**Item 1.01. Entry into a Material Definitive Agreement.**

*Asset Purchase Agreement*

On March 17, 2015, Ignyta, Inc. (the Company) entered into an Asset Purchase Agreement with Cephalon, Inc. (Cephalon), an indirect wholly owned subsidiary of Teva Pharmaceutical Industries Limited, pursuant to which the Company has purchased certain assets relating to four oncology research and development programs:

RXDX-105 (formerly called CEP-32496), a small molecule inhibitor of the BRAF, EGFR and RET kinases that is currently in a Phase I/II dose escalation clinical trial;

RXDX-106 (formerly called CEP-40783), a pseudo-irreversible, small molecule inhibitor of the AXL and cMET kinases that is in late preclinical development;

RXDX-107 (formerly called CEP-40125), a small molecule nanoformulation of a modified bendamustine with potential activity in solid tumors that is in late preclinical development; and

RXDX-108 (formerly called TEV-44229), a small molecule inhibitor of the atypical kinase PKC $\alpha$  that is in preclinical studies. The Company has also acquired next generation PKC $\alpha$  inhibitors in addition to the lead compound.

Under the Asset Purchase Agreement, the Company has acquired Cephalon's right, title and interest in and to certain intellectual property, compounds, products, contracts, books and records, data and inventory related to these programs (the Purchased Assets), and assumed related liabilities. Upon the terms and subject to the conditions of the Asset Purchase Agreement, as consideration for the Purchased Assets, at the closing of the transaction on March 17, 2015, the Company (i) issued to Cephalon 1,500,000 unregistered shares of the Company's common stock (the Shares), (ii) paid to Cephalon \$851,988 in cash for product inventory and (iii) assumed the related liabilities.

The Asset Purchase Agreement provides that Cephalon will not, without the Company's prior written consent, offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend or otherwise transfer or dispose of any of the Shares, until the earlier of (i) March 17, 2016 and (ii) a change of control of the Company. The Asset Purchase Agreement also includes customary representations, warranties and covenants. Subject to certain exceptions and limitations, each of the Company and Cephalon has agreed to indemnify the other for breaches of representations, warranties and covenants and other specified matters.

The Asset Purchase Agreement contains covenants by Cephalon and its affiliates, including an agreement not to sue the Company with respect to certain intellectual property relating to the Purchased Assets and not to compete with the Company on a worldwide basis with respect to the Purchased Assets for four years following the closing, subject to certain exceptions. Pursuant to the Asset Purchase Agreement, the Company granted Cephalon an exclusive right and option to negotiate with the Company to manufacture, supply and market authorized generics of any products developed and commercialized from the Purchased Assets, subject to the terms and conditions specified in the Asset Purchase Agreement. The Asset Purchase Agreement also contains a covenant by the Company to use commercially reasonable efforts to develop and commercialize compounds and products included in the Purchased Assets.

The issuance of the Shares has not been registered under the Securities Act of 1933, as amended (the Securities Act), and the Shares may not be offered or sold in the United States absent registration under or exemption from the Securities Act and any applicable state securities laws. The Shares were issued in reliance upon an exemption from registration afforded by Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D promulgated under the Securities Act.

*Registration Rights Agreement*

In connection with the Asset Purchase Agreement, on March 17, 2015, the Company entered into a Registration Rights Agreement with Cephalon pursuant to which the Company has agreed to register the shares of the Company's common stock held by Cephalon. Under the terms of the Registration Rights Agreement, the Company is required to use best efforts to file a registration statement with the Securities and Exchange Commission (the SEC) on or before December 17, 2015 and to cause such registration statement to be declared effective by the SEC within 90 days after the date the registration statement is filed. The Company also agreed to other customary obligations regarding registration, including matters relating to indemnification, maintenance of the registration statement and payment of certain expenses.

The Company may be liable for liquidated damages to the holders of registrable securities if the registration statement (i) has not been filed by December 17, 2015, (ii) has not been declared effective within 90 days after the date the registration statement is filed or (iii) ceases to remain effective after being declared effective, subject to certain exceptions. The amount of the liquidated damages per applicable thirty-day period is one percent of the aggregate purchase price of the registrable securities then held by each holder, subject to an aggregate cap of ten percent.

The foregoing summaries of the Asset Purchase Agreement and the Registration Rights Agreement are subject to, and qualified in their entirety by reference to, the Asset Purchase Agreement (including the ancillary agreements that are exhibits thereto) and the Registration Rights Agreement, copies of which are attached hereto as Exhibits 10.1 and 10.2, respectively, and incorporated herein by reference.
