Item 1.01. Entry into a Material Definitive Agreement.

The disclosure under Item 2.03 below is incorporated herein by reference.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On May 2, 2005, Chart Industries, Inc. ("Chart") and its domestic subsidiaries entered into Amendment No. 2 (the "Amendment") to its secured Amended and Restated Revolving Credit Agreement dated as of September 15, 2003 (the "Credit Revolver"), among Chart, those subsidiaries, JPMorgan Chase Bank, N.A., as administrative agent for the lenders under the Credit Revolver, and those lenders. The Amendment increases the aggregate size of the revolving credit line available under the Credit Revolver by \$15 million, from \$40 million to \$55 million. This increase will expire on January 31, 2006. The Amendment also permanently increases the portion of the Credit Revolver's revolving credit line that may be used for the issuance of letters of credit by \$10 million, from \$30 million to \$40 million. Chart entered into the Amendment in connection with the expansion of its business during 2005.

In connection with the Amendment, the lenders under Chart's existing Term Loan Agreement, dated as of September 15, 2003 (the "Term Loan"), agreed that debt incurred pursuant to the \$15 million increase under the Credit Revolver will, like the \$40 million available under the Credit Revolver prior to May 2, 2005, have lien priority over obligations arising under the Term Loan and provided certain other consents related to the Amendment.

Chart's Credit Revolver and Term Loan facility (collectively, the "Credit Facility") grants a security interest in substantially all of the assets of Chart to the agent bank as representative of Chart's lenders. The final maturity of the Term Loan is in 2009 and the Credit Revolver expires on September 15, 2008. Under the terms of the Credit Facility, term loans bear interest, at Chart's option, at rates equal to the prime rate plus 2.50 percent or LIBOR plus 3.50 percent and the revolving credit line bears interest, at Chart's option, at rates equal to the prime rate plus 1.50 percent or LIBOR plus 2.50 percent. Chart is also required to pay a commitment fee of 0.375 percent per annum on the unused amount of the revolving credit line. There were no changes in interest rates or covenants under the Credit Facility as a result of the Amendment. The Credit Facility lenders received customary fees from Chart as part of the Amendment.

The Amendment did not change the Credit Facility's existing covenants and conditions. These existing covenants and conditions, which are of the kind customary in secured credit facilities, continue to impose obligations and limitations on Chart and its operating units, including the required payment of interest and repayment of indebtedness, restrictions on the payment of cash dividends and certain other payments, and a requirement to meet certain financial tests and maintain certain consolidated financial ratios. Chart's failure to satisfy or comply with these existing covenants and conditions under the Credit Facility could cause an event of default under which Chart's lenders could terminate the revolving credit line and cause all or any part of the debt due under the Credit Facility to become immediately due and payable.

Certain of the lenders under the Credit Facility are significant stockholders of Chart or have other relationships with Chart. In this regard, the information set forth under the captions "Stock Ownership of Principal Holders and Management" and "Certain Relationships and Related Transactions" in Chart's definitive proxy statement filed with the Securities and Exchange Commission on April 26, 2005 is incorporated herein by reference.
