In connection with the matters in the agenda of the Special Meeting of Shareholders, as for item " 1" , it has been **unanimously** approved by the shareholders present to the meeting, that the treasury stock be allocated as follows: (i) out of the total number of shares presently held as treasury stock by TCO, 1,527,046 Registered Common shares (ON's) and 2,087,452 Registered Preferred shares (PN's) be re-placed on the market as agreed to with the CVM (Brazilian Securities and Exchange Commission) at the time the total number of shares to be purchased in the Public Offering of Shares (OPA) of TCO was established, which agreement provided for a "free float" replacement of the shares resulting from dissenting votes in the TCO Restructuring process; (ii) the 5,783,435,550 common shares of the Company which will still remain as treasury shares after the re-placement of the shares shall be cancelled without reduction in the amount of the capital stock under the terms of letter "b", paragraph 1, of Art. 30 of the Joint-Stock Corporations Act, Law no. 6404/76, as amended. Further, considering that the immediate cancellation of all the 5,783,435,550 common shares held as treasury stock by TCO (which, after the grouping, if approved, will become 1,927,812 common shares) might endanger the limit of up to 2/3 of preferred shares required by the corporate law, it has been approved that such shares be partially cancelled, to the extent such cancellation does not adversely affect the proportion admitted by law between ON and PN shares; therefore, this AGE delegates incumbency upon the Board of Directors to make a resolution about the time and conditions for the remaining shares presently held as treasury stock to be cancelled.

6.10 . As for item " 4" of the agenda, the shareholders present to the meeting unanimously approved the proposal to include in the Company's object the possibility of: marketing (including, however being not limited to, selling, purchasing, granting as free lease, leasing, donating) properties and/or goods required or useful for the exploitation of telecommunication services, as well as objects related to the Trademark and/or logotypes used by the Company (including, however being not limited to, key holders, icons, bones, beach umbrellas, pins); and developing, registering and marketing computer applications (Softwares), as well as the consequent amendment to article 2 of the Articles of Incorporation
