board during the period.

Policy Regarding Director Attendance at the Annual Meeting of Stockholders

It is our policy that each member of the board of directors is encouraged to attend our annual meeting of stockholders. Each director serving at the time of last year's annual meeting attended our annual meeting of stockholders.

Committees of the Board

Audit Committee

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of our independent auditors. It also approves audit reports and plans, accounting policies, audit fees and certain other expenses. In connection with the rules adopted by the SEC and NASDAQ, we adopted a written charter for the Audit Committee, which is posted on our website at www.conns.com under Investor Relations Corporate Governance. The Audit Committee reviews and reassesses the adequacy of the written charter on an annual basis.

Marvin D. Brailsford and Scott L. Thompson served on the Audit Committee for the entirety of our fiscal year ended January 31, 2012. Theodore M. Wright served on our Audit Committee, as its chairman, through February 27, 2011, at which time he resigned as a result of his election by our board of directors as our Interim Chief Executive Officer and President, which disqualified him as an independent director and thus as a member of our Audit Committee. Effective March 23, 2011, our board of directors elected William T. Trawick, who has been determined to be an independent director, to serve on the Audit Committee until he resigns or until his successor is elected by our board, and Marvin D. Brailsford was named chairman of the Audit Committee. Each served in those capacities for the balance of our fiscal year ended January 31, 2012. For the period February 27, 2011 through March 23, 2011, we were deemed to be out of compliance with NASDAQ audit committee requirements as set forth in Listing Rule 5605, as advised by the NASDAQ. Upon the election of Mr. Trawick to the Audit Committee on March 23, 2011, NASDAQ confirmed that we were back in compliance under the NASDAQ Listing Rules. We disclosed to the public through an 8-K filing with the SEC on March 25, 2011, our receipt of letters from

NASDAQ advising of both the non-compliance upon Mr. Wright's resignation from the Audit Committee, and then the compliance as a result of the election of Mr. Trawick to the Audit Committee.

The Audit Committee held four regularly scheduled meetings and took action by unanimous written consent two times in fiscal 2012. Each meeting of the Audit Committee was attended by all of the members of the Audit Committee. The board has determined that Mr. Thompson is an audit committee financial expert as defined by SEC rules. In addition, each of the members of the Audit Committee is independent as defined by the NASDAQ listing standards and the Sarbanes-Oxley Act of 2002 as determined by our board of directors.

Compensation Committee

The Compensation Committee establishes, reviews and approves the Chairman and the Chief Executive Officer and other senior officer compensation packages, and reviews and approves other senior executive officer compensation packages based upon recommendations by the Chairman and the Chief Executive Officer. It also evaluates the compensation plans, policies and programs of the executive officers of the company and makes recommendations to the board of directors concerning such plans, policies and programs, advises the board regarding compensation plans, policies and programs applicable to non-employee directors for their services as a director, and administers our stock option, stock purchase and other equity plans. The Compensation Committee also evaluates the competitiveness of our compensation and the performance of our Chairman and Chief Executive Officer and other executive officers. In connection with the rules adopted by the SEC and NASDAQ, the company adopted a written charter for the Compensation Committee, which is posted on our website at www.conns.com under Investor Relations Corporate Governance.

Jon E.M. Jacoby and William T. Trawick served on the Compensation Committee for the entirety of our fiscal year 2012. Theodore M. Wright served on our Compensation Committee through February 27, 2011, at which time he resigned as a result of his election by our board of directors as our Interim Chief Executive Officer and President, which disqualified him as an independent director and thus as a member of our Compensation Committee. Effective March 23, 2011, our board of directors elected Marvin D. Brailsford, who has been determined to be an independent director, to serve on the Compensation Committee until he resigns or until his successor is elected by our board. On March 29, 2011, at our board's annual review of committee composition, Mr. Brailsford resigned from the Compensation Committee and Bob L. Martin, an independent director, was elected to serve on the Compensation Committee. Bob L. Martin served for the balance of our fiscal year ended January 31, 2012.

Compensation Committee held four regular meetings, one special meeting and acted by one unanimous written consent in lieu of meeting in fiscal 2012. Each meeting was attended by all members of the committee at the time of the meeting. All members of the Compensation Committee were determined by the board of directors to be independent directors as defined by NASDAQ listing standards. Additional information on the Compensation Committee's processes and procedures for consideration of executive compensation are addressed in the Compensation Discussion and Analysis section of this proxy statement below.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee assists the board in identifying and recommending individuals for election or reelection as directors, including director candidates submitted by our stockholders, and advises the board with respect to corporate governance policies and procedures. The committee will periodically review and make recommendations regarding our corporate governance policies and procedures; copies of which corporate governance policies and procedures are discussed below under Corporate Governance and are posted on our website at www.conns.com under Investor Relations Corporate Governance. We adopted a written charter for the Nominating and Corporate Governance Committee, which is also posted on our website at www.conns.com under Investor Relations Corporate Governance.

Members of the Nominating and Corporate Governance Committee are appointed by the board. The members of the Committee serve until their successors are duly elected and qualified, and they may be removed by the board of directors in its discretion. Members of the Committee are independent directors who are not employees of the company or any of its subsidiaries. The members of the Committee are Messrs. Jacoby, Bob L. Martin and Trawick. All members of the Nominating and

Corporate Governance Committee were determined to be independent as defined by the SEC and NASDAQ listing standards.

The Nominating and Corporate Governance Committee held one regular meeting in fiscal 2012, which was attended by all members of the Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

We have developed a compensation program for executives and key employees designed to: (i) reward performance that increases the value of our common stock; (ii) attract, retain and motivate executives and key employees with competitive compensation opportunities; and (iii) build and encourage ownership of our shares of common stock. Toward these goals, our compensation program has been designed and implemented to reward our executives for strong financial and operating performance and leadership attributes and examples, and to coordinate these criteria with those of our stockholders. These goals are intended to reward our executive officers and to encourage their long term commitment to the company. We believe that our compensation programs, consisting of base salary, annual bonus programs tied to the objective success of our financial performance, and an equity incentive compensation program through granting of stock options and other equity incentive awards tied to the executive officers performance and retention desires, fulfill our objectives.

The following is the executive compensation philosophy of our company adopted by our Compensation Committee effective August 30, 2011:

Compensation realized by executives should reflect the individual skills and contributions of the executive, as well as the company's overall performance against its business plan and changes in shareholder value.

The basic objectives of the company's executive compensation program include:

Attracting, motivating and retaining skilled executives necessary to execute its business strategy;

Motivate executives by linking compensation opportunity to the achievement of the company's short and long term growth and profitability goals as well as execution of its business strategy;

Align interests of management and shareholders by tying realized compensation directly to increases in shareholder value and requiring ownership of company stock over a sustained period;

Promote a pay-for-performance culture on a risk-appropriate basis with a majority of the named executive's compensation to be earned, or increase in value, based on company and stock performance.

In addition, the efficiency of the overall program from a tax, accounting, cash flow and shareholder dilution perspective should be balanced against the above objectives. In support of the stated objectives, the company delivers an executive compensation program that includes the following fundamental elements:

1. Base salary
 2. Short term cash incentives
 3. Long term incentive in the form of options, restricted stock units and performance shares
- Additional benefits and perquisites may be included when appropriate.

Target total compensation opportunities should be competitive, but not excessive, versus market practice. Market practice is generally defined as median compensation levels and prevalent pay elements found among companies of similar size and business to our company. Individual salaries and incentive targets may range around market, based on the following factors:

The individual skills and experience of the incumbent

The difficulty of replacing the incumbent and importance of the position to the company

The risk profile of the compensation program being provided to the company's executives relative to market norms
Actual compensation earned is above or below market levels depending on absolute and relative performance of the incumbent and company as a whole.

We will review the overall program on an annual basis, including targeted compensation levels, to ensure reasonable compliance with the philosophy as described herein.

The Chief Executive Officer and the Compensation Committee are responsible for administering the overall compensation program, except with regard to certain actions and responsibilities that are specifically reserved to the Compensation Committee or full Board of Directors. These responsibilities are identified in the Compensation Committee Charter.

In following and implementing this philosophy, our Compensation Committee seeks to structure executive compensation packages in such a manner as to avoid excessive risk. The variety of factors and considerations our Compensation Committee uses to measure executive performance diversifies the risk associated with any single metric. Also, we use both cash and equity incentives with varying time horizons to appropriately balance levels of attention to both short-term and long-term performance. We adjust the cash and equity award amounts in our executive compensation structures to balance our short-term and long-term needs. In so doing, we are better able to address market and company risks as they arise and adjust our direction and actions to compensate for such risks while still maintaining our stability over the long-term. This results in better levels of balance and alignment with both our performance and our stockholder interests in long-term value creation.

The following discussion and analysis are focused primarily on the compensation of our executive officers during fiscal 2012, with additional detail provided for our Chief Executive Officer during that period, and our other named executive officers. Our named executive officers are the individuals who served as our Chief Executive Officer and our Chief Financial Officer and our three other most highly compensated executive officers for fiscal 2012. Information regarding the compensation of our named executive officers is provided under the heading Compensation Tables following this section.

Our Compensation Committee retained a compensation consultant, Frederic W. Cook & Co., Inc., to review our executive officers' compensation programs and to make recommendations to the Compensation Committee for its use in determining the compensation packages for our executive officers for the fiscal year 2012. The Compensation Committee has utilized the recommendations of the consultant as well as input from our Chief Executive Officer and President in setting the compensation packages for our executive officers for our fiscal years 2012 and 2013.

Objectives/Reward

Reward Performance: Our performance is a key consideration in determining executive compensation, combined with the continued performance and service to us by each executive officer over an extended period of time. We also consider the accomplishment of strategic direction and goals, including specific business objectives. While our compensation policy recognizes that stock price performance is one measure of performance, given business conditions in the industry and the financial markets, and our long-term strategic direction and goals, we believe that it may not necessarily be the best current measure of executive performance. Our compensation packages are based upon a company-wide compensation structure that emphasizes bonus compensation based upon company pre-tax income performance and is consistent for each position relative to its authority and responsibility.

Attract, Retain and Motivate: We design our compensation program with the goal to obtain and retain the benefits of excellent executives in our significant areas of operations—sales, merchandising, financial and liquidity, consumer credit, distribution, product service and training. We understand that we must be competitive within our industry, including providing competitive salary, annual bonus opportunities and long-term compensation as part of our overall compensation program. Our equity compensation generally provides for vesting periods of five (5) years, subject to our Compensation Committee's discretion in determining a different vesting schedule as it deems necessary and appropriate under the

circumstances to attain the goal of the compensation program. During fiscal 2012, our Compensation Committee approved an award of restricted stock units for our Interim Chief Executive Officer which vested in three quarterly installments from the date of the award. Subsequently, upon our Chief Executive Officer becoming a permanent officer, the Compensation Committee approved an award of restricted stock units and options to our Chief Executive Officer that will vest in three equal annual installments on the anniversary date of the award, subject to certain stock price attainment (See Chief Executive Officer Compensation on page 28). Also, during fiscal 2012, our Compensation Committee approved restricted stock unit awards for our Chief Financial Officer and our Presidents of Retail and Credit Divisions, respectively, that will vest in four equal annual installments on the anniversary date of the award. All other equity awards during the fiscal 2012 vest over the five year vesting period. This equity compensation aligns our executive officers' goals with those of our stockholders, in providing retention of qualified officers for long term growth of our company.

Encourage Ownership of our Shares of Common Stock: Equally important in our compensation objectives is our desire for our executive officers to obtain and benefit from ownership of our common stock. Our Compensation Committee through the issuance of stock options under our existing Employee Incentive Stock Option Plan and other equity opportunities, including restricted stock options and restricted stock under the 2011 Employee Omnibus Incentive Plan, believes its goals are being accomplished. The Compensation Committee believes that these requirements strongly emphasize its philosophy of equity ownership for the Board and executive management, which in turn reinforces alignment with stockholder interests.

Determining Compensation

Our compensation program consists of three basic elements: (i) base salary; (ii) annual bonus (both predetermined based on our company and individual performance, and with discretionary aspects to reward those with outstanding performances); and (iii) equity awards. These components work together in determining the overall compensation of our executive officers.

In applying the above-described objectives for our executive compensation program, the Compensation Committee, in making its final determination, primarily relies upon:

input and recommendations received from the Chairman and the Chief Executive Officer, and other supervisors of each executive officer except the Chief Executive Officer, regarding the day-to-day performance of each individual and each executive officer's areas of responsibilities and expectations for future performance;

publicly available information with respect to the executive compensation practices of certain public companies in our industry;

the analysis and recommendations regarding our compensation programs for our executive officers of Frederick W. Cook & Co., a compensation consultant that served as our independent advisor; and

its own judgment and knowledge of the industry.

Input Received from our Chairman and Chief Executive Officer. The Compensation Committee has historically relied in part on the input and recommendations of the our Chairman and Chief Executive Officer and, when the office was occupied, our Executive Vice Chairman, in making its determination regarding base salaries of the executive officers, individual levels for bonus compensation, and whether to grant long-term equity awards to our executive officers and if so, in what forms and amounts. The Compensation Committee believes that the executive Chairman and the Chief Executive Officer, by virtue of their role in overseeing the day-to-day performance of such individuals and their positions with us and their experience in the industry, are appropriately suited to make informed recommendations to the Compensation Committee with respect to the foregoing elements of our executive compensation program. The Compensation Committee alone, with input and guidance from its Compensation Consultant, determines the compensation for our Chief Executive Officer.

Peer Group Data. While the Compensation Committee does not deem it necessary or appropriate to base our executive compensation program on any comparative analyses of the amounts and forms of

compensation which are paid to executive officers with comparable titles at other public companies in the home appliance and consumer electronics industry, it does review annually such other public information of public companies of comparable size and nature to ours of a retail business as well as those which provide in-house financing of their merchandise sales, as well as similarly situated public companies outside the retail business industry. We refer to such companies collectively as our peer group. For the year ended January 31, 2012, the companies which comprised the peer group for this review were hhgregg, Inc., Aaron Rents, Inc., Cost Plus, Duckwall-ALCO, Ethan Allen Interiors, Furniture Brands Intl., Gordmans Stores, Haverty Furniture, Kirkland's, La-Z-Boy, Overstock.com, Pier 1 Imports, Select Comfort, Consumer Portfolio Services, Credit Acceptance and World Acceptance. The amount and structure of peer company compensation is a factor in the Compensation Committee's determination of the compensation of executive officers, but the Compensation Committee does not target compensation of its executive officers based upon the levels of compensation of executives of the companies in our peer group due to the nature and responsibility level of each of our executive officers, since our business model and resulting levels of responsibility are not directly comparable with those of our peer group. However, based on the results of the review of peer companies, the Compensation Committee may determine to modify compensation of our executive officers. The Compensation Committee also relies on its explicit knowledge of the industry and our peers in determining the final salary, bonus and equity awards as it deems appropriate and necessary to reward the executive team for its overall performance and achievements and retain each executive as an integral part of our executive team.

Other Factors. Key factors which also affect our executive compensation program include our financial performance, to the extent that the Compensation Committee believes it may be fairly attributed or related to the performance of a particular executive officer, as well as the contribution of each executive officer relative to his individual responsibilities and capabilities. While the Compensation Committee does consider our stock price performance, it has not utilized it as a measure of our financial performance, or the performance of our executive officers, given the fact that it may not take into account a variety of factors including, but not limited to, the business conditions within the industry as well as our long-term strategic direction and goals.

Independent Compensation Consultant. In February 2011, the Compensation Committee retained the services of a compensation consultant, Frederic W. Cook & Co., Inc., to serve as its independent advisor on the reasonableness of compensation levels of our executive compensation programs in comparison with those of other similarly situated companies, and on the appropriateness of the compensation program structure for our executive officers in supporting its business strategy and human resources objectives. In addition to the factors described above, the Compensation Committee will include and consider the recommendations of its compensation consultant in its analyses of the compensation programs our fiscal year 2013 and beyond.

Elements of Compensation

Our compensation program consists of three basic elements: (i) base salary; (ii) bonus (both pre-determined based on our performance and individual performance, and discretionary); and (iii) equity awards. These components work together in determining the overall compensation of our executive officers.

Base Salary: Each executive officer receives a base salary determined by the Compensation Committee to be commensurate with the officer's area of responsibility and that officer's areas and extent of responsibility in relation to our performance as a whole. The determination of this component is generally made at the first Compensation Committee meeting during each fiscal year, and is set for the ensuing fiscal year, or at other meetings as deemed necessary by the Compensation Committee. Such base salaries are intended to provide the executive officers with a competitive and equitable living salary. This determination was made by our Compensation Committee for the executives for fiscal 2012 at its meetings held in March and May 2011, and for our fiscal 2013 at its meeting held in March 2012. Named Executive Officers' base salary component will be determined by our Compensation Committee in its meeting to be held in May 2013.

Bonus: The Compensation Committee establishes our bonus program for all named executive officers, after receiving recommendations from the Chairman and the Chief Executive Officer, and when the offices were occupied, the Executive Vice Chairman and the Chief Operating Officer, for each individual named executive officer. The bonus program is based on both pre-determined levels of company

Edgar Filing: CONNS INC - Form PRE 14A

performance and bonus levels set for each named executive officer based on individual performance, and may include elements of discretionary bonus based upon an individual's performance.

Executive officers receive bonus payments based on our achievement of pre-determined profit goals approved by the Compensation Committee each fiscal year. For the fiscal years ended January 31, 2010, January 31, 2011 and January 31, 2012, the profit goals and the bonus amount associated with each of those goals were as follows:

(1) Bonuses are calculated on a pro-rata basis when operating profits fall between the levels shown above. Operating profits for purposes of the bonus in fiscal year 2012 were calculated excluding:

- a) any effect of charges related to store closings and severance agreements; and
- b) any effect of charges related to the adoption of accounting guidance for troubled debt restructuring.

Individual named executive officers may also receive bonus payments based on individual performance. These bonus levels are recommended by the Chairman, when this office is occupied by an executive Chairman, and the Chief Executive Officer, and determined by the Compensation Committee, based on that named executive officer's level of responsibility and ability to affect the performance of his area of responsibility and the company's performance. None of these bonus levels are based upon any percentage of the individual's base salary or goals, but each does have defined objective calculations based upon the areas of that individual's responsibilities. At the end of each fiscal year, the Compensation Committee may additionally establish individual performance bonus awards for each named executive officer upon recommendation of an executive Chairman, when the office is occupied, and the Chief Executive Officer, or as separately determined by the Compensation Committee.

Equity Awards

Equity awards are granted to executives through the deferred vesting of our stock option program and alternative equity incentive awards including restricted stock and restricted stock units pursuant to its 2011 Omnibus Incentive Plan approved by our stockholders at the 2011 annual meeting. Awards under our stock option program and our 2011 Omnibus Incentive Plan are determined by our Compensation Committee for all named executive officers. Award calculations and determinations are based primarily on three factors:

the relative value of the equity awards to the named executive officer's base salary so that if all other factors were equal the equity awards granted to a named executive officer would be in the same relative proportion of equity awards to base salaries as granted to other employees;

the number of equity awards previously granted to the named executive officer; and

the named executive officer's deemed contribution to the company.

Compensation under our equity incentive program is designed to align the long-term interests of our executives with that of our stockholders and to provide long-term performance incentives to our executives to complement the other forms of compensation they receive.

In making long-term incentive compensation decisions, no formal weighting formula is used in deciding award amounts under our stock option program. Our Compensation Committee instead considers each executive's ability and individual responsibility to directly impact our company's overall performance in the long-term, and makes equity awards based on considerations for each individual executive. Beginning in fiscal 2013, the Compensation Committee intends to add performance vesting of equity awards for a portion of the long term incentive compensation program. The Compensation Committee additionally considered the recommendations of its compensation consultant in formulating its equity awards for fiscal 2012 and its plans for the determination of equity awards under our equity plans for our fiscal year 2013.

We use equity awards to counterbalance the short-term base salary and bonus compensation components issued to our executives. We do not target any set mix of compensation components. Our Compensation Committee reviews the goals of our company and the status of the markets in which we compete to determine which mix of short-term and long-term performance compensation should be structured in order to properly incentivize our executives to best implement both the short-term and long-term elements of our company strategies.

For each of these elements, the Compensation Committee, in making its final determination, reviews recommendations from our executive Chairman, when this office is occupied, and our Chief Executive Officer of the amounts and timing of each, based upon our performance as a company and their respective day to day working knowledge of the performance of each individual and each such individuals areas of responsibility and expectations for future performance and rewards. The Compensation Committee alone determines the compensation of our Chief Executive Officer. As a result of the Company achieving operating profit between the Target and Maximum levels, \$2,270,044 of a potential maximum of \$2,496,000 was paid out to participants. The named executive officers, including our current Chief Executive Officer, received total payment of \$1,277,168. The Compensation Committee also relies on its explicit knowledge of the industry and our peers in determining the final salary, bonus and equity awards on a comparative basis as it deems appropriate and necessary to reward and maintain the executives as an integral part of our executive team and its overall performance and achievements.

Our Compensation Committee has retained a compensation consultant, Frederic W. Cook & Co., Inc., to assess the company's compensation policies and compare these policies with our peers and those of the industry as a whole, and to advise it in connection with its determination of our fiscal year 2012 executive officer compensation packages.

Annual Advisory Vote on Executive Compensation

At our 2011 annual meeting, more than 99.7% of the votes cast voted to approve the advisory resolution on our executive compensation. The Compensation Committee believes that the positive outcome of this vote supports the compensation arrangements established by it for our named executive officers in fiscal 2011 as well as in fiscal 2012. In addition, at our 2011 annual meeting, our stockholders approved a recommendation of an annual advisory vote by the stockholders on our executive officers' compensation. The board of directors has adopted that recommendation and intends to hold an annual advisory vote on our executive officers' compensation.

Employment Agreements

On February 27, 2011, Timothy L. Frank resigned as our President and Chief Executive Officer and as a member of the Board of Directors, effective immediately. In connection with Mr. Frank's resignation, we entered into a letter agreement with Mr. Frank. Under the agreement, Mr. Frank will continue to be employed by us in a non-executive capacity for two years, but will be given an opportunity to pursue other opportunities that do not compete with us. During the first year, Mr. Frank received a salary equal to his then current annual base salary of \$450,000. During the second year expiring February 26, 2013, Mr. Frank is receiving an annual salary of \$18,000.

Stock Ownership Guidelines for our Named Executive Officers

Our Compensation Committee has established stock ownership guidelines for our named executive officers. The guideline for the chief executive officer is two times base salary. The guideline for the other three named executive officers is one and one-half times base salary. Our named executive officers have five years from August 30, 2011 to reach these targets. If these targets are not attained timely, then the applicable executive officer will be required to retain 50% of the net after-tax shares realized from the company's equity incentive programs until the guideline is met. Shares that count toward the guideline include directly owned shares, beneficially owned shares held indirectly and shares held in any retirement or deferral account. Unexercised stock options, unearned/unvested performance shares and unvested restricted stock shares do not count in the guideline calculations.

Other Compensation

We provide our named executive officers with other benefits, as reflected in the All Other Compensation column in the Summary Compensation Table on page 30, which the Compensation Committee believes is reasonable, competitive and consistent with our executive compensation program.

Compensation for the Named Executive Officers in Fiscal 2012

Chief Executive Officer Compensation

Our Chief Executive Officer's annual compensation package was determined in accordance with our policies and procedures for all executive officers.

Theodore M. Wright, our Chief Executive Officer, received a base salary of \$450,000 from the date of his election as our Interim Chief Executive Officer on February 27, 2011 through August 30, 2011, and \$550,000 from September 1, 2011 through November 30, 2011, at which time his base salary was set by our Compensation Committee at \$700,000, upon his election as our Chief Executive Officer.

Mr. Wright was eligible to receive an annual cash bonus or Incentive Compensation, the amount of such bonus determined by the Compensation Committee in accordance with a pre-established performance goal which satisfies the requirements of Section 1.162-27(e)(2) of the Treasury regulations, taking into account any one or more of the following criteria with respect to our (a) total revenues or any component thereof; (b) operating income, pre-tax or after-tax income, EBITA, EBITDA or net income; (c) cash flow, free cash flow or net cash from operations; (d) earnings per share; (e) value of our common stock or total return to stockholders; and (f) any combination of any or all of the foregoing criteria, in each case on an absolute or relative basis. The performance goals established for fiscal year 2012, and the bonus amount associated with each level were as follows:

Name	Fiscal Year 2012 Operating Profit Goals		
	\$ 36,423,000 Threshold (1)	\$ 47,300,000 Target (1)	\$ 58,250,000 Maximum (1)
Theodore M. Wright	85,000	425,000	637,500

(1) Bonuses are calculated on a pro-rata basis when operating profits fall between the levels shown above. Operating profits for purposes of the bonus in fiscal year 2012 were calculated excluding:

- a) any effect of charges related to store closings and severance agreements; and
- b) any effect of charges related to the adoption of accounting guidance for troubled debt restructuring.

Mr. Wright received a cash bonus of \$548,834 paid on March 30, 2012, based upon the above criteria.

Our Compensation Committee approved the issuance to Mr. Wright of equity grants on May 24, 2011 of 65,000 restricted stock units vesting in three equal installments on August 24, 2011, November 24, 2011 and February 24, 2012. 65,000 shares of our common stock have been issued to Mr. Wright in accordance with the grants. On December 5, 2011, upon Mr. Wright's being elected as our Chief Executive Officer, the Compensation Committee awarded Mr. Wright an additional 50,000 restricted stock units and 175,000 stock options to vest in three equal installments on December 5, 2012, December 5, 2013 and December 5, 2014. However, no vesting of these restricted stock units and options shall occur until the closing price of our company's common stock on the principal stock market on which it trades is no less than \$18.00 per share for at least twenty consecutive trading days, as adjusted for stock splits, stock dividends or similar events. Once the condition is attained, the restricted stock units and the stock options shall vest as provided herein, both prior to and subsequent to such price attainment.

The Incentive Compensation award for any year may not exceed \$1,920,000.

The Compensation Committee evaluated and took into account each of the above listed criteria in determining the performance goals for fiscal 2012. The components of our Chief Executive Officer's compensation package are reflected in the Summary Compensation Table and the footnotes following.

The following table indicates the quantitative disclosure of the payments that would be made to our named executive officers under their severance agreements and estimated benefit of the acceleration of each named executive officer's unvested options had a change of control occurred on January 31, 2012 and is calculated based on the closing price of our common stock on January 31, 2012:

In the event of a Merger Transaction that constitutes a Change of Control in which this Option is assumed or an equivalent option is issued by a successor entity, an Involuntary Termination of the Optionee within one (1) year after the effective date of the Change of Control shall cause this Option or the equivalent substitute option to be immediately exercisable for the full number of Shares covered hereunder.

Compensation of Non-Employee Directors

Each of our non-employee directors received an annual Director's fee of \$50,000, and each chair of the Audit Committee and the Compensation Committee received an annual fee of \$10,000 to serve as the chair of those Committees for our fiscal year 2012. At the March meeting of our Compensation Committee, the annual fee for chairmanship of our Audit Committee was increased to \$15,000.

In addition our non-employee directors (i) are allowed to participate in the company's medical plan at the same contributories with all the benefits of full-time active employees, (ii) receive a

merchandise discount in the same amount as the discount our employees receive; and (iii) are reimbursed for their expenses in attending board and committee meetings.

We adopted the 2003 Non-Employee Director Stock Option Plan in February 2003 in connection with our initial public offering, and amended the Plan by vote of stockholders at our 2006 annual meeting of stockholders. The plan is administered by the board of directors. Only non-employee directors are eligible grantees. Upon the closing of the initial public offering, we granted each of our then-current non-employee directors the option to purchase 40,000 shares of our common stock. Prior to fiscal 2012, we have automatically, per the Stock Option Plan, granted our non-employee directors an option to purchase an additional 10,000 shares following each annual stockholders meeting on and after the fourth anniversary of each non-employee director's initial election or appointment to the board of directors. This annual award of options was eliminated by our Compensation Committee for our non-employee board members for our fiscal year 2012, and the Compensation Committee awarded restricted stock units covering 9,561 shares of our common stock under the 2011 Non-Employee Director Restricted Stock Plan as discussed below, to each director, vesting on the annual anniversary date of the award, being May 24, 2012.

The initial options to purchase 40,000 shares of our common stock issued to non-employee directors vested equally over a three year period, and the additional options to purchase 10,000 shares of our common stock issued to non-employee directors vested on the first annual anniversary date of the date of the grant. All of these options have vested. The exercise price of each option is equal to the price per share of our common stock at the close of market on the date the option is granted. The options have a term of up to ten years. Upon a change in control or sale of the company, optionees have special vesting and exercise rights.

Under the 2003 Non-Employee Director Stock Option Plan, the number of options available to issue is 600,000. As of January 31, 2012, 550,000 options had been issued under this Plan. No options were awarded to non-employee directors during fiscal 2012. The Compensation Committee has determined that no further options will be granted under this Plan at this time, as a result of our stockholders approving the 2011 Non-Employee Director Restricted Stock Plan at our 2011 annual meeting.

At our 2011 annual meeting our stockholders approved the adoption of the company's 2011 Non-Employee Director Restricted Stock Plan. This Plan is administered by our Compensation Committee, and only non-employee directors are eligible recipients of rewards under the Plan. The Plan permits the awarding restricted stock and restricted stock units. At the Compensation Committee May 24, 2011 meeting, the Committee approved the award of restricted stock units covering 9,561 shares of common stock of the company to each of the Company's non-employee directors pursuant to the 2011 Non-Employee Director Restricted Stock Plan. The Compensation Committee at its March 2012 meeting approved an award to each director following the company's 2012 annual meeting of restricted stock units in the value of \$60,000 as per the price of our common stock at the close of business the day immediately preceding the award.

Stock Ownership Guidelines for our Non-Employee Directors

Our Compensation Committee has established stock ownership guidelines for our non-employee directors. The guideline for each of these non-employee directors is two times the annual retainer. Each non-employee director shall have five years from August 30, 2011 to reach these targets. If these targets are not attained timely, then the applicable non-employee director will be required to retain 50% of the net after-tax shares realized from the company's equity incentive programs until the guideline is met. Shares that count toward the guideline include directly owned shares, beneficially owned shares held indirectly and shares held in any retirement or deferral account. Unexercised stock options, unearned/unvested performance shares and unvested restricted stock shares do not count in the guideline calculations.

Indemnification Arrangements

As permitted by the Delaware General Corporation Law, we have adopted provisions in our certificate of incorporation and bylaws that provide for the indemnification of our directors and certain executive officers, including our named executive officers, to the fullest extent permitted by applicable law. These provisions, among other things, indemnify each of our directors and certain officers for certain expenses, including judgments, fines and amounts paid in settling or otherwise disposing of actions or threatened actions, incurred by reason of the fact that such person was a director or officer of the company or of any other corporation which such person served in any capacity at the request of the company.

In addition, we have entered into indemnification agreements with each of our directors pursuant to which we will indemnify them against judgments, claims, damages, losses and expenses incurred as a result of the fact that any director, in his capacity as a director, is made or threatened to be made a party to any suit or proceeding. The indemnification agreements also provide for the advancement of certain expenses (such as attorney's fees, witness fees, damages, judgments, fines and settlement costs) to our directors in connection with any such suit or proceeding.

We maintain a directors' and officers' liability insurance policy to insure our directors and officers against certain losses resulting from acts committed by them in their capacities as our directors and officers, including liabilities arising under the Securities Act of 1933.

CORPORATE GOVERNANCE

Code of Ethics

Our board of directors has adopted a code of business conduct and ethics for our employees, a code of ethics for our chief executive officer and senior financial professionals and a code of business conduct and ethics for our board of directors. A copy of these codes is published on our website at www.conns.com under Investor Relations Corporate Governance. We intend to make all required disclosures concerning any amendments to, or waivers from, these codes on our website.

Separation of Chairman of the Board and Chief Executive Officer

Effective December 7, 2010, our board of directors elected Theodore M. Wright as the Chairman of the Board of Directors. Prior to February 27, 2011, Mr. Wright was not and never had been an employee or executive officer of our company, has been a member of our board of directors since September 2003, and has been designated an independent director each year since his election to the board of directors. Effective February 27, 2011, Mr. Wright was elected to serve as our Interim Chief Executive Officer and President while our board pursued and completed a search for a permanent Chief Executive Officer and President. Effective December 5, 2011, Mr. Wright was elected by our board to serve as our Chief Executive Officer and President, and our board requested that he continue to serve as its Chairman. While our bylaws and corporate governance guidelines do not require that our Chairman of the Board of Directors position and Chief Executive Officer positions be separated, effective February 27, 2011, with the election of Mr. Wright as Interim Chief Executive Officer and President, the board determined that, at least while the search for a permanent Chief Executive Officer and President was continuing and until such position is filled, the company's best interests would be best served by having the positions of Chairman of the Board of Directors and the Interim Chief Executive Officer and President be filled by Mr. Wright, who was thereby deemed to no longer be an independent member of the board of directors. Upon Mr. Wright's election by the board of directors to serve as the Chief Executive Officer in conclusion of its search, the board determined that the company's best interests are served by Mr. Wright serving as both Chairman and Chief Executive Officer of the company.

The determination by the board of directors to elect a director determined by the board of directors to no longer be independent as its Chairman, rather than to elect an independent member of the board as its Chairman, was based upon the board of directors belief that this a separation was not needed due to the length of time Mr. Wright had served on the Board as an independent director since 2003, and that his expertise in both roles would be in the best interest of the company and our stockholders, and would bring a different perspective to the board from that which previous executive officers whose time and efforts had been primarily devoted to the company operations.

During the period that our Chairman of the Board also serves as our Chief Executive Officer and President, the board has determined that our interests continue to be served without the designation or appointment of a lead independent director. This determination was made due to the board's comfort that its Chairman has been independent since first appointed to the board of directors in 2003 when we elected to become a publicly held company, and that his combined positions do not adversely affect his continuing to lead the board of directors as its Chairman without the necessity of appointing an independent lead director. This determination will be reconsidered depending on the length of time that the positions of Chairman and Chief Executive Officer and President are occupied by the current Chairman.

Risk Oversight

The board is actively involved in oversight of risks that could affect the company. Management is responsible for the day-to-day management of risks we face, while the board, as a whole and through its committees, has responsibility for the oversight of risk management. The Audit Committee of our board of directors is charged by its charter with the responsibility to and does review and discuss the company's policies and practices with respect to risk assessment and risk management at each of its regularly scheduled meetings, and to report to the board of directors various areas of risk, including credit, liquidity and operational, that should receive further attention and discussions among the board of directors and company management. Our management does present specifically to the Audit Committee, and the

board of directors if requested by the Audit Committee, various areas of risk concerns and management practices relative thereto as required by the Audit Committee, and when requested by the board, including particularly enterprise risk management which is the subject of intense scrutiny by the Audit Committee through presentations and discussions with the company's management at each Audit Committee Meeting. Additionally, at various regularly scheduled Audit Committee meetings, our management presents a particular area of risk, either independently as a result of its assessment of materiality or at the request of the Audit Committee in addition to the discussions of enterprise risk management. The Audit Committee works with management in assessing and addressing the company's policies' strengths and weaknesses in each area presented or separately assessed. The full board of directors receives at each regularly scheduled meeting, and more often as necessary, a presentation from management of our operations, including presentations of liquidity and credit reports and risks. Upon request by the board of directors, representatives of management for the separate areas commit to and do subsequently or simultaneously provide additional information, revisions and explanations pertaining to their respective areas of management.

AUDIT COMMITTEE REPORT

The Committee

Our board of directors established the Audit Committee to be responsible for the appointment, compensation, retention and oversight of the work of our independent auditors and to oversee our (i) financial reporting process; (ii) internal audits, internal control policies and procedures implementation and compliance with Sarbanes-Oxley Section 404 requirements and authorities; and (iii) financial, tax, and risk management policies. The Audit Committee is composed of three members and operates under a written charter, a copy of which is published on our website at www.conns.com under Investor Relations Corporate Governance. The Audit Committee has prepared the following report on its activities with respect to our financial statements for the fiscal year ended January 31, 2012.

Review and Discussion

Management is responsible for our financial reporting process including its system of internal controls, and for the preparation of Conn's consolidated financial statements in accordance with generally accepted accounting principles. Ernst & Young LLP, our independent registered public accounting firm, is responsible for auditing those financial statements and for attesting to the effectiveness of our internal control over financial reporting. It is the Audit Committee's responsibility to monitor and review these processes. The members of the Audit Committee are not employees of the company and do not represent themselves to be or to serve as, accountants or auditors by profession or experts in the field of accounting or auditing.

In connection with the preparation of our audited financial statements for the fiscal year ended January 31, 2012, the Audit Committee:

reviewed and discussed our Annual Report on Form 10-K, including our audited consolidated financial statements and Management's Report on Internal Control over Financial Reporting for the year ended January 31, 2012, with management;

discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Oversight Board in Rule 3200T; and

received the written disclosures and the letter from Ernst & Young LLP required by PCAOB Rule 3526 (Communication with Audit Committees Concerning Independence), and discussed with Ernst & Young LLP its independence from the company, including whether Ernst & Young LLP's provision of non-audit services to the company is compatible with the auditors' independence.

The Audit Committee meets separately with our independent auditors to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting. The Audit Committee held four regularly scheduled meetings and acted once by unanimous written consent in lieu of meeting during the fiscal year ended January 31, 2012.

Recommendation

Based on the review and discussion referred to above, the Audit Committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2012, for filing with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Party Transactions

The board has adopted a statement of policy with respect to all relationships and transactions in which our company and our directors and executive officers or their immediate family members are participants. Under this policy, the board of directors reviews all related party relationships and transactions to determine whether such persons have a direct or indirect material interest, and if so, if the transactions are at arms length and are acceptable to the board of directors. Each related party transaction must be entered into on terms that are comparable to those that could be obtained as a result of arm's length dealings with an unrelated third party to be approved and accepted by the board of directors. As required under SEC rules, transactions that are determined to be directly or indirectly material to the company or a related person are disclosed in our proxy statement. In addition, the Audit Committee reviews any related person transaction that is required to be disclosed. In the course of its review of these relationships, the Audit Committee observes how each relates to a potential conflict of interest with the company:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction, and the timing of the entering of such transaction;

the importance of the transaction to the related person;

the importance of the transaction to the company;

whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and

any other matters the committee deems appropriate.

Related Party as Provider of Our Printing Services

During fiscal year 2012, we continued to engage the services of Direct Marketing Solutions, Inc., or DMS, for a substantial portion of our direct mailing advertising and our credit collection mailings. Direct Marketing Solutions, Inc. is partially owned (less than 50%) by the SF Holding Corp., members of the Stephens family, Jon E.M. Jacoby and Douglas H. Martin. SF Holding Corp. and the members of the Stephens family are significant stockholders of our company, and Messrs. Jacoby and Martin are members of our board of directors. The fees we paid to DMS during fiscal 2010, 2011 and 2012 amounted to approximately \$2.4 million, \$2.4 million and \$2.3 million, respectively. When DMS was initially engaged to perform direct marketing services and credit collection mailings for us, a competitive analysis was performed from submissions by various marketing and printing groups, with DMS presenting the low price point in these analyses. During fiscal 2010, 2011 and 2012, additional analyses have been performed which continually support that DMS offers us the lowest cost for the best service.

Related Party as Financial Advisor

From time to time we have engaged Stephens Inc. to act as our financial advisor. For example, in fiscal 2011 we engaged Stephens Inc. to be our financial advisor to advise us in connection with our rights offer. More recently we have engaged Stephens to advise us on certain transactions that we may consider during fiscal 2012. If these transactions are presented to the company, we agreed to pay Stephens, Inc success fees in the event of the consummation of any such opportunity, together with an additional fee for any opinion our board asks Stephens Inc. to render in connection with any such opportunity. The disinterested members of our board of directors have determined that it is in the company's best interest to engage Stephens Inc. in such capacity to assist us in analyzing and advising us with respect to these opportunities. Stephens Inc. and its affiliates own approximately 23.69% of our outstanding common stock, and Douglas H. Martin, one of our directors, is a Senior Managing Director of Stephens Inc. The engagement of Stephens Inc. as financial advisor was approved by the independent members of our board of directors after full disclosure of the conflicts of interests of the related parties in the transaction. Mr. Douglas H. Martin did not participate in the approval process.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that our directors, executive officers as well as other persons who own more than 10% of our outstanding common stock file initial reports of ownership and reports of changes in ownership of our common stock with the SEC. Officers, directors and other stockholders who own more than 10% of our outstanding common stock are required by the SEC to furnish us with copies of all Section 16(a) reports they file, other than a late filing of a Form 4 by Mr. Wright upon the vesting and issuing of shares of common stock related to the previously reported grant of restricted stock units.

To our knowledge, based on a review of reports and information furnished to us by those persons who were directors, executive officers and/or the beneficial holders of 10% or more of our common stock at any time during the fiscal year ended January 31, 2012 and upon representations from such persons, we believe that all stock ownership reports required to be filed under Section 16(a) by such reporting persons during the fiscal year ended January 31, 2012 were timely made.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP served as our independent registered public accounting firm for the fiscal year ended January 31, 2012. The Audit Committee has appointed Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2013. Representatives of Ernst & Young LLP will attend the 2012 annual meeting of stockholders and will be available to respond to appropriate questions that may be asked by stockholders. These representatives will also have an opportunity to make a statement at the meeting if they desire to do so.

Fees for professional services rendered by Ernst & Young LLP during fiscal 2011 and 2012 in each of the following categories, including related expenses, are:

	Years Ended January 31,	
	2011	2012
Audit Fees	\$ 1,252,494	\$ 922,289
Audit-Related Fees	6,273	
Tax Fees	60,000	93,105
All Other Fees		11,000

Audit fees included fees for the annual audit, including the audit of internal control over financial reporting, reviews of the Company's Quarterly Reports on Form 10-Q, work performed to support our debt issuances, and accounting consultations. Audit-related fees principally include separate agreed upon procedures not required by statute or regulation. Tax fees include tax compliance, tax advice, and tax planning services. Other Fees include those items unrelated to those specific audit or audit-related services described above.

Our Audit Committee Charter requires pre-approval of all services to be rendered by our independent auditors. It was determined that no services rendered by our outside auditors in fiscal 2012 were prohibited under the Sarbanes-Oxley Act of 2002. All fees associated with the services for fiscal 2012 were approved in advance of services being rendered. In addition, the Audit Committee has considered whether Ernst & Young LLP's provision of services, other than services rendered in connection with the audit of our annual financial statements and reviews of our financial statements included in our Forms 10-Q for the most recent fiscal year, is compatible with maintaining Ernst & Young LLP's independence and has determined that such services rendered met the requirements of independence.

STOCKHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding Intel stock but who share the same address, we have adopted a procedure approved by the SEC called "householding." Under this procedure, certain stockholders of record who have the same address and last name, and who do not participate in electronic delivery of proxy materials, will receive only one copy of our **Notice of Internet Availability of Proxy Materials** and, as applicable, any additional proxy materials that are delivered until such time as one or more of these

stockholders notifies us that they want to receive separate copies. This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you receive a single set of proxy materials as a result of householding, and you would like to have separate copies of our **Notice of Internet Availability of Proxy Materials**, annual report, or proxy statement mailed to you, please submit a request to our Corporate Secretary at 3295 College Street, Beaumont, Texas 77701 or call our Investor Relations department at (409) 832-1696 extension 3294, and we will promptly send you what you have requested. However, please note that if you want to receive a paper proxy or voting instruction form or other proxy materials for purposes of this year's annual meeting, follow the instructions included in the **Notice of Internet Availability of Proxy Materials** that was sent to you. You can also contact our Investor Relations department at the phone number above if you received multiple copies of the annual meeting materials and would prefer to receive a single copy in the future, or if you would like to opt out of householding for future mailings.
