Item 3.03. Material Modification to Rights of Security Holders.

On June 14, 2016, upon receiving approval from a majority of the outstanding shares of common stock (the “Common Stock”) of Qualstar Corporation (the “Company”) at the 2016 Annual Meeting of Shareholders of the Company (the “Annual Meeting”) (as described below), the Company filed with the Secretary of State of the State of California a Certificate of Amendment of Restated Articles of Incorporation (the “Certificate of Amendment”) to implement a one-for-six reverse stock split (the “Reverse Split”) of all outstanding shares of Common Stock, effective as of the close of business on June 14, 2016 (the “Effective Time”). The Reverse Split decreased the number of outstanding shares of Common Stock from approximately 12.3 million to approximately 2.0 million. The Company’s authorized number of shares of Common Stock remains 50,000,000 and the authorized number of shares of preferred stock of the Company remains 5,000,000. A copy of the Certificate of Amendment is attached as Exhibit 3.1 hereto and incorporated herein by reference.

The Reverse Split became effective as of the close of business on June 14, 2016, at which time each six (6) shares of Common Stock issued and outstanding immediately prior to the Effective Time automatically were combined, reclassified and converted into one (1) fully paid and nonassessable share of Common Stock, subject to the treatment of fractional share interests, determined at the beneficial owner level. Shareholders who otherwise would have been entitled to receive fractional shares as a result of the Reverse Split will instead receive a cash payment in lieu thereof equal to the fraction to which such shareholder otherwise would have been entitled multiplied by \$2.52, which represents the last sale price of the Common Stock as reported on The Nasdaq Capital Market (as adjusted to reflect the Reverse Split) on June 13, 2016, the last trading day preceding the effective date of the Reverse Split. In addition, the aggregate number of equity-based awards that remain available to be granted under the Company’s equity incentive plans and other benefit plans will be reduced proportionately to reflect the Reverse Split, and all outstanding options, warrants, notes, debentures and other securities convertible into Common Stock will be adjusted as a result of the Reverse Split, as required by the terms of these securities.

Shareholders who are holding their shares in electronic form at brokerage firms do not need to take any action, as the effect of the Reverse Split will automatically be reflected in their brokerage accounts. The Company’s transfer agent, Corporate Stock Transfer, Inc., will provide instructions to shareholders of record regarding the process for exchanging share certificates and all book-entry or other electronic positions representing issued and outstanding shares of the Common Stock will be automatically adjusted.

Trading of the Common Stock will continue on The Nasdaq Capital Market on a Reverse Split-adjusted basis under the trading symbol “QBAK.” The new CUSIP number for the Common Stock following the Reverse Split is 74758R 208.

Immediately after the Reverse Split, each shareholder’s percentage ownership interest in the Company and proportional voting power remains unchanged, except for minor changes and adjustments that will result from the treatment of fractional shares. The rights and privileges of the holders of shares of Common Stock will be

substantially unaffected by the Reverse Split.

On June 15, 2016, the Company issued a press release announcing the Reverse Split, as well as the results of the Annual Meeting (as discussed below). A copy of the press release is filed herewith as Exhibit 99.1.
