 information, however, and has not independently verified such information. When used in this presentation and in  
 documents filed or furnished by the Company with the Securities and Exchange Commission, in the Company’s press  
 releases or other public or stockholder communications, and in oral statements made with the approval of an  
 authorized executive officer, the words or phrases “will likely result,” “are expected to,” “will continue,” “is  
 anticipated,” “estimate,” “project,” “intends” or similar expressions are intended to identify “forward - looking  
 statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject  
 to certain risks and uncertainties, including, among other things, (i) changes in economic conditions globally,  
 nationally, in Texas, or in Southside’s specific markets; (ii) current or future legislative, regulatory changes or changes  
 in monetary, fiscal, tax or accounting policies, including the Federal Reserve’s actions with respect to interest rates,  
 and the capital requirements promulgated by the Basel Committee on Banking Supervision; (iii) adverse changes in  
 the status or financial condition of Government - Sponsored Entities (the “GSEs”) impacting the GSEs’ guarantees or  
 ability to pay or issue debt; (iv) adverse changes in the credit portfolio of other U . S . financial institutions relative to  
 the performance of Southside’s investment securities; (v) economic or other disruptions caused by acts of terrorism or  
 cyberterrorism in the United States, Europe or other areas; (vi) changes in the interest rate yield curve or changes in  
 the interest rate environment that impact interest margins and may impact prepayments on mortgage - backed  
 securities (“MBS”); (vii) increases in Southside’s non - performing assets; (viii) Southside’s liquidity and ability to fund  
 operations and growth; (ix) the failure of Southside’s assumptions underlying allowance for loan losses and other  
 estimates; (x) Southside’s ability to execute its future acquisition plans and to successfully integrate the entities and  
 achieve the gains, revenue growth and/or expense savings anticipated from such transactions; (xi) changes impacting  
 Southside’s balance sheet and leverage strategy; (xii) risks relating to actual mortgage prepayments diverging from  
 projections; (xiii) risks related to U . S . agency MBS prepayments increasing due to U . S . Government programs  
 designed to assist homeowners to refinance their mortgage that might not otherwise have qualified; (xiv) Southside’s  
 ability to monitor interest rate risk; (xv) risks related to the price per barrel of crude oil; (xvi) increased competition;  
 (xvii) changes in consumer spending, borrowing and saving habits; (xviii) Southside’s ability to increase market share  
 and control expenses; (xix) successful product expansion efforts; (xx) credit risks of borrowers, including any  
 increase in those risks due to changing economic conditions; and (xxi) risks related to loans secured by real estate,  
 including the risk that the value and marketability of collateral could decline. The Company wishes to advise readers  
 that the factors listed above and other risks described from time to time in documents filed or furnished by the  
 Company with the Securities and Exchange Commission could affect the Company’s financial performance and could

cause the Company's actual results for future periods to differ materially from any opinions or statements expressed with respect to future periods in any current statements . Accordingly, readers are cautioned against placing undue reliance on such forward - looking statements . Past results are not necessarily indicative of future performance . The Company does not undertake - and specifically declines any obligation - to publicly release the result of any revisions which may be made to any forward - looking statements to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events . 166 43 234 234 234 21 Non - GAAP Reconciliation This presentation contains certain financial information  
determined by methods other than in accordance with accounting principles generally accepted in the United States  
("GAAP"). These non - GAAP financial measures include return on average tangible common equity and tangible  
common equity to tangible assets . In calculating return on average tangible common equity, we (i) add back the after  
tax amortization expense to net income available to common shareholders and (ii) subtract average intangible assets  
from average common equity . In calculating the ratio of tangible common equity to tangible assets, we subtract  
intangible assets both from common equity and total assets . Management believes that the presentation of these  
measures excluding the impact of intangible assets provides useful supplemental information that is helpful in  
understanding our financial condition and results of operations, as they provide a method to assess management's  
success in utilizing our tangible capital as well as our capital strength . Management also believes that providing  
measures that exclude balances of intangible assets, which are subjective components of valuation, facilitates the  
comparison of our performance with the performance of our peers . In addition, management believes that these are  
standard financial measures used in the banking industry to evaluate performance . These non - GAAP financial  
measures are supplemental and are not a substitute for any analysis based on GAAP financial measures . Because not  
all companies use the same calculation of non - GAAP measures, this presentation may not be comparable to other  
similarly titled measures as calculated by other companies .
