Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On March 25, 2009, as part of its annual review of executive compensation and benefit plans, the Compensation Committee of the Board of Directors (the "Committee") of Exide Technologies (the "Company") approved the fiscal 2010 short-term cash incentive plan (the "FY10 AIP") for employees and named executive officers. On March 26, 2009, the Board of Directors (the "Board") approved the FY10 AIP for the CEO.

The FY10 AIP provides for corporate and divisional performance goals established by the Committee. Corporate goals include the following performance measures: Adjusted Earnings Per Share ("Adjusted EPS"), which is defined as net income plus or minus after-tax restructuring charges, one-time tax items (including non-cash valuation allowances), reorganization expenses related to post-bankruptcy claims administration, after tax currency remeasurement gains or losses, and non-cash gains or losses from the revaluation of the Company's warrants liability; and Consolidated Corporate Adjusted EBITDA ("Consolidated EBITDA"). Adjusted EBITDA is defined as earnings before interest, taxes, depreciation, amortization and restructuring charges, as well as non-cash currency remeasurement gains or losses, non-cash gains or losses from the revaluation of the Company's warrants liability, impairment charges, gains or losses on assets sales, non-cash stock compensation expense and minority interest. Divisional goals include the division's Adjusted EBITDA and the division's Return on Working Capital ("Division ROWC"), which is defined as the division's Adjusted EBITDA divided by the sum of inventories and receivables minus the sum of accounts payable and accrued liabilities.

For each named executive officers serving as a division president, awards are weighted 50% based on achievement of the division's Adjusted EBITDA, 25% based on Division ROWC, 15% based on Adjusted EPS and 10% based on Consolidated EBITDA. For corporate named executive officers, awards are weighted 70% based on Adjusted EPS and 30% on Consolidated EBITDA.

The Committee also established threshold Adjusted Net Income, which is defined as net income subject to the same adjustments discussed above regarding Adjusted EPS, below which no employee or named executive officer may receive any FY10 AIP award otherwise earned.

Each named executive officer will achieve an award of 100% of his or her targeted bonus level if the Company's consolidated corporate results and the named executive officer's respective division results achieve target levels. Payments as a percentage of annual base salary at the target levels under this plan for named executive officers, assuming both division and consolidated corporate results achieve the targets, are as follows:

Named Executive Officer/(Target)

Gordon A. Ulsh (125%)

E.J. O'Leary (65%)

Mitchell S. Bregman (50%)

Phillip A. Damaska (50%)

Performance above or below the target will result in a proportional payment above or below the target payout. Named executive officers receive 50% of their division and/or corporate target award upon achievement of 80% of the performance targets; and up to 200% of their target award based on achievement of 120% of the performance targets. Awards are capped at the achievement of 200% of target award.

Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.
