ABOUT DR PEPPER SNAPPLE GROUP, INC.

Our Company

Dr Pepper Snapple Group, Inc. is a leading integrated brand owner, manufacturer and distributor of non-alcoholic beverages in the United States ("U.S."), Canada and Mexico with a diverse portfolio of flavored (non-cola) carbonated soft drinks ("CSDs") and non-carbonated beverages ("NCBs"), including ready-to-drink teas, juices, juice drinks, water and mixers. We have some of the most recognized beverage brands in North America, with significant consumer awareness levels and long histories that evoke strong emotional connections with consumers. Our brand portfolio includes popular CSD brands such as Dr Pepper, Canada Dry, Peñafiel, Squirt, 7UP, Crush, A&W, Sunkist soda and Schweppes, and NCB brands such as Snapple, Hawaiian Punch, Mott's, Clamato, Mr & Mrs T mixers and Rose's. We recognized net sales from the shipment of 1.6 billion equivalent 288 fluid ounce cases in 2015.

The following provides highlights about our company as of December 31, 2015:

Merger with Bai

On November 21, 2016, we entered into the Merger Agreement with Bai, pursuant to which we agreed to acquire Bai for a cash purchase price of \$1.7 billion. The Merger is expected to close in the first quarter 2017, subject to certain closing conditions. Following the closing, Bai's results will be included in our Warehouse Direct delivery system ("WD") reporting unit under our Packaged Beverages operating segment. There can be no assurance that the Merger will close on the expected timeframe or at all.

We intend to fund the Merger with the net proceeds from this offering and the issuance of unsecured commercial paper notes ("Commercial Paper") on a private placement basis under our existing commercial paper program. Refer to "Use of Proceeds" for further information.

The closing of this offering is not conditioned on, nor is it a condition to, the consummation of the Merger. If the Merger is delayed, not consummated or consummated in a manner different than described herein, the trading prices of the Notes may decline. However, if the Merger is not consummated on or prior to December 14, 2017 (the first anniversary of the issue date of the Notes) or if the Merger Agreement is terminated on or prior to December 14, 2017, then we will redeem each series of Notes at a redemption price equal to 101% of the principal amount of the applicable series of Notes, plus accrued and unpaid interest to the date of such special mandatory redemption. If the Merger is not consummated, we intend to use the net proceeds from this offering to partially redeem each series of Notes. See "Description of the Notes—Special Mandatory Redemption."

Our Strengths and Strategy

The key strengths of our business are:

• Strong portfolio of leading, consumer-preferred brands;

• Integrated business model;

• Strong customer relationships;

• Attractive positioning within a large and profitable market;

• Broad geographic manufacturing and distribution coverage;

• Strong operating margins and stable cash flows; and

• Experienced executive management team.

The key elements of our strategy are to:

• Build our brands;

• Execute with excellence; and

• Rapid Continuous Improvement.

Our Business Operations

As of December 31, 2015, our operating structure consisted of three business segments: Beverage Concentrates, Packaged Beverages and Latin America Beverages.

Beverage Concentrates

Our Beverage Concentrates segment is principally a brand ownership business. In this segment we manufacture and sell beverage concentrates in the U.S. and Canada. Most of the brands in this segment are CSD brands. In 2015, our Beverage Concentrates segment had net sales of approximately \$1.241 billion. Key brands include Dr Pepper, Canada Dry, Crush, Schweppes, Sunkist soda, 7UP, A&W, Sun Drop, RC Cola, Squirt, Diet Rite, Vernors and the concentrate form of Hawaiian Punch.

We are the industry leader in flavored CSDs with a 38.8% market share in the U.S. for 2015 (as measured by retail sales) according to Nielsen. We are also the third largest CSD brand owner as measured by 2015 retail sales in the U.S. and Canada and we own a leading brand in most of the CSD categories in which we compete.

Almost all of our beverage concentrates are manufactured at our plant in St. Louis, Missouri.

Beverage concentrates are shipped to third party bottlers, as well as to our own manufacturing systems, who combine them with carbonation, water, sweeteners and other ingredients, package the combined product in PET containers, glass bottles and aluminum cans, and sell them as a finished beverage to retailers. Beverage concentrates are also

manufactured into syrup, which is shipped to fountain customers, such as fast food restaurants, who mix the syrup with water and carbonation to create a finished beverage at the point of sale to consumers. Dr Pepper represents most of our fountain channel volume. Concentrate prices historically have been reviewed and adjusted at least on an annual basis.

TABLE OF CONTENTS

Our Beverage Concentrates brands are sold by our bottlers, including our own Packaged Beverages segment, through all major retail channels including supermarkets, fountains, mass merchandisers, club stores, vending machines, convenience stores, gas stations, small groceries, drug chains and dollar stores. Unlike the majority of our other CSD brands, 58% of Dr Pepper volumes are distributed through The Coca-Cola Company ("Coca-Cola") and PepsiCo, Inc. ("PepsiCo") affiliated bottler systems.

PepsiCo and Coca-Cola were the two largest customers of the Beverage Concentrates segment, and constituted approximately 26% and 20%, respectively, of the segment's net sales during 2015.

Packaged Beverages

Our Packaged Beverages segment is principally a brand ownership, manufacturing and distribution business. In this segment, we primarily manufacture and distribute packaged beverages and other products, including our brands, third party owned brands and certain private label beverages, in the U.S. and Canada. In 2015, our Packaged Beverages segment had net sales of approximately \$4.544 billion. Key NCB brands in this segment include Snapple, Hawaiian Punch, Mott's, Clamato, Yoo-Hoo, FIJI mineral water, Deja Blue, AriZona tea, ReaLemon, Mr and Mrs T mixers, Vita Coco coconut water, Nantucket Nectars, Mystic, Garden Cocktail, Bai brands and Rose's. Key CSD brands in this segment include 7UP, Dr Pepper, A&W, Canada Dry, Sunkist soda, Squirt, RC Cola, Big Red, Vernors, Diet Rite and Sun Drop.

Approximately 81% of our 2015 Packaged Beverages net sales of branded products came from our own brands, with the remaining from the distribution of third party brands such as Big Red, FIJI mineral water, AriZona tea, Vita Coco coconut water, Bai brands, Neuro drinks, Sparkling Fruit2O, Body Armor and Hydrive energy drinks. Although the majority of our Packaged Beverages' net sales relate to our brands, we also provide a route-to-market for these third party brand owners seeking effective distribution for their new and emerging brands. These brands give us exposure in certain markets to fast growing segments of the beverage industry with minimal capital investment. A portion of our sales also comes from bottling beverages and other products for private label owners or others, which is also referred to as contract manufacturing.

Our Packaged Beverages products are manufactured in multiple facilities across the U.S. and are sold or distributed to retailers and their warehouses by our own distribution network or by third party distributors. The raw materials used to manufacture our products include aluminum cans and ends, glass bottles, PET bottles and caps, paper products, sweeteners, juices, water and other ingredients.

We sell our Packaged Beverages products both through our Direct Store Delivery system ("DSD") and WD, both of which include the sales to all major retail channels, including supermarkets, fountains, mass merchandisers, club stores, vending machines, convenience stores, gas stations, small groceries, drug chains and dollar stores.

In 2015, Wal-Mart Stores, Inc. ("WalMart"), the largest customer of our Packaged Beverages segment, accounted for approximately 16% of our net sales in this segment.

Latin America Beverages

Our Latin America Beverages segment is a brand ownership, manufacturing and distribution business. This segment participates mainly in the carbonated mineral water, flavored CSD, bottled water and vegetable juice categories, with particular strength in carbonated mineral water, vegetable juice categories and grapefruit flavored CSDs. In 2015, our Latin America Beverages segment had net sales of \$497 million, with our operations in Mexico representing approximately 90% of the net sales of this segment. Key brands include Peñafiel, Squirt, Aguafiel, Clamato and Crush.

In Mexico, we manufacture and distribute our products through our bottling operations and third party bottlers and distributors. We sell our finished beverages through all major Mexican retail channels, including "mom and pop" stores, supermarkets, hypermarkets, convenience stores and on-premise channels. In the Caribbean, we distribute our products through third party bottlers and distributors. We have also begun to distribute certain products in other international jurisdictions through various third party bottlers and distributors.

In 2015, OXXO and Walmart, the largest customers of our Latin America Beverages segment, accounted for approximately 11% and 10% of our net sales in this segment, respectively.

Bottler and Distributor Agreements

In the U.S. and Canada, we generally grant perpetual, exclusive licenses for CSD brands and packages to bottlers for specific geographic areas. Many of our brands, such as Snapple, Mystic, Nantucket Nectars, Yoo-Hoo and Orangina, are licensed for distribution in various territories to bottlers and a number of smaller distributors such as beer wholesalers, wine and spirit distributors, independent distributors and retail brokers. These agreements prohibit bottlers and distributors from selling the licensed products outside their exclusive territory and selling any imitative products in that territory. Generally, we may terminate bottling and distribution agreements only for cause, change in control or breach of agreement and the bottler or distributor may terminate without cause upon giving certain specified notice and complying with other applicable conditions. Fountain agreements for bottlers generally are not exclusive for a territory, but do restrict bottlers from carrying imitative product in the territory.

The following chart details the distribution sources of our total 288 fluid ounce cases sold in the U.S. in 2015:

Agreements with PepsiCo and Coca-Cola

On February 26, 2010, we completed the licensing of certain brands to PepsiCo following PepsiCo's acquisition of Pepsi Bottling Group and PepsiAmericas, Inc. The agreements have an initial period of 20 years with automatic 20-year renewal periods and require PepsiCo to meet certain performance conditions.

On October 4, 2010, we completed the licensing of certain brands to Coca-Cola following Coca-Cola's acquisition of Coca-Cola Enterprises' North American Bottling Business and executed separate agreements pursuant to which Coca-Cola began offering Dr Pepper and Diet Dr Pepper in local fountain accounts and its Freestyle fountain program. The agreements have an initial period of 20 years with automatic 20-year renewal periods and require Coca-Cola to meet certain performance conditions. Coca-Cola has re-licensed certain territory rights for the distribution, promotion, marketing and sale of its licensed beverage products to other independent Coca-Cola bottlers. In connection with those transactions, we have also re-licensed many of our products to those independent bottlers for those same territories.

Under a separate agreement, Coca-Cola has agreed to include Dr Pepper and Diet Dr Pepper brands in its Freestyle fountain program. The Freestyle fountain program agreement has a period of 20 years.

History of Our Business

We have built our business over the last three decades through a series of strategic acquisitions. In the 1980s through the mid-1990s, we began building on our then-existing Schweppes business by adding brands such as Mott's, Canada Dry and A&W and a license for Sunkist soda. We also acquired the Peñafiel business in Mexico. In 1995, we acquired Dr Pepper/Seven Up, Inc., having previously made minority investments in the company. In 1999, we acquired a 40% interest in Dr Pepper/Seven Up Bottling Group, Inc. ("DPSUBG"), which was then our largest independent bottler, and increased our interest to 45% in 2005. In 2000, we acquired Snapple and other brands, significantly increasing our share of the U.S. NCB market segment. During 2006 and 2007, we acquired the remaining 55% of DPSUBG and several smaller bottlers and integrated them into our Packaged Beverages segment, thereby expanding our geographic coverage.

We were incorporated in Delaware on October 24, 2007. In 2008, Cadbury Schweppes plc ("Cadbury") separated its beverage business in the U.S., Canada, Mexico and the Caribbean (the "Americas Beverages business") from its global confectionery business by contributing the subsidiaries that operated its Americas Beverages business to us.

2017 (the first anniversary of the issue date of the Notes) or if the Merger Agreement is terminated on or prior to December 14, 2017, we will be required to redeem each series of Notes at a redemption price equal to 101% of the principal amount of the applicable series of Notes, plus accrued and unpaid interest to the date of such special mandatory redemption. See "Description of the Notes—Special Mandatory Redemption." The Notes will be fully and unconditionally guaranteed by all of our existing and future subsidiaries that guarantee any of our other indebtedness. Upon the closing of the Merger, Bai will fully and unconditionally guarantee the Notes.

Guarantees

Ranking

The Notes will be our unsecured and unsubordinated obligations and will rank equally with all of our current and future unsecured and unsubordinated indebtedness, including any borrowings under our senior credit facility, and senior to all of our future subordinated debt. Each of the subsidiary guarantees will be the unsecured and unsubordinated obligation of the subsidiary guarantor providing such subsidiary guarantee and will rank equally with all of such subsidiary guarantor's current and future unsecured and unsubordinated indebtedness, including its guarantee of our senior credit facility, and senior to all of such subsidiary guarantor's future subordinated debt. The Notes

and the subsidiary guarantees will effectively rank junior to any of our or the respective subsidiary guarantors' current and future secured indebtedness to the extent of the value of the assets securing such indebtedness. As of September 30, 2016, neither we nor any of the subsidiary guarantors had any secured indebtedness (other than capital leases).

Use of Proceeds	<p>The Notes will not be guaranteed by all of our subsidiaries and will therefore be effectively subordinated to all existing and future liabilities of our subsidiaries that are not guaranteeing the Notes (excluding any amounts owed by such subsidiaries to us). For the nine months ended September 30, 2016 and for the year ended December 31, 2015, our non-guarantor subsidiaries accounted for \$486 million and \$633 million, respectively, of our consolidated net sales and \$89 million and \$113 million, respectively, of our consolidated income from operations. As of September 30, 2016, the total liabilities of our non-guarantor subsidiaries was approximately \$118 million, including trade payables, and the total assets of such subsidiaries was approximately \$721 million.</p> <p>We intend to use the net proceeds from this offering, together with the net proceeds from the issuance of Commercial Paper, to fund the Merger. The remaining net proceeds, if any, will be used to fund the costs of the offering and for other general corporate purposes, which may include share repurchases, capital expenditures, working capital, future acquisitions and investments. If the Merger is not consummated, we intend to use the net proceeds to partially fund the Special Mandatory Redemption (as defined herein) of the Notes described herein. Prior to such uses, we intend to invest the net proceeds from this offering in short-term investments.</p>
Certain Covenants	<p>The indenture governing the Notes will, among other things, limit our ability to:</p> <ul style="list-style-type: none"> • incur indebtedness secured by principal properties; • enter into certain sale and leaseback transactions with respect to principal properties; and • enter into certain mergers, consolidations and transfers of substantially all of our assets. <p>The above restrictions are subject to significant exceptions. See "Description of the Notes—Certain Covenants."</p>
Form and Denomination	<p>We will issue each series of Notes in the form of one or more fully registered global notes registered in the name of the nominee of The Depository Trust Company ("DTC"). Beneficial interests in each series of Notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Clearstream Banking, S.A., and Euroclear Bank, SA/ NV, will hold interests on behalf of their participants through their respective U.S. depositories, which in turn will hold such interests in accounts as participants of DTC. Except in the limited circumstances described in this prospectus supplement, owners of beneficial interests in the Notes will not be entitled to have the Notes registered in their names, will not receive or be entitled to receive the Notes in definitive form and will not be considered holders of the Notes under the indenture. The Notes will be issued only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.</p>
Further Issuances	<p>We may from time to time, without notice to or the consent of the holders of any series of Notes, create and issue additional debt securities having the same terms (except for the issue date and, in some cases, the public offering price and the first interest payment date) as, and ranking equally and ratably with, the Notes of a series in all respects, as described under "Description of the Notes—Further Issuances."</p>

SUMMARY FINANCIAL INFORMATION

Set forth below is a summary of our consolidated financial information for the periods indicated. The information as of and for the years ended December 31, 2015, 2014 and 2013 has been derived from our audited consolidated financial statements. The information as of and for the nine months ended September 30, 2016 and 2015 has been derived from our unaudited consolidated financial statements and includes all adjustments, consisting of normal recurring adjustments, necessary for a fair statement of this information. Results presented for the nine months ended September 30, 2016 are not necessarily indicative of results to be expected for the full year. You should read the following summary financial information in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations" and our consolidated financial statements and related notes included in our Annual Report on Form 10-K for the year ended December 31, 2015 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2016, June 30, 2016 and September 30, 2016 incorporated by reference in this prospectus supplement.

(1) Due to the completion of the Internal Revenue Service audit for our 2006-2008 federal income tax returns in August 2013, we recognized an income tax benefit of \$463 million primarily related to decreasing our liability for unrecognized tax benefits and \$430 million of other expense, net, as we no longer anticipate collecting amounts from Mondelēz International, Inc. ("Mondelēz") under the Tax Sharing and Indemnification Agreement, dated May 1, 2008. Additionally, in June 2013, a bill was enacted by the Canadian government, which reduced amounts amortized for income tax purposes. As a result, we recognized \$38 million of indemnity income due to the reduction of our long-term liability to Mondelēz and \$50 million of income tax expense for the reduction of our tax assets. The following table sets forth our ratio of consolidated earnings to fixed charges for the nine months ended September 30, 2016 and the five years ended December 31, 2015, 2014, 2013, 2012 and 2011.

(1) Earnings represent income before provision for income taxes, equity in earnings of unconsolidated subsidiaries and cumulative effect of changes in accounting policies, plus (1) fixed charges, (2) amortization of capitalized interest, and less (3) capitalized interest. Fixed charges include: (1) interest expense, (2) capitalized interest, and (3) the portion of rental expense which management believes is a reasonable approximation of the interest cost component.

RISK FACTORS

You should carefully consider the following risk factors and the information discussed in Item 1A under "Risk Factors" and elsewhere in our Annual Report on Form 10-K for the year ended December 31, 2015, which is incorporated by reference into this prospectus supplement and the accompanying prospectus, as well as the other information included or incorporated by reference into this prospectus supplement and the accompanying prospectus, before making an investment decision. The following is not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

Risks Relating to the Merger

If the Merger does not occur on or prior to the occurrence of a Special Mandatory Redemption Trigger (as defined herein), we will be required to redeem each series of Notes outstanding on the Special Mandatory Redemption Date (as defined herein) at a redemption price equal to 101% of the principal amount of the applicable series of Notes to be redeemed, plus accrued and unpaid interest to the Special Mandatory Redemption Date. As a result, holders of the Notes may not obtain their expected return on the Notes.

We may not consummate the Merger within the expected timeframe or at all. Our ability to consummate the Merger is subject to various closing conditions. If we fail to consummate the Merger on or prior to December 14, 2017 (the first anniversary of the issue date of the Notes) or the Merger Agreement is terminated at any time on or prior to such date for any reason, we will be required to redeem each series of Notes at a redemption price equal to 101% of the principal amount of the applicable series of Notes to be redeemed, plus accrued and unpaid interest to the Special Mandatory Redemption Date. If we redeem the Notes pursuant to the Special Mandatory Redemption (as defined herein), holders may not obtain their expected return on the Notes and may not be able to reinvest the proceeds from such Special Mandatory Redemption in an investment that results in a comparable return. In addition, as a result of the Special Mandatory Redemption provisions of the Notes, the trading prices of the Notes may not reflect the financial results of our business or macroeconomic factors. For a description of the Special Mandatory Redemption, see "Description of the Notes—Special Mandatory Redemption."

We are not obligated to place the net proceeds from the sales of the Notes in escrow prior to the closing of the Merger and, as a result, we may not be able to repurchase the Notes upon a Special Mandatory Redemption.

The net proceeds of this offering will not be deposited into an escrow account pending any Special Mandatory Redemption, and the indenture governing the Notes imposes no restrictions on our use of these proceeds during that time. Accordingly, the source of funds for any redemption of Notes upon a Special Mandatory Redemption would be the proceeds that we have voluntarily retained or other sources of liquidity, including available cash, borrowings, sales of assets or sales of equity securities. It is possible that we will not have sufficient financial resources available to satisfy our obligations, if any, to redeem the Notes if we are required to do so pursuant to the Special Mandatory Redemption. Furthermore, our failure to redeem or repurchase the Notes as required under the indenture would result in a default under the indenture, which could result in defaults under certain of our other debt agreements and have material adverse consequences for us and the holders of the Notes.

Financing the Merger will result in an increase in our indebtedness, which could adversely affect us, including by decreasing our business flexibility and increasing our interest expense.

As of September 30, 2016, our consolidated indebtedness was \$3.3 billion. We intend to finance a portion of the \$1.7 billion purchase price of the Merger with the net proceeds from this offering and the issuance of Commercial Paper. This increase in our indebtedness may, among other things, reduce our flexibility to respond to changing business and economic conditions or to fund capital expenditures or working capital needs. In addition, the amount of cash required to pay interest on our indebtedness following completion of this offering, and thus the demands on our cash resources, will be greater than the amount of cash required to service our indebtedness prior to this offering.

The Merger will significantly increase our goodwill and other intangible assets.

We have a significant amount, and following the Merger will have an additional amount, of goodwill and other intangible assets on our consolidated financial statements that are subject to impairment based upon future adverse changes in our business or prospects. We expect the amount of goodwill and other intangible assets on our

consolidated financial statements that would be subject to future impairment to be a significant portion of the purchase price of the Merger. The impairment of any goodwill and other intangible assets may have a negative impact on our consolidated results of operations.

TABLE OF CONTENTS

We may be unable to obtain the regulatory approvals required to complete the Merger or, in order to do so, we may be required to satisfy material conditions or comply with material restrictions.

The consummation of the Merger is subject to review and approval by regulatory authorities, including by the United States Department of Justice. We can provide no assurance that all required regulatory approvals will be obtained in order to consummate the Merger. We have agreed to take all actions necessary, and assist and cooperate with Bai, to avoid or eliminate any legal impediments to the Merger. There can be no assurance as to the cost, scope or impact on our business, results of operations, financial condition or prospects of the actions that may be required to obtain regulatory approvals. Any such actions could have a material adverse effect on the business of both us and Bai and substantially diminish the synergies and other advantages which we expect from the Merger. If such regulatory authorities require us to divest of any assets, we may not be able to effect any divestitures at an acceptable price or at all.

Risks Related to the Notes and this Offering

We are a holding company and our ability to make payments on our outstanding indebtedness, including the Notes, is dependent upon the receipt of funds from our subsidiaries by way of interest and principal payments on loans due to us, dividends, fees or otherwise.

The Notes are obligations of Dr Pepper Snapple Group, Inc., which is a holding company with no material operating assets, other than the stock of its subsidiaries and loans to subsidiaries. All of Dr Pepper Snapple Group, Inc.'s revenue and cash flow is generated through its subsidiaries. Accordingly, Dr Pepper Snapple Group, Inc.'s ability to make payments on its indebtedness, including the Notes, and to fund its other obligations is dependent not only on the ability of its subsidiaries to generate cash, but also on the ability of its subsidiaries to distribute cash to it in the form of interest and principal payments on loans due to us, dividends, fees or otherwise. Although certain subsidiaries will guarantee Dr Pepper Snapple Group, Inc.'s payment obligations on the Notes, these guarantees may be released under certain circumstances. See "—The Notes are effectively subordinated to the indebtedness of our subsidiaries that are not guaranteeing the Notes" and "Description of the Notes—Guarantees."

The Notes are effectively subordinated to the indebtedness of our subsidiaries that are not guaranteeing the Notes.

We expect that only certain of our subsidiaries will guarantee our payment obligations on the Notes. Our right, and our subsidiary guarantors' right, to participate in any distribution of assets of any non-guarantor subsidiary upon that subsidiary's dissolution, winding-up, liquidation, reorganization or otherwise is subject to the prior claims of the creditors of that subsidiary, except to the extent that we or a subsidiary guarantor is a creditor of the subsidiary and we or such subsidiary guarantor's claims are recognized. Therefore, the Notes will be effectively subordinated to all indebtedness and other obligations of our non-guarantor subsidiaries (excluding any amounts owed by such subsidiaries to us). Our non-guarantor subsidiaries are separate legal entities and have no obligations to pay any amounts due on the Notes. For the nine months ended September 30, 2016 and for the year ended December 31, 2015, our non-guarantor subsidiaries accounted for \$486 million and \$633 million, respectively, of our consolidated net sales and \$89 million and \$113 million, respectively, of our consolidated income from operations. As of September 30, 2016, the total liabilities of our non-guarantor subsidiaries was approximately \$118 million, including trade payables, and the total assets of such subsidiaries was approximately \$721 million.

If the Notes are not guaranteed by any of our subsidiaries, then the Notes will be effectively subordinated to all indebtedness and other obligations of all of our subsidiaries. The indenture governing the Notes does not limit the ability of our subsidiaries to incur additional indebtedness that is equal in right of payment to the Notes.

The Notes and the subsidiary guarantees are not secured by any assets and any secured creditors would have a priority claim on our or the subsidiary guarantor's assets.

The Notes are not secured by any of our assets and the subsidiary guarantees are not secured by any of the assets of the subsidiary guarantors. The terms of the indenture permit us and our subsidiaries to incur a certain amount of secured indebtedness without equally and ratably securing the Notes. If we or any of the subsidiary guarantors become insolvent or are liquidated, or if payment under any of the agreements governing any secured debt is accelerated, the lenders under our or a subsidiary guarantor's secured debt agreements, if any, will be entitled to exercise the remedies available to a secured lender. Accordingly, the lenders will have a priority claim on our or the relevant subsidiary

guarantor's assets to the extent of their liens, and it is possible that there will be insufficient assets remaining from which claims of the holders of these Notes can be satisfied. As of September 30, 2016, neither we nor any of the subsidiary guarantors had any secured indebtedness (other than capital leases).

S-12

Table of Contents

TABLE OF CONTENTS

Negative covenants in the indenture offer only limited protection to holders of the Notes.

The indenture governing the Notes will contain negative covenants that apply to us and our subsidiaries. However, the indenture does not:

- require us to maintain any financial ratios or specific levels of net worth, revenues, income, cash flows or liquidity and, accordingly does not protect holders of the Notes in the event that we experience significant adverse changes in our financial condition or results of operations;
- limit our ability to incur indebtedness that is equal in right of payment to the Notes;
- restrict our ability to repurchase or prepay our securities; or
- restrict our ability to make investments or to repurchase or pay dividends or make other payments in respect of our common stock or other securities ranking junior to the Notes.

In addition, the limitation on secured indebtedness covenant in the indenture contains exceptions that will allow us and our subsidiaries to create, grant or incur liens or security interests to secure a certain amount of indebtedness and a variety of other obligations without equally and ratably securing the Notes. See "Description of the Notes—Certain Covenants" for a description of this covenant and related definitions. In light of these exceptions, holders of the Notes may be structurally subordinated to new lenders.

Holders of our existing indebtedness may have superior rights under certain circumstances.

The Company currently has approximately \$2.8 billion of senior notes outstanding (the "Outstanding Notes"), approximately \$614 million of which are due in 2018 or 2038 (the "2018 and 2038 Notes"). The 2018 and 2038 Notes have the benefit of covenants limiting secured debt and sale and leaseback transactions similar to, but more restrictive than, the limitations on secured debt and sale and leaseback transactions applicable to the Notes, as described below under "Description of the Notes—Certain Covenants". In the event the Company incurs secured debt or enters into a sale and leaseback transaction that is excepted from the covenant protection provided to the holders of the Notes but not the holders of the 2018 and 2038 Notes, the Notes may become effectively subordinated to the claims of the holders of the 2018 and 2038 Notes up to the value of the assets subject to the lien or sale and leaseback transaction. In addition, the Company's senior unsecured credit facility contains a covenant limiting secured debt that is more restrictive than the limitation on secured debt described below under "Description of the Notes—Certain Covenants".

Upon the occurrence of a Change of Control Triggering Event (as defined with respect to the Notes), we will be required to offer to repurchase all of each series of Notes. In addition, upon the occurrence of a change of control triggering event (as defined with respect to each series of the Outstanding Notes), we will be required to offer to repurchase each affected series of the Outstanding Notes. The definition of Change of Control Triggering Event with respect to the Notes is similar, but not identical in one or more respects, to the definitions of change of control triggering event with respect to the various series of Outstanding Notes (other than our 3.40% Senior Notes due 2025 (the "2025 Notes"), 4.50% Senior Notes due 2045 (the "2045 Notes") and 2.55% Senior Notes due 2026 (the "2026 Notes")) and the definition of change of control triggering event varies in certain instances among the various series of Outstanding Notes. As a result, under certain circumstances, we may be required to make an offer to repurchase one or more series of the Outstanding Notes but not the Notes.

The events of default under the indenture governing the 2018 and 2038 Notes include a default on any of our indebtedness or that of our subsidiaries that have guaranteed the 2018 and 2038 Notes which default results in the acceleration of such indebtedness in an amount in excess of \$100 million without such indebtedness having been discharged or the acceleration having been cured, waived, rescinded or annulled for a period of 30 days after written notice to us of such default. The indenture governing the Notes does not contain a similar event of default. As a result, if the acceleration of indebtedness described above occurs, the holders of the Notes will not have the right to accelerate the maturity of their Notes even though the holders of the 2018 and 2038 Notes will have that right.

Credit ratings assigned to the Notes may not reflect all risks of your investment in the Notes.

The credit ratings assigned to the Notes are limited in scope, and do not address all material risks relating to an investment in the Notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the applicable rating agencies, if, in such rating agency's judgment, circumstances so warrant. Agency credit ratings are not a recommendation to buy, sell or hold any security. Each agency's rating should be evaluated independently of any other agency's rating. Actual or anticipated changes, upgrades or downgrades in the credit ratings assigned to the Notes, including any announcement that such ratings are under further review for an upgrade or downgrade, could affect the market value of the Notes and, in the event of a downgrade, increase our corporate borrowing costs, including with respect to our Outstanding Notes.

Federal and state laws regarding fraudulent conveyance allow courts, under specific circumstances, to void debts, including guarantees, and would require holders of the Notes to return payments received from us or the subsidiary guarantors.

The Notes will be guaranteed by certain of our subsidiaries. If a bankruptcy proceeding or lawsuit were to be initiated by unpaid creditors, the Notes and the subsidiary guarantees of the Notes could come under review for federal or state fraudulent transfer violations. Under federal bankruptcy law and comparable provisions of state fraudulent transfer laws, obligations under a note or a guaranty could be voided, or claims in respect of a note or a guaranty could be subordinated to all other debts of the company or guarantor if, among other things, the company or guarantor at the time it incurred the indebtedness evidenced by its note or guaranty:

received less than reasonably equivalent value or fair consideration for the incurrence of the debt or guarantee; and one of the following applies:

it was insolvent or rendered insolvent by reason of such incurrence;

it was engaged in a business or transaction for which its remaining assets constituted unreasonably small capital; or

it intended to incur, or believed that it would incur, debts beyond its ability to pay debts as they mature.

In addition, any payment by the company or guarantor under its note or guarantee could be voided and required to be returned to the company or guarantor, as the case may be, or to a fund for the benefit of the creditors of the debtor or guarantor.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, the company or a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, were greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

We may not have the ability to raise the funds necessary to finance the offer to repurchase the Notes upon a Change of Control Triggering Event.

Upon the occurrence of a Change of Control Triggering Event (as defined with respect to the Notes), we will be required to offer to repurchase all of each series of Notes. In addition, upon the occurrence of a change of control triggering event (as defined with respect to each series of Outstanding Notes), we will be required to offer to repurchase each affected series of Outstanding Notes. The definition of Change of Control Triggering Event with respect to the Notes is similar, but not identical in one or more respects, to the definition of change of control triggering event with respect to the various series of Outstanding Notes (other than the 2025 Notes, the 2045 Notes and the 2026 Notes) and the definition of change of control triggering event varies in certain instances among the various series of Outstanding Notes. We cannot assure you that we will have sufficient funds available to make any required repurchases of the Notes and, if applicable, the Outstanding Notes upon such an event. Any failure to repurchase tendered Notes would constitute a default under the indenture governing the Notes and, if applicable, the indentures governing the Outstanding Notes, which, in turn, would constitute a default under our senior credit facility. A default could result in the declaration of the principal and interest on all the Notes, the Outstanding Notes and our indebtedness outstanding under the senior credit facility to be due and payable. The term "Change of Control Triggering Event" is defined under "Description of the Notes-Offer to Repurchase Upon a Change of Control Triggering Event."

There may not be active trading markets for the Notes.

There are no existing markets for the Notes, and we do not intend to apply for listing of the Notes on any securities exchange or any automated quotation system. Accordingly, trading markets for the Notes may not develop and any markets that develop may not provide sufficient liquidity for the holders to sell their Notes at attractive prices, or at all. Future trading prices of the Notes will depend on many factors, including prevailing interest rates, our financial condition and results of operations, the then-current ratings assigned to the Notes and the market for similar securities. Any trading markets that develop would be affected by many factors independent of and in addition to the foregoing, including:

- time remaining to the maturity of the Notes;
- outstanding amount of the Notes;
- terms related to optional redemption of the Notes; and
- level, direction and volatility of market interest rates generally.

USE OF PROCEEDS

The net proceeds to us from the sale of the Notes are expected to be approximately \$1,538 million (after underwriting discounts and our offering expenses). We intend to use the net proceeds from this offering, together with the net proceeds from the issuance of Commercial Paper, to fund the Merger. The remaining net proceeds, if any, will be used to fund the costs of the offering and for other general corporate purposes, which may include share repurchases, capital expenditures, working capital, future acquisitions and investments. If the Merger is not consummated, we intend to use the net proceeds to partially fund the Special Mandatory Redemption (as defined herein) of the Notes described herein. Prior to such uses, we intend to invest the net proceeds from this offering in short-term investments. If the Merger is not consummated on or prior to December 14, 2017 (the first anniversary of the issue date of the Notes) or if the Merger Agreement is terminated at any time on or prior to December 14, 2017, we will be required to redeem each series of Notes at a redemption price equal to 101% of the principal amount of the applicable series of Notes, plus accrued and unpaid interest to the date of such Special Mandatory Redemption Date (as defined herein). See "Description of the Notes—Special Mandatory Redemption."

DESCRIPTION OF THE NOTES

In this description, (i) the term "Company" refers to Dr Pepper Snapple Group, Inc. and (ii) the terms "we," "our," and "us" refer to the Company and any of its successors and their respective subsidiaries.

The Company will issue the Notes under an indenture dated as of December 15, 2009 (the "base indenture"), as supplemented by a seventh supplemental indenture establishing the form and terms of the Notes (together with the base indenture, as such may be amended, supplemented or otherwise modified from time to time, the "indenture") between the Company and Wells Fargo Bank, N.A., as trustee. We have incorporated by reference the base indenture as an exhibit to the registration statement which includes the accompanying prospectus. The terms of the Notes include those stated in the indenture and those made a part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

This "Description of the Notes," together with the "Description of Debt Securities" included in the accompanying prospectus, is intended to be a useful overview of the material provisions of the Notes and the indenture. Since this "Description of the Notes" and the "Description of Debt Securities" is only a summary, you should refer to the indenture for a complete description of the obligations of the Company and your rights as holders of the Notes. Each series of Notes will be a separate series of our "debt securities" (as that term is used in the accompanying prospectus).

General

We will issue four series of Notes. We will issue a total of \$250 million aggregate principal amount of Notes that will mature on November 15, 2021, \$500 million aggregate principal amount of Notes that will mature on December 15, 2023, \$400 million aggregate principal amount of Notes that will mature on June 15, 2027, and \$400 million aggregate principal amount of Notes that will mature on December 15, 2046.

The 2021 Notes will bear interest at a rate of 2.530% per year. The 2023 Notes will bear interest at a rate of 3.130% per year. The 2027 Notes will bear interest at a rate of 3.430% per year. The 2046 Notes will bear interest at a rate of 4.420% per year. The first interest payment date on the Notes will be May 15, 2017 in the case of the 2021 Notes, and June 15, 2017 in the case of the 2023 Notes, the 2027 Notes and the 2046 Notes. Interest on the Notes is payable semi-annually on May 15 and November 15, in the case of the 2021 Notes, and payable semi-annually on June 15 and December 15, in the case of the 2023 Notes, the 2027 Notes and the 2046 Notes, to holders of record at the close of business on May 1 and November 1, in the case of the 2021 Notes, and to holders of record at the close of business on June 1 and December 1, in the case of the 2023 Notes, the 2027 Notes and the 2046 Notes, (whether or not that date is a business day), respectively, immediately preceding such interest payment date, and on the applicable maturity date. Interest on each series of Notes will be computed on the basis of a 360-day year composed of twelve 30-day months. If any interest payment date would otherwise be a day that is not a business day, that interest payment date will be postponed to the next date that is a business day. If the maturity date of each series of Notes falls on a day that is not a business day, the related payment of principal and interest of that series of Notes will be made on the next business day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next business day. By "business day" we mean a weekday which is not a day when banking institutions in the place of payment are authorized or required by law or regulation to be closed. Each series of Notes will be available for purchase in denominations of \$2,000 and integral multiples of \$1,000 in book-entry form only. See "—Book-Entry System; Delivery and Form."

Guarantees

Subject to the limitations described in the accompanying prospectus under the heading "Description of Debt Securities—Subsidiary Guarantees," all of our existing and future subsidiaries that guarantee any of our other indebtedness (the "Subsidiary Guarantors") will, jointly and severally, fully, unconditionally and irrevocably guarantee (the "Subsidiary Guarantees") the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the principal of and interest on the Notes and all of our other monetary obligations under the indenture. At the time of issuance, the Notes will be guaranteed by all of our existing and future subsidiaries that guarantee any of our other indebtedness. Upon the closing of the Merger, Bai will fully and unconditionally guarantee the Notes.

The terms of the guarantees are more fully described in the accompanying prospectus under the heading "Description of Debt Securities—Subsidiary Guarantees."

TABLE OF CONTENTS

Ranking

The Notes and the Subsidiary Guarantees will be senior unsecured obligations of the Company and the Subsidiary Guarantors, respectively, and will rank equally in right of payment with all existing and future unsecured and unsubordinated obligations of the Company and the Subsidiary Guarantors, respectively.

The Notes and the Subsidiary Guarantees will effectively rank junior to all existing and future secured indebtedness of the Company and the Subsidiary Guarantors, respectively, to the extent of the value of the assets securing such indebtedness. As of September 30, 2016, the Company and the Subsidiary Guarantors had no secured indebtedness (other than capital leases).

In addition, the Notes will effectively rank junior to all liabilities of the Company's Subsidiaries (as defined herein) that are not guaranteeing the Notes (excluding any amounts owed by such Subsidiaries to the Company). The Company derives a portion of its operating income and cash flow from its investments in its Subsidiaries that will not become Subsidiary Guarantors. Claims of creditors of the Company's Subsidiaries that are not guaranteeing the Notes generally will have priority with respect to the assets and earnings of such Subsidiaries over the claims of Company's creditors, including holders of the Notes. Accordingly, the Notes will be effectively subordinated to creditors, including trade creditors and preferred stockholders, if any, of the Company's Subsidiaries that are not guaranteeing the Notes. For the nine months ended September 30, 2016 and for the year ended December 31, 2015, our non-guarantor subsidiaries accounted for \$486 million and \$633 million, respectively, of our consolidated net sales and \$89 million and \$113 million, respectively, of our consolidated income from operations. As of September 30, 2016, the total liabilities of our non-guarantor subsidiaries was approximately \$118 million, including trade payables, and the total assets of such subsidiaries was approximately \$721 million. See "Risk Factors—The Notes are effectively subordinated to the indebtedness of our subsidiaries that are not guaranteeing the Notes."

Further Issuances

The indenture does not limit the amount of debt securities that we may issue under the indenture and provides that debt securities may be issued from time to time in one or more series. We may from time to time, without giving notice to or seeking the consent of the holders of any series of Notes, issue debt securities having the same terms (except for the issue date, and, in some cases, the public offering price and the first interest payment date) as, and ranking equally and ratably with, the applicable series of Notes. Any additional debt securities having such similar terms, together with the applicable series of Notes, will constitute a single series of securities under the indenture, including for purposes of voting and redemptions. No such additional debt securities may be issued if an "event of default" (as such term is defined in the accompanying prospectus) has occurred and is continuing with respect to the applicable series of Notes.

Optional Redemption

We may redeem the 2021 Notes, in whole or in part, at any time prior to October 15, 2021 (one month prior to the maturity date of the 2021 Notes), the 2023 Notes, in whole or in part, at any time prior to October 15, 2023 (two months prior to the maturity date of the 2023 Notes), the 2027 Notes, in whole or in part, at any time prior to March 15, 2027 (three months prior to the maturity date of the 2027 Notes) and the 2046 Notes, in whole or in part, at any time prior to June 15, 2046 (six months prior to the maturity date of the 2046 Notes), in each case, at our option, at a redemption price equal to the greater of:

• 100% of the principal amount of the Notes being redeemed; and
• the sum of the present value of the Remaining Scheduled Payments (as defined herein) of the Notes being redeemed discounted to the redemption date on a semi-annual basis (assuming a 360-day year of twelve 30-day months), at the Treasury Rate (as defined herein) plus 12.5 basis points in the case of the 2021 Notes, 15 basis points in the case of the 2023 Notes, 20 basis points in the case of the 2027 Notes and 25 basis points in the case of the 2046 Notes; plus, in each case, accrued and unpaid interest to the redemption date.

In addition, at any time on or after October 15, 2021 (one month prior to the maturity date of the 2021 Notes), on or after October 15, 2023 (two months prior to the maturity date of the 2023 Notes), on or after March 15, 2027 (three months prior to the maturity date of the 2027 Notes) and on or after June 15, 2046 (six months prior to the maturity date of the 2046 Notes), we may redeem the 2021 Notes, the 2023 Notes, the 2027 Notes or the 2046 Notes,

respectively, in whole or in part, at our option, at a redemption price equal to 100% of the principal amount of the 2021 Notes, the 2023 Notes, the 2027 Notes or the 2046 Notes, as applicable, being redeemed plus accrued and unpaid interest to the redemption date.

"Treasury Rate" means, for any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity, computed as of the second business day immediately preceding that redemption date, of the Comparable Treasury Issue (as defined herein), assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date. The Company will, prior to such redemption date, provide written notice executed by an officer of the Company of the Treasury Rate to the Trustee, including the calculation thereof in reasonable detail.

"Comparable Treasury Issue" means the U.S. Treasury security selected by an Independent Investment Banker (as defined herein) as having a maturity comparable to the remaining term of the Notes to be redeemed (assuming that the 2021 Notes matured on October 15, 2021, the 2023 Notes matured on October 15, 2023, the 2027 Notes matured on March 15, 2027 and the 2046 Notes matured on June 15, 2046) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes to be redeemed.

"Comparable Treasury Price" means, with respect to any redemption date (1) the average of the Reference Treasury Dealer Quotations (as defined herein) for such redemption date, after excluding the highest and lowest of the Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than four Reference Treasury Dealer Quotations, the average of all of such quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers (as defined herein) appointed by us.

"Reference Treasury Dealer" means (i) each of Credit Suisse Securities (USA) LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and Morgan Stanley & Co. LLC (or their respective affiliates that are primary U.S. Government securities dealers), and their respective successors, or if at any time any of the above is not a primary U.S.

Government securities dealer, another nationally recognized investment banking firm selected by the Company that is a primary U.S. Government securities dealer and (ii) one other primary U.S. Government securities dealers selected by us.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

"Remaining Scheduled Payments" means, with respect to each Note to be redeemed, the remaining scheduled payments of the principal and interest of such Notes that would be due if such Notes matured on October 15, 2021 (one month prior to the maturity date), for the 2021 Notes, on October 15, 2023 (two months prior to the maturity date), for the 2023 Notes, on March 15, 2027 (three months prior to the maturity date), for the 2027 Notes, or on June 15, 2046 (six months prior to the maturity date), for the 2046 Notes.

Notice of any redemption will be mailed at least 15 days but not more than 30 days before the redemption date to each registered holder of the series of Notes to be redeemed, except that redemption notices may be mailed more than 30 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the indenture. The notice of redemption will state any conditions applicable to a redemption and the amount of the Notes of any series to be redeemed. If less than all the Notes of a series are to be redeemed, the trustee shall, subject to applicable law, select the Notes of such series to be redeemed as follows: (1) if the Notes of such series are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes of such series are listed; or (2) on a pro rata basis, if the Notes of such series are not listed on any national securities exchange. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Notes or portions thereof called for redemption.

Except as described above and below under "—Special Mandatory Redemption," the Notes will not be redeemable by us prior to maturity.

Sinking Fund

The Notes will not be entitled to any sinking fund.

TABLE OF CONTENTS

Special Mandatory Redemption

In the event that the Merger Closing Date (as defined below) does not occur on or prior to December 14, 2017 (the first anniversary of the issue date of the Notes) or if the Merger Agreement is terminated at any time on or prior to December 14, 2017 (the first anniversary of the issue date of the Notes) (each of such events being a "Special Mandatory Redemption Trigger"), then we will redeem in whole and not in part the principal amount of each series of Notes outstanding on the Special Mandatory Redemption Date (as defined below) at a redemption price (the "Special Mandatory Redemption Price") equal to 101% of the principal amount of the applicable series of Notes to be redeemed, plus accrued and unpaid interest to the Special Mandatory Redemption Date (as defined below) (the "Special Mandatory Redemption") (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

We will cause a notice of Special Mandatory Redemption to be mailed to the trustee and mailed, or delivered electronically if held by DTC in accordance with DTC's customary procedures, to the holders of each series of Notes at their registered addresses no later than 10 days following the occurrence of a Special Mandatory Redemption Trigger, which shall provide for the redemption of such series of Notes on the redemption date set forth in such notice (the "Special Mandatory Redemption Date"), which shall be at least 10 business days but not more than 30 days following the date of such notice. Unless we default in payment of the Special Mandatory Redemption Price, on and after the Special Mandatory Redemption Date, interest will cease to accrue on the Notes or portions thereof called for redemption.

The provisions described in this "Special Mandatory Redemption" section may not be waived or modified with respect to any series of Notes without the written consent of all holders of such series of Notes.

Upon the occurrence of the Merger Closing Date on or prior to December 14, 2017, the provisions described in this "Special Mandatory Redemption" section will cease to apply.

"Merger Closing Date" means the date on which the Merger is consummated.

Offer to Repurchase Upon a Change of Control Triggering Event

If a Change of Control Triggering Event (as defined below) occurs with respect to a series of Notes, holders of such Notes may require us to repurchase all or any part (equal to an integral multiple of \$1,000) of their Notes at a purchase price of 101% of the principal amount, plus accrued and unpaid interest, if any, on such Notes to the date of purchase (unless a notice of redemption or a notice of Special Mandatory Redemption has been mailed within 30 days after such Change of Control Triggering Event stating that all of the Notes will be redeemed as described above); provided that the principal amount of a Note remaining outstanding after a repurchase in part shall be \$2,000 or an integral multiple of \$1,000 in excess thereof. We will be required to mail to holders of the Notes a notice describing the transaction or transactions constituting the Change of Control Triggering Event and offering to repurchase the Notes. The notice must be mailed within 30 days after any Change of Control Triggering Event, and the repurchase must occur no earlier than 30 days and no later than 60 days after the date the notice is mailed.

On the date specified for repurchase of the Notes, we will, to the extent lawful:

- accept for payment all properly tendered Notes or portions of the Notes;
- deposit with the paying agent the required payment for all properly tendered Notes or portions of the Notes; and
- deliver to the trustee the repurchased Notes, accompanied by an officers' certificate stating, among other things, the aggregate principal amount of repurchased Notes.

We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations applicable to the repurchase of the Notes. To the extent that these requirements conflict with the provisions requiring repurchase of the Notes, we will comply with these requirements instead of the repurchase provisions and will not be considered to have breached our obligations with respect to repurchasing the Notes. Additionally, if an event of default exists under the indenture (which is unrelated to the repurchase provisions of the Notes), including events of default arising with respect to other issues of debt securities, we will not be required to repurchase the Notes notwithstanding these repurchase provisions.

We will not be required to comply with the obligations relating to repurchasing the Notes if a third party instead satisfies them.

Table of Contents

TABLE OF CONTENTS

For purposes of the repurchase provisions of the Notes, the following terms will be applicable:

"Change of Control" means the occurrence of any of the following:

the consummation of any transaction (including, without limitation, any merger or consolidation) resulting in any

"person" (as that term is used in Section 13(d)(3) of the Exchange Act) (other than us or one of our subsidiaries)

becoming the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly,

of more than 50% of our Voting Stock or other Voting Stock into which our Voting Stock is reclassified,

consolidated, exchanged or changed, measured by voting power rather than number of shares;

the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in

a transaction or a series of related transactions, of all or substantially all of our assets and the assets of our

subsidiaries, taken as a whole, to one or more "persons" (as that term is defined in the indenture) (other than us or one

of our subsidiaries); or

the first day on which a majority of the members of our Board of Directors are not Continuing Directors.

Notwithstanding the foregoing, a transaction will not be considered to be a change of control if (a) we become a direct

or indirect wholly owned subsidiary of a holding company and (b)(y) immediately following that transaction, the

direct or indirect holders of the voting stock of the holding company are substantially the same as the holders of our

voting stock immediately prior to that transaction or (z) immediately following that transaction no person is the

beneficial owner, directly or indirectly, of more than 50% of the voting stock of the holding company.

"Change of Control Triggering Event" means the occurrence of both a Change of Control and a Rating Event.

"Continuing Directors" means, as of any date of determination, any member of our Board of Directors who (a) was a

member of the Board of Directors on the date the Notes were issued or (b) was nominated, appointed or approved by a

majority of the members of our Board of Directors who were continuing directors at the time of such nomination,

appointment or approval.

Under a recent Delaware Chancery Court interpretation of a change of control repurchase requirement with a

continuing director provision, a board of directors may approve a slate of shareholder nominated directors without

endorsing them or while simultaneously recommending and endorsing its own slate instead. The foregoing

interpretation would permit our Board of Directors to approve a slate of directors that included a majority of dissident

directors nominated pursuant to a proxy contest, and the ultimate election of such dissident slate would not constitute

a "Change of Control Triggering Event" that would trigger your right to require us to repurchase the Notes as described

above.

"Fitch" means Fitch, Inc.

"Investment Grade Rating" means a rating equal to or higher than BBB- (or the equivalent) by Fitch, Baa3 (or the

equivalent) by Moody's and BBB- (or the equivalent) by S&P, and the equivalent investment grade credit rating from

any replacement Rating Agency or Rating Agencies selected by us.

"Moody's" means Moody's Investors Service, Inc.

"Rating Agencies" means (a) each of Fitch, Moody's and S&P; and (b) if any of Fitch, Moody's or S&P ceases to rate

the Notes or fails to make a rating of the Notes publicly available for reasons outside of our control, a "nationally

recognized statistical rating organization" (within the meaning of Section 3(a)(62) of the Exchange Act) selected by us

as a replacement Rating Agency for a former Rating Agency.

Table of Contents

TABLE OF CONTENTS

"Rating Event" means the rating on the applicable series of Notes is lowered by each of the Rating Agencies and such Notes are rated below an Investment Grade Rating by each of the Rating Agencies on any day within the 60-day period (which 60-day period will be extended so long as the rating of the Notes is under publicly announced consideration for a possible downgrade by any of the Rating Agencies) after the earlier of (a) the occurrence of a Change of Control and (b) public notice of the occurrence of a Change of Control or our intention to effect a Change of Control; provided that a Rating Event will not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Rating Event for purposes of the definition of Change of Control Triggering Event) if each Rating Agency making the reduction in rating does not publicly announce or confirm or inform the trustee in writing at our request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the Change of Control (whether or not the applicable Change of Control has occurred at the time of the Rating Event). If any Rating Agency that provided a rating of a series of Notes on the day immediately prior to the beginning of such 60-day period (or extension thereof) is not providing a rating of such series of Notes at the end of such 60-day period (or extension thereof) for any reason, such 60-day period (or extension thereof) shall be extended an additional 30 days and, if the Company has not selected a replacement Rating Agency on or before the end of such 30-day period, then such Rating Agency shall be deemed to have lowered its rating of such series of Notes at the end of such 30-day period to be below an Investment Grade Rating.

"S&P" means S&P Global Ratings, a division of The McGraw-Hill Financial, Inc.

"Voting Stock" means, with respect to any specified "person" (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date, the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Certain Covenants

Limitation on Secured Indebtedness

The Company will not, and will not permit any of its Subsidiaries to, incur, issue, assume or guarantee any Indebtedness secured by a Lien on any Principal Property or on any Capital Stock or Indebtedness of any Subsidiary of the Company owning any Principal Property, whether now owned or hereafter acquired by the Company or any Subsidiary of the Company, without effectively providing that the outstanding Notes and the Subsidiary Guarantees (together with, if the Company shall so determine, any other Indebtedness of the Company or such Subsidiary then existing or thereafter created which is not subordinate to the Notes or the Subsidiary Guarantees) shall be secured equally and ratably with (or prior to) such secured Indebtedness so long as such secured Indebtedness shall be so secured. The foregoing restrictions do not apply to:

(1) Permitted Encumbrances;

(2) Liens (as defined herein) on any asset or property existing at the date of the indenture, provided that such Liens shall not apply to any other property or asset of the Company or any Subsidiary of the Company (other than the proceeds or products of the property or asset originally subject to such Liens), and such Liens shall secure only those obligations which they secure on the date of the indenture and extensions, renewals and replacements thereof that do not increase the outstanding principal amount thereof;

(3) Liens on any asset or property of any corporation or other Person existing at the time such corporation or other Person becomes a Subsidiary of the Company or is merged with or into or consolidated with the Company or any Subsidiary of the Company, provided that such Liens were in existence prior to such corporation or other Person becoming a Subsidiary of the Company or such merger or consolidation and shall not apply to any other property or asset of the Company or any Subsidiary of the Company (other than the proceeds or products of the property or asset originally subject to such Liens), and such Liens shall secure only those obligations which they secure on the date that such corporation or other Person becomes a Subsidiary of the Company or the date of such merger or consolidation, and extensions, renewals and replacements thereof that do not increase the outstanding principal amount thereof;

(4) Liens securing Indebtedness of

▪ a Subsidiary of the Company to the Company or a Subsidiary Guarantor,

(5) Liens on any property or asset to secure the payment of all or any part of the Capital Lease Obligations (as defined herein) or purchase price of such property or asset upon the acquisition or lease of such property or asset by the Company or a Subsidiary of the Company or to secure any Indebtedness incurred prior to, at the time of, or within 270 days after, the later of the date of acquisition or lease of such property or asset and the date such property or asset is placed in service, for the purpose of financing all or any part of the purchase price thereof or Capital Lease Obligations with respect thereto, or Liens to secure any Indebtedness incurred for the purpose of financing the cost to the Company or a Subsidiary of the Company of construction, alteration or improvement to such acquired property or asset;

(6) Liens securing industrial revenue bonds, pollution control bonds or other similar tax-exempt bonds;

(7) any other Liens incidental to construction or maintenance of real property of the Company or any Subsidiary of the Company which were not incurred in connection with borrowing money or obtaining advances or credits or the acquisition of property or assets and in the aggregate do not materially impair the use of any property or assets or which are being contested in good faith by the Company or such Subsidiary; or

(8) any extension, renewal or replacement (including successive extensions, renewals or replacements), as a whole or in part, of any of the Liens enumerated in clauses (1) through (7) above; provided, however, that

such extension, renewal or replacement Liens are limited to all or part of the same property or asset that secured the

Liens extended, renewed, or replaced (plus improvements on such property or asset) and

the principal amount of Indebtedness secured by such Liens at such time is not increased.

Notwithstanding the restrictions set forth in the preceding paragraph, the Company and its Subsidiaries will be permitted to incur, issue, assume or guarantee Indebtedness secured by a Lien on any Principal Property (as defined herein) or on any Capital Stock (as defined herein) or Indebtedness (as defined herein) of any Subsidiary of the Company owning any Principal Property which would otherwise be subject to the foregoing restrictions without equally and ratably securing the Notes and the Subsidiary Guarantees, if as of the time of such incurrence, issuance, assumption or guarantee, after giving effect thereto, the aggregate principal amount of all Indebtedness secured by Liens on any Principal Property or on any Capital Stock or Indebtedness of any Subsidiary of the Company owning any Principal Property (not including Indebtedness secured by Liens permitted under clauses (1) through (8) above), together (without duplication) with the aggregate amount of Attributable Debt (as defined herein) outstanding in respect of sale and leaseback transactions entered into pursuant to the second paragraph of the "—Limitation on Sale and Leaseback Transactions" covenant described below, does not at the time exceed 15% of Consolidated Total Assets (as defined herein) of the Company calculated as of the time of such incurrence, issuance, assumption or guarantee of secured Indebtedness.

Limitation on Sale and Leaseback Transactions

The Company will not directly or indirectly, and will not permit any of its Subsidiaries directly or indirectly to, engage in the sale or transfer of any Principal Property to a Person and the taking back by the Company or any of its Subsidiaries, as the case may be, of a lease of such Principal Property, whether now owned or hereafter acquired, unless:

(1) such transaction was entered into prior to date of the indenture;

(2) such transaction was for the sale and leasing back to the Company by any one of its Subsidiaries;

(3) such transaction involves a lease for not more than three years;

(4) such transaction occurs within six months from the date of acquisition of the subject Principal Property or the date of the completion of construction or commencement of full operations of such Principal Property, whichever is later;

(5) the Company or such Subsidiary would be entitled to incur Attributable Debt secured by a Lien with respect to such sale and leaseback transaction without equally and ratably securing the Notes pursuant to the provisions described in clauses (1) through (8) of the "—Limitation on Secured Indebtedness" covenant described above; or

(6) the Company or such Subsidiary applies an amount equal to the net proceeds from the sale of such Principal Property to the purchase of other property or assets used or useful in its business or to the retirement of Funded Debt (as defined herein) within 270 days before or after the effective date of any such sale and leaseback transaction; provided that, in lieu of applying such amount to the retirement of Funded Debt, the Company or such Subsidiary may deliver the Notes to the trustee for cancellation, such Notes to be credited to the amount of net proceeds from the sale of such property or assets at the cost of acquisition of such Notes to the Company or such Subsidiary.

Notwithstanding the restrictions set forth in the preceding paragraph, the Company and its Subsidiaries may enter into any sale and leaseback transaction which would otherwise be prohibited by the foregoing restrictions, if as of the time of entering into such sale and leaseback transaction, after giving effect thereto, the aggregate amount of all Attributable Debt with respect to sale and leaseback transactions (not including Attributable Debt with respect to sale and leaseback transactions permitted under clauses (1) through (5) above), together (without duplication) with the aggregate principal amount of all Indebtedness secured by Liens on any Principal Property or on any Capital Stock or Indebtedness of any Subsidiary of the Company owning any Principal Property outstanding pursuant to the second paragraph of the "—Limitation on Secured Indebtedness" covenant described above, does not at the time exceed 15% of Consolidated Total Assets of the Company calculated as of the time of entry into such sale and leaseback transaction.

Consolidation, Merger or Sale of Assets

The Company will not consolidate or combine with or merge with or into or, directly or indirectly, sell, assign, convey, lease, transfer or otherwise dispose of all or substantially all of its assets to any person or persons in a single transaction or through a series of transactions, unless:

the Company shall be the successor or continuing person or, if the Company is not the successor or continuing person, the resulting, surviving or transferee person (the "surviving entity") is a company organized and existing under the laws of the U.S., any State thereof or the District of Columbia that expressly assumes all of the Company's obligations under the Notes and the indenture pursuant to a supplemental indenture executed and delivered to the trustee;

immediately after giving effect to such transaction or series of transactions, no event of default has occurred and is continuing; and

the Company or the surviving entity will have delivered to the trustee an officers' certificate and opinion of counsel stating that the transaction or series of transactions and a supplemental indenture, if any, complies with the indenture.

If any consolidation or merger or any sale, assignment, conveyance, lease, transfer or other disposition of all or substantially all of the Company's assets occurs in accordance with the indenture, the surviving entity will succeed to, and be substituted for, and may exercise every right and power of the Company under the indenture with the same effect as if such surviving entity had been named as the Company. The Company will (except in the case of a lease) be discharged from all obligations and covenants under the indenture and any debt securities issued thereunder.

Notwithstanding the foregoing, the Company may merge or consolidate into or with any Subsidiary Guarantor.

Certain Definitions

As used in this section, the following terms have the meanings set forth below.

"Attributable Debt" in respect of a sale and leaseback transaction means, at any time of determination, the present value at that time of the obligation of the lessee for net rental payments during the remaining term of the lease included in such sale and leaseback transaction. Such present value will be calculated using a discount rate equal to the rate of interest implicit in such transaction, determined in accordance with GAAP; provided, however, that if such sale and leaseback transaction results in a Capital Lease Obligation, the amount of Attributable Debt represented thereby will be determined in accordance with the definition of "Capital Lease Obligation."

"Capital Lease Obligation" means, at any time of determination, the amount of the liability in respect of a capital lease that would at that time be required to be capitalized on a balance sheet prepared in accordance with GAAP.

Concerning the Trustee

The trustee, in its individual and any other capacity, may make loans to, accept deposits from, and perform services for the Company or any Subsidiary Guarantor as if it were not the trustee; however, if it acquires any conflicting interest, it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

Before the trustee acts or refrains from acting, it may require an officers' certificate and/or an opinion of counsel. The trustee will not be liable for any action it takes or omits to take in good faith in reliance on an officers' certificate and/or opinion of counsel. The trustee will not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within the rights or powers conferred upon it by the indenture.

The indenture provides that in case an event of default shall occur and be continuing (which shall not be cured), the trustee is required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of its own affairs. Subject to such provisions, the trustee is under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any holder of the Notes, unless such holder shall have offered to the trustee indemnity or security against loss, liability or expense satisfactory to the trustee in its sole discretion.

Wells Fargo Bank, N.A. is the trustee under the indenture. Wells Fargo Bank, N.A. also serves as trustee under the base indenture and the supplemental indentures related to other senior debt securities that we have issued.

Book-Entry System; Delivery and Form

Global Notes

We will issue the Notes in the form of one or more global notes in definitive, fully registered, book-entry form. The global notes will be deposited with or on behalf of DTC and registered in the name of Cede & Co., as nominee of DTC.

DTC, Clearstream and Euroclear

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Investors may hold interests in the global notes through either DTC (in the U.S.), Clearstream Banking, S.A., which we refer to as Clearstream, or Euroclear Bank SA/NV, which we refer to as Euroclear, in Europe, either directly if they are participants in such systems ("Direct Participants") or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their U.S. depositories, which in turn will hold such interests in customers' securities accounts in the U.S. depositories' names on the books of DTC.

We have obtained the information in this section concerning DTC, Clearstream and Euroclear and the book-entry system and procedures from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information.

We understand that:

- DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under Section 17A of the Exchange Act;

DTC holds securities that the Direct Participants, its participants, deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates;

Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations;

DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is owned by the users of its regulated subsidiaries;

access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly; and

the rules applicable to DTC and its direct and indirect participants are on file with the SEC.

TABLE OF CONTENTS

We understand that Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its customers and facilitates the clearance and settlement of securities transactions between its customers through electronic book-changes in accounts of its customers, thereby eliminating the need for physical movement of certificates. Clearstream provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Section. Clearstream customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream customer either directly or indirectly.

We understand that Euroclear was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V., which we refer to as the Euroclear Operator, under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation, which we refer to as the Cooperative. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers, and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

We understand that the Euroclear Operator is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking and Finance Commission.

We have provided the descriptions of the operations and procedures of DTC, Clearstream and Euroclear in this prospectus supplement solely as a matter of convenience, and we make no representation or warranty of any kind with respect to these operations and procedures. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. None of us, the underwriters or the trustee takes any responsibility for these operations or procedures, and you are urged to contact DTC, Clearstream and Euroclear or their participants directly to discuss these matters.

We expect that under procedures established by DTC:

upon deposit of the global notes with DTC or its custodian, DTC will credit on its internal system the accounts of Direct Participants designated by the underwriters with portions of the principal amounts of the global notes; and ownership of the Notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC or its nominee, with respect to interests of Direct Participants, and the records of direct and indirect participants, with respect to interests of persons other than participants.

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer interests in the Notes represented by a global note to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in the Notes represented by a global note to pledge or transfer those interests to persons or entities that do not participate in DTC's system, or otherwise to take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of a global note, DTC or that nominee will be considered the sole owner or holder of the Notes represented by that global note for all purposes under the indenture and under the

Notes. Except as provided below, owners of beneficial interests in a global note will not be entitled to have the Notes represented by that global note registered in their names, will not receive or be entitled to receive physical delivery of certificated Notes and will not be considered the owners or holders thereof under the indenture or under the Notes for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of the Notes under the indenture or a global note.

Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of the Notes by DTC, Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the Notes.

S-30

Table of Contents

TABLE OF CONTENTS

Payments on the Notes represented by the global notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. We expect that DTC or its nominee, upon receipt of any payment on the Notes represented by a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the global note as shown in the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global note held through such participants will be governed by standing instructions and customary practice as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. The participants will be solely responsible for those payments.

Distributions on the Notes held beneficially through Clearstream will be credited to cash accounts of its customers in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively referred to herein as the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions on the Notes held beneficially through Euroclear will be credited to the cash accounts of its participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

Clearance and Settlement Procedures

Initial settlement for the Notes will be made in immediately available funds. Secondary market trading between Direct Participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable, and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by the U.S. depository. Such cross-market transactions, however, will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depository to take action to effect settlement on its behalf by delivering or receiving the Notes in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their U.S. depositories.

Because of time-zone differences, credits of the Notes received in Clearstream or Euroclear as a result of a transaction with a Direct Participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in the Notes settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of the Notes by or through a Clearstream customer or a Euroclear participant to a Direct Participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures to facilitate transfers of the Notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

Certificated Notes

We will issue certificated Notes to each person that DTC identifies as the beneficial owner of the Notes represented by a global note upon surrender by DTC of the global note if:

DTC notifies us that it is no longer willing or able to act as a depository for such global note or ceases to be a clearing agency registered under the Exchange Act, and we have not appointed a successor depository within 90 days of that notice or becoming aware that DTC is no longer so registered;

an event of default under the indenture has occurred and is continuing, and DTC requests the issuance of certificated Notes; or

we determine not to have the Notes represented by a global note.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

THIS SUMMARY IS OF A GENERAL NATURE AND IS INCLUDED HEREIN SOLELY FOR INFORMATION PURPOSES. THIS SUMMARY IS NOT INTENDED TO BE, AND SHOULD NOT BE, CONSTRUED TO BE LEGAL OR TAX ADVICE. NO REPRESENTATION WITH RESPECT TO THE CONSEQUENCES TO ANY PARTICULAR PURCHASER OF THE NOTES IS MADE. PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THEIR PARTICULAR CIRCUMSTANCES.

The following discussion summarizes the material U.S. federal income tax considerations relevant to U.S. Holders and Non-U.S. Holders (both as defined below) relating to the purchase, ownership and disposition of the Notes. This summary is based upon the U.S. Internal Revenue Code of 1986, as amended (the "Code"), existing and proposed Treasury Regulations promulgated thereunder, rulings, pronouncements, judicial decisions and administrative interpretations of the U.S. Internal Revenue Service (the "IRS"), each as in effect as of the date of this document, and all of which are subject to change, possibly on a retroactive basis, and may be subject to different interpretations. We cannot assure you that the IRS will not challenge the conclusions stated below, and no ruling from the IRS or opinion of counsel has been (or will be) sought on any of the matters discussed below.

This discussion is limited to holders purchasing the Notes pursuant to this offering for cash at the price set forth on the cover of this prospectus supplement and holding the Notes as "capital assets" within the meaning of Section 1221 of the Code (generally, property held for investment). The following summary does not purport to be a complete analysis of all the potential U.S. federal income tax considerations relating to the purchase, ownership, and disposition of the Notes. Without limiting the generality of the foregoing, this summary does not address the effect of any special rules applicable to certain types of beneficial owners, including, without limitation, dealers and traders in securities or currencies, insurance companies, financial institutions, thrifts, regulated investment companies, real estate investment trusts, broker-dealers, small business investment companies, tax-exempt entities, governmental bodies or agencies and instrumentalities thereof, U.S. Holders whose functional currency is not the U.S. dollar, U.S. expatriates, persons who hold the Notes as part of a straddle, hedge, conversion transaction, or other risk reduction or integrated investment transaction, investors in securities that elect to use a mark-to-market method of accounting for their securities holdings, individual retirement accounts or qualified pension plans, controlled foreign corporations, passive foreign investment companies or investors in pass-through entities, including partnerships and Subchapter S corporations. This summary does not address the effect of any foreign, state or local income or other tax laws or any U.S. federal estate and gift tax laws.

If a partnership (including any entity or arrangement classified as a partnership for U.S. federal income tax purposes) holds a Note, the tax treatment of a partner in that partnership generally will depend on the status of the partner and activities of the partnership. Holders of the Notes that are partnerships and partners in those partnerships are urged to consult their tax advisors regarding the U.S. federal income tax consequences of the purchase, ownership and disposition of the Notes.

Certain Additional Payments

In certain circumstances (See "Description of the Notes-Optional Redemption," "Description of the Notes—Special Mandatory Redemption" and "Description of the Notes-Offer to Repurchase Upon a Change of Control Triggering Event"), we may pay amounts on the Notes that are in excess of the stated interest or principal of the Notes. These potential payments may implicate the provisions of the U.S. Treasury Regulations relating to contingent payment debt instruments. We do not intend to treat the possibility of paying such additional amounts as causing the Notes to be treated as contingent payment debt instruments. However, additional income will be recognized if any such additional payment is made. In certain circumstances, the holder may be required to disclose its contrary position to the IRS in the manner that is required by applicable Treasury Regulations. Our determination is not, however, binding on the IRS. It is possible that the IRS might take a different position from that described above, in which case, if such position is sustained, you might be required to accrue ordinary interest income at a higher rate than the stated interest rate and to treat as ordinary income rather than capital gain any gain realized on the taxable disposition of the Notes. The remainder of this discussion assumes that the Notes are not contingent payment debt instruments.

Table of Contents

TABLE OF CONTENTS

U.S. Holders

The term "U.S. Holder" means a beneficial owner of a Note that is for U.S. federal income tax purposes:

- an individual who is a citizen of the U.S. or who is a resident alien of the U.S.;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the U.S., any state thereof, or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if a court within the U.S. is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or if a valid election is in effect under applicable Treasury Regulations to be treated as a U.S. person.

Taxation of Interest

Interest on a Note will generally be includable in income of a U.S. Holder as ordinary income, in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes. A U.S. Holder using the accrual method of accounting for federal income tax purposes must include interest on the Notes in ordinary income as interest accrues. A U.S. Holder using the cash receipts and disbursements method of accounting for U.S. federal income tax purposes must include interest in ordinary income when payments are received, or made available for receipt, by the U.S. Holder.

Sale, Exchange, or Retirement of a Note

A U.S. Holder will generally recognize capital gain or loss on a sale, exchange, redemption, retirement or other taxable disposition of a Note measured by the difference, if any, between:
the amount of cash and the fair market value of any property received, except to the extent that the cash or other property received in respect of a Note is attributable to accrued but unpaid interest on the Note, which amount will be taxable as ordinary income (to the extent not previously included in income); and
the U.S. Holder's adjusted tax basis in the Note.

Such capital gain or loss will be treated as a long-term capital gain or loss if, at the time of the sale or exchange, the Note has been held by the U.S. Holder for more than one year; otherwise, the capital gain or loss will be short-term. Non-corporate taxpayers may be subject to a lower federal income tax rate on their net long-term capital gains than that applicable to ordinary income.

U.S. Holders are subject to certain limitations on the deductibility of their capital losses.

Information Reporting and Backup Withholding

Information reporting generally will apply to payments of interest on, and to the proceeds from the sale or other disposition (including a retirement or redemption) of, the Notes, unless the U.S. Holder is an exempt recipient such as a corporation. Backup withholding may apply to such payments unless the U.S. Holder provides the applicable withholding agent with a taxpayer identification number, certified under penalties of perjury, as well as certain other information. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be credited against the U.S. Holder's U.S. federal income tax liability, and the U.S. Holder may be entitled to a refund of amounts withheld in excess of the U.S. Holder's U.S. federal income tax liability provided such U.S. Holder timely furnishes the required information to and/or files the necessary returns or claims with the IRS. We cannot refund amounts once withheld.

Tax on Net Investment Income

A 3.8% tax is imposed on the "net investment income" of certain U.S. individuals and on the undistributed "net investment income" of certain estates and trusts. Among other items, "net investment income" generally includes interest and certain net gain from the disposition of property (which would include the Notes), less certain deductions. Prospective holders should consult their tax advisors with respect to the applicability of the tax described above.

TABLE OF CONTENTS

Non-U.S. Holders

The following summary is limited to the U.S. federal income tax consequences relevant to a beneficial owner of a Note who is an individual, corporation, estate or trust for U.S. federal income tax purposes and who is not a U.S. Holder (a "Non-U.S. Holder"). In the case of a Non-U.S. Holder who is an individual, the following summary assumes that this individual was not formerly a U.S. citizen, and was not formerly a resident of the U.S. for U.S. federal income tax purposes.

Taxation of Interest

Subject to the discussions under "-Information Reporting and Backup Withholding" and "-FATCA Withholding", payments of interest on a Note to any Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax provided the applicable withholding agent receives the required certification from the Non-U.S. Holder (as discussed below) and the Non-U.S. Holder is not:

- an actual or constructive owner of 10% or more of the total combined voting power of all our voting stock;
 - a controlled foreign corporation related, directly or indirectly, to us through stock ownership;
 - a bank receiving interest on the Notes in connection with an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its business; or
- receiving such interest payments as income effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the U.S. (and, if an income tax treaty applies to the Non-U.S. Holder, as income attributable to a permanent establishment of the Non-U.S. Holder in the U.S.).

In order to satisfy the certification requirement, the Non-U.S. Holder must provide a properly completed IRS Form W-8BEN or Form W-8BEN-E (or any applicable successor form) that provides the Non-U.S. Holder's name and address and certifies under penalties of perjury that the Non-U.S. Holder is not a U.S. person. Alternatively, in a case where a security clearing organization, bank or other financial institution holds the Notes in the ordinary course of its trade or business on behalf of the Non-U.S. Holder, the certification requirements provide that the applicable withholding agent receive from the financial institution a certification under penalties of perjury that a properly completed IRS Form W-8BEN or Form W-8BEN-E (or any applicable successor form) has been received by it, or by another such financial institution, from the Non-U.S. Holder, and that a copy of such a form be furnished to the applicable withholding agent. Special rules apply to foreign partnerships, estates and trusts, and in certain circumstances, certifications as to foreign status of partners, trust owners, or beneficiaries may be required to be provided to the applicable withholding agent. In addition, special rules apply to payments made through a qualified intermediary.

A Non-U.S. Holder that cannot satisfy the requirements described in the preceding paragraphs generally will be subject to U.S. federal withholding tax at the rate of 30%, unless (i) the Non-U.S. Holder provides a properly completed IRS Form W-8BEN or Form W-8BEN-E (or any applicable successor form) and other required documentation evidencing its entitlement to an exemption from (or a reduction of) withholding under an applicable income tax treaty, or (ii) payments of interest on the Notes are effectively connected with the conduct by the Non-U.S. Holder of a trade or business in the U.S. (and, in the event that an income tax treaty is applicable, payments of interest are also attributable to a U.S. permanent establishment maintained by the Non-U.S. Holder) and the Non-U.S. Holder meets the certification requirement discussed at the end of the following paragraph.

If the payments of interest on a Note are effectively connected with the conduct by a Non-U.S. Holder of a trade or business in the U.S. (and, if an income tax treaty applies, if the payments of interest are also attributable to a permanent establishment maintained by the Non-U.S. Holder in the U.S.), such payments will be subject to U.S. federal income tax on a net basis at the rates applicable to U.S. persons generally. If the Non-U.S. Holder is a corporation for U.S. federal income purposes, such payments also may be subject to a branch profits tax at the rate of 30%, or lower applicable treaty rate. If payments are subject to U.S. federal income tax on a net basis in accordance with the rules described in the preceding two sentences, such payments will not be subject to U.S. federal withholding tax so long as the Non-U.S. Holder provides the applicable withholding agent with a properly completed and executed IRS Form W-8ECI (or suitable substitute or successor form).

The certifications described above must be provided to the applicable withholding agent prior to the payment of interest and must generally be updated periodically. If a Non-U.S. Holder does not timely provide the applicable withholding agent with the required certifications, but the Non-U.S. Holder qualifies for a reduced rate under an applicable income tax treaty, the Non-U.S. Holder may obtain a refund of any excess amounts withheld if the Non-U.S. Holder timely provides the required information or appropriate claim form to the IRS. Non-U.S. Holders should consult their tax advisors regarding any applicable income tax treaties, which may provide for an exemption from, or reduced rate of, U.S. federal withholding or branch profits tax, or other rules different from those described above.

Sale, Exchange, or Disposition

Subject to the discussions under "-Information Reporting and Backup Withholding" and "-FATCA Withholding" below, any gain realized by a Non-U.S. Holder on the sale, exchange, redemption, retirement or other disposition of a Note generally will not be subject to U.S. federal income tax, unless:

such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the U.S. (and, if an income tax treaty applies, such gain is also attributable to a permanent establishment maintained by the Non-U.S. Holder in the U.S.); or

the Non-U.S. Holder is an individual who is present in the U.S. for 183 days or more in the taxable year of the disposition and certain other conditions are satisfied.

If the gain on a disposition of a Note is effectively connected with the conduct by a Non-U.S. Holder of a trade or business in the U.S. (and, if an income tax treaty applies, if the gain is also attributable to a permanent establishment maintained by the Non-U.S. Holder in the U.S.), such gain will generally be subject to U.S. federal income tax at regular graduated income tax rates applicable to U.S. Holders. If the Non-U.S. Holder is a corporation, that portion of its earnings and profits that is effectively connected with its U.S. trade or business (and, if an income tax treaty applies, is attributable to the Non-U.S. Holder's permanent establishment in the U.S.) also may be subject to a "branch profits tax" at a 30% rate, unless an applicable income tax treaty provides for a lower rate. A Non-U.S. Holder described in the second bullet point above will be subject to a flat U.S. federal income tax at a 30% rate (or, if an income tax treaty applies, such lower rate as is specified under the treaty) on the gain derived from the sale or other disposition, which may be offset by U.S. source capital losses.

Any amount allocable to accrued and unpaid interest generally will be taxable as interest and may be subject to the rules discussed above under "-Non-U.S. Holders-Taxation of Interest".

Information Reporting and Backup Withholding

Any payments of interest on the Notes to a Non-U.S. Holder will generally be reported to the IRS and to the Non-U.S. Holder. Copies of these information returns also may be made available under the provisions of a specific treaty or other agreement to the tax authorities of the country in which the Non-U.S. Holder resides.

Backup withholding and certain additional information reporting generally will not apply to payments of interest with respect to which either the requisite certification, as described under "-Non-U.S. Holders-Taxation of Interest" above (e.g., a properly completed and executed IRS Form W-8BEN or Form W-8BEN-E), has been received or an exemption otherwise has been established, provided that the applicable withholding agent has no actual knowledge or reason to know that the holder is, in fact, a U.S. person or that the conditions of any other exemption are not, in fact, satisfied.

The payment of the proceeds from the disposition of the Notes by or through the U.S. office of any broker, U.S. or foreign, will be subject to information reporting and backup withholding unless the Non-U.S. Holder certifies as to its non-U.S. status (e.g., by furnishing the broker with a properly completed and executed IRS Form W-8BEN or Form W-8BEN-E) or otherwise establishes an exemption, provided that the broker does not have actual knowledge or reason to know that the holder is a U.S. person or that the conditions of any other exemption are not, in fact, satisfied.

The payment of the proceeds from the disposition of the Notes by or through a non-U.S. office of a non-U.S. broker will not be subject to information reporting or backup withholding unless the non-U.S. broker has certain types of relationships with the U.S. (a "U.S. related person"). In the case of the payment of the proceeds from the disposition of the Notes by or through a non-U.S. office of a broker that is either a U.S. person or a U.S. related person, the Treasury Regulations require information reporting and backup withholding on the payment unless the broker has documentary evidence in its files that the beneficial owner is a Non-U.S. Holder and the broker has no knowledge or reason to know to the contrary.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be credited against the Non-U.S. Holder's U.S. federal income tax liability, and the Non-U.S. Holder may be entitled to a refund of amounts withheld in excess of the Non-U.S. Holder's U.S. federal income tax liability provided such Non-U.S. Holder timely furnishes the required information to and/or files the necessary returns or claims with the IRS. We cannot refund amounts once withheld.

TABLE OF CONTENTS

FATCA Withholding

Sections 1471 through 1474 of the Code and applicable Treasury Regulations thereunder (commonly referred to as "FATCA") generally impose a withholding tax at a 30% rate on payments to a "foreign financial institution" or a "non-financial foreign entity" (each as defined in the Code), unless: (1) in the case of a foreign financial institution, such institution enters into an agreement with the Treasury Department to withhold on certain payments and to collect substantial information regarding U.S. account holders, including certain account holders that are foreign entities with U.S. owners, (2) in the case of a non-financial foreign entity, such entity provides the withholding agent with a certification that it does not have any "substantial United States owners" (as defined in the Code) or a certification identifying its direct or indirect substantial United States owners, or (3) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules and provides appropriate documentation (such as an IRS Form W-8BEN-E). An intergovernmental agreement between the U.S. and the non-U.S. entity's jurisdiction may modify these requirements. Withholding under these rules (if applicable) applies to payments of interest on the Notes and, after December 31, 2018, to payments of gross proceeds from the sale, exchange, redemption, retirement or other disposition of the Notes. If withholding applies to the Notes, we will not be required to pay any additional amounts with respect to the amounts withheld. Non-U.S. Holders, and U.S. Holders holding the Notes through a non-U.S. intermediary, should consult their tax advisors regarding the potential application of FATCA to the Notes.

THE PRECEDING SUMMARY OF MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS IS FOR GENERAL INFORMATION ONLY AND IS NOT LEGAL OR TAX ADVICE. ACCORDINGLY, PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR OWN ADVISORS ON THE U.S. FEDERAL, STATE, LOCAL, AND FOREIGN TAX CONSEQUENCES OF THEIR PURCHASE, OWNERSHIP, AND DISPOSITION OF THE NOTES, AND ON THE CONSEQUENCES OF ANY CHANGES IN APPLICABLE LAW.

The underwriting agreement provides that the obligations of the underwriters to purchase the Notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the Notes if they purchase any of the Notes.

The underwriters propose to offer some of the Notes directly to the public at the public offering prices set forth on the cover page of this prospectus supplement and some of the Notes to dealers at the public offering prices less a concession not to exceed 0.200% of the principal amount of the 2021 Notes, 0.250% of the principal amount of the 2023 Notes, 0.300% of the principal amount of the 2027 Notes and 0.500% of the principal amount of the 2046 Notes. The underwriters may allow, and dealers may reallow a concession not to exceed 0.125% of the principal amount of the 2021 Notes, 0.125% of the principal amount of the 2023 Notes, 0.125% of the principal amount of the 2027 Notes and 0.250% of the principal amount of the 2046 Notes on sales to other dealers. After the initial offering of the Notes to the public, the representatives may change the public offering prices and concessions.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the Notes).

	Paid by Us
Per 2021 Note	0.350%
Per 2023 Note	0.400%
Per 2027 Note	0.450%
Per 2046 Note	0.875%

In connection with the offering, the representatives, on behalf of the underwriters, may purchase and sell the Notes in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment involves syndicate sales of the Notes in excess of the principal amount of the Notes to be

purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist

S-38

Table of Contents

TABLE OF CONTENTS

of certain bids or purchases of the Notes made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the representatives, in covering syndicate short positions or making stabilizing purchases, repurchase the Notes originally sold by that syndicate member.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the Notes. They may also cause the price of the Notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

We estimate that the total expenses for this offering will be approximately \$3 million, excluding underwriters' discounts and commissions.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

Alternative Settlement Dates

It is expected that delivery of the Notes will be made against payment on or about December 14, 2016, which is the seventh business day following the date hereof (such settlement cycle being referred to as "T+7"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes on the date of pricing or the next three succeeding business days will be required, by virtue of the fact that the Notes initially will settle in T+7, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement. Purchasers of the Notes who wish to trade the Notes on the date of pricing should consult their own advisors.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for us, for which they received or will receive customary fees and expenses. Certain of the underwriters and their affiliates are agents and/or lenders under our revolving credit facility agreement.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments, including serving as counterparties to certain derivative and hedging arrangements, and may actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the Company or our affiliates. If any of the underwriters or their respective affiliates have a lending relationship with us, certain of those underwriters or their respective affiliates routinely hedge, and certain other of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, those underwriters and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Credit Suisse Securities (USA) LLC is acting as financial advisor to us in connection with the Merger and will be paid customary fees in connection therewith.

- to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the representatives; or

FORWARD-LOOKING STATEMENTS

This prospectus, any prospectus supplement and the documents incorporated by reference herein and therein contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), including, in particular, statements about future events, future financial performance, plans, strategies, expectations, prospects, competitive environment, regulation and availability of raw materials. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words "may," "will," "expect," "anticipate," "believe," "estimate," "plan," "intend" or the negative of these terms or similar expressions. We have based these forward-looking statements on our current views with respect to future events and financial performance. Our actual financial performance could differ materially from those projected in the forward-looking statements due to the inherent uncertainty of estimates, forecasts and projections, and our financial performance may be better or worse than anticipated. Given these uncertainties, you should not put undue reliance on any forward-looking statements.

Forward-looking statements represent our estimates and assumptions only as of the date that they were made. We do not undertake any duty to update the forward-looking statements and the estimates and assumptions associated with them, except to the extent required by applicable securities laws. All of the forward-looking statements are qualified in their entirety by reference to the factors discussed in Item 1A under "Risk Factors" and elsewhere in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 and our other filings with the SEC. These risk factors may not be exhaustive as we operate in a continually changing business environment with new risks emerging from time to time that we are unable to predict or that we currently do not expect to have a material adverse effect on our business. You should carefully read those reports in their entirety as they contain important information about our business and the risks we face. See "Where You Can Find More Information" and "Incorporation of Certain Information by Reference" herein.

RISK FACTORS

Before you invest in the securities covered by this prospectus, you should carefully consider the factors discussed in Item 1A under "Risk Factors" and elsewhere in our Annual Report on Form 10-K for the year ended December 31, 2015 and the applicable prospectus supplement and cautionary notes regarding forward-looking statements included or incorporated by reference in this prospectus, together with all of the other information included in this prospectus, the applicable prospectus supplement and the documents we incorporate by reference. See "Incorporation of Certain Information by Reference" herein.

If any of the risks described in these reports or other documents were to materialize, our business, results of operations, cash flows, financial condition and prospects could be materially and adversely affected. In that case, our ability to make distributions to our stockholders or to pay interest on, or principal of, any debt securities issued by us, may be reduced, the trading prices of any of our publicly traded securities could decline and you could lose all or part of your investment.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of consolidated earnings to consolidated fixed charges for the six months ended June 30, 2016 and the five years ended December 31, 2015, 2014, 2013, 2012 and 2011.

	For the Six Months Ended June 30, 2016	For the Years Ended December 31,				
		2015	2014	2013	2012	2011
Ratio of earnings to fixed charges ⁽¹⁾	10.2x	10.0x	9.6x	4.9x	7.9x	8.1x

(1) Earnings represent income before provision for income taxes, equity in earnings of unconsolidated subsidiaries and cumulative effect of changes in accounting policies, plus (a) fixed charges and amortization of capitalized interest, and less (b) capitalized interest. Fixed charges include: (i) interest expense; (ii) capitalized interest; and (iii) the portion of rental expense which management believes is a reasonable approximation of the interest cost component

of rental expense incurred by us. When earnings are inadequate to cover fixed charges, the deficiency is reported. We had no preferred stock outstanding for any period presented, and accordingly, the ratio of consolidated earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

USE OF PROCEEDS

Unless we inform you otherwise in the prospectus supplement, we expect to use the net proceeds from the sale of securities for general corporate purposes.

DESCRIPTION OF CAPITAL STOCK

The following description of the material terms of our capital stock is based on the provisions of our Amended and Restated Certificate of Incorporation, as amended to date ("Certificate of Incorporation"), our Amended and Restated By-Laws as amended to date ("By-Laws") and provisions of applicable law. We have summarized certain portions of the Certificate of Incorporation and By-Laws below. The summary is not complete. The Certificate of Incorporation and By-Laws are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part. For more information as to how you can obtain a current copy of our Certificate of Incorporation and By-Laws, see "Where You Can Find More Information" herein.

GENERAL

Our authorized capital stock consists of 800,000,000 shares of common stock, par value \$0.01 per share, and 15,000,000 shares of preferred stock, par value \$0.01 per share. Our board of directors may establish the rights and preferences of the preferred stock from time to time. As of September 1, 2016, 184,384,060 shares of our common stock were issued and outstanding and held of record by approximately 13,000 holders, and no shares of our preferred stock were issued or outstanding.

COMMON STOCK

Each holder of our common stock is entitled to one vote for each share on all matters to be voted upon by the common stockholders and there are no cumulative voting rights. Subject to any preferential rights of any outstanding preferred stock, holders of our common stock are entitled to receive ratably the dividends, if any, as may be declared from time to time by our board of directors out of funds legally available. If there is a liquidation, dissolution or winding up of our company, holders of our common stock will be entitled to share in our assets remaining after the payment of liabilities and any preferential rights of any outstanding preferred stock.

Holders of our common stock have no preemptive or conversion rights or other subscription rights and there are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of our common stock are fully paid and non-assessable. The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock which we may designate and issue in the future.

PREFERRED STOCK

Under the terms of our Certificate of Incorporation, our board of directors is authorized, subject to limitations prescribed by the Delaware General Corporation Law ("DGCL"), and by our Certificate of Incorporation, to issue preferred stock in one or more series without stockholder approval. Our board of directors has the discretion, subject to limitations prescribed by the DGCL and by our Certificate of Incorporation, to determine the rights, preferences, privileges and restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, of each series of preferred stock.

ANTI-TAKEOVER EFFECTS OF VARIOUS PROVISIONS OF DELAWARE LAW AND OUR CERTIFICATE OF INCORPORATION AND BY-LAWS

Provisions of the DGCL and our Certificate of Incorporation and By-Laws could make it more difficult to acquire us by means of a tender offer, a proxy contest or otherwise or to remove incumbent officers and directors. These provisions, summarized below, would be expected to discourage certain types of coercive takeover practices and takeover bids our board of directors may consider inadequate and to encourage persons seeking to acquire control of us to first negotiate with us. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us will outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in an improvement of their terms.

Board Vacancies to be Filled by Remaining Directors and Not Stockholders

Our Certificate of Incorporation and By-Laws provide that the entire board of directors will be elected annually; however, any vacancies, including any newly created directorships, on the board of directors will be filled by the affirmative vote of the majority of the remaining directors then in office, even if such directors constitute less than a quorum, or by a sole remaining director. Any director appointed to the board of directors to fill a vacancy will have the same remaining term as that of his or her predecessor.

TABLE OF CONTENTS

Stockholder Action

Our Certificate of Incorporation and By-Laws preclude stockholders from calling special meetings and taking action or passing resolutions by written consent.

Advance Notice of Director Nominations and Stockholder Proposals

Our By-Laws contain advance notice procedures for stockholders to make nominations of candidates for election as directors or to bring other business before the annual meeting of stockholders. As specified in our By-Laws, director nominations and the proposal of business to be considered by stockholders may be made only pursuant to a notice of meeting, at the direction of the board of directors or by a stockholder who is entitled to vote at the meeting and who has complied with the advance notice procedures that are provided in our By-Laws. To be timely, a nomination of a director by a stockholder or notice for business to be brought before an annual meeting by a stockholder must be delivered to the secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of an annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, for notice by the stockholder to be timely, it must be delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (i) the 90th day prior to such annual meeting and (ii) the 10th day following the day on which notice of such annual meeting was mailed or public announcement of the date of such meeting is first made, whichever first occurs.

In the event a special meeting of stockholders is called for the purpose of electing one or more directors, any stockholder entitled to vote may nominate a person or persons as specified in our By-Laws, but only if the stockholder notice is delivered to the secretary at our principal executive offices not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of (x) the 90th day prior to such special meeting and (y) the 10th day following the day on which notice of the date of such special meeting was mailed or public disclosure of the date of such special meeting was made, whichever first occurs.

Amendments to the Certificate of Incorporation and By-Laws

Our Certificate of Incorporation and By-Laws require an affirmative vote of two-thirds of the voting power of the outstanding shares to amend certain provisions of our Certificate of Incorporation or By-Laws, including the provisions relating to the ability of stockholders to call special meetings or act by written consent, the size of the board, filling vacancies on the board, indemnification of directors and officers, advance notice provisions and supermajority voting requirements.

Delaware Anti-Takeover Statute

We are subject to Section 203 of the DGCL, an anti-takeover statute. In general, Section 203 of the DGCL prohibits a publicly-held Delaware corporation from engaging in a "business combination" with an "interested stockholder" during the period of three years following the time the person becomes an interested stockholder, unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a "business combination" includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Generally, an "interested stockholder" is a person who, together with affiliates and associates, owns (or within three years prior to the determination of interested stockholder status did own) 15% or more of a corporation's voting stock. The existence of this provision would be expected to have an anti-takeover effect with respect to transactions not approved in advance by the board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

No Cumulative Voting

The DGCL provides that stockholders are denied the right to cumulate votes in the election of directors unless our Certificate of Incorporation provides otherwise. Our Certificate of Incorporation does not provide for cumulative voting.

Limitations on Liability and Indemnification of Officers and Directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as directors. Our Certificate of

Incorporation includes provisions that indemnify, to the fullest extent allowable under the DGCL, the personal liability of directors or officers for monetary damages for actions taken as a director or officer of our company, or for serving at our request as a director or officer or another position at another corporation or enterprise, as the case may be. Our Certificate of Incorporation also provides that we must indemnify and advance reasonable expenses to our directors and officers, subject to our receipt of an undertaking from the indemnified party as may be required under the DGCL. We are also expressly authorized to carry directors' and officers' insurance to protect our company, our directors, officers and certain employees for some liabilities.

Table of Contents

TABLE OF CONTENTS

The limitation of liability and indemnification provisions in our Certificate of Incorporation may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, these provisions do not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as injunction or rescission in the event of a breach of a director's duty of care. Moreover, the provisions do not alter the liability of directors under the federal securities laws. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

There is currently no pending material litigation or proceeding against any of our directors, officers or employees for which indemnification is sought.

Authorized but Unissued Shares

Our authorized but unissued shares of common stock and preferred stock are generally available for future issuance without stockholder approval. We may use additional shares for a variety of purposes, including future public offerings to raise additional capital, to fund acquisitions and as employee compensation. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Exclusive Forum Provision

Our By-Laws provide that unless we consent in writing to an alternative forum, to the fullest extent permitted by law, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for any derivative action or proceeding brought on behalf of us, any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of DPS to us or our stockholders, any action arising pursuant to any provision of the DGCL, or any action asserting a claim governed by the internal affairs doctrine.

STOCK EXCHANGE LISTING

Our common stock is listed on the New York Stock Exchange ("NYSE") under the ticker symbol "DPS."

TRANSFER AGENT AND REGISTRAR

Computershare Trust Company, N.A. ("Computershare") is the transfer agent and registrar for our common stock.

DIRECT REGISTRATION SYSTEM

Our common stock is registered in book-entry form through the direct registration system. Under this system, ownership of our common stock is reflected in account statements periodically distributed to stockholders by Computershare, our transfer agent, who holds the book-entry shares on behalf of our common stockholders.

DESCRIPTION OF DEBT SECURITIES

The following is a general description of the debt securities that we may offer from time to time. The particular terms of the debt securities offered by us and the extent, if any, to which the general provisions described below may apply to those securities will be described in the applicable prospectus supplement. As you read this section, please remember that the specific terms of a debt security as described in the applicable prospectus supplement will supplement and may modify or replace the general terms described in this section. If there are any differences between the applicable prospectus supplement and this prospectus, the applicable prospectus supplement will control. As a result, the statements we make in this section may not apply to the debt security you purchase.

Our debt securities, consisting of notes, debentures or other evidences of indebtedness, may be issued from time to time in one or more series pursuant to, in the case of senior debt securities, the senior indenture between us and Wells Fargo Bank, N.A., as trustee, dated as of December 15, 2009, and in the case of subordinated debt securities, a subordinated indenture to be entered into between us and a trustee to be named therein. To the extent any of the debt securities will be guaranteed (the "Subsidiary Guarantees") by one or more of our subsidiaries (the "Subsidiary Guarantors"), the Subsidiary Guarantors guaranteeing such debt securities will enter into a supplemental indenture to the applicable indenture with us and the applicable trustee.

Because the following is only a summary of selected provisions of the indentures and the debt securities, it does not contain all information that may be important to you. This summary is not complete and is qualified in its entirety by reference to the base indentures and any supplemental indentures thereto or officer's certificate or board resolution related thereto. We urge you to read the indentures because the indentures, not this description, define the rights of the holders of the debt securities. The senior indenture is in, and the subordinated indenture will be substantially in, the forms incorporated by reference as exhibits to the registration statement of which this prospectus is a part. The terms of our debt securities will include those set forth in the indentures and those made a part of the indentures by the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

Unless we inform you otherwise in the prospectus supplement, "Senior Debt" will mean all of our indebtedness, including guarantees, unless the indebtedness states that it is not senior to the subordinated debt securities.

In this summary description of the debt securities, unless we state otherwise or the context clearly indicates otherwise, all references to "we," "us" and "our" refer to Dr Pepper Snapple Group, Inc. only and not to any of its subsidiaries.

GENERAL

We may issue debt securities under the indentures from time to time in one or more series. Neither indenture limits the amount of debt securities that may be issued under that indenture, and neither indenture limits the amount of other unsecured debt or securities that we may issue. We are not obligated to issue all debt securities of one series at the same time and, unless otherwise provided in the prospectus supplement, we may reopen a series, without the consent of the holders of the debt securities of that series, for the issuance of additional debt securities of that series.

Additional debt securities of a particular series will have the same terms and conditions as outstanding debt securities of such series, except for the date of original issuance and the offering price, and will be consolidated and form a single series with, such outstanding debt securities.

When we refer to "debt securities" or a "series of debt securities," we mean, respectively, debt securities or a series of debt securities issued under the applicable indenture. When we refer to a prospectus supplement, we mean the prospectus supplement describing the specific terms of the applicable debt security. The terms used in a prospectus supplement will have the meanings described in this prospectus, unless otherwise specified.

The senior debt securities will constitute our senior unsecured indebtedness and will rank equally in right of payment with all of our other unsecured and unsubordinated indebtedness and senior in right of payment to all of our subordinated indebtedness outstanding from time to time. The senior debt securities will be effectively subordinated to, and thus have a junior position to, any secured indebtedness we may have with respect to the assets securing that indebtedness. The subordinated debt securities will constitute our unsecured and subordinated obligations and will rank junior to all of our senior indebtedness and may rank equally with or senior to other subordinated indebtedness we may issue from time to time.

The debt securities will be obligations of Dr Pepper Snapple Group, Inc., which is a holding company with no material operating assets, other than the stock of its subsidiaries and loans to subsidiaries. All of Dr Pepper Snapple Group, Inc.'s revenue and cash flow is generated through its subsidiaries. Accordingly, Dr Pepper Snapple Group, Inc.'s ability to make payments on its indebtedness, including the debt securities, and to fund its other obligations is dependent not only on the ability of its subsidiaries to generate cash, but also on the ability of its subsidiaries to distribute cash to it in the form of interest and principal payments on loans due to us, dividends, fees, interest, loans or otherwise. In addition, any debt securities will effectively rank junior to all liabilities of Dr Pepper Snapple Group, Inc.'s subsidiaries that do not guarantee the debt securities (excluding any amounts owed by such subsidiaries to us). Claims of creditors of Dr Pepper Snapple Group, Inc.'s subsidiaries that do not guarantee the debt

TABLE OF CONTENTS

securities generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of Dr Pepper Snapple Group, Inc.'s creditors, including holders of any debt securities. Accordingly, any debt securities will be effectively subordinated to creditors, including trade creditors and preferred stockholders, if any, of such subsidiaries.

Unless we inform you otherwise in the prospectus supplement, neither indenture will contain any covenants or other provisions designed to protect holders of the debt securities in the event we participate in a highly leveraged transaction or upon a change of control. In addition, unless we inform you otherwise in the prospectus supplement, the indentures will not contain provisions that give holders of the debt securities the right to require us to repurchase their securities in the event of a decline in our credit rating for any reason, including as a result of a takeover, recapitalization or similar restructuring or otherwise.

The prospectus supplement relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

- whether the debt securities will be senior or subordinated debt securities;
- whether the debt securities will be guaranteed by any of our subsidiaries and, if so, the names of the Subsidiary Guarantors;
- the title of the debt securities;
- the total principal amount of the debt securities;

- the date or dates on which the principal of and any premium on the debt securities will be payable;
- any interest rate, the date from which any such interest will accrue, the interest payment dates on which any such interest will be payable and the record dates for any such interest payments;
- whether and under what circumstances we will pay any additional amounts with respect to the debt securities;

- any changes or additions to the events of default or covenants described in this prospectus;
- any restrictions or other provisions relating to the transfer or exchange of debt securities;
- any terms for the conversion or exchange of the debt securities for other securities;
- with respect to the subordinated indenture, any changes to the subordination provisions for the subordinated debt securities; and
- any other terms of the debt securities, whether in addition to, or by modification or deletion of, the terms described herein.

We may sell the debt securities at a discount, which may be substantial, below their stated principal amount. These debt securities may bear no interest or interest at a rate that at the time of issuance is below market rates. If we sell these debt securities, we will describe in the prospectus supplement any material U.S. federal income tax consequences and other special considerations.

If we sell any of the debt securities for any foreign currency or if payments on the debt securities are payable in any foreign currency or currency unit, we will describe in the prospectus supplement the restrictions, elections, tax

consequences, specific terms and other information relating to those debt securities and the foreign currency.

CONSOLIDATION, MERGER OR SALE OF ASSETS

We will not consolidate or combine with or merge with or into or, directly or indirectly, sell, assign, convey, lease, transfer or otherwise dispose of all or substantially all of our assets to any person or persons in a single transaction or through a series of transactions, unless:

we are the successor or continuing entity or, if we are not the successor or continuing person, the resulting, surviving or transferee person (the "surviving entity") is a company organized and existing under the laws of the United States, any State thereof or the District of Columbia that expressly assumes all of our obligations under the debt securities and the indenture pursuant to a supplemental indenture executed and delivered to the trustee;

immediately after giving effect to such transaction or series of transactions, no event of default has occurred and is continuing; and

we or the surviving entity will have delivered to the trustee an officers' certificate and opinion of counsel stating that the transaction or series of transactions and a supplemental indenture, if any, complies with the indenture.

If any consolidation or merger or any sale, assignment, conveyance, lease, transfer or other disposition of all or substantially all of our assets occurs in accordance with the applicable indenture, the surviving entity will succeed to, and be substituted for, and may exercise every right and power of DPS under the applicable indenture with the same effect as if such surviving entity had been named as DPS. We will (except in the case of a lease) be discharged from all obligations and covenants under the applicable indenture and any debt securities issued thereunder.

Notwithstanding the foregoing, we may merge or consolidate into or with any of our subsidiaries.

SUBSIDIARY GUARANTEES

If specified in the prospectus supplement, one or more Subsidiary Guarantors will guarantee the debt securities of a series. Unless otherwise indicated in the prospectus supplement, the following provisions will apply to the Subsidiary Guarantee of the Subsidiary Guarantors with respect to that series of debt securities.

Subject to the limitations described below and in the applicable prospectus supplement, the Subsidiary Guarantors will, jointly and severally, fully, unconditionally and irrevocably guarantee the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the principal of, premium, if any, interest and additional amounts, if any, on the debt securities and all of our other monetary obligations under the indentures.

The obligations of each Subsidiary Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law.

In the case of subordinated debt securities, a Subsidiary Guarantor's Subsidiary Guarantee will be subordinated in right of payment to the Senior Debt of such Subsidiary Guarantor on the same basis as the subordinated debt securities are subordinated to our Senior Debt. No payment will be made by any Subsidiary Guarantor under its Subsidiary Guarantee during any period in which payments by us on the subordinated debt securities are suspended by the subordination provisions of the subordinated indenture.

Each Subsidiary Guarantor that makes a payment under its Subsidiary Guarantee will be entitled upon payment in full of all guaranteed obligations under the indenture to contribution from each other Subsidiary Guarantor in an amount equal to such other Subsidiary Guarantor's pro rata portion of such payment based on the respective net assets of all the Subsidiary Guarantors at the time of such payment.

If a Subsidiary Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor, and, depending on the amount of such indebtedness, a Subsidiary Guarantor's liability on its Subsidiary Guarantee could be reduced to zero.

The Subsidiary Guarantee of a Subsidiary Guarantor will be automatically and unconditionally released and discharged, without the consent of the holders of our debt securities, and no further action by us, any Subsidiary Guarantor or the trustee shall be required for such release (unless we shall notify the Trustee that no release and discharge shall occur as a result thereof) upon:

the sale or other disposition (including by way of consolidation or merger) of such Subsidiary Guarantor to a person or entity other than us or any of our subsidiaries as permitted by the indenture; or

our exercise of our legal defeasance option under "- Defeasance and Discharge" or the discharge of our obligations under the applicable indenture in accordance with the terms of the applicable indenture.

TABLE OF CONTENTS

If specified in the prospectus supplement, we will cause any of our subsidiaries that guarantees, directly or indirectly, any of our indebtedness (including any indebtedness under any Credit Agreement) to at the same time execute and deliver to the trustee a supplemental indenture pursuant to which such subsidiary will guarantee payment of the indenture. Thereafter, such subsidiary shall be a Subsidiary Guarantor for all purposes of such series until such Subsidiary Guarantee is released in accordance with the provisions of the applicable indenture.

"Credit Agreements" means the Existing Credit Agreement as such agreements may be amended, supplemented or otherwise modified from time to time, and any agreement, indenture or other documentation relating to extensions, refinancings, replacements or restructuring of the credit facilities governed by the Existing Credit Agreements, whether the same or any other agent, agents, lenders or group of lenders is or are parties thereto.

"Existing Credit Agreement" means the Credit Agreement, dated as of September 25, 2012, among the Company, the lenders and issuing banks party thereto, JPMorgan Chase Bank, N.A., as administrative agent, Bank of America, N.A. and Deutsche Bank Securities Inc., as syndication agents, and Branch Banking and Trust Company, Credit Suisse AG, Cayman Islands Branch, HSBC Bank USA, N.A., Morgan Stanley Senior Funding, Inc., UBS Securities LLC and U.S. Bank National Association, as co-documentation agents, as supplemented by the first amendment to the credit agreement dated as of August 21, 2015.

EVENTS OF DEFAULT

Unless we inform you otherwise in the prospectus supplement, the following are events of default with respect to a series of debt securities:

- our failure to pay any installment of interest on or any additional amounts with respect to any debt security of that series when due and such default continues for 30 days or longer, whether or not, in the case of subordinated debt securities, such payment is prohibited by the subordination provisions of the subordinated indenture;
- our failure to pay the principal of or any premium on any debt security of that series when due, whether or not, in the case of subordinated debt securities, such payment is prohibited by the subordination provisions of the subordinated indenture;
- our failure to comply with the covenant prohibiting certain consolidations, mergers and sales of assets;
- our failure to comply with any covenant or agreement in that series of debt securities or the applicable indenture for 90 days after written notice by the trustee or by the holders of at least 25% in principal amount of the outstanding debt securities of that series issued under that indenture;
- our failure to deposit any sinking fund payment, when due, in respect of any debt security of that series, whether or not, in the case of subordinated debt securities, such deposit is prohibited by the subordination provisions of the subordinated indenture;
- if any Subsidiary Guarantor has guaranteed the debt securities of such series, the Subsidiary Guarantee of any such Subsidiary Guarantor is held to be unenforceable or invalid or ceases for any reason to be in full force and effect (other than in accordance with the terms of the applicable indenture) or any Subsidiary Guarantor or any person acting on behalf of any Subsidiary Guarantor denies or disaffirms such Subsidiary Guarantor's obligations under its Subsidiary Guarantee (other than by reason of a release of such Subsidiary Guarantor from its Subsidiary Guarantee in accordance with the terms of the applicable indenture);
- specified events involving bankruptcy, insolvency or reorganization of DPS or certain of its significant subsidiaries; and
- any other event of default provided for in that series of debt securities.

We may change, eliminate or add to the events of default with respect to any particular series or any particular debt security or debt securities within a series, as indicated in the applicable prospectus supplement. A default under one series of debt securities will not necessarily be a default under any other series.

If an event of default relating to certain events of our bankruptcy or insolvency occurs, all then outstanding debt securities of that series will become due and payable immediately without further action or notice. If any other event of default for any series of debt securities occurs and is continuing, the trustee may and, at the direction of the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series, shall declare all of those debt securities to be due and payable immediately by notice in writing to us and, in case of a notice by holders, also to

the trustee specifying the respective event of default and that it is a notice of acceleration.

11

Table of Contents

TABLE OF CONTENTS

Subject to certain limitations, holders of a majority in aggregate principal amount of the outstanding debt securities of any series may direct the trustee in its exercise of any trust or power with respect to that series. The trustee may withhold from holders of the debt securities of any series notice of any continuing default or event of default for such series if it determines that withholding notice is in their interest, except a default or event of default relating to the payment of principal, interest, premium or additional amounts, if any.

Subject to the provisions of the applicable indenture relating to the duties of the trustee, in case an event of default for any series occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any holders of debt securities of that series unless such holders have offered to the trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium or additional amounts, if any, or interest when due, no holder of debt securities of a series may pursue any remedy with respect to the indenture or the debt securities unless:

- such holder has previously given the trustee notice that an event of default is continuing with respect to that series;
- holders of at least 25% in aggregate principal amount of the debt securities of that series have requested the trustee to pursue the remedy;
- such holders have offered the trustee reasonable security or indemnity against any loss, liability or expense;
- the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- holders of a majority in aggregate principal amount of the debt securities of that series have not given the trustee a direction inconsistent with such request within such 60-day period.

Holders of a debt security are entitled at any time, however, to bring a lawsuit for the payment of money due on a debt security on or after its stated maturity (or, if a debt security is redeemable, on or after its redemption date).

The holders of a majority in aggregate principal amount of the debt securities of any series by notice to the trustee may, on behalf of the holders of all of the debt securities of that series, rescind an acceleration or waive any existing default or event of default for such series and its consequences under the indenture except a continuing default or event of default in the payment of interest, premium or additional amounts on, or the principal of, the debt securities. With respect to subordinated debt securities, all the remedies available upon the occurrence of an event of default under the subordinated debt indenture will be subject to the restrictions on the subordinated debt securities described below under "Subordination."

Book-entry and other indirect owners should consult their banks or brokers for information on how to give notice or direction to or make a request for the trustee and how to declare or cancel an acceleration of the maturity.

We are required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any default or event of default, we are required within five business days to deliver to the trustee a statement specifying such default or event of default.

SUBORDINATION

Under the subordinated indenture, payment of the principal of and any premium and interest on the subordinated debt securities will generally be subordinated and junior in right of payment to the prior payment in full of all Senior Debt. Unless we inform you otherwise in the prospectus supplement, we may not make any payment of principal of or any premium or interest on the subordinated debt securities if:

- we fail to pay the principal, interest or premium on any Senior Debt when due; or
- any other event of default (a "non-payment default") occurs with respect to any Senior Debt that we have designated, if the non-payment default allows the holders of that Senior Debt to accelerate the maturity of the Senior Debt they hold.

Unless we inform you otherwise in the prospectus supplement, a non-payment default will prevent us from paying the subordinated debt securities only for up to 179 days after holders of the designated Senior Debt give the trustee for the subordinated debt securities notice of the non-payment default.

The subordination will not affect our obligation, which will be absolute and unconditional, to pay, when due, the principal of and any premium and interest on the subordinated debt securities. In addition, the subordination will not prevent the occurrence of any default under the subordinated indenture.

Table of Contents

TABLE OF CONTENTS

Unless we inform you otherwise in the prospectus supplement, the subordinated indenture will not limit the amount of Senior Debt that we may incur. As a result of the subordination of the subordinated debt securities, if we become insolvent, holders of subordinated debt securities may receive less on a proportionate basis than other creditors.

MODIFICATION AND WAIVER

Except as provided below and in the indenture, each indenture and the debt securities issued under each indenture may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of each series affected by the change voting as separate classes for this purpose, and any existing default or event of default or compliance with any provision of the indenture or the debt securities may be waived with the consent of the holders of a majority in aggregate principal amount of the then outstanding debt securities of each series affected by the waiver, voting as separate classes for this purpose, in each case, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

Without the consent of each holder of debt securities of the series affected, an amendment, supplement or waiver may not (with respect to any debt securities of such series held by a non-consenting holder):

- reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;
 - reduce the principal of any debt security or change its stated maturity, or alter the provisions relating to the redemption or repurchase of any debt securities;
 - reduce the rate of or change the time for payment of interest on any debt security;
 - waive a default or event of default in the payment of principal of, or interest or premium, or any additional amounts, if any, on, the debt securities (except a rescission of acceleration of the debt securities by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);
 - make payments on any debt security payable in currency other than as originally stated in the debt security;
 - make any change in the provisions of the indenture relating to waivers of past defaults or the rights of holders of debt securities to receive payments of principal of, or interest or premium, if any, on the debt securities;
 - waive a redemption payment with respect to any debt securities;
 - impair a holder's right to sue for payment of any amount due on its debt security;
 - release any Subsidiary Guarantor from any of its obligations under its Subsidiary Guarantee or the indenture, except in accordance with the terms of the indenture;
 - make any change in the preceding amendment, supplement and waiver provisions; or
 - with respect to the subordinated indenture, modify the provisions relating to the subordination of any subordinated debt security in a manner adverse to the holder of that security,
- in each case, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

We may not amend the subordinated indenture to alter the subordination of any outstanding subordinated debt securities without the written consent of each holder of Senior Debt then outstanding who would be adversely affected (or the group or representative thereof authorized or required to consent thereto pursuant to the instrument creating or evidencing, or pursuant to which there is outstanding, such Senior Debt), except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series. In addition, we may not modify the subordination provisions of the indenture related to subordinated debt securities in a manner that would adversely affect the subordinated debt securities of any one or more series then outstanding in any material respect, without the consent of the holders of a majority in aggregate principal amount of each affected series then outstanding, voting as separate classes, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

Book-entry and other indirect owners should consult their banks or brokers for information on how approval may be granted or denied if we seek to change an indenture or any debt securities or request a waiver.

TABLE OF CONTENTS

We and the trustee may supplement or amend each indenture or the debt securities without notice to or the consent of any holders of debt securities issued under that indenture in certain circumstances, including:

- to cure any ambiguity, defect or inconsistency;
 - to provide for uncertificated debt securities in addition to or in place of certificated debt securities;
 - to establish the form or terms of debt securities of any series as permitted by the indenture;
 - to provide for the assumption of our or any Subsidiary Guarantor's obligations to holders of debt securities in the case of a merger or consolidation or sale of all or substantially all of our or any Subsidiary Guarantor's properties or assets, as applicable;
 - to make any change that would provide any additional rights or benefits to the holders of debt securities or that does not adversely affect the legal rights under the indenture of any such holder;
 - to comply with requirements of the SEC in order to maintain the qualification of the indenture under the Trust Indenture Act;
 - to add to our or any Subsidiary Guarantor's covenants for the benefit of the holders of all or any series of debt securities, or to surrender any right or power herein conferred upon us or any Subsidiary Guarantor;
 - to add additional events of default with respect to all or any series of debt securities;
 - to change or eliminate any of the provisions of the indenture, provided that any such change or elimination will become effective only when there is no outstanding debt security of any series created prior to the execution of such amendment or supplemental indenture that is adversely affected in any material respect by such change in or elimination of such provision;
 - to supplement any provision of the indenture to permit or facilitate the defeasance and discharge of any series of debt securities so long as any action does not adversely affect the interest of holders of securities of that or any other series in any material respect;
 - to add any Subsidiary Guarantor with respect to any series of debt securities or release any Subsidiary Guarantor, in each case pursuant to the terms of the indenture;
 - to secure the debt securities;
 - to evidence and provide for the acceptance under the indenture of a successor trustee, each as permitted under the indenture; or
 - to conform the text of the indenture or any debt securities to the description thereof in any prospectus or prospectus supplement of DPS with respect to the offer and sale of such debt securities, to the extent that such provision is inconsistent with a provision of the indenture or the debt securities,
- in each case, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

SPECIAL RULES FOR ACTION BY HOLDERS

Only holders of outstanding debt securities of the applicable series will be eligible to take any action under the applicable indenture, such as giving a notice of default, declaring an acceleration, approving any change or waiver or giving the trustee an instruction with respect to debt securities of that series. Also, we will count only outstanding debt securities in determining whether the various percentage requirements for taking action have been met. Any debt securities owned by us or any of our affiliates or surrendered for cancellation or for payment or redemption of which money has been set aside in trust are not deemed to be outstanding. Any required approval or waiver must be given by written consent.

In some situations, we may follow special rules in calculating the principal amount of debt securities that are to be treated as outstanding for the purposes described above. This may happen, for example, if the principal amount is payable in a non-U.S. dollar currency, increases over time or is not to be fixed until maturity.

Table of Contents

TABLE OF CONTENTS

We will generally be entitled to set any day as a record date for the purpose of determining the holders that are entitled to take action under either indenture. In certain limited circumstances, only the trustee will be entitled to set a record date for action by holders. If we or the trustee sets a record date for an approval or other action to be taken by holders, that vote or action may be taken only by persons or entities who are holders on the record date and must be taken during the period that we specify for this purpose, or that the trustee specifies if it sets the record date. We or the trustee, as applicable, may shorten or lengthen this period from time to time. This period, however, may not extend beyond the 180th day after the record date for the action. In addition, record dates for any global debt security may be set in accordance with procedures established by the depositary from time to time. Accordingly, record dates for global debt securities may differ from those for other debt securities.

DESFEASANCE AND DISCHARGE

Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under an indenture. If we deposit with the trustee under an indenture any combination of money or government securities sufficient to make payments on the debt securities of a series issued under that indenture on the dates those payments are due, then, at our option, either of the following will occur:

• we will be discharged from our obligations with respect to the debt securities of that series ("legal defeasance"); or
• we will no longer have any obligation to comply with specified restrictive covenants with respect to the debt securities of that series and other specified covenants under the applicable indenture, and the related events of default will no longer apply ("covenant defeasance").

If a series of debt securities is defeased, the holders of the debt securities of that series will not be entitled to the benefits of the applicable indenture, except for obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold money for payment in trust. In the case of covenant defeasance, our obligation to pay principal, premium and interest on the debt securities will also survive. Unless we inform you otherwise in the prospectus supplement, we will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the debt securities to recognize income, gain or loss for federal income tax purposes and that the holders would be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the deposit and related defeasance had not occurred. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect.

Satisfaction and Discharge

An indenture will be discharged and will cease to be of further effect with respect to the debt securities of a series issued under that indenture, except for our obligation to register the transfer of and exchange debt securities of that series, when:

• either:

all debt securities of that series that have been authenticated, except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the trustee for cancellation; or

all debt securities of that series that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year, and we or any Subsidiary Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable government securities, or a combination of cash in U.S. dollars and non-callable government securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the debt securities of that series not delivered to the trustee for cancellation for principal, premium and accrued interest to the date of maturity or redemption;

• no default or event of default has occurred and is continuing on the date of the deposit (other than a default or event of default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which we or any subsidiary is a party or by which

we or any subsidiary is bound;

• we or any Subsidiary Guarantor has paid or caused to be paid all sums payable by it under the indenture; and

• we have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities at maturity or on the redemption date, as the case may be.

Table of Contents

TABLE OF CONTENTS

In addition, we must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

GOVERNING LAW

New York law will govern the indentures and the debt securities.

THE TRUSTEE

Wells Fargo Bank, N.A. is the trustee under the senior indenture. Wells Fargo Bank, N.A. also serves as trustee under our supplemental indentures related to other senior securities that we have issued. We may have normal banking relationships with the trustee under the subordinated indenture in the ordinary course of business.

If the trustee becomes a creditor of DPS or any Subsidiary Guarantor, the applicable indenture will limit the right of the trustee to obtain payment of claims in certain cases or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest (as defined in the Trust Indenture Act) after a default has occurred and is continuing, it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee (if the indenture has been qualified under the Trust Indenture Act) or resign. The holders of a majority in aggregate principal amount of debt securities of a particular series will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee with respect to that series, subject to certain exceptions. The indenture will provide that in case an event of default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any holder of debt securities, unless such holder has offered to the trustee indemnity or security against loss, liability or expense satisfactory to the trustee in its sole discretion.

PAYMENTS AND PAYING AGENTS

Unless we inform you otherwise in a prospectus supplement, we will make payments on the debt securities in U.S. dollars at the office of the trustee and any paying agent. At our option, however, payments may be made by check mailed to the address of the person entitled to the payment as it appears in the security register. Unless we inform you otherwise in a prospectus supplement, we will make interest payments to the person in whose name the debt security is registered at the close of business on the record date for the interest payment. We will make payments on a global debt security in accordance with the applicable policies of the depository as in effect from time to time. Under those policies, we will pay directly to the depository, or its nominee, and not to any indirect owners who own beneficial interests in the global debt security. An indirect owner's right to receive payments will be governed by the rules and practices of the depository and its participants.

Unless we inform you otherwise in a prospectus supplement, the trustee under the applicable indenture will be designated as the paying agent for payments on debt securities issued under that indenture. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts. If the principal of or any premium or interest on debt securities of a series is payable on a day that is not a business day, the payment will be made on the following business day with the same force and effect as if made on such interest payment date, and no additional interest will accrue solely as a result of such delayed payment. For these purposes, unless we inform you otherwise in a prospectus supplement, a "business day" is any day that is not a Saturday, Sunday or other day on which banking institutions in New York, New York or another place of payment on the debt securities of that series are authorized or required by law to close. Book-entry and other indirect owners should consult their banks or brokers for information on how they will receive payments on their debt securities.

Regardless of who acts as paying agent, all money paid by us to a paying agent that remains unclaimed at the end of one year after the amount is due to a holder will be repaid to us. After that one-year period, the holder may look only to us for payment and not to the trustee, any other paying agent or anyone else.

REDEMPTION OR REPAYMENT

If there are any provisions regarding redemption or repayment applicable to a debt security, we will describe them in the applicable prospectus supplement.

We or our affiliates may purchase debt securities from investors who are willing to sell from time to time, either in the open market at prevailing prices or in private transactions at negotiated prices. Debt securities that we or they purchase may, at our discretion, be held, resold or canceled.

NOTICES

Notices to be given to holders of a global debt security will be given only to the depositary, in accordance with its applicable policies as in effect from time to time. Notices to be given to holders of debt securities not in global form will be sent by mail to the respective addresses of the holders as they appear in the trustee's records, and will be deemed given when mailed. Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder, will affect the sufficiency of any notice given to another holder.

Book-entry and other indirect owners should consult their banks or brokers for information on how they will receive notices.

BOOK-ENTRY; DELIVERY AND FORM

Unless we inform you otherwise in the prospectus supplement, any debt securities will be issued in registered, global form ("global debt securities"). The global debt securities will be deposited upon issuance with the trustee as custodian for DTC, in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below. Except as set forth below, the global debt securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global debt securities may not be exchanged for definitive debt securities in registered certificated form ("certificated debt securities") except in the limited circumstances.

Transfers of beneficial interests in the global debt securities will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt or equity securities or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

The applicable prospectus supplement will describe the following terms of any warrants in respect of which this prospectus is being delivered:

- the title of such warrants;
- the aggregate number of such warrants;
- the price or prices at which such warrants will be issued;
- the currency or currencies in which the price of such warrants will be payable;
- the designation, number and terms of the debt securities, common stock, preferred stock or other securities purchasable upon exercise of the warrants, and procedures by which those numbers may be adjusted;
- the price at which and the currency or currencies in which the securities or other rights purchasable upon exercise of such warrants may be purchased;
- the date on which the right to exercise such warrants shall commence and the date on which such right shall expire;
- if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;
- if applicable, the designation and terms of the securities with which such warrants are issued and the number of such warrants issued with each such security;
- if applicable, the date on and after which such warrants and the related securities will be separately transferable;
- information with respect to book-entry procedures, if any;
- if applicable, a discussion of any material U.S. federal income tax considerations; and
- any other terms of such warrants, including terms, procedures and limitations relating to the transferability, exchange or exercise of such warrants.

PLAN OF DISTRIBUTION

We may sell the offered securities in and outside the U.S. (1) through underwriters or underwriting syndicates led by one or more managing underwriters, (2) to or through brokers or dealers, (3) to or through agents, (4) directly to one or more purchasers, including our affiliates, (5) pursuant to delayed delivery contracts or forward contracts or (6) through a combination of any of these methods.

The prospectus supplement will set forth the terms of the offering and the method of distribution and will include the following information:

- the names of any underwriters or agents;
- the name or names of any managing underwriter or underwriters;
- the purchase price of the securities from us;
- the net proceeds to us from the sale of the securities;
- any delayed delivery arrangements;
- any over-allotment options under which underwriters may purchase additional securities from us;
- any underwriting discounts, commissions and other items constituting compensation to underwriters, dealers or agents;
- any public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers;
- any commissions paid to agents; and
- any securities exchange or market on which the securities offered in the prospectus supplement may be listed.

SALE THROUGH UNDERWRITERS OR DEALERS

If we use underwriters in the sale of securities, we will execute an underwriting agreement with the underwriter at the time of sale and we will provide the name of any underwriter in the prospectus supplement that the underwriter will use to make resales of securities to the public. The underwriters will acquire the securities for their own account, and the underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. The obligations of the underwriters to purchase the securities will be subject to conditions, and any underwritten offering may be on a best efforts or a firm commitment basis. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

If we use dealers in the sale of securities, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. The dealers participating in any sale of the securities may be deemed to be underwriters within the meaning of the Securities Act, with respect to any sale of those securities. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

SALES THROUGH AGENTS

We may also sell the securities through agents we designate from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable by us to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

DIRECT SALES

We may sell the securities directly. In that event, no underwriters or agents would be involved. We may use electronic media, including the Internet, to sell offered securities directly.

DELAYED DELIVERY OR FORWARD CONTRACTS

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers to purchase securities from us at the public offering price set forth in the prospectus under delayed delivery or forward contracts. These contracts would provide for payment and delivery on a specified date in the future at prices determined as described in the prospectus supplement. The prospectus supplement would describe the commission

payable for solicitation of those contracts.

REMARKETING

We may offer and sell any of the securities in connection with a remarketing upon their purchase, in accordance with a redemption or repayment by their terms or otherwise by one or more remarketing firms acting as principals for their own accounts or as our agents. We will identify any remarketing firm, the terms of any remarketing agreement and the compensation to be paid to the remarketing firm in the prospectus supplement. Remarketing firms may be deemed underwriters under the Securities Act.

DERIVATIVE TRANSACTIONS

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third parties may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in these sale transactions will be underwriters and, if not identified in this prospectus, will be identified in the applicable prospectus supplement or in a post-effective amendment to the registration statement of which this prospectus forms a part. In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

GENERAL INFORMATION

In connection with the sale of the securities, underwriters, dealers or agents may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from securities purchasers for whom they may act as agent. Underwriters may sell the securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent. We will provide in the applicable prospectus supplement information regarding any underwriting discounts or other compensation that we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers.

We may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make because of those liabilities. Agents, dealers and underwriters, or their affiliates or associates, may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses. Each series of offered securities will be a new issue and, other than the common stock, which is listed on the NYSE, will have no established trading market. We may elect to list any series of offered securities on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a series of offered securities. However, they will not be obligated to do so and may discontinue market making at any time without notice. We cannot assure you as to the liquidity of, or the trading market for, any of our offered securities. In connection with an offering, certain persons participating in the offering may make a market in the securities or engage in transactions that stabilize, maintain or otherwise affect the market price of the offered securities. This may include, among other transactions, over-allotments or short sales of the securities, which involves the sale by persons participating in the offering of more securities than we sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option. As a result, the price of the securities may be higher than the price that might otherwise prevail in the open market. If these activities are commenced, these transactions may be discontinued at any time.
