**NON-GAAP FINANCIAL MEASURES**

We have included certain financial measures in this prospectus, including pro forma EBITDA and pro forma adjusted EBITDA, which are non-GAAP financial measures as defined under the rules and regulations promulgated by the SEC. We define pro forma EBITDA as pro forma net income (loss) adjusted for loss (income) from discontinued operations, net interest expense, income tax provision (benefit) and depreciation and amortization. We define pro forma adjusted EBITDA as pro forma EBITDA adjusted for equity-based compensation expense, cost savings / synergies, rate increases, integration and closing costs, rent elimination, other and debt extinguishment costs. For a reconciliation of pro forma net income (loss) to pro forma adjusted EBITDA, see Summary Summary Historical Condensed Consolidated Financial Data and Unaudited Pro Forma Condensed Combined Financial Data Summary Unaudited Pro Forma Condensed Combined Financial Data.

Pro forma EBITDA and pro forma adjusted EBITDA, as presented in this prospectus, are supplemental measures of our performance and are not required by, or presented in accordance with, GAAP. Pro forma EBITDA and pro forma adjusted EBITDA are not measures of our financial performance under GAAP and should not be considered as alternatives to net income or any other performance measures derived in accordance with GAAP or as an alternative to cash flow from operating activities as measures of our liquidity. Our measurements of pro forma EBITDA and pro forma adjusted EBITDA may not be calculated similarly to, and therefore may not be comparable to, similarly titled measures of other companies and are not measures of performance calculated in accordance with GAAP. We have included information concerning pro forma EBITDA and pro forma adjusted EBITDA in prospectus because we believe that such information is used by certain investors as measures of a company's historical performance and by securities analysts, investors and other interested parties in the evaluation of issuers of debt securities, many of which present EBITDA and adjusted EBITDA when reporting their results. Our presentation of pro forma EBITDA and pro forma adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

**MARKET AND INDUSTRY DATA**

We obtained the market and competitive position data used throughout this prospectus and in the documents incorporated by reference herein from our own research, surveys or studies conducted by third parties and industry or general publications. Industry publications and surveys generally state that they have obtained information from sources believed to be reliable, but do not guarantee the accuracy and completeness of such information. While we believe that each of these studies and publications is reliable, we have not independently verified the information, and we have not ascertained the underlying economic assumptions relied upon therein, and we do not make any representation as to the accuracy of such information. Similarly, we believe our internal research is reliable but it has not been verified by any independent sources. Our estimates involve risks and uncertainties, and are subject to change based on various factors, including those discussed under the heading Risk Factors in this prospectus.

**CAUTIONARY NOTE REGARDING FINANCIAL INFORMATION**

The unaudited pro forma financial information has been prepared using the acquisition method of accounting for business combinations under GAAP. The unaudited pro forma financial information is for illustrative purposes only and does not purport to represent what our financial condition or results of operations actually would have been had the events in fact occurred on the assumed date or to project our financial condition or results of operations for any future date or future period. The unaudited pro forma financial information should be read in conjunction with the consolidated financial statements and notes thereto elsewhere in this prospectus and the financial statements of Acadia in other reports that we have filed with the SEC.

**PROSPECTUS SUMMARY**

*This summary highlights selected information appearing elsewhere in or incorporated by reference in this prospectus. This summary is not complete and does not contain all of the information that you should consider before deciding whether to participate in the Exchange Offer. You should carefully read the entire prospectus and the information incorporated herein by reference, including the section entitled Risk Factors beginning on page 19 and the financial statements and notes thereto included elsewhere in or incorporated by reference in this prospectus.*

*In this prospectus, unless the context requires otherwise, references to Acadia, the Company, we, us or our refer to Acadia Healthcare Company, Inc. together with its consolidated subsidiaries. When we refer to our operations or results on a pro forma basis, we mean the statement is made as if the Partnerships in Care acquisition had been completed as of the date stated or as of the beginning of the period referenced.*

**Our Company**

We are the leading publicly traded pure-play provider of inpatient behavioral healthcare services based upon number of licensed beds in the United States. As of July 1, 2014, we operated 75 behavioral healthcare facilities with over 5,600 licensed beds in 24 states, Puerto Rico and the United Kingdom. We believe that our primary focus on the provision of behavioral healthcare services allows us to operate more efficiently and provide higher quality care than our competitors. On a pro forma basis for the six months ended June 30, 2014 and the year ended December 31, 2013, giving effect to the acquisition of Partnerships in Care, we would have generated pro forma revenue of approximately \$557.5 million and approximately \$1.0 billion, respectively, pro forma net income of approximately \$43.3 million and \$71.5 million, respectively, and pro forma adjusted EBITDA of \$118.6 million and \$219.1 million, respectively. A reconciliation of pro forma adjusted EBITDA to pro forma net income appears on page 17 of this prospectus.

Our inpatient facilities offer a wide range of inpatient behavioral healthcare services for children, adolescents and adults. We offer these services through a combination of acute inpatient psychiatric and specialty facilities and residential treatment centers ( RTCs ). Our acute inpatient psychiatric and specialty facilities provide the most intensive level of care, including 24-hour skilled nursing observation and care, daily interventions and oversight by a psychiatrist and intensive, highly coordinated treatment by a physician-led team of mental health professionals. Our RTCs offer longer-term treatment programs primarily for children and adolescents with long-standing chronic behavioral health problems. Our RTCs provide physician-led, multi-disciplinary treatments that address the overall medical, psychiatric, social and academic needs of the patient. During the year ended December 31, 2013, we acquired seven facilities with an aggregate of 694 licensed beds including a 75-bed facility under construction, which opened on October 1, 2013. In addition, we added 325 new beds during the year ended December 31, 2013, including opening two newly-developed facilities with a combined 102 licensed beds. We expect to add over 300 total beds during 2014 (exclusive of acquisitions).

Our outpatient community-based services provide therapeutic treatment to children and adolescents who have a clinically defined emotional, psychiatric or chemical dependency disorder while enabling patients to remain at home and within their community. Many patients who participate in community-based programs have transitioned out of a residential facility or have a disorder that does not require placement in a facility that provides 24-hour care.

**Acquisition of Partnerships in Care**

In this prospectus, we refer to our recently completed acquisition of Partnerships in Care as the Acquisition.

*Overview.* On July 1, 2014, we completed the Acquisition, for total consideration, net of cash acquired, of £395 million (approximately \$662 million) in cash. We consummated the Acquisition pursuant to a share purchase agreement, dated as of June 3, 2014 (the Agreement ), by and among the Company, Piper Holdco 2, Ltd., a company incorporated in England and Wales (the Purchaser ), and a wholly-owned, indirect subsidiary of the Company, Partnerships in Care Holdings Limited, a company incorporated in England and Wales (the Seller ), and The Royal Bank of Scotland plc, a company incorporated in England and Wales ( RBS ). We joined the Agreement for the purpose of guarantying the Purchaser s obligations arising under the Agreement.

## Table of Contents

Pursuant to the terms of the Agreement, (i) the Seller sold, and the Purchaser purchased, all of the issued and outstanding ordinary shares of Partnerships in Care Investments 1 Limited, a company incorporated in England and Wales (the Target), and a wholly-owned, direct subsidiary of the Seller, and (ii) RBS sold, and the Purchaser purchased, the issued and outstanding A ordinary shares owned by the RBS of Partnerships in Care Property 1 Limited, a company incorporated in England and Wales and a wholly-owned, indirect subsidiary of the Target. We acquired all of the Seller's mental health facilities and business as a result of the transaction, which included 23 inpatient behavioral health facilities located in England, Wales and Scotland with over 1,200 beds. For the year ended December 31, 2013 and the six months ended June 30, 2014, Partnerships in Care generated revenue of \$267.0 million and \$142.3 million, respectively, primarily through the operation and management of inpatient behavioral health facilities. See Acquisition of Partnerships in Care.

*Strategic Rationale.* We expect to realize significant benefits from the Acquisition. Our rationale for the Acquisition includes the following:

*Expand our geographic presence into a new, attractive market.* The mental health market in the United Kingdom was roughly £14.4 billion in 2013. The independent mental health market accounted for roughly £1.1 billion of that amount, or approximately 8% market share. As a result of government budget constraints and an increased focus on quality, the independent mental health market has witnessed significant expansion in the last decade, making it one of the fastest growing sectors in United Kingdom healthcare industry.

*Acquire a leading platform in the market.* Partnerships in Care is the second largest independent provider of inpatient behavioral healthcare services in the United Kingdom, operating 23 inpatient behavioral health facilities with over 1,200 beds. The company holds an approximately 16% market share of the independent behavioral health market. In addition, Partnerships in Care is one of only two independent providers in the United Kingdom offering the full spectrum of mental health services. Partnerships in Care also has an experienced management team with market knowledge and relationships within the industry and governmental bodies.

*Financially attractive and accretive acquisition.* We expect the combined benefits of increased adjusted EBITDA and a reduced income tax rate will produce earnings accretion (not including the impact of any future acquisitions beyond the purchase of Partnerships in Care or any transaction-related expenses).

*Opportunities for future growth.* Demand for independent behavioral health services has grown significantly in the United Kingdom as a result of the National Health Service, or NHS, reducing bed capacity and increased hospitalization rates. Outsourcing demand is expected to increase in light of additional bed closures and reduction in community capacity by NHS. The independent market in the United Kingdom is highly fragmented with the largest four players accounting for 58% market share. These factors present opportunities for growth by well capitalized, experienced operators. In addition, our management sees meaningful opportunities to produce organic growth in Partnerships in Care's existing facilities through the addition of new beds and service line expansions to meet areas of unmet need. Management also expects to pursue additional select acquisitions in the United Kingdom.

*Financing of the Acquisition.* We funded the Acquisition using the proceeds of the sale of \$300 million of the Outstanding Notes completed on July 1, 2014, using proceeds of an approximately \$374 million registered offering of common stock completed on June 17, 2014 and using borrowings under the revolving line of credit available under our amended and restated senior credit facility (the Amended and Restated Senior Credit Facility). See Recent Developments.

**Our Competitive Strengths**

We believe the following strengths differentiate us from our competitors:

*Premier operational management team with track record of success.* Our management team has approximately 170 combined years of experience in acquiring, integrating and operating a variety of behavioral health facilities. Following the sale of Psychiatric Solutions, Inc. ( PSI ) to Universal Health Services, Inc. in November 2010, certain of PSI s key former executive officers joined Acadia in February 2011. The extensive national experience and operational expertise of our management team gives us what management believes to be the premier leadership team in the behavioral healthcare industry. Our management team strives to use its years of experience operating behavioral health facilities to generate strong cash flow and grow a profitable business.

*Favorable industry and legislative trends.* According to the National Institute of Mental Health, approximately 6% of people in the United States suffer from a seriously debilitating mental illness and over 20% of children, either currently or at some point during their life, have had a seriously debilitating mental disorder. We believe the market for behavioral services will continue to grow due to increased awareness of mental health and substance abuse conditions and treatment options. According to a 2008 report by the Substance Abuse and Mental Health Services Administration of the U.S. Department of Health and Human Services, national expenditures on mental health and substance abuse treatment are expected to reach \$239 billion in 2014, up from \$121 billion in 2003, representing a compound annual growth rate of approximately 6.4%.

While the growing awareness of mental health and substance abuse conditions is expected to accelerate demand for services, recent healthcare reform is expected to increase access to industry services as more people obtain insurance coverage. A key aspect of reform legislation is the extension of mental health parity protections established into law by the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (the MHPAEA ). The MHPAEA provides for equal coverage between psychiatric or mental health services and conventional medical health services and forbids employers and insurers from placing stricter limits on mental healthcare compared to other health conditions.

As described above, the mental health market in the United Kingdom was roughly £14.4 billion in 2013. As a result of government budget constraints and an increased focus on quality, the independent mental health market has witnessed significant expansion in the last decade, making it one of the fastest growing sectors in United Kingdom healthcare industry. Demand for independent acute care services has grown significantly as a result of NHS reducing bed capacity and increased hospitalization rates. Outsourcing demand is expected to increase in light of additional bed closures and reduction in community capacity by NHS.

*Leading platform in attractive healthcare niche.* We are a leading behavioral healthcare platform in an industry that is undergoing consolidation in an effort to reduce costs and expand programs to better serve the growing need for inpatient behavioral healthcare services. In addition, the behavioral healthcare industry has significant barriers to entry, including (i) significant initial capital outlays required to open new facilities, (ii) expertise required to deliver highly specialized services safely and effectively and (iii) high regulatory hurdles that require market entrants to be knowledgeable of state and federal laws and facilities to be licensed with local agencies.

*Diversified revenue and payor bases.* As of December 31, 2013, we operated 51 facilities in 23 states and Puerto Rico. Our payor, patient/client and geographic diversity mitigates the potential risk associated with any single facility. For the year ended December 31, 2013, we received 48% of our revenue from Medicaid, 25% from commercial payors, 22% from Medicare, and 5% from self-pay and other payors. On a pro forma basis for the 12 months ended June 30, 2014, giving effect to the Partnerships in Care acquisition, we would have received 35% of our revenue from

Medicaid, 24% from NHS, 19% from commercial payors, 17% from Medicare and 5% from other payors. As we receive Medicaid payments from 30 states, the District of Columbia and Puerto Rico, management does not believe that we are significantly affected by changes in reimbursement policies in any one state. Substantially all of our Medicaid payments relate to the care of children and adolescents. Management believes that children and adolescents are a patient class that is less susceptible to reductions in reimbursement rates. No facility accounted for more than 6% of revenue for the year ended December 31, 2013. On a pro forma basis, giving effect to the Partnerships in Care acquisition, no facility accounts for more than 5% of total revenue for the 12 months

## **Table of Contents**

ended June 30, 2014. No state or territory accounted for more than 17% of revenue for the year ended December 31, 2013. Additionally, on a pro forma basis, no U.S. state or territory would have accounted for more than 26% of total revenue for the 12 months ended June 30, 2014. We believe that our increased geographic diversity will mitigate the impact of any financial or budgetary pressure that may arise in a particular state or market where we operate.

*Strong cash flow generation and low capital requirements.* We generate strong free cash flow by profitably operating our business and by actively managing our working capital. Moreover, as the behavioral healthcare business does not typically require the procurement and replacement of expensive medical equipment, our maintenance capital expenditure requirements are generally less than that of other facility-based healthcare providers. For the year ended December 31, 2013, our maintenance capital expenditures amounted to approximately 2.3% of our revenue. In addition, our accounts receivable management is less complex than medical/surgical hospital providers because behavioral healthcare facilities have fewer billing codes and generally are paid on a per diem basis.

## **Business Strategy**

We are committed to providing the communities we serve with high quality, cost-effective behavioral health services, while growing our business, increasing profitability and creating long-term value for our stockholders. To achieve these objectives, we have aligned our activities around the following growth strategies:

*Increase margins by enhancing programs and improving performance at existing facilities.* Management believes we can improve efficiencies and increase operating margins by utilizing our management's expertise and experience within existing programs and their expertise in improving performance at underperforming facilities. Management believes the efficiencies can be realized by investing in growth in strong markets, addressing capital-constrained facilities that have underperformed and improving management systems. Furthermore, our recent acquisitions of additional facilities give us an opportunity to develop a marketing strategy in many markets which should help us increase the geographic footprint from which our existing facilities attract patients and referrals.

*Opportunistically pursue acquisitions.* We have established a national platform for becoming the leading dedicated provider of high quality behavioral healthcare services in the U.S. With the Partnerships in Care acquisition, we intend to establish our company as a leading independent provider of mental health services in the United Kingdom. The behavioral healthcare industry in the United States and the independent behavioral healthcare industry in the United Kingdom are highly fragmented, and we selectively seek opportunities to expand and diversify our base of operations by acquiring additional facilities.

Management believes there are a number of acquisition candidates available at attractive valuations, and we have a number of potential acquisitions in various stages of development and consideration in the United States. In addition, management sees meaningful opportunities to pursue additional select acquisitions in the United Kingdom.

Management believes our focus on inpatient behavioral healthcare and history of completing acquisitions provides us with a strategic advantage in sourcing, evaluating and closing acquisitions. We leverage our management team's expertise to identify and integrate acquisitions based on a disciplined acquisition strategy that focuses on quality of service, return on investment and strategic benefits. We also have a comprehensive post-acquisition strategic plan to facilitate the integration of acquired facilities that includes improving facility operations, retaining and recruiting psychiatrists and other healthcare professionals and expanding the breadth of services offered by the facilities.

*Drive organic growth of existing facilities.* We seek to increase revenue at our facilities by providing a broader range of services to new and existing patients and clients. In addition, management intends to increase licensed bed counts in our existing facilities, with a focus on increasing the number of acute psychiatric beds. During the year ended

December 31, 2013, we acquired seven facilities with an aggregate of 694 licensed beds including a 75-bed facility under construction, which opened on October 1, 2013. In addition, we added 325 new beds during the year ended December 31, 2013, including opening two newly-developed facilities with a combined 102 licensed beds. We expect to add over 300 total beds during 2014 (exclusive of acquisitions). Furthermore, management believes that opportunities exist to leverage out-of-state referrals to increase volume and minimize payor concentration in the United States, especially with respect to our youth and adolescent focused services and our substance abuse services.

**Recent Developments**

In addition to the completion of the Acquisition and the issuance of the Outstanding Notes described elsewhere in this prospectus, we had the following recent developments:

On June 17, 2014, we completed a registered offering of 8,881,794 shares of our common stock at a public offering price of \$44.00 per share, for total proceeds to the Company of approximately \$374.0 million, after underwriting discounts and estimated offering expenses. The shares sold by Acadia include shares issued as a result of the underwriters' exercise of the option to purchase additional shares of common stock, all at the public offering price less the underwriting discount. We used the proceeds from the equity offering to fund the Acquisition of Partnerships in Care and the fees and expenses related to the Acquisition.

On June 16, 2014, we entered into the Fifth Amendment to the Amended and Restated Senior Credit Facility. The Fifth Amendment specifically permits our acquisition of Partnerships in Care, gives us the ability to incur a tranche of term loan B debt in the future through our incremental credit facility, and modifies certain of the restrictive covenants on miscellaneous investments and incurrence of miscellaneous liens. The restrictive covenants on investments in joint ventures and foreign subsidiaries were also amended such that we may now invest, in any given fiscal year, up to five percent (5%) of our total assets in both joint ventures and foreign subsidiaries, respectively; provided that the aggregate amount of investments in both joint ventures and foreign subsidiaries, respectively, may not exceed ten percent (10%) of our total assets over the life of the Amended and Restated Senior Credit Facility; provided further that the aggregate amount of investments made in both joint ventures and foreign subsidiaries collectively pursuant to the foregoing may not exceed fifteen percent (15%) of our total assets. Finally, the Fifth Amendment provided increased flexibility to us in terms of our financial covenants. See Description of Other Indebtedness Amended and Restated Credit Facility for a more detailed description of the Fifth Amendment. We utilized the proceeds of the offering of the Outstanding Notes to finance the Acquisition and did not finance the Acquisition with any term loans.

On June 9, 2014, we launched a consent solicitation under our indenture for the 12.875% Senior Notes due 2018 (the 12.875% Senior Notes ) in order to facilitate our incurring additional permitted liens securing indebtedness so long as our secured leverage ratio is under 3.5x. The consent solicitation expired on June 17, 2014 and we received valid consents approving an amendment to the indenture from the holders of \$96,885,000 in aggregate principal amount of the 12.875% Senior Notes, representing 99.37% of the total aggregate principal amount of the 12.875% Senior Notes. The amendment, evidenced by a supplemental indenture dated June 17, 2014, increased the prior secured leverage ratio of 3.0x to a senior leverage ratio of 3.5x.

**Equity Sponsor**

As of July 1, 2014, Waud Capital Partners, L.L.C. and its affiliates ( Waud Capital Partners ) owned approximately 19.7% of our common stock. Waud Capital Partners invests primarily through control-oriented growth equity investments, industry consolidations, buyouts or recapitalizations and seeks companies that generate strong cash flow and can be grown both organically and through add-on acquisitions. Waud Capital Partners' current and exited portfolio is composed of companies in the healthcare, business/consumer, logistics/specialty distribution and value-added industrial business segments.

So long as Waud Capital Partners owns at least 17.5% of our outstanding common stock, it is entitled to designate the pro rata number of our directors that is proportional (but rounded up to the nearest whole number) to its percentage ownership of our outstanding common stock, subject to the NASDAQ rules regarding director independence, and has

consent rights to many corporate actions, such as issuing equity or debt securities, paying dividends, acquiring any interest in another company and materially changing our business activities. This means that we cannot engage in any of those activities without the consent of Waud Capital Partners.

**Procedures for Tendering Outstanding Notes**

The Outstanding Notes were issued as global securities and were deposited upon issuance with U.S. Bank National Association, as custodian for The Depository Trust Company ( DTC ).

Beneficial interests in the Outstanding Notes, which are held by direct or indirect participants in DTC, are shown on, and transfers of the Outstanding Notes can only be made through, records maintained in book-entry form by DTC.

You may tender your Outstanding Notes by instructing your broker or bank where you keep the Outstanding Notes to tender them for you. By tendering your Outstanding Notes you will be deemed to have acknowledged and agreed to be bound by the terms set forth under Exchange Offer and in the letter of transmittal accompanying this prospectus. Your Outstanding Notes must be tendered in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

In order for your tender of Outstanding Notes for Exchange Notes in the Exchange Offer to be considered valid, you must transmit to the exchange agent on or before 5:00 p.m., New York City time on the expiration date either:

an original or facsimile of a properly completed and duly executed copy of the letter of transmittal, which accompanies this prospectus, together with your Outstanding Notes and any other documentation required by the letter of transmittal, at the address provided on the cover page of the letter of transmittal; or

if the Outstanding Notes you own are held of record by DTC, in book-entry form and you are making delivery by book-entry transfer, a computer-generated message transmitted by means of the Automated Tender Offer Program System of DTC ( ATOP ), in which you acknowledge and agree to be bound by the terms of the letter of transmittal and which, when received by the exchange agent, forms a part of a confirmation of book-entry transfer. As part of the book-entry transfer, DTC will facilitate the exchange of your Outstanding Notes and update your account to reflect the issuance of the Exchange Notes to you. ATOP allows you to electronically transmit your acceptance of the

Exchange Offer to DTC instead of physically completing and delivering a letter of transmittal to the exchange agent.

**Table of Contents**

In addition, if you are making delivery via book-entry transfer, you must deliver, to the exchange agent on or before 5:00 p.m., New York City time on the expiration date, a timely confirmation of book-entry transfer of your Outstanding Notes into the account of the exchange agent at DTC.

**Special Procedures for Beneficial Owners**

If you are the beneficial owner of book-entry interests and your name does not appear on a security position listing of DTC as the holder of the book-entry interests or if you are a beneficial owner of Outstanding Notes that are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender the book-entry interest or Outstanding Notes in the Exchange Offer, you should contact the person in whose name your book-entry interests or Outstanding Notes are registered promptly and instruct that person to tender on your behalf.

**Guaranteed Delivery Procedures**

If you wish to tender your Outstanding Notes and your outstanding notes are not immediately available, or you cannot deliver your Outstanding Notes, the letter of transmittal or any other required documents, or you cannot comply with the procedures under ATOP for transfer of book-entry interests prior to the expiration date, you must tender your Outstanding Notes according to the guaranteed delivery procedures set forth in this prospectus under Exchange Offer Guaranteed Delivery Procedures.

**Effect on Holders of Outstanding Notes**

As a result of the making of, and upon acceptance for exchange of all validly tendered Outstanding Notes pursuant to the terms of the Exchange Offer, we will have fulfilled a covenant under the Registration Rights Agreement. Accordingly, there will be no increase in the applicable interest rate on the Outstanding Notes under the circumstances described in the Registration Rights Agreement. If you do not tender your Outstanding Notes in the Exchange Offer, you will continue to be entitled to all the rights and limitations applicable to the Outstanding Notes as set forth in the indenture, except we will not have any further obligation to you to provide for the exchange and registration of untendered Outstanding Notes under the Registration Rights Agreement. To the extent that Outstanding Notes are tendered and accepted in the Exchange Offer, the trading market for Outstanding Notes that are not so tendered and accepted could be adversely affected.

**Accounting Treatment**

The Exchange Notes will be recorded at the same carrying value as the existing Outstanding Notes, as reflected in our accounting records on the date of exchange. Accordingly, we will recognize no gain or loss for accounting purposes. The expenses of the Exchange Offer will be capitalized and expensed over the term of the Exchange Notes.

**United States Federal Income Tax Considerations**

The Exchange Offer should not result in any income, gain or loss to the holders of Outstanding Notes for United States federal income tax purposes. See Certain Material United States Federal Income Tax Considerations.

**Use of Proceeds**

We will not receive any proceeds from the issuance of the Exchange Notes in the Exchange Offer.

the unaudited pro forma condensed combined financial data for Acadia giving effect to our acquisition of Partnerships in Care on July 1, 2014 and the sale of the Outstanding Notes.

We have derived the historical condensed consolidated financial data for each of the three years in the period ended December 31, 2013 from our audited consolidated financial statements incorporated by reference in this prospectus from our Annual Report on Form 10-K for the year ended December 31, 2013. We have derived the summary condensed consolidated financial data as of and for the six months ended June 30, 2014 from our unaudited interim condensed consolidated financial statements incorporated by reference in this prospectus from our Quarterly Report on Form 10-Q for the quarter ended June 30, 2014. The unaudited financial statements were prepared on a basis consistent with our audited financial statements and include, in the opinion of management, all adjustments, consisting only of normal recurring adjustments, necessary for the fair statement of the financial information in those statements. The results for the six months ended June 30, 2014 are not necessarily indicative of the results that may be expected for the entire fiscal year.

The summary unaudited pro forma condensed combined financial information below as of and for the year ended December 31, 2013 and as of and for the six months ended June 30, 2014 gives pro forma effect, in each case as if they occurred on January 1, 2013, to our acquisition of Partnerships in Care on July 1, 2014 and the offering of the Outstanding Notes. With respect to the offering of the Outstanding Notes, the unaudited pro forma condensed combined financial data is based on Acadia's issuance of \$300,000,000 of notes and borrowing of \$125,000,000 on its existing revolving line of credit.

- (1) Salaries, wages and benefits include equity-based compensation expense of \$17.3 million, \$2.3 million, \$5.2 million, \$2.4 million and \$4.2 million for the years ended December 31, 2011, 2012 and 2013 and the six months ended June 30, 2013 and 2014, respectively.
- (2) Pro forma EBITDA and pro forma adjusted EBITDA are reconciled to pro forma net income (loss) in the table below. Pro forma EBITDA and pro forma adjusted EBITDA are financial measures not recognized under GAAP. When presenting non-GAAP financial measures, we are required to reconcile the non-GAAP financial measures with the most directly comparable GAAP financial measure or measures. We define pro forma EBITDA as pro forma net income (loss) adjusted for loss (income) from discontinued operations, net interest expense, income tax provision (benefit) and depreciation and amortization. We define pro forma adjusted EBITDA as pro forma EBITDA adjusted for equity-based compensation expense, debt extinguishment costs, transaction-related expenses and other non-recurring costs. See the table and related footnotes below for additional information.
- (3) We present pro forma adjusted EBITDA because it is a measure management uses to assess financial performance. We believe that companies in our industry use measures of pro forma EBITDA as common performance measurements. We also believe that securities analysts, investors and other interested parties frequently use measures of pro forma EBITDA as financial performance measures and as indicators of ability to service debt obligations. While providing useful information, measures of pro forma EBITDA, including pro forma adjusted EBITDA, should not be considered in isolation or as a substitute for consolidated statement of operations and cash flows data prepared in accordance with GAAP and should not be construed as an indication of a company's operating performance or as a measure of liquidity. Pro forma adjusted EBITDA may have material limitations as a performance measure because it excludes items that are necessary elements of our costs and operations. In addition, EBITDA, Adjusted EBITDA or similar measures presented by other companies may not be comparable to our presentation, because each company may define these terms differently. See Non-GAAP Financial Measures.
- (4) Adjusted to give effect to our acquisition of Partnerships in Care on July 1, 2014 and the offering of the Outstanding Notes, after deducting the initial purchasers' discounts and commissions and estimated offering expenses payable by us, assuming that such transactions closed on June 30, 2014.

**Table of Contents****Ratio of Earnings to Fixed Charges**

The following table sets forth our ratio of earnings to fixed charges for the six months ended June 30, 2014 and 2013 and the years ended December 31, 2013, 2012, 2011, 2010 and 2009. For the purpose of determining the ratio of earnings to fixed charges, earnings consist of earnings (loss) before income tax expense (benefit) plus fixed charges, and fixed charges consist of interest expense, including amortization of deferred financing costs, plus the portion of rental expense representative of the interest factor.

**RISK FACTORS**

*Participating in the Exchange Offer is subject to a number of important risks and uncertainties, some of which are described below. Any of the following risks could materially and adversely affect our business, financial condition, operating results and cash flows. Additional risks and uncertainties not currently known to us or that we currently deem immaterial may also materially adversely affect our business, financial condition, operating results and cash flows. In such cases, you may lose all or part of your investment in the notes. See Forward-Looking Statements.*

**Risks Relating to the Exchange Offer**

*Because there is no public market for the Exchange Notes, you may not be able to resell your notes.*

The Exchange Notes will be registered under the Securities Act, but will constitute a new issue of securities with no established trading market, and there can be no assurance as to:

the liquidity of any trading market that may develop;

the ability of holders to sell their Exchange Notes; or

the price at which holders would be able to sell their Exchange Notes.

If a trading market were to develop, the Exchange Notes may trade at higher or lower prices than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar securities and our financial performance. Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the Exchange Notes. The market, if any, for the Exchange Notes may experience similar disruptions and any such disruptions may adversely affect the prices at which you may sell your Exchange Notes.

We understand that the Initial Purchasers presently intend to make a market in the Exchange Notes. However, they are not obligated to do so and any market making with respect to the Exchange Notes may be discontinued at any time without notice. In addition, market-making will be subject to the limits imposed by the Securities Act and the Securities Exchange Act of 1934, as amended (the Exchange Act ), and the rules and regulations promulgated thereunder, and may be limited during the pendency of the Exchange Offer or the effectiveness of the registration statement.

We offered the Outstanding Notes in reliance upon an exemption from registration under the Securities Act and applicable state securities laws. Therefore, the Outstanding Notes may be transferred or resold only in a transaction registered under or exempt from the Securities Act and applicable state securities laws. We are conducting the Exchange Offer pursuant to an effective registration statement, whereby we are offering to exchange the Outstanding Notes for nearly identical notes that you will be able to trade without registration under the Securities Act provided you are not one of our affiliates. We cannot assure you that the Exchange Offer will be conducted in a timely fashion. Moreover, we cannot assure you that an active or liquid trading market for the Exchange Notes will develop. See Exchange Offer.

*You must comply with the Exchange Offer procedures in order to receive new, freely tradable Exchange Notes.*

Delivery of Exchange Notes in exchange for Outstanding Notes tendered and accepted for exchange pursuant to the Exchange Offer will be made only after timely receipt by the exchange agent of book-entry transfer of Outstanding Notes into the exchange agent's account at DTC, as depositary, including an agent's message (as defined herein). We are not required to notify you of defects or irregularities in tenders of Outstanding Notes for exchange. Exchange Notes that are not tendered or that are tendered but we do not accept for exchange will, following consummation of the Exchange Offer, continue to be subject to the existing transfer restrictions under the Securities Act and, upon consummation of the Exchange Offer, certain registration and other rights under the Registration Rights Agreements will terminate. See Exchange Offer Procedures for Tendering Outstanding Notes and Exchange Offer Consequences of Failure to Exchange.

**Table of Contents**

***Holders of Outstanding Notes who fail to exchange their Outstanding Notes in the Exchange Offer will continue to be subject to restrictions on transfer.***

If you do not exchange your Outstanding Notes for Exchange Notes in the Exchange Offer, you will continue to be subject to the restrictions on transfer applicable to the Outstanding Notes. The restrictions on transfer of your Outstanding Notes arise because we issued the Outstanding Notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer or sell the Outstanding Notes if they are registered under the Securities Act and applicable state securities laws, or offered and sold under an exemption from these requirements. We do not plan to register the Outstanding Notes under the Securities Act. For further information regarding the consequences of not tendering your Outstanding Notes in the Exchange Offer, see the section entitled **Exchange Offer Consequences of Failure to Exchange**.

***Some holders who exchange their Outstanding Notes may be deemed to be underwriters, and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.***

If you exchange your Outstanding Notes in the Exchange Offer for the purpose of participating in a distribution of the Exchange Notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

**Risks Relating to our Indebtedness and the Exchange Notes**

***Our substantial debt could adversely affect our financial health and prevent us from fulfilling our obligations under the notes and our other debt.***

As of June 30, 2014, we had \$567.3 million of total debt, which included \$296.3 million of debt under our Amended and Restated Senior Credit Facility, \$97.5 million (before a discount of \$1.2 million) of debt under our 12.875% Senior Notes, \$150.0 million of debt under our 6.125% Senior Notes and \$24.7 million (including a premium of \$2.0 million) of Lee County (Florida) Industrial Development Authority Healthcare Facilities Revenue Bonds, Series 2010 with stated interest rates of 9.0% and 9.5% (the 9.0% and 9.5% Revenue Bonds ). See **Capitalization and Description of Other Indebtedness**.

Our substantial debt could have important consequences to our business. For example, it could:

increase our vulnerability to general adverse economic and industry conditions;

make it more difficult for us to satisfy our other financial obligations;

restrict us from making strategic acquisitions or cause us to make non-strategic divestitures;

require us to dedicate a substantial portion of our cash flow from operations to payments on our debt (including scheduled repayments on our outstanding term loan borrowings under the Amended and Restated Senior Credit Facility), thereby reducing the availability of our cash flow to fund working capital, capital

expenditures and other general corporate purposes;

expose us to interest rate fluctuations because the interest on the Amended and Restated Senior Credit Facility is imposed at variable rates;

make it more difficult for us to satisfy our obligations to our lenders, resulting in possible defaults on and acceleration of such debt;

limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;

place us at a competitive disadvantage compared to our competitors that have less debt;

limit our ability to borrow additional funds; and

limit our ability to pay dividends, redeem stock or make other distributions.

**Table of Contents**

In addition, the terms of our financing arrangements contain restrictive covenants that limit our ability to engage in activities that may be in our long-term best interests. Our failure to comply with those covenants could result in an event of default which, if not cured or waived, could result in the acceleration of all of our debts, including the Amended and Restated Senior Credit Facility and the Senior Notes.

***Servicing our debt will require a significant amount of cash. Our ability to generate sufficient cash to service our debt depends on many factors beyond our control.***

Our ability to make payments on and to refinance our debt, to fund planned capital expenditures and to maintain sufficient working capital will depend on our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control.

We cannot assure you that our business will generate sufficient cash flow from operations or that future borrowings will be available to us under the Amended and Restated Senior Credit Facility or from other sources in an amount sufficient to enable us to service our debt or to fund our other liquidity needs. If our cash flow and capital resources are insufficient to allow us to make scheduled payments on our debt, we may need to reduce or delay capital expenditures, sell assets, seek additional capital or restructure or refinance all or a portion of our debt on or before the maturity thereof, any of which could have a material adverse effect on our business, financial conditions or results of operations. We cannot assure you that we will be able to refinance any of our debt on commercially reasonable terms or at all, or that the terms of that debt will allow any of the above alternative measures or that these measures would satisfy our scheduled debt service obligations. If we are unable to generate sufficient cash flow to repay or refinance our debt on favorable terms, it could significantly adversely affect our financial condition and the value of our outstanding debt. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations.

***We are subject to a number of restrictive covenants, which may restrict our business and financing activities.***

Our financing arrangements impose, and the terms of any future debt may impose, operating and other restrictions on us. Such restrictions affect, and in many respects limit or prohibit, among other things, our and our subsidiaries' ability to:

incur or guarantee additional debt and issue certain preferred stock;

pay dividends on our common stock or redeem, repurchase or retire our common stock or subordinated debt;

transfer or sell our assets;

make certain payments or investments;

make capital expenditures;

create certain liens on assets;

create restrictions on the ability of our subsidiaries to pay dividends or make other payments to us;

engage in certain transactions with our affiliates; and

merge or consolidate with other companies.

The Amended and Restated Senior Credit Facility also requires us to meet certain financial ratios, including a fixed charge coverage ratio and a consolidated leverage ratio. See [Description of Other Indebtedness](#).

## **Table of Contents**

These restrictions may prevent us from taking actions that management believes would be in the best interests of our business, and may make it difficult for us to successfully execute our business strategy or effectively compete with companies that are not similarly restricted. We also may incur future debt obligations that might subject us to additional restrictive covenants that could affect our financial and operational flexibility. Our ability to comply with these covenants in future periods will largely depend on the pricing of our products and services, our success at implementing cost reduction initiatives and our ability to successfully implement our overall business strategy. We cannot assure you that we will be granted waivers or amendments to our financing arrangements if for any reason we are unable to comply with our financial covenants. The breach of any of these covenants and restrictions could result in a default under the indenture governing the notes, the indentures governing our outstanding Senior Notes or under the Amended and Restated Senior Credit Facility, which could result in an acceleration of our debt.

***Despite our current debt level, we may incur significant additional amounts of debt, which could further exacerbate the risks associated with our substantial debt.***

We may incur substantial additional debt, including the issuance of additional notes and other secured debt, in the future. Although the indenture governing the notes, the indentures governing our outstanding Senior Notes and our Amended and Restated Senior Credit Facility contain restrictions on the incurrence of additional debt, these restrictions are subject to a number of significant qualifications and exceptions, and under certain circumstances, the amount of debt that could be incurred in compliance with these restrictions could be substantial. If new debt is added to our existing debt levels, the related risks that we now face would intensify and we may not be able to meet all our debt obligations.

***If we default on our obligations to pay our indebtedness, we may not be able to make payments on the notes or our other debt.***

Any default under the agreements governing our indebtedness, including a default under our Amended and Restated Senior Credit Facility, the indentures governing our Senior Notes or the indenture governing the notes, and the remedies sought by the holders of such indebtedness, could adversely affect our ability to pay the principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flows and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness (including our Amended and Restated Senior Credit Facility, the indentures governing our Senior Notes and the indenture governing the notes), we would be in default under the terms of the agreements governing such indebtedness. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, the lenders under our Amended and Restated Senior Credit Facility could elect to terminate their commitments or cease making further loans and institute foreclosure proceedings against our assets, or we could be forced to apply all available cash flows to repay such indebtedness, and, in any such case, we could ultimately be forced into bankruptcy or liquidation. Because the indenture governing the notes has, and the agreements governing our Amended and Restated Senior Credit Facility and the indentures governing our Senior Notes have, customary cross-default provisions, if any of the indebtedness under our Amended and Restated Senior Credit Facility, our Senior Notes or the notes offered hereby is accelerated, our other indebtedness will be accelerated, making it even more difficult for us to repay or refinance the amounts due.

***The notes and the guarantees are not secured by any of our assets and are effectively subordinated to our and the guarantors' existing and future secured indebtedness.***

The notes and the guarantees are general unsecured obligations ranking effectively junior in right of payment to all of our existing and future secured indebtedness and that of each guarantor, including indebtedness under the Amended and Restated Senior Credit Facility, to the extent of the collateral therefor, and will be effectively junior to the third-party liabilities, including trade payables, of our non-guarantor subsidiaries. Additionally, the indenture governing the notes permits us to incur additional secured indebtedness in the future. In the event that we or a guarantor is declared bankrupt, becomes insolvent or is liquidated or reorganized, any indebtedness that is effectively senior to the notes and the guarantees will be entitled to be paid in full from our assets or the assets of the guarantor, as applicable, securing such repayment before any payment may be made with respect to the notes or the affected guarantees. Holders of the notes will participate ratably with all holders of our unsecured indebtedness that is deemed to be of the same class as the notes, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. You may therefore not be fully repaid in the event we become insolvent or otherwise fail to make payments on the notes.

**Table of Contents**

As of June 30, 2014, on a pro forma basis after giving effect to the transactions noted in Capitalization in this prospectus, the notes:

would have ranked *pari passu* with \$150.0 million of our 6.125% Senior Notes;

would have ranked *pari passu* with \$97.5 million of our 12.875% Senior Notes;

would have ranked effectively junior to \$296.3 million of our senior secured term loan indebtedness under our Amended and Restated Senior Credit Facility (as well as \$125.0 million of borrowings under our revolving line of credit), to the extent of the collateral therefor; and

would have ranked effectively junior to \$110.7 million of third-party liabilities, including trade payables, or our non-guarantor subsidiaries.

***The notes are structurally subordinated to the liabilities of our future subsidiaries that are not guarantors of the notes.***

The notes are guaranteed on a senior unsecured basis by each of our direct or indirect wholly-owned subsidiaries that is a guarantor under the Amended and Restated Senior Credit Facility and our Senior Notes, and, subject to certain exceptions, each of our future domestic subsidiaries that guarantees indebtedness under our Amended and Restated Senior Credit Facility. As of the issue date of the notes, substantially all of our existing subsidiaries were guarantors of the notes, our Amended and Restated Senior Credit Facility and our Senior Notes. The notes are structurally subordinated to indebtedness and other liabilities, including trade payables, of any of our future subsidiaries that are not guarantors of the notes. As of June 30, 2014, the notes would have ranked effectively junior to \$108.6 million of third-party liabilities, including trade payables, of our non-guarantor subsidiaries. Partnerships in Care and its subsidiaries, which will not guarantee the notes, had revenues of \$267 million for the year ended December 31, 2013, representing 26.6% of our total revenues on a pro forma combined basis after giving effect to the Acquisition and the other transactions noted in this prospectus. In addition, Partnerships in Care and its subsidiaries had total assets of \$948.7 million as of June 30, 2014, representing 46.3% of our total assets on a pro forma combined basis.

The indenture governing the notes allows future non-guarantor subsidiaries to incur certain additional indebtedness in the future and does not restrict their ability to incur liabilities that do not constitute indebtedness. In the event of a bankruptcy, liquidation or reorganization of any of our non-guarantor subsidiaries, these non-guarantor subsidiaries will pay the holders of their debts, holders of their preferred equity interests and their trade creditors before they will be able to distribute any of their assets to us.

***We may not be able to satisfy our obligations to holders of the notes upon a change of control or sale of assets.***

Upon the occurrence of a change of control, as defined in the indenture governing the notes, we will be required to offer to purchase the notes at a price equal to 101% of the principal amount of such notes, together with any accrued and unpaid interest, to the date of purchase. See Description of the Exchange Notes Repurchase at the Option of Holders Change of Control.

In addition, upon the occurrence of an asset sale, as defined in the indenture, we may be required to offer to purchase the notes at a price equal to 100% of the principal amount of such notes, together with any accrued and unpaid interest, to the date of purchase. See Description of the Exchange Notes Repurchase at the Option of Holders Asset Sales.

We cannot assure you that, if a change of control or asset sale occurs, we will have available funds sufficient to make an offer to purchase, and pay the change of control purchase price or asset sale purchase price to any or all of the holders of the notes seeking to receive and accept the change of control offer or asset sale offer. If we are required to purchase notes pursuant to a change of control offer or asset sale offer, we would be required to seek third-party financing to the extent we do not have available funds to meet our purchase obligations. There can be no assurance that we will be able to obtain such financing on acceptable terms to us or at all. Accordingly, none of the holders of the notes may receive the change of control purchase price or asset sale purchase price for their notes. Our failure to make or consummate the change of control offer or asset sale offer, or to pay the change of control purchase price or asset sale purchase price when due would be a default under the indenture governing the notes, which would also be a default under our Amended and Restated Senior Credit Facility and our Senior Notes.

**Table of Contents**

In addition, the events that constitute a change of control or asset sale under the indenture may also be events of default under our Amended and Restated Senior Credit Facility and our Senior Notes. These events may permit the lenders under our Amended and Restated Senior Credit Facility and holders of our Senior Notes to accelerate the debt outstanding thereunder and, if such debt is not paid, to enforce security interests in our specified assets in the case of the Amended and Restated Senior Credit Facility, thereby limiting our ability to raise cash to purchase the notes and reducing the practical benefit of the offer-to-purchase provisions to the holders of the notes.

One of the circumstances under which a change of control may occur is upon the sale or disposition of all or substantially all of our assets. However, the phrase "all or substantially all" will likely be interpreted under applicable state law and will be dependent upon particular facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or disposition of "all or substantially all" of our capital stock or assets has occurred, in which case, the ability of a holder of the notes to obtain the benefit of an offer to repurchase all or a portion of the notes held by such holder may be impaired. See "Description of the Exchange Notes" "Repurchase at the Option of Holders" "Change of Control."

***Federal and state statutes allow courts, under specific circumstances, to void the notes and the guarantees.***

The issuance of the notes and the guarantees may be subject to review under federal, state and foreign fraudulent transfer and conveyance statutes. While the relevant laws may vary from jurisdiction to jurisdiction, under such laws the issuance or guarantee of the notes would generally be a fraudulent conveyance if (1) the issuer or the guarantors issued the notes or provided the guarantees with the actual intent of hindering, delaying or defrauding creditors or (2) the issuer or the guarantor, as applicable, received less than reasonably equivalent value or fair consideration in return for issuing the notes or guarantee, as applicable, and, in the case of (2) only, one of the following is also true:

the issuer or such guarantor was insolvent or rendered insolvent by reason of the incurrence of the indebtedness; or

the issuance of the notes or the applicable guarantee left the issuer or such guarantor with an unreasonably small amount of capital to carry on its business; or

the issuer or such guarantor intended to, or believed that it would, incur debts beyond its ability to pay as they mature or become due.

If a court were to find that the issuance of the notes or a guarantee was a fraudulent conveyance, the court could void the payment obligations under the notes or such guarantee or subordinate the notes or such guarantee to presently existing and future indebtedness of the issuer or such guarantor, or require the holders of the notes to repay any amounts received. In the event of a finding that a fraudulent conveyance occurred, you may not receive any repayment on the notes.

Generally, an entity would be considered insolvent if at the time it incurred indebtedness:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;  
or

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts and liabilities, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

We cannot be certain as to the standards a court would use to determine whether or not the issuer or the guarantors were solvent at the relevant time, or regardless of the standard that a court uses, that the issuance of the notes or the guarantees would not be subordinated to any guarantor's other debt.

## **Table of Contents**

If the guarantees were legally challenged, any guarantee could also be subject to the claim that, since the guarantee was incurred for the issuer's benefit, and only indirectly for the benefit of the guarantor, the obligations of the applicable guarantor were incurred for less than reasonably equivalent value or fair consideration. A court could thus void the obligations under the guarantees, subordinate them to the applicable guarantor's other debt or take other action detrimental to the holders of the notes.

The indenture limits the obligations of each guarantor under its guarantee to the maximum amount that would be enforceable under applicable law in order to avoid invalidation of the guarantees. However, we cannot assure you that a court would give effect to such provisions.

***The trading prices of the notes will be directly affected by our ratings with major credit rating agencies, the prevailing interest rates being paid by companies similar to us, and the overall condition of the financial and credit markets.***

The trading prices of the notes in the secondary market will be directly affected by our ratings with major credit rating agencies, the prevailing interest rates being paid by companies similar to us, and the overall condition of the financial and credit markets. It is impossible to predict the prevailing interest rates or the condition of the financial and credit markets. Credit rating agencies continually revise their ratings for companies that they follow, including us. Any ratings downgrade could adversely affect the trading price of the notes or the trading market for the notes, to the extent a trading market for the notes develops. The condition of the financial and credit markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future.

## **Risks Relating to the Company**

***Fluctuations in our operating results, quarter to quarter earnings and other factors may result in significant decreases in the price of the notes.***

The capital markets experience volatility that is often unrelated to operating performance. These broad market fluctuations may adversely affect the trading price of the notes and, as a result, there may be significant volatility in the market price of the notes. If we are unable to operate our facilities as profitably as we have in the past or as our investors expect us to in the future, the market price of the notes will likely decline when it becomes apparent that the market expectations may not be realized. In addition to our operating results, many economic and seasonal factors outside of our control could have an adverse effect on the price of the notes and increase fluctuations in our quarterly earnings. These factors include certain of the risks discussed herein, demographic changes, operating results of other healthcare companies, changes in our financial estimates or recommendations of securities analysts, speculation in the press or investment community, the possible effects of war, terrorist and other hostilities, adverse weather conditions, the level of seasonal illnesses, managed care contract negotiations and terminations, changes in general conditions in the economy or the financial markets or other developments affecting the healthcare industry.

***An incident involving one or more of our patients or the failure by one or more of our facilities to provide appropriate care could result in increased regulatory burdens, governmental investigations, negative publicity and adversely affect the trading price of our securities.***

If one or more of our facilities experiences an adverse patient incident or is found to have failed to provide appropriate patient care, an admissions hold or other adverse regulatory action could be taken against us. Any such patient incident or adverse regulatory action could result in governmental investigations, judgments or fines and have a material adverse effect on our business, financial condition and results of operations. In addition, we could receive negative publicity or unfavorable media attention, whether warranted or unwarranted, that could have a significant,

adverse effect on the trading price of our securities.

***Our revenues and results of operations are significantly affected by payments received from the government and third-party payors.***

A significant portion of our revenues (after giving effect to the Acquisition) are from government healthcare programs, principally Medicare, Medicaid and NHS. For the six months ended June 30, 2014, Acadia derived approximately 67% of its revenues from the Medicare and Medicaid programs, and Partnerships in Care derived approximately 97% of its revenue from NHS.

## **Table of Contents**

Changes in these government programs in recent years have resulted in limitations on reimbursement and, in some cases, reduced levels of reimbursement for healthcare services. Payments from federal, state and United Kingdom government healthcare programs are subject to statutory and regulatory changes, administrative rulings, interpretations and determinations, requirements for utilization review, and governmental funding restrictions, all of which could materially increase or decrease program payments, as well as affect the cost of providing service to patients and the timing of payments to facilities. We are unable to predict the effect of recent and future policy changes on our operations. In addition, since most states operate with balanced budgets, and since the Medicaid program is often a state's largest program, some states can be expected to enact or consider enacting legislation formulated to reduce their Medicaid expenditures. Furthermore, the recent economic downturn has increased the budgetary pressures on the federal government and many state governments, which may negatively affect the availability of taxpayer funds for Medicare and Medicaid programs.

If the rates paid or the scope of services covered by government payors are reduced, there could be a material adverse effect on our business, financial condition and results of operations.

In addition to changes in government reimbursement programs, our ability to negotiate favorable contracts with private payors, including managed care providers, significantly affects the financial condition and operating results of our facilities in the United States. Management expects third-party payors to aggressively manage reimbursement levels and cost controls. Reductions in reimbursement amounts received from third-party payors could have a material adverse effect on our business, financial condition and results of operations.

***Our facilities acquired from Partnerships in Care rely on publicly funded entities in the United Kingdom for approximately 97% of their revenue, and the loss or reduction of such funding or changes to procurement methods could negatively impact occupancy rates which could have a corresponding material adverse effect on our business, results of operations, financial condition or prospects.***

Referrals to Partnerships in Care's services by NHS accounted for approximately 97% of its revenue for the year ended December 31, 2013. There is a risk that budget constraints, public spending cuts (such as the cuts announced by the United Kingdom government in the 2010 Comprehensive Spending Review and implemented in the 2011 and 2012 government budgets) or other financial pressures could cause NHS to reduce funding for the types of services that Partnerships in Care provides. For example, in 2010, NHS announced a period of austerity and reduced spending and outsourcing of medical health treatment, which adversely affected our results from 2010 to 2012 until such austerity was relaxed. In addition, policy changes in the United Kingdom could lead to fewer of such services being purchased by publicly funded entities or material changes being made to their procurement practices, or the in-sourcing of mental health services, any of which could materially reduce the revenue of the Partnerships in Care facilities.

***The Partnerships in Care facilities may not achieve fee rate increases or may suffer fee rate decreases, which could have an adverse impact on our business, results of operations, financial condition or prospects.***

The majority of fee rates that the facilities acquired from Partnerships in Care decide to set for their services are subject to annual adjustments. NHS has been under budgetary pressure since the announcement by the United Kingdom Government of the Comprehensive Spending Review in 2010 imposing cuts on government spending and have, as such, reduced its spending. This resulted in Partnerships in Care being unable to implement material price increases during the last several years (which has adversely affected its results), and there can be no assurance that we will be able to implement price increases in the future. Furthermore, should the effect of any increase in the annual wages or other operating costs of the Partnerships in Care business exceed the effect of any increase in such facilities weekly fee rates (which are the basis of the Partnerships in Care facilities' revenue), we would have to absorb such costs and this could have a material adverse effect on our business, results of operations, financial condition or

prospects.

***Expanding our operations internationally poses additional risks to our business.***

Prior to the Acquisition of Partnerships in Care, we were engaged in business activities in the United States and Puerto Rico. The acquisition of Partnerships in Care marks our first entry into a foreign market. Our business or financial performance may be adversely affected due to the risks of operating internationally, including but not limited to the following: economic and political instability, failure to comply with foreign laws and regulations and adverse changes in the health care policy of the United Kingdom (including decreases in funding for the services provided by Partnerships in Care), adverse changes in law and regulations affecting the operations of Partnerships in Care, difficulties and costs of staffing and managing our new operations in the United Kingdom. If any of these events were to materialize, they could lead to disruption of our business, significant expenditures and/or damages to our reputation, which could have a material adverse effect on our results of operations, financial condition or prospects.

## **Table of Contents**

As a company based outside of the United Kingdom, we will need to take certain actions to be more easily accepted in the United Kingdom. For example, we may need to engage in a public relations campaign to emphasize service quality and company philosophy, preserve local management continuity and business practices and be transparent in our dealings with local governments and taxing authorities. Such efforts will require significant time and effort on the part of our management team. Our results of operation could suffer if these efforts are not successful.

### ***Our acquisition strategy exposes us to a variety of operational and financial risks.***

A principal element of our business strategy is to grow by acquiring other companies and assets in the behavioral healthcare industry. Growth, especially rapid growth, through acquisitions exposes us to a variety of operational and financial risks. We summarize the most significant of these risks below.

#### ***Integration risks***

We must integrate our acquisitions with our existing operations. This process includes the integration of the various components of our business and of the businesses we have acquired or may do so in the future, including the following:

additional psychiatrists, other physicians and employees who are not familiar with our operations;

patients who may elect to switch to another behavioral healthcare provider;

regulatory compliance programs; and

disparate operating, information and record keeping systems and technology platforms.

Integrating a new facility could be expensive and time consuming and could disrupt our ongoing business, negatively affect cash flow and distract management and other key personnel from day-to-day operations.

We may not be able to combine successfully the operations of recently acquired facilities with our operations, and even if such integration is accomplished, we may never realize the potential benefits of the acquisition. The integration of acquisitions with our operations requires significant attention from management, may impose substantial demands on our operations or other projects and may impose challenges on the combined business including, but not limited to, inconsistencies in business standards, procedures, policies, business cultures and internal controls and compliance. Certain acquisitions involve a capital outlay, and the return that we achieved on any capital invested may be less than the return that we would achieve on our other projects or investments. If we fail to complete the integration of recently acquired facilities, we may never fully realize the potential benefits of the related acquisitions.

We are integrating Partnerships in Care's business into our current business. Successful integration depends on the ability to effect any required changes in operations or personnel which may entail unforeseen liabilities. The integration of Partnerships in Care may expose us to certain risks, including the following: difficulty in integrating Partnerships in Care in a cost-effective manner, including the establishment of effective management information and financial control systems; unforeseen legal, regulatory, contractual, employment or other issues arising out of the

combination; combining corporate cultures; maintaining employee morale and retaining key employees; potential disruptions to our on-going business caused by its senior management's focus on integrating Partnerships in Care; and performance of the combined assets not meeting our expectations or plans. A failure to properly integrate Partnerships in Care could have a corresponding material adverse effect on our business, results of operations, financial condition or prospects.

*Benefits may not materialize*

When evaluating potential acquisition targets, we identify potential synergies and cost savings that we expect to realize upon the successful completion of the acquisition and the integration of the related operations. We may, however, be unable to achieve or may otherwise never realize the expected benefits. Our ability to realize the expected benefits from potential cost savings and revenue improvement opportunities is subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control, such as changes to government regulation governing or otherwise impacting the behavioral healthcare industry, reductions in reimbursement rates from third-party payors, reductions in service levels under our contracts, operating difficulties, client preferences, changes in competition and general economic or industry conditions. If we are unsuccessful in implementing these improvements or if we do not achieve our expected results, it may adversely impact our business, financial condition or results of operations.

## **Table of Contents**

### *Assumptions of unknown liabilities*

Facilities that we acquire, including the facilities acquired from Partnerships in Care, may have unknown or contingent liabilities, including, but not limited to, liabilities for uncertain tax positions, liabilities for failure to comply with healthcare laws and regulations and liabilities for unresolved litigation or regulatory reviews. Although we typically attempt to exclude significant liabilities from our acquisition transactions and seek indemnification from the sellers of such facilities, the purchase agreement with Partnerships in Care contained minimal representations and warranties about the entities and business that we acquired. In addition, we have no indemnification rights against the sellers under the purchase agreement and all of the purchase price consideration was paid at closing of the Acquisition. Therefore, we may incur material liabilities for the past activities of acquired entities and facilities. Even in those acquisitions in which we have such rights, we may experience difficulty enforcing the sellers' obligations, or we may incur material liabilities for the past activities of acquired facilities. Such liabilities and related legal or other costs and/or resulting damage to a facility's reputation could negatively impact our business, financial condition or results of operations.

### *Competing for acquisitions*

We face competition for acquisition candidates primarily from other for-profit healthcare companies, as well as from not-for-profit entities. Some of our competitors may have greater resources than we do. As a result, we may pay more to acquire a target business or may agree to less favorable deal terms than we would have otherwise. Our principal competitors for acquisitions have included Universal Health Services, Aurora Behavioral Health Care and private equity firms. Also, suitable acquisitions may not be accomplished due to unfavorable terms. Further, the cost of an acquisition could result in a dilutive effect on our results of operations, depending on various factors, including the amount paid for an acquired facility, the acquired facility's results of operations, the fair value of assets acquired and liabilities assumed, effects of subsequent legislation and limits on rate increases. In addition, we may have to pay cash, incur debt, or issue equity securities to pay for any such acquisition, which could adversely affect our financial results, result in dilution to our stockholders, result in increased fixed obligations or impede our ability to manage our operations.

### *Managing growth*

Some of the facilities we have acquired or may acquire in the future may have had significantly lower operating margins prior to the time of our acquisition or may have had operating losses prior to such acquisition. If we fail to improve the operating margins of the facilities we acquire, operate such facilities profitably or effectively integrate the operations of the acquired facilities, our results of operations could be negatively impacted.

### ***Failure to comply with the international and U.S. laws and regulations applicable to our international operations could subject us to penalties and other adverse consequences.***

We face several risks inherent in conducting business internationally, including compliance with international and U.S. laws and regulations that apply to our international operations. These laws and regulations include U.S. laws such as the Foreign Corrupt Practices Act and other U.S. federal laws and regulations established by the Office of Foreign Asset Control, local laws such as the United Kingdom Bribery Act 2010 or other local laws which prohibit corrupt payments to governmental officials or certain payments or remunerations to customers. Given the high level of complexity of these laws, however, there is a risk that some provisions may be inadvertently breached by us, for example through fraudulent or negligent behavior of individual employees, our failure to comply with certain formal documentation requirements, or otherwise. Violations of these laws and regulations could result in fines, criminal sanctions against us, our officers or our employees, implementation of compliance programs, and prohibitions on the

conduct of our business. Any such violations could include prohibitions on our ability to conduct business in the United Kingdom and could materially damage our reputation, our brand, our international expansion efforts, our ability to attract and retain employees, our business and our operating results. Our success depends, in part, on our ability to anticipate these risks and manage these challenges.

***Foreign currency exchange rate fluctuations could materially impact our consolidated financial position and results of operations.***

The acquisition of Partnerships in Care expanded our operations to the United Kingdom. Accordingly, a portion of our net revenues will be derived from operations in the United Kingdom, and we intend to translate sales and other results denominated in foreign currency into U.S. dollars for our consolidated financial statements. During periods of a strengthening U.S. dollar, our reported international sales and net earnings could be reduced because foreign currencies may translate into fewer U.S. dollars.

## **Table of Contents**

In all jurisdictions in which we operate, we are also subject to laws and regulations that govern foreign investment, foreign trade and currency exchange transactions. These laws and regulations may limit our ability to repatriate cash as dividends or otherwise to the United States and may limit our ability to convert foreign currency cash flows into U.S. dollars.

### ***We incurred significant transaction and acquisition-related costs in connection with the Acquisition.***

We incurred substantial costs in connection with the Acquisition, including approximately \$16.0 million in transaction-related expenses. In addition, we may incur additional costs to maintain employee morale and to retain key employees, and we will incur substantial fees and costs related to formulating and executing integration plans. Although we expect that the elimination of duplicative costs, as well as the realization of other efficiencies related to the integration of the businesses, should allow us to more than offset incremental transaction and acquisition-related costs over time, this net benefit may not be achieved in the near term, or at all.

### ***The pro forma financial statements included in or incorporated into this prospectus may not be an indication of the combined company's financial condition or results of our operations following the Acquisition.***

The pro forma financial statements incorporated by reference to this prospectus may not be an indication of the combined company's financial condition or results of operations following the Acquisition for several reasons. For example, the pro forma financial statements have been derived from our historical financial statements and Partnerships in Care's historical financial statements, and certain adjustments and assumptions have been made regarding the combined company after giving effect to the Acquisition. The information upon which these adjustments and assumptions have been made is preliminary, and these kinds of adjustments and assumptions are difficult to make with accuracy. Moreover, the actual financial condition and results of operations of the combined company following the Acquisition may not be consistent with, or evident from, these pro forma financial statements.

In addition, the assumptions used in preparing the pro forma financial data may not prove to be accurate, and other factors may affect the combined company's financial condition or results of operations following the Acquisition. Any potential decline in the combined company's financial condition or results of operations may cause significant variations in the stock price of the combined company.

### ***We made certain assumptions relating to the Acquisition in our forecasts that may prove to be materially inaccurate.***

We made certain assumptions relating to the forecast level of cost savings, synergies and associated costs of the Acquisition. Our assumptions relating to the forecast level of cost savings, synergies and associated costs of the Acquisition may be inaccurate based on the information available to us, including as the result of the failure to realize the expected benefits of the Acquisition, higher than expected transaction and integration costs and unknown liabilities as well as general economic and business conditions that may adversely affect the combined company following the Acquisition. In addition, Partnerships in Care was operating at a net loss for the year ended December 31, 2013 and for the six months ended June 30, 2014, which may impact our ability to achieve synergies and profitability from the Acquisition in the near term.

***We are subject to taxation in certain foreign jurisdictions following the acquisition of Partnerships in Care. Any adverse development in the tax laws of such jurisdictions or any disagreement with our tax positions could have a material adverse effect on our business, financial condition or results of operations. In addition, our effective tax rate could change materially as a result of certain changes in our mix of United States and foreign earnings and other factors, including changes in tax laws.***

We are subject to taxation in, and to the tax laws and regulations of, certain foreign jurisdictions as a result of our operations and our corporate and financing structure after the acquisition of Partnerships in Care. Adverse developments in these tax laws or regulations, or any change in position regarding the application, administration or interpretation thereof, in any applicable jurisdiction, could have a material adverse effect on our business, financial condition or results of operations. In addition, the tax authorities in any applicable jurisdiction may disagree with the tax treatment or characterization of any of our transactions, which, if successfully challenged by such tax authorities, could have a material adverse effect on our business, financial condition or results of operations. Certain changes in the mix of our earnings between jurisdictions and assumptions used in the calculation of income taxes, among other factors, could have a material adverse effect on our overall effective tax rate. In addition, legislative proposals to change the United States taxation of foreign earnings could also increase our effective tax rate.

**Table of Contents**

***A worsening of the economic and employment conditions in the geographies in which we operate could materially affect our business and future results of operations.***

During periods of high unemployment, governmental entities often experience budget deficits as a result of increased costs and lower than expected tax collections. These budget deficits at the federal, state and local levels have decreased, and may continue to decrease, spending for health and human service programs, including Medicare and Medicaid in the United States, which are significant payor sources for our facilities. In periods of high unemployment, we also face the risk of potential declines in the population covered under private insurance, patient decisions to postpone or decide against receiving behavioral healthcare services, potential increases in the uninsured and underinsured populations we serve and further difficulties in collecting patient co-payment and deductible receivables.

Furthermore, the availability of liquidity and capital resources to fund the continuation and expansion of many business operations worldwide has been limited in recent years. Our ability to access the capital markets on acceptable terms may be severely restricted at a time when we would like, or need, access to those markets, which could have a negative impact on our growth plans, our flexibility to react to changing economic and business conditions and our ability to refinance existing debt (including debt under our Amended and Restated Senior Credit Facility and the Senior Notes). The recent economic downturn or other economic conditions could also adversely affect the counterparties to our agreements, including the lenders under the Amended and Restated Senior Credit Facility, causing them to fail to meet their obligations to us.

***If we fail to comply with extensive laws and government regulations, we could suffer penalties or be required to make significant changes to our operations.***

Companies operating in the behavioral healthcare industry in the United States are required to comply with extensive and complex laws and regulations at the federal, state and local government levels relating to, among other things: billing practices and prices for services; relationships with physicians and other referral sources; necessity and quality of medical care; condition and adequacy of facilities; qualifications of medical and support personnel; confidentiality, maintenance and security issues associated with health-related information and patient health information, or PHI; the screening, stabilization and/or transfer of patients who have emergency medical conditions; certification, licensure and accreditation of our facilities; operating policies and procedures; activities regarding competitors; and addition or expansion of facilities and services.

Among these laws are the anti-kickback provision of the Social Security Act, or the Anti-Kickback Statute, the federal physician self-referral, or the Stark Law, the federal False Claims Act, or the False Claims Act, and similar state laws. These laws, and particularly the Anti-Kickback Statute and the Stark Law, impact the relationships that we may have with physicians and other potential referral sources. We have a variety of financial relationships with physicians and other professionals who refer patients to our facilities, including employment contracts, leases and professional service agreements. The Office of the Inspector General of the Department of Health and Human Services has issued certain exceptions and safe harbor regulations that outline practices that are deemed acceptable under the Stark Law and Anti-Kickback Statute. While we endeavor to comply with applicable exceptions and safe harbors, certain of our current arrangements with physicians and other potential referral sources may not qualify for safe harbor protection. Failure to meet a safe harbor does not mean that the arrangement necessarily violates the Anti-Kickback Statute, but may subject the arrangements to greater scrutiny. We cannot offer assurances that practices that are outside of a safe harbor will not be found to violate the Anti-Kickback Statute. Allegations of violations of the Stark Law and Anti-Kickback Statute may be brought under the federal Civil Monetary Penalty Law, which requires a lower burden of proof than other fraud and abuse laws.

These laws and regulations are extremely complex, and, in many cases, we do not have the benefit of regulatory or judicial interpretation. In the future, it is possible that different interpretations of these laws and regulations could subject our current or past practices to allegations of impropriety or illegality or could require us to make changes in our arrangements for facilities, equipment, personnel, services, capital expenditure programs and operating expenses. A determination that we have violated one or more of these laws could subject us to liabilities, including civil penalties, exclusion of one or more facilities from participation in the government healthcare programs and, for violations of certain laws and regulations, criminal penalties. Even the public announcement that we are being investigated for possible violations of these laws could cause our reputation to suffer and have a material adverse effect on our business, financial condition or results of operations. In addition, we cannot predict whether other legislation or regulations at the federal or state level will be adopted, what form such legislation or regulations may take or what their impact on us may be.

The construction and operation of healthcare facilities in the United States are subject to extensive federal, state and local regulation relating to, among other things, the adequacy of medical care, equipment, personnel, operating policies and procedures, fire prevention, rate-setting, compliance with building codes and environmental protection. Additionally, such facilities are subject to periodic inspection by government authorities to assure their continued compliance with these various standards. If we fail to adhere to these standards, we could be subject to monetary and operational penalties.

## **Table of Contents**

Many of our U.S. facilities are also accredited by third-party accreditation agencies such as The Joint Commission. If any of our existing healthcare facilities lose their accreditation or any of our new facilities fail to receive accreditation, such facilities could become ineligible to receive reimbursement under Medicare or Medicaid.

Similarly, providers of behavioral healthcare services in the United Kingdom are also subject to a highly regulated business environment. Failure to comply with regulations, lapses in the standards of care, the receipt of poor ratings or lower ratings, the receipt of a negative report that leads to a determination of regulatory noncompliance, or the failure to cure any defect noted in an inspection report could lead to substantial penalties, including the loss of registration or closure of one or more facilities as well as damage to reputation.

***Our facilities acquired from Partnerships in Care operate in a highly regulated business environment, which is subject to political and regulatory scrutiny. Failure to comply with regulations or the introduction of new regulations or standards with which Partnerships in Care does not comply could lead to substantial penalties, including the loss of registration on one or more of our facilities.***

The business of the facilities acquired from Partnerships in Care is subject to a high level of regulation and oversight, in particular from: the Care Quality Commission ( CQC ), the independent regulator for health and adult social care in England; Healthcare Improvement Scotland ( HIS ), the independent regulator for healthcare services in Scotland; Healthcare Inspectorate Wales ( HIW ), the independent regulator of for all healthcare services in Wales; and Monitor, the non-departmental public body of the United Kingdom government that serves as the sector regulator for health services in England. The regulatory requirements relevant to Partnerships in Care s business span the range of Partnerships in Care s operations from the establishment of new facilities, which are subject to registration requirements, to the recruitment and appointment of staff, occupational health and safety, duty of care to the people Partnerships in Care supports, administration of controlled drugs, clinical standards, conduct of Partnerships in Care s professional and care staff and other requirements.

Inspections by regulators can be carried out on both an announced and, in most cases, unannounced basis, depending on the specific regulatory provisions relating to the different services Partnerships in Care provides. A failure to comply with regulations in the future, the receipt of poor ratings or lower ratings, the receipt of a negative report that leads to a determination of regulatory noncompliance, or Partnerships in Care s failure to cure any defect noted in an inspection report could result in reputational damage to Partnerships in Care, fines, or the revocation or suspension of the registration or closure of any care facility or service. Additionally, as placing authorities monitor performance, negative changes in regulatory compliance may affect the number of referrals made to Partnerships in Care. In addition, frequent changes are made to regulatory assessment methods.

We cannot guarantee that current laws, regulations and regulatory assessment methodologies will not be modified or replaced in the future. Such future developments and amendments may negatively impact Partnerships in Care s operations which could have a material adverse effect on Partnerships in Care s business, results of operations, financial condition or prospects.

***Our business in the United Kingdom relies upon maintaining strong relationships with commissioners employed by publicly funded entities and any reorganization of such publicly funded entities may result in the loss of those relationships.***

The relationships that the sales and marketing function of our facilities in the United Kingdom holds with commissioners is a key driver of referrals to such facilities. Should there be a major reorganization of publicly funded entities, such as the NHS reorganization announced in 2010 and implemented between 2012 and 2013, we may need to rebuild such relationships which could result in a decrease in the number of referrals made to the Partnerships in

Care facilities, which could have a corresponding material adverse effect on our business, results of operations, financial condition or prospects.

***We may be required to spend substantial amounts to comply with statutes and regulations relating to privacy and security of patient health information.***

There are currently numerous legislative and regulatory initiatives in both the U.S. and the United Kingdom addressing patient privacy and information security concerns. In particular, federal regulations issued under HIPAA require our U.S. facilities to comply with standards to protect the privacy, security and integrity of PHI. These regulations have

## **Table of Contents**

imposed extensive administrative requirements, technical and physical information security requirements, restrictions on the use and disclosure of PHI and related financial information and have provided patients with additional rights with respect to their health information. Compliance with these regulations requires substantial expenditures, which could negatively impact our business, financial condition or results of operations. In addition, our management has spent, and may spend in the future, substantial time and effort on compliance measures.

Violations of the privacy and security regulations could subject our operations to substantial civil monetary penalties and substantial other costs and penalties associated with a breach of data security, including criminal penalties.

### ***We may be subject to liabilities from claims brought against our facilities.***

We are subject to medical malpractice lawsuits and other legal actions in the ordinary course of business. Some of these actions may involve large claims, as well as significant defense costs. We cannot predict the outcome of these lawsuits or the effect that findings in such lawsuits may have on us. All professional and general liability insurance we purchase is subject to policy limitations. Management believes that, based on our past experience and actuarial estimates, our insurance coverage is adequate considering the claims arising from the operations of our facilities. While we continuously monitor our coverage, our ultimate liability for professional and general liability claims could change materially from our current estimates. If such policy limitations should be partially or fully exhausted in the future, or payments of claims exceed our estimates or are not covered by our insurance, it could have a material adverse effect on our business, financial condition or results of operations.

### ***We have been and could become the subject of governmental investigations, regulatory actions and whistleblower lawsuits.***

Healthcare companies in both the United States and the United Kingdom are subject to numerous investigations by various governmental agencies. Certain of our facilities have received, and other facilities may receive, government inquiries from, and may be subject to investigation by, governmental agencies. Depending on whether the underlying conduct in these or future inquiries or investigations could be considered systemic, their resolution could have a material adverse effect on our business, financial condition and results of operations.

Further, under the federal False Claims Act, private parties are permitted to bring qui tam or whistleblower lawsuits against companies that submit false claims for payments to, or improperly retain overpayments from, the government. Because qui tam lawsuits are filed under seal, we could be named in one or more such lawsuits of which we are not aware.

### ***We are subject to uncertainties regarding recent health reform and budget legislation.***

The expansion of health insurance coverage in the United States under the Patient Protection and Affordable Care Act and the Reconciliation Act, or, collectively, the Health Reform Legislation, may increase the number of patients using our facilities who have either private or public program coverage. In addition, a disproportionately large percentage of new Medicaid coverage is likely to be in states that currently have relatively low income eligibility requirements and may include states where we have facilities. Furthermore, as a result of the Health Reform Legislation, there may be a reduction in uninsured patients, which should reduce our expense from uncollectible accounts receivable.

Notwithstanding the foregoing, the Health Reform Legislation makes a number of other changes to Medicare and Medicaid which management believes may have an adverse impact on us. The various provisions in the Health Reform Legislation that directly or indirectly affect reimbursement are scheduled to take effect over a number of years. Health Reform Legislation provisions are likely to be affected by the incomplete nature of implementing

regulations or expected forthcoming interpretive guidance, gradual implementation or future legislation. Further, Health Reform Legislation provisions, such as those creating the Medicare Shared Savings Program and the Independent Payment Advisory Board, create certain flexibilities in how healthcare may be reimbursed by federal programs in the future. Thus, we cannot predict the impact of the Health Reform Legislation on our future reimbursement at this time.

The Health Reform Legislation also contains provisions aimed at reducing fraud and abuse in healthcare. The Health Reform Legislation amends several existing laws, including the federal Anti-Kickback Statute and the False Claims Act, making it easier for government agencies and private plaintiffs to prevail in lawsuits brought against healthcare providers. Congress revised the intent requirement of the Anti-Kickback Statute to provide that a person is not required to have actual knowledge or specific intent to commit a violation of the Anti-Kickback Statute in order to be found guilty of violating such law. The Health Reform Legislation also provides that any claims for items or services that violate the Anti-Kickback Statute

## **Table of Contents**

are also considered false claims for purposes of the federal civil False Claims Act. The Health Reform Legislation provides that a healthcare provider that knowingly retains an overpayment in excess of 60 days is subject to the federal civil False Claims Act.

The impact of the Health Reform Legislation on each of our facilities may vary. We cannot predict the impact the Health Reform Legislation may have on our business, results of operations, cash flow, capital resources and liquidity, or whether we will be able to adapt successfully to the changes required by the Health Reform Legislation.

We are similarly unable to guarantee that current United Kingdom laws, regulations and regulatory assessment methodologies will not be modified or replaced in the future. Additionally, there is a risk that budget constraints, public spending cuts (such as the cuts announced by the United Kingdom government in the 2010 Comprehensive Spending Review and implemented in the 2011 and 2012 government budgets) or other financial pressures could cause NHS to reduce funding for the types of services that Partnerships in Care provides. Such policy changes in the United Kingdom could lead to fewer services being purchased by publicly funded entities or material changes being made to their procurement practices, any of which could materially reduce Partnerships in Care's revenue. These and other future developments and amendments may negatively impact our operations, which could have a material adverse effect on our business, financial condition or results of operations. See "Expanding our operations internationally poses additional risks to our business" in this prospectus.

### ***We operate in a highly competitive industry, and competition may lead to declines in patient volumes.***

The healthcare industry is highly competitive, and competition among healthcare providers (including hospitals) for patients, physicians and other healthcare professionals has intensified in recent years. There are other healthcare facilities that provide behavioral and other mental health services comparable to at least some of those offered by our facilities in each of the geographical areas in which we operate. Some of our competitors are owned by tax-supported governmental agencies or by nonprofit corporations and may have certain financial advantages not available to us, including endowments, charitable contributions, tax-exempt financing and exemptions from sales, property and income taxes.

If our competitors are better able to attract patients, recruit and retain physicians and other healthcare professionals, expand services or obtain favorable managed care contracts at their facilities, we may experience a decline in patient volume and our results of operations may be adversely affected.

NHS is the principal provider of secure mental healthcare services in the United Kingdom, with approximately 70% of the total beds in the United Kingdom. As the preferred provider, there is a bias toward referrals to NHS, and therefore NHS facilities have maintained high occupancy rates. As a result of budget constraints, independent operators have emerged to satisfy the demand for mental health services not supplied by NHS. We face competition in the United Kingdom from other independent sector providers and publicly funded entities for individuals requiring care and for appropriate sites on which to develop or expand facilities in the United Kingdom. Should we fail to compete effectively with our peers and competitors in the industry, or if the competitive environment intensifies, individuals may be referred elsewhere for services that we provide, negatively impacting our ability to secure referrals and limiting the expansion of our business.

### ***The trend by insurance companies and managed care organizations to enter into sole-source contracts may limit our ability to obtain patients.***

Insurance companies and managed care organizations in the United States are entering into sole-source contracts with healthcare providers, which could limit our ability to obtain patients since we do not offer the range of services

required for these contracts. Moreover, private insurers, managed care organizations and, to a lesser extent, Medicaid and Medicare, are beginning to carve-out specific services, including mental health and substance abuse services, and establish small, specialized networks of providers for such services at fixed reimbursement rates. Continued growth in the use of carve-out arrangements could materially adversely affect our business to the extent we are not selected to participate in such networks or if the reimbursement rate is not adequate to cover the cost of providing the service.

***Our performance depends on our ability to recruit and retain quality psychiatrists and other physicians.***

The success and competitive advantage of our facilities depends, in part, on the number and quality of the psychiatrists and other physicians on the medical staffs of our facilities and our maintenance of good relations with those medical professionals. Although we employ psychiatrists and other physicians at many of our facilities, psychiatrists and other physicians generally are not employees of our facilities, and, in a number of our markets, they have admitting privileges at competing hospitals providing acute or inpatient behavioral health services. Such physicians (including psychiatrists) may terminate their affiliation with us at any time or admit their patients to competing healthcare facilities or hospitals. If we are

## **Table of Contents**

unable to attract and retain sufficient numbers of quality psychiatrists and other physicians by providing adequate support personnel and facilities that meet the needs of those psychiatrists and other physicians, they may stop referring patients to our facilities and our results of operations may decline.

It may become difficult for us to attract and retain an adequate number of psychiatrists and other physicians to practice in certain of the communities in which our facilities are located. Our failure to recruit psychiatrists and other physicians to these communities or the loss of such medical professionals in these communities could make it more difficult to attract patients to our facilities and thereby may have a material adverse effect on our business, financial condition or results of operations. Additionally, our ability to recruit psychiatrists and other physicians is closely regulated. The form, amount and duration of assistance we can provide to recruited psychiatrists and other physicians is limited by the Stark Law, the Anti-Kickback Statute, state anti-kickback statutes, and related regulations. For example, the Stark Law requires, among other things, that recruitment assistance can be provided only to psychiatrists and other physicians who meet certain geographic and practice relocation requirements, that the amount of assistance cannot be changed during the term of the recruitment agreement, and that the recruitment payments cannot generally benefit psychiatrists and other physicians currently in practice in the community beyond recruitment costs actually incurred by them.

### ***Our facilities face competition for staffing that may increase our labor costs and reduce our profitability.***

Our operations depend on the efforts, abilities, and experience of our management and medical support personnel, including our therapists, nurses, pharmacists and mental health technicians, as well as our psychiatrists and other professionals. We compete with other healthcare providers in recruiting and retaining qualified management, physicians (including psychiatrists) and support personnel responsible for the daily operations of our business, financial condition or results of operations.

The nationwide shortage of nurses and other medical support personnel in the United States has been a significant operating issue facing us and other healthcare providers. This shortage may require us to enhance wages and benefits to recruit and retain nurses and other medical support personnel or require us to hire more expensive temporary or contract personnel. In addition, certain of our facilities are required to maintain specified staffing levels. To the extent we cannot meet those levels, we may be required to limit the services provided by these facilities, which would have a corresponding adverse effect on our net operating revenues.

Increased labor union activity is another factor that could adversely affect our labor costs. As of June 30, 2014, labor unions represented employees at only six of our 52 facilities. With the Acquisition, the Royal College of Nursing represents nursing employees at all of our facilities in the United Kingdom. To the extent that a greater portion of our employee base unionizes, it is possible that our labor costs could increase materially.

We cannot predict the degree to which we will be affected by the future availability or cost of attracting and retaining talented medical support staff. If our general labor and related expenses increase, we may not be able to raise our rates correspondingly. Our failure either to recruit and retain qualified management, psychiatrists, therapists, nurses and other medical support personnel or control our labor costs could have a material adverse effect on our results of operations.

### ***We depend heavily on key management personnel, and the departure of one or more of our key executives or a significant portion of our local facility management personnel could harm our business.***

The expertise and efforts of our senior executives and the chief executive officer, chief financial officer, medical director, physicians and other key members of our facility management personnel are critical to the success of our

business. The loss of the services of one or more of our senior executives or of a significant portion of our facility management personnel could significantly undermine our management expertise and our ability to provide efficient, quality healthcare services at our facilities, which could harm our business.

The Partnerships in Care senior management team was important to our acquisition of Partnerships in Care. The loss of members of the Partnerships in Care management team could impact our ability to successfully integrate and operate the Partnerships in Care facilities and business.

**Table of Contents**

***We could face risks associated with, or arising out of, environmental, health and safety laws and regulations.***

We are subject to various federal, state and local laws and regulations that:

regulate certain activities and operations that may have environmental or health and safety effects, such as the generation, handling and disposal of medical wastes;

impose liability for costs of cleaning up, and damages to natural resources from, past spills, waste disposals on and off-site, or other releases of hazardous materials or regulated substances; and

regulate workplace safety.

Compliance with these laws and regulations could increase our costs of operation. Violation of these laws may subject us to significant fines, penalties or disposal costs, which could negatively impact our results of operations, financial condition or cash flows. We could be responsible for the investigation and remediation of environmental conditions at currently or formerly operated or leased sites, as well as for associated liabilities, including liabilities for natural resource damages, third party property damage or personal injury resulting from lawsuits that could be brought by the government or private litigants, relating to our operations, the operations of facilities or the land on which our facilities are located. We may be subject to these liabilities regardless of whether we lease or own the facility, and regardless of whether such environmental conditions were created by us or by a prior owner or tenant, or by a third party or a neighboring facility whose operations may have affected such facility or land. That is because liability for contamination under certain environmental laws can be imposed on current or past owners or operators of a site without regard to fault. We cannot assure you that environmental conditions relating to our prior, existing or future sites or those of predecessor companies whose liabilities we may have assumed or acquired will not have a material adverse effect on our business, financial condition or results of operations.

***State efforts to regulate the construction or expansion of healthcare facilities in the United States could impair our ability to operate and expand our operations.***

A majority of the states in which we operate facilities in the United States have enacted certificate of need, or CON, laws that regulate the construction or expansion of healthcare facilities, certain capital expenditures or changes in services or bed capacity. In giving approval for these actions, these states consider the need for additional or expanded healthcare facilities or services. Our failure to obtain necessary state approval could (i) result in our inability to acquire a targeted facility, complete a desired expansion or make a desired replacement, (ii) make a facility ineligible to receive reimbursement under the Medicare or Medicaid programs or (iii) result in the revocation of a facility's license or impose civil or criminal penalties on us, any of which could harm our business.

In addition, significant CON reforms have been proposed in a number of states that would increase the capital spending thresholds and provide exemptions of various services from review requirements. In the past, we have not experienced any material adverse effects from such requirements, but we cannot predict the impact of these changes upon our operations.

***We may be unable to extend leases at expiration, which could harm our business, financial condition or results of operations.***

We lease the real property on which a number of our facilities are located. Our lease agreements generally give us the right to renew or extend the term of the leases and, in certain cases, purchase the real property. These renewal and purchase rights generally are based upon either prescribed formulas or fair market value. Management expects to renew, extend or exercise purchase options with respect to our leases in the normal course of business; however, there can be no assurance that these rights will be exercised in the future or that we will be able to satisfy the conditions precedent to exercising any such renewal, extension or purchase options. Furthermore, the terms of any such options that are based on fair market value are inherently uncertain and could be unacceptable or unfavorable to us depending on the circumstances at the time of exercise. If we are not able to renew or extend our existing leases, or purchase the real property subject to such leases, at or prior to the end of the existing lease terms, or if the terms of such options are unfavorable or unacceptable to us, our business, financial condition or results of operations could be adversely affected.

***Controls designed to reduce inpatient services may reduce our revenues.***

Controls imposed by Medicare, Medicaid and commercial third-party payors designed to reduce admissions and lengths of stay, commonly referred to as utilization review, have affected and are expected to continue to affect our facilities. Inpatient utilization, average lengths of stay and occupancy rates continue to be negatively affected by payor-required preadmission authorization and utilization review and by payor pressure to maximize outpatient and alternative healthcare delivery services for less acutely ill patients. Efforts to impose more stringent cost controls are expected to

**Table of Contents**

continue. For example, the Health Reform Legislation potentially expands the use of prepayment review by Medicare contractors by eliminating statutory restrictions on its use. Utilization review is also a requirement of most non-governmental managed-care organizations and other third party payors. Although we are unable to predict the effect these controls and changes will have on our operations, significant limits on the scope of services reimbursed and on reimbursement rates and fees could have a material adverse effect on our financial condition and results of operations.

Additionally, the outsourcing of behavioral health care to the private sector is a relatively recent development in the United Kingdom. There has been some opposition to outsourcing. While we anticipate that NHS will continue to rely increasingly upon outsourcing, we cannot assure you that the outsourcing trend will continue. The absence of future growth in the outsourcing of behavioral healthcare services could have a material adverse impact on our business, financial condition and results of operations.

***Although we have facilities in 24 states, the United Kingdom and Puerto Rico, we have substantial operations in each of the United Kingdom, Arkansas, Mississippi and Tennessee, which makes us especially sensitive to regulatory, economic, environmental and competitive conditions and changes in those locations.***

On a pro forma basis at June 30, 2014, we operated 75 facilities, 33 of which are located in the United Kingdom, Arkansas, Mississippi and Tennessee. Our revenues in those facilities represented approximately 48% of our revenue for the twelve months ended June 30, 2014. This concentration makes us particularly sensitive to legislative, regulatory, economic, environmental and competition changes in those locations. Any material change in the current payment programs or regulatory, economic, environmental or competitive conditions in these locations could have a disproportionate effect on our overall business results.

In addition, some of our facilities are located in hurricane-prone areas. In the past, hurricanes have had a disruptive effect on the operations of facilities and the patient populations in hurricane-prone areas. Our business activities could be significantly disrupted by a particularly active hurricane season or even a single storm, and our property insurance may not be adequate to cover losses from such storms or other natural disasters.

***We are required to treat patients with emergency medical conditions regardless of ability to pay.***

In accordance with our internal policies and procedures, as well as the Emergency Medical Treatment and Active Labor Act, or EMTALA, we provide a medical screening examination to any individual who comes to one of our hospitals while in active labor and/or seeking medical treatment (whether or not such individual is eligible for insurance benefits and regardless of ability to pay) to determine if such individual has an emergency medical condition. If it is determined that such person has an emergency medical condition, we provide such further medical examination and treatment as is required to stabilize the patient's medical condition, within the facility's capability, or arrange for transfer of such individual to another medical facility in accordance with applicable law and the treating hospital's written procedures. Our obligations under EMTALA may increase substantially; Centers for Medicare and Medicaid Services has recently sought stakeholder comments concerning the potential applicability of EMTALA to hospital inpatients and the responsibilities of hospitals with specialized capabilities, such as ours, to accept the transfer of such patients. If the number of indigent and charity care patients with emergency medical conditions we treat increases significantly, or if regulations expanding our obligations to inpatients under EMTALA are proposed and adopted, our results of operations may be harmed.

***An increase in uninsured or underinsured patients or the deterioration in the collectability of the accounts of such patients could harm our results of operations.***

Collection of receivables from third-party payors and patients is critical to our operating performance. Our primary collection risks relate to uninsured patients and the portion of the bill that is the patient's responsibility, which primarily includes co-payments and deductibles. We estimate our provisions for doubtful accounts based on general factors such as payor source, the agings of the receivables and historical collection experience. At June 30, 2014, our allowance for doubtful accounts represented approximately 18% of our accounts receivable balance as of such date. We routinely review accounts receivable balances in conjunction with these factors and other economic conditions that might ultimately affect the collectability of the patient accounts and make adjustments to our allowances as warranted. Significant changes in business office operations, payor mix, economic conditions or trends in federal and state governmental health coverage (including implementation of the Health Reform Legislation) could affect our collection of accounts receivable, cash flow and results of operations. If we experience unexpected increases in the growth of uninsured and underinsured patients or in bad debt expenses, our results of operations will be harmed.

***A cyber security incident could cause a violation of HIPAA and other privacy laws and regulations or result in a loss of confidential data.***

A cyber-attack that bypasses our information technology, or IT, security systems causing an IT security breach, loss of PHI or other data subject to privacy laws, loss of proprietary business information, or a material disruption of our IT business systems, could have a material adverse impact on our business, financial condition or results of operations. In addition, our future results of operations, as well as our reputation, could be adversely impacted by theft, destruction, loss, or misappropriation of PHI, other confidential data or proprietary business information.

***Failure to maintain effective internal control over financial reporting in accordance with Section 404 of Sarbanes-Oxley, could have a material adverse effect on our business.***

We are required to maintain internal control over financial reporting under Section 404 of Sarbanes-Oxley. If we are unable to maintain adequate internal control over financial reporting, we may be unable to report our financial information on a timely basis, may suffer adverse regulatory consequences or violations of NASDAQ listing rules and may breach the covenants under our financing arrangements. There could also be a negative reaction in the financial markets due to a loss of investor confidence in us and the reliability of our financial statements. Confidence in our financial statements is also likely to suffer if we or our independent registered public accounting firm report a material weakness in our internal control over financial reporting.

***As part of the Acquisition, we assumed Partnerships in Care's existing pension plans and a defined contribution plan and are responsible for an underfunded pension liability. In addition, we may be required to increase funding of the pension plans and/or be subject to restrictions on the use of excess cash.***

Partnerships in Care is the sponsor of a defined benefit pension plan (the Partnerships in Care Limited Pension and Life Assurance Plan) that covers approximately 187 members in the United Kingdom, most of whom are inactive and retired former employees. As of May 1, 2005, this plan was closed to new participants but then-current participants continue to accrue benefits. As of December 31, 2013, the net deficit recognized under U.K. GAAP in respect of this scheme was £4.9 million. Although this underfunded position was considered in determining the purchase price for Partnerships in Care, it may adversely affect the combined company as follows:

Laws and regulations normally require a new funding plan to be agreed upon every three years, with the next new funding plan to be agreed upon with the plan trustees by March 2015. Changes in actuarial assumptions, including future discount, inflation and interest rates, investment returns and mortality rates, may increase the underfunded position of the pension plan and cause the combined company to increase its contributions to the pension plan to cover underfunded liabilities.

The pension plan is regulated in the United Kingdom, and trustees represent the interests of covered workers. Laws and regulations could create an immediate funding obligation to the pension plan which could be significantly greater than the £5 million assumed for accounting purposes as of December 31, 2013, and could impact the ability to use Partnerships in Care's existing cash or the combined company's future excess cash to grow the business or finance other obligations. The use of Partnerships in Care's cash and future cash flows beyond the operation of Partnerships in Care's business or the satisfaction of Partnerships in Care's obligations would require negotiations with the trustees and regulators.

We also assumed an additional pension plan (the Federated Pension Plan), of which fewer than five Partnerships in Care employees are participants, and a defined contribution plan (the Partnerships in Care Limited New Generation Personal Pension) under which participants receive contributions as a proportion of earnings. Maintenance of these plans may result in additional expenses. Termination of these plans could have an adverse impact on employee relations and a material adverse effect on our financial results.

***We are party to a stockholders agreement with Waud Capital Partners which provides it with certain rights over Company matters.***

Waud Capital Partners owns approximately 19.7% of our outstanding common stock. In accordance with the terms of the stockholders agreement among Waud Capital Partners, Acadia and certain current and former members of our management, for so long as Waud Capital Partners owns at least 17.5% of our outstanding common stock, it is entitled to designate the pro rata number of our directors that is proportional (but rounded up to the nearest whole number) to its percentage ownership of our outstanding common stock, subject to the NASDAQ rules regarding director independence, and

**Table of Contents**

has consent rights to many corporate actions, such as issuing equity or debt securities, paying dividends, acquiring any interest in another company and materially changing our business activities. It is possible that the interests of Waud Capital Partners may in some circumstances conflict with our interests and the interests of our stockholders.

***We incur substantial costs as a result of being a public company.***

As a public company, we incur significant legal, accounting, insurance and other expenses, including costs associated with public company reporting requirements. We incur costs associated with complying with the requirements of the Sarbanes-Oxley Act of 2002, or Sarbanes-Oxley, the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and related rules implemented by the SEC and NASDAQ. Enacted in July 2010, the Dodd-Frank Act contains significant corporate governance and executive compensation-related provisions, some of which the SEC has recently implemented by adopting additional rules and regulations in areas such as executive compensation. The expenses incurred by public companies generally for reporting and corporate governance purposes have been increasing. Management expects these laws and regulations to increase our legal and financial compliance costs and to make some activities more time consuming and costly, although management is currently unable to estimate these costs with any degree of certainty. These laws and regulations could make it more difficult or costly for us to obtain certain types of insurance, including director and officer liability insurance, and we may be forced to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. These laws and regulations could also make it more difficult for us to attract and retain qualified persons to serve on our board of directors, our board committees or as our executive officers. Furthermore, if we are unable to satisfy our obligations as a public company, we could be subject to delisting of our common stock, fines, sanctions and other regulatory action and potentially civil litigation.

**ACQUISITION OF PARTNERSHIPS IN CARE**

On July 1, 2014, we completed the acquisition of Partnerships in Care, for total consideration, net of cash acquired, of £395 million (approximately \$662 million) in cash. We consummated the Acquisition pursuant to an Agreement, dated as of June 3, 2014, by and among the Company, the Purchaser, the Seller, and RBS. The Company joined the agreement for the purpose of guarantying the Purchaser's obligations arising under the Agreement.

Pursuant to the terms of the Agreement, (i) the Seller sold, and the Purchaser purchased, all of the issued and outstanding ordinary shares of the Target, and (ii) RBS sold, and the Purchaser purchased, the issued and outstanding A ordinary shares owned by the RBS of Partnerships in Care Property 1 Limited, a company incorporated in England and Wales and a wholly-owned, indirect subsidiary of the Target. We acquired all of the Seller's mental health facilities and business as a result of the transaction, which included 23 inpatient behavioral health facilities located in England, Wales and Scotland with over 1,200 beds. For the year ended December 31, 2013 and the six months ended June 30, 2014, Partnerships in Care generated revenue of \$267.0 million and \$142.3 million, respectively, primarily through the operation and management of inpatient behavioral health facilities.

**Strategic Rationale**

We expect to realize significant benefits from the acquisition of Partnerships in Care. Our rationale for the Acquisition included the following:

*Expand our geographic presence into a new, attractive market.* The mental health market in the United Kingdom was roughly £14.4 billion in 2013. The independent mental health market accounted for roughly £1.1 billion of that amount, or approximately 8% market share. As a result of government budget constraints and an increased focus on quality, the independent mental health market has witnessed significant expansion in the last decade, making it one of the fastest growing sectors in United Kingdom healthcare industry.

*Acquire a leading platform in the market.* Partnerships in Care is the second largest independent provider of inpatient behavioral healthcare services in the United Kingdom, operating 23 inpatient behavioral health facilities with over 1,200 beds. The company holds an approximately 16% market share of the independent behavioral health market. In addition, Partnerships in Care is one of only two independent providers in the United Kingdom offering the full spectrum of mental health services. Partnerships in Care also has an experienced management team with market knowledge and relationships within the industry and governmental bodies.

*Financially attractive and accretive acquisition.* We expect the combined benefits of increased adjusted EBITDA and a reduced income tax rate will produce earnings accretion (not including the impact of any future acquisitions beyond the purchase of Partnerships in Care or any transaction-related expenses).

*Opportunities for future growth.* Demand for independent behavioral health services has grown significantly in the United Kingdom as a result of NHS reducing bed capacity and increased hospitalization rates. Outsourcing demand is expected to increase in light of additional bed closures and reduction in community capacity by NHS. The independent market in the United Kingdom is highly fragmented with the largest four players accounting for 58% market share. These factors present opportunities for growth by well capitalized, experienced operators. In addition, Acadia management sees meaningful opportunities to produce organic growth in Partnerships in Care's existing facilities through the addition of new beds and service line expansions to meet areas of unmet need. Management also expects to pursue additional select acquisitions in the United Kingdom.

**Financing Transactions**

We funded the acquisition of Partnerships in Care using proceeds of the sale of \$300 million of the Outstanding Notes completed on July 1, 2014, using proceeds of an approximately \$374 million registered offering of common stock completed on June 17, 2014 and using borrowings under the revolving line of credit available under our Amended and Restated Senior Credit Facility.

On July 1, 2014, we completed the sale of the Outstanding Notes pursuant to a Purchase Agreement, dated June 17, 2014 (the Purchase Agreement ), by and among the Company, its subsidiary guarantors named therein (the Guarantors ), Merrill Lynch, Pierce, Fenner & Smith Incorporated, Jefferies LLC and the several other initial purchasers named in Schedule 1 to the Purchase Agreement (the Initial Purchasers ). Under the Purchase Agreement, the Initial Purchasers resold the Notes to qualified institutional buyers pursuant to Rule 144A under the Securities Act, and to persons outside of the United States pursuant to Regulation S under the Securities Act. For further information regarding the Exchange Notes, see the sections entitled Exchange Offer and Description of the Exchange Notes in this prospectus.

**Table of Contents**

On June 17, 2014, we completed a registered offering of 8,881,794 shares of our common stock at a public offering price of \$44.00 per share, for total proceeds to the Company of approximately \$374.0 million, after underwriting discounts and estimated offering expenses. The shares sold by Acadia include shares issued as a result of the underwriters' exercise of the option to purchase additional shares of common stock all at the public offering price less the underwriting discount.

In connection with financing the Acquisition, on June 16, 2014, we entered into a Fifth Amendment to the Amended and Restated Senior Credit Facility. The Fifth Amendment specifically permitted our acquisition of Partnerships in Care, gave us the ability to incur a tranche of term loan B debt in the future through our incremental credit facility, and modified certain of the restrictive covenants on miscellaneous investments and incurrence of miscellaneous liens. The restrictive covenants on investments in joint ventures and foreign subsidiaries were also amended such that we may now invest, in any given fiscal year, up to five percent (5%) of our total assets in both joint ventures and foreign subsidiaries, respectively, provided that the aggregate amount of investments in both joint ventures and foreign subsidiaries, respectively, may not exceed ten percent (10%) of our total assets over the life of the Amended and Restated Senior Credit Facility, *provided* that the aggregate amount of investments made in both joint ventures and foreign subsidiaries collectively pursuant to the foregoing may not exceed fifteen percent (15%) of our total assets. Finally, the Fifth Amendment provided increased flexibility to us in terms of our financial covenants. See Description of Other Indebtedness Amended and Restated Credit Facility for a more detailed description of the Fifth Amendment.

**PARTNERSHIPS IN CARE**

**Overview**

Partnerships in Care is the second largest independent provider of inpatient behavioral healthcare services in the United Kingdom, operating 23 inpatient behavioral health facilities with over 1,200 beds. The facilities are located in England, Wales and Scotland. For the year ended December 31, 2013 and the six months ended June 30, 2014, Partnerships in Care generated revenue of \$267.0 million and \$142.3 million, respectively, primarily through the operation and management of inpatient behavioral health facilities. The company has over 27 years of experience in caring for men and women with complex mental health needs, including mental illness, learning disability, personality disorder, autistic spectrum disorder and brain injury rehabilitation, including stroke and respite services. All services are provided by on-site multi-disciplinary teams who work with the company's newly re-launched Care Programme Approach (CPA) and follow a recovery model designed to empower patients. Partnerships in Care provides a range of mental health services across all security levels, including:

Providing medium secure, low secure, inpatient and community rehabilitation;

Supporting the safe and positive re-integration of patients into the community;

Tailoring individual, evidence-based treatment programs with clearly specified goals and timetables;

Utilizing forensic specialization with a focus on risk reduction, relapse prevention and independent living;  
and

Offering acute care for patients requiring short periods of stabilization.

**United Kingdom Mental Health Industry**

NHS is the publically funded healthcare system for the United Kingdom, with an annual budget of £106 billion, making it the largest single payer healthcare system in the world. The mental health market in the United Kingdom accounted for approximately £14.4 billion in 2013, with NHS acting as the primary provider of mental health services in the United Kingdom with approximately 70% of the total mental health hospital beds. The independent mental health market is comprised of approximately 41% medium and low secure facilities, 13.2% acute services, 38.8% rehabilitation and other services, and 6.7% acquired brain injury services, with approximately 87% of the funding for mental health services in the United Kingdom provided by NHS. While NHS is the preferred provider of mental health services in the United Kingdom and a bias towards referrals to NHS has maintained high NHS occupancy rates, NHS capacity is not optimized and NHS lacks the capital to address specific local demand patterns through capacity expansion or reconfiguration. As a result, mismatches between local demand and NHS supply exist that allows for independent mental health providers, such as Partnerships in Care, to address these specific patient demands.

Mental health services in the United Kingdom are provided through three separate commissioning entities, each with their own separate budget and defined service responsibilities. The three entities are as follows: (i) Local Area Teams, which commission specialist mental health services (e.g., secure facilities and some acute facilities), (ii) Clinical

Commissioning Groups, which commission all acute, rehab and most community based services, and (iii) Local Authorities, which commission the remaining community mental health services (which focus primarily on learning disability services). In recent years, NHS has placed increasing emphasis on implementing integrated care pathways in its mental health commissioning strategy, and the three commissioning entities are currently working to implement an integrated care pathways strategy through which all the services within the secure pathway are commissioned from the same provider (or provider consortium). Integrated care pathways provide patients with highly coordinated and personalized care overseen by a single provider that can monitor patient progression through each stage of the care pathway. Additionally, commissioning trends toward moving patients more quickly down care pathways, out of secure settings and into community focused care teams have increased the demand for community and rehabilitation services in the independent mental health market. The United Kingdom Department of Health recently identified priorities for essential change in mental health that include, among other things, funding providers based on the quality of their service rather than volume of patients, allocating funds to support specialized housing for people with mental health problems and adopting a new rating system and inspection process to improve the quality of care. Increasing political focus on the provision of mental health services in the United Kingdom and increasing support for the rights of mental health patients are expected to lead to further increases in the size of the mental health market in the United Kingdom. In addition, rising demand for mental health services in the United Kingdom coupled with a constrained mental healthcare funding environment are increasing pressure to improve operational efficiency and refer

## **Table of Contents**

patients to single provider programs with care pathways that more appropriately reflect each patient's specific mental health needs. As a result of these pressures and an increased focus on quality, the independent mental health market has witnessed significant expansion in the last decade, making it one of the fastest growing sectors in the United Kingdom healthcare industry.

### **Description of Facilities**

Partnerships in Care provides inpatient services through mental health hospitals and care homes and works continuously to expand its national network of care pathways to offer choice to each patient in its care. In addition to care pathway services, Partnerships in Care also operates a division that leverages on its clinical knowledge to provide Employee Assistance Programs (EAP) to organizations.

### ***Mental Health Hospitals***

Mental health hospitals provide psychiatric treatment and nursing for sufferers of mental disorders, specifically for patients detained under a section of the United Kingdom's Mental Health Act of 1983, and whose risk of harm to others and risk of escape from hospitals cannot be managed safely within other mental health settings. In order to manage the risks involved with treating patients, the facility is managed through the application of a range of security measures depending on the level of dependency and risk exhibited by the patient. The levels of dependency and risk stemming from the wide range of disorders treated at these hospitals determine the level of security and care provided, which are comprised of:

*Medium Secure Facilities.* Medium secure facilities treat patients who may present a serious danger to others and themselves but do not need the physical security arrangements of a high security hospital. The purpose of medium secure services is to provide effective care and treatment to reduce risk, promote recovery and support patients moving through the care pathway to lower levels of security or to reestablishing themselves successfully in the community. Partnerships in Care currently has 448 medium secure beds, which accounts for 36.0% of Partnerships in Care's total inpatient beds, with patients typically remaining in treatment for an average of 15 months.

*Low Secure Facilities.* Low secure facilities provide treatment for patients whom, because of the level of risk or challenge they present, cannot be treated in open mental health settings. Low secure services deliver intensive, comprehensive and multidisciplinary treatment to patients demonstrating disturbed behavior in the context of a serious mental disorder and require the provision of security but pose a lesser risk of harm to themselves and to others. Partnerships in Care currently has 410 low secure beds, which accounts for 33.0% of Partnerships in Care's total inpatient beds, with patients typically remaining in treatment for an average of 27 months.

*Rehabilitation Services.* Both locked and open mental health rehabilitation services provide a bridge between secure hospital facilities and community living by providing relapse prevention and social integration services as well as vocational opportunities. Partnerships in Care currently has 230 locked rehabilitation beds and 33 open rehabilitation beds, which accounts for 18.5% and 2.7%, respectively, of Partnerships in Care's total inpatient beds, with patients typically remaining in treatment for an average of 14 months in locked rehabilitation and of 78 months in open rehabilitation.

*Acute Services.* Acute services provide treatment relating to emergency admissions for patients at risk to themselves or others, as well as crisis intervention and treatment of behavioral emergencies. Partnerships in Care currently has 61 acute care beds, which accounts for 4.9% of Partnerships in Care's total inpatient beds.

***Care Homes***

Care homes provide long-term, non-acute care for adults suffering from a mental illness or addiction, or who have a learning disability or brain injury and are unable to cope unsupported in the community. Patients utilizing care home services do not require conditions of either low or medium security. Partnerships in Care currently has 62 beds registered as care homes.

***Care First***

In addition to the care pathway services described above, Partnerships in Care also operates a division that leverages on its clinical knowledge to provide Employee Assistance Programs (EAP) to organizations. These support services are designed to help employees manage difficult issues in their professional or personal lives with services that include:

A call center for telephone counseling available 24-hours a day, seven days a week;

**Sources of Revenue**

As of June 30, 2014, approximately 97% of Partnerships in Care's revenue is paid by NHS. Partnerships in Care receives funding for the provision of services primarily through the following types of arrangements with publicly funded entities:

Framework Agreements. Framework agreements are typically awarded to providers on a nonexclusive basis pursuant to a public tender. These agreements outline various service and reporting obligations as well as

## **Table of Contents**

pricing terms. Framework agreements can be set up for any period of time, although a typical framework agreement is at least two years in length. The framework agreement establishes a basis for publicly funded entities to consider a provider's services, but it does not guarantee any minimum purchasing obligations or placements in its services. In addition, service users may be removed or placed elsewhere at short notice. The actual care package to be provided to an individual in a provider's care and the pricing for such services is agreed on a case by case basis at the time an assessment of their individual needs is made.

**Spot Agreements.** Regardless of whether a provider's relationship with a particular publicly funded entity is governed by a framework agreement, most admissions and referrals remain based on spot contracts, which are individual placement agreements. Spot contracts generally have a four week notice period to terminate the contract and typically do not have a minimum term. Spot contracts provide greater operational flexibility and are appropriate for bespoke care packages to meet the high severity support needs of the individuals in a provider's care. Fees are typically negotiated on a case-by-case basis.

Partnerships in Care provides services to various NHS commissioners via the NHS standard contract, which operates as the framework agreement for the services provided at Partnerships in Care's facilities across the United Kingdom. The majority of terms in the standard contract are mandatory service and general conditions setting forth such terms as (i) the services to be provided, (ii) performance and quality standards, (iii) price and payment terms and (iv) liability and risk, each with a limited scope for negotiability. The change of control provisions in the standard contract will require Partnerships in Care to notify each relevant NHS commissioner of our acquisition of Partnerships in Care following completion of the Acquisition. Failure to provide such notification is considered an event of default that permits the relevant NHS commissioner to terminate the agreement.

Partnerships in Care is reimbursed on a per diem rate based on the level of care provided. In addition to daily bed fees, the company can earn incentive revenue based on various metrics set by NHS under the Commissioning for Quality and Innovation (CQUIN) scheme. Under CQUIN, the company may earn up to an additional 2.5% of revenue, subject to achieving specified performance targets, for relevant patients.

## **Legal Proceedings**

Partnerships in Care is, from time to time, subject to various claims and legal actions that arise in the ordinary course of its business, including claims for damages for personal injuries, medical malpractice, breach of contract, tort and employment related claims. In these actions, plaintiffs request a variety of damages, including, in some instances, punitive and other types of damages that may not be covered by insurance. In the opinion of Partnerships in Care's management, it is not currently a party to any proceeding that would have a material adverse impact on its business, financial condition or results of operations, and we do not believe any such proceedings would have a material adverse impact on our business, financial condition or results of operations upon completion of the Acquisition.

## **Regulatory Overview**

### ***Laws and Regulations***

The regulatory environment applicable to facilities in the United Kingdom is complex and multifaceted. The regulatory regime is made up of multiple statutes, regulations and minimum standards that are subject to continuous change. The laws and regulations applicable to the United Kingdom facilities include, without limitation, the Mental Capacity Act of 2005, Safeguarding Vulnerable Groups Act of 2006, Mental Health Act of 2007, Health and Social Care Act of 2008 and Corporate Manslaughter and Corporate Homicide Act of 2008. These laws and regulations are predominantly protective in nature and share the same general underlying purpose to protect vulnerable persons from

exploitation or harm.

*Mental Capacity Act of 2005.* The Mental Capacity Act of 2005 establishes the process for determining whether a person lacks mental capacity at a particular time and also sets out who can take decisions in those circumstances and how they should go about this. The Act sets out when liability may arise for actions in connection with the care or treatment of persons who lack capacity to consent to such actions.

*Safeguarding Vulnerable Groups Act of 2006.* The Safeguarding Vulnerable Groups Act of 2006 created the Independent Safeguarding Authority ( ISA ). In December 2012, the ISA merged with the Criminal Records Bureau to form the Discharge and Barring Service ( DBS ) and is required to establish and maintain lists of persons barred from working with children and adults. It is a criminal offense for a barred person to seek to work, or work in, activities from which they are barred. It is also generally a criminal offence for an employer to allow a barred person, or person who is not appropriately registered, to work in any regulated activity.

## **Table of Contents**

*The Mental Health Act of 2007.* The Mental Health Act of 2007 regulates the manner in which an individual can be committed or detained against his or her will. The main purpose of the legislation is to ensure that people with serious mental disorders which threaten their health or safety or the safety of the public can be treated irrespective of their consent where it is necessary to prevent them from harming themselves or others. The Act places the burden on the entity detaining a person to prove that the entity has the right to hold the detainee. This places a substantial regulatory burden on service providers to ensure compliance with the law.

*The Health and Social Care Act of 2008.* The Health and Social Care Act of 2008 ( HSCA ) established the Care Quality Commission ( CQC ) as the registration and regulatory body for health and adult social care in England. Under the HSCA, service providers carrying out regulated activities must be registered with the CQC for each separate regulated activity provided. Where the service provider is a company, each regulated activity/location must also have an individual registered as the registered manager. Registration depends both on an assessment of the fitness of the registered provider and also the individual registered manager. Regulated activities include the provision of residential accommodation together with nursing or personal care and the provision of treatment for a disease, disorder or injury by or under the supervision of a social worker or a multidisciplinary team which includes a social worker where the treatment is for a mental disorder.

The regulated activities regulations and the registration regulations issued pursuant to the HSCA place legally binding obligations on health and social care providers. Breach of certain provisions of the HSCA or the regulations is a criminal offense. In addition, a breach may lead to the CQC taking action to suspend, cancel or vary the conditions of registration of a service provider or impose a substantial fine.

Inspections by regulators in the United Kingdom can, as a matter of regulation, be carried out on both an announced and an unannounced basis depending on the specific regulatory provisions relating to the different services provided and also depending upon whether the inspection is routine or as a result of specific information regarding the service that has been provided to the regulator. Generally, however, a majority of inspections tend to be unannounced. A failure to comply with laws and regulations, the receipt of a poor inspection report rating or a lower rating, or the receipt of a negative report that leads to a determination of regulatory non-compliance or a failure to cure any defect noted in an inspection report may result in reputational damage, fines, the revocation or suspension of the registration of any facility or a decrease in, or cessation of, the services provided at any given location.

*Corporate Manslaughter and Corporate Homicide Act of 2007.* The Corporate Manslaughter and Corporate Homicide Act of 2007 provides liability if the way in which a provider's activities are managed or organized causes a person's death and amounts to a gross breach of a relevant duty of care owed to the deceased person.

## ***Regulatory and Enforcement Bodies***

The primary healthcare regulatory enforcement bodies in the United Kingdom are Monitor, the CQC, HIW and HIS. These enforcement bodies control and administer the registration, inspection and complaints procedures set out under the applicable laws and regulations. The enforcement bodies have the power to terminate a facility's registration, refuse to register a facility, impose admissions holds, or impose significant fines if a service provider fails to meet the key minimum standards and requirements prescribed under the various laws and regulations. See Risk Factors Our facilities acquired from Partnerships in Care operate in a highly regulated business environment, which is subject to political and regulatory scrutiny. Failure to comply with regulations or the introduction of new regulations or standards with which Partnerships in Care does not comply could lead to substantial penalties, including the loss of registration on one or more of our facilities.

*Monitor.* Monitor is the sector regulator for healthcare, tasked with regulating all providers of nonexempt NHS funded services in England. Monitor is the general economic regulator and competition regulator. It fulfils this role through licensing health care providers and, together with NHS England, setting the national price tariff for NHS services. Monitor's role includes regulating clinical commissioning groups, community services and secondary care services, protecting and promoting patients' interests, tackling abuses and dealing with unjustifiable restrictions on competition. Monitor must exercise its functions with a view to preventing anticompetitive behavior in the provision of health care services.

*The CQC.* The CQC is the independent regulator for health and adult social care in England. The CQC is distinct from Monitor in that it focuses on quality and to ensure the maintenance of standards in health and social care practices. The CQC licenses NHS and adult social care service providers to enable it to keep a check on safety and quality levels. Inspections will also be carried out by the CQC.

## **Table of Contents**

*HIW.* HIW is the independent inspectorate and regulator of all health care in Wales. Certain independent healthcare services are required to register with HIW. HIW also inspects NHS and independent healthcare organizations in Wales to ensure compliance with its and NHS standards, policies, guidance and regulations. As related to the mental health industry, the HIW Review Service for Mental Health monitors the use of the Mental Health Act 1983 to ensure that it is being used properly on behalf of Welsh Ministers.

*HIS.* HIS is the independent regulator for healthcare services in Scotland. HIS inspects healthcare providers in Scotland to ensure compliance with its standards, policies, guidance and regulations.

## **Competition**

The mental health services sector in the United Kingdom comprises hospitals or establishments that provide psychiatric treatment for illness or mental disorder at all security and treatment levels. Currently, NHS accounts for 70% of the total mental health hospital beds providing care in the United Kingdom, with independent providers such as Partnerships in Care accounting for the remaining 30% of beds.

### ***Mental Health Market***

There are approximately 9,900 independent sector beds in the mental health sector, which includes secure, acute, step-down and acquire brain injury rehabilitation facilities. The independent mental health market is dominated by five key players in an otherwise fragmented market. In 2011, following a business combination, Priory became the market leader in the sector with a 20% market share. Partnerships in Care was the second largest provider of mental health services, representing 16% of the independent mental health hospital sector. St. Andrew's Healthcare, the largest not-for-profit provider of mental health care, captured 15% of the market, with Cygnet Health Care and Four Seasons Health Care each holding approximately 7% market share. Partnerships in Care's position reflects significantly lower penetration of the rehabilitation and acute care sectors.

### ***Secure Mental Health Market***

In 2013, Partnerships in Care was the independent sector market leader in secure treatment with 25% of the market. Partnerships in Care maintains 1,008 beds in 16 mental health hospitals with a medium or low secure primary patient type. Since 2005, Partnerships in Care has focused on expanding into the low secure sector, with capacity for low secure beds increasing from 84 beds in 2005 to 410 beds in May 2014 and capacity for medium secure beds decreasing from 544 beds to 448 beds during the same timeframe. St. Andrew's Healthcare and Priory Group are the second and third-largest providers, respectively, of secure mental health services with 863 beds and 404 beds, respectively.

## **Management Team**

Partnerships in Care has an experienced management team with demonstrated ability to improve financial performance, optimize operations, enhance patient care and deliver value to patients and their families. The company's Chief Executive Officer, Joy Chamberlain, joined the company in 1998 and, after holding several management positions, was promoted to Chief Executive Officer in 2012. Dr. Quazi Haque, Partnerships in Care's Group Medical Officer, joined the company in 2012 following a fellowship with the Royal College of Psychiatrists and holding senior clinical, operational and leadership roles for the NHS and in the independent behavioral health sector. Steven Woolgar has been Partnerships in Care's Director of Policy and Regulation since 2006, with 27 years of experience in the company's hospitals, and oversees policy and regulatory developments to ensure Partnerships in Care manages and delivers best practices in patient care.

**Employees**

As of June 30, 2014, Partnerships in Care had approximately 4,301 employees. Of these employees, 829 are registered on-call supply staff, 952 are non-clinical managerial, clerical or administrative staff and 2,520 are clinical staff. Approximately 794 of the Partnerships in Care employees are represented by labor unions. The Royal College of Nursing is the trade union for all full and part-time nurses, nursing cadets and healthcare assistants employed by Partnerships in Care. Our relationships with unions will be important to future employee relations and the success of our business.

**Table of Contents**

**Pension Plans and Benefit Plans**

Partnerships in Care is the sponsor of a defined benefit pension plan that, as of December 31, 2013, covered approximately 187 members in the United Kingdom, most of whom are inactive and retired former employees. As of December 31, 2013, the net deficit recognized under U.K. GAAP in respect of this scheme was £4.9 million. As part of the Acquisition, we assumed Partnerships in Care's existing pension plans and a defined contribution plan and are responsible for the relevant pension liabilities. Maintenance of these plans following the Acquisition may result in additional expenses. Termination of these plans could have an adverse impact on employee relations.

**EXCHANGE OFFER**

**Purpose of the Exchange Offer**

The Exchange Offer is designed to provide holders of Outstanding Notes with an opportunity to acquire Exchange Notes which, unlike the Outstanding Notes, will be freely transferable at all times, subject to any restrictions on transfer imposed by state blue sky laws and provided that the holder is not our affiliate within the meaning of the Securities Act and represents that the Exchange Notes are being acquired in the ordinary course of the holder's business and the holder is not engaged in, and does not intend to engage in, a distribution of the Exchange Notes.

The Outstanding Notes were originally issued and sold on July 1, 2014, to the Initial Purchasers pursuant to the Purchase Agreement. The Outstanding Notes were issued and sold in a transaction not registered under the Securities Act in reliance upon the exemption provided by Section 4(2) of the Securities Act. The concurrent resale of the Outstanding Notes by the Initial Purchasers to investors was done in reliance upon the exemptions provided by Rule 144A and Regulation S promulgated under the Securities Act. The Outstanding Notes may not be reoffered, resold or transferred other than (i) to us or our subsidiaries, (ii) to a qualified institutional buyer in compliance with Rule 144A promulgated under the Securities Act, (iii) outside the United States to a non-U.S. person within the meaning of Regulation S under the Securities Act, (iv) to an institutional accredited investor within the meaning of Rule 501 under the Securities Act that is acquiring the Outstanding Notes for investment purposes and not with a view to, or for offer or sale in connection with, any distribution in violation of the Securities Act, (v) pursuant to another available exemption from the registration requirements of the Securities Act or (vi) pursuant to an effective registration statement under the Securities Act.

In connection with the original issuance and sale of the Outstanding Notes, we entered into the Registration Rights Agreement, pursuant to which we agreed to file with the SEC a registration statement covering the exchange by us of the Exchange Notes for the Outstanding Notes, pursuant to the Exchange Offer. The Registration Rights Agreement provides that we will file with the SEC an Exchange Offer registration statement on an appropriate form under the Securities Act and offer to holders of Outstanding Notes who are able to make certain representations, the opportunity to exchange their Outstanding Notes for Exchange Notes. Under some circumstances, holders of the Outstanding Notes, including holders who are not permitted to participate in the Exchange Offer, may require us to file, and to cause to become effective, a shelf registration statement covering resales of Outstanding Notes by these holders.

Under existing interpretations by the staff of the SEC as set forth in no-action letters issued to third parties in other transactions, the Exchange Notes would, in general, be freely transferable after the Exchange Offer without further registration under the Securities Act; provided, however, that in the case of broker-dealers participating in the Exchange Offer, a prospectus meeting the requirements of the Securities Act must be delivered by such broker-dealers in connection with resales of the Exchange Notes. We have agreed to furnish a prospectus meeting the requirements of the Securities Act to any such broker-dealer for use in connection with any resale of any Exchange Notes acquired in the Exchange Offer. A broker-dealer that delivers such a prospectus to purchasers in connection with such resales will be subject to certain of the civil liability provisions under the Securities Act and will be bound by the provisions of the Registration Rights Agreement (including certain indemnification rights and obligations).

We do not intend to seek our own interpretation regarding the Exchange Offer, and we cannot assure you that the staff of the SEC would make a similar determination with respect to the Exchange Notes as it has in other interpretations to third parties.

Each holder of Outstanding Notes that exchanges such Outstanding Notes for Exchange Notes in the Exchange Offer will be deemed to have made certain representations, including representations that (i) any Exchange Notes to be

received by it will be acquired in the ordinary course of its business, (ii) it has no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of Exchange Notes and (iii) it is not our affiliate as defined in Rule 405 under the Securities Act, or if it is an affiliate, it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable.

If the holder is not a broker-dealer, it will be required to represent that it is not engaged in, and does not intend to engage in, the distribution of Outstanding Notes or Exchange Notes. If the holder is a broker-dealer that will receive Exchange Notes for its own account in exchange for Outstanding Notes that were acquired as a result of market-making activities or other trading activities, it will be required to acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes.

Holders who tender Outstanding Notes in the Exchange Offer will not be required to pay brokerage commissions or fees or transfer taxes with respect to the exchange of Outstanding Notes pursuant to the Exchange Offer. We will pay

The term expiration date will mean 5:00 p.m., New York City time, on [\_\_\_\_\_], 2014, unless we, in our sole discretion, extend the Exchange Offer, in which case the term expiration date will mean the latest date and time to which the Exchange Offer is extended.

### **Table of Contents**

To extend the Exchange Offer, prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date, we will:

(1) notify the exchange agent of any extension by oral notice (promptly confirmed in writing) or written notice, and

We reserve the right, in our sole discretion:

Such decision will also be communicated in a press release or other public announcement prior to 9:00 a.m., New York City time, on the next business day following such decision. ### **Interest on the Exchange Notes**

No interest will be paid on either the Exchange Notes or the Outstanding Notes at the time of the exchange. The Exchange Notes will accrue interest from and including the last interest payment date on which interest has been paid on the Outstanding Notes. Accordingly, the holders of Outstanding Notes that are accepted for exchange will not receive accrued but unpaid interest on such Outstanding Notes at the time of tender. Rather, that interest will be payable on the Exchange Notes delivered in exchange for the Outstanding Notes on the first interest payment date after the expiration date of the Exchange Offer.

The tender by a holder and our acceptance thereof will constitute an agreement between the holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal or agent's message.

**The method of delivery of Outstanding Notes and the letter of transmittal or agent's message and all other required documents to the exchange agent is at the election and sole risk of the holder. As an alternative to delivery by mail, holders may wish to consider overnight or hand delivery service. In all cases, sufficient time should be allowed to assure delivery to the exchange agent before the expiration date. No letter of transmittal or Outstanding Notes should be sent to us. Holders may request their respective brokers, dealers, commercial banks, trust companies or nominees to effect the above transactions for them.**

Any beneficial owner whose Outstanding Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct the registered holder to tender on the beneficial owner's behalf. See "Instructions to Letter of Transmittal" included with the letter of transmittal accompanying this prospectus.

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc., a commercial bank or trust company having an office or correspondent in the United States or by an "eligible guarantor institution" within the meaning of Rule 17Ad-15 promulgated under the Exchange Act (banks; brokers and dealers; credit unions; national securities exchanges; registered securities associations; learning agencies; and savings associations) (each an "Eligible Guarantor Institution") unless the Outstanding Notes tendered pursuant to the letter of transmittal are tendered (1) by a registered holder who has not completed the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the letter of transmittal or (2) for the account of an Eligible Guarantor Institution. In the event that signatures on a letter of transmittal or a notice of withdrawal, as the case may be, are

required to be guaranteed, the guarantee must be by an Eligible Guarantor Institution.

If the letter of transmittal is signed by a person other than the registered holder of any Outstanding Notes listed in this prospectus, the Outstanding Notes must be endorsed or accompanied by a properly completed bond power, signed by the registered holder as the registered holder's name appears on the Outstanding Notes with the signature thereon guaranteed by an Eligible Guarantor Institution.

If the letter of transmittal or any bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, the person signing should so indicate when signing, and evidence satisfactory to us of its authority to so act must be submitted with the letter of transmittal.

All questions as to the validity, form, eligibility, including time of receipt, acceptance of tendered Outstanding Notes and withdrawal of tendered Outstanding Notes will be determined by us in our sole discretion, which determination will be final and binding. We reserve the absolute right to reject any and all Outstanding Notes not properly tendered or any Outstanding Notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right in our sole discretion to waive any defects, irregularities or conditions of tender as to particular Outstanding Notes, provided however that, to the extent such waiver includes any condition to tender, we will waive such condition as to all tendering holders. Our interpretation of the terms and conditions of the Exchange Offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Outstanding Notes must be cured within the time we determine and in any case, before the expiration date. Although we intend to notify holders of defects or irregularities with respect to tenders of Outstanding Notes, neither we, the exchange agent nor any other person will incur any liability for failure to give the notification. Tendere of Outstanding Notes will not be deemed to have been made until the defects or irregularities have been cured or waived. Any Outstanding Notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the exchange agent to the tendering holders, unless otherwise provided in the letter of transmittal, promptly following the expiration date.

We understand that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the Outstanding Notes at DTC for the purpose of facilitating the Exchange Offer, and subject to the establishment thereof, any financial institution that is a participant in DTC's system may make book-entry delivery of Outstanding Notes by causing DTC to transfer the Outstanding Notes into the exchange agent's account with respect to the Outstanding Notes in accordance with DTC's procedures for the transfer. Although delivery of the Outstanding Notes may be effected through book-entry transfer into the exchange agent's account at DTC, unless an agent's message is received by the exchange agent in compliance with ATOP, or an appropriate letter of transmittal properly completed and duly executed, or a facsimile thereof, with any required signature guarantee and all other required documents, must in each case be transmitted to and received or confirmed by the exchange agent at its address set forth below under "Exchange Agent" on or prior to 5:00 p.m., New York City time, on the expiration date or the guaranteed delivery procedures described below must be complied with. Delivery of documents to DTC does not constitute delivery to the exchange agent.

**Guaranteed Delivery Procedures**

If a registered holder of the Outstanding Notes desires to tender Outstanding Notes and the Outstanding Notes are not immediately available, or time will not permit that holder's Outstanding Notes or other required documents to reach the exchange agent prior to 5:00 p.m., New York City time, on the expiration date, or the procedure for book-entry transfer cannot be completed on a timely basis, a tender may be effected if:

- (1) the tender is made through an Eligible Guarantor Institution;
- (2) prior to 5:00 pm, New York City time, on the expiration date, the exchange agent receives from that Eligible Guarantor Institution a properly completed and duly executed notice of guaranteed delivery, substantially in the form provided by us, by fax transmission, mail or hand delivery, setting forth the name and address of the holder of Outstanding Notes and the amount of the Outstanding Notes tendered and stating that the tender is being made by guaranteed delivery, with a guarantee that within three New York Stock Exchange trading days after the expiration date, the certificates representing the Outstanding Notes in proper form for

transfer or a book-entry confirmation and any other documents required by the letter of transmittal will be deposited by the Eligible Guarantor Institution with the exchange agent; and

- (3) the exchange agent receives the properly completed and executed letter of transmittal as well as certificates representing all tendered Outstanding Notes in proper form for transfer, or a book-entry confirmation, and all other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

**Withdrawal of Tenders**

Except as otherwise provided in this prospectus, tenders of Outstanding Notes may be withdrawn at any time prior to the expiration date.

### **Table of Contents**

To withdraw a tender of Outstanding Notes in the Exchange Offer, either a notice of withdrawal must be received by the exchange agent at its address set forth in this prospectus or you must comply with the appropriate withdrawal procedures of DTC's ATOP. Any notice of withdrawal must be in writing and:

- (1) specify the name of the person having deposited the Outstanding Notes to be withdrawn;
- (2) identify the Outstanding Notes to be withdrawn, including the certificate number(s) and principal amount of the Outstanding Notes, or, in the case of Outstanding Notes transferred by book-entry transfer, the name and number of the account at DTC to be credited;
- (3) be signed by the holder in the same manner as the original signature on the letter of transmittal by which the Outstanding Notes were tendered, including any required signature guarantees, or be accompanied by documents of transfer sufficient to have the trustee with respect to the Outstanding Notes register the transfer of the Outstanding Notes into the name of the person withdrawing the tender; and
- (4) specify the name in which any Outstanding Notes are to be registered, if different from that of the person depositing the Outstanding Notes to be withdrawn.

All questions as to the validity, form and eligibility, including time of receipt, of withdrawal notices will be determined by us in our sole discretion, which determination will be final and binding on all parties. Any Outstanding Notes so withdrawn will be deemed not to have been validly tendered for purposes of the Exchange Offer and no Exchange Notes will be issued with respect thereto unless the Outstanding Notes so withdrawn are validly retendered. Any Outstanding Notes which have been tendered but which are not accepted for exchange will be returned to the holder thereof without cost to the holder promptly after withdrawal, rejection of tender or termination of the Exchange Offer. Properly withdrawn Outstanding Notes may be retendered by following one of the procedures described above under "Procedures for Tendering Outstanding Notes" at any time prior to the expiration date.

### **Representations**

To participate in the Exchange Offer, each holder will be required to make the following representations to us:

- (1) you or any other person acquiring Exchange Notes in exchange for your Outstanding Notes in the Exchange Offer is acquiring them in the ordinary course of business;
- (2) neither you nor any other person acquiring Exchange Notes in exchange for your Outstanding Notes in the Exchange Offer is engaging in or intends to engage in a distribution of the Exchange Notes within the meaning of the federal securities laws;
- (3) neither you nor any other person acquiring Exchange Notes in exchange for your Outstanding Notes has an arrangement or understanding with any person to participate in the distribution of Exchange Notes issued in

the Exchange Offer;

- (4) neither you nor any other person acquiring Exchange Notes in exchange for your Outstanding Notes is our affiliate as defined under Rule 405 of the Securities Act; and
- (5) if you or another person acquiring Exchange Notes in exchange for your Outstanding Notes is a broker-dealer and you acquired the Outstanding Notes as a result of market-making activities or other trading activities, you acknowledge that you will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the Exchange Notes.

Broker-dealers who cannot make the representations in item (5) of the paragraph above cannot use this Exchange Offer prospectus in connection with resales of the Exchange Notes issued in the Exchange Offer.

## **Table of Contents**

If you are our affiliate, as defined under Rule 405 of the Securities Act, if you are a broker-dealer who acquired your Outstanding Notes in the initial offering and not as a result of market-making activities or other trading activities, or if you are engaged in, or intend to engage in, or have an arrangement or understanding with any person to participate in a distribution of Exchange Notes acquired in the Exchange Offer, you or that person:

- (1) may not rely on the applicable interpretations of the staff of the SEC and therefore may not participate in the Exchange Offer; and
- (2) must comply with the registration and prospectus delivery requirements of the Securities Act or an exemption therefrom when reselling the Outstanding Notes.

The tender by a holder and our acceptance thereof will constitute an agreement between the holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal or agent's message.

## **Conditions to the Exchange Offer**

Notwithstanding any other provision of the Exchange Offer, or any extension of the Exchange Offer, we will not be required to accept for exchange, or to issue Exchange Notes in exchange for, any Outstanding Notes and may terminate the Exchange Offer (whether or not any Outstanding Notes have been accepted for exchange) or amend the Exchange Offer, if any of the following conditions has occurred or exists or has not been satisfied, or has not been waived by us in our reasonable discretion, prior to the expiration date:

there is threatened, instituted or pending any action or proceeding before, or any injunction, order or decree issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission:

- (1) seeking to restrain or prohibit the making or completion of the Exchange Offer or any other transaction contemplated by the Exchange Offer, or assessing or seeking any damages as a result of this transaction; or
- (2) resulting in a material delay in our ability to accept for exchange or exchange some or all of the Outstanding Notes in the Exchange Offer; or
- (3) any statute, rule, regulation, order or injunction has been sought, proposed, introduced, enacted, promulgated or deemed applicable to the Exchange Offer or any of the transactions contemplated by the Exchange Offer by any governmental authority, domestic or foreign; or

any action has been taken, proposed or threatened, by any governmental authority, domestic or foreign, that, in our sole reasonable judgment, would directly or indirectly result in any of the consequences referred to in

clauses (1), (2) or (3) above or, in our reasonable judgment, would result in the holders of Exchange Notes having obligations with respect to resales and transfers of Exchange Notes which are greater than those described in the interpretation of the SEC referred to above, or would otherwise make it inadvisable to proceed with the Exchange Offer; or the following has occurred:

- (1) any general suspension of or general limitation on prices for, or trading in, securities on any national securities exchange or in the over-the-counter market; or
- (2) any limitation by a governmental authority which adversely affects our ability to complete the transactions contemplated by the Exchange Offer; or
- (3) a declaration of a banking moratorium or any suspension of payments in respect of banks in the United States or any limitation by any governmental agency or authority which adversely affects the extension of credit; or
- (4) a commencement of a war, armed hostilities or other similar international calamity directly or indirectly involving the United States, or, in the case of any of the preceding events existing at the time of the commencement of the Exchange Offer, a material acceleration or worsening of these calamities; or

**Table of Contents**

any change, or any development involving a prospective change, has occurred or been threatened in our business, financial condition, operations or prospects and those of our subsidiaries taken as a whole that is or may be adverse to us, or we have become aware of facts that have or may have an adverse impact on the value of the Outstanding Notes or the Exchange Notes, which in our sole reasonable judgment in any case makes it inadvisable to proceed with the Exchange Offer and/or with such acceptance for exchange or with such exchange; or

there shall occur a change in the current interpretation by the staff of the SEC which permits the Exchange Notes issued pursuant to the Exchange Offer in exchange for Outstanding Notes to be offered for resale, resold and otherwise transferred by holders thereof (other than broker-dealers and any such holder which is our affiliate within the meaning of Rule 405 promulgated under the Securities Act) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such Exchange Notes are acquired in the ordinary course of such holders' business and such holders have no arrangement or understanding with any person to participate in the distribution of such Exchange Notes; or

any law, statute, rule or regulation shall have been adopted or enacted which, in our reasonable judgment, would impair our ability to proceed with the Exchange Offer; or

a stop order shall have been issued by the SEC or any state securities authority suspending the effectiveness of the registration statement, or proceedings shall have been initiated or, to our knowledge, threatened for that purpose, or any governmental approval has not been obtained, which approval we shall, in our sole reasonable discretion, deem necessary for the consummation of the Exchange Offer as contemplated hereby; or

we have received an opinion of counsel experienced in such matters to the effect that there exists any actual or threatened legal impediment (including a default or prospective default under an agreement, indenture or other instrument or obligation to which we are a party or by which we are bound) to the consummation of the transactions contemplated by the Exchange Offer.

If we determine in our reasonable discretion that any of the foregoing events or conditions has occurred or exists or has not been satisfied, we may, subject to applicable law, terminate the Exchange Offer (whether or not any Outstanding Notes have been accepted for exchange) or may waive any such condition or otherwise amend the terms of the Exchange Offer in any respect. If such waiver or amendment constitutes a material change to the Exchange Offer, we will promptly disclose such waiver or amendment by means of a prospectus supplement that will be distributed to the registered holders of the Outstanding Notes and will extend the Exchange Offer to the extent required by Rule 14e-1 promulgated under the Exchange Act.

These conditions are for our sole benefit and we may assert them regardless of the circumstances giving rise to any of these conditions, or we may waive them, in whole or in part, in our reasonable discretion, provided that we will not waive any condition with respect to an individual holder of Outstanding Notes unless we waive that condition for all such holders. Any reasonable determination made by us concerning an event, development or circumstance described or referred to above will be final and binding on all parties. Our failure at any time to exercise any of the foregoing rights will not be a waiver of our rights and each such right will be deemed an ongoing right which may be asserted at any time before the expiration of the Exchange Offer.

**Accounting Treatment**

The Exchange Notes will be recorded at the same carrying value as the existing Outstanding Notes, as reflected in our accounting records on the date of exchange. Accordingly, we will recognize no gain or loss for accounting purposes. The expenses of the Exchange Offer will be capitalized and expensed over the term of the Exchange Notes.

**Table of Contents**

**Transfer Taxes**

If you tender Outstanding Notes for exchange you will not be obligated to pay any transfer taxes. However, if you instruct us to register Exchange Notes in the name of, or request that your Outstanding Notes not tendered or not accepted in the Exchange Offer be returned to, a person other than the registered tendering holder, you will be responsible for paying any transfer tax owed.

We have appointed U.S. Bank National Association as the exchange agent for the Exchange Offer. You should direct questions or requests for assistance with respect to the Exchange Offer procedures and requests for additional copies of this prospectus and the letter of transmittal to the exchange agent addressed as follows:

**Fees and Expenses**

We will pay the exchange agent customary fees for its services, reimburse the exchange agent for its reasonable out-of-pocket expenses incurred in connection with the provisions of these services and pay other registration expenses, including registration and filing fees, fees and expenses of compliance with federal securities and state blue sky securities laws, printing expenses, messenger and delivery services and telephone, fees and disbursements to our counsel, application and filing fees and any fees and disbursements to our independent certified public accountants.

We will not make any payment to brokers, dealers, or others soliciting acceptances of the Exchange Offer except for reimbursement of mailing expenses.

**You May Suffer Adverse Consequences if you Fail to Exchange Outstanding Notes**

If you do not tender your Outstanding Notes, you will not have any further registration rights, except for the rights described in the Registration Rights Agreement and described above. Your Outstanding Notes will continue to be subject to the provisions of the indenture governing the notes regarding transfer and exchange of the Outstanding Notes and the restrictions on transfer of the Outstanding Notes imposed by the Securities Act and states securities law when we complete the Exchange Offer. These transfer restrictions are required because the Outstanding Notes were issued under an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, if you do not tender your Outstanding Notes in the Exchange Offer, your ability to sell your Outstanding Notes could be adversely affected. Once we have completed the Exchange Offer, holders who have not tendered Outstanding Notes will not continue to be entitled to any increase in interest rate that the Registration Rights Agreement provides for if we do not complete the Exchange Offer.

**Table of Contents**

**Consequences of Failure to Exchange**

The Outstanding Notes that are not exchanged for Exchange Notes pursuant to the Exchange Offer will remain restricted securities. Accordingly, the Outstanding Notes may be resold only:

- (1) to us upon redemption thereof or otherwise;
- (2) so long as the outstanding securities are eligible for resale pursuant to Rule 144A, to a person inside the United States who is a qualified institutional buyer within the meaning of Rule 144A under the Securities Act in a transaction meeting the requirements of Rule 144A, in accordance with Rule 144 under the Securities Act;
- (3) outside the United States to a non-U.S. person in a transaction meeting the requirements of Rule 904 under the Securities Act; or
- (4) to an institutional accredited investor within the meaning of Rule 501 under the Securities Act that is acquiring the Outstanding Notes for investment purposes and not with a view to, or for offer or sale in connection with, any distribution in violation of the Securities Act;
- (5) pursuant to another exemption from the registration requirements of the Securities Act, which other exemption is based upon an opinion of counsel reasonably acceptable to us; or
- (6) pursuant to an effective registration statement under the Securities Act, in each case in accordance with any applicable securities laws of any state of the United States.

The Outstanding Notes properly tendered and exchanged for Exchange Notes will be retired and cancelled. Accordingly, no additional debt will result from the exchange. We have agreed to bear the expense of the Exchange Offer.

**UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL INFORMATION**

The tables below set forth the unaudited pro forma condensed combined financial data for Acadia giving effect to our acquisition of Partnerships in Care on July 1, 2014 and the sale of the Outstanding Notes.

With respect to the offering of the Outstanding Notes, the unaudited pro forma condensed combined financial data is based on Acadia's issuance of \$300,000,000 of notes and borrowing of \$125,000,000 on its existing revolving line of credit.

The unaudited pro forma condensed combined balance sheet as of June 30, 2014 reflects the effect of our acquisition of Partnerships in Care as if it occurred on June 30, 2014.

The unaudited pro forma condensed combined statements of operations give effect to each transaction as if it occurred on January 1, 2013.

The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2013 combines the audited consolidated statement of operations of Acadia for that period, the unaudited consolidated statement of operations for Acadia's completed acquisitions, and the audited consolidated statement of operations of Partnerships in Care for the period from January 1, 2013 to December 31, 2013.

The unaudited pro forma condensed combined statement of operations for the six months ended June 30, 2014 combines the unaudited consolidated statement of operations of Acadia for that period with the unaudited consolidated statement of operations of Partnerships in Care for the period from January 1, 2014 to June 30, 2014.

The unaudited pro forma condensed combined financial data has been prepared using the acquisition method of accounting for business combinations under GAAP. The adjustments necessary to fairly present the unaudited pro forma condensed combined financial data have been made based on available information and in the opinion of management are reasonable. Assumptions underlying the pro forma adjustments are described in the accompanying notes, which should be read in conjunction with this unaudited pro forma condensed combined financial data. The pro forma adjustments related to the acquisition of Partnerships in Care are preliminary and revisions to the fair value of assets acquired and liabilities assumed may have a significant impact on the pro forma adjustments. A final valuation of assets acquired and liabilities assumed has not been completed and the completion of fair value determinations may result in changes in the values assigned to property and equipment and other assets (including intangibles) acquired and liabilities assumed.

The unaudited pro forma condensed combined financial data is for illustrative purposes only and does not purport to represent what our financial position or results of operations actually would have been had the events noted above in fact occurred on the assumed dates or to project our financial position or results of operations for any future date or future period.

The unaudited pro forma condensed combined financial data should be read in conjunction with the consolidated financial statements and notes thereto of Acadia and Partnerships in Care incorporated by reference in this prospectus.

- (3) The amounts in this column represent pro forma adjustments for Acadia's completed acquisitions of two facilities from United Medical Corporation and Cascade Behavioral Hospital (neither acquisition was individually material), actual results for the periods presented, up to the acquisition dates.
- (4) Reflects adjustments to reconcile U.K. GAAP to U.S. GAAP including (i) a property and equipment impairment charge and related depreciation expense adjustment, which would not have been recorded under U.S. GAAP; (ii) amortization of an interest rate swap, which would not have been recorded under U.S. GAAP; (iii) a share-based payment charge, which would not have been recorded under U.S. GAAP; and (iv) the tax impact of the previous adjustments.
- (5) Represents the portion of cash not acquired as part of the acquisition.
- (6) Reflects elimination of equity accounts of Partnerships in Care.

**Table of Contents**

- (7) Represents adjustments based on preliminary estimates of fair value and the adjustment to goodwill derived from the difference in the estimated total consideration to be transferred by Acadia and the estimated fair value of assets acquired and liabilities assumed by Acadia, calculated as follows:

Estimated cash consideration	\$ 689,239
Cash and cash equivalents	11,987
Accounts receivable	7,632
Other current assets	6,290
Property and equipment	626,686
Intangible assets	3,000

Other long-term liabilities	(6,171)
<b>Fair value of assets acquired and liabilities assumed</b>	<b>\$ 606,962</b>
Estimated goodwill	\$ 82,277

The acquired assets and liabilities will be recorded at their relative fair values as of the closing date of the acquisition. Estimated goodwill is based upon a determination of the fair value of assets acquired and liabilities assumed that is preliminary and subject to revision as the value of total consideration is finalized and additional information related to the fair value of property and equipment and other assets (including intangible assets) acquired and liabilities assumed becomes available. The actual determination of the fair value of assets acquired and liabilities assumed will differ from that assumed in these unaudited pro forma condensed combined financial statements and such differences may be material. Qualitative factors comprising goodwill include efficiencies derived through synergies expected by coordination of services provided across the combined network of facilities, achievement of operating efficiencies by benchmarking performance and applying best practices throughout the combined company.

**DESCRIPTION OF OTHER INDEBTEDNESS**

**Amended and Restated Senior Credit Facility**

The Company entered into a Senior Secured Credit Facility (the Senior Secured Credit Facility), administered by Bank of America, N.A., on April 1, 2011. The Senior Secured Credit Facility initially included \$135.0 million of term loans and a revolving line of credit of \$30.0 million.

On March 1, 2012, we amended our Senior Secured Credit Facility to provide an incremental \$25.0 million of term loans and increase our revolving line of credit by \$45.0 million, from \$30.0 million to \$75.0 million. We used the incremental term loans of \$25.0 million and a \$5.0 million borrowing under the revolving line of credit to partially fund the acquisition of the Haven Facilities on March 1, 2012.

On December 31, 2012, we entered into the Amended and Restated Credit Agreement, which amended and restated the Senior Secured Credit Facility, to provide a revolving line of credit of \$100.0 million and term loans of \$300.0 million, which resulted in debt proceeds of \$151.1 million. We used the \$151.1 million of term loan proceeds partially to fund the acquisition of BCA and AmiCare on December 31, 2012.

On March 11, 2013, we entered into a Consent and First Amendment to the Amended and Restated Credit Agreement (the First Amendment). The First Amendment modified the definition of Consolidated EBITDA to permit the add-back for financial covenant purposes of certain fees and expenses related to the partial redemption of our 12.875% Senior Notes on March 12, 2013. In addition, the First Amendment amended the definitions of Consolidated Leverage Ratio and Consolidated Senior Leverage Ratio to permit us to test indebtedness on a basis net of cash and cash equivalents on hand for financial covenant purposes.

On June 28, 2013, we entered into a Second Amendment to the Amended and Restated Credit Agreement (the Second Amendment). The Second Amendment modified certain of the restrictive covenants contained therein to permit us to increase the amount of miscellaneous investments we may make, as well as to permit us to incur increased amounts of purchase money indebtedness in order to finance certain long-term capital leases.

On September 30, 2013, we entered into a Third Amendment to the Amended and Restated Credit Agreement (the Third Amendment). The Third Amendment modified certain of the restrictive covenants contained therein to permit the incurrence by us of increased amounts of miscellaneous types of liens and indebtedness to facilitate our consummation of the acquisition of Lingleaf Hospital.

On February 13, 2014, we entered into the Fourth Amendment to the Amended and Restated Credit Agreement, to increase the size of our Amended and Restated Senior Credit Facility and extend the maturity date thereof, which resulted in our having a revolving line of credit of up to \$300.0 million and term loans of \$300.0 million. The Fourth Amendment also reduced the interest rates applicable to the Amended and Restated Senior Credit Facility and provided increased flexibility to us in terms of our financial and other restrictive covenants as described below. The Fourth Amendment resulted in a 0.50% decrease in the Applicable Rate for LIBOR Rate Loans (as defined in the Amended and Restated Senior Credit Facility) and a 0.10% decrease in the Unused Line Fee (as defined in the Amended and Restated Senior Credit Facility). We had \$299.6 million of availability under the revolving line of credit as of June 30, 2014, of which \$125.0 million was borrowed on July 1, 2014 in connection with the Partnerships in Care acquisition. Borrowings under the revolving line of credit are subject to customary conditions precedent to borrowing. The term loans require quarterly principal payments of \$1.9 million for March 31, 2014 to December 31, 2014, \$3.8 million for March 31, 2015 to December 31, 2015, \$5.6 million for March 31, 2016 to December 31, 2016, \$7.5 million for March 31, 2017 to December 31, 2017, and \$9.4 million for March 31, 2018 to December 31, 2018,

with the remaining principal balance due on the maturity date of February 13, 2019. The Fourth Amendment also provides for a \$150.0 million incremental credit facility, with the potential for unlimited additional incremental amounts, provided we meet certain financial ratios, in each case subject to customary conditions precedent to borrowing.

On June 16, 2014, we entered into the Fifth Amendment to the Amended and Restated Senior Credit Facility. The Fifth Amendment specifically permitted the Acquisition, gave us the ability to incur a tranche of term loan B debt in the future through our incremental credit facility, and modified certain of the restrictive covenants on miscellaneous investments and incurrence of miscellaneous liens. The restrictive covenants on investments in joint ventures and foreign subsidiaries were also amended such that we may now invest, in any given fiscal year, up to five percent (5%) of our total assets in both joint ventures and foreign subsidiaries, respectively; provided that the aggregate amount of investments in both joint ventures and foreign subsidiaries, respectively, may not exceed ten percent (10%) of our total assets over the life of the Amended and

Restated Senior Credit Facility; provided further that the aggregate amount of investments made in both joint ventures and foreign subsidiaries collectively pursuant to the foregoing may not exceed fifteen percent (15%) of our total assets. Finally, the Fifth Amendment provided increased flexibility to us in terms of our financial covenants, as described in the charts below.

As amended by the Fifth Amendment, the Amended and Restated Credit Agreement requires the Company and its subsidiaries to comply with customary affirmative, negative and financial covenants. A breach of any of the restrictions or covenants in our debt agreements could cause a cross-default under other debt agreements. We may be required to pay all of our indebtedness immediately if we default on any of the numerous financial or other restrictive covenants contained in any of our material debt agreements. Set forth below is a brief description of such covenants, all of which are subject to customary exceptions, materiality thresholds and qualifications:

- a) the affirmative covenants include the following: (i) delivery of financial statements and other customary financial information; (ii) notices of events of default and other material events; (iii) maintenance of existence, ability to conduct business, properties, insurance and books and records; (iv) payment of taxes; (v) lender inspection rights; (vi) compliance with laws; (vii) use of proceeds; (viii) further assurances; and (ix) additional collateral and guarantor requirements.

The interest rates and the unused line fee on unused commitments related to the Amended and Restated Senior Credit Facility are based upon the following pricing tiers:

<b>Pricing Tier</b>	<b>Consolidated Leverage Ratio</b>	<b>LIBOR Rate Loans</b>	<b>Base Rate Loans</b>	<b>Unused Line Fee</b>
1	<3.5:1.0	2.25%	1.25%	0.30%

Borrowings under the Amended and Restated Senior Credit Facility are guaranteed by each of our wholly-owned domestic subsidiaries (other than Park Royal and certain other excluded subsidiaries) and are secured by a lien on substantially all of the assets of the Company and such subsidiaries. Borrowings under the Amended and Restated Senior Credit Facility bear interest at a rate tied to Acadia's Consolidated Leverage Ratio (defined as consolidated funded debt net of up to \$20,000,000 of unrestricted and unencumbered cash to consolidated EBITDA, in each case as defined in the Amended and Restated Credit Agreement). The Applicable Rate (as defined in the Amended and Restated Credit Agreement) for borrowings under the Amended and Restated Senior Credit Facility was 2.75% for Eurodollar Rate Loans (as defined in the Amended and Restated Credit Agreement) and 1.75% for Base Rate Loans (as defined in the Amended and Restated Credit Agreement) at June 30, 2014. Eurodollar Rate Loans bear interest at the Applicable Rate plus the Eurodollar Rate (as defined in the Amended and Restated Credit Agreement) (based upon

the LIBOR Rate (as defined in the Amended and Restated Credit Agreement) prior to commencement of the interest rate period). Base Rate Loans bear interest at the Applicable Rate plus the highest of (i) the federal funds rate plus 0.50%, (ii) the prime rate and (iii) the Eurodollar Rate plus 1.0%. As of June 30, 2014, borrowings under the Senior Secured Credit Facility bore interest at a rate of LIBOR plus 2.75%. In addition, we are required to pay a commitment fee on undrawn amounts under the revolving line of credit. We paid a commitment fee of 0.50% for undrawn amounts for the period from January 1, 2013 through February 12, 2014 and 0.40% for undrawn amounts for the period from February 13, 2014 through June 30, 2014. The Amended and Restated Senior Credit Facility matures on February 13, 2019.

**12.875% Senior Notes due 2018**

On November 1, 2011, we issued \$150.0 million of 12.875% Senior Notes due 2018 at 98.323% of the aggregate principal amount of \$150.0 million, a discount of \$2.5 million. The notes bear interest at a rate of 12.875% per annum. We pay interest on the notes semi-annually, in arrears, on November 1 and May 1 of each year.

The indenture governing the 12.875% Senior Notes contains covenants that, among other things, limit our ability to: (i) incur or guarantee certain debt or issue certain preferred stock; (ii) pay dividends on our equity interests or redeem, repurchase or retire our equity interests or subordinated debt; (iii) transfer or sell assets; (iv) make certain investments; (v) incur certain liens; (vi) restrict our subsidiaries' ability to pay dividends or make other payments to the Company; (vii) engage in certain transactions with our affiliates; and (viii) merge or consolidate with other companies or transfer all or substantially all of our assets.

The 12.875% Senior Notes issued by the Company are guaranteed by each of the Company's subsidiaries that guarantee the Company's obligations under the Amended and Restated Senior Credit Facility. The guarantees are full and unconditional and joint and several and the Company, as the parent issuer of the 12.875% Senior Notes, has no independent assets or operations.

On March 12, 2013, we redeemed \$52.5 million in principal amount of the 12.875% Senior Notes using a portion of the net proceeds of our December 2012 equity offering pursuant to the provision in the indenture permitting an optional redemption with equity proceeds of up to 35% of the principal amount of 12.875% Senior Notes. The 12.875% Senior Notes were redeemed at a redemption price of 112.875% of the principal amount thereof plus accrued and unpaid interest to, but not including, the redemption date in accordance with the provisions of the indenture governing the 12.875% Senior Notes. As part of the redemption of 35% of the 12.875% Senior Notes, the Company recorded a debt extinguishment charge of \$9.4 million, including the premium and write-off of deferred financing costs, which was recorded in debt extinguishment costs in the consolidated statements of operations.

**6.125% Senior Notes due 2021**

On March 12, 2013, we issued \$150.0 million of 6.125% Senior Notes due 2021. The 6.125% Senior Notes mature on March 15, 2021 and bear interest at a rate of 6.125% per annum, payable semi-annually in arrears on March 15 and September 15 of each year, beginning on September 15, 2013.

The indenture governing the 6.125% Senior Notes contains covenants that, among other things, limit the our ability and the ability of its restricted subsidiaries to: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) engage in certain transactions with affiliates; (v) create restrictions on dividends or other payments by the restricted subsidiaries; (vi) merge, consolidate or sell substantially all of our assets; and (vii) create liens on assets.

The 6.125% Senior Notes issued by the Company are guaranteed by each of the Company's subsidiaries that guarantee the Company's obligations under the Amended and Restated Credit Facility. The guarantees are full and unconditional and joint and several and the Company, as the parent issuer of the 6.125% Senior Notes, has no independent assets or operations.

We may redeem the 6.125% Senior Notes at our option, in whole or part, at any time prior to March 15, 2016, at a price equal to 100% of the principal amount of the 6.125% Senior Notes redeemed, plus accrued and unpaid interest to the redemption date and plus an applicable premium. We may redeem the 6.125% Senior Notes, in whole or in part, on or after March 15, 2016, at the redemption prices set forth in the indenture governing the 6.125% Senior Notes plus

accrued and unpaid interest to the redemption date. At any time on or before March 15, 2016, we may elect to redeem up to 35% of the aggregate principal amount of the 6.125% Senior Notes at a redemption price equal to 106.125% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings.

**9.0% and 9.5% Revenue Bonds**

On November 11, 2012, in connection with the acquisition of Park Royal, we assumed debt of \$23.0 million. The fair market value of the debt assumed was \$25.6 million and resulted in a debt premium balance being recorded as of the acquisition date. The debt consisted of \$7.5 million and \$15.5 million of Lee County (Florida) Industrial Development Authority Healthcare Facilities Revenue Bonds, Series 2010 with stated interest rates of 9.0% and 9.5%, respectively. The 9.0% bonds in the amount of \$7.5 million have a maturity date of December 1, 2030 and require yearly principal payments

**Table of Contents**

beginning in 2013. The 9.5% bonds in the amount of \$15.5 million have a maturity date of December 1, 2040 and require yearly principal payments beginning in 2031. The principal payments establish a bond-sinking fund to be held with the trustee and shall be sufficient to redeem the principal amounts of the 9.0% and 9.5% Revenue Bonds on their respective maturity dates. As of June 30, 2014 and December 31, 2013, \$2.3 million was recorded within other assets on the balance sheet related to the debt service reserve fund requirements. The yearly principal payments, which establish a bond sinking fund, will increase the debt service reserve fund requirements. The bond premium amount of \$2.6 million has been amortized as a reduction of interest expense over the life of the 9.0% and 9.5% Revenue Bonds using the effective interest method.

**DESCRIPTION OF THE EXCHANGE NOTES**

Acadia Healthcare Company, Inc. (the Company) issued the Outstanding Notes under an indenture among the Company, U.S. Bank National Association, as trustee and the Guarantors. The Exchange Notes are to be issued under the same indenture pursuant to which the Outstanding Notes were issued. The terms of the Exchange Notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the TIA).

The Outstanding Notes were originally issued in an aggregate principal amount of \$300,000,000 in a private transaction not subject to registration requirements of the Securities Act of 1933, as amended. The form and terms of the Exchange Notes are the same as the form and terms of the Outstanding Notes except that the Exchange Notes will be registered under the Securities Act. As a result, the Exchange Notes will not bear legends restricting their transfer and will not contain the registration rights and additional interest provisions of the Outstanding Notes. The Exchange Notes will evidence the same debt as the Outstanding Notes.

The following description is a summary of the material provisions of the indenture. It does not restate such agreement in its entirety. We urge you to read the indenture because it, and not this description, defines your rights as holders of the Exchange Notes. Copies of the indenture are available as set forth below under the caption Additional Information. Certain defined terms used in this description but not defined below under the caption Certain Definitions have the meanings assigned to them in the indenture. In this description, the term the Company refers only to Acadia Healthcare Company, Inc., and any successor obligor on the notes, and not to any of its subsidiaries. References in this Description of the Exchange Notes to the notes include the Outstanding Notes and the Exchange Notes.

The registered holder of an Exchange Note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

**Brief Description of the Notes and the Note Guarantees**

***The Notes***

The notes:

were issued by the Company;

are general unsecured obligations of the Company;

are senior in right of payment to any existing and future subordinated Indebtedness of the Company;

are *pari passu* in right of payment with all existing and future senior Indebtedness of the Company;

are structurally subordinated to all existing and future Indebtedness, claims of holders of Preferred Stock and other liabilities of Subsidiaries of the Company that do not guarantee the notes;

are effectively subordinated to all existing and future Secured Indebtedness (including any borrowings under the Credit Agreement) and other secured obligations of the Company to the extent of the value of the collateral securing such Secured Indebtedness or other secured obligations, as the case may be; and

are unconditionally guaranteed by the Guarantors.

***The Note Guarantees***

The notes are guaranteed by all of the Company's direct or indirect wholly-owned Domestic Subsidiaries (other than Park Royal and certain other excluded subsidiaries) that guarantee the Credit Facilities. Partnerships in Care and its subsidiaries, all of which are non-U.S. entities, do not guarantee the notes.

## **Table of Contents**

Each Note Guarantee of a Guarantor:

is senior in right of payment to any existing and future subordinated Indebtedness of that Guarantor;

is a general unsecured obligation of that Guarantor;

is *pari passu* in right of payment with all existing and future senior Indebtedness of that Guarantor, including its guarantee of Indebtedness under the Credit Agreement; and

is effectively subordinated to all existing and future Secured Indebtedness of that Guarantor (including that Guarantor's respective guarantee under the Credit Facilities) and other secured obligations to the extent of the value of the collateral securing such Secured Indebtedness or other secured obligations, as the case may be.

As of the Issue Date, all of the Company's Subsidiaries were Restricted Subsidiaries. However, under the circumstances described below under the caption Certain Covenants Designation of Restricted and Unrestricted Subsidiaries, the Company is permitted to designate certain of its Subsidiaries as Unrestricted Subsidiaries. The Unrestricted Subsidiaries, if any, will not be subject to many of the restrictive covenants in the indenture and will not guarantee the notes.

## **Principal, Maturity and Interest**

The Company issued \$300.0 million in aggregate principal amount of Outstanding Notes on July 1, 2014. The Company may issue additional notes under the indenture from time to time. Any issuance of additional notes is subject to all of the covenants in the indenture, including the covenant described below under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock. Any Outstanding Notes that remain outstanding after the completion of the Exchange Offer, together with the Exchange Notes, and any additional notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase; *provided, however*, that if such additional notes are not fungible with the other notes of the same series for U.S. federal income tax purposes, such additional notes will not have the same CUSIP number as the other notes. The Company issued notes in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The notes will mature on July 1, 2022.

Interest on the notes accrues at the rate of 5.125% *per annum* and is payable semi-annually in arrears on each July 1 and January 1, commencing on January 1, 2015 (each an interest payment date). Interest on overdue principal and interest will accrue at a rate that is 1.0% higher than the then applicable interest rate on the notes. The Company will make each interest payment due on an interest payment date to the holders of record as of the close of business on the immediately preceding June 15 and December 15 (whether or not a business day).

Interest on the notes accrues from the date of original issuance or, if interest has already been paid or duly provided for, from the date it was most recently paid or duly provided for. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

## **Methods of Receiving Payments on the Notes**

All payments on the notes are made at the office or agency of the paying agent within the City and State of New York unless the Company elects to make interest payments due on an interest payment date by check mailed to the persons entitled thereto at their address set forth in the register of holders, *provided*, that if a holder of notes has given wire transfer instructions to the paying agent at least five business days prior to an interest payment date, the Company will pay all interest on, that holder's notes due on an interest payment date in accordance with those instructions, and *provided further*, that all payments on the notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the holder or holders thereof.

## **Table of Contents**

### **Paying Agent and Registrar for the Notes**

The trustee currently acts as paying agent and registrar. The Company may change the paying agent or registrar without prior notice to the holders of the notes, and the Company or any of its Subsidiaries may act as paying agent or registrar.

### **Transfer and Exchange**

A holder may transfer or exchange notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. The Company will not be required to transfer or exchange any note selected for redemption, except the unredeemed portion of any note being redeemed in part. Also, the Company will not be required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

### **Note Guarantees**

The notes are guaranteed by each of the Company's current and future wholly owned Domestic Subsidiaries (other than Park Royal, any Insurance Subsidiary, HUD Financing Subsidiary or Unrestricted Subsidiary) that guarantees the Credit Facilities. These Note Guarantees are joint and several obligations of the Guarantors. The obligations of each Guarantor under its Note Guarantee are limited as necessary to prevent that Note Guarantee from constituting a fraudulent conveyance under applicable law. See Risk Factors Risks Relating to the Exchange Notes Federal and state statutes allow courts, under specific circumstances, to void the notes and the guarantees.

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person) another Person, other than the Company or another Guarantor, unless:

- (1) immediately after giving effect to such transaction, no Default or Event of Default exists; and
- (2) either:
  - (a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger unconditionally assumes all the obligations of that Guarantor under its Note Guarantee and the indenture pursuant to a supplemental indenture; or
  - (b) the Net Proceeds of such sale or other disposition are applied, if required, in accordance with the applicable provisions of the indenture.

Notwithstanding the preceding sentence, any Guarantor may transfer real property that is the subject of a HUD Financing to a HUD Financing Subsidiary in connection with a HUD Financing permitted to be incurred pursuant to the covenant under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock.

The Note Guarantee of a Guarantor will be released:

- (1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor, by way of merger, consolidation or otherwise, to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary of the Company, if the sale or other disposition does not violate the Asset Sales provisions of the indenture;

**Table of Contents**

- (2) in connection with any sale or other disposition of Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary of the Company, if the sale or other disposition does not violate the Asset Sales provisions of the indenture and the Guarantor ceases to be a Restricted Subsidiary of the Company as a result of the sale or other disposition;
  - (3) if the Company designates any Restricted Subsidiary that is a Guarantor to be an Unrestricted Subsidiary in accordance with the applicable provisions of the indenture;
  - (4) upon the release or discharge of the guarantee of such Guarantor under the Credit Facilities, except a discharge or release of the guarantee by or as a result of payment under such guarantee (it being understood that if any such Guarantor is so reinstated under the Credit Facilities, such Guarantor's guarantee shall also be reinstated); or
  - (5) upon legal defeasance, covenant defeasance or satisfaction and discharge of the indenture as provided below under the captions Legal Defeasance and Covenant Defeasance and Satisfaction and Discharge.
- See Repurchase at the Option of Holders Asset Sales.

***Ranking***

The notes and the Note Guarantees rank equally to all of the Company's and the Guarantors' other unsecured and unsubordinated indebtedness, but effectively rank junior to all of the Company's and the Guarantors' secured indebtedness (including the Credit Facilities), to the extent of the collateral securing such indebtedness.

The notes also effectively rank junior to all liabilities of the Company's future subsidiaries that do not guarantee the notes, including Partnerships in Care and its subsidiaries. Claims of creditors of non-Guarantor subsidiaries, including trade creditors, and creditors holding debt and guarantees issued by those subsidiaries, and claims of preferred stockholders (if any) of those subsidiaries generally have priority with respect to the assets and earnings of those subsidiaries over the claims of creditors of the Company, including holders of the notes. The notes and each Note Guarantee therefore are effectively subordinated to creditors (including trade creditors) and preferred stockholders (if any) of subsidiaries of the Company (other than the Guarantors). Although the indenture limits the incurrence of Indebtedness and the issuance of Preferred Stock of Restricted Subsidiaries, the limitation is subject to a number of significant exceptions. Moreover, the indenture does not impose any limitation on the incurrence by Restricted Subsidiaries of liabilities that are not considered Indebtedness or Preferred Stock under the indenture. See Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock .

As of June 30, 2014, on a pro forma basis after giving effect to the transactions noted in Capitalization in this prospectus, the notes:

would have ranked *pari passu* with \$150 million of the Company's 6.125% Senior Notes and \$97.5 million of the Company's 12.875% Senior Notes;

would have ranked effectively junior to \$296.3 million of senior secured term loan indebtedness of the Company under the Company's Credit Agreement (as well as \$125.0 million of borrowings under the Company's revolving credit facility), to the extent of the collateral therefor; and

would have ranked effectively junior to \$110.7 million of third-party liabilities, including trade payables, of our non-guarantor subsidiaries.

Partnerships in Care and its subsidiaries, which do not guarantee the notes, had revenues of \$267 million for the year ended December 31, 2013, representing 26.6% of our total revenues on a pro forma combined basis after giving effect to the Acquisition and the related transactions noted in this prospectus. In addition, Partnerships in Care and its subsidiaries had total assets of \$948.7 million as of June 30, 2014, representing 46.3% of our total assets on a pro forma combined basis.

**Table of Contents****Optional Redemption**

At any time prior to July 1, 2017, the Company may on any one or more occasions redeem up to 35% of the aggregate principal amount of notes issued under the indenture, upon not less than 30 nor more than 60 days' notice, at a redemption price equal to 105.125% of the principal amount of the notes redeemed, plus accrued and unpaid interest, to the date of redemption (subject to the rights of holders of notes on a relevant record date to receive interest on an interest payment date occurring on or prior to the redemption date), with the net cash proceeds of an Equity Offering by the Company or a contribution to the Company's common equity capital made with the net cash proceeds of a concurrent Equity Offering by any direct or indirect parent company of the Company; *provided that*:

- (1) at least 65% of the aggregate principal amount of notes originally issued under the indenture (excluding notes held by the Company, any direct or indirect parent of the Company and its Affiliates) remain outstanding immediately after the occurrence of such redemption; and

- (2) the redemption occurs within 90 days of the date of the closing of such Equity Offering.

At any time prior to July 1, 2017, the Company may on any one or more occasions redeem all or a part of the notes, upon not less than 30 nor more than 60 days' notice, at a redemption price equal to 100% of the principal amount of the notes redeemed, plus the Applicable Premium as of, and accrued and unpaid interest, to the date of redemption, subject to the rights of holders of notes on a relevant record date to receive interest due on an interest payment date occurring on or prior to the redemption date.

Except pursuant to the preceding paragraphs, the notes will not be redeemable at the Company's option prior to July 1, 2017.

On or after July 1, 2017, the Company may on any one or more occasions redeem all or a part of the notes, upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest on the notes redeemed, to the applicable date of redemption, if redeemed during the 12-month period beginning on July 1 of the years indicated below, subject to the rights of holders of notes on a relevant record date to receive interest on an interest payment date occurring on or prior to the redemption date:

<b>Year</b>	<b>Percentage</b>
2017	103.844%
2018	102.563%
2019	101.281%
2020 and thereafter	100.000%

In connection with any redemption of notes (including with the net cash proceeds of an Equity Offering), any such redemption may, at the Company's discretion, be subject to one or more conditions precedent.

Unless the Company defaults in the payment of the redemption price, interest will cease to accrue on the notes or portions thereof called for redemption on the applicable redemption date.

**Mandatory Redemption**

The Company is not required to make mandatory redemption or sinking fund payments with respect to the notes.

**Selection and Notice**

If less than all of the notes are to be redeemed at any time, the trustee will select notes for redemption on a pro rata basis, by lot or by such method as it shall deem fair and appropriate in accordance with DTC procedures.

No notes of \$2,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture. Except as provided above under the caption **Optional Redemption**, notices of redemption may not be conditional.

## **Table of Contents**

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the holder of notes upon cancellation of the original note.

Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of notes called for redemption.

## **Repurchase at the Option of Holders**

### ***Change of Control***

If a Change of Control occurs, each holder of notes will have the right to require the Company to repurchase all or any part (equal to \$1,000 or an integral multiple of \$1,000 in excess thereof) of that holder's notes pursuant to a change of control offer on the terms set forth in the indenture (a Change of Control Offer) (*provided*, that any unpurchased portion of a note must be in a minimum denomination of \$2,000). In the Change of Control Offer, the Company will offer a payment in cash (the Change of Control Payment) equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest on the notes repurchased to but excluding the date of purchase (the Change of Control Payment Date), subject to the rights of holders of notes on a relevant record date to receive interest due on an interest payment date occurring on or prior to the Change of Control Payment Date (it being understood that to the extent any cash proceeds of a Change of Control are required to prepay the obligations under the Credit Agreement pursuant to the terms thereof, the Company will be required to first apply such cash proceeds to prepay such obligations under the Credit Agreement but the Company will still be required to make a Change of Control Offer as set forth in the indenture). Within 30 days following any Change of Control, except to the extent the Company has delivered notice to the trustee of its intention to redeem notes as described above under the caption

Optional Redemption, the Company will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control Payment Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice. The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such compliance.

On the Change of Control Payment Date, the Company will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by the Company.

The paying agent will promptly mail to each holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require the Company to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the notes to require that the Company repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

## **Table of Contents**

The Company will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by the Company and purchases all notes properly tendered and not withdrawn under the Change of Control Offer, or (2) notice of redemption has been given to the trustee pursuant to the indenture as described above under the caption *Optional Redemption*, unless and until there is a default in payment of the applicable redemption price. Notwithstanding anything to the contrary contained herein, a Change of Control Offer may be made in advance of a Change of Control, or conditioned upon the consummation of such Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of the Company and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require the Company to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of the Company and its Subsidiaries taken as a whole to another Person or group may be uncertain.

## ***Asset Sales***

The Company will not, and will not permit any of the Company's Restricted Subsidiaries to, consummate an Asset Sale unless:

- (1) The Company (or the Restricted Subsidiary, as the case may be) receives consideration (including by way of relief from, or by any other Person assuming responsibility for, any liabilities, contingent or otherwise) at the time of the Asset Sale at least equal to the Fair Market Value (measured as of the date of the definitive agreement with respect to such Asset Sale) of the assets or Equity Interests issued or sold or otherwise disposed of; and
- (2) Except in the case of a Permitted Asset Swap, at least 75% of the consideration received in the Asset Sale by the Company or such Restricted Subsidiary is in the form of cash or Cash Equivalents. For purposes of this provision, each of the following will be deemed to be cash:
  - (a) any liabilities, as shown on the Company's most recent consolidated balance sheet or notes thereto, of the Company or any Restricted Subsidiary of the Company (other than liabilities that are by their terms subordinated to the notes or any Note Guarantee) that are assumed by the transferee of any such assets pursuant to a customary novation or indemnity agreement that releases the Company or such Restricted Subsidiary from or indemnifies against further liability;
  - (b) any securities, notes or other obligations received by the Company or any such Restricted Subsidiary of the Company from such transferee that are, within 180 days, converted by the Company or such Restricted Subsidiary into cash, to the extent of the cash received in that conversion;

- (c) any Designated Non-cash Consideration received by the Company or any of its Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed the greater of (x) \$5.0 million and (y) 1.5% of Total Assets at the time of the receipt of such Designated Non-cash Consideration (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value);
  
- (d) consideration consisting of Indebtedness of the Company or any Restricted Subsidiary of the Company that is not subordinated Indebtedness; and
  
- (e) Indebtedness of any Restricted Subsidiary that is no longer a Restricted Subsidiary as a result of such Asset Sale, to the extent that the Company and each other Restricted Subsidiary are released from any payment obligations with respect to such Indebtedness or any Guarantee of payment of such Indebtedness in connection with such Asset Sale.

**Table of Contents**

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, the Company (or the applicable Restricted Subsidiary, as the case may be) may apply such Net Proceeds:

- (1) to reduce Indebtedness and other Obligations under or pursuant to a Credit Facility or any Secured Indebtedness (unless the notes are then secured by a priority or *pari passu* lien) of the Company or any Restricted Subsidiary and, if the Indebtedness repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto;
- (2) to reduce Indebtedness and other Obligations of a Restricted Subsidiary that is not a Guarantor (other than Indebtedness owed to the Company or a Restricted Subsidiary of the Company);
- (3) to repay (i) Indebtedness or other Obligations of the Company that rank *pari passu* with the notes or (ii) Indebtedness and other Obligations of a Guarantor that rank *pari passu* with such Guarantor's Note Guarantee (other than Indebtedness owed to the Company or a Restricted Subsidiary of the Company); *provided* that the Company shall equally and ratably redeem or repurchase the notes as described above under the caption "Optional Redemption," or by making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all holders to purchase the notes at 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to but not including the date of repayment;
- (4) to acquire all or substantially all of the assets of, or any Capital Stock of, another Permitted Business, if, after giving effect to any such acquisition of Capital Stock, the Permitted Business is or becomes a Restricted Subsidiary of the Company;
- (5) to make a capital expenditure;
- (6) to acquire other assets that are not classified as current assets under GAAP and that are used or useful in a Permitted Business; or
- (7) any combination of the foregoing.

The Company will be deemed to have complied with the provisions set forth in clause (4), (5) and (6) of the preceding paragraph if, within 365 days after the Asset Sale that generated the Net Proceeds, the Company (or the applicable Restricted Subsidiary) has entered into and not abandoned or rejected a binding agreement to acquire all or substantially all of the assets of, or any Capital Stock of, another Permitted Business or to make a capital expenditure or acquire other assets that are not classified as current assets under GAAP and that are used or useful in a Permitted Business and that acquisition or capital expenditure is thereafter completed within 180 days after the end of such 365-day period.

Pending the final application of any Net Proceeds, the Company (or the applicable Restricted Subsidiary) may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the second paragraph of this section will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$15.0 million, within 30 days thereof, the Company will make an offer (an Asset Sale Offer ) to all holders of the notes and Indebtedness of the Company that ranks *pari passu* with the notes and containing provisions similar to those set forth in the indenture with respect to offers to purchase, prepay or redeem with the proceeds of sales of assets to purchase, prepay or redeem on a pro rata basis the maximum principal amount (or accreted value, if applicable) of notes and such other *pari passu* Indebtedness (plus all accrued interest on the Indebtedness and the amount of all fees and expenses, including premiums, incurred in connection therewith) that may be purchased, prepaid or redeemed out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount, plus accrued and unpaid interest to but not including the date of purchase, prepayment or redemption, subject to the rights of holders of notes on a relevant record date to receive interest due on an interest payment date occurring on or prior to the purchase date, and will be payable in cash.

---

**Table of Contents**

If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company may use those Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of notes and other *pari passu* Indebtedness tendered in (or required to be prepaid or redeemed in connection with) such Asset Sale Offer exceeds the amount of Excess Proceeds, the Company will select the notes and such other *pari passu* Indebtedness to be purchased on a pro rata basis, based on the amounts tendered or required to be prepaid or redeemed and thereafter the trustee will select the notes to be purchased on a pro rata basis based on the amount tendered (with, in each case, such adjustments as may be deemed appropriate by the Company or the trustee, as applicable, so that only notes in denominations of \$1,000 or an integral multiple of \$1,000 in excess thereof, will be purchased, *provided* that any unpurchased portion of a note must be in a minimum denomination of \$2,000). Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sales provisions of the indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached their obligations under the Asset Sales provisions of the indenture by virtue of such compliance.

The agreements governing our existing Indebtedness contain, and future agreements may contain, prohibitions of certain events, including events that would constitute a Change of Control or an Asset Sale. The exercise by the holders of notes of their right to require the Company to repurchase the notes upon a Change of Control or an Asset Sale could cause a default under these other agreements, even if the Change of Control or Asset Sale itself does not, due to the financial effect of such repurchases on us. In the event a Change of Control or Asset Sale occurs at a time when the Company is prohibited from purchasing notes, we could seek the consent of lenders under such other Indebtedness to the purchase of notes or could attempt to refinance the borrowings that contain such prohibition. If we do not obtain a consent or repay those borrowings, the Company will remain prohibited from purchasing notes. In that case, the Company's failure to purchase tendered notes would constitute an Event of Default under the indenture, which could, in turn, constitute a default under the other Indebtedness. Finally, the Company's ability to pay cash to the holders of notes upon a repurchase may be limited by the Company's then existing financial resources. See Risk Factors Risks Relating to the Exchange Notes We may not be able to satisfy our obligations to holders of the notes upon a change of control or sale of assets.

Because the Credit Agreement is secured by substantially all of our properties and assets, and since the definition of Net Proceeds excludes all amounts in respect of any Asset Sale that are used to repay any Indebtedness that is secured by property or assets that are the subject of such Asset Sale, it is unlikely that any meaningful amount of Net Proceeds will be generated from any Asset Sale so long as the Credit Agreement remains outstanding.

**Certain Covenants**

***Changes in Covenants when Notes Rated Investment Grade***

If on any date following the Issue Date:

- (1) the notes are rated Baa3 or better by Moody's and BBB- or better by S&P (or, if either such entity ceases to rate the notes for reasons outside of the control of the Company, the equivalent investment grade credit rating from any other nationally recognized statistical rating organization within the meaning of

Section 3(a)(62) of the Exchange Act selected by the Company as a replacement agency); and

(2) no Default or Event of Default shall have occurred and be continuing, then, beginning on that day and continuing at all times thereafter and subject to the provisions of the second succeeding paragraph, the covenants specifically listed under the following captions in this prospectus (collectively, the Suspended Covenants ) will be suspended:

- (1) Repurchase at the Option of Holders Asset Sales ;

**Table of Contents**

- (2) Certain Covenants Restricted Payments ;
- (3) Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock ;
- (4) Certain Covenants Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries ;
- (5) Certain Covenants Transactions with Affiliates ;
- (6) Certain Covenants Additional Note Guarantees ; and
- (7) clause (4) of the covenant described below under the caption Certain Covenants Merger, Consolidation or Sale of Assets.

During any period that the foregoing covenants have been suspended, the Company's Board of Directors may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the covenant described below under the caption Certain Covenants Designation of Restricted and Unrestricted Subsidiaries unless the Company's Board of Directors would have been able, under the terms of the indenture, to designate such Subsidiaries as Unrestricted Subsidiaries if the Suspended Covenants were not suspended. Notwithstanding that the Suspended Covenants may be reinstated, the failure to comply with the Suspended Covenants during the Suspension Period (including any action taken or omitted to be taken with respect thereto) will not give rise to a Default or Event of Default under the indenture.

Notwithstanding the foregoing, if the rating assigned by either such rating agency should subsequently decline to below Baa3 or BBB-, respectively, the foregoing covenants will be reinstated as of and from the date of such rating decline (any such date, a Reversion Date ). The period of time between the suspension of covenants as set forth above and the Reversion Date is referred to as the Suspension Period. All Indebtedness incurred (including Acquired Debt) and Disqualified Stock or preferred stock issued during the Suspension Period will be deemed to have been incurred or issued in reliance on the exception provided by clause (2) of the definition of Permitted Debt. Calculations under the reinstated Restricted Payments covenant will be made as if the Restricted Payments covenant had been in effect prior to and during the period that the Restricted Payments covenant was suspended as set forth above, *provided* that any Restricted Payment made during the Suspension Period shall in no event reduce the amount of Restricted Payments permitted by the first paragraph of the covenant described under Certain Covenants Restricted Payments below zero; *provided, further*, for the sake of clarity, that no Default or Event of Default will be deemed to have occurred solely by reason of a Restricted Payment made while that covenant was suspended. For purposes of determining compliance with the covenant described above under the caption Repurchase at the Option of Holders Asset Sales, the Excess Proceeds from all Asset Sales not applied in accordance with such covenant will be deemed to be reset to zero after the Reversion Date. Subsidiaries that would have been required to grant Note Guarantees but for a Suspension Period shall grant Note Guarantees upon the Reversion Date.

In addition, the indenture also permits, without causing a Default or Event of Default, the Company and the Company's Restricted Subsidiaries to honor any contractual commitments to take actions following a Reversion Date; *provided* that such contractual commitments were entered into during the Suspension Period and not in contemplation of a reversion of the Suspended Covenants.

There can be no assurance that the notes will ever achieve an investment grade rating or that any such rating will be maintained.

***Restricted Payments***

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (1) declare or pay any dividend or make any other payment or distribution on account of the Company's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving the Company or any of its Restricted Subsidiaries) other than:
  - (a) dividends or distributions payable in Equity Interests (other than Disqualified Stock) of the Company, and
  - (b) dividends or distributions payable to the Company or a Restricted Subsidiary of the Company;

**Table of Contents**

- (3) make any voluntary or optional payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value, any Indebtedness of the Company or any Guarantor that is contractually subordinated to the notes or to any Note Guarantee (excluding any intercompany Indebtedness between or among the Company and any of its Restricted Subsidiaries), except a payment of interest when due or principal at the Stated Maturity thereof or the purchase, redemption, repurchase, defeasance, acquisition or retirement for value of any such Indebtedness within 365 days of the Stated Maturity thereof; or
- (4) make any Restricted Investment
- (all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as Restricted Payments ), unless, at the time of and after giving effect to such Restricted Payment:
- (a) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment;
- (b) the Company would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption Incurrence of Indebtedness and Issuance of Preferred Stock ; and
- (c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company or the Company's Restricted Subsidiaries since the Existing 2018 Notes Issue Date (including Restricted Payments permitted by clauses (1), (13) and (18) of the next succeeding paragraph and excluding Restricted Payments permitted by all other clauses of the next succeeding paragraph; *provided* that the calculation of Restricted Payments shall exclude the amounts paid or distributed pursuant to clause (1) of the next succeeding paragraph to the extent that the declaration of such dividend or other distribution shall have previously been included as a Restricted Payment), is less than the sum, without duplication, of:
- (1) 50% of the Consolidated Net Income of the Company for the period (taken as one accounting period) from January 1, 2012 to the end of the most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit); *plus*

- (2) 100% of the aggregate net proceeds, including cash and Fair Market Value of property other than cash (as determined in accordance with the second succeeding paragraph), received by the Company since the Existing 2018 Notes Issue Date as a contribution to its common equity capital or from the issue or sale of Qualifying Equity Interests of the Company or any direct or indirect parent of the Company (excluding, without duplication, Designated Preferred Stock), or from the issue or sale of Disqualified Stock of the Company or debt securities of the Company, in each case that have been converted into or exchanged for Qualifying Equity Interests of the Company (other than Qualifying Equity Interests and convertible or exchangeable Disqualified Stock or debt securities sold to a Subsidiary of the Company); *plus*

**Table of Contents**

- (3) 100% of the aggregate amount of cash and the Fair Market Value of property other than cash (as determined in accordance with the second succeeding paragraph) received by the Company or a Restricted Subsidiary of the Company from (A) the sale or disposition (other than to the Company or a Restricted Subsidiary of the Company) of Restricted Investments made after the Existing 2018 Notes Issue Date and from repurchases and redemptions of such Restricted Investments from the Company and its Restricted Subsidiaries by any Person (other than the Company or its Restricted Subsidiaries) and from repayments of loans or advances which constituted Restricted Investments made after the Existing 2018 Notes Issue Date (other than to the extent that such Restricted Investment was made pursuant to clause (12) of the next succeeding paragraph); (B) the sale (other than to the Company and its Restricted Subsidiaries) of the Capital Stock of an Unrestricted Subsidiary; (C) a distribution or dividend from an Unrestricted Subsidiary, to the extent that such amounts were not otherwise included in the Consolidated Net Income of the Company for such period; and (D) any Restricted Investment that was made after the Existing 2018 Notes Issue Date in a Person that is not a subsidiary at such time that subsequently becomes a Restricted Subsidiary of the Company; *provided* that such amount will not exceed the amount of the Restricted Investment initially made; *plus*
  
- (4) in the event that any Unrestricted Subsidiary of the Company designated as such after the Existing 2018 Notes Issue Date is redesignated as a Restricted Subsidiary or has been merged or consolidated with or into or transfers or conveys its assets to, or is liquidated into, the Company or a Restricted Subsidiary of the Company, in each case after the Existing 2018 Notes Issue Date, the Fair Market Value of the Company's Restricted Investment in such Subsidiary (as determined in accordance with the second succeeding paragraph) as of the date of such redesignation, combination or transfer (or of the assets transferred or conveyed, as applicable), after deducting any Indebtedness associated with the Unrestricted Subsidiary so designated or combined or any Indebtedness associated with the assets so transferred or conveyed (other than in each case to the extent that the designation of such Subsidiary as an Unrestricted Subsidiary was made pursuant to clause (14) of the next succeeding paragraph or constituted a Permitted Investment).

The preceding provisions will not prohibit:

- (1) the payment of any dividend or the consummation of any irrevocable redemption within 60 days after the date of declaration of the dividend or giving of the redemption notice, as the case may be, if at the date of declaration or notice, the dividend or redemption payment would have complied with the provisions of the indenture;

- (3)

**Table of Contents**

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Company or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The Fair Market Value of any assets or securities that are required to be valued by this covenant will be determined by the Company, and in the case of any assets or securities with a Fair Market Value in excess of \$10.0 million, will be determined by the Board of Directors of the Company.

For purposes of determining compliance with this Restricted Payments covenant, in the event that a Restricted Payment meets the criteria of more than one of the categories of Restricted Payments described in clauses (1) through (18) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, the Company will be entitled to classify such Restricted Payment (or portion thereof) on the date of its payment or later reclassify such Restricted Payment (or portion thereof) in any manner that complies with this covenant.

For the purposes of this covenant, any payment made on or after the Existing 2018 Notes Issue Date, but prior to the Issue Date, shall be deemed to be a Restricted Payment to the extent that such payment would have been a Restricted Payment had the indenture been in effect at the time of such payment (and, to the extent that such Restricted Payment was permitted by clause (c) or clauses (1) through (17) above or as a Permitted Investment, such Restricted Payment may be deemed by the Company to have been made pursuant to such clause).

any Indebtedness or Disqualified Stock incurred or issued pursuant to this clause (20) shall cease to be deemed incurred or outstanding for purposes of this clause (20) but shall be deemed incurred for purposes of the first paragraph of this covenant from and after the first date on which the Company or the related Restricted Subsidiary could have incurred such Indebtedness or issued such Disqualified Stock under the first paragraph of this covenant without reliance on this clause (20) and, with respect to any Indebtedness secured by a Lien, the Secured Leverage Ratio would not exceed 3.5 to 1.0 following such redesignation;

The Company will not incur, and will not permit any Guarantor to incur, any Indebtedness (including Permitted Debt but excluding intercompany Indebtedness) that is contractually subordinated in right of payment to any other Indebtedness of the Company or such Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the notes and the applicable Note Guarantee on substantially identical terms; *provided, however*, that no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of the Company solely by virtue of being unsecured or by virtue of being secured on a junior priority basis.

For purposes of determining compliance with this Incurrence of Indebtedness and Issuance of Preferred Stock covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (23) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, the Company will be permitted to classify such item of Indebtedness on the date of its incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant; *provided* that Indebtedness under Credit Facilities outstanding on the date on which the notes are first issued and authenticated under the indenture will be deemed to have been incurred in reliance on the exception provided by clause (1) of the definition of Permitted Debt and may not be later reclassified. Certain Covenants Liens ; *provided*, in each such case, that the amount thereof shall be included in Fixed Charges of the Company as accrued. For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar- equivalent principal amount of Indebtedness denominated in a foreign currency shall be utilized, calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that the Company or any Restricted Subsidiary of the Company may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values following the incurrence of such Indebtedness.

The amount of any Indebtedness outstanding as of any date will be:

- (1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;

***Additional Note Guarantees***

If the Company or any of its Restricted Subsidiaries acquires or creates another Wholly Owned Restricted Subsidiary that is a Domestic Subsidiary that guarantees payment by the Company of Indebtedness under any Credit Facility (including, for the avoidance of doubt, any Indebtedness that would satisfy clause (b) of such term) after the Issue Date, then that newly acquired or created Wholly Owned Restricted Subsidiary that is a Domestic Subsidiary will become a Guarantor and execute a supplemental indenture in the form attached to the indenture within 30 days of the date on which it guarantees such Indebtedness; *provided, however*, that the foregoing shall not apply to (i) HUD Financing Subsidiaries, (ii) any Insurance Subsidiary and (iii) Subsidiaries that have properly been designated as Unrestricted Subsidiaries in accordance with the indenture.

***Designation of Restricted and Unrestricted Subsidiaries***

The Board of Directors of the Company may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by the Company and its Restricted Subsidiaries in the Subsidiary designated as Unrestricted will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the covenant described above under the caption Restricted Payments or under one or more clauses of the definition of Permitted Investments, as determined by the Company. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. Subject to the next succeeding paragraph, the Board of Directors of the Company may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if that redesignation would not cause a Default.

Any designation of a Subsidiary of the Company as an Unrestricted Subsidiary will be evidenced to the trustee by filing with the trustee a certified copy of a resolution of the Board of Directors of the Company giving effect to such designation and an officers certificate certifying that such designation complied with the preceding conditions and was permitted by the covenant described above under the caption Restricted Payments. If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the indenture and any Indebtedness of such Subsidiary will be deemed to be incurred by a Restricted Subsidiary of the Company as of such date and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described under the caption Incurrence of Indebtedness and Issuance of Preferred Stock, the Company will be in default of such covenant. The Board of Directors of the Company may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of the Company; *provided* that such designation will be deemed to be

an incurrence of Indebtedness by a Restricted Subsidiary of the Company of any outstanding Indebtedness of such Unrestricted Subsidiary, and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described under the caption **Incurrence of Indebtedness and Issuance of Preferred Stock**, calculated on a pro forma basis as if such designation had occurred at the beginning of the applicable reference period; and (2) no Default or Event of Default would be in existence following such designation.

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the notes unless such consideration is offered to be paid and is paid to all holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

### ***Reports***

Whether or not required by the rules and regulations of the SEC, so long as any notes are outstanding, the Company will furnish to the holders of the notes (or file with the SEC for public availability) within the time periods specified in the SEC's rules and regulations:

- (1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if the Company were required to file such reports, including a **Management's Discussion and Analysis of Financial Condition and Results of Operations** and, with respect to the annual information only, a report thereon by the Company's certified independent accountants; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if the Company were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. In addition, the Company will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing). To the extent any such information is not furnished within the time periods specified above and such information is subsequently furnished (including upon becoming publicly available, by filing such information with the SEC), the Company shall be deemed to have satisfied its obligations with respect thereto as such time and any Default with respect thereto shall be deemed to have been cured.

If, at any time the Company is not subject to the periodic reporting requirements of the Exchange Act for any reason, the Company will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing. The Company will not take any action for the purpose of causing the SEC not to accept any such filings. If notwithstanding the foregoing, the SEC will not accept the Company filings for any reason, the Company will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if the Company were required to file those reports with the SEC.

If the Company has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraphs will include a reasonably detailed presentation, either on

the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of the Company and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Company.

In addition, the Company and the Guarantors agree that, for so long as any notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the holders of notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

**Table of Contents**

**Events of Default and Remedies**

Each of the following is an Event of Default :

- (1) default for 30 days in the payment when due of interest on the notes;
- (2) default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the notes;
- (3) failure by the Company or any of its Restricted Subsidiaries for 60 days after notice by the trustee to the Company or by the holders of at least 25% in aggregate principal amount of the notes then outstanding voting as a single class to the Company and the trustee to comply with any of the agreements in the indenture (other than a default referred to in clause (1) or (2) above);
- (4) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary (or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary), whether such Indebtedness or Guarantee now exists, or is created after the Issue Date, if that default:
  - (a) is caused by a failure to pay principal of, or premium, if any, on any such Indebtedness at final Stated Maturity (after giving effect to any applicable grace periods) (a Payment Default ); or
  - (b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$10.0 million or more;
- (5) failure by the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary to pay final non-appealable judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$10.0 million (other than any judgments covered by indemnities or insurance policies issued by reputable and creditworthy companies), which judgments are not paid, discharged or stayed, for a period of 60 days, after the applicable judgment becomes final and non-appealable;
- (6) except as permitted by the indenture, any Note Guarantee of a Significant Subsidiary is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect (except as contemplated by the terms hereof), or any Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its obligations under its Note Guarantee and any such Default continues for 10 days; or

- (7) certain events of bankruptcy or insolvency described in the indenture with respect to either of the Company or any of its Restricted Subsidiaries that is a Significant Subsidiary or any group of its Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary.

In the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to either of the Company, any Restricted Subsidiary of the Company that is a Significant Subsidiary or any group of Restricted Subsidiaries of the Company that, taken together, would constitute a Significant Subsidiary, all outstanding notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding notes by notice to the Company (with a copy to the trustee if given by holders of notes) may declare all the notes to be due and payable immediately.

Holders of notes may not enforce the indenture or the notes except as provided in the indenture.

Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal of, premium on, if any, and interest.

**Table of Contents**

In the event of a declaration of acceleration of the notes because an Event of Default has occurred and is continuing as a result of the acceleration of any Indebtedness described in clause (4) of the preceding paragraph (excluding any resulting payment default under the indenture or the notes), the declaration of acceleration of the notes shall be automatically annulled if the holders of all Indebtedness described in clause (4) have rescinded the declaration of acceleration in respect of such Indebtedness within 20 days of the date of such declaration of acceleration of the notes, and if the annulment of the acceleration of the notes would not conflict with any judgment or decree of a court of competent jurisdiction, and all existing Events of Default, except non-payment of principal or interest on the notes that became due solely because of the acceleration of the notes, have been cured or waived.

The indenture provides that if a Default is deemed to occur solely as a consequence of the existence of another Default (the Initial Default ), then, at the time such Initial Default is cured, the Default that resulted solely because of that Initial Default will also be cured without any further action.

Subject to the provisions of the indenture relating to the duties of the trustee, in case an Event of Default occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any holders of notes unless such holders have offered to the trustee reasonable indemnity or security satisfactory to the trustee against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest, when due, no holder of a note may pursue any remedy with respect to the indenture or the notes unless:

- (1) such holder has previously given the trustee written notice that an Event of Default has occurred and is continuing;
- (2) holders of at least 25% in aggregate principal amount of the then outstanding notes make a written request to the trustee to pursue the remedy;
- (3) such holder or holders offer and, if requested, provide to the trustee security or indemnity reasonably satisfactory to the trustee against any loss, liability or expense;
- (4) the trustee does not comply with such request within 60 days after receipt of the notice, request and the offer of security or indemnity; and
- (5) during such 60-day period, holders of a majority in aggregate principal amount of the then outstanding notes do not give the trustee a direction inconsistent with such request.

The holders of a majority in aggregate principal amount of the then outstanding notes by written notice to the trustee may, on behalf of the holders of all of the notes, rescind an acceleration or waive any existing Default or Event of Default and its consequences under the indenture, if the rescission would not conflict with any judgment or decree, except a continuing Default or Event of Default in the payment of principal of, premium on, if any, or interest on, the notes (except nonpayment of principal, premium, if any, or interest on the notes that became due solely because of the acceleration of the notes).

The Company and each Guarantor is required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, the Company is required to deliver to the trustee a statement specifying such Default or Event of Default.

## **Table of Contents**

### **No Personal Liability of Directors, Officers, Employees and Stockholders**

No director, officer, employee, incorporator or stockholder of the Company or any Guarantor, as such, will have any liability for any obligations of the Company or the Guarantors under the notes, the indenture, the Note Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

### **Legal Defeasance and Covenant Defeasance**

The Company may at any time, at the option of the Company's Board of Directors evidenced by resolutions set forth in an officers' certificate, elect to have all of the Company's obligations discharged with respect to the outstanding notes and all obligations of the Guarantors discharged with respect to their Note Guarantees ( "Legal Defeasance" ) except for:

- (1) the rights of holders of outstanding notes to receive payments in respect of the principal of premium on, if any, and interest on, such notes when such payments are due from the trust referred to below;
- (2) the Company's obligations with respect to the notes concerning issuing temporary notes, registration of transfer of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee under the indenture, and the Company's and the Guarantors' obligations in connection therewith; and
- (4) the Legal Defeasance and Covenant Defeasance provision of the indenture.

In addition, the Company may, at its option and at any time, elect to have the obligations of the Company and the Guarantors released with respect to certain covenants (including its obligation to make Change of Control Offers and Asset Sale Offers) that are described in the indenture ( "Covenant Defeasance" ) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, all Events of Default described under the caption "Events of Default and Remedies" (except those relating to payments on the notes, covenants that are not subject to Covenant Defeasance or bankruptcy, receivership, rehabilitation or insolvency events) will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) the Company must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the notes, cash in U.S. dollars in an amount, non-callable Government Securities, the scheduled payments of principal of and interest thereon will be in an amount, or a combination thereof in amounts, as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, premium on, if any, and interest on, the outstanding notes on the stated date for payment thereof or on the applicable redemption date, as the case may be, and all interest accrued to

such dates, and the Company must specify whether the notes are being defeased to such stated date for payment or to a particular redemption date;

- (2) in the case of Legal Defeasance, the Company must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

**Table of Contents**

- (3) in the case of Covenant Defeasance, the Company must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same time, as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit (and any similar concurrent deposit relating to other Indebtedness), and the granting of Liens to secure such borrowings);
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of or constitute a default under, any material agreement or instrument (other than the indenture and the agreements governing any other Indebtedness being defeased, discharged or replaced) to which the Company or any of the Guarantors is a party or by which the Company or any of the Guarantors is bound;
- (6) the Company must deliver to the trustee an officers' certificate stating that the deposit was not made by the Company with the intent of preferring the holders of notes over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding any creditors of the Company or others; and
- (7) the Company must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

**Amendment, Supplement and Waiver**

Except as provided in the next two succeeding paragraphs, the indenture or the notes or the Note Guarantees may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the then outstanding notes (including, without limitation, additional notes, if any) voting as a single class (including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, the notes), and any existing Default or Event of Default (other than a Default or Event of Default in the payment of the principal of, premium on, if any, or interest on, the notes, except a payment default resulting from an acceleration that has been rescinded) or compliance with any provision of the indenture or the notes or the Note Guarantees may be waived with the consent of the holders of at least a majority in aggregate principal amount of the then outstanding notes (including, without limitation, additional notes, if any) voting as a single class (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of notes affected, an amendment, supplement or waiver may not (with respect to any notes held by a non-consenting holder):

- (1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;
- (2)

reduce the principal of or change the fixed maturity of any note or alter or waive any of the provisions relating to the dates on which the notes may be redeemed or the redemption price thereof with respect to the redemption of the notes;

- (3) reduce the rate of or change the time for payment of interest, including default interest, on any note;

- (5) make any note payable in money other than that stated in the notes;

**Table of Contents**

- (6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of, premium on, if any, or interest on, the notes;

- (8) release any Guarantor from any of its obligations under its Note Guarantee or the indenture, except in accordance with the terms of the indenture;
- (9) make any change in the preceding amendment and waiver provisions; or
- (10) make any change to or modify, the ranking of the notes in respect of right of payment that would adversely affect the holders of the notes.

Notwithstanding the preceding, without the consent of any holder of notes, the Company and the trustee may amend or supplement the indenture, the notes or the Note Guarantees:

- (1) to cure any ambiguity, mistake, defect or inconsistency;
- (2) to provide for uncertificated notes in addition to or in place of certificated notes;
- (3) to provide for the assumption of the Company's or any Guarantor's obligations to holders of notes and Note Guarantees in the case of a merger or consolidation or sale, assignment, transfer, conveyance, lease or other disposition of all or substantially all of the Company's or such Guarantor's assets, as applicable;
- (4) to make any change that would provide any additional rights or benefits to the holders of notes or that does not adversely affect the legal rights under the indenture of any holder in any material respects;
- (5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the TIA;
- (6) to conform the text of the indenture, the notes or the Note Guarantees to any provision of this Description of the Exchange Notes ;

- (8) to allow any Guarantor to execute a supplemental indenture and/or a Note Guarantee with respect to the notes in accordance with the terms of the indenture, to add security to or for the benefit of the notes, or to confirm and evidence the release, termination or discharge of any Note Guarantee or Lien with respect to or securing the notes when such release, termination or discharge is provided for under the indenture; or
- (9) to evidence and provide for the acceptance and appointment under the indenture of a successor trustee pursuant to the requirements therefor.

**Satisfaction and Discharge**

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

  - (a) all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to the Company or discharged from such trust, have been cancelled or delivered to the trustee for cancellation; or

---

**Table of Contents**

(b) all such notes have become due and payable at final maturity or by reason of the mailing of a notice of redemption or will become due and payable within one year or will be redeemed within one year under arrangements satisfactory to the trustee for the giving of a notice of redemption in the name and at the expense of the Company and the Company or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars in an amount, non-callable Government Securities, the scheduled payments of principal of and interest thereon will be in an amount, or a combination thereof in amounts, as will be sufficient (in case Government Securities have been deposited, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants), without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on such notes for principal of, premium on, if any, and interest on, the notes to the date of maturity or redemption;

(2) the Company or any Guarantor has paid or caused to be paid all sums payable by it under the indenture; and

(3) the Company has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the notes at maturity or on the redemption date, as the case may be.

In addition, the Company must deliver an officers' certificate and an opinion of counsel to the trustee slating that all conditions precedent to satisfaction and discharge have been satisfied.

**Concerning the Trustee**

U.S. Bank National Association acts as the trustee for the notes under the indenture.

If the trustee becomes a creditor of the Company or any Guarantor, the indenture limits the right of the trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee (if the indenture has been qualified under the TIA) or resign.

The holders of a majority in aggregate principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture provides that in case an Event of Default has occurred and is continuing, the trustee will be required, in the exercise of its rights and powers under the indenture, to use the same degree of care in their exercise as a prudent man would exercise or use in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any holder of notes, unless such holder has offered to the trustee reasonable indemnity and/or security satisfactory to it against any loss, liability or expense. For example, the trustee may require a holder to post a bond or other security if such holder requests the trustee to file a lawsuit against the Company, because the trustee is not required under the indenture to expend or risk its own funds or incur any liability.
