Dear Spectra Energy Shareholder:

It is my pleasure to invite you to Spectra Energy Corp.'s 2013 Annual Meeting of Shareholders. This year's meeting will be held on Tuesday, April 30, 2013 at 10:00 a.m., local time, at our headquarters located at 5400 Westheimer Court, Houston, Texas. At the meeting, we will focus on the business items listed in the notice of the meeting, which follows on the next page.

Once again this year we are pleased to furnish our proxy materials to our shareholders electronically. We believe this e-proxy process expedites our shareholders' receipt of proxy materials, lowers the costs of distribution and reduces the environmental impact of printing and distributing proxy materials.

On or about March 21, 2013, we will mail to our shareholders of record as of the close of business on March 4, 2013, a Notice containing instructions on how to access our proxy statement, Annual Report to Shareholders and Annual Report on Form 10-K, and how to vote online. Shareholders who have requested printed copies of these materials will continue to receive them by mail.

Whether or not you plan to attend the meeting, your vote is important and we encourage you to vote promptly. You may vote your shares via a toll-free telephone number or over the Internet. If you received a paper copy of the proxy card by mail, you may sign, date and mail the proxy card in the envelope provided. Instructions regarding all three methods of voting are contained on the proxy card.

We look forward to seeing you at the Annual Meeting.

Sincerely,

William T. Esrey

Chairman of the Board

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD APRIL 30, 2013

To Our Shareholders:

Spectra Energy Corp.'s 2013 Annual Meeting of Shareholders will be held at our headquarters at 5400 Westheimer Court, Houston, Texas 77056, on Tuesday, April 30, 2013, at 10:00 a.m., local time. At our Annual Meeting, shareholders will:

1. Vote on the election of all of our directors for the ensuing year;
2. Vote on ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2013;
3. Vote on an advisory resolution to approve our executive compensation;
4. Vote on the two shareholder proposals described in this proxy statement, if presented; and
5. Transact other business as may properly come before the meeting.

Only shareholders of record at the close of business on March 4, 2013 are entitled to notice of and to vote at the Annual Meeting. For specific voting information, see "General Information about the Annual Meeting" beginning on page 2 of this proxy statement. Even if you plan to attend the Annual Meeting, please sign, date and return the enclosed proxy card as promptly as possible to ensure that your shares are represented. If you attend the Annual Meeting, you may withdraw any previously submitted proxy and vote in person.

By Order of the Board of Directors

Patricia M. Rice

Vice President and Secretary

March 21, 2013

Houston, Texas

Houston, Texas 77056

PROXY STATEMENT

We are furnishing you with these proxy materials in connection with the solicitation of proxies by our Board of Directors for use at our 2013 Annual Meeting of Shareholders and any adjournments or postponements of the meeting. The Annual Meeting will be held at our headquarters at 5400 Westheimer Court, Houston, Texas on Tuesday, April 30, 2013, at 10:00 a.m., local time.

As permitted by rules adopted by the Securities and Exchange Commission, or SEC, we are making this proxy statement, our 2012 Annual Report to Shareholders and our Annual Report on Form 10-K for 2012 available to shareholders electronically via the Internet. On or about March 21, 2013, we will mail to our shareholders of record as of the close of business on March 4, 2013 a Notice containing instructions on (1) how to access this proxy statement, our 2012 Annual Report to Shareholders and our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 and (2) how to vote online. Also on or about March 21, 2013, we will mail these proxy materials to shareholders of record who have requested paper copies.

If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the proxy materials. The Notice also instructs you on how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

Unless stated otherwise or the context otherwise requires, all references in this proxy statement to us, we, our, Company or Spectra Energy are to Spectra Energy Corp.

Table of Contents

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Q: *Why did I receive these proxy materials?*

A: You received these proxy materials from us in connection with the solicitation by our Board of Directors of proxies to be voted at the Annual Meeting because you owned our common stock as of March 4, 2013. We refer to this date as the record date. This proxy statement contains important information for you to consider when deciding how to vote your shares at the Annual Meeting. Please read this proxy statement carefully. In addition, we have included with these materials a copy of our 2012 Annual Report to Shareholders and our Annual Report on Form 10-K for 2012, which contain additional information about us. You can also access our public filings with the SEC free of charge on our website at www.spectraenergy.com or on the SEC's website at www.sec.gov.

Q: *What is a proxy?*

A: A proxy is your legal designation of another person to vote the shares that you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card.

Q: *On what am I voting?*

A: The election of our directors to the Board;

The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2013;

An advisory resolution to approve executive compensation; and

The two shareholder proposals described in this proxy statement, if presented.

Q: *What is an advisory vote approving executive compensation?*

A: As required by rules promulgated by the SEC, we are asking our shareholders to provide an advisory, nonbinding vote to approve the compensation awarded to our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and procedures relating to executive compensation described in this proxy statement.

Q: *Who can vote?*

A: Holders of our common stock as of the close of business on the record date, March 4, 2013, are entitled to vote at the Annual Meeting, either in person or by proxy. Each share of our common stock has one vote.

Q: *How do I vote?*

A: *By Proxy* Before the Annual Meeting, you can give a proxy to vote your shares of our common stock in one of the following ways:

by telephone shareholders located in the United States can vote by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;

by Internet you can vote over the Internet at www.proxyvote.com by following the instructions on the proxy card; or

Table of Contents

by mail if you received your proxy materials by mail, you can vote by mail by completing and signing your proxy card and mailing it in time to be received prior to the Annual Meeting.

The telephone and Internet voting procedures are designed to confirm your identity, to allow you to give your voting instructions and to verify that your instructions have been properly recorded. If you wish to vote by telephone or Internet, please follow the instructions that are printed on your enclosed proxy card.

If you mail us your properly completed and signed proxy card, or vote by telephone or Internet, your shares of our common stock will be voted according to the choices that you specify. If you sign and mail your proxy card without marking any choices, your proxy will be voted:

FOR the election of all nominees for director;

FOR the ratification of the appointment of Deloitte & Touche LLP as Spectra Energy's independent registered public accounting firm for fiscal year 2013;

FOR the approval, on an advisory, non-binding basis, of the compensation of our Named Executive Officers; and

AGAINST each of the two shareholder proposals described in this proxy statement, if presented.

We do not expect that any other matter will be brought before the Annual Meeting. However, by giving your proxy, you appoint the persons named as proxies as your representatives at the Annual Meeting. If an issue should arise for vote at the Annual Meeting that is not included in the proxy statement, the proxy holders will vote your shares in accordance with their best judgment.

In Person You may come to the Annual Meeting and cast your vote there. If your shares are held in the name of your broker, bank or other nominee and you wish to vote at the Annual Meeting, you must bring an account statement or letter from the nominee indicating that you were the owner of the shares on March 4, 2013.

Q: *What does it mean if I receive more than one proxy card?*

A: If you receive more than one proxy card, then you own our common stock through multiple accounts at the transfer agent and/or with stockbrokers. Please sign and return all proxy cards to ensure that all of your shares are voted at the Annual Meeting.

Q: *May I change or revoke my vote?*

A: You may change your vote or revoke your proxy at any time by:

notifying our Corporate Secretary in writing that you are revoking your proxy;

providing another signed proxy that is dated after the proxy you wish to revoke;

using the telephone or Internet voting procedures; or

attending the Annual Meeting and voting in person.

Q: *Will my shares be voted if I do not provide my proxy?*

A: It depends on whether you hold your shares in your own name or in the name of a brokerage firm. If you hold your shares directly in your own name, they will not be voted unless you provide a proxy or vote in person at the Annual Meeting. Brokerage firms generally have the authority to vote customers' unvoted shares on certain routine matters. If your shares are held in the name of a brokerage firm, the brokerage firm can vote your shares for the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2013 if you do not timely provide your proxy because this matter is considered routine under the applicable rules.

Table of Contents

The other proposals are not considered routine matters and therefore your shares may not be voted by your broker without instruction. If you do not instruct your broker how to vote on these other proposals, your broker will not vote for you. We urge you to exercise your voting rights as a shareholder and vote at the Annual Meeting.

Q: *As a participant in the Spectra Energy Retirement Savings Plan, how do I vote shares held in my plan account?*

A: If you are a participant in the Spectra Energy Retirement Savings Plan, you have the right to provide voting directions to the plan trustee for those shares of our common stock that are held by the plan and allocated to your account. Plan participant proxies are treated confidentially.

If you elect not to provide voting directions to the plan trustee, the plan trustee will vote the Spectra Energy shares allocated to your plan account in the same proportion as those shares held by the plan for which the plan trustee has received voting directions from other plan participants. The plan trustee will follow participants' voting directions and the plan procedure for voting in the absence of voting directions, unless it determines that to do so would be contrary to the Employee Retirement Income Security Act of 1974. Because the plan trustee must process voting instructions from participants before the date of the Annual Meeting, you are urged to deliver your instructions well in advance of the Annual Meeting so that the instructions are received no later than April 25, 2013.

Q: *What constitutes a quorum?*

A: As of the record date, 669,159,333 shares of our common stock were issued and outstanding and entitled to vote at the Annual Meeting. In order to conduct the Annual Meeting, a majority of the shares entitled to vote must be present in person or by proxy. This is referred to as a quorum. If you submit a properly executed proxy card or vote by telephone or on the Internet, you will be considered part of the quorum. Abstentions and broker non-votes will be counted as present and entitled to vote for purposes of determining whether there is a quorum at the Annual Meeting. A broker non-vote occurs when a broker or other nominee who holds shares for another person has not received voting instructions from the owner of the shares and, under New York Stock Exchange, or NYSE, rules, does not have discretionary authority to vote the shares on a proposal because the proposal is not considered to be routine.

Q: *What vote is needed for these proposals to be adopted?*

A: Regarding Proposal 1, a director will be elected if the number of shares voted for the director exceeds the number of votes against that director. In tabulating the votes on Proposal 1, abstentions will have no effect on the outcome of the votes. The affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on that proposal at the Annual Meeting is required to approve Proposals 2, 3, 4 and 5. In tabulating the votes on Proposals 2, 3, 4 and 5, abstentions will have the same effect as votes against the matter. Broker non-votes will have no effect in tabulating the votes on any of the non-routine Proposals.

Q: *What will happen if a director receives a greater number of votes against his or her election than votes for such election?*

A: In any uncontested election, any nominee for director who receives a greater number of votes against his or her election than votes for such election is required to tender his or her resignation. The Corporate Governance Committee is then required to make recommendations to the Board with respect to any such letter of resignation. The Board is required to take action with respect to this recommendation and to disclose its decision-making process. Full details of this policy are set out in our Principles for Corporate Governance, which is posted on our website at www.spectraenergy.com/investors/governance.

Table of Contents

Q: *Who conducts the proxy solicitation and how much will it cost?*

A: We are requesting your proxy for the Annual Meeting and will pay all the costs of requesting shareholder proxies. We have hired Broadridge Financial Solutions, Inc. to assist in mailing proxy materials, providing electronic access to the proxy materials and requesting proxies. Broadridge's fee for these services is approximately \$60,000 plus out-of-pocket expenses. We have hired Morrow & Co., LLC to assist in the solicitation of proxies for a fee of \$11,000. We can request proxies through the mail or personally by telephone, telegram, fax or other means. We can use our directors, officers and other employees to request proxies. These people do not receive additional compensation for these services. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding solicitation materials to the beneficial owners of our common stock.

Table of Contents

PROPOSAL 1 ELECTION OF DIRECTORS

General

At the Annual Meeting, all of the directors nominated for election will be elected to one-year terms expiring in 2014. Based on the recommendations from the Corporate Governance Committee, our Board has nominated the following individuals for election to the Board: our Chairman of the Board, William T. Esrey, our President and Chief Executive Officer, Gregory L. Ebel, Austin A. Adams, Joseph Alvarado, Pamela L. Carter, F. Anthony Comper, Peter B. Hamilton, Dennis R. Hendrix, Michael McShane, Michael G. Morris and Michael E. J. Phelps.

If any nominee is unable to stand for election, the Board may reduce the number of directors or designate a substitute. In that case, shares represented by proxies may be voted for a substitute director. We do not expect that any nominee will be unavailable or unable to serve.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH NOMINEE.

Director Nominees

The principal qualifications, including occupations, and other information about the Board nominees for director and our incumbent Board members, are set forth below. We believe the members of our Board are well qualified to fulfill their responsibilities. Their qualifications include strong leadership ability, global business experience, financial and industry expertise and experience in law and public policy. The characteristics we look for in any candidate nominee to serve on our Board include intelligence, perceptiveness, good judgment, maturity, high ethical standards, integrity and fairness and professional compatibility with the other directors and executives. Please refer to the report of the Corporate Governance Committee contained in this proxy statement for more information on the director nomination process.

Directors Nominated for Election

William T. Esrey

Director since 2006

Chairman of the Board

Spectra Energy Corp

Age 73

Mr. Esrey was appointed as Chairman of our Board effective as of the 2009 Annual Meeting. Mr. Esrey was elected as Chairman Emeritus of Sprint Corporation, a diversified telecommunications holding company, upon his retirement in May 2003. Prior to that, he served as its Chief Executive Officer from 1985 to March 2003, and as its Chairman from 1990 to May 2003. Mr. Esrey served as a director of Duke Energy Corporation from 1985 to January 2007. He also served as Chairman of Japan Telecom, Inc. from November 2003 until its sale in July 2004. Currently, Mr. Esrey is a director of General Mills, Inc. The Board selected Mr. Esrey to serve as a director because he is very familiar with our assets, having served on the boards of several of our predecessor companies. In addition to the valuable historical perspective he brings, Mr. Esrey's experience in leading a large diversified company informs his judgment on risk assessment. Through his service on a number of boards of directors, he has gained valuable knowledge about governance, compensation and audit issues. Mr. Esrey's experience in investment banking and his significant executive experience bring a financial, strategic and operational expertise to the

Board.

Table of Contents

Gregory L. Ebel

Director since 2008

President and Chief Executive Officer

Age 48

Mr. Ebel served as Group Executive and Chief Financial Officer of Spectra Energy from January 2007 until assuming his current position on January 1, 2009. Prior to that time, Mr. Ebel served as President of Union Gas Limited from January 2005 until January 2007, and Vice President, Investor & Shareholder Relations of Duke Energy Corporation from November 2002 until January 2005. Mr. Ebel joined Duke Energy in March 2002 as Managing Director of Mergers and Acquisitions in connection with Duke Energy's acquisition of Westcoast Energy Inc. Mr. Ebel is also a director of The Mosaic Company and a member of its Audit Committee. The Board selected Mr. Ebel to serve as a director of Spectra Energy because he is our President and Chief Executive Officer and has served in a variety of senior management positions at the Company, including as president of Union Gas Limited, and in a number of leadership positions in the areas of finance, operations, strategic development and government and investor relations.

Austin A. Adams

Director since 2007

Retired Executive Vice President and Chief Information Officer

JPMorgan Chase

Age 69

Mr. Adams is the retired Executive Vice President and Corporate Chief Information Officer of JPMorgan Chase & Co., a global financial services firm. He assumed that role upon the merger of JPMorgan Chase and Bank One Corporation in July 2004 and served in that position until he retired in October 2006. Before joining Bank One in 2001, Mr. Adams served as Chief Information Officer at First Union Corporation, now Wells Fargo Corp. Mr. Adams is Chairman of the Board of Directors of CommunityONE Bank, N.A., and has served as a director of the Dun & Bradstreet Corporation since April 2007. The Board selected Mr. Adams to serve as a director because he brings valuable expertise in the areas of information technology and security, risk management and strategy, and experience leading and collaborating with senior management teams. Additionally, Mr. Adams has been extensively involved in mergers and acquisitions and offers strategic expertise. His many years of experience enable him to assist both the Audit Committee and the Board in assessing technology, security and other types of risk, which is particularly helpful to our Company given the importance of these issues to our daily operations.

Table of Contents

Joseph Alvarado

Director since 2011

Chairman, President and Chief Executive Officer

Commercial Metals Company

Age 60

Mr. Alvarado currently serves as Chairman, President and Chief Executive Officer of Commercial Metals Company, a manufacturer, recycler and marketer of steel and other metals and related products. He assumed the roles of

President and Chief Executive Officer on September 1, 2011, and the role of

Chairman on January 1, 2013. Mr. Alvarado joined Commercial Metals Company

in April 2010 as Executive Vice President and Chief Operating Officer and served

in that role until April 2011, when he was promoted to the position of President and Chief Operating Officer. Prior to joining Commercial Metals Company, he was employed as President and Chief Operating Officer at Lone Star Technologies, Inc. from 2004 to 2007. In 2007, following the acquisition of Lone Star Technologies, Inc. by United States Steel Corporation, Mr. Alvarado was named President of U.S. Steel Tubular Products, Inc., a division of United States Steel Corporation. The Board selected Mr. Alvarado to serve as director because the Board believes that there is significant value in having an active CEO on the Board. Mr. Alvarado's current position provides him with experience in running a major corporation with international operations, and exposes him to many of the same issues we face in our business, including highly competitive industries, operational and manufacturing issues, employee safety, and diverse regulatory environments.

Pamela L. Carter

Director since 2007

President, Cummins Distribution Business

Age 63

Ms. Carter is President of Cummins Distribution Business, a division of Cummins, Inc., a global manufacturer of diesel engines and related technologies. She previously served as President Cummins Filtration, then as Vice President and General Manager of Europe, Middle East and Africa business and operations for Cummins Inc. since 1999. Ms. Carter served as Vice President and General Counsel of Cummins Inc. from 1997 to 1999. Prior to joining Cummins Inc., she served as the Attorney General for the State of Indiana from 1993 to 1997. In 2010, Ms. Carter was appointed to the Export-Import Bank of the United States sub-Saharan Africa Advisory Council. The Board selected Ms. Carter to serve as

Edgar Filing: Spectra Energy Corp. - Form DEF 14A

a director because she brings a diverse background that includes experience in law, government, politics and business experience to her role as a director. In her capacity as an active president of a large division of an international manufacturing company, Ms. Carter has valuable experience in operations management, leadership and compensation and governance matters. She brings to the Board knowledge of macro-economic global conditions and a valuable and dynamic international business perspective. Ms. Carter, who also serves as a director of CSX Corporation and Meijer, Inc., was Indiana's first female and first African-American to hold the office of Attorney General. Her insight into global operations, government relations and public policy issues provides significant value to the Board.

Table of Contents

F. Anthony Comper

Director since 2007

Retired President and Chief Executive Officer

BMO Financial Group

Age 67

Mr. Comper is the retired President and Chief Executive Officer of BMO Financial Group, a diversified financial services organization and one of the largest banks in North America. He was appointed to that position in February 1999 and served as Chairman from July 1999 to May 2004. Mr. Comper previously served on the Board of Directors of BMO Financial Group. The Board selected Mr. Comper to serve as a director because he brings the experience of being both chairman and chief executive officer of a large global financial institution. He possesses valuable financial expertise, including extensive experience with capital markets transactions and risk management. His knowledge of the Canadian marketplace, and political and regulatory environments enables him to bring a unique perspective to the Board.

Peter B. Hamilton

Director since 2007

Retired Senior Vice President and Chief Financial Officer

Brunswick Corporation

Age 66

Mr. Hamilton is the retired Senior Vice President and Chief Financial Officer of Brunswick Corporation, a global designer, manufacturer and marketer of recreation products, a position he held from September 2008 to February 28, 2013. He previously served as Vice Chairman of Brunswick Corporation from 2000 to January, 2007. He also served as President Brunswick Boat Group in 2006; President Life Fitness Division, 2005 to 2006; and President Brunswick Bowling & Billiards, 2000 to 2005. The Board selected Mr. Hamilton to serve as a director because he understands the operations of a large diversified corporation, with a particular focus on manufacturing, operations, supply chain, labor relations and customer issues. Mr. Hamilton is an experienced senior executive with sound business acumen and experience that includes legal and regulatory matters, finance and operations. His experience in finance and public company governance enables him to make valuable contributions to the Audit and Governance Committees of the Board. Mr. Hamilton also serves as a director of SunCoke Energy, Inc. and Oshkosh Corporation.

Table of Contents

Dennis R. Hendrix

Director since 2006

Retired Chairman of the Board

PanEnergy Corp

Age 73

Mr. Hendrix is the retired Chairman of the Board of PanEnergy Corp, a predecessor of Spectra Energy. He was Chairman of the Board of PanEnergy Corp from 1990 to 1997, Chief Executive Officer from 1990 to 1995 and President from 1990 to 1993. Mr. Hendrix previously served as a director of Duke Energy Corporation, Allied Waste Industries, Inc., Grant Prideco, Inc. and Newfield Exploration Company. The Board selected Mr. Hendrix to serve as a director because of his extensive experience and knowledge of the energy industry and its participants, as well as a deep understanding of our assets, customers and regulatory environments, having served as chairman and chief executive of several of our predecessor companies. Through his service on other boards, he has valuable experience in governance, compensation and audit matters.

Michael McShane

Director since 2008

Former Chairman, President and Chief Executive Officer

Grant Prideco, Inc.

Age 58

Mr. McShane served as a director and as President and Chief Executive Officer of Grant Prideco, Inc. from June 2002 and assumed the role of Chairman of the Board of Grant Prideco beginning in May 2004. Mr. McShane retired from Grant Prideco following its acquisition by National Oilwell Varco, Inc. in April 2008. Prior to joining Grant Prideco, Mr. McShane was Senior Vice President-Finance and Chief Financial Officer and director of BJ Services Company LLC beginning in 1998. Mr. McShane serves as an Advisor to Advent International Corporation, one of the world's leading global private equity firms. Mr. McShane also serves as a director of Superior Energy Services, Inc., Forum Energy Technologies and Oasis Petroleum Inc., and serves as an advisor to TPH Asset Management, LLC. The Board selected Mr. McShane to serve as a director because of his expansive knowledge of the oil and gas industry, as well as relationships with chief executives and other senior management at oil and natural gas companies and oilfield service companies throughout the world. He brings to the Board his experiences as a senior leader and chief financial officer within the oilfield service industry, as well as his leadership as chairman and chief executive officer of a leading North American drill bit technology and drill pipe manufacturer. Mr. McShane also provides the Board with a producer perspective that is valuable

in strategic discussions.

Table of Contents

Michael G. Morris

Nominated for Election

Chairman, American Electric Power

Age 66

Mr. Morris currently serves as Chairman of American Electric Power Company, Inc. (AEP). He retired as AEP's Chief Executive Officer in November 2011 and as its President in January 2011. Mr. Morris joined AEP as Chairman, President and Chief Executive Officer in January 2004. Prior to joining AEP, Mr. Morris was Chairman, President and Chief Executive Officer of Northeast Utilities System from 1997 to 2003. Prior to joining Northeast Utilities, Mr. Morris was President and Chief Executive Officer of Consumers Energy, a principal subsidiary of CMS Energy, and President of CMS Marketing, Services and Trading. He was previously President of Colorado Interstate Gas Co. and Executive Vice President of marketing, transportation and gas supply for ANR Pipeline Co., both subsidiaries of El Paso Energy. Mr. Morris is also a director of Alcoa Inc., Battelle, Limited Brands, Inc. and The Hartford Financial Services Group. The Board selected Mr. Morris to serve as a director because of his considerable knowledge of the energy industry, his extensive experience in corporate governance and leadership, and his experience as a senior executive with multi-state gas and electric utility companies.

Michael E.J. Phelps

Director since 2006

Chairman

Dornoch Capital Inc.

Age 65

Mr. Phelps is Chairman of Dornoch Capital Inc., a private investment company. From 1988 to 2002, he served as President and Chief Executive Officer, and as Chairman and Chief Executive Officer, of Westcoast Energy Inc., Vancouver, BC. Mr. Phelps previously was a member of the Board of Directors of Canadian Imperial Bank of Commerce, Canadian Pacific Railway Company, and Prodigy Gold Incorporated. Mr. Phelps currently serves as a director of Marathon Oil Corporation and was a director of Duke Energy Corporation from 2002 through 2007. The Board selected Mr. Phelps to serve as a director because of his valuable management, finance and industry experience, as well as his deep knowledge of the North American energy industry, and the political and regulatory environment. Mr. Phelps provides a valuable Canadian perspective, which is particularly helpful as a substantial portion of our assets and employees are located in Canada. His experience as Chairman and Chief Executive Officer of Westcoast Energy Inc., prior to its acquisition by Duke Energy Corporation in 2002, is valuable in both the development of our business in North America and internationally, and in managing cross-border relationships. Mr. Phelps has been

Edgar Filing: Spectra Energy Corp. - Form DEF 14A

actively involved in the Interstate Natural Gas Association of America, the North American association representing interstate and interprovincial natural gas pipeline companies. In addition, he has been responsible for energy development in Indonesia, China and Mexico. His previous and current positions on the boards of other publicly traded companies have given him exposure to many issues that are key to our Company.

Table of Contents

CORPORATE GOVERNANCE

Our Board recognizes that excellence in corporate governance is essential in carrying out its responsibilities to our shareholders. Our Principles of Corporate Governance, Code of Business Ethics, and written charters for the Audit Committee, the Compensation Committee, the Corporate Governance Committee and the Finance and Risk Management Committee are available free of charge on our website at www.spectraenergy.com/investors/governance. These documents provide the framework for our corporate governance. Any of these documents will be furnished in print free of charge to any shareholder upon request.

Board Meetings and Attendance

Our Board held eight meetings during 2012 and the committees of the Board met a total of 27 times. All of the incumbent directors who were then members of the Board attended at least 95% of the meetings of the Board and meetings of the Board committees on which he or she served during fiscal year 2012. Directors are encouraged to attend the Annual Meeting and all of the directors who were then members of the Board attended the 2012 Annual Meeting with the exception of Paul M. Anderson who retired from the Board at the Annual Meeting.

Board Leadership and Risk Oversight

Our Board is currently led by our Chairman, Mr. Esrey, who is an independent director. While our Principles for Corporate Governance allow for the positions of the Office of Chairman and the Chief Executive Officer to be held by the same person, we believe that leadership of the Board is best conducted by an independent Chairman. In exercising their duties to our shareholders, our Board members should not be conflicted in any way. To minimize potential conflicts, we have limited the members of our Board who are not independent to our Chief Executive Officer. We believe that this board leadership structure is appropriate in maximizing the effectiveness of our Board oversight and in providing perspective to our business that is independent from management.

The Board has responsibility for oversight of our risk management process. The Board exercises its risk oversight responsibilities through the Finance and Risk Management Committee, with respect to credit, commodity, environment, health & safety, risk management and financial risks, and the Audit Committee, with respect to financial reporting, internal control, compliance and technology risks. Both of these committees receive regular reports from management regarding risks faced in our business including operational and project risks. In addition, the Compensation Committee provides oversight with respect to risks that may be created by our compensation programs. Management has undertaken, and the Compensation Committee has reviewed, an evaluation of the incentives to our employees to take risks that are created by our compensation programs. Based upon that evaluation, we have concluded that our compensation programs do not create risks that are reasonably likely to result in a material adverse effect on the Company. The Board as a whole exercises its oversight responsibility with respect to other business risks that we face, including strategic and competitive risks and risks related to succession of our Chief Executive Officer and other members of management.

Independence of Directors

The Board may determine a director to be independent if the Board has affirmatively determined that the director has no material relationship with Spectra Energy or its consolidated subsidiaries, either directly or as a shareholder, director, officer or employee of an organization that has a relationship with us or our subsidiaries. Independence determinations are made on an annual basis at the time the Board approves director nominees for inclusion in the annual proxy statement and if a director joins the Board between Annual Meetings, then independence determination is made at such time.

Table of Contents

In 2012, the Board determined that none of Messrs. Adams, Alvarado, Comper, Esrey, Hamilton, Hendrix, McShane, Morris, Netherland, Phelps and Ms. Carter, nor members of their immediate family had a material relationship with our Company or its subsidiaries. They are, therefore, independent under the listing standards of the NYSE. In reaching this conclusion, the Board considered all transactions and relationships between each director or any member of his or her immediate family and our Company and its subsidiaries.

To assist in this determination, the Board adopted the following categorical standards for relationships that are deemed not to impair a director's independence:

Relationship	Requirements for Immateriality of Relationship
<i>Personal Relationships</i>	
The director or immediate family member resides within a service area of, and is provided with utility service by, Spectra Energy or its subsidiaries.	Utility services must be provided in the ordinary course of the provider's business and at rates or charges fixed in conformity with law or governmental authority, or if the service is unregulated, on arm's-length terms.
The director or immediate family member holds securities issued publicly by Spectra Energy or its subsidiaries.	The director or immediate family member can receive no extra benefit not shared on a pro rata basis.
The director or immediate family member receives pension or other forms of deferred compensation for prior service, or other compensation unrelated to director or meeting fees, from Spectra Energy or its subsidiaries.	The compensation cannot be contingent in any way on continued service, and The director has not been employed by Spectra Energy or any company that was a subsidiary of Spectra Energy at the time of such employment for at least three years, or the immediate family member has not been an executive officer of Spectra Energy for at least three years and any such compensation that is not pension or other forms of deferred compensation for prior service cannot exceed \$10,000 per year.
<i>Business Relationships</i>	
Payments for property or services are made between Spectra Energy or its subsidiaries and a company associated* with the director or immediate family member who is an executive officer of the associated company.	Payment amounts must not exceed the greater of \$1,000,000 or 2% of the associated company's revenues in any of its last three fiscal years, and Relationship must be in the ordinary course of Spectra Energy's or its subsidiary's business and on arm's-length terms.
Indebtedness is outstanding between Spectra Energy or its subsidiaries and a company associated* with the director or immediate family member.	Indebtedness amounts must not exceed 5% of the associated company's assets in any of its last three fiscal years, and Relationship must be in the ordinary course of Spectra Energy's or its subsidiary's business and on arm's-length terms.
The director or immediate family member is a non-management director of a company that does business with Spectra Energy or its subsidiaries or in which Spectra Energy or its subsidiaries have an equity interest.	The business must be done in the ordinary course of Spectra Energy's or its subsidiary's business and on arm's-length terms.

Table of Contents

Relationship

Requirements for Immateriality of Relationship

Personal Relationships

An immediate family member is an employee (other than an executive officer) of a company that does business with Spectra Energy or its subsidiaries or in which Spectra Energy or its subsidiaries have an equity interest.

If the immediate family member lives in the director's home, the business must be done in the ordinary course of Spectra Energy's or its subsidiary's business and on arm's-length terms.

The director and his or her immediate family members together own 5% or less of a company that does business with Spectra Energy or its subsidiaries or in which Spectra Energy or its subsidiaries have an equity interest.

None

Charitable Relationships

Charitable donations or pledges are made by Spectra Energy or its subsidiaries to a charity associated* with the director or immediate family member.

Donations and pledges must not result in payments exceeding the greater of \$100,000 and 2% of the charity's revenues in any of its last three fiscal years.

A charity associated* with the director or immediate family member is located within a service area of, and is provided with utility service by, Spectra Energy or its subsidiaries.

Utility service must be provided in the ordinary course of the provider's business and at rates or charges fixed in conformity with law or governmental authority, or if the service is unregulated, on arm's-length terms.

Payments for property or services are made between Spectra Energy or its subsidiaries and a charity associated* with the director or immediate family member.

Relationships must be in the ordinary course of Spectra Energy's or its subsidiary's business and on arm's-length terms or subject to competitive bidding.

* An associated company is one (a) for which the director or immediate family member is general partner, principal or employee, or (b) of which the director and immediate family members together own more than 5%. An associated charity is one for which the director or immediate family member serves as an officer, director, advisory board member or trustee.

For purposes of these standards, immediate family members include a director's spouse, parents, children, siblings, mothers-and fathers-in-law, sons-and daughters-in-law, brothers-and sisters-in-law, and anyone (other than domestic employees) who shares the director's home. For purposes of the contribution relationship described under Charitable Relationships above, payments exclude amounts contributed or pledged to match employee contributions or pledges.

Table of Contents**Board Committees**

The Board has four standing committees, which are described below. Each committee operates under a written charter adopted by the Board. The charters are posted on our website at www.spectraenergy.com/investors/governance and are available in print to any shareholder upon request. In addition, our non-management directors regularly meet in executive sessions over which the Chairman presides.

Name	Audit	Compensation	Corporate Governance	Finance and Risk Management

J. Netherland (1)		X	X	
M. Phelps				X

Committee Chair

(1) Mr. Netherland is retiring from the Board at the Annual Meeting and has requested not to be nominated for re-election.

Audit Committee

The Audit Committee selects and retains a firm of independent public accountants to conduct audits of the accounts of the Company and its subsidiaries. It also reviews with the independent public accountants the scope and results of their audits, as well as the accounting procedures, internal controls, and accounting and financial reporting policies and practices of the Company and its subsidiaries, and makes reports and recommendations to the Board as it deems appropriate. The Audit Committee is responsible for approving all audit and permissible non-audit services provided to the Company by its independent public accountants. See *Independent Public Accountants* for additional information on the Audit Committee's pre-approval policy. During the 2012 fiscal year, the Audit Committee met ten times and each of its members attended at least 97% of the meetings.

Each member of the Audit Committee has been determined to be independent within the meaning of the NYSE's listing standards, Rule 10A-3 of the Securities Exchange Act of 1934, as amended, or Exchange Act, and the Company's categorical standards for independence. In addition, each of the members meets the expertise requirements for audit committee membership under the NYSE's rules and the rules and regulations of the SEC. The Board has determined that Messrs. Esrey, Hamilton and McShane are audit committee financial experts as defined under applicable SEC rules.

Compensation Committee

The Compensation Committee establishes and reviews the overall compensation philosophy, reviews and approves the salaries and other compensation of certain employees, including all executive officers of the Company, and the compensatory agreements with executive officers, approves equity grants and reviews the effectiveness of, and approves changes to, the compensation program. This Committee also performs an annual evaluation of the performance of the Chief Executive Officer with input from the Board. In addition, this Committee makes recommendations to the Board on compensation for outside directors. During the 2012 fiscal year, the Compensation Committee met five times and each of its members attended 100% of the meetings.

Table of Contents

Each member of the Compensation Committee is considered to be (1) independent under the currently applicable listing standards of the NYSE; (2) a non-employee director within the meaning of Rule 16b-3 under the Exchange Act; and (3) an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (Internal Revenue Code).

Corporate Governance Committee

The Corporate Governance Committee considers matters related to corporate governance and formulates and periodically revises governance principles. It recommends the size and composition of the Board and its committees and recommends potential successors to the Chief Executive Officer. This Committee also recommends to the Board the slate of nominees, including any nominees recommended by shareholders, for director for each year's Annual Meeting and, when vacancies occur, names of individuals who would make suitable directors. This Committee may engage an external search firm or third party to identify, evaluate or assist in identifying or evaluating a potential nominee. Please read the Report of the Corporate Governance Committee contained in this proxy statement for more information regarding our director selection process. During the 2012 fiscal year, the Corporate Governance Committee met five times and each of its members attended at least 95% of the meetings.

Each member of the Corporate Governance Committee has been determined to be independent within the meaning of the NYSE's listing standards and Spectra Energy's categorical standards for independence.

Finance and Risk Management Committee

The Finance and Risk Management Committee reviews the Company's financial and fiscal affairs and makes recommendations to the Board regarding dividends, financing and fiscal policies. It reviews (i) the financial exposure of the Company, as well as mitigating strategies, (ii) the Company's risk exposure as related to the overall company portfolio and impact on earnings and (iii) the financial impacts of major transactions as related to mergers, acquisitions, reorganizations and divestitures. The Finance and Risk Management Committee also has responsibility for enterprise risk management, as well as environmental, health and safety matters. During the 2012 fiscal year, the Finance and Risk Management Committee met seven times and each of its members attended at least 97% of the meetings.

Transactions with Related Persons

The Board is responsible for the oversight and approval (or ratification) of any transaction, relationship or arrangement involving the Company or a consolidated subsidiary in which one of the following related persons has a direct or indirect material interest: a director, director nominee or executive, a beneficial owner of more than 5% of our common stock, their immediate family members, and an entity (including charitable organizations) in which one of the foregoing persons is employed, controls, has a substantial interest in or is a general partner, principal or in a similar position. We refer to these as related person transactions.

We have a written policy that sets out procedures for the reporting, review and approval (or ratification) of related person transactions. Under this policy, the Corporate Governance Committee evaluates related person transactions based on the relevant facts and approves only those related person transactions that are consistent with the best interests of the Company and its shareholders as the Committee determines in good faith. The Corporate Governance Committee considers the appropriateness of any related person transaction in light of all relevant factors and the controls implemented to protect the interests of the Company and its shareholders, including:

the benefits of the transaction to the Company;

the terms of the transaction and whether they were made on an arm's-length basis and in the ordinary course of the Company's business;

Table of Contents

the direct or indirect nature of the related person's interest in the transaction;

the size and expected term of the transaction; and

other facts and circumstances that bear on the materiality of the related person transaction under applicable law and listing standards.

Director Evaluation

The Board and each of its standing committees have conducted self evaluations related to their performance in 2012. The performance evaluations were overseen by the Corporate Governance Committee and were discussed with the full Board. There were no material changes to the processes and governance procedures conducted by the Board and its Committees as a result of the self evaluations.

Director Compensation

Our Chief Executive Officer does not receive compensation for his services as a director. The following is a description of Spectra Energy's compensation program for non-employee directors for the 2012 fiscal year.

Type of Fee	Fees
Annual Board Retainer (Cash)	\$ 105,000
Annual Board Retainer (Stock)	\$ 120,000
Annual Audit Committee Chair Retainer (Cash)	\$ 20,000
Annual Compensation Committee Chair Retainer (Cash)	\$ 20,000
Annual Chair Retainer (Other Committees) (Cash)	\$ 10,000

Annual Stock Retainer for 2012. In 2012, each director received a grant of a number of shares of our common stock equal to \$120,000 divided by the closing price of our common stock on the NYSE on the date of grant.

Compensation of the Chairman of the Board. Our Compensation Committee determined an amount of \$250,000 to be an appropriate level of compensation for our Chairman of the Board in addition to the fees paid to him for service as a non-employee director.

Charitable Giving Program. We maintain a Directors' Charitable Giving Program under which only Mr. Esrey remains eligible. Under this program, the Spectra Energy Foundation will make, upon the director's death, donations of up to \$1,000,000 to charitable organizations selected by the director. Mr. Esrey may request that donations be made under this program during his lifetime, in which case the maximum donation will be reduced on an actuarially-determined net present value basis. In addition, the Company maintains the Spectra Energy Foundation Matching Gifts Program under which the Company will match contributions to qualifying institutions of up to \$7,500 per director (or employee) per calendar year. In 2012, the Spectra Energy Foundation made matching charitable contributions on behalf of each of Messrs. Adams, Comper, Esrey, Hamilton, Hendrix, Netherland and Phelps of up to \$7,500.

Expense Reimbursement and Insurance. The Company reimburses outside directors for expenses reasonably incurred in connection with attendance and participation at Board and Committee meetings and special functions.

Stock Ownership Guidelines. Outside directors are subject to stock ownership guidelines that establish a target level of ownership of the Company's common stock (or common stock equivalents) of 15,000 shares. The target level for the Chairman of the Board is 25,000 shares. Directors are required to satisfy the ownership target within five years after becoming subject to the policy. At the end of 2012, the targeted ownership level had been met by all directors, except for Mr. Alvarado who is on track to reach the targeted ownership level within the five-year period.

Table of Contents

The following table describes the compensation earned during 2012 by each individual who served as a non-employee director during 2012.

DIRECTOR COMPENSATION

Name	Fees Earned or Paid in Cash (\$)	Stock Awards \$(2)	Options Awards (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)	All Other Compensation \$(3)	Total (\$)
A. Adams	109,500	120,008			3,500	233,008
J. Alvarado	96,500	120,008				216,508
P. Anderson (1)	25,667					25,667
P. Carter	110,833	120,008				230,841
F. Comper	102,500	120,008			5,000	227,508
W. Esrey	347,000	120,008			5,000	472,008
P. Hamilton	129,500	120,008			4,100	253,608
D. Hendrix	102,500	120,008			250	222,758
M. McShane	119,500	120,008				239,508
J. Netherland	102,500	120,008			7,500	230,008
M. Phelps	117,500	120,008			7,500	245,008

(1) Mr. Anderson retired from the Board at the 2012 Annual Meeting.

(2) This column reflects the aggregate grant date fair value of the stock awarded computed in accordance with FASB ASC Topic 718.

(3) This column reflects matching charitable contributions made pursuant to the Spectra Energy Foundation Matching Gifts Program, which matches contributions made by our directors to qualifying institutions up to \$7,500 per director.

The value of all perquisites and other personal benefits or property received by each director in 2012 was less than \$3,000 and is not included in the above table.

Table of Contents

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT
AND RELATED SHAREHOLDER MATTERS**

The following table sets forth, as of January 31, 2013, the amount of our common stock beneficially owned by the directors, the executive officers listed in the Summary Compensation Table under Executive Compensation below (referred to as the Named Executive Officers), and by all directors and executive officers as a group. In addition, the table shows the number of common units of Spectra Energy Partners, LP, or SEP, beneficially owned by such individuals. SEP is a publicly traded master limited partnership of which we own approximately 61% of the outstanding equity interests.

Name or Identity of Group	Number of Shares Held	Number of Shares Acquirable within 60 days	Total Shares Beneficially Owned	Percent of Class	Total Units of SEP Beneficially Owned
Dorothy M. Ables	104,946	48,967	153,913	*	4,353

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board in its general oversight of the Company's financial reporting, internal controls and audit functions. The Audit Committee Charter describes in greater detail the full responsibilities of the Committee and is available on our website at www.spectraenergy.com/investors/governance.

The Audit Committee has reviewed and discussed the audited financial statements with management and Deloitte & Touche LLP ("Deloitte"), the Company's independent registered public accounting firm. Management is responsible for the preparation, presentation and integrity of the Company's financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. Deloitte is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States, as well as expressing an opinion on the effectiveness of internal control over financial reporting.

The Audit Committee reviewed the Company's audited financial statements with management and Deloitte, and met separately with both management and Deloitte to discuss and review those financial statements and reports prior to issuance. These discussions also addressed the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. Management has represented, and Deloitte has confirmed, that the financial statements were prepared in accordance with generally accepted accounting principles.

Also, the Audit Committee has discussed with Deloitte the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. Deloitte has provided the Audit Committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte's communications with the Audit Committee concerning independence from Spectra Energy and its subsidiaries, and has discussed with the Audit Committee the firm's independence.

Based on its review of the consolidated financial statements and discussions with and representations from management and Deloitte referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in Spectra Energy's 2012 Annual Report on Form 10-K, for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis describes the design and purpose of our compensation programs applicable to our officers listed in the Summary Compensation Table. We refer to these officers as our Named Executive Officers. They include Mr. Gregory L. Ebel, President and Chief Executive Officer; Mr. J. Patrick Reddy, Chief Financial Officer; Mr. Alan N. Harris, Chief Development and Operations Officer; Mr. Reginald D. Hedgebeth, General Counsel; and Ms. Dorothy M. Ables, Chief Administrative Officer.

Executive Summary

Our executive compensation programs are designed to attract and retain the highest quality executives in order to implement our strategy. Our strategy is aimed at providing safe and reliable operations while generating opportunities for profitable growth and being responsive to our customers. At the same time, the nature of our business is capital intensive and, therefore, key parts of our strategy are to be able to regularly access capital on terms that are advantageous and to deploy capital effectively to maintain and grow our business. We keep these strategies in mind in designing our compensation programs, in addition to taking into account external market conditions in order to be competitively positioned to attract and retain key executives. We believe that successful strategy execution should result in enhanced shareholder value.

Each year the Compensation Committee establishes financial and operational objectives for each Named Executive Officer which, if realized, it believes will assist in achieving our strategic goals. If the objectives set by the Compensation Committee are not realized, our compensation programs are designed to reduce compensation below targeted payouts. Alternatively, in the event we exceed our objectives, these plans are designed to compensate above targeted amounts.

To achieve these objectives, we design compensation opportunities for executives based on the following principles:

Compensation programs should be established in a way which will support the accomplishment of the Company's strategic goals (safe and reliable operations, customer responsiveness, profitable growth opportunities and efficient access to, and use of, capital).

Compensation opportunities should be aligned with the interests of shareholders, and incentive programs should be designed in consideration of their impact on shareholders both immediately and in the long-term.

Compensation opportunities as measured by the sum of salary, cash incentive target and the targeted value of long-term compensation awards should be sufficiently competitive (as measured in relation to the median of the markets for which we compete for executives) to attract, retain and incentivize our executives.

The majority of compensation available for our Named Executive Officers should be contingent on the attainment by the Company of both short-term and long-term performance measures.

Fringe benefits, perquisite programs and other forms of indirect compensation programs should be minimized.

Overview of 2012 Company Performance

Throughout 2012, we continued to successfully execute the long-term strategies we outlined for our shareholders—meeting the needs of our customers through safe and reliable operations, generating strong earnings and cash flows from our fee-based assets, continued execution on capital expansion plans that underlie our growth objectives, and maintaining a strong balance sheet. These results, combined with future growth opportunities, led our Board to approve an increase in our quarterly dividend which represents a nearly 9% increase over the previous level. We invested \$2 billion in capital expenditures, including approximately \$1.3 billion of expansion capital expenditures.

Table of Contents

While we continued to execute our long-term strategies successfully, including our fee-based businesses delivering strong earnings and cash flows, our overall earnings performance was below the previous year and below our 2012 target primarily as a result of lower than expected commodity prices. Our ongoing earnings per share (EPS) decreased by 19% from 2011 to \$1.43, which was 25% below our 2012 short-term incentive target under our short-term incentive plan. Therefore, in line with the design of our compensation programs aimed at reducing compensation below targeted payouts when the objectives set by the Compensation Committee are not realized, our overall below target performance in 2012 was reflected in elements of compensation earned by our Named Executive Officers. The 2012 short-term incentive plan payout was awarded to most of our Named Executive Officers at 75% of target amount, which was approximately 45% lower than the payout in 2011. Please see 2012 Compensation Opportunities Short-Term Incentives for a discussion of how we set our target levels. Finally, our total shareholder return (TSR) for the past three years was at the 53rd percentile of the 17 peer companies in our LTI Peer Group. Please see 2012 Compensation Opportunities Long-Term Incentives for a discussion of how we set our LTI Peer Group and target levels.

2012 Compensation Program

Providing safe and reliable operations continues to be a foundational strategy of our business. The Compensation Committee believes it is important to measure safe and reliable operations in the short-term, as this benefits the Company and shareholders in the long-term. The Compensation Committee also believes it is important to link compensation opportunities for our executives to our stock performance over the long-term. To that end, the Compensation Committee links compensation incentive opportunities with providing safe and reliable operations in the short-term and shareholder return in the long-term, by placing continued emphasis on operational measures for short-term cash incentives and on TSR performance for long-term incentives.

Short-term cash incentives available to our Named Executive Officers depend upon attaining corporate financial and operational goals that we believe are in line with our strategic objectives and shareholders' interests. Specifically, 75% of the short-term cash incentives are based upon targets for our EPS, EBIT and ROCE of our core businesses. The remaining 25% is based upon achieving operational, safety and capital project objectives. We have structured our short-term incentive program in this manner to provide substantial incentives to reach short-term strategic objectives that are aligned with our long-term strategic plan. We discuss the reasons for choosing these measures of performance in greater detail under 2012 Compensation Opportunities Short-Term Incentives.

In addition, a substantial portion of the compensation opportunities for our Named Executive Officers consists of long-term equity based incentives that are designed both to align our executives' interests with our shareholders' long-term interests and provide meaningful retention incentives. Sixty percent of the long-term incentive grants made to our Named Executive Officers vest based on TSR, and the remainder are subject to vesting requirements at the end of three years. Please see 2012 Compensation Opportunities Long-Term Incentives for a more detailed discussion.

In an advisory vote held at the 2012 Annual Meeting, our shareholders approved the compensation earned by our Named Executive Officers with a vote of 97% in favor. In view of the strong support the executive compensation program received from our shareholders at the 2012 Annual Meeting, the Compensation Committee did not make significant changes in the principal features of the executive compensation program during the 2012 fiscal year.

Committee Overview

Our Compensation Committee is comprised of Mr. Michael E. J. Phelps (Chair), Mr. Joseph Alvarado, Ms. Pamela Carter, Mr. F. Anthony Comper, Mr. Dennis R. Hendrix and Mr. Joseph H. Netherland. Mr. Netherland is retiring from the Board at the Annual Meeting and has asked not to be nominated for re-election. The Compensation Committee operates under a written charter adopted by the Board. The charter is available to view at www.spectraenergy.com/investors/governance.

The fundamental responsibilities of the Compensation Committee are to: (1) establish and review our overall compensation philosophy as it applies to the compensation of our executives; (2) review and approve

Table of Contents

corporate goals and objectives relevant to our Chief Executive Officer's compensation and evaluate our Chief Executive Officer's performance in light of those goals and objectives; (3) review and approve the annual salary, short-term incentive opportunities, long-term incentive opportunities, and other benefits of our Chief Executive Officer and other executive officers; (4) review and approve any employment or severance agreement entered into with an executive officer; (5) approve equity grants under Spectra Energy's Long-Term Incentive Plan; (6) approve changes to our compensation program; (7) review and recommend to the Board the compensation of non-employee directors; and (8) review and discuss with management our disclosures related to compensation.

Each member of the Compensation Committee is an independent director and has either served on other public company compensation committees or as the senior executive of a business unit. Through his or her executive experience for large public companies, each member of the Compensation Committee has had significant responsibility for the design and administration of executive compensation programs. Mr. Phelps has over ten years of experience serving as a member and chairman of the compensation committees of the Canadian Imperial Bank of Commerce, Canadian Pacific Railways Company, Fairborne Energy Ltd. and Prodigy Gold Incorporated. In addition, Mr. Phelps served as the Chairman, President and Chief Executive Officer of Westcoast Energy Inc. prior to its acquisition by a predecessor of Spectra Energy. Mr. Alvarado currently serves as Chairman, President and Chief Executive Officer and director of Commercial Metals Company. Ms. Carter has served as President of two business units at Cummins Inc., a global manufacturer of diesel engines and related technologies. Mr. Comper is the retired President and Chief Executive Officer of BMO Financial Group, one of the largest banks in North America. Mr. Hendrix previously served on the compensation committee of Newfield Exploration Company as well as the Chairman, President and Chief Executive Officer of PanEnergy Corp, a predecessor of Spectra Energy. Mr. Netherland is the retired Chairman of FMC Technologies, Inc. and currently serves on the boards and compensation committees of Newfield Exploration Company and Tidewater, Inc.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee (whose names appear under "Report of the Compensation Committee" above) is or has been an officer or employee of Spectra Energy. In addition, during the last fiscal year, none of our executive officers served as a member of the board of directors or the compensation committee of any entity that has one or more executive officers serving on our Board or Compensation Committee.

Committee Meetings

It is expected that the Compensation Committee will meet as often as is necessary to perform its duties and responsibilities. In 2012, the Compensation Committee met five times.

The Chair of the Compensation Committee works with management to establish the meeting agenda. The Compensation Committee receives and reviews materials in advance of each meeting including information that management believes will be helpful to the Compensation Committee as well as materials the Compensation Committee has specifically requested. In 2012, these materials addressed matters such as (1) the competitiveness of executive compensation programs based on market data; (2) total compensation provided to executives; (3) trends and legislative activity in executive compensation and/or benefits; (4) executive stock ownership levels; and (5) corporate financial and operational performance compared to predetermined objectives. Our Chief Executive Officer and other members of management may attend Compensation Committee meetings, as invited. The Compensation Committee also meets in executive session without the presence of management or its consultant.

Committee Advisors

Since 2007, the Compensation Committee has retained ExeQuity, LLP as its independent compensation consultant. ExeQuity reports directly to the Compensation Committee with respect to matters related to executive compensation, best practices and analysis of meeting materials prepared by management. ExeQuity generally confers with the Chair of the Compensation Committee and the Compensation Committee itself independently of management and discusses compensation matters with management on a limited basis at the direction of the Compensation Committee. In addition, ExeQuity meets with the Compensation Committee in executive session.

Table of Contents

without the presence of management. ExeQuity performs no other services for the Company other than its services as independent consultant to the Compensation Committee. In 2012, ExeQuity reviewed materials provided to the Compensation Committee by management, consulted with the Chair prior to meetings regarding agenda items and attended meetings of the Compensation Committee.

Management's Role in the Compensation-Setting Process

Members of our management, including our Chief Executive Officer, participate in various aspects of the compensation setting process including:

recommending compensation programs, compensation policies, compensation levels and incentive opportunities;

compiling, preparing and distributing materials for Compensation Committee meetings, including market data;

recommending performance targets and objectives; and

evaluating employee performance, other than the performance of our Chief Executive Officer, whose performance is reviewed by the independent members of the Board.

In developing its recommendations regarding compensation, management engaged the consulting services of Towers Watson for planning of the 2012 calendar year and for the majority of 2012. Effective September 2012, management engaged the consulting services of Aon Hewitt.

Management's compensation consultant may be asked to attend the Compensation Committee meetings from time to time to discuss research and reports prepared at management's request.

Elements of the Compensation Program

The objective of our compensation program is to link total compensation to individual and company performance, on both a short-term and long-term basis, with significant percentages of potential earning opportunities based on the achievement of predetermined performance targets. As such, our compensation program is a valuable tool that assists us in attracting, retaining and incentivizing well qualified executives.

The following table sets forth the principal components of compensation for our Named Executive Officers:

Component	Description	Rationale
Salary	Compensation paid in cash throughout the year.	Provides compensation for performing day-to-day responsibilities.
Short-Term Incentive	Annual cash payment based on the achievement of defined financial and operational performance goals.	Makes significant percentage of cash compensation contingent on specific financial targets and operational performance objectives. These objectives are considered to be appropriate measures of the business imperatives that are necessary to build a solid record of financial success and operational excellence.
Long-Term Incentive	Performance share units and phantom units awards.	Rewards long-term Company stock performance, aligns the interests of executives with those of shareholders, creates equity ownership and provides a retention incentive.
Retirement	Company sponsored retirement and savings plans.	Provides retention incentives. Rewards service through retirement-related payments and provides savings opportunities.
Severance		

Edgar Filing: Spectra Energy Corp. - Form DEF 14A

Change of control agreements that provide benefits upon termination following a change of control of the Company.

Promotes management continuity and focus on best results for shareholders in the event of a change of control of the Company.

Table of Contents

Factors Considered When Determining Total Compensation

Group Comparison. The Compensation Committee sets salaries and short-term and long-term incentive target levels based in part on what it believes to be the market median of compensation available to our executives in the market. The market for highly talented executives is competitive, and we believe our success depends on our ability to attract and retain executives who are incentivized through our compensation programs to successfully execute our short-term and long-term objectives. We believe that our hiring objectives cannot be achieved unless we offer compensation opportunities that are competitive in the marketplace. Accordingly, we use comparable market median data as a starting point for determining the adequacy of the compensation opportunities that we provide to our executives.

We would prefer to define the market median based on the practices of a sizeable peer group of companies with market capitalization and revenues comparable to ours and with lines of business that are similar to ours. However, there is not a sufficient number of companies comparable to us in size, market capitalization and lines of business to comprise such a peer group. Therefore, in setting compensation targets, which we discuss in more detail below, the Compensation Committee takes into consideration (1) information from the public filings of companies that are representative of companies in our markets that compete with us for executive talent, which we refer to as the Compensation Peer Group, and (2) data from published survey sources. Companies included in the Compensation Peer Group are listed below.

Compensation Peer Group

CenterPoint Energy	Dominion Resources	DTE Energy
El Paso Corporation.	Enbridge, Inc.	EQT Corporation
National Fuel Gas Co.	NiSource	ONEOK, Inc.
Questar Corp.	Sempra Energy	Southern Union Company
TransCanada Corp.	Williams Companies	

The Compensation Committee also considers trends in the broader market that are extracted from general industry survey data. Specifically, the Compensation Committee has used the Towers Watson Compensation Data Base® General Industry Survey as a source of market information because the Compensation Committee believes that the survey provides a reliable indication of compensation practices in companies that are comparable in size to ours as measured by revenue.

External Market Conditions and Individual Factors. In addition to using benchmark survey data, the Compensation Committee also takes into account external market conditions and individual factors when establishing the total compensation of each Named Executive Officer. Some of these factors include the executive's performance, level of experience, tenure and responsibilities and position, in addition to competitive pressures for that position within the industry, economic developments, the condition of labor markets and the financial and market performance of the Company. To assist in its evaluation, the Compensation Committee uses tally sheets that assign a dollar amount to each of these elements and outline the detailed aspects of an executive's historical and proposed compensation. Finally, the Compensation Committee considers internal equity when evaluating the compensation of our Named Executive Officers relative to one another.

Risk Assessment of Total Compensation. The Compensation Committee reviews the alignment of the executive compensation program components with the interests of our shareholders, in addition to market factors. The overall compensation mix of short-term and long-term compensation opportunities for our executives, as well as the components of these incentive opportunities, are balanced to mitigate undue risk and promote the health of the Company. In addition, our total incentive opportunities have a greater emphasis on the long-term to drive long-term decisions. In our short-term program, no single measure is greater than 30% of a Named

Table of Contents

Executive Officer's targeted award. The short-term measures balance the importance of generating short-term earnings with the efficiency and effectiveness of our employed capital. Sixty percent of each executive's long-term opportunity is contingent on the performance of our stock relative to our peers, and stock ownership levels are required by each executive, which provides continued alignment to encourage the long-term growth of the Company.

2012 Compensation Opportunities

The base salary, short-term incentive opportunity and long-term incentive opportunity established for each of our Named Executive Officers are intended to provide total target compensation in the range of the market median for individuals in comparable positions and markets in which we compete for executive talent. For 2012, the total target pay opportunity was at the market median for our Named Executive Officers. Consistent with our objectives, 81% of our Chief Executive Officer's and an average of 68% of all other Named Executive Officers' total pay opportunity was in the form of short-term and long-term incentives. The following shows the percentage distribution of total target compensation for our Chief Executive Officer and for the other Named Executive Officers.

The following table shows the 2012 target direct pay opportunities for our Named Executive Officers.

2012 Target Pay Opportunity

Name	Salary*	Short-Term Incentive Target Opportunity (as a % of Base Salary)	Long-Term Incentive Target Opportunity (as a % of Base Salary)	Total Target Pay Opportunity
Gregory L. Ebel	\$ 1,065,000	100%	325%	\$ 5,591,250
J. Patrick Reddy	\$ 574,425	75%	155%	\$ 1,895,603
Alan N. Harris	\$ 549,020	75%	155%	\$ 1,811,766
Reginald D. Hedgebeth	\$ 522,365	65%	150%	\$ 1,645,450
Dorothy M. Ables	\$ 437,290	65%	125%	\$ 1,268,141

* Base salary effective March 1, 2012

Salary and Total Pay Opportunity. In February 2012, the Compensation Committee considered whether adjustments to salaries were appropriate and adjusted salaries of the Named Executive Officers based upon job responsibilities, level of experience, individual performance, and comparisons to the salaries of executives in similar positions obtained from market surveys and internal comparisons. The Compensation Committee also reviewed the total target pay opportunities for our executives to evaluate whether such opportunities are competitive with levels that our executives could earn at companies with whom we compete for talent. The Compensation Committee approved all salary adjustments for executive officers.

Table of Contents

For 2012, the largest base salary adjustment of approximately 5% was made to Mr. Ebel's compensation primarily due to market demand for individuals in similar positions to provide a compensation package that is consistent with market levels. Messrs. Harris, Hedgebeth and Reddy and Ms. Ables received merit increases of 3.5% to maintain salaries consistent with those available in the marketplace. All incentive opportunities remained consistent with 2011 incentive levels, with the exception of Mr. Ebel's long-term target opportunity, which was increased from 300% to 325%. This increase was provided to align with market competitive levels. Please see Compensation of the Chief Executive Officer for a detailed discussion of Mr. Ebel's compensation.

Short-Term Incentives. Short-term incentive opportunities, established under the Spectra Energy Executive Short-Term Incentive (STI) Plan for 2012, were designed to compensate executives for our financial and operational performance during the year based on goals set at the beginning of the year, and for overall individual performance during the year. Threshold, target and maximum incentive opportunities for each participant in the STI Plan during 2012 were established as a percentage of base salary. Incentives were earned based on the level of achievement of corporate financial and operational goals as determined by the Compensation Committee, with the Compensation Committee having discretion to adjust payments based on assessments of individual performance. Target STI awards expressed as a percentage of annual base salary for our Named Executive Officers in 2012 are reflected in the 2012 Target Pay Opportunity table above.

Under guidelines adopted for the 2012 STI program, the Compensation Committee set a limitation on 2012 short-term incentive payments for executives equal to 200% of the amount of their STI target. In order to meet requirements of deductibility under Section 162(m) of the Internal Revenue Code, the annual incentives are payable at maximum to the extent any one of the Spectra Energy, Spectra Energy Transmission or business unit financial goals achieve threshold performance. The Compensation Committee then applies negative discretion to determine actual payments by reducing awards through the application of the framework described below in conjunction with actual performance against the Company's financial and operational measures and consideration of individual performance.

The maximum that could be earned for performance on financial or operational measures was 200% of target. The amount that could be paid for performance at a specified minimum level for any measure was 50% of the target amount. 100% of the target amount would be paid for performance at the target level. No compensation was to be earned if performance fell below a specified minimum level.

As shown in the following table, STI payments for our Named Executive Officers were based on the achievement of financial and operational objectives related to management responsibilities for the Company, including the Company's EPS, EBIT and ROCE of Spectra Energy Transmission, with an additional review based on an overall assessment of individual performance during the year.

2012 Target STI Payment Measures

Measures	Percentage
Spectra Energy Ongoing EPS	30%
Spectra Energy Transmission EBIT	25%
Spectra Energy Transmission ROCE	20%
Environmental, Health and Safety Scorecard	10%
Operational and Capital Project Scorecard	15%

Table of Contents

Ongoing EPS was used as a measure because we believe that it is one of the primary measures used by the investment community in valuing the Company. We define this measure as earnings per share adjusted for the per-share impact of discontinued operations and certain charges and credits which we believe will not be recurring on a regular basis. As shown below, the actual 2011 EPS result was \$1.77 and the EPS target for 2012 is set at \$1.90, which is \$0.25 above the 2011 target and \$0.13 above 2011 actual results. The EPS target for 2012 was based on higher forecasted earnings due primarily to expected capital investment opportunities, and reflected commodity prices consistent with the forward outlook at the time the target was set. The EPS amount corresponding to the payout maximum was set at \$2.20, or about 16% above the target, and was judged to be an earnings level that was possible if financial performance was far superior to our original expectations.

Spectra Energy Transmission EBIT was used as a measure of the effectiveness of the core business's ability to generate earnings without considering interest or taxes and excluding our joint venture, DCP Midstream, LLC ("DCP Midstream"). The effects of changes in commodity prices and 43% of the effect of exchange rate fluctuations in Canadian currency were excluded from the calculation of EBIT in an attempt to make this measure a clear gauge of the performance of our three core business units. Target performance was set at a level that matched our corporate forecasts. Maximum payout level was set at a level judged to be difficult to achieve, and a minimum payout was set at a level considered to be the lowest level of performance that would justify a reduced payout.

Spectra Energy Transmission ROCE was used as a measure because it reflects the efficiency and effectiveness of capital deployment in our core business. Our business is capital intensive and depends on the effective execution of our pipeline projects. Our ability to achieve our targeted returns on these projects is vital to the success of our business. We define this measure as our EBIT (excluding results from DCP Midstream) divided by our annual average total debt plus equity minus cash on hand and our investment in DCP Midstream. Target performance was set at a level consistent with corporate forecasts. Similar to other measures, maximum and minimum performance were set, respectively, at levels deemed by the Compensation Committee to be significant challenges or minimally acceptable.

Given the importance of safe and reliable operations, two scorecards were designed to provide alignment and a common culture in all our field and office locations. The first scorecard is the Environmental, Health and Safety Scorecard, which consists of several industry leading and lagging indicators that promote leadership, continuous improvement and a culture of zero injury. To promote leadership in enhancing a safety culture, safety action plans were developed by all management employees, safety tours were conducted by senior management and employees were required to complete all applicable environmental, health and safety training. The importance of a zero injury culture was emphasized in two areas: our people and our environment. First, with a focus on our people, showing measured improvement in the areas of recordable employee and contractor injury frequency rates and preventable vehicle incident frequency rates. Second, with a focus on the physical environment in which we operate, ensuring corrective actions and root cause analyses are developed for recordable incidents, increased reporting of non-recordable incidents, increased fuel efficiency with fleet vehicles and minimized impacts on our environment. Annual targets in these areas are set to achieve incremental improvement in performance over prior years' results.

Table of Contents

The second scorecard is the Operational and Capital Project Scorecard, which consists of several goals to ensure effective management of capital expansion projects and efficient operations. These measures consisted of meeting budgeted capital expenditures, achieving budgeted internal rates of return on these projects, effectively managing operational and maintenance costs, measuring the reliability of our compressor stations and processing plants performance and maintaining the integrity of our pipelines.

Determination of 2012 Short-Term Incentive Payments

At the end of the 2012 cycle, management prepared a report on the achievement of financial and operational goals. These results were reviewed and approved by the Compensation Committee in February 2013 along with any proposed adjustments based on individual performance for each Named Executive Officer. For the Named Executive Officers other than our Chief Executive Officer, our Chief Executive Officer's recommendation of any adjustments based on individual performance were reviewed by the Compensation Committee, which then approved the final performance results and payment of incentives. In the case of our Chief Executive Officer, results on financial and operational objectives and individual performance were reviewed and approved by the Compensation Committee prior to payment of his annual short-term incentive.

The amounts set forth below show the target amounts for achieving the threshold, target and maximum levels established for each financial goal as well as the actual result. For each category, achievement of the threshold, target and maximum amounts would result in the payment of 50%, 100% and 200%, respectively, of the target level. For instance, the short-term incentive payment for an executive associated with our Spectra Energy Transmission EBIT results was calculated as 25% of such executive's target cash incentive opportunity multiplied by the actual percentage achieved, which was 101.99%. Actual Spectra Energy Ongoing EPS for 2012 was \$1.43 which was below the \$1.70 threshold primarily as a result of lower than expected commodity prices, resulting in no payment for EPS results.

Measures	Threshold	Target	Maximum	Actual	Percentage Achieved
Spectra Energy Ongoing EPS	\$ 1.70	\$ 1.90	\$ 2.20	\$ 1.43	0%
Spectra Energy Transmission EBIT (in millions)	\$ 1,762	\$ 1,834	\$ 1,975	\$ 1,836.8	101.99%
Spectra Energy Transmission ROCE	10.2%	10.6%	11.4%	10.7%	112.50%

The Environmental, Health and Safety Scorecard achieved a payout percentage of 133.20% and the Operational and Capital Project Scorecard achieved a payout percentage of 115.30%.

The following table is a summary of the awards made to each of our Named Executive Officers:

2012 STI Awards

Name	Short-Term Incentive Award	Actual Payout as a Percent of Target Short-Term Incentive Award
Gregory L. Ebel	\$ 798,753	75%
J. Patrick Reddy	\$ 323,117	75%
Alan N. Harris	\$ 308,824	75%
Reginald D. Hedgebeth*	\$ 384,654	113%
Dorothy M. Ables	\$ 213,182	75%

* As part of the review of Company and individual performance, the Compensation Committee adjusted Mr. Hedgebeth's award to 113% of target.

Long-Term Incentives. We provide long-term incentive opportunities to our executive officers to achieve an alignment of executive and shareholder interests and incentivize executives to achieve strategic goals that will maximize long-term shareholder value.

Table of Contents

2012 Long-Term Incentive Program. The Compensation Committee decided that our long-term incentive program would consist of performance share unit awards that vest when certain specific performance goals are achieved in combination with phantom units that vest over a three-year period. We believe that the combination of these two forms of awards is an effective means of creating a focus on returns to shareholders and retaining our executive talent in a competitive market.

For 2012, the weighting of the performance share unit awards remained at 60% of the target value of annual long-term compensation and these units are earned based on how we perform relative to a group of energy companies over a three-year period. Companies in our Long-Term Incentive (LTI) Peer Group are listed below.

LTI Peer Group*

Ameren Corp	CenterPoint Energy	Consolidated Edison
Dominion Resources	DTE Energy	Enbridge, Inc.
EQT Corporation	Kinder Morgan	NiSource
National Fuel Gas Co.	ONEOK, Inc.	PG&E Corp.
Public Service Enterprise Group	Questar Corp.	Sempra Energy
TransCanada Corp.	Williams Companies	Xcel Energy

* El Paso Corporation and Southern Union Company were both acquired in 2012 by non-peer companies and therefore were removed from the peer group list. Additionally, Kinder Morgan was added to the LTI Peer Group because it has lines of business similar to ours and also re-emerged as a publicly traded entity in February 2011.

The LTI Peer Group of 18 companies is not entirely the same as the compensation reference group discussed above for two reasons:

In discussions with its consultant, the Compensation Committee decided that the Compensation Peer Group is not large enough to develop a reliable long-term measure of relative corporate performance.

The groups serve two different purposes. The Compensation Peer Group provides an informal benchmark of compensation practices of companies with which we compete for executive talent, while the LTI Peer Group provides a measure of our performance compared to companies with which we compete for capital.

The performance share unit awards generally vest only to the extent our TSR for our common stock (a performance metric under our long-term incentive program) is achieved over a three-year measurement period, as compared to the LTI Peer Group, in accordance with the percentages outlined in the following table:

Relative TSR Performance Results	Percent Payout of Target Performance Share Units
80th Percentile or Higher	200%
50th Percentile (Target)	100%
30th Percentile	50%
Below 30th Percentile	0%

The Compensation Committee approved these payout levels after a review of similar plans in place by many of the companies in the LTI Peer Group, a review of the historical returns of the LTI Peer Group and indices that track energy company performance, and after consultations with our outside compensation advisors. Once earned, half of the performance share units will be converted to shares of Spectra Energy common stock and half

Table of Contents

will be paid out in cash, based on the fair market value of Spectra Energy common stock at the time of vesting. The payout design is intended to provide for stock accumulation while also allowing for investment diversification.

Phantom units comprise the remaining 40% of annual long-term compensation grant value. These units will vest at the end of three years at which time they will be converted to shares of our common stock. Dividend equivalents accumulated from the date of grant will be paid in cash on the number of performance share units and phantom units at the time the units vest. We believe that, at this time, the long-term incentive program should place more emphasis on our performance relative to the LTI Peer Group while still providing an appropriate level of retention incentive.

For determining the number of performance share units and phantom units granted, the target values are based on Towers Watson's expected life lattice model. Therefore, adjustments were made to reflect the assessment of risk associated with the related performance and time vesting conditions, resulting in a discount to 81% and 86.73% for performance share units and phantom units, respectively. The table below shows long-term incentive awards granted to our Named Executive Officers in 2012:

Name	Expected Value of LTI/Equity Grants (as a % of Base Salary)	Number of Target Performance Share Units Granted	Number of Phantom Units Granted
Gregory L. Ebel	325%	82,200	51,200
J. Patrick Reddy	155%	21,100	13,200
Alan N. Harris	155%	20,200	12,600
Reginald D. Hedgebeth	150%	18,600	11,600
Dorothy M. Ables	125%	13,000	8,100

Determination of 2010-2012 Performance Share Unit Awards. The 2010 performance unit cycle commenced on January 1, 2010 and ended on December 31, 2012. The performance share units vest based on our TSR for the three-year period as compared to the TSR for companies in our LTI Peer Group, which is the same LTI Peer Group used for the 2012 awards listed above, with the exception of Kinder Morgan. Our TSR for the three-year period was 53.03% which is at the 53.0 percentile of the LTI Peer Group. This results in a payout percentage of 110%. The following table lists the resulting number of 2010-2012 performance shares that vested and the amount of associated dividend equivalents:

Name	Vested Performance Share Units	Dividend Equivalent Payment
Gregory L. Ebel	77,220	\$ 251,737
J. Patrick Reddy	25,300	\$ 82,478
Alan N. Harris	25,300	\$ 82,478
Reginald D. Hedgebeth	23,320	\$ 76,023
Dorothy M. Ables	16,280	\$ 53,073

Retirement and Other Benefits. We provide our executives with retirement benefits under the Spectra Energy Retirement Savings Plan, the Spectra Energy Executive Savings Plan, the Spectra Energy Retirement Cash Balance Plan and the Spectra Energy Executive Cash Balance Plan. The Compensation Committee has determined that, based on market surveys, these plans are comparable to the benefits provided by our peers and provide an important tool for attracting and retaining our executives. Please refer to Executive Compensation for disclosure of the amounts paid to our Named Executive Officers under these plans.

The Spectra Energy Retirement Savings Plan, a 401(k) plan, is generally available to all employees in the United States. The plan is a tax-qualified retirement plan that provides a means for employees to save for retirement on a tax-deferred basis and to receive an employer matching contribution. Earnings on amounts credited to the Spectra Energy Retirement Savings Plan are determined by reference to investment choices (including a Spectra Energy common stock fund) selected by each participant.

Table of Contents

The Spectra Energy Executive Savings Plan enables executives to defer compensation, and receive employer matching contributions, in excess of the limits of the Internal Revenue Code that apply to qualified retirement plans such as the Spectra Energy Retirement Savings Plan. Earnings on amounts credited to the Spectra Energy Executive Savings Plan are determined by reference to investment choices similar to those offered under the Spectra Energy Retirement Savings Plan.

The Spectra Energy Retirement Cash Balance Plan provides a defined benefit for retirement, the amount of which is based on a participant's cash balance account balance, which grows with monthly pay and interest credits.

The Spectra Energy Executive Cash Balance Plan provides executives with the retirement benefits to which they would be entitled under the Spectra Energy Retirement Cash Balance Plan if the limits contained in the Internal Revenue Code did not exist.

Perquisites and Personal Benefits. At the direction of the Board, Mr. Ebel uses the Company aircraft for personal travel in limited circumstances, primarily for business efficiency. Mr. Ebel's family and guests may accompany him on personal trips. Other executive officers are not allowed to initiate personal trips on corporate or chartered aircraft. However, officers are permitted to invite their spouses or guests to accompany them on business trips when space is available. When the executive officer's use of aircraft or a guest's travel does not meet the Internal Revenue Service's (IRS) standard for business use, the cost of that travel is imputed as income to the officer even though such travel may not have resulted in incremental cost to the Company.

Severance. The Compensation Committee believes that change in control severance arrangements serve shareholders' best interests by diminishing the potential distraction of the executives created by the personal uncertainties and risks that may affect our executives' focus in the context of a potential corporate restructuring or change in control transaction. These protections also help assure continuity of management in the event of certain corporate transactions.

The Compensation Committee believes that, while change in control severance agreements are a necessary element of the compensation program, executives should not be unduly enriched if and when the agreements are triggered. Accordingly, each Named Executive Officer has entered into an agreement with the Company that defines the circumstances under which severance benefits would be paid. The terms of these agreements were approved by the Compensation Committee after consultation with our outside compensation consultants and outside counsel and include the provisions listed below, which the Compensation Committee considered to be sufficient to achieve its objectives. *See also* Executive Compensation Potential Payments upon Termination of Employment or Change in Control.

Agreements are only triggered if there is a change in control of the Company and a qualifying termination of employment. This feature is commonly called a "double trigger."

Cash severance benefits are limited to two times annual salary plus two times annual target cash incentive.

Medical, dental and life insurance are continued during the two years following severance.

Provides for a lump sum payment for company savings plan and pension plan contributions.

There is no provision to gross-up excise taxes that may be triggered under Section 4999 of the Internal Revenue Code; however, severance payments may be reduced to a level that does not trigger the excise tax if the executive's net after-tax benefits are greater than if severance benefits were not reduced, and the excise tax was triggered.

Executives are subject to certain non-competition and non-solicitation provisions.

Table of Contents

Compensation of the Chief Executive Officer

In determining Mr. Ebel's 2012 total compensation opportunity (the sum of his annual base salary, his annual cash incentive target and the target value of his annual long-term incentive grant), the Compensation Committee reviewed Mr. Ebel's performance, the Company's performance, market survey data and Compensation Peer Group data. Based on this information, the Compensation Committee deemed it appropriate to increase his base salary by approximately 5% and increase his long-term incentive opportunity from 300% to 325%. This resulted in his total compensation opportunity maintaining competitiveness with the median of compensation for CEOs of the Compensation Peer Group, with a continued emphasis on the long-term component of this compensation package.

Other Compensation Policies

Stock Ownership Policy. We have adopted a stock ownership policy for outside directors, executive officers and other key employees who receive long-term incentives. We believe that our executives and outside directors should be required to own shares of Spectra Energy in order to establish an alignment between their interests and the interests of shareholders. Each director and employee subject to the policy is required to satisfy the ownership target within five years after becoming subject to the policy. To reinforce the importance of stock ownership, an employee who is subject to the policy and who does not achieve his or her ownership target by the applicable date will become ineligible for future long-term incentives unless he or she elects to apply all short-term incentive payments to the purchase of our common stock until his or her target ownership level is achieved. In addition, we will deliver shares of stock in lieu of an annual retainer for outside directors who do not achieve the ownership target by the applicable date. The following table sets forth our stock ownership policy, as updated in June 2012, for our executive officers and directors. All Named Executive Officers have exceeded their aggregate stock ownership requirement under this policy.

Stock Ownership Policy

Position	Number of Shares
Chairman	22,500
Outside Directors	15,000
President and Chief Executive Officer	200,000
Other Named Executive Officers	70,000
All Other Executives Subject to Guidelines	2,000-30,000

Derivative Transactions. Our stock trading policy applies to transactions in securities that derive their value from our common stock or any of our debt securities. To avoid even the appearance of insider trading, this policy permits trading by our directors and executives in our securities only during a 30-day window following our quarterly or annual earnings release and only after obtaining preclearance from our Chief Executive Officer or general counsel. In addition, because of the inherent potential for abuse, this policy restricts our directors and executives from entering into short swing transactions, short sales or use of derivative securities, hedging transactions or margin accounts when such accounts or transactions relate to our securities.

Tax and Accounting Implications

Deductibility of Executive Compensation: The Compensation Committee reviewed and considered the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company generally may not deduct for federal income tax purposes annual compensation in excess of \$1 million paid to certain employees. Performance-based compensation paid pursuant to shareholder-approved plans is not subject to the deduction limit as long as such compensation is approved by outside directors within the meaning of Section 162(m) of the Internal Revenue Code.

Table of Contents

The Compensation Committee generally structures and administers executive compensation plans and arrangements so that they will not be subject to the 162(m) deduction limit. The Compensation Committee may from time to time approve payments that cannot be deducted in order to maintain flexibility in structuring appropriate compensation programs in the interest of shareholders. For example, phantom units awards described under Compensation Discussion and Analysis Elements of the Compensation Plan received by certain employees may not be deductible for federal income tax purposes, depending on the amount and other types of compensation received by such employees.

Accounting for Stock-Based Compensation: For employee awards, equity classified stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense over the requisite service period, which generally begins on the date the award is granted through the earlier of the date the award vests or the date the employee becomes retirement eligible. For accounting purposes, awards granted to employees that are retirement eligible are deemed to have vested immediately upon issuance, and therefore, compensation cost for those awards is recognized on the date such awards are granted. Liability classified stock-based compensation cost is re-measured at each reporting period and is recognized as expense over the requisite service period. We consider the expenses associated with the grant of options and other long-term incentive awards in granting such awards.

Section 409A

To the extent we permit executives to defer compensation or we commit to deliver compensation at a later date than when earned and vested, we endeavor to ensure that the requirements of Section 409A of the Internal Revenue Code are satisfied. Failure to satisfy the Section 409A requirements could subject the executives receiving such nonqualified deferred compensation to a 20% excise tax.

Table of Contents**EXECUTIVE COMPENSATION**

This section provides information regarding the compensation of our Named Executive Officers. The table below sets forth compensation of the Named Executive Officers for 2010 through 2012.

SUMMARY COMPENSATION TABLE

Name and Principal Position	Year	Salary (\$)	Bonus (\$)	Stock Awards \$(1)	Option Awards (\$)	Non-Equity Incentive Plan Compensation \$(2)	Change in Pension Value and Nonqualified Deferred Compensation Earnings \$(3)	All Other Compensation \$(4)	Total (\$)

	2010	410,000		746,228		403,285	141,527	52,864	1,753,904

- (1) This column reflects the aggregate grant date fair value computed in accordance with the provisions of FASB ASC Topic 718 with respect to performance share units and phantom units awards granted each year. The aggregate dollar amount was determined without regard to any estimate of forfeitures related to service-based vesting conditions. See Note 23 of the Notes to Consolidated Financial Statements in our Form 10-K for the year ended December 31, 2012 regarding assumptions underlying the valuation of equity awards. If the performance share units vested at the maximum level, the following represents the maximum value that would be payable on the performance share units granted in 2012, based on the closing stock price of our common stock on the grant date of these awards for Messrs. Ebel, Reddy, Harris, and Hedgebeth and Ms. Ables: \$5,122,704, \$1,314,952, \$1,258,864, \$1,159,152 and \$810,160, respectively.
- (2) Non-Equity Incentive Plan Compensation column includes amounts payable under the Spectra Energy Executive STI Plan with respect to the 2012, 2011 and 2010 performance periods. Unless deferred, these amounts were paid, respectively, in March 2013, March 2012 and March 2011.
- (3) Change in Pension Value and Nonqualified Deferred Compensation Earnings column includes the amounts listed below. Figures represent the change in value during the twelve month periods ending December 31 of each year.

Table of Contents

	Gregory L. Ebel \$	J. Patrick Reddy \$	Alan N. Harris \$	Reginald D. Hedgebeth \$	Dorothy M. Ables \$
Change in actuarial present value of accumulated benefit under the Spectra Energy Retirement Cash Balance Plan for the period beginning on January 1, 2012 and ending on December 31, 2012	45,587	26,410	72,435	29,848	67,899
Change in actuarial present value of accumulated benefit under the Spectra Energy Executive Cash Balance Plan for the period beginning on January 1, 2012 and ending on December 31, 2012	288,585	105,862	135,886	94,100	127,923
Change in actuarial present value of accumulated benefit under the Pension Choices Plan for Employees of Westcoast Energy Inc. and affiliated companies for the period beginning on January 1, 2012 and ending on December 31, 2012	40,757				
Change in actuarial present value of accumulated benefit under the Spectra Energy Supplemental Pension Plan for the period beginning on January 1, 2012 and ending on December 31, 2012	816,432				
Total	1,191,361	132,272	208,321	123,948	195,822

(4) All Other Compensation column includes the following for 2012:

	Gregory L. Ebel \$	J. Patrick Reddy \$	Alan N. Harris \$	Reginald D. Hedgebeth \$	Dorothy M. Ables \$
Matching contributions under the Spectra Energy Retirement Savings Plan	15,000	15,000	15,000	15,000	15,000
Make-whole matching contribution credits under the Spectra Energy Corp Executive Savings Plan	129,063	52,398	49,407	42,983	33,539
Premiums for life insurance coverage provided under life insurance plans	1,710	7,524	4,902	1,710	4,218
Charitable contributions made in the name of the Executive under Spectra Energy's matching gift policy	8,500	350	1,050	5,000	10,000
Personal use of Company aircraft	58,333	13,475	6,965		
Tax return preparation services	1,800				
Total	214,406	88,747	77,324	64,693	62,757

The amounts shown as Personal use of Company aircraft reflect the personal use of the Company's aircraft by the Named Executive Officers. When travel costs did not meet the IRS standard for business use, income was imputed to the officer even though such travel may not have resulted in incremental cost to Spectra Energy. The methodology used to compute the incremental cost of this benefit was based on the hourly variable cost for the use of the aircraft, plus any tax deduction disallowance.

(5) A portion of Mr. Ebel's pension value for 2012, 2011 and 2010 was provided in Canadian dollars and that portion of his compensation has been converted to U.S. dollars using the Bloomberg spot rate of \$.9921 on December 31, 2012, \$1.0213 on December 31, 2011 and \$0.998 on December 31, 2010, respectively.

Dorothy M. Ables	2/21/2012	2/20/2012							8,100	\$ 252,396

- (1) The awards reflected in the Estimated Possible Payouts Under Non-Equity Incentive Plan Awards column were granted for the 2012 performance period under the terms of the Spectra Energy Executive STI Plan. The actual amounts paid to each executive under the terms of such plan for 2012 are disclosed in the Summary Compensation Table.
- (2) Awards reflected in these columns were made in units of Spectra Energy common stock and were granted under the terms of the Spectra Energy Corp 2007 Long-Term Incentive Plan, as amended and restated.
- (3) All awards reflected in this column were computed in accordance with FASB ASC Topic 718. The per share full grant date fair value of the phantom units and performance share units granted on February 21, 2012 is \$31.16 and \$40.99, respectively.

					31,200	\$ 854,256	56,000	\$ 1,533,280

- (1) For options granted February 27, 2007, the exercise price is equal to the closing price of our common stock on the date of grant. In connection with the spin-off of the Company effective January 2, 2007, all Duke Energy equity awards were adjusted to reflect the change in the price of Duke Energy common stock that occurred as a result of the spin-off, and an additional award denominated in our common stock was granted. The adjustments preserved, but did not increase, the value of the equity awards. The following chart indicates exercise prices for stock options granted on January 2, 2007 at the Company associated to each grant date at Duke Energy:

Date of Grant	Duke Original Option Exercise Price	Duke Adjusted Option Exercise Price	Spectra Energy Option Exercise Price Granted on January 2, 2007
February 25, 2003	\$ 13.77	\$ 7.85	\$ 11.86
April 1, 2003	\$ 14.54	\$ 8.29	\$ 12.52

- (2) Messrs. Ebel, Reddy, Harris and Hedgebeth and Ms. Ables received Spectra Energy phantom units on February 21, 2012, February 22, 2011 and February 23, 2010 which, subject to certain exceptions, vest on the third anniversary of the date of grant.
- (3) Messrs. Ebel, Reddy, Harris and Hedgebeth and Ms. Ables received performance share units on February 21, 2012 and February 22, 2011 which, subject to certain exceptions, are eligible for vesting on December 31, 2014 and December 31, 2013, respectively. Pursuant to Instruction 3 to Item 402(f)(2) of Regulation S-K, performance share units are listed at the maximum number of units.
- (4) On January 2, 2009, Mr. Reddy received a grant of 18,100 phantom units which, subject to certain exceptions, vest in five equal installments on the first five anniversaries of the date of grant.

Table of Contents**2012 OPTION EXERCISES AND STOCK VESTED**

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise \$(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting \$(2)
Gregory L. Ebel				
<i>Spectra Energy</i>	3,531	5,845	161,920	5,475,892
J. Patrick Reddy				
<i>Spectra Energy</i>			59,820	2,026,146
Alan N. Harris				
<i>Spectra Energy</i>			56,200	1,903,754
Reginald D. Hedgebeth				
<i>Spectra Energy</i>			54,420	1,840,334
Dorothy M. Ables				
<i>Spectra Energy</i>			34,780	1,176,852

- (1) The value realized upon exercise was calculated based on the closing price of a share of Spectra Energy common stock on the date of option exercise.
- (2) The value realized upon vesting of stock awards was calculated based on the closing price of a share of common stock on the respective vesting date, and includes cash payments to Messrs. Ebel, Reddy, Harris and Hedgebeth and Ms. Ables in the amount of \$513,460, \$189,036, \$177,959, \$172,122 and \$110,238, respectively, for dividend equivalents paid at the time of vesting on earned phantom and performance share units.

Spectra Energy Retirement Cash Balance Plan and Executive Cash Balance Plan

We provide pension benefits that are intended to assist our retirees with their retirement income needs. A more detailed description of the plans that comprise our pension program follows.

Each of the Named Executive Officers actively participated in pension plans sponsored by us or our affiliate in 2012. They participated in the Spectra Energy Retirement Cash Balance Plan (RCBP), which is a noncontributory, defined benefit retirement plan that is intended to satisfy the requirements for qualification under Section 401(a) of the Internal Revenue Code. The RCBP generally covers non-bargaining employees of the Company and affiliates. The RCBP provides benefits under a cash balance account formula.

Each of the Named Executive Officers who participates in the RCBP has satisfied the eligibility requirements to receive his or her account benefit upon termination of employment. The RCBP benefit is payable in the form of a lump sum in the amount credited to the hypothetical account at the time of benefit commencement. Payment is also available in the form of an annuity based on the actuarial equivalent of the account balance.

The amount credited to the hypothetical account is increased with monthly pay credits equal to (a) for participants with combined age and service of less than 35 points, 4% of eligible monthly compensation, (b) for participants with combined age and service of 35 to 49 points, 5% of eligible monthly compensation, (c) for participants with combined age and service of 50 to 64 points, 6% of eligible monthly compensation, and (d) for participants with combined age and service of 65 or more points, 7% of eligible monthly compensation. If the participant earns more than the Social Security wage base, the account is credited with additional pay credits equal to 4% of eligible compensation above the Social Security wage base. Interest credits are credited monthly, with the interest rate determined quarterly based upon the 30-year Treasury rate, but no less than 4% and no greater than 9%.

Table of Contents

For the RCBP, eligible monthly compensation is equal to Form W-2 wages, plus elective deferrals under a 401(k) or cafeteria plan. Compensation does not include severance pay (including payment for unused vacation), expense reimbursements, allowances, cash or noncash fringe benefits, moving expenses, bonuses for performance periods in excess of one year, transition pay, long-term incentive compensation (including income resulting from any stock-based awards such as stock options, stock appreciation rights, phantom stock or restricted stock) and other compensation items to the extent described as not included for purposes of benefit plans or the RCBP.

The benefit of participants in the RCBP may not be less than determined under certain prior benefit formulas (including optional forms). In addition, the benefit under the RCBP is limited by maximum benefits and compensation limits under the Internal Revenue Code.

Each of our Named Executive Officers was eligible to participate in the Spectra Energy Executive Cash Balance Plan (ECBP), which is a noncontributory, defined benefit retirement plan that is not intended to satisfy the requirements for qualification under Section 401(a) of the Internal Revenue Code. Benefits earned under the ECBP are attributable to (a) compensation in excess of the annual compensation limit (\$250,000 for 2012) under the Internal Revenue Code that applies to the determination of pay credits under the RCBP, (b) restoration of benefits in excess of a defined benefit plan maximum annual benefit limit (\$200,000 for 2012) under the Internal Revenue Code that applies to the RCBP, and (c) supplemental benefits granted to a particular participant. Generally, benefits earned under the RCBP and the ECBP vest upon completion of three years of service, and, with certain exceptions, vested benefits generally become payable upon termination of employment with the Company.

We have established a grantor trust that is subject to the claims of our creditors into which funds related to the ECBP are deposited. Funds deposited into the trust are managed by an independent trustee subject to guidelines provided by the Company.

Pension Choices Plan for Employees of Westcoast Energy Inc. and Spectra Energy Supplemental Pension Plan

Mr. Ebel participated in the Pension Choices Plan for Employees of Westcoast Energy Inc. and affiliated companies (Pension Plan), and the Spectra Energy Supplemental Executive Retirement Plan (SERP) while he resided in Canada prior to 2007. The Pension Plan is registered under the Income Tax Act and under the Pension Benefits Act (Ontario). The executive component of the Pension Plan is a non-contributory defined benefit plan that provides a pension based on 2% of the annualized average of the executive's highest consecutive 36 months' salary and cash incentive multiplied by the executive's years of service while located in Canada. The Income Tax Act imposes maximum restrictions on the amount of benefits that can be paid from a registered pension plan. The SERP is primarily intended to restore benefits under the Pension Plan to the level that would be available in accordance with the benefit formulas under the Pension Plan if such restrictions were not applicable. Also effective with the spin-off, the SERP became effective and contains the same provisions as the predecessor SERP sponsored by Duke Energy. Mr. Ebel's benefit accruals related to the Duke SERP were transferred to the Spectra Energy SERP effective with the spin-off. SERP benefits are paid from the general revenues of Spectra Energy as a life annuity. Effective with the spin-off, Mr. Ebel participates in the Spectra Energy RCBP, and his active participation in the Pension Plan is suspended, although compensation (but not additional service) with Spectra Energy will be used in the calculation of his Pension Plan benefit.

The following table provides information related to each plan that provides for payments or other benefits at, following or in connection with retirement, determined as of December 31, 2012.

Table of Contents**PENSION BENEFITS**

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)

Dorothy M. Ables	Spectra Energy Executive Cash Balance Plan	27.36	721,997	

Spectra Energy Executive Savings Plan

Under the Spectra Energy Executive Savings Plan, participants can elect to defer a portion of their base salary, short-term incentive compensation and long-term incentive compensation (other than stock options). Participants also receive a company matching contribution in excess of the contribution limits prescribed by the IRS under the Spectra Energy Retirement Savings Plan. In general, payments are made following termination of employment or death in the form of a lump sum or installments, as selected by the participant. Participants may request an accelerated distribution upon an unforeseeable emergency. In general, participants may direct the deemed investment of base salary deferrals, short-term incentive deferrals and matching contributions among investments options available under the Spectra Energy Retirement Savings Plan, including in a Spectra Energy Common Stock Fund. Deferrals of equity awards are credited with earnings and losses based on the performance of the Spectra Energy Common Stock Fund. We have established a grantor trust that is subject to the claims of our creditors into which funds related to the Spectra Energy Executive Savings Plan are deposited. Funds deposited into the trust are managed by an independent trustee subject to guidelines provided by the Company.

NONQUALIFIED DEFERRED COMPENSATION

Name	Executive Contributions in Last FY \$(1)	Company Contributions in Last FY \$(2)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distribution (\$)	Aggregate Balance at Last FYE (\$)
Gregory L. Ebel	221,848	129,063	34,987		1,223,389
J. Patrick Reddy	44,898	52,398	(29,206)		352,906
Alan N. Harris	86,244	49,407	(17,633)		1,262,090
Reginald D. Hedgebeth	51,942	42,983	21,775		329,080
Dorothy M. Ables	26,039	33,539	49,375		895,904

- (1) The table reflects contributions made to the Spectra Energy Executive Savings Plan. Executive contributions credited to the plan in 2012 include amounts reported as Salary in the Summary Compensation Table as well as Non-Equity Incentive Plan Compensation paid in 2012 but reported in the table as compensation earned in 2011. Amounts may also include elective deferrals of awards earned under our Long-Term Incentive Plan and payable in 2012.
- (2) Reflects make-whole matching contribution credits made in 2012 under the plan with respect to elective salary deferrals made by executives during 2012.

Table of Contents

Potential Payments Upon Termination of Employment or Change in Control

Under certain circumstances, each Named Executive Officer would be entitled to compensation in the event his or her employment terminates. The amount of the compensation is contingent upon a variety of factors, including the circumstances under which employment is terminated. The relevant agreements and terms of awards applicable to Named Executive Officers are described below, followed by a table that quantifies the amount that would become payable to each Named Executive Officer as a result of a change in control or his or her termination of employment. The amounts shown assume that any termination was effective as of December 31, 2012 and are estimates of the amounts that would have been paid. The actual amounts that would be paid can only be determined at the time of the Named Executive Officer's termination of employment.

The following table summarizes the consequences that would occur in the event of a change in control or the termination of employment of a Named Executive Officer under our long-term incentive award agreements, without giving effect to the change in control agreements described below.

Event	Consequences
Change in Control	Phantom Units continue to vest
	Performance Share Units award vests based on target performance
Termination with cause	Phantom and Performance Share Units the executive's right to unvested portion of award terminates immediately
Voluntary termination (not retirement eligible)	Phantom and Performance Share Units the executive's right to unvested portion of award terminates immediately
Involuntary termination without cause (not retirement eligible)	Phantom Units prorated portion of award vests
	Performance Share Units prorated portion of award vests based on actual performance after performance period ends
Voluntary termination or involuntary termination without cause (retirement eligible)	Phantom Units prorated portion of award continues to vest
	Performance Share Units prorated portion of award vests based on actual performance after performance period ends
Involuntary termination after a Change in Control	Phantom Units award vests
	Performance Share Units award vests based on target performance
Death or Disability	Phantom Units award vests

Edgar Filing: Spectra Energy Corp. - Form DEF 14A

Performance Share Units award vests based on target performance

Each Named Executive Officer has entered into a change in control agreement with the Company. The agreements have an initial term of two years. The term of the agreements automatically extend for a year starting on the first anniversary of the date of the agreements. The Company or the Named Executive Officers can terminate the agreements following the initial two-year term, after providing 6 months advance written notice.

The change in control agreements provide for payments and benefits to the executive in the event of termination of employment within two years after a change in control of the Company, other than termination: (1) by the Company for cause; (2) by reason of death or disability; or (3) of the executive for other than good reason (each such term as defined in the agreements). Payments and benefits include: (1) a lump-sum cash

Table of Contents

payment equal to a pro-rata amount of the executive's target cash incentive for the year in which the termination occurs; (2) a lump-sum cash payment equal to two times the sum of the executive's annual base salary and target annual cash incentive opportunity in effect immediately prior to termination or, if higher, in effect immediately prior to the first occurrence of an event or circumstance constituting good reason; (3) continued medical, dental and basic life insurance coverage for a two-year period (which can also be provided through a third-party insurer); and (4) a lump-sum cash payment representing the amount the Company would have allocated or contributed to the executive's qualified and nonqualified defined benefit pension plan and defined contribution savings plan accounts during the two years following the termination date, plus the unvested portion, if any, of the executive's accounts as of the date of termination that would have vested during such two year period. In addition, under certain circumstances, the agreements may provide for continued vesting of certain long-term incentive awards for two additional years.

Under the change in control agreements, each Named Executive Officer also is entitled to reimbursement of up to \$50,000 for the cost of certain legal fees incurred in connection with claims under the agreements. In the event that any of the payments or benefits provided for in the change in control agreement otherwise would constitute an excess parachute payment (as defined in Section 280G of the Internal Revenue Code), the amount of payments or benefits would be reduced to the maximum level that would not result in excise tax under Section 4999 of the Internal Revenue Code if such reduction would cause the executive to retain an after-tax amount in excess of what would be retained if no reduction were made. In the event a Named Executive Officer becomes entitled to payments and benefits under a change in control agreement, he or she would be subject to a one-year non-competition and non-solicitation provision from the date of termination, in addition to certain confidentiality and cooperation provisions.

- (1) Amounts in the table represent obligations of the Company under agreements currently in place at the Company, and valued as of December 31, 2012.
- (2) Amounts listed under "Cash Severance Payment" are payable under the terms of the Named Executive Officer's change in control agreement. The severance benefits set forth above do not include accrued salary and cash incentive payments earned but not paid through December 31, 2012; however, such amounts are reflected in the Summary Compensation Table above.
- (3) Pursuant to the change in control agreements of Messrs. Ebel, Reddy, Harris and Hedgebeth and Ms. Ables, amounts listed under "Incremental Retirement Plan Benefit" represent the additional amounts that would be credited and vested in respect of the Spectra Energy Retirement Cash Balance Plan, Spectra Energy Executive Cash Balance Plan, Spectra Energy Retirement Savings Plan and the Spectra Energy Executive Savings Plan in the event the Named Executive Officer continued to be employed by Spectra Energy for two additional years, at his or her rate of base salary plus target bonus percentage as in effect on December 31, 2012.

Table of Contents

- (4) Amounts listed under "Welfare and Similar Benefits" include the maximum accrued vacation allowed under Company policy and the amount that would be paid to each Named Executive Officer who has entered into a change in control agreement in lieu of providing continued welfare benefits for 24 months.
- (5) The amounts listed under "Stock Awards" would be the result of the acceleration of the vesting of previously awarded stock as a result of each event listed and any associated dividend equivalent payments due upon vesting. For Messrs. Reddy and Harris and Ms. Ables, who are retirement eligible, the amounts also include the continued vesting of previously awarded phantom units after the applicable termination event.

The amounts listed in the preceding table have been determined based on a variety of assumptions, and the actual amounts to be paid out can only be determined at the time of each Named Executive Officer's termination of employment. The amounts described in the table do not include compensation to which each Named Executive Officer would be entitled without regard to his or her termination of employment, including (a) base salary and short-term incentives that have been earned but not yet paid, and (b) amounts that have been earned, but not yet paid, under the terms of the plans listed under the "Pension Benefits" and "Nonqualified Deferred Compensation" tables.

With respect to a Named Executive Officer who is covered by a change in control agreement, the amounts shown above do not reflect the fact that if, in the event that payments to the executive in connection with a change in control otherwise would result in an excise tax under Section 4999 of the Internal Revenue Code, such payments may be reduced to the extent necessary so that the excise tax does not apply.

The amounts shown above with respect to the Company's outstanding stock awards were calculated based on a variety of assumptions, including the following: (a) the Named Executive Officer terminated employment on the last day of 2012; (b) a stock price for our common stock equal to \$27.38, which was the closing price on the last trading day of 2012; (c) the continuation of our dividend at the rate in effect on December 31, 2012; and (d) performance at the target level with respect to performance share units.

Current Equity Compensation Plan Information

The following table sets forth information, as of December 31, 2012, about securities to be issued upon exercise of outstanding options, warrants and rights under our equity compensation plans, along with the weighted-average exercise price of the outstanding options, warrants and rights and the number of securities remaining available for future issuance under the plans.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available under equity compensation plans (excluding securities reflected in column (a)) (c)(1)
Equity compensation plans approved by security holders	3,478,364	\$ 21.56	15,706,690
Equity compensation plans not approved by security holders			
Total	3,478,364	\$ 21.56	15,706,690

- (1) Represents shares available for issuance for awards of phantom unit awards, performance share unit awards assuming target performance or options under the Spectra Energy Corp 2007 Long-Term Incentive Plan, as amended and restated.

REPORT OF THE CORPORATE GOVERNANCE COMMITTEE

The following is the report of the Corporate Governance Committee with respect to its philosophy, responsibilities and initiatives.

Philosophy and Responsibilities

The Corporate Governance Committee believes that sound corporate governance has three components: (i) Board independence, (ii) processes and practices that foster solid decision-making by both management and the Board, and (iii) balancing the interests of all of our stakeholders – our investors, customers, employees, the communities we serve and the environment. The Committee’s charter is available on our website at www.spectraenergy.com/investors/governance and is summarized below:

Membership. The Committee must be comprised of three or more members, all of whom must qualify as independent directors under the listing standards of the NYSE and other applicable rules and regulations.

Responsibilities. The Committee’s responsibilities include, among other things: (i) implementing policies regarding corporate governance matters; (ii) assessing the Board’s membership needs and recommending nominees; (iii) recommending to the Board those directors to be selected for membership on, or removal from, the various Board committees and those directors to be designated as chairs of Board committees; and (iv) sponsoring and overseeing performance evaluations for the various Board committees, the Board as a whole, and the directors and management, including the Chief Executive Officer.

Investigations and Evaluations. The Committee may conduct or authorize investigations into or studies of matters within the scope of the Committee’s duties and responsibilities, and may retain, at the Company’s expense, and in the Committee’s sole discretion, consultants and attorneys to assist in such work as the Committee deems necessary. In addition, the Committee has the sole authority to retain or terminate any search firm to be used to identify director candidates, including sole authority to approve the search firm’s fees and other retention terms, such fees to be borne by the Company. Finally, the Committee conducts an annual self-evaluation of its performance.

Governance Initiatives

All of the Board committee charters, as well as the Company’s Principles for Corporate Governance and Code of Business Ethics are available on our website at www.spectraenergy.com/investors/governance and are available in print upon request. Any amendment to or waiver from the Code of Business Ethics must be approved by the Board and will be posted on our website.

Director Candidates

Profile. While the Committee has not prescribed standards for considering diversity, as a matter of practice, the Committee looks for diversity in a nominee such that the nominee can enhance perspective and experience through diversity in gender, ethnic background, geographic origin and professional experience. The Committee looks for the following characteristics in any candidate for nominee to serve on our Board:

fundamental qualities of intelligence, perceptiveness, good judgment, maturity, high ethics and standards, integrity and fairness;

a genuine interest in the Company and a recognition that, as a member of the Board, one is accountable to the Company’s shareholders as a whole;

a background that includes broad business experience or demonstrates an understanding of business and financial affairs and the complexities of a large, multifaceted, global business organization;

present or former chief executive officer, chief operating officer, or substantially equivalent level executive officer of a highly complex organization such as a corporation, university or major unit of government, or a professional who regularly advises such organizations;

Table of Contents

no conflict of interest or impediment that would interfere with the duty of loyalty owed to the Company and its shareholders;

the ability and willingness to spend the time required to function effectively as a director;

compatibility and ability to work well with other directors and executives in a team effort with a view to a long-term relationship with the Company as a director;

independent judgment and willingness to express views in a constructive manner; and

diversity and the extent to which the nominee would fill a present need on the Board.

Nominees. The Committee may engage a third party from time to time to assist it in identifying and evaluating director-nominee candidates, in addition to current members of the Board standing for re-election. The Committee will provide the third party, based on surveys of the then-current Board members and the profile described above, the characteristics, skills and experiences that may complement those of our existing members. The third party will then provide recommendations for nominees with such attributes. The Committee considers nominees recommended by shareholders on a similar basis, taking into account, among other things, the profile criteria described above and the nominee's experiences and skills. In addition, the Committee considers the shareholder nominee's independence with respect to both the Company and the nominating shareholder. All of the nominees on the proxy card are current members of our Board and were recommended by the Committee, except for Mr. Morris, who was nominated by the Committee for his initial election at the Annual Meeting. Mr. Morris was recommended by a current member of the Board.

Shareholders interested in submitting nominees as candidates for election as directors must provide timely written notice to the Corporate Governance Committee, c/o Corporate Secretary, Spectra Energy Corp, 5400 Westheimer Court, Houston, Texas 77056, in accordance with our Second Amended and Restated By-Laws (which we refer to below as our By-Laws). To be timely, the notice must be received by the Corporate Secretary not less than 90 or more than 120 days prior to the anniversary of the Annual Meeting. The notice must set forth, as to each person whom the shareholder proposes to nominate for election as director:

the name and address of the recommending shareholder(s), and the number of shares of the Company's common stock that are beneficially owned by the recommending shareholder(s);

a representation that the recommending shareholder(s) is a holder of record of the Company's stock entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to nominate the person(s) specified in the notice;

the name, age, business address and principal occupation and employment of the recommended nominee;

any information relevant to a determination of whether the recommended nominee meets the criteria for Board membership established by the Board and/or the Corporate Governance Committee;

any information regarding the recommended nominee relevant to a determination of whether the recommended nominee would be considered independent under the applicable NYSE rules and SEC rules and regulations;

a description of any business or personal relationship between the recommended nominee and the recommending shareholder(s), including all arrangements or understandings between the recommended nominee and the recommending shareholder(s) and any other person(s) (naming such person(s)) pursuant to which the nomination(s) are to be made by the recommending shareholder(s);

a statement, signed by the recommended nominee, (1) verifying the accuracy of the biographical and other information about the nominee that is submitted with the recommendation, (2) affirming the recommended nominee's willingness to be a director, and (3) consenting to serve as a director if so elected;

Table of Contents

if the recommending shareholder(s) has beneficially owned more than 5% of the Company's voting stock for at least one year as of the date the recommendation is made, evidence of such beneficial ownership as specified in the rules and regulations of the SEC;

if the recommending shareholder(s) intends to solicit proxies in support of such recommended nominee, a representation to that effect; and

all other information relating to the recommended nominee that is required to be disclosed in solicitations for proxies in an election of directors pursuant to Regulation 14A under the Exchange Act, including, without limitation, information regarding (1) the recommended nominee's business experience, (2) the class and number of shares of the Company's capital stock, if any, that are beneficially owned by the recommended nominee and (3) material relationships or transactions, if any, between the recommended nominee and the Company's management.

Resignation Policy

In an uncontested election, any nominee for director who receives a greater number of votes against his or her election than votes for such election is required to tender his or her resignation following certification of the shareholder vote. The Corporate Governance Committee is then required to make recommendations to the Board with respect to any such letter of resignation. The Board is required to take action with respect to this recommendation and to disclose its decision-making process. Full details of this policy are set out in our Principles for Corporate Governance, which is posted on our website at www.spectraenergy.com/investors/governance.

Communications with Directors

Interested parties can communicate with any of our directors by writing to our Corporate Secretary at the following address:

Corporate Secretary

Spectra Energy Corp

5400 Westheimer Court

Houston, TX 77056

Our Corporate Secretary will distribute communications to the Board, or to any individual director or directors as appropriate, depending on the facts and circumstances outlined in the communication. In that regard, the Board has requested that certain items that are unrelated to the duties and responsibilities of the Board be excluded, such as: spam; junk mail and mass mailings; service complaints; resumes and other forms of job inquiries; surveys; and business solicitations or advertisements. In addition, material that is unduly hostile, threatening, obscene or similarly unsuitable will be excluded. However, any communication that is so excluded remains available to any director upon request.

Table of Contents**PROPOSAL 2 RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS SPECTRA ENERGY CORP S
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****FOR FISCAL YEAR 2013****Independent Public Accountants**

Although our By-Laws do not require that the Company's shareholders ratify the appointment of Deloitte as the Company's independent registered public accounting firm, the Board is submitting the appointment of Deloitte to the Company's shareholders for ratification as a matter of good corporate governance. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Deloitte.

Representatives of Deloitte are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

The following table presents fees for professional services rendered by Deloitte & Touche LLP, and the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively, Deloitte) to the Company for 2012 and 2011:

Type of Fees	2012 (in millions)	2011
Audit Fees (a)	\$ 6.4	\$ 7.0
Audit-Related Fees (b)	0.7	0.4
Tax Fees (c)	0.3	0.1
All Other Fees (d)	0.1	0.2
Total Fee:	\$ 7.5	\$ 7.7

- (a) Audit Fees are fees billed or expected to be billed by Deloitte for professional services for the audit of our Consolidated Financial Statements included in our Annual Report on Form 10-K and review of financial statements included in our quarterly reports on Form 10-Q, services that are normally provided by Deloitte in connection with statutory, regulatory or other filings or engagements or any other service performed by Deloitte to comply with generally accepted auditing standards. Audit Fees also include fees billed or expected to be billed by Deloitte for professional services for the audit of our internal controls under the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations.
- (b) Audit-Related Fees are fees billed by Deloitte for assurance and other services that are reasonably related to the performance of an audit or review of our financial statements, including assistance with acquisitions and divestitures, internal control reviews and employee benefit plan audits. Audit-Related Fees also include comfort and consent letters in connection with SEC filings and financing transactions.
- (c) Tax Fees are fees billed by Deloitte for tax return assistance and preparation, tax examination assistance, and professional services related to tax planning and tax strategy.
- (d) All Other Fees are fees billed by Deloitte for any services not included in the first three categories, primarily translation of audited financials into foreign languages.

To safeguard the continued independence of our independent auditor, our Audit Committee adopted a policy that prevents our independent auditor from providing services to us and our subsidiaries that are prohibited under Section 10A(g) of the Exchange Act. This policy also provides that the independent auditor is only permitted to provide services to us and our subsidiaries that have been pre-approved by the Audit Committee or the Audit Committee of Spectra Energy Partners, LP. Pursuant to the policy, all audit services require advance approval by these Audit Committees. All other services by the independent auditor that fall within certain designated dollar thresholds, both per engagement as well as annual aggregate, have been pre-approved under the policy. Different dollar thresholds apply to the three categories of pre-approved services specified in the policy (Audit-Related services, Tax services and Other services). All services that exceed the dollar thresholds must be approved in advance by the Audit Committee or the Audit Committee of Spectra Energy Partners, LP. Pursuant to applicable

Table of Contents

provisions of the Exchange Act, the Audit Committees have delegated approval authority to the Chairman of each Audit Committee. The Chairman has presented all approval decisions to the full Audit Committee. All engagements performed by the independent auditor were approved by the Audit Committee pursuant to its pre-approval policy.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2013.

Table of Contents

PROPOSAL 3 ADVISORY VOTE APPROVING EXECUTIVE COMPENSATION

As required by Section 14A of the Securities and Exchange Act of 1934, we are asking our shareholders to provide an advisory, non-binding vote to approve the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with SEC rules.

Our compensation programs are designed to attract, retain and incentivize executives of high caliber who create value for shareholders. We are asking for shareholder approval of the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with SEC rules, which disclosures include the disclosures under Executive Compensation Compensation Discussion and Analysis, the compensation tables and the narrative discussion following the compensation tables. You may vote for or against the following resolution or you may abstain. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the policies and practices described in this proxy statement.

This vote is advisory and not binding on the Company, the Compensation Committee, or the Board. The Board and the Compensation Committee value the opinions of the Company's shareholders and expect to consider the outcome of the vote, along with other relevant factors, when considering future executive compensation decisions.

RESOLVED, that the shareholders approve the compensation awarded to the Company's Named Executive Officers for 2012, as disclosed under SEC rules, including the Compensation Discussion and Analysis, the compensation tables and related material included in this proxy statement.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE FOREGOING RESOLUTION.

Table of Contents

PROPOSAL 4 SHAREHOLDER PROPOSAL-POLITICAL CONTRIBUTIONS

The Nathan Cummings Foundation (the "Foundation"), located at 475 Tenth Avenue, 14th Floor, New York, New York 10018, has notified Spectra Energy that it intends to present the resolution set forth below at the Annual Meeting for action by the shareholders. The Foundation's supporting statement for the resolution, along with the Board's statement in opposition is set forth below. As of October 25, 2012, the Foundation owned 1,182 shares of the Company's common stock having a market value in excess of \$2,000.

Resolved: That the shareholders of Spectra Energy ("Company") hereby request that the Company provide a report, updated semiannually, disclosing the Company's:

1. Policies and procedures for making, with corporate funds or assets, contributions and expenditures (direct or indirect) to (a) participate or intervene in any political campaign on behalf of (or in opposition to) any candidate for public office, or (b) influence the general public, or any segment thereof, with respect to an election or referendum.
2. Monetary and non-monetary contributions and expenditures (direct and indirect) used in the manner described in section 1 above, including:
 - a. The identity of the recipient as well as the amount paid to each; and
 - b. The title(s) of the person(s) in the Company responsible for decision-making.

The report shall be presented to the board of directors or relevant board committee and posted on the Company's website.

Supporting Statement: As long-term shareholders of Spectra Energy, we support transparency and accountability in corporate spending on political activities. These include any activities considered intervention in any political campaign under the Internal Revenue Code, such as direct and indirect political contributions to candidates, political parties, or political organizations; independent expenditures; or electioneering communications on behalf of federal, state or local candidates.

Disclosure is consistent with public policy, in the best interest of the Company and its shareholders, and critical for compliance with federal ethics laws. Moreover, the Supreme Court's *Citizens United* decision recognized the importance of political spending disclosure for shareholders when it said, "[D]isclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way. This transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages. Gaps in transparency and accountability may expose the Company to reputational and business risks that could threaten long-term shareholder value.

Spectra Energy discloses total corporate political contributions of \$181,905 in Canada and the United States in 2011. However, this does not provide a complete picture of the Company's political spending. Individual recipients are unknown and undisclosed as are the Company's payments to trade associations used for political activities.

The proposal asks the Company to disclose all of its political spending, including payments to trade associations and other tax exempt organizations used for political purposes. This would bring our Company in line with a growing number of leading companies, including Exelon, Merck and Microsoft that support political disclosure and accountability and present this information on their websites.

The Company's Board and its shareholders need comprehensive disclosure to be able to fully evaluate the political use of corporate assets. We urge your support for this critical governance reform.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THE FOREGOING RESOLUTION FOR THESE REASONS:

Table of Contents

Opposition Statement of the Company: Our approach to political engagement and related governance practices is guided by what we believe is in the best interests of our shareholders and other stakeholders, and the Company. We believe these interests are best served when we engage constructively in the political process to support policies that create shareholder value and further our business interests. We are committed to the highest standards of ethical conduct and to compliance with applicable laws in our involvement in the political process. We also are committed to providing shareholders and other interested parties with information about our political activity.

In February 2013, we published our political contribution policy on our website at <http://investors.spectraenergy.com/phoenix.zhtml?c=204494&p=irol-govHighlights>. The political contribution policy, as well as our Code of Business Ethics, which is also available on our website at <http://investors.spectraenergy.com/phoenix.zhtml?c=204494&p=irol-govHighlights>, sets out the governance principles and standards for participation in the political process by the Company and its employees and substantially addresses the concerns raised by this Proposal.

Also, we regularly publish a sustainability report, which is available on our website, that details the Company's public policy positions, advocacy priorities and aggregate political contribution amounts, among other information. Our 2011 Sustainability Report, published in May 2012, is available at www.spectraenergy.com/sustainability. We will issue an update to the 2011 Sustainability Report in May 2013, with the next full report scheduled for release in May 2014.

As stated in our political contribution policy, because Federal laws in both Canada and the United States generally place limits on a company's ability to participate in the political process, we do not contribute corporate funds directly to federal political candidates, committees or parties in either jurisdiction. However, on a limited basis, we may use corporate funds in the United States to make contributions to 527 organizations (tax-exempt organizations that engage in political activities). We also participate in business and industry forums, such as trade associations, which we believe is an appropriate and cost-effective means to share our perspective. The most important trade associations in which we participate are listed in the 2011 Sustainability Report. In all of these efforts, we seek to advocate for our industry by lending our resources, knowledge and influence to encourage understanding and appreciation for the important role natural gas, natural gas liquids and oil will play in achieving North America's energy, environmental and economic goals and to spur positive policy and action toward that end.

Our governance practices ensure accountability for the Company's political activity. All of our proposed political contributions are reviewed and approved by a senior business unit government affairs officer and, in certain cases, by the President of the relevant business unit or our Chief Executive Officer. Our political spending policies and practices, as well as our public policy positions, advocacy priorities and aggregate political contributions also are reviewed by our Board annually.

As the foregoing demonstrates, we currently provide ample disclosure about our participation in the political process, and our internal governance practices ensure accountability for the Company's political contributions and related expenditures. For the foregoing reasons, the Board recommends a vote AGAINST the Proposal.

Table of Contents

PROPOSAL 5 SHAREHOLDER PROPOSAL-FUGITIVE METHANE EMISSIONS REPORT

Trillium Asset Management (Trillium), located at 711 Atlantic Ave., Boston, MA 02111, on behalf of The Sierra Club Foundation and Paul Katz, has notified Spectra Energy that it intends to present the resolution set forth below at the Annual Meeting for action by the shareholders. As of November 19, 2012, each of The Sierra Club Foundation and Paul Katz owned the Company's common stock having a market value in excess of \$2,000.

WHEREAS: Natural gas development has been publicized for its superior environmental profile; fugitive methane emissions in the oil and gas sector represent one of the most rapidly growing sources of anthropogenic methane emissions in the US, contributing 20 percent of short-term global warming impact. The promise of natural gas as a bridge fuel to a more sustainable energy future is under question given the high short-term climate impact. The Intergovernmental Panel on Climate Change estimates that methane has 25x the impact on temperature as CO2 over a 100 year period and 72x the impact over a 20 year period.

Methane is the primary component of natural gas and is emitted across the value chain during production, processing, transmission, storage, and distribution. Emissions are not tightly regulated, measured, monitored, mitigated, or disclosed. Industry inattention has created a risk to industry, operators, and environment alike. Studies from Cornell and the University of Colorado estimate highly varied methane leakage rates as a percentage of production, creating uncertainty and garnering attention from Forbes and The New York Times. Regulatory risk exists as the EPA looks to limit emissions through rules such as The New Source Performance Standards requiring green completions by 2015, and encourages best practice through the Natural Gas STAR program. The International Energy Agency highlights the risk of failing to implement best practice measurement and disclosure in their 2012 report The Golden Age of Natural Gas.

We believe Spectra Energy's social license to operate is at risk and the company has a responsibility to implement a program of measurement, mitigation, and disclosure. We recognize some operations may incorporate best practice management; however, the risk of leaks at high growth or select geographies can negate best practices elsewhere.

Methane leakage has a direct economic impact on Spectra Energy as lost gas is not available for sale, whereas natural gas captured through control processes can be sold in the market, generating positive returns.

Spectra Energy has an opportunity to display leadership, as the company has in prior environmental disclosures. Significant reductions in methane emissions are possible using new technologies with positive return on investment. Benefits include worker safety improvements, maximizing available energy resources, reducing economic waste, protecting human health, and reducing environmental impacts. Upgrading production assets may also improve performance, making assets more robust and less susceptible to upsets and downtime.

Resolved: Shareholders request that the Board of Directors publish a report (by October 2013, at reasonable cost, and omitting proprietary information) for investors on how Spectra Energy is measuring, mitigating, and disclosing methane emissions.

Supporting Statement: The Carbon Disclosure Project's 2013 Oil and Gas Supplement will include a questionnaire on methane emissions, presenting widely accepted format for disclosure. We believe a report adequate for investors to assess the company's strategy would include methane leakage rate as a percentage of production, how the company is measuring and mitigating emissions, best practices, worst performing assets, risk mitigation, and environmental impact.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THE FOREGOING RESOLUTION FOR THESE REASONS:

Table of Contents

Opposition Statement of the Company: We believe we have substantially implemented the request sought in Proposal No. 5, and, indeed, publish information about our efforts to minimize emissions of methane and other greenhouse gases. In our sustainability reports, which we publish regularly, we provide information regarding our initiatives in this area, including our efforts to study, measure and mitigate methane emissions.

Our 2011 Sustainability Report, published in May 2012 and available on our website at http://www.spectraenergy.com/content/documents/Sustainability/2011_Sustainability_Report.pdf, focuses on the environmental, economic and social effects of the Company's operations during 2010 and 2011 and establishes goals for the period 2012-2013. We will issue an update to the 2011 Sustainability Report in May 2013, with the next full report scheduled for release in May 2014. Predecessor reports with comparable information are also available on our website at <http://www.spectraenergy.com/Sustainability/About-this-Report/Previous-Reports>. In the 2011 Sustainability Report, we disclose our approach to climate change generally and our past and current efforts to reduce our emissions of greenhouse gases, including methane. The 2011 Sustainability Report discloses:

our approach to climate change and how we measure the progress of our methane and other greenhouse gas reduction efforts;

our aggregate greenhouse gas footprint, including the total amount of methane emissions in 2011, 2010 and 2009;

the amount of methane and other greenhouse gas reductions achieved through conservation efforts;

our ongoing preparation of a study to more accurately measure [our] methane emissions and better understand the sources of those emissions; and

our U.S. Transmission business' participation in the STAR Program for methane reduction.

In 2012, we began reporting to the Environmental Protection Agency (EPA) various fugitive and vented methane emission sources for our largest facilities under the EPA's Mandatory Reporting Rule Requirements Subpart W. This data is publicly available and will be described in this year's sustainability report.

Further, in each of the last five years, we have completed the questionnaire of the Carbon Disclosure Project (CDP) and we are actively engaged in the CDP's 2013 Oil and Gas Module. In recognition of our strong approach to climate change disclosure, the Company has been named to the S&P 500 Carbon Disclosure Leadership index in each of the past five years. Finally, the Company was recently named to the CDP's Global 500 Carbon Disclosure Leadership Index.

We believe our sustainability reports and existing policies and practices clearly address the Proposal's request and achieve the essential objectives of the Proposal. For the foregoing reasons, the Board recommends a vote AGAINST the Proposal.

OTHER INFORMATION

Discretionary Voting Authority

As of the date this proxy statement went to press, we did not anticipate that any matter other than the proposals set out in this proxy statement would be raised at the Annual Meeting. If any other matters are properly presented at the Annual Meeting, the persons named as proxies will have discretion to vote on those matters according to their best judgment.

NYSE Listing Standards

Because our common stock is listed on the New York Stock Exchange, we are subject to the NYSE's regulations regarding corporate governance and other matters. As of the date of this proxy statement we are in compliance with all applicable NYSE regulations.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons owning more than 10% of our common stock, to file with the SEC initial reports of beneficial ownership and certain changes in that beneficial ownership, with respect to the equity securities of the Company. We prepare and file these reports on behalf of our directors and executive officers. To our knowledge, all Section 16(a) reporting requirements applicable to our directors and executive officers were complied with during 2012.

Proposals and Business by Shareholders

If you wish to submit a proposal for inclusion in the proxy statement for our 2014 Annual Meeting of Shareholders, we must receive it by November 21, 2013.

In addition, if you wish to introduce business at our 2014 Annual Meeting (other than proposals to be included in the proxy statement), you must send us written notice of the matter. Your notice must comply with the requirements of our By-laws, and we must receive it no earlier than December 31, 2013 and no later than January 30, 2014. The individuals named as proxy holders for our 2014 Annual Meeting will have discretionary authority to vote proxies on matters of which we are not properly notified and also may have discretionary voting authority under other circumstances.

Your proposal or notice should be mailed to our Corporate Secretary at 5400 Westheimer Court, Houston, Texas 77056.

Electronic Delivery of the 2012 Annual Report and Proxy Materials

If you received a paper version of this year's proxy materials, please consider signing up for electronic delivery of next year's materials. Electronic delivery reduces our printing and postage costs associated with paper publications. You will be notified immediately by e-mail when next year's annual report and proxy materials are available. E-delivery makes it more convenient for shareholders to cast their votes on issues that affect the Company.

In order to enroll for electronic delivery, go to <http://enroll.icsdelivery.com/SE> and follow the instructions. You will need to enter a valid email address along with your social security number.

If you elect to receive your Spectra Energy materials via the Internet, you can still request paper copies by contacting Investor Relations at 713-627-4606 or by e-mail at investorrelations@spectraenergy.com.

Table of Contents

Householding Information

We have adopted a procedure called "householding," which has been approved by the SEC. Under this procedure, a single copy of our 2012 Annual Report to Shareholders, our Annual Report on Form 10-K for 2012 and the proxy statement is sent to any household at which two or more shareholders reside, unless one of the shareholders at that address notifies us that he or she wishes to receive individual copies. This procedure reduces our printing costs and fees. Each shareholder will continue to receive separate proxy cards, and householding will not affect dividend check mailings or Stock Purchase and Dividend Reinvestment Plan statement mailings, in any way.

If you have already consented to householding, householding will continue until you are notified otherwise or until you notify Investor Relations by telephone at 713-627-4606, by email at investorrelations@spectraenergy.com, or by mail at 5400 Westheimer Court, Houston, Texas 77056, that you wish to continue to receive separate annual reports and proxy statements. You will be removed from the householding program within 30 days of receipt of your notice. If you received a householded mailing this year and you would like to have additional copies of our 2012 Annual Report to Shareholders and other proxy materials mailed to you, please submit your request to Investor Relations at the number or address above. We will promptly send additional copies of these materials upon receipt of such request.

SPECTRA ENERGY CORP

Annual Meeting of Shareholders

April 30, 2013 10:00 AM

This proxy is solicited by the Board of Directors

The undersigned hereby appoints Reginald D. Hedgebeth, J. Patrick Reddy and Patrica M. Rice, or any of them, as proxies, with full power of substitution, to vote as designated on the reverse side, all shares of common stock held by the undersigned at the annual meeting of shareholders of Spectra Energy Corp to be held on Tuesday, April 30, 2013, at 10:00 a.m., Central Time, at the company's headquarters at 5400 Westheimer Court, Houston, Texas 77056, or any postponement or adjournment thereof, and with discretionary authority to vote on all other matters that may properly come before the meeting.

If you wish to vote in accordance with the recommendations of the Board of Directors, you may just sign and date on the reverse side and mail in the postage-paid envelope provided, or direct your vote by internet or telephone as described on the reverse side. Specific choices may be made on the reverse side. In absence of instructions to the contrary, the shares represented will be voted in accordance with the Board's recommendation.

Continued and to be signed on reverse side
