**Sale of Shares**

You may instruct the Plan Administrator to sell your shares under the Plan in one of four ways through a Batch Order, Market Order, Day Limit Order or Good Till Cancelled (GTC) Limit Order.

**(1) Batch Order:** In a Batch Order, the Plan Administrator will combine the shares you want to sell through the Plan with shares that are being sold by other Plan participants. Shares are then periodically submitted in bulk to an affiliated broker for sale on the open market. Your shares will usually be sold within one business day after the Plan Administrator receives your request, but no later than five business days (except where deferral is necessary under state or federal regulations). Depending on the number of shares being sold and current trading volume

in the shares, bulk sales may be executed in multiple transactions and over more than one day. Once entered, a Batch Order request cannot be cancelled. Sales proceeds in a Batch Order transaction equal the market price that the broker receives for your shares (or, if more than one trade is necessary to sell all of the Plan shares submitted to the broker on that day, the weighted average price for all such shares sold on the applicable trade date or dates), less applicable taxes and fees.

**(2) Market Order:** A Market Order is a request to sell your shares at the prevailing market price when the trade is executed. If such an order is placed during market hours, the Plan Administrator will promptly submit your shares to an affiliated broker for sale on the open market, and such orders cannot be cancelled. If such an order is placed outside of market hours, the Plan Administrator will submit your shares to an affiliated broker on the next trading day, and any requests to cancel such an order will be honored on a best efforts basis.

**(3) Day Limit Order:** A Day Limit Order is an order to sell your shares when and if the stock reaches a specific price on a specific day. The order is automatically cancelled if the price is not met by the end of that trading day or, for orders placed outside of market hours, the next trading day. Depending on the number of shares being sold and current trading volume in the shares, your order may only be partially filled, in which case the remainder of your order will be cancelled. Any request to otherwise cancel a pending Day Limit Order will be honored on a best efforts basis.

**(4) Good-Till-Cancelled ( GTC ) Limit Order:** A GTC Limit Order is an order to sell your shares when and if the stock reaches a specific price at any time while the order remains open (up to 90 days). Depending on the number of shares being sold and current trading volume in the shares, sales may be executed in multiple transactions and may be traded on more than one day. The order, or any unexecuted portion thereof, is automatically cancelled if the price is not met by the end of the order period. The order also may be cancelled by the applicable stock exchange or by shareholder request, which will be honored on a best efforts basis.

Sales proceeds in Market Orders, Day Limit Orders and GTC Limit Orders equal the market price that the broker receives for your shares, less applicable taxes and fees.

A check for the proceeds of the sale of shares (in U.S. Dollars) less applicable taxes and fees, will generally be mailed to you by first class mail within four business days after the final trade settlement date. If you sell shares through a Market Order, Day Limit Order or GTC Limit Order, you may choose to receive sales proceeds in a foreign currency or by wire or direct deposit. These services are subject to additional fees and additional terms and conditions, which you must agree to when submitting the transaction.

All sales are subject to market conditions, system availability and other factors. The actual sale date or price received for any shares sold through the Plan may not be guaranteed. All sales transactions under the Plan are made through a broker affiliated with the Plan Administrator that will receive brokerage commissions in connection with such sales. Shares are sold on the exchange on which the common shares of the Company trade. The selling price may not be known until the sale is complete.

The fees charged in connection with the sale of shares are listed below under Plan Service Fees .

If you want to sell shares through your own broker, you may request the Plan Administrator to transfer shares electronically from your Plan account to your brokerage account. Alternatively, you may request a stock certificate that you can then deliver to your broker.

*Plan participants must perform their own research and must make their own investment decisions. Neither the Plan Administrator nor any of its affiliates will provide any investment recommendations or investment advice with respect to transactions made through the Plan.*

*Methods of Sale.* Depending upon the manner of sale you have chosen, you may instruct the Plan Administrator to sell some or all shares held in your Plan account by one of the following methods.
