PROXY STATEMENT

FOR THE 2018 ANNUAL MEETING OF STOCKHOLDERS

MAY 23, 2018

We have sent you this Proxy Statement and the enclosed Proxy Card because the Board of Directors (the “Board”) of Aimmune Therapeutics, Inc. (referred to herein as the “Company”, “Aimmune”, “we”, “us” or “our”) is soliciting your proxy to vote at our 2018 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Wednesday, May 23, 2018, at 9:00 a.m. local time, at 8000 Marina Blvd., Suite 300, Brisbane, California 94005.

• This Proxy Statement summarizes information about the proposals to be considered at the Annual Meeting and other information you may find useful in determining how to vote.

• The Proxy Card is the means by which you actually authorize another person to vote your shares in accordance with your instructions.

In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, e-mail and personal interviews. We may retain outside consultants to solicit proxies on our behalf as well. All costs of solicitation of proxies will be borne by us. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and we will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy materials.

Pursuant to the rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our Annual Meeting materials, which include this Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2017 (the “Form 10-K”), over the internet in lieu of mailing printed copies. We will begin mailing the Notice of Internet Availability to our stockholders of record as of March 29, 2018 (the “Record Date”) for the first time on or about April 13, 2018. The Notice of Internet Availability will contain instructions on how to access and review the Annual Meeting materials, and will also contain instructions on how to request a printed copy of the Annual Meeting materials. In addition, we have provided brokers, dealers, banks, voting trustees and their nominees, at our expense, with additional copies of our proxy materials and the Form 10-K so that our record holders can supply these materials to the beneficial owners of shares of our common stock as of the Record Date. The Form 10-K is also available in the “Financial Information” section of our website at <http://ir.aimmune.com>.

The only outstanding voting securities of Aimmune are shares of common stock, \$0.0001 par value per share (the “common stock”), of which there were 58,024,282 shares outstanding as of the Record Date (excluding any treasury shares). The holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote, present in person or represented by proxy, are required to hold the Annual Meeting.

INFORMATION ABOUT THE PROXY PROCESS AND VOTING

Why am I receiving these materials?

We have made this Proxy Statement and Proxy Card available to you on the internet or, upon your request, have delivered printed proxy materials to you, because the Board is soliciting your proxy to vote at the Annual Meeting, including at any adjournments or postponements of the Annual Meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the Proxy Card, or follow the instructions below to submit your proxy over the telephone or on the internet.

This Proxy Statement, the Notice of Internet Availability, the Notice of Annual Meeting and accompanying Proxy Card will be first made available for access by our stockholders on or about April 13, 2018 to all stockholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 58,024,282 shares of common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on the Record Date, your shares were registered directly in your name with the transfer agent for our common stock, EQ Shareowner Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we encourage you to fill out and return the Proxy Card or vote by proxy over the telephone or on the internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on the Record Date, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid Proxy Card from your broker or other agent.

What am I being asked to vote on?

You are being asked to vote on four proposals:

- Proposal 1—the election of two Class III directors to hold office until our 2021 annual meeting of stockholders;
- Proposal 2—the ratification of the selection, by the Audit Committee of our Board, of KPMG LLP, as our independent registered public accounting firm for the year ending December 31, 2018;
- Proposal 3—a non-binding, advisory vote on the compensation of our named executive officers; and
- Proposal 4—a non-binding advisory vote on the frequency of future advisory votes by stockholders on the compensation of our named executive officers.

In addition, you are entitled to vote on any other matters that are properly brought before the Annual Meeting.

How do I vote?

For Proposal 1, you may either vote “For” all the nominees to the Board or you may “Withhold” your vote for any nominee you specify.

For Proposal 2, you may either vote “For” or “Against” or abstain from voting.

For Proposal 3, you may either vote “For” or “Against” or abstain from voting.

For Proposal 4, you may vote for “1 Year,” “2 Years” or “3 Years” or abstain from voting.

Edgar Filing: Aimmune Therapeutics, Inc. - Form DEF 14A

Please note that by casting your vote by proxy you are authorizing the individuals listed on the Proxy Card to vote your shares in accordance with your instructions and in their discretion with respect to any other matter that properly comes before the Annual Meeting or any adjournments or postponements thereof.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting. Alternatively, you may vote by proxy by using the accompanying Proxy Card, over the internet or by telephone. Whether or not you plan to attend the Annual Meeting, we encourage you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the Annual Meeting, you may still attend the Annual Meeting and vote in person. In such case, your previously submitted proxy will be disregarded.

• To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

• To vote using the Proxy Card, simply complete, sign and date the accompanying Proxy Card and return it promptly in the envelope provided. If you return your signed Proxy Card to us before the Annual Meeting, we will vote your shares in accordance with the Proxy Card.

• To vote by proxy over the internet, follow the instructions provided on the Notice of Internet Availability.

• To vote by telephone, you may vote by proxy by calling the toll free number found on the Notice of Internet Availability.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

We provide internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

Who counts the votes?

Broadridge Financial Solutions, Inc. ("Broadridge") has been engaged as our independent agent to tabulate stockholder votes, or Inspector of Election. If you are a stockholder of record, your executed Proxy Card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker returns one Proxy Card to Broadridge on behalf of all its clients.

How are votes counted?

Votes will be counted by the Inspector of Election appointed for the Annual Meeting. With respect to Proposal 4, the Inspector of Election will separately count "1 Year," "2 Years" and "3 Years" votes, abstentions and broker non-votes. For all other proposals, the Inspector of Election will separately count "For" and, with respect to Proposals 2 and 3, "Against" votes, abstentions and broker non-votes. In addition, with respect to Proposal 1, the election of directors, the Inspector of Election will count the number of "Withheld" votes received for each of the nominees. If your shares are held by your broker as your nominee (that is, in "street name"), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to "routine" items,

but not with respect to “non-routine” items. See below for more information regarding: “What are “broker non-votes”?” and “Which ballot measures are considered “routine” or “non-routine”?”

What are “broker non-votes”?

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed “non-routine.” Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. In the event that a broker, bank, custodian, nominee or other record holder of common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a broker or bank, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

Which ballot measures are considered “routine” or “non-routine?”

The ratification of the appointment of KPMG LLP, as our independent registered public accounting firm for the year ending December 31, 2018 (Proposal 2) is considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 2. The election of directors (Proposal 1), non-binding advisory vote on the compensation of our named executive officers (Proposal 3) and non-binding advisory vote on the frequency of future advisory votes on executive compensation (Proposal 4) are considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal 1, 3 and 4.

How many votes are needed to approve the proposal?

With respect to Proposal 1, the election of directors, the two nominees receiving the highest number of “For” votes will be elected.

With respect to Proposal 2, the affirmative vote of the majority of votes cast (excluding abstentions and broker non-votes) is required for approval. This is a routine proposal and therefore we do not expect any broker non-votes.

With respect to Proposal 3, the affirmative vote of the majority of votes cast (excluding abstentions and broker non-votes) is required for approval. While the vote on this resolution is advisory and not binding on us, our Compensation Committee and our Board will consider the outcome of the vote on this resolution when considering future executive compensation decisions.

With respect to Proposal 4, the advisory vote frequency alternative (1 Year, 2 Years or 3 Years) receiving the highest number of votes will be approved. If none of the frequency alternatives receives a majority of the votes cast (excluding abstentions and broker non-votes), we will consider the highest number of votes cast by the stockholders to be the frequency that has been selected by the stockholders. However, this proposal is advisory and non-binding upon us.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of the Record Date.

What if I return a Proxy Card but do not make specific choices?

If we receive a signed and dated Proxy Card and the Proxy Card does not specify how your shares are to be voted, your shares will be voted as follows:

- “For” the election of each of the two nominees for director;

•“For” the ratification of the appointment of KPMG LLP, as our independent registered public accounting firm for our fiscal year ending December 31, 2018;

•“For” the non-binding, advisory vote regarding the compensation of our named executive officers; and

•“1 Year” for the non-binding advisory vote regarding the future advisory votes by the stockholders on the compensation of our named executive officers.

If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your Proxy Card) will vote your shares in his or her discretion.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must either sign and return all of the Proxy Cards or follow the instructions for any alternative voting procedure on each of the Proxy Cards.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy with a later date.
- You may send a written notice that you are revoking your proxy to our Corporate Secretary at 8000 Marina Blvd., Suite 300, Brisbane, California 94005.
- You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank or other agent, you should follow the instructions provided by them.

When are stockholder proposals due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 13, 2018, to our Corporate Secretary at 8000 Marina Blvd., Suite 300, Brisbane, California 94005; provided that if the date of the annual meeting is more than 30 days from May 23, 2018, the deadline is a reasonable time before we begin to print and send our proxy materials for next year's annual meeting. Pursuant to the bylaws, in order for a stockholder to present a proposal for next year's annual meeting, other than proposals to be included in the proxy statement as described above, or to nominate a director, you must do so between January 22, 2019 and February 21, 2019; provided that if the date of that annual meeting is more than 30 days before or more than 60 days after May 23, 2018, you must give notice not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. You are also advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote are present in person or represented by proxy at the Annual Meeting. On the Record Date, there were 58,024,282 shares outstanding and entitled to vote. Accordingly, 29,012,142 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted toward the quorum only if you submit a valid proxy or vote at the Annual Meeting. Abstentions will be counted toward the quorum requirement. If there is no quorum, either the chair of the Annual Meeting or a majority in voting power of the stockholders entitled to vote at the Annual Meeting, present in person or represented by proxy, may adjourn the Annual Meeting to another time or place.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a staggered, three-year term. Unless the Board determines that vacancies (including vacancies created by increases in the number of directors) shall be filled by the stockholders, and except as otherwise provided by law, vacancies on the Board may be filled only by the affirmative vote of a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board currently consists of seven seated directors, divided into the three following classes:

• Class I directors: Stephen G. Dilly, M.B.B.S., Ph.D., Mark T. Iwicki and Gregory Behar, whose current terms will expire at the annual meeting of stockholders to be held in 2019;

• Class II directors: Mark D. McDade and Stacey D. Seltzer, whose current terms will expire at the annual meeting of stockholders to be held in 2020; and

• Class III directors: Patrick G. Enright and Kathryn E. Falberg, whose current terms will expire at the Annual Meeting.

At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third subsequent annual meeting of stockholders.

Mr. Enright and Ms. Falberg have been nominated to serve as Class III directors and have each elected to stand for reelection. Each director to be elected will hold office from the date of their election by the stockholders until the third subsequent annual meeting of stockholders or until his or her successor is elected and has been qualified, or until such director's earlier death, resignation or removal.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH NAMED NOMINEE.

Edgar Filing: Aimmune Therapeutics, Inc. - Form DEF 14A

The following table sets forth, for the Class III nominees (who are currently standing for re-election) and for our other current directors who will continue in office after the Annual Meeting, information with respect to their ages as of April 1, 2018 and position/office held within the Company:

Nominees for Election to a Three-Year Term Expiring at the 2022 Annual Meeting of Stockholders

Patrick G. Enright has served as a member of our Board since April 2013. Mr. Enright is a founder of Longitude Capital, a venture capital firm focused on investments in pharmaceutical and medical technology companies, and has served as its Managing Director since 2006. From 2002 through 2006, Mr. Enright was a Managing Director of Pequot Ventures, a venture capital investment firm, where he co-led the life sciences investment practice. He currently serves on the board of directors and as a member of the audit and compensation committees of Jazz Pharmaceuticals plc, a pharmaceutical company. Mr. Enright previously served on the board of directors and as a member of the audit committee of Corcept Therapeutics Incorporated, a pharmaceutical company, and as a member of the board of directors and as chair of the audit committee of Esperion Therapeutics, Inc., a pharmaceutical company. Mr. Enright is also on the board of several privately-held companies. Mr. Enright received a B.S. in Biological Sciences from Stanford University and an M.B.A. from the Wharton School at the University of Pennsylvania. We believe that Mr. Enright is qualified to serve on our Board due to his experience serving on the board of directors of clinical-stage biotechnology companies and his investment experience in the life sciences industry.

Kathryn E. Falberg has served as a member of our Board since May 2015. She previously served as Executive Vice President and Chief Financial Officer of Jazz Pharmaceuticals plc, a biopharmaceutical company, from March 2012 to March 2014, after serving as Senior Vice President and Chief Financial Officer since December 2009. Ms. Falberg also serves as a member of the board

of directors for biopharmaceutical companies UroGen Pharma Ltd. and Arcus Biosciences, and The Trade Desk, a technology company. She previously served on the board of directors of biotechnology companies Axovant Sciences Ltd., BioMarin Pharmaceutical, Inc., aTyr Pharma, Inc., Medivation, Inc., and Halozyme Therapeutics, Inc. Ms. Falberg received a B.A. in Economics and M.B.A. from the University of California, Los Angeles and is a certified public accountant (inactive). We believe that Ms. Falberg is qualified to serve on our Board due to her extensive background in financial and accounting matters for public companies and her leadership experience in the biotechnology industry.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board has engaged KPMG LLP (“KPMG”), as our independent registered public accounting firm for the year ending December 31, 2018, and is seeking ratification of such selection by our stockholders at the Annual Meeting. KPMG has audited our financial statements for each of our fiscal years since the fiscal year ended December 31, 2013. Representatives of KPMG are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of KPMG to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and our stockholders.

Principal Accountant Fees and Services

The following table provides information regarding the fees incurred to KPMG during the years ended December 31, 2017 and 2016. The Audit Committee approved all of the fees described below incurred since our initial public offering in August 2015.

This policy is set forth in the charter of the Audit Committee and is available at

<http://ir.aimmune.com>.

The Audit Committee approved all of the audit, audit-related, tax and other services provided by KPMG for 2017 and all of the audit, audit-related, tax and other services provided by KPMG in 2016 following our initial public offering in August 2015 and, in each case, the estimated costs of those services. Actual amounts billed, to the extent in excess of the estimated amounts, are periodically reviewed and approved by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC, and is not to be incorporated by reference into any filing of Aimmune under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The primary purpose of the Audit Committee is to oversee our financial reporting processes on behalf of our Board. The Audit Committee’s functions are more fully described in its charter, which is available on our website at <http://ir.aimmune.com>. Management has the primary responsibility for our financial statements and reporting processes, including our systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management Aimmune’s audited financial statements as of and for the year ended December 31, 2017.

The Audit Committee has discussed with KPMG LLP, the Company’s independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards 61, as amended, “Communications with Audit Committees,” as adopted by the Public Company Accounting Oversight Board (the “PCAOB”). In addition, the Audit Committee discussed with KPMG LLP their independence, and received from KPMG LLP the written disclosures and the letter required by Ethics and Independence Rule 3526 of the PCAOB. Finally, the Audit Committee discussed with KPMG LLP, with and without management present, the scope and results of KPMG LLP’s audit of such financial statements.

Based on these reviews and discussions, the Audit Committee has recommended to our Board that such audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC. The Audit Committee also has engaged KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018 and is seeking ratification of such selection by the stockholders.

PROPOSAL NO. 3

NON-BINDING, ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Summary

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the SEC's rules, commonly known as a "Say-on-Pay" vote. Accordingly, we are seeking a non-binding, advisory vote to approve the compensation of our named executive officers as described in the "Compensation Discussion and Analysis" section of this proxy statement and the compensation tables and accompanying narrative disclosures that follow.

Board Recommendation

Our Compensation Committee and the Board believe that the information provided in the "Compensation Discussion and Analysis" section of this proxy statement, compensation tables and accompanying narrative disclosures demonstrates that our executive compensation program is designed appropriately, emphasizes pay for performance and aligns management's interests with our stockholders' interests to support long-term value creation.

Accordingly, our Board recommends that stockholders vote "FOR" the following resolution:

RESOLVED, that stockholders of Aimmune Therapeutics, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in "Compensation Discussion and Analysis," compensation tables and the accompanying narrative disclosures of this Proxy Statement.

While the vote on this resolution is advisory and not binding on us, the Compensation Committee, or our Board, the Compensation Committee and our Board values thoughtful input from stockholders and will consider the outcome of the vote on this resolution when considering future executive compensation decisions. The Board will determine when the next Say-on-Pay advisory vote will be held following consideration of the outcome of the advisory vote on the frequency of future Say-on-Pay votes, included in this Proxy Statement as Proposal No. 4.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE, ON A NON-BINDING ADVISORY BASIS, FOR THE RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY (“SAY-ON-PAY”) VOTES BY STOCKHOLDERS ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Summary

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) enables our stockholders to indicate how frequently they believe we should seek a non-binding advisory vote from stockholders on the compensation of our named executive officers (our Chief Executive Officer, our Chief Financial Officer and our other three most highly compensated executive officers, collectively the “NEOs”) i.e., how frequently to request future “Say-on-Pay” votes from stockholders. We are accordingly seeking a non-binding advisory vote from stockholders as to the frequency with which our stockholders should have an opportunity to provide an advisory approval - a “Say-on-Pay” - of our NEO compensation. We are providing our stockholders with the choice of selecting a frequency of 1 year, 2 years or 3 years or abstaining from this advisory vote.

The Board is also seeking an advisory “Say-on-Pay” vote from stockholders at the 2018 annual meeting and expects to seek such vote every year. We believe that this frequency is appropriate because it will enable our stockholders to vote, on an advisory basis, on the most recent executive compensation information that is presented in each of our proxy statements, leading to a more meaningful and coherent communication between the Company and our stockholders on the compensation of our NEOs.

The Board’s current plan is further based on the premise that this recommendation could be modified if it becomes apparent that an annual frequency vote is not meaningful, is burdensome or is more frequent than indicated by best corporate governance practices.

Board Recommendation

Based on these factors, the Board recommends that future advisory votes by stockholders on named executive officer compensation occur every year, until the next advisory vote on the frequency of future “Say-on-Pay” votes. Stockholders are not being asked to approve or disapprove the Board’s recommendation, but rather to indicate their choice among the following frequency options: one year, two years or three years, or to abstain from voting on this item. If none of the frequency alternatives - one year, two years or three years - receives a majority of the votes cast, we will consider the highest number of votes cast by stockholders to be the frequency that has been selected by stockholders. Accordingly, we are asking stockholders to approve the following non-binding advisory resolution at the Annual Meeting:

RESOLVED, that the compensation of named executive officers of Aimmune Therapeutics, Inc. (the “Company”) be submitted to an advisory vote by the Company’s stockholders every (a) 1 year, (b) 2 years, or (c) 3 years, with such alternative that receives the highest number of votes cast representing the vote of stockholders.

The vote on this resolution is advisory, and therefore not binding on the Company, the Board or its Compensation Committee. The Board may decide that it is in the best interests of the Company and its stockholders to hold future advisory “Say-on-Pay” votes more or less frequently than the frequency indicated by stockholders in voting on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS APPROVE, IN A NON-BINDING ADVISORY VOTE, THAT FUTURE ADVISORY VOTES BY STOCKHOLDERS ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS BE REQUESTED EVERY 1 YEAR.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. The code of business conduct and ethics is available on our website at <http://ir.aimmune.com>. We expect that any amendments to the code, or any waivers of its requirements, will be disclosed on our website. The reference to our web address does not constitute incorporation by reference of the information contained at or available through our website.

Corporate Governance Guidelines

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. Our Board adopted these Corporate Governance Guidelines in order to ensure that it has the necessary practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices our Board follows with respect to Board and committee composition and selection, Board meetings, Chief Executive Officer performance evaluation and succession planning. A copy of our Corporate Governance Guidelines is available on our website at <http://ir.aimmune.com>.

Independence of the Board of Directors

As required under the Nasdaq Global Select Market (“Nasdaq”) rules and regulations, a majority of the members of a listed company’s board of directors must qualify as “independent,” as affirmatively determined by such board. The Board consults with the Company’s counsel to ensure that the Board’s determinations are consistent with all relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent Nasdaq listing standards, as in effect from time to time.

Consistent with these considerations, our Board has determined that all of our directors, other than Dr. Dilly, qualify as “independent” directors in accordance with the Nasdaq listing requirements. Dr. Dilly is not considered independent because he is an employee of Aimmune. The Nasdaq independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his or her family members has engaged in various types of business dealings with us. In addition, as required by Nasdaq rules, our Board has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board considered information provided by the directors and us with regard to each director’s business and personal activities and relationships as they may relate to us and our management. There are no family relationships among any of our directors or executive officers.

As required under Nasdaq rules and regulations, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our Board are comprised entirely of directors determined by the Board to be independent within the meaning of Nasdaq and SEC rules and regulations applicable to the members of such committees.

Leadership Structure of the Board

Our bylaws and Corporate Governance Guidelines provide our Board with flexibility to combine or separate the positions of Chair of the Board and Chief Executive Officer and/or the implementation of a lead director in accordance with its determination that utilizing one or the other structure would be in the best interests of the

Company. Mr. McDade currently serves as the Chair of our Board. In that role, Mr. McDade presides over the executive sessions of the Board in which Dr. Dilly does not participate, serves as a liaison to Dr. Dilly and management on behalf of the Board and performs such other duties and exercises such other powers as may from time to time be assigned by the bylaws or the Board.

Our Board has concluded that our current leadership structure is appropriate at this time. However, our Board will continue to periodically review our leadership structure and may make such changes in the future as it deems appropriate.

Role of Board in Risk Oversight Process

Risk assessment and oversight are an integral part of our governance and management processes. Our Board encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings, and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing us. Throughout the year, senior management reviews these risks with the Board at regular Board meetings as part of management presentations that focus on particular business functions, operations or strategies and presents the steps taken by management to mitigate or eliminate such risks.

Our Board does not have a standing risk management committee, but rather administers this oversight function directly through our Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure and our Audit Committee is responsible for overseeing our major financial risk exposures and the steps our management has taken to monitor and control these exposures. The Audit Committee also monitors compliance with legal and regulatory requirements. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines and considers and approves or disapproves any related-person transactions. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Board Committees

Audit Committee

Our Audit Committee oversees our corporate accounting and financial reporting process. Among other matters, the Audit Committee:

- appoints our independent registered public accounting firm;
- evaluates the independent registered public accounting firm's qualifications, independence and performance;
- determines the engagement of the independent registered public accounting firm;
- reviews and approves the scope of the annual audit and the audit fee;
- discusses with management and the independent registered public accounting firm the results of the annual audit and the review of our quarterly financial statements;
- approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services;
- monitors the rotation of partners of the independent registered public accounting firm on our engagement team in accordance with requirements established by the SEC;
- is responsible for reviewing our financial statements and our management's discussion and analysis of financial condition and results of operations to be included in our annual and quarterly reports to be filed with the SEC;
- reviews our critical accounting policies and estimates; and
- reviews the Audit Committee charter and the committee's performance at least annually.

The current members of our Audit Committee are Kathryn E. Falberg, Mark T. Iwicki and Stacey D. Seltzer. Ms. Falberg serves as the chair of the committee. All members of our Audit Committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and Nasdaq. Our Board has determined that Ms. Falberg is an Audit Committee financial expert as defined under the applicable rules of the SEC and has the requisite financial sophistication as defined under the applicable rules and regulations of Nasdaq. Under the rules of the SEC, members of the Audit Committee must also meet heightened independence standards. Our Board has determined that each of Ms. Falberg, Mr. Iwicki and Ms. Seltzer are independent under the applicable rules of the SEC and Nasdaq.

The Audit Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq. A copy of the Audit Committee charter is available to security holders on the Company's website at <http://ir.aimmune.com>.

Compensation Committee

Our Compensation Committee oversees policies relating to compensation and benefits of our officers and employees. The Compensation Committee reviews and determines or, if applicable, recommends to our Board corporate goals and objectives relevant to the compensation of our executive officers, evaluates the performance of these officers in light of those goals and objectives and approves the compensation of these officers based on such evaluations. Our Compensation Committee also has the authority to determine and approve the compensation of the Chief Executive Officer. The Compensation Committee also recommends to our Board the issuance of stock options and other awards under our stock plans. The Compensation Committee will review and evaluate, at least annually, the performance of the Compensation Committee and its members, including compliance by the Compensation Committee with its charter.

Edgar Filing: Aimmune Therapeutics, Inc. - Form DEF 14A

The current members of our Compensation Committee are Patrick G. Enright, Kathryn E. Falberg and Mark D. McDade. Mr. Enright serves as the chair of the committee. Each of the members of our Compensation Committee is independent under the applicable rules and regulations of Nasdaq, is a “non-employee director” as defined in Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and is an “outside director” as that term is defined in Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, or Section 162(m).

Our executive officers submit proposals to the board and the Compensation Committee regarding our executive compensation. Our Chief Executive Officer also annually reviews the performance of each executive officer and makes recommendations regarding their compensation. The Compensation Committee considers those recommendations in determining base salaries, adjustments to base salaries, annual cash bonus program targets and awards and equity awards, if any, for the executive officers and other members of senior management.

Our Compensation Committee has retained Radford, Inc. (“Radford”), a nationally-recognized compensation consulting firm, to serve as its independent compensation consultant and to conduct market research and analysis on our various executive positions, to assist the committee in developing appropriate incentive plans for our executives on an annual basis, to provide the committee with advice and ongoing recommendations regarding material executive compensation decisions, and to review compensation proposals of management. Radford reports directly to the Compensation Committee and does not provide any non-compensation related services to the Company. The Compensation Committee reviewed the independence of Radford, employing the independence factors specified in the listing requirements of Nasdaq. Based on this assessment, the Compensation Committee determined that the engagement of Radford does not raise any conflicts of interest or similar concerns. In addition, the Compensation Committee evaluated the independence of its other outside advisors to the Compensation Committee, including outside legal counsel, considering the same independence factors and concluded their work for the Compensation Committee does not raise any conflicts of interest.

The Compensation Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq rules. A copy of the Compensation Committee charter is available to security holders on the Company’s website at <http://ir.aimmune.com>.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for making recommendations to our Board regarding candidates for directorships and the size and composition of our Board. In addition, the Nominating and Corporate Governance Committee is responsible for overseeing our corporate governance policies and reporting and making recommendations to our Board concerning governance matters.

The current members of our Nominating and Corporate Governance Committee are Patrick G. Enright, Mark D. McDade and Stacey D. Seltzer. Mr. McDade serves as the chair of the committee. Each of the members of our Nominating and Corporate Governance Committee is an independent director under the applicable rules and regulations of Nasdaq relating to Nominating and Corporate Governance Committee independence.

The Nominating and Corporate Governance Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq rules. A copy of the Nominating and Corporate Governance Committee charter is available to security holders on the Company’s website at <http://ir.aimmune.com>.

Our Nominating and Corporate Governance Committee is responsible for reviewing with the Board, on an annual basis, the appropriate characteristics, skills and experience required for the Board as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current members), the Nominating and Corporate Governance Committee, in recommending candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, may take into account many factors, including but not limited to the following: diversity of personal and professional background, perspective and experience;

personal and professional integrity, ethics and values; experience in corporate management, operations or finance, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today's business environment; experience relevant to our industry and with relevant social policy concerns; experience as a board member or executive officer of another publicly held company; relevant academic expertise or other proficiency in an area of our operations; practical and mature business judgment, including ability to make independent analytical inquiries; promotion of a diversity of business or career experience relevant to the success of our company; and any other relevant qualifications, attributes or skills.

The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best maximize the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. Further updates and supplements to such notice may be required at the times, and in the forms, required under our bylaws. As set forth in our bylaws, submissions must include the name and address of the proposed nominee, information regarding the proposed nominee that is required to be disclosed in a proxy statement or other filings in a contested election pursuant to Section 14(a) under the Exchange Act, information regarding the proposed nominee's indirect and direct interests in shares of the Company's common stock, and a completed and signed questionnaire, representation and agreement of the proposed nominee. Our bylaws also specify further requirements as to the form and content of a stockholder's notice. We recommend that any stockholder wishing to make a nomination for director review a copy of our bylaws, as amended and restated to date, which is available, without charge, from our Corporate Secretary, at 8000 Marina Blvd., Suite 300, Brisbane, California 94005.

Under the Registration Rights Agreement, we agreed to register the resale of the shares that Nestle Health Science purchased on a registration statement to be filed with the SEC upon the request of Nestle Health Science. The investment and the collaboration do not include any development milestones, product marketing rights or royalties.

Policies and Procedures for Related Party Transactions

Our Board has adopted a written related person transaction policy setting forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers, with certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act of 1933, as amended, any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which we were or are to be a participant, where the amount involved exceeds \$120,000 and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person. In reviewing and approving any such transactions, our Audit Committee is tasked to consider all relevant facts and circumstances, including, but not limited to, whether the transaction is on terms comparable to those that could be obtained in an arm's length transaction with an unrelated third party and the extent of the related person's interest in the transaction.

DIRECTOR COMPENSATION

In connection with our initial public offering in August 2015, we implemented a compensation policy for our non-employee directors (the “Director Compensation Program”). Pursuant to the Director Compensation Program, each non-employee director receives an annual retainer of \$35,000 and a non-employee director serving as Chair of the Board receives an additional annual retainer of \$30,000. Non-employee directors who serve on one or more committees are eligible to receive the following annual committee fees:

Committee	Chair	Other Member
Audit Committee	\$20,000	\$10,000
Compensation Committee	12,000	6,000
Nominating and Corporate Governance Committee	8,000	4,000

Under the Director Compensation Program, each non-employee director who is elected or appointed to our Board will automatically be granted an option to purchase 39,510 shares of our common stock upon the director’s initial appointment or election to our Board, referred to as the Initial Grant. In addition, each non-employee director who is serving on our Board immediately following an annual stockholder’s meeting will automatically be granted an annual option to purchase 19,755 shares of our common stock on the date of such annual stockholder’s meeting, referred to as the Annual Grant. The Initial Grant will vest as to 1/36th of the shares subject to the Initial Grant each month following the applicable grant date, subject to continued service through each applicable vesting date. The Annual Grant will vest as to all of the shares subject to the Annual Grant on the earlier of the first anniversary of the applicable grant date or the next annual stockholders’ meeting, subject to continued service through the vesting date. All equity awards, including any Initial Grants and Annual Grants, held by our non-employee directors will vest in full immediately prior to the occurrence of a change in control.

In May 2017, following its review of an analysis prepared by Radford, our independent compensation consultant, regarding the compensation of our non-employee directors as compared to our peers, our Board approved a modification to the equity portion of our Director Compensation Program in order to position the equity award grant sizes closer to the median of our peer group. Pursuant to the modified Director Compensation Program, the shares subject to the Initial Grant would be reduced to 30,000 and the shares subject to the Annual Grant would be reduced to 17,500. Our non-employee directors received Annual Grants pursuant to the revised Director Compensation Program at our 2017 annual meeting of stockholders.

COMPENSATION DISCUSSION AND ANALYSIS

General

The following Compensation Discussion and Analysis (“CD&A”) provides information on the compensation arrangements for our Named Executive Officers (our Chief Executive Officer, our Chief Financial Officer, our other three most highly compensated executive officers serving at the end of fiscal 2017 and our former Chief Financial Officer, collectively our “NEOs”) and is intended to provide context for the decisions underlying the compensation paid to our NEOs in 2017. This CD&A should be read together with the compensation tables and related disclosures set forth below. Our NEOs for 2017 and their positions with the Company were as follows:

• Dr. Stephen G. Dilly, Chief Executive Officer;
• Eric H. Bjerkholt, Chief Financial Officer;
• Dr. Daniel C. Adelman, Chief Medical Officer;
• Jeffrey H. Knapp, Chief Operating Officer;
• Douglas T. Sheehy, General Counsel and Secretary; and
• Warren L. DeSouza, former Chief Financial Officer.

Mr. DeSouza ceased to be employed by us in April 2017 and Mr. Bjerkholt commenced employment with us in April 2017.

Executive Summary

2017 Performance Highlights and Pay for Performance. Our executive compensation programs are designed to deliver pay in accordance with corporate and individual performance, rewarding superior performance and providing consequences for underperformance. We believe that compensation of our NEOs for fiscal year 2017 was aligned with the Company’s performance during 2017. Highlights of that performance include, but are not limited to:

• In 2017, we initiated and completed enrollment in our RAMSES clinical study, which is a real-world experience safety trial of AR101 conducted in the United States and Canada;

• In June 2017, we completed the construction of our commercial manufacturing facility for AR101 in Clearwater, Florida.

• In July 2017, we initiated enrollment in our ARTEMIS clinical study, which is a European Phase 3 efficacy trial of AR101 that is designed to explore a higher efficacy bar and a shorter maintenance period than in our recently completed PALISADE trial;

• In October 2017, we entered into a clinical collaboration with Regeneron and Sanofi to study AR101 treatment with adjunctive dupilumab in peanut-allergic patients in a Phase 2 clinical trial expected to begin in 2018; and

• In December 2017, we completed enrollment in our PALISADE clinical study, which is a pivotal Phase 3 efficacy trial of AR101 that enrolled 554 subjects ages 4-49 in the United States, Canada and eight countries in Europe.

In order to align pay with performance, a significant portion of our NEOs’ compensation is delivered in the form of equity awards and annual cash incentives, each of which depends on our actual performance. For fiscal year 2017, 87.2% of the total target compensation for continuing NEOs was in the form of stock options and annual cash incentives.

2017 Compensation Highlights. Consistent with our compensation philosophy, key compensation decisions for 2017 included the following:

• **Base Salaries and Target Annual Cash Incentive Opportunities.** The 2017 base salaries for our continuing NEOs were increased between 3.5% and 13.6% in order to position our NEOs’ base salaries closer to the market median, other than Mr. Bjerkholt who commenced employment with us in 2017. In addition, other than Mr. Bjerkholt, our continuing NEOs’ 2017 target bonuses were increased by 5 percentage points in order to generally reflect the same competitive position within our tier-based approach to target bonuses.

•Annual Cash Incentives. For 2017, our Compensation Committee selected 17 primary performance goals for our performance-based annual bonus program that were intended to promote our business plan and short-term goals, including with respect to our clinical development program, clinical supply and chemistry, manufacturing and controls (“CMC”) preparation, quality framework, financial planning and future preparations, as well as two strategic “kicker” goals that could result in achievement over any primary goals. Our NEOs’ annual bonus payouts were the result of our 108% achievement of the corporate goals as well as each NEOs; individual performance in 2017.

24

Equity-Based Long-Term Incentives. In 2017, we granted 77.2% of our continuing NEOs' target direct compensation as equity-based compensation in the form of stock options. We believe that stock options and restricted stock units effectively align the interests of our executives with those of our stockholders, providing significant leverage if our growth objectives are achieved while also placing a significant portion of compensation at risk if our objectives are not achieved. In the event that our executives fail to increase stockholder value over the term of their stock options, or if stockholder value remains stagnant, then our NEOs will realize no value from their stock options.

Compensation Governance and Best Practices. We are committed to having strong governance standards with respect to our compensation programs, procedures and practices. Our key compensation practices include the following:

Pay for performance. A significant portion of executive compensation is "at risk" based on corporate performance, and additionally is equity-based, in order to align the interests of our executive officers with stockholders.

Strong link between performance measures and strategic objectives. Performance measures for incentive compensation are linked to operating priorities designed to create long-term stockholder value.

Independent compensation consultant. The Compensation Committee retains an independent compensation consultant to review our executive compensation program and practices.

No guaranteed annual salary increases or bonuses. Our NEOs' salary increases are based on individual evaluations and their annual cash incentives are tied to corporate performance.

No tax gross-ups. We do not provide any tax gross-ups to our NEOs.

Limited perquisites. We do not provide any perquisites or personal benefits to our NEOs, other than in limited circumstances.

No hedging or pledging. We prohibit our employees and directors from hedging or pledging any Company securities.

Executive Compensation Objectives and Philosophy

The key objective in our executive compensation program is to attract, motivate and reward leaders with the skills and experience necessary to successfully execute on our strategic plan to maximize stockholder value. Our executive compensation program is designed to:

- attract and retain talented and experienced executives in a competitive and dynamic market;
- motivate our NEOs to help the Company achieve the best possible financial and operational results;
- provide reward opportunities consistent with our performance on both a short-term and long-term basis; and
- align the long-term interests of our NEOs with those of our stockholders.

We strive to set our overall total compensation at a competitive level. Executives may be compensated above or below the targeted market position based on factors such as experience, performance, scope of position and the competitive demand for proven executive talent, as described further below under "Determination of Executive Compensation."

Determination of Executive Compensation

Our Compensation Committee is responsible for establishing and overseeing our executive compensation programs and annually reviews and determines the compensation to be provided to our NEOs. In setting executive compensation, the Compensation Committee considers a number of factors, including the recommendations of our Chief Executive Officer (other than with respect to himself), current and past total compensation, competitive market data and analysis provided by the Compensation Committee's independent compensation consultant, Company performance and each executive's impact on performance, each executive's relative scope of responsibility and potential, each executive's individual performance and demonstrated leadership and internal equity pay considerations. Our Chief Executive Officer's recommendations are based on his evaluation of each other NEO's individual performance and contributions, of which he has direct knowledge. Our Compensation Committee makes decisions regarding our Chief Executive Officer's compensation.

Competitive Market Data and Independent Compensation Consultant

In order to design a competitive executive compensation program that will continue to attract top executive talent, our Compensation Committee engages an independent compensation consultant to provide a competitive review of executive compensation, including base salary, annual incentives and equity compensation as compared with market data. Our Compensation Committee has retained Radford to provide these services.

Edgar Filing: Aimmune Therapeutics, Inc. - Form DEF 14A

In consultation with Radford, in August 2016, our Compensation Committee selected our peer group based on the following general criteria: 2016(i) U.S.-based technology companies, with an emphasis on recently public companies and in biotech “hub” markets; (ii) pre-commercial companies, with similar disease focus where possible; (iii) market capitalization between \$200 million and \$1.5 billion; and (iv) companies with between 25 and 150 full time employees. This peer group (the “2016 Peer Group”) was comprised of the following companies:

- | | | | | |
|-----------------------------|------------------------------|------------------------------|--------------------------------|----------------------------|
| • Acceleron Pharma | • Ardelyx | • Enanta
Pharmaceuticals | • Global Blood
Therapeutics | • Sage Therapeutics |
| • Adamas
Pharmaceuticals | • Atara Biotherapeutics | • Epizyme | • OncoMed
Pharmaceuticals | • Sorrento
Therapeutics |
| • Aduro BioTech | • ChemoCentryx | • FibroGen | • Otonomy | • Versartis |
| • Aerie
Pharmaceuticals | • Concert
Pharmaceuticals | • Five Prime
Therapeutics | • Portola
Pharmaceuticals | • Vital Therapies |
| • Akebia Therapeutics | • Dermira | • Flexion Therapeutics | • Revance Therapeutics | • Xencor |

As of August 2016, as compared to the 2016 Peer Group, we were at the 53rd percentile for 30 day average market capitalization and the 46th percentile for headcount. For fiscal 2017, the Compensation Committee used Radford’s analysis of the 2016 Peer Group to consider the positioning of base salaries, target bonuses and equity award grants. For 2017, our Compensation Committee generally targeted the 50th percentile of market for our NEOs’ target cash compensation and, based on Company performance, between the 50th and 75th percentile of market for our NEOs’ equity compensation, though it took into account other factors as described above under “Determination of Executive Compensation.”

In July 2017, following consultation with Radford, our Compensation Committee approved a new peer group (the “2017 Peer Group”) using the same general criteria as used to determine the 2016 Peer Group, except that the market capitalization criterion was modified to a range of \$300 million to \$2.5 billion, and the full-time employee headcount criterion was modified to a range of 50 to 300 employees. The 2017 Peer Group consisted of the following:

- | | | | | |
|-----------------------------|------------------------------|------------------------------|--------------------------------|---------------------------|
| • Acceleron Pharma | • Akebia Therapeutics | • Dermira | • Flexion Therapeutics | • Revance
Therapeutics |
| • Achaogen | • Agios
Pharmaceuticals | • Enanta
Pharmaceuticals | • Global Blood
Therapeutics | • Sage Therapeutics |
| • Adamas
Pharmaceuticals | • Atara Biotherapeutics | • Epizyme | • Otonomy | • Sangamo
Therapeutics |
| • Aduro BioTech | • ChemoCentryx | • FibroGen | • Portola
Pharmaceuticals | • Versartis |
| • Aerie
Pharmaceuticals | • Concert
Pharmaceuticals | • Five Prime
Therapeutics | • Prothena | • Xencor |

As of July 2017, as compared to the 2017 Peer Group, we were at the 57th percentile for 30 day average market capitalization and the 8th percentile for headcount. In November 2017, our Compensation Committee reviewed Radford’s analysis of our 2017 executive compensation program with respect to the most recently filed proxy information for the 2017 Peer Group and the Radford 2017 Life Sciences Industry Survey, which included a select cut

of our peer companies and public U.S. pre-commercial bio/pharma companies with headcount between 50 and 300 and market capitalization between \$300 million and \$2.5 billion. Our Compensation Committee was not aware of the constituent companies in the broader survey data. Based on this analysis and consistent with our compensation approach for 2017, our CEO's target cash compensation was at the 25th percentile of market, and our other NEOs' target cash compensation (excluding Mr. DeSouza) was between the 25th and 50th percentiles of market. In addition, our NEOs equity grant values (excluding Mr. DeSouza) were at the 50th to 75th percentiles of market.

Our Compensation Committee generally uses the peer group to help structure a competitive executive compensation program, position executive compensation by considering market data, and make individual compensation decisions based on comparable positions at companies with which we compete for talent. While the Compensation Committee does not establish compensation levels solely based on a review of competitive data, it believes such data is a useful tool in its deliberations as our compensation policies and practices must be competitive in the marketplace for us to be able to attract, motivate and retain qualified executive officers.

Components of Compensation

The primary elements of our NEOs' compensation and the main objectives of each are:

• **Base Salary.** Base salary attracts and retains talented executives, recognizes individual roles and responsibilities and provides stable income.

• **Annual Performance-Based Incentive Compensation.** Annual performance bonuses promote short-term performance objectives and reward executives for their contributions toward achieving those objectives.

• **Equity Based Long-Term Incentive Compensation.** Equity compensation, provided in the form of stock options and restricted stock units, aligns executives' interests with our stockholders' interests, emphasizes long-term financial and operational performance, and helps retain executive talent.

In addition, our NEOs are eligible to participate in our health and welfare programs and our 401(k) plan on the same basis as our other employees. We are also party to employment agreements that provide for severance and change in control benefits, which aid in attracting and retaining executive talent and help executives to remain focused and dedicated during potential transition periods due to a change in control. Each of these elements of compensation for 2017 is described further below.

Base Salary

Base salaries provide our NEOs with a reasonable degree of financial certainty and stability. Our Compensation Committee annually reviews and determines the base salaries of our executives and evaluates the base salaries of new hires at the time of hire. In February 2017, our Compensation Committee (or Board with respect to our CEO) approved salary increases, effective as of March 1, 2017, for our then-serving NEOs in a range of 3.5% to 13.6%, which were intended to position our NEOs' base salaries closer to the market median, though the Compensation Committee considered a number of factors, including those set forth above under "Determination of Executive Compensation". The base salary for Mr. Bjerkholt was set by the Compensation Committee at the time of his hire in April 2017. Following such determinations, our NEOs' 2017 base salaries were as set forth below:

Name	2016 Annualized Base Salary	2017 Annualized Base Salary
Dr. Stephen G. Dilly	\$ 440,000	\$ 500,000
Eric H. Bjerkholt	—	400,000
Dr. Daniel C. Adelman	400,000	414,000
Jeffrey H. Knapp	375,000	400,000
Douglas T. Sheehy	350,000	362,300
Warren L. DeSouza	332,000	332,000

Annual Performance-Based Incentive Compensation

We have adopted the Aimmune Therapeutics Company Bonus Plan pursuant to which we establish annual performance-based bonus programs in order to motivate our executives to meet or exceed company-wide short-term performance objectives. Our annual bonus program provides for the payment of cash bonuses based on each NEOs' target annual bonus and our achievement of corporate performance objectives and each NEO's individual performance in a given year.

In February 2017, our Board approved an increase to our Chief Executive Officer's target bonus from 50% to 55% of his base salary, and our Compensation Committee approved an increase to our other then-serving NEOs' target bonuses from 35% to 40% of their base salaries, in each case, in order to align with competitive market practices within the Company's tier-based approach to target bonuses. The target cash bonus for Mr. Bjerkholt was set by the Compensation Committee at the time of his hire in April 2017 at 40% of his base salary, consistent with that of our other NEOs.

For fiscal year 2017, our Compensation Committee approved 17 primary performance goals in the performance areas of our clinical development program, clinical supply and CMC preparation, quality framework, financial planning and future preparations under our annual bonus program. Our 2017 cash incentive program also included two strategic “kicker” goals, each of which could result in overachievement of 10%. Clinical development program goals included the timely completion of our PALISADE clinical trial, the percentage of PALISADE subjects that completed the trial and then were enrolled in our ARC004 rollover study and the timely enrollment of subjects in our RAMSES and ARTEMIS clinical trials of AR101. Clinical supply and CMC preparation goals included the timely completion of our manufacturing facility in Clearwater, Florida and the successful supply of clinical trial materials for all AR101 clinical programs. Quality framework goals included the timely closing out of critical findings identified in audits of our GXP quality management systems and the timely preparation for potential FDA inspections. Financial goals included management of 2017 cash spend in accordance with our forecast and preparing to be compliant with the requirements of Section 404(b) of the Sarbanes-Oxley Act. Future preparations goals included timely completion of an AR101 market plan in the United States and a go to market plan in the European Union, timely completion of activities to support the filing of an investigational new drug application for an egg allergy product candidate, increasing the number of research analysts that cover Aimmune, measuring the number of impactful articles and mentions in traditional and social media and successful employee survey results. Given that some of our non-financial goals are related to our business strategy and are highly confidential, we do not publicly disclose them at all or in full detail. We believe their disclosure would provide our competitors, customers and other third parties with significant insights regarding our confidential business strategies that could cause us substantial competitive harm. These goals were set by our Compensation Committee at a level our Compensation Committee determined would require substantial effort to be achieved, such that the goals would not be expected to be achieved with average or below average performance.

Edgar Filing: Aimmune Therapeutics, Inc. - Form DEF 14A

For fiscal year 2017, our Compensation Committee allocated specific weightings to each performance goal and set threshold, target and stretch goals for each performance goal, which corresponded to percentage achievement of 75%, 100% and 125%, respectively. Our corporate goals, their applicable weightings and actual achievement for 2017 are set forth in the table below:

Performance Area	Weight		Weighted Achievement	
Clinical Development Program (5 subgoals, each weighted 8%)	40	%	38.0	%
Clinical Supply & CMC Preparation (3 subgoals, each weighted 5%)	15	%	6.3	%
Quality Framework (2 subgoals, each weighted 5%)	10	%	10.0	%
Financial (2 subgoals, each weighted 5%)	10	%	11.3	%
Preparing for the Future (5 subgoals, each weighted 5%)	25	%	22.5	%
Total (primary goals)	100	%	88.1	%
“Kicker” (2 subgoals, each weighted 10%)	20	%	20.0	%
Total	120	%	108.1	%

Corporate goals and performance targets are reviewed and approved by the Compensation Committee, which gives its recommendations to the Board prior to any allocation of the bonus. In February 2018, the Compensation Committee reviewed our 2017 company-wide performance with respect to determining bonuses to executive officers and determined a company-wide achievement of 108%.

Individual bonus payouts were determined 80% based on our company-wide achievement, and 20% based on our Compensation Committee’s assessment of the NEO’s individual performance. The Compensation Committee did not establish specific individual goals for our NEOs, but rather evaluated each in a holistic manner based on his or her area of responsibility and contributions to the Company, taking into account the recommendations of our CEO with respect to each NEO other than himself. Based on this evaluation, our Compensation Committee determined that each of our NEOs had achieved individual performance of 100%, except Mr. Bjerkholt, who the Compensation Committee determined had exceptionally strong individual performance in 2017 that made it appropriate not to prorate his bonus payout based on his start date in April 2017. Pursuant to the terms of his separation agreement with the Company, a portion of Mr. DeSouza’s severance represented a prorated bonus for 2017 in the amount of \$29,050. Mr. DeSouza was not otherwise eligible to receive a payout under the 2017 bonus program as he terminated in April 2017. The dollar amount of our other NEOs’ 2017 performance bonuses are set forth in the column entitled “Non-Equity Incentive Plan Compensation” in the “2017 Summary Compensation Table” below.

Equity-Based Long-Term Incentive Awards

Our Compensation Committee believes it is essential to provide equity-based compensation to our executive officers in order to link the interests and risks of our executive officers with those of our stockholders, reinforcing our commitment to ensuring a strong linkage between company performance and pay. In 2017, we granted equity-based compensation to our NEOs under our 2015 Equity Incentive Award Plan in the form of stock options, which we believe effectively align the interests of our executives with those of our stockholders.

In February 2017, we made the following grants of stock options to our NEOs:

Name	Number of Shares
------	------------------

	Underlying Stock Options
Dr. Stephen G. Dilly	240,000
Dr. Daniel C. Adelman	90,000
Jeffrey H. Knapp	90,000
Douglas T. Sheehy	90,000
Warren L. DeSouza ⁽¹⁾	—

(1) Mr. DeSouza was not granted an annual award of stock options as his departure from the Company in April 2017 was contemplated at the time of the annual grants.

The stock option awards vest as to 1/48th of the shares subject to the option on each monthly anniversary of February 24, 2017, subject to continued employment.

Consistent with our compensation philosophy for 2017, these equity award grants were intended to be approximately within the 50th to 75th percentile of market, to reflect a tier-based approach to our annual grants where each of our C-level executives (other than our Chief Executive Officer) were granted awards of the same size and to provide solid retention value for our executive team in a pivotal year.

In connection with Mr. Bjerkholt's commencement of employment with us, we granted him an initial award of options. Mr. Bjerkholt's initial stock option grant covered 270,000 shares of the Company's common stock and vests as to 25% of the shares on the first anniversary of his hire date and as to 1/48th of the shares on each monthly anniversary thereafter, subject to continued employment on each applicable vesting date.

As discussed below under "Employment and Severance Arrangements – Transition and Separation Agreement with Dr. Dilly", stock options held by Dr. Dilly were modified in 2017 to provide for accelerated vesting and an extended period to exercise.

Retirement Savings, Health and Welfare Benefits

Our NEOs participate in our company-sponsored benefit programs on generally the same basis as other salaried employees, including a standard complement of health and welfare benefit plans and a 401(k) plan, which is intended to qualify under Section 401(k) of the Code, such that a portion of their eligible compensation may be deferred on a pre-tax basis. Under the 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit and to have the amount of such reduction contributed to the 401(k) plan. Effective January 1, 2018, the Company matched contributions up to an annual maximum match of \$2,000 with immediate vesting.

Perquisites and Other Personal Benefits

We do not view perquisites or other personal benefits as a significant component of our executive compensation program. We currently provide perquisites or other personal benefits to our NEOs in limited circumstances, including the reimbursement of club membership dues, where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective or for recruitment, motivation, or retention purposes. All current and future practices with respect to perquisites or other personal benefits have been and will be approved by the Compensation Committee.

Employment and Severance Arrangements

We have entered into employment agreements with each of our NEOs, which set forth the terms and conditions of employment of each named executive officer, including base salary, target bonus, initial equity award grants, and standard employee benefit plan participation. The agreements also include certain change and control severance provisions, which our Compensation Committee believes are necessary to attract and retain executive talent and are a customary component of executive compensation. In particular, such provisions can serve to mitigate a potential disincentive for them when they are evaluating a potential acquisition of the Company and can encourage retention through the conclusion of the transaction. The change in control and severance payments and benefits provided under our executive employment agreements are designed to provide our NEOs with treatment that is competitive with market practices. A description of these provisions, as well as information on the estimated payments and benefits that our NEOs would have been eligible to receive as of December 31, 2017, are set forth under "Potential Payments Upon Termination or Change in Control" below.

We also entered into a transition and separation agreement with Mr. DeSouza in connection with his termination of employment from the Company in April 2017, which provided for certain severance payments and benefits. These severance payments and benefits are described in further detail below under "Potential Payments Upon Termination or Change in Control".

Transition and Separation Agreement with Dr. Dilly

In November 2017, Dr. Dilly announced his intention to retire as the Company's President and Chief Executive Officer by the end of 2018. In connection with his planned retirement, in November 2017, the Company entered into a

Transition and Separation Agreement with Dr. Dilly, pursuant to which Dr. Dilly will continue to be employed by the Company through December 31, 2018, subject to earlier termination by the Company for cause or by Dr. Dilly for any reason (the earliest such date, the “Termination Date”). Dr. Dilly will continue to be employed by the Company as its President and Chief Executive Officer and continue to serve as a member of the Board through the earlier of the date that the Company appoints a new Chief Executive Officer (the “Transition Date”) or the Termination Date. For the period of time commencing on the Transition Date and ending on the Termination Date (the “Transition Period”), Dr. Dilly will continue to be employed by the Company as a special advisor, and will provide transition services for four days per week. During the Transition Period, Dr. Dilly will be paid a base salary at the rate of \$2,500 per week, continue to participate in Company employee benefit plans in accordance with their terms (other than accrue vacation) and continue to vest into outstanding equity awards. If, during the Transition Period, the Board or the Company’s new Chief Executive Officer request that Dr. Dilly provide more than four days of services during any calendar week, then the Company will pay Dr. Dilly a \$2,500 per diem bonus. In addition, if Dr. Dilly ceases to be eligible to participate in the Company’s health plans during the Transition Period, the Company will directly pay or reimburse Dr. Dilly for COBRA premiums during the Transition Period. Dr. Dilly provided a release of claims in connection with the execution of the Transition and Separation Agreement.

Subject to Dr. Dilly's continued employment through December 31, 2018, in exchange for providing a general release of claims that becomes effective after the Termination Date and continued compliance with the Employee Proprietary Information and Inventions Agreement entered into between Dr. Dilly and the Company, Dr. Dilly will receive: (i) continued payments of his base salary for 12 months following his Termination Date; (ii) accelerated vesting of his outstanding equity awards in respect of the number of shares that would have vested had he continued to provide services for the six-month period following his Termination Date; (iii) extended exercisability of the vested portion of his options (after giving effect to the foregoing acceleration) for the 12-month period beginning on his Termination Date; and (iv) payment or reimbursement of COBRA premiums for Dr. Dilly and his covered dependents for up to 12 months following his Termination Date. Additionally, Dr. Dilly will receive enhanced severance benefits and full acceleration of his outstanding equity awards if his Termination Date occurs during the period commencing three months before and ending 12 months after a change in control of the Company.

Other Policies and Considerations

Derivatives Trading, Hedging, and Pledging Policies

Our Insider Trading Policy provides that no employee, officer, or director may acquire, sell, or trade in any interest or position relating to the future price of Company securities, such as a put option, a call option or a short sale (including a short sale "against the box"), or engage in hedging transactions (including "cashless collars"). In addition, our Insider Trading Policy provides that no employee, officer, or director may pledge Company securities as collateral to secure loans. This prohibition means, among other things, that these individuals may not hold Company securities in a "margin" account, which would allow the individual to borrow against their holdings to buy securities.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for certain "covered employees." Prior to the Tax Cuts and Jobs Act of 2017, covered employees included our Chief Executive Officer and each of the next three highest compensated officers serving at the end of the preceding taxable year other than our Chief Financial Officer, and compensation that qualified as "performance-based" under Section 162(m) was exempt from this \$1 million limitation. As part of the Tax Cuts and Jobs Act of 2017, the ability to rely on this "qualified performance-based compensation" exception was eliminated, and the limitation on deductibility was generally expanded to include all named executive officers. While our Board and Compensation Committee may take the deductibility of compensation into account when making compensation decisions, we believe that maintaining the discretion to provide compensation that is non-deductible allows us to provide compensation tailored to the needs of our Company and our named executive officers and is an important part of our responsibilities and benefits our stockholders.

Nonqualified Deferred Compensation

The Compensation Committee takes into account whether components of the compensation for our executive officers will be adversely impacted by the penalty tax imposed by Section 409A of the Code, and aims to structure these components to be compliant with or exempt from Section 409A to avoid such potential adverse tax consequences.

"Golden Parachute" Payments

Sections 280G and 4999 of the Code provide that certain executive officers and other service providers who are highly compensated or hold significant equity interests may be subject to an excise tax if they receive payments or benefits in connection with a change in control of the company that exceeds certain prescribed limits, and that we, or a successor, may forfeit a deduction on the amounts subject to this additional tax. We are not obligated to provide any NEO with a

“gross-up” or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G or 4999.

Accounting for Share-Based Compensation

We follow ASC Topic 718 for our share-based compensation awards. ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their share-based compensation awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other award.

Pension Benefits and Nonqualified Deferred Compensation Plans

We do not have any plans with any of our NEOs that provide for payments or other benefits at, following, or in connection with retirement. We also do not have any defined contribution or other plan with any of our NEOs that provides for the deferral of compensation on a basis that is not tax-qualified.

Potential Payments Upon Termination or Change in Control

Executive Employment Agreements

Under the employment agreements with each of our NEOs, in the event that the applicable executive is terminated by us without “cause” or resigns for “good reason”, then in exchange for providing us a general release of claims, the executive is entitled to receive (i) continued base salary payments for nine months or, in the case of Dr. Dilly, twelve months, (ii) reimbursement of premiums for continued healthcare coverage for nine months or, in the case of Dr. Dilly, twelve months, and (iii) six months’ accelerated vesting of equity awards, including stock options, held by the executive (with any vested stock options remaining exercisable for up to twelve months after his termination of employment or resignation). If the termination or resignation occurs during the period commencing three months prior to a change in control and ending twelve months after a change in control, then, in lieu of the foregoing benefits, each executive is entitled to receive (a) a cash lump sum payment equal to one times, or in the case of Dr. Dilly, one and one-half times, the sum of the executive’s base salary and target bonus, (b) reimbursement of continued healthcare coverage premiums for twelve months or, in the case of Dr. Dilly, eighteen months, and (c) full accelerated vesting of each equity award, including stock options, held by the executive (with any vested stock options remaining exercisable for up to twelve months following such termination or resignation, with such stock options limited to those granted after the date of Dr. Dilly’s employment agreement or Mr. DeSouza’s employment agreement, in each of their respective cases).

The change in control severance agreements also include a Section 280G “best pay” provision, which provides that if any amount received by the executive pursuant to the agreement or otherwise that would be subject to the excise tax imposed by Section 4999 of the Code, the executive would receive the full amount of the payments and benefits or an amount reduced so that no portion would be subject to the excise tax, whichever would result in the largest payment to the executive on an after-tax basis.

For the purposes of the employment agreements, “cause” means any of the following events: (a) the executive’s theft, dishonesty or falsification of any employment or company records that is non-trivial in nature; (b) the executive’s malicious or reckless disclosure of our confidential or proprietary information or any material breach by the executive of his obligations under the proprietary information and invention assignment agreement with us; (c) the conviction of the executive of a felony (excluding motor vehicle violations) or the commission of gross negligence or willful misconduct, where a majority of the non-employee members of our Board reasonably determines that such act or misconduct has (i) seriously undermined the ability of the Board or management to entrust the executive with important matters or otherwise work effectively with the executive, (ii) substantially contributed to our loss of significant revenues or business opportunities, or (iii) significantly and detrimentally affected our business or reputation; and/or (d) the willful failure or refusal by the executive to follow the reasonable and lawful directives of our Board, provided such willful failure or refusal continues after the executive’s receipt of reasonable notice in writing of such failure or refusal and a reasonable opportunity of not less than 30 days to correct the problem.

The employment agreements provide that “good reason” means any of the following are undertaken without the executive’s prior written consent: (a) a material diminution in the executive’s authority, duties, or responsibilities which substantially reduces the nature or character of the executive’s position with us; (b) a material reduction by us of the executive’s base salary as in effect immediately prior to such reduction; (c) a relocation of the executive’s principal office to a location that increases the executive’s one-way commute by more than thirty-five (35) miles; or (d) any material breach by us of any provision of the executive’s employment agreement, in each case, subject to notice and

cure requirements.

The employment agreements provide for “change in control” to have the same definition as in the Company’s 2015 Equity Incentive Award Plan.

Transition and Separation Agreement with Mr. DeSouza

In connection with Mr. DeSouza’s separation from the Company in April 2017, on February 3, 2017, the Company entered into a transition and separation agreement with him (the “DeSouza Separation Agreement”), pursuant to which Mr. DeSouza would continue to be employed by the Company as its Chief Financial Officer through April 16, 2017, subject to earlier termination by the Company for cause or Mr. DeSouza for any reason.

Under the DeSouza Separation Agreement, subject to Mr. DeSouza's continued employment through April 16, 2017 or the date he is terminated without cause, if earlier, in exchange for a full general release of claims and continued compliance with the Employee Confidential Information and Inventions Agreement entered into between Mr. DeSouza and the Company, Mr. DeSouza was eligible to receive: (i) continued payments of his base salary for nine months following his termination date; (ii) accelerated vesting of 43,684 shares of Company common stock subject to the option granted by the Company on May 13, 2015 and 10,000 shares of Company common stock subject to the option granted by the Company on February 26, 2016; (iv) extended exercisability of the vested portion of such options until the first anniversary of his termination date; (v) payment or reimbursement of COBRA premiums for Mr. DeSouza and his covered dependents for up to nine months following his termination date; and (vi) a prorated portion of his 2017 annual bonus in the amount of \$29,050, payable within 30 days after the release of claims becomes effective.

Estimated Potential Payments

(1) With respect to options, the value of equity acceleration was calculated by (i) multiplying the number of accelerated shares of common stock underlying the options by \$37.82, the closing stock price of our common stock on December 29, 2017, the last trading day of fiscal 2017 and (ii) subtracting the exercise price for the options, except that the value of Mr. DeSouza's option acceleration was based on \$19.57, the closing stock price of our

common stock on April 13, 2017, the last trading day prior to the date of his separation. With respect to restricted shares, the value of equity acceleration was calculated by multiplying the number of accelerated shares by \$37.82, the closing stock price of our common stock on December 29, 2017, the last trading day of fiscal 2017.

(2) Amount represents the incremental aggregate value due to the extension of the option exercise period and was calculated by multiplying the number of accelerated shares of common stock underlying the options by the difference between the Black-Scholes fair value of an option with a one-year exercise period and a three-month exercise period.

(3) Amounts shown are the maximum potential payment the NEO would have received as of December 31, 2017. Amounts of any reduction pursuant to the 280G best pay provision, if any, would be calculated upon actual termination of employment.

Compensation Risk Assessment

Consistent with the SEC's disclosure requirements, we have assessed our compensation programs for all employees. We have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Management has evaluated our executive and employee compensation and benefits programs to determine if these programs' provisions and operations create undesired or unintentional risk of a material nature. The risk assessment process includes a review of program policies and practices; analysis to identify risks and risk controls related to our compensation programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, the effectiveness of our risk controls and the impacts of our compensation programs and their risks to our strategy. Although we periodically review all compensation programs, we focus on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. In relation to this, we believe that our incentive compensation arrangements provide incentives that do not encourage risk taking beyond our ability to effectively identify and manage significant risks and are compatible with effective internal controls and our risk management practices.

The Compensation Committee monitors our compensation programs on an annual basis and expects to make modifications as necessary to address any changes in our business or risk profile.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with during the year ended December 31, 2017.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

Brokers with account holders who are Aimmune stockholders may be "householding" our proxy materials. A single proxy statement may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in "householding."

If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, you may (1) notify your broker or (2) direct your written request to: 8000 Marina Blvd., Suite 300, Brisbane, California 94005. Stockholders who currently receive multiple copies of this Proxy Statement at their address and would like to request "householding" of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Form 10-K, Proxy Statement, Proxy Card or Notice of Internet Availability of Proxy Materials to a stockholder at a shared address to which a single copy of the documents was delivered.

Other Matters

As of the date of this Proxy Statement, the Board does not intend to present any matters other than those described herein at the Annual Meeting and is unaware of any matters to be presented by other parties. If other matters are properly brought before the Annual Meeting for action by the stockholders, proxies will be voted in accordance with the recommendation of the Board or, in the absence of such a recommendation, in the discretion of the proxy holder.

We have filed our Annual Report on Form 10-K for the year ended December 31, 2017 with the SEC. It is available free of charge at the SEC's web site at www.sec.gov. Upon written request by a Aimmune stockholder, we will mail without charge a copy of our Annual Report on Form 10-K, including the financial statements and financial statement schedules, but excluding exhibits to the Annual Report on Form 10-K. Exhibits to the Annual Report on Form 10-K are available upon payment of a reasonable fee, which is limited to our expenses in furnishing the requested exhibit. All requests should be directed to the Corporate Secretary, 8000 Marina Blvd., Suite 300, Brisbane, California 94005.
