

AT&T INC.
Form 424B2
May 04, 2015

Filed Pursuant to Rule 424(b)(2)
SEC File No. 333-187350

CALCULATION OF REGISTRATION FEE

Title of Each Class of Securities to be Registered	Amount to be Registered	Maximum Offering Price Per Unit(1)	Proposed Maximum Aggregate Offering Price(1)	Amount of Registration Fee(2)
Common Stock, par value \$1.00 per share	3,363,396	\$34.72	\$116,777,109.12	\$13,569.50

(1) Estimated pursuant to Rule 457(c) solely for the purpose of calculating the registration fee, based upon the average of the reported high and low sales prices for a share of Common Stock on April 30, 2015, as reported by the New York Stock Exchange.

(2) Pursuant to Rule 457(r), the total registration fee for this offering is \$13,569.50.

Prospectus Supplement
May 4, 2015
(To Prospectus dated March 18, 2013)

Up to 3,363,396 Shares

AT&T Inc.

Common Stock

We are selling up to 3,363,396 shares of our common stock (the “Shares”) pursuant to a Stock Purchase Agreement, dated as of May 4, 2015 (the “Purchase Agreement”), between us and State Street Bank and Trust Company, as Trustee of the DIRECTV 401(k) Savings Plan (the “Plan”). The Trustee is purchasing the Shares on behalf of the Plan and its participants.

On May 18, 2014, we entered into an Agreement and Plan of Merger (the “Merger Agreement”) with DIRECTV and one of our wholly-owned subsidiaries (“Merger Sub”), pursuant to which, subject to the satisfaction or waiver of the conditions set forth in the Merger Agreement, DIRECTV will be merged with and into Merger Sub (the “Merger”), with Merger Sub continuing as the surviving company following the Merger. Pursuant to the Merger Agreement, the Trustee will receive \$28.50 in cash (the “Cash Consideration”), in addition to AT&T common stock, for each share of common stock, par value \$0.01 per share, of DIRECTV it currently holds and, under the Purchase Agreement, the Trustee intends to use the Cash Consideration to purchase the Shares on behalf of the Plan and its participants. The number of Shares sold to the Trustee in exchange for all or a portion of the Cash Consideration will depend on the sale price of our common stock under the Purchase Agreement, which will be equal to either (a) the closing price of our common stock on the New York Stock Exchange (“NYSE”) on the date on which the effective time of the Merger occurs (the “Merger Closing Date”) if the effective time occurs before the end of regular NYSE trading hours on the Merger Closing Date, or (b) the opening trading price of our common stock on the NYSE on the next date following the Merger Closing Date on which our common stock is traded on the NYSE if the effective time of the Merger occurs after regular NYSE trading hours on the Merger Closing Date (the “Per Share Price”). We will not sell more than 3,363,396 Shares to the Trustee under the Purchase Agreement.

Our common stock is listed on the NYSE under the symbol “T”. The last reported closing price of our common stock on the NYSE on April 29, 2015 was \$34.76 per share.

See “Risk Factors” beginning on page 32 of our 2014 Annual Report to Stockholders, portions of which are filed as Exhibit 13 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, which are incorporated by reference herein, to read about factors you should consider before investing in the Notes.

Neither the Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus supplement or the accompanying prospectus. Any representation to the contrary is a criminal offense.

May 4, 2015

We have not authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, we take no responsibility for, nor can we provide any assurance as to the reliability of, any other information that others may give you. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus supplement and the accompanying prospectus, as well as information we previously filed with the Securities and Exchange Commission and incorporated by reference, is accurate as of their respective dates. Our business, financial condition, results of operations and prospects may have changed since those dates.

To the extent there is a conflict between the information contained in this prospectus supplement, on the one hand, and the information contained in the accompanying prospectus, on the other hand, the information contained in this prospectus supplement shall control. If any statement in this prospectus supplement conflicts with any statement in a document which we have incorporated by reference, then you should consider only the statement in the more recent document.

In this prospectus supplement, “we,” “our,” “us” and “AT&T” refer to AT&T Inc. and its consolidated subsidiaries.

USE OF PROCEEDS

The net proceeds to AT&T from our sale of the Shares will be determined based on the Per Share Price described below under “Plan of Distribution.” We will use the net proceeds for general corporate purposes.

DESCRIPTION OF THE OFFERING

If this summary differs in any way from the “Summary Description of the Securities We May Issue” in the accompanying prospectus, you should rely on this summary.

The Offering

We are selling up to 3,363,396 Shares to the Trustee, which will purchase them for the benefit of the Plan and its participants. We will sell to the Trustee a number of Shares as described below in the “Plan of Distribution.” However, no fractional Share will be sold to the Trustee.

DESCRIPTION OF THE COMMON STOCK

For a description of our common stock, please see “Description of Common Stock We May Offer” in the accompanying prospectus.

Our authorized share capital consists of 14,010,000,000 shares, of which 14,000,000,000 are common shares having a par value of \$1.00 per share. As of March 31, 2015, 5,193,054,262 shares of common stock were outstanding. The common stock is listed on the New York Stock Exchange under the symbol “T”. The remaining 10,000,000 shares are authorized to be issued as preferred stock as described under the “Description of Preferred Stock We May Offer” in the accompanying prospectus.

PLAN OF DISTRIBUTION

Pursuant to the Purchase Agreement, we will sell up to 3,363,396 Shares to the Trustee, which will purchase them on behalf of the Plan and its participants. We believe the Trustee will hold the Shares in the Plan pursuant to the Plan’s investment guidelines. The Trustee will use all or a portion of the Cash Consideration it will receive in the Merger to purchase the Shares. Our sale of the Shares under the Purchase Agreement is conditioned upon the closing of the Merger. For a description of the Merger and the Merger Agreement, see our current report on Form 8-K filed on May 19, 2014, which is incorporated by reference into the accompanying prospectus.

The total cash consideration that the Trustee will receive in the Merger will equal the number of DIRECTV shares of common stock held by the Plan immediately prior to the effective time of the Merger multiplied by \$28.50 (the “Total Cash Consideration”). The Trustee will use all or a portion of the Total Cash Consideration to purchase the Shares at a Per Share Price to be determined following the closing of the Merger.

The Per Share Price will be equal to either (a) the closing price of our common stock on the NYSE on the Merger Closing Date if the effective time of the Merger occurs before the end of regular NYSE trading hours on the Merger Closing Date or (b) the opening trading price of our common stock on the NYSE on the next date following the Merger Closing Date on which our common stock is traded on the NYSE if the effective time of the Merger occurs after regular NYSE trading hours on the Merger Closing Date.

Edgar Filing: AT&T INC. - Form 424B2

The total number of Shares we will sell to the Trustee under the Purchase Agreement will be equal to the Total Cash Consideration divided by the Per Share Price, as described above; however, in no event will the number of Shares we sell under the Purchase Agreement exceed 3,363,396.

No underwriting commissions or other broker fees will be payable in connection with the sale of the Shares. We estimate our expenses relating to the sale of the Shares to be approximately \$10,000.

Delivery of the Shares is expected to occur on the later of two business days after the Per Share Price is fixed or the business day after the Trustee receives the Cash Consideration in the Merger.

S-1

VALIDITY OF SECURITIES

Wayne Watts, Senior Executive Vice President and General Counsel of AT&T, is passing upon the validity of the Shares for us.

S-2

AT&T Inc.
Debt Securities
Preferred Stock
Depositary Shares
Common Stock

AT&T Inc. from time to time may offer to sell debt securities, preferred stock, either separately or represented by depositary shares, and common stock. The debt securities and preferred stock may be convertible into or exercisable or exchangeable for common or preferred stock of the Company or debt or equity securities of one or more other entities. The common stock of the Company is listed on the New York Stock Exchange and trades under the ticker symbol "T".

The Company may offer and sell these securities to or through one or more underwriters, dealers and agents, or directly to purchasers, on a continuous or delayed basis. See "Plan of Distribution" for a further description of the manner in which we may dispose of the securities covered by this prospectus.

This prospectus describes some of the general terms that may apply to these securities. The specific terms of any securities to be offered will be described in a supplement to this prospectus. This prospectus may not be used to offer or sell securities unless accompanied by a prospectus supplement describing the method and terms of the applicable offering.

You should carefully read this prospectus and the applicable prospectus supplement, together with the documents incorporated by reference herein and therein, before making an investment decision.

Neither the Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense.

Prospectus dated March 18, 2013.

Description of AT&T Inc.

AT&T Inc. ("AT&T") is a holding company incorporated under the laws of the State of Delaware in 1983. Through our subsidiaries and affiliates, we provide wireline and wireless telecommunications services and equipment, and other products and services. Our principal executive offices are located at 208 S. Akard St., Dallas, Texas 75202. Our telephone number is (210) 821-4105. We maintain an Internet site at the following location: <http://www.att.com> (this website address is for information only and is not intended to be an active link or to incorporate any website information into this document).

Use of Proceeds

Unless otherwise specified in the prospectus supplement, we will use the proceeds from the sale of the securities to provide funds for general corporate purposes, among other things.

Summary Description of the Securities We May Issue

We may use this prospectus to offer from time to time:

- Senior debt securities. These debt securities may be convertible or exchangeable into preferred stock, depositary shares, common stock or equity securities of a third-party issuer. They will be unsecured and will rank equally with all of our other unsubordinated and unsecured debt.
- Preferred stock, par value \$1.00 per share. The preferred stock may be convertible or exchangeable into other series of preferred stock, including depositary shares, common stock or equity securities of a third-party issuer. We can offer different series of preferred stock with different dividend, liquidation, redemption and voting rights.
- Depositary shares. We have the option of issuing depositary shares that would represent a fraction of a share of preferred stock.
- Common stock, par value \$1.00 per share.

In the case of securities that are exchangeable for securities of a third-party issuer, the applicable prospectus supplement will give you more information about this issuer, the terms of its securities and the document in which they are described. Our securities include securities denominated in U.S. dollars, but we can choose to issue securities in any other currency, including the Euro.

The applicable prospectus supplement will describe the specific types, amounts, prices and detailed terms of any of these securities. The applicable prospectus supplement may also contain information, where applicable, about material U.S. federal income tax considerations relating to, and any securities exchange listing of, securities covered by such prospectus supplement.

Description of Debt Securities We May Offer

As required by U.S. federal law for all bonds and notes of companies that are publicly offered, our debt securities will be governed by a document called the indenture. The indenture is a contract between us and The Bank of New York Mellon Trust Company, N.A., a national banking association, which acts as trustee for you. The trustee has two main

roles:

- First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, described later under “— Default and Related Matters — Remedies if an Event of Default Occurs”.

- 1 -

- Second, the trustee performs administrative duties for us, such as sending you interest payments, transferring your securities to new buyers and sending you notices. Unless otherwise indicated in a prospectus supplement, The Bank of New York Mellon Trust Company, N.A. will perform these administrative duties.

We may issue as many distinct series of securities under the indenture as we wish. This section summarizes terms of the securities that are common to all series. Most of the financial terms and other specific terms of your series will be described in the applicable prospectus supplement which will be attached to the front of this prospectus. Those terms may vary from the terms described here. The prospectus supplement may also describe special federal income tax consequences of the debt securities.

This Section Is Only a Summary

This section and your prospectus supplement summarize all the material terms of the indenture and your debt securities. They do not, however, describe every aspect of the indenture and your debt securities.

The indenture and its associated documents, including your debt securities, contain the full text of the matters described in this section and your prospectus supplement. The indenture and the debt securities are governed by New York law. A copy of the indenture has been filed with the Securities and Exchange Commission, or SEC, as part of our registration statement. See “Where You Can Find More Information” below for information on how to obtain a copy. Section references in the description that follows relate to the indenture.

Legal Ownership of Debt Securities

We can issue debt securities in registered or bearer form, or both, or in the form of one or more global securities. We refer to those who have debt securities registered in their own names on the books that we or our agent maintain for this purpose, or who hold bearer certificates representing bearer debt securities, as the “holders” of those debt securities. These persons are the legal holders of the debt securities. We refer to those who, indirectly through others, own beneficial interests in debt securities that are not registered in their own names as “indirect holders” of those debt securities. As we discuss below, indirect holders are not legal holders, and investors in debt securities issued in book-entry form or in street name will be indirect holders.

Book-Entry Holders

We may issue debt securities in book-entry form only, as we will specify in the applicable prospectus supplement. This means debt securities may be represented by one or more global securities registered in the name of a financial institution that holds them as depositary on behalf of other financial institutions that participate in the depositary’s book-entry system. These participating institutions, in turn, hold beneficial interests in the debt securities on behalf of themselves or their customers.

For registered debt securities, only the person in whose name a debt security is registered is recognized under the indenture as the holder of that debt security. Debt securities issued in global form will be issued in the form of a global security registered in the name of the depositary or its participants. Consequently, for debt securities issued in global form, we will recognize only the depositary as the holder of the debt securities and we will make all payments on the debt securities to the depositary. The depositary passes along the payments it receives to its participants, which in turn pass the payments along to their customers who are the beneficial owners. The depositary and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the debt securities.

As a result, investors in a book-entry security will not own debt securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depositary's book-entry system or holds an interest through a participant. As long as the debt securities are issued in global form, investors will be indirect holders, and not holders, of the debt securities.

-2-

Street Name Holders

In the future we may terminate a global security or issue debt securities initially in non-global form. In these cases, investors may choose to hold their debt securities in their own names or in “street name”. Debt securities held by an investor in street name would be registered in the name of a bank, broker or other financial institution that the investor chooses, and the investor would hold only a beneficial interest in those debt securities through an account he or she maintains at that institution.

For debt securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the debt securities are registered as the holders of those debt securities and we will make all payments on those debt securities to them. These institutions pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so; they are not obligated to do so under the terms of the debt securities. Investors who hold debt securities in street name will be indirect holders, not holders, of those debt securities.

Legal Holders

Our obligations, as well as the obligations of the trustee and those of any third parties employed by us or the trustee, run only to the legal holders of the debt securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a debt security or has no choice because we are issuing the debt securities only in global form.

For example, once we make a payment or give a notice to the holder, we have no further responsibility for the payment or notice even if that holder is required, under agreements with depositary participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, if we want to obtain the approval of the holders for any purpose — e.g., to amend the indenture or to relieve us of the consequences of a default or of our obligation to comply with a particular provision of the indenture — we would seek approval only from the holders, and not the indirect holders, of the debt securities. Whether and how the holders contact the indirect holders is up to the holders.

When we refer to you, we mean those who invest in the debt securities being offered by this prospectus, whether they are the holders or only indirect holders of those debt securities. When we refer to your debt securities, we mean the debt securities in which you hold a direct or indirect interest.

Special Considerations for Holders of Bearer Debt Securities

We will offer debt securities in bearer form only outside of the United States to non-U.S. persons. You generally are a non-U.S. person if you are not:

- a citizen or resident of the United States;
- a corporation or partnership, including an entity treated as a corporation or partnership for United States federal income tax purposes, created or organized in or under the laws of the United States, any state of the United States or the District of Columbia;
- an estate the income of which is subject to United States federal income taxation regardless of its source; or

- a trust if a court within the United States is able to exercise primary supervision of the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust.

-3-

In addition, we may offer bearer securities to offices of some U.S. financial institutions who have offices located outside the United States. We will describe any special restrictions on the offer, sale and delivery of bearer debt securities and any special federal income tax considerations applicable to bearer debt securities in the prospectus supplement.

Special Considerations for Indirect Holders

If you hold debt securities through a bank, broker or other financial institution, either in book-entry form or in street name, you should check with your own institution to find out:

- how it handles securities payments and notices;
- whether it imposes fees or charges;
- how it would handle a request for the holders' consent, if ever required;
- whether and how you can instruct it to send you debt securities registered in your own name so you can be a holder, if that is permitted in the future;
- how it would exercise rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests; and
- if the debt securities are in book-entry form, how the depository's rules and procedures will affect these matters.

What Is a Global Security?

A global security is a security that represents one or more debt securities and is held by a depository. Generally, all debt securities represented by the same global securities will have the same terms.

Each debt security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution that we select or its nominees. The financial institution that we select for this purpose is called the depository. Unless we specify otherwise in the applicable prospectus supplement, The Depository Trust Company, New York, New York, known as DTC, will be the depository for all debt securities issued in book-entry form.

A global security may not be transferred to or registered in the name of anyone other than the depository, its nominee or a successor depository, unless special termination situations arise. We describe those situations below under “— Special Situations When a Global Security Will Be Terminated”. As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all debt securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global security will not be a holder of the debt security, but only an indirect holder of a beneficial interest in the global security.

If the prospectus supplement for a particular debt security indicates that the debt security will be issued in global form only, then the debt security will be represented by a global security at all times unless and until the global security is terminated. We describe the situations in which this can occur below under “— Special Situations When a Global

Security Will Be Terminated". If termination occurs, we may issue the debt securities through another book-entry clearing system or decide that the debt securities may no longer be held through any book-entry clearing system.

-4-

Special Considerations for Global Securities

As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. We do not recognize this type of investor as a holder of debt securities and instead deal only with the depository that holds the global security.

If debt securities are issued only in the form of a global security, an investor should be aware of the following:

- An investor cannot cause the debt securities to be registered in his or her name, and cannot obtain non-global certificates for his or her interest in the debt securities, except in the special situations we describe below;
- An investor will be an indirect holder and must look to his or her own bank or broker for payments on the debt securities and protection of his or her legal rights relating to the debt securities, as we describe under “— Legal Ownership of Debt Securities” above;
- An investor may not be able to sell interests in the debt securities to some insurance companies and to other institutions that are required by law to own their securities in non-book-entry form;
- An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the debt securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;
- The depository's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security. We and the trustee have no responsibility for any aspect of the depository's actions or for its records of ownership interests in a global security. We and the trustee also do not supervise the depository in any way;
- The depository may (and we understand that DTC will) require that those who purchase and sell interests in a global security within its book-entry system use immediately available funds and your broker or bank may require you to do so as well; and
- Financial institutions that participate in the depository's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the debt securities. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

Special Situations When a Global Security Will Be Terminated

In a few special situations described below, the global security will terminate and interests in it will be exchanged for physical certificates representing those interests. After that exchange, the choice of whether to hold securities directly or in street name will be up to the investor. Investors must consult their own bank or brokers to find out how to have their interests in securities transferred to their own name, so that they will be direct holders. We have described the rights of holders and street name investors above under “— Legal Ownership of Debt Securities”.

The global security will terminate when the following special situations occur:

- if the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary for that global security and we do not appoint another institution to act as depositary within 90 days;
- if we notify the trustee that we wish to terminate that global security; or

-5-

- if an event of default has occurred with regard to debt securities represented by that global security and has not been cured or waived. We discuss defaults later under “— Default and Related Matters”.

The prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of securities covered by the prospectus supplement. When a global security terminates, the depository — and not we or the trustee — is responsible for deciding the names of the institutions that will be the initial direct holders. (Sections 2.08(f) and (g))

In the remainder of this section, “you” means direct holders and not “street name” or other indirect holders of securities, including holders of any securities that we issue as global securities. Indirect holders should read the previous subsection entitled “Legal Ownership of Debt Securities”.

Overview of Remainder of This Section

The remainder of this section summarizes:

- Additional mechanics relevant to the securities under normal circumstances, such as how you transfer ownership and where we make payments;
- Your rights under several special situations, such as if we merge with another company, or if we want to change a term of the securities; and
- Your rights if we default or experience other financial difficulties.

Additional Mechanics

Form, Exchange and Transfer

The securities will be issued:

- in fully registered or in unregistered (bearer) form, or as global securities as described above; and
- in denominations that are even multiples of \$1,000 (Section 2.02(a)(8)), provided, however, that the securities will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 thereafter if so required by the securities exchange on which such securities are listed or traded or as we may otherwise determine.

You may have your securities broken into more securities of smaller denominations (but not into denominations smaller than any minimum denomination applicable to the securities) or combined into fewer securities of larger denominations, as long as the total principal amount is not changed. This is called an “exchange.” (Section 2.08(a))

If you are holding bearer securities and it is permitted by the terms of your series of debt securities, you may exchange bearer debt securities for an equal amount of registered or bearer debt securities of the same series and date of maturity. No bearer debt securities will be exchanged for registered securities if in doing so we would suffer adverse consequences under any U.S. law applicable to the exchange. Registered debt securities may not be exchanged for bearer debt securities.

You may exchange or transfer your securities at the office of the registrar. The registrar acts as our agent for registering securities in the names of holders and for transferring and exchanging securities, as well as maintaining the list of registered holders. The paying agent acts as the agent for paying interest, principal and any other amounts on securities and for exchanging securities. We have appointed The Bank of New York Mellon Trust Company, N.A. to perform the roles of registrar and paying agent. We may change these appointments to another entity or perform them ourselves. In order to exchange bearer securities, you have to deliver them to a paying agent outside the United States, together with all unmatured coupons for interest and all matured coupons in default. (Section 2.08(b))

-6-

We can designate additional registrars or paying agents, acceptable to the trustee, and they would be named in the prospectus supplement. We may cancel the designation of any particular registrar or paying agent. We may also approve a change in the office through which any registrar or paying agent acts. We must maintain a registrar and paying agent office in the Borough of Manhattan in New York City. If at any time we do not maintain a registrar or paying agent, the trustee will act as such. (Section 2.04)

There is no charge for exchanges and transfers. You will not be required to pay a service charge to transfer or exchange securities, but you may be required to pay for any tax or other governmental charge associated with the exchange or transfer. The transfer or exchange will only be made if the registrar is satisfied with your proof of ownership. (Section 2.08)

At certain times, you may not be able to transfer or exchange your securities. If we redeem any series of securities, or any part of any series, then we may prevent you from transferring or exchanging these securities. We may do this during the period beginning 15 days before the day we mail the notice of redemption and ending on the day of that mailing, in order to freeze the list of holders so we can prepare the mailing. We may also refuse to register transfers or exchanges of securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any security being partially redeemed. (Section 2.08(d))

Replacing Your Lost or Destroyed Certificates

If you bring a mutilated certificate or coupon to the trustee, we will issue a new certificate or coupon to you in exchange for the mutilated one. Please note that the trustee may have additional requirements that you must meet in order to do this. (Section 2.09)

If you claim that a certificate or coupon has been lost, completely destroyed, or wrongfully taken from you, then the trustee will give you a replacement certificate or coupon if you meet the trustee's requirements. Also, we may require you to provide reasonable security or indemnity to protect us from any loss we may incur from replacing your certificates or coupons. We may also charge you for our expenses in replacing your security. (Section 2.09)

Payment and Paying Agents

We will pay interest to you if you are a direct holder listed in the registrar's records at the close of business on a particular day in advance of each due date for interest, even if you no longer own the security on the interest due date. That particular day, usually about two weeks in advance of the interest due date, is called the "record date" and is stated in the prospectus supplement. (Section 2.05) Holders buying and selling securities must work out between them how to compensate for the fact that we will pay all the interest for an interest period to the one who is the registered holder on the record date. The most common manner is to adjust the sales price of the securities to prorate interest fairly between buyer and seller. This prorated interest amount is called "accrued interest."

We will pay interest, principal and any other money due on the securities at the corporate trust office of the trustee in New York City. That office is currently located at The Bank of New York Mellon Trust Company, N.A., c/o The Bank of New York Mellon, 101 Barclay Street 4 W, New York, New York 10286. Attention: Corporate Trust Administration. You must make arrangements to have your payments picked up at or wired from that office. We may also choose to pay interest by mailing checks. (Section 2.05)

"Street Name" and other indirect holders should consult their banks or brokers for information on how they will receive payments.

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee's corporate trust office. These offices are called "paying agents". We may also choose to act as our own paying agent. We must notify you if we change the paying agents for any particular series of securities. (Section 2.04)

-7-

Payment of Bearer Securities

We will only pay interest on bearer debt securities when you present and surrender the coupons for the interest installments evidenced by the bearer securities as they mature. You have to present your coupons at a paying agency of AT&T located outside of the United States. We will maintain a non-U.S. paying agent for two years after the principal of a series of bearer debt securities has become due. We will continue to maintain the paying agent after that period, if it is necessary to comply with U.S. tax law or regulations. We will provide the paying agent with the necessary funds for payment upon reasonable notice. We generally will not make any payments in the United States. However, if payment outside of the United States is illegal or precluded by exchange controls or similar restrictions in a foreign country, we may instruct the trustee to make payments at a paying agent located in the United States. (Section 2.05(c))

You can prove your ownership of a bearer security by presenting the actual security, or a certificate or affidavit executed by the person holding the bearer security or executed by a depository with whom the bearer securities were deposited, if the trustee is satisfied with the certificate or affidavit. (Section 2.07(b))

Notices

We and the trustee will send notices regarding the securities only to direct holders, using their addresses as listed in the trustee's records. (Section 10.02)

Regardless of who acts as paying agent, all money we forward to a paying agent that remains unclaimed will, at our request, be repaid to us at the end of two years after the amount was due to the direct holder. After that two-year period, you may look only to us for payment and not to the trustee, any other paying agent or anyone else. (Section 8.03)

Special Situations

Mergers and Similar Transactions

We are generally permitted to consolidate or merge with another company. We are also permitted to sell substantially all of our assets to another company. However, we may not take any of these actions unless all the following conditions are met:

- Where we merge out of existence or sell our assets, the other company may not be organized under the laws of a foreign country. It must be a corporation organized under the laws of a State or the District of Columbia or under federal law.
- The company we merge into or sell to must agree to be legally responsible for our debt securities.
- The merger, sale of assets or other transaction must not cause a default on the securities, and we must not already be in default, unless the merger or other transaction would cure the default. For purposes of this no-default test, a default would include an event of default that has occurred and not been cured, as described below under “— Default and Related Matters — Events of Default — What Is an Event of Default?” A default for this purpose would also include any event that would be an event of default if the requirements for giving us default notice or our default having to exist for a specific period of time were disregarded. (Section 5.01)

Further, we may buy substantially all of the assets of another company without complying with any of the foregoing conditions.

Modification and Waiver of Your Contractual Rights

Under certain circumstances, we can make changes to the indenture and the securities. Some types of changes require the approval of each security holder affected, some require approval by a majority vote, and some changes do not require any approval at all. (Sections 9.01-9.06)

-8-

Changes Requiring Your Approval. First, there are changes that cannot be made to your securities without your specific approval. Following is a list of those types of changes:

- to reduce the percentage of holders of securities who must consent to a waiver or amendment of the indenture;
- to reduce the rate of interest on any security or change the time for payment of interest;
- to reduce the principal due on any security or change the fixed maturity of any security;
- to waive a default in the payment of principal or interest on any security;
- to change the currency of payment on a security, unless the security provides for payment in a currency that ceases to exist;
- in the case of convertible or exchangeable securities, to make changes to your conversion or exchange rights that would be adverse to your interests;
- to change the right of holders to waive an existing default by majority vote;
- to reduce the amount of principal or interest payable to you following a default or change your conversion or exchange rights, or impair your right to sue for payment; and
- to make any change to this list of changes that requires your specific approval. (Section 9.02(a))

Changes Requiring a Majority Vote. The second type of change to the indenture and the securities is the kind that requires a vote in favor by security holders owning a majority of the principal amount of the particular series affected. Most changes fall into this category, except for clarifying changes and certain other changes that would not adversely affect holders of the securities. The same vote would be required for us to obtain a waiver of an existing default. However, we cannot obtain a waiver of a payment default unless we obtain your individual consent to the waiver. (Section 9.02(a))

Changes Not Requiring Your Approval. The third type of change does not require any vote by holders of securities. This type is limited to clarifications of ambiguous contract terms and other changes that would not materially adversely affect holders of the securities. (Section 9.01)

Further Details Concerning Voting. When taking a vote, we will use the following rules to decide how much principal amount to attribute to a security:

- For original issue discount securities, we will use the principal amount that would be due and payable on the voting date if the maturity of the securities were accelerated to that date because of a default.
- For securities denominated in one or more foreign currencies or currency units, we will use the U.S. dollar equivalent determined on the date of original issuance of these securities.

Securities will not be considered outstanding, and therefore not eligible to vote, if we have deposited or set aside in trust for you money for their payment or redemption. A security does not cease to be outstanding because we or an affiliate of us is holding the security. (Section 2.10)

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding securities that are entitled to vote or take other action under the indenture. However, the indenture does not oblige us to fix any record date at all. If we set a record date for a vote or other action to be taken by holders of a particular series, that vote or action may be taken only by persons who are holders of outstanding securities of that series on the record date and must be taken within 90 days following the record date. (Section 9.02(b))

“Street Name” and other indirect holders, including holders of any securities issued as global securities, should consult their banks or brokers for information on how approval may be granted or denied if we seek to change the indenture or the securities or request a waiver.

Discharge of Our Obligations

We can fully discharge ourselves from any payment or other obligations on the securities of any series if we make a deposit for you with the trustee. The deposit must be held in trust for your benefit and the benefit of all other direct holders of the securities and must be a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the securities on their various due dates.

However, we cannot discharge ourselves from the obligations under any convertible or exchangeable securities, unless we provide for it in the terms of these securities and the prospectus supplement.

If we accomplish full discharge, as described above, you will have to rely solely on the trust deposit for repayment of the securities. You could not look to us for repayment in the unlikely event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever become bankrupt or insolvent.

We will indemnify the trustee and you against any tax, fee or other charge imposed on the U.S. government obligations we deposited with the trustee or against the principal and interest received on these obligations. (Sections 8.01-8.04)

Redemption

We May Choose to Redeem Your Securities

We may be able to pay off your securities before their normal maturity. If we have this right with respect to your specific securities, the right will be mentioned in the prospectus supplement. It will also specify when we can exercise this right and how much we will have to pay in order to redeem your securities.

If we choose to redeem your securities, we will mail written notice to you not less than 30 days prior to redemption, and not more than 60 days prior to redemption. Also, you may be prevented from exchanging or transferring your securities when they are subject to redemption, as described under “— Form, Exchange and Transfer” above. (Article 3)

Liens on Assets

The indenture does not restrict us from pledging or otherwise encumbering any of our assets and those of our subsidiaries.

Default and Related Matters

Ranking Compared to Other Creditors

The securities are not secured by any of our property or assets. Accordingly, your ownership of securities means you are one of our unsecured creditors. The securities are not subordinated to any of our other debt obligations and therefore they rank equally with all our other unsecured and unsubordinated indebtedness. However, the trustee has a

right to receive payment for its administrative services prior to any payment to security holders after a default.

Events of Default

You will have special rights if an event of default occurs and is not cured, as described later in this subsection.

-10-

What Is an Event of Default? The term “event of default” with respect to any series of securities means any of the following:

- We fail to make any interest payment on a security when it is due, and we do not cure this default within 90 days.
- We fail to make any payment of principal when it is due at the maturity of any security or upon redemption.
- We fail to comply with any of our other agreements regarding a particular series of securities or with a supplemental indenture, and after we have been notified of the default by the trustee or holders of 25% in principal amount of the series, we do not cure the default within 90 days.
- We file for bankruptcy, or other events in bankruptcy, insolvency or reorganization occur.
- Any other event of default described in the prospectus supplement occurs.

Remedies if an Event of Default Occurs

You and the trustee will have the following remedies if an event of default occurs:

Acceleration. If an event of default has occurred and has not been cured or waived, then the trustee or the holders of 25% in principal amount of the securities of the affected series may declare the entire principal amount of and any accrued interest on all the securities of that series to be due and immediately payable. An acceleration of maturity may be cancelled by the holders of at least a majority in principal amount of the securities of the affected series, if all events of default have been cured or waived. (Section 6.02)

Special Duties of Trustee. If an event of default occurs, the trustee will have some special duties. In that situation, the trustee will be obligated to use those of its rights and powers under the indenture, and to use the same degree of care and skill in doing so, that a prudent person would use in that situation in conducting his or her own affairs. (Section 7.01)

Other Remedies of Trustee. If an event of default occurs, the trustee is authorized to pursue any available remedy to collect defaulted principal and interest and to enforce other provisions of the securities and the indenture, including bringing a lawsuit. (Section 6.03)

Majority Holders May Direct the Trustee to Take Actions to Protect Their Interests. The trustee is not required to take any action under the indenture at the request of any holders unless the holders offer the trustee reasonable protection from expenses and liability. This is called an “indemnity”. If the trustee is provided with an indemnity reasonably satisfactory to it, the holders of a majority in principal amount of the relevant series of debt securities may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. These majority holders may also direct the trustee in performing any other action under the indenture. (Section 6.05)

Individual Actions You May Take if the Trustee Fails to Act. Before you bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the securities, the following must occur:

- You must give the trustee written notice that an event of default has occurred and remains uncured.
- The holders of 25% in principal amount of all outstanding securities of the relevant series must make a written request that the trustee take action because of the default, and must offer indemnity reasonably satisfactory to the trustee against the cost and other liabilities of taking that action.
- The trustee must not have taken action for 60 days after receipt of the above notice and offer of indemnity.

-11-

- During the 60-day period, the holders of a majority in principal amount of the securities of that series do not give the trustee a direction inconsistent with the request. (Section 6.06)

However, you are entitled at any time to bring an individual lawsuit for the payment of the money due on your security on or after its due date. (Section 6.07)

Waiver of Default

The holders of a majority in principal amount of the relevant series of debt securities may waive a default for all the relevant series of debt securities. If this happens, the default will be treated as if it had not occurred. No one can waive a payment default on your debt security, however, without your individual approval. (Section 6.04)

We Will Give the Trustee Information About Defaults Annually

Every year we will give to the trustee a written statement of one of our officers certifying that to the best of his or her knowledge we are in compliance with the indenture and the debt securities, or else specifying any default. (Section 4.03)

The trustee may withhold from you notice of any uncured default, except for payment defaults, if it determines that withholding notice is in your interest. (Section 7.05)

“Street name” and other indirect holders should consult their banks or brokers for information on how to give notice or direction to or make a request of the trustee and how to make or cancel a declaration of acceleration.

Original Issue Discount Securities

The debt securities may be issued as original issue discount securities, which will be offered and sold at a substantial discount from their principal amount. Only a discounted amount will be due and payable when the trustee declares the acceleration of the maturity of these debt securities after an event of default has occurred and continues, as described under “— Remedies if an Event of Default Occurs” above.

Conversion of Convertible Debt Securities

Your debt securities may be convertible into our preferred stock, including depositary shares representing preferred stock, or common stock, or they may be exchangeable for equity securities of another issuer if the prospectus supplement so provides. If your debt securities are convertible or exchangeable, the prospectus supplement will include provisions as to whether conversion or exchange is mandatory, at your option or at our option. The prospectus supplement would also include provisions regarding the adjustment of the number of shares of common stock or other securities you will receive upon conversion or exchange. In addition, the prospectus supplement will contain the conversion price or exchange price and mechanisms for adjusting this price. In the case of exchangeable debt securities, the prospectus supplement will set forth information about the issuer for whose securities you would exchange your debt, or where that information can be found.

We may not adjust the exchange or conversion price

Unless it is specified in the prospectus supplement, we will not adjust the exchange or conversion price of your debt securities for interest on your securities or for any dividends payable on the new securities you will receive. However, if you convert or exchange your securities between a regular record date for the payment of interest and the next

following interest payment date, you must include funds equal to the interest that would be payable on your securities on this following interest payment date. We are not required to issue fractional shares

-12-

of preferred stock, depositary shares or common stock, but, unless we otherwise specify in the prospectus supplement, we will pay you a cash adjustment calculated on the basis of the following:

- for debt securities convertible into preferred stock or depositary shares, the liquidation preference of the series of preferred stock;
- for common stock, the market value of the common stock; and
- for exchangeable debt securities, the market value of the securities for which you will exchange your securities.

Tax Consequences

You may be deemed to have received a distribution that would be taxed as a dividend under U.S. federal income tax law in a number of circumstances where you receive a distribution that results in an adjustment of the conversion or exchange price of your securities. In other circumstances, if your conversion or exchange price will not be adjusted, that may result in a taxable dividend on the common stock or preferred stock that you will receive upon conversion or on the securities that were exchanged for debt securities.

Regarding the Trustee

We maintain banking relationships in the ordinary course of business with the trustee. The trustee is also the trustee under indentures with certain of our subsidiaries.

Description of Preferred Stock We May Offer

The following briefly summarizes the material terms of our preferred stock other than pricing and related terms which will be disclosed in the applicable prospectus supplement. You should read the particular terms of any series of preferred stock we offer, which will be described in more detail in the applicable prospectus supplement relating to that series. The applicable prospectus supplement will also state whether any of the terms summarized below do not apply to the series of preferred stock being offered. In addition, for each series of preferred stock, we will file a certificate of designations containing the specific terms of the series as an exhibit to the registration statement or we will incorporate it by reference before we issue any preferred stock.

General

We are authorized to issue up to 10,000,000 shares of preferred stock, par value \$1.00 per share. As of December 31, 2012, 768,392 shares of preferred stock were outstanding. Under our restated certificate of incorporation, our board of directors is authorized to issue shares of preferred stock in one or more series. To establish a series of preferred stock, our board must set the following terms:

- the number of shares to be included in the series;
- the designation, powers, preferences and rights of the shares of the series;
- the qualifications, limitations or restrictions of the series; and
- the variations, if any, as between each series.

Before we issue any series of preferred stock, our board of directors will adopt resolutions creating and designating the series as a series of preferred stock. Stockholders will not need to approve these resolutions.

Terms Contained in Prospectus Supplement

A prospectus supplement will contain the dividend, liquidation, redemption and voting rights of a series of preferred stock. The prospectus supplement will describe the following terms of a series of preferred stock:

- the designation and stated value per share of the preferred stock and the number of shares offered;
- the amount of liquidation preference per share;

-13-

- the initial public offering price at which we will issue the preferred stock;
- the dividend rate or method of calculation, the payment dates for dividends and the dates from which dividends will start to cumulate;
- any redemption or sinking fund provisions;
- any conversion or exchange rights;
- whether we have elected to offer depositary shares, as described below under “Description of Depositary Shares”; and
- any additional voting, dividend, liquidation, redemption, sinking fund and other rights or restrictions.

No Preemptive Rights

The holders of preferred stock will have no preemptive rights to buy any additional shares. The preferred stock will be, when issued, fully paid and nonassessable. Neither the par value nor the liquidation preference can show you the price at which the preferred stock will actually trade on or after the date of issuance. The applicable prospectus supplement will describe some of the U.S. federal income tax consequences of the purchase and ownership of the series of preferred stock.

Description of Depositary Shares We May Offer

We may offer depositary shares evidenced by depositary receipts. Each depositary receipt represents a fraction of a share of the particular series of preferred stock issued and deposited with a depositary. The fraction of a share of preferred stock which each depositary share represents will be set forth in the applicable prospectus supplement relating to those depositary shares.

We will describe the transfer agent for each series of preferred stock in the applicable prospectus supplement.

Description of Depositary Shares

The following briefly summarizes the material provisions of the deposit agreement and of the depositary shares and depositary receipts, other than pricing and related terms disclosed in the accompanying prospectus supplement. You should read the particular terms of any depositary shares and any depositary receipts that we offer. You should also read the deposit agreement relating to the particular series of preferred stock and the more detailed description of the deposit agreement in the prospectus supplement. The prospectus supplement will also state whether any of the generalized provisions summarized below do not apply to the depositary shares or depositary receipts being offered.

General

We will deposit the shares of any series of preferred stock represented by depositary shares according to the provisions of a deposit agreement between us and a bank or trust company which we will select as our preferred stock depositary. The depositary must have its principal office in the United States and have a combined capital and surplus of at least \$50,000,000. Each owner of a depositary share will be entitled to all the rights and preferences of the underlying preferred stock in proportion to the applicable fraction of a share of preferred stock represented by the

depository share. These rights include dividend, voting, redemption, conversion and liquidation rights. The depository will send you all reports and communications which we will deliver to the depository and which we have to furnish to you.

The following is a summary of the deposit agreement. For more complete information, you should read the entire agreement and the depository receipt. Directions on how to obtain copies of these are provided under “Where You Can Find More Information” below.

-14-

Depository Receipts

The depository shares will be evidenced by depository receipts issued pursuant to the deposit agreement. Depository receipts will be distributed to anyone who is buying the fractional shares of preferred stock in accordance with the terms of the applicable prospectus supplement. We will either file the forms of deposit agreement and depository receipt as exhibits to the registration statement of which this prospectus is a part, or we will incorporate them by reference into that registration statement.

While definitive engraved depository receipts (certificates) are being prepared, we may instruct the depository to issue temporary depository receipts, which will entitle you to all the rights of the definitive depository receipts and be substantially in the same form. The depository will prepare definitive depository receipts without unreasonable delay, and we will pay for the exchange of your temporary depository receipts for definitive depository receipts.

Withdrawal of Preferred Stock

You may receive the number of whole shares of your series of preferred stock and any money or other property represented by those depository receipts after surrendering the depository receipts at the corporate trust office of the depository. Partial shares of preferred stock will not be issued. If the depository shares which you surrender exceed the number of depository shares that represent the number of whole shares of preferred stock you wish to withdraw, then the depository will deliver to you at the same time a new depository receipt evidencing the excess number of depository shares. Once you have withdrawn your preferred stock, you will not be entitled to re-deposit that preferred stock under the deposit agreement in order to receive depository shares. We do not expect that there will be any public trading market for withdrawn shares of preferred stock.

Dividends and Other Distributions

The depository has agreed to pay to you the cash dividends or other cash distributions it receives on preferred stock, after deducting its fees and expenses. You will receive these distributions in proportion to the number of depository shares you own. The depository will distribute only whole U.S. dollars and cents. The depository will add any fractional cents not distributed to the next sum received for distribution to record holders of depository shares.

In the event of a non-cash distribution, the depository will distribute property to the record holders of depository shares entitled to it, unless the depository determines that it is not feasible to make such a distribution, in which case the depository may, with our approval, sell the property and distribute the net proceeds from the sale to the holders.

Redemption of Depository Shares

If we redeem a series of preferred stock represented by depository shares, then we will give the necessary proceeds to the depository. The depository will then redeem the depository shares using the funds it received from us for the preferred shares. The depository will notify the record holders of the depository shares to be redeemed not less than 30 nor more than 60 days before the date fixed for redemption at the holders' addresses appearing in the depository's books. The redemption price per depository share will be equal to the applicable fraction of the redemption price payable per share for the applicable series of the preferred stock. Whenever we redeem shares of preferred stock held by the depository, the depository will redeem the depository shares representing the shares of preferred stock on the same day. If fewer than all the depository shares of a series are to be redeemed, the depository shares will be selected by lot or ratably as the depository will decide.

After the date fixed for redemption, the depositary shares called for redemption will no longer be considered outstanding. Therefore, all your rights as holders of the depositary shares will cease, except that you will still be entitled to receive any cash payable upon the redemption and any money or other property to which you were entitled at the time of redemption.

-15-

Voting the Preferred Stock

How do you vote? The depositary will notify you of any upcoming vote and arrange to deliver our voting materials to you, if you are a holder of record at that time. The record date for determining if you are a holder of depositary shares is the same as the record date for the preferred stock. The materials you will receive will (1) describe the matters that are being submitted to a vote and (2) explain how you, on a certain date, may instruct the depositary to vote the shares underlying your depositary receipts as you direct. For instructions to be valid, the depositary must receive them on or before the date specified. The depositary will try, as far as practical, to vote the shares as you instruct. We agree to do anything the depositary asks us to do in order to enable it to vote as you instruct. If you do not instruct the depositary how to vote your shares, the depositary will abstain from voting those shares.

Conversion or Exchange

What happens when we convert preferred stock into other securities, or exchange it for securities of another company? The depositary will convert or exchange all your depositary shares on the same day that the preferred stock underlying your depositary receipts is converted or exchanged. In order for the depositary to do so, we will need to deposit the other stock, common stock or other securities into which the preferred stock is to be converted or for which it will be exchanged.

The exchange or conversion rate per depositary share will be equal to:

- the exchange or conversion rate per share of preferred stock, multiplied by the fraction of a share of preferred stock represented by one depositary share,
- plus all money and any other property represented by the depositary shares, and
- including all amounts paid by us for dividends that have accrued on the preferred stock on the exchange or conversion date and that have not yet been paid.

The following are some more terms of conversions and exchanges that you should keep in mind:

The depositary shares, as such, cannot be converted or exchanged into other preferred stock, common stock, securities of another issuer or any other securities or property of us. Nevertheless, if so specified in the applicable prospectus supplement, you may be able to surrender the depositary receipts to the depositary with written instructions asking the depositary to instruct us to convert the preferred stock represented by the depositary shares into other shares of preferred stock or common stock of us or to exchange the preferred stock for securities of another issuer. If you have this right, we have agreed that we will cause the conversion or exchange of the preferred stock using the same procedures as we use for the delivery of preferred stock. If you are only converting part of your depositary shares represented by a depositary receipt, new depositary receipts will be issued for any depositary shares that you do not convert or exchange.

Taxation

As owner of depositary shares, you will be treated for U.S. federal income tax purposes as if you were an owner of the series of preferred stock represented by the depositary shares. Therefore, you will be required to take into account for U.S. federal income tax purposes income and deductions to which you would be entitled if you were a holder of the underlying series of preferred stock. In addition,

Edgar Filing: AT&T INC. - Form 424B2

- no gain or loss will be recognized for U.S. federal income tax purposes upon the withdrawal of preferred stock in exchange for depositary shares as provided in the deposit agreement,
- the tax basis of each share of preferred stock to you as exchanging owner of depositary shares will, upon exchange, be the same as the aggregate tax basis of the depositary shares exchanged for the preferred stock, and

-16-

- if you held the depositary shares as a capital asset at the time of the exchange for preferred stock, the holding period for shares of the preferred stock will include the period during which you owned the depositary shares.

Amendment and Termination of the Deposit Agreement

How may the deposit agreement be amended? We may agree with the depositary to amend the deposit agreement and the form of depositary receipt without your consent at any time. However, if the amendment adds or increases fees or charges or prejudices an important right of holders, it will only become effective with the approval of holders of at least a majority of the affected depositary shares then outstanding. If an amendment becomes effective, and you continue to hold your depositary receipts, you are deemed to agree to the amendment and to be bound by the amended deposit agreement.

How may the deposit agreement be terminated? The deposit agreement automatically terminates if:

- all outstanding depositary shares have been redeemed;
- each share of preferred stock has been converted into or exchanged for common stock; or
- a final distribution in respect of the preferred stock has been made to the holders of depositary shares in connection with our liquidation, dissolution or winding-up.

We may also terminate the deposit agreement at any time we wish. If we do so, the depositary will give you notice of termination not less than 30 days before the termination date. Once you surrender your depositary receipts to the depositary, it will send you the number of whole or fractional shares of the series of preferred stock underlying your depositary receipts.

Charges of Depositary and the Expenses

We will pay all transfer and other taxes and governmental charges in connection with the existence of the depositary arrangements. We will pay charges of the depositary for the initial deposit of the preferred stock and any redemption. You will pay other transfer and other taxes and governmental charges and the charges that are expressly provided in the deposit agreement to be for your account.

Limitations on Our Obligations and Liability to Holders of Depositary Receipts

The deposit agreement expressly limits our obligations and the obligations of the depositary to you. It also limits our liability and the liability of the depositary. We and the depositary:

- are only obligated to take the actions specifically set forth in the deposit agreement in good faith;
- are not liable if either of us is prevented or delayed by law or circumstances beyond our control from performing our obligations under the deposit agreement;
- are not liable if either of us exercises discretion permitted under the deposit agreement;
-

have no obligation to become involved in a lawsuit or other proceeding related to the depositary receipts or the deposit agreement on your behalf or on behalf of any other party, unless you provide us with satisfactory indemnity; and

- may rely upon any written advice of counsel or accountants and on any documents we believe in good faith to be genuine and to have been signed or presented by the proper party.

In the deposit agreement, we and the depositary agree to indemnify each other under certain circumstances.

Resignation and Removal of Depositary

The depositary may resign at any time by notifying us of its election to do so. In addition, we may remove the depositary at any time. The resignation or removal will take effect when we appoint a successor depositary

and it accepts the appointment. We must appoint the successor depositary within 60 days after delivery of the notice of resignation or removal and the new depositary must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

Description of Common Stock We May Offer

Our authorized share capital consists of 14,010,000,000 shares, of which 14,000,000,000 are common shares having a par value of \$1.00 per share. As of March 14, 2013, 5,449,104,481 shares of common stock were outstanding. The common stock is listed on the New York Stock Exchange under the symbol "T".

The following briefly summarizes the provisions of our restated certificate of incorporation and our bylaws that are important for you. Both documents are incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you can obtain them as described below in "Where You Can Find More Information".

You should note that some of the provisions of our restated certificate of incorporation and our bylaws may tend to deter any potential unfriendly tender offers or other efforts to obtain control of us. At the same time, these provisions will tend to assure continuity of management and corporate policies and to induce any persons seeking control or a business combination with us to negotiate on terms acceptable to our then-elected board of directors.

General

All outstanding shares of common stock are, and any shares of common stock offered, when issued, will be fully paid and nonassessable.

We typically do not issue physical stock certificates. Instead, we record evidence of your stock ownership solely on our corporate records. However, we will issue a physical stock certificate to you if you so request.

Holders of common stock do not have any conversion, redemption, preemptive or cumulative voting rights. In the event of our dissolution, liquidation or winding-up, common stockholders share ratably in any assets remaining after all creditors are paid in full, including holders of our debt securities and after the liquidation preference of holders of preferred stock has been satisfied.

The transfer agent for the common stock is Computershare Trust Company NA, P.O. Box 43078, Providence, Rhode Island 02940-3078.

Dividends

Common stockholders are entitled to participate equally in dividends when dividends are declared by our board of directors out of funds legally available for dividends.

Voting Rights

Each holder of common stock is entitled to one vote for each share for all matters voted on by common stockholders.

Election of Directors

Holders of common stock may not cumulate their votes in the election of directors. In an election of directors, each director must be elected by the vote of the majority of the votes cast with respect to that director's election. If a

nominee for director is not elected and the nominee is an incumbent director, such incumbent

-18-

director must promptly tender his or her resignation to the board of directors, subject to acceptance by the board of directors. The Corporate Governance and Nominating Committee of the board of directors (the “Corporate Governance and Nominating Committee”) will make a recommendation to the board of directors as to whether to accept or reject the tendered resignation, or whether other action should be taken. The board of directors will act on the tendered resignation, taking into account the Corporate Governance and Nominating Committee’s recommendation, and publicly disclose (by a press release, a filing with the SEC or other broadly disseminated means of communication) its decision regarding the tendered resignation and the rationale behind the decision within ninety (90) days from the date of certification of election results. The Corporate Governance and Nominating Committee in making its recommendation and the board of directors in making its decision may each consider any factors or other information that they consider appropriate and relevant. Any incumbent director who tenders his or her resignation following such failure to be elected will not participate in the recommendation of the Corporate Governance and Nominating Committee or the decision of the board of directors with respect to his or her resignation.

If the number of persons properly nominated for election as directors as of the date that is 10 days before the record date for the meeting at which such vote is to be held exceeds the number of directors to be elected, then the directors shall be elected by a plurality of the votes cast.

For purposes of the election of directors, a majority of votes cast shall mean that the number of shares voted “for” the election of a director exceeds the number of votes cast “against” the election of such director.

Other Matters

Except with respect to the election of directors as described above, all other matters are determined by a majority of the votes cast, unless otherwise required by law or the certificate of incorporation for the action proposed.

For these purposes, a majority of votes cast shall mean that the number of shares voted “for” a matter exceeds the number of votes cast “against” such matter.

Quorum

At least 40% of the shares entitled to vote at the meeting must be present in person or by proxy, in order to constitute a quorum.

Board of Directors

Our bylaws provide that all directors are required to stand for re-election every year. At any meeting of our board of directors, a majority of the total number of the directors constitutes a quorum.

Action without Stockholder Meeting

Our restated certificate of incorporation also requires that stockholders representing at least two-thirds of the total number of shares outstanding and entitled to vote thereon must sign a written consent for any action without a meeting of the stockholders.

Advance Notice Bylaws

Our bylaws establish advance notice procedures with regard to stockholder proposals relating to the nomination of candidates for election as directors or new business to be brought before meetings of our stockholders. These procedures provide that notice of such stockholder proposals must be timely given in writing to the Secretary of

AT&T Inc. prior to the meeting at which the action is to be taken. Generally, to be timely, notice must be received at our principal executive offices not less than 90 days nor more than 120 days prior to the anniversary date of the annual meeting for the preceding year. The notice must contain certain information specified in the bylaws.

Section 203 of the General Corporation Law of the State of Delaware

We are also subject to Section 203 of the General Corporation Law of the State of Delaware. Section 203 prohibits us from engaging in any business combination (as defined in Section 203) with an “interested stockholder” for a period of three years subsequent to the date on which the stockholder became an interested stockholder unless:

- prior to such date, our board of directors approves either the business combination or the transaction in which the stockholder became an interested stockholder;
- upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owns at least 85% of the outstanding voting stock (with certain exclusions); or
- the business combination is approved by our board of directors and authorized by a vote (and not by written consent) of at least 66 2/3% of the outstanding voting stock not owned by the interested stockholder.

For purposes of Section 203, an “interested stockholder” is defined as an entity or person beneficially owning 15% or more of our outstanding voting stock, based on voting power, and any entity or person affiliated with or controlling or controlled by such an entity or person.

A “business combination” includes mergers, asset sales and other transactions resulting in financial benefit to a stockholder. Section 203 could prohibit or delay mergers or other takeover or change of control attempts with respect to us and, accordingly, may discourage attempts that might result in a premium over the market price for the shares held by stockholders.

Such provisions may have the effect of deterring hostile takeovers or delaying changes in control of management or us.

Plan of Distribution

We may sell securities to purchasers directly, or through agents, dealers, or underwriters, or through a combination of any of those methods of sale.

The distribution of the securities may be made from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to these prevailing market prices or at negotiated prices.

The securities may be sold by us or by one or more of our subsidiaries that previously acquired the securities from us, from other of our subsidiaries, from third parties or in the open market. Any such subsidiary may be deemed to be an underwriter under the Securities Act of 1933.

Through Agents

We and the agents designated by us may solicit offers to purchase securities. Agents that participate in the distribution of securities may be deemed underwriters under the Securities Act of 1933. We will name any agent that will participate in the distribution of the securities, and any commission we will pay to it will be described in the applicable prospectus supplement. Any agent will be acting on a “best efforts” basis for the period of its appointment, unless we indicate differently in the applicable prospectus supplement.

To Dealers

The securities may be sold to a dealer as principal. The dealer may then resell the securities to the public at varying prices determined by it at the time of resale. The dealer may be deemed to be an underwriter under the Securities Act of 1933.

-20-

To Underwriters

The securities may also be sold to one or more underwriters and we will then execute an underwriting agreement with them at the time of sale. The names of the underwriters will be set forth in the prospectus supplement, which will be used by the underwriters to resell the securities.

Convertible, Redeemable and Exchangeable Securities

If we choose to offer debt securities or preferred stock that is convertible, redeemable or exchangeable into or for third-party securities, we will identify in the applicable prospectus supplement:

- the third-party,
- the third-party securities offered,
- all documents filed by the third-party pursuant to Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 since the end of the third-party's last completed fiscal year, to the extent the third-party is subject to the periodic reporting requirements of the Exchange Act, and
- the document containing the description of the third-party securities.

Indemnification

We may enter into indemnification agreements with underwriters, dealers, agents and other persons participating in the distribution of securities, who will then be entitled to indemnification by us against some civil liabilities. The indemnification covers liabilities under the Securities Act of 1933.

Delayed Delivery Arrangements

We may authorize underwriters, dealers or other persons acting as our agents to solicit offers from a number of institutions to purchase securities from us. We will indicate our intention to do this in the applicable prospectus supplement. The contracts for these purchases will provide for payment and delivery on a future date or dates. These institutions include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, and must be approved by us. The obligations of purchasers under these contracts will be unconditional, except that:

- at the time of delivery, the purchase of the securities shall not be prohibited under the laws of the jurisdiction of the purchaser; and
- if the securities are also being sold to underwriters, we have to sell the securities not sold for delayed delivery to the underwriters.

The underwriters, dealers and other persons will not have any responsibility for the validity or performance of these contracts.

Validity of Securities

Unless otherwise indicated in the prospectus supplement, the validity of the securities offered by this prospectus will be passed upon for us by Mr. Wayne Watts, Senior Executive Vice President and General Counsel of AT&T Inc., and for any underwriters, dealers or agents, as the case may be, by Sullivan & Cromwell LLP, New York, New York. As of March 15, 2013, Mr. Watts owned less than 1% of the outstanding shares of AT&T. Sullivan & Cromwell LLP from time to time performs legal services for AT&T Inc.

Experts

The consolidated financial statements of AT&T Inc. incorporated by reference in AT&T's Annual Report on Form 10-K (including the schedule appearing therein) for the year ended December 31, 2012, and the

-21-

effectiveness of internal control over financial reporting as of December 31, 2012, have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their reports thereon incorporated by reference or included therein, and incorporated herein by reference. Such consolidated financial statements and schedule have been incorporated herein by reference in reliance upon the reports of Ernst & Young LLP pertaining to such financial statements and schedule and the effectiveness of our internal control over financial reporting as of December 31, 2012, given on the authority of such firm as experts in accounting and auditing.

Documents Incorporated by Reference

The SEC allows us to “incorporate by reference” the information we file with the SEC. This permits us to disclose important information to you by referring to these filed documents. Any information incorporated by reference is considered part of this prospectus, and any information we file with the SEC after the date of this prospectus will automatically update and supersede this information. We incorporate by reference the following documents and information filed with the SEC (other than, in each case, documents or information deemed to have been furnished and not filed in accordance with SEC rules):

- Our annual report on Form 10-K for the year ended December 31, 2012.
- Our current reports on Form 8-K filed on January 17, 2013, January 24, 2013, January 25, 2013, February 4, 2013, February 12, 2013, March 5, 2013 and March 13, 2013.
- Our Registration Statements on Form 8-A filed on May 30, 2012, December 6, 2012, December 17, 2012 and March 13, 2013.
- Any other reports we file with the SEC pursuant to Section 13(a) or 15(d) of the Exchange Act after the date of the first post-effective amendment to the registration statement and prior to effectiveness of that amendment.
- Any documents that we file with the SEC pursuant to Section 13(a), 13(c), 14 or 15(d) of the Exchange Act after the date of this prospectus and before the termination of the offering. If any statement in this prospectus conflicts with any statement in a document which we have incorporated by reference, then you should consider only the statement in the more recent document.

To the extent that any information contained in any current report on Form 8-K, or any exhibit thereto, was furnished to, rather than filed with, the SEC, such information or exhibit is specifically not incorporated by reference in this prospectus.

We will provide without charge to each person, including any beneficial owner, to whom this prospectus is delivered, upon his or her written or oral request, a copy of any or all documents referred to above which have been or may be incorporated by reference into this prospectus excluding exhibits to those documents unless they are specifically incorporated by reference into those documents. You may make your request by calling us at (210) 351-3049, or by writing to us at the following address:

AT&T Inc.’s Specialist — External Reporting
AT&T Inc.
208 S. Akard St.
Dallas, Texas 75202

When we refer to “we”, “our” or “us” in this prospectus we mean AT&T Inc. and its consolidated subsidiaries.

Where You Can Find More Information

As required by the Securities Act of 1933, we filed a registration statement relating to the securities offered by this prospectus with the SEC. This prospectus is part of that registration statement, which includes additional information.

We file annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy this information at the SEC's Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549. You may also request copies of the documents, upon payment of a duplicating fee, by writing the Public Reference Section of the SEC. Please call the SEC at 1-800-SEC-0330 for further information on the operation of the Public Reference Room. These SEC filings are also available to the public from the SEC's web site at <http://www.sec.gov>.
