Item 8.01 Other Events

Management of Peoples Bancorp Inc. (“Peoples”) has updated its third quarter 2008 estimate of the provision for loan losses due to changes in credit quality of certain loans. As a result, the estimate for the third quarter provision for loan losses is \$6.0 million, compared to provisions for loan losses of \$6.8 million for the second quarter of 2008 and \$1.0 million for the third quarter of 2007.

The estimated increase in the provision for loan losses was primarily due to deterioration in commercial real estate loan quality, and was based on management’s quarterly evaluation of its allowance for loan losses, which includes such factors as changes in loss trends, risk ratings, and current economic conditions. Management estimates the allowance for loan losses to approximate \$19.2 million, or 1.72% of total loans, as of September 30, 2008 compared to \$15.2 million, or 1.38%, as of June 30, 2008 and \$15.7 million, or 1.40%, as of December 31, 2007. Net loan charge-offs for the third quarter of 2008 are estimated to be \$2.1 million, or 0.74% of average loans on an annualized basis, compared to \$7.5 million, or 2.70%, and \$1.0 million, or 0.36%, for the second quarter of 2008 and third quarter of 2007, respectively.

Nonperforming assets are estimated to increase to approximately \$36.0 million, or 1.87% of total assets, at September 30, 2008, compared to \$21.6 million, or 1.13%, at June 30, 2008 and \$9.7 million, or 0.51%, at December 31, 2007. The increase in nonperforming assets in the third quarter of 2008 is due to three commercial real estate loan relationships, totaling approximately \$14.4 million, being placed on nonaccrual status during the third quarter because of deterioration in the borrowers’ financial condition from the weakened real estate market and economy as a whole. These loans are secured by real estate located primarily in Ohio, with some collateral located in Indiana, and were appropriately considered in establishing the level of allowance at September 30, 2008 and in prior periods.

Management believes its estimate of the allowance for loan losses is adequate at September 30, 2008, based on all information currently available. However, there can be no assurance that those estimates will not change, especially considering the current economic uncertainty and its potential impact on Peoples’ loan portfolio.

While credit quality has been impacted by a challenging economy, the capital position of both Peoples and its subsidiary, Peoples Bank, National Association (“Peoples Bank”), remain strong and well above the amounts needed to be considered well-capitalized under applicable regulatory standards. At September 30, 2008, Peoples’ Tier 1 Capital ratio is estimated to range from 12.2% to 12.4% and Total Risk-Based Capital ratio is estimated to range from 13.5% to 13.7%. Management anticipates Peoples’ and Peoples Bank’s strong capital position will allow for the continuation of quarterly dividend payments.

Despite the higher provision for loan losses, management estimates Peoples’ third quarter 2008 diluted earnings per share to approximate \$0.28, which reflects a quarterly net interest margin of approximately 3.50%, controlled operating expenses and a lower effective tax rate. Actual third quarter results may differ from this estimate since management has not completed all quarterly analyses and procedures required under Peoples’ financial reporting processes for preparing quarterly financial statements.

Peoples will announce third quarter 2008 earnings before the market opens on October 23, 2008. Members of Peoples’ executive management will conduct a facilitated conference call to discuss third quarter 2008 results of operations at 11:00 a.m. Eastern Daylight Time on the same date. Analysts, media and individual investors are invited to participate in the conference call by calling (800) 860-2442. A simultaneous Webcast of the conference call audio will be available online via the “Investor Relations” section of Peoples’ website, www.peoplesbancorp.com. Participants are encouraged to call or sign in at least 15 minutes prior to the scheduled conference call time to ensure participation and, if required, to download and install the necessary software. A replay of the call will be available on Peoples’ website in the “Investor Relations” section for one year.
